Samuel Giltner, father of the child, is a musician and plays all night; returned to his home about 7 A.M. today.

Last night his wife, mother of the baby, worked part of the night at the same place her husband worked returning home before her husband. Her sister, Evelyn Gimse stayed with deceased. Mrs. Giltner nursed the baby at 6 A.M. today, then placed her in her crib in the kitchenette. The apartment consists of only two rooms and bathroom.

About 9 A.M. the mother saw the child who was healthy and vigorous. About 9:45 A.M. John Meinecke, living in apartment #306, next apartment to the Giltner's, heard the child crying hard. Later he left the building and returned about 10:45 A.M. As he entered the building Mrs. Giltner rushed out from her apartment crying out that something was wrong with her baby.

Mrs. Ruth Baker in apartment #305, applied resuscitation efforts; Mr. Meinecke called the Police Dept.; pulmotor squad came; all efforts to resuscitate deceased were in vain. Minneapolis General Hospital ambulance came.

Officer Mehner and Jacobson were present. Mrs. L. Norgarder, 124 W. 14th St, mother of Mrs. Giltner, also was called and came.

Apparently deceased became active and cried hard, and squirmed over onto her face. The Police Dept. received the call at 10:53 A.M.

She was pregnant about two months. She told Dr. Holmberg, intern, that she had tampered with herself. Dr. Maland saw her at 2:30 P.M. today; she told him that some nurse had made four attempts to abort her, using slippery elm bark and a metal catheter. She refused to give any names.

Her sister, Alice Evenskaas, states that deceased for two weeks had been living with her, unemployed, but that previously she had been doing housework, that for two or three days she had been ill, but thought it was the "flu"; that only about one day before going to hospital she complained of abdominal pain and appeared very sick; that then deceased told Alice that she had been pregnant about two months, but that "it was all right now"; that she thinks last Monday 2/11/35 was the last date she had anything done. But the sister denies any knowledge as to who tampered with deceased, or who was responsible for her pregnancy, although she said one boy had been to see her occasionally, but didn't know his name or address.

Mable Cully, 2633 Bloomington Ave., a maid, heard her scream and went to the room. They found the deceased in bed, shot thru the head. The Coroner's office was called and the police notified after Dr. Nelsen, Deputy Coroner, arrived at the hotel.

Dr. Nelsen, Deputy Coroner, found the deceased in bed, lying on his back, with a large pool of blood about his head. There was a 32 pistol in his right hand, beside his head. Pistol No.146075 Colt/cal. There were two empty shells and four loaded shells in the pistol.

There was a wound of entrance 1 inch back and 1 inch above the level of the outer canthus of the right eye. This wound was 1½ x 3/8 of an inch with a small burned area near the lower end. The wound of exit was 2 inches back and 1 1/2 inches above the outer canthus of the left eye. This wound was ragged and about 3/4 inches in diameter. There was a large swollen area around this wound. There was considerable swelling around the left eye.

The police reported the pistol had been rented by the deceased from a blacksmith, Mr. Biss, of Virginia, Minnesota.

Finger prints sent to the Bureau of Investigation at Washington, D.C. showed the deceased's real name was Sam E. Heinlein, of St. Louis Mo. and that he was a deserter from the army in 1917.

The deceased had finished washing the upper half of the window and was about to start the lower half. He heard a crash outside and the deceased had disappeared.

John Brennan called J.J. Potts and Dr. H.P. McCrimmon was called.

The deceased was found on the roof of the court of the building. This roof is at about the level of the 2nd floor. The body was parallel with 4th Ave., So. and the head was toward 3rd Street. About 35 ft. of pipe was pulled lose at the level of the 3rd floor where the deceased had struck it. The safety belt was on the deceased. The screw eye on the south side of this window was missing. A fresh area of scarred wood could be seen where the screw eye was out. The screw eye on the north side of the window was present. The upper half of the window was clean and the lower half dirty.

Tom Crane, Route 2 Camden Station, stated to Dr. Neilsen that he picked the screw eye up on the roof beside the body of the deceased. He stated the screw eye was not on the belt. He gave the screw eye to William Hwas, 5325 3rd Ave. So. who gave it to the Police. When Dr. Neilsen examined the deceased the screw eye was on the belt.

REMARKS:

Mr. & Mrs. H.A. Robinson, 509 E. 43 Street, about 6:20 P.M. today heard an explosion and saw smoke coming from kitchen window of house at 513 E. 43 St., at rear of 4300 Portland Ave. Mrs. Robinson notified the fire department. Ass't Chief, R.C. Guderiau, with other firemen got into the house; the assistant chief turned off the oven burner of gas stove. The entire room was on fire. The deceased was seated in a large chair in front of the gas stove; two dogs were found dead, one in chair with deceased, the other on floor beneath the gas range. Head and upper part of the deceased's body were charred but dependent parts showed bright pink pigmentation usual to carbon monoxide poisoning.

Supposition is that the explosion resulted from ignition of gas from pilot light. Officers Wm. Leymeyer, Phillips, and Zuacko were present.

Mrs. Robinson saw the deceased the night of April 6, 1935; he lived alone for longer then a year. His wife lives in Minneapolis at 1609 Hawthorne Ave.

Notations found indicate deceased was in poor health, very despondent; his brother was trying to encourage the deceased.

Mrs. Ivan Hart states that she and the deceased agreed to separate late in 1933, mainly because of incompatibility, that she has been self-supporting for the past ten years.

A five dollar bill was attached to a gas bill and electric light bill, and with these bills two others, one for $11.85 to the N.W. Fuel Co., and one for $3.00 to Theodor G. Glanz, D.D.S.; on the face of each of these last two bills were the words: "E.- To be paid - I."

A letter dated April 6, 1935 from a brother Emerson Hart, St. Louis, Mo. and opened by the Coroner, conveyed the knowledge that the deceased was very despondent; this brother was trying to encourage the deceased.

Deceased was found at 10:25 A.M. today by her daughter, Dorothy. When Dorothy awakened and answered the telephone, she smelled gas, opened the door into the living-room, then door into small kitchen and saw her mother lying on the floor, her head near the door; all burners, including the oven burner, on gas range were open, which Dorothy closed. The keyhole was packed with paper and a quilt was at the threshold of the door into the living-room. Dorothy had not noticed gas earlier because there were three closed doors between herself and the deceased.

A note suggestive of purpose to commit suicide was found on kitchen table. On Sunday, April 21, 1935, the deceased had made a suggestion to her daughter, Dorothy, that they turn on the gas. She had been unhappy and despondent. Had been living with her sister, Miss Maud A. Mossberg, since January 1935.

REMARKS:

Deceased was brought to the Minneapolis General Hospital by ambulance from the curb outside of 2701 Central Ave. Admitted at 6:49 P.M. May 19th. Died at 3:01 A.M. May 23rd.

A Steinman pin and cast was applied to fracture. Attended by Drs. Zierold, Uhley, Schipiro and Hammar. Deceased stated to Dr. Hammar that he was injured when pushed off the curb by two men fighting on the sidewalk at 2701 Central Ave. On May 21st the deceased developed hallucinations and symptoms of delirium tremens, and was transferred to the mental ward.

The wife stated he was a heavy drinker and had had previous attacks of delirium tremens.

When police officers Bolin and Brown arrived at scene of accident deceased was sitting on the curb drinking a bottle of beer and told them two men fighting had pushed him off the curb and then driven away in a Chevrolet car. No one got the license number and police were unable to obtain any witnesses at the time.

Mr. Amos Telesky, attendant at Phillips Oil Station across the street, says that the deceased was at the station and walked to the other side where three men were in a fight. As they were scuffling the deceased either tried to get out of their way and fell off the curb, or he might have been pushed. Two of the men drove off in a car and one walked away. Mr. Telesky does not think the men knew the deceased was injured. They made no remark about it.

REMARKS:

Deceased was brought to Minneapolis General Hospital by ambulance and admitted at 10:45 P.M. May 24th. She was unconscious and the first impression was that of cerebral hemorrhage. She died at 11:01 P.M. May 24th. Attended by Dr. Grimes.

The husband, Clyde Mattox, gave Dr. Lufkin of the Minneapolis General Hospital permission to hold an autopsy.

Deceased was quite obese and had eaten a hearty supper. Had not complained. At 9:45 P.M. May 24th the daughter, Betty, found her unconscious in the bed room. She had talked to her five minutes previous. Deceased was groaning and had vomited, eyes were set. David Curts, a druggist, arrived and administered aromatic spirits of ammonia.

Deputy Coroner, Dr. Callerstrom, called at the home and interviewed the family of the deceased on May 27th.

On May 28th the son, William, age 15 years, made a statement to Deputy Coroner Dr. Callerstrom, that in November 1934 he obtained Potassium cyanide from Ernest Looyen, 1155 15th Ave. S.E. and kept the bottle in his desk. He showed it to the deceased at least twice and told her how poisonous it was. He thinks one third of the cyanide is now missing. When he arrived home after deceased had been taken to the hospital he found the bottle in the desk and removed it to another place.

William R. Cranmer, brother of the deceased, and daughter, Betty, age 15 years, state that when they came into room and found the deceased unconscious there was an empty tumbler in the deceased's hand and the bed was wet as from spilled water. They wrapped the tumbler in a cloth and put it away. The tumbler, cloth, and bottle of cyanide were turned over to the Deputy Coroner. The bottle is labled "Potassium Cyanide Poison".

Dr. E.D. Brown, pharmacologist of the State University, reports finding cyanide present in the autopsy material.

Deceased was brought to the Minneapolis General Hospital by ambulance from the East Side Jail. Dr. Whitesell on the ambulance. Admitted at 1:30 A.M. June 11th. He was unconscious and in tremors. Admitting diagnosis was chronic alcoholism and delirium tremens. Hospital chart records by Dr. Sicko gives evidence of alcohol. Attended also by Dr. Grimes. Died at 1:15 P.M. June 12, 1935.

Police report that deceased was brought to the East Side Station at 1:15 P.M. June 10th from the "U. of M." Library for questioning in regard to a watch missing from the "U. of M." post office. He remained in his cell all afternoon and in the evening became irrational and threw himself about violently. Lieut. Carlson called the ambulance.

It appears probable that the deceased fell off from the bench in his cell and struck his head on the cement floor or a steel railing at the wall and floor base. The bench is quite high and he could have fallen forward onto the steel rail. When seated on the bench ones feet can not reach the floor.

Miss Reade, librarian at the University of Minnesota, stated that the deceased worked all forenoon and was at work when picked up by the police. The wife states deceased was a constant drinker and for the past year has drank excessively. She has lived separate for one year. Her address is 2218 -2nd Street N.E.

On June 12, 1935 in the morning Dr. Selmer Johnson called at the home and saw the deceased telling her she had stomach flu. In the evening Dr. Lysne saw her and advised her to go to the Minneapolis General Hospital and told the husband he suspected an abortion and would not take the case. Late on June 13, 1935 Dr. Samuelson was called. He found a high temperature and foul vaginal discharge. He called on June 14th and advised her going to the Minneapolis General Hospital but the husband raised ten dollars and had her taken to the Swedish Hospital on June 15, 1935. To Dr. Samuelson the husband said that the deceased's last period was about 2 months ago, that two weeks ago she began "dribbling" a small amount for one week. On June 8, 1935 she complained of headache and weakness. On June 9th she went fishing, that evening she fainted and fell out of bed. On June 10th she complained of fulness of abdomen, on June 11th she stayed in bed and was very weak. Deceased denied that anything had been done to abort her but during her delirium she continued saying "Oh have I done anything wrong". The husband denied knowing that an abortion had been induced and was frantic at the time of deceased's death and threatened to kill himself. Husband stated to Dr. Hobbs, Deputy Coroner, that if deceased induced the abortion he had no knowledge of it.

Deceased was found dead at about 7:45 P.M. today by two people, H.E. Anderson, 2935 Lincoln St. N.E., investigator for the Federal Narcotic Division, and Donald B. Wilson, 3545 Columbus Ave.

Mr. Anderson came to the office about 7:10 P.M. to make inquiries of Dr. Sitar. Dr. Sitar asked him to wait while he finished taking care of Donald Wilson's arm. Donald Wilson is a caddy at the Country Golf Club and his arm was hit late today by a golf ball. Dr. Sitar took him to his office for x-ray examination, getting to the office about 6:30 P.M. Donald Wilson says that the doctor finished dressing his arm, then went to a desk where he seemed to be handling small bottles. Then the doctor went into another room, and after twenty to thirty minutes both Donald Wilson and Mr. Anderson heard groans in the x-ray room. In a few minutes they looked in the x-ray room and saw the deceased on the floor probably dead.

Police and the Minneapolis General Hospital ambulance were called. When the Deputy Coroner came the deceased was on his back, his head in marked opisthotonos and his elbows terribly stiff, more than usual rigor mortis condition.

In 1932 the deceased's narcotic license was taken from him by the Federal Narcotic Division. He had been an addict.

At noon today the druggist at the Ross Pharmacy, 2907 E. Franklin Ave. had reported to the narcotic department the loss of 14 hypo morphin sulphate gr. 1/2 pills, and 20 - gr. 1/2 codeine hypo pills. The clerk and Dr. Sitar were the only ones who had been behind the prescription desk.

REMARKS:

Deceased and his wife had been working on their automobile several hours. Mrs. Mitchell went into the house and was gone about ten minutes. When she returned deceased did not reply when she spoke to him. He was on the garage floor beneath the auto. Mrs. Mitchell got a shock of electricity when she took hold of the deceased to pull him out. She detached the electric cord from the two way switch, then dragged deceased from under the car and called to neighbors, Mr. & Mrs. Al. Mettayer, 3645 44th Ave. S. Pullmotor squad, police department and Minneapolis General Hospital ambulance were called. Dr. F.W. Larson was on the ambulance. Dr. M.S. Belzer, 3809 42 Ave. S. was called previous to Minneapolis General Hospital.

A burn was found on top of deceased's head, slightly to the left of the mid line. This burn was approximately 2 inches long by from 1 to 1 1/2 inches wide, irregular in outline, 1st degree type with rather deep reddening of tissues in center of burn, skin edges were raised like edges of a broken blister. Skin at this place was almost bald so that no hairs showed evidence of burning. No evidence present of carbon monoxide poisoning. The electric cord was worn through at one point. The copper strands were broken and the insulation material was slightly charred. Apparently the top of the deceased's head came in contact with this broken point, his body was moist and grounded. Mrs. Mitchell says that earlier deceased had a warning when he got a very mild shock.

REMARKS:

Deceased expired at her home at 11:50 P.M. July 29th. She had been attended by Dr. Leonard T. Carlson for cancer from July 28th to July 29th.

A week ago a city doctor saw her and advised hospitalization, otherwise she has not been attended by any doctors. On July 30th Mrs. Carrie Hughes, age 71, mother to the husband of the deceased called at the County Attorneys office and asked for a complaint against her son, Charles, age 47, charging that about ten days before the 3rd of July he kicked the deceased and that she "bled a stream on the floor" at the time. This man disappeared on July 3rd and has not been seen by the family since.

Requested by the Hennepin County Attorney's office to determine if injury had anything to do with the death of the deceased an autopsy was held July 31st. It did not reveal any injury. The cancerous condition was very extensive.

Informants and those living in the house were: George Delrey, Mrs. (Witey, Welstone), Elizabeth Hughes. The latter roomed with the deceased.

Only son of the deceased is a prisoner at Stillwater. The husband is on parole for arson.

Wright went to the house and phoned for Dr. Mee of Osseo. Deceased was hit by shot from the single-barreled 12-gauge shot-gun. Wound is 1½" in diameter, rough edges, and the skin is powder marked and burned. Dep. Sheriffs John McGuire and Kittredge were present. REMARKS: Deceased lived alone in an apartment at this hotel, "Plaza". Miss Louise Christianson, the hotel housemaid, entered the room for chamber work at 9:30 A.M. She called Mr. John Bordnick, the houseman, and Mr. Clark Johnston, Manager of the Hotel. The light in the bathroom was lighted, the light in the room was not. The body was lying on the floor of the bathroom in a knee-chest position, entirely nude except for evening slippers. The entire body is burned second degree, his pajamas almost entirely consumed; only small fragments of it could be found. There had been one or two small fires about 2 in. square to the bedding and scattered burned areas to the rug. The bedding was smoked and wrinkled as though deceased had been on the bed after the fire was out. The curtain was torn off from window and the window closed. Apparently efforts had been made to extinguish the fire by carrying water with a glass. There was glass on the bathroom floor, broken, and there was a small metal drinking cup beside the bed. Two smoking pipes were on the floor beside the bed.

Mr. Clark Johnston, Manager, arrived home at 11:45 P.M. Oct. 25th, and from the outside noticed light in the window. He was last seen alive by the elevator man, Paul Johnson, 1208 7th St. So. when he conducted deceased up the elevator at 10 P.M. Deceased spoke about the weather and hoped it would be nice for the football game. Mr. Johnson says he called for the laundry at 7 P.M. and deceased was sitting in a chair smoking his pipe, and that deceased left the hotel at 8 P.M. Mr. Cecil Geraghty, night clerk, saw him return at 10 P.M.

Reconstructed, it appears that deceased had fallen on the floor at the foot of the bed. The fire from the pipe caused a smudging fire to the rug, a burned area 3 ft. x 1 ft. at foot of bed, and the room filled with smoke and carbon monoxide. The pajama caught fire and burned, all the ashes of it are on the burned area of rug. There are two small burned areas on rug on right side of bed, and the panel on threshold of bathroom scorched. Deceased evidently threw himself on the bed after the fire was extinguished, and then got up again to the bathroom where he expired on the floor.

Deceased has been having attacks of indigestion and anginal symptoms for some time. He has doctored with Dr. Callerstrom and others.

Deceased has always been in good health - no history of any doctoring. They each had their hold to a sixty-lb. bundle of tires and then threw it up a distance of six feet. Deceased then said "Ouch", grabbed hold of his stomach and seemed to cringe in pain. He walked away and Mr. Sonle did not see him again. The hospital chart has this notation "On Friday dec. was loading tires onto a truck and in doing so a large tire bounded back and struck him in the abdomen. Dec. assumed a knee chest position and was taken home - Began to vomit, distention and pain increased".

Mr. Trenholm, Supt. of N.W. Terminal, says that he learned from Mr. Arthur Thompson, employer, that 15 min. after loading of tires deceased returned to the same place and then collapsed to the floor. Deceased had been up a flight of stairs and to some other work. He had walked about two blocks since lifting the tires.

Mrs. Brown, wife of the deceased, states that after deceased was brought home he stated to her that a tire had in some way struck him and he was then seized with pain. She says he has never been sick before.

REMARKS:

Accident occurred about 2:40 P.M. today. Mrs. Geo. Roth, 5250 Girard Ave. So. was driving east on Minnehaha Parkway at 15 to 18 miles per hour when just past the schoolhouse she felt a jar at the rear of her car on the right side; she stopped, got out of the car and found that a boy on a sled had slid into her car. She picked him up and put him in her car and asked a boy Robert Dudley, 5508 32nd Ave. So., to drive her to Northwestern Hospital while she held the boy in the rear seat.

Mrs. Rudolph W. Peterson, 330 E. Minnehaha Parkway, a witness, stated to police officers that she was on the way to the school to get her child, when she saw Mrs. Roth's car going east on the Parkway at moderate rate of speed; she also saw deceased slide down the hill into the street and strike the automobile.

Accident occurred 71 paces east of the crosswalk to the entrance of the schoolhouse and four paces north of the south curb. Apparently the sled hit the right rear wheel. On the way to the hospital the auto skidded into a parked car on Park Avenue, doing practically no damage, but was turned about and headed south and was parked in front of 3024 Park Avenue, where remains were viewed by deputy coroner.

REMARKS:

Accident occurred about 5:30 P.M. today. Deceased was apparently walking south across 28th Street at 12th Ave. So., when struck by an auto whose driver didn't stop, going west on 28th Street. James Stensrud, 3548 16th Ave. So., standing on the southeast corner of 12th Ave. So. & 28th St., saw the accident but didn't see the license number. Another witness was H. B. Floberg, 16 E. 19th St., who was driving west on 28th St. Just before he reached the intersection at 12th Ave. So. a large car passed him going west, at 25 to 30 miles per hour. He saw deceased crossing 28th Street going south, and she was about twelve feet from the south curb when this large car struck her. Driver didn't stop. Floberg could not describe the car.

Deceased lay on her back just to the north of center line of 28th St., her head slightly to the south, about 15 feet from north curb; apparently she was about 15 ft. west of the west yellow stripe when hit, and was carried or dragged about thirty to forty feet by the automobile, perhaps on the front bumper. Considerable blood was on the pavement near where deceased lay. It appears that deceased was hit by the car when she was to the south of center of 28th St. on the driver's left side. Officer J. F. A'Rone was present.

Injuries: Extensive depressed comminuted fracture of skull, almost entirely left-sided, involving several bones; multiple abrasions of forehead, nose, left temple; fracture left humerus; laceration and bruising back of left hand, bruising back of right hand; fracture left clavicle. Compound fractures of right and left tibias and fibulas with practically traumatic amputation of left leg below knee; abrasions of right knee and internal right malleolus; multiple fractures of ribs of both sides; fracture of back at about level of lower dorsal region.

Admitted 12/1/35 at 11:24 P.M. to General Hospital, by Dr. Whitesell; sent in from her home by Dr. Eisenstadt. Cared for by Drs. Owen, Robbins, and Brotschner. Died at 8:15 A.M. today. He states that Dr. Eisenstadt was called Nov. 25th and prescribed ergot; that he was called again and had her taken to General Hospital. She passed a fetus about a week ago; a visiting nurse called daily at the home. Examination by hospital physicians revealed blood and portion of placenta in os uteri, which was removed under septic conditions.

Deceased denied that anything had been done to abort her, and her husband asserted that as far as he knows nothing was done.

Autopsy was held at General Hospital. Dr. Hobbs, Deputy Coroner, did not attend autopsy. Remains viewed at General Hospital.

Dr. Eisenstadt says that on his first visit deceased told him she had miscarried two or three days before. She was bleeding so he gave her ergot.

Accident occurred on Wayzata Blvd. 2 mi. west from Minneapolis at the Dan Patch Line crossing. Deceased was walking along the Blvd. when he was struck by an automobile driven by Walter S. Foley, 74 Spruce Place. Another man, Howard W. Milbert of Wayzata put deceased in his car and started for a Minneapolis Hospital. At LaSalle Avenue and 14th St. Milbert's car hit the right rear wheel of a bus owned by the Twin City Motor Bus Company, driven by Wm. Braden, 2805 Humboldt Ave. No. Witnesses of accident in Minneapolis: W. O. Cameron, 104 W. 14th St.; Rodger Stevens 2715 Hennepin Avenue, Lloyd Martin, 1451 W. Lake Street.

Witnesses of accident outside Minneapolis: Mrs. Walter Foley, 74 Spruce Pl., and Oscar Tuff, Seton, Minn.

Deceased was unconscious following first accident. Mr. Foley told Dr. Hobbs that he was driving west at 25 to 30 miles per hour and saw deceased just as he hit him. Deceased was walking in the same direction. Foley tried to put him in his coupe, but couldn't do it. Then Milbert came by and Foley accompanied deceased in rear seat of Milbert's car. They stopped at Eitel Hospital, but Eitel wouldn't take deceased in. They were on their way to General Hospital when accident occurred. With impact of car against bus, deceased fell off the seat, but did not bump any hard part of car. Foley states that much blood was on the pavement when he himself struck deceased. It is very evident that injuries received at first accident were responsible for death.

REMARKS:

Accident occurred about 1:30 P.M. today at the Municipal asphalt plant at Hiawatha Ave. & 26th Street. No one knows positively just why deceased went to top of a cut-back asphalt storage tank, unless it was to thaw out some pipe with a blow-pipe. Provision is made for escape of excessive gas in this tank through a 1½-in. pipe. Apparently ignition occurred through this means, and the heavy galvanized top was blown off the tank, landing about 15 ft. from the tank. Diameter across this tank is about 15 ft. One witness 1/2 block away, Geo. Forgasch, 3661 33rd Ave. So., states that deceased seemed to have been hurled at least fifty feet into the air. He landed thirty to forty feet south from the tank after having struck the side of a building called the mixer.

Eph. Campbell is superintendent of this plant. Deceased was carried by several city employees to a garage where he was examined by city physician and pronounced dead. Fire Department was there. Officers Morford and Hensler were present.
