REMARKS: Social Security No.

According to information received by the police department, deceased, his wife and their daughter had been invited to the home of deceased's brother for dinner Christmas Eve. However, the deceased stated that he did not feel like going, but told Mrs. Larson and the daughter to go. When they returned home about eight o'clock that evening they found the deceased sitting on the bed and apparently suffering from a head injury. He was intoxicated. They put him to bed and made him as comfortable as possible. The following day Dr. F. H. Poppe was called and he pronounced the injury a possible slight concussion. On December 26th Mrs. Larson again called Dr. Poppe and then made arrangments to have the deceased removed to the Veterans' Hospital. After treatment in the hospital deceased finally expired at 5:03 p.m., January 16th.

An autopsy performed at the Veterans's Hospital revealed the cause of death to be a basal (left) skull fracture; subdural hemorrhage, right occiput; hemorrhagic necrosis; cerebral right frontal and temporal.

After investigation of this case, the Coroner's Office is of the opinion that deceased's injuries were sustained probably in the Liberty Garage, of which deceased was proprietor, during the evening of December 24th.

REMARKS: Social Security No.

Deceased during the past five years had lived in a small shack on the corner of 8th and Oak Lakes Avenues North. He had not been in good health for some time. He was last seen alive by Harry Sherman, who lived across the street from the deceased, on January 20th; he was very ill at that time. He was found dead in his shack, lying in bed, by Mr. Sherman at 2:30 p.m. January 21st. The room was very cold as the fire had gone out in the stove.

The coroner diagnosed the cause of death as cardiac decompensation, exposure to cold being a contributing factor.

Officers Knutson, Peterson and A. L. Williams were present when the coroner arrived to make his investigation.

A son, Richard, in the U. S. Navy, and stationed at Hutchinson, Kansas, was notifed by the Red Cross of his father's death.

While coming up the stairs from the basement in her home during the morning of January 22d, deceased collapsed and fell downstairs. She expired at 11:45 a.m. and death was attributed to a skull fracture, sustained in the fall. A contributing factor was a cerebral hemorrhage which occurred as deceased was mounting the stairs and, which, undoubtedly, was responsible for this woman's collapsing on the stairs. Deceased was taken to Deaconess Hospital a few minutes after the accident, being admitted at 11:05 a.m. She was bleeding from the left ear.

There is a history of hypertension of many years' standing, as well as low blood pressure.

This case was reported to the Coroner's Office by the Health Department because of the fact that a Minneapolis physician had signed the death certificate, although he had not personally attended the deceased.

Dr. Oscar J. Engstrand had received a telephone call from the deceased's grandmother about 9:00 p.m. January 22d, and the physician, after being told the child's symptoms, said that he would prescribe over the phone. In the meantime, the child's parents became alarmed over her condition and took her to Swedish Hospital, where an intern examined the child, and finding no rales, believed there was no danger of pneumonia. The parents then took the child home. Upon arriving home the child had a convulsion, and the parents returned to the hospital with her. Upon examination it was discovered the child had expired, either en route to the hospital or upon being admitted.

Deceased was last seen alive at 4:00 p.m. January 21st when he went to his living quarters on the second floor at 2110-4th Street Northeast. He had been sleeping in the kitchen during the winter months and this room was heated with a combination coal and gas range. He had been burning creosote paving blocks, briquetts and also garbage in the range, and the flues had become clogged with soot and tar. Police forced entry into deceased's room at 4:00 p.m. January 22d and found his body lying off the cot, which was about three feet from the stove. The room was filled with smoke. The previous night deceased apparently had stoked the range, put in the day's garbage and gone to bed. Apparently he had awakened during the night and was nauseated as there was vomitus on the bedclothes. Also, presumably he had tried to get out of bed and collapsed. His body had slid off the cot and his head, arms and chest were resting on the floor, face-down. When found the body was cold, rigor was fully developed, and the skin bore the pinkish tinge of carbon monoxide poisoning.

REMARKS:

Deceased had arranged to pick up a friend, Miss Pearl Von Wald, during the evening of January 22d, after which the two drove over to Hannah's Cafe, 1425 Chicago Avenue for food. They left the place shortly after eleven o'clock and got into the deceased's car, which had been parked across the street from the restaurant, on 15th Street, a few feet from Chicago Avenue. Deceased experienced difficulty in moving his car, apparently because of lack of traction due to an icy surface. It was then discovered that he had a flat tire. As the two sat in deceased's parked car, suddenly an automobile that apparently had been parked on Chicago Avenue, a few feet from East 15th Street, started up and turned the corner until it came alongside of deceased's car. A shot was fired from the assassin's car through the left front window of the deceased's car, splintering the glass. Deceased, pushing Miss Von Wald out of the right door, began to run west toward Chicago Avenue. A bullet through the head and another through the side struck him and he fell dead in front of 801 East 15th Street; he apparently had hoped to reach the shelter of a stairway leading down to a basement doorway.

The body was removed to the Hennepin County Morgue where an autopsy revealed bullet wounds in the head, chest, lung and heart, as well as a general hemothorax. The course of the bullets was as follows: Bullet No. 1: Through the left maxillary and sinus, through the turbinate bones into the right maxillary sinus. Bullet No. 2: Passed through the 5th interspace on the left, through the lower lobe of the lung, through the pericardium and heart and out through the 4th interspace. It passed slightly forward but in a horizontal course.

REMARKS:

Social Security No.

Deceased was admitted to University Hospital on January 31st. According to information received by the Coroner's office there is a possibility this man sustained a blow on the head two days previous to his admission to the hospital, or may have fainted and fell. A vascular accident may also have been possible.

Deceased, who was a clerk in a liquor store, recalled having closed the store and going home. He was seen by his daughter in his home at 10:40 P.M. at which time he seemed to be in a dazed condition. Expired February 4th at 3:40 P.M.

Explanation: On February 21, 1945 Dr. Heim discussed this case with the pathologist, Dr. Anthony Ries, and the latter stated that in his opinion the deceased had suffered a spontaneous subarachnoid hemorrhage in the left cerebellar region and then fallen. The basal skull fracture was sustained when he fell; therefore, Dr. Ries felt that the death was not an accidental one.

It was stated that in December, 1944 the deceased had given birth to a stillborn baby in Asbury Hospital. This woman had been mentally disturbed since that time, and Mr. Heins stated that his wife felt as though she had been responsible for the death of her baby as she thought that she had worked too hard previous to her confinement. She had consulted her priest on Monday, February 5th, since which time she had appeared to be in better spirits.

Detective Martin Ecklund reported this case to the Coroner's Office at 11:35 a.m. February 8th.

Deceased's husband, Richard S. Heins, a foreman at the Diamond Iron Works, left home for his work at 5:45 a.m., February 8th. His wife had prepared breakfast for him. That morning about nine o'clock, a neighbor, Mrs. Ries Beck of 2819 Washington Avenue North, had stopped in to the deceased's home and visited with her for a few minutes. Shortly after 11:00 a.m. Mrs. Beck, who lives upstairs, heard the two younger Heins childred, Dorothy, age 5, and Rosemary, 3, crying. She went downstairs to investigate and was told by the children that they could not find their mother. Mrs. Beck noticed that the bath room door was locked, apparently having been bolted from the inside. About 7:00 p.m. February 7th deceased was seen by his wife going down to the pump house with a blow-torch in his hand. At two o'clock in the morning, not having returned to the house, Mrs. Craig went to look for her husband. The pump house door was closed and she could not open it. She returned to the house and went back to bed. At 10:00 a.m. she awakened and again went down to the pump house and chopped away the ice that had formed around the door, however, being unable to force open the door she called on Frank Enderson, a neighbor, for assistance. The latter opened the door of the pump house and deceased's body was discovered lying on his back on the floor. Apparently, while using the blow-torch, the interior of the shack, which was lined with cardboard had become ignited and a part of it had burned. Deceased had sustained second and third degree burns over the mid-section of his body and arms from the blow-torch.

Deputy sheriffs Hurley, Stevens and Hal. Lawrence were present when the deputy coroner arrived to make his investigation. The body was removed to the Morgue.

According to information received by the Coroner's Office, obtained from the deceased's foster son, Arthur Irving Shaw, age 38, by the police department, the deceased had been to dinner with friends during the evening of February 8th and she returned home about nine o'clock. Arthur, who had been home since about five o'clock in the afternoon, retired and he stated that he thought he heard his mother talking over the telephone after he had gone to his room. The deceased appeared to be in her usual good health and also in good spirits. The following day Arthur got up about noon and found his mother's body lying on the floor between her bed and the north wall of the room. He ran in and picked his mother up and put her on the bed and then called Dr. Marbury Duryea, a friend of the deceased as well as her personal physician.

Dr. Duryea reported the case to the Coroner's Office and after consulting a deputy coroner it was concluded that the attending physician could sign the certificate herself, since the death appeared to be from natural causes.

The body was subsequently removed to the funeral home, where investigation revealed lacerations of the scalp and bruises on the body. The funeral director then reported the incident to the Coroner's Office and asked that a deputy coroner be sent to the mortuary to view the body.

A postmortem examination failed to reveal a definite cause of death; therefore, specimens were turned over for microscopic and toxicological chemical analyses.

Deceased was killed when he and another man fled from police after a chase through city streets in two stolen cars. Chase started when Patrolmen M. E. Brinley and Leslie Knutson spotted a license plate stolen from Nels Norberg, 1516 Elliot Avenue, on a car at University and Washington Avenues SE. The police went in pursuit and immediately another car also sped away ahead of the police. Police fired a shot at the car and a shot was fired back from one of the two fleeing cars. On Superior Street deceased abandoned his coupe and climbed into the other car. The chase continued to Essex and Harvard Streets where the car skidded into a tree and two men abandoned it and started to run across an open field. The men ignored an order to halt and the police fired and Hawkins fell dead. The second man escaped.

Conflicting reports were received by the Coroner's Office as to how the deceased may have sustained the injures that ultimately caused his death.

At 3:15 p.m. February 12, 1945 a call was received from the Swedish Hospital reporting the death of the deceased at 2:12 p.m. the same date.

The original story received by the Coroner's Office was that the deceased had been held up and beaten by three men about 5:00 a.m., December 9, 1944, at his place of employment, Manford Carlson's Bar, 1514 South 7th Street. According to later reports received from the Police Department, Detective George Kraemer went to the deceased's apartment about 6:15 a. m., December 9, 1944. He talked to the deceased, who was in an intoxicated condition. The latter explained that he had been beaten up by one white man and two negroes and this incident occurred outside of Manford Carlson's Bar on the street; further, that he, the deceased, had put the white man out of the bar a week previously. The deceased was employed as porter in the bar mentioned. Later, the deceased changed his story to someone else and said that the attack took place in his home in the presence of his wife. Another report states that two bartenders in Manford Carlson's place, Alfred Johnson and Andy Moen, closed the bar at 1:00 a.m. December 9th, as usual, and went out and had something to eat at a restaurant and then started for home. As they drove by Carlson's bar they decided to stop in for a couple of drinks. This was about 2:00 a.m. They rapped on the door and the deceased admitted them. Johnson and Moen stated that the deceased was in an intoxicated condition and had not done any of his work, the chairs being piled up in one corner of the place. They were there about fifteen minutes when the deceased remarked that "I may as well go home," and he left. According to the two bartenders, after a period of about another fifteen minutes the deceased returned and his face was cut and bleeding. They knew he was in no condition to work so they took him home. Mrs. Erickson opened the door and admitted the three men. Mrs. Erickson, the deceased's wife, stated that her husband had been brought home about 5:10 a.m.,

December 9, 1944 by two bartenders from Manford Carlson's Bar. Johnson and Moen had placed the time of arrival at the Erickson apartment as about three o'clock in the morning. Mrs. Erickson stated that her husband was not drunk when he was brought home by the bartenders - he was sober; also, that he had claimed to her that he was attacked by a negro and two white men while he was engaged in his porter work at the bar.

Dr. Horatio P. Van Cleve of the Swedish Hospital was called to the Erickson home during the early morning of December 9, 1944; he stated that he was called by the Physicians Exchange between 5:00 and 5:30 A.M. He found Mr. Erickson very talkative and very excited, although he was not of the opinion that deceased was intoxicated, since there was no slurring of speech and he was able to sit up in bed while the doctor applied various facial dressings. Doctor Van Cleve stated that the injuries consisted of bruises and contusions of the jaw, bridge of the nose, over the extensor surface of one hand, also a flap of skin was turned back over one eye. The doctor made arrangements for the deceased to enter Swedish Hospital that afternoon. Complete x-ray films were taken of the skull and the interpretations were negative. Deceased left the hospital on December 11th, when he was taken home. It was stated that the deceased complained of headaches and dizzy spells from time to time after returning home.

He consulted Dr. Henry W. Quist, 732 8th Avenue South, at a later date, and was re-admitted to Swedish Hospital on February 3, 1945, where he expired at 2:12 p.m., February 12th.

An autopsy revealed a subdural hemorrhage with compression of the brain.

REMARKS: Social Security No.

This case was reported to the Coroner's Office by the Police at 1:30 a.m. February 17th.

The deputy coroner who made the investigation was told that deceased, a night clerk in the Gateway Hotel, 220 Hennepin Avenue, had had an argument with two men who had come to the hotel shortly after midnight on February 17th and wanted rooms. According to Chas Reitmeier, age 67, day clerk at the Gateway Hotel, and who occupies room 32 on the third floor of the building, he was awakened by loud talking in the hallway outside his room. He went out into the hall and heard the deceased state that he would call the police if they (the two men) didn't leave the place. At the time deceased and the two men were standing on the landing at the top of a long flight of stairs that led down to the street entrance of the hotel. The two men then finally started down the stairs, followed by the deceased. A few minutes later Reitmeier heard a noise, like someone falling downstairs. Reitmeier was back in bed at this time. Tom Jensen, who occupies room 20, knocked on Reitmeier's door and told him that the deceased was lying by the stairway door and that he might be dead. The police were called and subsequently the Coroner's Office was notified of the death. The deceased's body was found, lying on his back, with his head near the entrance door, a small amount of frozen blood by the nose; his feet were extending in the direction of the stairway and were resting on the lower step.

The body was removed to the Hennepin County Morgue where an autopsy revealed a fractured skull, bruising of the brain and a subdural hemorrhage.

An alcohol determination revealed 0.19% Ethyl Alcohol by weight.

REMARKS: Social Security No. 475-14-0985

This case was reported to the Coroner's Office by the Sheriff's Office at 11:30 p.m., February 20, 1945.

The deceased, a resident of Jordan, Minnesota, had come home on a ten day furlough from the Great Lakes Naval Training Station. On the night of February 20th deceased and a friend, Virginia Lucas, age 18, also of Jordan, were returning home by automobile from St. Paul. Deceased was driving on Highway 169 in an easterly direction when he apparently lost control of his car and crashed headon into a stock truck. The accident occurred in front of the State weighing station, one and one-half miles west of the junction of Highway 169 with Highway 100. The driver of the stock truck, James Miller, age 51, of Lake Benton, Minnesota, and a passenger, Carl Grenz of Casper, Minnesota, were uninjured, although the truck overturned. The truck, loaded with cattle and hogs, was bound for St. Paul. It was stated that deceased was driving on the wrong side of the highway at the time of the accident. Miller stated that he felt that a collision was unavoidable because the deceased's car, traveling at high speed, veered to the left of the center line of the highway, therefore, Miller drove his truck to the extreme right side of the highway until he was traveling on the shoulder of the road.

Deceased was killed instantly from the impact of the collision at 10:55 p.m., February 20th. Miss Lucas, severely injured, was removed to the Shakopee Hospital in an unconscious condition.

Deceased's body was removed to the Hennepin County Morgue and later was released to a funeral director.

The car driven by the deceased and owned by his father, John J. Stang, was a Plymouth

The deceased, who lived in a rooming house at the above address, had gone to the bathroom to take a bath. After some time had elapsed and other roomers were unable to get into the bathroom, Mr. V. E. Hove manager of the rooming house, forced entrance and found deceased lying on her right side in the bathtub, her head almost submerged in the water. The woman had apparently slipped and fell when getting into the tub, striking her head. Unconscious, she slipped into the water. Deceased was found at 1:00 P.M. February 25th.

The body was removed to the morgue and later released to the funeral director.

A chemical analysis revealed a rather large amount of barbiturates. Therefore, it was felt that possibly the deceased had become drowsy and slipped into the water and drowned. This, of course, is merely conjecture since the real facts are unknown. There is also the possibility that an intentional overdose of barbiturates may have been taken by the deceased.

Deceased was instantly killed about 1:00 p.m., March 6th, and the Piper Cub plane he was piloting was demolished, when his ship rammed into a plane piloted by Willis Snyder, age 27, of Medicine Lake. The deceased's plane went into a spin and fell 1200 feet to the ground near Osseo. Snyder managed to land his plane two miles from the crash in spite of controls "frozen" by the impact of the deceased's plane, and was uninjured. Snyder had rented a plane from Lindstrom Brothers State Flying service at the Robbinsdale airport to fly to Monticello. Deceased had rented a plane to fly to his home at Cushing, Minnesota.

According to the Lindstrom brothers, the deceased rook off from the airport at 12:52 p.m., and crashed to his death eight minutes later on the Louis Trombley farm, four miles north of Osseo. Snyder's ship was struck from the left side at the rear left elevator. The deceased's left wing strut apparently buckled and broke upon impact, as pieces of the strut were found jammed into the tail of Snyder's plane.

It was stated that the deceased had been flying for sixteen years. He was a mechanic at the Robbinsdale airport for the past year and had previously operated a garage at Cushing.

Besides his wife, the deceased is survived by nine children, ranging in age from seven months to sixteen years.

The body was removed to the Morgue and later was released to a funeral director.

About 10:30 a.m., March 7, 1945 a 1940 Ford pickup truck, bearing Minnesota license No. T5813, traveling east on 26th Avenue North, crashed into a Chicago-Penn street car, northbound. The truck, according to reports received by the Coroner's Office, was traveling at a high rate of speed and went through the "stop" signal. The truck was driven by the deceased, and her husband, Clarence A. Johnson, a passenger in the vehicle, was sitting in the front seat beside her. The truck struck the left front side of the street car, and the impact caused derailment of the front truck of the street car, which was pushed over toward the curb. When the street car finally stopped the front end was about one car length beyond the northerly curb of 26th Avenue North, and over to the easterly curb. The street car was operated by Michael W. Korst, age 58, of 3307 Third Street North, who had been employed in the capacity of motorman for the past thirty-one years.

The deceased expired about 10:59 a.m. in the ambulance en route to the Minneapolis General Hospital.

Mr. Johnson was cut about the face and body and sustained a skull fracture. He was removed by ambulance, in an unconscious condition, to the Minneapolis General Hospital.

Officers Gunderson and Hammel were at the scene of the accident.

The deceased's body was removed from the receiving room at the hospital to the Morgue, where a postmortem examination was made.

The deceased, employed as a power machine operator at Munsingwear, Inc., 718 Glenwood Avenue, on February 3, 1945, while pulling the roll stick out of a roll of fabric complained of having a pain in her abdomen. She consulted Dr. Stanley R. Maxeiner the following day, and on February 8th Dr. Maxeiner referred the deceased to Dr. A. A. Zierold, physician for the Munsingwear company, who, after examining the deceased, sent her to the Globe Insurance Company, 1440 Northwestern Bank Building, to report her case. Both Dr. Maxeiner and Dr. Zierold diagnosed the deceased's trouble as an inguinal hernia and both agreed that this could have been caused by her work. The deceased continued working until Saturday, February 17th. However, it was felt advisable to do a hernia operation, so the deceased entered St. Mary's Hospital February 19th, being admitted at 6:30 p.m. Dr. Maxeiner operated upon the deceased at 10;00 a.m., February 20th. The deceased's recovery was normal; she was able to be out of bed on March 6th and had planned to leave the hospital March 9th. She had been walking around in her room on March 8th; about 6:20 p.m. she went to the bath room. Five minutes later her

The deceased's body was found at 3:30 p.m. March 9th in the basement of her home by her husband, Max. Deceased apparently had stepped onto a chair, wound one end of a rope around a rafter in the ceiling, the other end of the rope had been tied around her neck; she then had stepped off the chair, thus her body was suspended by the rope and strangulation had resulted. A note left by the deceased to her husband revealed that she contemplated taking her life.

The following information relative to fatal injuries sustained by the deceased was received by the Coroner's Office:

On March 9, 1945, about midnight, the deceased was seated on a stool in Herman's Bar & Cafe, 30 South 6th Street, and he fell off the stool and onto the floor, his head striking the tile floor with a resounding crash. He was assisted to his feet by Neil Berman of 1135 Irving Avenue North, a bartender in the place, and L. H. Anderson of 3116-5th Avenue South, who drives a private Studebaker taxicab. Anderson and a sailor by the name of Moe, who was in the place at the time, placed the deceased in Anderson's cab and took him home. Clifford Johnson, age fifty, a brother-in-law of the deceased, heard a commotion outside about 12:30 a.m., March 10th, and opened the door to investigate. Upon learning the cause of the commotion was the deceased being assisted to his home, Johnson helped to bring the man inside and placed him in a rocking chair.

That morning at 3:30 the deceased's wife came home from work and saw her husband sitting in the chair, and thought that he was in a drunken stupor. She tried to awaken him but the man was unresponsive. Between 5:00 and 5:30 a.m. Mrs. Duffy went to bed but was unable to sleep. About 7:30 in the morning Mrs. Duffy and her brother tried to have a private physician call on the deceased, but were unsuccessful in their attempt. Later they called the Minneapolis General Hospital and the deceased was removed to that hospital by ambulance No. 1 and was admitted at 12:26 p.m., March 10th. He expired at 9:00 p.m., March 11th.

The deceased, who had been employed as a night clerk at the Dyckman Hotel, had not been working for two weeks previous to his death. He had been drinking heavily during that time and he frequented Herman's Bar & Cafe.

An autopsy revealed a fractured skull and a subdural hemorrhage.

The deceased had gone to a neighborhood drug store shortly before 7:00 p.m., March 13th. On the way home she stopped to visit with Mrs. Lizzie LaBrie, 1329 Monroe St. N. E., spending about a half hour there while Mrs. LaBrie took fittings on an Easter dress she was making for the deceased. After the fittings, the deceased started home and had just reached the front of her house when Miss Evelyn Dolly Iverson, age 40, of 1333 Monroe St. N. E., rushed out of her own home and shot the deceased with a .32 caliber gun. "You killed my mother," witnesses quoted Miss Iverson as screaming, "And I'm going to kill you." Four shots were fired, two of the bullets hitting the deceased. One entered the body above the right breast and came out the back. The other struck the right elbow joint, shattering the bone. Two other shots went wild. Neighbors said Miss Iverson went back to the porch of her home, the gun still in her hand, and stood watching while a crowd gathered.

Hjalmar Peterson, husband of the slain woman, was at home listening to the radio at the time, and was notified of his wife's murder by Mrs. Anna Larson, 1403 Monroe St. The latter also called the police.

It was stated that the deceased woman at one time had suggested to Miss Iverson's mother that she not wear so much heavy clothing during the warm summer months. Some months later when Mrs. Iverson died of natural causes the daughter blamed the deceased for her mother's death, because the elder woman had left off some of her heavy clothing.

Police records show that Miss Iverson was granted a permit to carry a gun on March 6, 1944, some time after the death of her mother. In applying for the permit she had stated that she wanted a gun for her own protection, that she was frightened to be alone since her mother died. A brother, Hilmer, also lived in the home with Miss Iverson.

REMARKS: Social Security No. 472-07-4590

It was stated that the deceased had had three teeth extracted during the afternoon of March 15th, after which he had phoned the "Happy Hour" Cafe, where he was employed as a bartender, and stated that he didn't feel very well and was going to drive home instead of reporting for work. On the way out to his home in Excelsior the deceased apparently suffered a heart attack. His automobile went out of control and overturned twice on Highway #7, 1½ miles west of Hopkins; the car had swerved across the highway, plowed through the shoulder of the road for 179 feet and then went down an enbankment and overturned. His body was found at 4:10 p.m. March 15th. He had sustained a fractured neck and a crushed chest in the accident.

The deceased had been under the care of Dr. Gerald C. Roskilly for some time because of a cardiac condition. This man had had several coronary attacks in the past, one very severe one had occurred while he was working in his garden about a year ago. Electrocardiograms bore out the fact of this coronary trouble.

The body was removed to the Morgue and later was released to a funeral director.

Mrs. Peterson, it was stated, had returned home shortly before 5:00 p.m., March 19th, with two orders of chow mein which she and her husband proceeded to eat in the kitchen of their home. In the meantime, Mrs. Peterson's mother, Mrs. Katherine Baldwin, who lived in the home of her daughter and son-in-law, and a friend, Miss Mildred Brand of 2087 Selby Avenue, St. Paul, who was visiting, had gone to a nearby store. Mrs. Peterson, first to finish her meal, left the room. From another room she got a .22 caliber rifle, which she bought two weeks ago for $30.00. From the doorway between the dining room and kitchen, according to her story to the police, Mrs. Peterson leveled the rifle at her husband, whose back was turned to her, and fired two shots. One entered the right temple and the other the back of the neck. Powder burns showed the shots were fired at close range.

When Mrs. Baldwin and Miss Brand returned, shortly after 8:00 p.m., they found the deceased still in a sitting position at the table, his head lying on his left shoulder. Mrs. Peterson was in the bedroom, hysterical.

Officers Sibbett and Nordstrom were at the scene when the Coroner arrived to make his investigation. A .22 caliber rifle and three empty shells were found in the bedroom.

The body was removed to the Morgue where a postmortem examination was made. The pathologist's diagnoses is as follows: Gunshot wounds in the head; laceration of the brain and cerebellum; subdural hemorrhage; multiple fractures of the skull.

At 11:45 P.M. on March 24th, the deceased was crossing the intersection from south to north at Washington and Thirteenth Avenues South and walked into the left side of a taxi cab being driven by J. H. Smith, age 29, 5736 Forty-First Avenue South. The impact knocked the deceased to the pavement in the center of the street car tracks. The cab driver pulled over to the curb and stopped. Not wanting to move the deceased, Smith stood guard while a passerby, F. A. Selvig, 332 Brimhall Avenue St. Paul, called a hospital. Smith attempted to pull the deceased off the tracks as a streetcar approached, but the motoroman, Andrew E. Fox, 4915 Thirty-Seventh Avenue South, failed to see him in the darkness and when the streetcar did not slow down, Smith was forced to jump from the tracks. Wheels of the streetcar ran over the deceased's legs, dragging him sixty feet. He was taken to Minneapolis General Hospital where he expired the same night at 11:57 P.M.

The deceased lived alone and occupied two rooms at 3233 First Avenue South. She had not been well on March 30th and 31st, having experienced pain in the left abdominal quadrant. However, she appeared to be feeling well on April 2d.

During the morning of April 4th Mrs. Vada Johnson, the landlady, smelled smoke which appeared to be emanating from the deceased's room, so she telephoned to the deceased's son, Vernon. The latter came over, removed a screen from a window and entered the deceased's quarters, where he found the body of his mother lying on the floor of the kitchen. The room was filled with smoke, caused by an open one-quart pan in which the deceased had been making coffee and which had boiled dry and the coffee in turn had been burned to a cinder. The deceased apparently had seated herself on a chair in the small kitchen and may have had a fainting spell and collapsed to the floor. The rescue squad worked on the deceased for an hour but were unable to resuscitate her.

An employee of the Minneapolis Gas Light Company checked the gas line and the stove and found them to be in good working order. The flame was still burning under the burned-dry coffee pan when Vernon Holm entered the kitchen.

Officers Johnson and Berg arrived at the scene at 1:45 a.m. April 8th and were of the opinion that the deceased, a colored man, expired about the time they arrived. The man's back, also the back of his right hand, was scuffed and scratched, apparently from being dragged. His pockets were turned inside out.

The body was removed to the Morgue where a postmortem revealed a subarachnoid hemorrhage. The body later was sent to the Anatomical Department at the University because no relatives appeared to claim the body, and there were no funds for burial.

It was stated that deceased, a transient, was known as "California" among those with whom he associated in Minneapolis.

According to A. B. Kopp of 4129 Brunswick Avenue, St. Louis Park, who was driving his automobile in an easterly direction on West 28th Street about 8:30 p.m. April 11, 1945, it was necessary for him to stop his car only about a foot distant from a boy who had run in front of the machine. Then another little boy, the deceased, ran beside and then behind his car as he started to leave. In his rear view mirror Mr. Kopp noticed another car traveling at moderate speed in the opposite direction on West 28th Street, when suddenly the deceased ran into the path of the latter mentioned car. This car, driven by Paul Edmond Westling, age 16, of 2819 Fremont Avenue South, owned by the Westling Motor Company of 2807 Hennepin Avenue, bore Minnesota license No. 358-685. According to young Westling, he observed two boys crossing the street approximately 140 feet ahead; he slowed down and the boys passed on to the sidewalk. A few seconds later the deceased apparently ran across the street in the same direction and into the path of Westling's car. The latter was unable to see the deceased since he came from behind an automobile headed in the opposite direction. The Westling car struck the deceased, causing fatal injuries. The accident occurred in front of 811 West 28th Street.

The body was removed to the Morgue and later released to a funeral director.

The deceased while apparently crossing the street on Washington Avenue and 37th Avenue North about 8:20 p.m., April 15th, was struck by the speeding car of a hit-run driver. Clarence Johnson (no relation) of 5214 Emerson Avenue North, who had passed the scene of the accident a moment before, said he heard a thud, then saw a machine speed around him and away. He stopped and summoned an ambulance for the deceased. The body lay 15 feet from the east curb on Washington Avenue, the head being two feet east of the north bound street car tracks on Washington Avenue. The deceased's cane was found on the west side of the street near the intersection. No arc lights were on at the time of the accident. It was raining and visibility was not good.

The deceased entered North High School as a student last fall and completed the first semester. In January, 1945 she complained of having severe headaches. She was taken to Dr. Stanley P. Stone, who began treating her for appendicitis, however, he did not operate. Subsequently a maximum dilatation of the iris of the left eye developed and the deceased was taken to Dr. F. J. Pratt, eye, ear, nose and throat specialist; however, he could not account for the dilatation. The deceased's parents then took her to Dr. Robert M. Plasch, an osteopath. The latter made a diagnosis of an intestinal obstruction and treated the girl for that trouble. He advised gastro-intestinal x-rays. The pupil of the eye still remained dilated.

In February the deceased was taken to the Mayo Clinic in Rochester where she was seen by Doctor Moensch. She was admitted to St. Mary's Hospital in that city and placed under the observation and care of Doctor Eaton, a brain specialist. X-rays were taken, however, the pictures were not clear. Oxygen was then injected into the brain and the resulting x-rays revealed a tumor of the third ventricle about the size of a hen's egg. Following this examination the deceased was given four 17-inch deep x-ray therapy treatments of the brain.

The deceased returned to her home about April 3d and remained in bed most of the time. She failed steadily and on April 16th experienced a great deal of pain. Doctor Moensch was called in Rochester and he recommended Codeine to alleviate the pain. On the same day Dr. Plasch, the osteopath, was summoned; he advised against use of the Codeine, and instead manipulated the cords of the neck of the deceased, which seemed to afford her some relief.

The following day - April 17th, the deceased's condition became worse. Dr. J. H. Schultz responded to a call from the girl's family; however, he pronounced the deceased dead on arrival, death having occurred at 10:40 a.m.

The deceased and five-year-old Chesser Atwood of 5156 Newton Avenue South, were playing near a foot bridge over Minnehaha Creek on Fifty-first Street, between Morgan and Newton Avenues South, when the deceased lost his footing and rolled down an embankment and into the water. The Atwood boy immediately ran home, where he told his father, W. E. Atwood, who was in bed because of a cold. Mr. Atwood hurriedly dressed and got into his car and drove along the creek until he arrived at Colfax Avenue South and Minnehaha Parkway, where he caught a glimpse of the little boy's red coat. Atwood jumped from his car, plunged into the water, grabbed the deceased and pulled him to shore. A fire department rescue squad worked more than an hour in a vain effort to revive the boy. A Minneapolis General Hospital physician also worked over the boy without success. The body was removed from the water at 1:15 p.m. and was pronounced dead at 2:10 p.m.

The deceased, employed as a treatment plant operator at the Minneapolis-Columbia Heights filtration plant, was on his way to work during the night of April 20, 1945. He reached the Great Northern railroad crossing near California Street and Lowry Avenue Northeast, waited for an east-bound freight train to pass and then, while the "blinker" lights were still on, he drove into the path of an approaching west-bound passenger train (Northern Pacific No. 11), which he apparently had failed to see. The deceased's automobile, a 1942 four-door Chevrolet sedan, bearing Minnesota license No. 94-354, was struck by the passenger train's locomotive in mid-center and was hurled to the side of the crossing. An electric power pole was snapped off by the impact as the deceased's car was hurled against it.

Deceased apparently had been killed instantly. When assistance reached him at 10:52 p.m. his body was found lying on its back, the head and upper part of the body were hanging out of the open car door, and the feet were caught in the foot pedals.

The body was removed to the Morgue where a postmortem examination was made.

Officers Sig. Sather and Tony Hammel were at the scene.

There is a history that the deceased had suffered a stroke in 1938, and another one in 1939. A right hemiplegia had resulted from the second stroke.

H. M. Claessen, brother-in-law of the deceased, reported that Mr. Larson, while under the influence of liquor on April 30, 1945, had struck the deceased woman. However, examination of the body by the deputy coroner revealed that the skin around the eye, while somewhat discolored and apparently due to a light blow, possibly inflicted by the deceased's husband as stated by Mr. Claessen, was not severe enough to have caused the deceased's death.

Death, which occurred May 4, 1945, at 10:20 p.m. was attributed to a cerebral hemorrhage.

Henry E. Schroeder, age 46, of 1783 Humboldt Avenue South, driving his automobile, a 1938 Plymouth sedan, bearing Minnesota license No. 86-947, east on Washington Avenue, made a right hand turn onto Marquette Avenue. As he did so Schroeder felt an impact as his car struck something lying on the street. Some people on the street called to him to stop his car, which he did immediately. Schroeder then learned that he had struck a man who was lying in the street It was stated that a taxicab had made a left hand turn onto Marquette Avenue from Washington ahead of Schroeder's car and the driver apparently saw the body lying in the street, for he swerved his car to avoid hitting the deceased, however, in doing so the taxicab obscured the view for Schroeder. Witnesses to the accident, which occurred at 11:12 p.m., May 10th, stated that the deceased, apparently intoxicated, had fallen in the street a few moments before being struck by Schroeder's car. The deceased was removed by ambulance to the Minneapolis General Hospital, being admitted at 11:29 p.m. The deceased suffered chest, head and leg injuries. He expired at 4:07 a.m., May 12th. The body was removed to the Morgue where an autopsy was performed.

During the morning of May 16th the deceased's husband was working in the basement of their home. Later he went upstairs, and not finding his wife on the first floor, went on up to the second floor. He found his wife's body lying on a khaki colored hunter's sleeping bag on the floor in a spare room on the second floor. A 45-caliber Smith & Wesson revolver belonging to Mr. Gruber was lying on the floor about 2½ feet from the body. Two chambers of the gun were empty. The deceased, fully clothed, was lying on her left side, both arms were extended toward the left side. When the body was turned over two bullet holes, about two inches apart, with powder burns extending about an inch around each hole, were noted on the deceased's green house dress, in the left chest region; the same condition existed on the young woman's slip. Examination of the body revealed two bullet wounds in the left chest; powder burns extending about 1½ inches around these wounds. There were two bullet wounds in back of the left chest where the bullets had emerged. There were no other marks on the body.

The body was removed to the Morgue where an autopsy was performed.

Officers Sibbet and Nordstrom were at the scene when the deputy coroner arrived to make his investigation.

It was stated that the deceased and her husband, who had known each other for six years, had been married four days previous to the deceased's death. According to Mr. Gruber, his wife had been very worried about household bills. She had only recently purchased the house in which they were living, as well as a beauty shop within the home, from her former employer.

On Saturday night, May 19th, while in Delaney's Bar, 24 Sixth Street South, a young sailor became argumentative. His friend, Pvt. Milo A. Richmond, age 23, of 84 Park Place, St. Paul, a military policeman off duty at the time, attempted to lead the young man out of the place through the rear when intercepted by the deceased, who was sitting in the kitchen at the time talking to a couple other men. The deceased ordered Richmond to return to the front of the place, saying that he would take care of the sailor. An argument started between Richmond and the deceased, and the former stated that the deceased grabbed the sailor and attempted to pull him loose from Richmond's grasp. The latter then struck the deceased, who turned on his heel and fell flat on his face. Two other military policemen on duty in the bar at the time, who had been talking with the deceased just prior to the argument, stepped in and took Richmond into custody.

The deceased was removed to the Minneapolis General Hospital where he expired in the receiving room at 12:54 a.m., May 20th.

The body was removed to the Morgue and an autopsy examination revealed coronary sclerosis; infarction of heart; acute dilitation of the left ventricle.

According to information received by the Coroner's Office, two boys, namely, Richard Joseph, age 14, of 325 Main Street, and Ray Chismar, age 15, of 112 Third Avenue Northeast (rear), about 7:30 p.m., May 12, 1945, were on the island near Second Avenue Northeast and the river, when they heard a train whistle. They looked up and saw a train crossing the Great Northern Railroad bridge at that point. At the same time the boys observed a man walking across the bridge. They called to him, trying to draw his attention to the fact the train was approaching behind him. At first the man did not heed the warnings of the boys, and then when he finally did turn his head as if suddenly aware of the approaching train, it was too late. He apparently was struck by the engine and either fell or was hurled into the river below. The engineer of the train, Henning Linden, of 2333 John Avenue, Superior, Wisconsin, brought the train to a stop, and he, along with Glenn Tinker, of 40 Norwood Avenue, Superior, Wisconsin, fireman on the train, which was coming into Minneapolis from Duluth, and the Joseph and Chismar boys went down to the bank of the river in an effort to locate the man in the river. However, nothing was seen of him. His hat was noticed floating on top of the water.

At 4:00 p.m., May 22d, this man's body was found by Adolph Larson of 305 Hennepin Avenue, floating in the river at 2d Avenue Northeast, who notified police.

The body was removed to the Morgue and was claimed by the parents, John W. and Rose Brown.

REMARKS: Social Security No. 472-07-3823

The deceased, employed as a janitor of the building situated at 108 North 12th Street, it was stated, had argued with one of the roomers, Franklin Johnston, age 83, about the latter's radio being turned on so loud. Johnston, it seems, is rather hard of hearing and he therefore felt it necessary to keep the radio turned on quite loud. There had been arguments between the two men during recent weeks about this matter.

On Saturday night, June 9th, Johnston had objected to the noise of a party going on in the deceased's room across the hall and had told the deceased to "take the women back to the beer parlor where you found them." Between one and three a.m., according to Johnston's statement, the deceased attempted to get into his room, but he (Johnston) locked the door. About nine a.m. the deceased attempted to gain entrance to Johnston's room again. Johnston, anticipating trouble, then removed a .32 caliber Iver-Johnson revolver from a table drawer and placed it atop his radio. The deceased pounded on the door of Johnston's room and finally the latter opened the door, gun in hand, whereupon the deceased, it was stated, swung and struck Johnston. The latter picked up the gun and the deceased struck the older man again. The latter then shot three times and the deceased staggered and fell to the floor in the hall. There were two bullet wounds in the left side of the body and one in the left upper arm. Death was instantaneous and occurred about 9:30 a.m., June 10th.

The body was removed to the Morgue where an autopsy was performed.

A taxi cab belonging to the Yellow Taxi Company and driven by Wilbert M. Russell, age 55, of 512 East Fourteenth St. had been parked several doors away from this child's home after having discharged some passengers. The child had hung on to the side of the vehicle and the driver failed to see her when he got into his taxi, started it up, and began making a U turn. Mrs. H. J. Doll, Barbara's grandmother, who witnessed the accident, said the child lost her hold on the machine as it made the turn and fell to the pavement, one wheel of the cab passing over her body. When the driver completed the turn he saw the child lying in the street. He took the child and her Mother to Dr. Isabell Cameron's office and then to the hospital. She expired before they reached the hospital.

The body of this child was found in four feet of water under the Chicago Avenue bridge over Minnehaha Creek at 8:00 P.M. Thursday, June 14, 1945. . . . Three boys, Ray Zopf, 17, 3445 Oakland Avenue, Terry Daly, 16, 3436 Eleventh Avenue South and Kenneth Moline, 14, 3457 Eleventh Avenue South, who donned swim suits to aid neighbors and police in the search found the body only two blocks from the point John was last seen the previous day, on the creek bank at Park Avenue. It was caught in brush near the bank. The boys wrapped the body in a blanket and called police. First knowledge the boy's mother had that he was missing came when his Scottie dog, Mac, came home alone at six P.M. This was unusual Mrs. Leininger said because boy and dog were inseparable. The hunt was continued all night, but in vain.

This child and three other boys were fishing in the Channel of the Washburn A Mill, Seventh Avenue South and First Street. He was sitting on the bank when he lost his balance and toppled into the river. The boy's friends began screaming attracting a mill employe, Mr. C. Linderholm, 2801 18th Avenue South, who came running with a rake. Although the man succeeded in hooking the rake into Kenneth's clothing, the swiftness of the current tore the rake loose. In the meantime the boy's father, on learning that he had gone to the river to fish, went in search of him. He was led to the scene by the screeching of police and ambulance sirens. The body was recovered from the canal fifteen minutes later and a fire department rescue squad applied artificial respiration for nearly an hour. The drowning occurred June 19th at 4:15 P.M.

The body was removed to the morgue and later released to the funeral director.

Social Security No. 476-26-1953

This boy was fatally injured when the truck in which he was riding went through a Fourth Avenue South stop sign at 24th Street at 7:10 A.M. on June 20, 1945 and crashed broadside into a sedan carrying four men and women to work at the Cornelius Company, 1621 East Hennepin Avenue. The truck, a 1938 Chevrolet one and one half ton dump truck license number Minnesota X44-384, was driven by Howard Thunstrom age 17, of 1708 First Avenue So. Passenger in the car, besides the deceased, was Donald Thunstrom, age 18, the driver's brother. The truck was travelling east on Twenty-fourth Street and the sedan was going north on Fourth Avenue. The impact hurled the sedan across the curb, where it sideswiped a tree and stopped between two houses. The side of the truck was partly sheared off when it went headlong into the side of another house. Police records indicate that Thunstrom admitted driving 35 miles per hour, that he didn't see the stop sign and didn't stop for the intersection. The Peka boy was admitted to Minneapolis General Hospital at 7:24 A.M. June 20th and expired the same day at 11:15 A.M.

The body was removed to the morgue and later released to the funeral director.

The deceased had lived at the Mission Farm at Medicine Lake since May, 1942. However, on June 24th he came to Minneapolis and registered at a hotel situated at 41 East Hennepin Avenue. He complained to the hotel clerk of some stomach trouble and gas pains, although he refused to call a physician. At eleven o'clock that same night the hotel clerk looked in the deceased's room and noticed that he was asleep. The following morning at nine o'clock the clerk again looked into the deceased's room to see how he was feeling; the bed was empty and the deceased was not in his room. Upon investigating further, the clerk found the deceased sitting on the toilet seat; he was dead.

Officers Johnson and Grey arrived at the scene.

Because there were no relatives to claim the deceased, his body was sent to the anatomical department at the University.

The deceased and two companions, Charles Libby, age 12, and his sister, Carol, age 10, of 5324 Thirty-second Avenue South, had gone to Shingle Creek during the afternoon of June 25, 1945. The children had decided to wade in the creek, and the deceased entered the water near Fifty-sixth and Logan Avenue North when he stepped into a seven-foot hole which had been dug for the foundation of a new bridge. The Libby boy, realizing the deceased's predicament, attempted to rescue him but nearly was drowned himself in the effort. He then ran to the home of Mrs. Erick Ryden, living nearby, and she in turn summoned deputy sheriffs who recovered the body near the bridge where the boy had gone down. The body was recovered at 2:35 p.m., June 25th.

Deputy sheriffs Lyman and Fahey arrived at the scene, also Robert Callender, of the Brooklyn Center police department.

The body was removed to the Hennepin County Morgue and later was released to a funeral director.

This boy had been swimming in Fish Lake which adjoins the farm of his parents. Seven other boys including his brother, Richard age 12, were swimming with him. Apparently he suffered an attack of cramps and drowned 30 feet from shore in about thirty feet of water. The boy's father arrived on the scene just as his son went down the second time. Deputy sheriffs dragged the lake and recovered his body about an hour and a half later. Attempts at artificial respiration were abandoned when it became apparent the boy had been under water too long. The drowning occurred June 25th at 5:00 P.M.

The body was removed to the morgue and later released to the funeral director.

Sheriff Lawrence was at the scene of the drowning.

Dr. O. W. Yoerg reported this case to the Coroner's Office at 11:05 a.m., June 27th.

The deceased, a district civil engineer for the Chicago, Milwaukee, St. Paul & Pacific Railroad, had met with an automobile accident in Winona, Minnesota on May 1, 1945 and had sustained severe head injuries that had necessitated hospitalization for a week in Winona. The deceased, riding in the front seat of an automobile driven by Roy Simondson, was dozing, when the Simondson car collided with another automobile. All the men involved in the accident were injured. Doctor Yoerg went down to Winona and saw the deceased while he was in the hospital. It was stated that the deceased's head had crashed through the windshield of the Simondson car at the time of the accident.

The deceased had planned to return to work on June 27th, however, doctor Yoerg advised him to go to Northwestern Hospital before doing so and have an electrocardiograph taken. Therefore, Wednesday morning, June 27th, the deceased went to the hospital; upon arrival there, and before the electrocardiograph could be done, the deceased suddenly collapsed and expired at 10:30 a.m.

The accident occurred Friday, June 15, 1945, at 1:05 p.m Mrs. Mesonznick stated that she had failed to see the Stover car because of the poor visibility caused by a heavy downpour of rain at the time. This child was missed by his mother only a few minutes when the search for him was started. Victor E. Nelson, 4612 13th Avenue So. joined the search shortly after Mrs. Fitzgerald reported her son's disappearance to police. Police squads combed both sides of the creek from the Nokomis Avenue bridge and Nelson walked along with his dog. The dog suddenly started to bark sharply and Nelson, investigating, spotted what appeared to be a bundle of rags in the creek near Thirty-Seventh Avenue South. He waded out and found the boy. Neighbors said that James apparently carried a pail of dirtdown to the creek bank and while dumping it in the water, lost his balance and fell in.

Mrs. Fitzgerald said that her son usually was afraid of the water and did not go near the creek which is lined by waist high grass. The boy, wearing a green play suit, apparently could not be seen because his outfit blended with the grass. The child fell into the creek less than 100 feet from his home and was swept six blocks downstream to his death. Fire department rescue squad members worked 35 minutes in a futile effort to revive the boy after his body was recovered at 7:00 P.M. Officers present were Paul and Bleed.

The body was released to the Morgue and later released to the funeral director.

REMARKS:

Social Security No. 504-10-6569

According to information received by the deputy coroner the following events occurred relative to the deceased: About a week previous to the deceased's death he had returned to his rooming house at 106 East 16th Street and sat down on the porch and commenced to tell dirty stories in the presence of Mr. and Mrs. Dale Hoffman, both of whom also roomed at the same place. It was stated that Mr. Hoffman objected to these stories. During the evening of July 4th the Hoffmans were at the Recreation Pool Hall, 1345 Nicollet Avenue. The deceased was also there, but he was not with the Hoffmans. They were all having drinks. The deceased sat at the end of the bar and talked with Mrs. Hoffman, to which Hoffman objected. It was stated that the deceased then remarked "I can take him any time!" The Hoffmans left the place and returned home later in the evening. At 1:00 a.m. the deceased arrived home. Mr. and Mrs. Hoffman were on the front porch. According to Hoffman an argument developed because the deceased called Hoffman a vile name and remarked that "I'll get you tonight." Mrs. Hoffman remonstrated and was supposed to have said "Oh, don't get into an argument!" Whereupon she walked away and went out to the garage, it was stated. She returned in about fifteen minutes and found the deceased lying, unconscous, in the hallway in front of the door leading into his room. Ernie Doran, another roomer, and Mrs. Hoffman carried the deceased into his room and laid him on the cot. Mrs. Hoffman telephoned and reported the matter to the Minneapolis General Hospital and asked for assistance. A police squad car responded to the call. An officer looked at the deceased and could not arouse him, however, he remarked that he thought the man would be "O. K." and left the place.

About nine o'clock the following morning Mrs. Hoffman tried to arouse the deceased by knocking on his door. There was no response. At 2:00 p.m. that day Ernie Doran and Mrs. Hoffman again knocked on the door of the deceased's room. Receiving no response, they entered the room and found the deceased still lying on his cot. He was dead.

Barbaso of 3621 Aldrich Avenue South, a rake man employed by the power company. The body was clothed in a black dress, shoes and tan stockings.

The body was removed to the Morgue where the woman's identity was established by Art Moey of 617-7th Avenue South, who stated that the deceased had sustained a head injury six or seven years ago, since which time she had been mentally deficient. Mr. Moey notified deceased's sisters in St. Paul of the death and the latter made burial arrangements.

This case was reported to the Coroner's Office by the funeral director in Osseo.

The deceased, it was stated, had eaten dinner with her family at 12:30 p.m., July 9th. About 2:20 that afternoon Dorothy Gambort, age 8, went to the deceased's room and found her hanging by a double baler cord that had been tied around her neck, while the other end of the cord had been tied to the head of the bed, thus the deceased was suspended from the head of the bed. When the deputy coroner arrived he noted that the body was cold, however, rigor mortis had not developed.

There is a history that the deceased had been ill for several months, and a week previous to her death Doctor Thielen of St. Michael had prescribed for her. The deceased was a hypertensive.

There is a history of a bronchiectasis, in connection with which the deceased had had several hemorrhages. Chest x-rays were negative for tuberculosis.

Dr. John Simonds of Whitefish, Montana referred the deceased to Dr. Paul Larson in Minneapolis, who in turn sent her to Dr. Thomas J. Kinsella. After the latter had examined the deceased he sent her to Dr. Arthur C. Kerkhof for a bronchoscopy examination.

On the morning of July 10th the deceased went to Dr. Kerhof's office. She was given a hypodermic at 9:30 a.m. and sat outside in the reception room for a half hour with her niece, Marjorie McSweeney of Fayette, Iowa. She tried to peruse a magazine for a while, said she felt all right except that she had become dizzy and felt light headed. At the end of the half hour period the nurse called her into the doctor's office and asked the deceased if she felt dizzy and she replied in the affirmative. The deceased's throat, as is customary in such examinations, had been painted with a cocaine solution. The deceased suddenly went into a collapse, followed by convulsions. Dr. Kinsella was summoned, however, another physician responded to Doctor Kerkhof's call, and Miss McSweeney was sent up to 1031 Medical Arts Building to call the deceased's husband, who was consulting another physician about himself. When Mr. Kinyon and the niece arrived downstairs in Doctor Kerhof's office the deceased had expired. Death occurred at 10:15 a.m.

The body was removed to the Morgue where an autopsy was done and specimens of the organs were turned over to the toxicological chemist for analysis.

The deceased had fumigated a Commander-Larabee Milling Company building at Hiawatha Avenue and Thirty-fifth Street, in Minneapolis, with methyl bromide. On July 18th, at the end of approximately twenty-four hours, the deceased, wearing a gas mask, entered the building to air it out. Francis Jennrich, age 35, of 2300 Quincy Street Northeast, assisted the deceased in opening the windows in the building to rid the place of fumes. The deceased then returned to the Nicollet Hotel, where he was staying while in Minneapolis. About eight o'clock that evening the deceased became ill. An ambulance was called and the deceased was removed to Eitel Hospital, being admitted about 8:30 p.m. A blood test revealed the presence of .25 mgm % bromine; carbon dioxide was .52%; white blood cells were 13,000. The hospital record showed that the deceased had repeated and violent convulsions, which necessitated the use of pentosal sodium.

The deceased expired at 2:00 a.m., July 20th. An autopsy revealed terminal bronchopneumonia due, it was believed, to methyl bromide poisoning.

It was learned that Francis Jennrich had also become ill between nine and ten o'clock the night of July 18th. He was taken to St. Barnabas Hospital that night; however, he recovered and was discharged from the hospital on July 21st.

Arthur Irwin, father of the deceased, and his son-in-law, Royal Cole - the latter residing at 4116 Utica Avenue, St. Louis Park, were in the Pine Tree Inn, Lake George, Anoka County, shortly after midnight, July 22, eating hamburgers, when the former, a special deputy, was told that a fight was in progress at the Club Pavillion Tavern, a short distance away. Irwin and Cole hurried over to the tavern and found a "free for all" fight going on. It seems that Bert Small, Jr., a U.S. Marine, and his younger brother, had entered the tavern and began swinging their fists at everyone they encountered in the place. Irwin entered the place and attempted to stop the fighting. Irwin managed to force Bert Small, Jr. to the floor and was trying to hold him there, when another young man commenced pounding Irwin on the back. Deceased, standing nearby, tried to strike the young man who was hitting his father, whereupon a man by the name of Kirkland who had been standing in the doorway of the tavern struck the deceased a blow on the side of his head with his fist. The blow caused the deceased to sway for a moment, then he staggered outside and leaned against a car parked nearby. He held his hand over his heart and said to his wife, who had been with him in the tavern, "Get me out of here." They walked a few steps to the shore of the lake and then the deceased collapsed in his wife's arms. Mrs. Irwin called for help. Arthur Irwin was called from the tavern and told that his son had just had a heart attack. The deceased was carried to his cottage about a block away and an attempt was made to obtain a doctor. Finally Doctor Spurzem, who had attended the deceased on previous occasions when he had had heart attacks, was contacted and he arrived about 2:00 a.m. He gave the deceased a hypodermic and stated that the deceased would be all right in a couple days. The deceased vomited from time to time and his condition appeared to become worse. Finally an ambulance was summoned and the deceased was removed to University Hospitals in Minneapolis, being admitted at 2:45 p.m., July 22d. The deceased expired at 10:45 p.m., the same date.

The body was removed to the Morgue, where an autopsy revealed a cardiac condition had caused the deceased's death.

This man was found dead in the plant of the Reade Manufacturing Company by his brother, George Dehnel, of 1915 Thirteenth Avenue South, who was to relieve him on duty. The body was found at 6:00 A.M., July 24th, with the deceased's belt fastened around his neck and looped over a spike driven into the wall of the shower room back of the office where he worked. The belt had snapped in two pieces from the weight of the deceased's body, part of it being attached to the spike and the other part around the man's neck.

The body was removed to the Morgue and later released to the funeral director.

An autopsy, later requested by the deceased's family, was done at the mortuary at 4:10 p.m., July 25, 1945. This revealed the cause of death to be the result of hanging.

A chemical analysis of the organs revealed a certain amount of arsenic in the stomach, liver and kidneys as shown in the report of the toxicological chemist.

REMARKS:

The deceased, an oiler on derrick boat 767 of the United States Army Engineers Department, fell off the boat about 8:05 a.m., July 24, 1945, and into the river. No one saw deceased fall into the river, however, other workmen on the boat saw the body in the water, and Darrell Byles, of Pepin, Wisconsin, made two futile attempts to reach him with a pike pole before he sank below the surface. Firemen, who were called to the scene, then began dragging the river. The body was recovered at 10:30 a.m. the same date, and it was noted that the deceased was not wearing a life preserver.

The body was removed to the Hennepin County Morgue where an autopsy revealed that death was due to coronary sclerosis.

Officers Klopfleish and Kaufman of the Minneapolis Police Department were at the scene when the deputy coroner arrived to make his investigation.

A call was received from the police department at 2:45 a.m., July 27, 1945, advising that a man had been shot at the Casablanca, 408 Hennepin Avenue.

According to a story of the shooting given by Fred V. Snyder, a brother of the deceased, the two men (Fred V. Snyder and the deceased) had gone to the Casablanca after a union meeting on the night of July 26th, and were drinking at the bar with Thomas Banks and a service man. After the bar closed to the public at 1:00 a.m. the four moved over to a table in an alcove and were joined by Godfrey Horowitz, 41, of 1365 Spruce Place, the bartender; Alex Silvers, 30, of 791 Bryant Avenue North, an employe at the place; Waynie Saunders (real name Rubin Shetsky) and Bernice Shetsky, 30, both of 2011 Third Avenue South; Lola Driscoll, 37, of 1365 Spruce Place; and Hilda Castle, cashier at the Casablanca. Two negro porters, Percy Donison, 35, of 3119-18th Avenue South, and Layman Hall, 53, of Highland Avenue North, were working around the bar. Fred Snyder (who spells his name differently than did his brother, the deceased) said the party had several drinks and that about 2:00 a.m. he left to go to the lavatory and when he returned he saw a scuffle between Saunders (Shetsky) and his brother. Saunders then backed away about ten feet and Snyder noticed that he had a revolver in his hand. Saunders fired two shots and the deceased dropped to the floor. Saunders continued to fire at the deceased as he lay on the floor, according to Snyder.

Snyder rushed at Saunders and the latter aimed the gun at Snyder and yelled, "I'll get you, too." Banks was standing nearby, Snyder said, and he grabbed Banks with a wristlock and held him as a shield in front of Saunders' gun. Banks tried to free himself and Saunders yelled at Snyder to let go. Mrs. Shetsky and Lola Driscoll attempted to pull Banks away, but were unable to do so. Saunders then ran out the door. Snyder said he threw Banks to the floor because he was afraid he might also have a gun. Then everybody ran out of the place and in a few minutes the police arrived.

Police found the deceased lying on his back in the alcove. Nearby were an overturned table and chairs, evidence that a fight had preceded the shooting.

There were four wounds in the deceased's body, one in the left side of the neck, one in the left breast near the heart, one in the right forearm and one in the left abdomen.

According to Snyder, the fight followed accusations by Banks and Saunders that organized labor's support of Hubert Humphrey for mayor brought about the crackdown on gambling in city night spots.

Waynie Saunders (Rubin Shetsky) is manager of the Casablanca.

The deceased and his brother, Fred V. Snyder, were organizers for General Drivers and Helpers Union 544.

The deceased's body was removed to the Morgue where an autopsy was performed.

This child and her brother were playing on the river bank at Third Avenue Northeast at about 5 P.M. on August 11th when she either fell or was pushed into the river. The river bank is very steep at this point and the water is six feet deep up to the shoreline. The brother, Joe age six, returned to neighbors who were taking care of the children while their Mother worked nights, and told a rather vague story of his sister's disappearance. He stated that he heard a splash in the water. An aunt of the children, Ida Bauman, 147 Seventh Ave. NE., said that the boy came to her later and told her he had pushed his sister into the river. The body was recovered August 13th at 9:00 A.M. The children's father, Ray L. Pederson is in the service.

The body was removed to the Morgue and later released to the funeral director.

It was stated the deceased had consulted Dr. Henry W. Quist about a month previous to her death. She had had cardiac trouble and was taking Digitalis. The deceased appeared to be feeling rather well the day before her death. Her husband returned home about 1:00 a.m. (August 26th) and the two commenced drinking and they continued drinking until about 3:00 a.m. Mr. Williams stated that his wife consumed several drinks during that period. The couple went to bed and about noon Mr. Williams tried to awaken his wife and discovered that she was dead.

The deputy coroner who made the investigation felt that while heart failure was terminal, the fact that the deceased had over-indulged in alcoholic beverages proved to be a contributory factor in her death.

Jeannette Faltico, age 18, of 2507 Blaisdell Avenue, confessed that she shot the deceased during a brawl in an apartment at 569 Eighth Avenue North. Mis Faltico and two girl friends, Betty McMath, 19, of 547 Mill Street, Columbia Heights, and Bette Manion, age 22, had been in the company of certain colored men. They had been to a tavern on Chicago Avenue and later went to the apartment of Everett Rhodes, age 23, 569 Eighth Avenue North. Just before she shot the deceased, Miss Faltico told police, the deceased had struck and beaten Miss McMath. The Faltico girl then went into the next room and took from the pocket of Joseph Johnson, 26, of 566 Seventh Avenue North, a 38-caliber revolver, pointed it at the deceased and remarked that she was going to get out of the place. Whereupon the deceased grabbed Miss Faltico's arm, and the latter shot the deceased once. This occurred between 4:00 and 4:30 a.m., August 29th. The deceased was taken at once to the Minneapolis General Hospital by Johnson and Rhodes, where he expired a short time later, at 5:00 a.m. Two other colored men at the apartment were Richard Carr, age 18, and Dean Officer, age 20, both of 569 Eighth Avenue North. The three girls later were picked up by police at 607 Olson Highway, Bette Manion's apartment.

The body was removed to the Morgue where an autopsy revealed a gun shot wound of the chest, with left hemothorax. 2000 cc. of blood was found in the left chest. The upper left lung had been perforated by the bullet. The bullet hole measured 7/16" x 5/16", being 2-1/4" to the right of the mid-line, 5/8" below the clavicle, also 3/4" from the right sterno-clavicular junction, and 4" above the nipple, being 1" inside the right nipple. There is a history that the deceased had not been feeling well for some time, although she had been able to continue with her work. Dr. J. Y. Feinstein had been called to see the deceased on Friday, August 31st, and arrived about 2:15 p.m. The young woman stated that she had had diarrhea and a sore throat. The doctor noted that the deceased's throat was inflamed, her temperature was 101° and her pulse was fairly rapid. At that time the deceased mentioned that she had been "menstrating" during the past month.

During the evening of September 2d the deceased appeared to be very ill, and a friend, George Dolinge, who was with her at the time, called the Physicians Exchange and requested that a physician be sent immediately. Dr. David H. Eisenstadt responded and, realizing the seriousness of the deceased's condition, called an ambulance and had her removed to St. Mary's Hospital. En route to the hospital the young woman suddenly expired, death having occurred at 9:00 p.m.

The body was removed to the Morgue where an autopsy was done, which revealed carcinoma of the uterus; renal insufficiency due to bilateral hydronephrosis; and edema of the lungs.

The deceased's body was found by Alex Waldron, the hotel clerk, at 10:45 a.m., September 3d, lying face-down on his bed; he was clothed in his underwear.

The deceased had resided at the present address during the past year.

His wife lives in Chatfield, Minnesota and an effort was made to reach her by long distance telephone on September 3d and 4th. On the latter date the Coroner's Office phoned the Root River State Bank in Chatfield and learned that Mrs. Peter A. Olson lives with a Mrs. Adolph Popelka in Chatfield; therefore, the long distance operator was instructed to have a messenger sent to the Popelka home, since there was no telephone there, advising of the deceased's death. However, no response was received from Chatfield in this connection, therefore, due to the fact that an honorable discharge paper was found among the effects of the deceased which gave evidence of service in the U. S. Army, burial was arranged through the proper channels.

The body of the deceased was found by Delmar Borman, 4101 Second Avenue South, in the basement of the Vic Carlson Karadio Sales & Service plant, 1112 Harmon Place, where both men were employed, at 7:45 a.m., September 4th. The body was lying half out of the right front door of an Oldsmobile car, feet were resting on the floor, the body was lying on the floor of the car. The right eye was shrunken, the upper and lower lids apparently had been gnawed by rats, as was the lower left eyelid. An area 1/2 x 1/4 inches below the nose had been eaten by rats, also an area the size of a 25¢ piece on the left forearm had been eaten.

After investigation by the deputy coroner and detectives o'Rourke and Ecklund, it is believed that the deceased may have returned to the plant where he worked some time during Saturday night or early Sunday morning, failed to switch on a light, and in groping around in the dark probably either fell down the freight elevator shaft or the stairway leading from the first floor down to the basement. Despite the serious injuries sustained, the deceased apparently was able to get up and walk over to the car, where his body was found. There were bloody finger marks on the car as though the man had "felt" his way around the car until he came to the right-hand front door, which he apparently opened with the thought of climbing in and sitting down. Evidently he sat down on the running board of the car instead and collapsed, his body falling backward onto the floor of the car.

The body was removed to the Morgue, where an autopsy revealed a fractured skull and bruising of the brain.

The deceased had served in the U. S. Navy, World War II, and had received a medical discharge.

However, when he failed to get up at his usual time that morning, Mr. Collition went to the deceased's room and found him lying on the floor. Rigor mortis was present and the body was cold. The deputy coroner felt that the man had been dead about eight hours.

The deceased's husband had last seen his wife alive at 8:30 a.m., September 5th, when he left for his place of business. He returned home about 6:45 p.m., entered the house but could not find his wife, although the couple's year-old son, Fred, was in his crib. The maid, apparently, had been given the afternoon and evening off by the deceased. Mr. Rosenblatt, being somewhat apprehensive about not finding his wife at home, went to the George R. Anderson home, 463 Tarrymore Avenue, next door, and returned, bringing Mr. Anderson with him. They made a search of the house and finally went to the basement, where they found the body of the deceased hanging from a pipe. The woman had tied a clothes line around the drain or soil pipe and then tied the other end around her neck. She then apparently stood upon a nail keg, then kicked the keg from under her. The keg had rolled about 4-1/2 feet from the body. The woman's feet were about twenty inches from the floor. The body was cold and rigor mortis was developing when the body was found at 7:00 p.m., September 5th. It was felt that the woman had hanged herself about 4:00 p.m.

Upon being questioned, Mr. Rosenblatt stated that he could see no reason for his wife taking her life, except that her sister had died suddenly two weeks ago and since then his wife had been very upset.

Officers Pospishill and McNamara were at the scene when the deputy coroner arrived to make his investigation.

After the deceased's wife, a dietician at the Veterans Hospital, had left the house for work September 7th, the deceased had gone to the basement and taken his life. He had removed the panel on the gas furnace, exposing the shut-off valves and the line leading to the pilot; he then had cut this pipe, placed a rubber tube on it and taped it down. He projected the tube into a cardboard carton and fashioned the carton so that it would fit over his head. However, before making these arrangements he had tacked a note on the back door on which he had written "Be careful of gas," and he wrote a farewell note to his wife. When found the body was fully clothing and rigor mortis was present. The man was lying on his back between the furnace and the wall. A pair of pliers, a screw driver and electrician's tape were lying on the floor in front of the furnace.

Mrs. Pearson had tried to reach her husband by telephone and had called steadily from 11 :00 a.m. until 4:00 p.m., and finally called a next-door neighbor, who was unable to obtain response to the door bell. He then called the St. Louis Park Police Department and the fire department was summoned. Members of the local fire department forced entrace into the

There is a history that the deceased had fallen out of bed at #4 Glenwood Avenue. He had been found lying on the floor in his room by Anna Peterson, the landlady about 11:45 a.m., September 9th. The deceased was removed by ambulance No. 1 to the Minneapolis General Hospital, being admitted at 12:04 p.m. the same date. He expired at 5:00 p.m., September 9th.

An autopsy revealed a terminal bronchopneumonia with marked edema of the lungs and cirrhosis of the liver; also, multiple excoriations of the skin of the left forearm and the right upper arm, as well as blisters on the left lower arm. No history could be obtained as to the cause of the latter two conditions mentioned, and while the severity of same is not to be overlooked, on the other hand it is felt that the real cause of death was due to pneumonia and cirrhosis of the liver.

The body was removed to the Morgue where an autopsy was done. As is customary in cases of this kind, the organs were turned over to the toxicological chemist for analyses.

Mrs. Swan A. Carlson of 815 Eighth Avenue South, another daughter, stated that the family were convinced that the deceased had taken her own life; as a matter of fact, she had stated that she intended to write a note but had been too nervous to do so.

The deceased had appeared to be very nervous for some time and she had confided to her family that due to the fact that a sister had become a mental case, she feared that she, too, might lose her mind. She was particularly nervous during the morning of September 11th; she went into the bath room and locked the door, which she had never done before. Her daughter, Alice (Mrs. Ralph Carlson), became apprehensive and called to her mother to open the door. When she finally came out of the bath room she told her family that she had taken a teaspoonful of Peterman's Ant Food in water. This occurred about 9:30 a.m. Dr. Edward Nelson of the Bloomington-Nicollet Clinic was summoned. He ordered the woman sent to the Minneapolis General Hospital so that a lavage could be done. The deceased vomited repeatedly. She was taken to the hospital, however, while in the receiving room she appeared to feel better, and while the family was urged to take the woman to Homewood Hospital for care, the deceased said that she wanted to return home. Therefore, she got into the car with her family, but suddenly collapsed and was brought back into the receiving room, where she expired at 12:30 p.m.

A fire which seriously damaged the Elliot home was discovered at 3:30 A.M. by the deceased who roused Mrs. Elliott and Thelma Lougee, a household employee who fled to porches of the home and were carried down ladders later by firemen. He then went to the bedroom of a daughter, Marjorie age 22, to arouse her. The deceased apparently collapsed from inhalation of smoke just inside the doorway of the daughter's bedroom where his body was found. The daughter, meanwhile, had leaped fifteen feet to the ground. She was removed to St. Mary's Hospital with serious back and arm injuries.

The fire evidently stemmed from a sunroom fireplace which had been lighted the previous evening to take the chill off the house. It had gained considerable headway blocking off the stairway to second floor bedrooms when the deceased was awakened.

The body was removed to the Morgue and later released to the funeral director.

The deceased had been staying for a few days at the home of Mr. and Mrs. W. O. Lund, 4933 Aldrich Avenue South, because the home of her mother, Mrs. Mary Syvertson, 3938 Sheridan Avenue North, had been sold recently. The Lunds' daughter, Ruth, and the deceased had worked together at the Federal Reserve Bank and the deceased had asked if she could stay temporarily at the Lund home until she and her mother could make other living arrangements.

The deceased had spent the evening with a cousin, a young lady from Pittsburgh. The exact time of her arrival at the Lund home is not known. However, at 2:45 a.m. Mr. Lund was awakened by a noise in the kitchen, followed by a heavy thud. He went downstairs to investigate and noticed that a door leading to the basement was open. He found the deceased lying at the foot of the basement stairs, her head was resting on the cement floor and her legs were on the second step from the bottom of the stairway. Mr. Lund called Dr. Paul Wilkens, who arrived about 3:15 a.m., and promptly ordered the deceased removed to the Northwestern Hospital by ambulance. The deceased was admitted to the hospital at 4:12 a.m. She was unconscious and was bleeding from the left ear; her pulse was 80. She expired about an hour later - at 5:09 a.m. Death was attributed to a basal skull fracture.

Mr. Lund expressed the belief that because of her unfamiliarity with the Lund home the deceased had mistaken the door to the basement stairs for a door leading into the kitchen. Thus, instead of probably entering the kitchen as she had planned, the deceased opened the door leading to the basement and plunged down the stairs.

Deceased, a barber whose shop was situated at 300 East Hennepin Avenue, had been living with Mr. and Mrs. Alex Shupien, 755 Monroe Street Northeast, during the past two years.

The deceased had a history of hypertension during the past four or five years, his blood pressure having reached 230 systolic. He had suffered severe headaches for some time, as well as marked vertigo recently. He had consulted several physicians during the past two years because of hypertension.

On October 3d the deceased ate a light supper and retired at an early hour. The following morning at 6:45 Mrs. Shupien entered the man's room and found him lying, face down, on the floor. The body was still warm. There was a considerable amount of vomitus on the floor. The covers of the bed were thrown back, however, there was no indication that the bed had been slept in. The alarm clock was set for 6:00 a.m. Death was ascribed to a cerebral hemorrhage by the deputy coroner who made the investigation.

The body was removed to the Morgue. Mr. and Mrs. Shupien, also Mr. Peter Sienko, a third cousin of the deceased, and his wife, residing at 1317-5th Street Northeast, made arrangements for Stanley Kapala & Co. to bury the deceased, and to act in the capacity of Special Administrator.

It was stated the deceased has a sister, Mrs. Marie Nogowski, presumed to be living in Lille, France; also a brother, Joseph Glodz, Trofimowka, State of Grodna, Postoffice Janow, Poland.

At 10:00 a.m., October 5, 1945, John Person, Morgue Keeper, and William K. Bauman, of the County Treasurer's Office, as well as Noel A. Asplund, of the St. Anthony Falls Bank,

It was stated the deceased had frequently, while walking around in her home, stumbled and fallen to the floor in her home, consequently a daughter, Miss Beta Shone, usually led her mother from one place to another in the home. On March 22, 1945 the deceased had fallen in her home and sustained a fracture of the right hip. She was removed to the Minneapolis General Hospital for treatment and later was transferred to Parkview Hospital during the period of convalescence. Two weeks previous to her death the deceased was returned to her home. She was able to walk about the house while being led by her daughter. She apparently re-fractured her right hip again on one of these occasions when she stumbled. She complained of a great deal of pain in her hip and was unable to sleep. The family physician, Dr. Henry Quist, was called on October 4th, but since he had not attended the deceased for some time and because of the accidental aspects of the case, he felt that the Coroner's Office should function on the case.

At 10:00 a.m., October 6, 1945, two railroad workers, Martin Bauer, Waconia, Minnesota, and Anton Olson, Wayzata, Minnesota, while patroling the Great Northern Railroad spur track entering St. Louis Park, found the wreckage of an automobile that had plunged off Highway No. 7 and down an enbankment, a distance of about forty feet, lying upside down on the railroad tracks. A call to the Hennepin County Sheriff's office brought deputy sheriffs Molander and Lyman who had been cruising in the area.

Investigation revealed the body of the deceased lying about six feet from the wreckage of the car. He evidently had been thrown from the car as it turned over, and it was believed that he was alive for some time after the accident, as there was body heat in the belly wall when found, and rigor mortis was not present.

The body of Gertrude Eng, age 17, 2112½ Fourth Avenue South, was found lying on the ground near the car. She had sustained a crushed skull and a depressed skull fracture.

Lying huddled close to the Eng girl, their heads all resting on a dislodged seat cushion, were Mary Lou Dunn, 18, of 406 Emerson Avenue North, and Frances Kandian, 18, of 2543 Chicago Avenue, both of whom were unconscious.

Richard E. McGuire, age 18, 406 Emerson Avenue North, had been thrown clear of the wreckage. He was unconscious.

Richard Sharp, 18, of 2407 Fourth Street North, was found pinned in the car between the steering wheel and the front seat. He was the only one of the four injured who was conscious. He stated the crash occurred about 4:00 a.m.

The deceased was home on leave from the Navy. McGuire, it was stated had recently been discharged from the Merchant Marine and was to have been inducted into the Army on October 15th. Sharp was home on leave from the Merchant Marine. The three young men had attended a high school football game Friday afternoon, October 5th, but their parents said they did not know where they had spent the evening.

The car, a Ford sedan, bearing Minnesota license No. 312-857, was owned by J. B. Sharp, father of Richard. The latter had come home at 2:30 a.m. (October 6th) to get the car, saying he was going to take some girls home.

The bodies of the deceased and Gertrude Eng were removed to the Hennepin County Morgue. A blood analysis of the deceased revealed a very small amount of alcohol, viz, 0.01%. The same was true of Miss Eng - 0.07%. Therefore, intoxication was not indicated in either case.

The four other members of the party, all critically injured, were removed to the Minneapolis General Hospital, being admitted at 10:56 a. m., October 6th.

At 4:00 a.m., October 7th, Richard McGuire expired. An autopsy revealed a skull fracture; hemothorax; sternoclavicular fracture and separation (right and left).

His wife gave the deceased some soda and water and whiskey for relief after which he went for a walk which he thought would relieve the crowding pains in his chest. Fifteen minutes after leaving his home he was found dead on the street at 14th Avenue No. and Sixth St. The body was found at 10:20 P.M. The Coroner ascribed the cause of death to coronary occlusion.

The body was removed to the Morgue and later released to the funeral director.

Social Security No. 475-01-0569

The deceased was working in the "K Plant" yard of the Minneapolis-Moline Companyand was unloading beams from a railroad flat car to a yard car. The deceased and Francis Jeffery, 3306 10th Avenue South, were guiding the beams which had cables attached at each end of the beam. The travelling crane was operated by Catherine Borden, 721 E. 27th St., who had raised the beams from the freight car and moved them to the yard car. Orders had been issued to her to lower the beams into a 4 x 4 yard car. The grab-chain had been removed and the signal given to raise the pulley block. The guide cables had been unhooked by Jeffery and held in his hand. Apparently the deceased's cable was still attached to the pulley block and as it was taken up the hook on the end of the cable turned and caught on the flange of the beam, turned them over and fell on the deceased. He was in the walk-way between two tracks of company cars lying on his back and as the beams fell they forced him against a pile of beams on the opposite side of the walk-way. The accident occurred at 3:50 P.M., October 8, 1945.

The Deputy Coroner attributed the cause of death to fractured skull and a crushed chest.

Officers Uglem and Christianson arrived at the scene of the accident.

REMARKS:

It was learned that the deceased and two women relatives came to Minneapolis on October 12, 1945. The women went their separate ways and it was agreed among the three that they were to meet the following day and go back to Hutchinson in the afternoon. The deceased registered at the Vendome Hotel at 10:30 P.M. October 12th signing the register as "Paul M. Riesberg and wife," and was assigned to room 106. The following day when a maid in the hotel, Clairce Curtiss, was cleaning the rooms she found the door of the deceased's room ajar and saw him lying diagonally across the bed. He was alone in the room at that time. She closed the door and returned at 3:15 P.M. to service the room at which time she discovered the man had expired.

Three bottles of "7-Up" were found in a dresser drawer, also an empty whiskey bottle. The bed had been occupied by only one person and no one in the hotel office had seen the woman leave the Hotel.

The Deputy Coroner determined that death had occurred around midnight October 13th, and was due to coronary sclerosis and hypertension. The body was removed to the Morgue and later released to the funeral director.

Deceased had been admitted to Northwestern Hospital August 23, 1945 where he had been under the care of Dr. R. S. Ylvisaker. A diagnoses of hypertension, cardiac enlargement, cardiac decompensation and cardiac psychosis was made at that time. At noon on October 9, 1945 Miss Gloria Johnson, a student nurse entered the deceased's room and found that he had disappeared. It was stated that he had been unattended for only about five minutes. Miss Johnson looked out the window and saw the deceased lying on the ground below (this was on the court side of the hospital.) The deceased apparently had jumped out of his second floor window during the absence of a nurse from the room.

X-Rays revealed fractures of the spinus processes of the 11th and 12th dorsal vertebra. Upon admittance the deceased's temperature had been 101 degrees; however, the temperature continued to rise until it was over 103 degrees. Dr. Ylvisaker stated that he could not clinically make a diagnosis of pneumonia. Dr. Heim talked over the telephone with Miss Gloria Johnson, the student nurse who stated that she had been at Northwestern Hospital for a year and a half also that the deceased, who had been in restraints for most of his stay in the hospital, had not been in restraints for some days previous to his death. He had been given sedatives -morphine hypodermically. Miss Johnson stated that while the window in the deceased's room had been closed a short time previously, when she entered the room and found that he had disappeared, the window had been raised as high as it would go.

Death occurred at 8:29 P.M. October 16, 1945.

Social Security No. 269-12-1166

This man was killed instantly at 2:10 A.M. October 19, 1945 when struck by a hit-run driver on Second Street and Hennepin Avenue. The car was a black Ford coach or sedan possibly a 1939 model. The deceased was apparently in the act of crossing Hennepin Avenue from east to west when struck. He was found lying 75 feet north of the north curb of Second Street and 26 feet west of the east curbline of Hennepin Avenue.

Robert Owens, Medicine Lake Road and the Belt Line, parked at the curb at 2:10 A.M. witnessed the accident. He made a U turn to give chase, following the speeding car to East Hennepin and Sixth Avenue N.E. He saw the hit-run car nearly strike a taxicab at University and E. Hennepin Avenues. He managed to get three digits of the license number before the machine turned into an alley and vanished. He was able to determine, he said, that the driver was in Navy uniform.

The body was removed to the Morgue where autopsy examination revealed the cause of death due to a crushed chest and ruptured aorta. Investigating officers were C. Johnson and E. Miller. Another witness to the accident was Walter Craighton, 2871 Humboldt Avenue So., who was walking south on Hennepin Avenue between first and second street on the west side of the street.

REMARKS: Social Security No. 469-16-4069

It was stated the deceased was crossing the street from east to west in the middle of the block about 7:00 p.m., October 27, 1945, on Fifth Street North, about 150 feet south of Eighth Avenue North, when, it was stated, he walked into the left side of a car being driven by David M. Craig, Jr., age 22, of 2101 Ewing Avenue South. The car, a 1941 DeSoto sedan, bore Minnesota license No. 46-565. Kenneth R. Emerson, 1701-5th Street North, was a passenger in Craig's car. The impact threw the deceased to the pavement.

An ambulance was summoned from the Minneapolis General Hospital, and the physician who accompanied the ambulance, Dr. R. E. Towne, applied first-aid. The latter stated that there was an abrasion about the size of a dime at the center of the occipit, which was bleeding slightly. Since the man's injuries were considered minor, officers Sather and Racine who arrived at the scene, called the police "wagon" and had him removed to the city jail, where he was charged with drunkeness. The jailer at first had some difficulty with the deceased who was in a recalcitrant mood when admitted; however, he quieted down after lying on the cot in his cell.

At 9:10 p.m., the same date, the jailer found the deceased lying on the floor in his cell, dead. There were puddles of blood on the floor and it appeared that the man had moved about while on the floor. He had also vomited. There was a cut on the deceased's nose, which Doctor Towne stated had not been there upon examination at the scene of the accident described above. The thought was projected that possibly the man had fallen from his cot and struck his head on the floor or possibly the toilet in the cell.

The body was removed to the Morgue where autopsy examination revealed a skull fracture and hemorrhage of the brain.

WILLIAM WOLFE — CONTINUED-

Every effort was made by the Coroner's Office to contact a son of the deceased who was supposed to be in the U. S. Army, however, the local Home Service Division of the American Red Cross was unsuccessful in its efforts to locate him.

Upon further investigation by the Coroner's Office it was learned that the deceased had been registered with the Men's Bureau. That agency supplied the following information: The deceased had been married and divorced four times; he has four children, addresses unknown; a brother, Phillip, resides in Milwaukee, Wisconsin, another brother, John, lives in Two Rivers, Wisconsin, and a sister, Mrs. Mary Penel (or Denel), resides in Appleton, Wisconsin. The two latter named relatives were advised by letter of the death of their brother - the deceased.

On November 2d, since no one claimed the body of the deceased, same was turned over to the Anatomical Department.

There is a history that about one year ago the deceased became ill and a Dr. McDonald who attended him at that time diagnosed the case as a kidney attack. On November 2nd the deceased and his wife drove to Bemidji, Minnesota returning November 4th. He retired about 10:30 P.M. that night. He became very restless during the night and got up about 1:30 A.M. and went to the bathroom. He complained of a pain in his chest and his wife gave him some soda and water. The pains became more severe, however, and extended down the left arm. He went back to bed and expired suddenly at 1:40 A.M. Dr. McDonald was called, but he did not respond. A Smith ambulance was sent to the home and the ambulance physician pronounced the man dead.

The Deputy Coroner attributed the cause of death to coronary sclerosis.

This case was referred to the Coroner's Office by the funeral director.

The deceased had been ill for three days at his home in Antigo, Wisconsin and was under the care of Dr. W. P. Kern of that city. The first alarming symptom occurred the morning of November 5th when the deceased experienced difficulty in breathing. Doctor Kern decided to send the boy to the Elizabeth Kenny Institute as soon as possible. Therefore,he telephoned to Smith Ambulance in Minneapolis about 9:15 that morning and ordered an ambulance sent to Antigo. The boy was ambulatory when the ambulance arrived. The trip to Minneapolis began about 4:00 p.m. that day, and Mrs. Hill accompanied her son. Ralph Shefflin drove the ambulance and Wallace Watson was the ambulance attendant. At Rice and University Avenue in St. Paul the boy had a vomiting spell. After the ambulance crossed the river and into Minneapolis Mr. Watson stated that he could detect the boy's pulse. However, upon arrival at the Institute, nurse Ethelyn Nelson, of the Kenny staff, pronounced the boy dead at 9:40 p.m., October 5th. Mr. Watson was of the opinion that the boy had expired about five minutes before reaching the Institute.

REMARKS: Social Security No.

Shortly after nine o'clock during the morning of November 10th the deceased, two brothers, Thomas E., age 7 years, and Stanley, 6, and a younger sister, Marlene M., age 5 years, were playing on the thin ice of Galpin Lake, Excelsior, not far from their home. The children were making a game of throwing rocks across the ice, then running out to retrieve them. Thomas had on a pair of skates. Mrs. E. W. Dawson, who saw the Johnson children playing on the ice just opposite her home, warned them of the danger. However, they ignored her warning and she watched them running back and forth across the ice. Suddenly the deceased, Thomas and Marlene broke through the ice and Mrs. Dawson hurriedly summoned the volunteer fire department and neighbors. Stanley was pulled off the ice by Frank Jaeger, a neighbor, when the boy ran toward the spot from where his sisters and brother were crying for help. The children went down in about five feet of water, about 75 feet from shore, before help could reach them. The deceased, the only one who could swim, was last to go under, according to Mrs. Dawson. Mark Knowlton, a volunteer fireman, reached Petra's body by crawling out on a ladder, and plunged into the water just as he made the rescue. Firemen Freeman and Russell Hoag reached the other two children with a boat. Efforts to revive the children proved unsuccessful

Besides their parents, the three drowned children, are survived by four brothers and two sisters.

The deputy sheriffs at the scene were Feeney, Leonard and Stephens.

Shortly before 2:00 p.m., November 11th, the deceased and Donald Benjaminsen, age 23, of 5229 France Avenue South, rented a Piper Cub plane at Wold-Chamberlain field and staged a flying demonstration. Benjaminsen, a veteran of numerous Flying Fortress missions over Europe as a bombardier-navigator-gunner, piloted the plane. A few minutes laterthe plane crashed in a vacant lot at 54th Street West near Chowen Avenue. After clipping the trees the plane "bounced" into the air, vaulted over some high tension wires, and nosed into the vacant lot, just a few blocks from the Benjaminsen home.

After the crash neighbors rushed to the scene, turned the plane over, and used hack-saws to remove the injured men, both of whom were removed by ambulance to the Minneapolis General Hospital. Time of admittance was 2:24 p.m.

The deceased was last seen alive at eleven o'clock that night by Mrs. Westergren when he retired. She looked in on the deceased about four in the morning and could not state whether the man was alive or not, but assumed he was alive. However, when she looked in again at 6:00 A.M. The deceased had been ill since November 23d with a cold, and her temperature had been between 102° and 104°. She had been pulling at her ear and appeared to have an earache. Mrs. Eisele at 4:00 a.m., November 27th put some ear drops into the baby's ear and gave her one-half of an Aspirin tablet, after which the child went to sleep.

At 10:15 a.m. Mrs. Eisele awakened and was alarmed to find that the deceased's face was blue, although her body was warm. She hastened to Swedish Hospital with the baby, however, Doctor Milton who examined the infant at 11:25 a.m. pronounced her dead.

The deceased was delivered in Swedish Hospital on July 10, 1945 by Dr. Henry W. Quist.

An older sister of the deceased, Patricia, 3½ years, had also been ill at the same time with a cold and a running ear. And despite the fact a rash was evident, Doctor Quist stated that scarlet fever was not indicated.

During the morning of November 30th Arthur Nelson, 3202-16th Avenue South, and Nick Paulas, 2501 Sheridan Avenue North, both of whom were employes at the Nagell Hardware Store, 625 Marquette Avenue, were working at a bench near the elevator shaft. They looked down into the shaft and noticed the body of the deceased lying at the bottom. It was felt that the man apparently had stepped off the elevator without stopping it, and had fallen into the shaft, striking his head on a basement ledge. He suffered a crushed skull and death, which occurred about 9:15 a.m., was instantaneous.

The body was removed to the Morgue and later was released to the funeral director.

GEORGE MONASCH - CONTINUED -

The deceased had been a patient of Dr. Emil C. Robitshek and the latter had seen the deceased in his office a week previous to his death.

A recent electrocardiogram indicated a cardiac condition.

An autopsy revealed sclerosis of the coronary vessels, - all narrowed and one closed; an area of infaret in the heart muscle about 2 x 1 cm. (old); the valves were negative; spleen, kidneys and lung show only very slight congestion.

On opening the scalp there was hemorrhage under the scalp in the parietal-occipital region on both sides. On removal of the calvarium there was no extradural or subdural hemorrhage, indicating that the heart had stopped beating when the head struck the tile floor. There was a skull fracture extending from the right parietal through the occipital, right and left, to the left parietal. The bones of the skull show evidence of osteomalacia, which would account for the extensive fractures.

In conclusion, the deputy coroner is of the opinion that the deceased expired as the result of coronary disease. The skull fracture resulted from the fall and was due to osteomalacia.

Minneapolis General Hospital, however, the deceased would not allow him to do so. About seven o'clock in the morning Mr. Small again telephoned to Doctor Bedford, who promised to call right after an operation he had to perform that morning. The doctor arrived between ten-thirty and eleven o'clock. He looked at the patient and said, "This is a hospital case," and he called Minneapolis General Hospital on an emergency call. In the presence of Mr. Small and his sister, Mrs. Lucy Witte, Doctor Bedford asked the deceased if she had had an operation or if someone had inserted an instrument, and the deceased replied, according to Mr. Small, "No sir, I did it myself."

The deceased was then removed to the hospital by ambulance, where she expired a few minutes after admittance.

The body was removed to the Morgue where an autopsy revealed an induced abortion. Upon examination of the uterus the cervix was found to be dilated and hemorrhagic. There was a ragged laceration 1 cm. long at the right lip of the cervix posteriorly and laterally. When the uterus was opened, the placenta was found to be intact. No fetus was found. There was no indication of infection. A cystic corpus luteum, 1 1/2 x 2 cm. was present in the left ovary.

The Smalls have three children, the oldest of whom is eleven years. According to Mrs. Witte, the deceased had admitted to her that she had gotten rid of two other children in the same manner as this recent abortion.

The deceased was admitted to the Minneapolis General Hospital at 11:36 a.m., December 11th, in an unconscious condition. She expired a few minutes later - 11:50 a.m. due to hemorrhage following an abortion.

According to the deceased's husband, about two weeks before she died she stated that she was about a month and a half pregnant. However, on the morning of December 11th she told Dr. Edgar W. Bedford, the family physician, in the presence of her husband and her sister-in-law, Mrs. Lucy Witte, that she was about three and a half months pregnant.

About 6:00 p.m., December 10th, Mr. and Mrs. Witte, who reside at 6930 James Avenue South, called at the Small home. Mrs. Witte is a sister of Ralph Small, the deceased's husband. At that time the deceased was preparing the evening meal. Mr. Small, employed as a machinist's helper at the Shoreham Shops of the Soo Line Railroad, had arrived home that day shortly before noon. He and his wife had eaten lunch together and then Mr. Small went to bed. About 7:45 p.m. the deceased awakened her husband for supper. About fifteen minutes later Mr. Small went down stairs to supper and his wife went upstairs to the second floor. A few minutes later the telephone rang and Mr. Small went up to the second floor to answer it. Mrs. Small called her husband into the bath room and said, "I am hemorrhaging pretty bad." Mr. Small asked if there was anything he could do for her, she replied in the negative and urged him to go down and eat his supper. A few minutes later a slight noise was heard from above and shortly thereafter Mr. Small called to her husband, who went upstairs and found his wife lying on the floor. He carried her into the bed room and put her on the bed and called Doctor Bedford. The latter was unable to call but made arrangements for a prescription to be filled for the deceased. Mr. Small remained home from his work all night and cared for his wife. About two o'clock in the morning the deceased's condition became worse and her husband wanted to summon an ambulance from the

Between 4:00 and 4:30 p.m., December 12th, Axel Olson, of 1515 Second Avenue South, Apt.101, owner of the apartment building situated at that address, and William Preston, 863-23d Avenue S.E., an employe of the Palen Refrigeration Service Co., 2480 University Avenue, St. Paul, entered apartment 204 with the intention of checking the refrigerator. They found the body of Mrs. Anderson lying, face up, on the bed, while lying on the floor, face down, was her husband. It was believed that Mr. Anderson had collapsed while attempting to get to the door. Lying on the floor in the doorway leading to the kitchen was found the body of the couple's pet cat.

The last one to have seen the Andersons alive, it is believed, was Mrs. Willard Cotton, living at the same address, apartment 201; this was about 10:30 a.m., December 11th.

Mrs. Rudolph W. Anderson of 203 West Grant Street, Frederick W. Anderson's mother, stated that she had called at the apartment of her son and daughter-in-law about ten o'clock, the morning of December 12th; however, since she received no response to her knock she assumed the young people were down town shopping. She further stated that she smelled a peculiar odor at the door at the time, which she thought might be gas fumes and mentioned the matter to Mr. Olson, owner of the building.

Axel Olson admitted to the Coroner that the refrigeration system, a Copeland, in which methyl chloride is used, had been giving trouble off and on during the past two years. Eighteen refrigeration units are in the building at 1515 Second Avenue South. The unit in apartment 204 had been particularly troublesome lately and Mr. Olson had called upon the Palen Refrigeration Service Co. to correct the situation.

On Monday morning, December 10th, between 11:00 and 11:30, Nate Rosenfeld, 1511 Portland Avenue, St. Paul, journeyman refrigeration mechanic for the Palen outfit, went to apartment 204 and,

in checking the refrigeration unit found that a leak had developed at the expansion valve. He disconnected the pipes leading to the unit and "pinched" off both pipes (liquid and suction lines) and plugged the liquid line by the valve. He opened the windows, he stated, thus to clear the room of any existing gas, and applied the Halide Torch to determine whether there were any further leaks in the unit or any gas in the room. The tests, according to Rosenfeld, were negative. However, he decided that the whole coil of that particular unit should go into the shop for repair, and he consulted with William Preston by telephone later that day and suggested that the latter, who was to check the entire refrigeration system at 1515 Second Avenue South, should remove the coil within the next day or so and take it into the shop. Thus, two days later Preston went to the Anderson apartment for the purpose of removing the coil, when the bodies of Mr. and Mrs. Anderson were found by himself and Mr. Olson.

The bodies of Mr. and Mrs. Anderson were removed to the Morgue where autopsies were performed December 13th. Mrs. Anderson was six months pregnant.

It was stated that the Andersons had complained of not feeling well a few days before their death and had mentioned that they always seemed to feel better after getting outdoors and into the air.

Tests were conducted in the building at 1511 Second Avenue South and on December 17th a Halide Torch revealed two leaks in the refrigeration system, one in the unit in the Anderson apartment and the other in a basement compressor unit. These leaks liberated methyl chloride gas. Present during these tests were the following: Dr. Russell R. Heim, Coroner; Arthur P. Spottswood, Chief of the Fire Prevention Bureau, also Captain Roy E. Quady of that bureau; Howard M. Betts, Dean S. Holmes, T. H. Ingersoll and Joe Parupske, of the Examining Board, Council of New Refrigeration, City of Minneapolis; Don J. Officers Doughterty and Smith, also Chris Hanson and Frank Johnson were at the scene when the Coroner and the Morgue Keeper arrived.

On Tuesday, December 11th Mr. Segall took his wife to Eitel Hospital about 8:00 a.m. and she was taken into the x-ray room, where she remained throughout the day. The woman was seen by Dr. N. R. Smith, who wrote a prescription for her. It was stated the deceased had been ill and had been vomiting at intervals for two days and two nights.

Mrs. Elsie Judd of 530 Irving Avenue North made a statement to the Coroner on December 17th that on Wednesday, December 12th, she was cleaning apartment 302 which is occupied by Harold Kahler and a Mr. Tabor, and which is situated next to apartment 304, occupied by Mr. and Mrs. Louis Segall. About 5:30 p.m. the deceased knocked on the door of apartment 302 and when Mrs. Judd opened the door she stated the deceased gasped, "I am dying! Help me!" and fell to the floor. Mrs. Judd picked the woman up and placed her in a nearby Morris chair in the apartment. In a few moments she dragged the deceased to the davenport where she felt she would be more comfortable. The deceased vomited and Mrs. Judd stated that she was conscious of a sweetish odor on the deceased's breath. The deceased was "cold as ice," and her eyes were fixed in a steady gaze and the pupils were large. The deceased's black spaniel followed her into the apartment and Mrs. Judd noticed that the dog dragged his hind quarters and staggered in circles and finally fell on the floor. However, about a half hour later the dog appeared to be more normal.

On December 12th Mr. Segall again took his wife to Eitel Hospital, arriving there about 7:30 p.m., however, the hospital was filled to capacity, therefore, she could not be admitted. The deceased was seen by Dr. Paul Bjelland on this occasion.

During that night Mr. Segall telephoned to Dr. Paul Bjelland regarding his wife, and the doctor suggested that she be brought to his home. This was done and Doctor Bjelland administered intravenous treatment.

The deceased had been befriended by Mrs. Lyle McKay, who lives with her husband across the hall from the deceased. He had become ill a year ago and she had done his laundry and kept his apartment clean. Later when she was occupied with Red Cross work, the deceased felt neglected and began to brood. When he came to her door December 24th, she was trimming her Christmas tree with her son, Dan age 8, and a nephew, Dale Embertson, age 14, and his grandfather, John Drysdale, 83, who lives with her. The deceased remarked, "I see you have other company, so I won't bother you at this time." Mrs. McKay stepped into the hallway to talk to the man. He backed away, drew a gun from his pocket and fired a shot which missed the woman and lodged in the door frame of the apartment. She ran out another door to call Police and Williams retreated to his room. Police who broke down the door of his apartment, found the deceased dead in the kitchen, a .32 caliber revolver by his side. A note was found which read: "When you are old and have no more company, it is time to blow out the lamps."

The body was removed to the Morgue and later released to the funeral director. Investigating officers: Smith and Dougherty - Seebech and Meyers.
