REMARKS: Deceased was found by his wife at 6:15 P.M. today on her return from Hastings, Minn., where she had gone last Friday with Mrs. Thos. Kilbride. She smelled gas on entering the room, & upon opening the door into the kitchenette found deceased crumpled up on the floor; all three burners of gas plate were open, unlighted. A newspaper, folded, was across the threshold. She turned off the gas, screamed for help. Asst. Manager Powley was called. Officers Palmer & McCluskey came from the police dpt. General Hospital ambulance called. Thos. Kilbride, asst. City atty., spent last night with deceased, but left the hotel early today. Kilbride states deceased was divorced from his first wife who lives in St. Paul, that he was despondent at times, & a heavy drinking man; that about 1 year ago O. D. Bates, 3110-4 Ave. So. his father-in-law had attempted suicide by turning on gas, & this fact preyed on his mind.
Later: wife states that deceased was seen by Dr. H. R. Scheibe, 808 E. Franklin ave. about 1:30 P.M. today, with the dog, on 11th St. So. near Curtis Hotel. Mrs. Kluckhohn gives following statement as to how she found conditions on entering her apt. about 6:15 P.M. March 6-1927; the door to the tiny kitchenette was open a little & her husband's feet & part of legs were projecting into ~~into~~ the large room. He was in a partly sitting position, his head down on his chest. She says the 3 gas jets were not open, but she pushed them tighter closed. Often she has noticed odor of gas from the stove. A dog which was in the room, showed no effect whatever of being gassed. Statement by officers made to Dr. Hobbs, indicates a suicide by gas, whether gas jets were open. Wife was frustrated. Mrs. Kluckhohn states she had papers piled near the kitchenette door, that it is possible one of these newspapers might have fallen in position it was found - in front of threshold.

REMARKS: Deceased was found at 4 A. M. today by E. E. Moore, 2915 Dean Blvd. when he drove his car into the garage. The entrance is on a slope + Moore passed over the legs of deceased, but not his head, because his headlights were not directed to the floor of driveway. He realized he had bumped some object so as soon as he stopt the car he went back + found deceased. He notified police dept + the Morgue was called. Deceased lay on his back, head toward south, in the door 3 feet from So. side of door way of garage. At 3 A. M. today Richard Ash, 1900 - 1st ave. So. Apt. 27, who washes cars at address above, saw + talked with deceased, when he was sitting on a wall separating the two driveways. One driveway leads up into the part of large garage where cars are washed; the other driveway leads down into part where cars are parked. Distance of wall where deceased sat to where he fell is about 14 feet. Apparently he landed on his face because his nose is split its entire length + the mandible is comminuted; much bleeding from the left ear; a deep cut on chin to left of center line; a small cut in left eyebrow. Head lay in huge pool of blood. Some blood to left side of body probably when he first struck the floor.

About 3 o'clock Miss Agnes Caldwell states she noticed the kettle had boiled dry & then the funnel and tube without removing the partially filled kettle one half full of water. She then brought the water to a boiling on a stove and then placed kettle on an electric plate on stand aside of crib. The funnel she states she placed inverted on the stand. She then went into the next ward and returned later to inspect the apparatus because Miss Beal requested her to do so. Miss Doherty states Miss Caldwell was not a charge nurse

REMARKS: Deceased referred to General Hospital by Dr. McInerny. Brot by Ambulance and Dr. Rice. Admitted on Aug. 13-1927 at 10 A.M. Admitting diagnosis probable bronchopneumonia. Temp. 102°. Died at 3:05 A.M. Aug. 18-1927. House physicians Dr. Gibbons and Dr. Karpen - Dr. Watson made blood examination on Aug. 14 & found symptoms of leukaemia. Staff Drs. Huenekens and S.E. Sweitzer. On Aug. 13 between 3 P.M. & 3:40 while given steam inhalation from a funnel and steam kettle deceased received burns involving abdomen and back. The kettle was placed on an electric plate and a 2 feet rubber tube ending with a funnel connected to the spout. Miss Lilly Beal, a student nurse, placed the funnel against side of deceased and fastened it with adhesive to the bedding. Miss Beal states she had had no experience with this particular sort of apparatus and was ignorant of the correct method. Miss Beal states the bedding was soaked with hot water. Miss Agnes Caldwell, associate nurse in charge, at the request of Miss Beal inspected the apparatus & deceased at 3:20 P.M. She says steam was then coming from funnel but bed was not wet. At 3:40 P.M. she returned to the crib and found the bed soaked with a baby sealdock. She immediately removed the funnel & notified Miss Ellen Spangelo, the head nurse. Miss Florence Oakes had brought out the apparatus. Miss Inga Hess, and Miss Wheeler and Miss Madigan had been present in the ward. Miss Doherty the head nurse, states a book of instructions had been drawn up by Dr. Beal upon entering hospital. Miss Beal says she did not read it. Instructions state that funnel should be placed 2 feet from body. Miss Doherty, head nurse, states that Miss Beal alone was responsible for the care & tx of deceased. Miss Beal had read the book of instructions, also when Miss Beal became aware that she was not familiar with this apparatus she should have inquired from Miss Wheeler, the head nurse in charge or consulted the book of instructions. She did neither of these but instead inquired from associate nurses who were not informed or responsible parties to give orders.

His son Chas. helped him to the bed, when he said "Im dizzy"; & became unconscious. Died in ambulance on way to General Hospital. Detective E.W. Between 8th ave. & Oak Lake St. on 7th St. the Buick swerved to the left to avoid a horse, & missed him but Barber, on seeing this, also swerved to the left to avoid hitting him. Deceased was knocked down; Barber helped him up & to the curb, offering to call ambulance, also asking his name & wanting to give his own name to Kochendorfer. But Mr. K. said he was O.K. Next day Barber saw the paper notice & at once notified his atty. Mr. Meadow. On Monday last, the Atty. had Barber make full report to Co. Atty.

Nationality	American	Effects Taken in Charge	#9.13, purse, knife, 20 keys, ring, watch, chain, fishing license, bill of sale, bullets & magazine, several receipts, cards, papers, cigarettes; first National bank savings dept., Mpls., bank book showing balance of $4.35
Occupation	Merchant-General Store		
CAUSE OF DEATH: ~~Natural~~ / ~~Accidental~~ / ~~Suicidal~~ / ~~Justifiable~~ / Homicide Intentional / ~~Homicide Unintional~~	Gun shot wound in body	Other effects listed on Morgue Record.	
Marks of Identification	—	Delivered to Whom	Ethyl E. Paulson, mother, Special Administratrix, Wayzata, Minn. R.I.
Color of Eyes	— Hair —	Address	
~~Witnesses~~	Mrs. Ethel Paulson, mother to deceased, states her son shot himself following a quarrel with his step-father, Louis Paulson whom deceased shot 3 times & who was taken to Hillcrest Hospital by Dr. Avey of Excelsior, Minn. Sheriff Earl Brown, deputy sheriffs John McGuire, Hamilton & John Kettridge were at Mr. Paulson's home when John Anderson & Dr. Hobbs arrived. Mrs. Paulson is the only witness to the tragedy. She says her son came to the house shortly after 7 P.M. today; front door was locked. Mrs. Paulson		

REMARKS: hurried to lock door. She attempted to telephone for help; deceased threw the window threatened to shoot her, & did fire his gun in the air; went to front door broke the glass & opened the door, threatening to shoot both her & Mrs. Paulson; took her by the arm, holding his, 45 revolver to her head, & pushed her about the house demanding she find her will; grabbed Mr. Paulson & told him to get on his knees, that he would kill him. Mrs. Paulson is more or less confused in her statements, but states the son got Mr. Paulson into one bedroom, closed the door & fought him. She tried to get in, & when she did, her son shot at Mr. Paulson several times, then stepping out of the bedroom into the hall, shot himself, & fell to the floor where he lay when Sheriff & dep. Coroner came. Mr. Brown says there was no gun lying at deceased's side; that some one had picked it up; that he found two, 32 revolvers, one fully loaded, with longs & shorts, lying on Mrs. Paulson's dresser; the other on the floor of bedroom where the fighting is supposed to have occurred; this gun was empty. No blood anywhere. Bullet wound about 6 in. below left central margin was small, with no powder marks; deceased wore a gray sweater over a plaid shirt & undershirt & no outer cloth of sweater & no powder marks present. Mr. Paulson at Hillcrest Hospital told Mr. Brown that as soon as he saw deceased he hid in the closet of a bedroom upstairs where Searles found him & then repeatedly shot him. Mrs. Paulson states her son had been drinking, was always hostile to Mr. Paulson & had many times threatened both her & Mr. Paulson, that Mr. Paulson married her some months ago when they came out to Long together. Reasons for Homicide & verdict: 1. Bullet killing deceased a .32, not a .45. 2. Direction of wound in left side upward & toward mid. line of body; practically impossible for self inflicted wound to be this nature. 3. Mrs. Paulson's revolver a .32, loaded with longs & shorts, fully loaded, & her determined protest & S/S case Brown to King Co. 4. Condition of room throughout house, no signs of blood; apparently a plan to clean away evidence. 5. Difference in accounts of tragedy given by Mrs. Paulson & her husband. 2 & 6. Self defense, when Mrs. P. threatened by her son.

Later - 10/10/27 Mr. Paulson told Earl Brown Sheriff, that he himself killed Searles.

REMARKS: Death occurred at 1:10 A. M. today. Deceased had been at the Hospital since Oct. 19-1927, under observation of Dr. Josevich. Evening of Jan. 31-1928 deceased left hospital for short time, returning at 8:30 P.M. at Midnight he sent down word to Dr. Josevich who was on duty to give him Veronal tablets for sleep. Dr. J. gave him Veronal in hot milk. Less than ½ hour later Dr. J. was sent for because deceased was suddenly very ill. Dr. J. at once used the stomach tube, & washed out the stomach. He saved the contents & Dr. Brown of the University pronounced a poison present, bichloride of Mercury. Dr. Josevich states contents of stomach were bluish in color but the little milk in glass was clear white. Patient improved & it was thot he would recover until yesterday afternoon when he had a bad heart attack & he finally died apparently of cardiac failure at 1:10 A.M. today. At no time would deceased admit to Dr. J. or anyone that he had taken poison. Dr. J. states deceased showed definite symptoms of mental depression, which had been present during his ambulatory time in hospital. Mrs. Dean Rundlett, Sister-in-law, also told Dr. Hobbs deceased had periods of marked depression ever since his war experience. Dean Rundlett, a brother, is now in the Veteran Hospital, a patient & agrees with Dr. Josevich that the death looks like suicide. Mrs. Rundlett wife to Dean, told Dr. Hobbs that the family think it suicide. No one can say where deceased got the poison.
