REMARKS: Admitted 10:04 A. M. March 4-1924 by Dr. Leland. Attended by Drs. Lewis, Schwartz, Hoiland & Madsen. Died at 4:15 P. M. today. Deceased, a student at Vocational High school, was attempting to take off a Hassler shock absorber from the rear of a Ford car. To release the spring he was applying a Hassler compression bolt down thro center of coiled spring, thus compressing the coils of spring. In some unaccountable way the cross pin in lower end of compression bolt became sheared thro, tight to the bolt, & the coils were released, shooting the bolt into deceased's right eye. He screamed & other boys at work ran to his assistance & one boy pulled the bolt out of the eye. Oscar Cornelius, & H. A. Spaulding 3754 Vincent Ave. No., both instructors were near by, but did not see the accident. No actual witnesses. Deceased remained conscious about 20 hours when he began to decline rapidly. Mr. Spaulding cannot say how much compression is exerted when a coil, as described above, is released. He thinks deceased had his face close to the coil. The bolt is at least 7 or 8 in. long & fairly heavy.

REMARKS: Admitted 2 P. M. June 23-1924. Died 11:40 P. M. June 26-1924. Cared for by Drs. C. C. Carpenter & T. Miller. Laparotomy performed June 24-1924 in A. M., to drain abdomen. Two small fibroids removed from fundus uterus. In a statement made previous to operation deceased said that she had been to several doctors since May 17-1924, - that about May 20 she went to Dr. Bratholdt in Masonic Temple, that she paid him $50.00 & promised to pay 100.00 later; that he took her to his home on Fremont ave. No. & there she was delivered of a fetus about May 25-1924; that she stayed at his home one week - then about May 27 or later she was taken to her own home by her brother John McGinnis, who met her down town. Her family insisted on consultation & Dr. Carpenter (was called) He saw her twice, then had her taken to Rosedale Hospital & Dr. Bratfoldt was dismissed.

Detective Dougherty, Mrs. Tollefson, & assistant County Attorney Gleason were present when she made her statement. A short time before her death, the brother John McGinnis, would not permit a dying declaration to be made.

Dr. Bratholdt told Dr. Hobbs that deceased came to his office under the name of Mrs. Wilson about May 18-1924 & told him she had been to other doctors; that one had told her to deep massage & found her abdomen; that she had tried using a catheter; and finally appealed to his sympathies. He made two applications, tampons moistened in iodine, one day between each application. Had her in his home, his wife being a nurse, but all he did was to deliver her of a macerated fetus. She had marked reaction following delivery, then temperature went down for two days, then she became sick.

REMARKS: Deceased died Oct. 6 at 11:50 a.m. Admitted Oct. 6 at 12:47 a.m. by Dr. Fredrickson. Admitted to service of Dr. Johnson - brought in by ambulance no. 1 from Lindel Hotel, 112 - 6th St. So. where he roomed with his wife, Mary. The clinical diagnosis of the case was morphine poisoning. He had threatened to commit suicide several times, according to his wife. About 11 P.M. when deceased's wife came home, she states that deceased showed her some white "cubes" and said that he was going to take his life. She left the room and returned in an hour and found deceased in a comatose condition. She called Henry Knapps, the hotel proprietor, who called the General Hospital. Detective Montgomery found a note in deceased's room which told of his intention to commit suicide. Deceased was also a heavy drinker and at autopsy his organs had an alcoholic odor. On admittance to the Hospital, deceased's stomach was washed out but the washings were not saved. Detective Montgomery obtained from deceased's wife one of the "cubes" which her husband had.
