REMARKS I. Minde, father of deceased, was the first to find his boy, lying in street in front of his home, about 10:45 A. M. Mr. Minde was moving out of his house, having sold it, & a new family was moving in. Fifteen minutes earlier Mr. Minde had been at home & had told the boy to stay out of the street. On his return he saw the boy in the street & called to him, but when he did not answer he picked him up & saw that he was dead. Dr. Rutledge, City Hosp. physician notified Coroner's office. Captain Ketchell of 6th precinct Station talked with D. M. Molgard, 728 - 6 Ave. So. driver of a Metropol. Milk Co. wagon. Molgard left his wagon standing in front of 4245 Grand ave. to get a new customer. The supposition is that deceased tried to get into the Milk wagon & fell & the rear left wheel passed over his neck & head. There were no witnesses; Molgard knew nothing of accident until told by police department. One little girl, 4 yrs. old, Bernice Samuelson, 4237 Grand ave., may have seen the boy, but her story is undependable. Molgard put her in the Milk wagon at 4245 Grand & let her ride to her home when he took her out. Injuries: Bruises to skin over left mastoid, slight ecchymosis under skin left side of neck; fracture of skull left mastoid region with displacement of bone fragments, & crepitation; fracture of right humerus with splintering of bone.

REMARKS Accident occurred on street car line 1300 feet beyond end of double track just beyond Excelsior – between Excelsior and Manitou – near Gillette's old boat house – in Excelsior Township – where two street cars came together in a head on collision – the cars were 1) Baggage and Express Car – Called No. 8 – which left Tonka Bay at 10:35 a. m. according to orders received from dispatcher at Excelsior – going east – with orders to proceed directly to 9th ave. at Hopkins – due to arrive at Excelsior at 10:47 a. m. – and there meet the outgoing passenger car on the double track or beyond Excelsior – Motorman Binger – Conductor Nelson – 20 passenger Car – Called No. 1 – Axel Johnson Motorman – and Anderson Conductor – which left Minneapolis at 10 a. m. 6th St. Station – Arrived at Excelsior at 10:47 a. m. on schedule time – While at Excelsior Motorman Johnson received orders from dispatcher at Excelsior – J. J. Baker – by phone to wait at end of double track just beyond Excelsior for No. 8 – Johnson evidently forgot orders – and therefor met Car No. 8 on single track on curve at side of Gillette's old boat house – Causing Head on Collision. Mr. Goodrich explains accident on basis of above facts – as clear due to Motorman Johnson's failure to comply with orders received from dispatcher – states however that Johnson has always been a trusted employee.

Statement from Mr. Anderson – Conductor on No. 1 – states that he saw Johnson telephone dispatcher at Excelsior – does not know which orders he received – When collision was ~~was~~ inevitable Motorman Johnson put on brakes reducing speed of Car – but not sufficeding in stopping same – heard Motorman Johnson say after accident that it was all (Johnson's) fault – says that he forgot orders.

Statement from Mr. Frackelton, Att'y, Hospital – left Mpls. at 10:07 a. m. – 2nd Lowry Hill – arrived at Excelsior saw Motorman get off car and telephone in booth for that purpose – does not know what orders were – Car left Excelsior going up good speed – Depot not known – did not notice end of double track – saw baggage Car coming around curve did not realize at 1st that track was single – Motorman did not stop at end of double track – when he realized that crash inevitable had barely time to step out from seat into aisle and one or two steps down the aisle. Mr. Pierson sat in front seat on right – Mrs. Pierson and Miss Pierson in front seat on left. Mr. & Mrs. Frackelton in 2nd seat on left. Motorman attempted to stop car – but not when Mr. Frackelton 1st saw No. 8 coming around curve – Johnson evidently did not at 1st notice No. 8 approaching – and did not remember that he was off double track – Motorman put on brakes twice – reducing speed considerably but not stopping car – baggage car was running at greater speed – Motorman Johnson remained at his post – after accident heard him say "It's all my fault, I forgot my orders" "God forgive me" "My poor wife – Children".

Statement from J. J. Baker – dispatcher at Excelsior – 888 – 22 ave. So. – Motorman Johnson – Car No. 1 – had received orders daily since July 22 to await for No. 8 at end of double track beyond Excelsior – on day of accident No. 8 arrived at Excelsior on schedule time – 10:47 a. m. – Johnson as usual called Mr. Baker by phone to receive orders to proceed further – Mr. Baker personally gave the following orders – "meet No. 8 at end of double track and after meeting same – no. 1 proceed to Tonka Bay" – Mr. Baker then asked Johnson to repeat orders in usual way – Johnson did so – Baker then giving his O. K. – Johnson always a trusted employee.

Mrs. Binger received orders in similar manner at 10:31 a. m. – Called Mr. Baker by phone orders were – No. 8 proceed to 9th ave. Hopkins – order repeated and O. K.'d. (Continued on next page)

REMARKS Deceased found by J. H. Carr, 501 Plymouth ave, at 7 A.M. Aug 27th. Body lay on its back head directed south, blood coming from occipital scalp laceration, from nose & left ear. Was night watchman since Nov. 1918 for Thos. Linsack Co. Clock carried by him lay on basement floor 6 or 8 ft. from body, badly dented, crystal cracked, and hands pointing to 10:55. Time punched at station on main floor near elevator, was 10 o'clock. Gate of freight elevator was up on main floor, 14 to 16 feet above basement floor. Elevator was at 2nd story. REMARKS Deceased lay in own crib & was dead when mother noticed it about 5 P.M. This case like case recorded on previous case.

Mrs. M. Moe, sister of John McNamee, father of deceased, phone No. 35403

J. P. Pearson, 4415 – 43 Ave. So. grocer, states Mrs. McNamee bot pickles, bread, blood sausage, about noon. And again was at the store about 7 P.M. to get tobacco for her husband. Mother of deceased states that she had not used the gas plate during past week – had a fire in cooking range, & used soft coal. She woke up at 5 P.M. & was lying on floor where she had rolled off bed. She looked at the little girl & thot she was dead because there was foam about her mouth. She gave Felix some milk & ginger tea because he complained of feeling sick. Then she looked at the baby, Robert, in his crib, & saw that he was dead. Upon being asked why she didn't call help, Mrs. McNamee said she was so nervous & excited that she didn't know what to do. As to dampers of the stove, she says she thinks they were closed. The gas pet cock, at main intake, she thinks was closed unless she knocked it open a little ways when she was sweeping. The air space under top of cooking range is about 2 in. wide and free from accumulation of soot & ashes. In all probability the carbon monoxide came from the cook stove in which Mrs. McNamee was burning soft coal.

REMARKS Case reported by Police Headquarters. Body of a new born baby found in dresser drawer in clothes closet by Mr. & Mrs. D. E. Beard, 403 – 7th St. So., who runs a rooming house (17 people) at same address. Statement from Mrs. Beard – After two unmarried girls, Olga & Esther Manska, suddenly moved out of their room on Feb. 20-1920 which they have occupied since Sept. 10, 1919, without saying a word to anyone, she (Mrs. Beard) went into room to clean. In 3rd drawer, found a mass of burned newspapers and noticed peculiar odor. Called husband who opened up papers and found a partially burned baby.

Body viewed where found – A new born baby with about 12 inches of cord still attached. Partially burned, macerated, & foul smelling. Thin caked mass at top of head to which cord led thought to be placenta surrounded by partially burned newspapers, bearing 3 news items dated "Nov. 1st". A partially burned newspaper rolled like torch bore news item of "Jan. 16th". No soiled linen found. Mat over mattress gone and some old blood stains, about 2 inches across, found on bottom side of mattress.

Mrs. Beard says that Miss Olga has been sick for last two weeks. Hasn't worked & thinks she was in bed most of time. Doesn't know where girls worked, possibly Quaker Creamery. A Mrs. Pool (some address) knows where girls worked. Empty box of Dimond brand pills ("Chi-Ches-ters") for Amenorrhea, found on shelf by Mrs. Beard.

Detective Dougherty present, Mr. & Mrs. D. E. Beard, & Bert Morton.

REMARKS Body found at 4021 Dupont ave. No. place of death. That of an old man 58 yrs. of age sitting in a rocking chair alongside of table & about 4 ft. from kitchen stove. Dressed in all his clothes. Had cap on & wore truss. Head thrown back, legs straight & hands across abdomen. Dependent portions of hands, and also legs show pinkish discoloration. Statement from Mrs. Josephine, wife of deceased. She left him at 8:00 A. M. to go to daughter's home – the deceased was to come to dinner. She noticed nothing out of ordinary when she left. She returned home at about 5:00 P. M. & found front door locked. Opened it & then noticed that "draft" of coal stove in front room open – closed it. Then noted kitchen door closed – at same time smelled gas. Found husband in position as described above, but says that there was a magazine on floor between his feet. (Not present when body seen) Said she found 1st burner on gas stove partly open – closed this – cleaned & notified neighbors. The burners on the gas stove turn with difficulty. Are so placed that they are at all liable to be opened accidentally – and there was nothing cooking on the stove so that nothing could have boiled over & put gas flame out. There was no attempt to plug cracks in windows or doors. No note found, or any other apparent reason. Mrs. Josephine Donaldson says husband usually lays down on bed, or has rocker in front room – occasionally sits in kitchen when she does dishes. Statement from Thos. E. Donaldson, son, says that deceased was injured Aug 4-1919, at Kinnard & Sons plant and hasn't worked since. Had had one stroke of paralysis – was improving in health and had plans for future. Says that father never wore truss except when going out. David Donaldson (son) says that as long as he can remember, father has had no sense of smell. All members of family say deceased never spoke of suicide. (Case reported originally as suicide) Room clean, tidy, orderly, furniture in place – no sign of struggle.

REMARKS Statement from Mrs. Mae Closs, wife of deceased. Deceased left home this morning to go to work, apparently in perfect health - was in good spirits. Has been taking medicine since last summer, prescribed by Dr. Hooker, of N.E., for nervousness. Has been unable to sleep nights. Has been in the Mpls. General Hosp. several times. She has been married to this man 9-10 yrs. and has not been pregnant with him. Several children by 1st husband. She is now 34 yrs. old. Deceased had no chronic diseases that she knows of. Elizabeth Closs, Mother, 423-16th St. S. Stat #1½ Says deceased has always been healthy. Dr. Maurice Nathanson, assistant City Physician at Mpls. Gen. Hosp. said that emergency ambulance was called to 3rd Ave. So. & 16th St. this morning about 7:30, because a man had fainted & was lying in the street. He answered the call & found the man fairly well recovered. He had fainted and had vomited several times. This man said he had left home feeling perfectly well. On recovery he told Dr. Nathanson he felt pretty well, and wanted to go home. Dr. Nathanson said the man was awfully pale & thought him to be sicker than he said he felt so took him to hospital. The man complained of no pain and felt fine when he got into the receiving ward. Knee kicks were absent, and pupils didn't react to light, so Dr. Nathanson was going to admit him as a cerebro-spinal syphilis, but the man suddenly went bad, & died a respiratory death, in spite of stimulation - Heart functioned well up to end.

Autopsy at County Morgue - Dr. Bell. - Deceased a well nourished and well developed man with unequal pupils - no external injuries.

REMARKS Report from captain (Days) 5th precinct police station. Officers Otto Boettcher & Delbaum called at 10:00 P.M. for accident at 40th & Nicollet, where man in machine & street car collided. Machine a Buick Coupe #173294 southbound, Nicollet & 54th Street Car southbound. Witnesses - John Mogard, 2714 Sheridan ave. So., Motorman; Herman Schinn, 3220 Brand Ave., Conductor; John Scheben, 4300 Nicollet ave., Jack Leskey, 4238 Blaisdell ave., John Eddy - Cedar 2837. Captain said one rumor was machine turned from 40th onto Nicollet, and was hit by street car going at high rate of speed before machine could be straightened out.

Accident occurred at 9:45 P.M. - Ambulance from Mpls. Gen. Hosp. left hospital at 10:030 P.M. and died about 10:180 P.M. according to Dr. Crandall who said he died just after he was put on stretcher in ambulance.

Statement from Herman Schinn, conductor - was in rear of car. Car had stopped at 39th St. and he had arisen to open door for people getting out at 40th St. & knew there was something wrong when car came to sudden stop just after the above motions - a woman who had stepped to car platform was caused to sit down on floor of car, by stopping of car. He went out to front end of car as soon as gates opened. Saw demolished machine, and man lying in car back towards Mans left side. The left side door was opened and man taken out. Street car and machine locked together so tight that he was unable to back car off. Machine was hitched to back end of wrecked car. Says that all four wheels of machine were parallel with tracks, & generally speaking, the machine was on their tracks. Head lights of machine were not going when he saw machine. Says Street car hit machine directly in center of the hood, & that the collision was directly head on. His impression was man was driving down tracks. The collision occurred between 39th & 40th on Nicollet, about 75 feet from the intersection of 40th St. Says after collision, street car did not move machine back more than 2 feet, if at all. Says street car was coasting and not going more than 12 miles an hour before motorman tried to stop it. Feels that driver of machine was totally at fault. Head light on car going. Says he got name of boy who was looking under front curtain and saw machine coming down tracks.

Statement from John Mogard, Motorman. Has been with company 8 years. Says he was going south on Nicollet, had stopped to let out passengers at 39th as he was approaching 40th he noticed head lights of machine on his track some distance ahead. Disregarded them at 1st because he expected man to turn off but when machine got about 100 feet from him and driver seemed to be making no attempt to slow down, or turn out, he put on reverse. Says man came directly down his path. Brought car practically to a stop, about 75 feet before reaching 40th St. when machine struck him. Says machine was not forced back at all after collision. Front of machine went under front of car. Man alone in car - machine had strong head lights. Found man lying to wards left side of seat of car. Says driver of machine had plenty of time to get off of track, and was totally at fault. No other vehicles on street.

REMARKS — Driver Busher, Emergency Ambulance was called to place of death & was told that deceased had told men he was awfully dizzy, & could hardly see. Started to walk towards operating room. Fell to ground & was picked up dead.

Eugene Jarvis, 2603 Madison st. N. E., bridge foreman, said deceased was section foreman, Section #1, but as weather was bad, Supt. didn't send him to section because he was not feeling well. Said Dulac has been sick for at least three weeks. He laid off for two weeks, and just started to be around last monday. Told Jarvis it was stomach trouble, but this morning of his death, he complained of pain over his heart. When he came to work Friday A. M. he wasn't feeling well, and complained of dizziness & pain over his heart. Extremely short of breath. Just before 10:00 A. M. he had gone to the blacksmith shop, one block away to get pick ground. When he came back he said he was more dizzy than ever. Jarvis told him to go home & rest. Deceased said he thought he would. Put his tools down and started to sit down on rail. Before he was able to, he fell to his knees striking forehead on opposite rail. This wasn't much of a bump, and was not enough to even severely injure him.

Jarvis was about six feet from Dulac when he fell, and immediately went and picked him up. Said deceased was drawing his last breath when he picked him up & turned him over. Says the company is in no way liable for his death. The company gave him full pay when he laid off. The Supt. kept him out of rain, and Jarvis told him to go home.

Statement from Adeline Dulac, wife, says husband was well up until 3 weeks ago. Then he had a choking spell. Would have to be propped up in bed. Became very cyanosed - extreme shortness of breath. Had pericarditis. Pain, & said his heart would pound.

Was taken care of by Dr. A. Gubin, Plymouth and Lyndale aves, No., & said he had trouble - and that heart rules awful. Never was confined to bed. Dr. Gubin gave him medicine. He improved enough so that he could go back to work but was far from well.

Wife says company is in no way responsible.

REMARKS Statement from J. A. Merriman, Marshall and Constable, Village of Delano, was notified from Maple Plain that 2 burglars, who had robbed a store in Maple Plain, were on a freight coming into Delano - Found these two men in a box car on local freight going west. Found stolen goods on their person, & cartridges - arrested them, searched them, and started for Maple Plain in a Car (Ford touring) with two prisoners, J. A. Hillstrom, storekeeper at Maple Plain. About 1½ miles from Delano, Lunde pulled a gun which had been missed in the search, had it in front of trousers. Struck the gun at Merriman's head & told him to stop - Merriman turned around, grabbed muzzle of gun, held it down. Lunde wrenched gun away & hit Merriman over head & tried to hit Hillstrom. Hillstrom then grabbed gun and then 2nd robber grabbed him and pulled him over into back seat. Hillstrom grabbed 2nd robber by throat by one hand and gun by other hand - one finger got under the hammer, so that when Lunde pulled the trigger to shoot Merriman, the hammer of revolver perforated his finger instead of firing cartridge - Lunde then fell out of back end of car & leveled gun over back seat. Hillstrom ducked and went out right side of car. Lunde went around right side of car, and seeing Hillstrom then went to left side - In the meantime Merriman got out his own gun & opened fire thru the curtains - two went thru curtains and one went thru rear seat in upper left hand corner - Lunde dropped.

The car had run off road & up a small hill into wheat field.

Body of a young man light complexioned, dressed in full army uniform of a private found lying on ground about 4 feet in back of car - Gun is said to have lain just behind left rear wheel.

He was a member of the 3rd field artilley, Camp Grant Ill., & is A. W. O. L., having left April 12-1920, Patrick Richard Bielasa, also in 3rd F. A., Camp Grant Ill. A. W. O. L., whose home is in Morrison Ill., - He also left April 12-1920.

Blood was coming from mouth and nose - Bullet must have entered mouth and have gone upward - No point of exit.

He was serving a 4 month sentence at hard labor at Camp Grant for being drunk & striking a Corporal - Sentence began Mar. 30th, 1920.
