Other effects listed on Morgue Record

Effects Released to	Gordon Johnson, brother,
Address	647 Marie Ave.

Social Security No.

Veteran Yes No

Hoppes

HISTORY:

This case was reported to the Coroner's Office by the Minneapolis General Hospital at 1:00 a.m., July 1, 1958.

At approximately 12:29 a.m., July 1, 1958, the deceased was fatally injured when the car she was driving a 1953 Cadillac coupe, bearing 1958 Minnesota license No. MV 7338, crashed into the underpass on Washington Avenue South, approximately 200 feet west of Ninth Avenue South.

It was stated, the deceased was traveling west on Washington Avenue when her car apparently went out of control and struck the right side of viaduct. Force of the crash pushed the car's motor into the front seat; firemen were called to the scene to remove the deceased from the wreckage. She expired in ambulance en route to Minneapolis General Hospital.

STELLA P. MOODY - continued

Remains were removed to Hennepin County Morgue where an autopsy was performed on the date of death. This revealed massive hemothorax due to fracture of ribs, 2nd through 9th, anterior, and 3rd through 6th, posteriorly, right. A subsequent report from the toxicologist upon analysis of the deceased's blood indicated it contained 0.24% alcohol.

Police officer Dewey Arnold of traffic squad 515 was notified and attended the scene of accident.

Survivors of the decedent include her father, Julian Johnson; and two brothers, Gordon and Ralph, all of St. Paul.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 7:35 a.m., July 1, 1958.

Mr. Anthony F. Iannazzo, father of deceased, discovered deceased lying in his crib in an unresponsive condition at 7:30 a.m., July 1, 1958. A Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival, the ambulance physician confirmed the baby's death.

Baby was thought to be wheezing a bit yesterday afternoon but otherwise had been in good health. He has had no previous illnesses and had only been seen by a physician for periodic check-ups. Infant was last seen alive about midnight on evening of June 30.

On arrival of a deputy coroner, baby was lying on back in bed in parents bedroom, clothed in jacket and diaper and covered by a sheet. Rigor mortis was complete and livor noted

KEVIN JOSEPH IANNAZZO - continued

in posterior body.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on the date of death. This revealed that death was due to bronchopenumonia, bilateral.

Officers R. Levens and Behrend were notified and attended the scene of death.

HISTORY:

This case was reported to the Coroner's Office by the Werness Brothers Funeral Chapel at 3:35 p.m., July 1, 1958.

On June 4, 1958, the deceased, a patient at the Mount Olivet Home, fell in some manner, sustaining a fracture of the right femur. She was removed to Mount Sinai Hospital and placed under the care of Doctor Louis A. Fried.

An open reduction and fixation of the fractured femur was done on June 5. The hospital course was satisfactory and the deceased was subsequently discharged and returned to the Mount Olivet Home on June 13. Her condition deteriorated and when seen by Doctor Fried on June 30, a diagnosis of bronchopneumonia was made. Deceased expired at 2:37 p.m., July 1.

Relatives of the decedent did not desire an autopsy.

JOSEPHINE M. ANDERSON - continued

Survivors of the decedent include a granddaughter, Mrs. William Lanz, Minneapolis; grandson, Roger Holm, Minneapolis; two great-grandchildren; sisters, Mrs. Walter Swope, Oshkosh, Wis., Miss Olga Gravold, and a brother, Oscar Gravold, Eau Claire, Wis.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 3:40 p.m., July 1, 1958.

About 2:20 p.m., July 1, 1958, the deceased was swimming and treading water near the flat diving raft off the Cedar Avenue beach on Lake Nokomis. He was noted to go under water and not come up by Kern Borlin, age 15, 6232 S. Vincent Avenue, Dick Hegner, 6745 Oakland Terrace, Richfield, and Robert Dreher, 5048 Belmont Ave., who were also swimming nearby. The body was recovered from the water by Daniel Lundeen, age 18, of 4321 Columbus Avenue. It was estimated deceased was only in water about two minutes.

Artificial respiration was begun immediately by the lifeguards and then by the Rescue Squad from 2:40 to 3:28 p.m., at which time the deceased was pronounced dead by Doctor Thompson of Minneapolis General Hospital.

JAMES WILLIAM TRIPP - continued

Upon arrival of the deputy coroner, the deceased was found lying on stretcher in the lifeguard's room at the beachhouse, on his back, clothed in swimming trunks. The body is slightly cool and there is no rigor. Bluish-gray discoloration of face noted. It was stated, body was found approximately 10 feet from the raft, mentioned above.

Police officer William Therres of squad 496 was notified and attended the scene of death.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on July 2nd. Death was attributed to anoxia due to drowning.

Survivors of the decedent include his parents, Mr. and Mrs. William J. Tripp; grandmother, Mrs. Mary Tripp, Minneapolis; maternal grandparents, Mr. and Mrs. Joseph Houf, Mosinee, Wis.

HISTORY:

This case was reported to the Coroner's Office by Minneapolis General Hospital at 4:30 p.m., July 1, 1958.

Mrs. Klarquist, wife of deceased, states the deceased had been under the care of Doctor Earl C. Henrikson for stomach ulcers, however, he has not been seen by the physician since last fall.

Shortly before death, the deceased complained of pain in abdomen and down left arm. He was given some soda after which he vomited and stated he felt better. A few minutes later, he became unconscious. The Fire Department rescue squad and a Minneapolis General Hospital ambulance were summoned to the residence, however, the deceased failed to respond, expiring at 4:04 p.m., July 1, 1958.

An autopsy was performed at the Werness Brothers Funeral Chapel on July 2nd at the

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 9:00 a.m., July 2, 1958.

According to Palmer Kolstad of Room No. 12, same address, the deceased usually stopped in to day hello when he returned to his room in the evening, however, he did not do so on the evening of July 1st, therefore, Mr. Kolstad decided to check on him on the morning of July 2nd. He states he had a key to the apartment of deceased because he kept his milk and butter in the ice box in deceased's apartment.

Upon entry, he noted the deceased sitting sideways on a kitchen chair which was propped against the wall, apparently expired, at 8:40 a.m., July 2. Deceased's face was discolored and blood was noted dripping from his nostrils onto the floor. The police were notified, Officers Rowles and Wheland of squad 125 responding.

CHARLES GEORGE TRIM - continued

Mr. Kolstad stated he had last seen the deceased alive on June 30 at which time he was in good spirts, however, the deceased has been in poor health and has spent considerable time in Deaconess Hospital. Deceased did not drink and was a very quiet and reserved man, it was stated.

A deputy coroner went to the scene and viewed the body. Deceased found sitting slumped in chair next to south wall and facing west wall of apartment near hinge side of back door to porch and outside stairs. A tightly looped noose of 1/4" sashcord noted about neck with broken ends hanging. Broken ends of two strands of similar cord dangling about 2 to 3 feet above neck and fastened above to clothesline hook. There was no indication of injury. Remains were removed to the Hennepin County Morgue and death was attributed to anoxia due to hanging and was ruled a suicide.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 10:30 a.m., July 2, 1958.

Mrs. Leroy Johnson, a neighbor of deceased living at 4538 Colfax Avenue North, stated she noted the deceased was having difficulty on the morning of July 2, 1958. He had been mowing his lawn. Suddenly the deceased shut off the mower, flailed his arms, then collapsed backward on the steps of his home. She summoned a neighbor, Mrs. Bly, 4547 Colfax Avenue North, who summoned the Fire Department rescue squad and a Minneapolis General Hospital ambulance, however, the deceased expired before its arrival, death apparently occurring about 10:20 a.m., July 2nd.

It was stated, the deceased has been under the care of a physician for a heart condition.

CARL AXEL CARLSON - continued

Upon examination of the body by a deputy coroner, there was no indication of other than natural death. Deceased found lying on back on steps, fully clothed. Lawn mower noted in front yard beside the deceased. Remains were released directly to a mortuary and death was attributed to arteriosclerotic heart disease.

Police officers Burchett and Levens of squad 143 were notified and attended the scene of death.

Survivors of the decedent include his wife, Edith C.; daughters, Mrs. Wesley Cook, Mrs. Arvid Johnson, and Mrs. Victor Dahlbom, all of Minneapolis; 11 grandchildren; a sister, Mrs. Amanda Johnson of Duluth; and also two sisters and one brother in Sweden.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 8:11 p.m., July 2, 1958.

Mr. John Rouen, husband of the deceased's niece, 3728 Eleventh Avenue South, states the deceased had previously been a resident at the Soldiers' Home but came to live with them several months ago. Deceased was sitting in a chair, eating a sandwich, on the evening of July 2nd, 1958, when he suddenly collapsed, becoming unresponsive. It was stated, the deceased's face became very cyanotic but he made no outcry nor manifested any pain.

A Minneapolis General Hospital ambulance was summoned to the scene, however, the deceased expired before its arrival, death occurring at 8:00 p.m., July 2.

Medical records at Veterans Hospital indicate the deceased was hospitalized there in

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 11:58 a.m., July 3, 1958.

While standing in hallway on second floor of the Walker Building, near the stairway, the deceased suddenly collapsed, striking his head on the floor, and becoming unresponsive. A Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival, the ambulance physician, Doctor Thomas, pronounced the deceased dead, death apparently occurring about 12 o'clock noon, July 3, 1958.

According to the deceased's daughter, the decedent had not been under the care of a physician.

The coroner went to the scene and viewed the body. Deceased found lying on back with

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 6:50 p.m., July 3, 1958.

At approximately 6:15 p.m., July 3, 1958, the deceased was found dead in bed by her husband, Raymond Turnrose, upon his arrival at home. She had last been seen alive at 12:25 p.m.

It was stated, the deceased had been up and about until about two or three months ago. Since that time, she has been bedridden and her condition had become progressively critical during the past few days. Deceased has history of a fracture of the left hip about three years ago for which she was treated at Minneapolis General Hospital. She was also treated at the hospital for high blood pressure and a heart condition, however, she has not been seen at General Hospital during the past two years.

ELLA L. TURNROSE - continued

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying in bed on back, nude. Rigor mortis was complete and livor noted in dependent portion. There was no indication of other than natural death. Remains were released directly to a mortuary and death was attributed to a cerebralvascular accident.

Police officers Benson and G. Smith of squad 118 were notified and attended the scene of death.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 7:35 p.m., July 4, 1958.

Sophie Kantorowicz, the landlady, had attempted to contact the deceased by phone during the daytime on July 3rd and also today, July 4th. Upon receiving no response, she prevailed upon her son and daughter-in-law, Joe and Elizabeth Kantorowicz to enter the premises, using her passkey to gain entry.

Upon entry, they found the deceased dead on the floor of her bedroom at 6:15 p.m., and a disagreeable stench filled the apartment. The police were notified, Officers Gusek and Eberlain of squad 124 responding.

It was stated, the deceased lived alone in the apartment and had been drinking heavily of late. Gene Cederstrom, who lives in adjoining apartment, stated his brother-in-law,

EDITH M. CHRISTENSEN - continued

Danny Bjergo, had purchased some charged water for deceased about 12 o'clock, noon, on Wednesday, July 2nd. At this time, she complained of feeling ill and her legs were noted to be quite swollen.

Deceased is reported to have been under the care of Minneapolis General Hospital's out-patient department for an ailing leg, arthritis and poor eyesight.

Examination of the body by a deputy coroner indicated body was in an advanced state of decomposition and very odoriferous. Deceased found lying face down near the bed with a broken cocktail glass beneath her face and pieces of a broken lamp globe scattered under her body. Considerable bloody tissue fluid was noted on the floor. Bisodol and other tablets were loose on the bed. Deceased had very poor vision and appeared to have fallen into the position occupied when she was found, knocking over the lamp and breaking the cocktail glass. There was no indication of other than natural death. Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

Detectives Holt and Ennen of squad 301 also investigated this case.

Survivors of the decedent include a daughter, Mrs. James R. Norrbohm; a son, David; 4 grandchildren; 3 sisters and 4 brothers.

HISTORY:

This case was reported to the Coroner's Office by the Swanson Mortuary, Inc. at 8:40 p.m., July 4, 1958.

The deceased lived with a friend, a Mrs. Adcock, who is 83 years of age. It was stated, the decedent has been in failing health for the past three or four months, however, she had been up and around and doing her own housework.

She was up on the morning of July 4, 1958 and even put out the flag in honor of the holiday. Apparently she was in her usual health, however, she complained of headache during the afternoon while having coffee with her daughter. In the late afternoon, she went to her bedroom to rest and apparently expired during her sleep, death occurring at 7:00 p.m.

A deputy coroner went to the scene and viewed the body. There was no indication of other than natural death. Remains were released directly to a mortuary and death was attributed

HISTORY:

This case was reported to the Coroner's Office by the Sheriff's Office at 8:50 p.m., July 4, 1958.

The deceased was found lying on the floor of his cell in the County Jail at 8:35 p.m., July 4, 1958 by Deputy Sheriff Harold Geiger and Alonzo Bunn, trustee, in an unresponsive condition. A Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival, Doctor F. W. Larson, the ambulance physician, confirmed the man's death.

Deceased had been imprisoned on June 17, 1958 on a charge of indecent assault.

According to the deceased's wife, Doris Karau, the deceased has history of a heart condition and had complained of pain in chest.

CURTIS KEITH KARAU - continued

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying on his face, fully clothed. There were no unusual marks noted before undressing.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on July 5. In the opinion of the pathologist, it was deemed advisable to await completion of the microscopic examination before determining the cause of this man's death.

Survivors of the decedent include his wife, Doris; daughter, Kathleen; son, Keith; mother, Mrs. Olive Marsden, Dawson, Ga.; father, Alfred Karau, Lewisville, Minn.; brother, Larry, Birmingham, Ala.; sisters, Mrs. Wanda Fritz, Minneapolis, Mrs. Earlmae, Mangini, N. HISTORY:

This case was reported to the Coroner's Office by the Police Department at 5:00 a.m., July 5, 1958.

At approximately 4:40 a.m., the deceased was found lying in hallway near entrance to his room by another tenant, Archie Malloy, apparently expired. The police were notified, Officers Knickerbocker and Pedersen of squad 117 responding.

Other roomers at this address stated they heard a noise, suggestive of falling, between 3 and 4 p.m. on July 4th.

No history is available concerning the deceased's medical history.

Examination of the body by a deputy coroner indicated this was a natural death. Remains

ANDERS RODNINGEN - continued

were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

Survivors of the decedent are unknown to the Coroner's Office.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 8:50 a.m., July 5, 1958.

At approximately 8:15 a.m., July 5, 1958, the deceased was found lying on the floor of his apartment, dead, by tenant in adjoining apartment, Erick Anderson, Apartment No. 202. The door of the apartment had been left ajar and Mr. Anderson noted the deceased lying on the floor in an unresponsive condition and investigated.

It was stated, the deceased, had last been seen alive on the morning of the preceding day by Ulrich Sissener, the caretaker. Deceased supposedly had history of "cancer".

A deputy coroner went to the scene and viewed the body. Deceased found lying face down on floor of his apartment with his face turned to the right and with head under a chair in the northwest corner of room, fully clothed. A torn newspaper was noted near his left

JOSEPH NIEMEYER - continued

hand and a fragment of the paper was clasped tightly in deceased's left hand. Rigor mortis was complete. A small bandage noted over scalp in left occipital area. There is marked livor of the face, flattening of the left side, and early decomposition. Spectacles were near the left hand on floor, unbroken. There was no indication of other than natural death. Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

Police officers Kolars and Shanahan of squad 118 were notified and attended the scene of death.

HISTORY:

This case was reported to the Coroner's Office by the Henry Anderson Mortuary at 9:05 a.m., July 5, 1958.

It was stated, the deceased arose and had his breakfast on the morning of July 5, 1958, and then went for a walk. On his returned, he complained of severe chest pain and suddenly collapsed on the living room couch, becoming unresponsive.

Doctor F. S. Stiegler was summoned to the residence. Upon his arrival, he pronounced the deceased dead,death apparently occurring about 7:15 a.m., July 5.

Upon being notified, a deputy coroner went to the residence and viewed the body. Deceased found lying on right side on couch, clothed in shirt, trousers, shoes and stockings. Body

PETER MARTIN ERICKSON - continued

was cool but there was no rigor. A frothy fluid was noted coming from deceased's mouth.

It was stated, the deceased has been in poor health for some time. He has history of a heart condition and "blood clot" about 7 years ago, however, deceased has had no medical attention during the past two years.

Examination of the body by the deputy coroner indicated that death was due to natural causes and was ascribed to arteriosclerotic heart disease.

Survivors of the decedent include his wife, Annie; two brothers, Edwin, Eagle Bend, Minn. and Casper, Montevideo, Minn.; a sister, Mrs. Emma Johnson, Watson, Minnesota.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 12:55 p.m., July 5, 1958.

At approximately 12:40 p.m., July 5, 1958, the deceased was found dead in bed by the maid, Mary Koelfgen, who entered to make up the bed.

According to the hotel manager, L. R. Rix, the deceased had checked into the hotel on June 29th at 9:15 a.m., stating that he was from Duluth.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying on back in bed with lower legs hanging over the left side of bed, fully clothed. Rigor mortis was complete and cyanosis of the nail beds was noted. A partially eaten sandwich lay on the bed and particles of bread were noted in deceased's mouth. There was no indication of other than natural death. Remains were removed to the Hennepin

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 3:30 p.m., July 5, 1958.

It was stated, a Hanna and Isadore Johnson, whose phone number is Jackson 9-0656, had had the deceased as a vistor on the evening of July 4th. On the following morning, July 5th, they attempted to contact the deceased by phone but were unable to get any response, therefore, they phoned friends of the decedent, Mr. and Mrs. Melvin Stenson, and asked them to try to contact the deceased. Mr. Stenson repeatedly attempted to contact the deceased by phone until 2:00 p.m., July 5th.

Becoming alarmed, Mr. and Mrs. Stenson took a bus to the deceased's residence. Upon their arrival, they found both front and rear screen doors hooked, therefore, they notified the police, Officers Swanson and Oakvik of squad 163 responding. Entry was

RAGNAR H. NELSON - continued

forced and the deceased was found hanging from a beam by a piece of clothesline, at 3:10 p.m.

According to officers, at the time deceased was discovered, his body was at quite an angle and it appeared as though he could have released himself from the rope if he had so desired.

The Stenson's state the deceased has been living alone since the death of his wife in fall of 1957. He has history of having spent 70 days in Glenwood Hills Hospital, being released from there about two months ago. Mr. and Mrs. Stenson had visited the deceased on June 30, 1958, leaving his residence about 8:30 p.m. On their return home, they received a call from him, in which the deceased told Mr. Stenson that he had seen him for the last time because he was going to "jump in the river". They called the deceased's doctor, Dr. Robert Meller, who in turn called the deceased. Later, Dr. Meller contacted the Stenson's, saying he had advised the deceased to return to Glenwood Hills Hospital but deceased had refused to do so.

Upon arrival of a deputy coroner, the deceased was found lying on the basement floor, about 4 feet from a food storage room, on his right side. A pieces of clothesline is noted about the neck, knotted anteriorly but not tied posteriorly. Rigor is complete and body is cool. Deceased is clothed in tee shirt and shorts. There is a deep mark just above the larynx from the rope, extending up behind the ears. Remains were removed to the Hennepin County Morgue and death was attributed to anoxia due to hanging and was ruled a suicide.

Survivors of the decedent include three sisters and a brother, all living in Varmland, Sweden.

HISTORY:

This case was reported to the Coroner's Office by the Sundseth Anderson Funeral Home at 9:30 a.m., July 6, 1958.

Deceased has history of a hernia and heart trouble and has been in a weakened condition for many months. He has been passing fresh blood in his urine for the past year but has refused hospitalization.

At 6:00 a.m., July 6, 1958, the deceased expired in his home.

According to Doctor Alexander Ross, he had attended the deceased several years ago at which time he had made a diagnosis of coronary disease. Recently he was called to see the deceased and decided hospitalization was necessary but patient refused to go.

ALBERT JOHN JACOBSON - continued

Family of deceased did not desire an autopsy.

Examination of the body by a deputy coroner indicated death was due to natural causes. Remains were released directly to a mortuary and death was attributed to arteriosclerotic heart disease.

Survivors of the decedent include his wife, Johanna; one daughters, Mrs. Everett Cowle, Golden Valley; 4 sons, Raymond, Maple Plain, Elton, Albert, Jr., and Lloyd, Minneapolis; 13 grandchildren; 3 sisters, Mrs. Flora Berger, Fergus Falls, Mrs. Clara Bousquet, N. HISTORY:

This case was reported to the Coroner's Office by University Hospitals at 10:50 a.m., July 6, 1958.

At approximately 6:30 a.m., July 6, 1958, the deceased and his brother, Dennis, were on their way to the lake to go fishing. Dennis was sleeping in the rear seat of their car, a 1954 Ford, while the deceased drove. At junction of Highway No. 10 and County Road 3, the car went out of control and careened off the road into a ditch.

Deceased was removed to University Hospital, via ambulance, being admitted about 7:00 a.m., July 6th, in a comatose condition with deep labored respirations of 10 to 12 per minute. Head showed trauma with large hematoma in frontal and parietal areas; anterior skull appeared compressed but intact. He expired several hours after admission, death occurring at 9:00 a.m.

MICHAEL J. DOODY - continued

Brother of deceased, Dennis, sustained a broken ankle in the accident.

An autopsy was performed at the hospital on the date of injury. This revealed that death was due to laceration of spleen with hemoperitoneum.

Officer Zappa of Minnesota Highway Patrol, who investigated the accident, stated a witness volunteered the information that deceased's car had passed him, traveling at a high rate of speed, shortly before accident occurred.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 11:06 a.m., July 7, 1958.

The deceased, an apprentice steelworker employed by the American Bridge Corporation, was working on the ninth floor of the First National Bank Building which is under construction at Fifth Street and Marquette Avenue, on the morning of July 7, 1958. While helping lay metal decking about 10:45 a.m., the deceased apparently fell through an opening where flooring had not yet been laid, struck a girder at 8th floor level, and bounced to 6th floor level, expiring almost instantly, according to Fred Langston, the foreman, who lives in trailer at 8701 Lyndale Avenue South.

A Minneapolis General Hospital ambulance physician, Doctor Van Velow, pronounced the deceased dead upon his arrival.

TERENCE CRAIG JOHNSTON - continued

A deputy coroner went to the scene and viewed the body. Deceased found lying on back near pool of blood on steel floor planking at 6th floor level. Bloody mucous noted protruding from lips. Remains were removed to the Hennepin County Morgue where examination revealed a laceration 2 inches long on back of head in occipital parietal area, midway between tips of ears. This laceration reveals a skull fracture extending crosswise of the skull, the limits of which cannot be determined through the laceration. Three contused abrasions are also visible, two in the scalp and one laterally to left eye. Death was attributed to severe head injuries and was ruled accidental.

Father of deceased, Arthur C. Johnston, refused permission to do an autopsy. Attorney for the American Bridge Company, Mr. Andrew Maisonpierre, 525 William Penn Place, Pittsburg, Pa., stated the company did not care for an autopsy in this case.

Besides his father, the deceased is also survived by a brother, David.

Police officers Mattson and Frank Johnson of squad 117 were notified and attended the scene of death.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 2:30 p.m., July 7, 1958.

At approximately 1:30 p.m., the deceased was observed trying to climb an embankment in the back yard of a rest home at 327 Oak Grove by Mrs. Chris Johnson, cook at the home. She called a nurse at the home, Mrs. Bernice Dolbec, who went out and tried to talk to the deceased but he only mumbled incoherently. Apparently the deceased had fallen as a bruise was noted on his forehead. He was obviously ill and was unknown to anyone at the rest home, therefore, the police were notified, Officers Fort and Shanahan of squad 118 responding.

Officers took the deceased to Minneapolis General Hospital in a squad car where he expired at 2:18 p.m., July 7, 1958, while being examined in the receiving department by Doctor Douglas Thompson.

CLARENCE OLSON - continued

After death, the deceased was identified by his landlord, Joseph F. Banyon, who stated the deceased had left the house at 5:00 a.m. on the date of death. Mr. Banyon thought the deceased had been acting "queer" for several days preceding his death, but the deceased was not definitely known to be in ill health.

Mr. Aner C. Olson, 4019 Lake Road Avenue, Robbinsdale, brother of deceased, states the deceased was rejected for service during WW I by a Doctor Woodward. Deceased has complained a great deal of pains in chest, arms, and of gastric distress over a long period of time. They did not know the name of any doctor he had consulted recently.

Examination of the body by a deputy coroner revealed marked cyanosis of neck, face and hands. There was a 3 cm. contusion approximately 4 cm. above right eyebrow. Body was warm and there was no rigor. Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

Survivors of the decedent include a sister, Mabel Olson, Minneapolis; one brother, Aner Olson of Robbinsdale, previously mentioned herein.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 11:40 p.m., July 7, 1958.

According to the deceased's wife, Mrs. Florimunda Heisler, the deceased worked on the day of his death, July 7, 1958, and arrived home from Nicollet Avenue where he was in the habit of stopping in bars to drink at about 9:30 p.m. He appeared intoxicated but was able to sit in the living room and play with the baby. A short time later, she helped the deceased to bed. Later, at about 11:15 p.m., she went to the bedroom and undressed. As she was getting into bed, she moved the deceased's outstretched arm out of her way and noted it was cold. On closer inspection, she noted he did not appear to be breathing. Then, she awakened her son and a nephew who lives with them. The police were called and a Minneapolis General Hospital ambulance was dispatched to the scene. Upon arrival, Doctor Clark, the ambulance physician, pronounced the deceased dead at 11:25 p.m.

LEE O. HEISLER - continued

James Kokesh, who appears to be in his 30's, states he is nephew of Mrs. Heisler and confirms the above statement to extent of his knowledge.

Mrs. Heisler states the deceased has not complained of ill health. He last saw a physician at General Hospital some 7 or 8 years ago for a back condition.. It was also stated, the deceased was in the habit of drinking in the morning before going to work and in habit of drinking in bars on way home from work. Last week, the deceased was on vacation and done considerable drinking but hadn't been eating well.

A deputy coroner viewed the body. There was no rigor and trunk was warm to touch. There was no indication of externally produced trauma. Remains were removed to the Hennepin County Morgue where an autopsywas performed on July 8th. This revealed that death was due to anoxia due to aspirated gastric contents. Analysis of the blood indicated it contained 0.31% alcohol.

Police officers Nordmeyer and Hanson of squad 118 were notified and attended the scene of death.

Survivors of the decedent include his wife, Florimunda; one daughter, Mrs. Gerald Collins; 2 sons, Lee, Jr. and Erwin; mother, Sophie Heisler.

HISTORY:

This case was reported to the Coroner's Office by Doc tor D. W. Feigal of Wayzata at 12:20 p.m., July 8, 1958.

About noon on July 8, 1958, the deceased was fatally injured when the horse she was riding stumbled, threw off the deceased and fell forward on her at the Wayzata Country Club. Her mother, Mrs. Mary Lees,was watching from the side of the ring at the time.

The deceased and six other children were riding in the west ring near the barn under the supervision of Max von Bluecher, riding master, who stated the deceased had the horse well under control at the time horse stumbled and fell. Full weight of horse was on head of deceased as horse rolled, crushing head and riding helmet of deceased. She died at the scene shortly after the accident occurred and was pronounced dead by Doctor D. W. Feigal of Wayzata.

DEBORAH DEE LEES - continued

Chips, the horse, had been in the Club stables for several seasons and was described as "very gentle".

A deputy coroner went to the scene and viewed the body. Deceased, clad in riding habit and boots, was removed to the Hennepin County Morgue. She had been taking riding lessons at the club since spring, it was stated. Death was attributed to crushing injury of head.

Horse was inspected and appeared quite gentle even after incident. There was a slight bruise with some blood-matted hair noted over right eye of horse and dirt on coat over back, withers, and rump. Saddle used was an English type.

Survivors of the deceased include her parents, Mr. and Mrs. Avon Lees, Jr.

Veteran Yes / No

HISTORY:

This case was reported to the Coroner's Office by Doctor Medina of Asbury Hospital at 3:00 p.m., July 8, 1958.

Roy Morrow, manager of the Sherman Hotel who resides there, states the deceased had been complaining of back pain on the evening of July 7, 1958 but had been able to come down for his three meals on that date and appeared to be all right. Mr. Morrow last talked to the deceased about 9:30 p.m. at which time he appeared to be in his usual health. On the following morning, July 8, 1958, at about 6:00 a.m., he went to awaken the deceased as usual but received no response to his knock. He returned again between 7 and 8:00 a.m. and entered. He was unable to rouse deceased and then noted a number of "pills" scattered about floor which appeared to be 1½ gr. seconal capsules. There were about a dozen on the floor, several on table top, and approximately another dozen in a bottle. Mr. Morrow also noted the deceased's breathing was not normal and called the deceased's physician, Doctor T. A. Peppard.

JOSEPH RILEY - continued

Doctor Peppard ordered an ambulance and had the deceased brought to Asbury Hospital where he was admitted at 12:15 p.m., July 8th, in a comatose condition. He expired shortly thereafter, death occurring at 1:45 p.m.

Mr. Morrow also stated the deceased had asked him to call Doctor M. Eich on the evening of July 7 but Doctor Eich refused to come and see the deceased, saying that "Joe just wanted another shot".

Doctor T. A. Peppard, who has had deceased under his care for a number of years and for many admissions to Asbury (last within a month), states he talked with the deceased on phone on July 7 and deceased was supposed to come to his office at 11:00 a.m. today.

Deceased was under the care of Doctor T. D. Wright in December of 1957 in Asbury Hospital and at that time had partaken of too much alcohol and too many seconals and was found in similar unresponsive condition. Recently the deceased was knocked down in revolving door at Walgreen Drug Store in Nicollet Hotel and was hospitalized at Asbury for fracture of nose. He was not a heavy or continuous drinker at any time but drank a little and very occasionally too much. Deceased had been found to have pulmonary emphysema, chronic bronchitis, arteriosclerotic heart disease, and kyphosis of spine with osteoporosis of spine.

Remains were removed to the Hennepin County Morgue where an autopsy was performed at 8:00 p.m. on July 8, 1958. This revealed bronchopneumonia of the entire right lower lobe with mild pulmonary fibrosis; generalized arteriosclerosis; small recent myocardial infarct due to coronary sclerosis; small, fresh basal ganglia; and hemorrhage of left cerebrum. Analysis of the deceased's blood for barbiturates was found to be negative.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 3:40 p.m., July 8, 1958.

About 1:15 p.m., Mrs. Anne Grich, wife of deceased, left home to go downtown. On her return home at 3:10 p.m., July 8, 1958, she entered by the backdoor because she had not taken her key. She noted some keys belonging to her husband on the kitchen counter and found the family dog in the living room and door to kitchen closed. She called to her husband but received no answer. Upon investigation, she discovered the deceased hanging in the basement stairwell and summoned the police, Officers Hyvare and Ersbo of squad 143 responding. A Minneapolis General Hospital ambulance was dispatched to the residence. Upon arrival, Doctor Thompson, the ambulance physician, confirmed the man's death.

According to wife, the deceased was hospitalized about 10 years ago at Minneapolis General Hospital for care after suffering a nervous breakdown and attempting suicide several times.

JOSEPH J. GRICH - continued

He became ill again this March and had been taking medications under care of Doctor Arthur Wohlrabe. He has not worked since March of this year and has been very worried about money problems. He also had a check-up this March at Minneapolis General Hospital. They had been away over the week-end and deceased had appeared to be all right but on July 7th he had complained of feeling very nervous although he seemed in good spirits outwardly today. He last saw Doctor Wohlrabe about one week ago.

A deputy coroner went to the scene and viewed the body. Deceased found hanging by neck from 2x4 support for stairwell ceiling on stairs to basement, clad in trousers, shirt, stockings and oxfords. Noose consisted of doubled loop of clothesline. Some early rigor noted. Remains were removed to the Hennepin County Morgue and death was attributed to suffocation due to hanging and was ruled a suicide.

Survivors of the decedent include his wife, Ann; one brother, Andrew; two sisters, Miss Marie and Miss Anne; two nephews and one niece, all of Minneapolis.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 12:05 a.m., July 9, 1958.

At approximately 11:53 p.m., July 8, 1958, the deceased was fatally injured while a passenger in a car driven by her husband, Guy E. Saffell, age 59, which apparently sideswiped a semi-trailer truck, a 1955 International, bearing 1958 North Dakota license No. T95-776, at the intersection of 38th Street and Longfellow Avenue South.

Chester C. Neville, age 25, of Northwood, North Dakota, driver of the truck, states he had picked up a load of furniture at 3732-17th Avenue South to move to Klotton, North Dakota and was traveling east on 38th Street at about 15 miles per hour when the Saffell car, which was also eastbound, passed him near the intersection of Longfellow Avenue South but cut in too soon and struck his left front fender and bumper, veered off, then ran into a power pole on the northeast corner. He also states that when the accident occurred his truck was

MARJORY ESTHER SAFFELL - continued

approximately 10 to 12 feet back of the intersection and it was raining.

Two passengers in the semi-trailer, Mrs. Joanne Neville, wife of driver, and Mrs. Maryanne Foster, sister of Mrs. Neville, confirm Chester Neville's statement.

Death apparently was instantaneous for the deceased. Guy Saffell, husband of deceased, also incurred injuries and was removed to Minneapolis General Hospital via ambulance.

A deputy coroner went to the scene and viewed the body. Deceased found slumped to left in front seat of car, a 1955 Ford, bearing 1958 Minnesota license No. 5D 6651, and partly off seat. She was fully clothed and face was noted to be bloody. There was an obvious fracture of maxilla. The windshield on passenger side shows starburst pattern of cracking and bulging break, roughly circular in outline, with 6" wisp of hair matching that of deceased (silver gray) stuck to centerpoint (point of impact). Front of car was demolished with engine pushed back somewhat and middle of front bumper and hood caved in and resting approximately 1 foot from power pole on northeast corner of intersection of 38th Street and Longfellow Avenue South after striking pole, and with rear of car toward center of intersection. The semi-trailer involved in this accident has the left front fender smashed and left end of front bumper bent forward. The Saffell vehicle shows a crease streaked with red paint along right side of body at a height roughly corresponding with height of fender of tractor from ground.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on July 9th. This revealed cerebral contusion; subarachnoid hemorrhage; fracture of left maxilla; fracture of right mandible; fracture of right anterior ribs, 3rd through 9th; generalized arteriosclerosis; and coronary arteriosclerosis.

Police officers R. Lindman and J. Merrell were notified and attended the scene of accident.

Survivors of the decedent include her husband, Guy E.; two sons, Gene E. and Charles N.; two daughters, Mrs. Henry Maday, Mrs. LeRoy Pechacek; 10 grandchildren.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 1:40 a.m., July 9, 1958.

At approximately 1:14 a.m., July 9, 1958, the deceased was fatally injured when the Yellow Cab he was driving, No. 122, bearing 1958 Minnesota license No. 4T7122, collided with a car driven by James M. Ryan, age 22, 5115 Nicollet Avenue South, at the intersection of Blaisdell Avenue South and 45th Street.

James Ryan was traveling south on Blaisdell Avenue South, driving a 1956 Mercury bearing 1958 Minnesota license No. 4R 4055, and the deceased was proceeding east on 45th Street at the time the accident occurred.

The deceased and a passenger in his cab, William W. Danuser, age 48, 3126 S. Gary, Tulsa, Oklahoma, were both thrown from the vehicle. Deceased died at the scene before an

ambulance arrived. Danuser was removed to Minneapolis General Hospital, being admitted in poor condition.

A deputy coroner went to the scene and viewed the body. Deceased found lying on back on ground between left front fender of cab and tree. Legs were in street and head and upper trunk on boulevard on south side of 45th Street W., in front of home of Arthur Miller, 23 W. 45th Street. He was apparently hurled out of cab and crushed between cab and tree. Deceased noted to be limp and had obviously sustained many fractures.

Left front wheel of taxi pushed under cab to angle of 45 degrees with some brain tissue caught on upper edge of hubcap; left front fender scraped and depressed with piece of tree bark caught in seam over wheel. Windshield of cab completely out and found lying on edge of lawn south of tree and across sidewalk. Shoe of deceased found approximately 30 feet east of tree which taxi apparently struck. Left rear fender of taxi depressed and torn loose at seam so that it projects out at rear, nearly touching left rear fender of parked 1955 Pontiac belonging to Arthur Miller. The Ryan car was damaged to extent of approximately $1,000.

Remains were removed to the Hennepin County Morgue where an autopsy was performed at 10:00 a.m., July 9, 1958. This revealed massive hemothorax, left; rupture of left diaphragm and spleen; laceration of lower lobe of left lung, with herniation of stomach, spleen and colon into pleural cavity due to crushing injury of chest; fractures of 5th through 11th ribs, anteriorly; fracture right side of pelvis; left sacroiliac dislocation; fracture of cribriform plate and sphenoid ridge of skull.

Police officers McDermott and Holmes of squad 516 were notified and attended the scene of accident.

Survivors of the decedent include his wife, Elaine; daughter, Jennifer; parents, Mr. and Mrs. Albert Austad, Blair, Wis., and two brothers, Merlin of Minneapolis, and Burton, Goodhue, Minn.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 7:05 a.m., July 9, 1958.

At approximately 6:15 p.m., July 8, 1958, the deceased was picked up at 6:15 p.m. at 12th Avenue and South Washington by Officers Wolfe and R. Anderson where he was found lying on the sidewalk. Officers stated there was a strong odor of alcohol, eyes were glassy, speech slurred, and deceased was unable to walk by himself. He was brought to the City Jail and booked at 6:55 p.m.

At 6:30 a.m. the following morning, July 9th, the deceased was found lying in his cell, apparently expired, by C. Arlandson, the jailer. A Minneapolis General Hospital ambulance responded and the ambulance physician confirmed the man's death.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased

JOSEPH CHARLES TEFOE-continued

found lying on back on cell floor, clothed in street clothes which were opened for heart examination by Minneapolis General Hospital doctor. There were no unusual marks found on body.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on July 9th. This revealed anoxia due to aspiration of gastric contents; early aspiration pneumonia of right upper lobe; severe pulmonary edema, right upper lobe; injection of tracheal mucosa; emphysema; cholesterosis of gallbladder and cholelithiasis.

Detectives Short and J. Meehan also investigated this case.

Survivors of the decedent are unknown to the Coroner's Office with the exception of a sister, Josephine Houle.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 8:10 p.m., July 9, 1958.

Gordon Bjornstad of 4300 W. 36th Street, a former son-in-law of the deceased, went to the residence of deceased to check on him after he was unable to contact him by telephone. Mr. Bjornstad has a key to the deceased's residence and entered with a neighbor, Charles Titner, 1523 Sheridan, at 7:30 p.m., July 9, 1958. They found the deceased lying on the floor of an upstairs bedroom, dead. The police were notified, Officers Pederson and Steele of squad 144 responding.

Mr. Titner stated he had last seen the deceased alive on Monday evening, July 7th, at which time he was in the back yard. It was stated, the deceased's wife passed away several months ago and he has been despondent since that time. He spent the 4th of July weekend with a daughter, Mrs. Camilla Stordahl, Jasper, Minn., returning to Minneapolis on July 7th. His

JOHN ALFRED NORSTROM - continued

daughter had taken him to see a doctor in Minneapolis several weeks ago but physician's name is not known.

A deputy coroner went to the scene and viewed the body. Deceased found lying on bedroom floor, completely nude. No unusual marks noted on body. A slightly bloody fluid stained nose and mouth areas. Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

Survivors of the decedent include a daughter, Mrs. Leslie Stordahl; brother, Dr. E. G. Norstrom; 6 grandchildren.

HISTORY:

This case was reported to the Coroner's Office by Doctor Morris Sherman at 10:30 p.m., July 9, 1958.

The deceased and her husband, Frank Kowalczyk, were watching television on the evening of July 9, 1958 when he noticed the deceased did not respond. He attempted to call their personal physician, Doctor L. J. Leonard, but was unable to contact, therefore, he summoned Doctor Morris Sherman to the residence. Upon arrival at 10:00 p.m., Doctor Sherman pronounced the deceased dead.

It was stated, the deceased has been under the care of Doctor L. J. Leonard, however, he has not attended her recently although he has been to the home at various times to care for her children.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased

HISTORY:

This case was reported to the Coroner's Office by Veterans Hospital at 9:00 a.m., July 10, 1958.

At approximately 2:41 a.m., July 9, 1958, the deceased sustained critical injuries when his car collided with another automobile which was driven by Clarence Salaba of Lonsdale, Minnesota at the intersection of Highways 19 and 13, approximately one mile east of New Prague, Minn. Both drivers were apparently alone in their cars.

Deceased was removed to Veterans Hospital, Minneapolis, where he expired the following day, July 10, 1958 at 2:00 a.m.

Clarence Salaba, driver of the other car involved, escaped with minor injuries.

An autopsy was performed at the hospital on the date of death. This revealed that

GEORGE ZISKOVSKY - continued

death was due to fat embolism to brain, lungs, and kidneys.

Only survivors known to the Coroner's Office are his parents, Mr. and Mrs. Emil Ziskovsky, and a nephew, Joe Ziskovsky.

HISTORY:

This case was reported to the Coroner's Office by the Sheriff's Office at 11:23 a.m., July 10, 1958.

At approximately 10:50 a.m., July 10, 1958, the deceased (Watt T. Kincaid) and a passenger, Edward Nelles, age 79, of Rogers, Minnesota, were fatally injured when the car in which they were riding collided with a car driven by Peter M. Wilmes, age 31, of Osseo, Minnesota, at the intersection of Highway 152 with the Rogers Townline Road in Village of Rogers.

The Wilmes vehicle, a 1952 Chrysler, bearing 1958 Minnesota license No. MR 3691 was proceeding east on Highway No.152 and the Kincaid machine, a 1953 Plymouth bearing 1958 Minnesota license No. 5A 7496 was traveling on the Rogers Townline Road at the time the accident occurred. According to witnesses, Mel Janski, 147-22nd Avenue North, St. Cloud, Minnesota, and Tom Fritz, 2150 Jamary Place, St. Cloud, the Kincaid car made no attempt to stop for the "Stop Sign" at this point and collided with the Wilmes vehicle. Both cars came to rest in a ditch.

WATT THOMAS KINCAID - continued

Apparently death was instantaneous for the deceased (Watt T. Kincaid) and his passenger, Edward Nelles.

Occupants of the Wilmes machine, which included the driver and his five children, were not seriously injured, it was reported.

Upon being notified, a deputy coroner went to the scene and viewed the remains. Body of deceased had been found lying half out of the right front seat with right door open and left door closed. Body was warm and there was no rigor. The right windshield of Kincaid machine is shattered as well as the right window and three-fourths of window is missing.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on the date of death. This revealed fracture of 6th cervical vertebra; compression of cervical spinal cord; fracture right clavicle; fracture 3rd rib, right; cholelithiasis and cholecystitis; diverticulitis and diverticulosis; and generalized arteriosclerosis.

Deputy sheriff E. Reiter, and Hiway Patrolman Edwards and Nelson were notified and attended the scene of accident.

Survivors of the decedent include his wife, Dessie; daughters, Ruth and Dorothy Kincaid; sister, Mrs. Jennie K. Smith; brother, Bert V.

HISTORY:

This case was reported to the Coroner's Office by the Sheriff's Office at 11:23 a.m., July 10, 1958.

The facts surrounding this death are identical with those of the preceding case, Watt Thomas Kincaid, Case No. 646, with the following exceptions:

A deputy coroner went to the scene and viewed the body of deceased. Deceased found lying on right side in ditch, between the two cars involved, clothed in shirt, trousers, and shoes. Body was warm and there was no rigor.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on date of death. This revealed massive right hemothorax and hemoperitoneum due to maceration of liver and spleen and rupture of right diaphragm; fracture of right forearm; fracture of pelvis; prostatic enlargement; and multiple abrasions and lacerations.

EDWARD A. NELLES -continued

Survivors of the decedent include his wife, Florence; two sons, Philip V. of Minneapolis, and Virgil R. of Missoula, Mont.; 1 daughter, Mrs. Neil Dexter of Rosamond, Calif.; two brothers, John of St. Cloud and Joseph of Rogers; also 5 grandchildren.

HISTORY:

This case was reported to the Coroner's Office by the Crystal Village Police Department at 4:20 p.m., July 10, 1958.

It was stated, the deceased has been living with a step-son at the above address for the past year and a half. About six weeks ago, she was seen by Doctor Wilhelm Johnson at Dawson, Minnesota, for a physical examination. No definite abnormalities were found at that time.

Today, July 10, 1958, at approximately 2:00 p.m., she was found lying in the kitchen in doorway, apparently expired, by her grandson. The police were notified, Officer Lester Albrecht of the Crystal Police Department responding.

Upon being notified, a deputy coroner went to the scene and viewed the body of deceased.

IDA N. LUND - continued

Deceased found lying on back in kitchen doorway, clothed in sweater, dress, and slippers. Body was cool and in full rigor. There was no indication of other than natural death. Remains were released directly to a mortuary and death was attributed to arteriosclerotic heart disease.

HISTORY:

This case was reported to the Coroner's Office by Swedish Hospital at 4:25 p.m., July 10, 1958.

It was stated, the deceased had just alighted from an automobile on the Orlo Eisinger Farm, Long Lake, on June 22, 1958, when the car commenced "rolling". In attempting to halt the car, the deceased was struck by the open vehicle door which caused him to fall. He sustained a fracture of the left femur and was removed to Swedish Hospital, being admitted the same day.

An internal fixation of the fractured left femur was done on the following day, June 23rd. The hospital course was progressively downhill, and the deceased expired at 3:50 p.m., July 10.

Findings of a post mortem examination done on July 11th revealed that death was due to

HENRY A. BECKER - continued

bronchopneumonia, confluent, due to intertrochanteric fracture of the left femur. Moderate arteriosclerotic heart disease was also noted.

Survivors of the decedent include two sisters, Miss Onis Becker and Mrs. Mary F. Broderick; also a niece, Mrs. Mary Eisinger.

HISTORY:

This case was reported to the Coroner's Office by Doctor Larson of Veterans Hospital at 10:05 a.m., July 11, 1958.

On June 2, 1958, the deceased fell on the floor in his home in some manner, sustaining a fracture of the left femur. He was removed to Veterans Hospital, being admitted the same day.

Due to his advanced age and poor physician condition, no surgery was attempted. The hospital course was progressively downhill. Deceased expired at 10:05 p.m., July 10.

Death was attributed to bronchopneumonia due to intertrochanteric fracture of the left femur.

HISTORY:

This case was reported to the Coroner's Office by the Albinson Peterson Funeral Home at 4:30 p.m., July 11, 1958.

According to the deceased's husband, Mr. Forrest R. Wilcox, the deceased has been getting more listless of late but had been up and around on the day of her death, however, she went back to bed and at about 1:00 p.m., July 11, 1958, he was unable to rouse her.

Doctor William Schulze, the deceased's personal physician, states the deceased has had pituitary insufficiency (Simmonds' Disease) for the past 18 years since she had hemorrhage following a miscarriage. Neither he nor his associate, Dr. John Boehrer, have seen the deceased for about one year. He states the deceased is a Christian Scientist and had stopped taking her cortisone and thyroid hormone a number of months ago, and he feels the lack of these medications caused death of deceased. A Christian Science Reader had been seeing the deceased and he believes deceased was induced to discontinue her medications

BERNICE H. WILCOX - continued

through teachings of the Reader.

Examination of the body by a deputy coroner indicated this was a natural death. There was total absence of pubic and axillary hair and bilateral foot drop. Death was attributed to panhypopituitarism (Sheehan's syndrome).

Survivors of the decedent include her husband, Forrest R.; mother, Mrs. Ellen Alm; sister, Mrs. Audrey Dougherty, Minneapolis; brothers, Robert G., Golden Valley, and Warren J. Alm, Long Lake.

HISTORY:

This case was reported to the Coroner's Office by Minneapolis General Hospital at 6:15 a.m., July 12, 1958.

At approximately 6:45 p.m., July 9, 1958, the deceased, a pedestrian, was seriously injured when struck by a car, a 1952 Ford, bearing 1958 Minnesota license No. MO 7009, while attempting to cross Washington Avenue at its intersection with Hennepin Avenue.

Marlin Versteeg, age 23, 3100 Emerson Avenue South, driver of the car involved, was traveling east on Washington Avenue South and attempted to stop for red light but his brakes failed. He struck the deceased who was crossing in the crosswalk.

The injured man was removed by ambulance to Minneapolis General Hospital, being admitted at 7:10 p.m., in a semi-comatose and disoriented condition. He failed to respond to hospital treatment, expiring at 5:00 a.m., July 12, 1958.

ZIGMUND BOGUS - continued

An autopsy was performed at the hospital on the date of death. This revealed that death was due to laceration of left temporal lobe of brain and hemorrhage; extensive skull fracture; and multiple rib fractures.

Police officers Jahr and Cahill of squad 511 were notified and attended the scene of death.

Social Security No. 468-14-4649

Veteran Yes ~~No~~ WW II

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 12:55 p.m., July 12, 1958.

According to the deceased's wife, Mrs. Rosemary Linburg, the deceased had left the house about 10:30 a.m., July 12, 1958. At 12:35 p.m., same date, she discovered the deceased in garage sitting in his car with motor running and the driver's door open. The garage doors were all closed tight. The police and rescue squad were notified, Officers Shoemaker and Neuenfeldt of squad 143 responding.

The Fire Department rescue squad turned off the motor and removed the deceased from driver's seat. Artificial respiration was attempted but the deceased failed to respond. Upon arrival of a Minneapolis General Hospital ambulance, the ambulance physician pronounced the deceased dead at 12:56 p.m.

DOUGLAS CLIFFORD LINBURG - continued

It was stated, the deceased had been playing cards with his brother-in-law on the preceding evening and had not seemed depressed at that time, however, deceased was known to have an alcoholic problem for which he had at one time sought help from the Alcoholics Anonymous group but had discontinued his association with them. He had worked for the Imperial Printing Company for 15 years and hadbeen dismissed and had found it very difficult to find new employment because of his drinking problem. Recently, he had been treated for a liver ailment by Doctor J. N. Giebenhain, who last saw the deceased about 3 months ago.

A note left by the deceased was found by his wife, reading as follows: "Dearest Rose: So long -- I just can't take it any longer. Don't think too badly of me. You've been a sweet, dear, faithful wife -- thank you for that. Tell Mom I'm sorry for all the misery I've caused her and Bernice. Love, Doug."

Upon arrival of a deputy coroner, the deceased was found lying on back on floor of garage, dressed in street clothes. Usual cherry red color of carbon monoxide poisoning was not very marked at this time, however, analysis of the deceased's blood revealed that deathw as due to carbon monoxide poisoning and was ruled a suicide.

Wife of deceased, Rosemary Linburg, refused to give permission for an autopsy.

Survivors of the decedent include his wife, previously mentioned; a son, Michael; a daughter, Sandra; mother, Mrs. Elizabeth Linburg of Minneapolis; a brother, Don of Oak Park, Ill.; and a sister, Mrs. Bernice Catlin of Minneapolis.

HISTORY:

This case was reported to the Coroner's Office by the Albinson Peterson Funeral Home at 5:05 p.m., July 12, 1958.

On the day preceding death, the deceased complained of sub-sternal pain and of not feeling well. He also had considerable pain in arm. Deceased has history of Parkinson's disease and had last been seen at Minneapolis General Hospital about one year ago according to his wife. Previous to that time, he had been treated for a foot ailment by Doctors C. E. Arlander and C. J. Olson.

Deceased had been to his daughter's home for dinner on July 11, 1958, it was stated, and on arriving home, had retired early because he still did not feel well. At 11:00 a.m., the following morning,July 12th, the deceased was found dead in bed by his wife, Mrs. Hedvig Lindgren.

JOHN M. LINDGREN - continued

Upon being notified, a deputy coroner went to the scene and viewed the body. There was no indication of other than natural death. Remains were released directly to the mortuary and death was attributed to arterio-sclerotic heart disease.

Survivors of the decedent include his wife, Hedvig; daughters, Mrs. George Sampson, Mrs. Harold Howe; sons, Harold G. and Richard J. Lindgren of Minneapolis; also one sister in Sweden; 8 grandchildren; and 3 great-grandchildren.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 11:20 a.m., July 13, 1958.

Mrs. Herman Small of 1325 LaSalle Avenue, Apt. No. 3E11, discovered the deceased at the bottom of basement stairs and notified the police, Officers Kolars and Fort of squad 118 responding. Officers state the deceased was alive when they arrived but could not talk, however, he expired before arrival of a Minneapolis General Hospital ambulance. Doctor Thompson, the ambulance physician, pronounced the deceased dead, death apparently occurring about 10:55 a.m., July 13, 1958.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying on lower steps with bruises on his head. Emesis noted in drain sump at bottom of steps. Lower rail of fence about south and east side of stairwell was fastened insecurely by a piece of pipe hanger at end nearest sidewalk because end of pipe rail had rusted out

GEORGE P. KLINGE - continued

away from post. Deceased may have started down steps when he began to feel nauseated to vomit and may have lost hand hold and fallen. Deceased was fully clothed for street, however, left knee of trousers was torn. Abrasion of hand and dorsum of left hand noted, as well as contusion of left iliac crest. Left leg was wrapped with elastic bandage from foot to below knee, and right leg wrapped from mid-tibial area to above knee. Deceased was very thin and underweight.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on July 14. This revealed cerebral contusion with intradural bleeding; subarachnoid staining and slight bleeding; scarring of kidneys; prostatic enlargement; and minimal coronary atherosclerosis.

HISTORY:

This case was reported to the Coroner's Office by the Sheriff's Office at 10:45 p.m., July 13, 1958.

The deceased was driving a 1953 Ford Jubilee Tractor on his father's farm in Independence Village on evening of July 13, 1958, with Dennis McKeever, age 11, of Route #2, Long Lake, as a passenger. They had driven out on the road, headed east, and in turning around to go back to the farm, the tractor went off the north shoulder of road and rolled over into ditch, pinning the deceased under the tractor with left rear fender on neck and chest. The accident occurred about 10:15 p.m. Deceased expired shortly thereafter.

Dennis McKeever was not injured.

A deputy coroner went to the scene and viewed the body. Deceased found lying on ground at rear of tractor, dead, and fully clothed. Remains were removed to the Hennepin County

GERALD ARTHUR ANDERSON - continued

Morgue where examination revealedfracture of left clavicle; multiple fractures of ribs; palpable subcutaneous emphysema of entire chest wall and neck base; abrasion and pressure mark on right side of neck and anterior aspect of left shoulder, especially over fracture of clavicle; abrasions of left side of face and posterior aspect of left shoulder; and hemorrhage from mouth and nose.

Death was attributed to crushing injury of neck and chest with multiple fractures of ribs, fracture left clavicle; pneumothorax and pneumomediastinum, and was ruled accidental.

Deputy sheriff Williams of the Hennepin County Sheriff's Office was notified and attended the scene of the accident.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 1:45 p.m., July 14, 1958.

At approximately 1:30 p.m., July 14, 1958, LeRoy Dennis, grateworker for Northern States Power Company, noted the body of deceased caught in the rake machine at the Hennepin Island Station of Northern States Power Company.

Deceased was recovered from the water and after being released from rake apparatus, deceased was found to be clothed in a shirt and blue jeans. Right ear and cheek were somewhat damaged from rake, however, remains were in good condition and appeared to have been in water about 48 hours at most. Remains were removed to the Hennepin County Morgue and death was attributed to anoxia due to drowning. It was unknown whether death was an accident or a suicide.

JOHN LEONARD GANDY - continued

After identification, it was learned the deceased lived at the Salvation Army and had last been seen alive on Saturday, July 12.

Police officers Whelan and Rowles of squad 125 were notified and attended the scene of death.

This case was reported to the Coroner's Office by Minneapolis General Hospital at 1:45 a.m., July 15, 1958.

Gene Steine, 1831 Park Avenue South, age 17, states he was in a 1949 Chevrolet, bearing California license No. HX396, with six other fellows including the deceased on the evening of July 14 and the early morning hours of July 15th. His six companions were Kenneth Enfield, 4052 Fifth Avenue South, owner of the car, Arthur Suess, age 21, 805½ 12th Avenue South, Allen Brown, age 18, 1831 Park Avenue South, John Galle, age 18, 16th St. (between Chicago and Park Avenue), Larry Calistro, age 19, 2501 14th Avenue South, and Edward Haggen, the deceased.

At 10th and Portland, they became involved in an argument and fight with some men on the corner. Among this group were Barry Pate, 1400 Fifth Avenue South, Ronald Neva, 215 Girard Avenue North, and Theodore Flakne, 823 Park Avenue. Witnesses to the attack were Lavonne Suhs,

EDWARD GEORGE HAGGEN - continued

a waitress at Jimmy's Lounge, 928 Portland Avenue, and her boy friend, Warren Reimer, 521 S. 9th Street. Marvin Owens of 603 S. 9th St., Apartment 7, a brother-in-law of Barry Pate, stated he observed the fight from his 3rd floor back porch.

Following the fight, the Enfield car (Chevrolet) containing all 7 occupants took off whereupon Pate and Ronald Neva got into Neva's car, a 1950 Pontiac Convertible, bearing license No. 5J4373, and chased the Chevrolet. The Chevrolet entered an alley between Portland and Fifth, near 22nd, and the Pontiac pulled into the same alley from 22nd Street and commenced shooting at the Chevrolet, it was stated. The deceased, Edward Haggen, was struck and was driven to Minneapolis General Hospital in a private car. Doctor Neil A. Vanselow pronounced the deceased dead on arrival at the hospital at 1:15 a.m., July 15.

Witnesses to the shooting episode between the two cars described above were a Mrs. Mavis Cline of 2116 Portland, Apartment 3, and a guest, Richard Barnes, a Nancy Wescala, age 16, visiting at 2116 Portland, Apartment 10, and a Lester Webber, 2109 Portland.

Police officers located Ronald Neva at his home. He was brought to police headquarters where he readily admitted the shooting and the weapon used was later produced. He was taken to Minneapolis General Hospital for treatment of 3 puncture wounds, one on each side and one in his back, which required suturing. He was also treated by Doctor N. E. Vanselow.

Deceased was removed to the Hennepin County Morgue where examination of the body showed a small bullet wound in the left axilla with no exit wound being visible. Body was warm and some bloody secretions were noted about nose and mouth.

The Enfield car (Chevrolet) had two bullet holes, one on the right side about 18 inches behind door handle at a level of 2 inches below handle. A second bullet hole was noted in the left door glass. This glass is up about 6 inches and bullet opening is about 4 inches from upper and 4 inches from rear edge.

An autopsy was performed at the morgue on the date of death. This revealed massive pneumothorax, bilateral, and hemorrhage into the pericardial sac, due to perforation of lungs, heart and aorta by .22 caliber bullet. Analysis of the deceased's blood indicated it contained 0.23% alcohol.

Officers Cominsky and Hannon of squad 118 were called to the scene of fighting at 10th and Portland. Officers Finn, Scully, Campbell and Wetherille attended the shooting scene.

Survivors of the decedent include his parents, Mr. and Mrs. Leonard E. Haggen; 3 sisters, Beverly, Barbara and Vicky; grandparents, Mr. and Mrs. Edward Haggen, all of Minneapolis; Mr. and Mrs. M. J. Gillquist, Dalbo, Minn.; and a niece, Less Lee, Minneapolis.

HISTORY:

This case was reported to the Coroner's Office by Doctor Harvey Nelson at 2:00 p.m., July 15, 1958.

It was stated, the deceased was sitting at a desk in office at the Soo Line Railroad's Storehouse No. 1, 28th and Central Avenue, at Shoreham Shops, when he suddenly fell sideways from his chair and was eased to the floor by another employee, John Warhol of 2504 Ford St. N. E. Warhol states the deceased gasped several times.

A company first-aid attendant, Gerald Najner, treated the deceased with oxygen and Doctor Harvey Nelson was summoned to the scene, however, the deceased expired at 1:50 p.m., July 15, 1958.

Deceased has been under the care of Doctors Lowell Weber and Mark Hanson for a heart condition and had been hospitalized at Northwestern Hospital in August of 1957 for treatment, it was stated.

FRED M. BECKER - continued

Doctor Hanson states the deceased has been under treatment and observation and that he undoubtedly had coronary disease with possibility of myocarditis.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying on back in office, fully clothed. Body was warm, and there was no rigor and no evidence of trauma. Cyanosis of the face and nail beds was noted. Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

Survivors of the decedent include his wife, Hildur; one son, Jerome, U.S. Navy; San Diego; two daughters, Margaret, U. S. Waves, Chelsey, Mass. and Katherine Heffner of Barron, Wis.; also 6 grandchildren, 3 brothers and 6 sisters.

HISTORY:

This case was reported to the Coroner's Office by the Bethlehem Home at St. Louis Park at 8:10 p.m., July 15, 1958.

According to Marguerite Morrison, a nurse at the rest home, the deceased was admitted to the home on June 3, 1958. On the morning of July 15, 1958, the deceased had sat up in a chair for a while. Shortly after returning to bed, her condition commenced deteriorating rapidly. She expired at 7:35 p.m.

Mrs. Laura Hein, 234 Montrose Place, St. Paul, daughter of deceased, stated the deceased had been seen by a doctor in Toledo, Ohio, who had made a diagnosis of cancer of the breast and had said he could do no more for her.

Upon being notified, a deputy coroner went to the home and viewed the body. Deceased found

MONNA MAC INTOSH CROSS - continued

lying in bed on back. Body was cool but there was no rigor and no indication of other than natural death. A large necrotic tumor of the left breast was noted. Remains were released directly to a mortuary and death was attributed to carcinoma of the breast.

HISTORY:

This case was reported to the Coroner's Office by the Police Department, Richfield, at 7:20 a.m., July 16, 1958.

Mr. James H. Cavanagh, brother of deceased, states the deceased has been having spells for the past three to four years in which his eyes would open up and he would get an expression of fear; deceased would shake and gasp for breath. He was examined with pneumo-encephalogram about two years ago, either at City Hospital, Rock Island, or St. Mary's Hospital at Moline. Deceased was told he was not epileptic but had spasm of a blood vessel. No tumor of brain was found. His personal physician did not approve of the examination and said it should not have been done.

The deceased arrived in Minneapolis on July 3, 1958 to live with his sister and her husband, Mr. and Mrs. George J. Fenton of 6925 Upton Avenue South, temporarily. He has had no medical care since his arrival. Mr. George Fenton states he heard the deceased threshing

RICHARD A. CAVANAGH - continued

around about 5:30 a.m. He went into the deceased's room about 6:00 a.m. and found deceased was not breathing. The Richfield Police were notified, Officer Starcevic responding.

A deputy coroner went to the residence and viewed the body. There was no indication of other than natural death. It was stated, deceased had ran out of medication about a week ago, however, the deceased felt he had less attacks without any medication. Remains were removed to the Hennepin County Morgue and death was attributed to seizure, epileptic form, etiology unknown.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 6:20 a.m., July 17, 1958.

Richard D. Becker, father of deceased, states deceased appeared well on July 16, 1958 and was last seen alive about 8:00 p.m. at which time she was put to bed. Infant was in habit of sleeping through the night until 5:30 a.m. to 7:30 a.m. the following morning.

On morning of July 17, 1958, Mr. Becker awakened about 6:00 a.m. and looked over and noted deceased down under blanket but lying naturally, face down. He listened for baby's breathing but heard none, therefore, he tried to resuscitate infant by blowing in mouth but received no response.

A Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival, the ambulance physician confirmed the infant's death.

JILL DENISE BECKER - continued

It was stated, the infant had last been seen by Dr. Willis Thompson at age of 5 weeks and was said to have been getting over a sore throat at that time. Mrs. Lorelei S. Becker, mother of deceased, states baby had had a more or less chronic cough.

A deputy coroner went to the scene and viewed the body. There was no indication of other than natural death. There was moderate rigor and lividity. Crib mattress was in good condition and there was no indication of constricting clothing, etc. which could cause suffocation. Mother of deceased did not desire an autopsy. Remains were removed to the Hennepin County Morgue and death was listed as undetermined but due to natural causes. An acute respiratory infection was suspect, however, without benefit of an autopsy, nor any past history, it was felt impossible to arrive at a true diagnosis as to this baby's death.

Survivors of the decedent include her parents, Mr. and Mrs. Richard D. Becker; two brothers and one sister; maternal and paternal grandparents.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 11:30 p.m., July 17, 1958.

The deceased, an entertainer at the Persian Palms Night Club, had just finished her act, changed to a dress, and returned to the front of the Club, sitting down at the bar beside Siri Putnam of the Oak Grove Hotel, Room 128, also an entertainer at the Club. According to Siri Putnam, the deceased's estranged husband, Stanley LaCount, came up to the deceased at this time and an argument ensued. LaCount then pulled a revolver and fired at the deceased. She fell from the stool, crying for help. He fired several shots into her body as she lay on the floor.

Ted Berg, a bartender living at the Marquette Hotel, 1228 Marquette, states he was working behind the bar and heard one shot. When he looked up, he noted LaCount standing alongside the deceased, who was lying on the floor, and observed him fire several shots at the deceased. Berg dropped to the floor and crawled to the front office where he attempted to call

BARBARA JEAN LA COUNT - continued

the police. Unable to contact the operator, he left the bar by the front door in search of a beatman. Finally, he requested a passerby to summon the police. Officers Donald Dwyer and William Baufield, beatmen, were the first to arrive on the scene, followed shortly by Officers Robert Smith and George McKee of squad 117.

A Minneapolis General Hospital ambulance was dispatched to the scene. Doctor Vanselow, the ambulance physician, pronounced the deceased dead at 11:05 p.m., July 17, 1958. The physician stated the deceased expired shortly after his arrival at the scene.

When questioned by Officers, Stanley LaCount readily admitted the shooting. He also told them he had stolen the gun from his roommate, William Wisner, Buckingham Hotel, Room 501, with the intention of shooting his wife, the deceased. In reply to further questioning, he stated he was not intoxicated but had had some drinks. Later, Mr. Wisner appeared at Police headquarters, identified the gun, confirmed that LaCount had roomed with him, and stated that he knew the gun was loaded with six 38 shells - 3 tracers and 3 regulars.

Stanley S. Gryz, 3110 N. Washington, Peter W. Giedras, 3532 Fremont Avenue South, and William W. Caughfey, 1518 Elliott, bartenders on duty at the time of the shooting, were all questioned and gave substantially the same story as Bartender Ted Berg had previously given. Various other witnesses and entertainers were questioned and gave statements to the police concerning the shooting.

Upon arrival of a deputy coroner, the deceased was found lying on floor on back between bar and booths at rear of night club with blood stains on front of dress in the stomach area. Body was warm and there was no rigor. A revolver lay on the floor nearby, a .38 caliber Smith and Wesson, serial No. C354393.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on July 18. This revealed massive pneumothorax, right, and hemoperitoneum, due to laceration of right lower lobe of lung and left kidney, due to multiple gun shot wounds.

In addition to the above mentioned police officers, Officers Malinosky and Kelly of squad 307, Captain Hawkinson, Inspector Charles Wetherille, and a number of 301 men assisted in the investigation of this case.

7-21-58: The Hennepin County Grand Jury indicted Stanley LaCount for 1st Degree Murder on this date.

HISTORY:

This case was reported to the Coroner's Office by Minneapolis General Hospital at 2:45 p.m., June 18, 1958.

Deceased expired in his home at 7:30 p.m., July 17, 1958. He has history of several falls, apparently the result of cerebrovascular accidents. He was also dehydrated and disoriented and had weakness of the limbs, it was stated. A private physician, name unknown, who was called to the scene refused to sign the death certificate.

Medical records at Minneapolis General Hospital indicate the deceased was a patient there from May 10, 1958 to May 15, 1958, however, he left the hospital against advice of staff doctors. At that time, there was a diagnosis of generalized arteriosclerosis, cerebral arteriosclerosis; chronic brain syndrome; rectal polypi, etiology unknown; hematuria; and hypertrophic arthritis of spine. Doctors who saw the deceased at General Hospital are no longer available, therefore, the case was referred to this office.

JOSEPH CALIGUIRE - continued

Death was attributed to cerebrovascular accident due to cerebral arteriosclerosis.

Survivors of the decedent include six sons, Michaels, Anthony, George, Sam and Frank, all of Minneapolis, and Angelo of Cumberland, Wis.; daughters, Mrs. Tony Vinyon and Mrs. Carmel Haudek of Minneapolis, Mrs. Sam Remallo and Mrs. Amy Zappa of Cumberland, Wis.; 42 grandchildren and 49 great-grandchildren.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 12:45 p.m., July 18, 1958.

At approximately 12:35 p.m., July 18, 1958, the deceased was found hanging from stairway at the 3rd floor landing in rear hallway by Betty Schoonover, who lives in apartment B-8 at this address. She was going downstairs from the 4th floor, via rear stairway, when she noted deceased suspended by the neck with a double strand of clothesline around his neck; the other end was looped over the banister of stairway.

It was stated, the deceased had been released from General Hospital on the preceding day.

A Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival, the ambulance physician confirmed the man's death.

ELMER LEROY PETERSON - continued

A deputy coroner went to the scene and viewed the body. Deceased was naked to waist and clothed in tan work trousers. Remains were removed to the Hennepin County Morgue and death was attributed to asphyxia due to hanging.

Police officers Foreman and Reimer of squad 119 were notified and attended the scene of death.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 3:25 p.m., July 18, 1958.

The deceased and his son-in-law, Mr. Glenn Nelson, 2439 Harriet, were walking on the sidewalk on the southwest corner of Harriet Avenue and 24th Street when the deceased suddenly collapsed, becoming unresponsive.

A Minneapolis General Hospital ambulance and the rescue squad were summoned to the scene. Efforts to revive the deceased failed. Upon arrival of the ambulance, Doctor Thompson, the ambulance physician, confirmed the man's death, death apparently occurring about 3:00 p.m., July 18, 1958.

It was stated, the deceased had experienced difficulty in breathing on the evening pre-

JOHN ALFRED BURMAN - continued

ceding his death and had complained of substernal pain to his wife. Deceased had driven into Minneapolis this morning, July 18th, from Alexandria, Minnesota, and was on his way to see a doctor when he collapsed.

A deputy coroner went to the scene and viewed the body. Deceased found lying on sidewalk, clothed in street clothes. There was no indication of other than natural death. Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

Police officer W. Sell was notified and attended the scene of death.

HISTORY:

This case was reported to the Coroner's Office by Swedish Hospital at 10:55 p.m., July 18, 1958.

The deceased was brought to Swedish Hospital by a friend, Rollo Rich of 1820 Nicollet, being admitted at 8:55 p.m., July 18, 1958. Patient complained of substernal and upper back pain; rales were noted in chest. She was treated by an interne and Doctor W. C. Siegmann was summoned, however, the deceased expired before his arrival at the hospital, death occurring at 9:10 p.m.

There is history that the deceased had a cyst removed during the past year.

Remains were removed to the Hennepin County Morgue where an autopsy was performed with the permission of a sister, Mrs. Myrtle Moss. This revealed myocardial infarction, due

HISTORY:

This case was reported to the Coroner's Office by Minneapolis General Hospital at 12:15 p.m., July 19, 1958.

The deceased was brought to Minneapolis General Hospital via ambulance at 1:11 p.m., July 17, 1958, after reportedly having fallen from his bicycle on the Theodore Wirth Golf Course at the above described location. There is some question as to whether he fell or was struck by a car. Deceased was comatose upon admission.

On date of admission, bilateral trephining and a tracheotomy were done, however, the deceased failed to respond, expiring at 11:30 a.m., July 19, 1958.

An autopsy was performed at the hospital on July 19. This revealed that death was due to anoxia secondary to severe head injury with bilateral temporal-parietal skull fracture,

HISTORY:

This case was reported to the Coroner's Office by University Hospitals at 4:30 p.m., July 19, 1958.

According to hospital records, the deceased supposedly incurred burns over a large part of his body while smoking in bed at his home in Hamel, Minnesota. The accident apparently occurred about 4:30 p.m., July 18, 1958.

Deceased was brought from his home to University Hospitals by private ambulance. He expired the following day, July 19, 1958, at 3:10 p.m.

An autopsy was performed at the hospital on the date of death. This revealed that death was due to burns, 3rd degree, over 90% of body surface.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 6:50 p.m., July 19, 1958.

Clement Vikla, of 613 12th Avenue South, was fishing on the west bank of the Mississippi River just opposite Spirit Island on the afternoon of July 19, 1958. He observed two men on a raft. As the raft approached the shore of Spirit Island, one of the men (the deceased) stepped from the raft and lost his balance, falling into the water and disappearing from sight. Three companions of the deceased, who were also on the island, were unable to reach the deceased and shouted to Mr. Vikla to call the police.

Police officers Brucciani, Wistrom and R. D. Anderson responded to the call and body of deceased was brought to shore at 8th Avenue South and First St. Apparently the deceased came to the surface once and then disappeared again according to two of his companions, William Harris, 213 Nicollet, and Clifford Noe, 103 S. Washington. Another

SEVERT RUE - continued

companion identified as Rudy Kasperi, address unknown, fled before the police arrived. The men stated they had gone to the island to fish.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying on face and abdomen, clothed in shirt, overalls, and shoes. A small 1 cm. laceration noted above right ear. There was no rigor and no other marks noted. Remains were removed to the Hennepin County Morgue and death was attributed to anoxia due to drowning and was ruled accidental.

HISTORY:

This case was reported to the Coroner's Office by Minneapolis General Hospital at 8:15 a.m., July 20, 1958.

On July 19, 1958, the deceased, who is blind, was found at the bottom of the stairs in her home by neighbors who investigated after hearing a noise. Her husband was not home and the exact circumstances are unknown. Later, the deceased was removed to Minneapolis General Hospital, being admitted at 3:52 p.m., July 19. The deceased had sustained a head injury but was conscious at time of admission to hospital which was estimated to be approximately 3 hours after neighbors discovered her at bottom of stairs.

The woman expired the following day, July 20, 1958, at 1:55 a.m.

It was stated, the deceased has history of a "heart attack" two years ago at which time she was hospitalized at Mount Sinai Hospital. She also has history of hypertension.

RAE (RACHEL) WAINSTOCK - continued

An autopsy was performed at the hospital on the date of death. This revealed cerebral vascular accident of right cerebral hemisphere; severe arteriosclerotic heart disease; generalized arteriosclerosis; hematoma of scalp, right fronto-parietal and left frontal; ecchymoses of right eye, left knee, right forehead and scalp.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 9:40 a.m., July 20, 1958.

It was stated, the deceased had apparently been in good humor on the evening of July 19, 1958 and had been to see his girl friend. He was heard moving about in his room much of the night and also made several trips to his car.

On the following morning, July 20, 1958, Mrs. Hector McLean, same address as deceased, called him for breakfast. When he failed to respond, she went to his room and found him lying on the floor, apparently expired. The police were notified, Officers C. H. Johnson and George Terp responding.

Mrs. Clara Schermak, the landlady, talked with the deceased's girl friend who stated they had had no disagreement or argument which could have accounted for the deceased's

ROBERT FULLER WOLGAMOT - continued

actions.

Deceased has history of ulcers about four years ago and was seen by Doctor Joseph Giere in the Wesley Temple Building several years ago.

A deputy coroner went to the scene and viewed the body. Deceased found lying on right side with face against the southeast corner of room, on the floor, clothed in yellow pajama trousers. His glasses were found under him. There are two belts fastened together and secured about the upper door hinge of the closet door; the belts are black and brown, and the black belt apparently was fastened about deceased's neck, but the buckle had parted in the leather portion. Body was cool and beginning rigor was noted in ankles. There is a deep mark in the right side of neck, beginning laterally and running medially and superiorly to end at lateral right lip. This is formed by parallel grooves. Dried blood was noted in nostrils and on wall next to deceased's face. Palpation of the right hyoid reveals some crepitus with motion, suggesting a fracture. Remains were removed to the Hennepin County Morgue.

An autopsy was performed at the morgue on July 21st. This indicated that death was due to asphyxia due to hanging. Other findings were contusion of both sides of neck; vascular congestion of lungs, liver, kidneys and brain; and moderate coronary atherosclerosis.

7/30/58: On this date, brother, mother of deceased and Attorney William R. Sturtz of Albert Lea, came to this office raising the question of foul play. They think some one else could have hung the deceased and named as a suspect the divorced husband of the deceased's girl friend. The question was raised because the belt with which deceased had apparently been hung had broken at the buckle and deceased was found on floor, however, strap was still fastened securely to upper door hinge. They were referred to the police and the County Attorney's Office.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 2:25 p.m., July 20, 1958.

Body of deceased was found floating in Lake Calhoun, approximately 300 yards north of the Thomas Avenue Beach by an unidentified person in a sailboat. He notified the lifeguard, Wallace J. Wells, 3525 12th Avenue South, who recovered the body, at 2:05 p.m.

It was stated, the deceased had been reported missing since 7:30 p.m. the preceding evening, July 19th, from the home of her brother, Ed Crolley, 3916 Lynn, St. Louis Park.

Mrs. James Dumas, niece of the deceased, states the deceased has been depressed for the past few years and about 1 month ago she suffered what Doctor Robert Jeub thought was a slight stroke due to slight hemorrhage in brain stem. The deceased has spent Saturday, July 19th, at the home of Mrs. Dumas, leaving her place at about 5:20 p.m. to go home.

GERMAINE BEAULIEU - continued

There was nothing particularly unusual in her actions on that last day, it was stated.

A deputy coroner went to the scene and viewed the body. Deceased found lying on back, clothed in black wool bathing suit. Body was in full rigor and there was no sign of trauma. Lips were noted to be blue, there was a diamond ring on left hand and a handkerchief clasped in left hand.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on July 21st. This revealed anoxia due to drowning; generalized arteriosclerosis; coronary arteriosclerosis; cholelithiasis; and pulmonary atelectasis.

Police officers Thomey and Sell were notified and attended the scene of death.

Survivors of the decedent include a son, Bruce of Duluth; 3 brothers, Dr. William P. Crolley, Glencoe, Minn; Edwin Crolley, St. Louis Park, and Frank Crolley of Ray, N. D.; also 5 sisters, Agnes, Isabelle and Eileen Crolley, Mrs. E. M. Moody, all of Culver City, Calif. and Mrs. John Sexton, San Francisco; and one grandchild.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 7:15 a.m., July 21, 1958.

According to Mrs. Mary Roethler, wife of deceased, the deceased was a heavy drinker and had been out drinking on July 20, 1958 in the company of her son. They returned home again about 8:00 p.m., but deceased went out again about 11:00 p.m. Mrs. Roethler states she did not hear the deceased return and looked for him during the night but did not find him.

At 7:00 a.m. the following morning, July 21, 1958, she entered the hallway and discovered deceased lying on right side, face down, in an unresponsive condition. A Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival, the ambulance physician, Dr. Thompson, confirmed the man's death.

Mrs. Roethler states the deceased was a diabetic and that he took as much as 60 units of

LOUIS P. ROETHLER - continued

NPH insulin when he was drinking and that he regulated his insulin dose by urine tests once daily. He has been under the care of Doctor Roy Hoffman and last saw him last fall for diabetic ulcers of legs.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying on hallway floor outside door to ground floor apartment. There was no indication of other than natural death. Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease; diabetes mellitus and alcoholism being contributing factors.

Police officers Hannon and Frietag of squad 118 were notified and attended the scene of death.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 9:45 a.m., July 21, 1958.

According to Mr. Roy Cavanagh, 2955 Newton Avenue North, he and the deceased were approaching Central Avenue from the east when the deceased complained of feeling dizzy and slumped over in seat. Both men are employees of the Roto Rooter Sewer Service, and Mr. Cavanagh had just picked the deceased up in a company truck after the deceased completed a job at 1110-22nd Avenue Northeast.

The truck was parked on southwest corner of Central Avenue and 22nd Street N. E. and a Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival, the ambulance physician pronounced the deceased dead, death apparently occurring about 9:36 a.m., July 21.

WILLIAM DAVID ESHELMAN - continued

Mrs. Agnes Eshelman, wife of deceased, who was contacted at her place of employment, stated the deceased had complained of severe pain in left chest for several weeks preceding death but refused to see a doctor. While at their lake cottage the past two days, he had complained of severe pain and difficulty in breathing and was forced to lie down on occasions.

Mrs. Bernadine Le May, daughter of deceased, states deceased and his wife were involved in an auto accident near Madelia, Minn. on June 14, 1958 but deceased received no injury at that time.

The coroner went to the scene and viewed the body. Deceased found lying on corner at Central and 22nd St. near right front door of pick-up truck belonging to Roto Rooter Company. Body had been removed from right front seat by ambulance physician and police officers. There was no indication of other than natural death. Wife and daughter of deceased did not desire an autopsy. Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

Police officers Greeley and Jaroscak of squad 124 were notified and attended the scene of death.

Survivors of the decedent include his wife, Agnes; two sons, William E., Honolulu; Richard, Gardena, Calif.; daughter, Mrs. Clarabelle Navin, Sioux City, Iowa; two stepdaughters, Mrs. Bernadine LeMay, Minneapolis; Mrs. Waunita Rose, Sioux City, Iowa; also 4 grandchildren; a brother, Elmer; and a sister, Mrs. Vera Francis, Chicago.

HISTORY:

This case was reported to the Coroner's Office by Doctor Julian Petit at 10:40 a.m., July 21, 1958.

According to Mr. Elmer O. Hanson, landlord, the deceased has lived at this address since November of 1957 and was said to have a heart condition. About 9:30 p.m., July 21, 1958, the deceased came down to Mr. Hanson's quarters complaining of feeling "in agony" and asking for a nitroglycerine tablet. Then he returned to his room, but came down shortly thereafter to make a phone call. While talking on phone to a man named "Swede", he suddenly collapsed in his chair, commenced gasping and become unconscious.

Doctor Julian Petit was summoned to the scene and pronounced the man dead, death apparently occurring about 10:15 p.m.

AAGE G. CLAUSEN - continued

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased noted to be very cyanotic. There was no indication of other than natural death. Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

Survivors of the decedent include two daughters, Mrs. Virginia Larson and Donna Shea; 3 sisters, Mrs. Harold Abrahams, Minneapolis, Mrs. Sophie Neely, Los Angeles, Calif., and Mrs. Edward Cheever, Norwood, Minn.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 3:55 p.m., July 22, 1958.

Anna Olson, maid at the Andrews Hotel, was unable to open door of deceased's room when she attempted to enter at 8:00 a.m., July 22, 1958, to clean the room, therefore, she notified the manager, Leslie Long.

Mr. Long found the door bolted when he went to check on deceased at 3:45 p.m., therefore, he looked over the transom and found deceased lying on floor. Entry was forced and the deceased was pronounced dead.

A deputy coroner went to the scene and viewed the body. Deceased found lying on floor on left side, clothed in underwear and slippers. Rigor mortis was complete. Remains were removed to the Hennepin County Morgue.

GEORGE SEXTON - continued

Dorothy M. Sexton, wife of deceased living at 1786 Hennepin Avenue, Apt. 46, states she and the deceased have been estranged for the past two months because of deceased's drinking, however, she had visited with him on afternoon of July 21st at Hermans (across from the Dyckman) until 6:00 p.m. He seemed in good spirits, appeared to be in his usual health, and he had nothing to drink. He had taken a pledge and said he had had nothing to drink for the past two months. On July 2nd, deceased had gone to California in search of a job, returning again on Friday, July 18th. He stated that he had a job with the Challenge Milk Company and they wanted him to go to Chicago to work and that he was leaving on the following Monday.

An autopsy was performed at the morgue on July 23. In the opinion of the pathologist, it was deemed advisable to await completion of the microscopic and toxicological examination before determining the cause of this man's death.

HISTORY:

This case was reported to the Coroner's Office by the Bloomington Police Department at 12:45 a.m., July 23, 1958.

At approximately 12:10 a.m., July 23, 1958, the deceased was fatally injured when the car in which she was a passenger apparently went out of control near the Cedar Avenue River Bridge on the East Minnesota River Road, Bloomington, and struck a tree, overturning and pinning the deceased beneath it.

Thomas Lear Wertner, age 21, 1213 Stewart Drive, Orange, California, driver of the car involved, a 1950 Chevrolet, bearing 1958 Minnesota license No. 3R4256, stated he was traveling in a westerly direction at approximately 40 to 45 miles per hour when the car began to sway from side to side. The car then collided with a tree and overturned. Deceased, who was riding in the left rear seat, was thrown from the vehicle, and pinned

SHIRLEY A. KARNER - continued

beneath the car. She expired at the scene before help arrived.

Two other passengers, Airman 2/c Catherine Herman, age 20, Allentown, Pa., Airman 2/c Richard Decker, age 21, Clinton, Iowa, and Thomas Wertner, driver of the car, incurred injuries and were removed via Smith ambulance to Veterans Hospital.

A deputy coroner went to the scene and viewed the body. Deceased found lying just off south side of road, face down, with car overturned on her. Remains were removed to the Hennepin County Morgue where an autopsy was performed on the date of death. This revealed fracture dislocation of 1st thoracic vertebra; pulmonary contusion; laceration of lung; multiple rib fractures; laceration of liver; laceration of diaphragm; fracture of symphysis pubis; and laceration of urinary bladder.

Sgt. Paul Block and Officers Carl Lindgren and Richard Nouck of Bloomington were notified and attended the scene of the accident.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 9:50 p.m., July 23, 1958.

About 9:00 p.m., July 23, 1958, the deceased was found ill in the bathroom by his wife who helped him to bed where he became unresponsive a short time later. A Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival, the ambulance physician confirmed the man's death, death apparently occurring about 9:15 p.m.

Mike, Jr., son of deceased, states he was at the deceased's residence this afternoon at 4:00 p.m. at which time his father appeared all right although he was quite weak. He states the deceased has had swelling of his feet and legs for several months and has been going downhill steadily. Doctor J. R. Mach had prescribed a medication for the deceased about a month ago but had not seen him personally. Medicine was prescribed on history given by son-in-law of deceased.

MICHAEL MIHOKANICH - continued

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying in bed, clothed in underwear and stockings. There was no indication of other than natural death. Remains were released directly to a mortuary and death was attributed to arteriosclerotic heart disease.

Police officers Guzek and Arneson of squad 124 were notified and attended the scene.

Survivors of the decedent include his wife, Mary; sons, Michael, Jr. and William; daughters, Mrs. R. Schmeltzer, Mrs. G. Fournier, Mrs. R. Brandt, and Mrs. M. Osterberg and Mrs. S. McFeely; also 13 grandchildren.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 10:00 p.m., July 23, 1958.

According to the deceased's wife, Mrs. Patricia Hoeft, the deceased has been well and has had no complaints of late. About one year ago, the deceased had an examination and physician supposedly stated deceased was apparently in excellent health.

On evening of July 23, 1958, the deceased was popping popcorn when he was seized by an episode of difficult breathing. He requested that a doctor be called and suddenly collapsed to the floor where he gasped several times before becoming unresponsive.

Doctor Charles Kelley was summoned to the scene but arrived to find the deceased's had expired, death apparently occurring about 9:30 p.m., July 23.

LOWELL W. HOEFT - continued

Visitors in the Hoeft residence at the time of the deceased's death were Mr. and Mrs. Jerome Holtman of 1025 Madison Street, East Quincy, Ill. and their two young daughters.

Mrs. Hoeft states the deceased had been treated at Veterans Hospital and was drawing compensation for a skin ailment which was said to be an allergy. Sevens years ago, the deceased underwent surgery for hemorrhoids at Veterans Hospital and two years ago had surgery for a fistula at Asbury Hospital by Doctor C. D. Adkins. Wife reports deceased went into shock following surgery at Asbury and required transfusions.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on July 24, at the request of deceased's wife. In the opinion of the pathologist, it was deemed advisable to await completion of the microscopic and toxicological examinations before determining the cause of this man's death.

Officer Peltola was notified and attended the scene of death.

HISTORY:

This case was reported to the Coroner's Office by Minneapolis General Hospital at 6:50 a.m., July 25, 1958.

The deceased was admitted to Minneapolis General Hospital on July 24, 1958 with a possible fracture of the right femur and congestive heart failure. He had apparently fallen from bed about 7 hours prior to admission and had lain on the floor for several hours before being discovered. His wife is very deaf and did not hear him fall. Deceased has history of a heart condition over a long period of time but had had no recent medical treatment.

On the following day, July 25th, the deceased expired at 5:15 a.m.

An autopsy was performed at the hospital on the date of death. This revealed congestive heart failure; cardiomegaly; cardiac cirrhosis; pulmonary emphysema; and fracture of right

HISTORY:

This case was reported to the Coroner's Office by Doctor Pat Rollins at 9:35 a.m., July 25, 1958.

Deceased has been living at the home of Charles Mohan, Vine Hill, Deephaven, Minnesota, however, she only recently came to this area from the east. She has history of blood pressure of 210/105 and 190/100, has complained of blurring vision, weakness and lack of appetite. She has been followed by the Norfolk Operations Base Dispensary until she came here, the last time she was seen there being in May of 1958. She has had no medical attention since her arrival at the above address.

Today, July 25, 1958, the deceased's condition became critical and Doctor Pat Rollins was summoned to the residence, however, the deceased expired before his arrival, death apparently occurring about 9:15 a.m.

JEANETTE WINTON MOFFETT - continued

Examination of the body and the medical records by a deputy coroner indicated this was a natural death. Remains were released directly to a mortuary and death was attributed to hypertensive vascular disease.

HISTORY:

This case was reported to the Coroner's Office by Minneapolis General Hospital at 4:15 p.m., July 25, 1958.

At approximately 6:35 p.m., July 16, 1958, the deceased was critically injured while riding his motorcycle, a 1946 Harley Davidson, bearing 1958 Minnesota license No. MC 2610, in a westerly directon on 50th Street. Near the intersection of James Avenue South, the deceased apparently lost control of the motorcycle and struck a telephone pole. Deceased was removed to Minneapolis General Hospital, being admitted at 7:05 p.m.

Bilateral trephining and a tracheotomy were done, however, the deceased failed to respond to hospital treatment, expiring at 3:33 p.m., July 25.

GEORGE D. ROTH - continued

An autopsy was performed at the hospital on the date of death. This revealed bronchopneumonia due to gastric aspiration due to coma due to cerebral contusion, edema and basal skull fractures.

Police officers T. Russell and F. Holmes were notified and went to the scene of accident. The street was undergoing resurfacing and officers felt the deceased had been traveling too fast for existing street conditions.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 7:45 p.m., July 25, 1958.

Gladys Syszmanski, daughter of deceased who is home on vacation from Faribault School, states the deceased began to have trouble breathing about 6:30 p.m. She went to get medicine for the deceased but on her return the deceased slumped over in chair and stopped breathing. Daughter rushed to the neighbors for help.

The rescue squad and a Minneapolis General Hospital ambulance were summoned to the residence. Upon arrival, the ambulance physician, Doctor Clark, pronounced the woman dead, death apparently occurring about 6:45 p.m., July 25.

Larry Szymanski, who arrived home about 7:30 p.m., states the deceased has history of asthma over a period of many years but had had no recent medical attention.

ANGELA CUMINGA - continued

A deputy coroner went to the scene and viewed the body. There was no indication of other than natural death. Remains were released directly to a mortuary and death was attributed to arteriosclerotic heart disease; bronchial asthma being a contributing factor.

Police officers Newham and Guzek of squad 124 were notified and attended the scene of death.

Survivors of the decedent include a son, Lawrence Szymanski; 3 daughters, Miss Gladys Szymanski, Mrs. Roy LaPoint, all of Minneapolis; Mrs. Elmer Boucher, Portland, Oregon; 4 grandchildren; 1 great-grandchild; and one brother in Poland.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 6:10 a.m., July 26, 1958.

Henry Johnson, 10278 Central Avenue Northeast, an employee of the deceased, states he entered the deceased's place of business, a restaurant, to do the cleaning as usual about 5:30 a.m., July 26, 1958. When he entered the kitchen, he found the deceased lying partly on his face on floor. The police were notified, Officers W. K. Johnson and Taylor of squad 123 responding, and a Minneapolis General Hospital ambulance was dispatched to the scene. Upon arrival, Doctor R. H. Clark, the ambulance physician, confirmed the man's death.

Mr. Johnson, employed by the deceased in February 1958 states the deceased was alone and drinking when he had left the restaurant about 3:10 a.m. It was the deceased's turn to close up.

Anthony Imburgia, son of deceased, states the deceased had been hospitalized at Doctors

JOSEPH IMBURGIA - continued

Memorial Hospital in February of 1958 for prostate operation under the care of Doctors Hugo Miller and Arden Miller. He says the deceased had taken to drinking rather heavily of late and had been quite depressed, for what reason he does not know. He states the deceased had consulted a number of physicians since he came to Minneapolis about two years ago. He also stated the deceased had seen a Doctor Kelley and had been hospitalized overnight for observation at St. Luke's Hospital in St. Paul about 3 weeks ago (apparently under care of Doctor Leick of Lowry Medical Arts Building).

A deputy coroner went to the scene and viewed the body of deceased. Deceased was very cyanotic and body was warm to touch. A scar was noted on right cheek and deceased was fully clothed. There was no rigor except in eyelids; corneas were clear. A very slight minor abrasion noted back of right wrist and minor scratches on lips. A slight, dried stain of reddish material like blood noted at lips and on floor to right of head. Henry Johnson states he found a 2/3 empty bottle of Fleischmann's whiskey on preparation table as well as two partially empty packs of Chesterfield cigarettes and a pack of paper matches. He states he put cap on whiskey bottle. On desk, there is a plain paper writing pad with two uppermost pages covered with handwriting which progressively appears to be more wobbly and apparently expresses a foreknowledge of approaching death. On floor, there was a pinkish tablet with a "W" impressed into one face with an encircling hexagonal groove. On counter in front of place, was an empty prescription bottle from Ideal Drugs at 319 Central Avenue bearing #30826 and the name of Doctor Kelly. Drugstore states prescription was for "Deprol tablets" and was filled on July 22, 1958.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on July 26th. Upon completion of the toxicology, death was ascribed to poisoning, drug unidentifiable.

Survivors of the decedent include two daughters, Mrs. Rosemary Oven and Miss Carmella Imburgia, Milwaukee, Wis.; two sons, Anthony, Minneapolis, and Augustus, Chicago, Ill.; parents, Mr. and Mrs. Anthony Imburgia; two sisters, Mrs. Nancy Makowski and Mrs. Mary Devito, and a brother, Domonic, all of Chicago.

HISTORY:

This case was reported to the Coroner's Office by the Spring Park Police Department at 7:00 a.m., July 26, 1958.

The deceased came out to a cottage at Island Park, on Lake Minnetonka, in the company of a friend, Mr. Gust Hall, 511 Central Avenue Northeast. According to Mr. Hall, he and the deceased had been drinking some beer on July 25, 1958 and about 4:00 p.m., the deceased complained of pain in chest. It disappeared later, but on the following morning while at the cottage, the deceased experienced another episode of chest pain. Mr. Hall wanted to call a doctor, but the deceased refused to give his permission.

At approximately 4:30 a.m., July 26, 1958, the deceased expired suddenly. The police were notified, Officer Don Wilkes of Spring Park and Al Boll of Island Park responding.

FRANK WILLIAM BARWICK - continued

It was stated, the deceased has history of heart disease and has been treated at Veterans Hospital and also by a private physician.

A deputy coroner went to the scene and viewed the body. Deceased found lying on couch with feet on floor, clothed in pair of trousers. Body was warm and there was 1+ rigor noted. Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

Survivors of the decedent include a newphew, Mr. William B. Porter; and a stepdaughter, Mrs. Edward Shaffer, Minneapolis.

HISTORY:

This case was reported to the Coroner's Office by Doctor Louis Fried at 11:05 p.m., July 26, 1958.

The deceased, a resident of Lake Crystal, Minnesota, was visiting a niece, Mrs. Jack Lloyd, at 6116-10th Avenue South. Deceased has history of a heart attack several years ago and has been under the care of a Lake Crystal physician since that time.

Today, July 26, 1958, they had been on a 100 mile trip and the deceased complained of not feeling well at dinner time. As he was preparing to retire, his breathing became labored and Doctor Louis Fried was summoned to the residence, however, the deceased expired suddenly, death apparently occurring about 11:00 p.m. Dr. Fried confirmed the man's death upon his arrival.

Upon being notified, a deputy coroner went to the scene and viewed the body. There was

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 6:15 p.m., July 27, 1958.

According to the counterman at the Greene Shop, the deceased had come into the shop and sat down on a stool. Suddenly, he collapsed to the floor, got up again and then collapsed a second time, becoming unreponsive.

A Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival, the ambulance physician, Doctor Clark, confirmed the man's death, death apparently occurring about 6:15 p.m.

Evelyn Hansen, 4131 Fourth St. Northeast, another customer, was also present when the deceased expired.

AUGUST W. NELSON - continued

A deputy coroner went to the scene and viewed the body. Deceased found lying on floor of shop. Body was warm and there was no rigor. A small cut was noted on upper lip. There was no indication of other than natural death. Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

Police officer Wistrom of squad 118 was notified and attended the scene of death.

HISTORY:

This case was reported to the Coroner's Office by University Hospitals at 10:45 p.m., July 27, 1958, and Dell ambulance service, St. Louis Park.

At approximately 9:50 p.m., July 27, 1958, the deceased was fatally injured while crossing U. S. Highway No. 12 at its intersection with Pennsylvania Avenue in Golden Valley in the company of his wife, Isabelle Bowman, age 76, and his daughter, Luella Bowman. They were crossing single file to reach the Westwood motel, 7525 Wayzata Boulevard, the daughter leading the way. It was stated, they had just alighted from a bus in the westbound lane of Highway No. 12 and had proceeded south across the westbound lane on Pennsylvania Avenue to the eastbound lane. According to daughter, Luella Bowman, they observed the eastbound traffic approaching from their right side and thought they had time to cross.

Lowell D. Culmer, age 46, 5340-39th Avenue South, driver of the car involved, states he

FRANK BOWMAN - continued

was driving east on Highway 12. As he approached the intersection of Pennsylvania Avenue, he noted the two women starting across the eastbound lane of Highway No. 12 but did not see the deceased who was wearing dark clothing. He was approximately 60 feet from the women when he applied his brakes. Mrs. Isabelle Bowman was struck and thrown aside; deceased was carried with the car, a distance of about 72 feet from point of impact.

Mrs. Bowman sustained injuries but they were not too serious. She was able to get up and walk to the site where the deceased was lying, critically injured. He was removed via Dell ambulance service to University Hospitals, however, the deceased was pronounced dead on arrival, death apparently occurring about 10:15 p.m.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on July 28. This revealed hemopneumothorax and shock due to crushing injury of chest; fracture of ribs 1st through 11th, right; laceration and contusion of right lung; laceration of right diaphragm; multiple lacerations of spleen; fracture of pubic symphysis; bilateral open fracture of lower tibia and fibula; and urethral laceration.

Officers John Schoenecker and M. Kilbo of Golden Valley and Officer Markuson of St. Louis Park were notified and attended the scene of accident.

HISTORY:

This case was reported to the Coroner's Office by the Gleason Mortuary at 10:35 a.m., July 28, 1958.

Mrs. Olga Iverson, who operates the rest home at the above address, states the deceased has been a patient there for some time and has history of several strokes. During the past few months, the deceased has gradually been growing weaker and needing more assistance to walk.

At approximately 6:45 a.m., July 28, 1958, the deceased was found dead in bed.

A deputy coroner went to the scene and viewed the body. There was no indication of other than natural death. Remains were released directly to a mortuary and death was attributed to a cerebral vascular accident.

BERNADINA MILLER - continued

Survivors of the decedent include a daughter, Mrs. George F. Blanchette; a son, Edward H. Miller, Minneapolis; 4 grandchildren; 5 great grandchildren; 2 brothers, Fred and Henry Bombeck; 2 sisters, Mrs. Anna Schiller and Mrs. Mary Williams.

HISTORY:

This case was reported to the Coroner's Office by the Sheriff's Office at 1:45 p.m., July 28, 1958.

At approximately 1:21 p.m., July 28, 1958, the deceased was fatally injured when struck by a bus, a 1951 Brill bearing 1958 Minnesota license No. B2C245, while riding his bicycle in an easterly direction on Linwood Road in Deephaven.

According to the bus driver, Clarence F. Allen, age 50, Route 2, Bovey, Minnesota, who was also proceeding east on Linwood Road, he had noted the deceased riding near the edge of the road. As he started to pass the boy, the bicycle seemed to swerve towards the bus; driver pulled as far to the left as possible and states he was almost stopped when the bicycle hit the bus just in front of the right rear wheels. The bicycle bounced back and the deceased rolled under the dual wheels, crushing his head. Death apparently was instantaneous. Driver stated he sounded his horn before passing.

MICHAEL ROBERT RIEDEL - continued

Witnesses to the accident were Carl Olander, 3212 Longfellow, Minneapolis, and Mrs. Donald Nelson of Route #3, Excelsior, Minnesota.

Remains were removed to the Hennepin County Morgue. Examination of the body revealed crushing injury of head with brain exuding from right side of skull, with left side of face and temple depressed due to fracture of left maxillary bone. Left side of face, neck and front of chest abraded, the outer skin being completely denuded. There were also abrasions noted on outside of left knee and chest wall appeared crushed. Death was attributed to crushing injury of head.

Officer H. Drobny of the Deephaven Police Department, Kucera of Minnetonka Village, Morse of Excelsior, and Deputy Brittain of Hennepin County were notified and attended the scene of accident.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 2:22 p.m., July 28, 1958.

About 1:50 p.m., July 28, 1958, several boys saw the deceased climb over the Ford Bridge rail and jump into the Mississippi River. They called to lock workers at the Dam who went out into the river by boat and picked up the floating body.

Minneapolis Fire Department's rescue squad attempted to resuscitate the deceased without response. Upon arrival, a Minneapolis General Hospital ambulance physician confirmed the man's death, death apparently occurring about 2:00 p.m.

A deputy coroner went to the scene and viewed the body. Deceased found clothed in street

L. HUBERT BENSON - continued

clothes. A boxed lunch and deceased's wallet were found on the bridge at the point from which he had jumped. Remains were removed to the Hennepin County Morgue.

An autopsy was performed at the morgue on the date of death. This revealed pneumohemothorax and hemoperitoneum due to multiple rib fractures, right, with laceration and maceration of right lower lobe of lung and laceration of liver, apparently caused by striking some portion of the bridge structure on descent to the river.

Police officer J. Knutson was notified and attended the scene of death.

Survivors of the decedent include his wife, Jeanne; daughter, Janet; sons, Richard and Neil; parents, Mr. and Mrs. N. P. Benson, all of Minneapolis; brother, Rev. John R. Benson, Joliet, Ill.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 3:45 p.m., July 28, 1958.

Susan Brose, wife of deceased, states she returned home at 3:20 p.m., July 28, 1958 from her place of employment, the Prudential Life Insurance Company, and discovered her husband, the deceased, sitting on the third step from top landing, with a clothesline rope around his neck which was attached to the top rail of the banister. She immediately called a neighbor, Roosevelt Thomas, and asked for help. Mr. Thomas lifted the body and Mrs. Brose untied the rope from the banister. Deceased was placed on floor at top of stairs and Mr. Thomas attempted to give artificial respiration without any response.

The police were notified and a Minneapolis General Hospital ambulance was summoned to the residence. Upon arrival, the ambulance physician confirmed the man's death.

WERNER A. BROSE - continued

According to wife, the deceased has been ailing for the past three months but has refused to seek medical attention. He has lost considerable weight during that period, ate very little and complained of difficulty in breathing.

Upon being notified, a deputy coroner went to the residence and viewed the body. Deceased found lying on second floor landing with rope mark visible around his throat. No other marks were noted. Remains were removed to the Hennepin County Morgue where an autopsy was performed on July 29. This revealed that death was due to asphyxia due to hanging.

Police officers Holden and Tovsen of squad 164 and Detectives Finn and Pfeiffer of 301 were notified and attended the scene of death.

Survivors of the decedent include his wife, Susan; 3 daughters, Mrs. Robert H. Atkins, Minneapolis, Mrs. Norbert D. Traxinger, Bellflower, Calif., Mrs. Garland A. Groves, Minneapolis; and 8 grandchildren.

HISTORY:

This case was reported to the Coroner's Office by the Sheriff's Office at 4:50 p.m., July 28, 1958.

At approximately 4:25 p.m., July 28, 1958, the deceased was fatally injured when struck by a car, a 1955 Buick, bearing 1958 Minnesota license No. 4P 4678, while crossing Highway 100 on his bicycle about 350 feet east of 43rd Avenue North, Robbinsdale.

Francis Eugene Anderson, age 23, Box 152, Elk River, Minnesota, driver of the car involved, was proceeding east on Highway 100 in Robbinsdale and was entering the left lane from the right lane in anticipation of a left turn onto Highway 52 when he noted the deceased crossing Highway 100 on a diagonal line from south to north, riding his bicycle. Anderson was unable to avoid striking the deceased although he applied his brakes violently, it was stated. Death apparently was instantaneous for the deceased.

GARY JAMES PETRANGELO - continued

A witness to the accident was a nephew of the deceased, Scotty Sarsgard, 5225 Douglas Drive.

Upon arrival of a deputy coroner at the scene of accident, the deceased was found lying at side of road, dressed in street clothes. It was noted the left hand side of bicycle was dented indicating it had been struck from that side. Right hand fender of car was slightly buckled on the top at its midpoint. Remains were removed to the Hennepin County Morgue.

An autopsy was performed at the morgue on July 29. This revealed extensive fracture at base of skull; subarachnoid and subdural hemorrhage; cerebral edema and contusion; laceration of right temporal lobe; fracture of 3rd cervical vertebra; vascular congestion of lungs; and rupture of symphysis pubis.

Officers Burns and Matson of the Robbinsdale Police Department were notified and attended the scene of accident. Officers stated the Anderson machine laid down approximately 114 feet of skid marks.

Survivors of the decedent include his parents, Mr. and Mrs. Albert Petrangelo; twin brother, Jerry; brothers, John and Anthony; sisters, Mrs. Vern Pettis, Mrs. Richard Sarsgard and Marie; also grandparents, Mr. and Mrs. Anthony Petrangelo and Mr. Andrew Knudslien, all of Minneapolis area.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 12:20 a.m., July 29, 1958.

According to the deceased's brother, Rollins Carter, who lived with the deceased, he had visited with his brother earlier in the evening and then gone across the hall to his own room and retired. He was unable to sleep and returned to his brother's room, the deceased, and found him unresponsive, at approximately 11:00 p.m., July 28.

A Minneapolis General Hospital ambulance was summoned to the residence. Upon arrival, the ambulance physician confirmed the man's death.

It was stated, the deceased had recently been telling his relatives that he was going to die and seemed to have a premonition of this event.

PAUL H. CARTER - continued

A sister, Mrs. Helen Wheels, 1215 S. Washington Avenue, stated the deceased has been treated at Veterans Hospital and was also treated at Minneapolis General Hospital as recently as 3 weeks ago.

Police officer Sgt. J. Ward and Hamilton were notified and attended the scene of death.

HISTORY:

This case was reported to the Coroner's Office by the Plymouth Village Police Department at 8:35 a.m., July 29, 1958.

At about 8:15 a.m., July 29, 1958, mother went to crib to awaken the deceased for his feeding and found him lying there, lifeless. Mother had looked at the baby at 7:15 a.m. and thought he was sleeping. She had last seen the deceased alive between 9:00 and 9:30 p.m. the preceding evening at which time he had been put to bed.

It was stated, the deceased had appeared to have a mild "cold" for the past four days but had no respiratory difficulty. Baby had last been seen by Doctor J. J. Pattee about three weeks ago for routine check.

A deputy coroner went to the residence and viewed the infant. Deceased found lying on right side in crib. Frothy material was noted coming from nose and mouth. Infant was clothed in shirt and diaper and a brownish-blue discoloration of the hands was noted. Rigor mortis

SCOTT RYAN JADWIN - continued

was complete.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on the date of death. This revealed that death was due to bronchopneumonia.

Officer Claude Lien of the Plymouth Police Department was notified and attended the scene of death.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 9:15 a.m., July 29, 1958.

On July 28, 1958, the deceased had complained of chest pain but had appeared to be allright today. At about 9:00 a.m., July 29th, he entered the meat cooler at the Allen Distributing Company and suddenly collapsed.

A Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival, Doctor Banslow, the ambulance physician, pronounced the deceased dead.

The deceased has been under the care of Doctor D. L. Fingerman for a number of years. He has history of severe arteriosclerotic heart disease with congestive failure. Doctor Fingerman had attended the deceased on week preceding death and had asked him to return again on Monday (July 28th), however, deceased did not keep appointment.

MORRIS SCHWARTZ - continued

Remains were removed to the Hennepin County Morgue. There was no indication of other than natural death.

Police officers Keller and Mattson of squad 117 were notified and attended the scene of death.

HISTORY:

This case was reported to the Coroner's Office by Minneapolis General Hospital at 11:40 a.m., July 29, 1958.

On June 23, 1958, the deceased was admitted to Minneapolis General Hospital from her home at 2738 Chicago Avenue, after having apparently been slugged. She expired at 11:20 a.m., July 29, 1958.

According to Mrs. Kenard Kuhnly, who rents an upstairs apartment at 2738 Chicago Avenue from the deceased, the deceased came upstairs about 8:45 p.m., June 23rd, bleeding from numerous wounds on the head and stated she had been beaten. The police were notified, Officers Ziegler and Speakman of squad 307 responding. Various neighbors were interviewed regarding the afternoon and evening of this date, but none of them could remember hearing any unusual noises.

CHARLOTTE O'NEAL - continued

Later, detectives interviewed the deceased at the hospital in an effort to establish the time of day that she had apparently been slugged and a description of her assailant. She told them she had been taking a nap on the afternoon of June 23rd. When she awakened, a man was hitting her on the head with some instrument which she could not identify. She was very vague as to the man's description, stating he was about 40 and tall, maybe about 6 feet. She also stated he was a white man and that she had never seen him before. She claims she was robbed of a black purse containing $800.00. At a later date, she was again interviewed but seemed somewhat confused. Officers asked if her doors were locked while she slept on the afternoon of June 23rd. She states the out-side doors to her first-floor quarters were locked, but a door leading to the second floor was open.

The Bureau of Identification made a complete check of the entire house and grounds. A chest in the deceased's bedroom appeared to have been forced open with a screwdriver and hatchet, both of which were found in the bedroom. There was no indication of blood or signs of a struggle in the bedroom. In the kitchen, there were blood on the floor, refrigerator door, and a partially filled pail of water was noted that had apparently been used to mop up the floor. Various tools found in a pantry were taken by the officers for a further check for prints, etc.

At time of death, no suspects had been found.

An autopsy was performed at the hospital on the date of death. In the opinion of the pathologist, it was deemed advisable to await completion of the micro-scopic examination before determining cause of death.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 3:05 p.m., July 29, 1958.

Leroy C. Johnson, 1700 W. 86th Street, states he noted the deceased sitting on the curb on the afternoon of July 29, 1958. About 2:15 p.m., the deceased got up and walked across the street. Suddenly, he appeared to lose his balance and collapsed to the sidewalk, becoming unresponsive.

A Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival, the ambulance physician confirmed the man's death, death apparently occurring about 2:18 p.m.

Deceased has history of heart disease and told a sister-in-law that he suffered a heart attack one week ago.

James Samuel Conway - continued

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying on sidewalk, fully clothed. Body was warm and there was no rigor. There is a moderate amount of fresh blood on lower face and about nose and mouth. There is also a 4" spot of dried blood on the sidewalk to the left of deceased's head. Fingers of hands and skin of face are mottled with a blue-gray discoloration. Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

Police officers Baker and Hagstrom of squad 512 were notified and attended the scene of death.

Survivors of the decedent include a brother, Edward R. Conway of Minneapolis; and a sister, Mrs. Eva Reibeling of Waseca, Minn.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 8:55 p.m., July 29, 1958.

On the evening of July 29, 1958, the deceased, his sister, Susan Heath, age 5, and a neighbor girl, Louise Wright, age 7, were playing around the Capp model homes at 1143 Dupont Avenue North. The deceased was crawling on hands and knees between a wooden Capp home and an all metal Capp home behind it. The space is approximately four feet wide. Protruding from beneath the metal home in the rear were two 3/8" copper tubes that were joined at a connection about three feet from the metal home to about one foot from the wooden home. As the deceased crawled over the tubing, he collapsed.

Larry Wright, 1141 Dupont Avenue North, states he was called to the scene by his daughter, Louise, and found the deceased lying, face down, over the copper tubing. He was joined by the deceased's father, Eugene Heath. Together they removed the deceased with two boards, it was stated.

MICHEL BRUCE HEATH - continued

They started artifical respiration which was continued by the rescue squad without response. Upon arrival of a Minneapolis General Hospital ambulance, the ambulance physician, Doctor Clark, pronounced the boy dead, death apparently occurring about 8:33 p.m., July 29.

Detectives Finn and Pfeiffer of 301 who talked with the neighborhood children stated they were told by the children that they received numerous shocks by touching the house, the heating unit attached to the house or the cable conveying the current from the fuse box at the rear of the wooden home to the metal home. They said they had never been hurt by the electricity.

Lawrence Haller of Route #2, Osseo, an employee of Northern States Power, was sent to the scene and tested the metal home and metal tubing and said they both test 117 volts. He also stated there was no grounding visible on the metal mobile home.

A deputy coroner went to the scene and viewed the body. Deceased found lying on back, barefooted and clothed only in blue jeans. Frothy fluid was noted in mouth and nose. No definite burns noted, however, there were a few small abrasions over mid-abdomen and right chest. Body was slightly cool and in rigor. (Other children at scene of death had been wearing rubber soled shoes).

Remains were removed to the Hennepin County Morgue where an autopsy was performed on July 30. Death was attributed to electrocution.

Police officers G. Johnson and McCarthy of squad 144 were first notified and made the initial investigation.

Survivors of the decedent include his parents, Mr. and Mrs. Eugene Heath; sisters, Judith and Susan; brothers, Thomas, Stephen and David; grandparents, Mr. and Mrs. Earl Triemert and Mr. and Mrs. Leslie Heath.

HISTORY:

This case was reported to the Coroner's Office by Minneapolis General Hospital at 11:30 p.m., July 29, 1958.

According to hospital records, the deceased had been watching the Aquatennial parade on the evening of July 23, 1958 from the top of a parked beverage truck at 7th Street and Nicollet Avenue. She incurred a head injury when she either jumped or fell from the truck and was removed to Minneapolis General Hospital, being admitted at 10:40 p.m.

The woman failed to respond to hospital treatment, expiring at 11:10 p.m., July 29.

An autopsy was performed at the hospital on July 30. This revealed encelphalomalacia and left subdural hematoma due to head injury with multiple skull fractures.

MARGARET MARIE PETERSON - continued

Survivors of the decedent include her husband, Kenneth; 3 daughters, Judy, Sandra and Debra; two brothers, Al Vernon and Ed Vernon, all of Minneapolis; 4 sisters, Mrs. Edna Masters, Mrs. Jessie Strait, Eveleth, Minn., Mrs. Ada Steevens and Mrs. Effie Jehn, both of Minneapolis; mother, Mrs. Edward Vernon, also of Minneapolis.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 1:10 a.m., July 30, 1958.

According to the deceased's girl friend, Donna Vanderschaaf, 1823½ Fifth Avenue South, she had gone to the home of the deceased at approximately 12:40 a.m., July 30, 1958, to meet him as he got off the bus from work at Honeywell. When he did not get off the bus, she went up to his room and discovered him lying crosswise on the bed in his room, apparently dead. A .32 caliber automatic Colt pistol, serial number 11701, lay between his legs, just above the knee. The police were notified, Officers Olson and H. Nelson of squad 151 responding.

Deceased head and right arm had dropped to the floor. It was apparent that the gun had discharged against the right side of his head at a point about an inch in front of his right ear. Officers theorized that the deceased had shot himself in a sitting position, the gun had fallen out of his hand between his knees, and then he had fallen

HARRY M. MARTIN - continued

back.

The following people were at home at this address when the shooting apparently occurred: Mr. and Mrs Isiah Brown in the apartment directly below that of deceased, Mrs. Odessa Howard, sleeping in a room in the rear of building on second floor, and Theodore Crenshaw, who occupies a room across from the deceased. All of them deny hearing a shot, however, residents state the deceased had owned a gun for several years. The gun was taken to Bureau of Identification by Officer Walberg to be checked for fingerprints.

A deputy coroner went to the scene and viewed the body. Deceased found lying on back on small bed in the living room with his head over the north side of bed and right arm dangling on floor. The left arm is flexed and lies on left anterior chest. Deceased is clothed in trousers, shorts, and stockings. Body is cold and in full rigor. There is dried blood over the occiput, with a small 1 cm. hole 3 cm. anterior to the upper portion of the right ear with dark discoloration about it. There is another hole in the left posterior parietal region, an estimated 8 cm. above the left ear and 4 cm. from the midline. There is blood in the left nares and right ear; also blood noted streaked over the neck and upper left anterior chest. There is a large pool of blood, which is mostly dried, on the floor under the head and running under the head of bed. A gun (.32 caliber Colt automatic) lies between the legs with muzzle toward the feet and the handle up. The feet touch the floor and extend over the edge of the bed from the knee down. There are no other signs of trauma or violence. There is also dried blood on the upper right hand corner of the mattress near the head; hands are loosely closed. No marks or burns noted. An empty shell was noted in the west window as well as several small holes in the ceiling and walls. A metal slug found in the southwest corner of room, copper covered, with paint on the surface. Remains were removed to the Hennepin County Morgue.

An autopsy was performed on July 30 at the morgue. This revealed multiple skull fractures; contusion and laceration of brain; left subdural hematoma; and aspiration of blood.

Detectives Dahlen and J. Meehan were called and are continuing the investigation of this case.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 6:55 p.m., July 30, 1958.

According to the deceased's son, Jimmie McCormack, age 12, he and the deceased had been swimming at Lake Nokomis on July 30, 1958. While getting dressed to go home, the deceased had sudden pain in chest and had to sit down. After a while, the deceased felt better and they started to walk back to Bloomington Avenue where they planned to take a bus to their residence. On the way, the deceased was forced to stop several times and rest on park benches. As they reached East Minnehaha Parkway, the deceased vomited. Then they walked across the parkway and when they approached the other side, the deceased suddenly slumped to the sidewalk, becoming unresponsive.

A passing physician administered to the deceased and a Minneapolis General Hospital ambulance was also summoned to the scene. Upon arrival, the ambulance physician con-

WILLIAM J. MC CORMACK - continued

firmed the man's death, death apparently occurring about 6:45 p.m., July 30.

A deputy coroner went to the scene and viewed the body. Deceased noted to be very cyanotic. Body was warm to touch and there was no rigor and no indication of other than natural death. Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

Police officer Holden of squad 165 was notified and attended the scene of death.

Survivors of the decedent include his wife, Agnes; a son, James A.; daughters, Margaret Mary, Eileen and Mary Agnes; father, Andrew J.; a brother, James F., and a sister, Mrs. Nellie Marrin.

HISTORY:

This case was reported to the Coroner's Office by the Werness Brothers Chapel at 7:35 p.m., July 30, 1958.

While visiting at the home of her daughter, Mrs. O. P. Berge, 5053 Oliver Avenue South, on June 23, 1958, the deceased twisted and fell in some manner while getting up from a chair on the lawn, sustaining a fracture of the left hip.

Deceased was removed to Northwestern Hospital and placed under the care of Doctor Paul Lowry. An open reduction and internal fixation of the fractured left hip was performed by Doctor D. K. Millett. Her condition was complicated by cerebral arteriosclerosis, uremia, and senility. She was subsequently discharged from the hospital and was transferred to Mount Olivet Nursing Home on July 5th.

The woman expired at 6:30 p.m., July 30, 1958.

AMY E. JONES - continued

A deputy coroner viewed the body at the mortuary and attributed death to arteriolonephrosclerosis with uremia; cerebral arteriosclerosis; and an intertrochanteric fracture of the left hip.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 9:55 p.m., July 30, 1958.

According to the deceased's wife, Mrs. Hazel Noland, the deceased arrived home from work at the Radisson Hotel about 2:00 p.m. as usual. He slept for about an hour and a half, had his evening meal, and then watched television. About 9:30 p.m., he seemed to fall asleep, then began to have rattly breathing, and could not be roused even when she threw cold water in his face.

A Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival, the ambulance physician, Doctor Clark, pronounced the deceased dead, death apparently occurring about 9:30 p.m.

EDWARD H. NOLAND - continued

Wife states deceased had complained of some shortness of breath lately but had had no other complaints. She states that about a year ago, deceased had had several "convulsions" similar to episode tonight but had roused when she dashed water in his face. Several months ago, Doctor Sullivan had checked the deceased and found him all right, it was stated.

Upon being notified, a deputy coroner went to the residence and viewed the body. There was no indication of other than natural death. Remains were removed to the Hennepin County Morgue and death was attributed to arterio-sclerotic heart disease.

Police officers Mudge and Nordmeyer of squad 119 were notified and attended the scene of death.

Survivors of the decedent include his wife, Hazel; and a daughter, Maxine.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 8:45 a.m., July 31, 1958.

The deceased, owner of the Pastime Bar, had complained of chest pain today, July 31, 1958, and on the preceding day.

About 8:35 a.m., July 31, 1958, he told his waitress, Marjorie Marshall of 905-14th Avenue South, that he did not feel well enough to count out the day's change, then he collapsed to the floor, becoming unresponsive.

A Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival, the ambulance physician, Doctor Boies, confirmed the man's death.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased

JAMES JOSEPH SANDINO - continued

found lying on back on floor near bar. There was no indication of other than natural death. Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

A Doctor John J. Boehrer called this office and stated he had treated the deceased for hypertension and coronary disease.

Police officers Therold S. Keller and Einar L. Mattson of squad 117 were notified and attended the scene of death.

Survivors of the decedent include a son, Joseph J., Jr.; 2 grandchildren of Minneapolis; parents, Mr. and Mrs. Peter Cittadino; brother, Labor; 4 sisters, Mrs. Benny Alonzo, Miss Rose Cittadinao, all of New York, Mrs. Paul Holm of Kettle River, Minn., and Mrs. Gil Smith of Fargo, N. D.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 10:35 a.m., July 31, 1958.

On the morning of July 31, 1958, the deceased was waiting at the Pentel Pontiac garage while his car was being repaired. He suddenly collapsed to the floor, becoming unresponsive.

A Minneapolis General Hospital ambulance was called to the scene. Upon arrival, Doctor Boise, the ambulance physician, confirmed the man's death, death apparently occurring about 10:22 a.m.

Mr. S. A. Solberg, 2814 Second Avenue South, floorman at the garage, had been talking with the deceased just a few minutes before he collapsed. Deceased appeared to be all

FREDERICK ROWORTH - continued

right at that time and did not indicate that he felt ill.

It was stated, the deceased has history of a heart condition and had been under the care of Doctor O. J. Engstrand whom he had seen only four days prior to death.

Police officers Marx and Sande of squad 164 were also notified and attended the scene of death.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying on back in garage, fully clothed. There was no indication of other than natural death. Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

Survivors of the decedent include his wife, Blanch; son, F. Alfred, Seattle, Washington; daughter, Mrs. Paul Meehl, Minneapolis; 5 grandchildren; brothers, Edwin, Cardiff by the Sea, Calif., William, Denver; sisters, Mrs. Joseph Welborn, Denver, and Mrs. L. K. Kam, Honolulu.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 10:35 a.m., July 31, 1958.

At approximately 10:05 a.m., July 31, 1958, Margaret Marshal, maid at the hotel, found the deceased lying on the stairway between second and third floors in an unresponsive condition. The police were notified, Officers Ed Gunderson and Dols responding.

A Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival, the ambulance physician confirmed the man's death.

According to the maid, she had seen the deceased on the third floor only five minutes earlier at which time he had appeared to be in his usual health. She also stated, the deceased had lived at the hotel for at least three years. In her opinion, he had

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 11:50 a.m., July 31, 1958.

At approximately 11:50 a.m., July 31, 1958, the deceased was noted floating near shore on west side of Cedar Lake by Officer Myhervold, who was off duty at the time. Officers Thomey and Umberger of squad 495 were notified and assisted in recovering the body.

Slippers and robe of deceased, containing identification, were found on beach and deceased's car was parked on street nearby.

It was stated, this is an unsupervised swimming area.

A deputy coroner went to the scene and viewed the body which was lying on beach on back, clothed in swimming trunks. There was no rigor and foam was noted coming from mouth. Remains were removed to the Hennepin County Morgue.

NATHAN FRIEDELL - continued

Sheldon Vermes, 2811 Xerxes Avenue South, son-in-law of deceased, states the deceased has had repeated heart attacks, the first one occurring about five years ago. He has been under the care of Doctor Aaron Friedell.

An autopsy was performed at the morgue on July 31. This revealed that death was due to arteriosclerotic heart disease with occlusion of anterior descending coronary artery; old myocardial infarct; and aneurysm of left ventricular wall.

Survivors of the decedent include his wife, Ida; a son, Stuart; and a daughter, Mrs. Sheldon Vermes, both of Minneapolis; and a sister, Mrs. Sam Bass, Los Angeles, California.

HISTORY:

This case was reported to the Coroner's Office by Minneapolis General Hospital at 1:45 p.m., August 1, 1958.

At approximately 1:20 p.m., August 1, 1958, the deceased, an employee of Truck Crane Service Company, was fatally injured while at work on the second floor of the seven story Dental building at 3rd and Nicollet, which is being razed. It was stated, cap of a concrete pillar on the 6th floor was jarred loose by a crew removing a steel beam on that floor. The cap, a two foot cube of concrete, crashed through the floors below, striking the deceased who was at work on the second floor and carrying him into the basement of the building where he was partially buried in debris.

The injured man was pulled from the rubble by a rescue squad and placed in a Minneapolis General Hospital ambulance, however, he expired en route to the hospital, death occurring about 1:30 p.m.

AMOS DAVIS - continued

Remains were removed to the Hennepin County Morgue where examination of the body revealed crushing injury of head and chest, multiple rib fractures, and fracture of femur, bilateral. Neither the deceased's wife, Elizabeth Davis, or the company were desirous of an autopsy.

HISTORY:

This case was reported to the Coroner's Office by the Park Rest Home at 12:25 p.m., August 2, 1958.

On July 24, 1958, the deceased was admitted to rest home at 2200 Park Avenue with a diagnosis of Parkinsonism and old "stroke". She expired there at 12 o'clock, noon, on August 2nd.

According to attendants at the home, the deceased was unable to talk, but has had no temperature elevation and has been eating well. She was last seen at Minneapolis General Hospital's out-patient clinic where she was treated for constipation.

Upon being notified, a deputy coroner went to the scene and viewed the body. There was no indication of other than natural death. Death was attributed to stroke syndrome due to cerebral artery thrombosis due to cerebral arteriosclerosis.

HELENA S. BRICTSON - continued

Police officer W. E. Noble of squad 151 was also notified and attended the scene of death.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 6:10 p.m., August 2, 1958.

While swimming at Lake Hiawatha with a companion, Vernon Ziesmer of 2209 Chicago Avenue, on the afternoon of August 2, 1958, the deceased suddenly sank beneath the water. His companion, Vernon Ziesmer, states he was about six or seven feet from the deceased when he saw him go down. He states the deceased made no outcry but just disappeared beneath the water. Ziesmer swam to the site and attempted to get hold of the deceased but failed. Then he rushed to shore and called for help.

Another companion, John M. Flanigan, 10 E. 45th Street, who had been resting on shore, as well as several others came to the scene and commenced diving for the deceased. Barry Schuler, 1532 Grand Avenue, St. Paul, and Richard Backstrom, 4247 Linden Hills recovered the body at 5:59 p.m.

GUSTAV A. BODIN - continued

A Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival, Doctor Boise, the ambulance physician, confirmed the man's death.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on August 3rd. This revealed that death was due to anoxia due to drowning. Other findings were bilateral pneumonia, lower lobes, and mild coronary atherosclerosis. Analysis of the deceased's blood revealed 0.15% ethyl alcohol.

Officer Goodsell and Sgt. Ryden were notified and attended the scene of death.

Survivors of the decedent include his mother, Mrs. Anna Bodin; a brother, George Bodin, both of Brunswick, Minn. and a sister, Mrs. Leone Rehmann, Minneapolis.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 11:25 p.m., August 2, 1958.

At approximately 9:00 p.m., August 2, 1958, Mrs. Yvonne Brown, mother of deceased, had fed the deceased and placed him on full-size bed in their bedroom. When she returned to check on the infant at 11:15 p.m., she found the child was apparently lifeless.

A Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival, Doctor Larson, the ambulance physician, confirmed the baby's death.

According to father, Mr. Robert Brown, the baby had been eating well and there was no evidence of illness. Infant had not been exposed to any infectious diseases.

DAVID ALLAN BROWN - continued

Examination of the body at the scene of death by a deputy coroner indicated the deceased was warm and there was no rigor. Baby found lying on soft chenille spread on back. There was no evidence of vomitus. Slight cyanosis noted.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on morning of August 3. This revealed that death was due to bronchopneumonia, bilateral.

It was stated, the deceased had been seen recently by Dr. R. J. Meyers for heat rash and was to see child again for one month checkup.

Police officers Butler and Mahnerd of squad 165 were notified and attended the scene of death.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 12:20 p.m., August 3, 1958.

According to the deceased's wife, Edna Keck, the deceased had been in apparent good health and has had no known complaints of late.

Shortly before noon today, August 3, 1958, the deceased was sitting in the living room in his favorite easy chair, reading the newspaper. Mrs. Keck went upstairs to take a bath at this time and when she returned to the living room, the deceased appeared to be sleeping, however, she noted his poor color. On attempting to rouse him, she found he was unresponsive.

A Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival, the ambulance physician confirmed the man's death.

JOHN EDWARD KECK - continued

Upon being notified, a deputy coroner went to the scene and viewed the body. There was no indication of other than natural death. Wife of deceased did not desire an autopsy. Remains were released directly to a mortuary and death was attributed to arteriosclerotic heart disease.

Police officers Guzek and Newham were notified and attended the scene of death.

Survivors of the decedent include his wife, Edna B.; 3 sons, Duane H., Michigan, John R. and Gene A., Minneapolis; two sisters, Mrs. Margaret Staedy, Minneapolis, and Mrs. Lydia McGraw, Detroit, Michigan; also 9 grandchildren.

HISTORY:

This case was reported to the Coroner's Office by Doctor Henry P. Staub at 3:15 p.m., August 4, 1958.

According to Doctor Henry P. Staub, he was called to residence of deceased about 10:00 a.m., August 3, 1958 and found the deceased dead on his arrival.

Mr. Floyd Boline, father of deceased, stated the baby was apparently in good health when last seen alive at 7:00 a.m., August 3rd. Baby had been born at University Hospitals and had been circumcised there when three weeks old.

An autopsy was performed on the deceased at University Hospitals on date of death, however, the cause of death was reported as indeterminable.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 4:00 a.m., August 4, 1958.

It was stated, the deceased has been in failing health for the past two years.

While eating in the living room of his home early this morning, August 4, 1958, the deceased suddenly said to his wife that he had to void and then collapsed in his chair, becoming unresponsive.

A Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival, the ambulance physician, Doctor R. H. Clark, pronounced the deceased dead, death apparently occurring about 3:50 a.m.

According to wife, the deceased has not been seen by a doctor but has been seen by a Christian Science practitioner.

ARTHUR CONRAD SHERVEY - continued

A deputy coroner went to the scene and viewed the body. Deceased found sitting in chair dressed in shirt, suit coat and trousers. There was no indication of other than natural death. Remains were released directly to a mortuary and death was attributed to arteriosclerotic heart disease.

Police officers Mattson and Kolar of squad 118 were notified and attended the scene of death.

Only survivor known to the Coroner's Office is wife of deceased, Adeline E.

HISTORY:

This case was reported to the Coroner's Office by Minneapolis General Hospital at 10:15 p.m., August 4, 1958.

About two months ago, the deceased fell in his home, incurring a fracture of the left femur. He was removed to Minneapolis General Hospital, being admitted on June 16, 1958.

On June 20th, an internal fixation of the fractured left femur was done. Following surgery, the deceased progressed very well and was subsequently transferred to the Nicollet Convalescent home for further care. While at home, the deceased had been a bed patient most of the time. He had been up in a chair but was unable to be on feet. Deceased took very little nourishment and it was difficult to feed him.

The day preceding death and during the night, deceased experienceddifficulty in breathing. Mucous was noted in throat and temperature registered 101°. He expired at 9:05 p.m., August 4.

JOHN E. BRINK - continued

A deputy coroner viewed the body and attributed death to bronchopneumonia, the intertrochanteric fracture of the left femur being a contributing factor.

Survivors of the decedent include a daughter, Mrs. Marie Lundquist; daughter-in-law, Mrs. Hazel Brink; brothers, Gust and August Ringbloom; siter, Mrs. Charles Atwood; also 7 grandchildren and 13 great-grandchildren.

HISTORY:

This case was reported to the Coroner's Office by Deaconess Hospital at 4:50 a.m., August 5, 1958.

Medical records indicate the deceased was admitted to Deaconess Hospital at 7:30 p.m., July 30, 1958, complaining of severe abdominal pain and persistent vomiting. She had been ill for several days at time of admission.

Surgery on August 2, 1958 disclosed an obstruction of small bowel due to old post-operative adhesions. There was no peritonitis or leakage from bowel.

About 4:30 a.m., August 5, 1958, the deceased was found lying on floor of her hospital room. She expired at 4:40 a.m., August 5.

GRETCHEN DAVIS RAZE - continued

An autopsy was performed at the Welander Quist Funeral Home on the date of death. There was no evidence of trauma. This revealed that death was due to ileus paralyticus due to intestinal obstruction due to adhesions from old operation.

Survivors of the decedent include her husband, Wallace E.; daughters, Mrs. Richard Bone of Lehi, Utah, and Mrs. Gretchen Scott of Minneapolis; father, Burton Davis; sister, Mrs. Albert Foster, both of Terre Haute, Indiana; also 3 grandchildren.

HISTORY:

This case was reported to the Coroner's Office by Doctor J. K. Moen at 2:12 p.m., August 5, 1958.

On July 5, 1958, the deceased fell in her home in some manner sustaining a fracture of the right femur. She was removed to Abbott Hospital on the date of injury and was placed under the care of Doctor J. K. Moen.

Surgical repair of the hip was accomplished on the date of admission. Due to the woman's advanced age and weakened condition, she developed bronchial pneumonia, expiring at 9:20 a.m., August 5.

The fracturedright femur was considered a contributing cause of death.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 9:06 a.m., August 6, 1958.

At approximately 9:00 a.m., August 6, 1958, the deceased, who was employed at this address, was found lying on floor of men's rest room in an unresponsive condition.

A Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival, the ambulance physician confirmed the man's death.

According to the deceased's daughter, Mrs. Eleanor LaBrie, 318 55th Avenue North, the deceased apparently saw Doctor E. S. Lippman within the past week or two. He related to his daughter that he was as strong as an ox and that there was nothing wrong with him.

THEODORE LAMPART - continued

However, the deceased's son-in-law, Robert LaBrie states the deceased always complained of gas and flatulence and carried "Rolaids" on his person.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying in rest room in basement of above building, dressed in street clothes. There was no indication of other than natural death. Remains were removed to theHennepin County Morgue and death was attributed to arterio-sclerotic heart disease.

Police officers Rauner and Noble of squad 151 were notified and attended the scene of death.

Survivors of the decedent are unknown to the Coroner's Office with the exception of a daughter, Mrs. Robert LaBrie, previously mentioned herein.

HISTORY:

This case was reported to the Coroner's Office by George Atwood, an employee of the Fred R. Comb Company, at 2:40 p.m., August 6, 1958.

Deceased, an employee of the Fred R. Comb Company, general contractors, was at work repairing roof on Building No. T385, a two-story temporary structure on the Fort Snelling reservation, on the afternoon of August 6, 1958. While working at peak of building, approximately 20 feet from ground, the deceased apparently lost his balance in some manner, falling to the ground.

A Smith ambulance was summoned to the scene, however, the deceased expired at the scene of accident before arrival of the ambulance, death apparently occurring about 2:08 p.m.

According to H. L. Rydeen of 4220 Minnehaha Avenue South, a fellow worker who was working with deceased at time of injury, stated the deceased was walking along peak of building,

OSCAR GUSTAFSON - continued

when the deceased suddenly cried out and started to slide down the roof. He stated he could not tell whether the deceased actually slipped and lost balance or if there was some other reason for fall, however, the deceased had complained of a headache about 30 minutes prior to time of fall.

The coroner went to the scene and viewed the body. Deceased found lying on back with feet toward building, fully clothed in work clothes. Cyanosis of face was noted. Body was warm and there was no rigor. Remains were removed to the Hennepin County Morgue.

An autopsy was performed at the morgue at 4:30 p.m. on the date of death. This revealed cerebral concussion, fracture of left humerus, laceration of liver, and old organized subdural hematoma.

Only survivors known to the Coroner's Office are a daughter, Elizabeth Alexander, Santa Fe, N. Mexico, and a brother, Emil Gustafson, Minneapolis.

HISTORY:

This case was reported to the Coroner's Office by the Park Avenue Rest Home at 3:15 p.m., August 6, 1958.

According to the Park Avenue Rest Home, the deceased has history of an old cerebrovascular accident, carcinoma of left breast and a cardiac condition and has been under the care of Doctor J. P. Korchik, who last attended the deceased on July 27, 1958.

It was stated, the deceased has been a patient at the Cornelius Rest Home, 3813 Fourth Avenue South from July 11, 1952 until June 27, 1958 at which time she was transferred to the Park Avenue Rest Home where she expired at 2:45 p.m., August 6.

Upon being notified, a deputy coroner went to the scene and viewed the body. There was

ANNA SANDERS - continued

no indication of other than natural death. Remains were released directly to a mortuary and death was attributed to a cerebral vascular accident; carcinoma of the left breast being a contributing factor.

Examination of the body revealed a large firm mass palpable near the nipple area in the left breast, however, no ulceration was noted.

HISTORY:

This case was reported to the Coroner's Office by St. Barnabas Hospital at 3:45 p.m., August 6, 1958.

At approximately 2:50 p.m., August 6, 1958, the deceased was fatally injured when struck by a car when she and her younger brother walked across the highway from their home to the mail box. They had procured the mail, the deceased turned to her left and stepped back onto the highway into the path of a car being driven by Gustaf Burke, age 75, of Route #2, Balsalm Lake, Wisconsin. The impact caused the deceased to be thrown a distance of about fifty feet. The vehicle, a 1950 Dodge two-door sedan, bearing 1958 Wisconsin license No. V-32-635, was traveling south on Highway 8 at the time of the accident.

Circle Pines police, first to arrive at the scene, placed the deceased in their Station Wagon ambulance and rushed her to St. Barnabas Hospital, in accordance with instructions from the deceased's mother. She was pronounced dead on arrival at the hospital at 3:20 p.m.

JEAN K. MORRISON - continued

Officer Christopherson, of the State Highway Patrol, arrived at the scene shortly after arrival of the Circle Pines Police.

An autopsy was performed at the hospital at 4:30 p.m. on the date of death. This revealed fracture dislocation of first cervical vertebra; laceration of liver, spleen, kidneys and stomach.

HISTORY:

This case was reported to the Coroner's Office by University Hospitals at 6:20 p.m., August 6, 1958.

At approximately 2:30 a.m., August 3, 1958, the deceased was seriously injured when the car he was driving went off the road and into a ditch, overturned, and crashed into a power pole on the bank beyond the ditch. It was stated, the deceased was traveling east on Highway 16. The accident occurred two miles west of Albert Lea.

The deceased was discovered at 4:00 a.m., August 3rd, and was taken to a hospital at Albert Lea. Later the same day, the deceased was transferred to University Hospitals, being admitted there at 7:30 p.m.

Shortly after admission, trephine surgery was performed. On August 5th, a tracheotomy was done. Deceased, who was comatose on admission, expired at 1:55 p.m., August 6th,

WILLIAM B. BRUNING- continued

without regaining consciousness.

An autopsy was performed at the hospital on the date of death. This revealed subdural and intracerebral hemorrhage with severe brain damage due to skull fractures; fracture of 11th thoracic vertebra; and multiple rib fractures.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 7:55 p.m., August 7, 1958.

On the evening of August 7, 1958, the deceased was found sitting at curb at above location in a distressed condition by Ted Heintzman, 6420 Morgan Avenue So. Mr. Heintzman noted the deceased appeared quite ill and helped him to lie down on the sidewalk. The police were notified and a Minneapolis General Hospital ambulance was dispatched to the scene. Upon arrival, the ambulance confirmed the man's death, death apparently occurring about 7:50 p.m., August 7.

Upon arrival of attendant from Coroner's Office, deceased found lying face down on sidewalk with legs crossed and left arm outstretched above head. Cyanosis of face was noted. Body was warm and there was no rigor and no indication of other than natural death. It was stated, the deceased has history of a heart condition and had been treated at General Hospital since 1955.

VENNER OINONEN - continued

Remains were removed to the Hennepin County Morgue where an autopsy was performed on August 8th. This revealed that death was due to congestive heart failure due to aortic insufficiency.

Police officers Knickerbocker and Allenson of squad 117 were notified and attended the scene of death.

Survivors of the decedent include two brothers, Emil Oinonen and Arnie Olson, both of Jackson, Minnesota, two sisters, Mrs. Edith Stromberg, California, and a sister living in Detroit, Michigan.

HISTORY:

This case was reported to the Coroner's Office by Minneapolis General Hospital at 10:20 a.m., August 8, 1958.

According to medical records, the deceased was admitted to Minneapolis General Hospital at 8:19 a.m., August 8, 1958 in an unresponsive condition after allegedly having fallen from a third floor window at his residence at 202 Hennepin Avenue.

Deceased's condition deteriorated rapidly and the man expired on the date of admission, death occurring at 9:45 a.m.

Past medical history reveals focal motor seizures and an old fall (1953) from a second story window.

JAMES LEONARD - continued

An autopsy was performed at the hospital on the date of death. This revealed severe cerebral contusion due to bilateral skull fracture; severe laceration of left kidney; and fracture of 10th and 11th ribs, left.

Survivors of the decedent include his parents, Mr. and Mrs. Edgar Leonard.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 8:25 p.m., August 8, 1958.

According to Ray Newman, 3512 W. 88th Street, Bloomington, an attendant at the Travelers' Aid at the Great Northern Station, a badly burned man rushed into the station asking for help and pointed out a fire in a car below the east end of the Hennepin Avenue Bridge. Mr. Newman summoned an ambulance and notified the police, Officers Koehl of squad 117 and Detectives Freeman and Anderson of squad 301 responding.

Upon their arrival at the scene, the deceased was found to be dead and the man, who identified himself as husband of deceased, Xavier Bearalltime, was removed to Minneapolis General Hospital where his condition was listed as poor.

According to story given police officers by Xavier Bearalltime, unemployed, he and his

MARIE BEARALLTIME - continued

wife, the deceased, got into the parked car about 5:00 p.m. yesterday. After drinking some wine, they fell asleep. Shortly before 8:00 p.m., he awakened to find the car, his wife and his clothes ablaze whereupon he rushed to the Great Northern railroad depot for help.

The car was registered to a John F. Bagley, 3333 Park Avenue, who stated he had left the car at this site several months ago and had been planning to junk it. Residents in the neighborhood stated the couple had been living in the car nearly a week.

Deceased found lying face down on floor behind front seat of car with legs curled under body. Body was completely charred and unrecognizable. No items were found to aid identification. Remains were removed to the Hennepin County Morgue and death was attributed to 4th degree burns (complete charring of body).
Only survivor known to the Coroner's Office is her husband, Xavier Bearall-time, previously mentioned herein.

HISTORY:

This case was reported to the Coroner's Office by Minneapolis General Hospital at 10:22 p.m., August 8, 1958.

The deceased had wandered away from the Minnesota Soldier's Home on August 6, 1958 and was found on the following day, August 7, 1958, in a ravine near the home with a fractured right hip. He was removed to Minneapolis General Hospital, being admitted on August 7th.

An open reduction and internal fixation of the fractured femur was done on the following day, August 8th, however, the deceased failed to respond, expiring at 9:55 p.m.

An autopsy was performed at the hospital on August 9. This revealed that death was due to pulmonary atelectasis and edema due to traumatic multiple rib fractures, right, with right pneumothorax, and an intertrochanteric fracture of right femur.

HISTORY:

This case was reported to the Coroner's Office by the O. E. Larson Mortuary at 10:30 a.m., August 10, 1958.

Deceased has history of several strokes and has been very feeble for the past few months. He has been a patient at the Crystal Lake Rest Home since April 28, 1958 and has been under the care of Doctor M. J. Jurdy. It was stated, the deceased has been confined to his bed most of the time but has been helped into a wheel chair for part of the day.

His physical condition has deteriorated steadily and on the day prior to death, the deceased became completely helpless and unresponsive, expiring at 6:50 p.m., August 9.

Family of the deceased did not desire an autopsy.

OTTO M. CARLSON - continued

The coroner went to the mortuary and viewed the body. There was no indication of other than natural death. Death was attributed to a cerebrovascular accident.

Only survivors known to the Coroner's Office are two sons, William Carlson, 315 W. 58th Street, and Alvin C. Carlson, 2925 Portland.

HISTORY:

This case was reported to the Coroner's Office by Minneapolis General Hospital at 9:05 p.m., August 9, 1958.

Medical records at Minneapolis General Hospital indicate the deceased was admitted to the hospital at 5:29 p.m., August 8, 1958 with a diagnosis of delirium tremens. He was brought to the hospital by police officers and was conscious upon admission, but gradually lost consciousness.

Only history the deceased was able to give was that he had been drinking wine and beer on the preceding day, but denied drinking "sterno" or other poisonous alcohols. He expired at 4:35 p.m., August 9.

An autopsy was performed at the hospital on August 10th. This revealed lobar pneumonia; fatty metamorphosis of liver; pulmonary edema of right lung; and possible methyl alcohol

HISTORY:

This case was reported to the Coroner's Office by the Bloomington Police Department at 3:40 a.m., August 10, 1958.

At approximately 3:10 a.m., August 10, 1958, the deceased was fatally injured when the car he was driving, a 1953 Oldsmobile Convertible, bearing 1958 Minnesota license No. 3U 2556, went out of control on a curve on the East Bush Lake Road in Bloomington Village, approximately 200 feet west of the intersection of West 84th Street.

According to Officer Richard Houck of Bloomington, the car was traveling east on the Bush Lake Road when the vehicle went off the left side of the roadway and traveled 73 feet through a ditch, hitting a driveway and rolling 53 feet before stopping on its wheels. Deceased was thrown from the machine and crushed under the car. He expired at the scene within a few minutes after the accident occurred.

CHARLES WILLIAM EHLERT - continued

Judy Lenox, age 19, 2632 17th Avenue South, a passenger in the vehicle, was found lying near the car in a comatose condition. She was removed to Minneapolis General Hospital, being admitted in critical condition.

Walter P. Collins, age 21, 4110-41st Avenue South, a second passenger in the Ehlert vehicle, who also incurred injury, was removed to University Hospitals for treatment.

Upon being notified, a deputy coroner went to the scene and viewed the body of deceased. Deceased found lying beneath car, face down. Body was warm and there was no rigor. Car had to be raised to remove deceased.

An autopsy was performed at the Hennepin County Morgue on date of death. This revealed transverse dislocation fracture of 7th and 8th thoracic vertebrae, laceration of spleen, and contusion of lungs.

Officer Lindgren of Bloomington Police Department also attended the scene of accident.

Survivors of the decedent include his parents, Mr. and Mrs. Marvin C. Ehlert; brothers, William and James; a sister, Mary; and his grandmother, Mrs. C. M. Ehlert.

HISTORY:

This case was reported to the Coroner's Office by the Thomson Funeral Home at 2:00 p.m., August 11, 1958.

On July 30, 1958, the deceased, while mowing the lawn at his home, cut the tips of the third and fourth fingers of his left hand on one of the blades of the lawn mower. He went to the St. Louis Park Medical Center where he was seen by Doctor Jerome F. Grismer. The deceased's fingers were bandaged and he was given a booster tetanus injection.

On August 7th, after twenty-four hours of headache, stiffness of the neck and back and tightness of the jaw, the deceased consulted Dr. Archie M. Smith of St. Louis Park, who had the man admitted to St. Andrews Hospital at 5:30 p.m., August 7. There a diagnosis of tetanus was made. The deceased expired at 7:00 a.m., August 10, 1958.

ANDREW J. WILLIAMETTE - continued

An autopsy performed at the hospital on the date of death also revealed severe coronary sclerosis, with definite infarction of the anterior descending coronary artery.

The Coroner deemed death to have been due to tetanus, coronary sclerosis being a contributing factor.

Survivors of the decedent include his wife, Ida; daughter, Mrs. Dick Krugman; two granddaughters; sisters, Mrs. Irene LaPlante, Mrs. Grace Decker and Mrs. John Nobotney; brothers, Guy and Edwin.

HISTORY:

This case was reported to the Coroner's Office by the Bjorklund Funeral Home at 3:30 a.m., August 11, 1958.

The deceased, a Christian Scientist, has had no recent medical attention, however, he has been under the care of a practitioner.

According to the deceased's wife, Mrs. Martha Hofacre, deceased has had no recent complaints of illness, however, he had attempted to catch her when she stumbled and fell about 24 hours prior to his death. He had been unable to hold her up and her weight had carried them both down. He had sustained a mild contusion of the left forehead but apparently had incurred no other injury.

On the morning of August 11, 1958, the deceased had expired suddenly at 2:30 a.m. before help could be summoned.

FRANK HOFACRE - continued

Upon being notified, a deputy coroner went to the residence and viewed the body. There was no indication of other than natural death. Remains were released directly to a mortuary and death was attributed to arteriosclerotic heart disease.

Survivors of the decedent include his wife, Martha; daughters, Margaret, Minneapolis, and Frances Helen of Seattle.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 12:40 p.m., August 11, 1958.

Deceased was observed floating in Lake Calhoun by Ronald D. Schwanz of 5600 42nd Avenue South, who was out sailing in his sailboat. He towed the body to shore where it was identified. The body was discovered at 12:20 p.m., August 11, 1958.

About 10:30 a.m. this date, the deceased had rented a boat from Jerry L. Peterson, age 18, 5718 15th Avenue South, stating that he had to go out to pick up a couple of children. Boat rented by deceased was found anchored about 1000 feet out from the West 32nd Street beach.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased

OSCAR W. ELG - continued

was dressed in street clothes. Remains were removed to the Hennepin County Morgue where an autopsy was performed on the date of death. Death was attributed to anoxia due to drowning.

Other findings were multiple pulmonary infarcts, etiology unknown; moderate coronary arteriosclerosis; and generalized arteriosclerosis.

Police officer Wm. J. Goodsell was notified and attended the scene of death.

Survivors of the decedent include his wife, Hedvig; son, Merrill W., San Francisco, Calif.; sisters, Mrs. Amy Johnson, Minneapolis, and Mrs. Effie Anderson of Oconomowoc, Wis.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 4:20 p.m., August 11, 1958.

According to Donald Lawhead, with whom the deceased has been living and boarding, the deceased has not worked for the past three or four years. He has complained of chest pain for some time and has been under the care of Doctor P. C. Engelhart, however, Doctor Engelhart has not seen the deceased for some time. It was stated, the deceased has been taking a medication for chest pain.

At about 3:15 p.m., the deceased had gone to his room to lie down after stating that he did not feel well. Later, Mr. Lawhead, went in to check on the deceased and found him lying on bed in an unresponsive condition. A Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival, the ambulance physician pronounced the deceased dead.

ALBIN CARLSON - continued

Remains were removed to the Hennepin County Morgue where an autopsy was performed on August 12. This revealed occlusion of the left coronary and left anterior descending branch due to coronary sclerosis.

Police officers Robertson and Woodruff of squad 124 were notified and attended the scene of death.

HISTORY:

This case was reported to the Coroner's Office by Minneapolis General Hospital at 2:15 a.m., August 12, 1958.

The facts surrounding this death are identical with those of the preceding case, Charles William Ehlert, Case No. 737, with the following exceptions:

Deceased was removed by ambulance to Minneapolis General Hospital, being admitted at 4:10 a.m., August 10, 1958, following accident on East Bush Lake Road in Bloomington Village.

Upon admission, bilateral trephine surgery and a tracheotomy were done. Deceased failed to respond to hospital treatment, expiring at 1:30 a.m., August 12.

An autopsy was performed at the Hennepin County Morgue on the date of death. This re-

JUDITH YVONNE LENOX - continued

vealed severe brain laceration with massive subdural and subarachnoid hemorrhage due to extensive basal skull fracture.

Survivors of the decedent include her husband, Robert; daughter, Kimberly Ann; parents, Mr. and Mrs. Clifford Johnson; brothers, Vernal and Gary; sister, Diane; grandparents, Mr. and Mrs. LaVerne Burdick of Largo, Fla. and Mrs. Ethel Weaver, Minneapolis.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 2:15 a.m., August 12, 1958.

According to the deceased's wife, Mrs. Hildur Goldonik, she and the deceased had retired shortly before midnight on the evening of August 11, 1958. About 2:00 a.m., she was disturbed by the deceased's making a very peculiar noise related to difficult breathing. On investigation, she found the deceased had expired.

The police were notified, Officers Neuenfeld and Underwood of squad 143 responded. A Minneapolis General Hospital ambulance was dispatched to the residence. Upon arrival, the ambulance physician confirmed the man's death.

It was stated, the deceased had been examined by a physician during the latter part of April or early May. This was a doctor associated with the Great Northern Railroad

ANTHONY ALBERT GOLDONIK - continued

and wife does not know his name.

Upon being notified, a deputy coroner went to the residence and viewed the body. Deceased found lying in bed, clothed in shorts. There were no unusual marks found on body. Deceased had apparently been in good health of late until this present episode. Remains were released directly to a mortuary and death was attributed to arteriosclerotic heart disease.

Survivors of the decedent include his wife, Hildur; one daughter, Miss Carol; mother, Mrs. Anna Goldonik; 4 brothers, Andrew, John, William and Lawrence; 2 sisters, Mrs. John Banesky and Mrs. Alfred Larson.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 9:20 a.m., August 13, 1958.

At approximately 8:35 a.m., August 13, 1958, Rosanna Vinnard, 23 Eastman Ave., discovered the deceased dead in his room when she entered to clean the room. The hotel manager, Sig Simenson, notified the police, Officers Baufield and G. Smith responding.

It was stated, the deceased had not been seen about since August 11th.

Medical records at Minneapolis General Hospital indicate the deceased was a patient there for 9 days in 1955 with a working diagnosis of "epistaxis".

A deputy coroner went to the scene and viewed the body. There was no indication of other

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 2:10 p.m., August 13, 1958.

At approximately 1:30 p.m., August 13, 1958, the deceased was found dead in his room by the elevator operator, Frank Karbola, who states it is his duty to check rooms. When he was unable to arouse any response from the deceased, he entered with a pass key.

The night clerk, George Gauzkow, stated the deceased had been complaining of chest pain and stated he was going to Minneapolis General Hospital. He had last been seen alive on Saturday evening, August 9th.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying on floor of room on back with head under bed. Legs were flexed and head lay in pool of exudate from mouth and nose. Body was in an advanced state of decomposition.

ARVID DANIELSON - continued

Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

Police officers Storm and Gardner were notified and attended the scene of death.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 3:30 p.m., August 13, 1958.

While driving east on 12th Street in his pick-up truck on the afternoon of August 13, 1958, the deceased suddenly slumped over on wheel and gasped several times, becoming unresponsive, according to a passenger, Willard Ward, 2536-18th Avenue South.

Mr. Ward states he tried to reach over to shut off the ignition but deceased was in the way and before he could reach the ignition, the truck veered and struck a parked car on opposite side of street, pushing the car back a number of feet. He states the deceased had not complained of feeling ill prior to collapsing. The men were on their way home from work.

The police were notified and a Minneapolis General Hospital ambulance was dispatched

JOHN C. LINDAHL - continued

to the scene. Upon arrival, the ambulance physcian confirmed the man's death, death apparently occurring about 3:26 p.m., August 13.

A deputy coroner went to the scene and examined the body. Deceased found lying on seat of Chevrolet truck, bearing Minnesota license No. Y77235; truck facing wrong direction for travel on street with left rear wheel up on edge of sidewalk and in contact with front of 1957 Rambler, bearing 1958 Minnesota license No. 3H8577.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on August 14th. This revealed acute congestive heart failure with marked dilitation of auricles and ventricles; coronary insufficiency; and moderately severe coronary sclerosis.

Police officers Samuelson of squad 511 and Leadens of squad 11 were notified and attended the scene of death.

Survivors of the decedent include his wife, Lillian; 4 sons, John, Gerald, Harold and Richard; two daughters, Betty and Mary Ellen; 5 grandchildren; sister, Mrs. Lillian Bergene.

HISTORY:

This case was reported to the Coroner's Office by Doctor W. E. Krafft at 5:35 a.m., August 14, 1958.

Doctor W. E. Krafft states the deceased's wife had been a patient of his but he had not attended the deceased prior to August 13, 1958 at which time the deceased's wife called him to report that she had found the deceased unconscious in their home at 5:30 p.m. that date. According to wife, deceased had taken seconal at about 4:30 a.m., August 13. As far as Dr. Krafft could calculate, the deceased had apparently taken approximately 42 seconal capsules.

-The deceased was removed to Abbott Hospital, being admitted the same day, and placed under the care of Doctor Krafft. He expired the following morning, August 14th, at 4:50 a.m.

JOHN A. BURNS - continued

Wife of deceased, Mrs. Margaret Burns, had informed the physician that the deceased was despondent over some trouble with the Police Department. Detective Finn of 301 states the deceased was in court on August 13th, charged with a minor offense, and his attorney asked for a continuance of the case because of the shaking and extreme agitation of deceased.

An autopsy was performed at the Hospital on the date of death. In the opinion of the pathologist, it was deemed advisable to await completion of the toxicological and microscopic examination before determining the cause of this man's death.

Survivors of the decedent include his wife, Margaret; daughter, Patricia of Seattle, and a son, John, Minneapolis.

HISTORY:

This case was reported to the Coroner's Office by Doctor Thomas Schafer at 1:20 p.m., August 14, 1958.

According to parents, the deceased fell out of her bassinet on the morning of August 14, 1958, therefore, the parents took baby to office of Doctor William Wright for examination. Baby was then taken home and,it was stated, the baby vomited twice during the morning.

At noon, infant was fed and placed in her bed for a nap. When mother went to check on her at 12:45 p.m., the baby appeared to be lifeless. Doctor Thomas Schafer was called to the residence and pronounced the baby dead.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on the date of death. This revealed a massive epidural hemorrhage of the right occipital area, due to extensive linear fracture of right occiput.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 6:00 p.m., August 14, 1958.

At approximately 1:00 p.m., August 14, 1958, Mrs. Louise Wuethrich, a roomer on the second floor of above address, was down in the basement washing clothes. The deceased was in an adjoining room in basement, puttering around, however, he did not talk to Mrs. Wuethrich.

At about 5:30 p.m., she returned to the basement again and found the deceased hanging from overhead pipe in basement, dead. The police were notified, officers Johnson and Kaminsky of squad 118 responding.

Frank McGovern, a tenant on the second floor also, states the deceased's wife died a year ago and he has been quite despondent since that time. He has also been doctoring

ALFRED SWANSON - continued

for a heart condition.

A deputy coroner went to the scene and viewed the body. Body was cool but there was no rigor. Deceased had used a brand new 1/2" rope, about 6' long, which was tied to an overhead steam pipe. There was a slip knot around deceased's neck. He had apparently stood on a kitchen chair and then jumped off. His feet were barely touching the floor. Remains were removed to the Hennepin County Morgue and death was attributed to anoxia due to hanging and was ruled a suicide.

Detectives Kohler and Short of squad 301 were notified also and continued the investigation.

Only survivor known to the Coroner's Office is a niece, Mrs. Keith Hopper, 5545 Cumberland Road, Minneapolis.

Veteran Yes ~~No~~ WW II

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 11:10 a.m., August 16, 1958.

At approximately 10:40 a.m., August 16, 1958, the deceased's 7 year old daughter went to the garage to get her bicycle and saw her father slumped over in the front seat of his car. She returned to the house and told her mother. Upon investigation, the deceased was found to be dead.

The police were notified, Officers Hansen and Rosemeyer of squad 164 responding. It was stated, the garage doors were found to be shut, the ignition key was in an "on" position, but the motor had stopped. The exhaust had blackened the garage door and the right rear bumper.

According to wife, she had last seen the deceased alive at 7:40 a.m. on the preceding

ERNEST GEORGE KALLAND - continued

day, August 15th, at which time he had left for work. He had not returned home that evening which was very unusual for him. Wife states they had no unusual worries and as far as she knew her husband was in good health. Rev. Wm. Dion, 5737 19th Avenue South, their pastor, states the deceased has a fine reputation in the neighborhood and no one knows of any motive at this time which would cause the deceased to take his own life. Deceased had not taken his car to work on August 15th and would have had to go in the garage and start the motor on his return home.

A deputy coroner went to the scene and viewed the body. Deceased found lying in front seat of car. Body was cool and in full rigor. Pink livedo noted in dependent parts. Remains were removed to the Hennepin County Morgue and death was attributed to carbon monoxide poisoning.

Detectives Sperry and Scully of 308 were also called to the scene and assisted in the investigation.

Survivors of the decedent include his wife, Emmy; son, Bruce; daughter, Mary Anne; parents, Mr. and Mrs. Louis Kalland; sister, Mrs. Albert Bianco, Mrs. Kenneth Justin, and 3 brothers, Harold R., John, all of Minneapolis, and Earl of South St. Paul.

HISTORY:

This case was reported to the Coroner's Office by Minneapolis General Hospital at 12:15 p.m., August 17, 1958.

The deceased has been hemorrhaging from the urinary tract, it was stated, and last week she had a very severe hemorrhage. She had been seen by Doctor Foster in April of 1958 and he had recommended that she see a specialist.

Today, August 17, 1958, the deceased was very weak and faint. Suddenly, she became cold and turned blue. A Minneapolis General Hospital ambulance was summoned to the residence. Upon arrival of the ambulance physician, the deceased was found to have a faint pulse and heart beat, therefore, she was placed in the ambulance. However, the deceased expired en route to General Hospital, death apparently occurring at 12:06 p.m.

A deputy coroner viewed the body. There was no indication of other than natural death, however, an autopsy was deemed advisable. A sister, Mrs. Walter Pavey, 5625 W.

ROSE E. MONSEBROTEN - continued

36th Street, St. Louis Park, refused permission for an autopsy. Death was attributed to hemorrhage from urinary tract, etiology unknown.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 12:35 a.m., August 17, 1958.

It was stated, the deceased and two companions, Robert Anderson, 1711 Portland Avenue South, and Jack Taylor, 1600 4th Avenue South, arrived at Cedar Lake about 8:00 p.m., August 16, 1958. They were swimming at the 21st Street concourse and decided to swim across to the other point. Deceased's companions went out to the end of the point and deceased entered water near the street end of the point. They first noticed the deceased was missing about 8:30 p.m. After looking around the lake for some time, they reported the deceased missing to the police dispatcher, Officers Ryden and Thomey responding.

Park police started dragging operations and the body was recovered at approximately 12:15 a.m., August 17. Dr. Popawitz of General Hospital confirmed the man's death.

NORMAN EDWARD GREENWOOD - continued

Upon arrival of a deputy coroner, body of deceased was lying on beach on back, clothed in swimming runks. Remains were cool but there was no rigor.

Body was removed to the Hennepin County Morgue where an autopsy was performed. This revealed that death was due to anoxia due to drowning. Pulmonary congestion and edema were also noted.

Survivors of the decedent include his mother, Mrs. Frank Greenwood of Crystal; 3 brothers, Sylvester of Crystal, Emery of St. Louis Park, and Arnold of Chicago; 3 sisters, Mrs. Clayton Pitman, Mrs. Theodore Pelletier, both of Crystal, and Mrs. William Guptie of Robbinsdale.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 2:55 p.m., August 17, 1958.

On the morning of August 17, 1958, the deceased was working with Mr. Sewell Stone at his place of employment, Edston, Inc., at 2025 North Washington. He complained later of not feeling well.

Shortly after noon, the deceased and Mr. Sewell went to a restaurant for a sandwich. Suddenly the deceased complained of chest pain and he was taken home by Mr. Sewell. His condition appeared critical and Doctor J. Y. Feinstein was called to the scene. While he was telephoning, the deceased fell off the bed and expired before the physician's arrival, death apparently occurring about 2:20 p.m.

A deputy coroner went to the scene and viewed the body. Deceased found lying on bedroom floor, clothed in shorts. There was no rigor and body was still warm. A bruise

EIWARD R. STONE - continued

was noted on his right jaw apparently caused by striking the magazine rack when he fell from the bed. Death was attributed to arteriosclerotic heart disease and the remains were released directly to a mortuary.

Police officers Noble and Kunitz of squad 151 were notified and attended the scene of death.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 5:20 p.m., August 18, 1958.

On the afternoon of August 18, 1958, the deceased came into the house from his yard and suddenly collapsed, becoming unresponsive. A Minneapolis General Hospital ambulance was summoned to the scene, however, the deceased expired before its arrival, death apparently occurring about 5:00 p.m.

It was stated, the deceased has been under the care of Doctor H. H. Michel, who feels the deceased suffered a coronary attack although the deceased had no previous symptoms and no high blood pressure.

G. WERNER CARLSON - continued

A deputy coroner viewed the body. Deceased found lying on kitchen floor, fully clothed. There was no indication of other than natural death. Remains were released directly to a mortuary and death was attributed to arteriosclerotic heart disease.

Police officers Butler and Conn of squad 165 were also notified and attended the scene of death.

Survivors of the decedent include his wife, Nan; sons, Robert and William; and 4 grandchildren; also 4 sisters in Sweden.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 5:20 a.m., August 20, 1958.

It was stated, the deceased had been brought to the City Jail at 2:40 p.m., August 19, 1958 after having been found in Pioneer Square only partially clothed. He was staggering and his speech was very incoherent.

At 5:00 a.m., August 20, 1958, the deceased was found dead in his cell by the jailer. Jailer stated he had talked with the deceased at 3:30 a.m., August 20th, at which time the deceased had made no complaints of illness.

A deputy coroner went to the scene and viewed the body. Deceased found lying on right side with feet on floor. Body was warm and there was no rigor.

NORMAN EDWIN OPSTEAD - continued

Remains were removed to the Hennepin County Morgue where an autopsy was performed on the date of death. In the opinion of the pathologist, it was deemed advisable to await completion of the microscopic examination before determining the cause of this man's death.

Detective Pfeiffer of 301 investigated this case.

Survivors of the decedent include his wife, Grace; son, Jack; sister, Mrs. Casper Olson and a brother, Arnold Opstead, all of Minneapolis.

HISTORY:

This case was reported to the Coroner's Office by the Huber Funeral Home at 9:55 a.m., August 20, 1958.

The deceased was planning on doing some housework in a neighboring home on August 20, 1958. When she failed to appear at the appointed time, Mrs. Mills, a neighbor living directly across the street from the deceased, went to the deceased's home to investigate. She found the deceased lying on the floor of her bedroom, dead, at 9:35 a.m.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying on floor, clothed in underclothing and slippers. Body was cold and rigor mortis was complete. It appeared that the deceased was probably preparing to retire when she suddenly collapsed to the floor. Considerable vomitus was noted about mouth and face.

HENRIETTA MUELLER - continued

Remains were removed to the Hennepin County Morgue where an autopsy was performed on August 20th. This revealed pulmonary edema due to arteriosclerotic heart disease; coronary arteriosclerosis; and generalized arteriosclerosis.

Police officer Ray Sullivan of the Deep Haven Police Department was notified and attended the scene of death.

Survivors of the decedent include her husband, Henry; and 6 sisters.

HISTORY:

This case was reported to the Coroner's Office by Keith Minge of the Edward Don Company at 11:05 a.m., August 20, 1958.

According to Mr. Keith Minge, the deceased apparently became ill while at work at the Edward Don and Company, 27 North Second Street, on the morning of August 20, 1958. He was noted leaning against a door opening into the street, mumbling to himself. Deceased was assisted to a car and was en route to Minneapolis General Hospital when he suddenly expired, death apparently occurring about 11:00 a.m. His death was confirmed by a staff physician upon arrival at General Hospital.

Remains were removed to the Hennepin County Morgue where examination of the body by a deputy coroner revealed no unusual marks. There was no indication of other than natural death. In the opinion of the deputy coroner, an autopsy was deemed advisable, however, family of deceased refused to give their consent for an autopsy. Death was attributed

HISTORY:

This case was reported to the Coroner's Office by the Edina Police Department at 12:20 p.m., August 20, 1958.

The deceased, an employee of the Roto-Rooter Sewer Service Company, 1819 Nicollet Avenue, was standing on a ladder leading to cesspool in front of home of G. F. Raymond, 4801 Bywood West, Edina. He was checking a blocked pipe between the last and middle tank of three tanks when he suddenly fell into the cesspool for some unknown reason. He may have been overcome by fumes resulting from fermentation of sewage.

Mr. Marshall, a fellow worker, heard the deceased splash into the water and disappear beneath its surface. Help was summoned and the deceased was recovered from the cesspool. Doctor C. V. Rockwell was summoned to the scene and pronounced the deceased dead on his arrival at 11:45 a.m.

JOHN MICHAEL HAEG - continued

Remains were removed to the Hennepin County Morgue where an autopsy was performed on August 21. This revealed anoxia due to drowning; severe pulmonary edema; and aspirated foreign matter in bronchi.

HISTORY:

This case was reported to the Coroner's Office by the Bloomington Police Department at 8:35 a.m., August 21, 1958.

At approximately 8:10 a.m., August 21, 1958, mother of deceased, Mrs. Darlene Blair, found deceased lying in crib, apparently lifeless. She picked up the infant and rushed to a neighbor's home. The police were notified, Officer Ruehle of Bloomington responding.

Upon arrival of a deputy coroner, the baby was found lying on back with livor of blotchy type noted which was most marked on right side of face. Body was cold and rigor mortis had begun to develop. Crib sheet had been washed out by a neighbor upon deputy's arrival, but was still stained brown and was stated to be mucous.

The deceased, one of a pair of twins, had been seen by Doctor M. D. Hilker of St. Paul on the preceding Saturday, August 16th, at which time baby was found to be in good health.

KIRK A. BLAIR - continued

Remains were removed to the Hennepin County Morgue where an autopsy was performed on the date of death. This revealed that death was due to bronchopneumonia.

Survivors of the decedent include his parents, Mr. and Mrs. Robert G. Blair; twin brother, Dirk; sister, Antoinette; grandparents, Mrs. Dorothy Blair, Hallock, Minn. and Mr. and Mrs. G. H. Swanson, Kennedy, Minn.

HISTORY:

This case was reported to the Coroner's Office by Doctor M. L. Lindblom at 9:23 a.m., August 21, 1958.

At approximately 5:30 a.m., August 21, 1958, deceased was found to have temperature of 103° and breathing difficulty. Doctor M. L. Lindblom was called to the residence, however, the infant gasped and expired at 8:30 a.m., shortly before the arrival of Doctor Lindblom who confirmed the infant's death.

It was stated, the baby had vomited once on Tuesday evening at which time infant was running a low grade temperature. On Wednesday evening, temperature registered 100°.

Upon arrival of the deputy coroner, baby was lying on back in bed with minimal livor and rigor of arms. Abdomen was noted to be warm.

PAMELA JEAN GERDES - continued

Remains were removed to the Hennepin County Morgue where an autopsy was performed on the date of death. In the opinion of the pathologist, it was deemed advisable to await completion of the microscopic examination before determining the cause of this baby's death.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 11:15 a.m., August 21, 1958.

On the morning of August 21, 1958, the deceased was visiting with Lavry Benas of 401 Eighth Avenue Northeast at the above address when he suddenly clutched at his throat and began to gasp for breath. A Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival, the deceased was pronounced dead by the ambulance physician, death apparently occurring about 11:05 a.m., August 21.

It was stated, the deceased has been in failing health since the death of his wife about one year ago. Since that time, the deceased has been hospitalized twice at St. Mary's Hospital for treatment of a heart condition.

Recently, he has been under the care of Doctor Asher White of the Nicollet Clinic, who

NOEL E. BLISS - continued

last attended the deceased May 20th. Doctor White states deceased in constant moderate congestive heart failure. He had also treated the deceased for varicosities of the legs with stasis ulcers.

A deputy coroner went to the scene and viewed the body of deceased. Cyanosis of face was noted. Body was warm and there was no rigor and no indication of other than natural death. Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

Police officer Fox of squad 494 was notified and attended the scene of death.

Survivors of the decedent include two brothers, Wilbur J. and Neal, Ingallis, Michigan; one sister, Mrs. Marion Conn, Kalispell, Montana; also several nieces and nephews.

HISTORY:

This case was reported to the Coroner's Office by the St. Louis Park Police Department at 12:45 p.m., August 21, 1958.

At approximately 12:30 p.m., August 21, 1958, the deceased was found lying on ground outside his home in an unresponsive condition by a neighbor girl. The police were notified and Doctor J. T. Grismer of the St. Louis Park Medical Center was summoned to the scene. Upon arrival, the physician confirmed the man's death.

It was stated, the deceased had been hospitalized about three years ago at Asbury Hospital for treatment of a heart condition and was attended by Doctor Arthur Bratrud.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying on ground on back in a pool of clotted blood. His watch had stopped at 9:50. Blood was noted coming from nose and laceration of left brow. Eyelids were swollen and

CARL A HERRICK - continued

left cheek was flattened. Body was cool and rigor was minimal.

Examination of interior of deceased's home disclosed a ladder in left front bedroom. There was wet paint on outer frame and upper part of window. It appears that the deceased had apparently been painting window, possibly in a sitting position or reaching through open lower portion of window. It was estimated deceased had fallen a distance of approximately 15 feet.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on August 21. This revealed cerebral contusion due to fracture of skull; pulmonary edema and congestion; coronary arteriosclerosis; multiple hematomas; and prostatic enlargement.

Survivors of the decedent include a daughter, Mrs. Wendel W. Burton, Minneapolis; two sons, Comm. Chester E. Herrick, S. Pacific Staff; Richard G. Herrick, Rochelle, Ill.; and 8 grandchildren.

HISTORY:

This case was reported to the Coroner's Office by Deaconess Hospital at 7:05 a.m., August 21, 1958.

On July 26, 1958, the deceased was a passenger in an automobile being driven by Robert Johnson, Jr., age 14, of 11256 Foley Boulevard, Minneapolis. At 3:45 p.m., the car, traveling on Highway No. 55, two-thirds of a mile west of Annandale, Minnesota, left the highway as it approached the intersection with County Road No. 1, and struck the railroad grading.

Deceased sustained a fracture of the left femur and was removed to Deaconess Hospital in Minneapolis where an open reduction of the fractured femur was done on July 28. He was attended by Doctor Sheldon M. Lagaard. Later, deceased developed a questionable thrombophlebitis of the right leg which was treated with anticoagulants. Following this, he developed sudden onset of abdominal pain, went into shock, and expired at

WILLIS T. WYBERG - continued

6:00 a.m., August 21.

An autopsy was performed at the hospital on the date of death. This revealed massive retroperitoneal and intraabdominal hemorrhage; pancreatic fat necrosis; pulmonary embolus of left lower lobe; and comminuted fracture of left femur.

Survivors of the decedent include his wife, Gjertine; two daughters, Mrs. Edward J. Coleman, Belton, Mo. and Mrs. Robert J. Johnson, Coon Rapids; five grandchildren; and three sisters, Mrs. Arthur Anderson, Mrs. Elmer Smith and Mrs. Carl Bergstrom. One brother, Oscar Wiberg, Sr., also survives.

HISTORY:

This case was reported to the Coroner's Office by Minneapolis General Hospital at 4:40 a.m., August 23, 1958.

Deceased was admitted to Minneapolis General Hospital on August 8, 1958 at 8:24 p.m. after incurring burns of 40% of body while sleeping in an automobile with his wife in vicinity of Hennepin Avenue bridge and Nicollet Island. Wife of deceased perished in the fire (see Case No. 732, Marie Bearalltime).

Bronchopneumonia developed and the deceased expired at 4:33 a.m., August 22.

An autopsy was performed at the hospital on the date of death. This revealed burns of head, neck, forearms, hands and thighs; severe bilateral bronchopneumonia; renal cortical

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 7:59 a.m., August 22, 1958.

At approximately 7:15 a.m., August 22, 1958, the deceased was found lying on the floor of his room, dead, by the hotel clerk, Clarence Shoop. The police were notified, Officers Dwyer and Baufield responding. It was stated, the deceased had drinking considerably of late.

Medical records at Minneapolis General Hospital indicate the deceased was a patient there from December 7th to 17th in 1954 at which time there was a diagnosis of arteriosclerotic heart disease and hypertensive heart disease. There was a second admission to the hospital on January 8, 1957 with discharge on April 12, 1957. At this time, there was a diagnosis of actinomycosis, pulmonary; adenoma of the thyroid gland; and chronic alcoholism.

ARTHUR B. BAUMANN - continued

A deputy coroner went to the scene and viewed the body. Deceased found lying on right side on floor, fully clothed. Bed was rumpled as though the deceased had slipped from sitting position onto floor. Marked cyanosis was noted and there was emesis on floor near face of deceased. Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

HISTORY:

This case was reported to the Coroner's Office by Lutheran Deaconess Hospital at 9:35 a.m., August 22, 1958.

On July 26, 1958, the deceased fell on the floor in her home incurring an intertrochanteric fracture of the right femur. She was removed to Lutheran Deaconess Hospital, being admitted the same day, and placed under the care of Doctor Clyde Undine.

An open reduction was done and nail inserted on July 28th by Doctor S. M. Lagaard. Following surgery, the deceased had a very unsatisfactory hospital course, expiring at 8:05 a.m., August 22nd.

Death was attributed to arteriosclerotic heart disease; the fractured right hip being a contributing factor.

HISTORY:

This case was reported to the Coroner's Office by the Albin Funeral Chapel at 9:30 a.m., August 23, 1958.

Deceased has history of a heart condition and has been under the care of Doctor Bernard Cohen for several hearts.

On the morning of August 22nd, 1958, the deceased got up to go to the bathroom and suddenly collapsed in the hallway, becoming unresponsive. He expired before a physician could be summoned, death apparently occurring about 10:00 a.m.

It was stated, the deceased had been hospitalized at Deaconess Hospital during the fall of 1957 for hypertension and pneumonia with continuing care for heart disease.

THEODORE BERNHARDT STEEN, SR. - continued

Upon being notified, a deputy coroner viewed the body at the mortuary. There was no indication of other than natural death. Death was attributed to arteriosclerotic heart disease.

HISTORY:

This case was reported to the Coroner's Office by the Welander Quist Company at 10:40 a.m., August 23, 1958.

According to the deceased's son, Doctor Winston Lindberg, the deceased had been well prior to August 22, 1958. During the morning of August 22nd, the deceased complained of constant left leg pain. She reportedly talked with her son at noontime but had no other complaints at that time.

Deceased expired suddenly at 4:00 p.m., August 22nd.

It was also stated, the deceased had been known to have varicose veins for many years and circumstances of leg pain coupled with sudden death makes pulmonary embolus the most likely consideration. This office was not consulted until the following day, August 23rd, after completion of burial preparation by the Funeral Director.

ALICE M. LINDBERG - continued

A deputy coroner viewed the body at the mortuary. There was no indication of other than natural death.

Survivors of the decedent include her husband, Dr. A. C. Lindberg; son, Dr. Winston Lindberg, Wayzata; brother, Andrew Wahlstrom, Minneapolis; sister, Signe Brasington, Long Beach, Calif.

HISTORY:

This case was reported to the Coroner's Office by Minneapolis General Hospital at 11:15 p.m., August 23, 1958.

The deceased was first brought to Minneapolis General Hospital at 5:00 p.m.,August 22, 1958, in an intoxicated condition by police officers for treatment of laceration of left eye region. There was no information available as to how the injury was sustained. Laceration was sutured and the deceased was taken to the City Jail.

At 5:00 a.m., August 23, 1958, the deceased was admitted to General Hospital in a comatose condition with no localizing neurological findings. It was felt the deceased had suffered a cerebrovascular accident. He expired at 9:55 p.m., August 23.

HENRY BAUMCHEN - continued

An autopsy was performed at the hospital on August 24. This revealed cerebral contusion of both occipital regions; subarachnoid and subdural accumulations of blood about brain stem and cerebellum; minimal coronary sclerosis; mild senile emphysema; left lower lobe bronchiectasis; hematoma of left orbit; laceration of left lateral orbital margin; and subconjunctival hemorrhage of left eye.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 8:04 p.m., August 24, 1958.

It was stated, the deceased had apparently been well and had had no complaints prior to July 4, 1958 when he fell in boat while visiting at son-in-law's cabin at Erhardt, Minn. Deceased sustained several broken ribs and has been under the care of Doctor Youbert Johnson who has seen the deceased regularly since time of accident. Three weeks prior to death, the deceased was given an electrocardiogram which was apparently normal.

On the evening of August 24, 1958, the deceased was visiting at the home of his son and appeared to be feeling well. At approximately 7:50 p.m., family heard the deceased fall in the back hallway and found him unresponsive. A Minneapolis General Hospital ambulance was summoned to the residence. Upon arrival, the ambulance physician confirmed the man's death.

HAROLD F. KAEHN - continued

When interviewed by our deputy, Doctor Y. Johnson states the electrocardiogram was "not remarkable" and feels he knows of no reason for sudden death.

Body of deceased viewed at scene of death. Some cyanosis noted. There was no rigor and no indication of other than natural death.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on August 25. In the opinion of the pathologist, it was deemed advisable to await completion of the toxicological and microscopic examination before determining the cause of this man's death.

Survivors of the decedent include his wife, Doris; daughter, Mrs. Dolores Hodkins; sons, Harold, Loren, Dick and Gerald, all of Minneapolis, Robert, Fort Carson, Colo.; 4 sisters; 1 brother; and 10 grandchildren.

Police officers Lindgren and Bloomquist of swuad 163 were notified and attended the scene of death.

Veteran Yes / No

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 9:45 a.m., August 25, 1958.

According to the deceased's husband, Mr. Riley Whitmore, he had arrived home at 12:15 a.m., August 25, 1958, and had talked with his wife for awhile before retiring. She had said she was very tired but otherwise all right. Upon arising this morning, he noted the deceased was not in bed and a search was started. Her body was discovered on floor beside bed in room of her son, Thomas, who had returned to West Point on the preceding day. A 32-40 Winchester lever action rifle was between her arms and a pool of blood was noted about head.

Doctor H. H. Michel, a neighbor living at 5021 Fremont Avenue South, was called to the residence and pronounced the deceased dead.

AMELIA C. WHITMORE - continued

It was stated, the deceased has been bothered by a menopausal depression for the past year or so. She had been advised to seek psychiatric treatment and was, therefore, under the care of Doctor D. R. Daggett. He had urged her to undergo psychiatric treatment at Fairview Hospital and she had gone as far as the admission registration desk but begged her husband for a little more time to think it over.

Examination of the body indicated the deceased had apparently placed gun in mouth, the slug passing through the rear of head, removing a large portion of same, and hitting ceiling at an angle which would indicate deceased was possibly sitting on edge of bed when gun was fired. Death was attributed to gunshot wound of head and was ruled a suicide.

Deceased was said to have had crying spells and depressive moods for the past year. Husband thought the son's return to West Point might have been a precipitating factor.

Police officers Hokan and Peltola of squad 152 were notified and attended the scene of death.

Survivors of the decedent include her husband, Riley T.; daughger, Mrs. Karen Johnson, Minneapolis; sons, Thomas N., West Point, N. Y. and John R., Minneapolis; also two brothers, Ed Nelson of Michigan and Neumann Nelson, Olympia, Washington.

HISTORY:

This case was reported to the Coroner's Office by a neighbor at 5:05 p.m., August 25, 1958.

At approximately 4:50 p.m., August 25, 1958, the deceased was found sitting on toilet, apparently expired, and fully clothed.

According to daughter, with whom the deceased lived, the decedent had had no recent complaints of illness. She was known to have ironed and also to have picked strawberries in the backyard on the date of death.

Approximately four years ago, the deceased was checked by Doctors Wallace Nelson and S. Marx White at the Nicollet Clinic. She was allegedly treated for heart disease at that time.

EMMA CAROLINE FAHLIN - continued

Upon being notified, a deputy coroner went to the residence and viewed the body. There was no indication of other than natural death. Body was quite cold and early rigor was beginning to develop.

Survivors of the decedent include a son, Dellos L.; 6 daughters, Mrs. Mabel Paus of Opheim, Mont., Mrs. Ann Jackson, Seattle, Wash., Mrs. Hattie Christopher, Minneapolis, Mrs. Marge Thompson, San Gabriel, Calif., Mrs. Ruth Christopher, Princeton, Minn. Mrs. Florence Hamen, Kensington, Minn.; 16 grandchildren; 9 great grrandchildren; two brothers, and a sister.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 9:10 p.m., August 25, 1958.

Deceased has been in poor health of late. He complained of pain in arms and chest, anteriorly, difficulty in breathing, and of feeling tired out much of the time. Deceased had vomited one week ago and again on the Saturday preceding death, August 25.

On the evening of August 25, 1958, the deceased became critically ill and a Minneapolis General Hospital ambulance was summoned to the scene, however, the deceased expired before its arrival, death apparently occurring about 9:00 p.m.

It was stated, the deceased had worked on the date of death.

LINCOLN H. SHOGREN - continued

Examination of the body by a deputy coroner indicated this was a natural death. Reamins were found lying on floor of kitchen, dressed in street clothes. Body was warm and there was no rigor evident.

Police officers Olson and Madrygra of squad 151 were notified and attended the scene of death.

Survivors of the decedent include his wife, Bernice; two sons, Duwayne and Dennis; two brothers, Robert, all of Minneapolis, and Norman, LaCrosse, Wis.

HISTORY:

This case was reported to the Coroner's Office by Deaconess Hospital at 1:05 p.m., August 26, 1958.

Deceased was admitted to Deaconess Hospital for circumcision on August 22, 1958, and was placed under the care of Doctor Carl A. Witham. During surgery, the deceased expired on the table at 11:36 a.m., August 26.

Chest was opened and heart massaged for 45 minutes but there was no continued response. It was stated, the deceased had complained on previous occasions of pain in chest and back.

An autopsy was performed at the Hennepin County Morgue on the date of death. This revealed moderate arteriosclerosis of coronary arteries without demonstrable occlusion; myocardial fibrosis; bilateral hydronephrosis; chronic pyelonephrosis; and benign hypertro-

HISTORY:

This case was reported to the Coroner's Office by Doctor J. O. Romness at 9:40 a.m., August 26, 1958.

At approximately 7:30 a.m., August 26, 1958, the deceased was found lying in bed, apparently expired. Doctor J. O. Romness was summoned to the residence and confirmed the man's death.

According to wife, the deceased had not been ill recently and had last been seen by a physician in January of this year at which time he was seen by Doctor Nordahl Peterson.

Doctor Peterson states he last saw the deceased about nine months ago. An electrocardiogram had indicated the deceased's heart was within normal limits, however, due to symptoms, the physician had suspected a cardiac condition.

JULIAN E. STEVENIN - continued

A deputy coroner went to the scene and viewed the body. There was no indication of other than natural death. Remains were released directly to a mortuary and death was attributed to arteriosclerotic heart disease.

Survivors of the decedent include his wife, Frances H.; daughter, Mrs. Ward Hoag, Mound; granddaughter, Julie; brothers, David, Philadelphia, Pa., Rudolph, Pasadena, Calif., and George, Minneapolis.

HISTORY:

This case was reported to the Coroner's Office by the Richfield Police Department at 3:05 a.m., August 27, 1958.

The deceased had apparently been in good health and had been working regularly. Wife states husband had never had any cardiac-respiratory complaints with the exception of his statement that his heart "beat funny" upon exercise or exertion.

At approximately 2:20 a.m., August 27, 1958, the deceased awakened his wife and said, "my heart's flying" and she felt his chest and noted the rapid rate. Suddenly, the deceased commenced gasping, fell out of bed and vomited. Richfield police were notified and upon arrival of the rescue squad, resuscitation was attempted without response. Apparently death occurred about 2:50 a.m.

It was stated, the deceased had been under the care of Doctor Peter Schultz from time to time.

DARROW M. KLASSY - continued

A deputy coroner went to the scene and viewed the body. Deceased found lying on back on floor. Cyanosis was noted and there was vomitus on floor. Rigor mortis had not begun to develop.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on the date of death. This revealed that death was due to severe arteriosclerotic heart disease.

Police officer Ostberg of the Richfield Police was notified and attended the scene of death.

Survivors of the decedent include his wife, Lois; two daughters, Mrs. Kenneth E. Houck and Mrs. Robert W. DuBay; two brothers, Lloyd of California, and Howard of Cleveland, N. D.; also 7 grandchildren.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 4:25 a.m., August 27, 1958.

Deceased has history of having been hospitalized at Veterans Hospital in December of 1956 through January of 1957 for "heart attack" following sudden onset of chest pain. Deceased had first been seen by Doctor Wm. T. Walsh who referred him to Veterans Hospital after an electrocardiogram disclosed his condition. He was seen again by Doctor Walsh about six months ago. It was stated, the deceased has been unable to work since his heart attack in December, 1956.

On the evening of August 26, 1958, the decedent ate his evening meal about 7:30 p.m. and retired about midnight. He was apparently feel well at this time, however, he awakened about 4:00 a.m., complaining of "indigestion" and severe abdominal pain. Deceased got up and walked about, then sat on davenport where he suddenly collapsed, becoming unresponsive.

BERTON MAXWELL CAMPBELL - continued

A Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival, the ambulance physician pronounced the deceased dead, death apparently occurring about 4:15 a.m., August 27.

Upon being notified, a deputy coroner went to the residence and viewed the body. There was no indication of other than natural death. Remains were released directly to a mortuary and death was attributed to arteriosclerotic heart disease.

Police officer Ford of squad 118 was notified and attended the scene of death.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 10:55 a.m., August 27, 1958.

It was stated, the deceased and his wife were in the process of getting a divorce. Until Sunday, August 24, 1958, he had been living at the Y.M.C.A. On that date, he came home and asked his wife if he could live there until the divorce was final or until they were reconciled. He stated he was unable to live there (meaning the Y) and keep up the payments on their home on his salary. She consented to let him stay in small bedroom on first floor.

On Monday, August 25, 1958, she retired at 10:00 p.m. and he was in his bedroom at that time. At 12 o'clock that evening, their 10 year old daughter came home from a girlfriend's home andnoted a light burning in his bedroom but did not see him around. Tuesday morning the light was still burning. Mrs. Breimon assumed he had gone out. However, when he had not returned on Wednesday, August 27th, she searched his car and truck and finally looked in

RUDOLPH BREIMAN - continued

the basement where she discovered him hanging from the rafters. The police were notified, Detective Leonard of squad 360 responding.

Deceased has past history of mental disorders and had been hospitalized in Veterans Hospital in 1955.

A deputy coroner went to the scene and viewed the body. Deceased had apparently been hanging for sometime as rigor mortis had already left the body. Rope used was a 1/4" manila. Remains were removed to the Hennepin County Morgue and death was attributed to anoxia due to hanging and was ruled a suicide.

HISTORY:

This case was reported to the Coroner's Office by Doctor E. C. Mitchell of Mound, Minn. at 7:35 p.m., August 27, 1958.

According to Doctor E. C. Mitchell, parents of deceased had brought him to the physician's office as an emergency on evening of August 27, 1958 because child seemed unable to get his breath and was turning blue. He was told that the deceased had been eating his evening meal of shrimp and french fries when he suddenly began to wheeze and struggle to breathe (apparently child accustomed to eating such dishes).

Doctor Mitchell states he x-rayed child and couldn't find anything and that he intubated deceased and gave oxygen but heart stopped and deceased expired at 7:35 p.m., August 27.

Mrs. Sharon Fulkerson, mother of deceased, stated she had turned deceased upside down and had stuck her finger in his throat and tried to get him to breathe but he continued to

KENT EUGENE FULKERSON - continued

wheeze and beunable to get any air. He was turning blue, therefore, they rushed to Doctor Mitchell's office.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on August 28. This revealed that death was due to asphyxia due to aspirated food in trachea.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 1:25 p.m., August 28, 1958.

Mr. J. W. Ackerman, 8442 Spring Lake Park Road, Minneapolis, an employee of the Archer Daniels Midland Company, states he talked with the deceased at 9:30 a.m. and again at 11:00 a.m., August 28, 1958, and he appeared to be all right at that time.

At approximately 1:10 p.m., August 28th, the deceased was found lying on the floor of boiler room, dead, by an employee of the company.

According to the deceased's wife, the decedent had been under the care of Doctor Herbert W. Peterson.

CLIFFORD E. BAYLESS - continued

The coroner went to the scene and viewed the body. There was no indication of other than natural death. Wife of deceased did not desire an autopsy. Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heartdisease, diabetes being a contributing factor.

Detectives Short and Rieman of 301 were notified and investigated this case.

HISTORY:

This case was reported to the Coroner's Office by Doctor Henry Quist at 12:38 p.m., August 29, 1958.

When family of deceased left the house at 7:00 a.m., August 29, 1958 for their places of employment, the deceased appeared to be in her usual health and had no complaints of illness. At 11:30 a.m., a son returned home for lunch and found the deceased in an unresponsive condition.

Doctor Henry Quist was summoned to the residence. Upon arrival, he confirmed the woman's death.

According to a daughter, Roberta, the deceased has been feeling tired and weak for the past four or five months and has not eaten well of late. About 3 weeks ago, deceased's legs began to swell quite badly and she has been quite short of breath for the past few days.

BERTHA P. FLANNIGAN - continued

She has not been seen by a physician for several years.

Upon being notified, a deputy coroner went to the residence and viewed the body. Deceased found sitting in a chair in living room, clothed in a house dress. No rigor was noted but body was cool. Pitting edema, grade 4, is present. Remains were released directly to a mortuary and death was attributed to congestive heart failure.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 2:22 p.m., August 29, 1958.

Wayne Anderson of Cedar, Minnesota, bulldozer operator employed by the Gustafson Company of 5820 Cedar Avenue South, was filling an area at this address about 1:00 p.m., August 29, 1958. He took time out to walk into a nearby clump of trees and ran across a neatly tied Dole Fruit Cocktail carton. His curiosity led him to open the box and he found a new born dead fetus with attached placenta in the box. The police were notified, Officers Larson and Leonard of squad 360 responding.

Newspapers were packed around the fetus which was wrapped in a white rubberized blanket. Dates on the newspapers ran from August 13th to 18th. Infant had no apparent deformities. Cyanotic discoloration of the face and extremities was noted. Fetus appeared quite fresh, or about 24-48 hours old.

UNKNOWN BABY BOY - continued

Remains were removed to the Hennepin County Morgue where an autopsy was performed. This revealed the infant was apparently alive at birth and death was attributed to exsanguination.

HISTORY:

This case was reported to the Coroner's Office by the midwife, Ebba Kirschbaum, at 3:25 p.m., August 29, 1958.

According to the midwife, Ebba Kirschbaum, of 1861 Stillwater Avenue, St. Paul, the deceased was apparently stillborn at 2:00 p.m., August 29, 1958. Cord was allegedly twisted around infant's neck and midwife believes mother had a premature separation of the placenta.

It was stated, mother of deceased had been in good health up until the present time, however, one month ago she fell down on the sidewalk at 8th and Chicago. Baby's heart beat was found to be all right as late as August 26th. About 7:00 a.m. this morning, August 29th, mother stumbled into apartment door but caught herself before she struck the floor. It was felt she may have struck her abdomen against edge of kitchen sink at this time because labor pains started shortly thereafter. When Miss Kirschbaum arrived at 8:40 a.m., mother

EDDY RAYMOND HINTON - continued

was bleeding.

Remains were removed to the Hennepin County Morgue where an autopsy was performed. Lungs were inflated and floated readily in water. There was no apparent exsanguination. Death was attributed to encephalohematoma and subarachnoid hemorrhage, cause unknown. Fetus weighed 7 pounds.

HISTORY:

This case was reported to the Coroner's Office by Minneapolis General Hospital at 11:35 p.m., August 30, 1958.

The deceased entered Minneapolis General Hospital at 7:00 p.m., August 30, 1958 in a comatose condition with gunshot wound of right temple. His condition deteriorated rapidly and deceased expired at 11:25 p.m. on date of admission.

Mrs. Eloise Josephson, wife of deceased, states the deceased had been drinking for three days prior to death. They had an argument on the afternoon of August 30th; following this episode, the deceased placed a .25 caliber pistol to his right temple and fired. She further states that she had become frightened of her husband and while he had been away last week with Mr. Hanscom of the University Police Department (to a convention in Texas), she had taken her husband's collection of guns over to the Hanscom's residence and left them with Mrs. Hanscom. She did not know where the .25 caliber pistol had been

ALMA M. JOSEPHSON - continued

procured.

Police officers Stenberg and Meehan of 301 who investigated this case stated their department has received several calls to the Josephson residence during the past week to straighten out domestic difficulties.

A Mrs. Elsie Burke, housekeeper, Mrs. Eloise Josephson, wife of deceased, and Patricia Josephson, a daughter, witnessed the shooting.

An autopsy was performed at the Washburn McReavy mortuary on August 31. This revealed massive intracerebral hemorrhage and contusion due to gunshot wound of head. Entrance wound was in right temple and slug found in left parietal bone.

HISTORY:

This case was reported to the Coroner's Office by Minneapolis General Hospital on August 30, 1958.

On April 14, 1958, the deceased was admitted to Minneapolis General Hospital with a self-inflicted gunshot wound of head. Entrance wound was in the right temple and the exit wound in left maxilla.

Enucleation of the right eye was done on April 21, 1958 and on August 7, 1958 a craniotomy was done with removal of cyst in right temporal lobe. Deceased expired at 3:35 p.m., August 30th.

About 7:30 a.m., April 14, 1958, Wayne Schmaedks, a neighbor of the deceased who lives at 3231-14th Avenue South, states one of the children in the Windorpski family came to his house stating that "Daddy shot himself". Mr. Schmaedks investigated and

EDWARD J. WINDORPSKI - continued

summoned the police, Officers McIllvaine and Marx responding.

Officer McIllvaine stated that upon their arrival at the scene, the gun, a P38 German Luger type gun, was still in the possession of the deceased and he was thrashing around in bed in an unconscious condition.

An autopsy was performed at the Washburn McReavy Chapel on August 31st. This revealed old, healed gunshot wound of head (right temple) with chronic epidural hemorrhage; post craniotomy; defect of right medial orbital roof; post tracheostomy; massive atelectasis due to aspirated gastric contents; right adrenal hemorrhage; absence of right eye; and cystic encephalomalacia of right temporal lobe.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 1:06 a.m., August 31, 1958.

According to Mr. Arthur Sanner of 2021 Fourth Avenue South, the deceased, who lives on lower floor at this address, and he were drinking beer in the upstairs apartment. He states they both had two beers although the deceased had been drinking earlier in the evening.

Shortly after midnight, the deceased left Mr. Sanner's upstairs apartment with the intention of returning to his own quarters on the first floor. A few moments after decedent left room, Mr. Sanner heard a noise and upon investigation found the deceased at bottom of stairway, gasping for breath. A Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival, the ambulance physician confirmed the man's death, death apparently occurring about 12:30 a.m., August 31st.

JOSEPH FRANCIS BANYON - continued

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying on floor at bottom of stairway. There was no rigor but body was cool. Marks were noted on right side of face.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on the date of death. This revealed that death was due to severe arteriosclerotic heart disease; acute alcoholism (0.22 gms. %) being a contributing factor.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 1:26 a.m., August 31, 1958.

On the evening of August 30, 1958, the deceased, who has lived at this address for the past three years, had dinner with another tenant, Rose Fulton. At that time she appeared to be in her usual health and had no complaints of illness. About 8:30 p.m., she left for the grocery store. Mrs. Fulton left at the same time to visit her sister-in-law, returning home again about 12:30 a.m.

Upon her arrival home, Mrs. Fulton noted the lights on in the basement and house. When she received no response from deceased, she investigated and found deceased lying on floor of her bedroom in an unresponsive condition. A Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival, the ambulance physician confirmed the woman's death.

VIRGINIA GACEK - continued

According to relatives, the deceased had had no recent medical attention.

A deputy coroner went to the scene and viewed the body. Deceased found lying on bedroom floor on back. Foam was noted at mouth but there was no cyanosis. Body was warm and there was no rigor.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on August 31st. This revealed acute myocardial infarct due to severe coronary sclerosis; old septal myocardial infarct; chronic passive congestion of liver; and hydrops of gallbladder with cholelithiasis.

Police officers Wheland and Rowles of squad 125 were notified and attended the scene of death.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 4:30 a.m., August 31, 1958.

According to the deceased's wife, Mrs. Clara Stanley, she heard a noise in the upstairs part of her home about 3:45 a.m., August 31, 1958 and went upstairs to investigate. She found her husband lying on the floor in an unresponsive condition with labored breathing.

A Minneapolis General Hospital ambulance was summoned to the residence. Upon arrival, the ambulance physician, Doctor S. M. Larson, pronounced the deceased dead, death apparently occurring about 4:00 a.m.

It was stated, the deceased has received no recent medical attention and has been in apparent good health, however, he has complained at times of pain in chest but would not consult a physician. On the day preceding death, he had worked unusually hard and had

RALPH E. STANLEY - continued

eaten a heavy meal about 8:00 p.m.

A deputy coroner went to the scene and viewed the body. Deceased found lying on abdomen. Body was cool and there was no rigor. Cyanosis was noted.

Remains were removed to the Hennepin County Morgue where an autopsy was performed at 11:00 a.m., August 31. This revealed that death was due to severe arteriosclerotic heart disease.

Police officers Burchett and Neuenfeldt of squad 143 were notified and attended the scene of death.

HISTORY:

This case was reported to the Coroner's Office by a Mrs. Morrison, head nurse at the Star of Bethlehem Home, at 9:25 a.m., August 31, 1958.

According to Mrs. Morrison, the deceased was admitted to the home on August 16, 1958, with an admission diagnosis of "heart exhaustion". Her abdomen was swollen, legs were markedly edematous and breathing was very difficult. She was supposed to see a Doctor Nelson on Tuesday, September 2nd, who would sign a paper authorizing deceased a leave of absence from teaching school.

At 7:30 a.m., August 31, 1958, the deceased was found lying on the floor of her room, dead, approximately 15 minutes after several nurses talked with her. They lifted her her back onto her bed.

BERNICE MILDRED VAUGHN - continued

Examination of the body by a deputy coroner indicated the deceased was an obese woman, clothed in hospital type nightgown. Body was cool but there was no rigor present. Legs showed grade 4 pitting edema with tissue fluid oozing from superficial ulcerations over both lower tibia; ulcerations were red and inflamed. A small amount of fresh red blood was noted at nostrils. Abdomen was still somewhat distended with edema extending into lower part of the abdominal wall. Family of deceased requested that no autopsy be performed. Remains were released directly to a mortuary and death was attributed to congestive heart failure.

HISTORY:

This case was reported to the Coroner's Office by Minneapolis General Hospital at 8:30 p.m., August 31, 1958.

According to hospital records, the deceased was found unconscious in her room at the above address by the caretaker and was admitted to the Minneapolis General Hospital at 1:12 p.m. She expired on the date of admission at 7:55 p.m.

Deceased has a history of having fallen at a friend's home about 6 weeks ago at which time she struck the right side of her head a severe blow and suffered other less serious bruises.

Son of deceased requested an autopsy which was performed at the hospital on September 1st. This revealed that death was due to an intracerebral hemorrhage, spontaneous.

MINNIE BENNETT - continued

Survivors of the decedent include two sons, Charles of Hopkins, and Elmer of Minneapolis; also 3 grandchildren.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 12:20 a.m., September 1, 1958.

According to the deceased's wife, Mrs. Anne Anderson, the deceased complained of not feeling too well about 7:00 p.m., August 31, 1958, and went upstairs to his bedroom to lie down. Toward midnight, the deceased became very ill and a Minneapolis General Hospital ambulance was summoned to the residence, however, the deceased expired before its arrival, death apparently occurring about 12:05 a.m. Doctor S. M. Larson, the ambulance physician, confirmed the man's death upon his arrival at 12:15 a.m.

Deceased had been under the care of Doctor Howard A. Shaw, an eye specialist, who had treated the deceased for irritation and pain in the right eye as recently as one month ago. He also has history of high blood pressure for several years.

EDWARD ANDERSON - continued

Upon being notified, a deputy coroner went to the scene and viewed the body. There was no indication of other than natural death. Body was warm and there was no rigor evident. Remains were released directly to a mortuary and death was attributed to arteriosclerotic heart disease.

Police officers McIlvaine and Sane of squad 164 were notified and attended the scene of death.

Survivors of the decedent include his wife, Anne; son, Harlan; daughter, Mrs. Pauline Peeples, both of Minneapolis; a brother, Albert of Hawaii; sister, Mrs. Anne Johnson of Cleveland, Ohio; also 7 grandchildren.

HISTORY:

This case was reported to the Coroner's Office by the Bloomington Police Department at 12:12 p.m., September 2, 1958.

The deceased is a part-time worker for the Verlin's Enterprises, Edina, who are building a picnic pavilion at Moir park. While working under a shelter at this site about 11:50 a.m., September 2, 1958, the deceased was struck by a falling I-beam and fatally injured.

Doctor J. S. Cole of the Oxboro Clinic and the Bloomington Fire Department rescue squad were summoned to the scene. Upon arrival of the physician, the deceased was pronounced dead.

According to Verlin Balfanz of 5145 Eden Avenue, who was running the bulldozer at scene at time of accident, the wind blew the shelter down and a beam caught the deceased.

HAROLD J. JENSEN - continued

A deputy coroner went to the scene and viewed the body. Deceased found lying on litter of the Bloomington Fire Department where he had been placed by the rescue squad.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on the date of death. This revealed massive bilateral hemothorax with multiple rib and vertebral fractures; laceration of lungs; and rupture of left diaphragm and spleen.

Officers Murphy, McMann and Nord of the Bloomington Police Department were notified and attended the scene of death.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 3:20 p.m., September 2, 1958.

On the afternoon of September 2, 1958, the deceased, an employee in the Chicago, Great Western Railroad yards, was sanding a switching engine, No. 28, when he apparently collapsed, becoming unresponsive. W. B. Williams, yardmaster, 4948 Normandy Place, discovered the deceased lying on front platform of engine.

A Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival, the ambulance physician pronounced the deceased's dead, death apparently occurring about 3:12 p.m.

Examination by a deputy coroner at the scene indicated this was a natural death. Deceased found lying on back on front platform of engine, fully clothed. Body was warm and there was no rigor.

GILBERT H. BENTHEIMER - continued

Remains were removed to Hennepin County Morgue where an autopsy was performed on September 3rd. This revealed coronary thrombosis; severe coronary arteriosclerosis; myocardial fibrosis; cerebral arteriosclerosis; bilateral pulmonary edema; generalized arteriosclerosis; and hydrocele, left cord.

Officers Slimak and Miller of squad 123 as well as Johnson and Cronquist were notified and attended the scene of death.

HISTORY:

This case was reported to the Coroner's Office by Doctor Leonard Titrud at 11:30 a.m., September 3, 1958.

At approximately 10:30 a.m., August 29, 1958, the deceased was driving his car on County Highway No. 4, six miles southwest of Atwater, Minnesota, when the vehicle collided at an intersection with a car being driven by Richard Busch, age 62, of Atwater.

The deceased, critically injured, was removed to Willmar Hospital following the accident where emergency treatment and a tracheotomy were done by Doctor L. C. Gilman. On August 30th, the deceased was transferred to Swedish Hospital, Minneapolis, being admitted at 3:25 p.m. and placed under the care of Doctor Leonard Titrud. A lumbar puncture and bilateral parietal craniotomy with removal of hematoma were performed on September 2nd.

Deceased expired the following day, September 3, 1958 at 11:20 a.m.

GUST R. MILLER - continued

An autopsy was performed at the hospital on the date of death. This revealed extensive subdural hemorrhage of right cerebral area with severe contusion of front cerebral lobes, bilateral; extensive basal skull fracture; multiple rib fractures, left chest; and comminuted fracture of right tibia.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 4:35 p.m., September 3, 1958.

Deceased has history of diabetes for the past 18 years and has been under the care of Doctors L. J. Happe and D. P. Head.

According to the deceased's wife, Mrs. Ebba Wood, the deceased had been out in the yard cutting the lawn. Wife states she had not heard the lawnmower for some time and could not see the deceased, therefore, she went out to check on him. He was found lying face downward in the yard, unresponsive, and she could not detect a pulse.

A Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival, the ambulance physician confirmed the man's death, death apparently occurring about 4:00 p.m., September 3rd.

GEORGE E. WOOD - continued

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying on back, clothed in street clothes. Body was warm and there was no rigor noted and no indication of other than natural death. Remains were released directly to a mortuary and death was attributed to arteriosclerotic heart disease.

Police officers Nordahl and Loye of squad 152 were notified and attended the scene of death.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 11:00 p.m., September 3, 1958.

At approximately 10:15 p.m., the deceased complained to his wife while they were watching television of severe substernal and arm pain. He retired to his bed but his condition became progressively critical and a Minneapolis General Hospital ambulance was summoned to the scene. Deceased expired before the ambulance arrived, death apparently occurring at 10:45 p.m. His death was confirmed by the ambulance physician, Doctor Jacobson.

According to the deceased's wife, Mrs. Mildred Baillergeon, the deceased has been in poor health for several years, but he would not consult a doctor. In the past, the deceased has been seen at Veterans Hospital and Minneapolis General Hospital but has had no medical attention for about three years.

PAUL H. BAILLERGEON - continued

A deputy coroner went to the residence and viewed the body. There was no indication of other than natural death. Body was warm and no rigor was evident. Remains were released directly to a mortuary and death was attributed to arteriosclerotic heart disease.

Police officers Ed Gunderson and G. Dols were notified and attended the scene of death.

Survivors of the decedent include his wife, Mildred; and three brothers, George, William and Arthur, all of Minneapolis.

HISTORY:

This case was reported to the Coroner's Office by Doctor Peter Baleisis at 9:50 a.m., September 4, 1958.

According to mother, Mrs. Priscilla Morrow, the deceased had not been ill to her knowledge and had appeared well when she fed infant at 5:00 a.m., September 4, 1958. Baby went to sleep and she did not check on him again until about 9:30 a.m., when she noted the baby was bubbling from mouth and nose. Baby was still breathing, therefore, she called her husband at his place of employment. He returned home and they took the infant to Doctor Peter Baleisis's office. The infant was pronounced dead on arrival at 9:50 a.m., September 4.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on the date of death. This revealed that death was due to bilateral bronchopneumonia.

DAVID RONDELL MORROW - continued

Survivors of the decedent include his parents, Mr. and Mrs. Rondell Mirl Morrow; a sister, Dorothy Elizabeth; grandparents and great-grandparents.

HISTORY:

This case was reported to the Coroner's Office by the Sheriff's Office at 4:50 p.m., September 4, 1958.

At approximately 4:30 p.m., the deceased was found floating in water near shore of Lake Minnetonka by Mrs. Arthur Kearns of Route 1, Wayzata. Body was face down and naked. Clothing was found on shore near site where body was discovered. Other items found with clothing were an artificial leg and a pint of whiskey.

It was stated, the deceased had last been seen alive about 12:30 p.m. on the date of death, September 4, 1958.

The police were notified, Officer Don Wilkes of Spring Park and Deputies McClellan and Benver of the Hennepin County Sheriff's Office responding.

GUST NELSON - continued

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased noted to have amputation of left leg below knee. There was no rigor and no indication of trauma. Remains were removed to the Hennepin County Morgue and death was attributed to anoxia due to drowning.

Since the deceased had no funds for furial nor were there any relatives known to the Coroner's Office who could arrange for the burial of the deceased, it was necessary to release his body to the Anatomical Department of the University of Minnesota.

HISTORY:

This case was reported to the Coroner's Office by Minneapolis General Hospital at 9:30 a.m., September 5, 1958.

On August 20, 1958, the deceased was admitted to Minneapolis General Hospital in a confused and uncooperative condition, complaining of pain on movement of left leg. He gave a poor history but stated he had fallen in the rest home at 15 Groveland Terrace and injured his left hip.

X-ray examination revealed a fracture of left ramus of pelvis and impacted fracture of head of left femur. No surgery was attempted due to the deceased's poor physical condition. He expired at 11:40 a.m., September 4, 1958.

LOREN A. STETLER - continued

An autopsy was performed at the hospital on the date of death. This revealed multiple pulmonary emboli; severe coronary atherosclerosis; generalized arteriosclerosis; myocardial fibrosis, marked; fracture of left ramus of pelvis and impacted fracture head of left femur.

Survivors of the decedent include his wife, Eleanor; daughter, Mrs. Olive A. Renner, Minneapolis; two grandsons; 2 granddaughters; and 8 great-grandchildren.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 3:25 p.m., September 5, 1958.

According to the deceased's brother, Allan McElderry, he and the deceased have lived together for the past 14 years.

On the afternoon of September 5, 1958, Allan McElderry was preparing lunch for the deceased when the deceased complained of feeling cold. Then the deceased attempted to light the gas oven but suddenly sat down on chair in front of stove and collapsed, becoming unresponsive. A Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival, the ambulance physician confirmed the man's death, death apparently occurring about 3:15 p.m.

It was stated, the deceased has been under the care of Veterans Hospital for a heart condition.

ROBERT HENRY MC ELDERRY - continued

Upon being notified, the Coroner went to the scene and viewed the body. Deceased found slumped in chair, fully dressed. There was no indication of other than natural death. Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

Survivors of the decedent include three brothers, Horace H., Roscoe C. and Allan J.

Police officers McFee and Rowles were notified and attended the scene of death.

HISTORY:

This case was reported to the Coroner's Office by Swedish Hospital at 4:30 p.m., September 5, 1958.

At approximately 9:00 a.m., September 5, 1958, the deceased was fatally injured when his car, a 1950 Chevrolet coupe, bearing 1958 Minnesota license No. 3A 6518, collided with a 1955 Chevrolet, bearing 1958 Minnesota license No. MY 8284, on Highway 152, approximately 115 feet west of County Road 30, in Maple Grove Township.

Estelle Baker Mieske, age 55, Monticello, Minnesota, driver of the other car involved in the accident, and a passenger in the Mieske vehicle, Leo Baker, age 68, 544 Sacramento, Palo Alto, California, state they were traveling west on Highway 152 when they noted the deceased apparently attempting to make a "U" turn on the highway (not at an intersection). Deceased was crossing in the west lane and as the Mieske vehicle continued west, the deceased backed into their lane and collided with them.

ALCIDAS BLAIS - continued

Deceased was thrown from his car and struck the concrete highway, sustaining critical injuries, it was stated. He was removed by Smith ambulance to Swedish Hospital, being admitted at 10:00 a.m. on the date of accident and placed under the care of Doctors T. J. Bloedel and H. Robert Ransom of Osseo. The decedent expired on the date of admittance, death occuring at 4:00 p.m., September 5.

An autopsy was performed at the Hennepin County Morgue at 10:00 a.m., September 6. This revealed extensive laceration of both frontal lobes, cerebral; extensive basal and occipital skull fractures; massive hemorrhage of left pleural cavity; and fracture of 5th and 6th ribs, left.

Officers Steblay and Anderson of the Highway Patrol and Officer Tom Carleske of Brooklyn Park were notified and attended the scene of accident.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 8:55 p.m., September 5, 1958.

According to Joe Charneske, caretaker at above address, several tenants called his attention to the fact that the deceased had not been seen around since September 1st, therefore, he went to investigate. When he could not arouse any response on September 5th, he climbed up and looked through the transom, noting the deceased lying on floor in an unresponsive condition.

The police were notified, Officers Foreman and Shanahan of squad 119 responding. Officers forced entry and found the deceased had expired.

A deputy coroner went to the scene and viewed the body. Deceased found lying prone on floor, fully clothed in blue suit. He had obviously been dead for several days; there

GEORGE EDWARD HILLIER - continued

was marked gas formation and swelling. Head and left arm were noted to have black discoloration. A newspaper dated September 1st found in room. There was no indication of other than natural death. Remains were removed to the Hennepin County Morgue where death was attributed to arteriosclerotic heart disease.

Survivors of the decedent are unknown to the Coroner's Office.

HISTORY:

This case was reported to the Coroner's Office by Minneapolis General Hospital at 1:10 p.m., September 6, 1958.

The deceased was picked up by Officers Kolars and Shanahan, location unknown, and taken to City Jail, apparently in an intoxicated condition. While in jail, the deceased fell and struck his head on side of cell. He was removed to Minneapolis General Hospital, being admitted in a comatose condition, on 6:27 a.m., August 8, 1958.

Deceased regained partial consciousness while hospitalized but was unable to talk. Hospital records indicate the deceased had developed pneumonia but was making a good recovery. On September 6, 1958, at 12:45 p.m., the deceased was found dead in his bed.

An autopsy was performed at the hospital on September 7th. In the opinion of the pathologist, it was deemed advisable to await completion of the microscopic examination before determining the cause of this man's death.

GEORGE ERICKSON - continued

Survivors of the decedent include several nieces and nephews, among them in the immediate vicinity are: Joe E. Erickson, New Hope, Minn.; Charles P. Bristol, G. Sidney, of Minneapolis and Grover L. Bristol, Deephaven, Mrs. Corise Larson, Minneapolis, Mrs. Eleanor Eichorst, Excelsior.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 2:15 p.m., September 6, 1958.

At approximately 1:40 p.m., September 6, 1958, the deceased was found dead in bed by Mr. Joseph Straub, with whom the deceased has roomed for the past six months.

According to Mrs. Straub, she had heard the deceased come in at about 11:00 p.m. on the preceding evening, September 5th.

Upon being notified, a deputy coroner went to the residence and viewed the body. Deceased found lying in bed on back, clothed in underwear. Body was cool and in full rigor. An empty pint whisky bottle was found in his room. It had been stated, the

CLARENCE F. ECKMAN - continued

deceased had been drinking considerably during the past ten days and has history of drinking for the past three years. However, analysis of the deceased's blood at time of death indicated it contained only 0.02% alcohol.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on September 7th. There was no demonstrable anatomical cause of death, therefore, specimens of the organs were released for microscopic study and chemical analyses.

Police officers R. Nelson and R. Madraga of squad 151 were notified and attended the scene of death.

Survivors of the decedent include his father, Vincent; brothers, Clifford and Raphael, all of Little Falls; Walter, Pontiac, Michigan, Joseph and Floyd, Minneapolis; and a sister, Mrs. Marion Ahlstrom, Long Lake, Minn.

HISTORY:

This case was reported to the Coroner's Office by the Sheriff's Office at 4:00 a.m., September 17, 1958.

At approximately 3:20 a.m., September 7, 1958, the deceased was fatally injured when the car he was driving, a 1953 Chevrolet, bearing 1958 Minnesotalicense No. MH 3574 left the road on a curve, traveled in the ditch for approximately 290 feet, struck 4 guard posts, a culvert and then a tree, coming to rest upon the driver who was apparently thrown from the car.

The accident occurred on County Road No. 12, Dayton Township, approximately 6½ miles west of Champlin, Minnesota. Apparently the deceased was traveling west on County Road No. 12 and drove off the north side of road on a left curve. A Doctor Sommers of Elk River was summoned to the scene and confirmed the deceased's death upon his arrival.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased

NORMAN C. FEHN - continued

found lying on back on ground; body was warm and there was no rigor. It was stated, Champlin and Dayton police officers had found the deceased pinned beneath his car upon their arrival.

Remains were removed to Hennepin County Morgue where an autopsy was performed on September 7th. This revealed asphyxia; chest injury; subepicardial petechiae of heart; contusion of left lung, both lobes; laceration of liver; fracture of left femur; fracture symphysis pubis; and arteriosclerosis of aorta. Chemical analysis of the deceased's blood indicated it contained only 0.02% alcohol.

Deputy sheriffs Eidem and Grandstrom of Hennepin County were notified and attended the scene of accident.

Survivors of the decedent include his parents, Mr. and Mrs. Willard Fehn; 6 brothers, Mr. and Mrs. Willard Fehn; six brothers, Gordon, Kenneth, Dennis, Richard, Jerome and Robert; also four sisters, Dolores, Julianna, Carol Ann and Cecilia; his grandmother, Mrs. Laura Beaudry of Osseo.

HISTORY:

This case was reported to the Coroner's Office by Minneapolis General Hospital at 5:10 a.m., September 7, 1958.

At approximately 10:45 p.m., August 13, 1958, the deceased sustained critical injuries when struck by a car, a 1954 Buick sedan, bearing 1958 Minnesota license No. 5G 4640, while crossing the street at the intersection of Washington Avenue South and 10th Avenue.

Franklin W. Norman, age 38, 3048 Clinton Avenue South, driver of the car involved, was traveling west on Washington Avenue South and the pedestrian (deceased) was crossing in a northerly direction, at the time accident occurred.

Deceased was removed by ambulance to Minneapolis General Hospital, being admitted in an incoherent and disoriented condition. A tracheotomy was done on August 16th and

JOSEPH E. SWANSON - continued

bilateral trephining on August 21st. He failed to respond to hospital treatment, expiring at 2:45 a.m., September 7.

An autopsy was performed at the hospital on the date of death. This revealed bronchopneumonia with atelectasis; severe laceration of left temporal lobe of brain; large hematoma over occipital region of both hemispheres; extensive skull fracture; fracture of left femur and pelvis.

Police officer Dewey Arnold of traffic squad 515 was notified and attended the scene of accident.

HISTORY:

This case was reported to the Coroner's Office by Glen Lake Sanatorium at 1:10 p.m., September 7, 1958.

According to Harry Blood, also a patient at Glen Lake Sanatorium and roommate of the deceased, the deceased had been tucked in bed by nurse for noon rest hour. Almost immediately after nurse left room, the deceased got up and left room.

Shortly thereafter, at approximately 12:35 p.m., September 7, 1958, the deceased was found lying on ground at foot of fire escape on east side of main building. He was still alive when discovered but died a short while later before Doctor L. M. Larson arrived on the scene, death apparently occurring about 12:45 p.m.

Deceased has been a patient at the Sanatorium since July 22, 1952, being admitted by transfer from Mount Sinai Hospital. There is history that the deceased attempted suicide

CHARLES LARSON - continued

by slashing left wrist and throat on January 2, 1957. According to Doctor Larson, the deceased had asked for a sleeping pill to put him "to sleep for good" about a week prior to his death.

It was stated, a Thomas Florey of Room No. 78 had first noted the body of deceased lying on ground.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying on ground at foot of fire escape with fractures of both legs. Apparently the deceased had left his bed and walked across hallway, through service room to balcony and over railing to ground.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on September 9. This revealed severe hemoperitoneum; laceration of liver; ruptured spleen; compression fracture of 5th and 6th thoracic vertebrae; and bilateral fractures of tibia and fibula, lower one third.

Deputy sheriff Seitz was notified and attended the scene of death.

HISTORY:

This case was reported to the Coroner's Office by the Sheriff's Office at 10:10 p.m., September 7, 1958.

According to Deputy Williams, the deceased disappeared from boat he was riding in as a passenger at approximately 8:00 p.m., September 7, 1958. A Norman Severson of 13 Ridge Road, Route #4, Excelsior, states he was piloting the boat east through Seton Channel and the deceased was seated on deck between front and rear cockpits with feet in rear cockpit. At a point about 200 feet into Seton Channel from Seton Lake, he became aware the deceased had not replied to his conversation and turned to look at the deceased, discovering that he was no longer in boat. He saw nothing to indicate when or where the deceased had fallen from the boat. It was stated, the deceased could not swim.

The Sheriff's Office commenced dragging operations and body of deceased was recovered at approximately 10:05 p.m., September 7th, and brought to shore at home of George Johnston on South bank of east mouth of channel between Black Lake and Spring Park Bay from point

WARREN H. VEUM - continued

approximately 200 feet east of west end of Seton Channel in about 6 to 8 feet of water near mid-channel.

A deputy coroner went to the scene and viewed the body. Deceased was fully clothed in sweat shirt; trousers; shoes; shirt and cloth jacket. There were no marks of external trauma.

Boat involved in incident is a Larson Runabout, 12 foot, with 50 H. P. Evinrude outboard motor. Severson states he was not running boat fast. A brother-in-law of deceased states that although the deceased could not swim, he was rather reckless in a boat and was inclined to stand up and move about.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on September 8th. This revealed that death was due to anoxia due to drowning.

Survivors of the decedent include his wife, Delores; daughter, Diane; mother, Mrs. Carl Bergman, Hoople, N. Dak.; father, Ervin Veum, Richmond, Calif.; brother, Duane, Grafton, N. Dak.; two sisters, Mrs. Wallace Russell, Glenwood, Minn. and Mrs. Leo Bellrude, Grafton.

HISTORY:

This case was reported to the Coroner's Office by the Woodard Funeral Home at 3:30 p.m., September 7, 1958.

The deceased had been under the care of Doctor L. J. Petit who states he has not seen deceased for several months. Last time he saw her, the deceased was complaining of trouble with her right leg but showed no evidence of cerebral hemorrhage and no paralysis.

On September 7, 1958, the deceased appeared to be in her usual health. While getting dressed for church, she complained of not feeling well, lay back on her bed, and suddenly expired, death apparently occurring about 3:30 p.m. Husband of deceased, Eugene Sublett, was present at the time of death.

Upon being notified, a deputy coroner went to the scene and viewed the body. There was no indication of other than natural death. Remains were released directly to a mortuary and

FLORENCE F. SUBLETT - continued

death was attributed to arteriosclerotic heart disease.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 11:00 a.m., September 8, 1958.

On September 7, 1958, the deceased was seen by Mr. and Mrs. Fred Draper of Apartment 12, who were friends of the deceased, at which time he complained of difficult breathing and swelling of his feet and legs. He had been ill for the past five days and his feet were swollen so that he could hardly get his slippers on them.

Mrs. Draper went to check on the deceased again on the morning of September 8th and found him unresponsive and apparently expired. The police were notified, Officers Kaminski and Hannon of squad 118 responding. A Minneapolis General Hospital ambulance was dispatched to the scene. Upon arrival, the ambulance physician confirmed the man's death.

It was stated, the deceased had been under the care of Doctor L. H. Cady, however, on

CRANSHAW LEROY TAYLOR - continued

checking with his office, it was reported the patient had last consulted Doc tor Cady on October 3, 1955. There was a working diagnosis of a respiratory infection at that time.

A deputy coroner went to the residence and viewed the body. Deceased found lying on couch, clothed in street clothes but without shirt. Body was cold and marked rigor was noted. There was no indication of other than natural death. Remains were removed to the Hennepin County Morgue and death was attributed to congestive heart failure.

Survivors of the decedent include four sons, David, Henry, William, Robert; 3 daughters, Mrs. Henry Blair, Mrs. Edward Good, Mrs. Curtis Chute; also 12 grandchildren, 1 brother and 1 sister.

HISTORY:

This case was reported to the Coroner's Office by Minneapolis General Hospital at 12:40 p.m., September 8, 1958.

Deceased was found in rear of 1608 Second Avenue South and it appeared he had fallen from a fire escape, sustaining injury. He was removed to Minneapolis General Hospital, being admitted at 7:47 p.m., September 6, 1958.

The man expired at 12:20 p.m., September 8, 1958.

Apparently the deceased had been a patient at the LaSalle Rest Home and had left without the knowledge or permission of the nursing home.

An autopsy was performed at the hospital on September 9th. This revealed exsanguination

JOHN GLASSEN - continued

due to massive post peritoneal hemorrhage; multiple pelvic fractures; laceration of liver; subdural and subarachnoid hematoma.

Survivors of the decedent include two brothers, G. W. Glassen of Glendive, Mont., Frank F. of Minneapolis; a sister, Mrs. A. J. Ebert of Rochester, Minn.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 3:345 p.m., September 8, 1958.

While cleaning out a laundry barrel about 3:00 p.m., September 8, 1958, Mrs. Ada Schwartz, an employee of the Walgreen Drug at 828 Nicollet Avenue, discovered the body of a newborn baby girl, wrapped in newspaper and a shopping bag. She notified the fountain manager, James Foster of 1700 Portland Avenue, who, in turn, notified the police, Detectives Cronstrom and Stenberg responding.

Upon questioning James Foster about any pregnant girls employed by him, he stated that a Betty Warne of 2509 Girard Avenue North had became ill while at work on Saturday afternoon, September 6, 1958. When she failed to come up from a downstairs locker room, he went to check on the deceased and found she was very ill and sent her home to recover.

BABY GIRL WARNE - continued

He thought she had appeared to be pregnant. He was called later to view the ladies wash room by one of the other girls employed. There were quantities of blood noted on floor, toilet bowl and on lounge chair.

Miss Warne was picked up and interviewed by Detectives Finn and Pfeiffer. She admitted that she had given birth to a baby in the basement of the drugstore at 828 Nicollet Avenue and stated the baby had been born alive. When baby commenced crying, she stated she held infant's head under water until baby was limp. Then she wrapped baby in newspaper, put in shopping bag, and placed package in her locker. She also states she had no prenatal or post natal care and had informed no one that she was pregnant. She also has a three year old son by the same father, however, he did not know of her present pregnancy according to her statement.

Remains were removed to the Hennepin County Morgue where examination indicated baby was a full term infant. An autopsy revealed infant had been born alive and that death was due to asphyxia.

HISTORY:

This case was reported to the Coroner's Office by the Sheriff's Office at 6:00 a.m., September 9, 1958.

At 4:30 a.m., September 9, 1958, the Sheriff's Office was notified of a fire at the above address. When deputies arrived, the frame cabin was in flames. Mound fireman responded but not in time to save the lone occupant of building (the deceased) who perished in the blaze. Body of deceased, badly charred, was found at back of cabin, near a window.

No one knew how the fire had started, however, a friend of deceased stated he was known to smoke while in bed.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased

CARL EDWARD HENNING - continued

was burned beyond recognition. Remains were removed to the Hennepin County Morgue.

Deputy sheriffs Grandstrom and Eidem were notified and attended the scene of death.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 6:30 a.m., September 9, 1958.

At approximately 6:22 a.m., September 9, 1958, the deceased was fatally injured while a passenger in right front seat of a 1957 International truck, bearing 1958 Minnesota license No. T16497, which collided with a 1952 Oldsmobile, bearing 1958 Minnesota license No. 5G 8151 and driven by Donald M. Reitan, age 24, 1535 Sixth Street Northeast, at the intersection of University and Lowry Avenues Northeast.

According to Vincent F. Livgard, age 38, Route #5 Anoka, Minnesota, driver of the truck, he had picked up seven men at a lower loop employment agency and was enroute to the Edward Fields truck farm near Anoka. He was traveling north on University Avenue Northeast when the truck collided with the Reitan vehicle which was proceeding west on Lowry Avenue. The impact caused the truck to tip on its right side, crushing the deceased, who was thrown

JESSE L. JOHNSON - continued

out of the cab. He expired at the scene moments later.

The Reitan car continued on and struck another automobile, a 1950 Ford coach, driven by Elmer B. Peterson of 1910 Highway No. 10, which was traveling south on University Avenue. The Reitan machine finally came to rest on northwest corner against a building.

Other passengers in the truck injured in this accident were Walter Heinonen, age 48, Foster Hotel, George Faust, age 53, Foster Hotel, and Clifford Christjohn, age 44, Pioneer Hotel. They were reportedly riding in the rear of truck. Donald Reitan, driver of the Oldsmobile, also incurred injury. All of the injured were removed to Minneapolis General Hospital for treatment.

A deputy coroner went to the scene and viewed the body. Deceased found lying on right side, dressed in street clothes. His neck was sharply angulated down onto his chest indicating a cervical fracture was present. Body was warm; face was noted to be cut and bruised.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on the date of death. This revealed fracture dislocation of 1st cervical vertebra; multiple rib fractures; pneumohemothorax, left; subcutaneous emphysema; lacerated liver; lacerated pericardium and lacerated atrium, left.

Officers A. Linboe and C. Larson of traffic squad 515 were notified and attended the scene of accident.

Only survivor known to Coroner's Office is a sister, Mrs. R. M. Walker, 208 E. Naperville Road, Westmouth, Illinois.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 8:40 a.m., September 9, 1958.

According to Mrs. Irene Nelson, with whom the deceased lived, the deceased had complained of severe pain on the evening of September 8, 1958. On the morning of September 9th, at about 7:30 a.m., she checked on the deceased and noted he had a fever, however, he responded in his usual manner. Shortly thereafter, she heard a thumping and sent her daughter to see the deceased. He was found hemorrhaging from the mouth and nose.

A Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival, the ambulance physician found the deceased had expired, death apparently occurring about 8:00 a.m.

GEORGE PATRICK KELLEY - continued

Mrs. Irene Nelson states the deceased was first seen by Doctor W. K. Haven of the Nicollet Clinic who diagnosed his condition as "paralyzed vocal cord". He was hospitalized in May of this year with a diagnosis of carcinoma of larynx with extension to thorax. X-ray therapy was given and deceased had been feeling quite well since that time. However, after September 1st, the deceased developed some vascular difficulty which gradually decreased. He had been seen recently by Doctor W. D. Brown.

Police Officers Hannon and Kaminski of squad 118 were notified and attended the scene of death.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying in bed on back, clothed in trousers and shorts only. Fresh blood noted from mouth and nose noted with blood on right upper portion of bed frame and on floor near bed. There was no rigor. Remains were removed to the Hennepin County Morgue. Death was attributed to massive pulmonary hemorrhage due to carcinoma of lung.

HISTORY:

This case was reported to the Coroner's Office by University Hospitals at 6:20 p.m., September 9, 1958.

At approximately 5:00 p.m., September 9, 1958, the deceased was admitted to University Hospital with a stab wound of chest. He had been transferred from the Princeton Hospital, Princeton, Minnesota, on order of Doctor N. B. Metcalf. Deceased expired shortly after admission, death occurring at 5:45 p.m., September 9.

Efforts to contact Doctor Metcalf for further details concerning this case were unsuccessful, however, receiving department at University Hospitals were informed the deceased had stated he was attacked by two men. There was nothing to substantiate this statement.

An autopsy was performed at the Hennepin County Morgue on September 10th. This revealed atelectasis, bilateral, and hemopericardium due to puncture wound of chest into pericardium;

WILLIAM ERNEST JENNISON - continued

also severe fibrinous pericarditis.

HISTORY:

This case was reported to the Coroner's Office by the deceased's son at 10:15 a.m., September 10, 1958.

According to the deceased's daughter, Mrs. Eva Bestler, with whom she lived, the deceased was found dead in bed at 8:35 a.m., September 10, 1958.

It was stated, the deceased has been in failing health for some time, however, she has had no medical attention during the past three years. Prior to that time, she had been under the care of Doctor E. W. Bedford.

Deceased had last been seen alive at 5:00 p.m. on the preceding day. She had complained of shortness of breath and difficulty walking upstairs recently.

A deputy coroner went to the residence and viewed the body. There was no indication of

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 4:07 p.m., September 10, 1958.

According to the deceased's son-in-law, John Carlson, 6825 Regent Avenue North, he and the deceased were bowling at the above address on the afternoon of September 10, 1958, when the deceased suddenly complained of pain, took a large, green pill and then collapsed on bench. Son-in-law commenced artificial respiration and a Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival of the ambulance physician, Doctor Salovich, the deceased was pronounced dead at 4:00 p.m.

It was stated,, the deceased had been seen by Doctor Einer Monson for a check-up following a hemorrhoid operation earlier on the date of death. Deceased also had history of a heart condition.

LEROY H. HEIDELBERGER - continued

Examination of the body by a deputy coroner indicated this was a natural death. Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

Police officers Burchett and Neuenfeldt of squad 143 were notified and attended the scene of death.

Survivors of the decedent include his wife, Ada D.; two daughters, Mrs. Arlen Dufresne, Colorado Springs, and Mrs. John Carlson, Minneapolis; son, Harold L.; brother, Chester A., Minneapolis; also 3 grandchildren.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 7:05 a.m., September 12, 1958.

Mrs. Robert Brand, wife of landlord, states she had noted light under door of deceased's room for several nights. On the evening of September 11th, 1958, she slipped some mail under the door and rapped but received no answer and heard no movement, therefore, she notified her husband.

On the following morning, Robert Brand entered the room about 6:30 a.m. and found deceased dead. The police were notified, Officers Gardner and Wolf of squad 119 responding.

According to Mr. Brand, he had last seen the deceased alive on the afternoon of Sunday, September 7, 1958, when she came to the basement to prepare a uniform and said she thought she would go to work. He stated the deceased worked odd hours like most nurses so he

JEAN C. RUBEL - continued

didn't worry much about her although he knew she had been ill.

Doctor R. W. Cranston of the Nicollet Clinic states he has had the deceased as a patient for a number of years. She has been hospitalized at Glenwood Hills, at Homewood and at University Hospitals for a nervous condition. There is history of about 20 to 25 attempts to take her own life in fits of depression by overdoses of various drugs. Dr. Cranston states deceased has never had any impairment with her thinking processes which impaired her effectiveness as a nurse; deceased had been taking care of his own mother on one shift and was a very good nurse. He had last talked to deceased on Friday, September 5th, 1958, and at that time she said she was going to take a few days off and visit her mother in Madelia. She sounded all right over the phone and he did not suspect that she was in an acute phase. Deceased was in excellent health from a physical standpoint, it was stated.

Upon being notified, a deputy coroner went to the residence and viewed the body. Deceased found lying curled up in right lateral decubitus position between night stand and bed in advanced stage of swelling, marbling and moderate decomposition. Bed was unmade and bed light was burning. An open book lay face down on bed beside a sack of potato chips. Several empty liquor bottles and several prescription bottles with one or two tablets remaining in each found on shelf in closet and one medicine bottle found in purse in dresser. Deceased was clothed in pajamas and slippers with head and shoulders flexed against wall. A cigarette lighter and ash tray found under remains. There was no indication of external violence. Remains were removed to the Hennepin County Morgue.

An autopsy was performed at the morgue on September 13th. In the opinion of the pathologist, it was deemed advisable to await completion of the toxicology before determining the cause of death.

Only survivors known to the Coroner's Office are her mother, Mrs. William Rubel, Madelia, Minn., and a sister, Mrs. A. Hoffman, St. James, Minnesota.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 9:25 a.m., September 12, 1958.

On the morning of September 12, 1958, the deceased entered Doyle's Liquor Store at the above address to purchase some wine. While in the store, he was on his way to the bathroom when he suddenly collapsed to the floor, becoming unresponsive.

A Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival, the ambulance physician, Doctor S. M. Larson, pronounced the deceased dead, death apparently occurring about 9:15 a.m., September 12.

It was stated, the deceased had been a patient in Veterans Hospital about one month ago

JOHN J. HORGAN - continued

for treatment of a fractured arm.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying on floor of back room in liquor store, dressed in street clothes. Body was still warm and there was no rigor evident. Remains were removed to the Hennepin County Morgue and death was attributed to arterio-sclerotic heart disease.

Police officer W. C. Berg of squad 142 was notified and attended the scene of death.

HISTORY:

This case was reported to the Coroner's Office by University Hospitals at 11:20 a.m., September 12, 1958.

While mother of deceased was backing the family car out of the yard on the morning of September 12, 1958, the deceased suddenly ran behind the car and was struck down. The injured child was removed by ambulance to University Hospitals where she was pronounced dead on arrival. Death apparently occurred about 10:45 a.m., September 12.

A Mrs. T. Fesenmarei, 1555 93rd Ave., a neighbor, states she was at the scene of accident within a few minutes after it occurred and child was breathing and she could detect a pulse beat, however, no signs of life could be noted after 10:45 a.m.

Upon arrival of a deputy coroner, deceased was found lying on stretcher, dressed in street clothes, with profuse bleeding noted from both ears, mouth and nostrils. Super-

KATHIE LYNN NORMAN - continued

ficial abrasions noted of upper left arm with particles of sand and dirt imbeded in lateral aspect of skin.

Remains were removed to the Hennepin County Morgue where death was attributed to severe head injuries with bleeding from both ears, nares and mouth. An autopsy was deemed unnecessary since accident occurred in deceased's yard.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 11:30 a.m., September 12, 1958.

At approximately 11:00 a.m., September 12, 1958, Mr. Landck, the caretaker, found the deceased dead in her apartment. The police were notified, Officer Kunde of squad 153 responding.

No one had seen the deceased about since noon on the preceding day. This morning, September 12th, the deceased's paper was noticed outside the apartment door and no response could be obtained, therefore, landlord entered and found deceased lying on bathroom floor with head resting against a small cabinet.

MARY ANNE LINDEMAN - continued

A deputy coroner went to the scene and viewed the body. Deceased was clothed in nightgown and rigor was marked; body was cold. Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 6:02 p.m., September 12, 1958.

According to Emil Pitter, 4002 Fourth Street Northeast, engineer at the Standard Club, he was checking the rooms before closing the club, when he discovered the deceased lying on a davenport in the Federation Room, apparently expired. The police were notified, Officers Fort and Kolars of squad 118 responding.

The manager of the Standard Club states he had talked with the deceased at noontime and he appeared to be all right at that time. It was stated, the deceased had been seen by Doctor David Sharpe one week prior to death.

A deputy coroner went to the scene and viewed the body. Deceased was dressed in street clothes. Rigor mortis was quite marked and body was very cold. Remains were removed

HISTORY:

This case was reported to the Coroner's Office by Doctor's Memorial Hospital at 12:45 a.m., September 14, 1958.

According to the deceased's fiancee, Miss Margaret Murphy of 1727 Lagoon Avenue, they were out driving when the deceased became ill and was taken to Doctors Memorial Hospital. He complained of throat pain as they reached the hospital but has no history of previous illness.

Upon arrival at the hospital, deceased complained of numbness in the arms and was put in emergency room. He was seen briefly by Doctor Herbert, an interne, and then nurse noted he was becoming cyanotic. Doctor McCampbell, a staff doctor, was summoned and resuscitation was attempted without response. Death occurred about 12:45 a.m., September 14.

A deputy coroner viewed the body at the hospital. Deceased found lying on table in

ELROY FENSKE - continued

emergency room, clothed in undershirt, trousers and shoes. Mottled cyanosis of face, neck and right arm noted. There was no rigor and no indication of trauma.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on date of death. This revealed acute thrombosis of right coronary artery due to atherosclerosis.

Only survivor known to the Coroner's Office is his mother, Clara Fenske, Lester Prairie, Minnesota.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 12:45 a.m., September 14, 1958.

At approximately 9:30 p.m., September 13, 1958, parents of the deceased left their residence to go to the Legion Club, 50th and Penn, leaving the deceased home to baby sit with the younger children. Upon arriving home again at 12:10 a.m., the parents prepared for bed. Clarence Glimsdale, father of deceased, observed the basement light burning when he came home, therefore, before retiring he went to the basement to check it. At this time, he found the deceased hanging from a clothes line hook by a plastic-covered clothesline.

The father cut clothes from his neck and attempted to resuscitate him while mother summoned rescue squad and a Minneapolis General Hospital ambulance. Rescue squad continued resuscitation without any response. Upon arrival of the ambulance physician, the deceased was pronounced dead.

CHARLES F. GLIMSDALE - continued

Parents were asked if the boy had been despondent or if there had been any indication that such a thing would happen. They stated about five years ago, the boy did the same thing at a Boy Scout Camp. After much investigation on the father's part at that time, the boy finally admitted that he had done it to impress his friends. However, at this time, the father and mother state the boy had seemed quite happy and there had been absolutely no indication of despondency. Deceased was also thought to be in good health at present.

It was stated, the deceased was found with folded sailor cap between the line and his neck, hanging from a clothes line hook which had been screwed into the rafters. He was nude and his pajamas were noted on chair below body.

Upon arrival of a deputy coroner, body was lying on mat on back near northwest corner of basement. Body was cooling and rigor of neck and lower extremities noted. There was blue-gray mottling of face and upper neck. A small amount of fresh blood noted in left nostril, and dried blood on both hands, mid-abdomen and both anterior thighs. There is a narrow bluish-purple mark on the anterior neck just below the larynx, running to the left of the mid-line for approximately 6 cm. Marked livor of the back was noted.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on September 14. This revealed asphyxia due to hanging; minimal cerebral edema; cephalohematoma of left occiput; vascular congestion of lungs, liver and kidney; petechial hemorrhage beneath left vocal cord; abrasion and contusion of left neck.

Police officers Hemmingsen and Hanson of squad 142 were the first to arrive on the scene. Investigation was continued by Detectives Earl Anderson and Freeman of squad 308.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 9:30 a.m., September 14, 1958.

According to the deceased's sister, Lyda Lewis, the deceased had fallen several times at home during the evening of September 13, 1958 and had complained of his knees aching. His last fall had been at 10:30 p.m. at which time he retired.

About 2:00 a.m., sister heard deceased threshing about and summoned her neighbors, Mr. and Mrs. Chaubin, 3226 Fremont Avenue South. They were unable to arouse deceased, however, he appeared to be breathing normally. The Chaubins' left again at 2:40 a.m. and deceased's sister retired. When she awakened about 7:00 a.m., September 14th, she found the deceased had apparently expired.

A Doctor Larson, who had been his personal physician, was summoned to the residence and

JOHN EDWARD LEWIS - continued

confirmed the man's death.

Doc tor Clarence Larson states he had seen the deceased one month prior to death but only for an acute respiratory condition. Prior to this visit, the physician had not seen the deceased for past year.

Sister states deceased has had dizzy spells since a severe accident in 1942 when he was struck by a Hennepin County truck.

A deputy coroner went to the residence and viewed the body. Deceased found lying in bed on left side, clothed in long underwear. There is a small laceration and hematoma over the right occipital area. A bruise was also noted on right wrist. An armband was noted on left wrist, apparently because of a fall suffered in May.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on date of death. This revealed a massive subdural hemorrhage due to spontaneous rupture of vascular malformation of right cerebral cortex.

Detective Smith of squad 350 was notified and attended the scene of death.

Only survivor known to the Coroner's Office is a sister, Lyda M. Lewis, previously mentioned herein.

HISTORY:

This case was reported to the Coroner's Office by Veterans Hospital at 9:10 a.m., September 15, 1958.

At approximately 4:00 p.m., August 14, 1958, the deceased was injured in an automobile accident which occurred about 2-3/4 miles southwest of Lakeville, Eureka Township, Minnesota. The car, apparently being driven by the deceased, was traveling north on County Road #23, 1200 feet south of the Eugene Riddle farm, when it left the road and crashed into a concrete cattle pass. The deceased, critically injured, was removed to a hospital in Farmington, and on August 17, 1938 he was transferred to the Veterans Hospital, Minneapolis.

On August 20, 1958, an exploratory laparotomy was done and a left diaphragmatic tear was repaired. Deceased failed to respond to hospital care, expiring at 9:45 a.m., September 14.

ARTHUR M. SHIRLEY - continued

An autopsy was performed at the hospital on September 15th. This revealed diffuse brain damage; fractures of 3rd, 4th, 5th and 6th ribs, left; fracture of left scapula and fracture of mandible.

Two companions, Orville Olson, Farmington, Minn. and Lief Steenerson, Route #2, Rosemount, Minnesota, in the car with the deceased at the time, were also injured and were taken to the Farmington Hospital.

Only survivor of the decedent known to the Coroner's Office is a daughter, Mrs. Eunice Strommen, Twin Valley, Minn.

Veteran Yes ~~No~~ WW II

HISTORY:

This case was reported to the Coroner's Office by Welander-Quist Company's West Chapel at 7:15 p.m., September 15, 1958.

At approximately 5:45 p.m., September 15, 1958, Mrs. Mildred Waldron, wife of deceased, states she arrived home from her place of employment and found the deceased dead in bathroom. It was stated the deceased had been discharged from Veterans Hospital on September 10, 1958 after six weeks hospitalization.

Medical records at Veterans Hospital indicate the deceased had been treated for alcoholism and was said to have been a user of barbiturates. When discharged, the deceased was furnished with a three day supply of thorazine tablets and was to take 25 mg. four times a day.

BURTON S. WALDRON - continued

Mrs. Waldron states the deceased came home from the hospital on September 10th and she had divorce action papers served on him on September 11th. Her attorney is Donald O. Wright. She also states that in July, on day before he entered Veterans Hospital, he made an attempt to cut his wrists while intoxicated. The injury that he gave himself was so minor that there was hardly any blood.

On September 13, 1958, following his discharge from Veterans Hospital, the deceased began to drink again according to Mrs. Waldron and she took a bottle of whiskey away from him.

Before leaving home at 8:30 a.m., September 15, 1958, Mrs. Waldron states she looked in on the deceased and told him she was leaving; he was still in bed at this time. On her return home, she found no note, empty whiskey or medicine bottles after finding deceased dead. She doubts that he took an overdose of anything and states he was no more depressed than usual when she served legal papers on him. His medicine bottle from Veterans had been empty when she looked at it on the preceding day, September 14. Her own medications consisting of a bottle containing approximately 75 3/4 grain tuinal and a bottle of approximately 36 Miltown tablets (kept under mattress in her bedroom) contain the same amount of medications as when she last used them, it was stated.

Wife states deceased has history of severe alcoholism for past 10 years. He has also had several hemorrhages and surgery for ulcers of the stomach. At times deceased would lose consciousness while on toilet or in chair.

Upon arrival of deputy coroner, the deceased was found seated in sitting position with head slumped on left arm on toilet. Marked rigor was noted. No medicine containers noted in pockets or on person. Yellowish fluid noted in commode without indication of melena. An empty glass medicine bottle without label noted in waste basket in bathroom. On table in deceased's bedroom was an empty prescription bottle from Veterans Hospital bearing No. 535579. There was no indication of other than natural death.

Remains were removed to Hennepin County Morgue where an autopsy was performed on September 16th at request of wife. In the opinion of the pathologist, it was deemed advisable to await completion of the toxicology and microscopic examination before determining the cause of this man's death.

Only survivor known to the Coroner's Office is his wife, Mildred P. Waldron.

HISTORY:

This case was reported to the Coroner's Office by Minneapolis General Hospital at 11:35 p.m., September 15, 1958.

At approximately 10:10 p.m., September 7, 1958, the deceased was admitted to Minneapolis General Hospital from the City Jail in a comatose condition.

Bilateral trephine surgery was done on September 8, 1958. Deceased failed to respond to hospital treatment, expiring at 10:55 p.m., September 15th, without regaining consciousness.

Deceased was picked up by police officers at 1:50 a.m., September 7, 1958, on the street at 14th Avenue South between 2nd and 3rd streets according to the Police Department. He was taken to City Jail and charged with drunkeness. Later the same day, he was admitted to hospital in a comatose condition. Police state they have no knowledge as to where or when this man's injuries were sustained.

GEORGE E. VAN ASCH - continued

An autopsy was performed at the hospital on September 16. This revealed bilateral subdural hematomas with cerebral contusion and bilateral occipital skull fracture.

Survivors of the decedent include his wife, May; daughters, Mrs. Marshall Rainey, Mrs. James McCarthy; and a son, Joseph, all of Minneapolis; also 11 grandchildren.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 3:20 a.m., September 16, 1958.

According to John Porter, a friend of deceased living at same address in an adjoining apartment, the deceased had been complaining of chest discomfort for at least two days. On the day preceding death, he complained of being cold and wanted warm liquids. Mr. Porter states he last saw the deceased alive at approximately 9:00 p.m., September 15th, and heard no unusual sounds thereafter.

At 3:00 a.m., September 16, 1958, Mr. Porter entered the deceased's apartment to check on him and found him sitting on edge of bed, apparently expired.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found sitting slumped on edge of bed, clothed in bathrobe, shirt, trousers and slippers.

CLIFTON DEWITT UNDERHILL - continued

Marked rigor and cyanosis were noted.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on September 16. This revealed bilateral pulmonary edema, acute; severe coronary arteriosclerosis; gastric bleeding, source unknown; and generalized arteriosclerosis.

Police officers O'Brien and Benson of squad 118 were notified and attended the scene of death.

Survivors of the decedent include a son, Clifton, Jr.; daughter, Janet Ann; father, Walter L., Sr.; mother, Mrs. Bessie Underhill; 5 sisters, Nellie DeMars, Helen Shepard, Hazel Allen, Dora Gangler and Grace Truehart; also 7 brothers, Robert, Russell, Richard, Leland, Walter, Donald and Calvin.

HISTORY:

This case was reported to the Coroner's Office by Doctor D. R. Hastings at 7:50 a.m., September 16, 1958.

On the day preceding death, the deceased had been seen by Doctor Hastings for a bladder condition.

Mrs. Taylor, the caretaker, with whom the deceased has roomed for the past year, states she last saw the deceased alive at 8:00 p.m., September 15, 1958, at which time he stated that he felt better. About 10:00 p.m. that evening, deceased talked with another roomer but was quiet thereafter.

At 7:15 a.m., the following morning, September 16, 1958, the deceased was found lying in bed, apparently expired. Doctor Hastings was summoned to the residence again and confirmed the man's death.

EARL HEDLUND - continued

Mrs. Taylor states the deceased had been going to General Hospital for a check-up once a month.

The Coroner went to the residence and viewed the body. There was no indication of other than natural death. Remains wereremoved to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

Police officers Olson and Andreasen of squad 151 were notified and attended the scene of death.

The deceased is survived by a son, Ben Hedlund, Mound, Minnesota, (FE 8-3707). When son was notified of his father's death, he asked to have the body sent to the University of Minnesota.

HISTORY:

This case was reported to the Coroner's Office by Swedish Hospital at 10:50 a.m., September 16, 1958.

On the evening of September 7, 1958, the deceased ate a hearty evening meal and appeared to be in her usual health upon retiring. The following morning, September 8th, she vomited profusely, however, she went to school. While at school, she attended a gym class. She appeared confused and did not seem to know what she was doing, therefore, she was taken home.

At home, she was in and out of bed, but complained of not feeling well. Doctor Nordahl Peterson saw the deceased on Wednesday, September 10th, but there were no specific symptoms. He checked her again on Saturday, September 13th, at which time she continuedto complain of not feeling well.

MARILYN D. LILLEMOEN - continued

On morning of September 16th, the deceased became very ill, lost consciousness, and commenced frothing at mouth and nose. Doctor Nordahl Peterson ordered the deceased to Swedish Hospital, however, she was pronounced dead on arrival at 10:40 a.m.

An autopsy was performed at the hospital on the date of death. This revealed a massive intercerebral hemorrhage of the right parietal lobe due to rupture of vascular malformation (hemangioma).

Survivors of the decedent include her parents, Mr. and Mrs. C. Stanley Lillemoen; brother, Bruce; grandmother, Mrs. A. Isacson, Mound; survived also by other relatives, Elsa Isacson, Mound, Mr. and Mrs. Swen Ek, Corrine and Lynda Ek, all of Hopkins.

HISTORY:

This case was reported to the Coroner's Office by Asbury Hospital at 1:35 p.m., September 16, 1958.

Deceased fell in the yard of a neighbor in some manner on June 27, 1958, sustaining a fracture of the right femur. She was removed to Asbury Hospital, being admitted the same day.

On June 30, 1958, an internal fixation of the fractured right femur was performed by Doctor Richard Cranmer. Deceased failed to respond to hospital treatment, expiring at 12:30 p.m., September 16, 1958.

According to a daughter, Mrs. Kathryn Mikkelson, 6109 Portland Avenue, the deceased

VERNA D. EVANS - continued

was in the yard of Mrs. Anderson, 3342-16th Avenue So, when the Anderson dog jumped on her, knocking her to the ground.

An autopsy was performed at the hospital on the date of death. This revealed severe pulmonary edema and generalized anasarca; pulmonary embolus; and fracture of neck of right femur.

Survivors of the decedent include a daughter, Mrs. Wallace G. Mikkelson, previously mentioned herein; 2 granddaughters, Mrs. Dale E. Shotts and Miss Evelyn Mikkelson; a grandson, Evan Mikkelson; and a brother, Leon Davis.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 1:45 p.m., September 16, 1958.

At approximately 1:30 p.m., September 16, 1958, Ananius Taylor, the elevator operator at the Milner Hotel, arrived on the second floor with the elevator, looked out the door to see if anyone was waiting, and noted the deceased lying on floor in hallway in an unresponsive condition. Mr. Taylor stated he had taken the deceased upstairs to his room, No. 223, just a short while ago.

The police were notified, Officers Roehl and Carlson of squad 117 responding. A Minneapolis General Hospital ambulance was dispatched to the scene. Upon arrival, Doctor Popovich, the ambulance physician, confirmed the man's death.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased

GEORGE GUNDERSON - continued

found lying on floor on back with contusions on left side of head. Body was warm and there was no rigor and no indication of other than natural death. Vomitus was noted around mouth. Glasses were found on floor, broken. Mr. Taylor found deceased lying face down, it was stated, however, body apparently turned over by ambulance physician. Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

Deceased has history of illness and has been a patient at Minneapolis General Hospital.

The decedent is survived by one brother, Ole.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 5:05 p.m., September 16, 1958.

At approximately 5:02 p.m., September 16, 1958, the deceased was fatally injured when struck by a Twin City Rapid Transit Bus, No. 881, bearing 1958 Minnesota license No. BTC-247, at the intersection of Hennepin Avenue and Fifth Street.

It was stated, the bus, driven by Martin H. Paul, 4444-15th Avenue South, had crossed the intersection with the semaphore when the pedestrian, who had been standing on the curb, fell beneath the rear wheels of the vehicle.

A Minneapolis General Hospital ambulance was dispatched to the scene. Upon arrival, the ambulance physician pronounced the deceased dead, death apparently occurring within several minutes after the accident.

CARL A. JOHNSON - continued

Upon arrival of the deputy coroner, deceased was found lying face down in street with feet still on curbing and head facing north. Body was warm and there was no rigor.

Remains were removed to Hennepin County Morgue where an autopsy was performed on September 17th. This revealed multiple traumatic injuries: Fracture of skull and facial bones; multiple rib fractures; hemothorax; rupture of aorta; coronary arteriosclerosis; generalized arteriosclerosis; and prostatic enlargement. Analysis of the deceased's blood indicated it contained 0.18% alcohol.

Police officers Haukom and Heinemann were notified and attended the scene of accident.

Survivors of the decedent include his wife, Esther; 3 daughters, Mrs. Mary Ann Johnson, Mrs. Dorothy Evangelist and Ruth; one grandson; one brother, Ted Swanson, and sisters, Mrs. Ellen Carlson, Minneapolis, and Mrs. Hulda Pearson, Chicago, Ill.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 4:00 p.m., September 17, 1958.

It was stated, the deceased has been under the care of Doctor Theodore Goldman for a heart condition. There is history of a heart attack about six years ago.

On the afternoon of September 17, 1958, the deceased was sitting at his desk working when he suddenly slumped forward on his desk, becoming unresponsive. He had not complained of illness or pain prior to this episode.

A Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival of Doctor Larson, the ambulance physician, deceased was pronounced dead at 3:55 p.m., September 17.

FRANK WILLIAM GOLDBERG - continued

The deceased's two sons, Norman and Donald, were present at the scene of death.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying, face downward, on floor of front office at Newhouse Paper Company. Body was warm and there was no rigor evident. Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

Police officers E. T. Gunderson and K. E. Johnson of squad 132 were notified and attended the scene of death.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 2:05 a.m., September 18, 1958.

Clarence Lundquist, who lives in the same building as the deceased, heard the deceased fall to the floor of his apartment in the early morning hours of September 18, 1958. He notified the landlord, who also lives at this address, and the police were summoned to the scene, Officers Waller and Hitchens of squad 167 responding. A Minneapolis General Hospital ambulance was also dispatched to the scene.

Officer Waller entered the room and found deceased lying on floor behind door, gasping for breath. Doctor Bloemendaal, the ambulance physician, administered oxygen upon his arrival, however, the deceased expired shortly thereafter, death occurring at 2:00 a.m., September 18.

AUGUST BAKER - continued

A deputy coroner went to the scene and viewed the body. Deceased found lying on back on floor of his one room apartment. Body was warm and there was no rigor evident. Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

HISTORY:

This case was reported to the Coroner's Office by Fairview Hospital at 12:55 p.m., September 18, 1958.

At approximately 2:20 a.m., September 8, 1958, the deceased was seriously injured while a passenger in a car driven by Harold W. Kopecky, R#2, Box 134, Mound, Minn., which ran off County Road No. 11 about 3 miles west of County Road No. 19, in Independence Village, Minnesota.

The car, a 1953 Dodge bearing 1958 Minnesota license No. 3B 9816, was traveling west on County Road 11 at the time the accident occurred. It was stated, the car ran off left shoulder of road, down into a ditch, and traveled about 350 feet before rolling over and landing on its wheels.

Deceased, seriously injured, was removed to Buffalo Hospital, via Buffalo ambulance, for

JOHN THOMAS EMERY - continued

emergency treatment. Later the same day, he was transferred to Fairview Hospital, being admitted at 5:10 p.m. and placed under the care of Doctor E. H. O'Phelan. He expired at 12:16 p.m., September 18, 1958.

Both the driver, Harold Kopecky, and another passenger, Donald Kopecky, R#2, Mound, Minnesota, sustained injuries. They were also admitted to Buffalo Hospital for treatment.

An autopsy was performed on the deceased at Fairview Hospital on date of death. This revealed bronchopneumonia with atelectasis and pulmonary edema, bilateral, and fracture of 5th cervical vertebra with laceration of spinal cord.

Deputy sheriffs Grandstrom and Eidem were notified and attended the scene of accident.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 9:45 a.m., September 19, 1958.

At approximately 9:15 a.m., September 19, 1958, Hjalmer Borgema, 340 Morgan Avenue North, brother of deceased, arrived at the deceased's residence to visit herand found her slumped over in a chair in an unresponsive condition. After attempting to contact her physician without success, the police were notified, Officers Bendt and Robinson of squad 119 responding.

A Minneapolis General Hospital ambulance was dispatched to the scene. Upon arrival, the ambulance physician confirmed the woman's death.

Mrs. Ollie Josephson, a neighbor living at same address as deceased, stated she heard the

AMELIA JOSEPHINE BOGEMA - continued

deceased moving around in her apartment about 8:30 a.m., then everything became quiet.

Brother of deceased states the deceased has been under the care of a doctor for some time and has had "strokes" in the past. He gave the physician's name as Doctor R. Andrews, however, he must have been in error as to the doctor's identity because Doctor Andrews was contacted and has no record of ever having treated deceased. The case was, therefore, referred to this office.

A deputy coroner viewed the body at the mortuary and death was attributed to arteriosclerotic heart disease.

Survivors of the decedent include four sisters, Mrs. John Alto, Franklin, Minn., Mrs. Hulda Coleman, Los Angeles, Mrs. Sandra Jouppe and Mrs. Edward Wesley, a brother, also one brother, Hjalmer Borgema, previously mentioned herein.

HISTORY:

This case was reported to the Coroner's Office by Doctor Martin A. Segal of Asbury Hospital at 10:30 a.m., September 19, 1958.

On September 17, 1958, the deceased was admitted to Asbury Hospital because of severe shortness of breath. At 11:15 p.m., September 18th, hospital records indicate the deceased was found on floor beside his bed (bed rails were in place) in an unconscious state with bruise of right side of upper face, head and abrasions of right hand. When lifted back to bed, he was able to speak in a mumble, however, he expired the following day, September 19th, without regaining mental alertness to a clear degree, death occurring at 4:25 a.m.

According to hospital records, the deceased had previously been admitted on eight different occasions, the last prior admission being from September 8th to September 16, 1958. At various times the following diagnoses were made during various admissions of

FRANK KRAGER - continued

of deceased to Asbury by Doc tors Moses and Jesse Barron: Pulmonary emphysema; pleural fibrosis; bronchial asthma; Cor Pulmonale; arteriosclerotic heart disease; bronchopneumonia; diverticulosis of colon; diverticulitis of colon; achylia gastica; varicose veins; stasis dermatitis of legs; non-functioning gallbladder; and bilateral inguinal hernias. Deceased was in cardiorespiratory failure during many of his admissions.

An autopsy was performed at the hospital at request of deceased's son at 10:00 a.m. on the date of death. This revealed contusion of right temporal region of scalp; hematoma in right temporal muscle; subgaleal hematoma of right temporal region; contusion right orbital ridge, external portion (lateral portion); subdural hematoma of middle fossa right side of skull and brain; subdural hematoma left supratentorial region; pulmonary fibrosis; bullous emphysema of lungs; cardiomegaly with hypertrophy myocardium right ventricle; pericarditis, fibrinous; fenestrations of aortic valve cusps; hemorrhage in myocardium of right atrium; and chronic passive congestion of liver.

Survivors of the decedent include a son, Eugene F. Krager, Minneapolis; and 4 grandchildren.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 3:00 p.m., September 19, 1958.

According to the deceased's wife, Mrs. Grace McCarron, who witnessed the deceased's fall, he was filling cracks between sidewalk slabs in front of his home on the afternoon of September 19, 1958 when he suddenly collapsed and fell against a tree about 2:15 p.m. Some City Street Department employees, who were repairing street at time, carried the deceased into his home.

A Doctor Lee Bunker, chiropractor, living next door was called to the residence of deceased and arrived shortly after deceased fell but found deceased dead on his arrival at 2:20 p.m.

Deceased has history of a coronary attack about one year ago which he had while in

JOHN W. MC CARRON - continued

Veterans Hospital for hernia repair. Deceased has been hospitalized there three times since but lately he seemed to be quite well and had not had any particular complaints.

A deputy coroner went to the scene and viewed the body. Deceased found lying on living room couch clothed in green work trousers, shirt and shoes. Cyanosis was noted and there were abrasions of forehead and face. Body was warm and there was no indication of other than natural death. Remains were removed to a mortuary and death was attributed to arteriosclerotic heart disease.

Police officer C. Arneson of squad 152 was notified and attended the scene of death.

Survivors of the decedent include his wife, Grace; 3 sons, William E., Chief Warrant Officer, U. S. Army, Ft. Hood, Texas, Paul R. and John D., Minneapolis; 5 grandchildren; one brother, Patrick, Minneapolis.

HISTORY:

This case was reported to the Coroner's Office by Minneapolis General Hospital at 3:10 p.m., September 19, 1958.

Doctor Pfahl of Minneapolis General Hospital states the deceased has history of falling in his room and incurring fractures of 5th and 6th ribs, right, about September 10, 1958. He was brought to General Hospital and admitted on September 18, 1958 with pneumonia in region of lung near fracture sites and with old cirrhosis of liver. There is also history of alcoholism.

The deceased expired the following day, September 19, 1958, at 9:11 a.m. Doctor Pfahl states the fractured ribs definitely contributed to death.

An autopsy was performed at the hospital on September 20th. This revealed that death was

EDWARD BAROSS - continued

due to cirrhosis of liver. Acute bronchitis was also noted.

Only survivor known to the Coroner's Office is a daughter, Mrs. Eino Mattson, of Iron Belt, Wis.

HISTORY:

This case was reported to the Coroner's Office by Minneapolis General Hospital at 7:00 p.m., September 19, 1958.

Doctor Robertson of Minneapolis General Hospital states the deceased was picked up by ambulance after being found lying in bed in her room in a comatose state, being admitted to hospital on September 17, 1958. There was no information as to medical history available and deceased was in an extremely dehydrated stated. She expired at 10:00 a.m., September 19, 1958 without regaining consciousness.

A Mrs. James Tidwell, 6333 Utah Avenue North, states the deceased was a chronic alcoholic and had been treated in Willmar State Hospital. She said the deceased had lived with her for about 5 years after her discharge from Willmar but eventually fell into her old habits and left to live by herself. As far as she knew, the deceased had had no recent medical care but deceased was healthy enough to take a trip to Holland, her birthplace, in April of 1958.

IDA P. VAN BOVEN - continued

Mrs. Tidwell and her husband visited room of deceased to get clothing for burial and to get insurance policies. They noted no medicine containers about.

Dr. Robertson states that Blood-Urea-Nitrogen determination during life showed level of 70 mg.%. He is at a loss as to cause of death and wonders if some toxic substance might not be involved.

An autopsy was performed on the date of death at the hospital. The gross findings were negative except for very minimal myocardial fibrosis and mild pulmonary edema. In the opinion of the pathologist, it was deemed advisable to await completion of the toxicology and microscopic examination before determining the cause of death.

HISTORY:

This case was reported to the Coroner's Office by Doctor J. J. Hall at 7:30 p.m., September 19, 1958.

The deceased was admitted to University Hospitals on September 16, 1958 with marked jaundice according to Doctor J. Hall. He gradually became more moribund, lethargic, and semi-comatose, expiring at 6:40 p.m., September 19.

According to the deceased's son, Richard L. Schnabel, his father has used alcohol for the past 22 years. He also states his father remarried about six years ago and for the past 10 weeks preceding admission, the deceased would not permit any of his children to visit him. The deceased went on a vacation in July of this year and never returned to work. Because of these conditions, the son forcibly entered quarters of deceased, called a physician, and referred deceased to University Hospitals. The hospital's records confirm this action.

WILLIAM FRED SCHNABEL - continued

It was stated, that on admission to hospital, deceased was able to talk and give some history.

An autopsy was performed at the hospital at 10:45 p.m., September 19. This revealed marked jaundice and bile staining of all tissues; hepatomegaly with typical Laennec's cirrhosis with ascites; mitral stenosis, slight; obesity; adenomata of thyroid gland; heart weighs 600 grams, hypertrophy of left ventricle; splenomegaly; and esophageal varices. The cause of death was deferred pending completion of the toxicology.

Survivors of the decedent include a daughter, Barbara; 3 sons, William of Excelsior, Robert of Minneapolis, and Richard of Hopkins; 4 brothers, Raymond and Warren of Hopkins, Harold of Portland, Oregon, and Frederick of St. Louis Park; two sisters, Mrs. John Ess of Hopkins and Mrs. Leslie Johnson of St. Louis Park; also 10 grandchildren.

HISTORY:

This case was reported to the Coroner's Office by Doctor B. Nauth at 10:45 a.m., September 20, 1958.

Robert Ringrose, father of deceased, states deceased was delivered spontaneously at home about 9:30 a.m., September 19, 1958. Doctor B. Nauth was called and child and mother were rushed to Asbury Hospital, however, the infant was pronounced dead on arrival at 10:50 a.m.

It was stated, mother of deceased had had some labor pains and had some trouble with her pregnancy, including occasional bleeding, etc., and had been required to rest in bed for some time. Her personal physician, Doctor F. D. Sidell, is out of town and no first hand knowledge of circumstances is available. Doctor B. Nauth is providing care for the mother, who is 43 years of age and the mother of 4 living children.

HISTORY:

This case was reported to the Coroner's Office by the Sheriff's Office at 11:45 a.m., September 20, 1958.

At approximately 11:25 a.m., September 20, 1958, Mrs. James Larsen, a neighbor, found the deceased lying in his yard, apparently expired. The police were notified, Officer Schrader of Bloomington Police Department responding.

Wife of deceased is a patient in Northwestern Hospital at the present time under the care of Doctor William Larson. A Doc tor O. W. Foster in the office of Doctor William Larsen states they have never attended the deceased as a patient although they saw him frequently in reference to his wife.

Neighbors state the deceased had not complained of any recent illnesses.

AXEL WILLIAM JOHNSON - continued

Upon being notified, a deputy coroner went to the scene and viewed the body. There was no indication of other than natural death. Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

Survivors of the decedent include his wife, Lillian; sister, Mrs. Gertrude Fortson; brother, Rev. J. Herman Johnson, both of St. Petersburg, Florida; also several nieces and nephews.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 9:35 p.m., September 20, 1958.

The deceased appeared to be healthy until three days ago when he developed the croup. Breathing seemed to be difficult but he had no fever. Today, September 20, 1958, his parents took him to the office of Doctor Wallace W. Lueck, who prescribed some medication. Deceased was administered penicillin hypodermically in the doctor's office and apparently did not react to it immediately as he developed no rash or other signs of allergy or anaphylactic shock.

During the evening hours of September 20th, the deceased's parents went to a banquet and left the child with a baby sitter, who called the mother immediately when the child showed signs of sudden distress. A Minneapolis General Hospital ambulance was dispatched

MICHAEL JOSEPH CALDWELL - continued

to the scene, however, the deceased expired before its arrival. The ambulance physician confirmed the childs death, death apparently occurring about 9:15 p.m., September 20.

Penny Patterson, 1021 E. 41st Street, was the baby-sitter.

Upon being notified, a deputy coroner went to the residence and viewed the body. Deceased lying on living room davenport, clothed in flannel pajamas. Body was warm and there was no rigor. No rash or unusual markings were noted on the body. Parents of deceased requested an autopsy.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on September 21st. This revealed that death was due to severe edema and congestion of lungs due to pharyngo-tracheobronchitis.

Survivors of the decedent include his parents, Mr. and Mrs. Dwain J. Caldwell; two brothers, William and Stephen; one sister, Michele; grandparents, Mr. and Mrs. A. F. Banke; all of Minneapolis; J. H. Caldwell, Kansas City, Mo. and Mrs. Paul Compton, Manhattan, Kansas.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 1:10 a.m., September 21, 1958.

At approximately 12:45 a.m., the deceased was found dead in his room by the desk clerk, Arnold Schuman. The police were notified, Officers McKee and Anderson of squad 117 responding.

Mr. Schuman states he had last seen the deceased alive when he returned to the hotel at 9:00 p.m., September 20th, after going out about 8:30 p.m. At that time, he had complained to another tenant, Mr. Nordstrom, that his heart was pounding.

Medical records at Minneapolis General Hospital indicate the deceased was a patient there in July 1958 with fracture of lower third of left ulna. Records also indicate the deceased had subtotal gastrectomy on August 22, 1957.

JOHN PETERS - continued

A deputy coroner went to the scene and viewed the body. Deceased found lying in bed on back, clothed in trousers. 2 to 3+ rigor was noted. Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

HISTORY:

This case was reported to the Coroner's Office by Minneapolis General Hospital at 7:45 p.m., September 22, 1958.

At approximately 11:20 a.m., September 22, 1958, the deceased, a pedestrian, incurred critical injuries when struck by a hit-run driver while on his way home from kindergarten at Calhoun school. The accident occurred at Irving and Lagoon Avenues South.

According to a witness, the car involved was making a left turn into Irving Avenue, coming from the east on Lagoon Avenue. Deceased was struck in the south crosswalk of Lagoon Avenue and was either thrown or dragged approximately 19 feet. It was stated, the driver looked back but did not stop; he turned west on Lake Street. Identity of the driver of the hit-run vehicle is unknown.

The injured boy was removed by ambulance to Minneapolis General Hospital, being admitted

GERRY J. BIDDLE - continued

at 11:38 a.m., September 22nd, with head and chest injuries. He expired on the date of admission, death occurring at 6:00 p.m.

An autopsy was performed at the hospital on the following day, September 23rd. This revealed asphyxia due to multiple injuries: Ruptured bronchus, laceration of inferior vena cava and cardiac contusions.

Police officers Kallestad and Sorenson were notified and attended the scene of accident.

Survivors of the decedent include his parents, Mr. and Mrs. John H. Biddle; brother, Dwane; and maternal grandparents, Mr. and Mrs. John Twardowski of Browerville, Minn.

Veteran Yes ~~No~~ WW II

HISTORY:

This case was reported to the Coroner's Office by Minneapolis General Hospital at 8:40 a.m., September 23, 1958.

According to witnesses who were near the scene, they heard telephone ring in booth at 42nd and Nicollet Avenue South. The deceased, who was sitting on a bench nearby, got up and answered the phone. Then they heard what was thought to be a shot and observed the deceased slump to the floor of the telephone booth. The booth is on the lot of the Curran Drive-in.

Robert Solone, 4012 Bryant Avenue South, an employee at the Curran Drive-in, summoned the police, Officers of squads 533, 151 and 152 responding. A Minneapolis General Hospital ambulance was also dispatched to the scene. Investigation revealed the deceased had apparently shot himself through the right temple. A .38 caliber Smith and Wesson, airweight model, snub nose, gun, model #103026 was found in the booth. The

GEORGE H. KALBERER - continued

gun contained five shells, four live and one expended. Also found in the booth, was a shorthand notebook containing a suicide note, according to police officers.

Other witnesses at the scene of shooting were Phillip Brescourt, 10125 Colfax Avenue South and an Ann Binley, 4150 Pillsbury Avenue.

The injured man was removed to Minneapolis General Hospital, being admitted at 8:00 a.m., September 23rd. He expired shortly thereafter, death occurring at 8:22 a.m.

Family of the deceased state he has been depressed recently and had been unable to sleep on the night preceding his death. Early on the morning of September 23rd, he left the house, presumably to go to a meeting at their church, the Presbyterian Church at 48th and Lyndale. Shortly after 7:00 a.m., he called home again, inviting the family for breakfast at the Curran's Drive-in, leaving the telephone number. They called back and that is when he re-entered the booth.

An autopsy was performed at the hospital on the date of death. Death was attributed to gunshot wound of head, self inflicted.

Survivors of the decedent include his wife, Mildred; two sons, George, Jr., and William; two daughters, Carolyn and Debora, all of Minneapolis; one brother, Fred of Saddle River, New Jersey; and one sister, Mrs. George Schwille, also of New Jersey.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 1:40 p.m., September 23, 1958.

At approximately 1:25 p.m., September 23, 1958, the deceased was found lying beneath a box car, B & O #288326, at 9th and Washington Avenues South by Helge Larson, 3600-39th Avenue South, an inspector for the Milwaukee Railroad. The car had been switched into its present position at 10:30 p.m., September 22, 1958 and had not been moved since that time, it was stated.

Deceased found lying on back completely between tracks No. 3, under mid-portion of car No. 288326 with head in a southerly direction, clothed in gray suit, shirt, shoes and stockings. The right hand is mangled as are the toes of the right foot. Rigor mortis has passed. The grass under this car, from the middle of the left wheels, is flattened

PHILIP JOHN MORLAND - continued

and there is evidence of something having been dragged. There is very little blood on the ground under the body and only a few small spots on south track near the body.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on September 23. This revealed multiple rib fractures, bilateral; hemothorax, right; crushed pelvis; maceration of right hand and right foot; and fracture of right femur.

Police officers Parker and Engel of squad 132 were notified and attended the scene of death.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 8:10 p.m., September 23, 1958.

According to Officer Wood of the Brooklyn Center Police, he arrived at the above address about 7:10 p.m., September 23, 1958, to find a number of persons digging to rescue the deceased with hands and shovels.

It was stated, the deceased and a companion, Michael Meyer, 3119 N. 63rd Avenue, were playing in a basement excavation at this address when the wall collapsed, burying the deceased and trapping the Meyer boy with dirt up to his waist. The Meyer boy called for help and was eventually heard by William and Mike Ausen of 2907 O'Henry Road, Brooklyn Center. A pile of dirt hid the scene of the accident from the street, it was stated.

When deceased was found, artificial respiration was commenced and continued for approxi-

ROBERT BRUCE SIZER - continued

mately an hour without response by the Brooklyn Center rescue squad. A doctor at the scene stated the deceased was buried for approximately 15 minutes while rescuers worked to free him.

His companion, Michael Meyer, was reported in good condition after a check at St. Mary's Hospital.

A deputy coroner went to the scene and viewed the body. Deceased found lying on abdomen on mound of dirt between cement blocks of a foundation at above address, clothed in shirt, trousers and tennis shoes. Superficial lacerations and abrasions were noted on anterior right wrist and inner upper arm, left, just below the elbow. There is also a superficial laceration below the chin (3 cm.). Body was warm and there was no rigor. A small amount of dried blood noted about mouth and nares. Remains were removed to the Hennepin County Morgue and death was attributed to suffocation and was ruled accidental.

HISTORY:

This case was reported to the Coroner's Office by the Sheriff's Office at 6:45 p.m., September 24, 1958.

The deceased was confined in the County Jail on September 8, 1958 and was awaiting sentencing.

About 6:20 p.m., jailors were called by other prisoners because the deceased became ill. He complained of pain in chest and gave history of left lung being removed at Veterans Hospital about two years ago because of tuberculosis. He was taken from his cell and carried to table in jailors office where he expired while being treated by Doctor L. W. Jacobson of Minneapolis General Hospital.

Doctor Jacobson states deceased was alive when he arrived and complained of pain in right upper chest all day. While physician was examining the deceased, he suddenly

MENZO J. MC MURTRIE - continued

gasped and cardiac action ceased. Dr. Jacobson administered intra-cardiac adrenaline without effect. Deceased was pronounced dead at 6:30 p.m., September 24.

There is history of deceased having been a patient at Veterans Hospital in March, May and September of 1956. He was still under observation by Veterans Hospital, having last been seen in the out-patient department on June 17, 1958.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on September 25. This revealed arteriosclerotic heart disease; generalized arteriosclerosis; marked coronary atherosclerosis; vascular congestion of liver, lungs and kidneys; old partial resection of left upper lobe of lungs; caseous nodules present in remainder of left upper lobe, probably tubercular; and bilateral pleural adhesions.

HISTORY:

This case was reported to the Coroner's Office by Mount Sinai Hospital at 1:00 p.m., September 25, 1958.

At approximately 11:30 a.m., September 25, 1958, the deceased was struck by a truck while playing in a vacant lot about 11 feet south of Edinbrook Lane and 75 feet west of Highway 100. Driver of the vehicle, George F. Cloutier, age 47, 9332 South James Avenue, Bloomington, an employee of the Lake Harriet-Edina Sanitary Service, states he had driven onto the lot to collect garbage from a nearby home. Apparently he backed over the child, however, he was unaware of the accident until he backed into the street.

The injured boy was removed to Mount Sinai Hospital, being admitted at 12:05 p.m., September 25. He expired shortly after admission, death occurring at 12:45 p.m.

An autopsy was performed at the hospital on September 25 at 3:30 p.m. This revealed

DAVID MICHAEL LEGEROS - continued

hemoperitoneum and large laceration between right and left lobes of liver.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 9:10 p.m., September 25, 1958.

According to Herman Stolzman, who has been living with the deceased for the past three years, he was unable to get into the house when he arrived home from work at 5:00 p.m., September 25. Later the same evening, he notified the police, Officers J. B. Peterson and George Dols responding. Officers removed casing from door and upon entry found the deceased sitting in a chair, dead, at 9:10 p.m.

Stolzman states he last saw the deceased alive at 6:20 a.m., September 25, at which time he left for work. Tuttle Duke, 311-13th Avenue South, states he had been at the deceased's residence at 10:00 a.m. on September 25th, but was unable to get any response.

BEATRICE JACKSON - continued

It was stated, the deceased had been seen by Doctor Oscar Kalin on September 22nd, for treatment of hypertension.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found slumped in chair. Body was cold and in full rigor. There was no indication of other than natural death.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on September 26. This revealed arteriosclerotic heart disease; severe coronary atherosclerosis; generalized arteriosclerosis; and vascular congestion of lungs, liver and kidneys.

HISTORY:

This case was reported to the Coroner's Office by Doctors Memorial Hospital at 10:15 p.m., September 26, 1958.

The deceased was admitted to Doctors Memorial Hospital on August 7, 1958 after falling in her home while getting out of bed. She sustained a hip fracture from the fall, an intertrochanteric type of fracture of the right femur.

On August 8th, a Neufeldt nail was used to repair the fracture. Deceased developed pneumonia and expired at 9:55 p.m., September 26.

Deceased has history of a chronic heart condition over a long period of time and has been under the care of Doctors W. I. Nelson and Asher White of the Nicollet Clinic.

ANGIE CRANSTON - continued

Upon being notified, a deputy coroner viewed the remains and checked the medical history. Death was attributed to pneumonia; the intertrochanteric fracture of the right hip and arteriosclerotic heart disease being contributing factors.

Survivors of the decedent include a son, Dr. Robert Cranston; daughter, Ruth Cranston; 5 grandchildren and 8 great-grandchildren.

HISTORY:

This case was reported to the Coroner's Office by the Malone Funeral Home at 11:50 a.m., September 30, 1958, after burial on the 29th of September.

The deceased was admitted to St. Mary's Hospital by Doctor M. W. Lyons on September 21st, 1958, for diagnosis as to cause of abdominal distress. Examination revealed intestinal impaction which was relieved by proper treatment.

According to Doctor Lyons, the deceased crawled over railing on his bed and fell to the floor on September 24, 1958. This was also substantiated by the hospital administrator. The fall resulted in a fracture of the right femur.

On September 25th, an internal fixation of the fractured right femur was done. Deceased expired the following day, September 26th, at 12:25 a.m.

JAMES MICHAEL HIGGINS.--Continued

Death was attributed to septicemia due to infection from decubitus ulcer due to cardio renal vascular disease; the comminuted fracture, intertrochanteric, of right femur being a contributing factor.

Survivors of the decedent include his wife, Mamie; 3 daughters, Misses Anne, Marie, and Bernice; one son, Roy; 3 sisters, Mrs. Kate Ryan, Mrs. M. P. Flaherty, all of Minneapolis, and Miss Belle Higgins, Kilkenny, Minn.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 4:55 p.m., September 27, 1958.

The deceased was playing cards in the back room of the Homewood Club at the above address with Joe Golfin according to information received from a cousin of the deceased, Hyme Milstein, 2505 Oregon Avenue, St. Louis Park. Suddenly he commenced gasping for breath and collapsed to the floor, becoming unresponsive.

A Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival, the ambulance physician confirmed the man's death, death apparently occurring about 4:30 p.m., September 27.

There is no history of any previous illnesses or any recent medical attention.

LOUIS COHEN - continued

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying on back on floor, adjacent to basement stairway. Body was warm and there was no rigor. Cyanosis of the face and nail beds noted. There was no indication of other than natural death. Remains were released directly to a mortuary and death was attributed to arteriosclerotic heart disease.

Police officers Neary and R. Johnson of squad 144 were notified and attended the scene of death.

HISTORY:

This case was reported to the Coroner's Office by Swedish Hospital at 1:30 a.m., September 28, 1958.

According to medical records at Swedish Hospital, the deceased was admitted to the hospital on September 25, 1958 in an unconscious condition after allegedly collapsing onto a scaffold where he was working. Deceased also has history of having been found in an alley unconscious about 8 weeks prior to his admission after apparently having been beaten.

Bilateral trephine surgery and a tracheotomy were done on the date of admission. Deceased failed to respond to hospital treatment, expiring at 12:55 a.m., September 28.

An autopsy was performed at the hospital on the date of death. This revealed complete maceration of entire brain substance due to massive intracerebral hemorrhage and rup-

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 7:40 p.m., September 28, 1958.

On the evening of September 28, 1958, the deceased drove two friends home from church at the Kingdom Hall, 9th Street and Fifth Avenue South.

As he got out of the car at 1815 South Third Street to discharge a passenger living at that address, Etta LaLiberty, the deceased suddenly collapsed in the street, becoming unresponsive. A Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival, the ambulance physician confirmed the man's death, death apparently occurring at 7:30 p.m., September 28, 1958.

It was stated, the deceased has been in poor health lately and had complained of chest pain. He has history of a heart condition and was said to be a patient in Deaconess

HAROLD JOHANSEN - continued

Hospital for treatment of same in 1955.

Examination of the body at the scene of death by a deputy coroner indicated this was a natural death. Deceased found lying in street, clothed in street clothes. Body was warm and there was no rigor. Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

Police officers Dols and Gunderson of squad 132 were notified and attended the scene of death.

Survivors of the decedent include his wife, Alma; daughter, Mrs. Aurora Morrett, Salt Lake City, Utah; 4 sons, Arnold, Robert, Rienhart and Leonard Johansen; 3 brothers, Rangvald Moe, Julius Johansen, all of Minneapolis, and Konrad, Hollandale, Minn.; also two sisters in Norway and 15 grandchildren.

HISTORY:

This case was reported to the Coroner's Office by the Sheriff's Office at 9:40 a.m., September 29, 1958.

On the morning of September 29, 1958, the deceased was operating his bulldozer on backfilling job at 4707 Wingard Lane when he slumped over and expired, death apparently occurring about 8:56 a.m.

The bulldozer continued in reverse and ran into home of Mr. and Mrs. Leslie A. Peach at 7207 Noble Avenue North. It came to a stop at northwest corner of house but treads kept going. Willard Baker, an employee of Burch and Wise Homebuilders saw the incident and rushed over, shutting off the engine. He attempted artificial respiration without any response.

Another employee, Don Raymond, summoned the police, Officer Robert Cahlander of the

FRANK J. BURCH - continued

Brooklyn Center Police Department responding.

According to Walter Burch, 2423-Fifth St. N. E., the deceased has been under the care of Doctor W. A. Sawatzky and has history of an abdominal operation about two years ago.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on the date of death. This revealed acute myocardial infarction; generalized arteriosclerosis; severe coronary sclerosis; atelectasis of right lower lobe of lung; old gastrectomy; and prostate enlargement.

Survivors of the decedent include his wife, Theresa; sister, Mrs. Sylvester Mady, Minneapolis; brothers, John, Oceanside, Calif., Walter, Minneapolis.

HISTORY:

This case was reported to the Coroner's Office by the Sheriff's Office at 10:38 a.m., September 29, 1958.

On the morning of September 29, 1958, Bill Simon, 523 E. Maple, Chaska, Minnesota, watch repairman at this address, found the deceased lying on floor near safe in his jewelry shop, gasping for breath. A Doctor Henry E. Brandt, whose offices were nearby, was called to the scene. He pronounced the deceased dead on arrival at 9:55 a.m.

Doctor David L. Fingerman, the deceased's personal physician, states the deceased has been under his care for coronary disease for a number of years and recently had cardiac insufficiency.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased

LAWRENCE S. DUBOFF - continued

found lying on back in office cage at above address, fully clothed. There was no indication of violence. Safe doors were open and according to police officers, the cash had been transferred to register. Many medicine vials found on deceased's person, including demerol, nitroglycerine, etc. Wife of deceased desires an autopsy.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on the date of death. This revealed that death was due to infarction of myocardium due to atherosclerosis of coronary arteries, severe.

Police officer Lamettry of Richfield and Deputy sheriff A. Baisner were notified and attended the scene of death.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 5:40 p.m., September 29, 1958.

According to Mrs. Mary Ellen Toyen, mother of deceased, the deceased was apparently well this morning when she took her to the home of a neighbor, Mrs. Messer, about 12:45 p.m. for care in her absence. About 3:30 p.m., Mrs. Messer took the baby to another neighbor, Mrs. William Hanson, 5504-14th Avenue South, for further watching.

Mrs. William Hanson states the infant was all right and took bottle well. Then, she placed the baby on her stomach on bed; child quieted down and went to sleep shortly thereafter. When she went to get deceased upon arrival of Mrs. Toyen about 4:45 p.m., she noted the baby was pale and stiff. Doctor William Watson was called to the scene and pronounced the baby dead on arrival.

MOLLY ANN TOYEN - continued

Doctor Watson states the baby was delivered by caesarian section and that he had seen the baby one month ago at which time the baby was well.

A deputy coroner went to the scene and viewed the body. Deceased was a well developed infant and there was no indication of other than natural death. Parents of deceased desire an autopsy.

An autopsy was performed at the Richard Gill mortuary at 8:30 p.m. on the date of death. This revealed petechial hemorrhages of epicardium, thymus, and subpleural surfaces of lungs; pulmonary edema, mild; and a minimal amount of food material was noted in upper esophagus and only a trace in larynx. In the opinion of the pathologist, it was deemed advisable to await completion of the microscopic examination before determining the cause of death.

Police officers Mann and Knutson of squad 165 was notified and attended the scene of death.

Survivors of the decedent include her parents, Mr. and Mrs. Roland M. Toyen; a sister, Mary Beth; brother, Terrance; and grandparents, Mrs. Grace Bensend and Mr. and Mrs. Carl Thormann.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 5:25 p.m., September 29, 1958.

About 5:00 p.m., September 29, 1958, the deceased was traveling west on Minnehaha Parkway, driving a 1954 Chrysler, bearing 1958 Minnesota license No. 5A 7216. The car failed to follow curve and struck a 1954 Ford, bearing 1958 Minnesota license No. 3F 4023, driven by Roger L. Bohlig, 7533 Twelfth Avenue South, who was proceeding east. The accident was a minor one, involving the grazing of fenders only.

Both drivers got out of their cars and exchanged names and addresses. Neither appeared to be injured. Then, the deceased complained to Mr. Bohlig that he did not feel well, sat down to rest, and became unresponsive.

The police were notified, Officers Clayton and Gaffin of squad 533 responding. A

JULIUS A. BETHKE - continued

Minneapolis General Hospital ambulance was dispatched to the scene. Upon arrival, the ambulance physician, Doctor F. D. Sidell, pronounced the deceased dead, death apparently occurring about 5:08 p.m., September 29.

Upon being notified, a deputy coroner went to the scene and viewed the body. A medicine vial, apparently containing nitroglycerine tablets, was found on his person. There was also a card indicating the deceased was a diabetic.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on September 30th. This revealed coronary thrombosis of right coronary artery; severe coronary atherosclerosis; cardiomegaly; pulmonary edema; vascular congestion of lungs, liver and kidneys; and generalized arteriosclerosis.

Survivors of the decedent include his wife, Elsie; daughters, Judith Ann and Mrs. E. W. Bacon; son, Theodore E.; sister, Mrs. Charles Trautner.

HISTORY:

This case was reported to the Coroner's Office by Mrs. Burgess, 2513-32nd Avenue South, at 4:50 p.m., September 30, 1958.

According to the deceased's daughter, Mrs. Gloria Burgess, the deceased suddenly collapsed on the afternoon of September 30, 1958 and expired, death occurring about 3:15 p.m. She states the deceased has been under the care of Doctor Frank E. Ellison of Monticello for bronchial asthma.

Doctor Ellison was contacted and stated he had seen the deceased several times during the past year, the last time being about three days ago. He states deceased suffered from severe asthma and had manifestations of coronary disease. Doctor Ellison felt that death was due to arteriosclerotic heart disease; bronchial asthma being a contributing factor.

OSCAR R. NELSON - continued

Upon being notified, a deputy coroner went to the residence and viewed the body. There was no indication of other than natural death. Remains were released directly to a mortuary.

Survivors of the decedent include his wife, Mabel; son, Floyd of Honolulu, Hawaii; 3 daughters, Mrs. Gladys Reinholdson, Minneapolis, Mrs. Gloria Burgess, Minneapolis, and Mrs. Goldie Norrbohm, Malta, Montana; brothers, Emil and Harry of California, William, Ernest and Martin of Minneapolis; also a sister, Mrs. Clara Blankenship, Minneapolis.

HISTORY:

This case was reported to the Coroner's Office by the Sheriff's Office at 7:55 a.m., October 1, 1958.

The deceased arrived at work in the company of his foreman, Mr. Glenn Whiting, on the morning of October 1, 1958. He was employed by the Fred R. Comb Construction Company which is working on the Northwest Airlines Terminal Building.

While changing his clothes to commence work in the tool shed, the deceased apparently collapsed to the floor and became unresponsive. No one saw him fall.

Doctor Henry E. Brandt was summoned to the scene and pronounced the deceased dead on his arrival, death apparently occurring about 7:40 a.m., October 1st.

LELAND STANFORD GROSS - continued

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying on floor of tool shed with small gash near right temple incurred by striking head on cement finishing machine during fall.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on date of death. This revealed rupture of aneurysm of ascending aorta; cerebral arteriosclerosis; general arteriosclerosis; coronary arteriosclerosis; myocardial fibrosis; fat replacement of pancreas; cyst, left kidney; and thrombosis of right iliac artery.

HISTORY:

This case was reported to the Coroner's Office by Minneapolis General Hospital at 9:10 p.m., October 1, 1958.

The deceased was found lying on street near intersection of Olson Highway and Bryant Avenue North in a comatose condition. He was removed by ambulance to Minneapolis General Hospital, being admitted at 8:51 a.m., September 29, 1958.

Deceased expired at 8:35 p.m., October 1st.

According to the deceased's wife, the deceased had been unemployed for the past two months and had left home on the morning of September 29th to report for a job. It was felt, he had perhaps been running to catch the bus and had fallen, striking right side of head on pavement. An interne states the deceased was lying on street about middle of block on Bryant Avenue.

HOWARD WILLIAM JOHNSON - continued

Wife also states the deceased was seen at Veterans Hospital about two months ago and was subject to "blackout spells".

An autopsy was performed at the hospital on October 2nd. This revealed a massive subarachnoid hemorrhage with severe contusion and laceration of right temporo-parietal frontal areas of brain; also fracture through right posterior fossa occipital area of skull.

Survivors of the decedent include his wife, Helen F.; son, Robert; two daughters, Judy and Janette; 4 sisters, Mrs. Archie Wuollet of Dassel, Minn., Mrs. Alex Everson of Atwater, Minn., Mrs. Edward Koskie and Mrs. Peter Sutch, both of Minneapolis; also two brothers, Henry of Dassel and Hjalmer of Hibbing.

HISTORY:

This case was reported to the Coroner's Office by the Sheriff's Office at 10:15 p.m., October 2, 1958.

At approximately 7:55 p.m., October 2, 1958, the deceased was booked on a drunken driving charge after having been arrested on County Road No. 15.

According to Bert Theis, Jailor, he last saw the deceased alive at 9:35 p.m. He checked again at 9:45 p.m. and found the deceased hanging by neck with belt tied to upper bunk; the buckle formed a slip-knot arrangement for neck. The estimated height of upper bunk was approximately 4 feet above floor.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying on back when deputy arrived. Body was warm and there was no rigor. The

HISTORY:

This case was reported to the Coroner's Office by North Memorial Hospital at 8:50 a.m., October 3, 1958.

On September 27, 1958, the deceased fell out of a chair in her home and incurred a supracondylar fracture of shaft of left femur. She was removedby ambulance to North Memorial Hospital, being admitted the same day, and placed under the care of Doctor R. E. Kohlhase.

Deceased expired at 7:30 a.m., October 3, 1958.

According to Doc tor Kohlhase, the deceased has had numerous bone injuries during the past two years, had severe senile osteoporosis, was senile, and has had several small cerebral vascular accidents.

GRACE MILLER - continued

A son-in-law states the deceased slipped while trying to get into a wheel chair and fell to the floor about 2:00 p.m.. She has not walked since her hip was broken in May of 1958. A daughter states Doctor Barnett operated on the deceased on October 1st.

Upon being notified, a deputy coroner viewed the body and checked the medical history. Death was attributed to cerebral thromboses, multiple, due to cerebral arteriosclerosis; the fractured left femur being a contributing factor.

HISTORY:

This case was reported to the Coroner's Office by Veterans Hospital at 10:40 a.m., October 4, 1958.

At approximately 1:30 a.m., September 30, 1958, the deceased sustained serious injury while a passenger in a car driven by Charlie George Sam, age 30, of Cash's Resort, Onamia, Minnesota. Sam lost control of the car, which left the highway, overturning in a ditch. The accident occurred on Highway No. 169, Kathio Township, Mille Lacs County, Minnesota, approximately 12 miles north of Onamia.

Deceased was removed to an Onamia Hospital for emergency treatment and was later transferred to Veterans Hospital, being admitted there on October 2nd. He expired at 9:20 p.m., October 3.

An autopsy was performed at the hospital on October 4. Death was attributed to traumatic

ROBERT WADENA

lacerations anc contusions of liver; fracture right clavicle and left 6th, 7th and 8th costal cartilages; and pulmonary edema.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 1:00 p.m., October 3, 1958.

At approximately 12:10 p.m., October 3, 1958, the deceased was found dead in bed by Mabel V. Adamson, her landlady. The police were notified, Officers Marx and Rhodes of squad 164 responding.

Mrs. Adamson states she last saw the deceased alive on October 2nd at which time she appeared to be in her usual health. When deceased failed to appear for a housework assignment, Mrs. Adamson was notified and checked, finding the deceased. There is no history of any recent medical care.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying in bed in full rigor. Nail beds were noted to be cyanotic. There was no

HISTORY:

This case was reported to the Coroner's Office by the Bloomington Police Department at 4:40 p.m., October 3, 1958.

On October 3, 1958, Axel Furuli, 526 W. 95th Street, came to the deceased's service station and found it closed. He then went to the home of Mike Murgic, 9728-14th Avenue South, a part time employee of the deceased. They returned to the station and entered with Mr. Murgic's key, finding the deceased dead in front seat of a customer's car. The police were notified, Officers Clay Nord and Isacson of the Bloomington Police Department responding.

Officer Nord states ignition key was in an "on" position, however, the car was not running.

Mother of deceased states the decedent had been despondent over marital difficulties,

ARNOLD M. SORENSON - continued

but stated he had never mentioned suicide. She had talked with him on the phone at 10:20 p.m. on the preceding evening, October 2nd. A part time employee stated he left the station about 9:15 p.m. and deceased was there with a friend at that time.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying on back across front seat of 1952 Ford, bearing license No. MK 1452, clothed in work clothes, with pillow under head. Ignition key in ignition and turned to "on" position, however, the engine was cold. Remains were in marked rigor. Face was tinged pink to light cherry color. Feet were dangling off seat under steering wheel. A rack of used tires noted behind car.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on the 4th of October. This revealed bilateral pulmonary edema and congestion; also mild arteriosclerosis of aorta. Death was attributed to carbon monoxide poisoning upon completion of the toxicological examination.

Survivors of the decedent include his wife, Edith; daughter, Elizabeth; son, William; mother, Mrs. Caroline Sorenson.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 6:30 a.m., October 4, 1958.

Mrs. Geraldine Bassamore states the deceased has complained of recurrent pains in his chest and arms and episodes of indigestion during the past two weeks. She states he had been drinking some on the evening of October 3, 1958 and retired on the couch in the living room about 1:00 a.m., October 4.

At about 3:00 a.m., she heard what she thought was loud snoring, but it stopped and she went back to sleep. At 6:00 a.m., she attempted to awakened the deceased for work several times but received no response. When she entered to check on the deceased, she found him blue and cold.

Upon being notified, a deputy coroner went to the residence and viewed the body. Deceased

FRANK J. BASSAMORE - continued

found lying on couch in living room clothed in undershirt and shorts. Body was in full rigor and there was marked cyanosis noted. A small surgical scar, well healed, noted in right lower quadrant. There was no indication of other than natural death.

Deceased has not been seen by a physician since January 1958 at which time he was checked at Veterans Hospital. There is history of surgery about 8 years ago at Veterans Hospital for removal of a tumor of colon.

Death was attributed to arteriosclerotic heart disease.

Officer Maynard of squad 165 was notified and attended the scene of death.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 4:20 p.m., October 4, 1958.

On the afternoon of October 4, 1958, the deceased was talking over the phone to a Mrs. Oliver Huth, 1812 First Avenue South, and suddenly stopped talking. When she received no further response, Mrs. Huth notified the police department. Officers Rauner and Van Devere of squad 151 when to the deceased's residence and checked. Deceased was found sitting in a chair in an unresponsive condition.

A Minneapolis General Hospital ambulance was dispatched to the scene. Upon arrival, Doctor Rogers, the ambulance physician, pronounced the deceased dead, death apparently occurring about 4:20 p.m.

Upon being notified, a deputy coroner went to the residence and viewed the body. De-

HISTORY:

This case was reported to the Coroner's Office by the Thomson Brothers Chapel at 5:45 p.m., October 4, 1958.

According to the deceased's wife, Mrs. Gertrude M. Lent, the deceased had worked a full day on Thursday, October 2nd, but stayed home on Friday, October 3rd, because he was not feeling well. He had apparently had the "flu" and complained on Friday and Saturday of pain in his chest and also remarked that his heart was bothering him.

On Saturday afternoon, the deceased expired suddenly, death occurring at 4:30 p.m., October 4th. His wife was present at the time of death. The deceased was a Christian Scientist.

Upon being notified, a deputy coroner went to the residence and viewed the body.

DONALD WILMER LENT - continued

There was no indication of other than natural death. Remains were released directly to a mortuary and death was attributed to arteriosclerotic heart disease.

Survivors of the decedent are unknown to the Coroner's Office with the exception of his wife, Gertrude.

HISTORY:

This case was reported to the Coroner's Office by Minneapolis General Hospital at 4:00 a.m., October 5, 1958.

At approximately 11:45 p.m., October 4, 1958, the deceased, a passenger in a car driven by her husband, was fatally injured when the vehicle, a 1957 Nash Rambler, bearing 1958 Minnesota license No. 4R4234, collided with a car driven by Robert N. Bach, age 29, 1214 W. 50th Street, at the intersection of Hennepin Avenue and Summit Avenues South.

Apparently the Rydjord machine was southbound on Hennepin Avenue and the Bach car, a 1952 Chrysler, bearing 1958 Minnesota license No. 3U 1709 was proceeding north on Hennepin. Witnesses stated the Bach vehicle drove over the center line and into the southbound traffic lane, colliding with the Rydjord car.

The deceased was removed by ambulance to Minneapolis General Hospital, being admitted in

GLADYS ARLENE RYDJORD - continued

critical condition. She expired at 3:00 a.m., October 5th.

Wayne Rydjord, husband of deceased also sustained injury and was removed to Minneapolis General Hospital. Later he was transferred to St. Barnabas Hospital, where his condition was reported to be critical.

An autopsy was performed at the hospital on the date of death. This revealed fracture dislocation of 1st cervical vertebra; hemoperitoneum; and rupture of spleen.

Officers McDermott and Russell of Traffic squad 516 were notified and attended the scene of accident.

Survivors of the decedent include her husband, Wayne C.; son, Michael; daughters, Kathlyn and Colleen; parents, Mr. and Mrs. William Cox, Bristol, S. D.; sisters, Mrs. Wilma Garvey, Mrs. Emma Hanson, both of Minneapolis; brothers, Roland, Milwaukee, Laurice, Mount Vernon, Ga., Donald, Bristol, S. D.,Derald, Fort Yates, N. HISTORY:

This case was reported to the Coroner's Office by Minneapolis General Hospital at 10:45 a.m., October 6, 1958.

At approximately 5:15 p.m., October 4, 1958, the deceased, a pedestrian, was fatally injured when struck by a car, a 1957 Ford, bearing 1958 Minnesota license No. 3K 9170, on Williston Road, approximately 114 feet south of Idlewood Avenue, in Minnetonka Village.

William E. Winship, age 36, 15101 McKenzie Boulevard, Hopkins, was traveling north on Williston Road. He proceeded down the road and suddenly the two girls ran across the road. He stated he was unable to turn either to the right or left to avoid them because one child was in either lane, therefore, he applied his brakes violently but was unable to avoid hitting the child. Approximately 87 feet of skid marks were noted.

The injured child was removed by ambulance to Minneapolis General Hospital, being admitted at 5:58 p.m., October 4th, in a comatose condition. A tracheotomy and left thoracotomy

LYNN MICHELE TWEED - continued

were done on date of admission. Deceased failed to respond to hospital treatment, expiring at 7:45 a.m., October 6, 1958.

An autopsy was performed at the hospital on the date of death. Death was attributed to irreversible shock due to multiple injuries: Cerebral concussion, laceration of liver, spleen and right kidney.

Police officers Day and Oaks of the Minnetonka Village Police Department and Deputy sheriffs Walsh and Reiter were notified. They attended the scene of accident.

Survivors of the decedent include her parents, Mr. and Mrs. Gilbert Tweed; 2 sisters, Gail Mary and Becky Ann; grandparents, Mr. and Mrs. Gilman Tweed, of Minnetonka Village and Mr. and Mrs. Adolph Kadlec of Hopkins.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 9:35 a.m., October 6, 1958.

While putting storms windows on a building he owned at the above address, the deceased fell from the ladder to the ground on the morning of October 6, 1958, becoming unresponsive. He apparently was working at the second story level at time of fall.

A Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival, the ambulance physician pronounced the deceased dead, death apparently occurring about 9:30 a.m.

According to wife, deceased has history of a heart condition and has been under the care of Doctor R. Olson of the Wayzata Clinic.

JOSEPH A. MEISTER - continued

Doctor R. Olson of Wayzata states the deceased had a complete bundle branch block with a pulse in the range of 30 to 40 beats per minute. He was subject to black-out spells. He has been under Doctor Olson's care for the past three years.

A deputy coroner went to the scene and viewed the body. Deceased found lying on ground in front of duplex at 3553 Penn Avenue North, clothed in street clothes. Body was warm and there was no rigor. One lens of his glasses had been broken in the fall and as a result his face was bloody and ecchymosis of the right eyelid was noted. Wife of deceased refused to give permission for an autopsy. Remains were removed to the Hennepin County Morgue.

An autopsy was arranged for later and was performed at the mortuary on October 7th. This revealed that death was due to coronary insufficiency due to severe coronary atherosclerosis.

Police officers Burchett and Shoemaker of squad 143 were notified and attended the scene of death.

Survivors of the decedent include his wife, Susan; 3 sons, Fred, Nicholas and and Edwin; 3 daughters, Mrs. John Theis, Mrs. Joe Strydickey and Mrs. Robert Hollis; 22 grandchildren; one brother, Anthon Miller; and two sisters, Mrs. August Price and Mrs. John Boufferding.

HISTORY:

This case was reported to the Coroner's Office by Swedish Hospital at 12:15 p.m., October 6, 1958.

At approximately 9:10 p.m., September 19, 1958, the deceased, a pedestrian, was fatally injured when struck by a car, a 1957 Ford Station Wagon, bearing 1958 Minnesota license No. 3G 2943, driven by John W. Goins, age 23, 2201 Bryant Avenue South, while attempting to cross 27th Avenue South at its intersection with East Lake Street.

Apparently the deceased was crossing in the crosswalk at the time the accident occurred. She was thrown about ten feet by the impact. It was stated, the deceased did not lose consciousness.

Deceased was removed to Swedish Hospital via Minneapolis General Hospital ambulance, being admitted at 10:20 p.m., with multiple fractures. Hospital records indicate she

MARGARET C. GANGELHOFF - continued

was responding well to hospital treatment until just a few minutes prior to death. She expired suddenly at 11:50 a.m., October 6, 1958.

An autopsy was performed at the hospital on the date of death. This revealed bilateral pulmonary embolus; thrombosis of left femoral vein; fractures of tibia, fibula, femur and pelvis, left.

Officers H. Swenson and W. Kallestad of traffic squad 516 were notified and attended the scene of accident.

Survivors of the decedent include a son, James J.; daughter, Mrs. Irene M. Thurston, both of Minneapolis; 5 grandchildren and 2 great-grandchildren.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 10:15 p.m., October 6, 1958.

About 9:30 p.m., October 6, 1958, the deceased went to the bathroom according to Mrs. Hazel Parker of Room 326, and Bertha Clute, of Room 323. At 10:05 p.m., the deceased was found lying on floor of bathroom in an unresponsive condition.

The police were notified, Officers McKee and R. Smith of squad 117 responding. A Minneapolis General Hospital ambulance was dispatched to the scene. Upon arrival, the ambulance physician confirmed the man's death.

It was stated, the deceased had been receiving medical care at the Minneapolis General Hospital out-patient department.

WILLIAM H. ALLISON - continued

A deupty coroner went to the scene and viewed the body. Deceased found lying on floor in 3rd floor Men's room, dressed in street clothes. It appeared as if he had fallen from the commode and struck his head against the wall, cutting his left upper forehead. The body was cool but there was no rigor evident. Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

Police officers McKee and R. Smith of squad 117 was notified and attended the scene of death.

HISTORY:

This case was reported to the Coroner's Office by the Sheriff's Office at 9:00 a.m., October 7, 1958.

At approximately 7:30 a.m., Ed. Kouture, owner of farm at this address, found the deceased dead in the yard. He states he last saw the deceased, who also lived on this farm, at 8:30 a.m. on the preceding morning, October 6th, at which time he appeared to be in his usual health. The Sheriff's Office was notified, Deputy Anderson responding.

The deceased was allegedly brought home by an unknown party from Hamel. The Sheriff's Office reports the deceased automobile was still in Hamel, apparently due to the deceased's inability to drive home following a visit to Hamel on October 6th.

JOHN BECKER - continued

A deputy coroner went to the scene and viewed the body. Deceased found slumped over wood pile on left side and abdomen, clothed in leather jacket and overalls. Rigor mortis was complete. There was no indication of other than natural death.

Remains were removed to the Hennepin County Morgue and an autopsy was performed at 1:00 p.m., October 7th. This revealed pneumonia of the right lower lobe; aortic valvular disease; fatty metamorphosis of liver; cholelithiasis; and peritoneal adhesions.

Survivors of the decedent include a son, Jos eph of Loretto; two daughters, Mrs. Leonard Novakowski and Mrs. Quinten Dubay, both of Minneapolis; 11 grandchildren; 5 sisters, Mrs. Agnes Koep of Pasadena, Mrs. Caroline Mueller and Mrs. Ida Svobodny, both of Minneapolis; Mrs. Rose Schumacher of Fargo and Mrs. Emma Murphy of Minneapolis.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 9:10 a.m., October 7, 1958.

According to the landlady, Mrs. Ella Padaries, the deceased had moved in about first part of September 1958 and was not well known by other tenants or herself.

Mrs. Padries states she heard sound of something heavy falling on backstairs on the morning of October 7, 1958. She went into the kitchen where Ed Johnson, also a tenant, was eating and then noted deceased lying at foot of backstairs. Deceased was still breathing at this time.

Ed Johnson states he heard sound of someone falling on backstairs to second floor and went over and opened the door, finding the deceased crumpled at bottom of stairs. The police were notified, Officers K. E. Johnson and G. Dols of squad 132 responding.

HELEN OVERGAARD - continued

A Minneapolis General Hospital ambulance was dispatched to the scene. Upon arrival at 8:53 a.m., October 7th, the ambulance physician pronounced the deceased dead.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying on left side at foot of stairs on north side of above address with her hat nearby and a change purse partly under her with a grocer's sack containing two full quart cartons of milk at foot of stairs toward outside house wall. Stairs were illuminated only by light of a small window on first floor landing; there was no window in back door. Stair tread edges were badly worn and ceiling noted to be quite low about 5 steps from bottom, however, there was a good banister on inside wall of stairwell. There was no rigor and some crepitation of neck was noted. Deceased had apparently fallen while climbing stairs after trip to grocery.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on the date of death. In the opinion of the pathologist, it was deemed advisable to await completion of the microscopic examination before determining the cause of this woman's death.

HISTORY:

This case was reported to the Coroner's Office by the Walker Methodist Home at 5:00 p.m., October 7, 1958.

It was stated, the deceased has been employed for the past two months at the Walker Home and was not known to have any symptoms of ill health.

At approximately 4:30 p.m., October 7, 1958, Doris Magle, a resident at the Walker Home, found the deceased in the bathroom in an unresponsive condition. Mrs. Dorothy Ander, a registered nurse on duty in the home, was summoned to the scene and found the deceased has expired.

According to son, the deceased had received medical care in New Ulm, Minnesota some time ago and had history of high blood pressure. She was treated by Doctor Howard Vogel of New Ulm.

EVANGELINE HANSON HANSEN - continued

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased was originally found on toilet leaning on washbowl with no evidence of vomitus. She had been moved to a bed. There was no rigor and minimal cyanosis of the lips was noted. Remains were removed to the Hennepin County Morgue.

Upon request of family, an autopsy was performed at the morgue on October 8th. In the opinion of the pathologist, it was deemed advisable to await completion of the microscopic examination before determining the cause of this woman's death.

Only survivors known to the Coroner's Office is a son, Leslie R. Hansen of Spicer, Minnesota.

HISTORY:

This case was reported to the Coroner's Office by Smith ambulance service at 11:25 p.m., October 7, 1958.

The deceased has history of osteomyelitis of right thigh of the past thirty years. He had suffered a recent cold and has been noted to be vomiting off and on for several weeks.

On the evening of October 7, 1958, the deceased seemed quite short of breath and finally consented to go to the hospital. A Smith ambulance was summoned to the residence. Upon arrival of the ambulance, the deceased was found to have expired, death apparently occurring about 10:45 p.m.

It was stated, the deceased has lived at the above address for the past three years and has had no medical care during that time.

HARLEY WILLIAM LA VOY - continued

Upon being notified, a deputy coroner went to the residence and viewed the body. Deceased found lying on back, fully clothed. Body was warm and there was no rigor. Deceased appears faintly icteric and with pretibial edema.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on Oc tober 8th. This revealed congestive heart failure due to mitral stenosis, severe; rheumatic valvular disease; and osteomyelitis of right femur.

Survivors of the decedent include a sister, Mrs. Evelyn Ufken; brother, Ortie Eugene LaVoy; and two nephews, Gordon and Larry LaVoy.

HISTORY:

This case was reported to the Coroner's Office by Doctor C. R. Wall at 5:30 a.m., October 8, 1958.

It was stated, the deceased has been enjoying good health and has had no medical attention for several years. He had formerly been a patient of Doctor Wall.

About 4:30 a.m., October 8, 1958, the deceased got out of bed to go to the bathroom. Upon returning to bedroom, the deceased suddenly collapsed with no expression of pain. Doctor Wall was summoned to the residence, however, the deceased expired before his arrival.

After talking with family of deceased, Doctor Wall felt this represented a cerebral vascular accident.

FRED L. NICHOLS - continued

Examination of body by a deputy coroner indicated this was a natural death. Death was attributed to an intracerebral hemorrhage due to cerebral arteriosclerosis.

Survivors of the decedent include his wife, Thalia; 2 sisters, Mrs. Maude Brungard, Ogallala, Nebr., Miss Nella Nichols, Gurley, Nebr.; and one brother, Glen Nichols, also of Gurley.

HISTORY:

This case was reported to the Coroner's Office by Minneapolis General Hospital at 10:20 a.m., October 8, 1958.

At approximately 11:05 a.m., October 6, 1958, the deceased, a pedestrian, was fatally injured when struck by a truck, a 1956 Ford bearing 1958 Minnesota License No. Y37-389, driven by Norman Stanley Riska, age 22, 4623 Emerson Avenue North, on Fourth Avenue South, approximately 90 feet south of its intersection with 27th Street.

It was stated, the Riska vehicle was traveling south on Fourth Avenue South when the child, who ran from between parked cars just south of 27th Street, dashed into its pathway and was struck. The injured child was removed by ambulance to Minneapolis General Hospital, being admitted in an unconscious condition.

BETTY JANE CARMICHAEL - continued

On date of admission, bilateral trephining was done and a tracheotomy was performed on October 7th. Deceased expired at 9:08 a.m., October 8th, without regaining consciousness.

An autopsy was done at the hospital on date of death. This revealed severe laceration of brain, right cerebrum; sub- and epidural hematoma; and linear fracture of left occipital area of skull.

Officers B. Ahr and J. Merrell of traffic squad 516 were notified and attended the scene of the accident.

Survivors of the decedent include her parents, Mr. and Mrs. Richard Carmichael; 2 sisters, Carolyn and Barbara; one brother, Rudy; grandparents, Mr. and Mrs. Rudy Berger, James Carmichael and Mrs. Ray Wells.

HISTORY:

This case was reported to the Coroner's Office by Northwestern Hospital at 8:30 a.m., October 9, 1958.

Parents of the deceased brought the infant to Northwestern Hospital at 11:00 p.m., October 8, 1958, where the baby was pronounced dead on arrival.

Doctor Harold T. Gustason, Southdale Medical Center, had checked the deceased on October 6th and found the child in good health at that time. According to mother of infant, one of the other children in family had been ill with a cold.

An autopsy was performed at Northwestern Hospital on October 9th. In the opinion of the pathologist, it was deemed advisable to await completion of the microscopic examination

WHITNEY CAMERON PETERSON - continued

before determining the cause of the infant's death.

This office had accepted this case, however, on checking with the Clerk of Court's Office, it was learned the death certificate was signed by Doctor Gustason.

HISTORY:

This case was reported to the Coroner's Office by Minneapolis General Hospital at 6:30 a.m., October 10, 1958.

On August 27, 1958, the deceased was brought to Minneapolis General Hospital by ambulance from Nicollet Avenue and Washington South, being admitted at 10:27 p.m. He had apparently fallen and struck his head on the sidewalk. Deceased was comatose on admission.

X-ray examination revealed a left occipital fracture of skull and there was also a diagnosis of cardiomegalia and auricular fibrillation.

Bilateral trephining and a tracheotomy were done on August 28th. He later regained consciousness in hospital, stated he had been drinking, and could remember no details as to how injury was incurred. Deceased expired at 1:10 a.m., October 10.

HILMER O. SUNDT - continued

Since the deceased had no funds for burial nor were there any relatives known to the Coroner's Office who could arrange for the burial of the deceased, it was necessary to release his body to the Anatomical Department of the University of Minnesota.

HISTORY:

This case was reported to the Coroner's Office by Mrs. Fitzsimmons of the Highland Park Nursing Home at 7:45 a.m., October 10, 1958.

On August 31, 1958, the deceased fell on the floor in his home and sustained a fracture of the right tibia and fibula. He was removed to Minneapolis General Hospital where a cast was applied and a laceration on leg was sutured. Deceased has history of asthma and his breathing was difficult.

A biopsy of the left vocal cord, which was ulcerated, was done on September 18. The microscopic examination revealed leukoplakia plus severe chronic inflammation. He was subsequently discharged and transferred to the above rest home on October 8th.

At 7:20 a.m., October 10th, the deceased was found dead in bed.

Sam Rusk - continued

Upon being notified, a deputy coroner went to the rest home and viewed the body. There was no indication of other than natural death. Death was attributed to severe bronchial asthma; the compound fracture of right tibia and fibula being contributing factors.

Survivors of the decedent include a sister, Mrs. William Beissel, and two brothers, Edward and Albert.

HISTORY:

This case was reported to the Coroner's Office by Minneapolis General Hospital at 10:00 a.m., October 10, 1958.

The deceased was reported to have wandered away from the Samaritan Nursing Home, 1810 Washington Avenue South, at 6:30 a.m., October 10, 1958. He was quite senile and had wandered away on previous occasions.

Deceased was found under the Cedar Avenue bridge with feet in water, body bruised and bloody. Apparently, he had fallen and slipped down the steep, rocky bank. He was removed to Minneapolis General Hospital, being admitted at 9:03 a.m., October 10th. Deceased expired shortly after admission, death occurring at 9:20 a.m.

An autopsy was performed at the hospital on the date of death. This revealed multiple head and body lacerations and abrasions; severe cerebral arteriosclerosis; severe encephalo-

MICHAEL PETERS - continued

malacia of left temporal lobe. Death was attributed to shock, traumatic, due to fall down the river bank.

HISTORY:

This case was reported to the Coroner's Office by Doctor Jacobson, a Minneapolis General Hospital ambulance physician, at 12:50 p.m., October 10, 1958.

Shortly after noon on October 10, 1958, the deceased became ill at his place of employment, the River Lake Motors, 2800 E. Lake Street, and suddenly collapsed. The Fire Department rescue squad was summoned to the scene and administered oxygen. A Minneapolis General Hospital ambulance was dispatched to the scene. On arrival of the ambulance, the deceased was still breathing and was placed in the ambulance, however,he expired en route to the hospital, death occurring at 12:40 p.m.

Remains were brought to the Hennepin County Morgue and examination of the body revealed this was a natural death. Family of deceased did not desire an autopsy. Death was attributed to arteriosclerotic heart disease.

WILBUR J. HOLTZMAN - continued

Survivors of the decedent include his wife, Mildred; two daughters, Mrs. Ben Brooks, Minneapolis, Mrs. Coleman Burns, Pennsville, N. J.; son, Jack of Omaha; two grandchildren; and 3 sisters.

HISTORY:

This case was reported to the Coroner's Office by Veterans Hospital at 4:00 p.m., October 10, 1958.

It was stated, the deceased suddenly collapsed at the Wold Chamberlain Airport, Richfield, while preparing to board a military aircraft. He was reported to be a civilian and was invited on the flight as a guest.

Deceased was brought to Veterans Hospital via ambulance from Wold Chamberlain Airport, however, it was established the deceased's death actually occurred at the airport at approximately 3:20 p.m., October 10, 1958.

Examination of the body by the Coroner indicated this was a natural death. Death was

ELROY H. SCHROEDER - continued

ascribed to arteriosclerotic heart disease.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 6:20 p.m., October 10, 1958.

Connie Carson, 946 Bryant Avenue North, a neighbor of the deceased, noted deceased sitting in his car for a long period of time and not moving. She reported the fact to the Police Department, Officers Baker and Smith of squad 119 responding.

A Minneapolis General Hospital ambulance was dispatched to the scene and also a rescue squad. Upon arrival, the ambulance physician pronounced the deceased dead at 5:45 p.m.

It was stated, the deceased has been under the care of Doctor Earl Hill for a heart ailment and has been taking nitroglycerine tablets. Doctor Hill had checked the deceased within the past two months according to wife, Mrs. Nella Crawford.

WILLIAM O. CRAWFORD - continued

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased was found lying beside car where he had been placed by the rescue squad. Body was fully clothed and was still slightly warm. There was no rigor and no indication of other than natural death. Remains were released directly to a mortuary and death was attributed to arteriosclerotic heart disease.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 6:36 p.m., October 10, 1958.

The deceased was born in Abbott Hospital on July 28, 1958 and was delivered by Doctor E. J. Diefenbach, Jr. He recommended that mother take child to Doctor L. F. Richdorf, who in turn, recommended the University of Minnesota Pediatric Department.

At the University, a transpostion of the great vessels of the heart was diagnosed. Deceased was seen at the University of Minnesota Heart Hospital on Monday, October 6th, by Doctor Rollison. Deceased had spent three weeks in the Heart Hospital and was released about 10 days ago.

On the evening of October 10, 1958, the deceased experienced a severe coughing spell

CYNTHIA K. CLAASSEN - continued

with difficulty breathing. A Minneapolis General Hospital ambulance was summoned to the scene, however, the deceased expired before its arrival. The ambulance physician confirmed the child's death, death occurring about 6:30 p.m.

Police officers Benson and O. Hanson of squad 118 were notified and attended the scene of death.

Examination of the body by a deputy coroner indicated this was a natural death. Death was ascribed to transposition of great vessels of heart.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 11:10 a.m., October 11, 1958.

The deceased and his wife were walking down the street when the deceased suddenly collapsed on the corner of 17th Street and Chicago Avenue, it was stated. Police officers were summoned to the scene, Officers Shanahan and Fort of squad 118 responding. A Minneapolis General Hospital ambulance was dispatched to the scene. Upon arrival, the ambulance physician, Doctor L. W. Jacobson, pronounced the deceased dead, death apparently occurring about 10:45 a.m., October 11th.

Deceased has been under the care of Doctor Harold Kaplan who states the deceased was hospitalized for myocardial infarction on February 7, 1958 and again on August 5th, 1958.

THEODORE GHEZIN - continued

A deputy coroner went to the scene and viewed the body. Deceased found lying on back on street with minimal oral cyanosis, face cool, chest warm, and no rigor. Remains were removed to the Hennepin County Morgue and death was attributed to acute coronary thrombosis due to coronary arteriosclerosis.

Survivors of the decedent include his wife, Therese; daughter, Mrs. Olga Fragal; granddaughter, Inge, all of Minneapolis; one brother and four sisters in Romania.

Veteran Yes ~~No~~ WW I and WW II

HISTORY:

This case was reported to the Coroner's Office by Glenwood Hills Hospital at 3:45 p.m., October 12, 1958.

On October 11, 1958, Doctor Emerson Hoppes was called to the deceased's residence by Mrs. Bernadette Wilkinson, wife of deceased, after she was unable to arouse her husband. Doctor Hoppes answered this call in the absence of their regular physician, Doctor R. S. Andrews, who was out of the City.

Deceased was admitted to Glenwood Hills Hospital at 8:45 p.m., October 11th, in a comatose condition. Bilateral trephining was done shortly after admittance. The deceased failed to respond following surgery, expiring at 1:40 p.m., October 12th.

Manner in which the deceased had incurred injury was unknown, therefore, the case was referred to this office. Upon examination of the body, an ecchymosis of the right eye was

HUBERT O. WILKINSON - continued

noted as well as numerous bruises on body and legs. Upon contacting Doctor Hoppes, he stated that he had not seen any evidence of injury on body of deceased before or after admission to the hospital. According to hospital report, the ecchymosis about eye was not present prior to surgery.

An autopsy was performed at the Hennepin County Morgue at 11:00 a.m., October 13. This revealed massive intra cerebral and brain stem hemorrhage with extensive brain damage. In the opinion of the pathologist, the brain hemorrhage and brain damage resulted from an injury but no information was obtainable as to time or place of injury.

According to report made by Mrs. Wilkinson, the deceased had been intoxicated on the afternoon of October 11th and they had been involved in an argument. He went to his bedroom to lie down in the late afternoon. When she entered to awaken him between 6:30 and 7:30 p.m., she found him unresponsive. Mrs. Wilkinson states that she has no information as to any fall the deceased may have sustained. She denied any fighting with the deceased to account for the bruises on his body and legs. The deceased drank heavily, it was stated.

Detectives Stenberg and Cronstrom were notified and investigated this case.

Survivors of the decedent include his wife, Bernadette Wilkinson, previously mentioned herein; a daughter, Judy, and a son, Dale.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 4:12 p.m., October 12, 1958.

According to the deceased's husband, Raymond M. Sullivan, the deceased has not been feeling well for the past five days and had been unable to eat. Today, October 12, 1958, the deceased appeared to be sleeping, however, when husband was unable to arouse her, a Minneapolis General Hospital ambulance was summoned to the residence. Upon arrival, Doctor Richard Larson, the ambulance physician, pronounced the woman dead at 4:25 p.m.

Medical records at Minneapolis General Hospital indicate the deceased was last checked in the out-patient department one week ago. Deceased has been a patient there for years with history of pernicious anemia. There is also history of a nerve in head that is

BEATRICE M. SULLIVAN - continued

"blocked with alcohol". Chart indicates the deceased was formerly a demerol addict and was a chronic alcoholic. Discharge diagnosis stated as psycho-physiologic nervous system reaction.

Husband of deceased did not desire an autopsy.

Remains were removed to the Hennepin County Morgue and death was attributed to pernicious anemia; chronic alcoholism; cirrhosis of the liver and malnutrition.

Only survivor known to the Coroner's Office is the deceased's husband, Raymond M. Sullivan.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 10:30 a.m., October 13, 1958.

The deceased did not report for work today so her employer called manager at above address about 9:35 a.m. to check on the deceased. Mrs. Graham, the manager, and Warren Clawson of Apartment A, the janitor, entered to check on the deceased when they could rouse no response. Deceased was found lying on floor, dead. Further investigation indicated the deceased had not picked up her mail on Saturday, October 11th, according to her usual custom.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying on back on floor just to right of and inside the living room door behind a chair on which her coat is lying. She was dressed in stockings, skirt and blouse. Considerable bloody emesis noted on floor under head. Rigor was noted to be leaving the

ESTHER H. JOHNSON - continued

arms. Janitor states the fan, radio and living room lights were on when they entered the room.

Remains were removed to the Werness Brothers Chapel where an autopsy was performed on October 14. This revealed intracerebral hemorrhage into pons and brain stem, spontaneous. Congestion and edema of the lungs was also noted.

Only survivor known to the Coroner's Office is a brother, Carl G. Johnson, Minneapolis.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 10:50 a.m., October 13, 1958.

According to Engwald Lone, 8312 Nicollet Avenue South, driver of the Twin City Rapid Transit Bus, No. 1092, the deceased boarded bus at 54th Street and 42nd Avenue South on the morning of October 13, 1958. He sat down in seat behind driver. When Mr. Lone stopped the bus at 53rd Street, the deceased slumped over into back of the driver's seat.

The bus was stopped and the Police were summoned, Officers Sande and McIlvaine of squad 165 responding. Officers stated a faint pulse could be detected on their arrival, however, the deceased expired before the ambulance arrived, death apparently occurring about 10:31 a.m., October 13th.

CARL AXEL PEDERSEN - continued

It was stated, the deceased has been under the care of Doctor Frank Larson for a heart condition. When contacted, Doctor Larson stated the deceased had been treated for cardiac decompensation. In spite of electrocardiogram showing minimal changes, he was definitely in cardiac decompensation.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying on back on floor of bus, fully clothed. There was no indication of other than natural death. Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

Arthur Pedersen, son of deceased, called this office and stated family did not desire an autopsy.

Survivors of the decedent include two sons, Roy A. and Arthur C.; 7 grandchildren; a sister, Kaja Martensen, Norway; and one brother, Oscar.

HISTORY:

This case was reported to the Coroner's Office by the Sheriff's Office at 5:17 p.m., October 13, 1958.

At approximately 4:50 p.m., October 13, 1958, the deceased was fatally injured when the truck he was driving, a 1950 International panel truck, bearing 1958 Minnesota license No. Y34-404, went off the road and rolled over on County Road 110, approximately one mile north of Mound, Minnetrista Township. Deceased expired at the scene, death apparently occurring within a few minutes.

According to Deputies Kemper and Wahl, who attended the scene of accident, a Jane Illies, age 14, Route #2, Mound, witnessed the accident. Apparently she was walking north on Highway 110, heard a truck coming, looked around and observed the truck on wrong side of road, heading toward her. Then truck swerved to opposite side of road, left the road an overturned.Driver, the deceased, was thrown from the vehicle and the machine rolled

RAYMOND HAROLD HOFF - continued

onto him, crushing his chest.

Upon arrival of the deputy coroner, deceased was found lying on embankment near shoulder, east side of highway, with multiple fractures of legs, et cetera. He was clothed in green Despatch Laundry uniform, white shirt, and shoes.

Remains were removed to the Hennepin County Morgue where an autopsy was performed at 10:00 a.m., October 14. This revealed crushing injury of chest with laceration of lungs and liver; also multiple long bone and pelvic fractures.

Survivors of the decedent include his wife, Dolly; two daughters, Susan and Laura; two sons, Norman and Laurence; and two sisters, Mrs. Eleanor Carlson and Mrs. Viola Tiernlund.

HISTORY:

This case was reported to the Coroner's Office by the Minneapolis General Hospital at 6:30 p.m., October 13, 1958.

At approximately 6:10 p.m., October 13, 1958, the deceased, a pedestrian, was fatally injured when struck by a truck, a 1950 Studebaker truck, bearing 1958 Minnesota license No. Y1h1-632, while apparently crossing Laurel Avenue at its intersection with North Seventeenth Street.

Dominic Mandile, age 42, 25 Thomas Avenue South, driver of the truck involved, states he was traveling west on Laurel when he heard a thump and thought a car had sideswiped him. He stopped the truck and looked back, seeing the deceased in the street. He had not seen the boy prior to the accident.

Doctor Rogers, the Minneapolis General Hospital ambulance physician thought the deceased

DAVID G. GROSS - continued

was dead when he arrived on scene, but because of the heavy traffic, confusion and noise at scene, felt it best to take deceased to hospital for better examination and possible emergency treatment. Deceased was given artificial respiration and oxygen en route but was pronounced dead on arrival.

An autopsy was performed at the hospital on the 14th of October, at 9:15 a.m. This revealed exsanguination due to hemorrhage into pleural cavities; rupture of pericardium and right ventricle.

Survivors of the decedent include his parents, Mr. and Mrs. John W. Gross; brother, Terry; and sister, Laura; also survived by maternal grandparents, Mr. and Mrs. Amos Moseman, Minneapolis, and paternal grandmother, Mrs. Gretchen Gross, Hines, Minnesota.

Police officers Baker and Erickson of traffic squad 512 were notified and attended the scene of death.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 4:00 a.m., October 14, 1958.

According to Mrs. Carolyn Monahan, wife of deceased, who is somewhat crippled and cannot get around without assistance, she and the deceased had done some drinking during the evening of October 13, 1958 and then retired. Shortly after 3:00 a.m., October 14, 1958, she awakened and called to her husband, who was sleeping on the davenport, to help her to the bathroom. She received no response and noted his arm hanging to the floor, therefore, she phoned the room clerk for assistance.

Examination revealed the deceased had no pulse and a Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival, Doctor Jacobsen, the ambulance physician, confirmed the man's death.

MARK EUGENE MONOHAN - continued

Mr. H. K. Pederson, Room 202, the night clerk, states Mrs.Monohan had called on the evening of October 13th and asked him to awaken them about 7:00 a.m. and later called for help about 3:40 a.m.

Mrs. Monohan states the deceased had had a stroke about two years ago and had been under the care of physicians at Minneapolis General Hospital since that time. He was supposed to go back to hospital for check-up on date of death. He had last been seen there on October 7th, 1958.

A deputy coroner went to the scene and viewed the body. Deceased found lying on daybed, clothed in pajamas, with three band-aids covering minor abrasions of scalp and some minor abrasions of upper left anterior chest. Two medicine bottles noted on dresser, bearing deceased's name, containing equinal tablets and dicumarol. Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

Police officers Carlson and Roehl of squad 119 were notified and attended the scene of death.

Survivors of the decedent include his wife, Carolyn; daughter, Virginia Lou Luoma; and a brother, J. Raymond.

HISTORY:

This case was reported to the Coroner's Office by Mr. Clarence Hanson of the O. E. Larson Mortuary at 5:45 a.m., October 14, 1958.

According to Mr. and Mrs. Ralph Norris, for whom the deceased worked as a housekeeper, the deceased had been visiting with them on the evening of October 13, 1958 and left at 9:30 p.m. to retire in her own quarters at this address. She appeared to be in her usual health at this time.

Mr. Norris states he called to the deceased about 10:30 p.m. and received no response. The following morning, October 14th, the deceased was found dead in bed and in full rigor.

Doctor Arthur A. Wohlrabe, the deceased's personal physician, states he has been caring

HELGA MATHILDA OHMAN - continued

for the deceased for a long time and last saw her in September of 1958. Deceased has history of arteriosclerotic heart disease, hypertension and diabetes, which apparently was well controlled.

Examination of the body indicated this was a natural death and Coroner placed the time of death as about 10:30 p.m., October 13.

Survivors of the decedent include two sisters, Mrs. Ed Elston, Minneapolis, and Mrs. Erick Sorben, East Stanwood, Wash.; brothers, Carl D. Ohman, San Diego, Calif., Erick Ohman, Glenwood City, Wis., and Clarence A. Ohman, Minneapolis, also several nieces and nephews.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 8:15 a.m., October 14, 1958.

It was stated, the deceased had left his grocery store to sweep the sidewalk on the morning of October 14th, 1958. About 8:00 a.m., a small boy, Roger Hanson, saw the deceased lying on the steps in front of his store and apparently having difficulty breathing. He notified the deceased's wife, Mrs. Tonetta Maanum, who was inside the store.

A Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival, the ambulance physician, Doctor Larson, pronounced the deceased dead, death apparently occurring shortly after 8:00 a.m. Mrs. Maanum states deceased's face was blue when she arrived and he did not respond to questions.

THORE A. MAANUM - continued

Doctor L. B. Clay, the deceased's personal physician, states he last saw the deceased on Friday, October 10th, 1958, at which time the deceased complained of chest pain and difficulty in breathing upon exertion. He also complained of spells of vertigo and black-out. Dr. Clay states an electrocardiogram on deceased 15 years ago indicated coronary disease. Deceased also had evidence of generalized arteriosclerosis.

Upon being notified, the Coroner went to the scene and viewed the body. There was no indication of other than natural death. Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

Police officers Marx and Grunau of squad 164 were notified and attended the scene of death.

Survivors of the decedent include his wife, Tonetta; 3 sons, Hilman A., Arnold V., Leon A.; 3 daughters, Mrs. Alma Johnson, Mrs. Esther Kolbaw, Mrs. Leona Faldt; also 14 grandchildren and 2 great-grandchildren; 4 brothers, and 1 sister.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 11:10 a.m., October 15, 1958.

Apparently the deceased started the motor of his car in a closed garage and lay down in the rear of car near the exhaust. His body was discovered by his sister, Emma McCarthy, and a neighbor, Mrs. William Pore, at 11:00 a.m., October 15, 1958. The police were notified, Officers Commers and Gould responding.

A sister, Emma McCarthy, states she had talked to the deceased on morning of October 14, 1958, at about 11:00 a.m. He had told her at that time not to come out to the house as it would not be very pleasant. In a note written to his sister, he stated he was too ill to live. Arrangements had been made for him to enter Northwestern Hospital on October 19th, it was stated.

HUGH MC CARTHY - continued

According to a note left for the Coroner and also from history given by sister, the deceased was suffering from rectal cancer and had been under the care of Doctor H. M. Frykman.

His note to the Coroner reads as follows and is dated October 13, 1958: "Because of a rectal cancer, I have taken this way out. I am too tired of the distress caused by living.

Please take my body to the University of Minnesota School of Anatomy. My will so stipulates and my sister, only next of kin, approves that it be dedicated to science - so no one can object.

Notify Doctor Arnold Lazarow that his letter to me of March 15, 1956 said the college would accept my body. No embalming or religious service please.

The Northwestern National Bank Trust Company is to be administrator - they have my will. There are documents in a safety deposit box at First National. My sister, Emma, at Glen Lake Sanatorium is my deputy. (Signed) Hugh McCarthy."

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying on back in closed garage with head on paper bundles placed near the exhaust outlet of Ford Car, bearing license No. 509665. Ignition switch was in "on" position and engine of car was cold. Cyanosis of nails noted and there was bright livor mortis. Body was cold and in full rigor. Remains were removed to the Hennepin County Morgue. Analysis of the blood revealed carbon monoxide poisoning.

Veteran ~~Yes~~ No

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 6:48 p.m., October 15, 1958.

At approximately 5:50 p.m., Leslie Leiviska, the deceased's son, came to visit his father. He knocked on the door and upon receiving no response, forced the door open. It had been locked by inserting a dinner fork in the casing. Upon entry, he found the deceased lying on floor beside daybed, with a double barreled 12 gauge shotgun, Belgian make, alongside him. Apparently deceased had shot self in chest. The police were notified, Officers Blanche and Almen of squad 125 responding.

Mike Kantor, a neighbor living at 448 Madison Street Northeast, heard shot shortly before deceased was discovered.

It was stated, the deceased had been living alone at this address and has been drinking

ONNI A. LEIVISKA - continued

excessively the past week, perhaps due to fact that divorce from his wife, Corinne, had become final on Wednesday, October 8th. Wife moved out of house about three months ago and is now living at 1113-18½ Street Northeast. Deceased has history of an operation for ulcers a year ago and about three weeks ago he was robbed by several youths, who beat him severely about the head, causing him to be hospitalized about four days at St. Marys Hospital.

About 5:00 p.m., October 14, 1958, son had visited the deceased and taken a single barrel shotgun and ammunition away from his father. Deceased was said to be intoxicated at this time. A party by name of Harlan Petrie took the deceased to his former wife's residence for the evening, and deceased was said to have last been seen alive by them on evening of October 14th. The purpose of Leslie's visit to his father today had been to pick up his father and take him to his mother's home to see if they could sober him up and perhaps get him committed to Willmar.

Upon arrival of a deputy coroner, the deceased was found lying on back in front room of house with a double barreled shotgun along right side of body. Blood noted on left side of shirt with less than 100 cc. on floor. Wound was inflicted in what appeared to be region of left breast. There were powder burns upon his shirt. No exit wound noted. Body was warm and there was no rigor.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on October 16. This revealed that death was due to massive hemorrhage into left pleural cavity due to gunshot wound of chest. The death was ruled a suicide.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 10:26 p.m., October 15, 1958.

According to the deceased's husband, George A. Keenan, the deceased had gone to bedroom to retire at 8:45 p.m., October 15, 1958. She had apparently been feeling all right. At about 9:00 p.m., husband entered and found deceased slumped on edge of bed, apparently not breathing and without any pulse. He states deceased did not cry out nor had she expressed any discomfort.

A Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival, the ambulance physician confirmed the woman's death.

On the preceding Saturday, October 11th, the deceased suffered a fracture of the collarbone with care Sunday at North Memorial Hospital. At same time, the deceased incurred a

FLORENCE M. KEENAN - continued

black eye (right). Husband states he was not home at time of injury and wife stated only that she fell in the kitchen.

It was stated, the deceased has history of care at Glenwood Hills for addiction to Terpin Hydrate and Codeine, and also in Chicago one year ago.

A deputy coroner went to the scene and viewed the body. Deceased found lying in bed on back with head to right and one foot on floor. Cyanosis was noted but body was warm and there was no rigor. Shoulder harness for fracture of collarbone noted to be in place. Old ecchymosis of left temple and ecchymosis of right eyelid noted.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on October 16. In the opinion of the pathologist, it was deemed advisable to await completion of the toxicological examination before determining the cause of this woman's death.

HISTORY:

This case was reported to the Coroner's Office by St. Andrews Hospital at 11:30 p.m., October 15, 1958.

According to hospital records, the deceased had apparently fallen out of window in her home while cleaning windows. Deceased was admitted to St. Andrews Hospital at 12:15 p.m., October 14, 1958 with laceration of left leg. She was placed under the care of Doctor Harry Johnson who felt the deceased may have had a cerebrovascular accident which caused her to fall. She was later seen by Doctor A. J. Leemhuis who concurred with Doctor Johnson's diagnosis.

Surgical repair of the deceased's left leg was done on date of admission, however, the deceased's general condition deteriorated rapidly and required placement in respirator on evening of October 14th. She expired the following day, October 15th, at 9:40 p.m.

ANNA KALPIERS - continued

An autopsy was performed at the Kozlak Funeral Home on morning of October 16th. This revealed encephalomalacia involving the cerebellum; thrombosis of cerebellar artery; hypertensive cardiovascular disease; and lacerations of the lower 1/3 of left leg were also noted.

HISTORY:

This case was reported to the Coroner's Office by the Sheriff's Office at 9:45 p.m., October 17, 1958.

The deceased, a resident of Pompano Beach, Florida, has been visiting his daughter and son-in-law, Mr. and Mrs. Robert Keller of Chaska, Minnesota, during the three week period preceding his death.

While watching a football game on October 17, 1958, the deceased became ill and took a nitroglycerine tablet, however, his condition did not improve. He was taken to car to be taken home but his condition became critical and Doctor M. H. Seifert of Excelsior was called to the scene. Doctor Seifert found the deceased dead on his arrival, death apparently occurring about 9:30 p.m., October 17.

LLOYD ERNEST WILSON - continued

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found sitting in right rear seat of 1957 Mercury, bearing 1958 Minnesota license No. 5N 6182, fully clothed. There was no indication of other than natural death. A Mr. Roger Keller, brother-in-law of deceased's daughter, states the deceased has history of a heart condition over quite a period of time. Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

Police officers Sterling and Oakes of the Minnetonka Village Police Department were notified and attended the scene of death.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 6:45 a.m., October 18, 1958.

At approximately 6:15 a.m., October 18, 1958, the deceased's wife, Mrs. Edith Moreland, found the deceased lying in bed in an unresponsive condition. A Minneapolis General Hospital ambulance was summoned to the residence. Upon arrival, the ambulance physician confirmed the man's death.

According to wife, she had last talked to the deceased at 5:30 a.m. on the morning of death and found him all right at that time. However, Mrs. Moreland states the deceased had complained of shortness of breath on the evening preceding his death.

Deceased had been a patient of Doctor R. E. Risch, however, he had not received any recent

VICTOR LYLE MORELAND - continued

medical attention.

An autopsy was performed at the Buchinger-Gearheart Funeral Home at the request of family on date of death. In the opinion of the pathologist, it was deemed advisable to await completion of the microscopic examination before determining the cause of this man's death.

Police officers Robertson and Woodruff of squad 124 were notified and attended the scene of death.

Survivors of the decedent include his wife, Edith; two daughters, Doris and Mary Ann Moreland, Minneapolis; a son, Donavan of Chicago; one stepson, Earl Nolan; and one step-daughter, Mrs. BlancheWalgren of Minneapolis; also two grandchildren; one sister, Mrs. Ernest Schimming of Minneapolis; and a brother, Cyril of Spokane, Wash.

HISTORY:

This case was reported to the Coroner's Office by the White Funeral Home at 2:15 p.m., October 18, 1958.

On September 22, 1958, the deceased sustained a fracture of the right hip while at home. She was removed to Mount Sinai Hospital and placed under the care of Doctor Earl Hill. Surgical repair of the hip was done by Doctor A. R. Lerner.

Deceased was subsequently discharged from the hospital and transferred to the Nicollet Nursing Home for convalescent care. Apparently she was doing well until bronchopneumonia developed. She expired at 12 o'clock, noon, on October 17th.

Upon being notified, a deputy coroner viewed the body at the mortuary and checked the

HISTORY:

This case was reported to the Coroner's Office by the Sheriff's Office at 6:50 p.m., October 18, 1958.

About 6:00 p.m., October 18, 1958, the deceased was found in front seat of his car, dead, apparently from a gun shot wound of head. A Marlin .22 caliber rifle was beside him. The car, bearing license No. 3R 1041, was parked on the Townline Road, Minnetonka Village, approximately 1-1/2 miles south of State Highway No. 7 and one block east of State Highway 101.

The resident who reported this case to the Sheriff's Office stated he had noted the car on roadside first at about noontime.

Deceased has history of having been discharged from University Hospitals one week ago. He was reported to have attempted to slash wrists.

ERVEN ARTHUR TOTUSHEK - continued

It was also stated, the deceased has not been living at his home for the past six weeks. His wife was planning to divorce him. There is also history of chronic alcoholism.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying on right side with head toward right door in front seat of car. Barrel of gun was pointing toward abdomen. Deceased was lying face down in pool of blood. There was 4+ rigor. A bandage was noted on left wrist.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on October 19th. This revealed gunshot wound of skull, bilateral pulmonary atelectasis, and minimal coronary atherosclerosis. The death was ruled a suicide.

Deputy sheriffs Wahl, Reiter and Joe Jaremko were notified and attended the scene of death.

HISTORY:

This case was reported to the Coroner's Office by Deaconess Hospital at 8:45 a.m., October 19, 1958.

On September 27, 1958, the deceased fell in her home in some manner, incurring a fracture of the right femur. She was removed to Deaconess Hospital, being admitted the same day.

An internal fixation of the fractured right femur was done on October 2, 1958. The hospital course was progressively downhill, and the deceased expired at 7:40 a.m., October 19th.

At 11:00 a.m., October 19th, an autopsy was performed at the Deaconess Hospital on the deceased. This revealed pulmonary embolus; thrombosis of right femoral vein;

ANNA B. ANDERSON - continued

intertrochanteric fracture of right femur; and gangrene of colon due to obstruction from adhesions.

Survivors of the decedent include a daughter, Mrs. Palmer Olson, Tigard, Oregon; one son, Marvin, Minneapolis; 5 grandchildren; sister, Emma Thompson, Blair, Wis.; and 4 brothers, Victor and Melvin Thompson, Blair, Wis., Arthur, Detroit, Michigan, and Guilford Thompson, Cleveland, Ohio.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 4:30 p.m., October 19, 1958.

On the afternoon of October 19, 1958, the deceased was visiting at the home of his daughter, Mrs. Alvis Saterlee. The deceased had only been at his daughter's about 15 minutes when he suddenly slumped over on chair, becoming unresponsive.

A Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival, the ambulance physician pronounced the deceased dead, death apparently occurring about 3:45 p.m.

It was stated, the deceased has history of two previous strokes. He has had no medical care during the past 18 months according to daughter.

LEROY A. FISH - continued

A deputy coroner went to the scene and viewed the body. Deceased found sitting in kitchen chair, fully clothed. There was no rigor and no indication of other than natural death. Remains were released directly to a mortuary and death was attributed to arteriosclerotic heart disease; generalized arteriosclerosis being a contributing factor.

Police officers Kolars and Hagstrom of squad 118 and Porter and Heinrichs of squad 132 were notified and attended the scene of death.

Survivors of the decedent include his wife, Leona; 4 sons, Earl, David, James and Dan; 5 daughters, Mrs. Pearl Harmon, Mrs. Vivian Satterlee, Mrs. Ruth Spence, Mrs. Margaret Hendrickson, and Mrs. Donna Christensen; 30 grandchildren; brothers, Leslie and Edward; sisters, Mrs. Pearl Johnson, all of Minneapolis, and Mrs. Minnie Hartsook of St. Paul.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 6:00 p.m., October 19, 1958.

On the afternoon of October 19, 1958, the deceased and three companions, Claudia Peterson, age 23, 709 S. E. Eighth Avenue, Vaughn Uhr, age 21, Swea City, Iowa, and Keith Kelsey, age 23, 1243 Roma Street, Roseville, were riding in a 17 foot boat powered by a 35 horsepower outboard motor. The boat was owned and operated by Keith Kelsey.

They had traveled down the Mississippi river to the Lake Street bridge and the Fort Snelling locks and had returned upriver. As they approached the Northern States Power Company's spillway about 5:00 p.m., their motor stalled. Apparently, they were caught in the current and although they attempted to paddle, the boat overturned.

MARLENE I. VARONYAK - continued

The deceased was pulled from the water approximately 200 yards downriver from site where boat overturned by Officer John Lesterson of Minneapolis. He thought there might be some life left when he saw her. It looked as if she might have been trying to float. Fire department rescue workers and a General Hospital doctor were unable to revive her.

Miss Peterson, who related the events leading up to this accident, was able to swim into shore although she stated that she had a difficult time getting out of the undercurrent and it took her some time to swim into shore because the water was so cold.

Bodies of the two men, Vaughn Uhr and Keith Kelsey, have not yet been recovered.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying on east bank near 10th Avenue Southeast, fully clothed, with foam coming from mouth. Remains were removed to the Hennepin County Morgue and death was ascribed to anoxia due to drowning.

Police officers John Lesterson and Robert Lyons of squad 123 were notified and conducted the initial investigation.

Only survivor known to the Coroner's Office is the decedent's father, Edward Varonyak Of Upsala, Minnesota.

Veteran Yes ~~No~~ 1951-58

HISTORY:

This case was reported to the Coroner's Office by Minneapolis General Hospital at 10:45 p.m., October 19, 1958.

On the evening of October 19, 1958, the deceased was being brought to Minneapolis General Hospital via ambulance with stab wounds in right side of chest, however, he expired en route, death occurring at 10:20 p.m. Dr. Leslie Jacobson of General Hospital was the ambulance physician called to the scene of the stabbing.

Remains were removed to Hennepin County Morgue where an autopsy was performed on the following day, October 20. This revealed massive hemothorax and hemopericardium due to stab wound in right ventricle of heart. The death was ruled a homicide.

According to a statement made by Willie Hammick, 1129 Emerson Avenue North, nephew of the deceased, he and the deceased became involved in a fight outside the Northside Inn, 543

JOE LEE HAMMICK - continued

Olson Highway, on the evening of October 19, 1958, which began just as they were leaving the Inn. He stated that as he walked out with the deceased, two men came up and one struck him over the head with a club and the other cut him near the first joint of his thumb. After he fell, he states one of the men went after the deceased with a knife. Willie denied using a knife but later said he had one.

Willie Hammick was also brought to Minneapolis General Hospital. His thumb required stitches; x-rays of his head revealed a skull fracture.

An Albert Eskridge of 719 Bradford, who was present when fight broke out, stated he had seen a man, known as John Vincent, Jr., 4118 Third Avenue South, strike Willie Hammick with a club. With John Vincent, Jr. were three companions, identified as his nephew, Otis Vincent, Nathaniel J. Williams, age 23, and Jimmy Tall, 3712-Second Avenue South.

Another version of the fight was told by John Vincent, Jr., who stated that he and his companions were standing outside the Northside Inn when Willie Hammick came along, grabbed a girl who was talking to Vincent's friends, slapped her and pushed her. Then Hammick turned to Vincent and added, "You look like you don't like it." Vincent stated he saw Hammick come at him with a knife and told one of his companions to get a billy club from his car. The two men went at each other with knife and club, then Willie Hammick entered the Inn and came back outside with his uncle, the deceased. The fight resumed with the deceased (Joe Hammick) standing behind Vincent trying to keep him from swinging his club. Vincent was slashed on the side of neck.

After a Grand Jury hearing, an indictment was issued charging Willie Hammick, age 21, with manslaughter in the second degree.

Police officers Mudge and Smith of squad 119, Detectives Lutsey and Kohler, Short and Reiman, Cronstrom and Stenberg investigated this case.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 9:45 a.m., October 20, 1958.

The facts surrounding this death are identical with those of the preceding case, Marlene I. Varonyak, Case No. 944, with the following exceptions:

Body of deceased was recovered from the Mississippi River at 6th Avenue Southeast and the river at about 9:35 a.m., October 20, 1958. A cousin of deceased came to the scene to identify the body.

Upon being notified, a deputy coroner viewed the body on the river bank. There was no indication of other than natural death. Remains were removed to the Hennepin County Morgue and death was attributed to asphyxia due to drowning and ruled accidental.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 12:40 p.m., October 20, 1958.

On October 20, 1958, a foul odor was noticed throughout the third floor of the above address. Upon investigation, the odor was found to be exuding from the decedent's room. The landlady, Mrs. L. P. Webber, notified the police, Officers Hagstrom and Gardner of squad 118 responding.

Upon entry, the deceased was found lying on floor of his apartment, fully clothed. Body was in an advanced stage of decomposition. A gas plate burner was found lighted and the room was very warm.

MAUNO S. KUUSISTO - continued

It was stated, the deceased has been known to have a heart condition for several years and was last seen at the Minneapolis General Hospital out-patient clinic on October 11, 1954. He had been a patient in the hospital for a coronary condition in January of 1954. A Doctor R. Swanson has also treated the deceased.

Mrs. L. P. Webber, the landlady, stated she had been in the deceased's room on October 16, at which time the room was empty, therefore, death apparently occurred after that date. Mr. Leland Becklin of Apartment 12 had talked with the deceased one week ago, he stated.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying on apartment floor with considerable dark, bloody fluid on floor which had apparently flowed from nose and mouth. Body was severely swollen and discolored. Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 2:00 p.m., October 20, 1958.

On the afternoon of October 20, 1958, the deceased was preparing to hang storm windows at his residence. He was supposedly at the bottom of an outside stairway when he evidently suffered a heart attack and collapsed to the ground, pulling a storm window on top of him. Deceased called to his wife, Eunice, apparently at the time he collapsed. She was the first to find him.

A Minneapolis General Hospital ambulance was summoned to the scene, however, the deceased expired before its arrival, death apparently occurring about 1:45 p.m. The ambulance physician, Doctor Larson, confirmed his death.

Deceased has history of a heart attack several years ago and of a second attack on

EDWARD R. BAZINET - continued

October 31, 1957 when he was taken to Minneapolis General Hospital for treatment. He was last seen in the Hospital's out-patient clinic on September 9, 1958.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying on ground, clothed in street clothes. There was no indication of other than natural death. Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

Police officers E. Gunderson and K. Johnson of squad 132 were notified and attended the scene of death.

Survivors of the decedent include his wife, Eunice; 3 daughters and 1 son.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 4:10 p.m., October 20, 1958.

On the afternoon of October 20, 1958, the deceased complained of feeling ill and went to lie down. His wife, Irene Braxton, summoned a Minneapolis General Hospital ambulance and the rescue squad, however, the deceased expired before their arrival, death apparently occurring about 3:50 p.m.

Deceased has history of several strokes and a heart condition. He has also had his left leg amputated just above the knee. He has been a patient in Veterans Hospital and recently has been under the care of the Fort Snelling Out-Patient Department, having last been seen there on October 1st, 1958.

FELIX BRAXTON - continued

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying on bed, dressed in street clothes. Body was cool but there was no rigor noted. Remains were released directly to a mortuary and death was attributed to arteriosclerotic heart disease.

Police officers C. E. Johnson and R. Rauner of squad 151 were notified and attended the scene of death.

Survivors of the decedent include his wife, Irene; two brothers, Edward and Amos.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 7:55 p.m., October 20, 1958.

About 5:00 p.m., October 20, 1958, the deceased was observed raking leaves in his yard by several neighbors. Later that evening, at approximately 7:15 p.m., some children looked in the deceased's front window and noted the deceased lying motionless on the davenport. They informed a neighbor, Mr. Turner, living at 2935 Columbus, that the deceased appeared to be dead and Mr. Turner investigated and found deceased dead on living room couch at 7:15 p.m.

Upon being notified, a deputy coroner went to the residence and viewed the body. Deceased found lying on couch, dressed in street clothes. There were no unusual markings. Body was slight warm and there was no rigor noted. Remains were released directly to a mortuary and death was attributed to arteriosclerotic heart disease.

ELMER F. PINCREE - continued

Police officers C. E. Johnson and R. Rauner of squad 151 were notified and attended the scene of death.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 9:10 p.m., October 21, 1958.

A Mrs. Richard William of 3004 - 33rd Avenue Northeast, states she came to visit the deceased on the evening of October 20, 1958 but received no response. She returned again on the evening of October 21st. When she received no answer to her knock, she contacted the landlady, Mary Cloutier, who looked over the transom, using a ladder. Deceased was found dead in bed at 8:30 p.m.

According to Mrs. Williams, she had last seen the deceased alive on October 16th, however, the landlady stated she had checked on the deceased on Monday morning and he was not in his room at that time.

CHARLES H. JOHNSON - continued

There is history of a heart condition and deceased has been under the care of Doctor P. C. Engelhart.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying on bed. Body was cold and rigor was absent. Right hand and mucous membranes noted to be dry. There was vomitus on bed. Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

Police officers Blanche and Rising of squad 125 were notified and attended the scene of death.

HISTORY:

This case was reported to the Coroner's Office by Minneapolis General Hospital at 6:30 p.m., October 21, 1958.

About 7:30 a.m., October 20, 1958, the deceased was riding on the Milwaukee Railroad tracks in a railroad patrol car, No. 6718, which was operated by John Silva, 754 E. Seventh Street, St. Paul. At the intersection of the Milwaukee Railroad tracks and University Avenue Southeast, they were struck by a 1950 Plymouth sedan, bearing 1958 Minnesota license No. 5N 5998, driven by William D. Mitchell, 2316 Zenith Avenue North.

The Mitchell car was traveling east on University Avenue Southeast and reportedly went through the railroad signals, striking the motorized handcart which was northbound on the Milwaukee tracks.

Deceased, serously injured, was removed by ambulance to Minneapolis General Hospital,

HIGENO PACHECO - continued

being admitted at 7:57 a.m., October 20th, in a comatose condition. Bilateral trephining and a tracheotomy were done on October 21st. He expired at 6:00 p.m., October 21st, without regaining consciousness.

An autopsy was performed at the hospital on the date of death. This revealed diffuse subdural and subarachnoid hemorrhage; severe brain damage, right cerebellum; and basal skull fracture.

Police officer R. Lindman was notified and attended the scene of accident.

HISTORY:

This case was reported to the Coroner's Office by Doctor Chadbourn of St. Andrews Hospital at 9:45 a.m., October 22, 1958.

On October 16, 1958, the deceased fell on the floor in his home. Following his fall, the deceased complained of chest and back pain. He was admitted to St. Andrews Hospital on October 17th and placed under the care of Doctor R. J. Havel. X-rays of ribs and spine showed no fractures.

Deceased developed abdominal distension and apparent ileus on October 21, 1958 and expired, death occurring at 10:03 p.m.

An autopsy was performed at the Buchinger-Gearhart Mortuary at 10:00 a.m., October 22nd. This revealed compression fracture of 9th thoracic vertebra with perivertebral and posterior mediastinal hemorrhage and paralytic ileus; coronary sclerosis; encephalomalacia

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 8:05 a.m., October 22nd, 1958.

Tenants across the hall from deceased noted the lights on and had heard the television all night in the deceased's apartment. Being aware of her physical condition, they notified the owner of building, Ralph Hafner, 2433 Dupont Avenue South. Upon investigation, the deceased was found dead in her apartment at 7:20 a.m., October 22nd, 1958.

Sister of deceased, Mrs. Rose Webster, 7509 Upton Avenue South, had talked with the deceased by telephone on the afternoon of October 21st.

The deceased has been under the care of Minneapolis General Hospital for mitral insufficiency and had last been seen in the out-patient department on September 30, 1958.

MARY M. BALL - continued

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found slumped in chair. An empty cup with dried remains of coffee was nearby. Body was cold and in rigor. There was no indication of other than natural death. Remains were removed to the Hennepin County Morgue and death was attributed to inactive valvulitis with mitral insufficiency due to old rheumatic heart disease.

Police officers Kunitz and Brooks of squad 151 were notified and attended the scene of death.

Survivors of the decedent include two sisters, Mrs. Kenneth Webster, Minneapolis, and Mrs. Newton Berry, Fredricks, Wis.; brothers, Edward, Mayor, Minn., Stephen and Roy, Webster, Wis.; Rudolph, S. Pasadena, Calif., and Michael Schmidt, Minneapolis.

HISTORY:

This case was reported to the Coroner's Office by the Police Department 10:52 a.m., October 22, 1958.

The deceased has a long record of observation and treatment in Minneapolis General Hospital, going back as far as 1942. In recent years - 1956, 1957 and 1958, repeated heart studies are indicative of severe arteriosclerotic heart disease.

Dorothy Williams, a visiting nurse from the Public Health Department, went to check on the deceased on October 22nd and was unable to arouse any response. After failing to gain admittance at this time and also on two preceding days, October 20th and 21st, she notified the police, Officers Stolp and Davis of squad 144 responding.

Upon entry, the deceased was found dead in her apartment at 10:35 a.m., October 22nd.

HATTIE BLUMENTHAL - continued

Examination of the body indicated this was a natural death. Deceased found lying on bed on back, clothed in nightgown. Advanced marbling of body noted. Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 5:20 p.m., October 22, 1958.

At approximately 4:30 p.m., October 22, 1958, the deceased was found seated on the porch of her home by her sister, Mrs. Martin, who lived with the decedent. It was customary for the deceased to come out on the porch every day and meet Mrs. Martin upon her return from work at this time of day. Thus, it was assumed that she had done the same thing on the day in question, then probably became ill and sat down on the porch and expired. The body was warm when Mrs. Martin arrived at the scene.

According to family, the deceased has been under the care of Doc tor Richard R. Cranmer for the past several years, however, Dr. Cranmer had not seen Mrs. Stevens for a period of about three months.

ISABELLE M. STEVENS - continued

Doctor Cranmer states he has attended the deceased for a period of more than 10 years. She has complained of angina pains since 1942 and nitroglycerine tablets had been prescribed. Electrocardiograms taken in 1942, 1951 and 1955 all showed left ventricular strain. Moderate hypertension has been noted over the last 8 years.

A deputy coroner viewed the body. There was no indication of other than natural death. Remains were released directly to a mortuary and death was attributed to arteriosclerotic heart disease; hypertensive cardiovascular disease being a contributing factor.

Survivors of the decedent include three sisters, Mrs. Alta Martin, Minneapolis, Mrs. J. A. Ingram of Sioux City, Iowa, and Mrs. Dale Meacham of Yakima, Washington; a brother, W. E. Huffman, Sioux City, Iowa; a niece, Miss Lucille Martin of Minneapolis; and a nephew, Earl S. Martin, Culver City, Calif.

HISTORY:

This case was reported to the Coroner's Office by Minneapolis General Hospital at 5:00 p.m., October 22, 1958.

While staying at the Andrews Hotel on October 22, 1958, the deceased became critically ill, and a Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival, Doctor Fein, the ambulance physician found the deceased in bed in a slightly cyanotic condition, dyspneic, and with chest full of rales. He denied having any pain. Deceased was placed in the ambulance, however, he expired en route to Minneapolis General Hospital, death occurring at 4:50 p.m.

It was stated, the deceased has history of surgery at the Mayo Clinic in June or July of 1958 for painful condition of neck and arms due to some pressure on the nerves. He also has history of high blood pressure.

LESTER E. LARSEN - continued

Remains were removed to the Hennepin County Morgue where an autopsy was performed on October 23rd. This revealed severe, acute pulmonary edema; hypertensive cardiovascular disease; generalized arteriosclerosis and cardiomeglia.

HISTORY:

This case was reported to the Coroner's Office by Minneapolis General Hospital at 12:50 p.m., October 23, 1958.

Deceased has history of alcoholism and had been under the treatment in Glenwood Hills Hospital recently for this condition. For the past few days, it was stated, the deceased had been drinking "canned heat" alcohol and became critically ill. He was admitted to Minneapolis General Hospital at 11:08 a.m., October 23, 1958.

On the date of admission, the deceased expired, death occurring at 12:35 p.m.

An autopsy was performed at the hospital on the date of death. This revealed that death was due to methyl poisoning due to ingestion of Sterno. The death was ruled accidental.

RAY GOLDEN - continued

Only survivor of the deceased known to the Coroner's Office is a sister, Mrs. Evelyn Miller of Sioux Falls, South Dakota. He reportedly is also survived by a wife, June Golden, and 5 children, all living in Baltimore, Maryland.

HISTORY:

This case was reported to the Coroner's Office by Doctor D. T. Stromgren at 1:10 p.m., October 23, 1958.

While visiting with a Mr. Ed Chase of 427 Cedar Avenue, the deceased suddenly collapsed in his home, becoming unresponsive. Doctor D. T. Stromgren was summoned to the residence. Upon arrival at 12:35 p.m., October 23, 1958, the physician pronounced the deceased dead.

According to Doctor Stromgren, the deceased has history of Parkinson's disease and a heart condition. He has treated the deceased over a period of time, however, he has not seen the deceased during the past year.

Upon being notified, a deputy coroner went to the residence and viewed the body. Deceased found lying on bed on right side. There was no indication of other than natural death.

FRED J. WADE - continued

Remains were released directly to a mortuary and death was attributed to cardiac failure; coronary sclerosis and Parkinson's disease.

It was stated, the deceased had been seen by Doctors R. M. Malone and Edward L. Wallick, Chiropractors, 711 W. Lake, on the day preceding death, October 22nd.

HISTORY:

This case was reported to the Coroner's Office by the St. Louis Park Police Department at 6:30 p.m., October 23, 1958.

On October 23, 1958, the deceased became critically ill in his home. Doctor W. L. Jefferies was summoned to the residence, however, the deceased expired before his arrival, death apparently occurring about 5:45 p.m.

Mrs. Nellie Woollen, wife of deceased, has been a paraplegic for the past ten years and has been in a wheel chair most of the time. He was able, however, to get about the house with use of canes. For several days, he had been complaining of not feeling well and did not sleep well on the night preceding his death. He had complained of pain following a meal quite frequently and she had noted he often had flushed face when in discomfort. There was no definite complaint of pain in chest or arms but wife states he was not one who complained very often.

FRANK MERRILL WOOLLEN - continued

It was stated, the deceased has been a patient in Veterans Hospital, Minneapolis, from March 18th to October 14, 1958 where a lumbosacral myelotomy was done. There was also a transurethral resection of the prostate, bilateral. Electrocardiogram while at Veterans Hospital appeared to be normal.

Police officers Markuson and Wally Homer of St. Louis Park were notified and attended the scene of death.

Survivors of the decedent include his wife, Nellie; son, Richard; 2 grandchildren; sister, Mrs. Vivian Kuhl.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 12:25 p.m., October 24, 1958.

On the morning of October 24, 1958, the deceased was working on his car in the backyard of his residence. While changing the oil, he entered the garage and apparently suffered a heart attack, collapsing and expiring.

John Larson, son of the deceased, found his father dead on the floor of garage when he called him for lunch at 12 o'clock, noon, October 24th.

It was stated, the deceased has history of a heart condition and had been treated for several years in the University Hospitals out-patient department. He had also been admitted to that same hospital for study during 1956. He was last seen in the out-patient department on August 29, 1958.

LOUIS ALFRED LARSON - continued

A deputy coroner went to the scene and viewed the body. Deceased found lying on floor of garage, clothed in overalls. Body was warm and no rigor was evident. Remains were released directly to a mortuary and death was attributed to arteriosclerotic heart disease.

Police officers Marx and Myring of squad 164 were notified and attended the scene of death.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 8:20 p.m., October 24, 1958.

It was stated, the deceased has been ailing for the past seven or eight years and has been doctoring more or less continuously. For the past three years, she has been under the care of Doctor Wayne Hagen.

Her daughter, Miss Margaret Nelson, found the deceased lying partially out of bed on the evening of October 24, 1958. A Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival of Doctor Schloff, the ambulance physician, the deceased was still breathing slightly but expired shortly thereafter, death occurring at 8:12 p.m.

A deputy coroner went to the scene and viewed the body. Deceased found lying in bed,

MARGARET A. NELSON - continued

clothed in a nightgown. Body was warm and there was no rigor. About 2 days preceding death, the deceased had a refill on a nembutal prescription for 50 capsules, 1½ gr. Only 16 capsules were found in box at time of death, therefore an autopsy was ordered.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on October 25. Death was ascribed to lobar pneumonia.

Police officers Hitchens and Ubel were notified and attended the scene of death.

HISTORY:

This case was reported to the Coroner's Office by the Sheriff's Office at 10:30 p.m., October 24, 1958.

On the evening of October 24, 1958, the deceased and his wife entered the ballroom at Medina Lanes and Ballroom and started to waltz. About five minutes later, the deceased suddenly collapsed to the floor, becoming unresponsive. He expired within a few minutes and before the arrival of a physician, death apparently occurring about 9:50 p.m.

Leo Klaers, son of deceased, was also at the dance hall and stated his father was not known to have a heart condition and had last been seen by the family physician, Doctor P. J. Guilfoile of Delano, about one year ago.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased

WILLIAM J. KLAERS - continued

found lying on floor of a rear room in the dance hall, fully clothed. Body was warm and there was no rigor evident. Remains were removed to the Hennepin County Morgue.

An autopsy was performed at the morgue on October 25th. Death was ascribed to arteriosclerotic heart disease.

Deputy sheriffs Owens and Hagstrom were notified and attended the scene of death.

Survivors of the decedent include his wife, Eva; sons, Douglas and Leo; daughter, Marlene; 2 grandchildren; also 5 sisters and 3 brothers.

HISTORY:

This case was reported to the Coroner's Office by Mrs. Ames of the Homstead Rest Home at 11:15 p.m., October 24, 1958.

It was stated, the deceased was admitted to the above nursing home on October 17, 1958 from his own home. On admission, the deceased was very weak but mentally alert. He was essentially skin and bones and incontinent for most of his stay. He expired at 10:52 p.m., October 24. His sister, Miss Viola Graves, was present at the time of death.

Apparently the deceased had been under the care of Doctor Earl F. Seeliger, a chiropractor, prior to admission to the nursing home, however, Dr. Seeliger never saw the deceased after his admission to the home. At one time, the deceased had been treated by Doctor Y. T. Johnson.

Upon being notified, a deputy coroner went to the rest home and viewed the body. Deceased

CLARENCE GRAVES - continued

was found lying in bed, clothed in a hospital gown. There was no indication of other than natural death. Remains were released directly to a mortuary and death was attributed to arteriosclerotic heart disease.

HISTORY:

This case was reported to the Coroner's Office by Doctor Wallace Anderson at 8:35 a.m., October 25, 1958.

The deceased, who lives with a daughter and son-in-law, became ill on Thursday, October 23, 1958. She complained of vague muscular pains, some headache, vomiting, and an increased temperature was noted. On October 24th, onset of diarrhea was noted.

Daughter states the deceased retired about 9:00 p.m. on the evening preceding her death. When she entered the following morning, October 25th, at 7:30 a.m., to check on the deceased, she found her lying on bed, fully clothed, and cold.

Doctor Wallace Anderson was summoned to the residence and confirmed the woman's death.

ETHEL A. SNODGRASS - continued

According to daughter, the deceased had been enjoying good health prior to this episode.

A deputy coroner viewed the body at the residence. Deceased found lying on back, fully clothed, and partially covered by blanket. Eyes and mouth were open; body was cold and in full rigor. There was no cyanosis noted.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on October 24. This revealed that death was due to bronchopneumonia, bilateral.

Survivors of the decedent include two daughters, Mrs. Donna Hassler, Iron Mountain, Michigan, and Mrs. Melba Lundquist of Minneapolis; sons, Master Sgt. Vincent V., Pease Airport Base, Portsmouth, N. H. and Richard H., Minneapolis; 14 grandchildren; sisters, Mrs. Elaine Hestbeck, Miss Margaret Carlson; brothers, Gerhardt and Lester Carlson, all of Minneapolis.

HISTORY:

This case was reported to the Coroner's Office by Mrs. Fisher, Supervisor of the Oak Grove Rest Home, at 4:20 p.m., October 26, 1958.

On October 14, 1958, the deceased fell out of bed at the Best Rest Home in Hopkins, it was stated. She bruised her nose, blackened both eyes, and fractured the first four ribs on the left.

Deceased was removed to Asbury Hospital following the fall and placed under the care of Doctor Kenath Sponsel. She remained at the hospital for one week and was then transferred to the Oak Grove Rest Home on October 20th for convalescent care.

At time of transfer, the deceased was a bed patient, very senile and not coherent. While lying in bed on the afternoon of October 26, the deceased expired suddenly, death occurring at 2:00 p.m.

ELLA GERTRUDE THOMPSON - continued

Remains were removed to the Hennepin County Morgue where an autopsy was performed on October 27th. In the opinion of the pathologist, it was deemed advisable to await completion of the microscopic examination.

HISTORY:

This case was reported to the Coroner's Office by Welander Quist's West Chapel at 8:20 a.m., October 27, 1958.

According to the deceased's wife, Mrs. Alma Abrahamson, the deceased was sitting in bed, called to her that he had severe pains in his chest and felt ill. It was very unusual for him to complain, she stated. She went to him immediately, but he suddenly collapsed and expired, death occurring at 8:00 a.m., October 27, 1958.

The deceased has been under the care of Doctor G. L. Rudell, however, Doctor Rudell had not attended him for some time.

Upon being notified, a deputy coroner went to the scene and viewed the body. There was no indication of other than natural death. Remains were released directly to a mortuary and death was attributed to arteriosclerotic heart disease.

EMIL OTTO ABRAHAMSON - continued

Survivors of the decedent include his wife, Alma T.; daughter, Mrs. Edward Harris, Minneapolis; brother, Henry, St. Paul.

HISTORY:

This case was reported to the Coroner's Office by Doctor C. J. Martinson at 1:50 p.m., October 27, 1958.

According to the deceased's mother, Mrs. Peter Olson, she had gone to the mail box on the afternoon of October 27, 1958, returning at 1:30 p.m. When she entered the house, the deceased was not around but she heard an odd rattling sound so called to him but received no answer, therefore, she investigated. She found him lying beside his bed with a gun between his legs, a .22 caliber rifle, and there was blood on his shirt.

Doctor C. J. Martinson was summoned to the residence. Upon his arrival, the deceased was found to have expired.

A brother-in-law of deceased, Mr. E. C. Rendahl, stated the deceased had appeared very

OSCAR E. OLSON - continued

depressed when he talked with him on October 24th and had expressed ideas that people were after him, and so forth. Deceased has history of having been withdrawn for the past 23 years. At one time, he was a patient at Glenwood Hills Hospital. He was also known to have attempted suicide with a .22 rifle on a prior occasion a number of years ago.

Upon being notified, a deputy coroner went to the residence and viewed the body. Deceased found lying on floor beside bed on room on northeast corner of two story frame house, clothed in pants and shirt, shoes and stockings. A .22 caliber semi-automatic tubular magazine "Ranger" rifle lay between his legs. There were powder burns about the wound of entrance which was 3/4" to left of midsternal line over 5th sternocostal junction. Wound of exit noted 2-1/2" to left of midvertebral line at level of inferior angle of scapula. Remains were removed to the Hennepin County Morgue and death was attributed to penetrating wound of chest chest due to gunshot. The death was ruled a suicide.

Survivors of the decedent include two sons, Oscar, Jr. and Dale; daughter, Karin, and mother, Karin Olson.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 3:00 p.m., October 27, 1958.

On the afternoon of October 27, 1958, the deceased had walked to the home of her sister and brother-in-law, Mr. and Mrs. Herman Behm, 2611 Central Avenue Northeast, to visit. Shortly after she entered their home, she fell while moving a chair, striking her head on a bookcase and becoming unconscious.

A Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival, Doctor Roger, the ambulance physician, pronounced the deceased dead on arrival, death apparently occurring about 2:45 p.m.

It was stated, the deceased has been under the care of Minneapolis General Hospital and their records indicate deceased was a patient there from December 27, 1957 to January 18,

LEAH KIRWAN - continued

1958 at which time their was a diagnosis of arteriosclerotic heart disease, diabetes mellitus and chronic lymphatic leukemia.

A deputy coroner viewed the body and found no indication of other than natural death. Remains were removed to the Hennepin County Morgue.

Police officers Jaroscak and Greeley of squad 124 were notified and attended the scene of death.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 7:20 p.m., October 27, 1958.

According to Joe Hammer, 2806-12th Avenue South, a lifelong friend of the deceased, the deceased lived alone in upstairs unit at above address. He had seen the deceased on Saturday evening, October 25th. On Sunday, October 26, 1958, he went to visit the deceased and was unable to get any response. The police were notified, Officers Alford and Brink of squad 164 responding.

Entry was forced and the deceased was found dead in bed at 6:45 p.m., October 27.

Mrs. Alice Bernhard, who lives downstairs, states she heard the deceased moving about upstairs about 11:30 p.m., October 25th, but had not heard the deceased since that time. It was Mrs. Bernhard who notified the police.

GEORGE CHURLEK - continued

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying on bed, clothed in heavy underwear and stockings. Remains were swollen and some blistering was present. There was no indication of other than natural death. Body was removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

In July of 1956, the deceased was seen at the Bloomington Clinic for cancer of skin. Apparently he was in Deaconess Hospital about that time, presumably for excision of the growth.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 11:59 p.m., October 27, 1958.

According to Donald Selvig, Yardmaster for Great Northern Union Yard 5724 Logan Avenue South, at approximately 11:20 p.m., October 27, 1958, a man came in door of yard office and stated that a man was lying hurt up the track. He rushed to the scene and found man still alive and attempting to rise to a sitting position. The injured man tried to say something and then flopped back to ground again. He returned to the yard office and summoned an ambulance and on his return the deceased did not appear to be alive.

Upon arrival of Doctor Winter, the Minneapolis General Hospital ambulance physician, the deceased was pronounced dead.

Mr. Selvig has no knowledge of how the deceased was injured nor how the deceased got to

HENRY O. HALTLI - continued

the area where he was lying. Glasses and cap, apparently belonging to deceased, were discovered beside rail of tracks south of body and about 10 feet west of him. Some blood was noted on tracks.

The track beside which he was found was used exclusively for switching engines, it was stated. Five diesels had been lined up at this point prior to the accident.

A deputy coroner went to the scene and viewed the body. Deceased found lying by tracks, fully clothed. Shaving utensils and a bar of soap found in his pockets, as well as a social security cardand discharge certificate blank from the Jamestown State Hospital, Jamestown, N. Dakota. Considerable subcutaneous emphysema palpable over right chest and upper anterior left chest with palpable fractures of ribs and upper sternum and marked depression of lower sternum. There were abrasions, contusions and laceration of scalp noted; also abrasions of right knee and left shin. No indication of other than accidental death.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on October 29th. This revealed that death was due to crushing injury of chest; multiple rib fractures; severe atelectasis; and fractureof pelvis, multiple.

Police officers Arneson and Lesterson of squad 123 were notified and attended the scene of accident.

Only survivors known to the Coroner's Office are a sister, Mrs. Ida Newton, Minneapolis, and a niece, Marion Fritte, Spring Park, Minn. Deceased is also survived by a brother, living at Fosston, Minn.

HISTORY:

This case was reported to the Coroner's Office by the Sheriff's Office at 4:00 a.m., October 28, 1958.

On October 10, 1958, the deceased was in an accident at his place of employment, the Jacobson Machine Works, Hennepin Ave. and Johnson St., at which time he sustained two crushed fingers while lifting a piece of iron. He was attended by Doctor L. S. Arling of the Northwest Industrial Clinic.

Later the same month, October 23rd, the deceased underwent surgery for repair of a rupture at Swedish Hospital, returning home from the hospital on Sunday, October 26th.

Deceased expired suddenly at 3:00 a.m., October 28, 1958.

SYDNEY G. HALL - continued

An autopsy was performed at the Billman Hunt Chapel on the date of death. This revealed severe coronary sclerosis; the anterior descending and right descending arteries were practically closed. Hernia was noted to be well healed and there was no embolism.

HISTORY:

This case was reported to the Coroner's Office by the Werness Brothers Chapel at 11:25 a.m., October 28, 1958.

A retired fireman, who lived at the Jarstad residence, found the deceased gasping for breath and summoned Doctor H. B. Kadesky to the residence, however, the deceased expired before his arrival at 8:00 a.m., October 28, 1958.

Deceased has history of having been seen by Doctors F. M. Walsh and L. D. Harris in 1957 with a diagnosis of cataracts and much brain damage due to several small strokes.

Upon being notified, a deputy coroner went to the residence and viewed the body. There was no indication of other than natural death. Remains were released directly to a mortuary and death was attributed to cerebral hemorrhage.

DOROTHEA A. JARSTAD - continued

Survivors of the decedent include two sisters, Miss Maude Harpel and Mrs. Myrtle Curtis, both of Toronto, Canada.

HISTORY:

This case was reported to the Coroner's Office by Doctor D. H. Correa at 1:00 p.m., October 28, 1958.

According to the deceased's wife, Mrs. Elaine Borreson, the deceased had returned home on the afternoon of October 27, 1958 and told her he had experienced a severe attack of pain in chest and down his left arm with a feeling of choking and pain.

She further states that they had returned about 12:30 a.m., October 28th, sleeping in the same room but in separate beds. When she awakened the following morning at 6:00 a.m., she spoke to the deceased and he did not respond. She went to him and found him apparently lifeless. Doctor D. H. Correa was summoned to the residence.

Doctor Correa states he saw the deceased about 10 days ago when the deceased was complaining of chest pain and fatigue. An electrocardiogram at that time indicated a right bundle block.

LOUIS J. BORRESON - continued

An autopsy was performed at the Welander Quist mortuary upon the request of Mrs. Borreson. This revealed thrombosis of the anterior descending coronary artery with myocardial infarction due to severe arteriosclerosis.

Survivors of the decedent include his wife, Elaine S.; daughters, Marion Borreson, Santa Monica, Calif., Mrs. Maren Risberg, Minneapolis; two sisters, Mrs. Louis McEachran, St. Paul, Mrs. Jeanne Pederson, Seattle, Washington; brother, Carl Borreson, St. Paul.

HISTORY:

This case was reported to the Coroner's office by the Bloomington Police Department at 3:25 p.m., October 28, 1958.

According to mother of deceased, Mrs. Helen Turner, she had put her daughter, the deceased, to bed at 1:00 p.m., October 28th, 1958. She had checked on her at 1:30 p.m. and found her all right at that time. At 2:30 p.m., she found the infant unresponsive and rushed the baby to the Oxboro Clinic, however, the child was cold at time of arrival. Doctor Arthur K. Larson pronounced the baby dead on arrival at Clinic.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on October 29th. This revealed that death was due to severe bilateral pulmonary edema due to early bronchopneumonia.

HISTORY:

This case was reported to the Coroner's Office by Mr. Roy Hunt of the Billman-Hunt Chapel at 5:00 p.m., October 28, 1958.

On the afternoon of October 28, 1958, a Doctor Sommers of the Elk River Clinic sent the deceased to Swedish Hospital to be cared for by Doctor P. J. Schultz. However, the deceased expired about 20 minutes after admission to the hospital, death occurring at 3:45 p.m. Doctor Schultz did not have an opportunity to see deceased prior to death.

Family of the deceased stated that deceased had history of a previous stroke and Doctor Sommers stated she had apparently suffered a second stroke. They did not desire an autopsy.

A deputy coroner viewed the body at the hospital and death was attributed to a cerebrovascular accident.

HISTORY:

This case was reported to the Coroner's Office by Doctor Donald C. Bell at 9:05 a.m., October 29, 1958.

The deceased complained of feeling ill on the morning of October 28, 1958, but went to his place of business as usual, it was stated. On his return home in the late afternoon, his condition was unchanged, therefore, he retired. Shortly thereafter, his condition became critical, cyanosis was noted and then deceased became unresponsive. Doctor Donald C. Bell was summoned to the residence. Upon arrival, he pronounced the deceased dead, death apparently occurring about 8:15 p.m.

An autopsy was performed at the Welander Quist mortuary on October 29. This revealed congestive heart disease; severe arteriosclerotic heart disease; and hypertensive cardiovascular disease.

HISTORY:

This case was reported to the Coroner's Office by Mr. James Pentz, an Olson ambulance driver, at 11:40 a.m., October 30, 1958.

On the morning of October 30, 1958, the deceased collapsed in the office of Doctor Sam Leonard after the physician administered an injection of Penicillin. An ambulance was summoned to the scene and the deceased was en route to Mount Sinai Hospital via ambulance when he suddenly expired, death occurring at 11:30 a.m., October 30th.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on the date of death. Death was attributed to anaphylactic shock following administration of Penicillin and was ruled an accident.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 5:40 p.m., October 31, 1958.

Mr. Charles Atchison, husband of deceased, states the deceased has been under the care of Minneapolis General Hospital. She has been complaining of her nerves and heartburn. He called attention to a bottle of "gelusil" which he states was prescribed by General Hospital one week ago. Deceased was feeling very poorly on the morning of October 31, 1958 and Mr. Atchison remained at home with her until noon. She complained of heartburn and nausea and vomited some black material several times. It was also stated, the deceased took 3 Carters Pills and some Peptobismol before he left for his place of employment.

On his return home about 5:00 p.m., he found the deceased lying on the bathroom floor on left side in an unresponsive condition and carried her to the bed where he attempted to revive her. A Minneapolis General Hospital ambulance was summoned to the scene. Upon

MARJORIE ANN ATCHISON - continued

arrival, the ambulance physician confirmed the woman's death.

A deputy coroner went to the residence and viewed the body. Some blackish material noted in commode and there were many medicine bottles and containers from General Hospital, including Equinal, Sparine, etc. Husband of deceased requested an autopsy.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on November 1st. This revealed general peritonitis due to perforated duodenal ulcer. Other findings were a gastric ulcer, pulmonary edema and atelectasis.

Police officers Benson and Nordmeyer of squad 118 were notified and attended the scene of death.

Survivors of the decedent include her husband, Charles L.; one son, Karl Heimburg, Newton, Iowa; daughter, Mrs. Kleo Hill, Mobile, Ala.; two granddaughters; brother, William Lidbeck, Salem, Oregon; and a sister, Kleo Yandell, Avendale, Arizona.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 9:00 p.m., October 31, 1958.

The deceased became critically ill on the evening of October 31, 1958 and a Minneapolis General Hospital ambulance was summoned to the scene, however, the deceased expired before its arrival, death occurring about 8:45 p.m.

Doctor Mark Karlen states he saw the deceased about a year and a half ago. He was called to the home by family because deceased was having severe abdominal pain. He states the deceased had had a history of gallbladder trouble and he recommended hospitalization, however, the deceased would not consider going anywhere but St. Mary's Hospital so he advised them to call St. Mary's to find out name of doctor on emergency and have him take her into hospital.

WINIFRED MARY WESTON - continued

A deputy coroner went to the scene and viewed the body. There was no indication of other than natural death. Remains were released directly to a mortuary and death was attributed to arteriosclerotic heart disease.

Police Officer Carl Johnson of squad 151 were notified and attended the scene of death.

Survivors of the decedent include two daughters, Mrs. C. W. Buell and Mrs. Margaret Service, both of Minneapolis; two sons, Sidney of Redwood City, Calif. and Philip of Sunnyvale, Calif.; 7 grandchildren and 10 great-grandchildren.

HISTORY:

This case was reported to the Coroner's Office by the Sheriff's Office at 9:13 p.m., October 31, 1958.

On October 31, 1958, at approximately 8:58 p.m., the deceased, who was alone in his car, a 1958 Oldsmobile, bearing 1958 Minnesota license No. 5P 4025, was driving east on County Road 15, apparently at a high rate of speed.

As he neared the west approach of the Arcola bridge, Minnetonka Beach Village, the car kept on the right side of the road and struck the bridge rail. There were no skid marks, it was stated. Death apparently was instantaneous for the deceased.

According to Deputies McLellan and Benver, the deceased was found lying, face down, on floor of car. Front seat of car was completely loose; steering wheel and column pushed forward and crumpled. Front end of car was completely wrecked. There were no witnesses

HARRY JOHN HART - continued

to the accident. A resident who heard the crash notified the Sheriff's Office.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on November 1st. This revealed massive hemothorax and peritoneum; multiple rib fractures; laceration of liver; moderate arteriosclerotic heart disease; fractures of mandible, vertebra T-1 and patella, bilateral.

Survivors of the decedent include his wife, Rosamond; one son, Peter W. and one brother, Dan F., both of Chicago; a sister, Mrs. Nell O'Brien of Minneapolis.

HISTORY:

This case was reported to the Coroner's Office by a Smith ambulance driver at 1:30 a.m., November 1, 1958.

At approximately 11:27 p.m., October 31, 1958, the deceased was fatally injured when the car in which he was a passenger, a 1950 Chevrolet, bearing 1958 Minnesota license No. MW 8786, driven by Bruce A. Ross, Route #5, Excelsior, went out of control on a curve and down a 12 foot embankment on County Road No. 5 in Deephaven Village.

It was stated, the vehicle traveled approximately 50 feet after leaving the shoulder and then plunged over the embankment. There were no skid marks of any kind to indicate speed of vehicle. Three witness who were approximately 300 feet from the car when accident occurred stated there was no other car in sight according to a Deephaven officer.

DALE JAMES JOHNSEN - continued

Deceased expired in ambulance en route to Abbott Hospital, death occurring at 12:15 a.m., November 1st.

Bruce A. Ross, age 16, Route #5, Excelsior, Minnesota, was taken to Abbott Hospital where his condition was reported as critical. Two other passengers, Curtis J. Black, age 16, R#4, Wayzata, admitted to Deaconess Hospital, and Jim N. Kraft, age 16, R#3, Excelsior, admitted to Abbott Hospital, were less seriously injured. The boys had been to the Minnetonka High School on State Highway No. 7, it was stated, and were returning home.

An autopsy was performed on the deceased at the Hennepin County Morgue on date of death. This revealed exsanguination into pleural cavities due to rupture of aorta. Other findings were fractures of right clavicle, multiple rib fractures, and fractured skull.

Officers R. L. Sullivan and H. R. Drobny of Deephaven were notified and attended the scene of accident.

Survivors of the decedent include his parents, Mr. and Mrs. Harold A. Johnsen; sisters, Diane, Jeanne and Barbara; brother, Dean; grandparents, Mr. and Mrs. Andrew Johnsen and Mr. and Mrs. James Butterfield, all of Excelsior.

HISTORY:

This case was reported to the Coroner's Office by University Hospitals at 10:15 a.m., November 1, 1958.

While driving his car on Highway 169 at approximately 2:30 a.m., November 1, 1958, the deceased incurred fatal injuries when the vehicle ran off the road and overturned. The accident occurred approximately 3-1/2 miles south of Princeton, in Sherburne County, Minnesota. No further details of the accident are known.

Doctor William F. McManus of Princeton, Minnesota, administered emergency treatment and transferred the deceased to University Hospitals where he was admitted at 8:45 a.m., November 1st. A tracheotomy was done on admission, however, the deceased expired at 10:00 a.m. the same day.

ROBERT LE ROY NIELSEN - continued

An autopsy was performed at the hospital at 11:30 a.m. on the date of death. This revealed diffuse subarachnoid hemorrhage due to head injury; peritoneal hemorrhage; and rupture of spleen.

HISTORY:

This case was reported to the Coroner's Office by the Bloomington Police Department at 2:45 p.m., November 1, 1958.

Apparently the deceased was all right when her husband, Richard Safely, left for his place of employment at 5:00 a.m., November 1, 1958. Barbara J. King, daughter of deceased, living at 6815 Irving Avenue South, tried to call her mother at 10:00 a.m. that morning but received no answer.

Upon investigation at 2:10 p.m., November 1st, the deceased was found dead in the bathtub which was filled with water.

It was stated, the deceased has history of mental illness and has been a patient at Glenwood Hills Hospital on several occasions, the last time being in August of 1957.

CELLIA I. SAFELY - continued

It was also stated, the decedent had attempted suicide in similar manner one other time.

A deputy coroner went to the scene and viewed the body. Deceased found lying face down in tub of water, clothed in nightgown. Body was in full rigor and the water was cool.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on date of death. This revealed asphyxia due to drowning; bilateral pulmonary atelectasis; bilateral pulmonary edema; mild coronary atherosclerosis; mild general atherosclerosis; cyst of left ovary; and cyst of posterior cervix.

Survivors of the decedent include her husband, Richard; 4 daughters, Mrs. Donald Simpson, San Diego, Calif., Mrs. Charles Giles, Garden Grove, Calif., Mrs. Kenneth King, Richfield, Mrs. Harvey Young, Jr., Bloomington; 9 grandchildren; 3 sisters and 3 brothers.

HISTORY:

This case was reported to the Coroner's Office by Doctor Lufkin of St. Barnabas at 6:30 p.m., November 1, 1958.

On October 25, 1958, the deceased, who has history of Parkinson's disease, fell in her kitchen becoming wedged between wall and the stove for a period of approximately 9 hours. She could not dislodge herself and waited her husband's return home for assistance.

The injured woman was removed to St. Barnabas Hospital, being admitted with several burns on left leg and different areas of body. She expired at 5:10 p.m., November 1, 1958.

An autopsy was performed at the hospital on the date of death. This revealed that death was due to acute uremia due to trauma of left leg (crush syndrome).

HISTORY:

This case was reported to the Coroner's Office by Minneapolis General Hospital at 3:40 p.m., November 3, 1958.

Deceased was discovered in a comatose condition in Loring Park and was removed by ambulance to Minneapolis General Hospital, being admitted at 12:30 p.m., August 7, 1958. Upon admission, the pupils were noted to be unequal and there was right retinal hemorrhage. Only evidence of trauma was abrasion of the left occipital area.

Bilateral trephining was done on date of admission, however, the deceased failed to respond. He expired at 6:40 a.m., November 1, 1958, without regaining conscious.

Death was attributed to respiratory failure due to severe brain trauma due to skull fracture and subdural hematoma.

CONRAD LEONARD ANDERSON - continued

Since the deceased had no funds for burial nor were there any relatives known to the Coroner's Office who could arrange for the burial of the deceased, it was necessary to release his body to the Anatomical Department of the University of Minnesota.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 6:00 a.m., November 2, 1958.

According to Bart Peterson, same address as the deceased, the deceased had lived at this address since October 31st. He states the deceased had been kicked in the back at the "Bowery" on that date and yesterday, November 1st, had complained of pain in side. He last saw the deceased alive about 2:00 p.m. on afternoon of November 1st.

When he arrived home again at 5:45 a.m., November 2, 1958, he found the deceased on hands and knees between the bed and refrigerator, apparently expired. A Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival, Doctor Fine, the ambulance physician, confirmed the woman's death.

HILDAH FAIRBANKS - continued

An autopsy was performed at the mortuary. This revealed that death was due to lobar pneumonia.

Only survivor known to the Coroner's Office is a son, Lawrence Fairbanks.

HISTORY:

This case was reported to the Coroner's Office by the Fox-Sullivan Mortuary on the morning of November 2, 1958.

According to the deceased's son-in-law, Mr. Earl Boyle, with whom the deceased lived, the deceased apparently felt well at dinner time on the evening of November 1, 1958. He retired about 10:00 p.m. without making any complaints regarding his health.

It was stated, the deceased did not usually sleep late in the morning, therefore, when he had not appeared at breakfast time, family checked on deceased and found him dead in bed at 9:30 a.m., November 2nd.

Deceased has had no recent medical care. He was last attended by Doctor Mathew Eich about one year ago. Two years ago, he was examined at Veterans Hospital for pension.

JOHN J. SHEA, JR. - continued

Upon being notified, a deputy coroner went to the residence and viewed the body. Deceased found lying in bed on right side in full rigor. Dependent livor of right side of body and face noted. There was no indication of other than natural death. Remains were released directly to a mortuary and death was attributed to arteriosclerotic heart disease.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 4:30 a.m., November 2, 1958.

About 4:00 a.m., November 2, 1958, fire was discovered at the above address. The fire apparently was confined to the 3rd floor where there were several apartments. The first and second floors were vacant. All of the other tenants (eleven) escaped safely, however, the deceased who was apparently crippled with arthritis, was discovered lying near his closet door by the rescue squad. He was carried to the second floor where efforts to revive him failed.

Jennie Halset, 81 years, Apartment 22, admitted the fire started in her apartment. She had placed a rubber mat over a circulating gas heater to dry. She fell asleep and when she awoke, the room was in flames.

RAYMOND J. SMOLENSKI - continued

Upon arrival of a deputy coroner, the deceased was found lying on back on second floor, fully clothed with the exception of a shirt. Remains were removed to the Hennepin County Morgue where death was attributed to anoxia.

Since the deceased had no funds for burial, it was necessary to release his body to the Anatomical Department of the University of Minnesota.

Police officers Nelson and Anschutz of squad 307 were notified and attended the scene of death.

HISTORY:

This case was reported to the Coroner's Office by the Sheriff's Office at 7:45 p.m., November 2, 1958.

According to Officer Don Warnke of Brooklyn Park Police Department, Ellsworth Beck of Route #1, Osseo, was driving along County Road No. 30 on the evening of November 2, 1958, at about 7:00 p.m., when he noticed a headlight shining in ditch. Upon investigation, he found the deceased astride a motorcycle, apparently expired. There were no witnesses and no indication of a collision with other vehicle noted at the scene.

Charles Gay, Route #2, Osseo, stated the deceased had visited him on November 2nd and stated the deceased was known to fall asleep even while talking to people. Deceased had complained of stomach pains and spells of weakness in an arm for some time. He had taken such medications as "benzedrine" to counteract his sleepy spells.

EUGENE A. SHORES - continued

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying near his motorcycle, whice bore Minnesota license MC 2346, clothed in coveralls, boots, jacket, eye shield, and gloves. Motorcycle was leaning against power pole, 18 feet south of County Road #30 and 100 feet west of E. Beck farm. Remains were removed to the Hennepin County Morgue.

In response to News Broadcast, Dr. Arthur E. Walker, 760 Lowry Medical Arts Building, called this office and stated he was a cousin of the deceased. Deceased's parents are deceased and Dr. Walker and a brother, living in Detroit, are next of kin. He also stated the deceased was subject to narcolepsy.

An autopsy was performed at the morgue on November 3rd. In the opinion of the pathologist, it was deemed advisable to await completion of the microscopic examination before determining the cause of this man's death.

HISTORY:

This case was reported to the Coroner's Office by the Robbinsdale Police Department at 10:35 a.m., November 3, 1958.

When the deceased did not report for work on the morning of November 3rd, 1958, the Robbinsdale Police Department were asked to check his home. Officer Johnson of Robbinsdale, found the deceased lying in the rear seat of his car, a 1954 Oldsmobile, dead, at 10:30 a.m., while making the search. The garage doors were closed and the ignition key was in an "on" position.

It was stated, the deceased and his wife have been separated for the past two months, allegedly because the deceased has a drinking problem. Wife of deceased has been receiving letters quite frequently from the deceased stating he was going to commit suicide and had notified the Robbinsdale Police Department of this fact about three weeks ago.

RAYMOND A. PETERSON - continued

A deputy coroner went to the scene and viewed the body. Deceased lying on face on floor of car, clothed in streetwear. There was a slight pink tinge of the face noted. Deceased had left two notes insinuating that wife was "chasing", however, friends state this is not true. Remains were removed to the Hennepin County Morgue. Analysis of the deceased's blood by a toxicologist revealed that death was due to carbon monoxide poisoning.

Officer Reiter of the Sheriff's Office was also notified and attended the scene of death.

The deceased is survived by his wife, Lorraine Peterson, and one son, Gayle, Newport, R. I.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 11:25 a.m., November 3, 1958.

At approximately 10:45 a.m., November 3, 1958, the deceased was found sitting on chair in washroom, dead, by Herbert Marose, another tenant. The police were notified, Officers Dickinson and Porter of squad 132 responding.

According to Mr. Marose, he had found the deceased in hallway near the decedent's room on the evening of November 1st, 1958 at about 9:30 p.m. He was unable to lift the deceased so was forced to leave him in hall. He does not know how long the deceased was in the hallway but he was in his bed on Sunday morning, November 2nd, when he checked on him again. His face and nose were bloody. He asked for water at this time and Mr. Marose got some for him.

HARRY ANDERSON - continued

A deputy coroner went to the scene and viewed the body. Deceased found sitting on chair, fully clothed, in front of toilet with nose and face covered with blood; blood still dripping from nose. Body was limp, and cool but there was no rigor. Bed in the deceased's room was soiled and a pool of coagulated blood noted on floor near head of bed; clothing was in good order. Abrasions noted on nose and face. Remains were removed to the Hennepin County Morgue.

An autopsy was performed on November 3rd. This revealed pneumonia, lobar, right middle and lower lobes; primary carcinoma of thyroid with metastasis to liver and lungs; and spleenomegaly.

Survivors of the deceased are unknown to the Coroner's Office.

HISTORY:

This case was reported to the Coroner's Office by the Curtis Hotel at 10:50 a.m., November 4, 1958.

It was stated, the deceased had been under the care of Doctor Elmer Rusten for asthma and had been staying at the Curtis Hotel since November 2, 1958. She moved to Room 1005 from Room 1024 on November 3rd, after her husband checked out of the hotel.

Deceased had previously been on steroid therapy. One and one-half days ago, she had complained of upper epigastric pain which was relieved by Demerol from Doctor Murphy, husband of deceased.

On November 3rd, Doctor Rusten gave the deceased an injection of house dust. At this time, the deceased complained of dyspnea which was relieved by adrenalin. At 3:00 p.m., this date, Doctor Rusten checked the deceased but found nothing wrong.

EDITH E. MURPHY - continued

About 10:30 a.m., November 4th, the hotel's housekeeper, Anna Jackson, found the deceased dead in her room. Mr. Robert Olson, assistant hotel manager, was notified and the police were summoned, Officers Nordmeyer and C. Benson of squad 118 responding.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found sitting slumped in chair near window with her head over the left arm rest, clothed in a nightgown. Body was in full rigor and bluish discoloration of legs and dependent portions noted. There were small puncture marks in both anticubital fossae, both deltoid areas and both upper lateral thighs. There were two empty but used syringes on the dresser near body, 2 cc. syringes, one with a #22 or 23 needle and other with #25 or 26 needle. Bottles of adrenalin, demerol, equanil, emperin, etc. were noted.

Remains were removed to the Hennepin County Morgue where an autopsy was performed at request of Doctor Murphy, husband of deceased, on date of death. Death was attributed to acute asthma.

HISTORY:

This case was reported to the Coroner's Office by the Welander Quist Company's West Chapel at 7:10 a.m., November 5, 1958.

On the evening of November 4, 1958, the deceased had a particularly severe anginal attack. The following morning, November 5, 1958, the deceased awakened with severe chest pain. Doctor Alvin L. Schultz of St. Louis Park was called at 4:00 a.m., however, upon arrival of this physician at 4:20, the deceased had expired.

There is a long history of heart disease. Deceased had been seen by Doctor Albert L. Walonick, St. Louis Park, at one time and had also been seen at the St. Louis Park Medical Center by Doctor Vennes. She had been taking nitroglycerine.

Upon being notified, a deputy coroner went to the residence and viewed the body. There was no indication of other than natural death. Remains were released directly

HISTORY:

This case was reported to the Coroner's Office by Doctor Robert B. Potter at 3:45 a.m., November 5, 1958.

On the evening of November 4, 1958, the deceased was heard to gasp a few times. At about 3:30 a.m., November 5, 1958, the deceased was found unresponsive in his bed. Doctor R. B. Potter was summoned to the residence and pronounced the deceased dead on his arrival, death apparently occurring about 3:30 a.m.

According to the deceased's daughter, Mrs. Audrey Kaufmann, the deceased had been checked one week ago by Doctor Robert Latz at Eau Claire, Wis. He was apparently in good health at that time.

Upon being notified, a deputy coroner went to the residence and viewed the body. There was no indication of other than natural death. Remains were released directly to the

HISTORY:

This case was reported to the Coroner's Office by Minneapolis General Hospital at 8:15 a.m., November 5, 1958.

At approximately 7:55 a.m., November 5, 1958, the deceased came into the dispensary at the Salvation Army and complained to the nurse, Grace Adams, that he did not feel well. He suddenly became cyanotic and was unable to talk.. No heart beat could be detected. Death apparently occurred at 7:58 a.m.

It was stated, the deceased has been complaining of chest pain recently. He previously had been hospitalized at a Veterans Hospital at Wadsworth, Kansas.

Upon being notified, a deputy coroner went to the scene and viewed the body. There was no indication of other than natural death. Remains were removed to the Hennepin County

JOHN W. HURD - continued

HISTORY:

This case was reported to the Coroner's Office by Doctor Harold Miller at 8:30 p.m., November 5, 1958.

Doctor Harold Miller, the deceased's personal physician, was summoned to the home on the evening of November 5, 1958. On his arrival at 8:00 p.m., he found the deceased lying on bed, dead.

Mrs. Myrtle Michaud, wife of deceased, was unable to give a coherent account of evening's happenings. From fragments of information from several neighbors, Mrs. Harden and Mr. Annea, the deceased apparently collapsed around 7:00 p.m. and expired.

Deceased had arrived home about 12:30 p.m. on date of death. It was stated, he had been seeing a chiropractor for back discomfort and had also complained of some stomach discomfort.

CHARLES E. MICHAUD - continued

Dr. Harold Miller has treated the deceased for many years but had not seen him during the past six months.

Remains were removed to the Washburn McReavy Mortuary where an autopsy was performed on November 6, 1958. This revealed rupture of aneurysm of ascending aorta; atherosclerosis, severe, all segments of aorta; gastric ulcer; and left ventricular cardiac hypertrophy.

Survivors of the decedent include his wife, Myrtle; two sons, Ralph and Kenneth of Seattle, Wash.; daughter, Mrs. Charlotte McDaniel, Thailand; granddaughter, Sharon Michaud; brother, Stanley, both of Seattle, Wash.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 8:55 a.m., November 6, 1958.

According to the hotel maid, she had attempted to enter the deceased's room on the afternoon of November 5, 1958, but found door locked and could not arouse any response. Today, November 6, 1958, Reverend Moore, manager of the hotel, forced entry and found the deceased dead on the floor at 8:30 a.m. The police were notified, Officers Smith and R. D. Anderson of squad 117 responding.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying on floor alongside of bed, clothed in underwear, stockings, shoes and shirt. He was lying face down in full rigor. No medical history was available, however, there was no indication of other than natural death. Remains were removed to the Hennepin

JOHN SUROVIK - continued

HISTORY:

This case was reported to the Coroner's Office by the Crystal Village Police Department at 4:45 p.m., November 6, 1958.

Mrs. Elsie Beer, wife of deceased, arrived home about 4:20 p.m., November 6, 1958, and found the deceased lying across box in garage, apparently expired. The police were notified, Officers Walt Bassett and Tony Kastanos responding. According to wife, the deceased had been raking leaves during the morning.

Doctor A. B. Johnson, the deceased's personal physician, had last checked the deceased on August 28th. An electrocardiogram was found to be abnormal but the deceased had not complained of any ill health.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying face down in garage, fully dressed and with gloves on. Door to garage was

HISTORY:

This case was reported to the Coroner's Office by Minneapolis General Hospital's Receiving Department at 8:15 p.m., November 7, 1958.

At approximately 7:24 p.m., November 7, 1958, the deceased was fatally injured while driving alone in a 1951 Lincoln sedan, bearing 1958 Minnesota license No. 3T 1452, on Glenwood Parkway in Golden Valley. Owner of the car was Frank S. Villella, 416 Fourteenth Avenue N.

About 1250 feet south of the Golden Valley Road, the car went out of control, left the road and struck a large tree. A Doctor William Sheeley was driving by and stopped at the scene of the accident. The police were notified, Officers William T. Thomme and Leon Slattery, park police, responding.

Upon arrival of a Minneapolis General Hospital ambulance at the scene of accident, the

CAROL ANN PETERSON - continued

deceased was was found to be alive and was placed in the ambulance, however, she expired en route to the hospital, death apparently occurring about 8:00 p.m., November 7th.

Remains were removed to the Hennepin County Morgue where an autopsy was performed at 1:00 p.m., November 8th. This revealed that death was due to an extensive basal skull fracture with bruising of the brain.

Survivors of the decedent include her parents, Mr. and Mrs. Lawrence Peterson; brother, Robert L.; grandmother, Mrs. Amelia Haertzen, all of Minneapolis.

HISTORY:

This case was reported to the Coroner's Office by the deceased's son, John Kratz, at 11:00 a.m., November 9, 1958.

The deceased has history of high blood pressure and one week ago had complained of"gas pains" and of pain in left shoulder. She has been under the care of Doctors Walton and Randall of Hampton, Iowa.

It was stated, the deceased had gone to the football game on November 8th and had complained of some chest pain at that time. This morning, November 9, at approximately 10:10 a.m., she was found dead in bed.

John Kratz, the deceased's son, had last seen the deceased alive about 11:50 p.m., November 8th, at which time she had retired. She had told her husband about 2:00 a.m., November 9th that she felt ill.

BERNICE L. KRATZ - continued

Upon being notified, a deputy coroner went to the residence and viewed the body. Deceased found lying in bed on left side, clothed in nightgown. Rigor mortis was complete. There was no indication of other than natural death. Remains were removed to a mortuary and death was attributed to arteriosclerotic heart disease.

Only survivors known to the Coroner's Office are her husband, Howard, and a son, John.

HISTORY:

This case was reported to the Coroner's Office by the Bloomington Police Department at 6:21 p.m., November 9, 1958.

On the afternoon of November 9, 1958, the deceased was digging a cesspool trench with the assistance of his brother-in-law, Robert Skogstad, age 28, 3031 South First Avenue. The trench was about 8 feet wide and 10 feet deep. While the deceased was in the trench at about 5:30 p.m., the side suddenly collapsed and buried him.

Deceased was completely covered by dirt and was dug out by the Bloomington Fire Department, who attempted resuscitation without success for at least one-half hour. Doctor J. S. Cole confirmed the man's death.

Robert Skogstad, brother-in-law of deceased, estimated the decedent had been buried

RALPH MILTON CARLSON - continued

from 15 to 20 minutes. He also stated the decedent had previously been in good health.

Upon arrival of the deputy coroner at the scene of accident, deceased was found lying on stretcher on back, clothed in coveralls, wearing cotton gloves, and covered with a blanket. Hair and chest were noted to be covered with dirt. There were no definite external signs of trauma. A large excavation was noted east of the garage and immediately adjacent to the garage. According to Officer Howard Wright of the Bloomington Police Department, the deceased was upright, at least from the knees up, when uncovered.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on November 10th. This revealed asphyxia due to hemopneumothorax; fractures of ribs, left, 2nd to 5th anterior and 8th to 9th posterior; pulmonary edema; pulmonary contusion, left; and pulmonary laceration.

Survivors of the decedent include his wife, Katherine; a son, David Alan; daughter, Karen Jean; parents, Mr. and Mrs. Frans E. Carlson; two brothers, Floyd B. and Frans H.; and a sister, Mrs. Lois Bischof, all of Bloomington.

HISTORY:

This case was reported to the Coroner's Office by the Albin Funeral Chapel at 10:30 a.m., November 11, 1958.

According to the deceased's wife, Mrs. Elizabeth Nelson, the deceased returned home from the Veterans Hospital where he was doing volunteer work on the afternoon of November 10, 1958, complaining that he did not feel well. He was perspiring, face became cyanotic, and he complained of pains in chest and arms. Deceased rested for a time on the davenport, became nauseated and went to the bathroom, however, he did not vomit. His breathing became difficult and shortly thereafter he gasped several times and expired, death occurring at 4:00 p.m., November 10th.

From September 22nd to October 3rd, 1957, the deceased was a patient in Veterans Hospital under observation for left upper urinary tract calculus and diverticulitis. The calculus was not confirmed. On October 24, 1958, urethrascopic examination was negative for

JOSEPH C. E. NELSON - continued

prostatic disease. A barium enema on October 28, 1958, confirmed old diagnosis of diverticulitis.

A deputy coroner viewed the body at the mortuary. There was no indication of other than natural death. Wife of deceased did not desire an autopsy. Death was ascribed to arteriosclerotic heart disease.

Survivors of the decedent include his wife, C. Elizabeth; two daughters, Mrs. Lloyd Behrner and Mrs. Phaeon Nelson of Minneapolis; 5 grandchildren; 2 sisters, Mrs. Axel Johnson, Grantsburg, Wis. and Mrs. Walter Bratt, Minneapolis; also 3 brothers, David, Minneapolis, Dr. F. O. Nelson, Buffalo, Minn. and Rev. Stanley, Valhalla, N. Y.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 8:10 a.m., November 11, 1958.

According to Harry McLaughlin of Apartment #2, the deceased had moved into Apartment #1 at above address one week ago. He had seen the deceased alive at 7:15 a.m., November 11, 1958, at which time she complained of not feeling well and suddenly collapsed to the floor.

Mr. McLaughlin helped the deceased to bed and summoned a Minneapolis General Hospital ambulance. Doctor Rogers, the ambulance physician, pronounced the deceased dead on his arrival at 8:05 a.m.

Upon being notified, a deputy coroner went to the residence and viewed the body. Deceased found lying in bed on back, fully clothed. The body was warm and there was no rigor.

GRACE E. KINGBAY - continued

Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

Police officers O'Brien and Nordmeyer of squad 118 were notified and attended the scene of death.

HISTORY:

This case was reported to the Coroner's Office by the Mervin Drug Company at 4:55 p.m., November 11, 1958.

On the afternoon of November 11, 1958, the deceased entered the Mervin Drug Store at 700 West Broadway to have a prescription filled. While waiting, he ordered a cup of coffee. It was stated, he had just come from the office of Doctor Robert J. Rotenberg.

According to the waitress, Karen Carlson, 812 14th Avenue North, the deceased suddenly collapsed, becoming unresponsive, before his coffee had been served. A Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival, Doctor Lehar, the ambulance physician, confirmed the deceased's death, death apparently occurring about 4:40 p.m.

PAUL GILGEN - continued

When contacted, Doctor Rotenberg stated he had been treating the deceased for some time for a heart ailment. Three weeks ago, the deceased was hospitalized at North Memorial Hospital with a pulmonary infarct.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying on back on floor beside first counter with feet between stools, clothed in street clothes. Body was warm and there was no rigor. Face was noted to be cyanotic. Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

Police officers D. Levens and D. R. Johnson of squad 142 were notified and attended the scene of death.

Survivors of the decedent include his son, Craig, Minneapolis; one brother, Floyd Gilgen, Tucson, Ariz., and a sister, Mrs. Lottie Fields, Los Angeles, Calif.

Veteran Yes No ~~No~~ WW I

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 6:50 p.m., November 11, 1958.

The deceased, a pressman at the Minneapolis Star-Tribune, reported for work about 6:30 p.m., November 11, 1958. He met the night watchman on his arrival, Mr. Harold Hartwig, 4225 Woodstock, Golden Valley, and had threatened him with a gun. When the deceased did not respond for work, Mr. Hartwig sent a Gus Anderson, 2949 Pierce St. N. E., and Wallace Page, 6951 First Avenue South, to the locker room to check on him.

As they entered, they heard a noise that sounded like a piece of metal hitting the floor and then discovered the deceased lying on bench in front of lockers. A Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival, Doctor Lehar, the ambulance physician, pronounced the deceased dead, death apparently occurring about 6:35 p.m. A .32 Colt Automatic pistol, bearing serial #152669, was lying in pool of blood near head

FREDERICK J. BEVERS - continued

of deceased.

Examination of the gun revealed six .32 caliber cartridges in the clip and one shell ejected out of the barrel. The bullet with which the deceased had apparently shot self could not be found when room was searched following shooting, however a small, fresh scratch was noted on tiled wall behind the deceased which could have been made by the bullet. Later, the following day, bullet was found near scene of suicide; it was completely flattened.

Upon arrival of deputy coroner, body found lying on bench, with head over end of bench, fully dressed in street clothes. There was a large pool of partially clotted blood on tile floor, directly beneath head. A large hole noted in roof of deceased's mouth on left of center line and a round laceration noted in scalp, left parietal area, which was undoubtedly point of exit of bullet. No marks or powder burns noted about lips or face. Remains were removed to the Hennepin County Morgue.

An autopsy was performed at the Hennepin County Morgue on November 12. This revealed gunshot wound of head with cerebral laceration; moderate generalized arteriosclerois; chronic prostatitis; aspiration of blood into tracheo-bronchial tree; atelectasis of left lower lobe and right lower lobe; and mild myocardial fibrosis.

Apparently the deceased had anticipated suicide as he gave Mr. Hartwig a list of his relatives, including his wife. There seemed to be some altercations on occasions with other employees regarding manner in which deceased was carrying on his work of late.

Family state the deceased had apparently had some minor discussions with other employees recently about his work which appeared to have depressed him. He also seemed to be disturbed about something that had happened at a union meeting on the preceding day but had given no details to his wife.

The death was ruled a suicide.

Detectives Cronstrom and Stenberg of 301 investigated this case.

Survivors of the decedent include his wife, Harriet M.; one daughter, Mrs. Harvey Hecht; and a son, Willard A.; both of Minneapolis; one brother, Russell, Enterprise, Kansas; and 3 grandchildren.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 9:30 p.m., November 11, 1958.

On the evening of November 11, 1958, the deceased was observed walking along sidewalk by Clarence Conklin, Room 105, 102 S. Washington Avenue. As he approached the intersection of Marquette and Washington Avenues (northwest corner), he suddenly fell to his knees and then on his face on sidewalk, becoming unresponsive.

A Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival, the ambulance physician pronounced the deceased dead, death apparently occurring about 9:20 p.m.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying on street, fully clothed. There was no indication of other than natural death. Re-

HISTORY:

This case was reported to the Coroner's Office by the deceased's personal physician, Doctor G. Linner, at 2:30 p.m., November 12, 1958.

Following an argument with a customer in the hardwarestore where he is employed, the deceased came to Doctor G. Linner's Office, 7617 South Lyndale, complaining of chest discomfort. Doctor Linner gave him "demerol", however, the deceased did not obtain any relief. The doctor suggested the deceased go to a hospital but patient refused. Shortly thereafter, he suddenly collapsed, becoming unresponsive. Adrenalin was administered without response. Deceased was declared dead at 5:00 p.m., November 11th.

An autopsy was performed at the Gill Brothers Mortuary at the request of deceased's family. This revealed acute thrombosis of the left anterior descending branch of the coronary artery; atherosclerosis; and right acoustic neuroma.

ERNEST A. BIRKHOLZ - continued

HISTORY:

This case was reported to the Coroner's Office by Fairview Hospital at 7:45 a.m., November 12, 1958.

According to information received from Fairview Hospital, the deceased had fallen in her Chicago home on July 11, 1958, sustaining a spiral fracture of the right femur. On July 17, an open reduction was done at Lutheran Deaconess Hospital in Chicago.

The deceased was transferred to Fairview Hospital, Minneapolis, on August 13th, and discharged to Mount Olivet Nursing Home on August 23, 1958.

On November 10, 1958, she was readmitted to Fairvew Hospital where a high right leg amputation was done on November 11th. Deceased expired suddenly on the morning of November 12, death occurring at 5:40 a.m.

Death certificate was subsequently signed by a private physician.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 4:30 p.m., November 12, 1958.

On the afternoon of November 12, 1958, the deceased was raking leaves on his front yard when he suddenly collapsed. A Minneapolis General Hospital ambulance was summoned to the scene by Mr. Ross Colburn, 3818 52nd Street, Edina. Upon arrival, the ambulance physician confirmed the man's death, death apparently occurring at 4:10 p.m.

Two weeks ago, the deceased had a spell which his wife termed a "heart attack" but he did not consult a physician. On November 3rd, he saw Doctor H. E. Michelson for a skin cancer treatment on his left eye, but has not seen a general physician for years.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying on grass clothed in street clothes and a light coat. There was no indica-

HISTORY:

This case was reported to the Coroner's Office by University Hospitals at 7:00 p.m., November 12, 1958.

At approximately 5:45 p.m., November 6, 1958, the deceased, who was driving a pick-up truck on Highway 65 about two miles west of Braham, Minnesota, was making a left turn when his vehicle was struck from the rear by a semi-trailer truck being driven by Howard Sutherland, age 25, of Route #1, Grand Rapids, Minnesota. The accident occurred approximately 600 feet west of the Isanti-Kanabec County line, in Kanabec County.

Deceased was taken to the hospital in Braham and on November 8th was transferred to University Hospitals. He had incurred multiple rib fractures on left. Subcutaneous emphysema developed and gross hematuria followed accident as well as acute gastric dilatation.

LLOYD GILBEY - continued

Breathing was difficult for the patient from time of admission to University Hospital, therefore, a Bennett respirator was utilized as well as a cooling blanket. A tracheotomy was done. In spite of extensive therapy, the deceased experienced a progressive downhill course, expiring at 3:00 p.m., November 12, 1958.

An autopsy was done at the hospital on the date of death. This revealed trauma to chest with pneumothorax on left and atelectasis, severe and bilateral; small laceration of spleen with small hemoperitoneum; ileus of left colon with marked dilatation of the transverse and ascending colon; multiple rib fractures of left chest with extensive subcutaneous emphysema; and infarct of right kidney. The brain grossly appeared normal and no skull fractures were noted.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 3:20 p.m., November 12, 1958.

Mrs. Eleanor Gernbacher, the deceased's wife, left for an appointment at Clara's Beauty Shop, 23rd and Franklin, about 11:20 a.m. Her husband (the deceased) was to change his clothes and keep an appointment with Doctor R. Meller at the Medical Arts Building. He had been seeing Doctor Meller for treatment for a nervous breakdown once each week for the past three weeks.

Upon her arrival home about 2:15 p.m., Mrs. Gernbacher entered the bedroom and noted her husband's dress clothes lying on the bed. Then she found several notes on the dresser which he had addressed to his wife and son saying that his physical condition was getting worse and he did not care to continue living. In her search for the deceased, she went to the garage and found him sitting in the front seat of his car, unresponsive. The police were notified, Officers Hitchens and Ubel of squad 163 responding.

CONRAD GERNBACHER - continued.

A Minneapolis General Hospital ambulance was dispatched to the scene. Upon arrival, the ambulance physician confirmed the man's death.

Officers Hitchens and Ubel found the garage doors shut, ignition was in an "on" position, but the motor was not running. There were several gallons of gas remaining in the gas tank which would indicate the engine choked from lack of oxygen.

According to wife, the deceased had recently been a patient in Fairview Hospital, Psychiatric division, for six weeks, having been discharged three weeks ago. He also spent 3 months in Glenwood Hills Hospital in 1956. Wife states he has been complaining of severe headaches of late and stated the pain was unbearable.

A deputy coroner went to the scene and viewed the body. Deceased found sitting in his car in driver's seat, fully clothed in street clothes. No rigor was evident. Body was still slightly warm.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on November 13. Analysis of the deceased's blood by a toxicological chemist revealed that death was due to carbon monoxide poisoning.

Detectives Berg and Cecil of squad 360 were notified and assisted in the investigation of this case.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 10:45 p.m., November 12, 1958.

On the evening of November 12, 1958, the deceased knocked on door of an acquaintance, Miss Dorothy Entura, and complained of chest pain. He took a nitroglycerine pill under his tongue and then complained of feeling very warm. Then he started toward the outside again, but fell over backwards into the apartment.

A Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival, the ambulance physician pronounced the deceased dead, death apparently occurring about 10:05 p.m.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying in entrance to Apartment No. 310 on floor, clothed in streetwear and a top-

WILLIAM MATHIAS MILLER - continued

coat. Body was warm and there was no rigor noted. A prescription from Dr. Julian V. Petit was found on the body dated October 17, 1958. There were also nitroglycerine tablets on his person. Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

Police officers Shelstad and Williams of squad 330 were notified and attended the scene of death.

Survivors of the decedent include his wife, Ingeborgh; mother, Mrs. Elsie A. Miller of Red Wing.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 9:43 a.m., November 13, 1958.

It was stated, the deceased had moved to the above address on November 10, 1958. He had retired on the evening of November 12th about 6:00 p.m., after complaining to the landlady, Mrs. Hannah Lee, that he did not feel well.

Mrs. Lee came to his room about 10:30 p.m. that evening and noted deceased lying in bed, apparently asleep but with light burning. She turned out the light and did not attempt to rouse him. About 9:00 a.m., November 13th, she again came to his room to check on him and noted he was still lying in the same position and found him unresponsive. The police were notified, Officers K. Smith and Alford of squad 164 responding. A Minneapolis General Hospital ambulance was dispatched to the scene. Upon arrival, the ambulance physician confirmed the man's death.

FRANK HUSHFORD - continued

A Doctor J. A. Dahl states he has treated the deceased at intervals since 1951 for right sacroiliac trouble. On one occasion, the deceased complained of gas pains. An electrocardiogram in March 1957 revealed an incomplete right bundle block.

Examination of the body by a deputy coroner indicated this was a natural death. Deceased found lying on back in bed with left leg hanging over side of bed, clothed in shirt and long underwear. There was no indication of trauma. Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 12:30 p.m., November 14, 1958.

Officer Steele who investigated this case, states a neighbor of deceased, Frank Averill, 1717 Sixth St. North, had last talked to the deceased on November 11, 1958. He became concerned when deceased was not observed about his residence for several days and notified the police.

Entry was forced and the deceased was found lying on bed, dead, at 12:15 p.m., November 14th.

Neighbor stated the deceased was separated from his wife and drank considerable. He also stated the deceased had been under the care of Doctor Haugen whom he had last seen on November 11, 1958.

EARLE M. VAN VRANKEN - continued

Doctor George Haugen states he last saw the deceased on Tuesday, November 11th, at which time he diagnosed bronchitis with no fever and mild hypertension. He states the deceased was an alcoholic and was very nervous. The deceased had not worked for a month.

Upon being notified, a deputy coroner went to the residence and viewed the body. Deceased found lying in bed on back, clothed in pajamas. Body was in full rigor. There was no indication of other than natural death. Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

Survivors of the decedent include his wife, Gertrude, Minneapolis; one daughter, Mrs. Shirley F. Heasley, Winona.

HISTORY:

This case was reported to the Coroner's Office by the Barney Anderson & Son Chapel at 3:40 p.m., November 14, 1958.

On the afternoon of November 14, 1958, the deceased arrived at the Barney Anderson Chapel to attend a funeral service. She sat down and suddenly slumped forward, becoming unresponsive, about 5 minutes after her arrived.

A Minneapolis General Hospital ambulance was summoned to the scene, however, the deceased expired before its arrival, death apparently occurring about 2:50 p.m.

Doctor M. P. Baken of the Nicollet Clinic states he has treated the deceased off and on for years but had not seen her during the past six months. She was history of some high blood pressure, but electrocardiograms and chest x-rays taken about one year ago were found to be normal.

EDNA CHARLOTTE BOS TROM - continued

A deputy coroner went to the scene and viewed the body. There was no indication of other than natural death. Death was attributed to arteriosclerotic heart disease; essential hypertension being a contributing factor.

Survivors of the decedent include her husband, Edwin; one daughter, Mrs. Eugene Axtel; one son, Burton; 2 grandchildren, all of Minneapolis; two sisters, Mrs. Thomas Gawne, Glenwood City, Wis, and Mrs. Howard Kroll, Hawthorne, Wis.

HISTORY:

This case was reported to the Coroner's Office by the Richfield Police Department at 2:00 a.m., November 15, 1958.

At approximately 1:30 a.m., November 15, 1958, the deceased was fatally injured when the car in which he was riding, a 1951 Studebaker, bearing 1958 Minnesota license No. MB 4651, went out of control and struck a utility pole on Lyndale Avenue South, about 111 feet south of West 70th Street, Richfield.

According to police officer Russell Peterson of the Richfield Police Department, the deceased was a passenger in a car driven by Lawrence M. Jordan, age 34, 4308 W. 70th Street, Edina, which was headed south on Lyndale. The car left roadway at W. 70th Street on right side (west) on entering curve and skidded into a power pole, coming to rest approximately 74 feet beyond the power pole. Deceased was thrown from the vehicle and died at the scene.

WILLIAM E. JOHNSON - continued

Driver of the vehicle, Lawrence Jordan, and his wife, Eileen Jordan, also a passenger, sustained injuries and were removed to St. Mary's Hospital. Officer Petersen interviewed the driver at the hospital at 8:50 a.m., November 15th, and was informed they were proceeding along Lyndale when an unknown oncoming vehicle started to cross the center line, forcing Jordan off the road. No contact was made with the unknown vehicle. The Jordan car slid on the dirt shoulder for a distance before striking the power pole. The deceased and Mrs. Eileen Jordan were thrown from the vehicle and were found lying beside the car.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying on ground, fully clothed, with severe laceration of right forehead, multiple fractures of right clavicle, right ribs, and right femur.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on the date of death. This revealed complete transection of aorta.

Survivors of the decedent include his wife, Beverly S.; daughters, Teresa Anne, Laurie Faye, Chris Leigh; parents, Mr. and Mrs. Einar Johnson; brother, Richard S.; uncles, Thomas M. Wallace, all of Minneapolis, and Harry S. Johnson, Wadena.

HISTORY:

This case was reported to the Coroner's Office by Doctor Lehar of the Minneapolis General Hospital's Receiving Department.

It was stated, the deceased has been under treatment by Minneapolis General Hospital for arteriosclerotic heart disease and cancer of the prostate. He had been a patient in the hospital for one week during November, being released on November 13, 1958. An electrocardiogram at that time revealed ischemia. Deceased had been attended by Doctor Jenkins of General Hospital.

On morning of November 15, 1958, an ambulance call to Minneapolis General Hospital was received from the deceased's residence. Upon arrival, the ambulance physician, Doctor Lehar, found the deceased had expired, death apparently occurring about 9:30 a.m.

Examination of the body by a deputy coroner indicated this was a natural death. Remains

ONNIE W. MANULA - continued

were released directly to a mortuary. Death was ascribed to arteriosclerotic heart disease, carcinoma of the prostate and ischemia being contributing factors.

Survivors of the decedent include his wife, Anna E.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 11:25 p.m., November 15, 1958.

At approximately 11:15 a.m., November 15, 1958, the deceased was found lying on the sidewalk in front of 2623 Fremont Avenue North, fully clothed in street clothes, apparently expired, by Anne DeVarney. The police were notified, Officers Kormanik and Ersbo responding.

A Minneapolis General Hospital ambulance was dispatched to the scene. Upon arrival, the ambulance physician confirmed the man's death.

It was stated, the deceased has been under the care of Doctor S. W. Roberts for a heart condition. He was also hospitalized for treatment at St. Andrews Hospital about three years ago.

THEODORE JOHNSTON - continued

Examination of the body by a deputy coroner indicated this was a natural death. Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

Survivors of the decedent include his wife, Leah; one brother, Charley, in California.

HISTORY:

This case was reported to the Coroner's Office by Swedish Hospital at 8:30 p.m., November 15, 1958.

On October 26, 1958, the deceased fell down three steps in his home at Nekoosa, Wisconsin, incurring a fracture of shaft of left femur. He was brought to Minneapolis on October 27th, being admitted to Swedish Hospital at 2:45 p.m.

Surgical repair of the fracture was done after admission to the hospital, however, the deceased failed to respond to hospital treatment, expiring at 8:22 p.m., November 15.

An autopsy was performed at the hospital on the date of death. This revealed that death was due to congestive heart failure due to calcific aortic stenosis and coronary insufficiency. Fracture of shaft of left femur was noted.

HISTORY:

This case was reported to the Coroner's Office by the Sheriff's Office at 3:00 p.m., November 15, 1958.

A Northern States Power truck had been observed parked on County Road #11, 4 miles west of Lorretto, Independence Village, since 11:45 a.m., November 15, 1958, by a farmer in the area. In the afternoon, the farmer notified the Sheriff's Office and upon investigation, the deceased was found lying in cab of truck, dead, at 2:45 p.m. by Deputies Wahl and Kemper.

It was stated, the deceased had undergone surgery in February 1958 and had been studied recently for a gallbladder condition. He has been under the care of Doctor C. V. Carlson of Mound.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased

LOUIS D. THOMPSON - continued

found lying on seat of truck with head towardright door and lying on his right side. His head was resting on a coat which had been rolled up to make a pillow. There was no indication of other than natural death.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on November 16th at the request of deceased's family. This revealed acute myocardial infarct due to coronary thrombosis; severe coronary artery disease; severe myocardial fibrosis; slight pulmonary atelectasis; cerebral arteriosclerosis; generalized arteriosclerosis; splenomegaly; cholelithiasis; and prostate enlargement.

Survivors of the decedent include his wife, Lucille; one son, John; 3 grandchildren; 3 brothers and one sister.

Veteran Yes ~~No~~ x 1920-1921

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 12:15 a.m., November 16, 1958.

Apparently the deceased fell asleep in a chair while smoking on the evening of November 15th, 1958. Earl Paddock, owner of the 305 Club at above address, stated he smelled smoke shortly before midnight and traced it to the upstairs apartment occupied by the deceased. He cleared the patrons out of the bar as the chair started to burn through the ceiling.

Firemen were summoned and they found the deceased sprawled on the floor with his face in another chair near the one in which he had apparently been sitting. The clothing was burned from his back. Firemen attempted to revive the deceased without response. It was stated the deceased was the only occupant on second floor of building. He was the caretaker for the building and for apartments in adjacent buildings.

DONALD HARTLY MEREDITH - continued

Doctor Winter, a Minneapolis General Hospital ambulance physician, pronounced the deceased dead about 11:50 p.m., November 15th.

Upon arrival of a deputy coroner, the deceased was found lying on sidewalk in front of 303 W. Broadway, fully clothed. Back of shirt was badly burned. Body was warm and there was no rigor noted.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on November 16th. Death was attributed to asphyxia due to smoke inhalation. Other findings were 2nd and 3rd degree burns of 52% of body; mild coronary atherosclerosis; moderate generalized atherosclerosis; minimal bilateral pulmonary atelectasis; prostatic enlargement; and cholelithiasis.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 5:30 a.m., November 16, 1958.

In the early morning hours of November 16, 1958, the deceased became very ill in his home and a Minneapolis General Hospital ambulance was summoned to the scene. Upon their arrival, Doctor Rogers, the ambulance physician, stated the deceased complained of severe chest pain. Treatment was administered, however, the deceased was not taken to the hospital. This call was received by the hosptial at 3:55 a.m.

Later the same morning, deceased attempted to get out of bed and suddenly collapsed, becoming unresponsive. An ambulance was again dispatched to the residence, however, the deceased expired before its arrival, death apparently occurring about 5:20 a.m.

It was stated, the deceased has history of a heart condition for the past few years.

ALVIN L. HOFFMAN - continued

Upon being notified, a deputy coroner went to the residence and viewed the body. Examination indicated this was a natural death. Remains were released directly to a mortuary and death was attributed to arteriosclerotic heart disease.

Police officers Mann and Knutson of squad 165 were notified and attended the scene of death.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 2:55 p.m., November 17, 1958.

At approximately 2:00 p.m., November 17, 1958, the deceased was discovered collapsed in a chair in her bedroom by her daughter, Mrs. Miriam Moss, who lived in another apartment in the same building as the deceased. Body was cold but rigor mortis had not begun to develop.

It was stated, the deceased had complained of a heavy feeling in the middle of her chest for the past two weeks which was aggravated by climbing stairs and effort in general. Even at night while in bed, the pain would be present at times. She was known to have a heart condition. Deceased had undergone gallbladder surgery at St. Marys Hospital about two years ago. She was attended by Doctor Larry Doyle and has not been seen by a physician since her post operative care at that time.

ALICE ELEANORA PETERS - continued

Deceased had last been seen alive about 10:30 p.m. on the preceding day, November 16th.

Upon being notified, a deputy coroner went to the residence and viewed the body. Deceased found sitting in chair, clothed in house dress and apron. There was no indication of other than natural death. Remains were removed to a mortuary and death was attributed to arteriosclerotic heart disease.

Police officers Heinrich and Stenbakken of squad 132 were notified and attended the scene of death.

Survivors of the decedent include two daughters, Miriam and Ruth; a son, Allen; two sisters, Mrs. Evelyn Cederstrand, Minneapolis, and Martha Allen, Cannon Falls.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 5:55 p.m., November 17, 1958.

At approximately 5:36 p.m., November 17, 1958, the deceased, a pedestrian, was fatally injured when struck by a car, a 1949 Pontiac bearing 1958 Minnesota license No. 5H 3890, as she ran across Hiawatha Avenue near the intersection of 17th Avenue South.

According to Police Officers Jahr and Cahill of squad 511, the deceased was not in the crosswalk and it was raining heavily at the time the accident occurred. Witnesses also stated the deceased had crossed against the semaphore.

Sylvester Nagel, age 23, 1501 Lakeview Boulevard W., was traveling north on Hiawatha abreast of another car which had the inside lane and partially obscured his vision of the running pedestrian who was dressed in dark clothing. Impact caused the deceased to be

EMILY V. CARLSON - continued

thrown approximately 100 feet. She expired at the scene shortly after being struck.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased was found lying on the street on her back, clothed in a black coat. Body was cool but there was no rigor evident. One shoe had been knocked from the right foot.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on November 18. This revealed transection of thoracic aorta and pons with complete dislocation of skull from spinal column; subarachnoid bleeding; mild cerebral arteriosclerosis; bilateral hemothorax; bilateral pulmonary atelectasis; coronary arteriosclerosis and myocardial fibrosis; lacerated diaphragm and liver; ruptured spleen; fracture of both legs, compound; and multiple lacerations and contusions.

Survivors of the decedent include three sons, Marvin W., St. Paul, Waldo E., Portland, Oregon, George Stanley Carlson, Minneapolis; daughter, Mrs. Rosalie M. Rogers, Hawaii; brothers, Emil and Frank Johnson, St. Paul, Algot and Luther Johnson, Sandstone, Minn.; sisters, Mrs. Marie Johnson, Taylor Falls, Wis., Mrs. Ann M. Mansfield, St. Louis Park, Mrs. Esther Parker, Minneapolis, and Mrs. Jane M. Johnson, Brookston, Minn., also 5 grandchildren.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 7:15 a.m., November 18, 1958.

According to parents of the deceased, the baby had been ill on the evening of November 17, 1958 with a temperature of 103.2° and had vomited. Mother gave the infant some aspirin. When she checked on him at 11:30 p.m. that evening, he felt cool.

On the following morning, November 18th, the father checked on baby at 5:00 a.m. and thought he appeared all right. At 7:00 a.m., child was found to be lifeless.

It was stated, the deceased has had a cold for one month but appeared to be doing much better yesterday. No respiratory difficulty had been noted. Doctor Peter Baleisis had last seen the baby one month ago.

JEFFERY ALLEN LOKEN - continued

A deputy coroner went to the resudence and viewed the infant. Deceased found lying on back on couch in living room. Mottled reddish livor of face noted.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on the date of death. This revealed hemorrhage of adrenals, bilateral, etiology unknown; bilateral pulmonary infiltrate; and cerebral edema.

Police officers Neunfeldt and Levens of squad 143 were notified and attended the scene of death.

Survivors of the decedent include his parents, Mr. and Mrs. Richard G. Loken; two brothers, Wayne and David; maternal grandparents, Mr. and Mrs. Roland Norman; paternal grandparents, Mr. and Mrs. Arnold Loken; great-grandparents, Mrs. Julia Norman, all of Minneapolis, Mr. and Mrs. Louis Huard of Grafton, N. D.

HISTORY:

This case was reported to the Coroner's Office by the Bloomington Police Department at 6:36 p.m., November 18, 1958.

At about 6:20 p.m., November 18, 1958, the deceased staggered into the garage at above address and asked Mrs. Richard Heeb if he could warm up. She thought he was intoxicated and called her husband, who came to the garage and found the deceased lying on the garage floor in an unresponsive condition. Upon checking, he thought he could detect a faint pulse and notified the police.

Upon arrival of Officer Howard Wright of Bloomington and the rescue squad, the deceased was found to have expired.

Mrs. Henry Dahlmeier, 8108 Third Avenue South, a sister of deceased, states the deceased had been visiting her on the afternoon of date of death and had gone to mail a letter shortly before 6:00 p.m. Deceased had history of a heart condition and carried nitro-

JAMES D. MADIGAN - continued

glycerine tablets on his person.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying on garage floor on left side, clothed in topcoat and felt hat. Reddish-blue discoloration of face noted. There was no indication of other than natural death. Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 8:35 a.m., November 19, 1958.

At approximately 8:00 a.m., November 19, 1958, Clarence Shoop, the hotel manager, found the deceased lying on the floor of his room, dead. The police were notified, Officers McKee and R. W. Smith of squad 117 responding.

It was stated, no one in the hotel had seen the deceased for several days, although one tenant had heard him coughing in his room on November 18th.

Papers found in the deceased's room indicated he had been hospitalized at Minneapolis General Hospital and also at St. John's Hospital, Fargo, N. Dakota.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased

JACOB NAGELL - continued

found lying on floor beside bed with head toward door of room, clothed in long underwear. He had apparently been dead for at least 24 hours. Window of room was partially open. Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

Only survivors known to the Coroner's Office are a brother, John Nagell, Alberta, Canada, and a cousin, Jacob Aaseby, Minneapolis.

HISTORY:

This case was reported to the Coroner's Office by the Sheriff's Office at 12:40 p.m., November 19, 1958.

A Mr. Earl Watts of Beechwood Avenue, Wayzata, came to get deceased to help him load some lumber. When he was unable to arouse any response at the deceased's residence, he looked through the window and noted the deceased lying on bed, apparently unresponsive.

The police were notified, Officers Sterling and Kucher of Minnetonka responding. Entry was forced and the deceased was found lying on his bed, dead, about noon on November 14th. It was stated, no one had seen the deceased during the past three weeks.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying on bed with feet on floor. Left hand and face had been devoured by rodents. There was no indication of other than natural death. It was estimated the deceased had

FRANK O. SEDERBERG - continued

been dead for approximately three weeks. Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

HISTORY:

This case was reported to the Coroner's Office by the Edina Police Department at 4:35 p.m., November 19, 1958.

According to the deceased's husband, he had arrived home shortly after 4:00 p.m., November 19, 1958. As he entered, his youngest daughter was coming up from the basement, calling to him. He went to the basement and discovered the body of deceased hanging in laundry. The police were notified, Officers Bennett, Merfeld and Roblesky of Edina responding.

Sgt. Merfeld cut down the body and resuscitation was attempted by the rescue squad without response. Doctor C. V. Rockwell pronounced the deceased dead.

Daughter arrived home from school and found back door locked, then went to front door which

MARY ANN PARK - continued

was open and entered. She was the first to discover her mother. Blankets were hung so as to conceal deceased from view from outside basement windows and from door to laundry. Notes written by deceased were found on washing machine, on dining room table, one in upstairs room, and another in pocket of suit in clothes closet. All the notes indicated there were difficulties between the deceased and her husband.

Husband states deceased had been depressed on evening prior to death but had appeared fine at breakfast time on date of death. He had talked to her by phone at noon and she appeared to be all right at that time. He also states she has had previous periods of depression and that he had arrived home several months ago to find her vomiting. At that time, she told him she had taken a mixture of tranquilizers and aspirin in an attempt at suicide. Following this attempt, a physician had referred her to a psychiatrist but he was unable to remember the doctor's name.

Upon being notified, a deputy coroner went to the residence and viewed the body. Deceased was fully clothed and somewhat cyanotic. Mark of noose noted about neck but there were no other marks of violence. Remains were removed to the Hennepin County Morgue and death was attributed to suffocation due to hanging.

Survivors of the decedent include her husband, Willis; daughters, Denise and Carolyn; her father; 3 sisters and 1 brother.

HISTORY:

This case was reported to the Coroner's Office by Swedish Hospital at 7:55 p.m., November 19, 1958.

At about 2:00 p.m., November 17, 1958, the deceased fell on the floor in her home in some manner, incurring a fracture of the left femur. She was removed to Swedish Hospital, being admitted at 5:56 p.m., November 17.

An open reduction and internal fixation of the fracturedleft femur was done on November 18, however, the deceased failed to respond to hospital treatment, expiring at 7:15 p.m., November 19.

The body was viewed by a deputy coroner who also examined the hospital records. Death was attributed to cardiac failure due to post surgical shock. Arteriosclerosis, hyper-

CHRISTINE L. LUND - continued

tension and the intertrochanteric fracture of the left femur were contributing factors.

HISTORY:

This case was reported to the Coroner's Office by the Washburn-McReavy Funeral Chapel at 3:45 p.m., November 20, 1958.

On November 11, 1958, the deceased fell on stairs in her home, sustaining a fracture of neck of left femur. She was removed to St. Mary's Hospital, being admitted at 8:10 p.m. on date of injury.

Surgical repair of the fracture was accomplished on November 12. This hospital course was unsatisfactory and the deceased expired at 11:30 p.m., November 19.

An autopsy was performed at the hospital on November 20th. This revealed terminal broncho-

HISTORY:

This case was reported to the Coroner's Office by the Werness Brothers Chapel at 10:45 a.m., November 20, 1958.

The deceased became critically ill at his home on the morning of November 20, 1958. Family of deceased contact the Hennepin County Medical Exchange who dispatched a doctor, Doctor Morris Sherman, to the Moser residence, however, the deceased expired before the physician's arrival.

According to family, the deceased had never been attended by a physician.

A deputy coroner went to the residence and viewed the body. There was no indication of other than natural death. Remains were released directly to the mortuary and death was attributed to arteriosclerotic heart disease.

MORRIS B. MOSER - continued

Survivors of the decedent include his wife, Annie; sons, Harold, St. Paul, Clifford, Minneapolis; a daughter, Mrs. Robert Rohde of Grants Pass, Oregon; sister, Tillie DeVoile of Martin City, Mo.; and 4 grandchildren.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 1:00 p.m., November 20, 1958.

Tenant in an adjoining apartment, #327, had heard the deceased's radio playing all night and had not seen the deceased about since on Saturday, November 15th, therefore, she notified the room clerk, Gill Skeene.

Mr. Skeene entered the deceased's room about 12:45 p.m., November 20th, and discovered him lying on kitchen floor, dead. The Sunday paper was found in his room.

It was stated, the deceased has history of coronary insufficiency and has been under the care of Doctor R. M. Sullivan.

WALTER MOTEL - continued

A deputy coroner went to the scene and viewed the body. Deceased found lying on left side on kitchen floor, fully clothed. Body was cold and in full rigor. There was no indication of other than natural death. Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

Police officers Smith and McKee of squad 117 were notified and attended the scene of death.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 7:10 p.m., November 20, 1958.

The deceased and his wife, Mrs. Bertha Bjorklund, were driving west on 11th Street. At Hennepin Avenue, the deceased stopped for the semaphore. When sign changed, he did not start moving, therefore, his wife turned toward him and noted him nod his head several times and then his head dropped back. He made no sound or outcry.

Traffic commenced piling up behind the deceased and one of the drivers walked up to see what the trouble was. He called for an ambulance. Upon arrival, Doctor Berman, the Minneapolis General Hospital ambulance physician, pronounced the deceased dead, death apparently occurring about 6:40 p.m., November 20.

A deputy coroner went to the scene and viewed the body. Deceased found sitting in front

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 4:00 a.m., November 21, 1958.

At approximately 2:50 a.m., a Minneapolis General Hospital ambulance was dispatched to the Old Southern Barbecue at the above address to attend the deceased who had been shot. Officers Foreman and Riemer of squad 119 and Detectives Scully and Campbell were also summoned to the scene. Upon arrival, the ambulance physician, Doctor Winter, confirmed the man's death.

Witnesses stated that the deceased and a Morris Keaton, age 42, 1002 N. Girard Avenue, had an argument in the vicinity of the juke box and then entered the men's rest room where a noisy and violent fight broke out. The door to the rest room was closed and at the height of the noise, the people in the outer room heard a gun shot. Cicero Flood, proprietor, opened the door to the rest room at this time, and noted Keaton and the de-

WILLIAM LEROY FERRELL

ceased locked in combat. Deceased broke away from Keaton and started for the door. At this time, Keaton fired a second shot directly at the back of deceased. Deceased then fell to the floor, bleeding.

At this point, Keaton left through the front door with his companion, a Rita Toliver, got into his car and drove away. Later, Keaton was observed by Officer Seawell in the vicinity of the City Hall and stated he was on his way there to turn himself into the police.

Statements taken from Keaton and a number of witnesses present at the time of shooting revealed that the deceased and Keaton had been involved in a scuffle at South of the Border Bar, 1400 S. Washington Avenue, in the early part of evening of November 20th, at which time the deceased struck Keaton, breaking his glasses. They had both been "bounced" from the night club.

Upon arrival of a deputy coroner, deceased was found lying on floor in the rear of the main room of the Old Southern Barbecue, approximately 6 feet from the men's washroom, fully dressed, including an overcoat. Body was warm and there was no rigor mortis.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on date of death. This revealed that death was due to gunshot wound of head.

Detectives Stenberg and Cronstrom also assisted in the investigation of this case.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 6:20a.m., November 21, 1958.

While preparing to retire about 11:30 p.m., November 20, 1958, the deceased complained to her husband of chest pain and of not feeling well. Husband, who had slept with deceased, attempted to awaken her at 5:45 a.m. and found her unresponsive.

A Minneapolis General Hospital ambulance was summoned to the residence. Upon arrival, the ambulance physician, Doctor Winter, pronounced the deceased dead.

It was stated, the deceased had worked all day on November 20th, arriving home at 5:25 p.m. In the evening, she had spent several hours at Don's Place, a beer tavern, at 21st and Riverside.

MARY JANE BUCKLAND - continued

A deputy coroner went to the scene and viewed the body. Deceased found lying on back in bed, clothed in nightgown. Rigor mortis was complete.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on November 21st. This revealed coronary arteriosclerosis, severe; myocardial fibrosis; bilateral pulmonary edema; bilateral cystic ovaries.

HISTORY:

This case was reported to the Coroner's Office by the Sheriff's Office at 3:00 a.m., November 22, 1958.

At approximately 2:37 a.m., November 22, 1958, the deceased was fatally injured in a head-on collision while a passenger in a 1956 Chevrolet, bearing 1958 Minnesota license No. 5R 1120, driven by Howard D. Glenna, age 18, 6608 Clinton Avenue, Minneapolis. The accident occurred on State Highway #7, approximately 1040 feet west of County Road #5.

The Glenna car was traveling east on Highway #7 when it collided with a 1954 Kaiser bearing 1958 Minnesota license No. LE 3318, driven by Darrell Vick, age 21, of 150 79th Avenue Northeast, who was proceeding west on Highway #7. Hennepin County deputies who were at the scene of accident stated Vick had apparently fell asleep at the wheel of his car and crossed over the center line of the four-lane highway, crashing head-on into the eastbound Glenna vehicle.

MARTHA LARSON - continued

Deceased was thrown forward against the dashboard and suffered severe injuries about mouth and possible internal injuries. She expired at the scene shortly after the accident.

In fair condition at St. Marys Hospital were Howard Glenna, Roger Kemp, age 18, 7527 Blaisdell Avenue, Richfield, and Darrell Vick, driver of the other car. A girl friend of the deceased had been dropped off at her home minutes before the crash, it was stated.

No one was thrown from either of the cars, however, deputies pulled at the wreckage for some time before they were able to force doors open and free the occupants.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on the date of death. This revealed massive intraperitoneal hemorrhage due to severe laceration of spleen; compound fracture of maxilla; transverse fracture of sternum, 2nd interspace; and multiple small myocardial hemorrhages.

Deputies Dehnn, Seitz, Eidem and Seviola of Hennepin County attended the scene of accident. They were assisted by Officers Wickman and E. Johnson of the Hopkins and Excelsior rescue squad.

Survivors of the decedent include her parents, Mr. and Mrs. A. Howard Larson; aunts, Mrs. Helen Lang, Aberdeen, S. Dakota, Mrs. Helen Johnson, Mrs. Esther Richards, and an uncle, Carl Larson, all of Minneapolis.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 7:00 a.m., November 22, 1958.

Deceased has been seen recently at the out-patient department of University Hospitals, having last been seen there on November 14, 1958 by Doctor Tobian. He has been on nitroglycerine and rauwiloid. He was being treated for angina.

According to family, the deceased had to sit up to sleep. He did not undress on the evening of November 21st and therefore expired in his house clothes. His wife was with him at the time of death at 6:15 a.m., November 22nd. About a half hour before his death, the deceased began to complain of severe chest pain, then became unresponsive and expired.

A deputy coroner went to the scene and viewed the body. Deceased found sitting on one

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 7:00 p.m., November 22, 1958.

According to the deceased's wife, Patricia Emon, the deceased arrived home from his place of employment about 1:30 p.m. and had a nap. Later he complained of "heartburn" in chest which finally disappeared. At dinner time, he ate a large meal, and complained again of pain, which again disappeared. After some minor exercise, he suddenly slumped over, becoming unresponsive.

A Minneapolis General Hospital ambulance was summoned to the residence. Upon arrival, the ambulance physician, Doctor Lester, pronounced the deceased dead, death apparently occurring about 6:30 p.m., November 22nd.

It was stated, the deceased has had no previous symptoms of illness.

CLARENCE F. EMON - continued

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying on back on floor in kitchen. Cyanosis of lips noted. Body was warm and there was no rigor and no indication of other than natural death. Remains were released directly to a mortuary and death was attributed to arteriosclerotic heart disease.

Police officers Schaefer and Cronquist of squad 124 were notified and attended the scene of death.

Survivors of the decedent include his wife, Patricia; two sons, Clarence R. of Minneapolis and Neil of Crosier Seminary; one daughter, Ann Marie; 4 sisters, and 4 brothers.

HISTORY:

This case was reported to the Coroner's Office by the DuSchane Funeral Home at 8:30 p.m., November 22, 1958.

On March 1, 1958, about 4:15 a.m., the deceased was critically injured while driving to his place of employment, the Northland Creamery Company. Apparently the deceased lost control of his car due to the poor highway and street conditions, skidded across the highway and crashed into a tree. The accident occurred on Wayzata Boulevard (Highway #12), approximately 1/2 mile east of the intersection of Highway #100, in Golden Valley.

Golden Valley patrolmen Al Stein and Ed Howard found the deceased unconscious and pinned in his car. He was removed by ambulance to North Memorial Hospital where he remained for two months and was subsequently transferred to University Hospital.

Deceased expired at 5:15 a.m., November 22, 1958, without regaining consciousness.

EUGENE JOHNSON - continued

An autopsy was performed at the hospital on the date of death. This revealed intense bilateral confluent bronchopneumonia due to aspiration due to brain damage (encephalomalacia of right temporal and frontal lobes).

Survivors of the decedent include his wife, Irene L.; daughters, Eugenia Renaye and Deborah Jane; parents, Mr. and Mrs. Arthur E. Johnson of St. Cloud; brother, Arthur H. Johnson of Paynesville; and sisters, Mrs. George Mokler of Minneapolis and Mrs. Rhienhold Axel, St. Cloud; grandmother, Mrs. Ada Broberg of Little Falls.

HISTORY:

This case was reported to the Coroner's Office by the Sheriff's Office at 1:58 p.m., November 22, 1958.

At approximately 1:30 p.m., November 22, 1958, the deceased and a companion, Edward Seck, age 44, 9 South Ninth Avenue, Hopkins, were fatally injured when the car in which they were riding crashed head-on with a Koehler Service Garage tow truck on Highway #7, about 1/2 mile west of County Road #60, in Minnetonka Village. The car, a 1956 Buick, bearing 1958 Minnesota license No. 3H 6950, was owned by George Chacka, the deceased, however, it was not known which of the two men were driving the vehicle.

The Chacka vehicle was traveling east on Highway No. 7 and apparently went out of control and crossed the double yellow line that divides this four-lane highway, skidding into the path of the tow truck, a 1950 Ford F800, bearing 1958 Minnesota license No. Y77-049, driven by Harold E. Stange of 3200 31st Avenue Northeast, which was proceeding

GEORGE F. CHACKA - continued

west in the proper lane. Point of impact was in the westbound lane nearest the center of highway.

The deceased (George Chacka) and his companion, Edward Seck, were both thrown from the car and expired at the scene moments later.

Harold Stange, age 32, driver of the tow truck, escaped serious injury.

A deputy coroner went to the scene and viewed the body. Deceased found lying on back on highway with head on the inside of the left rear duals of truck, dressed in work clothes. The right side of the skull is evulsed and much of the brain is on the pavement. Fresh blood was noted on the pavement near deceased's head and under rear of truck. There was early rigor.

Examination of the passenger car disclosed the front seat of car was completely torn free and was found lying on the pavement between the two vehicles. The greatest damage to the car was on the right side, while the left front fender of the truck was dented. Brain tissue was noted on right rear fender of car, below the tail light, and on the outer part of the left outer wheel of truck.

Body of deceased was removed to the Hennepin County Morgue where an autopsy was performed at 9:00 a.m., November 23rd. This revealed crushing injury of head; complete evulsion of brain; bilateral fracture of humerus, mid-portion; and transverse fracture of sternum, 1st interspace.

This accident was investigated by Lynn Nord, Minnesota Highway Patrol officer. He was assisted by J. Dowling, a Hennepin County deputy, and also Hopkins and Minnetonka Village police officers.

HISTORY:

This case was reported to the Coroner's Office by the Sheriff's Office at 1:58 p.m., November 22, 1958.

The facts surrounding this death are identical with those of the preceding case, George Chacka, Case No. 1052, with the following exceptions:

Deceased found lying on pavement on back with feet near the left front wheel of tow truck, dressed in work clothes. Lacerations of scalp noted. Early rigor was present.

Remains were removed to the Hennepin County Morgue where an autopsy was performed at 10:00 a.m., November 23rd. This revealed massive pneumothorax due to rupture of heart at aortic ventricular ring; evulsion of right pulmonary artery; fracture of ribs, right, 1st through 11th, and left, 2nd through 6th; compound fracture lower and left femur and patella.

HISTORY:

This case was reported to the Coroner's Office by the Welander Quist Company at 8:45 p.m., November 22, 1958.

Relatives of the deceased had attempted to contact her by telephone but received no answer, therefore, Mr. and Mrs. G. S. Peick, a sister and brother-in-law of decedent, went to the deceased's apartment and were admitted by the caretaker, Mr. Gus F. Nelson, about 6:00 p.m., November 22nd, 1958.

Upon entry, they found the deceased unresponsive and summoned Doctor Herbert Plass to the residence. The physician arrived about 6:15 p.m. and pronounced the woman dead. Beginning rigor and considerable dependent livor was noted by the physician.

It was stated, the decedent had been released from Glenwood Hills Hospital on the preceding

LAILA B. DIESETH - continued

day, November 21, 1958. She was hospitalized for treatment of toxic symptoms felt to be from barbiturate and thorazine overdose. She did not appear to be depressed at this time, however. Doctor Donald R. Daggett attended the deceased.

Remains were removed to the Hennepin County Morgue where an autopsy was performed at 11:00 a.m., November 23rd. A subsequent report from the toxicological chemist indicated that death was due to barbiturate poisoning. It was not determined whether death was accidental or suicidal.

Detectives Cronstrom and Stenberg were notified and also investigated this death.

Survivors of the decedent include four sisters, Mrs. Gage Shannon, San Gabriel, Calif., Mrs. Frederick Schweppe, New York City, Mrs. Margaret Peick, Minneapolis, and Walter F. Holen, Wayzata.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 9:00 a.m., November 23, 1958.

According to the deceased's mother, Mrs. Barbara Kazmierkoski, the baby appeared to be sleeping well when she checked on him at 2:00 a.m., November 23rd. However, when she awoke at 8:30 a.m., November 23rd, she found the deceased lying in his crib, apparently lifeless.

A Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival, the ambulance physician,confirmed the baby's death.

This infant was born at Doctors Memorial Hospital without any complications at time of birth. He has always been in apparent good health and was under medical care of Doctor Richard E. Anonsen, who last checked the baby one month ago.

MICHAEL JOHN KAZMIERKOSKI - continued

Upon being notified, a deputy coroner went to the scene and viewed the baby. Deceased found dressed in night clothes and lying in crib. Body was warm and no rigor was noted.

Remains were removed to the Hennepin County Morgue where an autopsy was performed at 4:00 p.m. on date of death. In the opinion of the pathologist, it was deemed advisable to await completion of the microscopic examination before determining the cause of this baby's death.

Police officer Hanson of squad 165 was notified and attended the scene of death.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 5:30 a.m., November 24, 1958.

The deceased has history of a heart condition for the past five years and has been under the care of Doctor Frederic L. Mast of Chisholm.

According to the deceased's daughter, Mrs. Clifton Colter, the deceased's condition became critical in the early morning of November 24, 1958 and a Minneapolis General Hospital ambulance was summoned to the residence. The deceased was pronounced dead on arrival of Doctor Winter, the ambulance physician, death apparently occurring about 4:00 a.m.

Upon arrival of a deputy coroner, the deceased was found lying in bed, clothed in underwear. There was no indication of other than natural death. Remains were released directly to a mortuary and death was attributed to arteriosclerotic heart disease.

MINNIE GRUNQUIST - continued

Police officers Commers and McFee of squad 124 were notified and attended the scene of death.

Survivors of the decedent include two daughters, Mrs. Clifton (Alice) Colter and Mrs. Leonard Melser of Minneapolis; a son, Adolphe Grunquist of Chisholm; 7 grandchildren and two great-grandchildren.

HISTORY:

This case was reported to the Coroner's Office by Doctor O. Nelson at 8:15 a.m., November 24, 1958.

According to the deceased's daughter, Mrs. Irene Stankovitch, who lives in the same building as the deceased, the deceased had complained of having pain in chest after shoveling snow on the preceding day, November 23, 1958. He had also stated that he thought he had a cold. She had last seen the deceased alive during the evening of November 23rd.

On the following morning, November 24th, at about 7:15 a.m., she was leaving the building and noticed the deceased had not been up yet as she passed his apartment, therefore, she looked in to check on him and found him lying in bed, apparently lifeless. Doctor O. Nelson was summoned to the residence and pronounced the deceased dead.

GEORGE E. THOMPSON - continued

Deceased has had no recent medical attention, therefore, the case was referred to this office. A deputy coroner went to the residence and viewed the body. There was no indication of other than natural death. Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

Survivors of the decedent include his daughter, Irene Stankovitch; granddaughter, Patricia; sister, Mrs. Carolyn Nelson, all of Minneapolis; 5 brothers, Robert and Carl, Clearwater, Fla., Richard, Portland, Oregon, Phillip, Astoria, Oregon, Albert, Clovis, N. M.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 3:10 p.m., November 24, 1958.

The deceased was attending the Golden Age Club at the St. Marks Church on the afternoon of November 24, 1958. He had eaten lunch and had apparently been feeling all right.

Suddenly he felt ill and prepared to leave but was forced to sit down again. He complained of chest pain and said he thought he was having a heart attack. A Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival, the ambulance physician pronounced the deceased dead, death apparently occurring about 3:00 p.m.

According to the deceased's wife, Mrs. Mary Alquist, the deceased has been in good health except for a "stomach upset" during the past few days. He had also complained of severe headache of late. He had had no recent medical attention but has been attended by an

CHARLES V. ALQUIST - continued

osteopath, Doctor A. Allen recently.

Upon being notified, a deputy coroner went to the scene and viewed the body. There was no indication of other than natural death. Deceased found lying on back on couch in downstairs lounge, clothed in suit with shirt open and tie loosened. Body was warm and there was no rigor. Remains were released directly to a mortuary and death was attributed to arteriosclerotic heart disease.

Police officers Nordmeyer and Hanson of squad 118 were notified and attended the scene of death.

Survivors of the decedent include his wife, Mary; daughter, Mrs. J. E. Nelson; 7 sisters, including Mrs. Ernest Johnson and Mrs. Albertina Berry of Minneapolis.

HISTORY:

This case was reported to the Coroner's Office by Minneapolis General Hospital and the Police Department at 9:55 a.m., November 25, 1958.

At approximately 9:30 a.m., November 25, 1958, Officer Edwin Barr of squad 495 discovered the deceased lying in the front seat of his car, apparently expired. The car was parked near the curb on the River Road, heading north. A gun, a .22 caliber Beretta, bearing serial No. 74405CC, lay on the seat near the deceased's head. One shell had been fired. There was a small hole in the man's forehead and dried blood was noted on muzzle of gun. A Minneapolis General Hospital ambulance was dispatched to the scene and confirmed the man's death.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying on front seat of 1951 Ford, bearing license No. 5D 4651 on right side, fully clothed. There was a bullet wound in forehead, directly above and between eyes. Body

HARVEY W. SATTERLEE - continued

was cool and in full rigor. Parkings lights of car were lighted.

According to relatives, the deceased has been depressed over the loss of a five year old daughter about one year ago. He has refused to see a doctor. On the evening of November 24th, he had taken his wife to a party about 10:00 p.m. and left her with the intention of going to work. It was later discovered that he had called the office where he was employed and stated he did not feel able to work.

Police officers Lindberg and Gugisberg were notified and attended the scene of death.

Survivors of the decedent include his wife, Mary Jane; one son, Billy; two sisters, Mrs. Harold Royle, Minneapolis, and Mrs. Melvin Schow, Scobey, Mont.; a brother, Ted Satterlee, Saskatchewan, Canada.

HISTORY:

This case was reported to the Coroner's Office by the University Hospital at 1:20 p.m., November 25, 1958.

Deceased sustained 2nd and 3rd degree burns over 70% of his body in an explosion which occurred while he was working in a man hole at St. Cloud, Minn., on November 10, 1958. He was hospitalized at St. Cloud for a time and was later transferred to University Hospitals, being admitted there on November 24th, at 6:00 p.m.

He expired the following day, November 25th, at 12:15 p.m.

An autopsy was performed at the hospital on the date of death. This revealed pyemia, generalized; septicemia; and 2nd and 3rd degree burns over 70 to 80% of body.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 3:15 p.m., November 25, 1958.

The deceased was walking on Penn Avenue North and suddenly collapsed in front of 3026 Penn Avenue on the afternoon of November 25, 1958. She was observed lying on the sidewalk waving her arms by Mrs. Darwin Nash of 3428 Penn Ave.

A Minneapolis General Hospital ambulance was summoned to the scene, however, the deceased expired before the ambulance arrived, death apparently occurring about 3:00 p.m.

It was stated, the deceased has history of hypertension and of a stroke about three years ago. She has been under the care of Doctor D. B. Hulteng, however, he has not seen the decedent since last May.

ANNA K. ALBRETER - continued

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying on sidewalk with head on step in front of 3026 Penn North. There was no indication of other than natural death. Remains were released directly to a mortuary and death was attributed to a cerebral hemorrhage.

Police officers Kormanik and Kondzielski of squad 143 were notified and attended the scene of death.

Survivors of the decedent include her husband, Frank; nephew, Edward, and a niece, Judy Harley.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 9:30 p.m., November 25, 1958.

On the evening of November 25, 1958, the deceased was sitting in a chair watching television when he suddenly collapsed, becoming unresponsive. A daughter, Mrs. John Herrick, of 4240 Isle Mount, Robbinsdale, summoned a Minneapolis General Hospital ambulance. Upon arrival, Doctor Lester, the ambulance physician, pronounced the deceased dead, death apparently occurring about 9:00 p.m.

It was stated, the deceased has history of several strokes in the past and has been under the care of Doctor C. M. Larson.

A deputy coroner went to the scene and viewed the body. There was no indication of other than natural death. Death was attributed to a cerebral thrombosis and arteriosclerosis.

HENRY B. MIDDLEMIST - continued

The death certificate was subsequently signed by Doctor Larson.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 12:45 p.m., November 26, 1958.

On November 26, 1958, the deceased was changing a tire on his car when he apparently collapsed and expired. He was discovered by a fellow worker, Clifford Melgren of 1801 South Third Avenue, at about 12:25 p.m.

A Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival, the ambulance physician confirmed the man's death. It was stated, the deceased had been seen just five minutes earlier at which time he appeared to be in his usual health.

According to a brother, the deceased had history of a coronary condition and had been hospitalized in Rochester at one time.

RICHARD E. MILLER - continued

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying on back with legs under right rear wheel mount of a Buick car, license No. 5F-8414. Tire was absent from mount. Deceased was clothed in jacket and trousers. There was no rigor and the body was still warm. Cyanosis of lips and face noted. Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

Family of deceased did not wish an autopsy.

Police officers Nordmeyer and C. Benson of squad 118 were notified and attended the scene of death.

Survivors of the decedent include a brother, Ralph; two sisters, Mrs. Harris Wylder, Minneapolis, and Mrs. Harry Menshek, Austin, Minn.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 2:00 p.m., November 26, 1958.

A neighbor, Mrs. Catherine Gallick of 3827 N. Third Street, noticed smoke coming from the deceased's home while she was out hanging up clothes about 1:20 p.m., November 26, 1958. She immediately notified the deceased's son, Harry Norman Tegland, also a neighbor who lives at 3821 North Third Street. He rushed to his mother's home but was unable to gain entrance.

Fire fighting equipment arrived shortly thereafter. Body of deceased was found crumpled in corner of kitchen by fireman, severely burned.

LOTTIE R. TEGLAND - continued

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found to be completely charred. Cause of fire was not determined. Remains were removed to the Hennepin County Morgue.

Police officers Kormanik and Kondzielski of squad 143 were notified and attended the scene of death.

Survivors of the decedent include her son, Harry Norman, previously mentioned herein; 5 grandchildren; 3 great-grandchildren; and two great-great grandchildren.

HISTORY:

This case was reported to the Coroner's Office by the Robbinsdale Police Department at 10:30 p.m., November 26, 1958.

On the evening of November 26, 1958, after writing a lengthy note, the deceased apparently shot himself in the epigastrium with a single shot Iver Johnson shotgun, 12 gauge, using an extra long range #5 shell. Mother of deceased heard a muffled report about 9:30 p.m., but did not realize its importance at the time. Time given on the note he had written was 9:15.

When mother went down to the recreation room in basement about 10:30 p.m. that evening, she found the deceased lying crosswise on the couch with the shotgun on the floor in front of couch. He had apparently tripped the trigger with his toe. Doctor Wayne Thompson was summoned to the residence and pronounced the deceased dead on his arrival.

JOHN PEARSON FLAIG - continued

It was stated, the deceased has been a juvenile delinquent for the past few years and was under the guidance of juvenile officers. Mr. Burns of the Robbinsdale police force feels that the boy was a psychopathic personality. He has run away from home several times, it was reported.

A deputy coroner went to the residence and viewed the body. Deceased was dressed in street clothes. A 3 cm. round wound is seen in the epigastric area with omentum bulging through. Body was still warm and there was no rigor evident. Remains were removed to the Hennepin County Morgue and death was attributed to gun shot wound of abdomen.

Deputy Jaremko of Hennepin County was also notified and attended the scene of death.

Survivors of the decedent include his parents, Mr. and Mrs. Harold J. Flaig; sister, Mary; two brothers, Thomas and James; grandmother, Mrs. Amelia Hertz.

HISTORY:

This case was reported to the Coroner's Office by the Minneapolis General Hospital at 11:55 p.m., November 26, 1958.

According to records at the hospital, the deceased was picked up at 31st Avenue and Sixth Street North, partially out of his car, and removed to Minneapolis General Hospital, being admitted at 6:21 p.m., November 26, 1958, with a working diagnosis of a stroke.

The deceased expired at 8:45 p.m. on date of admittance without any definite diagnosis having been established.

An autopsy was performed at the hospital on the following day, November 27th. In the opinion of the pathologist, it was deemed advisable to await completion of the microscopic examination before determining the cause of this man's death.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 8:08 a.m., November 27, 1958.

It was stated, the deceased had had a cold for several days. Mother had last checked the infant at 2:00 a.m., November 27, 1958 at which time the child appeared to be all right.

Father of infant, LeRoy Madson, arrived home from his place of employment at 7:30 a.m., November 27th, and went to check on baby. He found the child lying on face, apparently lifeless. A Minneapolis General Hospital ambulance was summoned to the residence. Upon arrival, Doctor Schaff, the ambulance physician, confirmed the child's death.

Deceased had been under the care of Doctor Henry Quist, Jr., who has checked the baby every month since birth. Parents stated child was not running any fever.

TRU ANNE LAINE MADSON - continued

Remains were removed to the Richard Gill Chapel where an autopsy was performed on November 28th. In the opinion of the pathologist, it was deemed advisable to await completion of the microscopic examination before determining the cause of this baby's death.

Police officers Dickinson and Heinrichs of squad 132 were notified and attended the scene of death.

Survivors of the decedent include the parents, Mr. and Mrs. LeRoy Madson; grandparents, Mr. and Mrs. Robert Delaney and Lucille and Roy Madson, all of Minneapolis.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 3:30 p.m., November 28, 1958.

On the afternoon of November 28, 1958, Mr. Morris Almquist of 417 E. 18th Street states he was watching television when he heard something bump against the house. He looked out and noted an elderly man staggering away from side of house. He had apparently fallen against the house and while he was watching, the deceased suddenly fell forward on his face on edge of sidewalk between 417 and 415 E. 18th Street. Mr. Almquist states the deceased had been walking from east to west.

A Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival, the ambulance physician pronounced the deceased dead, death apparently occurring about 3:27 p.m., November 28.

CARL ARON ITTNER - continued

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying on back, fully clothed in overcoat and hat. There was no indication of injury other than a nosebleed. A wrapped package of medication prescribed by Doctor Trueman was found in the deceased's pocket. It had been filled at the Powderhorn Pharmacy on date of death and apparently had not been opened or used.

On checking with Doctor H. S. Trueman, it was learned the deceased had been examined in his office about 3:00 p.m. on date of death. He had appeared to be in very good condition at that time, although the deceased has history of arteriosclerotic heart disease.

There was no indication of other than natural death. Remains were removed to the Hennepin County Morgue.

Police officers Hanson and Bentson of squad 118 were notified and attended the scene of death.

Survivors of the decedent include his wife, Nannie; son, Clifford R.; daughter, Carroll Swanson; brother, Ernest, all of Minneapolis; also two grandchildren.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 3:30 p.m., November 28, 1958.

The deceased was employed by Minneapolis Public Library as driver of Bookmobile. According to Mr. Hauck of the City Engineering Department, the deceased had brought the Bookmobile in for repairs and was waiting in his office.

Pat Romano, a bookkeeper, was also in Mr. Hauck's office and heard the deceased make some odd noises shortly after he had sat down in a chair. Although he appeared to be sleeping, Mr. Romano called to Mr. Hauck to investigate. When Mr. Hauck approached the deceased, he noted deceased was turning blue, apparently not breathing and almost pulseless.

A Minneapolis General Hospital ambulance was summoned to the scene, however, the deceased

MARVIN W. JUELL - continued

expired before its arrival, death apparently occurring about 3:30 p.m., November 28th.

It was stated, the deceased had been seen at Minneapolis General Hospital about one month ago. Wife of deceased states he was hospitalized at General Hospital for a heart attack suffered while on job in June of 1957.

Upon being notified, a deputy coroner went to the scene and viewed the body. There was some cyanosis noted but no indication of other than natural death. Papers found on deceased indicated he had also been treated at Palen Clinic. Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

Police officers Mudge and O'Brien of squad 119 were notified and attended the scene of death.

Survivors of the decedent include his wife, Dorothy I.; sons, Mac Allen of Minneapolis; and Bruce of Los Angeles; daughters, Mrs. Gloria Van Overbeck of Manhattan Beach, Calif. and Mrs. Carol Clotworthy of Torrence, Calif.; 4 brothers; mother, Mrs. L. Steans of Los Angeles; and 10 grandchildren.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 2:00 a.m., November 29, 1958.

According to the deceased's son, Stanley, he had seen his father early in the evening of November 28, 1958, at which time he was complaining of "indigestion" and was taking Tums for relief. He saw him again at 1:00 a.m. at which time his father was gasping and complaining of chest pain.

A physician was called to the residence, however, the deceased expired before the doctor's arrival, death occurring about 1:30 a.m., November 29th.

It was stated, the deceased has been a patient of Doctors J. B. Friberg and J. S. Milton and has history of hypertensive cardiovascular disease.

OSCAR HOLMBERG - continued

Upon being notified, a deputy coroner went to the residence and viewed the body. There was no indication of other than natural death. Remains were released directly to a mortuary and death was attributed to arteriosclerotic heart disease.

Survivors of the decedent include his wife, Esther L.; daughter, Mrs. Armand Nordgren, Waukesha, Wis.; a son, Stanley E., Minneapolis; 6 grandchildren; 3 brothers, Peter, Grand Forks, N. D., Albert, Santa Ana,Calif., and Matt, Lindstrom, Minn.; also two sisters, Mrs. Louise Lindquist, Duluth and Mrs. Wilhelmina Shanks, Grand Rapids, Michigan.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 7:10 a.m., November 29, 1958.

When Mr. L. F. Betchwars of 1603 Nicollet Avenue arrived at his barbershop at 6:50 a.m., he did not observe anything unusual. However, an unknown man came into his shop about 7:10 a.m.,November 29th, 1958, and stated that a man was lying on the sideway in doorway to 1605 Nicollet, bleeding from the nose.

A Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival, the ambulance physician pronounced the deceased dead.

According to the deceased's wife, the deceased has had severe pain in chest for the past week and had told his wife this morning before leaving home that he still had the pain.

MAX O. ZOELLER - continued

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying in front of entrance of 1605 Nicollet, fully clothed. He was lying face down when first discovered. Blood was noted on sidewalk, coming from nose. There was a small superficial laceration noted across bridge of nose. There was no rigor and no indication of other than natural death. Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

Police officers Gustafson and Allen were notified and attended the scene of death.

Only survivor known to the Coroner's Office is his wife, Inger.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 8:55 a.m., November 29, 1958.

The deceased has been in failing health for some time and has been confined to her home. Today, November 29, 1958, John Peare, husband of deceased, left the house for a short time to get some groceries and upon his return, the deceased was found lying on the bathroom floor in an unresponsive condition.

A Minneapolis General Hospital ambulance was summoned to the residence. Upon arrival, the ambulance physician confirmed the woman's death, death apparently occurring about 8:25 a.m.

Doctor Wayne Hagen, the deceased's personal physician, states he has attended the de-

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 10:20 a.m., November 29, 1958.

At approximately 10:00 a.m., November 29, 1958, Gerald Tuttle, a passerby, observed the body of deceased in a corner at the rear of the Minneapolis Art Institute. Apparently the deceased had shot himself with a 16 gauge shotgun which was still clasped in his right hand.

The police were notified, Officers Ronner and Johnson of squad 151 responding.

The deceased's room was checked and a note was found which read: "I haven't been feel-

ERNEST DOUST - continued

ing good for quite a while. Tell my brothers and sisters I wish them luck. Ernie." There was another note in deceased's pocket which stated, "Bury me in potter's field."

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found in crouching position with gun in right hand. There was very little rigor and body was slightly warm. Gun was a Stevens 16 Gauge shotgun. Case was found on ground near him. Skull contents were on ground and face had been shot out. Remains were removed to the Hennepin County Morgue and death was attributed to gun shot wound of head and was ruled a suicide.

Detectives Stenberg and Cronstrom also assisted in the investigation of this case.

Only survivors known to the Coroner's Office are 3 brothers, Harry of Minneapolis, Arthur of Australia and Thomas of Glendale, Calif. Deceased is reported to have five sisters also.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 10:35 a.m., November 29, 1958.

It was stated, the deceased had been an instrument baby and needed heart massage on the second day following its birth. Child has been in and out of Minneapolis General Hospital on several occasions due to brain damage at birth.

According to mother, she fed the child at 3:00 a.m., November 29, 1958 at which time the infant appeared to be in her usual health. When she did not hear the child around 9:00.a.m., November 29th, she went in to investigate and found the baby unresponsive.

A Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival, the ambulance physician confirmed the baby's death.

TERESA MARIE OLSON - continued

Remains were removed to the Hennepin County Morgue where an autopsy was performed on December 1st. In the opinion of the pathologist, it was deemed advisable to await completion of the microscopics before determining the cause of this baby's death.

12-1-58: On this date, parents of deceased called at the Coroner's office and gave the following information: Mother of deceased had been under the care of Doctor Emanuel S. Lippman, however, this physician was out of the city at the time of delivery, therefore, baby was delivered by Doctor L. A. Lang or Doctor E. C. Gibbs (mother was uncertain). Mother had labor pains intermittenly for three days, and went into convulsions which lasted over a period of several hours. Baby weighed 7# 14-1/4 oz. at birth and was 21½ inches in length. Before death, weight was 11# 8 oz. and length was 25 inches. Baby had been in and out of General Hospital frequently, the last time being November 8, 1958. Doctor Lippman had advised the parents that he did not believe it would live for any length of time. No other children born previously to this mother.

Officer Scot Haglin of squad 123 attended the scene of death.

Survivors of the decedent include her parents, Mr. and Mrs. Gerald Olson; grandparents, Mr. and Mrs. Harold Olson and Mr. and Mrs. Harold Wibbens.

HISTORY:

This case was reported to the Coroner's Office by the Strobeck-Hauge Chapel at 10:00 a.m., November 29, 1958.

The deceased has history of a heart condition over a long period of time and has been under the care of Doctor Richard Picha of Hopkins for some time, however, this physician is out of town at the present time.

While in the barber shop today, November 29, 1958, the deceased's condition became critical and the Hopkins rescue squad and Doctor Blake were summoned to the scene. Upon arrival, Doctor Blake found the deceased had expired, death apparently occurring about 8:30 a.m.

Upon being notified, a deputy coroner went to the scene and viewed the body. There was no indication of other than natural death. Remains were released directly to the mortuary and death was attributed to arteriosclerotic heart disease.

HISTORY:

This case was reported to the Coroner's Office by Doctor Donald Gleason of Veterans Hospital at 1:35 p.m., December 1, 1958.

According to Doctor Norman W. Wagner of Benson, Minnesota, the deceased and his son were hunting when a 12 gauge shotgun in the hands of deceased's 13 year old son was accidentally discharged, the charge striking the deceased in lower left quadrant of abdomen. This injury occurred on October 26th, 1958 and the deceased was admitted to hospital in Benson, Minnesota, and placed under the care of Doctor Wagner.

Deceased was subsequently transferred to Veterans Hospital, being admitted there on November 18, 1958. He expired at 3:55 a.m., November 30th.

An autopsy was performed at the hospital on the date of death. This revealed gastro-

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 1:15 p.m., December 1, 1958.

According to Mr. Ray Licht, owner of the Stockholm Hotel, the deceased did not call for his old age pension check which is received at the room clerk's desk in hotel, therefore, he went to check on the deceased. Upon opening his room with a pass key, the deceased was found lying in floor, dead, at 12:40 p.m., December 1, 1958.

It was stated, the deceased had lived at this hotel for many years and was known to be active. He went about doing small odd jobs, such as carpenter work and painting.

The hotel clerk states the deceased had always been very healthy and as far as he knew, the decedent had had no recent medical attention.

RAINERT JOHN THOMPSON - continued

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying on bedroom floor, clothed in underwear, stockings and dress shirt. Body was cool to touch and early rigor was evident. Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

Police officers W. Peterson and Roy Shemway were notified and attended the scene of death.

Survivors of the decedent include three sons, Robert C., Earl R. and Edward J. Thompson; daughters, Mrs. Gladys H. Kurtti, and Mrs. Myrtle C. Aest.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 3:20 p.m., December 1, 1958.

While in the process of loading his own truck with rubbish at 2930 Blaisdell, the Charles Olson & Son plaint, the deceased suddenly collapsed, becoming unreponsive. A Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival, the ambulance physician confirmed the man's death. The body was discovered by an employee of the Charles Olson Company at 3:10 p.m., December 1st.

It was stated, the deceased was recently hospitalized for treatment of a heart condition under the care of Doctor Y. T. Johnson who has also been caring for the deceased since his discharge from the hospital.

Upon being notified, a deputy coroner went to the scene and viewed the body. De-

HISTORY:

This case was reported to the Coroner's Office by the James Ambulance Service at 8:30 p.m., December 1, 1958.

Neighbor in an adjoining apartment heard the deceased call for help on the evening of December 1, 1958 and notified the manager, Mr. Charles Baldwin. Mr. Baldwin summoned the deceased's personal physician, Doctor Clarence Larson, who ordered a James ambulance, however, the deceased expired before arrival of the ambulance, death apparently occurring about 8:15 p.m.

Doctor Larson stated he had treated the deceased for hypertension and cardiac disease. He last attended the decedent during the spring of 1958.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found dressed in street clothes. No rigor was present. Mr. Baldwin stated the deceased

RALPH A. ECK - continued

has been drinking quite heavily recently. Remains were removed to the Hennepin County Morgue.

An autopsy was performed at the morgue on December 2nd. This revealed pontine brain hemorrhage; aspirated gastric contents; gastric dilatation; cardiomegaly; generalized and coronary arteriosclerosis; hepatomegaly and fatty metamorphosis.

Police officers J. Shanahan and W. Brady of squad 118 were notified and attended the scene of death.

Survivors of the decedent include his wife, Marcella; sister, Mrs. Birdell Provius of Skokie, Ill.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 3:45 p.m., December 2, 1958.

The deceased has history of epilepsy and apparently suffered a seizure while in 3rd floor bathroom and fell into bathtub, striking hot water faucet. He was found by the hotel manager, Amy Selen, and Gordon Painter of 3402 Bloomington Avenue. Deceased had been heard to cry out a short while before being found lying in tub of hot water. Mr. Painter states the hot water was running when he entered and that he turned off the faucet. It was necessary for Mr. Painter to force door to reach the deceased.

A Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival, the ambulance physician confirmed the man's death. He had been discovered at 3:30 p.m., December 2nd.

JAMES ROBERT SAKRY - continued

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying against faucets, fully clothed, and with jacket over clothing. Head was wet and skin had peeled off left hand and also from left lower leg.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on December 3rd. Death was attributed to 2nd and 3rd degree burns over entire body.

Police officers Shanahan and Fort of squad 118 were notified and attended the scene of death.

Only survivor known to the Coroner's Office is the decedent's mother, Agnes Sakry, Minneapolis.

HISTORY:

This case was reported to the Coroner's Office by Minneapolis General Hospital at 4:45 p.m., December 2, 1958.

At approximately 2:31 p.m., December 2, 1958, the deceased was fatally injured when the car he was driving, a 1949 Chrysler, bearing 1958 Minnesota license No. MW 6270, collided with a 1953 Plymouth, bearing 1958 Minnesota license No. 3H 9525, at the intersection of Fourth Street Northeast and 20th Avenue Northeast.

Gerald J. Kothrade, age 16, 3537 Aldrich Avenue North, was traveling east on 20th Avenue Northeast, and the deceased was proceeding north on Fourth Street Northeast at the time the accident occurred. Impact caused deceased to be thrown from his car and he was caught under the overturned car. The injured man was removed to Minneapolis General Hospital, being admitted at 2:55 p.m., in a comatose condition with multiple fractures.

WILLIAM CARL LIETZKE - continued

Deceased's condition became progressively critical, and he expired at 4:25 p.m., on date of admission.

Driver of the other car involved, Gerald Kothrade, also incurred injury and was removed to Minneapolis General Hospital by Police Squad #515.

An autopsy was performed at the hospital on December 3rd. Death was attributed to irreversible shock due to blood loss into pleural and peritoneal cavities; multiple rib fractures, bilateral; rupture of mesenteric vessels; compound comminuted skull fracture; and open fracture of bones of left ankle.

Police officers Seawell and Vick were notified and attended the scene of accident.

Survivors of the decedent include his wife, Ernestine; 3 sons, Henry, Arthur and Clarence; 3 daughters, Mrs. Helen Youngquist, Mrs. Bernice Elkofska and Mrs. Verna Blomberg, all of Minneapolis; 11 grandchildren; 13 great-grandchildren; 2 brothers, Albert of Olivia and Carl of California; 2 sisters, Mrs. William Eilitz, Sr. and Mrs. Paul Esterly of Minneapolis.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 8:00 p.m., December 2, 1958.

At approximately 7:55 p.m., Calvin Howard, a nephew of the deceased, and Bill Favreau of 3211 Washington Avenue North, entered the Howard garage to get some tools and found the deceased hanging from center cross beam in garage. A wash tub was noted directly in front of deceased. The police were notified, Officers Wickland and Behrend of squad 142 responding. A Minneapolis General Hospital ambulance and the rescue squad were dispatched to the scene. Upon arrival, the ambulance physician confirmed the man's death.

The deceased had last been seen alive by a niece, Miss Betty Howard, at 1:50 p.m., December 2nd, at which time he stated he was going for a walk.

ROBERT T. BROWN - continued

According to the Howard Family, the deceased has had recurrent marital difficulties. On November 24, 1958, he became involved in an argument with his wife's brother, who also lived with deceased, which ended in a fight. Deceased left his home at this time and has been staying with the Howard Family, his sister being Mrs. James Howard.

Upon being notified, a deputy coroner went to the residence and viewed the body. Deceased found hanging from rafter by noose made of 1/4 inch three strand rope. Body was cool and rigor was noted in shoulders but not in arms. Discoloration of right eye was noted with resolving hematoma and subconjunctival hemorrhage. Feet were nearly flat on ground. Remains were removed to the Hennepin County Morgue and death was attributed to strangulation due to hanging and was ruled a suicide.

Detectives Campbell and Scully of 308 were also notified and continued the investigation.

Survivors of the decedent include his wife, Leona; two sons, Richard and Thomas of Hibbing, Minn.; also two sisters, Mrs. Myrtle Howard of Minneapolis, and Mrs. Lillian Hirvela of Hibbing.

HISTORY:

This case was reported to the Coroner's Office by North Memorial Hospital at 2:00 a.m., December 3, 1958.

While filling a 5000 gallon still with coal tar on the afternoon of December 2, 1958, the deceased, an employee of the Republic Creosoting Company, 7200 Walker Street, St. Louis Park, apparently lost his balance and plunged from a balcony to a concrete floor below.

The deceased was removed by ambulance to North Memorial Hospital, being admitted at 3:55 p.m., December 2nd. He expired the following day, December 3rd, at 1:55 a.m.

An autopsy was performed at the Hennepin County Morgue on the date of death. This revealed diffuse subdural and subarachnoid hemorrhage with brain laceration; comminuted basal skull fracture; multiple rib and sternal fractures. The death was ruled accidental.

HISTORY:

This case was reported to the Coroner's Office by the Minnetonka Village Police Department at 12:25 p.m., December 3, 1958.

Mrs. Elizabeth Thorin of 2720-29th Avenue Northeast, legally adopted daughter of deceased, states she was called by the Plews Oiler Company and notified that the decedent had not reported for work for two days.

On the morning of December 3, 1958, she went to the Pines Trailer Camp where the deceased lived in a Mobile Home owned by her to investigate. Upon entry at 11:00 a.m., she found the deceased dead in bed. The Minnetonka Village police were notified, Officer Liesch responding.

According to Mrs. Thorin, she had talked with the deceased on the evening of November 30th and he had voiced no complaints either at that time or when he was out to dinner on

ALFRED HENRY ARNESON - continued

November 27th. She also states that Doctor Stanley Roberts had attended the deceased several years ago when he had a heart attack and later Doctor Blake of Hopkins prescribed for him for high blood pressure.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying in bed, clothed in long heavy underwear and wool shirt. Marked rigor and moderate bloating of abdomen noted. There was marked discoloration and shrinkage of finger tips and cyanosis of fingers. There was no indication of other than natural death. Remains were released directly to a mortuary and death was attributed to arteriosclerotic heart disease.

Survivors of the decedent include his daughter, Mrs. Elizabeth Thorin, previously mentioned; two grandchildren; a sister, Mrs. Minnie Svein of Willmar, Minn. and two brothers, Edwin of Minneapolis and Arnold of Atwater, Minn.

HISTORY:

This case was reported to the Coroner's Office by Minneapolis General Hospital at 8:45 a.m., December 3, 1958.

The deceased is alleged to have fallen upon alighting from a Red and White taxicab at 18th Street and Chicago Avenue on November 11, 1958. He was taken to Minneapolis General Hospital via ambulance, being admitted in a confused state with fracture of left femoral neck, left humerus, and scalp laceration.

On November 12th, an open fixation was done and left femur was pinned. The decedent ran an intermittent low grade temperature and began to have gastrointestinal bleeding. He was transferred to surgical service on November 25. Bronchopneumonia developed and the deceased expired at 6:05 a.m., December 3rd.

JOHN B. KEHOE - continued

An autopsy was performed at the hospital on the date of death. This revealed bronchopneumonia with multiple abscesses of left upper lobe; fracture of neck of left femur; septicemia; and fracture of left humerus.

Survivors of the decedent include two sisters, Mrs. E. Thoresen, Riverside, Ill., and Mrs. E. Peterson, Crystal Lake, Ill; also a brother, Charles W. of Hastings, Nebr.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 3:20 p.m., December 3, 1958.

According to Mr. Les Arneson, proprietor of hardware store at above address, the deceased entered store about 3:15 p.m., December 3, 1958, inquiring who owned car parked on Lowry Avenue nearby and stating that he had run into it with his car. Deceased appeared incoherent and talked out of his head, therefore, Mr. Arneson called the police and also an ambulance. The decedent began to stagger and said, "My heart, my heart". Mr. Arneson helped the deceased to a chair, then deceased collapsed and slid to the floor, becoming unreponsive.

The Fire Department rescue squad attempted to resuscitate the deceased without success. His death was confirmed by a Minneapolis General Hospital ambulance physician.

AXEL SIGURD FREBERG - continued

Officer W. C. Berg states the deceased was driving his 1951 Buick, bearing 1958 Minnesota license No. 4R 7181 west on Lowry and ran into a 1956 Ford owned by Mr. Wirt Chambers of 3506 Morgan Avenue North, which was parked headed west on Lowry Avenue, opposite 719 Lowry Avenue North.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying on back on floor at northeast corner of store, fully clothed. A "medihaler" which had no medication left in it was noted in deceased's pocket. Cyanosis and ephysematous configuration noted. Remains were removed to the Hennepin County Morgue.

Wife of deceased, Mrs. Gloria Freberg, stated the deceased had left home on date of death at approximately 1:15 p.m., saying he would be back in 15 minutes. She states the deceased took medicine for asthmatic condition which he has had since WW II and had been a patient at Veterans Hospital for this condition a number of times. She thought he had a little medicine in inhaler when he left home. She also stated the deceased had been ill in bed and appeared out of his head at times since December 1, 1958.

An autopsy was performed at the morgue on December 4th. In the opinion of the pathologist, it was deemed advisable to await completion of the microscopics examination and toxicology before determining the cause of this man's death.

Officer Shoemaker of squad 515 also attended the scene of death and assisted in the investigation of this case.

Survivors of the decedent include his wife, Gloria; two daughters, Mrs. Joyce Mausehund and Mrs. Janice Kandalec; a son, John Freberg; and 5 grandchildren.

HISTORY:

This case was reported to the Coroner's Office by the Welander Quist Company at 10:30 p.m., December 3, 1958.

The deceased, a Christian Scientist, has been in failing health for the past two months and has gradually been getting short of breath. His limbs have been swelling badly for the past several weeks.

On the evening of December 3, 1958, the deceased had an attack of gasping but with no complaint of pain which lasted about half an hour. He recovered from this attack, however. According to wife, Mrs. Hazel Jensen, the deceased was helped to the toilet about 9:30 p.m. on the evening of December 3rd by herself and a hired nurse. While sitting on stool, the deceased head dropped to one side and he seemed to be unconscious and soon stopped breathing.

OLE JENSEN - continued

Upon being notified, a deputy coroner went to the scene and viewed the body. There was no indication of other than natural death. Remains were released directly to a mortuary and death was attributed to arteriosclerotic heart disease.

Police officers Nordahl and Wagner of squad 152 were notified and attended the scene of death.

Survivors of the decedent include his wife, Hazel; a son, Randolph; two grandchildren of Pasadena, Texas.

HISTORY:

This case was reported to the Coroner's Office by Doctor Robert Tinkham at 1:00 a.m, December 4, 1958.

According to the deceased's wife, Mrs. Delores Tustison, she watched television with the deceased on porch downstairs until about 11:30 p.m. on the evening of December 3rd. At this time, she went upstairs to bed. About 12:45 a.m., December 4th, she heard a moan or groan outside in the hallway and went out to find the deceased crumpled on the step just above the turn landing of stairway.

Apparently the deceased had been having some stomach distress for about two weeks for which Mrs. Tustison had given the deceased some of her gelusil tablets. Doctor Robert Tinkham was summoned to the scene, however, the deceased was dead on his arrival, death apparently occurring about 12:45 a.m.

CHARLES A. TUSTISON - continued

Doctor R. Tinkham states he has not treated the deceased for about one year. He also stated the deceased had been hospitalized at Veterans Hospital a number of years ago for "pericarditis".

Upon being notified, a deputy coroner went to the residence and viewed the body. Deceased found lying on couch in living room, clad in tee shirt and shorts. He was noted to be very cyanotic. There was a slight abrasion of nose.

Remains were removed to the Gill Brothers Chapel where an autopsy was performed on the date of death. This revealed that death was due to thrombosis of right coronary artery due to severe coronary arteriosclerosis.

Police officers Peltola an Van der Veer were notifed and attended the scene of death.

Survivors of the decedent include his wife, Delores; one son, William Charles; and 3 daughters, Laurea Jane, Lynn, and Ruth; mother, Mrs. Frank G. Tustison; sister, Frances A.; and two brothers, William M., Minneapolis, and Robert I., Green Bay, Wis.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 10:43 a.m., December 4, 1958.

At approximately 10:40 a.m., December 4, 1958, the deceased was found lying in entrance to drugstore at 2 East Lake Street in an unresponsive condition. A Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival, the ambulance physician, Doctor Winter, confirmed the man's death.

According to son, James Martinka, the deceased has complained of pains in his arms and between shoulders for a long period of time. They have tried to get him to consult a doctor but he has repeatedly refused.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased

ALEX A. MARTINKA - continued

found lying on back, fully clothed. Body was warm and there was no rigor present. Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

Police officers McDermott and Russell of squad 516 were notified and attended the scene of death.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 8:30 p.m., December 4, 1958.

According to Mr. Warren Hartfiel, who lives upstairs from the deceased, and John Earnest, who lives downstairs, they became concerned about the deceased when they did not hear her canary singing and no movement in her apartment. At approximately 8:15 p.m., December 4th, they entered with key Mr. Hartfiel states deceased provided him so that he could feed her canary when she was gone any length of time. Deceased was found lying across arm of easy chair, face down, dead.

Mr. Hartfiel states he last saw the deceased alive on Wednesday morning, December 3rd, and another roomer, Ernest Lohi, saw her on the evening of that date.

MYRTLE ANN THOMPSON - continued

Upon being notified, a deputy coroner went to the residence and viewed the body. Deceased found lying face down across arm of easy chair, near door to kitchen, clothed in house dress but without stockings or shoes. There was no indication of other than natural death. Note among effects indicate the deceased may also have been known as Myrtle Fremont and may have had a relative, William Fremont Libby. The note also indicated the deceased was a patient at Faribault State Hospital at some time after 1938 and may have had a son, Jerry Thompson. Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

Police officers E. O. Larson and W. Underwood of squad 144 were notified and attended the scene of death.

HISTORY:

This case was reported to the Coroner's Office by Minneapolis General Hospital at 9:40 p.m., December 4, 1958.

At approximately 2:00 a.m., September 30, 1958, the deceased and a companion, Frank Erdman, age 67, 3300 Dupont Avenue South, were walking across the street at Second and Washington Avenues South, when they were struck by an automobile being driven by William Murphy, age 24, of 1069 Fairmont Avenue, St. Paul. The deceased and Mr. Erdman were both seriously injured and were taken to Minneapolis General Hospital by ambulance, being admitted on date of injury. Both pedestrians were reported to be in the crosswalk at time of accident.

On date of admission, an internal fixation of the right tibia was done. Bilateral trephining for cerebral decompression was performed on October 3rd. The deceased was subsequently transferred to the Elmview Nursing Home, 2446 Park Avenue, for convalescent care on October 28th.

LOUISE M. ANDERSON - continued.

She was readmitted to the hospital on November 24th for treatment of a decubitus ulcer on back; elevated temperature; left hemiplegia including face; and bilateral leg casts. A sigmoidostomy was done on November 27th.

The decedent expired at 8:20 p.m., December 4th.

An autopsy was performed at the hospital on December 5th. This revealed diffuse encephalomalacia of right cerebral hemisphere, secondary to thrombosis of right common carotid and internal carotid artery.

Police officers Arnold and Vic of traffic squad 515 were notified and attended the scene of the accident.

HISTORY:

This case was reported to the Coroner's Office by Doctor William Taylor at 7:45 a.m., December 5, 1958.

According to mother of deceased, Mrs. Mary Johnson, the child had appeared healthy on the evening of December 4, 1958 and at 4:00 a.m., December 5th, at which time she fed the baby from a bottle. However, when she went to check on the infant at 7:00 a.m., December 5th, she found the child lying in her crib, apparently lifeless. Doctor William Taylor was summoned to the residence and confirmed the child's death.

This infant was delivered at St. Barnabas Hospital by Doctor B. H. Subak. Doctor Elizabeth Jerome was the pediatrician. Child was born normal in all respects and there was no evidence of heart disease noted.

Remains were removed to the Hennepin County Morgue where an autopsy was performed

LAURA M. JOHNSON - continued

on the date of death. This revealed that death was due to early broncho-pneumonia due to pneumococcus infection.

Officer Lundgren of Brooklyn Center and Grandstrom, Deputy Sheriff of Hennepin County, were notified and attended the scene of death.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 12:50 p.m., December 5, 1958.

On the afternoon of December 5, 1958, the deceased was walking along Second Avenue South with a friend, Donald L. Doyon, 1397 Birmingham Street, St. Paul, when he collapsed to the sidewalk. He had been holding on to Mr. Doyon's arm and sank slowly to the ground, becoming unresponsive, as they were passing the Minneapolis Athletic Club.

A Minneapolis General Hospital ambulance was summoned to the scene, however, the deceased expired before its arrival, death apparently occurring about 12:50 p.m. The ambulance physician confirmed the man's death.

Deceased had had no recent illnesses or medical attention to Mr. Doyon's knowledge.

LEWIS E. DUNN - continued

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying on sidewalk, clothed in outdoor clothes including a suit and overcoat. It was stated, the deceased made no outcry. There was no indication of other than natural death. Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

Police officers Roehl and Carlson were notified and attended the scene of death.

Survivors of the decedent include his wife, Maude C.; son, Earle C., St. Paul; 3 grandchildren, James, Michael and Margaret Pabst of White Bear; sisters, Mrs. Donald C. Heath, Minneapolis, and Mrs. J. Horton Daniels, New York City.

HISTORY:

This case was reported to the Coroner's Office by Doctor A. E. Krieser at 10:30 p.m., December 5, 1958.

At 3:30 p.m., December 5, 1958, the baby had been seen by Doctor A. E. Krieser and was given a polio and D.T.P. shot. Infant seemed normal and healthy at this time.

Mrs. Charlotte Steele, mother of deceased, took the child home and about 5:30 p.m. placed baby in crib for a nap. At 8:30 p.m., she went in to check on the baby and found her unresponsive. An ambulance from North Memorial Hospital with interne aboard was summoned. Upon arrival, the physician confirmed the baby's death.

Doctor Krieser had given infant first D.T.P. shot six weeks ago. He also saw baby one month ago at which time the child had an upper respiratory infection.

CHERYL MARIE STEEL - continued

Remains were removed to the Gearty Davis Funeral Home where an autopsy was performed on December 6th. In the opinion of the pathologist, it was deemed advisable to await completion of the microscopic examination and toxicology before determining the cause of this child's death.

HISTORY:

This case was reported to the Coroner's Office by the Sheriff's Office at 1:35 a.m., December 6, 1958.

At about 1:00 a.m., December 6, 1958, the deceased was fatally injured when the car he was driving, a 1955 Oldsmobile, bearing 1958 Minnesota license No. 3F 4593, went out of control on a curve on County Road #9, approximately 3 blocks west of 143rd Avenue North, in Plymouth Village. The Adams car was proceeding west on County road 9, and left the road on right side, traveling approximately 342 feet striking a tree and a power pole. The accident was discovered about 1:20 a.m.

Both the deceased and a companion, Kenneth Jennings, age 21, Hamel, Minnesota, were thrown from the vehicle by the impact. Deceased died at the scene. Jennings sustained serious injury and was removed to North Memorial Hospital and later transferred to University Hospitals.

LE ROY ADAMS - continued

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased had been found lying beneath the body of his passenger. Both legs of deceased were almost amputated.

Remains were removed to the Hennepin County Morgue where an autopsy was performed. This revealed crushed left chest with multiple rib fractures; laceration of both lungs; laceration of both atria; transection of aorta; thoracic and lumbar vertebral fractures; traumatic anal evisceration; and an open fracture of left femur and right ankle.

Deputy sheriffs Benver and Eidem were notified and attended the scene of accident.

Survivors include his mother, Caroline; two brothers, Anthony and Michael; and two sisters, Mrs. James Bryant and Mary Adams, all of the Hamel area.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 9:05 a.m., December 6, 1958.

According to parents, the deceased had previously been well. At 2:10 a.m., December 6, 1958, baby was given a bottle which he took without any difficulties and without any evidence of illness. When mother went to check on infant at 8:45 a.m., December 6th, the child was apparently lifeless.

A Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival, the ambulance physician pronounced the infant dead.

Upon being notified, a deputy coroner went to the residence and viewed the baby. Child was lying on back on davenport with vomitus coming from left nostril. Body was slightly

JAMES WILLIAM MESSERSCHMIDT - continued

warm and there was minimal rigor noted. Bassinette was inspected; bottle noted to be empty. There was no evidence of vomitus except on blanket with baby on davenport. Remains were removed to the Hennepin County Morgue.

An autopsy was performed at the morgue on date of death. In the opinion of the pathologist, it was deemed advisable to await completion of the microscopic examination before determining the cause of this baby's death.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 2:40 p.m., December 7, 1958.

When the deceased did not come over to next door neighbor's home, Vern Mattson, 3925-44th Avenue South, for his usual visit, Mr. Mattson went to the deceased's home to investigate and found the deceased had expired. The police were notified, Officers Conn and Mahnerd of squad 165 responding.

The Saturday newspaper, December 6th, had not been taken in house, it was noted.

Deceased had history of a cardiac condition and had been under the care of Doctor M. S. Belzer. He has also been seen by Doctor K. B. Romness of Mound, Minnesota.

AXEL EMANUEL BENSON - continued

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found slumped on davenport with glasses partially on face and a swedish bible in hands. Body was in full rigor and livor of face and arms was noted. Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

HISTORY:

This case was reported to the Coroner's Office by Minneapolis General Hospital at 3:45 p.m., December 7, 1958.

On the afternoon of December 3, 1958, the deceased slipped and fell on a patch of ice in front of 1920 James Avenue South. Deceased was removed by ambulance to Minneapolis General Hospital, being admitted at 1:47 p.m., where examination revealed a fracture of the left femur.

A prosthesis was used to replace the left femoral head on December 6, 1958. The surgery was followed by post operative shock from which patient recovered slowly. Atrial fibrillation began on December 7 and the deceased expired suddenly at 3:15 p.m.

An autopsy was performed at the hospital on December 8th. This revealed an embolism of

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 5:50 a.m., December 7, 1958.

It was stated, the deceased had been in Mount Sinai Hospital for two months this year with fracture of left hip sustained in his home. He was discharged from the hospital under the care of Doctor Philip Gordon and transferred to a rest home. He was subsequently discharged from the rest home on November 24 at which time he was receiving pacatal and a digitalis preparation.

Deceased has history of a cardiac condition and was seen by Doctor Leonard Carlson on Friday, December 5th, at which time he was tired and "dopey" so Doctor Carlson discontinued the pacatal and substituted crystodigin and started diuril.

At 2:00 a.m., December 7, 1958, the deceased was found dead in bed by his wife who

JESS CAMERON SNODGRASS - continued

had been sleeping with him.

At time Doctor Carlson had seen the deceased, he had bilateral ankle edema and dyspnea. However, the deceased's sons were dissatisfied with diagnosis of death and asked for an autopsy.

An autopsy was performed at the mortuary at 11:00 a.m., December 10, 1958. This revealed thrombosis of right coronary artery; marked septal and left ventricular myocardial fibrosis; and severe coronary arteriosclerosis; pulmonary edema; and cardiomegaly.

Survivors of the decedent include his wife, Anna; 3 sons, George, Harry and Glenn, all of Iowa.

HISTORY:

This case was reported to the Coroner's Office by the Olson ambulance service at 11:50 a.m., December 8, 1958.

The deceased came into a tailorshop in the Baker Building and asked if he could sit down and rest. Shortly thereafter, the deceased suddenly collapsed. An Olson ambulance was summoned to the scene and the decedent was removed via ambulance to Minneapolis General Hospital where he was pronounced dead on arrival at 11:40 a.m., December 8th.

A son of the decedent stated his father had complained of chest pain recently and had been on his way to see a physician on date of death. He preferred that no autopsy be done.

BERNARD J. HAYES - continued

Remains were removed to the Hennepin County Morgue where the Coroner viewed the body. Death was attributed to arteriosclerotic heart disease.

Survivors of the decedent include his wife, Laura; one son, Bernard; a daughter, Mrs. Marcia Meloche of Duluth; two brothers, Francis and Maurice; one sister, Mrs. Margaret Thoreen, all of Minneapolis, and two grandchildren.

This case was reported to the Coroner's Office by the Police Department at 4:00 p.m., December 8, 1958.

It was stated, the deceased was employed in Sinclair Station at above address as a mechanic and tune-up man.

Walley Bergstrom, 4231 Colfax Avenue North, a fellow employee, states he returned to filling station after filling car with gas and found the deceased slumped over in a chair in an unresponsive condition. Charles Winberg of 3810 Thomas Avenue North, a customer, was in the station at this time and assisted Mr. Bergstrom in placing the decedent on floor and attempting to resuscitate him.

A Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival, the ambulance physician confirmed the man's death, death apparently occurring about

MERLIN K. DITSCHLER - continued

3:45 p.m., December 8th.

Bob Eggerich of 3512 Zenith Avenue North, states the decedent saw a physician about two weeks ago and was informed he had a heart condition and was given medication for same.

Upon being notified, a deputy coroner went to the scene and viewed the body. Cyanosis was noted but there was no indication of other than natural death. A bottle of nitroglycerine tablets was found on his person which had been prescribed by Doctor David Gold.

An autopsy was performed at the Welander Quist mortuary on December 9th. This revealed coronary thrombosis of left coronary and left anterior descending branch; severe sclerosis involving all coronary arteries; cholesterinemia and xanthomatosis of backs of arms and hands.

Survivors of the decedent include his wife, Violet; son, Joseph; 3 grandchildren; a sister, Mrs. Evelyn Carlson; and three brothers, Earl, Jim and Orville, all of Minneapolis.

HISTORY:

This case was reported to the Coroner's Office by the St. Louis Park Police Department at 5:25 p.m., December 8, 1958.

Mr. Harry J. Mansfield, husband of deceased, stated he had been at Veterans Hospital today for care and left there about 3:30 p.m., stopped at the Red Owl Store and then returned home. Upon his arrival, he could not find the deceased about and went to basement to look for her and found her hanging by clothesline from basement joist. The St. Louis Park Police were notified, Chief Andy Nelson and Officers Sorenson and Hubach responding. Body was discovered at 4:35 p.m., December 8th.

It was stated, the deceased had been a former patient of Doctor Haberle at Glenwood Hills as well as the St. Louis Park Medical Center. At one time, the deceased drank some hair medicine marked "poison".

ANN MATILDA MANSFIELD - continued

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying on floor on back. Rope burn noted about neck and rope on bridging noted between 3rd and 4th joists from southeast end of basement. Remains were released directly to the mortuary and death was attributed to suffocation due to hanging and was ruled a suicide.

Survivors of the decedent include her husband, Harry; 3 sisters and 4 brothers.

HISTORY:

This case was reported to the Coroner's Office by the St. Louis Park Police at 7:25 p.m., December 8, 1958.

Mrs. Florence Streuber, wife of deceased, states the deceased picked her up at work at Powers, Knollwood, on the evening of December 8, 1958. They stopped at the gas station for a few minutes and then proceeded home. She was sweeping walk before entering house when deceased called from the kitchen. When she entered, he said he felt cold and went over to the cupboard to get himself a shot of whisky where he suddenly slumped to floor, becoming unresponsive.

The police were notified, Officer Schaefer of St. Louis Park responding, and Doctor Y. T. Johnson was called to the residence, however, the deceased expired before the physician's arrival, death apparently occurring about 6:30 p.m.

WILLIAM G. STREUBER - continued

Doctor Y. T. Johnson stated he has been family physician but had not seen the deceased for several years.

Upon being notified, a deputy coroner went to residence and viewed the body. Deceased found lying on back on floor, clothed in work clothes. There was no indication of other than natural death. Remains were released directly to a mortuary and death was attributed to arteriosclerotic heart disease.

Survivors of the decedent include his wife, Florence; one son, Donald, Poplar, Mont.; 1 granddaughter, Cynthia; and a brother, Otto, Winona.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 9:20 p.m., December 8, 1958.

While working on dishwasher line at the Leamington Hotel kitchen on the evening of December 8, 1958, the deceased suddenly collapsed to the floor, becoming unresponsive. A Minneapolis General Hospital ambulance was summoned to the scene, however, the deceased expired before its arrival, death apparently occurring about 8:55 p.m., December 8th.

According to Mr. Fritz Edmunds of 3901-22nd Avenue South, the chief steward, the deceased had been working at the hotel for the past two weeks.

It was stated, the deceased had been a former patient at Minneapolis General Hospital

ARTHUR C. GREENFIELD - continued

and had been seen at times by Doctor W. A. Sawatzky and Doctor R. M. Sullivan of Minneapolis.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying on back on floor, clad in work clothes. Cyanosis was noted but there was no indication of other than natural death. A bottle, apparently containing nitroglycerine tablets, was found on the deceased's person which had been prescribed by W. R. Smith, M. D., and filled by a Grand Marais drugstore. Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

Police officers Foreman and Dunstone of squad 119 were notified and attended the scene of death.

Only survivor known to the Coroner's Office is a nephew, Parker Greenfield, Pennock, Minnesota.

HISTORY:

This case was reported to the Coroner's Office by Minneapolis General Hospital at 3:35 p.m., December 9, 1958.

While working on roof of residence at 4154 Park Avenue on November 13, 1958, the deceased, an employee of the Arthur G. Broback Company, 4443 Hiawatha Avenue, fell three stories, striking the concrete driveway below. The seriously injured man was removed by ambulance to Minneapolis General Hospital, being admitted in a comatose condition.

X-ray examination revealed a skull fracture, fracture of right clavicle, and fracture of 1st rib, right.

On November 15, 1958, multiple trephine surgery was done. Deceased was unable to recover from his injuries, expiring at 3:00 p.m., December 9.

TAGE O. MILLER - continued

An autopsy was performed at the hospital on December 10. This revealed that death was due to cerebral contusion and skull fracture; the fracture of clavicle and 1st rib, right, being contributing factors.

Survivors of the decedent include a sister, Hulda, living in Sweden.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 4:30 p.m., December 9, 1958.

While sitting in a chair in living room of her home on the afternoon of December 9, 1958, the deceased suddenly collapsed, becoming unresponsive. A Minneapolis General Hospital ambulance was summoned to the residence, however, the deceased expired before its arrival, death apparently occurring about 3:50 p.m. Doctor Ford of General Hospital confirmed the woman's death.

According to the deceased's husband, Charles Gall, who was present at the time of death, the decedent has had no recent medical care, however, she has complained of fullness in chest and shortness of breath.

ELLA MARIE GALL - continued

A deputy coroner went to the scene and viewed the body. There was no indication of other than natural death. Remains were released directly to a mortuary and death was attributed to arteriosclerotic heart disease.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 1:12 p.m., December 10, 1958.

The deceased is the mother of two sons, six months and sixteen months of age, and her husband is in service in Formosa.

At approximately 1:01 p.m., December 10, 1958, Mrs. Nancy Bogema, sister-in-law of deceased, found the deceased lying in bed, apparently expired. A Minneapolis General Hospital ambulance was summoned to the residence. Upon arrival, Doctor Ford, the ambulance physician confirmed the woman's death. It was stated, the deceased had last been seen alive at 5:30 a.m., December 10th, at which time she was feeding her children.

A letter written to her husband but not yet mailed stated she was ill with the flu and

PATRICIA A. AYERS - continued

felt badly. According to sister-in-law, Mrs. Bogema, the decedent had had a medical check-up at the Navy Base in Minneapolis about six days preceding her death along with her children. Menses had been prolonged of late.

Deceased has history of an infection after the birth of her second child in June of 1958, in Indianapolis, Indiana. She was hospitalized for a week for treatment. The infection did not completely clear up so she was to return in six weeks for a check-up. She was unable to do so because of the illness of her son, Dennis, who was later hospitalized at St. Francis Hospital for spinal meningitis (pneumococcal) in September of 1958. Family moved to Minneapolis in October of 1958. Prior to this the cesspool had backed up into the well at home in Indianapolis.

Three weeks prior to death, deceased reported in letter to husband of tingling feeling in face and severe sore throat. On November 5, 1958, she had complained in letter to husband of colds that she and the children had. On December 6, 1958, pyorrhea was found by her dentist. She worked as a secretary through December 9th, however she complained of chills on that date and was noted to be extremely irritable. She had not eaten her evening meal.

Upon being notified, a deputy coroner went to the residence and viewed the body. Deceased found lying in bed, clothed in nightgown. Body was warm and there was no rigor mortis.

Remains were removed to Hennepin County Morgue where an autopsy was performed at 4:00 p.m., December 10. Upon completion of the microscopic examination, death was attributed to hemorrhagic pneumonitis with acute ulcerative bronchitis (diplococcic). Other findings were bilateral pulmonary edema and congestion, also a pulmonary granuloma (healed).

Police officers Berg and Cleveland were notified and attended the scene of death.

The decedent is survived by her husband, Bruce, and two sons.

HISTORY:

This case was reported to the Coroner's Office by Veterans Hospital at 10:45 a.m., December 10, 1958.

The decedent was admitted to Veterans Hospital on November 28, 1958 from the Valley View Rest Home, Jordan, Minnesota, with history of having fallen on three different occasions recently while at the rest home. On admission to hospital, there was a diagnosis of a cerebral accident but because of pain in left hip, x-ray examination was done and it was discovered the deceased had sustained an impacted fracture of neck of left femur, apparently incurred during one of her recent falls.

Deceased expired at 5:45 a.m., December 10, 1958.

An autopsy was performed at the hospital on date of death. This revealed thrombosis of left commom carotid artery with cerebrovascular accident and fracture of left femoral neck.

MARGARET M. CALDWELL - continued

Survivors of the decedent include a son, William Caldwell, St. Paul; 2 daughters, Mrs. Virginia Bryngelson, Edina, and Mrs. Marian Bauer, Sioux Falls, S. Dakota; 3 brothers and 3 sisters in Ireland and 11 grandchildren.

HISTORY:

This case was reported to the Coroner's Office by the St. Louis Park Police Department at 3:35 p.m., December 11, 1958.

The deceased's two sons, William, Jr. and Theodore, arrived home from school on afternoon of December 11, 1958, to find their father, the deceased, lying on bed and apparently in critical condition. Doctor Albert L. Walonick and the St. Louis Park rescue squad were summoned to the residence, however, the deceased expired before Doctor Walonick's arrival. Doctor Walonick confirmed the man's death.

It was stated, the deceased had left his place of employment, a local school, and had gone home early on the date of his death. His sons discovered him about 3:00 p.m. Deceased has had no significant medical care and no known recent illnesses or complaints.

WILLIAM JOHN LEWIS, SR.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying on bed on back, fully clothed, with shirt unbuttoned and undershirt pulled up. A blotchy, mild facial cyanosis was noted. Body was warm and there was no rigor.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on December 12th. This revealed acute myocardial infarction of the left ventricular wall; severe coronary arteriosclerosis; and pulmonary edema and congestion.

Survivors of the decedent include his wife, Audrey; two sons, William, Jr. and Ted; 1 sister, Mildred Waite, all of St. Louis Park; 1 brother, Vernon, of Hopkins; 1 grandson, Michael.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 5:20 p.m., December 11, 1958.

On the evening of December 11, 1958, the deceased, a patient at Oak Ridge Hospital, was given his tray of food and commenced eating while sitting in a wheelchair. A nearby patient heard the deceased cough but noted that the deceased continued to eat. Shortly thereafter, a nurse entered with tray for another patient and noted the deceased's cyanosis and slumping. Apparently the deceased was choking and attempts to dislodge the food were made without success. He expired at 5:15 p.m., December 11th.

It was stated, the deceased was discharged from Minneapolis General Hospital and entered Oak Ridge for convalescent care on September 5, 1958. On July 5, 1958, the deceased had sustained a gunshot wound of head, apparently self-inflicted at his residence, and had been removed to Minneapolis General Hospital. At time of death, the decedent was learning

HAROLD W. CROSBY - continued

to walk, feed himself and to talk again.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on the date of death. Death was attributed to aspiration of foreign body (food) into larynx, trachea and lungs, due to partial paralysis of muscles of deglutition following gunshot wound of head.

Police officers Stolp and Underwood of squad 144, Detectives Dahlen, Anschutz, Chall, Monahan, and Captain Hawkinson investigated this case.

Only survivors known to the Coroner's Office are his mother, Mrs. Frances Ryan; a sister, Margaret Arenz; and a brother, Robert.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 6:15 a.m., December 12, 1958.

According to mother, Mrs. Judith Unglesbee, the deceased had appeared well when fed and put to bed at 6:00p.m.December 11, 1958. When mother went to check on infant at 6:00 a.m., December 12, 1958, she found baby lying in crib, apparently lifeless.

A Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival, the ambulance physician pronounced the child dead.

Upon being notified, a deputy coroner went to the residence and viewed the baby. Livor and blanching of face noted. Body was in full rigor but still warm.

EDWARD C. UNGLESBEE - continued

Remains were removed to the Hennepin County Morgue where an autopsy was performed on date of death. In the opinion of the pathologist, it was deemed advisable to await completion of the microscopic examination before determining the cause of this infant's death.

Police officers T. A. Nelson and Tovson of squad 163 were notified and attended the scene of death.

Only survivors known to the Coroner's Office are the parents, Mr. and Mrs. Douglas Unglesbee.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 10:35 p.m., December 12, 1958.

At approximately 10:00 p.m., December 12, 1958, the deceased was fatally injured while driving alone in his car, a 1957 Ford Station Wagon, in a southerly direction on Portland Avenue. About 260 feet north of 53rd Street, the car went over curb on west side of Portland, sideswiping an Elm tree, then swerved across Portland Avenue and jumped curb on east side, approximately 150 feet north of 53rd Street. The vehicle crossed front yard of 5257 Portland Avenue South, clipping an evergreen tree, and proceeded across north sidewalk of 53rd Street, striking a large Elm tree on boulevard head-on and came to a stop. Deceased died at the scene shortly after accident occurred.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying dead on embankment on 53rd Street side of 53rd Street side of 5237 Portland

LINGLE HUGH HODGES - continued

Avenue South, fully clothed. A deep laceration of middle of forehead and nose noted. There were crushing injuries of chest with imprint of steering wheel horn button over right lower anterior chest wall, compound fracture of right knee, and dislocation of right hip.

According to the deceased's wife, the decedent was due home from a sales trip on evening of death and made a practice of picking up his mail at his office prior to coming in from road. She states the deceased had been feeling poorly with persistent cold and sinus symptoms for several weeks and has been taking a considerable amount of medication for this condition. A bottle of "Dristan" tablets were found in overcoat pocket of deceased.

Remains were removed to Hennepin County Morgue where an autopsy was performed on December 13th. Death was attributed to massive peritoneal hemorrhage and shock due to laceration of liver; transection of duodenum; laceration of jejunum; and dislocation of head of right femur.

Officers R. Ott and Donald Streich of squad 555 were notified and attended the scene of accident. The accident was first reported to the police by Jack Waite of 5253 Portland Avenue South.

Survivors of the decedent include his wife, Katherine C.; daughters, Carolyn Ann and Jo Lynn.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 12:40 p.m., December 13, 1958.

While walking on Bloomington Avenue South, the deceased suddenly collapsed to the sidewalk in front of 3723 Bloomington, becoming unresponsive, on December 13, 1958. A Minneapolis General Hospital ambulance was summoned to the scene. Doctor Winter, the ambulance physician, pronounced the deceased dead on arrival, death apparently occurring about 12:25 p.m.

The deceased has history of a heart condition, it was stated, and had been seen by Doctor S. Dworsky one week ago.

A deputy coroner went to the scene and viewed the body. There was no indication of

JAMES G. W. MORRISSEY - continued

other than natural death. Remains were released directly to a mortuary and death was attributed to arteriosclerotic heart disease.

Police officers Flint and Madson of squad 164 were notified and attended the scene of death.

Survivors of the decedent include three sisters, Mrs. A. L. Henderson, Josephine and Veronica Morrissey, all of Minneapolis.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 3:00 p.m., December 13, 1958.

According to mother, the infant was fed and put in his crib about 10:00 a.m., December 13, 1958. He appeared to be well at that time, however, when mother went to check on him at 2:30 p.m., baby appeared to be lifeless.

A Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival, the ambulance physician confirmed the baby's death.

Upon being notified, a deputy coroner went to the scene and viewed the infant. Face of deceased was livid. Body was warm and there was no rigor and no indication of other than natural death.

BRETT LEE MC LAUGHLIN - continued

Remains were removed to the Hennepin County Morgue where an autopsy was performed on December 14th. In the opinion of the pathologist, it was deemed advisable to await completion of the microscopic examination before determining the cause of this baby's death.

Survivors of the decedent include the parents, Mr. and Mrs. Wallace McLaughlin; brother, Wade; grandmother, Mrs. Charlotte McLaughlin, and grandparents, David and Edna Sterger, all of Minneapolis.

Police officer Olson of squad 151 was notified and attended the scene of death.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 10:00 a.m., December 14, 1958.

According to the deceased's wife, Mrs. Rose Robinson, the deceased got up on the morning of December 14, 1958, complaining of feeling ill. Shortly thereafter, he suddenly collapsed to the floor, becoming unresponsive.

A Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival, the ambulance physician confirmed the man's death, death apparently occurring about 9:55 a.m.

It was stated, the deceased had been a patient at the out-patient department of General Hospital for some time.

GEORGE ROBINSON - continued

Upon being notified, a deputy coroner went to the residence and viewed the body. Deceased found lying on floor on back, clothed in underwear and shirt. Body was warm and there was no rigor and no indication of other than natural death. Remains were released directly to a mortuary and death was attributed to arteriosclerotic heart disease.

Police officers Mattson and Flint of squad 164 were notified and attended the scene of death.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 1:30 p.m., December 14, 1958.

Mrs. Gertrude Mitchell, who is also a tenant at same address as the deceased, states she heard the decedent moving about in her apartment on the morning of December 14, 1958. About 1:00 p.m., she heard a noise as if the decedent had fallen. Upon investigation, Mrs. Mitchell discovered the deceased lying on floor in an unresponsive condition.

A Minneapolis General Hospital ambulance was summoned to the residence. Upon arrival, Doctor Ford, the ambulance physician, pronounced the deceased dead.

It was stated, the deceased had last been seen in the out-patient department of General Hospital about two months ago. Records at the hospital indicate the decedent was a patient there from May 29, 1956 to June 8, 1956 at which time there was a diagnosis of

arteriosclerotic heart disease with congestive failure and pulmonary edema.

Upon being notified, a deputy coroner went to the residence and viewed the body. Deceased found lying on dining room floor on back, fully clothed. Body was warm and there was no rigor. There was toothpaste noted around mouth and a tooth brush was noted lying on floor beside the decedent. Remains were released directly to a mortuary and death was attributed to arteriosclerotic heart disease.

Police officer H. Hunter of squad 153 was notified and attended the scene of death.

HISTORY:

This case was reported to the Coroner's Office by the Minneapolis General Hospital at 4:30 p.m., December 14, 1958.

According to Mr. Ralph M. Tish, clerk at the Denver Hotel, the deceased, a tenant at the hotel, had attempted to jump from window on the Washington Avenue side of hotel at about 4:00 a.m., December 14, 1958. He had been pulled away from the window by a Mr. Al Harris, also a tenant at the hotel. Later the same morning, his condition became quite critical and the deceased was removed to Minneapolis General Hospital, being admitted at 9:40 a.m., December 14th.

Deceased expired on date of admittance to hospital, death occurring at 4:10 p.m.

An autopsy was performed at the hospital on December 15. This revealed septicemia; lobar pneumonia of right lower lobe; a severe encephalomalacia with degenration in

MERLIN A.MC GUIRE - continued

left temporal and parietal lobes of brain with two areas of cavitation; and severe hepatic sclerosis.

Police officers Carlson and Roehl of squad 117 had been notified by the hotel and had investigated this case prior to entry of deceased in hospital.

Survivors of the decedent include his wife, Mabel; mother, Mrs. Julia McGuire; 3 brothers, Warren, John, Jr. and Gerald of Minneapolis; 3 sisters, Mrs. William Putney of St. Cloud, Mrs. George Edwards and Miss Patricia, both of Minneapolis.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 9:05 p.m., December 14, 1958.

Shortly after 9:00 p.m., December 14, 1958, the deceased suddenly collapsed to floor in drugstore at the above address just as he finished making a small purchase. The police were notified and a Minneapolis General Hospital ambulance was dispatched to the scene. Upon arrival, the ambulance physician pronounced the deceased dead, death apparently occurring about 9:06 p.m.

The deceased had been under the care of Doctor Adam M. Smith for many years. Dr. Smith stated the decedent has history of a heart attack in 1948.

There is also history of a recent auto accident. While driving his car on October 23, 1958, he was involved in a two-car accident which occurred at Elliot and Franklin Avenues.

GEORGE J. JOHNSTONE - continued.

Deceased sustained several fractured ribs on left side and was hospitalized at Abbott Hospital for about one week.

According to the deceased's son, he had last seen his father alive on the evening of December 13th at which time he appeared to be in his usual health and had no complaints of illness.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying on floor on back, fully clothed. There was no rigor mortis and body was noted to be warm.

Remains were removed to the Hennepin County Morgue where an autopsy was performed December 15th. This revealed complete thrombosis of anterior descending coronary artery; severe myocardial fibrosis of wall and apex of left ventricle; old myocardial infarct; severe generalized coronary arteriosclerosis; old coronary thrombosis; severe pulmonary edema and congestion.

Police officers Fort and Brady of squad 118 attended scene of death and investigated same.

Survivors of the decedent include his wife, Isabel; sons, George, Jr. and Richard, Minneapolis; 6 grandchildren; and a brother, Donald, Lake Minnetonka.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 3:42 p.m., December 15, 1958.

According to Howard Jacobson, a fellow employee, the deceased was sitting at his desk in the Minneapolis Grain Exchange talking to a customer on the afternoon of December 15, 1958 when he suddenly slumped forward and his face became cyanotic.

A Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival, the ambulance physician pronounced the deceased dead, death apparently occurring about 3:35 p.m.

It was stated, the deceased had history of a heart condition and had been under the care of Doctor William Nesset of the Bloomington-Lake Clinic.

CLARENCE OLFELT - continued

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying on floor, fully clothed, and covered by an overcoat. There was no indication of other than natural death. Body was warm and face was partially cyanotic. Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

Police officers F. W. Johnson and Mattson of squad 117 were notified and attended the scene of death.

Survivors of the decedent include his wife, Alvira B.; daughter and son-inlaw, Mr. and Mrs. Floyd Hair; two grandchildren, Robert and Susan; a sister, Mrs. Emma Holm; brother and sister-in-law, Mr. and Mrs. Peter Olfelt; also 3 nieces and 3 nephews.

HISTORY:

This case was reported to the Coroner's Office by Minneapolis General Hospital at 4:50 p.m., December 15, 1958.

On December 6, 1958, the deceased slipped on an icy step and fell from porch on property owned by herself and her sister, Jos ephine Currier, at 2912 Stevens Avenue. The injured woman was removed to Minneapolis General Hospital, being admitted on date of accident with a head injury.

Bilateral trephine surgery was done and 200 cc. of clotted blood was removed from each side, however, the deceased never regained consciousness. She expired at 4:35 p.m., December 15.

MARGARET DANAHER - continued

There is no history of any preceding cerebral vascular accident.

An autopsy was performed at the hospital on December 16. This revealed that death was due to bronchopneumonia, bilateral, due to cerebralcontusion and subdural hemorrhage.

Only survivor known to the Coroner's Office is a sister, Mrs. Josephine Currier of Minneapolis.

HISTORY:

This case was reported to the Coroner's Office by the Smith Ambulance Service at 10:50 a.m., December 16, 1958.

The deceased's son-in-law, Donald M. Swanson, 3745-23rd Avenue South, who also works in the deceased's restaurant at above address, heard the decedent fall. Upon investigation, he found the deceased on his knees near counter and summoned a Smith Ambulance to the scene, however, the deceased expired before the ambulance arrived, death apparently occurring about 10:45 a.m., December 16, 1958.

According to Mr. Swanson, the deceased had appeared to be in his usual health on his arrival at work on date of death and had not complained of any discomfort or pain.

It was stated, the deceased has history of a heart condition and had been hospitalized

ANTHONY F. CLEMENTE - continued

for treatment in October 1958 under the care of Doctor D. S. Amatuzio.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying on back in pool of blood with blood on face. There were no other marks on face and no indication of other than natural death. Body was warm and some cyanosis noted. Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease; hypertensive cardiovascular disease being a contributing factor.

Survivors of the decedent include his wife, Josephine; 3 daughters, Mrs. Paul J. Korus, Mrs. Eugene Barry, Mrs. Donald Swanson; 6 grandchildren; a sister, Mrs. Jos eph Mottola.

HISTORY:

This case was reported to the Coroner's Office by the Sheriff's Office at 2:05 p.m., December 16, 1958.

At approximately 1:55 p.m., December 16, 1958, the deceased was found lying on the floor of his garage, dead, apparently from a gunshot wound of abdomen. The police were notified, Officer Waldo Peterson of the Hopkins Police Department responding.

Doctor Reuben David of Hopkins was summoned to the scene and confirmed the man's death.

It was stated, the deceased had been hospitalized in October 1958 at University Hospitals for psychiatric care because of depression. He was not taking any medication at the present time. He is currently unemployed and the father of six children.

JOHN LLOYD MELLIN - continued

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying on back on floor of garage in small pool of blood. A double barreled 12 gauge shotgun was noted against wall with right shell expended. There was a wound in abdomen with surrounding powder marks; body was warm. A stick was noted near left hand. Palm of right hand was discolored from powder. In attempting to reconstruct what had occurred, deputy felt the deceased had propped shotgun against wall and then used stick with left hand to depress trigger while holding end of barrel against abdomen with right hand. Shotgun was a single trigger model; right shell had been expended but left chamber held a 12 gauge #5 shell. Death was attributed to gunshot wound of abdomen and was ruled a suicide.

Deputy sheriffs Grandstrom, Sterling and Kucera were also notified and attended the scene of death.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 4:35 p.m., December 16, 1958.

It was stated, the deceased had been ill for two weeks, returning to work again on the preceding day, December 15, 1958. Today, December 16th, the decedent did not appear to feel well. His fellow employees had noted the he was somewhat disinterested in game of hearts and his lunch.

The deceased was sitting down, eating a banana, when he suddenly collapsed to the floor. A Minneapolis General Hospital ambulance was summoned to the scene, however, the deceased expired before its arrival, death apparently occurring about 4:30 p.m., December 16.

According to the deceased's sons, Ronald and Verne Schmidt, the deceased's recent ill-

ALBERT HERMAN SCHMIDT - continued

ness had been diagnosed as pneumonia by his personal physician, Doctor Maurice Gilbert. Sons stated deceased had complained of chest pain.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying on floor of dressing room on back. Body was warm and there was no indication of other than natural death. Remains were removed to the Hennepin County Morgue.

An autopsy was performed at the morgue on December 17. This revealed thrombosis of left circumflex and left descending coronary arteries with infarcts, acute and old; generalized coronary arteriosclerosis; mild cerebral arteriosclerosis; bilateral pulmonary atelectasis; and prostate enlargement.

Police officers Keller and F. W. Johnson of squad 117 were notified and attended the scene of death.

Survivors of the decedent include his wife, Blanche; 3 daughters, Mrs. Marilyn Heinecke, Mrs. Aredell Sallblad and Mrs. Janice Pieri; 4 sons, Verne, Ronald, Leland and Gary Lee; 13 grandchildren; 2 brothers, William and Edward Smith; 2 sisters, Mrs. Alice Musenbrock and Mrs. Elizabeth Hoag.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 5:00 p.m., December 16, 1958.

At approximately 4:40 p.m., December 16, 1958, Roy Pettis, an employee of the Booth Cold Storage Company, found the deceased lying on floor in basement of above address in an unresponsive condition. A Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival, the ambulance physician pronounced the deceased dead.

The decedent's time card indicated the deceased had punched out at 4:00 p.m. on date of death and had apparently gone to the dressing room to change clothes and prepare to go home.

According to family, the deceased had history of high blood pressure and had last been

PRICE MURRAY HONEYWELL - continued

seen by his personal physician about three months ago. Family also stated that an iron rail had been dropped on deceased's foot about one week ago, however, they did not desire an autopsy.

Doctor R. F. McGandy states he has attended the deceased for several years. His records indicate the deceased's blood pressure has been up to 220/120 for the past several years.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying on back in basement on packing crate approximately 50 feet from the dressing room. Body was warm and rigor mortis was minimal. Some cyanosis of the finger nails was noted. Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease; hypertensive cardiovascular disease being a contributing factor.

Police officers F. W. Johnson and T. G. Keller of squad 117 were notified and attended the scene of death.

Survivors of the decedent include his wife, Anna; daughter, Mrs. Elmer Benson.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 1:25 a.m., December 17, 1958.

At approximately 1:15 a.m., December 17, 1958, the deceased, a pedestrian, was found lying dead in street on Portland Avenue, between 17th and 18th Streets. The decedent was apparently the victim of a hit-run accident.

This case was reported to the police by Robert C. Johnson of 172 S. E. 27th Avenue, an Airway cab driver. Mr. Johnson stated he was driving a fare to 31st and Portland when he was flagged down at the scene of the accident by an unknown youth about 18 years old. The youth told Johnson he heard a "thump" and rushed out, finding the decedent in street.

Police officers Vick and Arnold of squad 515 found no skid marks or debris on street at scene of accident with the exception of a broken automobile radio aerial which was dis-

WALTER A. CAMPBELL - continued

covered under a parked car.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying on back in street with legs partially under a car parked at curb. Left leg was under body with an open fracture of left tibia and deep abrasion with laceration of right brow was noted. Body was cool but rigor mortis had not begun to develop. There was blood noted about head. Hat of deceased was about 55 feet from body and a six pack container with 3 beer cans in it noted about 10 feet from body. A left shoe of deceased was found at intersection of 18th and Portland. Deceased lived at 1714 Portland and was apparently crossing street to his residence when struck. Street was noted to be damp but not slick; ice was present in clumps on street.

Remains were removed to Hennepin County Morgue where an autopsy was performed at 9:30 a.m., December 17th. This revealed compound, comminuted skull fracture with severe brain damage; bilateral fracture of tibia and fibula; fracture of 2nd rib, right, and shaft of right femur.

Police officers Vick and Arnold of squad 515 were notified and attended the scene of accident.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 11:12 a.m., December 17, 1958.

According to Mr. D. P. Wilson, 4083 Sunnyside Road, Vice President of McQuay, Inc., the deceased was working at his desk on the morning of December 17, 1958 when he suddenly slumped over. Fellow employees placed him on the floor and an ambulance was summoned to the scene, however, the decedent expired before its arrival, death apparently occurring about 11:00 a.m.

Frank Keeler, 4424 Xerxes Avenue South, and William Howe, 734 E. 18th Street, also employees of the McQuay Company, were present when deceased expired.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying on back on floor, fully clothed. Some cyanosis noted. There was no indica-

LLOYD A. OLSON - continued

tion of other than natural death. Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

Mrs. Evelyn Olson, wife of deceased, was opposed to an autopsy.

Police officers Burns and Taylor of squad 123 were notified and attended the scene of death.

Survivors of the decedent include his wife, Evelyn; mother, Mrs. Nellie Olson; 6 sisters, Miss Gladys Olson, Miss Hazel Olson, Mrs. Benjamin Sklenor, all of Minneapolis, Mrs. S. O. Bacon, Clear Lake, Iowa, Mrs. Amanda Stratton, Siloam Springs, Ark., Mrs. Ivor Roan, Donnelly, Minn. and two brothers, Sander and John Olson of Minneapolis.

HISTORY:

This case was reported to the Coroner's Office by Doctor F. H. Lott of Northwestern Hospital at 9:30 p.m., December 17, 1958.

While in hospital visiting a patient on the evening of December 17, 1958, the deceased complained of severe pain in substernal area and was taken to Emergency Room where Doctor Woyda, resident physician, examined her. Doctor Woyda stated the lungs were clear, blood pressure 180/100, and pulse rate 126 per minute. Nitroglycerine was given.

An electrocardiogram was being attempted and as third limb lead was being taken, the deceased expired. The electrocardiogram revealed ventricular tachycardia. The decedent had stated she had not been seen by a physician for past 10 to 15 years. This case had been assigned to Doctor James Myhre, but deceased expired before his arrival, death occurring at 8:30 p.m., December 17.

MARIAN NIELSEN - continued

Jorgen Nielsen, husband of deceased, stated the deceased had not been ill and had not seen a physician during the six years they have been married. He consented to an autopsy.

An autopsy was performed at the hospital at 8:45 a.m., December 18. This revealed bilateral pulmonary edema; splenomegaly; nodular cirrhosis of liver; minimal atherosclerosis of left coronary artery; hemorrhages into peripelvic tissues of both kidneys and along anterior aspect of left psoas muscle and along left ureter; diverticulum of colon; polyp of colon; minimal atherosclerosis of aorta; and absence of ovaries and fallopian tubes. In the opinion of the pathologist, it was deemed advisable to await completion of the microscopic examination before determining the cause of this woman's death.

Survivors of the decedent include her husband; Jorgen O.; two sisters, Mrs. Albert Thurston and Mrs. Vincent Nickish, all of Minneapolis.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 8:00 a.m., December 18, 1958.

At approximately 7:35 a.m., December 18, 1958, the deceased was found lying face down on the frozen bed of Minnehaha Creek by Dennis McCarty of 5913 Morgan Avenue South. An ambulance was summoned to the scene and upon arrival Doctor Thol of General Hospital pronounced the man dead.

Upon examination of the body by the Coroner, it was noted the deceased had no overshoes or overcoat, however, he was fully clothed otherwise. Body was lying on left side with feet and hands drawn up and left arm and hand partly under body. Back of hands and fingers were skinned and scratched. There was bloody sand about nostrils. There is no rigor mortis. Hat was near body and sleeves of coat and garment slightly frozen in ice and snow. There

HENRY ROBERT LENVIK - continued

is imprint of body in the ice, including the left ear, which would indicate the body was warm and deceased must have been alive when he reached this spot. This is further evidenced by the fact that the snow and loose sand was torn up in an area about the body as if deceased had struggled to regain his feet. Also there was evidence on the bank that deceased had either tried to prevent falling over the bank or had tried to get back up the bank of creek. Bank was about three feet high.

The deceased had apparently approached creek from direction of Park Avenue and may have decided to take a shortcut to his home by crossing the creek at this point. He had apparently fallen and attempted to use a tree to lift himself to a standing position.

Identification was found on the deceased, therefore, the Coroner, Detectives Monohan and St. Mane went to the deceased's residence and interviewed Mrs. Doris Lenvik, wife of deceased. She was asked if she knew where her husband was and stated he was upstairs asleep. She was amazed to find this was not true. Mrs. Lenvik stated she had last seen her husband about 4:00 p.m., December 17, 1958 at which time they had a light lunch. Then she left with her son and visited at the home of Mr. and Mrs. Thomas Lenvik, 5110 Wentworth Ave., returning home at 8:00 p.m. Finding the house in darkness, she assumed her husband had gone to bed as it was his custom to retire early. She then visited with a next door neighbor and watched television until 10:00 p.m.

Mrs. Lenvik stated she did not give any thought to deceased as he usually retired early and generally she called him for breakfast anytime after 10 o'clock. Deceased has history of a stroke in 1954 and another in 1955, and had been gradually becoming confused mentally since that time. He has had difficulty in walking. In September of 1958, he was in Abbott Hospital for two weeks under the care of Doctor John Johnson because of a fall. He has not been permitted to go out alone for the past year.

Thomas Lenvik, deceased's son, came to the house and confirmed his mother's story concerning deceased's condition.

Doctor John Johnson also confirmed the account of hospitalization and failing health with progressive mental deterioration.

Death was attributed to exposure to cold; old cerebrovascular accident being a contributing factor. Family of deceased did not desire an autopsy.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 2:30 p.m., December 18, 1958.

According to the deceased's son, the deceased had complained of pain in chest yesterday but had not been seen by a physician. He had planned to consult a doctor on December 19th.

At about 11:30 a.m., December 18, 1958, deceased called his son and told him he was not feeling well and asked him to come and get him. When son arrived at his father's residence at 2:00 p.m, he found his father sitting in a chair, apparently expired.

The police were notified, Officers Lindgren and Tomes of squad 163 responding. A Minneapolis General Hospital ambulance was dispatched to the scene. Upon arrival, Doctor Barritt, the

SAMUEL V. HEALY - continued

ambulance physician confirmed the man's death.

Upon being notified, a deputy coroner went to the scene and viewed the body. There was no indication of other than natural death. Remains were released directly to a mortuary and death was attributed to arteriosclerotic heart disease.

Survivors of the decedent include his wife, Lydia; 5 sons, Timothy, Vincent, John, Fredrick, Robert; one daughter, Helen; and one brother, Ben.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 7:00 p.m., December 18, 1958.

At approximately 6:40 p.m., December 18, 1958, the deceased, a pedestrian, was fatally injured when struck by a car, a 1949 Oldsmobile, bearing 1958 Minnesota license No. 4R 8920, while crossing University Avenue Southeast at its intersection with 27th Avenue.

William L. Schocinski, age 17, 816 Fifth Street, driver of the car involved, was proceeding west on University Avenue and the deceased was crossing University from south to north in the west crosswalk at the time the accident occurred. The driver and a passenger stated the deceased was crossing against the red light. Deceased expired at the scene before arrival of an ambulance.

ANTONIO DA CRUZ - continued

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying on street on back, clothed in dark clothing. Remains were removed to the Hennepin County Morgue.

An autopsy was performed at the morgue at 10:30 a.m., December 19th. This revealed massive hemothorax, left, due to laceration of arch of aorta; subdural and subarachnoid hemorrhage; comminuted skull fracture; fractures of tibia and fibula, right; and fractureof right humerus and ribs, 4th through 12th, right.

Officers A. Linboe and A. Aigner of traffic squad 515 were notified and attended the scene of accident.

Survivors of the decedent include his wife, Sara; two daughters, Mrs. Peter Merkl, Goleta, Calif., Mrs. Alberto Barreto, Peoria, Ill.; a son, Antony, Mexico City, Mexico; and two grandchildren.

HISTORY:

This case was reported to the Coroner's Office by Doctor Kenath Sponsel at 10:30 a.m., December 19, 1958.

While a customer in Dayton's Department Store on December 6, 1958, the deceased fell in some manner when she was in one of the revolving doors in an entryway, incurring a fracture of the left femur. She was removed by ambulance to St. Barnabas Hospital, being admitted on date of injury, and placed under the care of Doctor Kenath Sponsel.

Surgical repair of the fracture was accomplished on December 7th. Deceased failed to respond to hospital treatment, expiring at 10:02 a.m., December 19th.

An autopsy was performed at the hospital on the date of death. This revealed that death was due to a pulmonary embolism secondary to fracture of left femur.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 7:30 p.m., December 19, 1958.

On the evening of December 19, 1958, the deceased was driving his 1953 Plymouth west on 98th Street when he became very ill and stopped the car beside the semaphore on the northeast corner of 98th and Lyndale. Two of his children were with him.

The police were notified, Officers Paul Block and Howard Wright of Bloomington responding. Officers removed the deceased from car and carried him on a stretcher to a nearby Clark Service Station. Doctor Angelo Johnson and a Smith ambulance were summoned to the scene, however, the deceased expired before the physician's arrival, death apparently occurring about 7:05 p.m., December 19th.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased

JOHN LESLIE BERGMAN - continued

found lying on stretcher in back room of Clark station at 98th and Lyndale, clothed in trench coat and business suit. No rigor mortis was evident; body noted to be warm.

Remains were removed to the Hennepin County Morgue where an autopsy was performed at the request of deceased's wife. This revealed acute myocardial infarction due to coronary thrombosis of the anterior descending branch of left coronary artery.

Wife stated the decedent has been under the care of Doctor N. E. Rud. She claims he possessed nitroglycerine tablets but never used them. He did not complain of angina although post showed almost complete blockage of anterior and posterior coronary vessels at certain areas.

Doctor Rud stated he had been treating deceased for coronary sclerosis for sometime and also diabetes. Deceased was in Northwestern Hospital during this past summer to try to improve his cardiac circulation.

Survivors of the decedent include his wife, Dorothy; daughter, Ava; Bloomington; two sons, David, Bloomington, and Raymond, Scott Air Force Base, Ill.; a sister, Mrs. Heman Birdsall, El Cajon, Calif.; brother, George of Colorado Springs, Colo.

HISTORY:

This case was reported to the Coroner's Office by Doctor Harley J. Racer at 9:30 a.m., December 20, 1958.

This baby was born at Fairview Hospital on November 17, 1958 without any complications. No symptoms of illness had occurred during the month at home and baby had appeared to be making normal progress.

Mother of deceased awakened at 8:30 a.m., December 20, 1958 and realized that baby had not awakened for usual 4:00 a.m. feeding. Upon investigation, she found the infant lying face down in the corner of her crib, apparently lifeless. Doctor Harley J. Racer was summoned to the scene. Upon arrival, he confirmed the baby's death.

Upon being notified, a deputy coroner went to the residence and viewed the body. There

GERI LYNN HUNT - continued

was no vomitus, no disarray of the crib bedding, and no molding of the features to suggest pressure on nose or mouth, but mother thought the baby's face was directly downward into crib mattress.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on date of death. This revealed pulmonary congestion and sub-epicardial petechial hemorrhages.

Survivors of the decedent include her parents, Mr. and Mrs. Robert E. Hunt, Sr.; 3 brothers, Robert, Jr., David, and Jon; two sisters, Jeanne Ann and Jo Anne; Maternal grandmother, Mrs. Walter Jackson, Robbinsdale; and paternal grandparents, Mr. and Mrs. Norris E. Hunt of Los Angeles.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 12:15 p.m., December 20, 1958.

At about 12:10 p.m., December 20, 1958, the deceased was found lying in bed, apparently expired, by Leonard Melser of 426 18th Avenue North, a neighbor, who was in the habit of checking on deceased from time to time. The police were notified, Officers Berg and Cleveland of squad 144 responding.

A Minneapolis General Hospital ambulance was dispatched to the scene. Upon arrival, Doctor Salovich, the ambulance physician, confirmed the woman's death.

Officers stated they have received calls about the deceased on previous occasions of late and have found her totally bedridden the past week, however, she refused to go

BONNIE JONES - continued

to General Hospital.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying on back. Body was cold but there was no rigor mortis. Mucous membranes were dry and lower legs were blistering. She had apparently been dead for more than 24 hours. Apartment was cold and ice had formed in bathroom. Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 6:12 p.m., December 20, 1958.

About 3:00 p.m., December 20, 1958, the deceased went into the basement of his home to do some work at his workbench. At 5:00 p.m., Mrs. Ragna Hoisve, wife of deceased, called to him but received no answer, therefore, she went down to investigate and found the deceased unresponsive. The police were notified, Officers Neuenfeldt and Levens of squad 143 responding.

A Minneapolis General Hospital ambulance was dispatched to the scene. Upon arrival, the ambulance physician confirmed the man's death.

Deceased has history of a heart attack about 8 years ago. He has had no recent medical care, however.

JOHAN B. HOISVE - continued

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased had been planing by hand at his workbench and was found lying on back. There were no marks and body was cold. Rigor mortis had not begun to develop. Remains were released directly to a mortuary and death was attributed to arteriosclerotic heart disease.

Survivors of the decedent include his wife, Ragna; two daughters, Mrs. Carl A. LeVahn and Mrs. Hilda Samuelson; 4 sons, Birger N., Harold V., Ludwig J. and Einar G., all of Minneapolis; 11 grandchildren and 15 great grandchildren.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 8:15 p.m., December 20, 1958.

Officers Strom and Arwick went to the Oslo Hotel to pick up the deceased in response to a call from the hotel's clerk, Martin Hoffman, at 7:45 p.m., December 20, 1958. It was stated, the deceased had fallen at the hotel. Upon arrival of the officers, deceased was found on first landing near radiator with bruised left cheek which was bleeding and appeared to be intoxicated.

Deceased was placed in patrol wagon and taken to courthouse; he was alone in wagon. Upon arrival in courthouse basement, the deceased was found to be unresponsive. A Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival, the ambulance physician pronounced the deceased dead.

CLIFFORD LEROY NELSON - continued

Upon questioning the hotel clerk, he stated the deceased was a very heavy drinker and had been intoxicated every day for the past several weeks.

Detectives Meehan and Kohler and Captain Egeland questioned the officers who arrested the deceased as well as Officers Fred Kane and Wilbur Lee who operate the patrol wagon. They are satisfied there was no foul play in this case.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on December 21st. This revealed asphyxia due to aspirated gastric contents; pulmonary and vocal cord edema; and severe fatty metamorphosis of liver. A subsequent report from the toxicologist upon analysis of the deceased's blood indicated it contained 0.30% alcohol.

Only survivor known to the Coroner's Office is a brother, Elmer Nelson, South St. Paul.

HISTORY:

This case was reported to the Coroner's Office by the Brooklyn Center Police Department at 2:30 a.m., December 21, 1958.

According to the deceased's wife, Mrs. Loretta Gramhill, the deceased awakened suddenly on the morning of December 21, 1958 with chest pain, nausea and vomiting. He was gasping for breath. A Doctor Ericson was summoned to the scene, however, the deceased expired before his arrival, death apparently occurring about 2:10 a.m.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying in bed on back. Slight cyanosis of nail beds noted and there was some blotchy cyanosis of limbs. Body was warm and there was no rigor mortis and no indication of other than natural death. Wife stated decedent had had no previous medical care and consented to an autopsy. Remains were removed to the Hennepin County Morgue.

MELVIN LESTER GRAMHILL - continued

An autopsy was performed at the morgue on the date of death. This revealed thrombosis of anterior descending coronary artery; pulmonary edema and congestion; minimal generalized arteriosclerosis; and tumor of right kidney.

Survivors of the decedent include his wife, Loretta; two daughters, Susan and Nancy; one son, Daniel; parents, Mr. and Mrs. Jacob E. Gramhill; one brother, Arnold; 4 sisters, Mrs. Rudolph Frederice, Mrs. Donald Iliss, Mrs. Raymond Milne, Mrs. John Martineau.

HISTORY:

This case was reported to the Coroner's Office by the Minneapolis General Hospital at 5:00 a.m., December 21, 1958.

At approximately 5:12 p.m., December 20, 1958, the deceased, a pedestrian, was fatally injured when struck by a car, a 1946 Chevrolet, bearing 1958 Minnesota license No. MN 8444, while crossing East Lake Street at its intersection with 16th Avenue South.

Horace James River, age 18, 719 Dayton Avenue, St. Paul, driver of the car involved, was traveling east on Lake Street and the decedent was standing in middle of street waiting for westbound traffic to clear when the accident occurred.

The injured woman was removed by ambulance to Minneapolis General Hospital, being admitted at 5:29 p.m., December 20th, in a semi-comatose condition. A laparotomy was done but bleeding could not be arrested. Ten pints of blood were administered. Deceased expired at 4:20 a.m., December 21st.

MARGARET HOHAG - continued

An autopsy was done at the hospital on the date of death. This revealed cerebral contusion with diffuse subdural and subarachnoid hemorrhage; massive peritoneal and post-peritoneal hemorrhage; extensive skull fracture and fracture of right supra pubic ramus.

Police officers Ahr and Akenson of traffic squad 516 were notified and attended the scene of accident.

Survivors of the decedent include her father, John M. of Bloomington; two sisters, Mrs. Leonard Stokes and Mrs. Edward Sieber, both of Richfield; and two brothers, Earl and William, both of Bloomington.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 9:06 a.m., December 21, 1958.

The deceased has been ill for the past 3-1/2 years since he had a cardiovascular accident and was hospitalized at Minneapolis General Hospital. Since that time, he has been a constant patient in the out-patient department at Minneapolis General Hospital. In August of 1958, the deceased sustained a fracture of the left arm.

A Mrs. Grace Thompson who has been caring for the deceased during the past week, stated he had complained of chest and arm pain. This morning, December 21, 1958, at 8:40 a.m., the decedent was found lying in bed, apparently expired. The police were notified, Officers Knickerbocker and Hamilton of squad 117 responding. A Minneapolis General Hospital ambulance was dispatched to the scene. Upon arrival, the ambulance physician confirmed the man's death.

PHILLIP JACOB VAUGHN - continued

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying in bed, dressed in night clothes. Body was warm and there was no rigor noted. Remains were released directly to a mortuary and death was attributed to arteriosclerotic heart disease.

Survivors of the decedent include two daughters, Mrs. Bernard Beach, Minneapolis, and Mrs. August Ferber, Robbinsdale; also 3 grandchildren, one sister and two brothers.

HISTORY:

This case was reported to the Coroner's Office by Werness Brothers Funeral Chapel at 2:30 p.m., December 21, 1958.

According to landlord, Mr. Strohm, the deceased has lived alone at the above address for the past 14 years.

In February of 1958, the decedent developed shingles and was treated by Doctor Julius Feinstein. He decided she would be wise to stay with a daughter, Mrs. A. E. Anderson, who lived in Stevens Point, Wis. The deceased followed his instructions and went to live with her daughter, returning to Minneapolis again on October 17, 1958.

At approximately 1:30 p.m., December 21, 1958, the deceased was discovered lying on floor, dead, by Mr. Strohm, who notified the daughter of deceased.

RINA G. DAVIDSON - continued

A deputy coroner went to the residence and viewed the body. Deceased found lying on bathroom floor, dressed in a nightgown. It appeared that the deceased had been to the toilet and was about to return to bed when she fell face downward on the floor. Body was cold and rigor mortis was evident. Inspection of the remains revealed a recent radical mastectomy incision on the right side for malignancy of the breast. Operation was said to have taken place in Wisconsin during the past 6 or 8 months while living with daughter. Remains were released to the mortuary and death was attributed to arteriosclerotic heart disease.

Survivors of the decedent include a daughter, Mrs. Alf E. Anderson, Stevens Point, Wis.; son, John C. of Dayton, Ohio; two grandchildren; 5 great-grandchildren; brother, Carl A. Hanson, Washington, D. C.

HISTORY:

This case was reported to the Coroner's Office by Doctor Karl W. Pleissner at 1:30 a.m., December 22, 1958.

For the past week, the deceased has had a slight cold with some coughing. Today, however, she had been up and around and appeared to be quite well.

Before retiring at 7:00 p.m., December 21, 1958, the deceased was given some Triple Action Rexall Cough Syrup and a single 1-1/4 gr. aspirin tablet (The Depree Company, Holland, Michgian). About 10:30 p.m., child complained of nausea and went to bathroom where she regurgitated food and mucous. Later that evening, her mother, who was watching television, heard child make an unusual noise and went to bedroom to investigate. Child was in serious condition and breathing with great difficulty.

Doctor Karl W. Pleissner and the St. Louis Park rescue squad were summoned to the scene.

KATHERINE ANN BARBER - continued

Efforts to revive the deceased were unsuccessful and the deceased was pronounced dead at 12:15 a.m., December 22.

A deputy coroner went to the residence and viewed the deceased. Child found lying in bed dressed in nightclothes. Body was warm and no rigor mortis was evident. Remains were removed to the Hennepin County Morgue.

An autopsy was performed at the morgue on date of death. In the opinion of the pathologist, it was deemed advisable to await completion of the microscopic examination before determining the cause of this child's death.

Survivors of the decedent include her parents, Mr. and Mrs. Frank Barber; sister, Sandra; two brothers, Frank, Jr. and Anthony; paternal grandparents, Mr. and Mrs. Dan Barber of Minneapolis.

HISTORY:

This case was reported to the Coroner's Office by Doctor C. V. Carlson at 3:45 p.m., December 22, 1958.

According to H. E. Monroe, foreman, the deceased was working on construction job at U. S. Government AAA project as an employee of sewage disposal plant contractor, Steenberg Construction Company of St. Paul. Mike Brennan, a fellow employee, was working with deceased when he suddenly slumped down, foaming at mouth. Doctor C. V. Carlson of Mound was called to the deceased, however, the deceased expired before his arrival, death apparently occurring about 2:45 p.m., December 22, 1958.

According to a sister of deceased, Mrs. Loretta Evanson, the deceased was treated by Doctor P. C. Petersen for "low blood pressure".

Doctor Petersen was contacted and stated he last saw the deceased November 8, 1957 at

JEROME ALLEN DELMER PALMQUIST - continued

which time his blood pressure registered 140/90. An electrocardiogram at that time was negative.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying on planking on baffles of Imhoff Tank, approximately 7 feet below top of wall of tanks, fully clothed. Deceased noted to have a robust physique. Ventilation appeared to be good. There was no indication of other than natural death.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on December 23. In the opinion of the pathologist, it was deemed advisable to await completion of the microscopic examination before determining the cause of this man's death.

Deputy sheriffs Lundberg and Kline were notified and attended the scene of death.

Survivors of the decedent include his parents, Mr. and Mrs. F. Albin Palmquist, Minneapolis; 3 sisters, Mrs. Gordon Ingram, St. Louis Park, Mrs. Otto Chermak, Milwaukee, Wis., Mrs. Howard Evanson; also a brother, Howard, both of Minneapolis.

HISTORY:

This case was reported to the Coroner's Office by Doctor Peter J. Schultz at 2:00 p.m. December 22, 1958.

The deceased was visiting at the home of her sister, Mrs. Robert Gleason, and had complained of stomach pains. Shortly thereafter, she suddenly collapsed and expired in the bathroom. Doctor Peter J. Schultz was summoned to the residence and pronounced the woman dead, death apparently occurring about 1:30 p.m., December 22.

Doctor Schultz stated he had never attended the deceased. She has history of a fracture of forearm about one year ago and was treated at Minneapolis General Hospital.

Examination of the body indicated this was a natural death. Remains were released directly to a mortuary and death was attributed to arteriosclerotic heart disease.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 7:35 p.m., December 23, 1958.

At approximately 7:15 p.m., December 23, 1958, a Mr. Torndsen of 35 S. 13th Street came to visit the deceased and received no response to his knock. He notified the caretaker who opened the door. Upon entry, they found the deceased lying in bed, dead.

It was stated, the deceased has history of chronic alcoholism and has been a member of Alcoholics Anonymous.

Upon being notified, a deputy coroner went to the residence and viewed the body. Deceased found lying in bed in full rigor. There was no indication of other than natural death.

JOHN N. RYAN - continued

Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

Police officers Reimer and Foreman of squad 119 were notified and attended the scene of death.

Only survivor known to the Coroner's Office is a brother, Lee G. Cooper.

HISTORY:

This case was reported to the Coroner's Office by the Sheriff's Office at 8:00 p.m., December 23, 1958.

According to Bert Bensen of Maple Plain, Route #2, the deceased did not respond when he went to the deceased's home at 5:00 p.m., December 23, 1958. He had not seen the deceased since December 20th, therefore, the Sheriff's Office was notified, Officers Miller and Gillespie responding. Entry was forced and the deceased was found sitting in chair, fully dressed, dead. There was no heat in the house.

Upon being notified, a deputy coroner went to the scene and viewed the body. Rigor mortis was complete. There was no indication of other than natural death. Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

SAM MIKRE - continued

It was stated, the deceased had been a patient of Doctor William T. Greenfield of Cokato, Minnesota, and had also been seen at University Hospitals about 18 months ago.

HISTORY:

This case was reported to the Coroner's Office by the Sheriff's Office at 12:30 p.m., December 24, 1958.

At approximately 12:15 p.m., December 24, 1958, the deceased was fatally injured when his light plane, a two-seater Cessna 140, crashed on Medicine Lake. According to Hennepin County Deputy Sheriff Reiter, the deceased lived a few minutes after the accident but expired before the arrival of a doctor.

Ragnar Swahn, 2444 Logan Avenue North, who was fishing on the lake, witnessed the accident and stated the deceased was apparently coming in for a landing on the frozen lake when he clipped the wires about 50 feet above the lake. Mr. Swahn stated the plane came over very low with a loud engine noise. Suddenly the tone of the engine changed and plane dropped to the ice.

DUANE J. DUBAY - continued

Three youngsters skating on the south end of the lake also witnessed the accident. They were Ruth Herring, 1541 W. Medicine Lake Drive, George Hinckley, 1300 W. Medicine Lake Road, Plymouth, and his sister, Betty, age 13. Ruth stated the back wheel or tail hit the wires and it sounded as if the motor stopped. After the crash, the plane skidded about 350 feet.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying on back partially out of plane with left foot wedged through the floor and alongside left pedal. An open fracture of left tibia was noted. Body was warm and there was no rigor. Right cheek was indented and semilunar laceration was noted which followed mandible. Plane was headed south with left wing lying over cab and upside down on right wing. Left cab door and windshield were absent. No sunglasses were found about body or in plane (headed into sun from north to south on lake). Registration papers on plane not found. Some blood noted on dash. It appeared that some part of cab had struck the telephone wires.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on date of death. This revealed massive hemothorax due to laceration of right ventricle of heart, inferior vena cava, and thoracic aorta, and crushing injury of chest.

Officer Claude Lien of Plymouth was also notified and attended the scene of accident.

Only survivors known to the Coroner's Office are his wife, Ruby; and his parents, Mr. and Mrs. Henry A. Dubay.

HISTORY:

This case was reported to the Coroner's Office by a Minneapolis General Hospital ambulance driver at 2:20 p.m., December 24, 1958.

On the afternoon of December 24, 1958, the deceased was sitting in a booth at the Arabian Nights, 21 N. Washington Avenue, eating his lunch when he suddenly collapsed. The police were notified and a Minneapolis General Hospital ambulance was dispatched to the scene. Deceased was placed in the ambulance and was en route to Minneapolis General Hospital when he suddenly expired, death occurring at 1:58 p.m.

Body was brought directly to the Hennepin County Morgue where examination by a deputy coroner indicated this was a natural death. Remains were released to a mortuary and death was attributed to arteriosclerotic heart disease.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 2:10 a.m., December 25, 1958.

According to statement taken by Detectives Scully and Campbell, there had been a family dinner at the Lubovich residence on Christmas Eve, however, all of the guests had left by 9:30 p.m. After the guests had departed, Mrs. Roberta Lubovich and her husband opened a fifth of Log Cabin liquor and commenced drinking. They became involved in an argument about family affairs which continued in the kitchen where Mrs. Lubovich went to slice some turkey for sandwiches about 1:30 a.m., December 25. Both were apparently intoxicated by this time.

Mrs. Lubovich states the deceased struck at her while she was slicing the turkey and she

ROBERT D. LUBOVICH - continued

turned around, striking at him with the knife. He fell to the floor, bleeding. Apparently she did not think the injury was serious at once and went about her other chores, however, when she noted the deceased hadn't stirred, she notified the police, Officers Lyons and Eberlain of squad 123 responding.

A Minneapolis General Hospital ambulance was dispatched to the scene. Upon arrival, Doctor D. A. Berman, the ambulance physician, pronounced the deceased dead at 2:02 a.m., December 25, 1958.

The deceased had allegedly been ill for the past three months and has been unable to work. It was established the deceased had been a patient in the orthopedic ward at Veterans Hospital from November 28th to December 17th, 1958.

Upon arrival of the deputy coroner, deceased was found lying on his right side on kitchen floor. Body was dressed in street clothes, and the shirt and undershirt were saturated with fresh blood. The kitchen floor near the body was also covered with blood. Remains were cool but no rigor mortis was evident. Upon lifting the clothes from the anterior chest wall, a 1" vertical, linear wound was noted, conceivably made by the bloody butcher knife lying on the kitchen counter, at a point about 4" above and 2" medial to the left nipple. Blood still continued to flow from this wound in droplike fashion for a period after its exposure.

Remains were removed to the Hennepin County Morgue where an autopsy was performed at 10:15 a.m. on the date of death. This revealed exsanguination into pericardium and pleural cavities, due to laceration of pulmonary artery and vein. A subsequent report from the toxicologist upon analysis of the deceased's blood disclosed it contained 0.18% alcohol at time of death.

Further investigation by police officers indicated Mrs. Lubovich had worked at Brady's Bar, 6th and Hennepin. The day manager, Thelma Anderson, and the night manager, Mr. Leonard Masley, were both interviewed. They state the deceased came into the bar on various occasions while Mrs. Lubovich was working there and was usually intoxicated. At approximately 10:00 p.m. on a Saturday night, November 22, 1958, when she was supposed to work until 1:00 a.m., her husband (the deceased) came into the bar and forced her to leave her job. Several times, Mrs. Lubovich came to work badly beaten up and with black eyes; at times they were unable to let her work because of these black eyes. Both managers state the deceased was a very belligerent person.

Statements were also taken from Mary Thomspon, a sister of Mrs. Lubovich, and Mrs. Margaret Roberts, her mother. They both agreed thatthe deceased and Mrs. Roberta Lubovich drank quite heavily and became involved in arguments when they drank to excess.

Other officers who assisted in the investigation of this case are Officers Blanche and Rising of squad 125, Detectives Scully and Campbell of squad 308, and Inspector Wetherille.

HISTORY:

This case was reported to the Coroner's Office by a sister, Mrs. W. F. La Mayeau at 6:30 a.m., December 25, 1958.

According to family, the deceased, who has been living with a sister, Mrs. Olga Jeglin, in Audubon, Minnesota, has not been seen by a physician for several years. In the latter part of October 1958, he came to Minneapolis to spend the winter months with Mrs. La Mayeau, also a sister, at 2005 Garfield. He was said to be slightly mentally deficient.

During the past week, the deceased had been moderately ill and his appetite had decreased below normal. He expired at 5:45 a.m., December 25, 1958. Mrs. LaMayeau was present at time of death.

FRED A. MORKEN - continued

Upon being notified, a deputy coroner went to the residence and viewed the body. Deceased found lying in bed, clothed in night clothes. There was no indication of other than natural death. Remains were removed to a mortuary and death was attributed to arteriosclerotic heart disease.

HISTORY:

This case was reported to the Coroner's Office by the Sheriff's Office at 8:30 p.m., December 25, 1958.

Edward Couture, brother of deceased, and the deceased had been living alone on farm at above address. They had arrived home about 6:30 p.m., December 25, 1958. A short while later, Edward Couture went outside while Henry (the deceased) was upstairs in his room.

When Edward returned to the house after an absence of approximately five minutes, he did not hear the deceased moving about so opened door to upstairs to investigate. As he opened the door, the deceased fell out into the room below and was noted to be in an unresponsive condition.

Doctor P. J. Guilfoil of Delano was summoned to the home. Upon his arrival at 7:00 p.m.,

HENRY COUTURE - continued

he pronounced the deceased dead.

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying on floor, face down. Body was beginning to cool and livor mortis of face with blanching of nose was noted; nail beds were pale. There was no rigor mortis. Examination revealed wet trousers and wet 3rd step forming pattern of person sitting. There was an abrasion of occiput with grooves longitudinally in swollen occipital tissues which correspond to ridges on door.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on December 26th. This revealed pulmonary congestion, edema and emphysema of unknown etiology, also cardiac left ventricular hypertrophy.

Deputy sheriffs Seviola and Benver were notified and attended the scene of death.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 10:55 a.m., December 26, 1958.

Police officers Flint and Butler of squad 165 were called to the above address by a nephew, Mr. John Gansmoe of 4730 Nokomis Avenue South, a nephew of Mrs. Bertha Hartz, who came to the Hartz residence to check on the deceased because he had not been at work since December 22, 1958 and had made no contact with either the deceased or Mrs. Hartz because Mrs. Hartz would not open the door.

Mr. Gansmoe stated Mrs. Hartz had been a patient at St. Peter State Hospital and has been mentally ill for many years. Officers were unable to gain admittance also because of her disturbed mental condition and had to force entrance. Officer Butler states that on entry he found deceased dead in bed with a towel over his face and a hot water bottle on his neck. Doctor Bennett of General Hospital arrived at 10:30 a.m., December 26th,

THEODORE M. HARTZ - continued

and confirmed the deceased's death.

Mr. O. P. Hartz, nephew of deceased, 4830-38th Avenue South, stated deceased had been to Doctor M. S. Belzer's Clinic on December 22, 1958 for x-rays for urinary stone. He also stated the deceased had been having trouble speaking aloud for a time because of hoarseness and trouble with his throat. Both Mr. Hartz and Mr. Gansmoe stated deceased was afraid of Mrs. Hartz turning on him but they did not know of any episode of her having become violent toward him. All they could gather from deceased today was that the decedent had not talked to her for two days.

Doctor Sidney Esensten of Belzer Clinic felt the deceased probably had some coronary arteriosclerosis but stated his electrocardiogram was fairly good. Left hydronephrosis and stone in left ureter with hematuria and colicky pains was noted. There was also very slight enlargement of the heart. Deceased had been in Clinic on December 22nd and was to return on December 23rd but failed to return. Deceased had some emphysema also but his blood pressure was normal.

Upon being notified, a deputy coroner went to the residence and viewed the body. Deceased found lying in bed in slightly right lateral decubitus position, dressed in pajamas. Marked post mortem mottling noted. There was no rigor remaining. There was no indication of violence. Among deceased's possessions was a will appointing as administrators Mr. O. P. Hartz and Mr. John Gansmoe. All personal effects and control of real estate at above address was turned over to them. In view of circumstances and Mrs. Hartz's mental status, these gentlemen wish an autopsy.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on December 26. This revealed that death was due to congestive heart failure secondary to severe coronary sclerosis.

HISTORY:

This case was reported to the Coroner's Office by Doctor Kenneth B. Romness of Mound, Minnesota, at 10:35 p.m., December 26, 1958.

On the evening of December 26, 1958, the deceased was sitting on davenport in his home when he suddenly became critically ill. Doctor Kenneth Romness was summoned to the home, however, the deceased expired before his arrival, death occurring at 10:15 p.m.

It was stated, the deceased has history of a heart attack six years ago. At that time, he was attended by Doctor J. C. Miller.

Upon being notified, a deputy coroner went to the scene and viewed the body. There was no indication of other than natural death. Remains were released directly to a mortuary and death was attributed to arteriosclerotic heart disease.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 8:45 a.m., December 27, 1958.

At approximately 8:00 p.m., December 26, 1958, the deceased was put to bed according to parents. She appeared to be in good health at that time. At 10:05 p.m., infant was checked on again and was apparently all right.

On the following morning, December 27th, at about 8:15 a.m., mother went to check on baby and found her lying in bed, apparently lifeless. A Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival, the ambulance physician pronounced the infant dead.

It was stated, the baby had had no recent upper respiratory infection. Infant had been born by caesarian section without any complications.

PATRICIA ANN HALES - continued

Upon being notified, a deputy coroner went to the scene and viewed the child. A small amount of blood noted on sheet and a frothy material was noted coming from nose. Body was cold and in full rigor.

Remains were removed to the Hennepin County Morgue and an autopsy was performed on the date of death. This revealed bilateral acute pulmonary edema and congestion. In the opinion of the pathologist, it was deemed advisable to await completion of the microscopic examination before determining the cause of this baby's death.

Police officers D. Levens and B. Shorten of squad 142 were notified and attended the scene of death.

HISTORY:

This case was reported to the Coroner's Office by Doctor A. B. Sborov at 8:40 a.m., December 28, 1958.

According to Mrs. Charlotte Anderson, wife of deceased, her husband had appeared to be in good health recently. He had gone to the bathroom about 7:00 a.m., December 28, 1958, and then returned to bed. The couple's young son had gotten into bed with his father, so Mrs. Anderson went to bed in another bedroom.

Shortly thereafter, she heard stertorous breathing and went to her husband's room to investigate (the boy was sleeping). The deceased's head was partially buried in his pillow, his breathing became more quiet, but he was unconscious. Doctor A. M. Sborov was summoned to the residence as well as the Edina Fire Department rescue squad. All efforts to resuscitate the deceased were unsuccessful. Doctor Sborov confirmed his

CHARLES B. ANDERSON - continued

death upon arrival.

It was stated, Doctor J. C. Miller had treated the deceased about three years ago because of a coronary attack.

Upon being notified, a deputy coroner went to the residence and viewed the body. There was no indication of other than natural death. Remains were removed to a mortuary and death was attributed to arteriosclerotic heart disease.

Survivors of the decedent include his wife, Charlotte B.; daughters, Mrs. Julian L. Schmidt and Carol Ann; sons, Craig B., all of Minneapolis, and Comm. Charles R. Anderson, U.S.N.; also 8 grandchildren and a sister, Mrs. Flora Borchardt, Anchorage, Alaska; three brothers, Alexander, Chula Vista, Calif., Gordon S., Park Ridge, Ill., and Raymond, Chicago.

HISTORY:

This case was reported to the Coroner's Office by Minneapolis General Hospital at 7:30a.m., December 28, 1958.

The deceased had been admitted to Minneapolis General Hospital on December 23, 1958 for incidentally found anemia of 8.0 grams %. There is history of a gastrectomy for an ulcer. Examination of four stools were negative for blood during patient's hospitalization. Deceased had no complaints and was essentially normal upon physical examination.

At approximately 7:20 a.m., December 28, 1958, the deceased expired suddenly in the bathroom without any witnesses. He had had no previous cardiac or respiratory complaints except shortness of breath which was believed due to anemia.

LOUIS J. BROTT - continued

An autopsy was performed at the hospital on December 29th. This revealed acute myocardial infarct and severe coronary sclerosis.

HISTORY:

This case was reported to the Coroner's Office by the Bjorklund Funeral Home at 2:50 a.m., December 29, 1958.

About December 21st, 1958, the deceased fell in her home in some manner incurring a fracture of the left humerus. She was removed to St. Andrews Hospital on December 24, 1958 and placed under the care of Doctor H. A. Johnson.

Due to her advanced age and poor physical condition, no surgery was attempted. She expired at 7:40 p.m., December 28, 1958.

An autopsy was performed at the hospital on December 29th. This revealed a cerebral thrombosis and fracture of left humerus.

AMANDA HEGMAN - continued

Survivors of the decedent include a son, Ralph H.; daughter, Miss Irene Hegman; sister, Mrs. Matilda Peterson; 3 grandchildren and 11 great grandchildren.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 10:05 a.m., December 29, 1958.

At approximately 10:00 a.m., December 29, 1958, body of deceased was discovered about 15 to 20 feet from shore in the Mississippi River near Main St. and East Hennepin Avenue. Art Johnson, operator of Sinclair Station at Main and East Hennepin first noted the body and notified the police, Officers Trymucha and Nelson of squad 125 responding.

The No. 11 ladder company of the Minneapolis Fire Department came to the scene and freed the body from the ice using a ladder and a pike hook.

At 9:27 am., December 29, 1958, a Mr. LaMere who was riding on a bus noted a woman on the river bank at above address. She had gone out onto the ice, sat down, and slid along the ice until she reached the edge and then dropped in. He described her as wearing a

ANNA BADTKE - continued

plaid scarf and dark coat when he notified Sgt. Wishart of the Police Department.

Clarence Badtke, 217 University Avenue N. E., son of deceased, who identified the body, stated he found a note in his mailbox from mother stating she was going away and wishing them "Happy Holidays". It was also stated, the decedent has attempted suicide on previous occasions.

Upon being notified, a deputy coroner went to the scene and viewed the body. Body appeared well preserved and was dressed in a blue overcoat with scarf over head. Eye glasses were still in proper position. Remains were removed to the Hennepin County Morgue and death was attributed to anoxia due to drowning and was ruled a suicide.

Only survivors known to the Coroner's Office are her husband, Otto Badtke, and a son, Clarence, previously mentioned herein.

HISTORY:

This case was reported to the Coroner's Office by a Minneapolis General Hospital ambulance driver at 12:15 p.m., December 29, 1958.

Deceased has been a patient in the out-patient department of Minneapolis General Hospital for some time, having last been seen there on October 30, 1958. At that time, he complained only of a runny nose. There is history of dermatitis in 1955 and treatment for a duodenal ulcer in 1956. The decedent had also been an "in-patient" at General Hospital in 1956.

The decedent became critically ill on December 29, 1958 and a Minneapolis General Hospital ambulance was summoned to the residence. Deceased was placed in ambulance but expired almost immediately, death occurring at 12:10 p.m.

Body was removed via ambulance to the Hennepin County Morgue. Upon examination of body, there was no indication of other than natural death. Remains were removed to the mortuary

NICHOLAS JONSON - continued

and death was attributed to arteriosclerotic heart disease.

Survivors of the decedent include two daughters, Mrs. Everett Galway, and Mrs. Arvie Nault; also 6 grandchildren and 15 great-grandchildren.

HISTORY:

This case was reported to the Coroner's Office by the Police at 12:40 p.m., December 29, 1958.

At approximately 11:30 a. m., December 29, 1958, the deceased was found sitting in a chair, dead, in his apartment by the owner of the building, Mr. George Alley. The room was checked upon request of a friend who had been unable to arouse any response when he knocked on the deceased's door.

Apparently the deceased was a victim of severe asthma and was a disabled veteran of World War I.

Upon being notified, a deputy coroner went to the residence and viewed the body. Deceased found sitting in an overstuffed easy chair dressed in street clothes and an overcoat. Apparently he had come in from the outdoors and sat down in chair without removing his coat.

HERMAN C. BALK - continued

Body was cold and rigor mortis was marked. Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

Police officers Kaminski and Ramlett were notified and attended the scene of death.

There are no known survivors. His financial affairs have been handled by the Marquette National Bank under the direction of Mr. Sawyer.

HISTORY:

This case was reported to the Coroner's Office by Doctor J. C. Whitacre at 7:30 a.m., December 30, 1958.

On the morning of December 30, 1958, the deceased became critically ill in her home. Doctor J. C. Whitacre was summoned to the residence, however, the deceased expired before his arrival.

It was stated, the deceased has been under the care of Doctor Donald E. Derauf at Northern Pacific Hospital, St. Paul. There is history of hypertension, angina pectoris and congestive heart failure. Deceased has been receiving digitalis and nitroglycerine. She had last been seen alive on December 10, 1958.

Upon being notified, a deputy coroner went to the scene and viewed the body. There was no indication of other than natural death. Remains were removed to a mortuary and death

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 2:10 p.m., December 30, 1958.

At approximately 2:00 p.m., December 30, 1958, Police Officers Ramlet and Kaminski of squad 118 came to check on deceased and received no response. Entry was forced and deceased was found lying on floor, dead.

George Costigan, manager of building, had called Mr. Ted Dantis of Dantis Bar, 1416 Nicollet, in regard to hospitalization for the deceased. Mr. Dantis has been managing the deceased's business affairs. When he was unable to get the deceased to go to hospital, he notified the police for help. Officers had been to see the decedent on the evening of December 29th but had been unsuccessful in their attempt to persuade him to go to hospital, therefore, they returned again on December 30th at which time they found deceased had expired.

EWALD G. BEBERG - continued

Upon being notified, a deputy coroner went to the scene and viewed the body. Deceased found lying on floor of room in full rigor. Spread on bed was only slightly mussed but did not appear to have been slept in. Remains were removed to the Hennepin County Morgue and death was attributed to arteriosclerotic heart disease.

HISTORY:

This case was reported to the Coroner's Office by the Police Department at 4:45 a.m., December 31, 1958.

It was stated, the deceased had been living at the above address with one Edward M. (Bearcat) Wright of 5212 S. 25th Street, Omaha, Nebraska, since September 30, 1958. The two were planning to leave Minneapolis for Chicago following Mr. Wright's wrestling match this evening, December 30, 1958, but Mr. Wright wanted to break off relations with the deceased and therefore, they returned to their hotel about midnight.

The deceased was involved in a car accident on November 21, 1958, being hospitalized at Glenwood Hills until December 16th or 17th. She had received 12 seconal tablets on prescription #B-450417 at Snyder's Drug from Doctor Johnson of 4616 Portland Avenue South which was dated December 17th. Following her hospital stay, the deceased and Mr. Wright had left for Kansas City, returning to Minneapolis on Sunday, December 28th.

BETTY WATSON - continued

At approximately 2:30 a.m., December 31st, the deceased met Cal Taylor of Room 627 in lobby and borrowed a pencil. Apparently she returned to her room, went to kitchen and wrote a note to Mr. Wright and a letter to her mother regarding ending her life.

About 3:40 a.m., Mr. Wright awakened to find deceased slumped in a chair. He got ice for her forehead and called Mr. Taylor at 3:45 a.m. Doctor Johnson was summoned to the scene, arriving about 4:00 a.m. Upon his arrival, the deceased was gasping and the physician attempted mouth to mouth respiration. A Minneapolis General Hospital ambulance was summoned which arrived at 4:40 a.m., the stated time of death of the decedent.

Upon arrival of a deputy coroner, the deceased was lying in bed, partially clothed. There were no marks of violence and no rigor.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on the date of death. This revealed that death was due to barbiturate poisoning.

Only survivor known to the Coroner's Office is her mother, Mrs. Ruth Harrison of 2610 Victor, Kansas City, Mo.

HISTORY:

This case was reported to the Coroner's Office by Doctor Theodore Peterson at 9:40 a.m., December 31, 1958.

According to hospital records, the deceased collapsed on a bus at 7th and Hennepin on the morning of December 31, 1958. A Minneapolis General Hospital ambulance was summoned to the scene and the deceased was placed in ambulance. En route to the hospital, deceased stated to interne, "I'm blind, I can't see", and then lapsed into unconscious state. She expired 20 minutes after admission to the hospital, death occurring at 8:25 a.m.

An autopsy was performed at the hospital on the date of death. This revealed massive pulmonary embolism due to bilateral hypernephroma of left kidney.

HISTORY:

This case was reported to the Coroner's Office by the St. Louis Park Police Department at 4:48 p.m., December 31, 1958.

The deceased, assistant principal of the St. Louis Park Junior High School reportedly went to his office in the school on the afternoon of December 31, 1958 and took his son, John, age 7, and a neighbor's son, Jerry Griffin, 4208 Ottawa Ave. South, St. Louis Park, with him. He had told Mr. Paul Griffin, father of Jerry, the children could play in the gymnasium while he attended to some work.

According to Officer Klumpner of St. Louis Park Police, the school librarian, Mrs. Dena Liljenfors, 6317 Hamilton Avenue, stated the two children came to her about 4:20 p.m.

ROGER LEVERN LUNDQUIST - continued

saying the deceased had fallen on the floor and they couldn't wake him up.

John Lundquist, son of deceased, stated the deceased had been playing on the trampoline with them and had jumped down to the floor, saying he was going to quit, had gone over to a nearby chair, sat down to put his shoes on and slumped forward off the chair on his face. They had been unable to rouse him.

The St. Louis Park Rescue Squad and Doctor William R. Fifer of the St. Louis Park Medical Center were summoned to the scene. Upon arrival, Doctor Fifer confirmed the man's death at 4:40 p.m., December 31, 1958.

Mrs. Margaret Lundquist, wife of deceased, states the deceased has been bothered with pains in his chest, severe enough to mention them, for several years and has had electrocardiograms twice at Paynesville Clinic which were reported to him as normal. He has also had some shortness of breath following exertion. On December 30, 1958, deceased had a check-up at Veterans Hospital and an electrocardiogram was taken. Deceased reported to wife they found nothing wrong and that the electrocardiogram was normal.

A check with Veterans Hospital, however, indicates a tentative diagnoses of possible hypercholesterolemia and arteriosclerotic heart disease. Electrocardiogram showed nothing acute or recent. They had advised deceased to go to his private physician for further diagnosis and treatment and felt that his condition did no warrant hospitalization.

Remains were removed to the Hennepin County Morgue where an autopsy was performed at 11:30 a.m., February 1st at the request of wife of deceased. This revealed that death was due to arteriosclerotic heart disease with severe coronary atherosclerosis and myocardial fibrosis.

Survivors of the decedent include his wife, Margaret; sons, John and Paul; mother, Mrs. Alice Lundquist; sisters, Mrs. Roland Gilberg and Mrs. Harold Tanke, LaCrosse.
