Detective Duff & Serg. Johnson, both Cn. Sta. were at site when coroner reached there. Yardmaster Rob. Garland, 3473-11th Ave. S. stated that at about 1:30 p.m. today he found this dead man in the empty box car #46957, a Rock Island P.R. Car, switched onto track No. 13 at 4 p.m. yesterday. Car brot up from somewhere south of Mpls. C.A. Woodrum, 3616 Bloom. Ave., yard clerk C. M. & St. P.R. Co. stated this car come in yesterday. North door of car was wide open, south door closed, but seat broken; body lay near south door. Detective Duff said that no one disturbed body before coroner's arrival. Body was lying on its back, eyes open, feet slightly separated, arms somewhat stretched out from sides. Only sign that body might have been moved was the fact that a little dirt was slightly ground into the most part of shirt near wound. No marks of a struggle. There were no shoes, no coat & no hat. Trousers are gray & worn, shirt soft, blue; socks are tan & clean. Hair is dark & cut short, eyes brown. Height 5 ft. 5 in.; weight about 145 lbs; white; 2 or 3 front teeth missing from upper jaw. Had scar about 1 in. long on right cheek, which may be the scar from a stab wound. A thistle is tattooed on right forearm. Bullet wound under left shoulder, in the post. axillary line, about in line with left nipple. Very little loss of blood externally. Noted a slight abrasion of skin 2 in. above right eye. Small abrasion of outer joint of right middle finger. Rigidity of muscles & joints & settling of blood in dependent parts indicate that death present for 8 or 12 hrs. Found 7 or 8 burned match sticks on floor of car about body. The end of right little finger is missing - as seen - amputation. Dr. Hobbs investigated case.

Raible, brother of deceased, whose meat shop is at 731-10th St. S., states that he was called to corner of Park Ave. & 15th St. about 9:30 a.m., because his brother had been seen to fall forward on his face, and was dead when police ambulance arrived. Body was taken to a sister's home (Mrs Nelson) on Columbus Ave., before coroner reached Park & 15th. Mr Raible tells that for the past 4 weeks his brother has been well, & was been helping him in the store. That previous to that time he had been attended by Dr. A.E. Anderson (office in Syndicate Bldg.) for stomach & heart trouble. Deceased was walking to work when at the corner of Park & 15th St. he fell down dead. REMARKS:

Ralph A. Stone, 683 Wabash St., St. Paul and John Nichol, 8 Viola St., St. Paul, friends and companions of deceased, state that; the three men had been out to Montevideo for a job, but not finding a job, were beating their way back home. They rode on a stock freight as far as Glencoe, then caught the Milw. train "Columbian", from Seattle, riding on top of the train. In the City, at Lyndale & 29th St., Nichol, who was standing up & was ahead of the other boys, ducked when he saw the bridge; so did Stone, but Fagerstrom apparently didn't see the bridge, for he was struck, and his fall kept his body from falling off the train. Death must have been immediate, for the skull is fractured across the forehead and on top. 3 inches from the hair line is a 5 in. laceration of scalp, and a compound comminuted fracture of the skull to the brain substance. Scalp wound over right eye on forehead. After reaching the Milwaukee Station, the body was removed by Captain Merrick of central police station, and the conductor of the train taken to the morgue - Dr. Hobbs investigated case.

Christman, 410-13 Ave. S.E. & L. Crofoot, 421-19 Ave. S.E. both being employees of the mill that a man had been killed by the cars outside the mill. No engine had been in the yard since 7 A.M., as stated by A. B. McHardy, 2437-11 Ave. S., Supt. of the plant. These cars are wheat-loaded and when one car has been emptied, the next is brot into position by means of cable & pulley & engine in the mill. The speed with which the cars move is very slow. The body lay across the outside rail, upper part head & shoulders between rails & directed toward the platform. Body apparently had been dragged 30 or 35 ft., for blood was traced that far. Car No. 30079 North Pacific, was car deceased was under, & the east end, south side two wheels of this car showed they had passed over the body. The bony pelvis upper ends of both femurs, lower ribs & left humerus & vertebral column were badly crushed; the intestines all exposed and other viscera torn. Deceased had been employed by this Co. 13 yrs. Last July he had an operation on his rectum, & had not been well since. The Supt. stated he had been despondent. Dr. Hargh attended him at that time. Dr. Bryggstad, 108 & 1/2 3rd Ave. N.E. saw deceased at 8 A.M. Chas. L. Carlson, 2215 Buchanan St. N.E. is in charge of the cable. A. L.  At 7 A. M. the two younger children went into his room
 & found him in bed dead. James H. Cordray, 415 - E. 16th St.,
 a neighbor says he shut off the gas jet, which was on

REMARKS:

Accident occurred at 330-1st St. N., Security Warehouse, 4 P.M. Oct 13-1913. Man was hurried to St. Marys hospital & died between 5 & 6 P.M. Dr. E. H. Green attended him. Coroner not notified till forenoon Oct 15-1913. Dr. W. Morse general manager of Security Warehouse Co., states that deceased, without orders, and no one seeing him, threw himself over the safety gate, face downward, upon the edge of the floor of the freight elevator, while the elevator was rising from 2nd floor to 3rd floor; he was crushed between the edge of the floor of elevator and ceiling of 2nd floor of ware-house. He had pushed a truck ~~a truck~~ on which was a box of paint pails, from the elevator to 2nd floor store room. Wm. Warkentin, janitor, was on 4th floor, and saw him leave the elevator. Then the janitor started elevator up. He was waiting for it to come up, when he heard a cry, & looking down he saw deceased caught as described above. He stopped elevator, and he & another man lifted deceased away & he was hurried to St. Marys hospital. He was crushed below the chest and across upper part of limbs. Mr. Morse says this man had ^{been} employed by his Co. 3 weeks. Didn't appear bright, and was quite evidently somewhat deaf. The inference is that he turned around & saw the elevator rising, and thinking he hadn't secured it, he started to pull the cable. He might much more easily have grabbed the cable from the side, instead of trying to get onto floor of elevator.

Dr. Hobbs investigated case.

REMARKS:

Dr. W. H. Aurand states that he was called to address above at 12:30 last night. Found the man unconscious, and an ounce bottle labeled Carbolic acid lying on floor near where deceased lay. He worked over him about an hour, when he died. Bernice Strafelda, daughter, states that she came home about midnight & found her father lying on the floor, breathing queerly. She summoned the doctor. Another daughter says the family retired at 8:30 P.M., & her father came in at 8:45 P.M., drunk. About 11 P.M. she heard him crying & mumbling, as he often did when drunk, then a thud as if he had fallen off the couch. He has been a heavy drinking man many years; & now for a week hasn't been working, but has been on a drunk. Cruel to family. Dr. Hobbs investigated case.

REMARKS:

Accident occurred at auto repair shops this a. m. Admitted to St. Barnabas hosp. at 8:30, a. m., and died in 3 1/2 hrs. Drs. Rockford & Georg attended him. Right leg above knee badly mangled & bone fractured almost whole length. Marks of injury across abdomen & face scratched & bruised. At auto yard the master car-builder, W. A. Parker & J. H. Burns, foreman of repair crew, showed how accident happened. Thos. B. Smith son-in-law, of deceased, & his brother Frank Smith, 142 1/2 Wash. Ave. N., were working with deceased. They were working on car No. 25678. The horses supporting one end had been removed & the truck put in position, but the wheels were not blocked. The men above mentioned were jacking up the other end and were about to run the truck wheels under. For some unknown reason deceased crawled under the car, apparently to hold a rod in position while the truck was being placed. In some way or other the truck at opposite end moved & the car moved 2 feet. This caused the jacks to lean & the car end to settle down, and deceased was pinned under the draft rigging. Car was raised by means of jacks, and patient hurried to St. B. hosp. Chas. Carlson, 2313-19th Ave. N., & John Rosser, 2111-3rd St. N.E., were at the other end of the car, the end which was on trucks. Dr. Hobbs investigated case.

REMARKS: C. J. Faulkner, uncle of deceased, living at address above, says the boy has been in Mpls. 2 weeks, attending agricultural college. He was seen last alive at 8:30 P. M. Mr. Faulkner & wife, went out to neighbors, and when he returned he tried to get in to bath room; he is deaf so couldn't say whether boy answered or not. Suspecting trouble he got his neighbor, Mr. Carlson, 3320-19th ave. S. & together they got in thru the window. The boy was in the bath-tub, no water. The air was close, & gas was present. Water in the tank was boiling, and the door was so hot one could hardly hold his hand on it. Body was found about 10:45 P. M. Police ambulance & doctor came, then the Western electric brot the pulmotor, & worked a half hour over the boy. The boy was dead as shot by Sergeant Ed. Dahl who was present when coroner arrived. The tank is heated from underneath, and no ventilation provided. The inference is that the boy fainted when all the oxygen became used up, and, being unused to such things, he had the window closed & door locked. Dr. Hobbs investigated case.

REMARKS: Dan. James, 630 Hillmore St. N.E., engineer of switch engine no. 71 on S. P. R. R. tracks, states that at about noon he was backing his engine & tender west; that he heard a rattling, & paid no attention to it, thinking that it might be the oil pan under the engine. On the way back, after lunch, he saw the body across the rail & stop. Apparently the body was dragged 30 or more feet by the brake rigging, the wheels not passing over body. Life was present, but death came in a few minutes. Deceased was in the employ of the St. Paul & Northern Coal Co., and at lunch time took a pail and went for water somewhere west along the R. R. tracks. He did this every day, tho he had been warned to be careful, often. It would seem that he might have stepped onto the step of the tender to ride, and slipped, his body being drawn under the engine. Mr. James did not see him at all, till he was coming back. Other members of train crew are: B. J. Breen, 578-3rd ave. S.E. switchman, and Albert Meister, 635 Duiney St. N.E., fireman, and John J. Moriarty, foreman of crew, 1314 Western Ave. P.H. Johnson, 312 Rocking ave., & foreman of St. P. & N. Coal Co., office, states that deceased was in their employ 5 mos. Left side of scalp was torn for 5 1/2 in.; lacerations over both eyes; abrasions on face; multiple bruises on abdomen, arms, and knees; fracture of right clavicle and fracture & dislocation of left ankle. Dr. Hobbs investigated case.

REMARKS:

Coroner found deceased lying on his abdomen, stiff in rigor mortis. L. J. Rafter, Clerk of hotel, states deceased registered on Monday. Has been drinking heavily since being in Nppls. Clerk also says that gas jet was open a little. Whisky flask was on the table & an empty flask on window-ledge. Dr. Hobbs investigated case.

REMARKS:

Mrs W. E. Gardner, care taker, knocked on deceased's door several times after 1 P. M. with no response. Dr. Sargent, interne, also tried to get a response. Then Logan, driver of City Hospital Ambulance, climbed in thru the window & saw body lying on floor in front of door. Logan shot the bolt & let Dr. Sargent in; he reported to Dr. Collins who told the Coroner. Coroner reached hospital 3 P. M. & found deceased lying on back, a gun by his side in his hand, and a bullet wound thru lower end of ensiform cartilage. He had been dead perhaps an hour or two. Investigation revealed the fact that deceased had been much distressed because he had been removed from his position in the office, to that in charge of the store room; better in salary, but not as prominent a one. Has been drinking of late. Dr. Hobbs investigated case.

REMARKS: Body was discovered about 6:40 P. M. by Clayton Colby, a boy in shipping room of Maple Dry Goods Co. He saw a hand hanging down between the floor of the freight elevator & the street or ceiling of basement; this elevator is used to carry goods to the street for delivery wagons, and was up when Colby discovered it. The boy's face was resting on the edge of a sharp iron piece attached to the floor of the elevator. It would seem that he started the elevator up and tried to open the steel door with his hand when he came within reach of it. But the two doors didn't overlap as usual, & so he would have to lift both doors, a thing practically impossible. The elevator is run by hydraulic pressure, so the boy was caught between two irresistible forces. Death probably was instantaneous. Police ambulance & surgeon were called but boy was dead. Body was removed to County morgue by police ambulance. Luke Schmidt is chief shipping clerk. J. H. Todd 3025 Knox Ave. N., Supt. was notified by stock boy. Officers C. J. Jacobs & Benjamin were present. Dr. Hobbs investigated case.

Miss Pufall has friends in Barab, Minn.; states that her home was in Ashland, Wis. Dr. Adair attended the woman; Miss Alice Lenn, night nurse, states that she placed the baby at the mother's breast at 2 P. M. today. In 15 minutes she returned to take the baby away, and the child was dead. Baby had been apparently perfectly well. The mother had been indifferent, and somewhat unwilling to nurse her baby. Coroner saw the mother; she says she let the child be as the nurse placed him, and didn't crowd him to her side. Attendants state there were no marks of choking or other violence. Post mortem was held by Dr. Robertson. Dr. Hobbs investigated case.
