REMARKS:

Admitted January 6th, 1936, at 4 P.M. by Dr. Neary. Attended by Dr. Hayes, Dr. Strathern and Dr. Wrenn. Died today at 3:53 A.M. Was brought to hospital in emergency ambulance from 4733 36th Avenue South.

Deceased's husband, Arol Evans, told Dr. Wrenn that his wife was between three and four months pregnant and that when he left for work on January sixth, she was well. He was to meet her for dinner with friends at 4733 36th Avenue South, the home of John Christopher. She went there in the forenoon. Mrs. Christopher at this place told Dr. Wrenn over the phone that deceased had herself inserted a catheter into her cervix and then pumped air into the womb; that she almost at once collapsed.

Mrs. Christopher told Dr. Hobbs that deceased brought to Mrs. Christopher's home three catheters and a small bicycle pump; that about one P.M. she began trying to insert the catheter into her womb and that it took her a long time; finally she succeeded and started to bleed; then the bleeding stopped and she used the bicycle pump both to dislodge the blood clot and to inject air into the womb. Almost immediately deceased cried out, "Oh, how it hurts my heart!", and fell back on the daybed and collapsed. Mrs. Christopher tried to persuade deceased not to tamper with herself, and denies doing a thing herself to help deceased. When deceased became unconscious Mrs. Christopher phoned the General Hospital.

Deceased had said nothing to her husband about her plan to abort herself. He told Dr. Hobbs that his wife was sorry she was pregnant because of financial troubles.

Body viewed at General Hospital.

REMARKS: Deceased was found dead about 12:50 P.M. today by his son George, in an automobile in the garage at the rear of the house. George said his father was in the right side of the car, his body slumped to the left and his feet protruding from the right-hand doorway. The motor was running, the garage cloudy with fumes. George turned off the motor, pulled deceased from the car, and called to his sister to send for a doctor. The garage door folds open and shut and was open about three inches, George says. Then George and neighbors carried deceased into the house and laid him on the floor. Dr. Preine was called and pronounced him dead. General Hospital ambulance came but the attending physician did not look at deceased when he learned that Dr. Preine was there.

When deputy coroner arrived deceased was lying on the bed fully dressed; bright pigmentation was seen in dependent parts of body. Deceased's hands were moderately soiled.

Mrs. Hunting says that her husband had worked late the night before and got to bed about 1 A.M. Today she carried his breakfast to him in bed. Then she and George and a daughter Betty left for church at 10:30 A.M. They returned about 12:30 P.M. and found deceased gone from the house. Nothing special was thought of his absence, but George went out to the garage about 12:50 P.M. and saw his father.

Deputy coroner found the right hood open and an extension light fastened to the car as if deceased had been working on the car. George says this light was on. A hammer and wrench were on the running board and by the motor head. Mrs. Hunting said that deceased had been repairing this automobile at odd times and that it belonged to James Monihan, a friend of theirs.

A brother J. R. Hunting, 1919 Como Ave., as well as the family stated that deceased was well and had no financial troubles and was in good spirits.

The day following deceased's death, information was secured which indicated that deceased was in serious trouble over a charge of embezzlement.

REMARKS:

Lorentz Nygard, 44 years old, and deceased have been living together four or five years. According to the police record, these two and deceased's brother were on a drinking bout early in the evening, going from place to place. Finally they had an argument, the brother left them and the two returned to the address above, where they quarreled some more and Nygard threatened to leave the deceased for good. She said she would kill herself if he left her. He went to bed in a back bedroom; soon he heard two revolver reports and later a third report. He went into her bedroom and found her lying on her bed in her cloak, a revolver at her feet.

Nygard notified Rev. M. J. Olson, 822 20th Avenue South, who called the police. General Hospital ambulance came and several officers, among them Danborg, Kaehn, Detectives Mehan and DesLauriers, and officers Morford and Anderson.

Deceased lay partly on her left side, fully dressed, blood coming from the nose and left ear; there was a bullet wound of entrance in the right temple in hair line about one inch forward from the ear and in line with top of ear. Powder marks were in skin at area of bullet wound. Officer Captain Mullen recovered two bullets from dresser in deceased's bedroom. Bullet in head did not emerge. There are five chambers in the .32 Hopkins & Allen revolver, only four cartridges in the gun, and three of these empty and one bullet.

Ivar C. Nelson also lives at this place, but knew nothing of the tragedy until hours later.

REMARKS:

Deceased was standing behind the counter in his store waiting on two supposed customers who had ordered twelve bottles of beer, pretzels and cold meat, when suddenly one of these men pulled a gun and ordered deceased to "stick em up". The bandit then shot, and two bullets struck deceased and passed through his body. Deceased fell to the floor and after the fall fired two or more shots with his own gun, through the counter below. Deceased kept his gun very near to where he was standing and it is probable he reached for it when the bandit fired.

The shooting occurred at about 9:25 P.M. Police arrived at 9:40 P.M. and deceased expired two minutes after that.

Carl Gust Benson, 3959 Fourth Street North, aged 8, was in the store at the time. He says bandits came in, bought cigarets and then went out. They returned in five minutes and ordered the beer, pretzels and cold meat. Deceased said, "You must be going to have a party", and then the bandit pulled the gun.

Bert Hahn, a police detective, and also son-in-law of deceased, arrived and took charge of the store and effects. Officers arriving were: Brannan, Hoglund, Jones, Uglem, Dedrickson.

REMARKS: Accident occurred about 12:27 P.M. A. J. George, 157 14th Avenue Northeast, motorman on Kenwood car going north, stated to coroner that as he crossed Sixth Street on Hennepin Avenue, deceased ran in front of his car from east to west. He got across the tracks, but a Bryant & Johnson car was going in the opposite direction. Deceased turned to the left and was caught and squeezed between the two cars. George stopped his car immediately and he, together with Officer Hanson picked deceased up just back of the front trucks and carried him to the sidewalk. No wheels had passed over him.

Charles A. Olson, 4712 Stevens Avenue South, stated he was motorman on the Bryant & Johnson car going south. When he reached Seventh Street and Hennepin a passenger George Peterson, 3332 Colfax Avenue South, came up to him and said he saw a man squeezed between this car and the one going north. Peterson sat in the next to the last seat. Olson stated that he never saw deceased and that the front of his car had evidently passed by deceased before he was caught between the two cars.

Officer H. M. Hanson, first on the scene, helped to remove the body from the street, lying just in front of the rear truck of the Kenwood car. There was blood on the street on crosswalk where body was taken; this was shown to the coroner by Officer Hanson.

Chest crushed and caved in. All ribs on both sides seem to be fractured; multiple crepitation on right side in mid axillary line and in other places on both sides of chest; comminuted fracture of right shoulder; outer end of right clavicle fractured; upper end of humerus and right shoulder blade fractured. An abrasion one inch in diameter on anterior right shoulder; an abrasion over right elbow; some small abrasions back on right hand. Both eyelids of left eye discolored and swollen. An abrasion 1 in. x 1/4 in. in left temple about 1/2 in. above left eyebrow; another abrasion about 3/4 in. long about one inch in back of external angle of left eye; another one on the left cheek 3/4 in. long. Bruising and fracture of nose. Blood running out of mouth. Belladonna plaster on the front of chest. No bruises or abrasions on legs.

Rickord, 4309 Aldrich Avenue South, father of the deceased, stated to Dr. Neilsen over the phone that the deceased has been drinking very heavy and that he had tried to force the deceased to stop, but was unable to do this. He stated that the deceased drank some "Zerone" which is said to contain 20% wood alcohol. There was nothing to indicate that this was done for the purpose of suicide.

The deceased was admitted to the General Hospital at 8:09 P.M. and died at 8:30 P.M. January 22nd. He was under the care of Dr. Feltz.

There was a red area about the mouth of the deceased when examined by Dr. Neilsen, deputy coroner, at the General Hospital.

REMARKS:

Deceased was found in his automobile in the garage, seated behind the wheel, dead. Dr. Rueben Erickson was called and he notified Coroner's office. Dr. Erickson and a brother, Carl Carlson, carried deceased into the house, where deputy coroner viewed the remains.

Carl Carlson lives with deceased. He saw his brother at 10:30 A.M. today when he left for Hopkins to get coal. On his return he went into the house to get deceased to help him. He found the sliding garage door open about three feet. The ignition was turned off; the air in the garage was heavy; the right hood was open; apparently deceased had started the car with the idea of warming the motor, because Mrs. Carlson was planning to use it later. Deceased's skin did not show the usual pink pigmentation following carbon monoxide poisoning; there being some question as to the exact cause of death, an autopsy seemed advisable.

Dep. Sheriff Swanberg was present.

The deceased was admitted to the General Hospital on January 25th at 12:01 A.M. with a diagnosis of infected abortion. The history stated the deceased delivered a seven or eight-month male fetus on January 24th. She was taken to the General Hospital due to an infection. She was placed under the care of Dr. Robbins and died at 5:10 P. M. January 28th.

The autopsy showed that this was not an abortion as there was a communication from the bowel to the uterus as a result of an infected tube rupturing into a portion of the bowel. Contamination of the uterus from the bowel apparently caused a premature delivery.

Dr. W. D. Brown delivered the baby which lived three to four hours.

JOHN BAKKEN, Deceased February 8th, 1936.

In the garage there were no tools lying about; nothing to indicate deceased had been working on the car. Dependent parts of body showed bright red pigmentation. The widow stated that her husband complained of heart trouble occasionally. Body viewed at his home. There being a question as to exact cause of death, an autopsy was deemed advisable.

Lawrence Bakken, 2909 Chicago Avenue, after some investigation stated to Coroner that all deceased's current bills due were less than $100.00. That the amount past due on the mortgage was less than $300.00. That his mother claims that she saw the garage door partly open; that his sister showed him the switches she turned off which were for the lights and the heater and not the ignition; that a telephone call came to the house about 7 A.M. which was not answered. The family believes that was from the deceased and that he was not feeling well and came back home because of such illness.

REMARKS:

Deceased was found dead in his automobile at 9:10 A.M. today by his daughter Ethel Bakken, a graduate nurse. He was seated behind the steering wheel; driver's door was open, the other three doors were closed; motor was not running and Ethel turned the ignition key and turned off the car lights. She told deputy coroner that both doors to the garage were closed, that the air in the garage was heavy. She returned to the house and told her mother, who called the police department. Officers Green and Frinkman came, also fire department rescue squad, headed by Capt. P. Broderick from Station No. 24 came, and General Hospital ambulance and physician. Firemen carried deceased into the house and used the pulmotor.

Daughter Ethel told deputy coroner that deceased left the house as usual at 6:45 a.m.; that he prepared his own meal, telling wife and daughter not to get up because they were all out late the night before. Shortly after 9 a.m. today some lady called deceased's residence to say that deceased was not at the office, Ethel, who replied that she thought he was at the office, was moved to go to the garage. Snow was on the top of the auto and on fenders; snow had been falling all night since at least 9 p.m..and continued to fall. Firemen pushed the auto out of the garage in order to get deceased out of the car. Then pushed it back into garage; Capt. Broderick cannot say as to whether there were wheel tracks outside the garage into the alley or not. The supposition is that deceased drove to the office, then returned home.

H. W. James, Sales Manager for Foote Lbr. Co. at its main office, 2528 Univ. Ave. S.E., told Dr. Hobbs, Deputy Coroner, that he tried to reach their branch office before 9 a.m.; then sent an employee, Leon Schaffer, over there to investigate. Schaffer found the door at the office at 3939 E. 46th St. unlocked and the door key on the table, and the fire apparently freshened. Deceased is the only one who had a key to this office. Mr. James also stated that he found unpaid bills in the table drawer and also a notice of delinquency from the Government in paying a Home Loan, with a vigorous request that the matter be taken care of.

The tracks were very crooked and the deceased apparently fell several times near the place where she was found.

Arthur Jacobson, 1917 Stevens Avenue, stated to the police that he was a friend of the deceased and that he last saw her at 12:25 A.M. February 11th, when she refused to stay at his home for the night. ~~Mrs.~~ Mira Bradford, 2617 Third Avenue South an aunt of the deceased, called Arthur Jacobson early on February 11th to tell him the deceased had not returned home during the night. He then went out to look for the deceased and found her in the park with the police present.

Arthur Jacobson also stated the deceased had something in her glove which she stated was a sleeping powder that she was going to take because she was unable to sleep well.

The path the deceased took through the park was directly on the way from the home of Arthur Jacobson to her own home. The snow was about two feet deep along the path. Apparently the deceased became exhausted when about half way through the park and sat on one of the benches to rest. The tracks would indicate that she was confused when she left the bench and fell twice.

REMARKS:

Lillian Holtz, 2542 Brighton Avenue, wife of the deceased, stated to Dr. Neilsen, deputy coroner, that on the night of February tenth the car of the deceased became stuck in the snow near the garage. On the morning of February 11th with the help of a milkman, the deceased got the car started and into the garage. The battery was down and the deceased was having trouble with the car. When Lillian Holtz left the house at 11:25 A.M. February 11th, the deceased was working in the garage. She returned home at 4:30 P.M. and noticed that smoke was coming from the side door of the garage. She went to the garage and found the large doors closed but the side door partly open and the motor running. She called a neighbor Mr. Krohl, 2834 Brighton Avenue, who stated the gas was very strong in the garage and that he turned off the motor.

The deceased was on his back by the side of the motor with the hood raised when examined by Dr. Neilsen. There was a cherry color to the skin typical of carbon monoxide poisoning. Rigor was not present. There were tools on the fender of the car and a part of the motor exposed as though it were being repaired. There was a greasy glove on the left hand. The right hand had apparently had grease on it.

Dana W. Frear, Minnetonka Mills, husband of the deceased, stated to Dr. Neilsen that the deceased has talked of suicide for the past one and one-half years. She recently spent three weeks at the Homewood Hospital under the care of Dr. Ahrens.

The deceased was last seen alive at about 12:00 noon on February 23rd by Dana Frear. At 12:30 P.M. he missed the deceased, and then found her in a bedroom on the second floor, shot through the chest. He stated he found a pistol at her right side. This pistol had been picked up and was in the possession of Constable Hagstrom when Dr. Neilsen arrived. There was no name on the pistol, but the number, 786, was found inside the handle. It was a 32-caliber and appeared very old. Dana Frear stated the pistol belonged to his father who lived next door. Two shells had been fired. Only one had been fired recently apparently, as only one empty shell had the odor of powder.

There was a hole about 1/4" in diameter about 3½ inches to the left of the midline and about two inches below the level of the nipple. There was considerable carbon about the hole and about the clothes in this area. This was also present on both hands.

There were no suicide notes found. The deceased was partly dressed and had on a robe. There was very little blood about the clothes. No wound of exit could be found.

REMARKS:

Officers Carl A. Johnson and C. E. Bettinger were present. Minneapolis General Hospital physician and fire department No. 35 came. Deceased was found about 8:20 P.M. today by his mother-in-law, Mrs. Karen Kaaberg, 3505 18th Avenue South, 61 years old. Deceased came home late for his dinner and when he found that his wife hadn't eaten yet, he was displeased because he thought she wouldn't eat the food he furnished. He put on his coat and hat and went outside, at 7:15 P.M. At 7:45 his mother-in-law looked out and saw the garage light burning. She went out to investigate and found the garage doors closed, not locked. When she opened the door a lot of white smoke came out. Deceased was lying on his face at the rear of his Chevrolet truck, head toward north and east. Firemen moved him into other side of this double garage and used the pulmotor in vain.

Mrs. Weflen, widow of the deceased, several months ago had a serious operation performed by the Mayos and has not been well. Mrs. Kaaberg called a neighbor who notified relatives, Martin Graning, Jr. and his sister Lillian, 3501 12th Avenue South. Martin took the key out of the car; the ignition was closed and motor not running; deceased's hands were not greasy. No tools were near the auto. Deceased was partly intoxicated when he came home. Doors of auto were closed and lights of car unlighted. Two years ago the wife found deceased in the auto, in closed garage, with motor running. History of constant drinking. Viewed at place of death.

Martin T. Graning, 3501 12th Ave. So., brother-in-law to deceased, stated that the garage door was open the width of a hand; that deceased was accustomed to start the auto, then open the doors; that he was intoxicated and hardly knew what he was doing; that position of body when found would indicate an effort to get to the air; that the key in ignition being turned would suggest a sense of danger from the gas.

Over right eye is a small and irregular bruise; also tiny scratches on bridge of nose.

Dependent parts of body show bright pink pigmentation.

He had also bumped his head against the upper hinge on the door, making a wound through scalp about 1½ inch long on top of head in a line with the ears. There was blood on the upper hinge of the door; socks were bloody; blanket torn to pieces; also shirt torn to pieces; some blood on bars and floor. A distinct mark in front of neck was visible where the strip of blanket had been pressing on his neck, strangling him.

REMARKS:

Admitted today at 12:10 A.M. by Dr. Whitesell. Died at 1:10 A.M. today. Seen by Drs. Blumstein and Burton. Brought in ambulance from her home, in an unconscious state. Face and neck are burned badly and odor of lysol is marked.

Definite information given by brother-in-law, Chas. A. Orth, Ferndale, Minnetonka, who states that: deceased and her friend Edward Wollum, 1724 17th Ave. So. returned home last night at 11:00 P.M. after having been at various beer parlors during the evening; they brought home food for a lunch; deceased's mother Mrs. Jas. Halpin was at home with them. Somewhere about 11:30 or later, Mrs. Halpin took her dog outside; he got away from her, so Edward went out to help find him. He returned to the house before the mother did; deceased came down the stairs as he came in, crying, but unable to talk; she threw her arms around him, then vomited over him, so much that his face was burned as well as hers. Odor of lysol was strong. The mother and James Halpin came into the house shortly and found deceased lying on the floor. Someone called the ambulance and she was taken to General Hospital. The mother found a four-ounce bottle in the bathroom containing one-half inch of lysol; she did not know how much had been in the bottle, and couldn't remember where she found the bottle. A few drops of lysol were found in the bathtub. Deceased was in the habit of using lysol for everything and often gargled her throat with it for she had throat trouble. Edward Wollum admitted there had been a slight dispute while Mrs. Halpin was out with the dog. Deceased did not worry about anything and had never threatened violence to herself.

REMARKS:

Father's name is Herman Thompson. Another child Dorothy (7) was sick with scarlet fever and the house quarantined. Attending doctor was Dr. E. C.Perlman, Asst. City Physician, who examined deceased and prescribed for him on March ninth, 1936, at the home. He did not see deceased again nor did he view the body after death. He states that at that time (March 9, 1936) there was no rash and deceased was up and around apparently not very sick. In a few days the mother states that deceased became sick and she gave him steam inhalations and same medicine as Dorothy. On March 19th at 10:00 A.M. deceased's condition became worse and relief ambulance and Dr. Silver were called and arrived after death.

The body was buried the next day, March 20th, by Gill Bros. Undertakers, not embalmed. Dr. Perlman signed the death certificate and stated he had attended deceased from March 14th and saw him last alive March 14th. He gave the cause of death as scarlet fever 6 das. and cervical adenitis one week.

The case had not been reported to the health department and a discrepancy noted. Dr. F. E. Harrington, Health Commissioner, requested a coroner's investigation to determine the facts and true cause of death. Under the supervision of Dr. Harrington as health commissioner, the body was exhumed and brought to the Hennepin County Mortuary on March 26th, 1936 and an autopsy was held. Dr. A. Berger, Chief Quarantine Officer of the Health Department, and Dr. Perlman were present at the autopsy.

This accident had not been reported to police; after being notified by coroner's office, officers Fred Burnsted and Kenneth Moore of the accident squad investigated and report that at 7:30 P.M. March 16th, deceased had crossed Seventeenth Avenue from the east on the south crosswalk of Franklin Avenue. Mr. Clarence Borman, 2606 17th Avenue South, (44) had been driving his Ford car east on Franklin and turned to the right on 17th. He stopped his car at the crosswalk to allow deceased to pass. After she had passed the front end of his car she slipped on the ice, swerved and fell against the right side of his car. Mr. Borman brought her to the office of Dr. H. C. King and from there to her home.

The next day she was attended by Dr. John Moe who brought her in his automobile to Fairview Hospital. Admitting diagnosis was fracture of left clavicle and injured internal lateral ligament of right knee. She was recovering nicely when at 3:40 P.M. March 26th while seated on the edge of the bed she became cyanosed, collapsed and died. Mr. Martin Hugdahl, son, interviewed, states he gave Dr. John Moe permission to hold autopsy.

Clarence Borman stated to coroner in coroner's office that foregoing statement as to cause and time of accident is correct.

He stopped the auto at once; was going twenty miles per hour. He tried to cut to the left of deceased; deceased was hit by right front fender.

One witness Kenneth Medjo, 1906 7th St. So., saw the whole affair from the Nicollet Avenue curb. Officers Mehan, DesLauriers, H. Menth and Berkmoes.

REMARKS:

Ed Knox, 1016 11th Avenue North, a friend of deceased, states he had not seen deceased about for several days, and knowing that he sometimes slept in this house, he investigated. The house is vacant and is one to be wrecked by the Federal Housing Project. He found deceased and Thomas McKeon lying on the floor of a downstairs bedroom, the door to the bedroom closed and the window shut. They were both dead, fully clothed. An empty denatured alcohol bottle was by his side.

No sign of any violence. There is a peculiar odor about the house and outside, suggestive of sewer gas, also suggestive of natural gas. The gas to the house is shut off at the service pipe in the basement. There is a question as to where the gas came from.

Both Kane and McKeon were heavy drinkers and have been arrested numerous times for drinking. Both of these bodies were pink as from gas poisoning. (The circumstances of Kane and McKeon deaths are the same.)

Officer - Krisel.

A.M. Liljegren of the Claim Department, Minneapolis Gas Light Co., stated to coroner's office over the telephone that their inspector reports on the morning of April 25th there was no illuminating gas leaking into the house, and there was no odor of gas. Henry G. Quigley, City Plumbing Inspector, reported to coroner's office over the telephone that there was no sewer gas escaping. That there were two small openings in the pipes where fixtures had been removed, but not sufficient, in his opinion, for sewer gas to escape. Health Department inspector reports no gas leaks.

JOHN ELLIOTT KANE, Deceased Found April 24, 1936

Last seen alive by Ed. Knox April 22nd. at three p.m.

Helmar Forbord, 3932 15th Avenue South, a workman for Minneapolis Gas Light Company in charge of disconnecting gas mains in the district, stated to coroner on May eighth that he and his helper, Melker Smith, went to 718 Bassett Place on Friday April 24th at 11 A.M. in order to disconnect the gas at the main to this house. In order to determine where the service pipe comes into the house he went into the basement of the house by an outside stairway, the door being unlocked. He discovered the basement filled with gas and found that the gas service pipe came into the basement from the rear. The main service gas cock 1-1/4", was turned open and one of the 3/4" cocks for one of the meters had been removed and the gas was escaping at this point. Forbord called Melker Smith to get a wrench and ordered him to turn off the service cock, which Smith did. The gas was afterward disconnected with the main, which was on Eighth Avenue North, on April 27th.

He did not go into the house. He saw, however, that a rear window on the first floor was open and saw a federal watchman look in through this window, but did not say anything to him about the odor of any gas.

REMARKS:

Death occurred at 9:45 A.M. today. Deceased was brought home in a Yellow Cab from 620 Hennepin Avenue at about nine P.M. Saturday, April 25, 1936. His wife told deputy coroner that he was unconscious till death. Dr. Kierland attended him at his home and secured permission for an autopsy which was conducted at B.P. Johnston's April 27th, 1936, privately (not ordered by the coroner). Dr. Hobbs, deputy coroner, viewed remains at undertaker's and examined the site of fracture and the bruised brain.

About 6 P.M. on April 25, 1936, deceased and a man, a representative of some steamship company (whose name we are unable to secure), entered the 620 Club at 620 Hennepin Avenue. Deceased was intoxicated and the two men were escorted to the rear of the large room, where he went to sleep. When it was time to open the night club, the management called a cab and helped deceased into it, and he was taken home.

Albert Lazerine, 1211 Humbolt Avenue No., cigar stand clerk at 620 Club told deputy coroner that he saw deceased lying on his back on the floor by his stand, just after he entered 620; Ernie Fliegel, one of the management, told deputy coroner that he saw deceased lying on the floor and that a doctor from Glen Lake Sanatorium felt his pulse and said he was all right, just drunk. They helped him up and he was able to walk to the rear of the room where he sat down and went to sleep. Later he was able to help himself walk to the cab. M. Winter, president of 620 Club, also saw deceased, but not when he was on the floor; the steamship man apparently was the one man who saw deceased fall; Mr. Fliegel did not. The doctor from Glen Lake Sanatorium is Dr. W. L. Wilson, dentist.

He stated he saw deceased when he, together with another man came into the Club; that deceased was intoxicated. He stated he saw deceased sway, lose his balance, fall backward and strike his head against the hard floor. After he had been placed in a booth, Dr. Wilson states he took his pulse and examined his nose and ears, and advised that he be sent home.

When the car was raised deceased fell out of the door and was dead. In the car with Shackle were his wife and two children, Mary Jane (9) and Robert (12). The left front spare tire of the Shackle car was hit.

Body was taken to the Hennepin County Mortuary and examined. There is a horseshoe laceration on the forehead over the left eye, extending from the hair line to the eyebrow; bruised chin; bruised left hand, arm and elbow. Apparently all the ribs are fractured at numerous places and also left clavicle. Chest is caved in. Death was immediate.

REMARKS:

When the wife arrived home at 3:45 P.M. she noticed his coat, hat and sweater on a chair and searched for deceased. She went to the garage at the rear of the lot and noted gas. The doors were closed and she called L. E. Johnson, 385 Ray Street, St. Paul, working nearby to assist. Mr. Johnson stated the auto was backed against the door and the brakes were on and car in reverse. With difficulty he managed to squeeze in through the opening in the doors of the garage which swing toward the inside of garage (one double door and one single), and putting the brake off, pushed the automobile forward. The body was seated in the rear seat with feet extended toward the left door. The garage was full of gas. Engine was not running. Left hood raised up. This is explained thus: The carburetor leaks and therefore the vacuum tank was turned off and it was necessary to turn this on before the car could be started.

Ben Tanberg, co-worker, states that deceased left work at noon. Mrs. K. L. Schmidt, daughter, says she was in the house at 12:35 P.M. and deceased was not in.

Deceased has been despondent and sick, nervous breakdown. Has not worked much for eight months. Doctored with Dr. Colp. The body is pink as from gas poisoning. Co-worker is Floyd Koehler.

The left pocket was torn and the front of the pants torn. The deceased had no coat on. The shirt was bloody and torn.

About 4 ft. from the deceased there was an area of blood-stained dirt. It appeared that the deceased was dragged from this place to the position described in the rear of the building.

REMARKS:

Death occurred about 7:40 P.M. Deceased and her husband Thomas Sullivan lived in Apartment No. 310. It seems that they had just been to the Anglesey Cafe where they had an argument. With them were her Uncle Herman Galde of Des Moines Iowa, and a friend Arthur Herreman, 5518 Vermont St., St. Louis Park. The police state that the husband asked these men to go with her home and take the gun so she could not use it. When she got to the room she went in alone and then shot herself.

When coroner arrived, the body was lying on the day-bed, with a gun shot wound in the chest below and inside of left nipple; wound of exit im midline in back. The bullet was removed from the wall by the coroner and immediately given to Bertillion expert Roy Harrington. A big 38-caliber Special Colt gun was lying beside the day-bed on the floor. Ray Harrington took it in order to get fingerprints from the same. Only one bullet had been fired.

According to statements obtained by the police, deceased had attempted to commit suicide before. At one time she was taken to Eitel Hospital for taking 24 amytal tablets. Another time she had been treated at the Minneapolis General Hospital for taking 24 tablets of amytal at one time.

It is stated she became jealous because she thought her husband paid too much attention to two waitresses.

Detectives Sibbet and Schlong were present, also officer Ray Harrington, who took pictures of the room.

Husband in interview at coroner's office, July 14th, corroborated the above account of the tragedy.

Deceased's body was recovered by deputy sheriffs Schlund and Hurley. Frank Heath of Crystal Bay, who had been with deceased during the day and near whose home deceased drowned, notified W. Eckman of Crystal Bay that he had been diving for deceased and couldn't find him. Mr. Eckman called the sheriff's office. Deceased was found at 9:30 P.M. today in ten or twelve feet of water, about ten feet out from the pier; he was in a sitting position, fully dressed. Was identified by Leonard Lugowski, 1015 7th St. S.E. Fishline was tangled about his feet. Mr. Heath was drunk; this forenoon he met deceased at the Stockholm Hotel; they conversed about the World War, then they went out to deceased's place at Crystal Bay. Heath is very hazy in mind as to what occurred. They finished a bottle of gin, then began drinking from a new whisky bottle; he thinks they went out fishing in his boat; he knows nothing about when deceased fell into the water; he saw two or three bubbles and dove repeatedly into the water. Heath was taken to the county jail.

Mrs. Heath, who is a hairdresser, told deputy coroner that her husband had been drunk since July fourth.

REMARKS:

The deceased was an office assistant in the office of Dr. R. Heim at 12 West Lake Street, and made her quarters there also. Dr. Heim found her lying on the floor dead at 11:45 A.M. July 26th, 1936. He last saw her alive at 3:45 P.M. July 25th, 1936.

He stated that she had complained considerably of the heat during the hot weather and had not felt well since; that he had taken her to Excelsior and found living quarters there, but that she preferred to live in the office. When found she was lying in a small hallway, crumpled up on the floor, in her underwear.

Although she was found at 11:45 A.M. he did not call the deputy coroner until 5:00 P.M. July 26th, giving as a reason that he had been trying to reach a Dr. Bockman of 4905 Dupont Avenue South, and could not do so until 4 P.M. Dr. Bockman and Dr. D. H. Daniels, 1453 Medical Arts Building, were present together with Dr. R. Heim when the deputy coroner arrived at 5:30 P.M. Dr. Bockman had been called because he had once been consulted by the deceased.

There was a history of dizzy spells and attacks whereby she would fall in a faint, which she did several times on the street.

The deceased was working at 124 E. 17th Street for City Realty Company on the afternoon of July 24th when he fell from a plank supported by two ladders. He was taken to the Eitel Hospital where he was admitted at 5:10 P.M. July 24th and placed under the care of Dr. Hirshfield. He died at 12:55 A.M. July 27th. The coroner's office was notified at 9 A.M. after the body had been removed to Lee Mortuary.

Carl Saunders, 118 E. 17th Street, caretaker of the apartment, stated to Dr. Neilsen, deputy coroner, on July 28th that he had noticed the ladder that deceased was using was not firm. He saw the deceased working at 4:35 P.M. July 24th and returned at 4:40 P.M. and found the deceased had fallen and the ladder was tipped over.

The ladder was examined by Dr. Neilsen on July 28th. The braces to one leg were broken in several places.

From the history in this case, in spite of the autopsy findings, it would appear that the cerebral hemorrhages were traumatic, and not spontaneous.

REMARKS:

John Moen, Rt. #3, Hopkins, who was a witness to the accident, said that just at noon, the deceased jumped on the running board of a dump truck owned and driven by Wm. Erickson of Hopkins, to ride over to the shack for the noon meal. The truck was already in motion and his foot slipped, and he fell directly under the rear wheel, face down, the wheel passing over his chest. Moen said that as deceased jumped on the right hand side of the truck, he did not think the driver saw him. The driver stated that he did not see deceased and did not know anything was wrong until he felt the truck bump, so he stopped. He and Moen turned the deceased over just as he breathed his last. The time was 12:02 P.M.

They brought him to the office of Dr. Blake in Hopkins, but he was dead on arrival. The name of the foreman of the project (#2266, job #5), is Clarence Thaement, 121 11th Ave., Hopkins.

Examination of body disclosed blood in the nostrils and mouth, and severe crushing injuries to the chest. All the ribs on both sides from the second on down being fractured. Distinct crepitation could be palpated on flexing the ribs on both sides. The fractures were situated on the lateral and posterior aspects. There was a discolored area about 5 cm wide over the posterior inferior aspect of the chest where the wheel had evidently passed over him. There were no other bruises or abrasions. The body was that of a well-developed, well-nourished male. There was no history of ill health.

W. A. Snyder, 502 Hodgson Building, stated to coroner that plans had been made that he and deceased were to get married this fall. The last time he saw her alive was on August ninth. He talked to her on the telephone on August 11th. He said she was cheerful. He said he knew of no reason why she should take her life. He said his stenographer had told him she had called up the office in the afternoon of August 12th and that her voice sounded as if she had been drinking. Mr. Snyder also stated that he knew she used to take sleeping medicine at times when she could not sleep.

Officer A. W. Miller present at scene of death.

A Mr. Renwick, private insurance investigator, traced the bottle of barbital to the Walgreen Store at Hennepin Avenue and Sixth Street, where a clerk who knew the deceased said she had purchased it the evening of her death, but said that she had been accustomed to buying tubes of ten tablets and that she asked for the usual tube of ten on this occasion. As the store was out of the tubes, the clerk sold her a bottle of one hundred. The investigator also stated that he traced her to the West Hotel, where she became intoxicated.

REMARKS:

The deceased registered at the above address, which is the Essex Hotel, at 11:30 P.M. Aug. 12, 1936. The landlady, Mrs. Joe Doll of the same address, who registered her, said she seemed cheerful, and made the remark that she was going to get a good night's sleep. She took her to her room and stated positively that she had no visitors as she did not give her a key. She was found dead at 10:30 A.M. August 13th, 1936, by the maid, Marie Schaeffer of the same address. When found she was lying across the sink. There was an empty bottle labelled 100 five-grain tablets of barbital lying on the dresser with the cap off. On another table near the sink 24 water-soaked tablets resembling barbital were strewn. In her purse among other contents was an ounce-bottle labelled and with an odor of chloroform, and another bottle with a mild antiseptic odor like mouthwash. The General Hospital had been called by the landlady after she was found dead, and the ambulance arrived with the attending physician who pronounced her dead, and carried her over to the bed.

The bases of the fingernails were cyanotic. A friend of the family, Mrs. Christianson, and a sister of the deceased, Grace Borgen, 1511 Spruce Place, stated that they saw the deceased at 12:00 noon August 12th and that she was very happy. They state that she was to be married the first of September to a Michael H. Snyder of the Holland Hotel and employed by the Gooderham & Wortz Liquor Co. (Br. 1986).

When found the deceased was fully clothed, her hat was lying on the floor near her, and one glove was off, the other on.

C. J. Menleurs, Winsted, Minn., stated to coroner that he was at her mother's place August 12th and she rode with him down town. They stopped at Dutchman and each had two glasses of beer; then he took her to Sixth & Nicollet and left her about 1 P.M. He did not see her after that time. He said she was cheerful and happy when he left her.

REMARKS:

Deceased was admitted to the Minneapolis General Hospital May first, 1936, at 6:52 P.M. by private car from Third Avenue South and Washington, with a diagnosis of Acute Otitis Media and possible Mastoiditis. At the hospital he continued to complain of his right hip which after several days was found to be fractured. No cast or treatment was given to the hip. After the ear cleared up on June 11th, 1936, he was transferred to Parkview Hospital. While there he became psychotic and had to be brought back to the General Hospital on September fourth, 1936, because he could not be handled at Parkview. He was admitted to the nervous and mental service in care of Dr. Blumstein. His condition rapidly declined after that and he died at 4:45 A.M. September eleventh.

Investigation disclosed the fact that the address which he gave at 206 North First Street had not been his residence for several months previous to his admission to the hospital. The manager of that rooming house (206 N. 1st St.) stated that the deceased moved out in March and when last seen was well and was walking along carrying his suitcase. There is no record at the General Hospital as to who is the owner of the private car which brought him to the hospital, merely giving "private car".

REMARKS:

The deceased was found dead in bed at 6:20 A.M. September 13th, 1936, by police officers Frankman and Patrick and detectives Hollis and Miller, after the husband of the deceased, Olof Kinn, of the same address, had walked into police headquarters and given himself up at 6:00 A.M. September 13th, 1936. He said that he and his wife had been to a dance the evening of September 12th, 1936, at the Viking Dance Hall, and afterward went to a saloon. A quarrel arose over the fact that the deceased had gone outside with another man. When Olof Kinn found the other man the latter told Olof that he would take his wife (the deceased) out whenever he felt like it. Olof Kinn and his wife arrived home about 3:30 A.M. Sept. 13, 1936, and he strangled her in the kitchen and carried her upstairs, according to the police report, and laid her on the bed. The killing was said to have occurred about 4:00 A.M. There were two sons and a daughter and a roomer, Rene Bridier, in the house. Dorothy, aged 12, who was sleeping in the hall saw her father carry her mother upstairs. The other boys, Harold Kinn aged 21, Robert Kinn aged 20, and Rene Bridier were sleeping on a mattress upstairs and heard nothing.

The General Hospital ambulance with Dr. Silver arrived and pronounced death. When the deputy coroner arrived the deceased was in bed in a small room of the second floor, lying on her right side with her knees drawn partly up, the right knee a little more than the left. The right arm and hand were extended along the bed beside her and the left hand and forearm were resting across her body. The mouth was slightly open and the tongue was protruding slightly from the right side. There were some markings on the throat resembling finger markings. She was deeply cyanotic.

Olof Kinn pled guilty to second degree manslaughter on Oct. 17th, 1936, and was sentenced to an indeterminate sentence in the State Penal institution.

The deceased was admitted to the Minneapolis General Hospital by police at 2:13 A.M. September twelfth. A diagnosis of intoxication and contusions of the face was made and the deceased sent home. The police drove him home in company with a friend, John B. Bjornvick, 1922 Columbus Avenue, who stayed with the deceased that night and part of the next day.

On September 13th Dr. H. A. Alexander was called and took the deceased to the Asbury Hospital where he was admitted at 4:00 P.M. September 13th and died at 9:55 A.M. September 16th.

According to the police report, John B. Bjornvick stated that he and the deceased were walking past 15th & Chicago Ave. when the deceased told someone to "go home, you're drunk" and that two fellows jumped out of a basement entrance; one ran after him and the other ran after the deceased. These men left before the police arrived and took the deceased and John Bjornvick to the General Hospital.

John Bjornvick named Donald McKenzie as the one who struck the deceased. Joseph Coldberg, Kenesaw Hotel, stated to the police that he was with Donald McKenzie when the fight took place. He stated that Donald McKenzie knocked the deceased down.

REMARKS: The deceased was admitted to the General Hospital at 7:50 A.M. and died at 1:00 P.M. September 16, 1936. He was admitted by Dr. LaBree and attended by Dr. Egil Hansen. X-rays showed a fracture of the first dorsal vertebra and of the right inferior ramus of the pubis. He was brought to the hospital by ambulance No.1 from the Vendome Hotel.

The manager of the hotel, C. H. Chadbourne of 5129 Penn Avenue South, stated that the time of the accident was 7:45 A.M. September 16th. That the deceased fell from the window of his room on the fourth floor (#404) and lit on the court which is one story high. The distance is about thirty feet. Bellboys Omin McCausland and Tony Perouthey, who were called to the scene by people who had heard the thud of the body, found him lying on his back, groaning and moving a little from side to side. He was lying almost across the court from his own side of the building, the distance of his head from the wall on his side measuring eighteen feet. The two bellboys carried him to a bed in one of the lower rooms and the ambulance was called.

The evening of September 15th, 1936, he was found on the fifth floor of the hotel about 7:00 P.M. by bellboy Nathaniel Thiel who said that he acted very peculiarly but did not seem to have been drinking. He had registered at the hotel from Lewiston, Minn., 9-14-36. His wife states that he was in the insane hospital at Fergus Falls for three months 1½ years ago. He had been to the Mayo Clinic in March, 1936, where nothing wrong was found, and work on a farm was recommended. He had been on a farm until September tenth, 1936, when he had come to Minneapolis and stayed with an aunt at 205 W. 27th St. On Sept. 14th he left his aunt, saying that he was going to take the 1:00 P.M. bus to Barnesville to visit his mother. Instead of taking the bus he registered at the hotel as described.

He was said to have been accustomed to walking in his sleep, and was said to have been making arrangements to enter a private sanatorium. The window from which the deceased jumped or fell is about 2½ feet from the floor and has a radiator in front of it. The window, according to the manager, was opened about thirty inches when found.

Body viewed by deputy coroner at Gleason's Mortuary. Detectives Hansford and Uglem.

REMARKS:

Deceased was found dead at 4:45 P.M. today, sitting on a chair in a tiny room off the bedroom the door of which was sealed by paper pasted over cracks. Mrs. Nicolaisen works, had come home and at the door smelled gas. Walter Peterson, landlord, heard her crying and inquired as to what was the matter. He forced the door, then forced open the other door into the tiny room. A two-burner gas plate was on a table; both burners open and unlighted. These were turned off by Mrs. Theo. Ehly, same address. A pan of paste was found on the table; all cracks were covered by strips of newspaper and pasted to door.

A note was found on the bureau, its contents suggestive of suicide motives. The wife told deputy coroner that deceased had threatened suicide because he could secure no steady work. Deceased had told the landlord earlier today that he had an auto accident the night before.

Officers O'Neil and Oscar Larson were present. A brother-in-law E. A. Schander lives at 4137 5th Avenue South. Body viewed at place of death.

Cohn stated that the deceased had had five or six hemorrhages from his leg previously; that he was often drunk; and that he had no fixed residence but stayed at different places such as the Salvation Army, Union City Mission, etc.

On this occasion, Cohn left him in the store at 11:30 A.M. and locked the store as it was a Jewish holiday. When Cohn returned at 5:30 P.M. he found blood in numerous places on the floor and the deceased was dead in the toilet. He dragged him into an aisle in the store where he was when the deputy coroner arrived. Examination disclosed a huge ulcer on the anterior surface of the left leg at the junction of the middle and lower thirds, with bloody discharge, and a smaller ulcer about 1½ x 1½ in. above it. The large ulcer was about 3 x 3 in., probably luetic. Although much of the blood was dried when the deputy coroner arrived, the amount must have been over 1000 cc's.

Officers C. Olson and J. O'Neill.

History of having been backed over by a car on approximately July first, 1936, at 2:00 A.M. while he was lying on the grass in his back yard. The driver of the car was William Baldwin of 834 Spring St. N.E. The back yard of the deceased and of the driver is in common as the houses are just around the corner from eachother. It was said to be the customary place for Baldwin to back his car out.

The deceased did not appear to be seriously injured at the time. He reported at the General Hospital a few days later, but was sent home again until at the above date he was readmitted and a huge abscess over the sternum incised and drained. His condition still appeared bad, and he was then found to have an osteomyelitis of the sternum and a possible pericardial effusion and some pleural effusion. His course was gradually downhill in spite of drainage and resection of ribs and of part of the sternum.

The body was viewed at Washburn-McReavy Mortuary. There was a long incision about five inches over lower portion of the sternum and another incision crossing it about three inches long. The ends of the fifth, sixth and seventh ribs on the left were protruding and had evidently been resected. A large depression was present over the lower end of the sternum, filled with pus.

REMARKS:

The hour of the accident is not known. Henry Olson, Manager of Emergency Ambulance, 320 South Sixth St., got a call at 12:45 A.M. to send his ambulance to Penn Avenue South and 86th St. When the ambulance arrived, deceased was dead. Someone driving along Penn Ave. So. saw the auto wreck, and deceased lying to the west of Penn Avenue. Deceased is reported as still breathing, hence the call to Emergency Ambulance. Attendants Howard Sherbin and Eldor Lincheid were at place of accident when deputy coroner arrived, also deputy sheriffs Finnegan and Ekdahl. Skid marks were found on Penn Avenue approximately 300 feet south from where deceased lay, and about 320 feet from where auto was.

Someone reported that deceased had been attending a farmers' meeting farther south in Bloomington Village and was on his way home, driving north on Penn Avenue in a Ford V-8. The left rear tire was found torn, apparently a blow-out, and the car went end over end a long way, for gouges are seen along the west side of the road and the car is all smashed.

It is not known who put in the call for ambulance. F. A. Miller, telephone Walnut 1784, Route #2, Minneapolis, was one of many who stopped, and his name is the only name secured by anyone. He states that many other people were present.

Injuries: Multiple lacerations are over scalp, left corner of mouth and over left eye; profuse bleeding from left ear.

Identification was verified by Art Haeg, Richfield Station, Route #1.

Body viewed at place of death.

The deceased was admitted to St. Barnabas Hospital by ambulance at about 5:30 P.M. October 1st, and placed under the care of Dr. Lenz. He died at 7:20 A.M. October second.

The deceased was injured in a streetcar accident at 4:07 P.M. Oct. 1st on East Hennepin Avenue between East Island Avenue and Wilder Street. According to the police, the deceased was very drunk and ran in front of the streetcar and into the side of a parked automobile, then fell back against the side of the streetcar.

John B. Gagnon, 1812 1st Ave. So., conductor on streetcar (Como-Harriet) going west, saw deceased lying on street after streetcar stopped -- he was then lying north of the streetcar. He heard the screeching of the brakes of the auto shortly before.

Hugh Arthur Hanlon, 3719 Quincy St. N.E., motorman, said accident occurred at 4:07 P.M. about 100 feet west of E. Island Ave. on East Hennepin; said deceased crossed from south to north in front of streetcar, when an auto going west on the north side of streetcar struck deceased and threw him up in the air and he fell, with his head near to the outside rail. The auto stopped very quickly, as well as the streetcar. No part of the streetcar touched him until after he was struck by the automobile.

John Hutchinson, 4520 1st Avenue So., driver of the automobile, said deceased ran in front of streetcar and into the side of his auto and then fell back onto the streetcar. When Hutchinson stopped auto, deceased was lying even with the left rear wheel.

REMARKS: W. E. Nelson, a son, 3543 James Avenue North, found his father dead about 4 P.M. today. This son shortly after 1 P.M. called to take his mother down town. He handed to deceased $45.00 rent he had collected; deceased gave his wife $15.00 of this. On their return from down town the mother found the house locked, so she went to the garage to get a spare key. She saw deceased and made an outcry, then W. E. Nelson hurried to her. He told deputy coroner that the double garage doors were wide open, the hood on the left side was open, tools were lying on the left running board, the ignition was on but motor not running. Deceased was leaning over the driver's seat partly behind the steering wheel, his feet on the garage floor. The only car door open was the left front door.

The son turned off the ignition and carried deceased outside, then called the police department. Rescue squad used the pulmotor; General Hospital ambulance came. Officers Dedrickson and Heglund were present.

The gas tank was empty. The garage is double; George Helbling, 4106 Humboldt Avenue North, rents the other side; he told deputy coroner that deceased often spoke about being careful to have the doors open if he was to do work on the car. The son says deceased was somewhat childish.

The usual pink pigmentation of the skin was present.

The automobile is an old one. Deceased was well and never despondent. The roof of the garage is low.

Deceased was found dead at 5:30 P.M. today by Mrs. Robert Estes, who cared for the child through the Catholic Central Bureau. She had placed deceased and another baby crossways on a bed at 3:25 P.M. today. She had a sleeping-bag on the baby, pinned through three thicknesses of blanket to the mattress. After feeding the child and changing its diapers Mrs. Estes went downstairs at 3:40 P.M. Shortly after 5 P.M. she heard one of the children cooing and at 5:30 she went upstairs. Deceased was partly off the bed, held by the safety pins, and the sleeping-bag was pulled tight against the left side and front of the throat. Mrs. Estes said the body was warm; the color in the face was normal, making her believe that the baby had been dead only a short time.

Fire Department came with pulmotor squad. General Hospital ambulance and Officers Brinkman and Patrick.

Mrs. Estes had moved the babies from the one room because her husband was building a chimney in that room.

A mark, deep indentation, was seen on the left side of the neck including the front of the throat. The pulmotor was used for twenty to thirty minutes.

The baby was born April 21st or 22nd, 1936 and had been here six weeks.

REMARKS:

A sister-in-law of the deceased, Ethel Kadisky of 715 17th Avenue South stated that the deceased died at 12:10 P.M. October 6, 1936, in the presence of herself, the husband Harold Yates, the mother Ida Felix of 918 14th Avenue South. The history as given to the deputy coroner by Ethel Kadisky and Harold Yates was that the deceased had been ill for about a week with a severe cough, vomiting and fainting spells. That she became dyspnoeic and died at the above time.

At 5:00 A.M. October sixth, 1936, the emergency ambulance from the General Hospital was called and told deceased that another doctor would be sent out at 8:00 A.M. He, however, did not arrive until 11:30 A.M. In the meantime, Dr.Alexander had been called and told the patient to go to the hospital. Dr. Brotschner from the General Hospital arrived at 11:30 A.M. and called the ambulance, but she was dead on arrival of the ambulance. Dr. Brotschner stated that he was told by the deceased that she took Paris Green on October third, 1936, and had been ill since that time; that the husband stated that there had been a little quarrel previous to that time. The husband did not make that statement to the deputy coroner, but denied any possibility of poisoning. He also stated that he believed she was semi-conscious when she made the statement to the doctor relative to having taken Paris Green. An autopsy was performed and a chemical analysis of the stomach contents is being performed.

Report dated Nov. 4th, 1936, from Department of Pharmacology states that an oily substance with the odor of Eucalyptol was found. There were no organic or inorganic poisons present. (report on file).

At noon on the above date Lawrence Jensen of 4711 Sixth St. N., a driver for the Minneapolis Creamery Co., 1515 Washington Avenue North, parked his truck just off the alley in the rear of his house. At about 1:30 P.M. he came out of the house, got in his truck and drove away, not noticing that the deceased, a neighbor child, had crawled under the wheels, or that he ran over the deceased. He did not know that he had done so until he was called at the creamery.

The truck had been parked on the east side of the alley, facing south. Driver got in the left side of car, but did not see deceased. From imprints on the ground, the deceased must have been under the left front wheel.

A daughter of the driver, Stella, aged 5, first saw the deceased and called her mother, who called the mother of the deceased. Police received the call at 1:43 P.M. and the General Hospital certified death.

On examination the only injuries found were those of the head, which was partially flattened out. There was a large depressed area over the right parietal region two inches above the right ear and one inch posterior, measuring two inches in diameter. There was palpable crepitation over the left parietal region and a smaller depressed area one inch in diameter one inch to the left of midline, over the occiput. There was blood in the left ear.

REMARKS:

Deceased was found dead at 6:30 P.M. today by Lawrence Filian, Assistant Engineer. The A.D.T. phoned that deceased had not rung in at 6:15 P.M., so Mr. Filian investigated. Deceased was in a sitting position leaning against a door jam and partly against a metal door at the end of Mill Building, on Madison Street side. His legs were partly under him. No marks were found. No sign of an accident of any kind.

His wife told deputy coroner that deceased left for work about 5:17 P.M. today in a happy mood; that he was always well and that his habits were good. He reported for work at 6 P.M. Chief Engineer C. A. Nelson, who lives at 800 22nd Ave. N.E., and Officer James Storm were present. Mr. Nelson told deputy coroner that last night when quitting deceased told the other night watchman, Mr. Brettke, that he had a hard pain across his chest. Alternate weeks in the daytime deceased worked frequently for Jorgens Furniture Company handling lumber. Each fall deceased has rheumatism and two fingers are stiff from it.

Thorough inquiry by Dr. Hobbs disclosed no possibility of death by electrocution.

The mother told deputy coroner that she nursed her baby about 10 P.M., then she herself retired about 1 A.M. Some time after this she heard the baby fussing and fed her again, then placed the baby a foot away from herself. About 7:30 A.M. she awoke and found deceased lying on her face. A neighbor's car was secured to bring them to Minneapolis General Hospital. Mrs. Amar told deputy coroner that she hadn't been living with her husband since the baby was two or three weeks old, and doesn't know where he is.

Deceased was lying face down beside his bed, pants on but pulled down to the knees, one shoe off, one on, shirt on, but no coat or vest. Body is pink as from gas poisoning. Police reported that they received a call at 5:05 P.M. from the husband of the deceased, Harold L. Gorenflo that he had just awakened from a nap of two or three hours and found his wife dead, seated in the bathroom. He had seen her alive at about 2:30 P.M. October 18th, 1936. Deceased's husband stated to Dr. Seashore that deceased took some Somnose on Wednesday, Thursday and Friday. That some one in the office had bought some Somnose for her on Thursday.

Officers Sorenson & Hillner present.

Report of toxicological examination dated Nov. 18, 1936, shows the presence of ethyl alcohol in great amount, but no alkaloidal or non-alkaloidal poisons were found present.

REMARKS:

The deceased was driving his father's truck, a Reo No.X33-324, west on Bass Lake Road, with two passengers, Anchor Thoresen, Jr., of 3316 Tenth Avenue South, and Bernard LaFerriere of 3823 Dupont Avenue N. According to Thoresen, they met truck No. 2 driven by Tony Kepple on the wrong side of the road. Both trucks swerved over together to avoid a head-on collision and sideswiped, turning over both trucks. The deceased was pinned under the cab of his truck. A witness was George Kirkwood of Robbinsdale, Minn.

Tire marks on the road surface tend to bear out Thoresen's statement that Kepple was on the wrong side of the road when they met. Kepple swerved over to his own side at the same time as the deceased swung over to that side.

Deputy Sheriffs Swanberg and Loftman on duty.

Injuries: a perpendicular laceration 1 inch long directly in front of the right ear. A penetrating wound 1/4 in. in diameter directly in front of and slightly above the right external auditory meatus, extending into the brain. A probe passes easily four inches into the brain substance. There was blood in both ears. Multiple linear abrasions anterior surface of chin on the right. Discoloration and abrasions across neck anteriorly at level of thyroid cartilage. Abrasion 3x3 in. region of sternal notch. Abrasion 1½x1½ in. region of right first costo-chondral junction. Multiple superficial abrasions anterior surface right chest and external surface of the right arm in the upper third. Small abrasion right knee. REMARKS:

The deceased was riding with an Edward Balck, 2123 Lyndale Avenue North, in a Chevrolet Sedan, 1936 Model, No. B600-084, belonging to the son of deceased. Balck says that he and the deceased had been together all day and had visited numerous beer parlors and that the deceased became too intoxicated to drive, so he (Balck) drove. At about 5:30 P.M. October 22nd, 1936, he says the deceased opened the car door on his side and fell out to the pavement as they were going along about fifty miles per hour. Balck says he stopped the car in about fifteen yards and walked back to where he was lying and saw he was injured. Some passerby, name unknown, helped him put deceased into the car and directed him to the office of Dr. Blake at Hopkins. Dr. Blake pronounced him dead and then furnished a driver, a Ralph Block of Hopkins to drive the deceased and Balck home at 2123 Lyndale Avenue North, and Dr. Blake called the coroner who informed the Sheriff's office. When the deputy coroner arrived the deceased was in the rear seat of the above-mentioned car, parked across Lyndale from 2123 Lyndale Avenue North, and the driver, Balck was interviewed in his home.

From the nature of the injuries, the deceased must have died almost instantly.

Deputy Sheriffs Harry Molander and Hal Lawrence took Balck into custody. Police Didrickson and Peterson also investigated case.

REMARKS:

Deceased was driving alone in a 1930 Plymouth Coach on Hwy. No. 169 toward Minneapolis. At a curve in the road between Summit and Brookside Avenues deceased evidently lost control of the car and drove off the pavement on the left side, turned over several times, and his body was thrown 65 feet from the car, landing near the mail boxes of J. Peterson outside of the home of Sam McCready. Marks show that the car first tipped 65 feet from where the car landed, and had rolled over bending and tearing loose a "Keep to the Right" sign. The car had been removed when deputy coroner arrived.

No one actually witnessed the accident. At 12:20 A.M. Oct. 28th a truck driver coming along on the highway found the wreckage and notified Mr. Sam McCready who called the sheriffs and Mr. Redpath, Edina constable. Mr. McCready says there was some sign of life in the body when he arrived on the scene. There were bottles of beer broken and otherwise, and also a one-pint "Four Roses" whiskey in a new package and broken in the wreckage. Deceased has a police record for drunkeness. Deputy Sheriffs Lord and Archambeau on duty.

Body was examined at the Hennepin County Mortuary. The neck is broken, skull fractured and bleeding from both ears, nose and mouth; face lacerated; right shoulder and right arm fractured; fractured ribs.

REMARKS:

Deputy coroner called at 10:15 A.M. today. C. J. Million, father to deceased, found his son dead in a box in the basement at 10 A.M. today. He notified the police department, who called General Hospital. Officers Frinkman and John Smith were present.

Mr. Million told deputy coroner that on his return home last night at 6 P.M. deceased had not come in; he sat up till 2 A.M. after having searched the house. Today he decided to go to the home of friends in north Minneapolis, for Robert sometimes went there. He made one more search and found deceased hidden in a box in the basement; a .22 rifle was there between his legs, the barrel end was against his chest, the butt near his feet. The bullet passed through his jacket and two shirts and entered the chest in the fourth interspace on the left, about two inches to the right of the nipple; the skin was powder-marked and burned; a small object was felt in the back under the skin, one inch to the left of the vertebral column, at the level of the fourth dorsal vertebra. This probably was the bullet. Deceased's right hand was a few inches to the right and above the trigger. His knees were drawn up; the box was made of thin material, about 2½ ft. x 3 ft. x 3 ft.

A note was found in a pocket, its contents suggestive of suicide motive. The father told deputy coroner that deceased had become incorrigible, that he had been at Glen Lake School for Boys and that he had been in trouble with the law, that the psychiatrist at the University had examined him.

A neighbor friend was present, Paul Krueger, 4048 Snelling Avenue. Deceased was seen yesterday about 12:30 P.M. by his mother; at 1 P.M. she went to call him to lunch and he had disappeared.

The hospital records give an indefinite history of a fall in the street or on the sidewalk near his home. This was confirmed by Dr. Brink, house doctor. There was also a history of some left-sided paralysis and speech difficulty, indicating a possible cerebral injury.

Dr. Heim, who was out of town at the time of death, stated on November 14th, 1936, that he had received the call to attend the deceased from a mutual friend, but that he had not obtained a history of injury. He did not, however, determine the cause of death.

Admitted Nov. 21st, 1936, at 9 P.M. to the care of Dr. Cephas Swanson. Died 11:55 P.M. Nov. 23rd, 1936. Dr. Swanson first saw deceased at his home at about 5 P.M. Nov. 20th, 1936. The next day he became delirious and was sent to the hospital. History is that Wednesday evening Nov. 18th, 1936, deceased and a friend, Floyd Harris, 3644 Cedar Avenue, stopped to cash their checks in a beer parlor, (Ace Cafe Box Lunch) on University Avenue, St. Paul. They later went to Roosevelt Inn at 1824 E. 38th Street. Ralph Jackson is owner of Roosevelt Inn.

Earl and Wallace Lindskoog, 3825 Longfellow Avenue, stated to coroner that deceased and Floyd Harris were intoxicated and abusive and tried to pick a fight in the place. They state Harris struck Earl first and then Earl struck Harris and put Harris out of the Inn. Elwood Lindskoog, 3424 18th Avenue South, later struck deceased outside of the building and knocked him down after deceased had attempted to hit Elwood.

An ambulance was sent for by Cliff Anderson, 4032 Longfellow. Before the ambulance arrived deceased was able to get up and both Harris and deceased were then taken to jail in squad car by officers Joe Bungert and Boellenger on order of Officer Tony Zalusky.

These statements were confirmed by William White, 3645 16th Avenue South, manager of the Inn that night. Both deceased and Harris were sentenced the next morning for being drunk, to serve ten days - sentence suspended. Harris admits that he was with deceased and that deceased was intoxicated and abusive.

REMARKS: Deceased was brought to Minneapolis General Hospital from a beer parlor at 2609 26th Avenue South; admitted 1:27 P.M. Nov. 23rd, and died at 4:46 A.M. Nov. 26th, 1936. On admission he was unconscious and there was a strong odor of alcohol to his breath. He became noisy, restless and hard to handle. Attended by Drs. Moren, Hannsen, and H. J. Hays. There was a swelling and hematoma to the right side of the face, bruises on the face, black and blue marks on the left arm and right leg. When found he was lying at the foot of the stairs in the basement of the saloon and there was a large pool of blood on the floor, apparently bleeding from the ear. There was bloody spinal fluid.

Mrs. H. Holtien, sister, 3015 East Franklin Avenue, stated to the hospital doctors that deceased had been in the saloon drinking and was on his way to the toilet when he fell down the rear steps into the basement. He was first noticed by a beer delivery man. His health has always been good. Body taken to Hennepin County Morgue.

F. W. Malloy, bartender and Bob Steinberg, porter, were interviewed, and make the statement that deceased came into the saloon about 8 A.M. and drank two whiskys. He left his dinner pail and went out; returned for his pail later and said he had been at the dentist's. He returned two times again and each time asked for his pail. The last time he said, "I must be drunk." He had left the pail in another saloon. He was seen walking about in the saloon twenty minutes before the body was found by Bob Steinberg. These men say they had been working in the basement and had left the stairway lights lit. He was found at the foot of the stairway at about noon by Al Wittich, 2712 Harriet Avenue, driver for Minneapolis Brewing Co., and his helper, Fred Lockow, 3714 Stevens Avenue.

They first saw the body from the top of the stairs. The stairway door and toilet door are side by side and it would be easy to make a mistake as did the deceased. Nels Resvick, Manager, was interviewed. There were many in the place, but no one saw deceased go through the door.

REMARKS: The deceased was an employee of Thomas Rhodes, a contractor, and was engaged in painting a vacant house owned by Thorpe Bros. at 2406 Irving Avenue So. Mr. Rhodes stated that he was upstairs and the deceased was in the basement when at 8:25 A.M. he heard a loud explosion in the basement and attempted to go down but was driven back by flames. He then ran around to the outside and opened an outside door to the basement. As he did so, the deceased came dragging himself up the stairs with his clothing afire and outside, where Rhodes tore his clothing off.

Mr. Rhodes said he was unable to get an ambulance right away so he sent him to the Asbury Hospital in a Model Laundry truck. He was admitted to the hospital at 9:00 A.M. Nov. 25, 1936, and died at 6:40 P.M. Nov. 25th, 1936. He was attended by Dr. H. M. Lee.

Captain Johnson of the fire department, who investigated, stated that the deceased had been heating some water in the basement to clean the bathroom tile, and was using an alcohol lamp or burner for that purpose because the gas was shut off. A five-gallon can with the bottom blown out was found nearby, and Captain Johnson said it was his opinion that the deceased had been attempting to fill the burning heater and that the large can ignited and exploded, spraying him with burning alcohol.

Examination disclosed second degree burns of almost the entire face, neck, chest, upper abdomen and back. Both legs were burned severely anteriorly and posteriorly, and his thighs were burned posteriorly.

REMARKS: The deceased was found burned to death at 12:45 A.M. Nov. 29, 1936, alongside a burning car at the above place. The car was a 1930 Ford Coupe, #B115-974 and was facing southeast twenty-four paces south of the intersection on the Beltline, and near the center of the Beltline, being eight paces from the east side of the Beltline. The top and rear of the Ford were smashed and the car was burning. A man, William B. Jones, was burned to death at the steering wheel of the car.

There was a Lincoln Zephyr, No. B-588-573, with the right front and side smashed, left facing southwest at an angle, off the Beltline and 45 paces south of the Ford, and seven paces east of the Beltline, with the occupants at present unknown.

A Mr. Clare Brown, Hyland Station, Route #7, who lives nearby stated that at 12:35 A.M. he heard a crash, but did not pay much attention until he heard a hissing noise, after which he ran down toward the car, just as it exploded. A Mr. E. A. Hetland, of 3005 Hennepin Avenue, also arrived shortly after the accident, and told police that he saw two people leave the Zephyr and run across the fields. A Mr. Wm. Ripezinski also arrived shortly after the accident.

The body was badly charred, both legs being burned off, the right arm burned off, the thoracic and abdominal cavities were burned into, and the remainder burned black.

Deputy Sheriffs Bud Schall and Archambeau, Lundgren and Larson of the State Highway Patrol were present on arrival of deputy coroner. The Ford had been tipped over, and was tipped back on its wheels by the deputy sheriffs.

The bodies were identified from receipts and papers taken from a partially burned suitcase and grip lying near the car. The grip also contained a number of 12-gauge shotgun shells which apparently belonged to Mr. Jones, whereas the suitcase was the property of Mary Kuffel.

REMARKS: Deceased was found dead by K. M. Akeson, Hopkins, and William Applegard, Hopkins, Minn., employes of Griswold Signal Co. at 7:10 A.M. He was last seen alive at 4 P.M. Nov. 29th, 1936, by F. W. Griswold, President of the company. Henry Burt, 2317 Central Avenue, was first to enter the building but did not find the body. Officers Tappan and Jacobson were the first officers on the scene. Capt. Mullen and Officer Ray Harrington were present. The body was lying just inside the door of the furnace room; the head about one foot from the door, and the feet toward the furnace. The arms were tied one on top of the other at the wrists by sash cord. The right leg was wrapped with a blanket and both legs were tied together with sash cord. A blue overall jacket was over the head and tied with cord near the neck; no visible marks on neck. Deceased was dressed in a shirt, vest, pants and old stockings, - no shoes. On top, below and on sides of body were several gunny sacks, blankets, a drape, overcoat, a bloody roller towel, and a sack of kindling wood under the head. There was a great deal of blood on small pieces of wood near the head and on the floor.

Deceased's bed was on the first floor in the corner with a sheet, no quilts or blankets. At one end of the pillowcase covering the pillow was a large spot of blood. The wall back of the pillow was spattered with a small amount of blood. It appears as if the body had been dragged down the stairs.

Henry Burt stated that he found the rear door of the factory partly open when he arrived. When he closed the door a window pane fell out. The wood molding outside holding the pane in place had been removed, showing that the pane had been taken out in order to open the lock on the door and that the pane had been replaced, but not the molding. The General Hospital ambulance doctor had been present and gone before the coroner arrived. Officer Tappan got the call at 7:33 A.M. The coroner arrived a few minutes after eight A.M. Harrington arrived afterwards.

REMARKS:

Deceased was last seen alive at 2:30 P.M. Monday, Nov. 30th, 1936, by a friend, Mr. M. L. Code of 324 Marquette Avenue, at 324 Marquette. Deceased told Code then that he was going to Osceola to visit relatives. Code also stated that the deceased had frequently complained of pain in his heart; had recently lost his job and several times had mentioned suicide. Deceased was found dead slumped over the wheel of his car in the basement garage at 8:20 P.M. Dec. 2, 1936, by Julia Kulig, 1231 Fifth St. N.E., a friend of the deceased.

Miss Kulig stated that she, together with her mother, Louise Kulig, came to the house, to which he had a key, to get the mail and send out the laundry, as she thought he was away. She found the storm door hooked from the inside, so sent a neighbor boy (name unknown) through a basement window to open up. Miss Kulig then went down into the basement to get the laundry and says she saw the outline of the car in the dark garage, went to investigate, saw deceased and shook him, discovered he was dead and called Mr. Code who called police. Miss Kulig states that there were no lights on in the house when she arrived; a neighbor, Mr. J. Fingerhut of 3000 W. 44th St., says that when he arrived home at 12:30 A.M. Dec. 2, 1936, he saw numerous lights on in the house and also saw them at several intervals during the night when he got up.

When found, the body of the deceased was slumped over the steering wheel of his car; the ignition was turned off, and the tank was 1/4 full. The outside doors were closed, the door into the basement was open, the left door window of the car was open and he had a grip packed with traveling effects on the seat beside him. Code stated that deceased had lost his position about two weeks ago, and had given some notes to a Mr. Buckley, an attorney. These notes were addressed, one to "Goldilocks" and one to Mr. John O'Brien, of 1601 Foshay Tower, his former employer. The one addressed "Goldilocks" was seen after being opened by the party concerned and was a love note, saying that he would "love her forever and ever", etc.

The trunk of the body was the characteristic color of carbon monoxide poisoning.

John Anderson, County Morgue Supt., received a call from the police department at 9 A.M. today. Deputy Coroner reached the address at 9:30 A.M., the slight delay being due to slippery streets.

Deceased was found at 7 A.M. by Mr. C. W.Peterson, wife and daughter, who smelled gas and saw the edge of a sheet under deceased's door. They forced their way in; deceased was lying on his abdomen, his head between the upright bars of the head of the bed. Gas was escaping from a vertical pipe from which the cap had been unscrewed. How deceased got the cap off is hard to say. Mr. Peterson replaced the cap. Deceased was partly undressed under the covers. He was in rigor mortis and the skin showed the characteristic pink pigmentation.

Rescue squad, police and General Hospital ambulance came. Officer M. C. Smith was present on arrival of deputy coroner. Deceased was heard walking about shortly after 2 A.M. today by the Petersons. He gained access to his room from an outside stairway.

A sister, Anna Gacek, lives at 2220 Second St. N.E. (Gr.3167). Deceased was a steady drinker. A note left on his dresser suggests a disturbed state of mind.

Body viewed at place of death.

REMARKS: Deceased was an illegitimate child and was born in the bathroom of the home of the mother, Ruth Nelson, 2204 Minnehaha Avenue, at 5:00 A.M. December 5, 1936. Ruth Nelson, in an interview, stated that she was standing up when the baby was born and that the baby struck its head on the floor. She tied off the cord with some twine, and after passing the afterbirth into the toilet, called her mother, Emilie Nelson, who sent Ruth to bed and called Dr. Grant Christenson.. Dr. Christenson was busy on a case and could not go out so told them to get another doctor, which they refused to do.

He arrived about 10 A.M., attended Ruth Nelson and was told that the baby had been taken to 1805 Tenth Avenue South, the home of a friend so as to keep the birth of the child a secret from another twelve-year-old daughter of Ruth. Dr. Christenson then went to that address and found the baby cyanotic, cold, although wrapped in blankets, and still wet. He sent both mother and baby into the General Hospital where they were admitted by ambulance No. 2 at 3:17 P.M. and the baby died at 7:20 P.M. Dr. McCain was the attending physician at the hospital.

The grandmother, Emilie, stated that she thought her daughter Ruth aged 34, had a tumor until two weeks previous to birth when they called on Dr. Christenson and he made a diagnosis of pregnancy, and a self-inflicted wound in the vagina causing vaginal bleeding.

The child weighed about six pounds at birth.

The wife and daughter of the deceased, Violet and Dorothy Widger, stated that he returned home about 9:00 P.M. Dec. 21, after having been gone several hours; that he was intoxicated and in a very quarrelsome mood. He finally chased them out of the house about 10:00 P.M. and they were seen outside by a neighbor, Mr. Clarence Pieper of 4026 Girard Ave. N., who was coming home at that time. Pieper went with them back into the house and helped to quiet the deceased, finally going out with him to look for his car which he had left some distance from home. Not finding the car, he took the deceased home and took Mrs. Widger and Dorothy to the drug store to get some paraldehyde which had been used before when he had been violently drunk.

They took the medicine back to the house and went to look for the car, leaving the deceased at home. They found the car and pushed it home, arriving back at the house about 11 P.M. Then they found that deceased had taken 3½ oz. out of a six-ounce bottle of paraldehyde and was sitting sound asleep in a chair. They carried him to bed, but presently his breathing began to be very loud and peculiar so they began to call physicians without finding one. Mrs. Widger said she was just going to call the emergency ambulance when she heard that he ceased breathing and found him dead. Dr. Einar Monson, 4254 Fremont, pronounced him dead shortly after. The time of death was about 2:30 A.M.

The bottle from which he took the paraldehyde was prescription No. 36610 from the Falk Pharmacy, and issued by Dr. Monson.

REMARKS:

The deceased had been living in an automobile trailer together with a friend, Oscar Larson with whom he had been acquainted for a long time. Larson last saw him alive at 1:30 P.M. December 30, 1936, when he left for work. He said that Norwood also said he was going to work soon. Larson said he returned at 8:30 and saw him lying on the cot with the gun beside him. He became frightened that he would be implicated and went to the home of his brother-in-law, Oscar Isaacson, 4351 43rd Avenue South, and told him about it. They both went to Police Headquarters, arriving at 10:50 P.M. and police took them out to the trailer at 11:10 P.M.

When found he was lying on a cot with a .38 caliber pistol No. 304300 made by Forehand Arms Co., alongside of him. He was fully dressed and a bullet hole was through his undershirt but not through two other shirts which he wore, indicating that he had opened them up to fire the shot. The wound of entrance was on the anterior surface of the chest, 1/2 inch to the left of midline and one-half inch above a horizontal line drawn through the nipples. There was a powder burn one-half inch in diameter surrounding the bullet wound. The wound of exit was on the posterior surface of the chest two inches to the left of the midline at the fifth interspace.
