Deceased, who had been employed at White Horse, Alaska, on a construction job, returned to Minneapolis October 20, 1943 because of illness. On New Year's Eve deceased's wife and daughter, Frances, age eleven years, wanted to go to a movie and suggested that deceased accompany them. Deceased stated that he didn't feel like going out and suggested that they go without him. Shortly before midnight Mrs. Anderson and Frances returned home. Deceased was not in the house and Frances decided to go out to the garage and see if her father was working on the car in the garage. At 12:02 a.m. the girl entered the garage and found her father's body lying on the floor, under the car, his face directly under the exhaust pipe. The motor of the car was running. A note found in deceased's clothing, written in Swedish, explained to his family his intentions of committing suicide.

Deceased, the mother of two daughters, Marion, age 26, and Lucille, age 25, had mentioned to her husband and daughters during the evening of December 30th that she intended to take her life. Mr. Archer and the girls dissuaded the mother from such action. The family retired, and the following morning they all had breakfast together, the father and daughters leaving for work about 8:00 a.m. About 9:00 that night the girls returned home and found neither Mr. or Mrs. Archer at home. Marion and Lucille prepard some food for themselves and retired about eleven o'clock. The next morning, New Year's Day, the girls got up and found that their parents apparently had not returned home. During the day - about 4:15 p.m., Marion and Lucille went to the basement and there found the body of their mother hanging from a rafter. Four strands of clothes line were knotted about her neck. She was dressed in a house dress.

The deputy coroner who made the investigation released the body from its hanging position. He felt that in all probability deceased had hanged herself about noon, December 31st.

Officers Williams and Robertson were present when the deputy coroner arrived.

Dr. G. W. Callerstrom, who had treated this man for some time for a heart condition, reported the case to the Coroner's Office. It had been stated that deceased had been struck by an automobile as he stepped from the curb on Fifth Street and Broadway Northeast; this accident occurred about two and a half months previous to his death. He had been taken to the Minneapolis General Hospital at this time, where x-rays revealed an old fractured vertebra. Because of this accident history it was felt that an autopsy should be done. However, the autopsy revealed coronary sclerosis as the cause of death and there was nothing to indicate that any injuries sustained at the time deceased was struck by an automobile had anything to do with the cause of his death.

On August 10, 1943 deceased underwent an appendectomy, also an oophorectomy, following which she had a nervous breakdown. Dr. Hannah sent her to the Prescott Sanatorium. She remained there about a month, returned home for a short time, and then went back to the sanatorium. She returned home again December 19th. She appeared to be quite normal for the first two weeks, however, later she developed mental traits again and was markedly depressed. Deceased joined the family at breakfast during the morning of January 20th but did not eat anything. She returned to her room and went to bed. When Mr. Way left for his office at 8:00 a.m. his wife was sleeping; when he returned home at 1:35 p.m. he found that she was still asleep and lying in the same position. She was pale and cold. Dr. Baker was called and he had the woman removed to St. Andrew's Hospital, being admitted at 2:05 p.m. She expired upon reaching the hospital.

It is stated that a bottle was found, empty, which had contained about 40 one-half grain Nembutal capsules. Apparently deceased had taken the tablets while the family were at breakfast.

About 2:45 p.m. that afternoon, a son, Max Torodor, 1216 Upton Avenue North, saw a fur collar at the bottom of a 40-foot enbankment near Glenwood Parkway, between Plymouth and Sixth Avenues North, and upon investigating found the body of his mother. She was believed to have lost her way in walking to the home of a relative and to have continued on into the park.

Death was attributed to exposure to cold and wet, following the fall down the enbankment.

During the afternoon of January 29th deceased and a former fiancee were riding in the former's automobile in Bloomington Township. A quarrel between the two ensued and it was stated that deceased attempted to kill the girl. During the struggle the young man's glasses became broken. Able to see only poorly without them, he asked her to drive the car. She drove until she came to a farmhouse, then stopped the car and escaped. While driving back to Minneapolis, on Highway 100 in Edina, deceased lost control of his car, apparently. The car left the highway and rolled over twice, however, it righted itself, and deceased started up the car and drove on a short distance when the car crashed into a culvert. Deceased was removed to the Swedish Hospital and then transferred to University Hospitals, being admitted at 10:30 p.m., January 29th. He entered in a coma, probably due to an overdose of drugs. His injuries due to the accident apparently were slight. He expired at 1:40 p.m., February 2d.

The body was removed to the Morgue. An autopsy was performed February 3d and an analysis was to be made by the toxicological chemist.

The child expired suddenly at 6:00 p.m. Since there had been no evidence of illness it was thought that possibly the baby had smothered. Dr. J. T. Lapierre was summoned and he pronounced the child dead on arrival. The family felt that it would be well to do a postmortem examination to determine the cause of death. This revealed a virus pneumonitis had caused the baby's death, a contributing factor being an enlarged thymus gland.

General care was given to this woman and barbiturates were administered. At 3:00 a.m., February 9th, Miss Madsen, the nurse on duty during the night looked in on deceased and the latter apparently was asleep. About 5:45 a.m. the driver of a milk truck found the body of deceased lying on the driveway at the rear of the hospital. He reported the matter to the hospital office. The body was lying about ten feet from the wall of the building. This woman apparently had jumped out of the window in her room some time after the nurse had looked into the room. When found the body was cold and the snow and ice underneath it had melted.

Deceased was removed to the Hennepin County Morgue and later her remains were released to the funeral director.

Continued - GERALDINE ANITA WIEST

February 23, 1944: Subsequent to the foregoing information obtained by the deputy coroner it was today learned from Edward E. Wiest, 6612 Fifth Avenue South, Minneapolis, an uncle of the deceased baby (Geraldine Anita Wiest), that when symptoms of illness first appeared a physician at the Bloomington-Lake Clinic was called on the telephone and told of the baby's condition. It was stated that the physician, when informed that the baby had consumed Feosol tablets, told Mrs. Uglem that such medication was harmless. Later, the aunt became alarmed and had the child taken to the doctor's office at the Bloomington-Lake Clinic. Upon noting the baby's condition the doctor summoned an ambulance and had the child removed to the Minneapolis General Hospital.

Shortly after midnight, February 14, 1944, patrolman Ralph Varuska, making his rounds in an alley back of the Arion Theatre, 2316 Central Avenue, encountered deceased carrying a crowbar. When the officer attempted to question the man the latter tried to slug him with the bar. A struggle took place between the two men, during which a young woman, Agnes Engen, age 30, of 1720-23d Avenue N. E., and her escort, Wilfred Dahl, age 36, 2217-16th Avenue South, appeared at 23d and Central Avenues, on their way to the latter's car. Varuska told Dahl to call police. At that moment deceased broke loose, grabbed Miss Engen and held her before him as a shield; she awaited her opportunity, then dropped to the ground. At that moment Varuska fired his gun and the bullet caught deceased in the abdomen. He was removed to the Minneapolis General Hospital, being admitted at 12:57 a.m. An x-ray revealed what appeared to be a bullet lying just medially of the right sacroilliac joint. An operation was performed at which time six perforations in the ilium were sewed up and a large hematoma was drained. The man seemed to be recovering when he suddenly took a turn for the worse and expired at 6:15 am., February 20th.

Mrs. Agnes Plaza, living downstairs with her family at 3401 Second Street North, was alone early during the evening of February 25th, when she received a telephone call from a neighbor informing her that the second floor of the building apparently was afire. Mrs. Plaza immediately went upstairs but was unable to gain entrance to the second floor apartment, therefore, she called the fire department as well as the police. Firemen Tremont and Breen entered the place and found deceased's body lying on the floor between the living room and the kitchen of his two-room apartment. The man was carried to a porch where an inhalator squad tried to revive him, however, their efforts were unsuccessful.

Harold Partridge, Route 12, Minneapolis, a rubbish hauler, while cleaning out the rubbish bins on the third floor of the Forum Cafeteria, found the mutilated body of a male infant, apparently a full term baby. The baby was wrapped in pages torn froma magazine and then had been placed in a cardboard box. Partridge summoned Arnold Melcher, the restaurant manager, who in turn called Dr. Harvey Nelson. The Hennepin County Morgue was notified and the baby was brought there. Examination revealed a fully developed male child, weighing about six pounds. Its head had been severed as well as the right arm and the right leg. The abdomen had been slashed and the sacro-iliac joint partly severed. It is thought that this child was alive when born.

Mrs. Boyle had come from Chicago about a month previous to her death. She had lived with a sister in that city who had recently passed away. Mrs. Boyle's daughter and son-in-law, Mrs. and Mr. E. K. Porter, occupied apartment 201 at 2915 Dean Boulevard; however, Mrs. Boyle occupied a room in the basement apartment of the caretaker and his wife, Mr. and Mrs. Hein. The latter had given the old lady some toast and coffee for breakfast the morning of March 4th. At eight o'clock that morning Theodore Hein, a brother of the caretaker, found the body of Mrs. Boyle lying on the cement driveway of the apartment building. Mr. Hein carried the woman into her room where she expired at 8:30 a.m. Deceased was a very frail woman and appeared to be undernourished and anemic.

A local physician had given the infant a sedative and had cautioned the parents not to disturb him. The baby was dead upon arrival at the hospital.

According to history obtained, there is some indication that the baby may have sustained an injury at the time of his birth, for convulsions occurred during the first twenty-four hours following birth. The birth was a natural one, no instruments having been used in delivery.

This death was reported to the Coroner's Office by the Robbinsdale Police Department at 3:50 a.m., March 12th. It was stated that deceased's mangled body was found at 3:00 a.m., same date, on the Soo Line Railroad tracks by a crew of the Northfield and Southern Railway, who had reported the matter to the Soo Line dispatcher. The latter then notified J. C. Fawcett, a watchman for the Soo Line. According to information given to the Coroner's Office, it seems that deceased frequently in the past had walked the railroad tracks to his home, which shortened the walking distance. Apparently he was walking home during the night via the railroad track when he was struck by a train and killed. The body was found 120 feet west of the Soo Line trestle at bridge 5-B and it evidently had rolled 200 feet after being struck.

The body was removed to the Hennepin County Morgue and later released to the funeral director.

This young woman, it was stated, had complained of headaches and abdominal pains for a week before her death. On March 11, 1944 she had moved to the Summit Hotel to live with two aunts, Evelyn and Elaine Beckwith. However, during the past week she had been staying with another aunt, a Mrs. Eagles of 1213-12th Avenue North. The girl retired about nine o'clock, and between that time and about ten o'clock she conversed with Mrs. Eagles. At 11:00 p.m., when the latter retired she found that her niece, who was sharing her bed, had expired.

The body was removed to the Hennepin County Morgue, where a postmortem examination was made which revealed an internal hydrocephalus, due to a cystic hypophysis. Upon opening the cranium about one pint of a watery fluid was noted.

Mr. Gibson, driver of the truck, had driven up to the Hawthorne School, situated at 24th Avenue North and Sixth Street, to pick up his son, James, a student in that school, along with the Erlandson, Rick and Miller boys. As the truck proceeded down the street James remarked to his father, "Dad, something is dragging," whereupon Gibson stopped the truck and looked back, but could see nothing. He turned the truck at the corner and drove around the block and there lying in the street, at Sixth Street and 22d Avenue North, was the body of deceased.

Officers Christensen, Swanson and Beaty made the investigation for the Police Department.

Deceased, and two schoolmates, John Rick, 9, of 1600 Sixth Street North and Robert Miller, 9, of 1902 Sixth Street North, at noon, April 11th, were on their way home for lunch when they hopped on the back end of a rubbish truck driven by Walter Gibson, 64, of 614 West Broadway. He found deceased lying on the floor beside her bed; she apparently had suffered a stroke and collapsed to the floor. Deceased received no medical care at any time, as she was a Christian Scientist. During the afternoon of April 14th Mr. Hollis was in the kitchen helping Pauline, age 22, the daughter, with the dishes, when he heard his wife breathing very heavily. He went upstairs and observing that his wife apparently was dangerously ill, summoned Mrs. Reed, a Christian Science practitioner. When the latter arrived she pronounced Mrs. Hollis dead.

REMARKS: Social Security No. 476-07-8423

This case was reported to the Coroner's office by the police department at 8:05 p.m., April 15th.

It was stated that deceased and Mrs. Mary Weiss, age 29, of 3035 Chicago Avenue, a divorcee, had been going from one bar to another during the afternoon of April 15th. They finally went to Mun Hing's Cafe, where an argument ensued between the two. Deceased, apparently angered, got up and left the restaurant before being served. When Mrs. Weiss arrived at deceased's apartment she found that he was there, but had placed a chair against the door and had it locked. The woman finally persuaded deceased to remove the chair from against the door. She opened the door with her key and went into the apartment. Apparently the two engaged in further argument and, according to the woman, deceased came toward her and said he was going to throw her out. A knife, that deceased had made out of a file, was lying on the table. It had a 12-inch blade. Mrs. Weiss picked up the knife, according to her story given to the police later, and as the man kept coming toward her she struck him with it. He fell backwards on the bed. Deceased expired about 7:30 p.m., April 15th. The cause of death was ascribed to a stab wound in the chest.

The body was removed to the Hennepin County Morgue where a postmortem examination was made at 10 a.m., April 16th. This revealed a stab wound 7/8 inches long 1 1/2 inches below left clavicle 3 1/2 inches to left of midsternal line. The knife penetrated through the lower half of the second rib, also the second interspace. The knife punctured the pericardium on the left side near to the hilus of the left lung and this puncture wound is 3/4 inch in length. The left pulmonary artery was punctured distal to the bifurcation of the pulmonary artery.

Officers McLaughlin and Wedan were present, also Clifton W. Smith and Ben Nordstrom of the Homicide Squad, when the Coroner arrived to make his investigation.

The deceased was killed in an airplane accident at 35th Avenue South and 55th Street, near Wold-Chamberlain Field. Deceased and five other U. S. Army airmen in a B-26 Marauder bomber had arrived over the week-end on a routine flight from Dodge City, Kansas air field. Shortly after 11:00 a.m., April 17th, the bomber took off from Wold-Chamberlain Field for an undisclosed destination. After leaving the field the bomber was seen to bank, according to witnesses, then nose down and plunged toward the ground. It careened off two garages, turning them into blazing heaps, and then crashed into a vacant lot. There was an explosion as the plane hit the ground. The whole plane was a flaming mass of wreckage a moment after impact. All the bodies were burned and charred and death was immediate with all of the men.

The bodies were removed to the Hennepin County Morgue where identification of each man was made by Colonel C. S. Higley, Truax Field, Wisconsin.

REMARKS: Social Security No. 474-03-5637

Deceased was employed as operator of a concrete mixing machine at the Master Block Company, near Hopkins. Late in the afternoon of April 19th deceased had entered the concrete mixer to clean it out. Before entering the machine it is customary to throw a master switch, which prevents the mixing blades from revolving within the mixer. On this particular occasion deceased had failed to throw the master switch. Another employee, Al. Dahl, was also inside the concrete mixer helping to clean it. John Adams, a fellow employee, signified his intention of riding the cement skip up to the cement bin, situated on top of the block machine tower, and asked A. E. Atherton, another worker, to raise the skip. There are two switches, one to set the mixing blades in the concrete mixer in motion, and the other to regulate the block machine. Atherton was standing facing the mixer, with his left hand he inadvertently pushed the button that set the mixing blades in motion in the mixer, instead of the button that would have caused the cement skip to rise. Almost instantly deceased was struck across the back by one of the heavy revolving blades. Death was instantaneous. Deceased expired at 4:45 p.m.

Dahl was able to escape from the mixer because of the fact the second blade had a revolution of three-fourths of the circumference of the inside of the mixer to make before it could strike him, whereas the blade that struck deceased was only a short distance from him when it began to revolve.

Deceased, who was senile, had wandered away from home on previous occasions. About five o'clock in the morning, on May 2d, deceased's son, Albert, arose and went to work. He noticed that his father was not in the house at the time, however, he gave the matter very little thought since the old man frequently arose early in the morning and went for a walk. When he failed to return home after a few hours' absence, Albert and his brother, Axel Benson of 2936 First Avenue South, started a search for the old man, but were unsuccessful in their efforts.

At 7:30 a.m., April 4th, deceased's body was found lying on a strip of ground, that is fenced in for some distance a few feet adjacent to the Mississippi River. There were abrasions on the man's face and hands, as though he had collapsed to the ground and in struggling to arise had sustained abrasions from the many sharp rocks surrounding his body. There had been heavy rainstorms intermittently during the time deceased had disappeared until the time his body was found, and it was felt that exposure to the cold rain may have contributed to his death.

There is a history that deceased had first had a coronary attack four years ago. At that time he had had an x-ray of the cardiac region, as well as an electrocardiogram, by Dr. Ude. He had complained of a recurrence of this attacks lately although he had not been under the care of a physician, and had expressed the feeling to his wife that he likely would be unable to survive one of these attacks.

The evening of May 10th deceased went down in the basement and worked over his fishing tackle, then returned to the first floor. He was sitting in an overstuffed chair when he suddenly called to his wife to come to his assistance as he had such a severe pain in his chest. She gave him a drink of water and he suddenly collapsed to the floor and expired. Death occurred at 8:30 p.m.

Social Security No.

Mr. Obenauer, who had been a patient in the Veterans' Hospital, Minneapolis, tried to reach his wife by telephone throughout the day of May 11th, but received no response. Finally, becoming worried, he called a neighbor, Edward Ralph, 4015 Sheridan Avenue North, about 10:00 p.m. and asked him to go over to his home and investigate. He was particularly apprehensive in view of the fact that his wife and daughter, Eleanor, age 22, were to come to the hospital that night to visit him.

Ralph and his wife found Mrs. Obenauer dead in her bed, and the daughter seriously ill and unconscious in another bed room. The family's pet fox terrier, Brownie, lay dead at the foot of Mrs. Obenauer's bed.

When police and firemen entered the home they found no odor of gas or carbon monoxide, it was stated.

The daughter was removed to the Minneapolis General Hospital, while the body of Mrs. Obenauer was brought to the Hennepin County Morgue.

A postmortem examination, as well as chemical analysis, revealed the cause of death to be carbon monoxide poisoning.

It was later learned that a defective pipe in the coal-burning furnace had caused the carbon monoxide fumes to be drawn upstairs into the living quarters.

Shortly before 6:30 p.m., May 24th, deceased, an employee of the Hart Motor Express, was backing a 22,500-pound capacity tractor out of the firm's building at 2600 University Avenue Southeast. The tractor, which had been under repair, is fueled by butane gas from two 50-gallon tanks on each side of the vehicle. Valves jut out from each tank. As deceased backed the tractor out, one of the tank valves was knocked off by a door jam and gas vapors escaped. He shut the motor of the tractor off immediately and with the help of other workmen in the garage pushed the vehicle out onto the street. The several workmen who had been in the garage remained out of the building for some fifteen minutes to give the highly inflammable vapors a chance to be blown out of the structure.

Less than five minutes after the men returned to the building, an explosion occurred, followed by fire. The blast occurred at 6:30 p.m. and literally blew that section of the one-story concrete block building apart.

Deceased and six other men sustained burns. The men were removed to the Minneapolis General Hospital, being admitted at 6:45 p.m., May 24th, with the exception of one man who was taken to St. Mary's Hospital. Deceased's injuries consisted of second and third degree burns over 80% of his body. He expired at 1:10 p.m., May 25th.

REMARKS: Social Security No. 472-03-0833

Deceased, a foreman at the St. Anthony Elevator Company, 31st Ave. S. E. and the Great Northern tracks, was working in the grain tunnel, when he collapsed. However, he got up and walked to the rest room, where he sat down on a bench, then commenced to vomit and suddenly expired at 9:50 a.m. An ambulance was summoned from the Minneapolis General Hospital; Dr. Nesbitt, accompanying the ambulance, pronounced the man dead on arrival.

The body was removed to the Morgue. Since there was a great amount of insistence on the part of deceased's employers that an autopsy be performed, this was granted, and this revealed the condition to be of a coronary nature.

At 8:30 p.m., June 1st, Albia Taylor of 617 Fourth Avenue Southeast, who was fishing in the river, heard a noise like a thud nearby. A few minutes later when Taylor decided to go to another place on the river bank to fish he discovered the body of deceased lying on the road under the east end of the Cedar Avenue bridge. Deceased had apparently stood on the bridge, which was about 140 feet high at this point, and climbed over the railing and jumped to the ground below. His body was lying face downward when found. His face and skull and chest were crushed from the impact of the fall; all ribs were fractured; the right femur and right tibia were fractured; the left femur showed a compound and comminuted fracture, and had been driven through the heel of the foot.

There is a history that deceased had some cardiac trouble and had attempted to procure hospital treatment at the Veterans Hospital, but was refused treatment because of lack of service connection. He was a veteran of World War I.

Deceased, of the police headquarters detail, was carried over St. Anthony Falls, through the rapids and a mile down river shortly before noon on June 7th. He was taken from the water at 8th Avenue Southeast, unconscious, by the crew of a coast guard patrol boat, but efforts to revive him failed.

Deceased was in charge of a squad of patrolmen who were working to take a canoe out of the river from which two young men drowned while striving to negotiate St. Anthony Falls during the evening of June 6th. The canoe had lodged on a west side spillway gate just above the falls and the police were trying to raise it with a plank when deceased fell into the river and was swept over the falls. He dropped 35 feet over the spillway between Sixth and Eighth Avenues South and the river, at a lock alongside the spillway to permit excess water over and downstream and not through the turbines. Deceased was seen a moment later swimming the rapids below the falls, but was floating unconscious when taken from the water by Coast Guard Petty Officers John Lindman and David L. Griffith. Deceased was taken ashore and the futile efforts to revive him were commenced.

With deceased at the time of the accident were Patrolmen Mike Michelson, Joe Pudlick and Charles Gunthner.

Deceased was married and father of three children. He had been a policeman twenty-one years.

Accident occurred as a result of an expedition in a canoe over St. Anthony Falls. Deceased and a companion, Robert Bondhus, and the latter's brother started over the falls in their canoe, it turned sidewise on the apron of the falls and they were thrown into the water. Deceased was swept downstream.

Drowned, also in this accident was Robert Bondhus, 23, of Northfield, Minnesota visiting relatives in Minneapolis while on leave from Farragut. Rescued was Wallace Bondhus, 18, also of Northfield brother of the drowned Robert.

Accident was the result of a successful negotiation of the falls by Robert Bondhus and his brother Thomas a few days previous. Because the brothers had been successful in launching their craft down the apron below the falls in their first attempt, they decided on a second try. Heavy rains had swollen the waters. The survivor, Wallace Bondhus, clung to the canoe until he saw the island to which he swam.

Officers Dilley and Robinson responded to the call, forced an entrance into Mr. Moe's living quarters at 6:20 a.m., June 29th and found his body lying face down on the bath room floor. Deceased apparently had gone to the toilet and then had collapsed to the floor and expired. This case was reported to the Coroner's Office by Dr. J. C. Hultkranz.

Deceased's husband, employed by the Minneapolis-Honeywell Company, left for work about 7:05 a.m., July 20th. He returned home at 6:45 p.m. and was met by the Squier's youngest son, Thomas, age 4, who informed the father that "mother was tied up in the basement." Mr. Squier investigated and found his wife's body suspended by a rope from one of the rafters in the ceiling of the basement.

There is a history that deceased had had a breast removed at Rochester, Minnesota, after which she appeared to be mentally depressed. The Squiers came to Minneapolis from Brookings, South Dakota about three months ago because Mr. Squier had obtained employment with Minneapolis-Honeywell Company. Deceased was not too happy about the change of residence and seemed unable to make the proper adjustment.

Besides Thomas, and older son, Robert, age 10, also survives.

Officers Schaaf and Beard of the Homicide Squad were present, also officers Richter and Woodruff.

Deceased's body was discovered floating in the river by a railroad crew at 7:25 a.m., July 21st, who in turn notified the Police Department.

During the night of July 15th deceased, along with two companions, Joe Kinder and Morris Weston, was drinking on the river bank, near the Plymouth Avenue bridge. Finally the men all went to sleep there, and later when Kinder and Weston awakened deceased was not there. The other two men, believing that deceased had awakened and gone home, thought nothing further about the incident.

Officers Sibbet and Nordstrom were at the scene. The body was brought to the Morgue, and after due investigation it was felt that deceased had gotten up during the night, and while under the influence of liquor, had wandered to the bank of the river and fallen in.

Deceased's mother resides at 1057 Thomas Avenue South, and a sister, Stella, is employed by the Northwestern Bell Telephone Company in Minneapolis.

Deceased, employed as cook at the Stockholm Cafe, had an argument with another employee, Mrs. L. Wokniski, during the evening of July 24th. He resigned and left the place about 8 p.m. Gertrude Miller of 1020-7th Street Southeast, had been living with deceased at the Summit Hotel, 253 Second Avenue South. The room occupied by the couple had a single window, facing on a roof which was about ten feet below. It was noted that about a fourth of the window sill surface was covered with wheat.

It was stated that deceased had been drinking heavily for about ten days previous to his death and it was felt that he was in all probability on the verge of delirium tremens. During the day of July 25th deceased had mentioned that he kept hearing voices around him. He spent a part of the day lying around in the room, and again he wandered about the hotel clothed only in his trousers and a pair of shoes. Gertrude Miller had given deceased about two ounces of a bromide solution to quiet him. She left the hotel early that evening and went to spend the night with a relative. The night clerk stated that no one had called at the hotel to see deceased during the evening. John Buckley, of the hotel, apparently was the last one to see deceased alive; at 8:25 that evening, in response to a request from deceased, he had given him a package of matches. At 8:30 p.m. Mr. Buckley turned on the fire escape lights in the halls of the building and the doors opening onto the fire escapes were closed but not locked.

Shortly after 8:30 the same evening deceased's body was found by John Jalma lying in the paved alley. He apparently had gone to the unlocked fire escape door, on the second floor where his room was situated, and jumped from the fire escape to the alley below.

He was lying face downward, his head pointed toward the hotel building and his feet pointed toward Third Avenue South. A waitress from the hotel bar, Lorraine Edstat of 2751 Buchanan Street Northeast, came out into the alley and as she bent over deceased she could see that he was still alive. Upon questioning deceased as to what had happened he replied that some one had pushed him out the bath room window. Investigation revealed there were no bath room windows in the hotel facing the alley. As deceased struck the paved alley he apparently fell on his elbows, as both elbows were fractured.

An ambulance was summoned and deceased was taken to the Minneapolis General Hospital, being admitted at 8:55 p.m., July 25th. He expired at 9:14 p.m., the same date.

The body was removed to the Morgue where a postmortem examination revealed the cause of death to be bruising of heart and fracture of the pelvis.

A steel blade, flung with deadly force from a small fan, as the motor was given an overcharge of electricity, struck deceased in the throat and severed the carotid artery. Deceased's husband, George Revak, age 31, was repairing the fan for a neighbor boy, Ray Danko, age 11, of 109 Twentieth Avenue South. The fan, designed to operate on an automobile battery, was intended to operate on six volts. It was out of order, so th boy brought it to Revak to repair. The latter placed it on the kitchen table which he used as an improvised work bench. Meanwhile, deceased, who had been preparing the evening meal, went into the backyard to call her two children, Richard, 3, and Thomas, 18 months old, and her mother, Mrs. Florence Johnson. Deceased walked ahead as they returned to the kitchen. As she stepped through the door, Revak plugged the fan connection into the socket. The heavy charge of electricity set it revolving at tremendous speed and all four blades of the fan were torn off. Two other blades went wild, one imbedding itseld in a wall near the electric light switch where the fan had been plugged in, and the other striking a cabinet on another wall, while the third blade ripped through the flesh of Revak's right arm, inflicting a deep wound.

An ambulance was summoned from the Minneapolis General Hospital, however, the woman had expired before arrival of the ambulance. Death occurred at 5:05 p.m., July 31st.

Deceased, a pipe fitter employed by the Minneapolis Gas Light Company, along with a crew of fellow-workers was helping lay gas mains on the Fort Snelling Reservation on August 1st, when he suddenly expired at 3:30 p.m.

The crew was made up of the following: Melker Swanson, foreman; Gust E. Erickson, Victor Nelson, Melker Smith, Peter Bodell, Irving Holmberg, Armand Nordquist, Olle Ellingboe, Fritz Benson, John Myhr, Lars Bakkos, Francis Hall and A. E. Nygaard.

In the morning before leaving for work the deceased had complained to his wife of having pains in his chest.

The Coroner's Office had received information that, while engaged in laying the pipe, deceased had accidentally been struck in the chest by the pipe at 8:30 that morning. However, upon questioning several of the crew the Coroner learned that some of the men felt that deceased might have been struck by the bar with which he was working, while others had not been conscious of the fact that anything had occurred during the time they were working. Fritz Benson stated that deceased's bar must have been struck by a bucket of the digger, as the latter was thrown into the spoil bank, but he did not appear to be injured.

Permission was obtained from Mike Duhanick, deceased's son, as well as deceased's wife, for an autopsy. The autopsy revealed coronary thrombosis and sclerosis.

Deceased was participating in a diamondball game during the afternoon of August 1st with older boys at Pearl Lake field, Portland Avenue and Diamond Lake Road, when John Wall, age 11, of 5440 Elliot Avenue, playing catcher, picked up a bat in returning the ball to the pitcher and batted it back. The ball went over the head of the pitcher, William Lundquist, 10, 5601 Elliot Avenue, and struck deceased, at second base, in the region of the heart. Deceased collapsed and vomited. Artificial respiration was administered by police and the fire department rescue squad used an inhalator in a futile effort to revive the boy. He was dead when an ambulance arrived. Death occurred at 4:45 p.m.

The accident occurred at 12:50 a.m. Officers Holt and Miller of the Accident Squad arrived at the scene.

Deceased was taken to the Minneapolis General Hospital after the accident, where she received first aid treatment for a forehead injury.

Deceased and his six-year-old brother, David, during the afternoon of August 23d, were digging a tunnel in a 40-foot sandbank known as Perkins' hill at Fourth Street and Thirty-fourth Avenue North, when the tunnel suddenly caved in and deceased was buried in the sand. David ran three blocks to the home of George King, 3234 Sixth Street North, a next door neighbor of the Mattson family, for help. King called police and then went to the scene, where he found two 15-year-old boys, Joe Harris, 3307 Fourth Street North, and Ernest Jarvis, 3310 Sixth Street North, who had heard of the cave-in, digging with their bare hands and one shovel. The boy was buried beneath several feet of sand and he was not reached until police and fireman arrived. The fire department rescue squad tried in vain to revive deceased with a respirator, while a General Hospital doctor injected adrenalin and coramine, without results.

Deceased's father is in the U. S. Navy, stationed at Astoria, Oregon. Besides his parents, he is survived by his brother David, also another brother, Melvin, and a sister, Elaine.

LILLIE SHIPLEY - CONTINUED

During the afternoon of September 19th deceased became very ill and Dr. A. C. Tingdale was called. However, upon his arrival at the Shipley home it was found that the woman had just expired. Death occurred at 4:30 p.m.

Dr. Tingdale reported this case to the Coroner's Office.

In view of the accidental phase and the resultant head injury sustained by deceased, the Coroner did not feel that he could conscientiously determine the cause of death without having a postmortem examination made. However, Mr. Shipley refused to consent to such examination, therefore, it was necessary to write the word "undetermined" in the medical certification section of the death certificate.

On August 27, 1944 deceased and her husband were in their automobile driving on Highway No. 65, between Dundas and Faribault, Minnesota. Mr. Shipley was driving the car and as they followed the highway around a curve the Shipley car, it was stated, remained on the right side of the road. At the curve an automobile approaching from the opposite direction driven by E. G. Usem of Austin, Minnesota collided head-on with the Shipley car. It was stated that the Usem car at the time of the accident was past the center of the road, in other words, on the "wrong side" of the road for a car traveling in that direction. The impact of the collision caused the front door on the right-hand side of the Shipley car to spring open, and deceased was thrown out of the car and onto the pavement, striking the upper part of her face on the pavement. The accident occurred at 3:00 p.m. A physician in Northfield did five sutures over deceased's right eyebrow. There apparently were no other injuries sustained. There is a history that deceased had had constant headaches since the accident.

The body of deceased was found at 9:00 p.m. September 24th by her stepfather, Herman Johnson, 3237-20th Avenue South, after he had tried to reach her by telephone all day, and by Mrs. L. A. King, landlady of the apartment building where the dead woman lived. Mr. Johnson, it was stated, had talked to deceased Saturday night (September 23d) when she told him she felt dizzy and was bothered by pleurisy and a bad cold. He said he called deceased at 10:30 a.m. and again at 2:30 p.m. the following day by telephone but that no one answered. At 9:00 p.m. he went to her apartment and had Mrs. King open the door.

When found, deceased's body was clad in an underslip and a housecoat, lying face up on the floor of the living room. Her hair was clotted with blood and her knees and elbows were bruised; there was a bruise and a deep cut on the temple over the left eye. The apartment was in disorder, the bedclothes were pulled off the bed, and there was a large spot of blood on the bed.

N. E. Johnson, who lives in the apartment directly below deceased's apartment, stated that he heard some one fall at about 3:00 a.m. After that there were footsteps in the apartment above him for two hours. The next sound of a fall, Mr. Johnson stated, came at about noon that day (September 24th).

Deceased's body was removed to the Morgue where a postmortem examination was made.

There is a history that deceased had been slugged by a man on Nicollet Avenue between Second and Washington Avenue, and it had been necessary to have sutures made on his head at the Minneapolis General Hospital because of injuries sustained. It was stated that deceased had not felt well since that time.

Deceased's body was removed to the Morgue where a postmortem examination was made. At this time it was ascertained that the head injury mentioned above did not contribute in any way with the cause of this man's death.

Mrs. Allen Houske, sister of Mrs. Esther Huseby, was caring for the latter's baby while the mother was at work at the Minneapolis-Honeywell Company. Mrs. Houske had looked in on the baby,who was in her crib, about ten minutes before she found the child choking. The baby had been playing with a small dumb-bell type celluloid rattle, and she had placed one end in her mouth, apparently had turned her face into the soft bedding of the crib and the rattle had thus been forced back into her throat. Mrs. Houske turned the baby over, removed the rattle and then called the fire department. A rescue squad used an inhalator in a futile attempt to save the child's life.

Death had occurred about 11:15 a.m., October 7th and was ascribed to strangulation.

Some time late in the evening of October 11th deceased had gone up on the roof of the hotel he operated at 6½ Glenwood Avenue North; he had been doing some work on the roof of the building from time to time, and it is thought that he may have returned to the roof to procure some tool he may have left there. At 10:10 his body was found lying at the bottom of the light shaft, where he apparently had fallen from the roof.

The Coroner's verdict indicated a crushed skull and cerebral hemorrhage as the cause of death.

There is a history that deceased had had a heart attack four years previous to his death which was diagnosed as coronary trouble by Dr. Benjamin. However, two years later he passed a physicial examination at the Twin Cities Ordnance plant, but after a time found the work too heavy and was obliged to give it up. At the time of his death he was working as a guard at the Minneapolis Institute of Art. He worked as usual on October 26th, ate heartily at the evening meal and apparently felt well. At 2:30 in the morning he went to the bath room, and then downstairs to get some soda. He apparently felt distressed and sat down on a couch. Mrs. Parsonage heard her husband gasping for breath and came to his assistance. She attempted to call in a physician but was unable reach one who could make an emergency call; therefore, she appealed to the Minneapolis General Hospital who dispatched an ambulance to the scene. The physician who accompanied the ambulance pronounced the man dead on arrival.

Death occurred about 3:00 a.m. and was ascribed to coronary sclerosis.

This case was reported to the Coroner's Office by the Police Department at 5:55 a.m. November 1st.

It was stated that deceased's son, George Raymond McGuire, age 46, came home about 3:45 p.m. October 31st, spoke to Mrs. Albert Orr and her mother, Mrs. Albertina Pearson, who occupy the first floor living quarters, and then proceeded on upstairs to the rooms occupied by deceased and her son.

At 5:30 the following morning George R. McGuire walked into the Minnehaha police station and stated that he had killed his mother at 4:00 p.m. the previous day. A police gunsquad found the body of Mrs. McGuire lying in the doorway of her home between the kitchen and the dining room. McGuire confessed that he had been drinking and had come home to borrow funds from the aged woman. When she refused, he said, he became angry, knocked her down and beat her over the head with an axe. After he had killed her, McGuire said he left the house and went to a tavern where he had several drinks. He said he spent the night sleeping in weeds on Twenty-eighth Avenue.

Plans had been made by a daughter, Mrs. John Quinn, 2606 Cedar Avenue, it was stated, to have deceased removed to a rest home on November 1st because George had been troubling her.

The body was removed to the Morgue and later was released to a funeral director. Death was due to a crushed skull and brain hemorrhage.

Julian Louis Schwartz, 2510 Fourth Avenue South, a former roomer in the Robert C. Sarff home, called at the latter's home during the evening of October 11th. Mrs. Sarff was preparing for bed upstairs. Deceased and Schwartz talked for a few moments and then deceased called to his wife that Schwartz wanted to see her. As Mrs. Sarff started downstairs, she said, she heard two successive shots. Her husband was lying on the floor in the hallway and Schwartz was standing over him with a .22 rifle in his hands. Mrs. Sarff tried to wrest the gun away from the man, then tried to call police, but Schwartz tore the telephone from her hands. Deceased, in the meantime, had gotten up and staggered out of doors. Mrs. Sarff ran to his assistance, and after an ambulance arrived to remove him to the Minneapolis General Hospital she returned to the house. She found Schwartz near death in a rear hall, a bullet wound in his head. He expired within a few minutes - at 11:00 p.m.

Peritonitis developed, and despite all efforts to save him, deceased expired at 3:00 p.m., November 4th. The body was removed to the Morgue, where a post mortem examination was made.

Deceased, it was learned, had slipped and fallen on the floor in her home on September 27, 1944 about 4:00 p.m. She was removed by private ambulance to the Swedish Hospital where x-ray revealed an intracapsular fracture of the left femur. While in the hospital deceased was attended by Dr. G. L. Rudell.

Dr. Rudell signed the death certificate, however, failed to include as the cause of death the fractured left femur. In the meantime, the Swedish Hospital had reported the case to the Coroner's Office because of the accident involved. Therefore, the Health Department returned the certificate to the Coroner's Office and the additional information was supplied and the certificate was countersigned by the deputy coroner who made the investigation at the hospital.

Mr. Lawrence had been called to the Maternity Hospital, 2215 Glenwood Avenue, to pick up the body of a prematurely born infant for removal to the University Anatomical Department for disposition.

According to information given to the Coroner by the mother, Mrs. Zita Marie Scott, she had traveled by bus from San Francisco to Minneapolis, having left the former city on October 26th and arrived in Minneapolis November 1st. She had consulted Dr. James E. O'Donnell, who advised her that he did not do obstetrical work, and suggested that she go to either the Minneapolis General Hospital or Maternity Hospital. This premature birth, a stillborn of 5½ months' gestation, occurred at 9:10 p.m., November 24th. Mrs. Scott took the dead infant with her to Maternity Hospital that night. The baby, 11½ inches long, weighed 1 pound 3 ounces. Mrs. Scott stated that cessation of her last menstrual period was June 17, 1944; also that no interference was used to bring about this mature birth. Further, she stated that her husband, employed as an engineer under government contract, will killed three months ago.

It was stated that deceased worried a great deal about her husband, who is a Northwest Airlines pilot stationed in Fairbanks, Alaska, flying the Aleutian route, and frquently she would get into the family automobile and go for a drive, any time during the night. Because of the sleet storm that raged throughout the night of the accident the highways were slippery and driving was hazardous. Deceased had apparently gone to bed after returning from the Rainbow Cafe with Mrs. Howard, for her bed had been slept in. A maid in the Gorman home stated that she did not hear Mrs. Gorman come home, nor did she hear her leave again.

Besides her husband, deceased is survived by a son, Robert, age 14 months, and her parents, Mr. and Mrs. John Orr of Library, Pennsylvania.

During the evening of November 28th deceased and a neighbor, Mrs. E. G. Howard residing at 3709 Dupont Avenue South, were at the Rainbow Cafe, Hennepin Avenue and Lake Street, for cheese sandwiches; the former also had a Coca Cola and Mrs. Howard had coffee. Deceased drove Mrs. Howard home about eleven o'clock and, because a prevailing sleet storm had caused the steps to be slippery, deceased let Mrs. Howard out of the car in the alley. When deceased arrived home she telephoned Mrs. Howard to inquire if she had gotten into the house all right.

At 2:12 a.m. November 29th Clarence Nelson of 5628 Dupont Avenue South, while driving into Minneapolis on Lyndale Avenue South, discovered an overturned automobile in a ditch in front of 9925 Lyndale Avenue South. Upon investigation, Mr. Nelson found deceased's body, still warm. The car motor and heater were still running. The Gorman automobile, traveling south on Lyndale, had skidded 123 feet before going into the ditch. Deceased, in an effort to save herself apparently opened the left front door in an attempt to jump out. When the car overturned she was pinned underneath and her neck was caught as the car door wedged itself shut.

Dr. H. O. Altnow reported this case to the Coroner's Office.

Deceased, who had been in the habit of using Seconal, took some of the drug two or three times on Sunday. While sitting talking to her sister, Lenore A. Rowland, Sunday night deceased became drowsy and finally fell asleep in her chair. The sister, being unable to get deceased upstairs to her room, carried her to the davenport in the living room and covered her up. Deceased slept through the night and also the following day. The second day, November 28th, the Rowland girl became somewhat apprehensive about her sister, although the latter appeared to be breathing normally. Toward evening she telephoned the family physician, Dr. William E. Proffitt, who advised an enema and also inducing deceased to vomit. However, Mrs. Rowland replied that this was impossible, whereupon the doctor suggested calling another physician. At this time it was noted that deceased appeared to be getting cold.

The following morning deceased's husband went to the living room at 6:30 to see how his wife was and discovered that she was dead. There was distinct rigor mortis. Dr. Altnow was summoned and he pronounced the woman dead.

The deputy coroner who viewed the body at the mortuary decided to have a new death certificate made up instead of countersigning the original one signed by Dr. White.

It was stated that deceased, while opening the refrigerator door on December 21, 1943 twisted herself in some manner and sustained a fracture of the right femur; she collapsed to the floor. She was removed to St. Mary's Hospital where she remained until October 15, 1944, when she was brought home.

There is a history of a long illness involving carcinoma of the uterus.

According to information received by the Coroner's Office, deceased was riding in a truck belonging to the Lyman Lumber Company of Excelsior, Minnesota on Thursday, November 23, 1944. The truck was driven by Herbert Hiscock, age 22, of Route 2, Wayzata, Minnesota, employed as a truck driver by the company mentioned above. Also in the cab of the truck were Hiscock's wife, Effe, and their six-weeks' old daughter, Dona. The child was in her mother's arms. They were going to Mrs. Hiscock's parents' home, on Sixth Avenue North, at the old Swiss Village. The truck failed to make a turn in the road on Sixth Avenue North at Parkers Lake, went out of control, and turned over in a ditch on the north side of the road, 270 feet from the turn in the road. Hiscock later admitted to deputy sheriffs that he had experienced some difficulty with the truck in making right-hand turns, in other words, the steering mechanism appeared to be faulty. Neither Mrs. Hiscock nor the child were injured. Mr. Hiscock sustained a sprained shoulder. Deceased, who had been pinned beneath the cab of the truck when it overturned, was severely injured. REMARKS: Social Security No.

It was customary for the parents of deceased to lock him and his younger brother, Melvin, age 2, in their bed room, which was adjacent to the kitchen, in the morning when Mr. Douglass went to work. This was done to keep the children from running around the house during the early hours of the morning. This procedure was followed on the morning of December 9th. After Mr. Douglass left for his work Mrs. Douglass, who was suffering from a cold, went to her bed room and lay down upon the bed. About 9:45 she got up and went into the kitchen and unlocked the door leading from the kitchen into the boys' room. Melvin was sitting on the floor. Deceased's body was hanging by the head, which was caught between the dresser and a chest of drawers. The room, which is rather small, is furnished with two cribs, a dresser and a chest of drawers. Mr. Douglass had removed the casters from the chest of drawers to prevent Donald from pushing it around the room, which he had been in the habit of doing. The chest, 44 inches in height, had been placed against the wall, and was separated from the dresser, 35 inches in height, a distance of 22½ inches. Donald had pulled out the lower drawer of the chest and then climbed up on same. His weight apparently tipped over the chest and he fell with it against the dresser. His head was caught against the top edge of the dresser, and the weight of the chest, pressing against the child's larynx, held him as in a vise. His feet were not touching the floor. There was a line of blue discoloration on the child's neck where it had been pressed against the edge of the dresser. He was dead when his mother entered the room.

The deputy coroner attributed the cause of death to strangulation.

Deceased, who lived in a hotel situated at 119 Nicollet Avenue, came into the place in an intoxicated condition at midnight. About 2:20 a.m. Henry Thompson, night clerk in the hotel, and others heard a crashing noise. Upon investigation it was learned that deceased, whose room was on the third floor, had fallen from that floor to the second floor, landing on a stepladder, breaking the three bottom steps of the ladder. Apparently deceased had come out of his room and fallen over the railing and down through the stairwell to the floor below. An ambulance was summoned from the Minneapolis General Hospital, however, shortly after arrival of the ambulance and Dr. Berger, accompanying same, deceased expired of injuries sustained in the fall. Death occurred at 2:32 a.m. December 12th.

The body was removed to the Hennepin County Morgue, and later released to the Anatomical Department because there were no known relatives to claim the body.

Deceased had last been seen alive when she and Eddie Vraalstad, age 4, had been seen playing in the Harry Jensen's yard, a neighbor, at 5:05 p.m. December 13th. The two children apparently later had gone for a walk. When they failed to return, deceased's parents called the Hennepin County Sheriff's Office. Deputy sheriffs and a large number of residents of the district joined in a search for the two children. A double set of footprints, as well as those of a dog, was discovered along the lake shore near the Schaumburg home by Ray Peters, Minnetonka Beach, and George Whalen, Navarre. The double tracks led onto the ice-covered lake and then ended near a break-through into the water. Further search revealed a single set of footprints and those of a dog leading away from the lake. A boat was able to reach the break in the ice, and deceased's body was recovered at 9:00 p.m. December 13th. Her companion and dog, deceased's pet, were found some time later a mile and a half away. The boy was unable to give a coherent story of what had occurred.

Police Department and Coroner's Office, after thoroughly investigating the case, are of the opinion that deceased, believing she was entering her own building, met her death accidentally; she was not aware of the steps leading down to the basement at the rear of 2518 First Avenue South, and consequently plunged down the steps and sustained fatal injuries.

The body was removed to the Morgue, where an autopsy revealed a fracture of the skull and bruising of the brain.

REMARKS: Social Security No.

Deceased's body was found by William Vodicka, 2518 First Avenue South, at 9:55 a.m. December 15th, at the foot of a stairway leading into Vodicka's basement apartment. This man, who is janitor at the apartment building where he lives, stated that when he went to take care of the furnace earlier that morning his dog ran ahead of him and went to the door which opened to the ascending stairway and kept sniffing at the door, which was an unusual procedure. Later when he opened the door to go outdoors he found deceased's body. There were visible head injuries, her nose was broken and her face was badly swollen and discolored. There was a large pool of blood near the head. Vodicka told police that he had returned home about 1:30 a.m., entering through the rear stairway, and that there was no body there at that time. He went to bed and heard no undue noises during the balance of the night.

It was ascertained by the Coroner's Office that deceased, employed at the Twin Cities Ordnance Plant, left work at 11:00 p.m. December 14th with a fellow worker, Mayme Huhta of 310 Lyndale Avenue North. The two women came down town and stopped at the Trocadero, in the Summit Hotel, 253 Second Avenue South, where they had a few glasses of beer. Here they met a couple men and went to another tavern or two for drinks and food. Later one of the men offered to drive the deceased home, however, she had him let her out of the car on Blaisdell Avenue, between 31st and 32d Streets.

It is believed that deceased wandered around the neighborhood and mistook the rear of 2518 First Avenue South, where her body was found, for the building in which she lived, since it developed that there was some similarity between the rear of the two buildings. Deceased was also in the habit of using the back entrance of the apartment building from time to time, particularly if she returned home on the street car. Both the

Social Security No. 476-09-1767

Deceased had been helping the two women with whom she lived prepare dressing for a duck dinner on December 31st. She retired to her room afterwards and was found dead at 4:45 P.M. by Lettie Sabo, her roommate who went to call her for dinner at that time. Her husband died fifteen months ago since which time she has been depressed.

An autopsy was performed which failed to disclose the cause of death and therefore specimens of the organs were turned over to the toxicological chemist for analyses. The results of this latter examination revealed seconol poisoning.

There is a history that deceased's husband had been in the Canadian army, however, because of the fact he was addicted to the use of drugs he was given a medical discharge. The day Mr. Carson expired he had driven into a filling station, where he collapsed and died of a heart attack. Since that time his wife had been very depressed at times.
