The group just mentioned waited for an outgoing Soo train to pass; then deceased started west to cross the tracks, apparently not seeing an engine which was backing to station from the Round house. She was struck & parts of her body carried about 100 ft. Head was severed from body, her body divided in two thro the abdomen, & her right hand cut off. According to Mrs. A. H. Anderson her close friend, 917 - 22 Ave. So. deceased had spent the day with her & was returning to her own boarding house, after attending church. Train despatcher James McLaughlin, 2716 - 6 Ave. So. was in control of the engine, No. 3570 - C. M. & St. P. R. R. He was taking the engine from the Round-house to connect up with 2nd section of train No. 16. With him were engineer Dick Blasel & fireman Trosvick, who were on the left side of the engine, dead-heading to the station. No one of the three men saw the woman & did not know of the accident till 30 minutes later. Engine was going about 5 miles an hour according to McLaughlin, & had slowed up for the Soo passenger train at the crossing. No light was on end of engine, but there was the usual headlight. The gates were just being lowered as Miss Bakken started across, according to the Larsons.

Officer J. H. Little got there very shortly after the accident. Daniel Ilke, 801 - 17 Ave. So. heard screaming & something white at rear of engine. Flagman Eli Gobblen, 2636 - 27 Ave. So. did not see the accident but was in charge of the gates. The engine backed between deceased & the outgoing Soo train, so was not screened by the train.

M. a Rock Island passenger train No 463 had just pulled in over the track by which the body lay. Both men above think that deceased was struck by train south of Franklin ave, being caught by & held on the trailer journal, which projects from the engine about a foot or more. The snow bank may have aided in holding the body on journal. Probably the small switch near 6th ave, was so close to the engine that the body came in contact with it & fell to the ground. Friction burns could be produced by the trailer wheels. Blood was found in neighborhood of Franklin ave, also a cap & a dinner pail.

Did not give her true name. Never left the house but appeared to feel sick, coughing. Saturday morning she was worse, staying in bed. During her whole time at address above she went to the toilet often. On Saturday, Mrs. Ridgeway left the house for a short time & upon her return at about 1.30 P.M. she found deceased seated on the slop jar by the bedside, & fallen back on the bed, dead. Previous to her death, she had been very reticent, not telling where she lived or if she had relatives or friends. Walter Heikka, a brother-in-law to deceased, who lives at 264 Humboldt Ave. No. says Emma roomed at 42-12th St. No. with Ada Hendrickson, Mrs A. Madison being the landlady. Emma came out to her father's home nearly every day. Was out on Sunday 2/13/16 & remarked laughingly that they would not see her alive next Sunday. Tuesday morning 2/15/16 she left Mrs. Madison's about 9 A.M. leaving a note for Ada, her roommate, saying she would be back on following Thurs. & not to tell her folks she had gone. Was not seen by her relatives or friends again till Sunday 2/19/16 when her body was identified at the morgue by Allen A. Hooter, 239 Lafayette Ave. No. a friend of Ada Hendrickson deceased had kept company with Harry Gallmeier, 2867 James Ave. So. since last fall, Ada thinks he was with her last on Monday 2/14/16. The past month or longer she had been afraid of Harry. Ada knows that Emma menstruated regularly every 2 weeks & had gone over several times. Harry is said to be responsible for Emma's being in family way. Emma was examined by Dr. Lenstrom at his office on Sat 2/12/16. He told her she was in family way, probably about 2 months along. She did not ask him to help her out, but remarked that she would rather die than to be in that way. Ada Hendrickson says Emma had been downhearted for more than a week, but said that she felt badly, & would tell no more

REMARKS: Accident occurred about 4:14 P. M. Mr. O. H. Symons of the O. H. Symons Co., 838 Plymouth Bldg., reports the following: deceased had been working 2 hours to get at the cess-pool & was very hot. A second cess-pool was connected with the first, but the communicating pipe was clogged up. Deceased went down the second pool to clean out the pipe. Considerable sewerage gas was present. About 1 to 1½ ft. water was in the pool. He was down about a minute, long enough to determine that the pipe was clogged. Mr. Symons & a N. Av. Scavenger Co. man urged deceased not to stay down. He came up the ladder & as his head came to top of hole he doubled up & fell off ladder to bottom of cess-pool. Mr. Symons called for the Lake Harriet Fire Dpt. who came, but in debating how to reach the man they spent about ½ hour; were afraid of the gas. Another fire dpt. from N.E. side of City came out, also City Hosp. Ambulance. About 40 minutes after deceased fell in he was pulled out. Later; Following day men entered cess-pool & the first pool was opened, but not much gas was present. Hence the

Coroner's Jurisdiction waived & that deceased was nearly dead when pulled out of the pool. Mr. Symons & Mr. Teller were present at the time of death, from the investigation. Mr. Williams was present.
