REMARKS:

Mr. Coleman, 2101 Foshay Tower stated that the deceased did not come to work as usual on Jan. 17-1934 but called his office and stated he had a cold. On Jan. 18-1934 Mr. Coleman went to the Y. M. C. A. where the deceased was staying and found him semi conscious. The deceased was given a drink of liquor by one of his friends, thinking it would help him. Mr. Coleman called Dr. Andrew Sivertsen and the deceased was sent to St. Marys Hospital where he was admitted at 7 P. M. Jan. 18-1934 and died on Jan. 19-1934 at 9:45 A. M. Notes by the intern stated he was unconscious.

Viola Roper, Isle, Minn., wife of the deceased stated the deceased did not drink to an excess. She stated the deceased had epilepsy and had been taking 1½ grs. of Phenobarbital daily for this reason. At times he would take more than 1½ grs if he was very nervous. The last definite attack was in 1924. She also stated that she found an empty bottle of 100 Phenobarbital tablets in the room of the deceased. Viola Roper stated that the deceased had been very discouraged but she did not think the deceased would take an overdose of phenobarbital intentionally.

It was necessary in this case to make the diagnosis from the history alone, due to the fact that the postmortem findings were negative. In the opinion of Dr. Brown, University of Minn., a toxicological study would not aid us in this case. His report is on file.

Body not viewed by Dr. Reilleen.

REMARKS: At a later date the following information was obtained by Coroner Seashore. Theodore Mangan stated to Coroner that deceased came to the place about 5 P.M. intoxicated. That two other men shortly afterward got in a fight and were put out. A little later he also put out deceased but the deceased came back in again. About 6 P.M. when relieved by Robert Durand, bartender, Ted Mangan left for supper and took deceased with him about a half block.

When Mangan returned about 7 P.M. he found deceased sitting by a table sleeping and snoring. About 10 P.M. deceased began "to come to" and started for the toilet. Shortly after when deceased did not return, Mangan asked Solz to look for deceased in the toilet, but he found him at foot of stairs. No one heard him fall downstairs. Police and ambulance were notified and he was brought to hospital.

Robert Durand, 615 Adams St., stated that shortly after Mangan had left, deceased came back and wanted to get in. When Durand took him by the arm, deceased raised his little grip as if to strike Durand. Then Durand struck him in the face and deceased fell backward on the sidewalk about two feet south of the water hydrant. He said he only struck him once. Failing to move deceased was dragged inside and placed on a chair where he slept and snored. This occurred about 6:30 P.M. Present at the time were Albert Mangan, a coal driver, and a cousin to Ted Mangan, also Alphonse Haas.

Albert Mangan went and got Frank Mangan, brother of Ted, 627 Adams St. Durand asked Frank whether he should call the "cops" or not, but Frank advised against it. About 7 P.M. when Theodore Mangan returned Robert Durand left the place.

Sophie Yachel, 604 Adams St., stated that on Feb. 26th, between 6 P.M. and 7 P.M. she saw a man struck down in front of 456 Adams St. She saw the man struck twice. The second blow made him fall backward on the sidewalk south of the water hydrant and near the outer edge of the sidewalk. He never moved after he fell. Shortly afterward she saw him dragged inside. About 10 P.M. or shortly after she saw the ambulance come and take someone away from the place.

Two Keys delivered to Mrs. Ewall, 722-6 Ave. So.

The deceased was found by police in front of 1411 Washington ave. So. They were called by a Martin Ekstrom, 1808 Washington ave. So. who said that there had been a fight between the deceased and a Fritz La Batte, 2447-16 ave. So., that the deceased was struck in the face and fell down and was unconscious. When police officers O'Neal and Leasey and Aglem and Johnson arrived they found him being supported on the running board of an automobile. He was unconscious so they brought him to the General Hospital where he was admitted at 2:31 A.M. and died at 2:45 A.M. He was admitted by Dr. Andrus.

Mr. Martin Ekstrom was interviewed May 9-1934. He stated that a few minutes after 2 A.M. May 6-1934 he closed the Gunnar Bar, 1405 Washington ave. So., and started to go home, and that about 50 feet south of the Gunnar Bar, he saw two men exchanging blows. One of the men struck the other in the lower part of the face with his fist, knocking him down forcibly. Mr. Ekstrom said that the impact of his head on the sidewalk was distinctly audible, and that he did not move after that. No club, blackjack, or similar article was seen by him. The man who struck the blow, Fr. La Batte, then walked rapidly away, being overtaken by Mr. Ekstrom who advised him to wait. La Batte then stopped on the next corner. When the police came, however, La Batte fled, being picked up by police later. Another witness, Mr. Gunnar Tobien 2218 Milwaukee ave. tells substantially the same story as Mr. Ekstrom. He fixed the time of the fight and fatal blow at 2:15 A.M.

On May 15-1934 the grand jury returned a No bill against La Batte.

REMARKS:

The deceased was last seen alive by a neighbor, Frank Kuhn, 4628 Park ave. at 7 P. M. May 26-1934. She was in good spirits and was cheerful. She was found at 9:30 A. M. May 27-1934 by her son-in-law, Clarence Rue, 4704 Park Ave. He stated that he had come to see if she wanted to go to church with himself and his wife, because the deceased's husband had left town Friday night May 25-1934 for Redwood Falls, Minn. and was not expected back until the evening of May 27-1934. When he came to the door, she did not answer his ring, and then he smelled gas. He called the neighbor, Mr. Kuhn, and together they went inside. The deceased was sitting in a chair at the dining room table, with her head on the table. Only one gas burner was on in the stove in the kitchen underneath a large pan of water which she was apparently heating for her bath. No windows in the house were open, but her son-in-law stated that when she was alone, she felt uneasy with them open. The deceased had on a negligee, the bed was turned down but had not been slept in. Her nightgown was in the bathroom. Dr. C. M. Larson had been attending her for coronary disease, and the deceased's daughter stated that she had been having pain around her heart. This was substantiated by the neighbor, Mr. Kuhn. The gas flame could have been extinguished by water boiling over from the pan. She apparently was heating water on the stove with which to take a bath on Sat. night, May 26-1934, when she was overcome. Officer Geo. H. Peterson duty. The color of the deceased was pale, not cherry red as in gas poisoning.

According to Dr. Dahl and also the husband of the deceased, Mr. B. F. Keenan, the deceased frequently inserted slippery elm into her cervix if she did not menstruate on time. On this occasion, she was two weeks overdue with her menstruation period so she inserted slippery elm, resulting in apparently normal menstruation. Suddenly on July 15-1934, she began to have abdominal pain and to have fainting spells. On examination, the uterus and adnexae were found to be very sensitive, by Dr. Dahl. The uterus was slightly enlarged. The abdomen gradually became more and more distended and the patient died at 12:45 A. M. July 19-1934. The onset of her illness was approximately ten days after inserting the slippery elm. During that time she noticed a vaginal discharge which had not been present previously.

REMARKS:

The deceased owned the house in which he lived and he and his wife had been living and sleeping in the basement during the hot weather. He had been a heavy drinker so his wife used to get Mr. Jones, Court Commissioner, to swear out a warrant for his arrest and keep him under observation until he sobered up. On this occasion, on Aug. 7, he seemed to be all right during the day, and was working on his car. He had a few drinks in the evening and retired about 8:30 P.M. His wife said he was very restless during the night and moaned frequently. In the morning he was semi-comatose, but his wife did not pay much attention to it, thinking that he was probably drunk. At 2:30 P.M. Aug. 8-1934 Deputy Sheriffs Doyle & Trumbull arrived to serve the papers on him which his wife had requested of Mr. Jones, and found him lying on the floor, comatose. They called the General Hospital, but the deceased died just after they arrived. The time of death was 4 P.M. Aug. 8-1934.

The wife of the deceased said he had had occasional attacks of pain over his heart. She was satisfied that the death was due to natural causes, and objected to an autopsy

REMARKS: The deceased was found about 3 P. M. Aug. 21-1934 by his son Robert. He was lying underneath the Mendota Bridge about 50 yards from the Fort Snelling end of the bridge, and about 15 feet south of the Plumb line of the bridge. At 7 A. M. on Aug. 21-1934, he had been seen on the bridge, above the spot where he was found by Paul Murphy of Mendota.

As he usually rode in to work with his son, Robert, the son became anxious about him when he did not find him early in the morning, and called the Dakota County Sheriffs. He was looked for in the woods around the house at first and in the town of Mendota. He then began to look under the bridge where he was found. He could give no motive for the suicide, as he thought the financial condition was satisfactory and his fathers health was good. The McKesson drug Co. reports that the account is correct and no shortage has been found

. As the deceased was about 15 feet from the Plumb line, the deceased must have jumped from the bridge.

Examination of the body discloses a compound, comminuted fracture of both bones of the right leg, a fracture of the metatarsal bones of the left foot, a crushing injury to the lower chest anteriorly on both sides, and a laceration under the right mandible measuring about 2½ inches. no palpable skull fracture was found.

The deceased was last seen alive at 7 P. M. Aug. 28-1934 by a neighbor, Henry Roshat. He was found dead at 9:30 A. M. Aug. 29-1934, also by Mr. Roshat. Several witnesses, including Dr. Mee of Osseo, Mr. Harry Nelson of Osseo, and Mr. H. B. Sundt of Osseo, stated that the deceased was frequently intoxicated and that on this occasion had been drunk since August 25-1934. He had on several occasions threatened to shoot his wife and children and kill himself. For this reason, his wife and children decided to go to Minneapolis and stay with a sister, Mrs. Rankin of 2407-6th ave. N. until the deceased sobered up. They left their home at about 6 P. M. Aug. 28-1934. Henry Roshat stated that the deceased usually came into his place about 5:30 or 6:00 A. M. for a cup of coffee, so he began to look for him when he did not come. Mr. Roshat knew that there was no one at home in the house so he looked in the blacksmith shop of the deceased, and finally put a ladder to an upstairs window and saw him hanging there. He then called Dr. Mee and Harry Nelson who entered the shop through a window and cut him down, attempting to revive him. He was hanging by the neck from a rafter in the loft of the blacksmith shop. The rope was unusually long and was tied first to an upright beam and then looped around a rafter, coming down to the noose. There was a stepladder alongside the deceased.

REMARKS: The deceased was last seen alive by Louis Kowalke, a farmer who lives about one mile from the deceased, at 6:30 P. M. Sept. 14-1934. He was found dead at 11 A. M. Sept. 15-1934, lying in a field near his house by Anton Koechler, Route #1 Mound, a neighbor of the deceased, and Alvin Gerdin, 1419 E. 22nd St., Minneapolis, a hired man of Mr. Koechler.

Neighbors of the deceased report that he was a very violent tempered man and quarrelsome. For some weeks he had been involved in arguments with Louis Kowalke over a cow belonging to Peterson. Kowalke claimed that this cow jumped the fence and did $5.00 worth of damage to his crops, which Mr. Peterson refused to grant. At about 6 P. M. Sept. 14-1934, the deceased appeared at the barn of Louis Kowalke who was there with his hired man, James Simpson and began to argue with him. He was carrying a 22 cal. rifle. A scuffle ensued and Louis Kowalke and James Simpson subdued him and took his gun away and told him to go home, giving him back his gun. He started to go away but returned and started the quarrel again, which finally resulted in the deceased shooting Louis Kowalke in the left wrist with his rifle. Kowalke and Simpson disarmed him again and sent him home. They did not see him again. They then drove to Mound where the wrist was dressed by a physician and the episode reported to deputy sheriffs Molander and Lobas. Under a first degree assault warrant these two deputies make two trips to the home of the deceased in the evening of Sept. 14-1934 but failed to find him. When found at 11 A. M. he was lying dead down in the field, about 100 yards from his house, with a straight edge razor in his right hand and a long deep laceration across his throat. No notes were found.

Deputy Sheriffs Ketridge and McGuire at scene.

They then entered the house and turned off the burners. There were no rags packed into the crevices and the door from the kitchen to the rest of the house was opened. The deceased had been having heart trouble for a long time, according to neighbors. They also stated that he had been in very good spirits the night before.

REMARKS: Deceased was found about 10:45 P. M. today by his wife & daughter Lorraine. They went out to see if doors of garage were locked. Mrs. Blesi said the doors were closed. She opened one of the doors & when she saw that the car was there she stept in to garage along the left side of the 4 door Chrysler sedan. She stumbled against deceased who was lying on floor. She hurried to the house for a flash light. No lights in garage. On returning to garage she found her husband lying alongside the left side of auto, parallel to running board, his right side of face in a small amount of dirty water. She called the police dept. & General Hospital. Officers Kuehn & Austin came & carried deceased outside the garage. The dependent parts of body showed pink pigmentation. Officers M. McDonald & Dufrene were present when Dr. Hobbs arrived. Deputy coroner found the ignition open & gasoline tank empty. Motor was very slightly warm. Right side of hood had been raised & left up by first officers who later were relieved by McDonald & Dufrene. There was no sign that deceased had been working on the car. Mrs. Blesi stated that after supper her husband left the house, without saying where he was going. She can't say if the auto was parked in garage or at side of house during the meal. Monday & Tuesday this week, Sept. 24 & 25, he laid off from work & went to bed because of shortness of breath & discomfort in chest. Has been driving a good deal. Deceased seldom closed the garage doors, leaving them open pointing inside. His boy left his bicycle there; often at night sent his boy out to see if he had locked the garage - with padlock. It is possible that when stepping from car deceased had a heart attack & failed to shut off the motor, then fell to floor. There is a bruise over right parietal area of head. Mrs. Blesi did not observe if the air was bad in garage, nor if the doors of car were open or closed; nor can she say anything as to what deceased did after supper

Clothes No Value - Destroyed on Dec. 12-1935 by John Anderson, Morgue Keeper

REMARKS: The deceased was found dead in a gravel plant owned by Halon and Okes Co. and located near Cedar Ave. and the Minnesota river. He was found at 2:30 P.M. by Mr. Chas. Hollenbeck of Bloomington township who worked with the deceased. When found, the deceased was hanging head downward in the gravel plant suspended from some machinery. His clothing was torn off to the waist and he was disemboweled. It appeared as though he had been oiling or adjusting some machinery and got his clothing caught in a revolving chain which pulled him in toward some cog wheels. The deceased was seen alive by Hollenbeck 10 or 15 minutes before he found him dead, and by Henry Paul, another employee who thought that it was only 5 or 10 minutes before the fatal accident that he had seen him walking on a platform in the plant. The deceased ran the plant and was usually alone in the structure. He supervised the operating of the machinery and also emptied a hopper on top of the plant when filled. Charles Hollenbeck, the other employee, has to do with running the hoist which brings gravel into the hopper of the plant. Mr. Hollenbeck noticed that the hopper was not being emptied and went to investigate and found the deceased as previously described.

Injuries: The entire anterior abdominal wall was torn away and the intestines were protruding. The left side of the chest was crushed in. There was a compound fracture of the left femur, a fracture of the left hip and left fibula.

REMARKS:

The deceased, a pedestrian, was struck by a street car at Cedar ave. and third street at about 4:45 P. M. Oct. 2-1934. He was picked up by the emergency ambulance driven by Tony Olson and accompanied by Dr. A. A. Nelson. He was admitted to the General Hospital at 5:05 P. M. Oct. 2-1934 and attended by Drs. Jerome and MacKinnon. He died at 6 P. M. Oct. 2-1934.

The street car was a Kenwood and East 24th St. car, No. 1306 and was driven by Lloyd Knight 955-18th ave. N. E.

According to the police report, witnesses were Carl Johnson of 3307-20th ave. So. and Helmer Hoyosa 5616-40th ave. So.

Officers Lachman, Brock and Geo. Andrey were called to scene of accident. At autopsy there was a strong odor of alcohol to the cut tissues.

Mr. Knight the motorman was interviewed on Oct. 6-1934 and gave the following account of the accident. He stated that he was driving his car south on Cedar ave. and that when he approached 2nd St. he saw a man going East across Cedar, when Mr. Knight first saw him, he was about 12-15 feet from the car tracks and about 40 feet ahead of the car. Mr. Knight says he rang his bell and slowed down, and that the man looked up at that point. Thinking the man would stop, he proceeded. When the car was about 10-12 feet from the point of crossing, Mr. Knight says he noticed that the man was not stopping, so he blew his whistle and applied the brakes, striking the deceased near the front door of the street car. He stopped the car immediately and opened the door. The man was lying near the front part of the door, with his feet toward the door, and his head out in the street. Mr. Knight says the deceased was walking across the street diagonally in such a manner that he was partially facing the street car. Mr. Knight has been a motorman for about one year, and a conductor for about 10 years and states that he has had no other serious accidents.

Mr. Helmer Hoyosa, 5616-40th ave. So., stated to Dep. Coroner, A. N. Russell, that he witnessed the accident, and that the street car motorman did not ring the bell or make any warning signal until after the deceased had been struck. Mr. Hoyosa also stated that no attempt was made to stop the car until after the accident. He states that the deceased was crossing the intersection diagonally, going East across Cedar from 16th and 2½ St., and that his back was toward the street car.

REMARKS:

The deceased owned and lived upon a 40 acre farm near Esses, which was foreclosed upon last spring. He had been very despondent over this and had threatened and attempted suicide several times previously. He lived with his hired man, Mr. Ed Peterson. On the evening of Oct. 12-1934 he returned home about 10:45 P. M. and Mr. Peterson who was in bed heard him walk about in the kitchen talking to himself about losing the farm and having no place to go. At about eleven o'clock the deceased walked into the bedroom, carrying a shotgun, said "well goodbye", and placed the butt of the gun against the wall, the muzzle against his chest, and pulled the trigger. The hired man immediately left the house and went to the house of a brother of the deceased, Mr. Fred Nadderson who notified Mr. Nelson of Esses.

The body was found lying near the bed, in a pool of blood. There is a mark on the wall corresponding to the butt of the gun. The gun which was lying near by was a single shot, 12 gauge shot gun with a fired shell in the chamber. The wound was two inches to the left of the midline and in the fifth interspace. The wound was a round hole about 3/4 inch in diameter and surrounded by powder burns.
