REMARKS: Admitted Dec 27-1929 at 11:32 P.M. Died at 8:20 A.M. today. Admitted by Dr. Miller, & attended by Drs. Jierold & Bascomb. On Jan 13-1930 deceased's wife, gave Dr. Hobbs the following information. On Dec 22-1929, her husband wanted a bath; he went down stairs in basement to turn on the heater, then came up & into his room. She later went into bathroom to turn on the water, but it was cold. She went into basement to see what was the trouble; found so much free gas there she could hardly get back upstairs and called to her husband to help her, & he had to drag her up. She doesn't know what was wrong or if the gas was turned off. On Dec. 27-1929 late in evening deceased had his overcoat & said he was going to make coffee. He went into the kitchen; his wife did not follow him & from there on claims she doesn't remember what happened, except that she heard an explosion. Mrs. Olson & her brother, J. Meisel, (name, address, both told Dr. Hobbs that deceased had queer spells, was sick & dizzy, since early in 1929, but that he never threatened suicide) Mrs. Olson on Jan 13th 1930 told Dr. Hobbs (she lives at 311-2 St. So.) that late eve. of Dec. 27-1929 she was in bed when a loud explosion occurred, shaking her house. She looked from the window & saw Olson's house afire. She ran to her daughter's home, Mrs. Peter Dahl, 207-2 St. So. (Peter Dahl called fire dept. & was the one who carried deceased out of the kitchen where explosion occurred.) Mrs. Olson had spent her day tidying since Dec 22-1929 getting meals etc. for the Olsons. Deceased complained often of his head during these days. Probably sleeping through on the gas without lighting the gas having been taken suddenly sick. Pilot light probably ignited the free gas, hence the explosion. Very little damage was done to the kitchen & house by the explosion; the shade of window by which Olson was sitting caught afire & dropt on deceased's head & shoulders, burning part of his ~~head~~ face. His coat was burned.

Attended by Dr. Geo. Dunn. At 10 A.M. March 30 deceased standing on a scaffold & working on the ceiling inside of the new N. W. Bank Bldg. The scaffold gave way & deceased fell with it to the marble floor 20 feet below. He had been on the scaffold that day two hours. On the scaffold was also Raymond Wicklund, 3015 East 45 St. He states he heard no crash or break (Wicklund) & knew nothing until he struck the floor. Wicklund suffered a fractured arm & was interviewed at Abbott Hospital. The actual witnesses were the marble workers on floor below, W. W. Loveland, 409 Winston St., St. Paul; R. De Way, 187 Dakey St., St. Paul; & Mr. Kepsermata. These men state they heard a crash, a breaking of pipes as the scaffold sagged and fell. They explain the accident in that on the four hooks suspending the scaffold, only one was "blocked" and those not "blocked" could turn and then pull off. The fall of the many working on scaffold then would have turned the hooks & caused them to unhook. They say they inspected scaffold after the accident. Deceased was a Norwegian man and worked for T. A. Leekley, 1312-3 ave, So. His foreman & last was W. C. Dale 3424 Portland Ave. Mr. Dale states that scaffold had been put up by Olgot Norbow and Raymond Wicklund on the Thursday previous and had been in use since. He says he is unable to explain how accident could have happened. Mr. T. A. Leekley was in building but did not see accident. The scaffold consisted of two cross beams with an iron hook at each end. Several planks across ~~across~~ these beams. The hooks were hooked onto a "horse" on one end and a "fall work tower" on the other.

REMARKS: Deceased was instantly killed at 10:30 A.M. April 3-1930 when cut across face & head almost complete decapitation by the rim belonging to truck license No. T-7374 at 35 Ave. N. & Silver Lake road. Milk truck belonging & driven by Irving Thies, New Brighton, Minn. was going south on Silver Lake road - had almost completed climbing a fairly steep grade - on third speed - 5 miles an hour when near the top - the left rear tire blew out - The noise of the explosion was terrific - the steel rim and steel rim lock were shot across road and through on to property of Louis Christen and of deceased. A mark on the front lawn suggests that the rim struck here and either rebounded or bounced to the northwest corner of Louis Christen's home at which point the rim struck deceased who but a moment before had been playing with her own sister & two small cousins on the south east corner of the house. No one saw deceased struck but mother & aunt of deceased who were in the kitchen of Louis Christen's home on the south east side of house, at the noise of the tire blow out rushed around to front of house and found deceased lying dead just at north west corner of house; the tire was lying near by - Deceased's face & head had been cut and crushed by force of blow; beginning just above left eye downward & forward across face thru nostril & extending half across right cheek; almost decapitating deceased; brain subjected to air, ~~water~~, milk cans, true capacity 2½ tons. Tires of Firestone tires 38-9 inches - entire casing in good shape, apparently could be pulled up tired. Mr. Louis Christen was in the barn yard south east of his house; he states that just prior to blow out he saw truck laboring up grade going south on Silver Lake road. Mr. Louis Christen stated that it was going very slow - 5 miles an hour when suddenly near the top of grade there was loud ~~explosion~~ report - he could not see the deceased hit as the house obstructed view. Mrs. John Christen Mother of deceased picked deceased up and Mrs. Louis Christen carried her into sun parlor of Louis Christen's home. Dr. Siegel was called and was present during Coroner's investigation. Deceased's father John Christen was at work - too shocked at time of accident to examine rim showed blood on area where it struck deceased - Rim lock found 20 feet away. Point where deceased was struck is approximately 80 feet from truck which had been traveling on right side of road.

Steel rim & lock kept by Mr. John Christen.

REMARKS: Deceased was found about 12:25 a.m. by a R.R. stock crew on its way to St. Paul. The crew consisted of C. D. McGuire, conductor, 1956 Sheridan ave So.; J. Arnold, Engineer, Hastings Hotel; R. Seibert, Fireman, Osseo, Minn. Deceased lay in middle of track – westward main of the M. & St. L. R.R. Apparently he was hit & then dragged about 100 feet a question which train hit him. H. P. Frye, 1313 Irving ave. No. & Geo. Reita, head-brakeman, 3841 Oakland ave. gave Dr. Hobbs information. Deceased lay on his face, his head to the east, one leg 12 to 15 feet from body & his entrails outside the body. Officer Winslow present. Injuried: Left leg amputated below knee; tendons back right hand exposed; lacerations left temple & over right ear; deep laceration below left ileum; face full of dirt; lower right abdomen torn & bowels exposed.

Detective Mullen told Dr. Hobbs the following facts: Deceased had spent the afternoon of Xmas day with a man named Outten or Hanson, at 1822 – 5th St. So. At 6:30 P.M. this man Hanson accompanied deceased who wanted to take a Cedar ave. St. Car. Deceased seemed confused, – as far as known he did not get on the St. Car. Conclusion is that deceased in his confusion, wandered about aimlessly & got into the R.R. yards. The M. & St. L. R.R. stock crew referred to above, en route from the Cedar Lake yard, left the yard at 12:01 A.M. Dec. 26-1930, for St. Paul. Geo. Reader, brakeman, in the engine #470, saw deceased's body 25 feet ahead of engine, face down, head toward St. Paul, in middle of track – called the westward main. A. L. Peeler, claim adjuster for M. & St. L. R.R. told Dr. Hobbs deceased was probably hit by an M. & St. L. freight train, St. Paul bound, at 9 P.M. Xmas night.
