Veteran No

REMARKS

This case was reported to the Coroner's Office at 3:20 a.m. on January 1st, 1962, by William McReavy of Washburn-McReavy Mortuary Company.

Deceased, a Christian Scientist, had no history of medical care though it was reported that she had suffered from a "heart condition" for many years. At the time of her death she was living with friends at 515 7th Street S. E., Minneapolis. At 3:05 a.m. on January 1st, 1962 she expired in bed.

A deputy coroner who answered the call found no indication of other than a natural cause of death, which was ascribed to arteriosclerotic heart disease, and the body was released directly to the mortician.

The only known survivor is a daughter, Miss Marian Calway.

REMARKS

This case was reported to the Coroner's Office at 10:15 p.m. on January 1st, 1962, by police.

Deceased, her sister Miss Carol Linder and friends were visiting at the home of Elvira Butler, 3116 Colfax Avenue South, about to leave. At 9:52 p.m. deceased was standing on the porch about to go down the steps. Miss Doris Ballard, 4517 Grand Ave. South, was down the steps and as she turned to give deceased a hand, saw her plunge forward down three cement steps, striking her head on the way down.

Minneapolis General Hospital was called but the ambulance physician stated deceased had already expired.

Police officers Juntilla and Hovenstot of squad 153 were at the scene and stayed until the removal of the body.

ELLEN T. BERTELSON - continued

Miss Carol Linder, sister of deceased, with whom she resided, stated that deceased had been under the care of Dr. J. Palen for high blood pressure and had last seen him two or three weeks ago. She stated her sister had made no complaints this evening, but was a bit more quiet than usual.

A deputy coroner who answered the call took custody of the body and it was removed to the Hennepin County Morgue.

An autopsy was performed at the morgue the next day. This revealed arteriosclerotic heart disease and generalized arteriosclerosis. A toxicologist's analysis of deceased's blood was negative for alcohol.

Deceased is survived by three sisters, Mrs. Ann O'Hern of Milwaukee, Mrs. Ida Barck and Miss Carol Linder of Minneapolis; and a brother, Vern G. Linder of Minneapolis.

REMARKS

This case was reported to the Coroner's Office at 2:25 a.m. on January 2, 1962, by the Minneapolis General Hospital.

Deceased was a patient of Fansler, Neumeister and Smith, and had had a perineal dissection and repair for carcinoma at Swedish Hospital on December 13, 1961. She was ambulant following surgery and apparently had made a good recovery, and was discharged from the hospital on December 31st, 1961.

MINNIE FRIED - continued

Deceased toppled off a stool in the bathroom and her daughter-in-law called for a Minneapolis General Hospital ambulance. The ambulance doctor in attendance stated that she was in a state of shock and put her in the ambulance. She expired at 2:00 a.m. en route to the hospital, was not admitted but taken directly to the Hennepin County Morgue.

An autopsy was performed at the morgue later in the day. This revealed that death was caused by a pulmonary embolism, post-operative.

Deceased is survived by her husband, Ruben; two sons, Albert of Minneapolis and Howard of St. Albans Bay, Excelsior; one daughter, Mrs. Les (Phyllis) Kvasnick of St. Paul, and a sister, Mrs. Ben (Lena) Goldman of Minneapolis; and five grandchildren.

REMARKS

This case was reported to the Coroner's Office at 9:15 a.m. on January 2nd, 1961, by the Minneapolis General Hospital.

A railway switchman, deceased was caught between the loading dock at 6th Street and 3rd Avenue North and a moving boxcar in the M. and St. L. Railway yards about 9:00 a.m. on January 2nd. He was immediately taken to the Minneapolis General Hospital, where he expired at 9:10 a.m.

HOWARD E. DAGGETT - continued

An autopsy was performed at the hospital later that day. This revealed massive rectal and intra peritoneal hemorrage due to comminuted pelvic and sacral fractures with transection of the iliac arteries, bladder, rectum, and ureters.

The remains were released from the hospital to a mortician by a deputy coroner.

Deceased is survived by a daughter, Susan; mother, Mrs. Alma Daggett of Minneapolis; sisters, Mrs. Howard (Virginia) Johnson of Minneapolis, Mrs. Orval (Margaret) Birkholz of Lester Prairie; and a brother, Eugene of Hutchinson, Minnesota.

REMARKS

This case was reported to the Coroner's Office at 9:10 a.m. on January 2nd, 1962, by Dr. William Thomas of Wayzata, Minnesota.

At the time of the accident that caused his death, deceased was driving his 1960 white Corvair four-door bearing Minnesota 1961 license 4V1561, traveling south on highway 101, made a left turn onto highway 12 to go in an easterly direction in the left hand lane. William R. Williams, 49, of 11303 Lorry Lane, Minneapolis 26, Minnesota, driving a 1956 Dodge blue oil truck bearing 1961 Minnesota license Y156-974 owned by Minnetonka Oil, 1120 E. Wayzata Boulevard, Wayzata, left the Minnetonka Oil filling station on the south side of highway 12, crossed the east bound lane of the highway, and had almost completed a left turn to proceed west in the west bound lane when deceased's Corvair struck the truck on the left side behind the rear wheels.

FREDERICK W. LORD - continued

The corvair continued in an easterly direction, at the same time moving to the right side of the roadway for a distance of approximately 296 feet, striking two cars which were parked in a used car lot for Colonial Motors.

Deputy sheriffs William Gillespie and C. R. Sheehey were at the scene and investigated the accident. Windows and windshield of the Lord car were covered with ice, according to the statements of those who had seen the accident. Deceased apparently expired at 8:45 a.m. and the remains were taken to a mortuary.

A deputy coroner assigned to this case viewed the remains at the mortuary. An autopsy was performed later that day at the mortuary. Death was due to a crushing injury of the head.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 11:00 a.m. on January 2nd, 1962, by police.

At 10:30 a.m. on January 2nd police officers Gunderson and K. E. Johnson of squad 132 went to 246½ Cedar Avenue to investigate the report of Blanch LaValley that she had found deceased at that time lying face down on the floor, cold, when she went in to clean the room.

A deputy coroner who went to the scene stated deceased was fully dressed, lying face down alongside the bed, with his head under the dresser, face down in bloody fluid. The body was cold and in full rigor.

LOUIS T. ANDERSON - continued

One of the roomers stated that he had heard a thump during the night. It was reported that deceased was an alcoholic and that he had no known relatives.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 9:20 p.m. on January 2nd, 1962, by police.

At 9:10 p.m. on January 2nd, 1962, police officers Tovsen and Alford of squad 163 went to the deceased's residence at the request of Ralph Brix, his landlord, who stated that deceased's car had been parked in front of his home but he had not been seen for approximately a week, and they found that he had expired.

A deputy coroner who answered the call stated deceased was lying on his left side clad in underwear and the remains were in an advanced state of decomposition. There were many empty liquor and beer containers in the kitchen.

AUGUST C. KINNUNEN - continued

The remains were taken to the Hennepin County Morgue and later released to a mortician.

An analysis of the deceased's blood was negative for alcohol. Death was attributed to arteriosclerotic heart disease and alcoholism.

Except for his sister, Mrs. Ronald Barberg, the names of survivors, if any, are unknown to this office.

REMARKS

This case was reported to the Coroner's Office at 9:10 a.m. on January 3rd, 1962, by a Dr. Carlson of Mound, phone number GR 2-1144.

This baby was found dead at 8:45 a.m. on January 3rd, 1962 by his father. A physician was called and he confirmed the death.

It was reported by the father that the baby had had a cold for the past several days and that he had been checked by Dr. Cushing of the St. Louis Park Medical Center two or three weeks ago.

A deputy coroner viewed the body. There was no indication of other than a natural cause of death, which was attributed to pulmonary congestion and edema.

BRENT NEVILLE COX - continued

The deceased's father was opposed to an autopsy and the body was released from the home to a funeral director.

The survivors are three sisters, Debbie, Pamela and Lynn; a brother, Chadwin; his parents, Mr. and Mrs. Daryl Cox; and his grandparents, Mr. Edgar Cox, Mrs. Fred Thomas, Mr. William Carpenter and Mrs. Ella Carpenter.

REMARKS

This case was reported to the Coroner's Office at 7:10 a.m. on January 4th, 1961 by the Fairview Hospital.

Deceased had surgery on December 13th, 1961 at Fairview, for bleeding ulcers, and was under the care of Dr. W. D. Brown, Sr. He made no progress but had a downhill course with rising blood, urea, nitrogen - uremia. At 6:45 a.m. on January 4th, 1962 he was found dead beside his bed. The bed had half length rails. Deceased apparently was sitting on the bed and fell forward on his face with laceration of the bridge of his nose.

A niece, Mrs. Olive Hanley, FE 6-2908, had been informed of the death and was opposed to an autopsy.

WILLIAM CUNNINGHAM - continued

An autopsy performed at the hospital later that day revealed pyelonephritis due to carcinoma of the left kidney with metastasis, which apparently caused his death.

Deceased is survived by his sister, Mrs. Minnie White; two brothers, Oscar and Herman; and several nieces and nephews.

REMARKS

This case was reported to the Coroner's Office at 11:55 a.m. on January 4th, 1962 by the North Memorial Hospital.

Deceased, a patient of Dr. H. R. Ransom, was admitted to the hospital at 9:30 a.m. on January 3rd, 1962 in a coma after being found in that condition in bed with her dead husband, who allegedly died of cancer. It was believed she had ingested barbiturates. She expired at 11:35 a.m. on January 4th, 1962, without ever having regained consciousness.

A deputy coroner went to the hospital and took custody of the body, which was removed to the Hennepin County Morgue.

An autopsy was performed at the morgue later that day. In the opinion of the pathologist (there being no gross findings) it was deemed advisable to await a toxicologist's report before determining the cause of death.

The toxicologist's report showed 0.65 mg. % phenobarbital in deceased's blood, and it was negative for barbiturates in the liver.

Death was attributed to barbiturate intoxication due to an overdose of phenobarbital, accident or suicide unknown.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 2:10 p.m. on January 4, 1962, by police.

On the afternoon of January 4th, 1962, deceased was sitting at the bar at 501 Cedar Avenue drinking a mixed drink. A half hour later the bartender, John Buchley, noticed him with his face down on the bar. At this time officer Cameron of police squad #132 walked in, noticed deceased, and called for an ambulance from the Minneapolis General Hospital, and notified the Coroner's Office. Dr. Bandt, the ambulance physician in attendance, pronounced death.

JOHN J. CLAUS - continued

The deputy coroner who went to the scene found deceased sitting at the bar, slumped forward, with his head down. The remains were taken to the Hennepin County Morgue and later released to a funeral director.

It was reported that deceased was known to have heart trouble and had seen a physician for it recently. There was no indication of other than a natural cause of death, which was ascribed to arteriosclerotic heart disease.

Deceased's widow was opposed to an autopsy.

Except for his widow, there are no survivors known to this office.

REMARKS

This case was reported to the Coroner's Office at 6:20 p.m. on January 4th, 1926, by the Bloomington police and Dr. Richard K. Simmons of 78th and Penn Avenue South.

It was reported that deceased had lived at the 9244 Russell Avenue South address for only about the past two months, at the expense of his daughter. He had been short of breath lately and expired while watching television.

Dr. Simmons was called and he pronounced death. Deceased apparently expired at 6:10 p.m.

FRANK ARTHUR DURRANT - continued

A deputy coroner viewed the body. There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease, and the body was released directly to a mortician.

Deceased is survived by a daughter, Mrs. V. E. (Jim) Barker of Minneapolis; a son, Leonard T. of St. Paul; seven grandchildren; and a sister, Mrs. Frances DuChene of Minneapolis.

REMARKS

This case was reported to the Coroner's Office at 3:00 p.m. on January 4th, 1962, by police.

At 2:45 p.m. on January 4th a maid at the hotel, who gained admittance to deceased's locked room by key, found deceased apparently dead kneeling over a small table. Police was called and squad 132 responded.

The deputy coroner on this case found deceased in rigor mortis, fully dressed. There was no evidence of violence or injury. Numerous red colored pills were scattered over the table, floor, and bathroom sink. A half-filled bottle of similar pills was found on the dresser. Deceased was reported last seen alive by the hotel clerk on the afternoon of January 3rd.

BERNARD L. VIKMYHR - continued

Deceased and his personal effects were taken in custody by the deputy and brought to the Hennepin County Morgue.

An autopsy at the morgue later that day revealed no gross findings, and in the opinion of the pathologist it was deemed advisable to await the report of the toxicologist's examinations to determine the cause of death.

The toxicologist's report was negative for barbiturates, and it was ruled that death was caused by pulmonary edema and congestion with moderate coronary atherosclerosis a contributing factor.

REMARKS

This case was reported to the Coroner's Office at 9:35 p.m. on January 4th, 1962 by police.

It was reported that deceased had severe chest pains this afternoon and evening. At the time of his death, 9:10 p.m. on January 4th, he was watching television with two of his children. When he got up to cross the room he collapsed to the floor. The rescue squad and the Minneapolis General Hospital were called.

Police officers Ersbl and McCarthy of squad 142 were at the scene and remained until removal of the body.

EDWIN J. BLACKLEDGE - continued

A deputy coroner who went out on this call viewed the body. There was no indication of other than a natural cause of death, whichwas attributed to arteriosclerotic heart disease, and the remains were released from the home to a funeral director.

Deceased had last been seen by a physician in July, 1961, - Dr. Maurice Gilbert.

The survivors are wife, Helen; three sons, Gerald, Gary, and Ronald; a daughter, Patricia; and two sisters, Mrs. Lillian Bailey and Mrs. Eva Johnston, both of Illinois.

REMARKS

This case was reported to the Coroner's Office at 12:30 p.m. on January 5th, 1962 by the Veterans Hospital.

Deceased, who was unconscious, was brought to the Veterans Hospital by ambulance and admitted on January 1st, 1962. He did not regain consciousness before death, which occurred at 12:40 a.m. on January 4th, 1962.

SELMER SLETTEN - continued

It was reported to us that deceased, who lived alone, had not been feeling well. He called the telephone company, who called a Minneapolis General Hospital ambulance. Deceased's complaints were non-specific - he said only that something bad was happening. Upon arrival and notification that he was a veteran, the hospital ambulance brought deceased to the Veterans Hospital, where he had been cared for a year ago for a heart attack.

Deceased is survived by two sons, Major Robert Sletten of Upper Marlboro, Md., and Harold of Minneapolis; two daughters, Mrs. Arden (Marian) Engen of Phoenix, Arizona, and Mrs. Robert (Shirley) Carlson of Minneapolis; two stepdaughters, Mrs. Walter (Ethel) Van Litl of Rochester, and Mrs. Arthur (Gladys) Iverson of Minneapolis; twenty grandchildren; five brothers and four sisters.

REMARKS

This case was reported to the Coroner's Office at 9:05 a.m. on January 5th, 1962 by police.

Deceased, employed by the Pioneer Maintenance Company, had been out shoveling snow from the front walk and returned to his office in the rear of 15 South 9th Street. He called his wife and complained of feeling ill. She suggested that he come home but he stated he was too sick to drive.

Woody Heyer, an employee of Hartford Insurance Company, found deceased at 8:50 a.m. slumped over his desk with the telephone hanging between his legs, after Mrs. Larson had called asking that someone check on her husband.

The office manager of the Hartford Insurance Company notified the police department and officers F. W. Johnson and Mattson of squad 117 went to the scene.

Pearl Bergen, 11328 Olive Street Northwest, Coon Rapids, stated she had talked to deceased about 7:30 a.m., that he had just come in from shoveling snow, and complained of severe chest pain and shortness of breath, and that he refused to have medical help at that time.

Mrs. Larson stated that her husband had not seen a doctor for some time, but that he was, at times, under the care of Dr. Eisenstein of the Belzer Clinic.

A deputy coroner summoned to the scene found no indication of other than a natural cause of death, and no injury.

The remains were taken to the Hennepin County Morgue, where an autopsy was performed later that day. This revealed an acute coronary occlusion, atherosclerosis of aorta and cerebral vessels and congestion of the liver and kidneys.

Deceased is survived by his wife, Maxine; daughters, Mrs. Charles (Margat) Hedlund and Cheryl; sons, H. Kenneth and Darrell; and four grandchildren, all of Minneapolis.

REMARKS

This case was reported to the Coroner's Office at 9:35 a.m. on January 5th, 1962 by the Reverend Kuykendal of Gethsemane Church.

Deceased was found at 9:35 a.m. on January 5th by Mrs. Meta Nelson of 2520 - 17th Ave. South, when she went to put fresh sheets on the bed. It was reported that deceased had lived at Hampshire Arms hotel for many years. According to Eleanor Gilbauer, 4410 Colfax Avenue South, TA 2 7906, and H. H. Cochrane, 4809 Dupont Ave. S., TA 2 6022, deceased had not seen a doctor for years - although she may have seen Dr. Norman Johnson or a Dr. Pollock, as she had been very tired lately. They were unable to reach her by phone since Wednesday, January 3rd.

DOROTHY ROSE HUDSON - continued

Police officers F. W. Johnson and Mattson of squad 117 were at the scene and stayed until the arrival of a deputy coroner and removal of the body.

The deputy coroner reported deceased was a slightly obese elderly woman, lying on her back in bed. Rigor mortis, 3+ to 4+, was present. A hot plate was on in the room and dirty dishes in the sink. There was no indication of other than a natural death.

The body was taken to the Hennepin County Morgue and later released to a funeral director.

An autopsy at the morgue the same day revealed intra cerebral hemorrhage, spontaneous, and congestion of the liver and kidneys.

Deceased is survived by two sisters, Mrs. Stanley S. Giliam and Mrs. Harrison H. Cochran, both of Minneapolis; and a niece, Mrs. Richard A. Browne of St. Paul.

REMARKS

This case was reported to the Coroner's Office at 11:30 a.m. on January 6th, 1962 by the North Memorial Hospital.

At 6:26 p.m. on Friday, January 5th, 1962, deceased was driving his 1954 Chevrolet sedan bearing 1961 Minnesota license 4H-5532 and crossing highway #55 at Meadow Lane when his vehicle was struck broadside by a black 1958 Pontiac sedan bearing 1961 Minnesota license 4G-2397 owned and driven by Robert Roy Marsh, 22, of 2339 Lakeview Boulevard, who was traveling west on highway 55 on the inside lane.

ALBERT CHESTER, SR. - continued

It was dark and the road surface was wet and snowy. There was a stop sign at this intersection. Officer L. J. Lage, badge 106, assisted by E. Howard of the Golden Valley police were at the scene and investigated this accident.

Deceased was taken to the North Memorial Hospital in Robbinsdale, where he expired at 10:55 a.m. the next morning.

An autopsy was performed at the Hennepin County Morgue later that day. This revealed multiple left rib fractures with hemothorax and left pelvic fractures with hemorrhage, hemo peritoneum (rupture of spleen), cirrhosis of the liver, left occipital subarachnoid hemorrhage, and contusion of the left eye and left temporalis muscle.

Deceased is survived by his wife, Grace; two sons, Albert and James; a daughter, Mrs. Joe (Florence Denardo); thirteen grandchildren; one brother, Michael.

REMARKS

This case was reported to the Coroner's Office at 7:04 p.m. on January 6, 1962, by the Methodist Hospital.

Deceased, a pedestrian, was struck by a car, a 1958 blue Jaguar four-door bearing 1961 Minnesota license 3L 3699, owned and driven by Lee Norman Richards Miller, 60, of 4701 West 64th Street, Edina, at 6:05 p.m. January 6th, 1962, at France Avenue and 60th Street, Edina. She was taken by ambulance to the Methodist Hospital, where she expired at 6:20 p.m. in the emergency room.

ALTA V. LANCTOT - continued

An autopsy was performed the following day at the hospital in the presence of a deputy coroner. This revealed cerebral contusion and laceration with subarachnoid hemorrhage due to extensive vault and basal skull fractures and rupture of the liver and fracture of the right tibia.

At the time of the accident, deceased was with her daughter, Doris, on the way to dinner with friends. They had gotten off a bus at 60th and France. Deceased and her daughter had crossed France Avenue from the east curb to the west curb, and was struck before reaching the west curb by the 1958 Jaguar driven by Mr. Miller, who was southbound on France avenue. Deceased was thrown to the left and landed near the rear of where the vehicle skidded to a stop.

Edina police officers who were at the scene and investigated the accident are: Lt. Bert Merfeld, Howard Johnson, St. William Hoffman, Robert Bramwell, Richard Alstad.

Deceased is survived by two daughters, Doris Lanctot and Mrs. Robert E. Renich, both of Minneapolis; a son, John of Tucson, Arizona; and a brother, A. V. Woodbury of Minneapolis.

REMARKS

This case was reported to the Coroner's Office at 10:45 a.m. on January 7th, 1962 by the Norwegian Lutheran Memorial Church.

At approximately 10:30 a.m. on January 7th, 1962, deceased collapsed on a pew of the church and vomited.

The deputy coroner who went to the scene stated that he found deceased lying on her right side on the pew, warm, and without rigor. He took custody of the body and it was removed to the Hennepin County Morgue, and later released to a funeral director.

LENA VOSTER - continued

According to deceased's friend, Serena Kleva, 2611 Kenwood Parkway, she had been having chest pains lately, and had been under the care of a Dr. Ylvisaker.

Deceased is survived by two brothers, Thore and Olaus; two sisters, Gunla and Taletta, and several nieces and nephews.

REMARKS

This case was reported to the Coroner's Office at 9:10 a.m. on January 8th, 1962, by police.

Deceased went to work on the morning of January 8th, 1962, at the Rich-McFarlane Stone Co., where he was employed as a bookkeeper. He entered the bathroom almost immediately and when he had been there for about twenty minutes without making a sound his co-workers opened the door to find him on the floor and not breathing. Police and the Minneapolis General Hospital were called at once. The rescue squad gave oxygen without results. Dr. Ruiz, the hospital ambulance physician, pronounced the man dead. He was found by his co-workers at 8:50 a.m.

ARTHUR H. POST - continued

Officers Gottlieb and Roach of squad 163 of the police department were at the scene and stayed until the body was removed.

A deputy coroner found deceased dressed in street clothes lying on the bathroom floor near the front office, and took the remains to the Hennepin County Morgue pending funeral arrangements.

It was reported that deceased had had a heart attack about a year and a half ago and was under the care of Dr. Norman O. L. Nelson.

Deceased's twin brother and sister-in-law were contacted and they were opposed to an autopsy. There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease.

The survivors are two brothers, Chester M. of Richfield and Grover A. of Havana, Illinois.

REMARKS

This case was reported to the Coroner's Office at 11:50 a.m. on January 8th, 1962 by police.

This infant was a premature twin born at the Minneapolis General Hospital and released just a month ago, and had not been doing well after discharge. She had been under the care of Dr. Ted Smith in the out-patient department at the hospital, who had changed her formula the day before. At 11:20 a.m. the mother was feeding the baby; it took two or three swallows, turned white, then blue and was not breathing.

General Hospital was called and Dr. Ruiz, the ambulance physician in attendance, pronounced the baby dead.

DAWN M. SCHLEETER - continued

Police officers Hendricks and Fristrom of squad 151 went to the scene and stayed until the body was removed. The remains were released to a funeral director by a deputy coroner directly from the home.

The deputy coroner viewed the body. There was no indication of other than a natural cause of death, which was attributed to pulmonary congestion and edema.

REMARKS

This case was reported to the Coroner's Office at 4:30 p.m. on January 8th, 1962 by police.

Deceased was shoveling snow at home at 4:00 p.m. on January 8th, 1962, when he collapsed and died.

Officer Honebrink of the Sheriff's office was at the scene and stayed until the body was removed.

A deputy coroner viewed the body. There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease.

RALPH M. CHAIKA - continued

It was reported that deceased had suffered a severe heart attack a year ago and had already made arrangements for his body to go to the University of Minnesota for anatomical study. The deputy coroner contacted the University and the Anatomical Department requested that they be permitted to pick up the body at the residence, and the deceased's widow consented. The body was accordingly released to the University of Minnesota for anatomical study directly from the residence by the deputy coroner.

Except for his wife, Doris M. Chaika, there are no survivors known to this office.

REMARKS

This case was reported to the Coroner's Office at 9:40 p.m. on January 8th, 1962, by the Minneapolis General Hospital.

Deceased was brought to the hospital by ambulance the night of January 8th, 1962. His breathing was difficult and he became unresponsive. External heart massage was performed unsuccessfully. Deceased expired in Receiving at 9:25 p.m.

ROBERT C. KRULL - continued

Deceased's wife requested an autopsy, which was accordingly performed at the hospital the following day. This revealed that death was caused by severe fatty metamorphosis of the liver with early portal cirrhosis. Bullous pulmonary emphysema and edema were also contributing factors. The toxicologist's analysis of deceased's blood was negative for alcohol.

Except for his wife, Marjorie, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 8:30 a.m. on January 9th, 1962, by police.

On the morning of January 9th, 1962, deceased was "sitting" with four young children of the Ronald Winslows at their home, 2743 29th Ave. South, when she suddenly became ill. Dodie, the eldest of the Winslow children, went to a neighbor, who came and found Patricia choking and called the Minneapolis General Hospital for assistance. Police officers Myring and Gottlieb of squad 163 and a Minneapolis General Hospital ambulance were sent in response to the call.

PATRICIA ELIZABETH ELAM - Continued

Dr. Ronald Krause, the ambulance physician, stated an inhaler lying beside deceased was empty. He tried vainly to revive her with oxygen and external heart massage, and pronounced her dead at 8:10 a.m.

The deputy coroner on the case found deceased lying on the floor, still warm. There was no evidence of trauma. Her sister stated that deceased had had a cough the past several days that was worse than usual and had not been feeling well, although she had been working. It was reported that she had been under the care of Dr. Phillip Gordon for severe bronchial asthma, and that she used an inhaler containing a medicine that dilated the bronchial tubes when they became congested.

According to Dr. Gordon he had not seen her for several months and assumed she had changed doctors. She used to run out of her medicine and was brought chocking and near death to the clinic several times.

Deceased is survived by her mother, Mrs. Hazel Elam; three sisters, Theron, Joyce, and Janice; and two brothers, William and Steven, all of Minneapolis.

The remains were taken to the Hennepin County Morgue, where an autopsy was performed later that day - January 9th, 1962. This revealed that death was caused by acute asthmatic attack with aspiration of thick mucous.

REMARKS

This case was reported to the Coroner's Office at 1:15 p.m. on January 9th, 1962 by the Minneapolis General Hospital.

On the morning of January 9th, 1962, deceased, a truck driver at work for the Henry Lambert Trucking Company on sub-contract work for Modern Erecting Company at Northern States Power Company's hydro plant near 5th Avenue South and the Mississippi River, apparently became ill and suddenly collapsed to the ground, becoming unresponsive. He was removed from this place by a Minneapolis General Hospital ambulance to the emergency room of the hospital where external massage and open chest massage were done without success. At 11:41 a.m. the man was pronounced dead, by the hospital's Dr. Ruiz.

WILLIAM B. CARTER - continued

An autopsy was performed at the hospital later that day. This revealed moderate to severe patchy coronary atherosclerosis, marked pleural adhesions bilaterally, pulmonary congestion with patchy areas of atelectasis, moderate generalized atherosclerosis, and an old healed duodenal ulcer. Death was attributed to severe generalized coronary arteriosclerosis.

Deceased is survived by his wife, Gladys; a son, Kenneth of Minneapolis; and six grandchildren.

REMARKS

This case was reported to the Coroner's Office at 5:30 p.m. on January 9th, 1962, by Dr. Henry Michael.

Deceased was found dead by his wife at 5:15 p.m. on January 9th, 1962 by his wife on her return home. She immediately called Dr. Michael, who came and confirmed death.

The deputy coroner on this case found deceased, fully dressed, lying on the floor. There was no indication of other than a natural cause or death, and no trauma.

ERICK WALFRED ERICKSON - continued

It was reported by Mrs. Erickson that deceased had been in his usual state of health and had not been under a doctor's care for many months. He had been seen by Dr. Michael a long time ago.

The body was released from the home to a funeral director by the deputy coroner.

Deceased is survived by his wife, Avis; a brother, Edwin of Minneapolis; and a sister, Hedvig of Sweden.

REMARKS

This case was reported to the Coroner's Office at 7:30 p.m. on January 9th, 1962 by police.

Deceased was found at 7:13 p.m. on January 9th lying on her back on the bedroom floor by her nephew. Deceased, who lived alone, had not been under a doctor's care. Police was called, and officers Aamodt and Newham of squad 152 responded.

The deputy coroner on this case reported that he found deceased, fully clothed, lying on her back on the bedroom floor. Rigor mortis and livor mortis were present. There was no indication of trauma or other than a natural cause of death, which was attributed to arteriosclerotic heart disease.

FRANCES E. KERSTE TER - continued

The body was released directly from the home by the deputy coroner to a funeral director.

Deceased is survived by her brother, Barton C. Kersteter and her nephew, Joel Kersterer, both of Minneapolis.

REMARKS

This case was reported to the Coroner's Office at 11:15 p.m. on January 9th, 1962 by the Fairview Hospital.

Deceased, who allegedly had not been under a doctor's care, saw Dr. W. D. Brown, Sr. for the first time on January 8th, 1962. She was admitted to the Fairview Hospital at 4:30 p.m. on January 9th with a diagnosis of nephrosis, and expired suddenly at 9:05 p.m. the same day.

HELEN EVELYN BLASCYK - continued

An autopsy was performed at the hospital the next day. This revealed fatty metamorphosis of the liver. A toxicologist's report of examination of the blood was negative for alcohol.

The body was released from the hospital to a funeral director by a deputy coroner.

Except for her sister, Mrs. Stanley Churchill of Herman, Minnesota, there are no survivors known to this office.

REMARKS

This case was reported to the Coroner's Office at 11:45 p.m. on January 9th, 1962 by the Minneapolis General Hospital.

Deceased was found unconscious in his car this morning, January 9th, at Park and Washington Avenues, and was brought to the Minneapolis General Hospital receiving where he subsequently had a seizure and was admitted to Neurology Service. X-rays showed no fracture, but an angiogram demonstrated an aneurysm of a cerebral artery. He subsequently expired at 10:45 p.m.

JOHN V. KEELER - continued

An autopsy was performed at the morgue the following day. This revealed a massive cerebral hemorrhage, spontaneous, due to rupture of cerebral blood vessel.

A toxicologist's analysis of deceased's blood was negative for alcohol.

It was reported that patient was not having a seizure when found by the Minneapolis General Hospital ambulance doctor, Dr. Krause. The car's engine was running but the car was lodged against a utility pole. Deceased was slumped behind the wheel and there was no evidence of head trauma.

Deceased is survived by his wife, Lois, and eight children, Michael, Jeffery, Luann, John Jr., Thomas, Patricia, Stephen, and Amy; one brother and four sisters, Dudley M. of Minneapolis, Mrs. Morey Dunn of Maple Plain, Minnesota, Mrs. Erwin Mihm of Bloomsbury, New Jersey, Mrs. Roland S. Cooper of Sun City, Arizona, and Mrs. Cardy Bauer of Buffalo, Minnesota.

REMARKS

This case was reported to the Coroner's Office at 11:40 p.m. on January 10th, 1962 by police.

At 11:25 p.m. on January 10th deceased was found in an unresponsive condition by Mr. Harry Woods of Apartment 3, when he came to deceased's apartment after hearing him fall. Police was notified and officers Ramlet and Reynolds of squad 132 responded. A Minneapolis General Hospital ambulance came and Dr. Birkemeyer, the attending physician, pronounced the man dead.

GEORGE OTIS WASHBURN - continued

The deputy coroner who went to the scene found deceased, an elderly, obese man, clad in slippers, socks, underwear and shirt, lying on the floor. There was no indication of trauma or other than a natural cause of death, which was attributed to arteriosclerotic heart disease.

The body was taken to the Hennepin County Morgue and later released to a funeral director.

Mrs. Olga Armstrong, FE 6-5791, 139 E. 15th St. (mother of the husband of deceased's daughter, Mrs. Eileen Armstrong, 909 Broadmoor, La Puenta, California) stated she was called to the scene by the caretaker. She stated deceased had been hospitalized at the Minneapolis General Hospital four years ago. She went to see him this afternoon because he had called and asked her to come over and to get a doctor for him. When she arrived at about 5:00 p.m. he told her he felt some better. He was complaining of a burning discomfort in his chest, shortness of breath, and pains in his left arm. His left arm and left leg bothered him and the left leg was swollen about three weeks ago. When she talked to him by phone at 8:30 p.m. he told her he was all right.

Deceased is survived by two daughters, Mrs. Eileen E. Arm strong, La Puenta, California and Miss Helen Washburn of Minneapolis; three grandchildren; and four sisters, Mrs. Mae Meister of Minneapolis, Mrs. Gust Werner of South Haven, Minnesota, Mrs. Laura Schatter of Ossining, New York, and Mrs. Hjalmer Utterberg of Atlanta, Georgia.

REMARKS

This case was reported to the Coroner's Office at 7:25 a.m. on January 11th, 1962, by police.

Deceased had been up on the morning of January 11th and had had his breakfast. His wife suddenly heard him moan and found that he had collapsed. At 6:53 a.m. a rescue squad, Minneapolis General Hospital ambulance, and police were called. Officers Lindford and Witt of squad 164 went to the scene where officers Meagher and Mailes of the rescue squad were administering oxygen. Dr. Beck, the ambulance physician in attendance, pronounced death at 7:20, when rescue efforts proved unsuccessful.

EINO A. LASSILA - continued

The deputy coroner who took the call found deceased lying on the floor of the hall on his back, clad in pajamas. The body was warm and there was no rigor.

It was reported that deceased had been seen by Dr. W. Ford a year ago and appeared to be well at that time.

The remains were taken to the Hennepin County Morgue and an autopsy was performed the same day. This revealed an occlusion, acute, of the left anterior coronary artery due to coronary sclerosis.

Deceased is survived by his wife, Hannah O.; daughters, Bonnie and Ruthie; a sister, Mrs. Kenneth (Sylvia) Jornlin of Minneapolis; a brother, Arne, of St. Paul; and nieces, Jackie, Susan, and Nancy Jornlin.

REMARKS

This case was reported to the Coroner's Office at 12:45 p.m. on January 11th, 1962, by the University of Minnesota hospital.

Deceased awakened early in the morning on the 11th of January and found his farm home near Amery, Wiscon, on fire. His mother-in-law perished in the fire and his wife had a heart attack and was taken to a hospital. Deceased, who was burned over 80% to 90% of the body surface, was taken to University Hospital in the early hours, and expired at 10:45 a.m. the same day.

AXEL LEONARD DEEDON - continued

An autopsy was performed at the hospital later that day.

The remains were released to a funeral director directly from the hospital.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 4:55 p.m. on January 11th, 1962 by Dr. Robert W. Cranston of the Nicollet Clinic.

Deceased had been under Dr. Cranston's care for mental disorder and hospitalized at Glenwood Hills Hospital during October and November of 1961. He was found at 4:00 p.m. by his sister, Gladys, when she returned from work, hanging from a rope attached to the top of the garage. He was wearing an overcoat and cap and appeared to be frozen.

Miss Timey called Dr. Cranston, who went to the scene, and confirmed death.

AMOS B. TIMEY - continued

Police officers Toveen and Holden of squad 163 and detectives Cahill, Finn, and Hyvary of 301 went to the scene and made an investigation.

A note, unsigned, believed to be in deceased's handwriting and reading, "Dear Gladys, I am sorry for you but I just could not stand it any longer the way I felt" was taken by police.

The body was released from the scene to a funeral director.

A deputy coroner viewed the body. Death was due to asphyxia due to hanging. There was no indication of trauma.

Except for his sister Gladys, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 2:55 p.m. on January 11th, 1962, by police.

At 2:30 p.m. on January 11th, 1962, Mrs. Edward Nelson, sister of deceased, 5608 Lyndale Avenue North, phone 561-1475, went to deceased's home to visit and when she knocked on the door deceased's husband answered, and when asked where Clara was, said "She is lying on the floor." Claus Slind, deceased's husband, was very intoxicated. Mrs. Nelson went into the bedroom and saw her sister lying on the floor, dead, then went across the hall to the residence of a roomer, William Youngdahl, 49, phone 522-2343, who called police for her. According to Mrs. Nelson, she had phoned at about 5:30 p.m. the night before, January 10th, 1962, and been told by Mr. Slind that Clara was in bed, sick, so she was unable to talk to her at that time.

CLARA JOHANNA SLIND - continued

Police officer Ketchum of squad 142 was the first to arrive at the scene and he called for assistance. Detectives Hyvare, Finn, Cahill, Anderson, Inspector Hawkinson and Captain Deason checked the case out. When they arrived they found deceased lying on her back beside the bed, nude except for an unbuttoned pajama top. Claus Slind, her husband, dressed in pajamas, was sitting in a rocking chair next to the body, in a stupor and incoherent. He indicated his wife had fallen out of bed and had been lying there on the floor since approximately 8:00 o'clock a.m.

An examination of the room revealed three shopping bags full of empty whiskey bottles in the closet, seven empty whiskey bottles and one half-full pint bottle beside the rocking chair.

Welbaum of the Bureau of Identification came to the scene and took pictures of the deceased and of the room. Claus Slind, 67, was taken to the city jail to be held for questioning when he sobered up.

The deputy coroner on the case found deceased nude, except for an unbuttoned flannelette pajama top, lying on her back on the floor. Her body was covered with numerous marks and bruises. The bruises were not severe and some were not recent. The body was cold and in rigor moris. The remains were taken to the Hennepin County Morgue.

An autopsy, performed at the morgue the next day, January 12th, 1962, revealed that death was due to renal arteriosclerosis and arteriolosclerosis and portal sclerosis. Hypertensive cardiomegaly and cerebral arteriosclerosis were contributing factors. The toxicologist's report on examination of deceased's blood was negative for alcohol.

Deceased is survived by her husband, Claus, and two sisters, Mrs. Christina Bevans and Mrs. Edward (Blanche) Nelson, both of Minneapolis

Upon completion of the investigations, it was learned that the Slinds, who had been married for 37 years, had both been heavy drinkers for many years. Deceased, it was reported, had been in Anoka and Willmar hospitals for treatment of this condition. Claus Slind had retired just before Thanksgiving, 1961, from work at the Security Warehouse Company, where he had been employed for 38 years. He admitted that he and his wife had had numerous arguments, but denied striking her or being in any way responsible for her death.

Daniel Cameron, a tenant who lived below deceased and her husband on the first floor of the apartment building, stated that he had been unable to get to sleep the night of January 10th, that at 2:00 a.m. he heard a thump on the floor above and heard someone moaning, that he then heard footsteps above a short distance, water running upstairs, then more footsteps, and that he heard what he thought was Claus Slind's voice asking, "Are you feeling better now?", and then heard no more. It was presumed the sounds he heard might have been deceased falling and Claus going to get water for her.

REMARKS

This case was reported to the Coroner's Office on January 12th, 1962, at 11:00 a.m., by the University of Minnesota Hospitals.

On Thanksgiving Day, Thursday, November 23rd, 1961, deceased sufferred injuries in an automobile accident in Tara Township, Traverse County, Minnesota, it was reported, in which she allegedly was the driver of an automobile which rolled over on a gravel road near Graceville. On December 30, 1961, she was transferred to University Hospitals, being admitted on that date. She expired on January 11th, 1962 at 9:20 p.m.

JEAN GEYER - continued

An autopsy was performed at the hospital a short time later. This revealed that death was due to hepatic failure due to septicemia, post-operative, for repair of ruptured urethra following fracture of pelvis.

REMARKS

This case was reported to the Coroner's Office at 9:05 a.m. on January 12th, 1962, by police.

Deceased was seen to put his head back while seated at his desk. Two co-workers realized he was having a seizure and wheeled him into the manager's office and put him onto a davenport. The rescue squad was called and gave oxygen before the arrival of police officer Frank Kozub of squad 492. At 9:11 a.m. Dr. Ruiz, a Minneapolis General Hospital ambulance physician, pronounced death.

GEORGE DEWEY LEONHARDT - continued

The deputy coroner on this case found deceased lying on a davenport in the manager's office, clad in indoor clothes. The remains were taken to the Hennepin County Morgue, and later released to a funeral director.

It was reported that deceased had a history of heart attacks and was hospitalized at Methodist Hospital during 1961 under the care of Dr. L. K. Buzelle, and had been under his care during the past six months. Dr. Buzelle stated he had seen deceased during the past month and had directed his treatment through two coronary attacks in the past four years.

There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease, and there was no evidence of trauma.

Deceased is survived by his wife, Margaret, and daughter, Mrs. Jerome (Mary) Newville of Cloquet; one grandchild; two brothers, Howard of Minneapolis and Thomas of Blakeley, Minnesota; and three sisters, Louise and Mrs. Nels (Mary)Gandreau of Henderson, Minnesota; Mrs. George (Elizabeth) Buzzelle of Seattle, Washington.

Mrs. Leonhardt was opposed to an autopsy and would not make a claim for Industrial Compensation due to the long illness of her husband.

REMARKS

This case was reported to the Coroner's Office at 11:45 a.m. on January 12th, 1962 by police.

Deceased opened the business between 8:30 a.m. and 9:00 a.m. on the morning of January 12th, and was found lying on the floor of the back room of the bakery store by Hendrik Groot and Mrs. Donald St. Aubin, both of whom work at Holtzerman's, and they immediately called for a rescue squad.

LYDIA AAGAARD - continued

Police officers Edw. Gunderson and George Dols of precinct #1 went to the scene and Dr. Atwood, a Minneapolis General Hospital ambulance physician pronounced death at 11:30 a.m. after results of the attempts at resuscitation by the resque squad were unsuccessful.

The deputy coroner who was summoned found deceased lying on the floor of the backroom of the store, clad in a white uniform. There was no indication of other than a natural cause of death, and no unusual marks were found on her body.

Death, which occurred at 11:30 a.m., was attributed to arteriosclerotic heart disease.

The remains were taken to the Hennepin County Morgue, and later released to a funeral director.

Nothing is known by this office of deceased's medical care or problems.

Deceased's husband was opposed to an autopsy.

Except for her husband, there are no survivors known to this office.

REMARKS

This case was reported to the Coroner's Office at 4:35 p.m. on January 12th, 1962, by police.

Deceased, who was employed by the St. Louis Park Health Center as a masseur, failed to report for work on January 12th, and his employer called Fred Sandberg, 130 E. 18th St., Apt. 1, caretaker of his apartment, and asked him to check on Mr. Cosgrove. At 4:00 p.m. Mr. Sandberg found deceased in an unresponsive condition, collapsed on the livingroom floor. His body was very stiff. The police department was notified and officers Mudge and Nordmeyer of squad 118 went to the scene.

JOHN JAMES COSGROVE - continued

A deputy coroner who was summoned found deceased lying on the livingroom floor, dressed in houseclothes. A blood stain was noted on the rug near his mouth. There was no indication of other than a natural cause of death, which was ascribed to arteriosclerotic heart disease. Rigor was well advanced. There were no unusual marks on the body.

Several prescription bottles were found in the apartment medicine cabinet, each issued by a different physician.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Deceased is survived by a brother, Peter, of Waverly, Minnesota; and sisters, Miss Margaret Cosgrove of Tucson, Arizona and Mrs. I. J. Shiltz of Chicago, Illinois.

REMARKS

This case was reported to the Coroner's Office at 9:30 p.m. on January 12th, 1962, by police.

Deceased allegedly saw a Dr. Roberts on January 12th because of chest pain. Apparently the doctor felt the pain was muscular rather than cardiac. Deceased, who was separated from his wife, arrived at his apartment at 1915 Third Ave. South at 6:00 p.m. Shortly after 9:00 police and a Minneapolis General Hospital ambulance were summoned by Mary Jo Langer, 2401 Portland, a friend of deceased, who reported that he had gasped and complained of pain in his left chest.

MILTON J. RYAN - continued

Police officers Parker and Farrel of squad 132 were at the scene when Dr. Hoggatt, the hospital ambulance physician, pronounced death at 9:20 p.m.

The deputy coroner who responded to this call took custody of the body and same was removed to the Hennepin County Morgue and later released to a funeral director. There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease.

Deceased's apartment was carded.

The survivors are wife, Katherine; four sons, James, Gregory, Terry and David; and two daughters, Jeanette and Sharon; and his mother, Helen Ryan - all of Minneapolis; two sisters and a brother.

REMARKS

This case was reported to the Coroner's Office at 10:40 p.m. on January 12th, 1962 by Dr. Maude Slocumb French, M. D., wife of deceased.

Deceased is the husband of Dr. Slocumb, a retired physician, who reported his death. She stated he began to have rectal bleeding at intervals about four years ago, and that he continuously refused to see any other doctor but her until June, 1961, when she induced him to have Dr. Robert Caron remove a growth from his upper lip (which proved to be benign) at the Methodist Hospital out-patient department. At the same time he was examined by Dr. Charles Neumeister for his rectal symptoms and was found to have inoperable carcinoma of the rectum with diffuse pelvic metastases.

LORENZO DOW FRENCH - continued

Deceased gradually deteriorated at home, she said, and symptoms and signs of low intestinal obstruction gradually developed and he continued to refuse to permit her to have any other doctor see him.

The deputy coroner who responded to the call found deceased, an aged, cachectic, slightly juandiced man. There was no indication of other than a natural cause of death. His skin was moist and warm. The pupils were dilated and essentially equal.

Mrs. Sybil Lane of Santa Rosa, California, a daughter of deceased by a prior marriage was at the home. It was reported deceased was very restless earlier in the evening.

Dr. Slocumb did not desire an autopsy.

The deputy coroner released the body to a funeral director directly from the home.

Deceased is survived by his wife, Dr. Maude Slocumb French; a son, Neil L. French of Grand Rapids, Minnesota; a daughter, Mrs. Sybil Lane of Santa Rosa, California; four grandchildren; nine great-grandchildren; and a sister, Mrs. Nolan Cummings.

REMARKS

This case was reported to the Coroner's Office at 1:55 p.m. on January 13th, 1962 by Methodist Hospital.

Deceased, driving his 1962 green two-door Corvair, bearing 1962 Minnesota license 2B-8442, was involved in an accident at 10:32 a.m. on Saturday, January 13th, 1962, at Highway 100 and Edinbrook Lane in Edina. Alive at the scene of the accident, he was taken by the Edina Rescue Squad ambulance to Methodist Hospital, and pronounced dead on arrival, at 10:50 a.m.

ROBERT MURPHY WILSON - continued

A deputy coroner who answered this call took custody of the body and removed it to the Hennepin County Morgue.

An autopsy was performed at the morgue the next day. This revealed massive left hemothorax and subarachnoid hemorrhage about the brain stem due to crushing injury of left chest and cerebral contusion. Analysis of deceased's blood revealed 0.11% alcohol.

Deceased is survived by his wife, Mary Ellen; sons, Robert M. Jr. and Michael; parents, Mr. and Mrs. R. A. Wilson; granddaughter, Mary Catherine; and a sister, Mrs. G. A. Joines.

At the time of the accident, deceased was proceeding east on Edinbrook Lane, pulled onto highway #100 in an attempt to turn left and proceed north on highway #100. His car was struck on the left broadside by a 1960 blue and white Chevrolet four-door, owned by Tennis Vath, 8017 Ridgeway Road, Minneapolis, and being driven by Alyce Marie Vath, 36, of 8017 Ridgeway Road. Mrs. Vath was accompanied by three of her children; August, 9, seated on the right in front; Sherrileen, 12, sitting in the rear, left; and Pamela, 10, sitting in the rear, right. Deceased's vehicle spun around and proceeded south on #100 backwards, crossed over into the north bound lane of traffic..

At this time Ward Korri, 36, 3601 47th Ave. N., Apt. 1, was driving his 1959 Ford white two-door bearing 1961 Michican license DE 2412, north on #100 on the inside lane next to the double lines and swerved to the left into the southbound lane to avoid being struck by the Wilson vehicle. At this time the Wilson vehicle swerved into the south bound lane side-swiping the right side of the Korri vehicle.

The roadway was straight and level, the weather clear and it was daylight. The road surface was wet and slushy.

This accident was investigated by Edina police officers Merfeld, Christy, Crawford, Alsted and Nissen.

REMARKS

This case was reported to the Coroner's Office at 6:15 a.m. on January 13th, 1962,

Police officers Jensen, Swanson, and Lt. Block made an inspection and called this office when deceased's wife reported to them that she had found her husband in an unresponsive condition at 6:00 a.m. in the car in their garage.

RICHARD A. DORSHER - continued

It was reported that Mrs. Dorsher stated her husband was drunk and sitting asleep in his car at 9:00 o'clock Friday night, January 12th, and that she closed the garage door and left him there and came in to go to bed. Deceased, apparently, was a known alcoholic, and this had happened before. At 6:00 a.m. on January 13th, she stated, she went back to the garage to find "the radio playing and the motor running," and claimed she turned the key off and opened the garage doors. She added, however, that she did not notice any exhaust fumes.

The police officers who made the investigation, however, stated the gas tank was full and the motor and exhaust were cold.

The deputy coroner on this case took custody of the deceased and the remains were taken to the Hennepin County Morgue.

An autopsy was performed at the morgue later that day. This revealed pulmonary edema and hemorrhage, peticheal hemorrhage of the stomach and duodenum. In the opinion of the pathologist it was deemed advisable to await the results of the toxicologist's examination to determine the cause of death. The toxicologist's examination showed carbon monoxide saturation and 0.14% alcohol by weight in the blood.

Deceased is survived by his wife, Pearl, and son, Allen; mother, Mrs. Jerdis Borsher; and brothers, Gerald, John and Jack.

REMARKS

This case was reported to the Coroner's Office at 5:05 p.m. on January 13th, 1962, by the Minneapolis General Hospital.

Deceased fell at home down the basement stairs after she and her husband had returned from visiting friends. Her husband stated he heard her fall but did not witness it. Deceased became unconscious immediately and did not regain consciousness before her death. She was admitted to Minneapolis General Hospital at 1:54 a.m., having been taken there by the hospital ambulance. She had a progressively downward course and expired at 4:27 p.m.

INGA W. HEDELL - continued

An autopsy was performed at the hospital the next day. This revealed right cerebral hematomas, right basilar skull fracture, bilateral pulmonary edema, moderate - coronary sclerosis, diffuse arteriosclerotic cardiovascular disease, peritracheal hematoma. A toxicologist's examination of the blood was negative for alcohol.

Deceased is survived by her husband, Einar, a sister, Mrs. Henrietta Vigstad, three nieces, and a nephew, Arvid Vigstad in Norway.

REMARKS

This case was reported to the Coroner's Office at 7:05 p.m. on January 13th, 1962 by police.

Deceased was last seen alive by a neighbor, Elease Richardson of 728 - 15th Avenue South, on January 4th.

At 7:00 p.m. on January 13th, at the request of William Basquette, 732 16th Ave. S., caretaker of the building, who had not seen deceased for several days, police officers Farrell and Porter of squad 132, broke down the door to deceased's living quarters in the presence of Elease Richardson, Mr. Basquette, and Rose Dagle, of 3704 - 5th Ave. South, and finding deceased had expired they called this office.

MARGARET CANTY - continued

The deputy coroner who went out on this call found deceased lying in bed. There was no evidence of injury and no medications were in sight. The body was in rigor mortis and deceased appeared to be older than her years.

It was not known whether deceased had any relatives. Since the deceased had no funds for burial nor were there any relatives known who could arrange for her burial, it was necessary to release her body to the Anatomical Department of the University of Minnesota, for study.

The cause of death was undetermined.

REMARKS

This case was reported to the Coroner's Office at 9:20 a.m. on January 14th, 1962 by police.

Deceased, who allegedly had a mild heart attack some time ago, was seen by a Doctor Ekdale of the Bloomington Clinic on January 13th, and was given an injection because his feet were swollen.

Police officers Gottleib and McIlwaine of squad 163 responded to a call from Mrs. H. R. Arbuckle who lives downstairs at deceased's residence at 8:47 a.m. that she had not heard him moving around. On investigation, deceased was found dead on the kitchen floor. The deputy coroner who went to the scene stated deceased, a recipient of old age assistance, was dressed in house clothes. His apartment was quite clean and warm.

HERMAN F. GEIGER - continued

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

There was no indication of other than a natural cause of death and no evidence of trauma. Death was ascribed to arteriosclerotic heart disease.

Deceased is survived by a cousin, Henry Norton of Excelsior.

REMARKS

This case was reported to the Coroner's Office at 11:40 a.m. on January 14th, 1962 by police.

Deceased came to the back door at 511 - 15th Ave. South and asked the lady of the house, Mrs. Ida Hawkins, for a glass of water because he did not feel well. She invited him in to sit down and by the time she secured the water for him he was slumped over in the livingroom chair. Mrs. Hawkins eased him to the floor and he soon ceased breathing.

Police officers Kanuit and K. Johnson of squad 132 responded to her call, and since deceased showed no signs of life the Minneapolis General Hospital was not called.

EDMUND L. FRUTH - continued

The deputy coroner on this case found deceased, dressed in outdoor clothing lying on the floor. There was no indication of other than a natural cause of death, which was ascribed to arteriosclerotic heart disease. Death apparently occurred at 11:30 a.m., January 14, 1962.

The remains were taken to the Hennepin County Morgue and later released to a mortician.

Deceased is survived by his wife. Except for his wife, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 8:50 a.m. on January 15th, 1962, by police.

Deceased had been separated from his wife and was living with his parents, Mr. and Mrs. A. N. Blom at 5129 - 16th Avenue South since the separation. A divorce, according to Detective Whelan of squad 301, who, assisted by officer Knutson of squad 165, investigated the case, became final last week.

At 8:15 a.m. on January 15th deceased was found by his ex-wife, Elizabeth, sitting dead in his car parked across the street from her home. According to the investigation he had apparently gone to her home at 6:00 p.m. the night before and not finding her at home had gone across the street to the home of Marcella Cameron and told her to tell his mother not to worry and then gone back to his car. Elizabeth Blom stated she noticed the car last night and this morning apparently became curious and went over and found deceased.

KENNETH P. BLOM - continued

The deputy coroner on this case reported finding the deceased, a young man clad in gray flannel slacks, gray jacket, sport shirt, shoes and socks, lying slumped over on his right side on the front seat of a 1954 green Chevrolet four-door bearing Minnesota license #5H7582. His right thumb was caught in the trigger guard of a .22 caliber Smith and Wesson revolver bearing serial number K68597, with barrel under the frozen remains.

There was an apparent head wound with entrance two inches superior and one inch anterior to the right external auditory canal meatus. The wound of entrance measured approximately one-fourth inch in diameter and was surrounded by gray-black staining as made by powder burns. No wound of exit was noted. There was much vomitus and blood from the ear canals and mouth. There was ecchymotic swellings of both eyes.

The revolver cylinder contained five unexpended .22 caliber short cartridges and one expended .22 caliber short cartridge casing under the firing pin.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Deceased is survived by his daughter, Suzanne Marie; parents, Mr. and Mrs. Alvin M. Blom; and a brother, Dr. Philip A. Blom.

A toxicologist's examination of deceased's blood was negative for alcohol.

Deceased's car and other possessions were released to his father at the scene, with the exception of the gun which was taken in to the morgue and later released to Dr. Philip Blom, brother.

REMARKS

This case was reported to the Coroner's Office at 12:05 a.m. on January 16th, 1962 by police.

At 11:50 p.m. on January 15th, Carl Hafstad, 68, heard deceased fall to the floor in her downstairs apartment from his residence upstairs, and upon investigation found her on the diningroom floor in an unresponsive condition. It was reported that she had been under the care of a Dr. Hovland.

Police officers Quinn and Ramlet of squad 132 responded to a call for assistance. A Minneapolis General Hospital ambulance physician, Dr. Haggett, pronounced the woman dead at 11:59 p.m.

BERGETTE KALSHEIM - continued

The deputy coroner on this case took custody and removed the body to the Hennepin County Morgue, and it was later released to a funeral director.

There was no indication of other than a natural cause of death, which was ascribed to arteriosclerotic heart disease.

Deceased is survived by a brother, John Overland of Tacoma, Washington, and other relatives.

REMARKS

This case was reported to the Coroner's Office at 12:15 a.m. on January 16th, 1962, by police.

Deceased had resided at the Drake Rest Home since November 25th, 1959, having come there from the Kent Hotel, 47 South Washington. According to the rest home, he had no known relatives. A patient of Dr. L. A. Benesh for coronary disease, he had last been seen by the doctor on July 8, 1961.

JOHN WERSLAND - continued

At 11:20 a.m. on January 16th he was found dead in bed by Kathleen Nolan. A Minneapolis General Hospital ambulance was called and Dr. Crasson, the physician in attendance, confirmed death.

Police officers K. E. Johnson and Gunderson of squad 132 were at the scene and stayed until removal of the body.

A deputy coroner viewed the body. There was no indication of other than a natural cause of death, which was ascribed to arteriosclerotic heart disease, and the remains were released directly to a mortician from the nursing home.

REMARKS

This case was reported to the Coroner's Office at 7:55 p.m. on January 16th, 1962, by the Edina police.

Deceased and his wife moved here from Indiana last November 15th. It was reported that he had seen Dr. James Blake ten days ago.

At 9:50 a.m. on January 16th, deceased took his wife, Marion, to work. She took a cab home, arriving at about 7:25 p.m. She stated she smelled gas when the cab driver opened the door. She immediately investigated the garage, located in the basement of the home, and found her husband lying on the front seat of the car with the car door opened, with his feet on the floor.

ERNEST DAVIS GINTER - continued

Police officers Serstack, Howard Johnson, Kalstad, and Lt. Merfeld of Edina investigated this case.

The deputy coroner who went to the scene stated the body was cherry red and still warm. There was 2+ to 3+ rigor. Bloody fluid had come from his nose.

No notes were found.

The remains were taken to the Hennepin County Morgue, where an autopsy was performed the following day. This revealed severe pulmonary hemorrhage and edema, left ventricular hypertrophy, and an old perinephric scarring. The toxicologist's analysis of the blood showed carbon monoxide saturation and 0.18% alcohol by weight.

Except for his wife, Marion, the names of survivors are not known to this office.

Veteran WW II

REMARKS

This case was reported to the Coroner's Office at 3:10 a.m. on January 17th, 1962 by the sheriff's radio.

Deceased had a history of heart trouble, apparently having had two previous attacks. Temperatures in the past week had been extremely cold. He went down, it was reported, about 2:00 a.m. to start his car. At 2:50 a.m. his wife went down to investigate and found him lying on his back at the foot of the stairs.

A Hopkins police officer, D. Bentley, came to the scene, and also a Dr. Lyons, who stated the man was dead on arrival.

RAYMOND A. PLATT - continued

The deputy coroner on this case stated deceased, fully dressed, was lying on his back at the foot of the stairs. The body was still warm and there was no rigor.

It was reported deceased had lived at this address for one week and was seen by a Dr. Glover of Sioux City, Iowa, two or three weeks ago.

The remains were taken to the Hennepin County Morgue, where an autopsy was performed later that day in the presence of the coroner. This revealed a myocardial infarction due to coronary arteriosclerosis.

Deceased is survived by his wife, Virginia; a daughter, Mrs. Donald Eberle of Duluth, Minnesota; and a son, Raymond A., Jr. of Denver, Colorado.

REMARKS

This case was reported to the Coroner's Office at 8:15 a.m. on January 17th, 1962, by the Robbinsdale police.

Deceased was found at 7:13 a.m. in 20 below zero weather behind the police station in Robbinsdale, lying on snow covered ground behind the Howard Lumber Company storage buildings near the railroad track, by Martin Gjerdahl of 4041 Orchard Avenue North, just a half block from the Gjerdahl residence where he had attempted to gain admission at 3:00 o'clock in the morning. He was obviously intoxicated at that time and the Gjerdahls phoned police but when police arrived deceased had disappeared and they were unable to find him.

NORMAN MAUKSTAD - continued

The deputy coroner on this case viewed the body lying on the ground. His nose was bloody and there were signs of vomiting. A wallet containing $25 was found on his person.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

An autopsy was performed at the morgue on January 17th, which revealed that the cause of death was exposure to the extreme cold, aspiration of gastric content and acute alcoholism.

Except for his daughter, Mrs. Dorothy Rothman of 460 Conway Place, St. Paul, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 12:15 p.m. on January 17th, 1962, by police.

Deceased walked into Fransen's Bar on this extremely cold January 17th, where he was to meet a friend for lunch, and collapsed just inside the door. Police officers R. W. Johnson and William Dunstone of squad 119 went to the scene, followed by a Minneapolis General Hospital ambulance. Dr. Crossen, the ambulance physician, attempted resuscitation without success and pronounced death at 12:09 p.m.

HAROLD J. DONOVAN - continued

The deputy coroner on the case found deceased, dressed in outdoor clothing, lying near the front door of the bar on the terrazo floor. He took custody of the body and same was removed to the Hennepin County Morgue.

There was no indication of trauma or other than a natural cause of death, which was attributed to arteriosclerotic heart disease.

A friend, Ruth Berg, PA 4-5020, stated that deceased had been working for the D.A.V. as an accountant recently, and that a sister-in-law, Mrs. George Donovan, who lives at the Krueger Apartments in New Hampton, Iowa, was his closest relative. It was reported that he had been under the care of a Dr. Kirkhoff for his heart.

REMARKS

This case was reported to the Coroner's Office at 2:15 p.m. on January 17th, 1962 by police.

Deceased was at work as a plasterer in a closet in a new apartment building at 716 University Avenue S. E., when his fellow employees found him slumped over. Police officers Ignatowicz and Hallberg of squad #125, the rescue squad and a Minneapolis General Hospital ambulance went to the scene. Dr. Birkenmyer, the ambulance physician, pronounced the man dead at 2:10 p.m.

WILLIAM HENRY MARTIN - continued

The deputy coroner on the case found deceased, dressed in work clothes, lying on the floor of the apartment house, and took the remains to the Hennepin County Morgue. An autopsy was performed at the morgue later that day. This revealed an occlusion of the basalar cerebral artery with severe generalized coronary arteriosclerosis.

It was reported that deceased had had a heart attack several years ago.

Deceased is survived by his wife, Edna; two sons, Gerald V. of Minneapolis, and William A. of Des Moines, Iowa; and two sisters, Mrs. Elsie Handberg and Mrs. Helen Lindwall, both of Minneapolis.

REMARKS

This case was reported to the Coroner's Office at 4:05 a.m. on January 18th, 1962, by the Swedish Hospital.

Deceased, it was reported, had a history of suicide attempts and was a known alcoholic. She was admitted to the Swedish Hospital at 1:30 a.m. on January 18th, allegedly having taken an overdose of barbiturates, and was under the care of Dr. Paul Johnson. The only drug administered was aramine which was given intravenously. She expired just a few hours later, at 3:30 a.m.

CARL N. BARNETT - continued

Deceased has a medical history of several previous admissions to Swedish Hospital. In the past she was treated by Dr. Paul Linner, FE 9-1479.

An autopsy was performed at the hospital on January 18th, 1962. This revealed that death was due to barbiturate poisoning, accident or suicide unknown. Deceased's blood was 0.07% alcohol by weight.

Deceased is survived by her husband, Keith.

REMARKS

This case was reported to the Coroner's Office at 7:05 p.m. on January 18th, 1962, by police.

At approximately 7:00 p.m. on January 18th, 1962, deceased, a pedestrian, was struck by a 1957 yellow and white Chevrolet sedan, owned and driven by James Lee Hampton, Jr., 29, a cab driver, who stated he had no permanent address. The last address on his driver's license was 5424 - 34th Ave. S. and it was reported he was also of Richfield, Wisconsin. His car bore a 1961 Minnesota license number LS6164.

THOMAS GARDNER a/k/a THOMAS TEAGARDNER - continued

Officers R. W. Smith of squad 336, D. Oltman, and K. Mayer - T515 and T512, were at the scene and investigated this accident. The site of the accident, 13th and Washington Avenue South, is traffic controlled by stop signs, four lanes, straight and level. The weather, sub-zero, was clear and dark except for street lighting and the road surface in this business district was dry and had no defects. Pedestrian was crossing the west intersection of 13th Ave. S. and Washington, on Washington, in a southerly direction; Mr. Hampton was driving west on Washington. Deceased was thrown, according to police measurements, 112 feet from the point of impact. Mr. Hampton, it was reported, stopped his car 40 feet 10 inches behind this spot.

Mr. Hampton was charged with failure to yield the right of way to a pedestrian in a crosswalk and failure to slow down for an intersection.

The deputy coroner who went out on this call reported finding deceased lying on his abdomen in the center of a traffic lane in a pool of frozen blood. The remains were taken to the Hennepin County Morgue, and later released to a funeral director.

An autopsy at the morgue the next day revealed that death was caused by a complete fracture dislocation of the first and second cervical vertebrae with transection of the spinal cord at the junction with the brain, with massive hemothorax, bilateral; rupture of aorta and trachea, and fracture of tibia and fibula, bilateral, contributing.

Deceased's place of residence was sealed by the Coroner's Office.

It was reported that deceased had a sister in Florida and a brother in Ohio, Clarence, who resides in Oakwood, telephone number 594-2342.

1-29-62 - Deceased's sister is Mrs. Robert Carey, Ruskin, Florida.

The toxicologist's analysis of deceased's blood was negative for alcohol.

REMARKS

This case was reported to the Coroner's Office by the Veterans Hospital at 11:30 a.m. on January 19th, 1962.

Deceased was admitted to the Veterans Hospital on October 27, 1961, where he was treated for chronic pulmonary emphysema. On January 16, 1962, at 1:30 a.m. he was reported to have fallen when going to the bathroom, and sufferred a 3 cm. laceration over the left eyebrow. He expired at 4:35 p.m. on January 18th.

FRANK W. DAVIS - continued

An autopsy was performed at the Veterans Hospital by Dr. Richard W. Anderson. This revealed the cause of death was thrombosis of the right coronary artery, coronary sclerosis and myocardial fibrosis with small ventricular aneurysm, with chronic pulmonary emphysema, contributing.

The remains were released from the hospital to a funeral director.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 4:50 a.m. on January 19th, 1962 by police.

Deceased was having some difficulty getting his car into the garage, and did some pushing while his wife sat at the wheel. When he walked into the kitchen of his apartment he fell to the floor. His wife called the rescue squad and the Minneapolis General Hospital. Doctor Kildare, the hospital ambulance doctor, pronounced death at 4:30 p.m.

FREDERICK HALLEN - continued

Police officers Alford and Holden of squad 163 when the deputy coroner arrived.

There was no indication of other than a natural cause of death, and the body was released by the deputy coroner directly from the home to a mortician.

Deceased is survived by his wife, Florence; two daughters, Mrs. Marshall (Florence) Bratt and Mrs. Jack (Violet) Woods; and six grandchildren.

REMARKS

This case was reported to the Coroner's Office at 4:55 a.m. on January 20th, 1962, by police, of St. Louis Park.

At 3:55 a.m. by his clock, Edward Vinokour, 3309 Glenhurst Avenue, a neighbor, turned in a fire alarm to police and the fire department at the request of deceased's husband, who said his home was so full of smoke he was unable to find the telephone.

Deceased had been in the habit of sleeping sometimes in another room, her husband, said because she had difficulty getting to sleep and often stayed up late reading. She was found at 4:25 a.m. by fireman James Guinn of the St. Louis Park fire department in the bathroom of her home on the floor, not breathing.

MARGARET P. DeREMER - continued

Mr. DeRemer had been able to round up the three children, Charles, 17, Thomas, 12, and Priscilla 2, and they had escaped into the 20 below zero cold.

Thomas and Charles were taken to the Methodist hospital, Thomas in fair condition suffering from smoke inhalation, and Charles was released after face lacerations were sutured.

Three St. Louis Park fire trucks and 18 men went to the scene and had the blaze under control shortly, though flames burst up again a short time later and caused additional damage. Total damage, estimated at $20,000. Firemen stated the blaze broke out in Mrs. DeRemer's bedroom on the first floor. This room, another bedroom, and the bathroom were gutted.

The deputy coroner on this case took custody of the body, which was removed to the Hennepin County Morgue, and later released to a funeral director.

An autopsy at the mortuary the next day, in the presence of the Coroner, revealed pulmonary congestion and edema, multiple two and three degree burns. Specimens of deceased's blood were taken for toxicology. The toxicologist reported the blood was carbon monoxide saturated and contained 0.29% alcohol.

Besides her husband and children, deceased is survived by her parents, Mr. and Mrs. Frank G. Moore; a brother, Frank G. Moore, Jr.; and a grandmother, Amy Moore.

REMARKS

This case was reported to the Coroner's Office at 6:45 a.m. on January 20th, 1962, by the Minneapolis General Hospital.

While at work for the Northwestern Maintenance Company painting a chimney 40 feet up at a Red Owl Store at 54th and Lyndale, a rope broke causing deceased to fall on a scaffold, striking the brace with his back. He was admitted to Minneapolis General Hospital at 11:34 a.m. that morning, January 14th, 1962, with a fractured pelvis and internal injuries. It was reported that he did not lose consciousness at any time.

Deceased expired a few days later, at 5:20 a.m. on January 20th, 1962.

HARLAN ALLEN QUATTLEBAUM - continued

An autopsy was performed at the hospital later that day. This revealed that death was due to an embolism of the left main stem of pulmonary artery, with fatty metamorphosis of the liver and pulmonary edema and congestion being contributing factors. The embolism was due to the fractured pelvis, bilateral with retroperitoneal hematoma. There was also a puncture wound of the left thigh and hemorrhagic scrotum.

The names of survivors are not known to this office.

This case was reported to the Coroner's Office at 8:40 a.m. on January 20th, 1962, by the police.

The delivery of this baby was normal. She developed a hernia and was scheduled for surgery last month but developed a cold and surgery was postponed. She had a slight fever and was seen by her mother at 2:30 a.m. on January 20th, when she was crying. An older brother found her at 7:30 a.m. in an unresponsive condition and police and a rescue squad were called. Mouth to mouth breathing was tried, but unsuccessful. Dr. Crosson, the Minneapolis General Hospital ambulance doctor in attendance pronounced the child dead.

Police officers D. Davis and C. Shoemaker were at the scene.

KATHLEN M. HUGHES - continued

A deputy coroner at the scene took custody of the body and it was removed to the Hennepin County Morgue and later released to a funeral director.

An autopsy was performed at the morgue. This revealed that death was due to pulmonary edema and congestion.

Deceased is survived by her parents, Jerome and Mary Hughes; three brothers, Scott, John and Charles; Mrs. Agnes Hughes and Mrs. Mary Withrow, grandmothers.

		Veteran	

REMARKS This case was reported to the Coroner's Office at 11:50 p.m. on January 20th, 1962 by the Smith Ambulance Company which had been called to Wold Chamberlain Field.

Deceased, with her husband Joseph Romshek (see case following), got off an Eastern Airlines flight the night of January 20th, at Gate 1, when he collapsed on the south concourse. Deceased bent over him and collapsed at his feet.

Police officer Bossman of the Metropolitan Airport Commission was at the scene and Dr. Thomas G. Wier, of the U. S. Air Force, Division 133, pronounced both Mr. and Mrs. Romshek dead at 11:10 p.m.

MARY ROMSHEK - continued

The deputy coroner on this case took custody of the bodies of deceased and her husband and they were taken to the Hennepin County Morgue and later released to a funeral director.

A prescription and nitroglycerin were found in deceased's purse. There was no indication of other than a natural cause of death, which was ascribed to arteriosclerotic heart disease and diabetes mellitus.

It was reported that the Romsheks had left Ely in November and drove with friends to Florida to visit old friends in Punto Gorda, just after Thanksgiving. Four days later Mr. Romshek had an attack, a recurrence of an old heart ailment. From that moment on all he wanted to do was to get home to Ely. He was hospitalized in Florida until almost Christmas. At first the doctor said he couldn't travel until February, but finally, the week of January 15th, Mr. Romshek was able to obtain permission to return home. Mrs. Romshek's brother, George Banovetz, an Ely funeral director, was to meet them here in Minneapolis with a car and drive them home.

The Romsheks had no children. Mrs. Romshek is survived by her brother George, who is also a teacher at the Ely Junior and Senior High School, three other brothers also of Ely, Matt, Joseph and Frank; a brother, Jack of Hibbing; and two sisters, Mrs. Angela Gerzin and Mrs. Rose Belehar of Ely. Mr. Romshek is survived by relatives in Yugoslavia.

REMARKS

This case was reported to the Coroner's Office at 11:30 p.m. on January 20th, 1962 by the Smith Ambulance Company which had been called to Wold Chamberlain Field.

The circumstances surrounding this case are identical to those surrounding the death of deceased's wife, Mary Romshek, #66, immediately preceding this one.

Police officer Bossman of the Metropolitan Airport Commission was at the scene and made an investigation and Dr. Thomas G. Wier of the U. S. Air Force, Division 133, pronounced both Mr. and Mrs. Romshek dead at 11:10 p.m.

JOSEPH ROMSHEK - continued

The deputy coroner on this case saw no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease.

Deceased is survived by relatives in Yugoslavia.

REMARKS

This case was reported to the Coroner's Office at 9:05 p.m. on January 21st, 1962 by police.

The evening of January 21st Mr. Byron Lindberg, 3824 26th Avenue South, went to deceased's home after Miss Wahanto Tshida, 3828 26th Ave. South, had told him there had been no lights in the house and Saturday's and Sunday's papers had not been taken in. They said the front door was open when they came up on the porch. When they found deceased lying on the kitchen floor they called police, and officers Rosemeyer and Hansen of squad 165 went to investigate.

JOHN HENRY HANSEN - continued

It was reported that deceased had been under the care of Dr. J. P. Korchik, Marquette Bank Building, who had last seen him on December 10th, 1961. Dr. Korchik told officer Rosemeyer that deceased had a heart condition.

The deputy coroner on the case reported finding this obese elderly man fully clad lying on his face on the kitchen floor, in full rigor. There was no indication of other than a natural cause of death, which was ascribed to arteriosclerotic heart disease. The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Deceased is survived by two sisters, Mrs. Charles Kasun of Milwaukee and Mrs. John James of Racine, Wisconsin, and two brothers, Paul C. and Edward H., both of Milwaukee.

REMARKS

This case was reported to the Coroner's Office at 10:05 p.m. on January 21st, 1962 by police.

Deceased was found by her son, Harry O. Davis, of 1009 Dupont Avenue North, who resides in the same block, and he notified police. Officers R. Baker and F. Moen of squad 119 went to investigate. The son reported that his mother had been under the care of the Minneapolis General Hospital for a severe cardiac condition for some time, and has been seen on January 19th there.

The deputy coroner on this case reported deceased was lying on a couch. There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease.

EMMA L. DAVIS - continued

The body was released by the deputy directly from the home to a funeral director.

Deceased is survived by her son, Harry D. of Minneapolis; three sisters, Mrs. Anna Henza and Mrs. Ida Olson, both of Minneapolis, and Alma Hoffman of Rochester, Minnesota; and two brothers, Carl Hoffman, of Detroit, Michigan and Arthur Hoffman of St. Cloud, Minnesota.

REMARKS

This case was reported to the Coroner's Office at 1:02 a.m. on January 22nd, 1962 by the Edina police.

Deceased was found at 12:26 a.m. on January 22nd by officer H. Johnson of the Edina police lying on the ground by the road at 50th Street and Browndale in Edina. The car he had been driving, a 1959 Oldsmobile 98 four-door cream and white, bearing license MJ 7609, hung on the guard rail cable on the east side of the entrance to the Edina Country Club on 50th Street. The car tracks indicated deceased had driven straight off 50th Street heading east and the car jumped the guard rail and hung there. Officer Johnson stated he found deceased lying face down.

RUDOLPH C. LANG - continued

A Dr. Rockwell was called and he pronounced the man dead at the scene.

The deputy coroner on this case found deceased fully clad lying on his back on the snow on the south edge of the street with his feet to the north. His car was approximately 20 feet south of him. The remains were taken to the Hennepin County Morgue and later released to a funeral director.

It was reported that deceased had a history of cardiac trouble, had suffered a coronary about five years ago and had recently been hospitalized at Methodist Hospital. He had been under the care of Dr. H. P. Head.

There was no indication of other than a natural cause of death, which was ascribed to arteriosclerotic heart disease.

The widow of deceased requested that no autopsy be performed and the remains were released to a funeral director.

An autopsy was later performed, on January 25, 1962, at the mortuary by Dr. J. I. Coe at the request of the family - not a Coroner's Autopsy.

Deceased is survived by his wife, Bernice; sons, Richard and John; daughters, Harriet and Marilyn; mother, Mrs. John C. Lang; and brother, Herbert C. Lang.

REMARKS

This case was reported to the Coroner's Office at 5:10 a.m. on January 22nd, 1962 by police.

Mrs. Florence Parrow, 45, mother of the child, stated he had "a cold" yesterday (January 21st) and that she gave him cough syrup and put him to bed by 9:30 p.m. When she got up this morning to feed him she found him lying on his stomach with his head turned to the left and felt him cold.

Police office officers H. C. Anderson and F. Witt of squad 164 were sent to the scene and notified this office.

JAMES WILLIAM PARROW - continued

Deceased was a patient of Dr. George Marking in Swedish Hospital in November because while playing he screamed out with pain in his neck suddenly, and was found to have "two vertebrae out".

The deputy coroner on this case reported finding child in rigor mortis, cool to the touch. There was much watery fluid at the mouth and nose, with livor and pressure marks indicating deceased had been lying dead on his abdomen with his head turned to the left for some time. Deceased measured 37 inches. There was no petechiae and no other indication as to the cause of death. The deceased was clad in jockey shorts and outing flannel pajamas.

The family was desirous of knowing the cause of death. An autopsy was performed at the Hennepin County Morgue later that day, which revealed that death was caused by purulent tracheobronchitis.

Deceased is survived by his parents, Mr. and Mrs. William P. Parrow; two brothers, Eugene and Kenneth; four sisters, Janet, Carol, Pauline and Donna; and grandparents, Mrs. Rose Parrow of Clinton, Minnesota and Mr. William Schardt of New Ulm, Minnesota.

REMARKS

This case was reported to the Coroner's Office at 3:30 p.m. on January 22nd, 1962, by the North Memorial Hospital.

According to information received, deceased suffered a coronary attack at the Red Crown Bowling Alley at highway 12 and Louisiana Avenue and was taken to North Memorial Hospital. Dr. Proffitt, 1600 W. Lake Street, was given as his family doctor, but Dr. Proffitt had not seen him since 1957.

Drs. Cruz and Gibbenheim at the hospital saw the patient, took an electrocardiogram, which showed irregular fluctuations and faded to nothing, because deceased became cyanotic and expired at 2:45 p.m., just a half hour after admission.

RODNEY HENRY NEWBURG - continued

Deceased's mother was with him and was opposed to an autopsy.

The deputy coroner on the case viewed the body. There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease. The body was released for burial by the deputy directly from the hospital.

Deceased is survived by his wife, Jessie; a daughter, Catherine; and his mother, Mrs. N. O. Newburg.

REMARKS

This case was reported to the Coroner's Office at 7:00 p.m. on January 22nd, 1962, by police.

At 6:45 p.m. Monte Anderson, 14, son of deceased, cams home and found his father sitting in a chair and not breathing. He called police and a rescue and ambulance squad were called. Dr. Atwood, the ambulance physician, pronounced death.

The deputy coroner on this case found deceased sitting in a livingroom chair. It was reported that he had a long history of heart trouble and had been under the care of Dr. C. E. Lindemann, but Dr. Lindemann had not seen him for a year.

WALTER A. ANDERSON - continued

A year ago he was also treated at the Minneapolis General Hospital.

There was no indication of other than a natural cause of death, which was ascribed to arteriosclerotic heart disease, and the remains were released by the deputy directly from the home to a funeral director.

Deceased is survived by his wife, Malvina; three sons, DuWayne, Lonnie and Monte; one daughter, Mrs. Dale Moen; and four grandchildren, all of Minneapolis.

REMARKS

This case was reported to the Coroner's Office at 8:30 a.m. on January 23, 1962, by the Star of Bethlehem Home.

Deceased was a Christian Scientist and had not been under medical care. She was admitted to the Home on December 21, 1961 with a diagnosis of "abdominal cancer." She had been semi-comatose since her admission, it was reported, and expired at 8:05 a.m. on the morning of January 23rd.

FLORENCE B. DAY - continued

The deputy coroner on this case viewed the body. There was an obvious tumor presenting at the vagina, and no indication of other than a natural cause of death, which was attributed to carcinomatosis.

The remains were released by the deputy coroner to a funeral director from the home.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 9:50 a.m. on January 23rd, 1962, by police.

Deceased was found at 9:15 a.m. on January 23rd, 1962, lying on his back in his crib with a blanket over his head, in an unresponsive condition, by his sister. A call for help brought police officers Neuenfeldt and Underwood of squad #143, a rescue squad, and a Minneapolis General Hospital ambulance. Dr. Hoggatt, the physician in attendance on the ambulance, pronounced the child dead at 9:30 a.m.

JEFFREY ZELLER - continued

The deputy coroner on the scene viewed the body of deceased, which was cold, without rigor. There was no indication of other than a natural cause of death.

It was reported that deceased had been ill with diarrhea since the previous day, and had been treated by phone by Dr. Paul Linner, who had seen him personally a month ago. A 16 month old sibling had been in Swedish Hospital for three days for diarrhea.

The remains were taken to the Hennepin County Morgue, where an autopsy was performed later that day. This revealed that death was due to incipient pneumonia with minimal pulmonary edema.

REMARKS

This case was reported to the Coroner's Office at 4:45 p.m. on January 23rd, 1962, by Dr. Willis Thompson, 953 Medical Arts Building, Minneapolis.

This child, a severe spastic, had been under the care of Dr. Thompson for the Catholic Welfare for many months at the home where she resided. She had a severe feeding problem, and had to be fed with an eye dropper. Today she aspirated while feeding and became anoxic.

The rescue squad was called and a Minneapolis General Hospital ambulance. The ambulance physician pronounced the baby dead at 4:25 p.m.

MARY HARDING - continued

The deputy coroner on the case took custody of the body and it was removed to the Hennepin County Morgue and later released to a funeral director.

An autopsy was performed at the morgue on January 24th, 1962. This revealed that death was due to asphyxia due to aspiration of gastric contents.

REMARKS

This case was reported to the Coroner's Office at 6:55 p.m. on January 23rd, 1962, by police.

Deceased was last seen alive at noon on January 23rd, when Dick Hanes, of the same address, apartment 11, spoke to him. He was found at 6:43 p.m. slumped in a chair at the table. Rigor mortis was beginning. Mr. John Heurung, caretaker of the building, notified police.

Officers Steele and Ross of squad 144 were at the scene when the deputy coroner arrived.

BEN B. AHREND - continued

The deputy coroner on the case viewed the body. There was no evidence of trauma and no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease. Two bottles of pills appearing to be nitroglycerin tablets were on the table. It was reported that he had previously been treated at the Minneapolis General Hospital.

The remains, personal effects and letters, including a large sum of cash on his person, were taken to the Hennepin County Morgue, and later released.

Deceased is survived by a brother in the state of Washington and another brother, Elmer Ahrend, of Woodlake, Minnesota. Except for the brothers, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 8:25 p.m. on January 23, 1962, by the Minneapolis General Hospital.

Deceased was carried out of his third floor apartment by firemen from the scene of a fire in the apartment building where he resided and brought by ambulance to the hospital, and pronounced dead on arrival at 8:14 p.m. He was given the last rites of the Catholic faith by Father Schabert of St. Elizabeth's parish.

JOHN H. RODDY - continued

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

An autopsy at the morgue the next day revealed diffuse atherosclerotic cardiovascular disease; moderate bulbous emphysema, bilaterally; tertiary bronchi occluded with soot; and cerebral arteriosclerosis. The toxicologist's examination of deceased's blood revealed that it was carbon monoxide saturated and negative for alcohol. Death was due to carbon monoxide poisoning due to inhalation of smoke.

Deceased is survived by his wife, Hanna; a daughter, Mrs. Ernest Hadley of Sacramento, California; and a son, Col. John Roddy of the U. S. Air Force.

This three-alarm blaze allegedly broke out in a first-floor hallway of the 18-unit three story brick and stone building at 7:45 p.m., and routed about 30 persons into 20 degree cold. Hannah Caron, 76, one of the tenants, was hospitalized at Minneapolis General Hospital in serious condition with burns about her face and arms.

May 31, 1962: On April 3, 1962, Lee Jordan Hershenhorn was arrested by the arson squad in the Library Hotel at 2 S. 11th St. as a result of two incendiary fires in that building and also a fire earlier in the day at the Cordova Apartments at 1600 4th Ave. S. He subsequently signed a statement confessing the setting of the three fires and was charged with arson in the third degree.

On April 30, 1962, Hershenhorn was questioned regarding the fire at 117 E. 15th Street on January 22-23, in which the above deceased, John Roddy, lost his life, and he admitted that he had deliberately set this fire also. On May 15, 1962, the Grand Jury of Hennepin County indicted Hershenhorn on the charge of murder in the third degree with reference to this fire.

REMARKS

This case was reported to the Coroner's Office at 7:40 a.m. on January 24th, 1962 by the Minneapolis General Hospital.

Deceased was brought by ambulance from his home and admitted to the hospital at 4:03 a.m. on the morning of the 24th with a gunshot wound in his abdomen, and expired on the operating table a few hours later, at 6:17 a.m.

An autopsy was performed at the hospital later that day. This revealed brain tumor in addition to the gunshot wounds.

Deceased is survived by his mother, Mrs. Marie Gough, and a daughter, Carol.

P. DOUGLAS GOUGH - continued

Deceased's mother, Mrs. Marie Gough, was awakened at about 3:30 a.m. on the morning of January 24th, and found her son in a back bedroom bleeding from the abdomen. She called police and the family doctor, Dr. Norman Johnson, at the same time trying to stop the bleeding by holding a towel over the gaping wound in deceased's left chest. She had taken the gun, a 12 gauge Winchester, off the floor and placed it in the closet, where it was later found by police.

Police officers Nelson and Shumway of squad 118 went to the scene and made an investigation. They found deceased undressed, except for his socks, lying crosswise on the bed as if he had sat on the edge and placed the shotgun on the floor against a dresser that had been pulled away from the wall, then pulled the trigger. A small piece of the stock had been chipped away. These pieces were found on the floor near the bed. A piece of the butt plate was found just under the front of the dresser.

At approximately 4:02 a.m. detectives E. Wilson and D. Anshultz were sent to the scene. When they arrived deceased had already been taken to the hospital. They were taken to his bedroom and shown a bed with blood on the sheet and with bb's from a shotgun along with two waddings from a shotgun shell which were covered with blood. The chips, sheet, and wadding along with the gun were inventoried and taken by police. The expended shell was left in the gun to be checked for prints if deemed necessary.

Dr. Johnson informed the detectives he had been treating deceased for some time for acute alcoholism and epilepsy and that he had recently been very depressed over the death of one of his best friends.

REMARKS

This case was reported to the Coroner's Office at 3:30 p.m. on January 29th, 1962, by the Minneapolis Health Department.

At 4:25 p.m. on October 19th, 1961, deceased, a pedestrian crossing Nicollet at 18th at the intersection, was struck by a 1961 blue Chevrolet four-door bearing 1961 Minnesota license number 1N7744, owned and driven by Richard S. Evenson, 59, of 1610 Ford Parkway, Minneapolis, as Mr. Evenson was making a left turn from 18th onto Nicollet.

VICTOR F. SODERBERG - continued

At the time of the accident, deceased was removed to the Minneapolis General Hospital, treated in receiving, and then released to his home. Following the accident, and while at home, deceased gradually deteriorated until it was necessary to have him hospitalized. On December 13, 1961, he was admitted to Abbott Hospital, where he remained until December 18th, 1961, from whence he was transferred to Minneapolis General.

On January 19th, 1962, bilateral trephines were done and a tracheotomy performed. Bilateral and subdural hematomas were found.

Deceased expired at 8:12 a.m. on January 24th, 1962.

An autopsy was performed at the hospital on January 24th, 1962. This revealed the cause of death was subdural hematomas, bilateral, traumatic, due to old head injury at the time of the auto accident, October 19th, 1961, with an old myocardial infarction due to generalized coronary arteriosclerosis contributing.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 10:30 a.m. on January 24th, 1962, by the Minneapolis General Hospital.

Deceased was found unconscious under his car in the driveway and admitted to the hospital at 4:26 p.m. on January 23rd, 1962. He expired only hours later, at 2:00 a.m., on January 24th, 1962.

BERNARD GEORGE KAUFMANN - continued

An autopsy was performed at the Hennepin County Morgue on January 24th. This revealed that death was due to subarachnoid hemorrhage over base of brain due to rupture of cerebral vessel, spontaneous. There was also bilateral liver lobe congestion, acute; minimal coronary artery atherosclerosis; moderate aortic atherosclerosis; left renal cyst, benign.

Deceased is survived by his wife, Alma; son, Clarence and stepson, Vernon Christiansen of St. Paul; sister, Mrs. Carl (Ida) Johnson of Rush Lake; six brothers, Joseph, William, Fred and Michael of Minneapolis, August of Texas and John of Pilager; three grandchildren; one great-grandchild.

REMARKS

This case was reported to the Coroner's Office at 6:35 p.m. on January 24th, 1962, by police.

As he was crossing the north crosswalk of 23rd Avenue North at approximately 6:27 p.m. on January 24th, deceased, a pedestrian, was struck by a 1954 green and cream four door Chevrolet bearing 1961 Minnesota license 5J7946 owned by Jerome Cook, 3021 Brunswick Avenue, St. Louis Park, and being driven by James Joseph DeValk, 28, of 819 Morgan Avenue North, south on Washington Avenue.

There was a stop sign at this intersection, the roadway was straight, level, wet and snowy or icy, and had no other defects. The weather was clear and it was dark.

MELVIN H. MARSHALL - continued

Officer Stephen Tueting, badge number 379, of police squad 575, investigated this accident. The force of the impact crumpled the left headlight and fender and broke glass on the Cook vehicle, throwing and carrying deceased across the intersection. Deceased expired almost instantly at the scene of the accident.

The brakes on the vehicle were tested at the scene by officer Tueting, and the car was observed to come to a stop after skidding approximately 30 feet, veering slightly to the right after the brakes were applied at a speed of approximately 25 miles per hour.

The deputy coroner on this case found deceased, an obese, late middleaged man, dressed in outdoor clothing, lying just south of the south crosswalk west of the center line of the street with his feet to the center line and head to the west. He took custody of the body and removed it to the Hennepin County Morgue.

On inspection at the morgue, deceased was found to have a large crescent shaped laceration posterior to the left shoulder, measuring approximately 3-1/2 inches in a direct line from the extreme ends, the midpoint of which was 54-1/2 inches from his heel. There was a compound fracture of the left leg 9 inches from the heel. Bleeding from the penis and deformity of the pelvis were suggestive of fracture of the pelvis. Deceased's jacket and shirt were torn in a left posterior axillary line. There was dirt smeared on the right flank and lower chest wall. Deceased's clothing was moist with enuresis smelling of beer.

An autopsy was performed at the morgue the next day. This revealed trauma to the brain, subarachnoid hemorrhage; bilateral pulmonary edema and congestion; minimal coronary sclerosis; rent in the mesacolon at the sigmoid; fracture of pubic symphysis with retroperitoneal hematoma, small; fracture of left tibia and fibula; and multiple lacerations and abrasions. The toxicologist's later examination of the blood revealed 0.21% alcohol.

It was reported that deceased had a brother, Roger, in Detroit, Michigan. Except for this brother, the names of survivors, if any, are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 3:45 a.m. by the Richfield police on January 25th, 1962.

Deceased had been under the care of Dr. J. Y. Feinstein for the treatment of hypertensive cardiovascular disease, however, this physician stated he had not seen her for some time.

The deputy coroner on this case viewed the body. There was no indication of other than a natural cause of death, which was attributed to cerebrovascular accident, spontaneous, due to hypertensive cardiovascular disease. Death apparently occurred at 3:15 a.m. on January 25th, 1962.

MINNIE JOHNSON - continued

The deputy coroner released the body directly from the home to a mortician.

Deceased is survived by her husband, Andrew Ferdinand; two sons, Maurice F. and Verner L. of Minneapolis; six grandchildren; one sister, Miss Ida Davidson of Minneapolis; two brothers, Odean and Oscar Davidson of Sacred Heart.

Veteran WW - 1-29-46 to 10-8-47

REMARKS

This case was reported to the Coroner's Office at 2:10 p.m. on January 25th, 1962, by police.

On the afternoon of January 25th, 1962, deceased, a pipe layer for the City of Minneapolis sewer department, was at work in a sewer trench at Winter and Hoover Streets Northeast, preparing to lay a 15-1/2 inch sewer pipe when the trench walls collapsed, and he was crushed under the weight of clay and sand which toppled into the 12 foot deep trench. Witnesses said the walls of the trench had not been shored up with wood piling. Prevailing temperatures and frost depth normally are the deciding factors in the use of shoring in trenches, it was reported.

FRANCIS S. WINTER - continued

The fire department rescue squad attempted to revive deceased with oxygen after rescuers had uncovered his head, but were unsuccessful. A Minneapolis General Hospital ambulance doctor pronounced him dead at 1:45 p.m. A priest was called and administered the last rites of the church.

Police officer Kaozub and inspector Nelson of squad 492 were at the scene when the deputy coroner arrived. The remains were lying on the ground about 12 feet south of the trench and were taken to the Hennepin County Morgue.

An autopsy was performed at the morgue later that day. This revealed severe brain contusions and laceration with massive hemothorax due to comminuted skull fractures- vault and basal and multiple rib fractures due to crushing injury of head and chest.

Deceased is survived by his wife, Wilma; three daughters, Joan, Marlene, and Lucy; three sons, Francis, Jr., Charles, and Loras; parents, Mr. and Mrs. Alvin D. Winter of Brooten, Minnesota; three sisters, Mrs. Fred (Betty) Bacon of Willmar, Mrs. Edwin (Marcilla) Waelhof and Mrs. Alvin (Dolores) Waelhof of Minneapolis; and two brothers, Lawrence of New York City and Harrison of Excelsior.

Nasif Saba, 50, in the same accident was pulled from the trench by fellow workers and fireman after scooping away chest-deep sand, which had trapped him eight feet below street level. He was admitted to Minneapolis General Hospital in serious condition with multiple lacerations, bruises, and possible fractures.

REMARKS

This case was reported to the Coroner's Office at 1:00 a.m. on January 26th, 1962, by police.

When he returned home from work on January 25th deceased complained of being ill. He had nausea and sharp pains in his upper abdomen. At 12:40 a.m. his stepson, Eugene Robinson, found him in an unresponsive condition on the bathroom floor.

Police and a Minneapolis General Hospital ambulance were summoned.

ARTHUR B. WRIGHT - continued

Police officers Revak and J. Carlson of squad 151 responded to the summons. Dr. Christianson, the ambulance physician, pronounced the man dead on arrival.

The deputy coroner on the case was told by Mrs. Wright that her husband had had no medical care. They had been married only since September, she said, and she desired an autopsy.

The remains were taken to the Hennepin County Morgue. An autopsy at the morgue on the afternoon of January 26th, 1962, revealed that death was due to rupture of dissecting aneurysm arch of aorta, due to arteriosclerosis of aorta.

Except for his wife, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 6:30 p.m. on January 26th, 1962, by police.

At 6:00 p.m., after supper on the night of January 26th, Mr. Gridley, husband of deceased, had sat down to watch television while his wife picked up the dishes. He heard a loud crash in the kitchen and found his wife lying face down on the floor. A rescue squad and Minneapolis General Hospital ambulance were called. Attempts at resuscitation were unsuccessful and Dr. Atwood pronounced death at 6:24 p.m.

C. FRANCES GRIDLEY - continued

Police officers D. Zetterwall and L. Gould of squad 124 were at the scene when a deputy coroner arrived.

It was reported that deceased had been under the care of Dr. A. D. Corniea for a heart condition for a long time, and had an appointment for Monday, January 29th.

The deputy coroner viewed the body. There was no evidence of trauma and no indication of other than a natural cause of death, which was ascribed to arteriosclerotic heart disease, and he released the body from the home to a funeral director.

Deceased is survived by her husband John E. (Jack); daughters, Mrs. Donald (Lois) Simpson, Mrs. R. E. (Miriam) Kruse, and Mrs. O. M. (Lavonne) Naetzel; ten grandchildren; brothers, Sam, Dan, and Dr. Ezra Reinicke; sisters, Mrs. Edna Persons and Mrs. Grace Winkelman.

REMARKS

This case was reported to the Coroner's Office at 9:40 p.m. on January 26th, 1962 by police.

Deceased was sitting on the couch in the livingroom of his home watching television when he complained of chest pains and collapsed. The Minneapolis General Hospital and fire department rescue squads were called, but resuscitation was unsuccessful.

Police officers Holden and Zaske of squad 163 were at the scene when a deputy coroner arrived.

OTTO H. KIRSCH - continued

The deputy coroner on this case found deceased dressed in street clothes lying on the livingroom floor where he had been placed by the rescue squad to work on him. There was no indication of other than a natural cause of death and no evidence of trauma. Death was ascribed to arteriosclerotic heart disease and apparently occurred at approximately 9:15 p.m.

The body was released by the deputy directly from the home to a mortician.

Mrs. Kirsch stated her husband had not seen a doctor for several years and considered himself in good health, although she stated he had complained of chest and arm pains.

Deceased is survived by his wife, Emma; one son, C. John; two grandchildren; brothers, Charles and Gustave; sisters, Mrs. Otto Tritten and Mrs. Clara Carpenter.

REMARKS

This case was reported to the Coroner's Office at 8:00 a.m. on January 27th, 1962, by police.

Deceased was found dead at 7:50 a.m. on January 27th by his sister, Edna M. Mortensen, of the same address, when she looked out the window. She investigated and called police. Officers Myring and Roach of squad 163 went to the scene, and they notified this office.

The deputy coroner on this case was informed by Mrs. Mortensen that her brother, deceased, had left home at 9:30 a.m. the previous morning with a friend, Harold Stickney, 2612 29th Avenue South. He had been apparently well, with no known illnesses, and had not seen a doctor in more than a year.

NEAL D. KERWIN - continued

Deceased's son stated his father had come to his barber shop at 5:30 p.m. the night before and had appeared well at that time.

The deputy coroner found deceased lying on his left side on the back sidewalk of the house. His hands were frozen stiff and limb joints presented either rigor or freezing. The knuckles of his right hand had abrasions.. There was no evidence of injury to his face or head. His glasses case and hat were lying next to him. There was a billfold containing $2.00 in a trousers' pocket.

The remains were taken to the Hennepin County Morgue, where an autopsy was performed later that day. This revealed arteriosclerotic cardio-vascular disease, cardiomegaly, and fatty metamorphosis of the liver. The toxicologist's analysis of deceased's blood revealed 0.27% alcohol.

Deceased is survived by his sons, William Doran of California, Emmet Doran and Robert Kerwin of Minneapolis; a daughter, Mrs. Irene Anderson; a sister, Mrs. Edna Mortenson of Minneapolis; ten grandchildren and two great-grandchildren.

REMARKS

This case was reported to the Coroner's Office at 10:35 a.m. on January 27th, 1962 by police.

At 10:00 a.m. on the 27th of January, Mrs. Sterns, caretaker of the apartment at 1225 Hawthorne, who resides in apartment 103, received a call from deceased's sister, May Lundquist of 3741 First Avenue, requesting her to check on her sister as she had been ill for a week and could not be reached by phone. Upon investigation Mrs. Sterns found deceased had expired while lying on the davenport.

KATHRYN BLASSINGHAM - continued

Police officers William Dunstone and Robert Dunn of squad 119 were summoned to the scene and notified the Coroner's Office.

The deputy coroner on this case found deceased lying on the davenport in underclothes. Rigor mortis was present. There was no evidence of injury or other trauma. It was reported that deceased had been seen alive the previous afternoon. She had been having medical care at the Minneapolis General Hospital. There were many pill bottles on the table and in the refrigerator, which were taken by the deputy.

The remains were taken to the Hennepin County Morgue, where an autopsy was performed later that day. This revealed a myocardial infarct due to severe coronary arteriosclerosis, cardio-megaly, ascites, and bilateral pleural effusion.

Deceased is survived by two sisters, Mrs. Anne Martinson of Florida and May Lundquist of Minneapolis; and one niece, Bernice Jones of Maryland.

REMARKS

This case was reported to the Coroner's Office at 11:30 a.m. on January 27th, 1962 by Dr. Odean Severseike.

Deceased, who had not been under the care of a doctor for some time, complained of chest and shoulder pain the night of January 26th and the morning of the 27th. The Belzer Clinic was called but deceased was declared by Dr. Odean Severseike when he arrived at 11:10 a.m.

The deputy coroner on this case took custody of the body and it was removed to the Hennepin County Morgue.

SOFIA MARGARET LUNDQUIST - continued

Deceased's husband and daughter wished to have a post mortem examination and an autopsy was performed at the morgue the following day. This revealed the cause of death was cardiac tamponade due to rupture of the anterior wall of the left ventricle and coronary arteriosclerosis.

Deceased is survived by her husband, Gustaph; two daughters, June Lundquist and Mrs. Arthur R. (Ruth) Anderson; a son, Lt. Col. Roy W. Lundquist; five grandchildren; brothers, Matthew Bloomquist and Ben Edlund; and sister, Mrs. Carrie Johnson.

REMARKS

This case was reported to the Coroner's Office at 8:25 p.m. on January 27th, 1962, by police.

At 8:00 p.m. on January 27th, a friend of deceased, Orville M. Knutson who resides at 1623 Lyndon, apartment 1, assisted him to the bathroom as he was unable to go alone. While sitting on the toilet he suddenly stiffened out and slumped over. Mr. Knutson summoned assistance. Officers Falk and Hartigan of squad 119 of the police department responded to the call and a short time later Dr. O. Haggatt of the Minneapolis General Hospital who came with an ambulance, pronounced death.

CHARLES O. McCLELLAND - continued

The deputy coroner on this case found the body sitting on the toilet, still warm. There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease.

It was reported that deceased had a history of care under Drs. Brown and Eisenstadt for chest trouble. He had been complaining this evening of shortness of breath and weakness.

Mr. Knutson took deceased's cat and his other personal property was taken with the remains to the Hennepin County Morgue.

Deceased is survived by a son, John C. McClelland, 3696 Norbert Street, Hazel Park, Michigan, and a sister, Mrs. Effie Marcham of Sturges, Kentucky.

REMARKS

This case was reported to the Coroner's Office at 1:15 a.m. on January 28th, 1962, by Thomson Bros. Chapel.

Deceased, it was reported, was under the care of Dr. Arnold P. Kaplan in Mt. Sinai Hospital for alcoholism and a psychotic condition, but was not seen by him since her discharge in September, 1961. Since that time Dr. Kaplan entered the service.

At approximately midnight on January 27, 1962, Dr. Reuben C. Fjellman, husband of deceased, took a cab from their residence to Thomson Bros. Chapel and told the attendants that his wife had expired, he thought, from alcoholism and the flu;..that he wanted them to remove the body after the neighbors in the apartment building had retired so as not to disturb them. He stated that he wished to have his wife's body posted, but appeared to dislike the idea of having her taken to the morgue. The attendants then called the Coroner's Office and made arrangements to meet a deputy coroner at the residence.

MARY LOUISE FJELLMAN - continued

Upon arrival at the residence, the deputy coroner found deceased lying on her back on a rug on the bedroom floor, completely nude, covered with a sheet, a pillow under her head. There was no makeshift bed, just the bare rug. Rigor mortis and dependent rubor were present. There was no evidence of acute injury, but there were old bruises on both shins. When the body was lifted it was still warm where it had come in contact with the floor.

Reuben C. Fjellman, a semi-retired doctor, who maintains an office in the Kresge Building for his old patients but is not listed there in the telephone book, stated his wife had been doing excessive drinking since Christmas, except for the past week; that she had been ill the past week and that he had been giving her penicillin and aspirin, and she had not seen any other physician. At times he requested that she get outside medical care or be hospitalized, but she declined. This week she had declined food and he had tried to get her to take small amounts of alcoholic beverages for medicinal purposes, but she even refused this. He stated that she had been sleeping on the floor so that she would not fall out of bed. According to him, he had left his home at 11:30 a.m. on January 27th, 1962, gone to his office and returned at 1:00 p.m. the same day. At 5:00 p.m. he observed that his wife was still alive on the bedroom floor, and when he checked her at 6:00 p.m. he found she had expired. He sat around a while, then went to the Lincoln Drug Store and had coffee with his friend, Max, the man who runs the store. At midnight he took a cab to the mortuary.

Due to the lapse of six hours between the time Dr. Fjellman found his wife dead and the time he contacted the funeral home, the deputy coroner felt a police investigation should be made.

An investigation was made by detectives Finn, Cahill and Hyvare, and officers R. Anderson and Dee. It appeared that the 68 year old doctor had been married to deceased for 30 years, that she had been "a problem" to him for 25 years. Recently she had been falling down, running into things, etc., as evidenced by the numerous bruises on all parts of her body. She was a periodic drinker and was inclined to fall when drinking though she would stop drinking at times and abstain for considerable periods. According to the caretaker, Dr. Fjellman had padded the floors and certain articles of furniture to cushion her falls.

The remains were taken to the Hennepin County Morgue, where an autopsy was performed later that day. It was the opinion of the pathologist that the cause of death should not be determined until the toxicologist's reports were received.

The toxicologist's reports were negative for alcohol, barbiturates, and salicylates. Death was attributed to subacute subdural hematoma with focal areas of demyelinization. Tubular necrosis of kidneys, fatty metamorphosis of liver, bilateral edema and congestion of lungs (severe) and mild early bronchopneumonia, being contributing factors.

Deceased is survived by her husband, Dr. Reuben C. Fjellman; a daughter, Mrs. Walter C. Ellingson; sons, Robert and Richard; a sister, Mrs. Harry Qualley; brothers, Joseph, Nicholas, and Steven Masica; and three grandchildren.

REMARKS

This case was reported to the Coroner's Office at 2:40 p.m. on January 28th, 1962, by police.

On the afternoon of January 28th deceased was sitting in the livingroom of his home, got up to go to the bathroom, and fell over into a chair, striking his head on the wall. Mrs. Alice Vodicka of the same address summoned assistance. Police officers Hendricks and Johnson of squad 151 answered the call. Dr. Murray, who accompanied a Minneapolis General Hospital ambulance, pronounced the man dead on arrival at 2:20 p.m.

DAVID DEG - continued

The deputy coroner on this case viewed the body. There was no indication of other than a natural cause of death, which was ascribed to arteriosclerotic heart disease, and the deceased was released directly from the home to a mortician.

Deceased had a history of care under Dr. Johnson of the Nicollet Clinic. He had not, however, seen a doctor for several months. He had been having chest pains since Christmas and had allegedly been drinking quite a lot since that time. Dr. Johnson stated deceased had previously had cerebral vascular insufficiency as well as heart disease.

Mrs. Deg, deceased's wife, was present when her husband collapsed, and was opposed to an autopsy.

Except for Mrs. Deg, the names of other survivors, if any, are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 7:35 a.m. on January 29th, 1962 by police.

At 7:15 a.m. on January 29th, 1962, Mr. Anton Mochinski of 2636 Johnson St. N.E., ST 9-8035, called police when someone awakened him to tell him a man was lying on the front steps of his home. Officers Finn and Hyvare answered the call, found deceased crumpled on the steps, obviously dead, and notified this office.

The deputy coroner on this case found deceased, fully clad, lying on the steps, in rigor, partially frozen. There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease.

HENRY ALLEN - continued

A neighbor, Lillian McFeely, 2630 Johnson St. N. E., St. 9-1062, stated she heard a knocking on the window at 2:00 a.m.

Deceased, who worked at the Hollywood Theater, walked home most of the time. He apparently had a heart attack on the way home and tried to rouse the Mochinskis, who reside at 2636 Johnson St. N. E. He lived at the home of Mr. and Mrs. Tom Rule, 2532 Jackson St. N. E., and had had an apartment there for eight or nine years. They reported deceased had been under a doctor's care and had been having attacks they thought to be heart attacks.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 9:25 a.m. on January 29th, 1962, by police.

At 8:55 a.m. on January 29th, 1962, police officers R. Hnath and L. Novack of squad 119 went to the deceased's apartment in response to a call that minutes earlier deceased had been found in an unresponsive condition due to a fall on his way to the bathroom. A rescue squad was called and also a Minneapolis General Hospital ambulance. Attempts at resuscitation were unsuccessful and Dr. Kildare, the ambulance physician, pronounced death. Death apparently occurred at 8:50 a.m.

JOHN OSELL - continued

The deputy coroner on this case found deceased lying in a hallway on the first floor, clad in a thermal undershirt, gray trousers, shoes and socks. There was no indication of other than a natural cause of death.

Mrs. Margaret Osell, 34, the former Margaret Lynn Hageman, stated they had lived at this address for only five days, and that they had been married three months. She stated her husband was unemployed, that he had pleurisy and a bad heart, but refused to go to a hospital and was not under a doctor's care. She also stated that he had been coughing considerably.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

An autopsy at the morgue later in the day revealed that death was due to lobar pneumonia with bilateral empyema and alcoholism was a contributing factor. The toxicologist's analysis of deceased's blood was negative for alcohol.

Deceased is survived by two sisters, Mrs. Julia Meyer of Coon Rapids and Jeanette Poston; and four brothers, Elmer, Lawrence, Leverne, and Leo.

REMARKS

This case was reported to the Coroner's Office at 1:30 p.m. on January 29th, 1962, by police.

At 1:10 p.m. deceased was found dead on the davenport of his home by Rex Lofgren, 3121 Keewaydin Place, Pa 4-4486, who called because deceased had not been seen for three days. Mr. Lofgren notified police, and officer Hanson of squad 496 responded, and notified this office.

The deputy coroner on the case found deceased, an obese, elderly man clad in indoor clothing lying on a couch in the livingroom. There was a bottle of medicine in a pocket.

WALTER R. NELSON - continued

It was reported that deceased had been in ill health a long time and was a patient of Dr. L. B. Hannah. Mrs. Nelson died about the first of November, 1961, and deceased then spent about six weeks with his daughter, Marlys de Mindez, in Guatemala.

The remains were taken to the Hennepin County Morgue.

An autopsy at the morgue the following day revealed that death was due to severe coronary arteriosclerosis. Blood analysis showed 0.07% alcohol.

Except for his daughter, the names of survivors, if any, are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 5:05 p.m. on January 29th, 1962, by police.

At 4:50 p.m. on January 29th, Clarence Kacinkus, 6745 E. River Road, a fellow employee, was with deceased at the mailing machine when deceased collapsed and Mike Applequist, the manager, called police and a Minneapolis General Hospital ambulance. Police officers Rolsing and Forge of squad 118 responded and Dr. Haggatt, the physician in attendance on the ambulance, pronounced death.

ALBERT GLEN OLESON - continued

The deputy coroner on this case found deceased, an elderly man, very cyanotic, on the floor. Nitroglycerine pills were found on his person in a pill box. There was no indication of other than a natural cause of death. Apparently he had been under the care of Dr. Quello.

The remains were taken to the Hennepin County Morgue.

An autopsy performed at the morgue the following day revealed the cause of death to be severe coronary arteriosclerosis with myocardial fibrosis and severe pulmonary congestion and edema.

Deceased is survived by his wife, Minnie M.; daughter, Mrs. Kenneth O. Carlson; son, Kenneth E.; three grandchildren; and sister, Mrs. William Boyd.

REMARKS

This case was reported to the Coroner's Office at 8:00 p.m. on January 29th, 1962, by Eitel Hospital.

Deceased was admitted to Eitel Hospital from the LaSalle Nursing Home, 1920 LaSalle Avenue, with a left hip fracture, and had surgery the next day. Infection followed the surgery, it was reported, but this was brought under control. Deceased expired at 7:15 p.m. on January 29th, 1962.

Relatives refused an autopsy and were desirous of removing the body to Osakis, Minnesota, for burial.

WILLIAM CARBAUGH - continued

Deceased had been under the care of Dr. Fred Rice and Drs. Nydahl and LaGarde. We were unable to contact Dr. Rice on January 29th, 1962, the date of deceased's death, but he did subsequently sign the death certificate. This is Dr. Fred Rice, 2001 Blaisdell, Minneapolis.

Veteran WW I

REMARKS

This case was reported to the Coroner's Office at approximately 9:15 p.m. on January 29th, 1962, by the Bloomington police.

Deceased, formerly a patient at the Veterans Hospital, under the care of Dr. J. A. Polzak, a urologist, and Dr. Percy Ward for cancer of the prostate gland, had been very depressed of late, according to his wife, and had made statements which suggested he might take his own life. On the night of January 29th Mrs. Yohn and her daughter Carol went to a store and took keys to the other car with them. On their return they found a note in deceased's handwriting on the kitchen table indicating discouragement as to his progress and stating that what he was doing "will be best for all of us in the long run."

CARL YOHN - continued

Carol rushed out to the garage and found her father sitting in the front seat of his 1954 Ford with the engine running and the garage doors closed. She turned off the ignition and pulled him out of the garage. The Bloomington rescue squad was unable to accomplish resuscitation.

When the deputy coroner on the case arrived detective Block and officer H. Wright of the Bloomington police were at the scene. The deputy took custody of the body and the remains were taken to the Hennepin County Morgue. Deceased's skin was pinkish and tinged.

The toxicologist's report of examination of a specimen of deceased's blood revealed that it was carbon monoxide saturated and negative for alcohol.

Except for deceased's wife and daughter, the names of survivors, if any, are unknown to this office.

2-6-62 - Deceased is also survived by a son, William of Bloomington; another daughter, Mrs. George (Mildred) Knapp of Richfield; four brothers; four sisters; and ten grandchildren.

REMARKS

This case was reported to the Coroner's Office at 9:58 p.m. on January 29th, 1962, by police.

At 9:45 p.m. on January 29th, 1962, Frank Phelps, of apartment 3 at 1519 Park Ave., FE 8-1018, found deceased dead in bed when he investigated because she had not been seen for a week, and notified police. Detectives Short and Rieman of squad 301 made an investigation.

LILLIAN IDA HAAKMA - continued

The deputy coroner on the case found deceased, an obese woman, lying in bed clad in a slip and brassiere with her right leg off the bed, in a markedly advanced state of decomposition. The Minneapolis Sunday paper for January 21st was on the floor beside the bed. Insulin and a syringe and a prescription for esidrex (a hypertension medication) from Minneapolis General Hospital, were found on a dresser on the northeast wall. The windows were closed, the radio on, and a bedside floor lamp lit. An out-patient card, #36, indicated she had been receiving care from the General Hospital.

There was no indication of other than a natural cause of death.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Except for a brother, Walter Flageman of Canby, Minnesota, there are no survivors known to this office.

REMARKS

This case was reported to the Coroner's Office at 1:00 a.m. on January 30th, 1962, by the University Hospital.

On December 19th, 1961, at 11:15 p.m. deceased was a passenger sitting in a stalled car in the traffic lane on highway 25 near Monticello, when the car in which she was sitting was struck in the rear by a car driven by James W. Sweeter, 21, of Big Lake, Minnesota. Peter Jacob, 76, of Big Lake, was the driver of the car in which deceased was a passenger.

AGNES MEYER - continued

Deceased was taken to the University of Minnesota Hospital on December 20th, 1961, following the accident, suffering from fracture dislocation of 4th over 5th cervical vertebrae, and had been a paraplegic since. She developed a large decubitus ulcer and her condition was progressively downward, until she expired on January 29th, 1962, at 10:50 p.m.

An autopsy was performed at the hospital on January 30th. This revealed that death was due to bronchopneumonia, bilateral, severe, due to compression of spinal cord due to dislocation of 4th cervical vertebra over 5th cervical; and a herniated disk in the 3rd cervical with multiple kidney abscesses.

Deceased is survived by a son, Robert Meyer, of Minneapolis, - a daughter, Mrs. Walter Broker of Big Lake, Minnesota, and another daughter, Mrs. Reuben Bollinger, also of Big Lake.

2-8-62: From the obituaries: Deceased is survived by her husband, Albert; 5 daughters, 3 sons, and 18 grandchildren.

REMARKS

This case was reported to the Coroner's Office at 3:00 a.m. on January 30th, 1962, by the Minneapolis General Hospital.

This baby was admitted to Receiving at the Minneapolis General Hospital at 1:11 a.m. on January 30th, 1962, and expired about an hour later, at 2:45 a.m. According to the hospital, deceased's mother brought him to the hospital and said "Help me - my baby is choking." A tracheotomy was done, but the baby expired.

GILBERT SCHUMANN - continued

An autopsy was performed at the hospital later that day. This revealed that death was due to pulmonary congestion and inanition.

REMARKS

This case was reported to the Coroner's Office at 7:25 a.m. on January 30th, 1962, by the Hennepin County Sheriff's Office.

Deceased was driving his 1960 white Volkswagon tudor, bearing Minnesota license 5L7545, north on highway 101 at 6:50 a.m. on January 30th, 1962, when he struck a foot high snow drift and patch of ice in the intersection of highway 101 and county road 24, lost control of the car, and collided head-on with a 1955 Ford tudor, bearing Minnesota license MU-7227, owned and driven by Donald E. Kukacka, 29, of Hamel, Minnesota. Deceased was thrown through the windshield of his car and expired almost instantly. Kukacka suffered contusions of his arms and knees and was treated at North Memorial Hospital.

JOSEPH PAUL FITZ-PATRICK - continued

Officers Sheehey, McMullen and Tom Williams of the Hennepin County Sheriff's Office were at the scene when the deputy coroner on this case arrived.

The deceased's remains were taken to the Hennepin County Morgue and later released to a funeral director.

An autopsy later in the day revealed that death was due to massive left hemothorax due to rupture of thoracic aorta.

Deceased is survived by his wife, Eleanore; sons, William, David, and Joseph; and brother, Captain Edward Fitz-Patrick.

REMARKS

This case was reported to the Coroner's Office at 2:15 p.m. on January 30th, 1962, by police.

At 1:50 p.m. on January 30th, 1962, deceased was talking to John Franko, 2201 Marshall St. N.E., Minneapolis, after having delivered a load of furniture at this address, when he collapsed. Police officers Bailey and Greeley of squad 124, the rescue squad and a Minneapolis General Hospital ambulance went to the scene in response to a call from Mrs. Hays, wife of deceased, who was with him at the time. Dr. Ryan, the ambulance physician, pronounced the man dead on arrival.

FLOYD A. HAYS - continued

The deputy coroner on this case found deceased lying on the floor on his back, fully clothed, in a back room of the furniture store. His body was warm and there was no rigor. According to Mrs. Hays, deceased had no history of illness or medical care. There was no indication of other than a natural cause of death.

The remains were taken to the Hennepin County Morgue, where an autopsy was performed later that day. This revealed that death, which occurred at approximately 1:50 p.m. on January 30th, 1962, was due to an acute coronary artery thrombosis. There was also myocardial fibrosis, severe coronary atherosclerosis, and moderate diffuse atherosclerosis.

Except for his wife, the names of survivors, if any, are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 10:25 a.m. on January 31st, 1962, by police.

At 9:45 a.m. on January 31st, 1962, deceased was at work painting the second floor apartment at 810 East 14th Street, when he collapsed to the floor and ceased breathing. Mr. Richard Olstad, a friend of deceased who resides in the rear apartment on the second floor at this address, propped deceased against the ladder and called for assistance. Police officers Lawrence Novack and George Dols of squad 132, and a Minneapolis General Hospital ambulance answered the summons. Dr. Ruiz, the ambulance physician, pronounced death.

CARL O. GUSTAFSON - continued

The deputy coroner on this case took custody of the remains, which were removed to the Hennepin County Morgue. There was no indication of other than a natural cause of death, which was ascribed to arteriosclerotic heart disease, and apparently occurred at 9:45 a.m. on January 31st, 1962.

Deceased's residence was carded.

It was reported that deceased had no known relatives in the United States but did have relatives in Sweden.

2-6-62: The survivors are a sister, Greta Liljeblad of Vaxjo, Sweden and a half-brother in Canada; and Mr. and Mrs. Walter E. Bramberg of St. Louis Park, Minnesota, who are close friends.

REMARKS

This case was reported to the Coroner's Office at 7:30 p.m. on January 31st, 1962, by the Golden Valley police department.

At 7:15 p.m. on January 31st, 1962, deceased was found on the kitchen floor in an unresponsive condition on her return home after having been out with friends during the afternoon. Dr. Anton Lyzenga was called to the house by Mrs. Lesch, and this doctor pronounced death.

Golden Valley police officers Howard, badge #101, and Kilbo, badge #104, were at the scene and remained with the body until it was released to a funeral director.

ARTHUR C. LESCH - continued

The deputy coroner on this case viewed the body. Deceased was of heavy build and overweight. He was dressed in house clothes and there was no evidence of foul play or any indication of other than a natural cause of death, which was ascribed to arteriosclerotic heart disease. It was reported that he had had a severe cold for the past several days. The remains were released to a funeral director from the home.

Except for his wife, the names of survivors, if any, are not known to this office.

2-8-62: Deceased is survived by his widow, Ruth; two sons, the Rev. Robert of Minneapolis and C. Richard of Covina, California; a daughter, Mrs. James Van Hercke of Minneapolis; and three brothers, Herman and George of Fairmont, Minnesota, and Elmer of Minneapolis.

REMARKS

This case was reported to the Coroner's Office at 7:00 p.m. on January 31st, 1962, by Mrs. Virgil Mossberg, mother of deceased, TA 2-0494.

Deceased had been examined by Dr. Ben Anderson of the Wolff Clinic at 31st and Hennepin on Monday, January 29th. Chest x-rays then were negative. All week he had had severe chest pains followed by vomiting. On the evening of January 31st, 1962, a Minneapolis General Hospital ambulance and the rescue squad were summoned to his home because he was having difficulty breathing. The rescue squad administered oxygen and the ambulance doctor, Dr. Ryan, assisted, to no avail. At 7:15 p.m. Dr. Ryan stated the man had expired.

ALBERT L. WINCH - continued

The deputy coroner on the case found deceased lying on the bedroom floor, dressed in a tee shirt and shorts. He was overweight - weighing about 270 lbs., though, it was reported, he usually weighed about 300 lbs.

The remains were taken to the Hennepin County Morgue, where an autopsy was performed the following day. This revealed that death was caused by a bilateral pulmonary embolism, cause unknown. The toxicologist's examination of deceased's blood was negative for alcohol.

Mrs. Mossberg, mother of deceased, stated that about a week ago her son had gone to the city on a very cold day and run part of the way home, after which he complained of severe chest pain.

Except for his wife and his mother, the names of deceased's survivors, if any, are not known to this office.

2-8-62: Deceased is also survived by a son, Jeffrey, and a stepson, Arvid Michael Owens.

REMARKS

This case was reported to the Coroner's Office at 7:15 p.m. on February 1, 1962, by the Minneapolis General Hospital.

On December 4th, 1961, deceased, who had been found in his room in a coma that day, from which he never recovered, was admitted to the hospital. He had multiple bruises on his face, trunk, and extremities. Diagnostic procedures revealed a sub-dural hematoma, right, and a trephine was done that day and the hematoma evacuated. His condition gradually deteriorated and he expired at 1:05 p.m. on February 1st, 1962.

EMIL H. TESKE - continued

An autopsy at the hospital the next day revealed that death was due to purulent left lower lobe bronchopneumonia with bilateral pleural effusion, chronic renal disease, and fatty metamorphosis of the liver.

This death was reported to the Homicide Bureau and it was learned that the case had been thoroughly investigated following finding of deceased in his room on December 4th. There was no evidence of slugging.

The names of survivors, if any, are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 10:50 a.m. on February 2nd, 1962, by the Methodist Hospital in St. Louis Park.

At approximately 8:04 a.m. on the 2nd of February, 1962, while at work uncoupling grain cars on a siding at West 31st Street and Glenhurst Avenues, deceased was crushed between two boxcars. He was admitted to Methodist Hospital and expired a short time later, at 10:45 a.m.

An autopsy was performed at the hospital later that day. This revealed complete crushing of his lower abdomen and pelvis with rupture of contents.

GEORGE V. McLAUGHLIN - continued

The deputy coroner on this case viewed the body and released it from the hospital directly to a mortician.

Deceased is survived by his wife, Kathleen and daughter, Kelly Marie, of Bloomington; his parents, Mr. and Mrs. Daniel T. McLaughlin; three brothers, Thomas Daniel, John Paul and William Patrick; a sister, Kathleen Ellen; and grandparents, Mr. and Mrs. George V. McLaughlin and Mr. Herbert Heaton - all of Minneapolis.

REMARKS

This case was reported to the Coroner's Office at 7:55 a.m. on February 2nd, 1962, by the Brooklyn Center police.

At 7:35 a.m. on February 2nd, 1962, Thor Pederson of 127 4th St. S. E., Minneapolis, who was reporting for work, observed a 1962 green Chevrolet bearing 1962 Minnesota license number 4N 3930 parked and running, in an alcove of the Brookdale Shopping Center, northeast section, behind Woolworth's. Mr. Howard Jones, 6939 Major Avenue North, KE 7-5902, arrived shortly after, and he, also, noticed the car, which had a 20 ft. 1/2" black garden hose from the exhaust pipe to and through the front left vent window. Mr. Jones disconnected the hose, which had been tied with a green scarf to secure it to the exhaust, and took the other end out of the window, which had been stuffed with a blue coat, and turned off the ignition. Assistance was summoned at once.

VIOLET J. PETERSON - continued

At 7:45 a.m. Brooklyn Center police officers Kargel and Dahlberg were dispatched to the scene. They had been preceded by the fire department rescue squad two minutes earlier. Indications were that deceased had already expired and this office was notified. Dr. Cruz, North Memorial Hospital ambulance physician, confirmed the death. Detective Leonard of Brooklyn Center took over the investigation.

The deputy coroner on this case found deceased lying on the front seat of the car on her back, clad in slacks and sweater, covered with two jackets. The body was slender, frozen, rigid, and there was some pink tinge to her ear lobes and fingers. There were no rings on her fingers and the inner portion of each index finger and thumb bore dirt marks. There was an alarm clock under the front seat of the car. On the floor lay a black purse and black gloves and a cardboard sheet advertising a 25 foot ripple hose which had evidently recently been purchased. On the floor of the rear seat, left, were a pair of ski shoes and an overnight bag.

A border of snow around the car indicated it had been parked there prior to when it quit snowing at 3:30 a.m.

Among deceased's effects in her purse was a bill from Dr. Nathan Berkwitz, a psychiatrist, and mail that had been addressed to her at Glenwood Hills Hospital, and a receipt from the Guest Car Rental dated February 1, 1962 at 1:30 p.m. The car at that time registered 4353 miles, and, when recovered, registered 4476 miles, indicating that she had driven a total of 123 miles. It was also noted that divorce proceedings had been instituted for her by attorney Ed Hagerty, Soo Line Building, FE 2 5344.

It was also reported that in December of 1961 deceased had slashed her wrists and was hospitalized at North Memorial Hospital at that time.

The remains were taken to the Hennepin County Morgue where an autopsy was performed later that day. This revealed pulmonary edema and congestion, bilateral, severe, and uterine polyps. An analysis of her blood by the toxicologist revealed that it was carbon monoxide saturated and negative for alcohol.

Mr. Warren Peterson, deceased's husband, stated he had not seen her since Christmas, but had talked with her by phone on occasions. Harold Jares, JA 1-3331, her brother, with whom she had been living stated he last saw deceased about 10:30 a.m. on February 1st when he left home for work. She told him she was going to rent a car and go up north. She seemed to be especially happy and carefree at that time.

Except for her husband and her brother, Harold, the names of survivors, if any, are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 5:35 p.m. on February 2nd, 1962, by Dr. John Haugen.

Dr. Haugen stated that he was called to deceased's home when her husband, Maurice Scroggins, Jr., returned home at 5:15 p.m. February 2nd, 1962, and found his wife dead in bed in the same night clothes and in the same position she had been in when he left in the morning. Mr. Scroggins told Dr. Haugen they had been out rather late and in the course of last evening had some drinks and his wife took a sleeping pill when they went to bed, but that the sleeping pills were back in his drawer where they belonged. Dr. Haugen stated he saw no indication of other than death in sleep, that he had been physician to deceased and last examined her in December, 1961. He stated he found nothing from a gynecological standpoint, nor any evidence of depression.

CATHERINE SCROGGINS - continued

The deputy coroner on this case viewed the body, and concurred with Dr. Haugen.

An autopsy was performed at the mortuary on February 3rd, 1962. This revealed pulmonary congestion and edema, but no gross anatomical cause of death. In the opinion of the pathologist, it was deemed advisable to await the toxicologist's report before determining the cause of death. This report was negative for alcohol, and showed 2.3 mg.% barbiturates in deceased's blood. Death was attributed to barbiturate intoxication, accident or suicide unknown.

Deceased is survived by her husband, Maurice E. Scroggins, Jr.; a daughter, R. Catherine; two sons, Michael F. and Maurice E. III; and her mother, Mrs. Esther E. Giberson, all of Minneapolis.

REMARKS

This case was reported to the Coroner's Office at 5:45 p.m. on February 2nd, 1962, by police.

Deceased was seen in the cafeteria of the hotel where he resided on the morning of February 2nd, when he was down for breakfast, but was not seen around the building after that so the Reverend Moore went to his room to check on him and found that he had expired.

Police officers Karlson and Knickerbocker of squad 117 were immediately dispatched to the scene at that time, 5:15 p.m., and were there when the deputy coroner on this case arrived.

LEO RICHARD BRANDAU - continued

The deputy coroner stated deceased was found, clad in underwear, sitting inside his room. There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease. The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Gustave John of St. Paul, HU 8-4038, a friend of deceased, stated that deceased had relatives in St. Paul. Deceased was also reported to have made arrangements and already paid for his own burial by Albinson Funeral Chapel.

Deceased is survived by a brother, Henry, of Seattle; a nephew; and two nieces, Margaret E. Laudenslager, 4111 18th Ave. S., and Myra J. Nelson, 769 East Montana Ave., St. Paul 6, Minn.

REMARKS

This case was reported to the Coroner's Office at 8:09 p.m. on February 2nd, 1962, by Dr. Ruiz, a Minneapolis General Hospital ambulance doctor.

At 7:40 p.m. on February 2nd, 1962, deceased was found in her room in bed in an unresponsive condition, by a friend, Elizabeth Bryant, of the same address. A Minneapolis General Hospital ambulance was summoned and Dr. Ruiz, the physician attending same, stated she had already expired.

HELEN MAE SERSEN - continued

The deputy coroner on this case found deceased lying in bed. There was no indication of other than a natural cause of death.

It was reported that deceased had a history of blindness and seizures and had been under the care of a Dr. Harner in the Neurology Clinic at the University of Minnesota hospitals. She was last seen there on January 4th, 1962, and it was reported that her last seizure had been on December 24th, 1961, on the street. She was allergic to various drugs, but had been taking diacuox, tridione, and peganone.

The body was released directly from the premises to a funeral director.

Deceased is survived by her parents, Mr. and Mrs. Edwin J. Sersen of Deerwood, Minnesota; a sister, Mrs. Frank J. (Dorothy) Markie, Jr., of St. Paul; and her grandparents, Mr. and Mrs. Frank Erling of Rochester, Minnesota.

REMARKS

This case was reported to the Coroner's Office at 9:45 p.m. on February 2nd, 1962, by Dr. Aaron Mark.

Deceased had a history of arteriosclerotic heart disease and was an old patient of Dr. David Sharp who has retired from practice. He had seen Dr. Paul Ehrlich some months ago. On the evening of February 2nd he was feeling ill and Dr. Mark was called, but he expired, apparently at 9:30 p.m., before the doctor's arrival.

The deputy coroner on the case released the body from the home to a funeral director. On viewing the body he found no indication of other than a natural cause of death, which was ascribed to arteriosclerotic heart disease.

LOUIS DIETZ - continued

Deceased is survived by his wife, Laura; sons, Donald of Jacksonville, Florida, Stanley and Alvin, both of Minneapolis; a daughter, Mrs. Marshall Bernstein of Minneapolis; and ten grandchildren.

REMARKS

This case was reported to the Coroner's Office at 4:25 a.m. on February 3, 1962, by police.

Police officers Sorenson and Arwick of squad 153, assisted by officers R. and E. Anderson, checked out this case and were at the scene when the acting deputy coroner arrived.

It was reported that deceased and his wife had been out that evening with their son and daughter-in-law. When they returned at about 1:00 a.m. the son and his wife retired on the third floor, and deceased and his wife stayed in the kitchen and talked and ate and had a few beers.

WARREN J. HANSON - continued

Apparently deceased, an alcoholic, had been depressed because of financial difficulties. He had been sitting with his head in his hands at the kitchen table. Suddenly he said, "I can't take it any more. I'm going upstairs and get a gun." Mrs. Hanson said she did not know of any gun in the house, but after going upstairs her husband returned with a shotgun and sat down across the table from her and said, "Now we'll have the countdown," and counted backwards from 10 to 0 and pulled the trigger. Mrs. Hanson stated she really didn't think he would do this as he had threatened to do it before.

Officers stated that police have been called to this address on several occasions in the past because of domestic problems, and that deceased had threatened suicide in the past by the same means, but that his son had wrestled a gun away from him. The son verified the officers' account, stating that his father had been practicing dentistry in Southdale for a while, where he went broke, and that he had been in his present office for about a year but had not been very successful there either. He stated that his parents had no other marital problems, but occasionally did have arguments which would get fairly violent, - usually when they had been drinking.

The deputy coroner found deceased, an obese middleaged man, completely dressed, lying with his head against the north cupboards on the kitchen floor on the east side of the kitchen table. A 12 gauge Stevens single shot shotgun with shattered butt plate and butt of stock containing expended 12 gauge Super X #6 shot, - shell casing in the chamber, was lying on the floor. There was one unexpended shell in his left side trouser pocket. In his right side trouser pocket was a crushed bottle of medicine containing nine 1½ gr. seconal capsules. Two other 1½ gr. seconal capsules were on the kitchen floor - RX #B42494 dated February 2, 1962 at Burch Pharmacy. Deceased's head was blasted away above the eyebrows in front and above the base of the occiput in the rear. The wound of entrance was above the right ear, apparently. Some skin flaps weemed to come together with powder stained edges about a roughly circular defect. There was no indication other than suicide.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Deceased is survived by his wife, Miriam; a son, Warran J.; daughter, Judy; mother, Mrs. Stella Bakke; and brother, Curtis Hanson, all of Minneapolis.

REMARKS

This case was reported to the Coroner's Office at 8:10 p.m. on February 3rd, 1962, by her brother, Herman G. Pliefke of St. Paul.

At 6:30 p.m. on February 3rd, 1962, Morris Hammond, who resides in apartment 9 and is the caretaker of the deceased's residence, 4221 Nicollet Avenue, who noticed that she had not taken in her morning paper. When he called her and failed to get an answer he cut the night chain to her apartment, entered, and found her dead, sitting on the bathroom stool. Mr. Hammond then called deceased's brother, and notified police.

Officers Peterson and Kunde of squad 152 were at the scene when a deputy coroner arrived.

HERTHA P. GOULET - continued

The deputy coroner at the scene found deceased cold and in 3+ rigor sitting on the bathroom stool clothed in a nightgown. There was foaming at her mouth.

It was reported that she had not previously been ill recently. Her legs were swollen.

The remains were taken to the Hennepin County Morgue, where an autopsy was performed the following day. This revealed that death was caused by a myocardial infarction, acute, due to acute occlusion of the right coronary artery, due to coronary atherosclerosis. There was also bilateral pulmonary edema, severe; passive congestion of the liver, old; passive congestion of the spleen, old; and a thyroid nodule.

Deceased is survived by a sister, Miss Frida Pliefke, of Chicago, Illinois; a brother, Hermann G. PLiefke of St. Paul; three nieces.

REMARKS

This case was reported to the Coroner's Office at 12:00 noon on February 3rd, 1962 by police.

At 11:26 a.m. on February 3rd, 1962, deceased, who had ordered a pepsi cola, was standing at the bar at 118 West Lake Street, Minneapolis, when he collapsed to the floor. A rescue squad, Minneapolis General Hospital ambulance, and police were called. Officers C. Olson and Nichols of squad 151 responded. Dr. Haggett, the attending ambulance physician, pronounced the man dead on arrival, at 11:50 a.m.

GUY ALFRED SITKO - continued

The deputy coroner on this case found deceased lying on the floor on his back, completely clothed. The body was warm and there was no rigor.

A woman at the bar stated deceased had complained of chest pains yesterday and this morning.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

There was no indication of other than a natural cause of death, which was ascribed to arteriosclerotic heart disease.

Deceased is survived by two sons, A. L. (Bud) and Gerald; five grandchildren; and a sister, Mrs. Freida Thompson of Paducah, Kentucky.

REMARKS

This case was reported to the Coroner's Office at 1:25 p.m. on February 3rd, 1962, by police.

Mrs. Isabell Akeson, a neighbor, had been in the habit of checking on deceased every day because he had been ill and refused to get medical care. He had complained of chest pains, headache and sometimes dizziness. At 12:30 p.m. on February 3rd, 1962, Mrs. Akeson found him dead, sitting in a chair in the livingroom.

Police officers VanderVeer and Langaard of squad 152 were at the scene when the deputy coroner on this case arrived.

JOHN F. POWELL - continued

The deputy coroner viewed the body, which was clothed, cold, and in full rigor. There was no indication of other than a natural cause of death, which was ascribed to arteriosclerotic heart disease.

Deceased is survived by five brothers, Eugene and Rollyn of Stillwater, Manley of Oregon, Lyle of LaPorte, Minnesota, and Donald of Brookings, South Dakota; and three sisters, Mrs. Martin Benson and Mrs. Frank Seifert, both of Stillwater, and Mrs. Paul Craig of Clifford, North Dakota.

REMARKS

This case was reported to the Coroner's Office at 10:35 p.m. on February 3rd, 1962, by the Minneapolis General Hospital.

Deceased, a pedestrian, attempted to cross Cedar Avenue South from east to west 200 feet South of 29th Street at 6:11 p.m. on Saturday evening, February 3rd, 1962, when he was struck by a 1954 Chevrolet sedan bearing 1961 Minnesota license number 3D1602, owned and being driven by Edgar LuVerne Pugh, 42, of 6504 North on Cedar Avenue. This location is in a residential district. The weather was clear and it was dark. The roadway was straight, level, and wet. Police officers B. Ahe and W. E. Noble, badge numbers 357 and 213, were at the scene and investigated this accident. It was reported that the car's windshield was not clear.

JOHN F. LEESE - continued

Taken from the scene of the accident to the Minneapolis General Hospital, deceased was admitted at 6:34 p.m. that day and expired a few hours later, at 9:09 p.m.

An autopsy at the hospital the following day revealed that death was caused by subarachnoid brain hemorrhage and massive retroperitoneal hemorrhage due to extensive basal skull fracture and comminuted pelvic fractures. There were also fractures, bilateral, of the tibia and fibula.

Deceased is survived by his wife, Esther D. Leese.

REMARKS

This case was reported to the Coroner's Office at 10:55 p.m. on February 4th, 1962, by Anderson-Peterson Funeral Home.

Deceased, who had a history of tuberculosis, had been seen at the Public Health Center a week ago. He was found by his sister at 10:30 a.m. on the morning of the 4th of February, collapsed on the floor, apparently dead.

The deputy coroner on the case viewed the body, clad in a bathrobe. He was very emaciated. The body was cool and there was no rigor.

Deceased's sister reported that she had seen her brother alive at 10:15 a.m. and that he had complained of pain in his left arm the night before.

HOLLAND, Albert G. - continued

There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease.

The body was released from the home directly to a mortician.

Deceased is survived by two sisters, Miss Ann Holland of Minneapolis and Mrs. Alma Schneekloth of St. Paul; two brothers, Andrew M. of Minneapolis and Clarence of Everett, Washington; and several nieces and nephews.

REMARKS

This case was reported to the Coroner's Office at 9:50 a.m. on February 5th, 1962, by police.

Deceased was up before 8:30 the morning of February 5th, had breakfast, and went back to bed. At 9:30 a.m. his wife went in to check on him and found him in an unresponsive condition. A rescue squad was called but was unable to resuscitate him. Police officers D. Zetterwall and Eberlain of squad 124 were at the scene. Dr. Hoggatt, a Minneapolis General Hospital ambulance physician, pronounced the man dead on arrival at 9:45 a.m.

CLARENCE W. SAEGER - continued

Deceased had a history of care for a heart condition at the Veterans Hospital, the last time being in 1959.

The deputy coroner on the case viewed the body. There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease.

Deceased is survived by his wife, Earline; a son, Clair T.; two daughters, Mrs. Clifford Johnson and Diana Saeger; and his parents, Mr. and Mrs. Leo Woitas, all of Minneapolis.

REMARKS

This case was reported to the Coroner's Office at 10:25 a.m. on February 5th, 1962, by police.

At approximately 10:20 a.m. on February 5th, deceased was walking east on Lowry North on the South side of the street. She stopped, turned around, and fell to the sidewalk and expired. A gas station attendant at 2002 Lowry had observed that she had stopped twice before the fell.

Police officer K. Wickland of squad 142 and a Minneapolis General Hospital ambulance went to the scene. The ambulance physician pronounced death.

LENA OTILLIA BOUMAN - continued

The deputy coroner on this case viewed the body. Deceased was dressed in outdoor clothing, carried a purse containing a small amount of money, a bank book, and an appointment card to see Dr. Fred J. Pratt, 801 Physicians and Surgeons Building, FE 6-1212, and other incidentals. There was a small amount of blood at her nostrils. There was no indication of other than a natural cause of death, which was ascribed to arteriosclerotic heart disease.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Deceased is survived by her sons, Fred C. Niederlon, Minneapolis, and George E. and Stanley J. Bauman of Hopkins; seven grandchildren; a niece, Mrs. Everett Bleick of New Ulm; and a nephew, Virgil Beron of Redwood Falls, Minnesota.

REMARKS

This case was reported to the Coroner's Office at 4:25 p.m. on February 5th, 1962, by the Hennepin County Sheriff's Office.

At approximately 4:25 p.m. deceased was pronounced dead by a doctor from North Memorial Hospital who had been called to the Johnson residence, 3435 Zenith Avenue North, Robbinsdale, by David Johnson, 13, nephew, who had found her dead lying on a bed, a few minutes before. David's parents were vacationing in Florida and deceased was staying with the Johnson children in their absence.

ETHEL L. BERG - continued

The deputy coroner on this case viewed the body. There was no indication of other than a natural cause of death, which was ascribed to arteriosclerotic heart disease.

It was reported that deceased had talked to her sister at noon, at which time she stated she had vomited and had pain in her abdomen.

Deceased's sister was contacted and she refused an autopsy. The remains were released directly from the Johnson residence to a mortician.

Survivors of deceased include her husband, Robert A.; a son, Herbert Noble of Wayzata; four children; and a sister, Mrs. Frances Walkely of Medford, Massachusetts.

REMARKS

This case was reported to the Coroner's Office at 6:45 a.m. on February 6th, 1962, by the Minneapolis General Hospital.

On Saturday, February 3rd, 1962, the landlady at the Florence Hotel, 119 University Ave. S. E., saw the deceased lying across his bed and he appeared to be quite ill. She called police who had him removed to the Minneapolis General Hospital. His statement to the hospital was that he had become scalded while taking a bath in a bathtub on the second floor. The burns on his body were indicative of hot water burns, not fire.

He was admitted to the hospital at 3:32 p.m. on February 3rd, and expired at 1:50 a.m. on February 6th, 1962.

KNUTE L. HANSON - continued

An autopsy was performed at the hospital later that day. This revealed that death was caused by uremia due to acute renal shut down due to burns over 30% of the body surface.

Except for a sister, Mrs. Harry Erickson, 3026 - 46th Avenue South, PA 2-3267, there are no survivors known to this office.

REMARKS

This case was reported to the Coroner's Office at 8:35 a.m. on February 6th, 1962, by Dr. Paul Linner, Medical Arts Building, FR 7-4175.

Deceased had not been under a doctor's care. She had not been feeling well the past week, had complained of weakness and vomited some, and was believed to have the flu. At 7:30 a.m. on February 6th, 1962, she vomited and collapsed as she was being helped to the bathroom by her daughter. Dr. Linner was called and pronounced death.

MARY PORIANDA - continued

The deputy coroner on this case found the body of deceased, still warm, lying on her back in the bathroom doorway. The remains were taken to the Hennepin County Morgue.

An autopsy performed at the morgue on February 6th, 1962, revealed that death was due to acute myocardial septal infarction due to thrombosis of anterior coronary artery with severe coronary arteriosclerosis and chronic cholecystitis.

Deceased is survived by her husband, Peter; sons, Peter of Minneapolis and William of Phoenix, Arizona; daughters, Mrs. (Mary) Brinda, Mrs. D. (Elsie) Meier, Mrs. E. (Ann) Parr, all of Minneapolis; Mrs. J. (Irene) Leonard of Excelsior; 13 grandchildren; sisters, Mrs. Anna Kohanek of Czechoslovakia, and Mrs. John Kokosh of Minneapolis.

REMARKS

This case was reported to the Coroner's Office at 9:24 p.m. on February 6th, 1962, by the Golden Valley police.

At about 9:06 p.m. on February 6th, 1962, deceased, who had finished bowling with his bowling club, sat down complaining that he did not feel well and then collapsed. A North Memorial Hospital ambulance was called and Dr. Knoblach, the doctor in attendance, pronounced him dead on arrival.

WALLIE B. BOREEN - continued

The deputy coroner on this case took custody of the body, which was removed to the Hennepin County Morgue.

Deceased's car, a 1958 Chevrolet four-door bearing license number 5D-6274, was locked and the keys taken to the Coroner's office, the car to be left in the parking lot at the bowling alley until claimed by Mrs. Boreen.

It was reported that deceased had been under the care of Dr. M. L. Hovland, FE 5-3456.

An autopsy was performed at the morgue on February 7th, 1962. This revealed that death was caused by occlusion of the right coronary artery, acute, due to coronary atherosclerosis.

Deceased is survived by his wife, Olivia; four brothers, Donald of Minneapolis, Iver of Duluth, Carl of Wausau, Wisconsin, and Roy of Arlington, Virginia; and three sisters, Mrs. Erna Schmidt and Mrs. Lillian Carlson, both of Minneapolis, and Mrs. Mabel Edmunds of Palo Alto, California.

REMARKS

This case was reported to the Coroner's Office at 11:00 a.m. on February 7th, 1962, by police.

At 10:25 a.m. on February 7th, Mrs. E. W. Ehlart, a neighbor living two doors away from deceased's residence, saw him lying on the sidewalk near her driveway. Police officers Holvenstod and Cameron of squad 153 went to the scene to investigate and a Minneapolis General Hospital ambulance doctor pronounced the man dead.

Deceased had a history of arteriosclerotic heart disease, and had been a patient at the Minneapolis General Hospital for that trouble.

CLAYTON LOWRY - continued

The Hennepin County Coroner went to the scene and viewed the body, clothed in outdoor clothes, lying on his back on the sidewalk. The body was warm and there was no rigor. There was no evidence of injury and no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Deceased's personal belongings on his body were released to his daughter, Mrs. Harold Kezar, with whom he made his home, in the presence of her husband, Harold, in their home, Apartment B at 2544 Harriet Avenue South.

The survivors are a daughter, Mrs. Harold Kezar of Minneapolis; and four sisters, Mrs. Louella Shepley of Alma, Michigan; Mrs. Violet Doyle of Essex, Canada; Mrs. Mabel Marshall of Merlin, Canada, and Mrs. Harry Mills of Detroit, Michigan.

REMARKS

This case was reported to the Coroner's Office at 5:00 p.m. on February 7th, 1962, by police.

Deceased had been to the grocery store the afternoon of February 7th, sat down on the davenport and expired. At 4:30 p.m. Mrs. Knutson found her husband in a sitting position but was unable to arouse him. Minneapolis General Hospital was called and Dr. Atwood, the physician on board the ambulance, pronounced death.

HENRY KNUTSON - continued

Police officers Butler and Coleman of squad 165 were at the scene when a deputy coroner arrived. There was no indication of other than a natural cause of death, which was ascribed to arteriosclerotic heart disease.

The body was released directly from the home by the deputy coroner to a mortician.

Deceased is survived by his wife, Hattie; a son, Raymond A.; three daughters, Mrs. Frank Punchard, Mrs. Richard Norwick, and Mrs. Virgil Cooper; and six grandchildren, all of Minneapolis; and a sister, Mrs. Clara Halpin of DeGraff, Minnesota.

REMARKS

This case was reported to the Coroner's Office at 9:30 p.m. on February 7th, 1962, by police.

At 9:00 p.m. on February 7th, 1962, Bernadette Becker, who resides in apartment 125 at the above address, found deceased in an unresponsive condition and called a priest. Police officers M. Nelson and R. Shumway of squad 118 were dispatched to the scene and also a Minneapolis General Hospital ambulance. Dr. Atwood, the physician on board the ambulance, pronounced deceased dead on arrival.

It was reported that deceased had been under the care of Dr. Alton Olson, who stated he had been treating her for hypertension with arteriosclerotic heart disease.

MARY HONORA QUINN - continued

The deputy coroner on this case viewed the body. There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease due to hypertensive cardiovascular disease with arteriosclerosis.

The deputy coroner spoke to Richard R. Schaefer of 4407 Blaisdell Ave. South at his work for the Park Board at TA 4 0739, by phone. Mr. Schaefer stated he was named as administrator in deceased's will and would take charge, and that he wanted to have the remains taken to the Gleason Mortuary. He stated that James Langless of 4407 Blaisdell, who was at the scene, would take charge until he arrived about midnight.

The remains were released by the deputy coroner from the scene to the Gleason Mortuary.

Deceased is survived by nieces and nephews.

REMARKS

This case was reported to the Coroner's Office at 10:00 p.m. on February 7th, 1962, by police.

Deceased, an auto salesman, came home about 9:00 p.m. on February 7th, complaining that he felt sick to his stomach, vomited, and fell trembling to the floor. A rescue squad attempted resuscitation with the use of a respirator, in vain. Dr. Atwood on board a Minneapolis General Hospital ambulance pronounced the man dead at 9:45 p.m.

Police officers K. Vick and Revak were at the scene when the deputy coroner on this case arrived.

VARNUM D. WILLIAMS - continued

It was reported that deceased had a history of heart disease and had been cared for by a Dr. Russell. Dr. Russell stated that he saw deceased in 1947 with a mitral diastolic heart murmur and history of rheumatic heart disease as a child, and again in 1952.

There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease and an old rheumatic heart disease.

Deceased is survived by his wife, Dorothy; three daughters, Mrs. Michael Fitzgerald of Morenci, Arizona, Peggy and Kathy; three sons, Richard, Robert, and Thomas; two brothers, Roland and Edward; and one sister, Mrs. William Shaw, all of Minneapolis.

REMARKS

This case was reported to the Coroner's Office at 1:00 a.m. on February 8th, 1962, by police.

At 12:40 a.m. on February 8th, 1962, deceased was found on his knees and face on the floor of his room by Larry Wong of 1703 - 2nd Ave. South, a friend, who had come to visit and bring food. Police officers Fort and Kolars of squad 118 were at the scene when the deputy coroner on the case arrived. Mr. Wong stated deceased had been sick since Sunday, February 4th, that he had complained of being cold and shakey and had a cough, but refused to go to a hospital. He stated he last saw deceased alive about 1:00 p.m. on the previous day, February 7th.

Mr. Wong, who is employed at the Nankin Cafe, stated deceased had considerable difficulty breathing.

HOM BING WAH - continued

The deputy coroner viewed the body of this elderly Chinese, who was on his knees and face on the floor. There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease.

The remains were taken to the Hennepin County Morgue and later released to a mortician.

There are no survivors known to this office.

REMARKS

This case was reported to the Coroner's Office at 7:35 a.m. on February 8th, 1962, by police.

According to Herbert O. Bergland, with whom deceased lived, Mr. Ronning was up at 6:50 a.m. on February 8th, 1962, and sat in a chair. At 7:00 Mr. Bergland arose and found deceased slumped over in an unresponsive condition. He summoned assistance and police officers Johnson and Compton of squad 117 answered the call.

The deputy coroner on this case viewed the body, which was clad in pajamas and slumped over in a chair. It was warm and there was no rigor. There was no indication of other than a natural cause of death, which was ascribed to congestive heart failure due to mitral stenosis due to rheumatic heart disease.

JOHN H. RONNING - continued

Deceased was reported to have a history of heart trouble and had been under the care of a Dr. Norman at the Minneapolis General Hospital.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Stan Odoba, a fellow member of Moose Lodge, made funeral arrangements.

Deceased is survived by a brother, Louis, of Mullan, Idaho.

REMARKS

This case was reported to the Coroner's Office at 7:20 p.m. on February 8th, 1962, by police.

It was reported that deceased had been seen alive at 8:45 a.m. on February 8th, 1962 by Al Huncha, who resides in the same hotel. At 7:10 p.m. Mr. Huncha, accompanied by Edmund Reiter, 3939 North Washburn, the landlord, who was checking the rooms, found deceased, who had expired. Allegedly a heavy drinker, deceased had resided in this hotel since November, 1961.

OWEN L. JACOBSON - continued

Police officer Biggerstaff, badge #141, was at the scene when a deputy coroner arrived.

The deputy coroner found deceased lying in bed clad in shorts and shirt. There was 4+ rigor. There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease and chronic alcoholism.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 8:25 p.m. on February 9th, 1962, by police.

Deceased had been under the care of Dr. L. B. Clay for some time for generalized arteriosclerosis. She was found dead while sitting in a livingroom chair waiting for her nephew, Ted Macomber, 3032 Pleasant Avenue South, TA 3-0736. When he arrived at 8:00 p.m. on February 9th, Mr. Macomber found the inner door was chain locked, and called police, who broke the chain. Deceased was slumped over in a chair, cold and stiff, clad in a blue dress and her coat was lying ready nearby. Police officers at the scene were Colwell and Juantilla of squad 153.

MARION RUTH WARTON - continued

The remains were removed to the Welander Quist West Chapel and viewed by a deputy coroner, who stated that death appeared to be from natural causes. Death was attributed to arterio-sclerotic heart disease.

Except for her nephew, Theodore W. Macomber, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 8:30 p.m. on February 9th, 1962, by police.

At 5:30 p.m. on February 9th, 1962, deceased was observed in front of her home by her neighbor, a Mrs. Jones. Deceased had just returned from Kenwood School, where she had taken her two children, aged five and seven years, to an after school annual carnival. Mrs. Jones told deceased at this time that she would bring both the Jones and the Sanders children home when the carnival was over. It appeared to Mrs. Jones that deceased was staggering due to alcoholic intoxication. Both women entered their homes.

MARY P. SANDERS - continued

When the Sanders children entered their own home about 8:00 p.m. after having been driven home by Mrs. Jones, the older child found her mother lying on the landing at the foot of the stairs which led from the first to the second floor. Deceased's face was lying against the floor of the landing and her legs were pointed up the stairs. The child went to Mrs. Jones, who investigated, and called police and Mrs. Charnley, a private psychiatric social worker who was looking after deceased, who was under the medical care of a psychiatrist, Dr. G. Hambridge of the Marquette Bank Building.

When Mrs. Charnley arrived she pulled the body from the landing to the floor of the foyer, which was down two steps from the landing. A Minneapolis General Hospital ambulance with Dr. Krause arrived and Dr. Krause pronounced the woman dead.

Police officers Carl Peterson and Clarence Arneson of squad #152 and detectives Short and Rieman of squad #301 were at the scene and made an investigation.

The deputy coroner at the scene found deceased lying at the foot of the staircase near the front door where she had been pulled from the landing by Mrs. Charnley. She was dressed in housedothes and her face was bruised by her fall.

It was reported that deceased was recently seen by Dr. Al Greenberg, WA 2-6220, who stated that she was an alcoholic and was subject to spells of hypoglycemia.

Deceased's husband was out of town on business in St. Louis and was notified. Deceased's remains were taken to the Hennepin County Morgue.

An autopsy was performed at the morgue on February 10th, 1961. This revealed severe pulmonary edema and congestion, gastritis and duodenitis, abrasions and contusions of the chin and right lower leg, and laceration of the inner aspect of the lower lip. In the opinion of the pathologist it was deemed advisable to await the toxicologist's report before determining the cause of death. After receipt of the toxicologist's report death was attributed to severe pulmonary congestion and edema due to acute alcoholism. Deceased's blood contained 0.25% alcohol by volume.

Deceased is survived by her husband, Theodore; two daughters, Beth and Amy; and her father, Dr. Leo P. O'Donnell.

REMARKS

This case was reported to the Coroner's Office at 1:30 p.m. on February 10th, 1962, by police.

At 1:00 p.m. Police officers Longman and G. Smith of squad 117 answered a call to check on a man reportedly found dead sitting on a toilet on the eleventh floor of the St. James Hotel. Deceased was found at 1:00 p.m. by Eric Wilhelm Waris, occupant of room #1101.

The deputy coroner on the case stated the body was still warm and there were no signs of trauma. There was no indication of other than a natural cause of death, believed to be arteriosclerotic heart disease.

ALBERT LOUIS HANSON - continued

Nitroglycerin pills were found in deceased's room. These and all other personal effects were taken from the room.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Deceased is survived by a son and a stepbrother.

REMARKS

This case was reported to the Coroner's Office at 10:15 p.m. on February 10th, 1962, by Dr. Eugene C. Ott.

Deceased had been under the care of Dr. Ott for diabetes about four years ago, but had not seen the doctor until the morning of February 10th with complaints of chest pains. Dr. Ott wished him to go into a hospital, but deceased refused. At 9:00 p.m. he was found dead in bed by his brother, Alfred Olson, of the same address.

The body was removed from the home to the Barney Anderson-Leland Funeral Home.

HERMAN A. OLSON - continued

Dr. Ott did not care to sign the death certificate. A deputy coroner viewed the body at the mortuary. There was no indication of other than a natural cause of death, which was ascribed to arteriosclerotic heart disease and diabetes mellitus.

Deceased's family refused an autopsy.

The survivors are three brothers, Alfred A., Melvin J., and Curtis N.; one sister, Mrs. Ernest Carlson, all of Minneapolis; and many nieces and nephews.

REMARKS

This case was reported to the Coroner's Office at 10:30 a.m. on February 11th, 1962, by police.

John Korsmo, 19½ 5th St. N. E., Room 5, had been checking on deceased because he had been ill with a cold for the past week. At 10:25 a.m. Mr. Korsmo, the caretaker, was unable to get a reply to his knock at deceased's door, believed him to be in because he had not seen him for two days, and called police. Police officers Almen and Kopp of squad 125 forced entry and found deceased had expired and notified this office.

CHARLES SCHINKE - continued

The deputy coroner at the scene reported finding deceased dressed in underwear and a shirt lying crosswise on his bed with his feet on the floor. Death appeared to be due to natural causes and was ascribed to arteriosclerotic heart disease.

Deceased, a recipient of old age assistance, had no history of recent medical care.

The remains were released from the premises to a funeral director.

Survivors include his wife, Mary; daughter, Mrs. Charles Whitney; five grandchildren; and three brothers, Robert, Henry, and William.

REMARKS

This case was reported to the Coroner's Office at 8:15 p.m. on February 11th, 1962, by Dr. John Stennes.

Deceased was out fishing today and came home complaining of chest pains. His condition became serious and a rescue squad and Minneapolis General Hospital ambulance were called. Deceased responded to treatment and the rescue squad and hospital ambulance attendants left. His condition worsened and Dr. Stennes was called, but deceased had already expired when he arrived.

RIDER J. NORSTROM - continued

The deputy coroner on the case viewed the body. There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease, and apparently occurred at 8:00 p.m. on February 11th, 1962.

The remains were released from the home to a funeral director.

Deceased is survived by his wife, Nina; two daughters, Mrs. N. J. Goblirsch of Rochester, Minnesota and Mrs. C. Nelson of Minneapolis; a son, Sgt. J. J. Norstrom of Dover, Delaware; two grandchildren, and three sisters, Mrs. Signa Lewis, Mrs. Marion Penrose, and Mrs. Henrietta Gage, all of Minneapolis.

REMARKS

This case was reported to the Coroner's Office at 1:35 a.m. on February 11th, 1962, by Dr. Robert J. Leiferman.

Deceased, who had been under the care of Dr. James Arms for diabetes, was found in the bathroom by his son-in-law at 12:55 a.m. on February 11th, 1962, lying on the floor with a laceration on his forehead. There was blood on the floor. Dr. Leiferman and the Richfield police rescue squad were called. Upon his arrival, Dr. Leiferman pronounced the man dead.

THEODORE ULSTAD - continued

Dr. Leiferman did not wish to sign a death certificate.

Deceased's wife was desirous of having a post mortem examination made, and the remains were therefore taken to the Hennepin County Morgue.

An autopsy was performed at the morgue later that day. This revealed a myocardial infarction due to diffuse arteriosclerotic cardio-vascular disease, severe pulmonary edema, a small renal cortical tumor, and cholelithiases.

Deceased is survived by his wife, Martha; daughter, Mrs. Raymond (Marion) Howe; a brother, five sisters, and five grandchildren.

REMARKS

This case was reported to the Coroner's Office at 9:25 a.m. on February 12th, 1962, by the Minneapolis General Hospital.

Deceased apparently had a seizure at her home and was admitted to the hospital in a comatose condition at 1:40 a.m. on February 12th, 1962, by ambulance, and expired a short time later, at 3:06 a.m.

KATHERINE BERNICE MUMBOWER - continued

An autopsy was performed at the hospital later that day. This revealed that death was due to intracerebral hemorrhage, spontaneous.

Deceased is survived by her husband, Darcy; daughter, Joelene; sons, Larry Earson, Billy Earson, and Mike Earson; mother, Mrs. William Dunn of Minneapolis; sister, Mrs. Rosemary Crouse of Chicago; brothers, Edward Young of New Brighton and Bernard Young of Minneapolis.

REMARKS

This case was reported to the Coroner's Office at 1:05 p.m. on February 12th, 1962, by police.

Deceased was chief engineer for Holsum Bakery (Regan Bakery, Inc.), and at 12:45 p.m. on February 12th, 1962, was at work with William Mueller of 5053 9 Mile Creek Circle, Bloomington, TU 8-6920, repairing a slicing and wrapping machine, #1, at the above plant, connecting up some wires when he suddenly stiffened out and shouted to a third man - Clarence Tampa - who immediately went to the wall and cut all switches.

Police officers Pederson and Costello of squad 144 were at the scene when a deputy coroner arrived.

KARL GILLES - continued

The deputy coroner viewed the body of deceased, an elderly man, clad in gray work trousers and shirt, lying on his back on the floor near a bread slicing and wrapping machine. His head was toward the machine. There were burns on his left middle and forefinger tips.

The remains were taken to the Hennepin County Morgue, where an autopsy was performed later that day. This revealed that death was due to electrocution, accidental. The toxicologist's report was negative for alcohol.

Deceased is survived by his wife, Isolda; a daughter, Mrs. Gil (Rosalie) DeGrauwe; two grandchildren; two brothers; and two sisters.

REMARKS

This case was reported to the Coroner's Office at 1:35 p.m. on February 12th, 1962, by police.

Gilbert Qualley, who resides in apartment 112 at 1701 Portland Avenue, reported to his landlord, Mr. Alexander Torner of the same address, that he had heard nothing from deceased's room although he had called to him several times. Mr. Torner gained access to the room with a spare key and found deceased dead on his bed and notified police. Officers Nordmeyer and Rolsing of squad 118 responded to the call and notified this office.

MARTIN W. HAWKINS - continued

The deputy coroner on this case viewed the body of deceased, fully clothed, lying on his bed. There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Deceased is survived by a son, Dale; two daughters, Mrs. Vernon (Angeline) Jones of Minneapolis and Mrs. Loren (Marguerite) Emerson of Tucson, Arizona; three sisters, Mrs. Roy Gannon, Mrs. Thelma Larson of Minneapolis, and Mrs. Alfred Molde of Little Falls, Minnesota.

REMARKS

This case was reported to the Coroner's Office at 2:35 p.m. on February 12th, 1962, by police.

On the afternoon of February 12th, 1962, Ed Roberts, 3507 - 37th Avenue South, called the home of Mrs. Elsie M. Devine, 557 E. Jenks, St. Paul, PR 1-4137, stating that he had been unable to arouse Mr. Kendall, the deceased, by ringing his doorbell. Mrs. Devine, who had been married to deceased's son and remarried after his death, went with her husband, and they, too, were unable to rouse deceased and summoned police. Officers Holden and Tovsen of squad 163 answered the call and forced entry.

FRED P. KENDALL - continued

Deceased was found dead lying on his bed, completely clothed except for shoes.

The deputy coroner on this case viewed the body. There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease.

Deceased is survived by two sisters, Mrs. Doris Bowen of Hibbing and Miss Maude Kendall of Michigan; two grandchildren, Miss Kristine Kendall and William N. Kendall, both of St. Paul.

The remains were released directly from the home to a mortician by the deputy coroner.

REMARKS

This case was reported to the Coroner's Office at 7:00 p.m. on February 12th, 1962, by the Swedish Hospital.

At 1:55 p.m. on Friday, November 24th, 1961, while driving his 1951 green Chevrolet four door bearing 1961 Minnesota license number 3A-2693 east on old State highway #152, deceased's vehicle was struck on the right front side by a 1952 gray Mercury four door bearing 1961 Minnesota license number 2J-4727 owned and being driven by Richard Lee Radiske, 32, Hamel, Minnesota, who was driving North on State highway #101 at the intersection of 101 and 152. The roadways were straight and level, dry, and in open country and had no defects. Bette Lou Radiske, 36, of Hamel, accompanied Richard Radiske, and was riding on the right front of his vehicle.

AUGUST T. FRANK - continued

It was reported that deceased had failed to stop at the stop sign at the intersection.

This accident was investigated by Michael T. Kunz, officer badge number 53, of the Hennepin County Sheriff's office.

Deceased was taken to the Swedish Hospital in poor condition and expired at 6:45 p.m. on February 12th, 1962.

At autopsy at the hospital the following day revealed that death was caused by intra cerebral hematomas with cerebral lacerations due to trauma with skull fracture.

Deceased is survived by his wife, Minnie; two sons, Leonard and Arnold of Maple Grove; a daughter, Mrs. Gordon (Inez) Hamilton of Brooklyn Park; two brothers, Gustave and William of Buffalo; two sisters, Miss Bertha Frank of Belle Plaine, and Mrs. Fred Hartwig of Buffalo; and four grandchildren.

REMARKS

This case was reported to the Coroner's Office at 12:45 a.m. on February 13th, 1962, by the Oak Ridge Hospital, (a rest home.)

Deceased came to the hospital from Eyota, Winona County, Minnesota on February 1st, 1962, having been referred by the University Hospital, where he had four out-patient appointments on February 1st, 2nd, 4th, and 8th, 1962. He was treated at University by a Dr. Gregory for a urinary infection and diabetes. He expired at Oak Ridge at 10:50 p.m. on February 12th.

An autopsy was performed at the Hennepin County Morgue on February 13th, 1962. This revealed that death was due to bilateral bronchopneumonia and diabetes mellitus.

The names of survivors are not known to this office.

Veteran WW II

REMARKS

This case was reported to the Coroner's Office at 7:40 p.m. on February 13th, 1962, by the Minneapolis General Hospital.

Deceased was admitted, unconscious, from the Peoples Club Bar at 525½ Cedar Avenue South by a hospital ambulance at 9:01 p.m. on January 31st, 1962. Emergency surgery, temporal trephine, for subarachnoid hemorrhage was performed that evening. He expired without regaining consciousness at 5:05 p.m. on February 13th, 1962.

FORREST E. WAHL - continued

Police headquarters were called at about 8:30 p.m. by the bartender, Lindy E. Koepsel, 33, and officer Hartigan responded. It was stated that deceased had entered the bar, staggered as if drunk, and fallen to the floor in a corner, apparently on the way to the men's room, about an hour before the arrival of officer Hartigan. When examined by the officer, deceased had no external apparent injuries on his head or body, and it was assumed that he was just drunk. He had a pint bottle of liquor about seven-eighths consumed on his person.

When it became apparent that it was impossible to arouse deceased by sitting him up a Minneapolis General Hospital ambulance was called.

Several witnesses to the arrival of deceased in the bar stated there had been no altercation since his arrival in the bar. If there was an assault, it had occurred before his arrival.

An autopsy was performed at the Hennepin County Morgue on February 13th, 1962. This revealed severe pulmonary edema and congestion due to bronchopneumonia, right, and lobar left lower lobe; and subdural hematoma with fracture of the left temporal area of skull and encephalomalacia. There was also minimal coronary sclerosis, cystitis, prostatic hypertrophy, dense bilateral pleural adhesions, marked lumbar scoliosis.

There are no survivors known to this office.

REMARKS

This case was reported to the Coroner's Office at 3:12 p.m. on February 13th, 1962, by her husband, Emil Danielson.

Mr. Danielson last saw his wife alive at 6:05 a.m. on the morning of February 13th when he left for work. At 2:30 p.m. when he returned he found her dead on the kitchen floor and summoned assistance. Police officers Pederson and Sell of squad 144 and a Minneapolis General Hospital came in response to his call. Dr. Birkemeier, the ambulance physician, confirmed deceased's death.

MARTHA ANN DANIELSON - continued

The deputy coroner who was on this case found deceased on the floor of the kitchen, face down, dressed except for shoes. The body was cool and there was no rigor. The back door was open and deceased's head was against the door.

Deceased's husband stated that his wife had not been under a doctor's care since March, 1961, when she was treated for cirrhosis of the liver. She had not been well the past three days and had been drinking heavily during that time.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

An autopsy at the morgue on February 14th, 1962, revealed that death was due to purulent bronchopneumonia with consolidation left lower lobe, edema and congestion of the lungs. The toxicologist's analysis of deceased's blood was negative for alcohol.

Deceased is survived by her husband, Emil; a son, Jack of Minneapolis; mother, Sophie Ruschmeyer of Aitkin, Minnesota; three brothers, Alfred of Deerwood, Bill of Brainerd, and Walter Ruschmeyer of Aitkin; four sisters, Mrs. George Dehning of Crosby, Minnesota, Mrs. Emma Loweman of Wausau, Wisconsin, Mrs. Alma (Norgaard) Krause of Duluth and Mrs. Edward Engquist of Aitkin; one grandchild; and nieces and nephews.

REMARKS

This case was reported to the Coroner's Office at 10:45 p.m. on February 13th, 1962, by the Minneapolis General Hospital.

Deceased was admitted to the hospital at 10:20 p.m. on February 13th, 1962, and expired just a few minutes later - at 10:24 p.m.

Deceased apparently had not been under a doctor's care for some time. According to the history her brother, Stanley E. Walberg, gave, she had rheumatic fever at the age of 12 and was confined to a wheel chair for a year at that time. About four years ago she was treated by Dr. Phillip E. Gordon for heart trouble, and later by Drs. Douglas Swanson and Wallace Swanson of the Bloomington-Lake Clinic, who have since gone into missionary work.

ETHEL WALLGREN - continued

The deputy coroner on the case viewed the body. Death appeared to be due to natural causes and was attributed to arteriosclerotic heart disease and an old rheumatic heart disease. The remains were released from the hospital to a funeral director.

Deceased is survived by her husband, Vernon W.; a daughter, Mrs. JoAnn Borgen of Minneapolis; four grandchildren, and a brother, Stanley Wallberg of Rapid City, South Dakota.

REMARKS

This case was reported to the Coroner's Office at 10:00 p.m. on February 14th, 1962, by the Shorewood Village police.

About 9:00 p.m. on February 14th deceased's parents heard a noise in the basement, and on opening the basement door found that it was all in flames. Deceased and his four-year old brother Mark (see case following, #152) were sleeping in a small paneled room their father had built for them next to the furnace room which they were using while a third bedroom was being added to the first floor of the home. The parents were unable to get down the stairs and tried to talk to the boys from the window. The boys were crying and coughing but did not answer.

DONALD DEAN CHINANDER - continued

At 9:30 p.m. a fireman found Donald under some old clothes in the basement closet.

Sid James, Shorewood police officer was at the scene when the deputy coroner on the case arrived.

The bodies of the children were lying on the floor of the back part of a rescue squad truck. They were dressed in indoor house clothes. Donald's body showed no signs of burns, but Mark's face and right hand seemed to be scorched. The bodies were released directly from the scene to a mortician. Death was attributed to asphyxia due to inhalation of smoke, and occurred at approximately 9:45 p.m.

The children are survived by their parents; a brother, Christopher, 11 months; and grandparents - Mrs. Olive Fettig of Hopkins, and Mr. and Mrs. Leonard Andreason of Elk Mound, Wisconsin.

REMARKS

This case was reported to the Coroner's Office at 7:30 a.m. on February 15th, 1962, by the Minneapolis General Hospital.

At 1:40 p.m. on February 14th, 1962, deceased drove his car into an airport pickup truck at 63rd Street and South Airport Service Road, Wold Chamberlain Field. According to information from the airport police, deceased was apparently driving over the yellow line on the wrong side of the road. Rudolph H. Hilgeman, 63, of 5440 34th Avenue South, Minneapolis, driver of the airport truck, noted deceased approaching and stopped his truck; however, deceased continued and struck the pick-up truck. When the airport police arrived at the scene deceased stated he was not injured but he appeared to be intoxicated and he was therefore removed to the Minneapolis City Jail.

GORDON W. DECKER - continued

Police officers M. Johnson,#3, and George R. Majchicak, #5, investigated this accident.

At 9:09 p.m. that evening deceased was brought from the jail to the Minneapolis General Hospital because he had become confused, begun bumping into doors, etc., and he was admitted to Neurology with acute neurological findings. He deteriorated rapidly and expired at 12:05 a.m. on February 15th, 1962, less than twelve hours after the accident.

An autopsy was performed at the hospital later that day. This revealed subarachnoid hemorrhage with cerebral contusion, massive left retroperitoneal sera-sanguineous fluid accumulation with complete atelectasis of the left lung, and fracture of the ninth rib. The toxicologist's analysis of deceased's blood was negative for alcohol.

Deceased is survived by his wife, Marvel; daughter, Beverly; parents, Mr. and Mrs. William Decker of Fairmount, Minnesota; sister, Mrs. Carl (Phyllis) Luhmann of Granada, Minnesota; and one brother, Robert, of Granada, Minnesota.

REMARKS

This case was reported to the Coroner's Office at 8:00 a.m. on February 15th, 1962, by police.

At 7:40 a.m. on February 15th, 1962, deceased's landlady, Mrs. Fred Moss, found him lying fully dressed across his bed on his back in an unresponsive condition. He was reported to have been a coronary patient at the Minneapolis General Hospital for many years, and was known to take nitroglycerin and other medication for that condition. A hospital ambulance was called and the attending physician pronounced the man dead on arrival.

Police officers Aamodt and Kehoe of squad 153 were at the scene when the deputy coroner arrived.

HENRY J. FORD - continued

The deputy coroner on the case stated deceased's body was still warm. There was no indication of violence or other than a natural cause of death, which was attributed to arteriosclerotic heart disease.

Homer R. Ford and another son of deceased were present and stated they would make funeral arrangements.

The body was released directly from the premises to a mortician.

REMARKS

This case was reported to the Coroner's Office at 8:15 a.m. on February 15th, 1962, by police.

Deceased, who was single, had a room at 1814 South Washington Avenue, until last week. Since that time he had been residing with his sister, Mrs. Barbara Bolin, following treatment in the Receiving Department at Minneapolis General Hospital for bronchitis. This morning at 7:15 he was found in bed in an unresponsive condition by his sister. A call to the hospital brought an ambulance and Dr. Kildare, the physician in attendance, pronounced death, at 8:10 a.m.

Police officer Gravem of squad #164 was at the scene when the deputy coroner on the case arrived.

BARNEY BARTLEY McDONOUGH - continued

It was reported that deceased had not had medical care other than above mentioned. The remains were taken to the Hennepin County Morgue.

An autopsy performed at the morgue later that day revealed that death was due to severe pulmonary edema and congestion due to generalized lymphosarcoma. Hepatic and splenomegaly were contributing factors. There was also a gastric ulcer.

Except for his sister, Mrs. Barbara Bolin, there are no survivors known to this office.

REMARKS

This case was reported to the Coroner's Office at 11:45 a.m. by Dr. Thomas Lowry, Medical Arts Building, on February 15th, 1962.

At 10:50 a.m. on February 15th, 1962, deceased collapsed while at work on the fifth floor at the Munsingwear Company. He was brought to the dispensary in a comatose condition and expired upon arrival. Dr. Lowry, who had been caring for him for a hypertensive heart condition, was called, but deceased had already expired.

The remains were taken to the Hennepin County Morgue.

WALTER R. JOHNSON - continued

An autopsy was performed at the morgue later that day. This revealed that death was caused by a cerebral hemorrhage into pons, spontaneous, due to hypertensive cardiovascular disease, coronary arteriosclerosis, cardiomegaly.

REMARKS

This case was reported to the Coroner's Office at 3:45 p.m. on February 15th, 1962, by police.

At 3:45 p.m. on February 15th, 1962, deceased collapsed in the Gateway Park at the corner of Second Street and Hennepin Avenue. An unidentified person witnessed deceased's fall and a rescue squad and a Minneapolis General Hospital ambulance were called. The physician aboard the ambulance pronounced deceased dead on arrival.

Police officers Knickerbocher and Roehl of Squad 117 were at the scene when the deputy coroner on the case arrived.

OTTO HUGO HAMMLER - continued

Deceased had no identification at the time, and was carrying $923.73 in a billfold.

The deputy coroner viewed the body. There was no indication of other than a natural cause of death, which was ascribed to arteriosclerotic heart disease. The remains were taken to the Hennepin County Morgue, later identified, and released to a funeral director.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 4:00 p.m. on February 15th, 1962, by police.

Deceased, who was reported to have had heart trouble and hardnening of the arteries for about twelve years, had not been under a doctor's care for some months. He had last seen a Dr. Green at Thief River Falls about a year ago. He collapsed in a kitchen chair about 3:10 p.m. on February 15th, 1962, after having swept snow off the porch. His wife summoned assistance and a fire department rescue squad and Minneapolis General Hospital ambulance responded. Dr. Crosson, the ambulance physician, pronounced death at 4:00 p.m.

HENRY L. MEYER - continued

Police officers C. Olson and Svobodny of squad 151 were at the scene.

The deputy coroner on this case viewed the body. There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Except for his wife, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 5:30 p.m. on February 15th, 1962, by Mr. Howard Millay, 7501 Colfax Ave South, Richfield.

Deceased was found at 4:00 p.m., dead, sitting on the toilet, by Mr. Howard Millay, for whom she worked as a housekeeper. He stated that he had last seen her alive this morning, February 15th, 1962, when he left for work. According to him she had not been under a doctor's care, to his knowledge, and she had not been feeling well, had heart trouble and was overweight.

MYRTLE A. GABLE - continued

The deputy coroner on this case viewed the remains. There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease. Rigor mortis was present. There was no evidence of trauma.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Deceased is survived by three sisters, Mrs. H. E. (Elsie) Bildsten; Mrs. Earl (Evelyn) Larsen; Mrs. Harry (Leona) Carlson; and two brothers, Reuben A. and Benjamin W. Carlbom, all of Minneapolis.

REMARKS

This case was reported to the Coroner's Office at 8:55 p.m. on February 15th, 1962, by police.

At about 8:40 p.m. on February 15th, 1962, Mr. Bill Powers of 4432 - 31st Ave. South found deceased lying in his back yard, where he had collapsed while shoveling snow. A Minneapolis General Hospital ambulance was summoned, but Dr. Krause, the physician in attendance, pronounced death.

Police officers Flint and Butler of squad 165 were at the scene when the deputy coroner on the case arrived.

FERDINAND L. KLEINEGGER - continued

It was reported to us that deceased had apparently been in good health. He was not under a doctor's care. Mrs. Kleinegger desired that an autopsy be performed.

The remains were taken to the Hennepin County Morgue, where an autopsy was performed later that day. This revealed that death was due to arteriosclerotic heart disease.

Deceased is survived by his wife, Grace C. and nieces and nephews.

REMARKS

This case was reported to the Coroner's Office at 10:15 p.m. on February 15th, 1962, by the Minneapolis General Hospital.

Deceased was admitted to the Minneapolis General Hospital from 632 Penn Avenue with a coronary, but was dead on arrival. It was reported that he had had previous attacks. Open heart massage was attempted without success, and death was pronounced at 8:14 p.m. on February 15th, 1962.

An autopsy was performed the following day at the hospital. This revealed an occlusion of the right coronary artery, acute, new, which was the cause of death. There was also myocardial hypertrophy and dilatation of the right and left ventricles, an old infarction of the posterior wall of the left ventricle, generalized arteriosclerosis of the coronary and cerebral arteries and the abdominal aorta, bronchopneumonia and tracheobronchitis and splenomegaly.

HERMAN W. HATULA - continued

Deceased is survived by a son, Kenneth; and a grandson, both of Minneapolis; two brothers, John and Alex, and three sisters, Ida Hatula and Mrs. Oscar (Lillie) Nelson, all of Lakota, North Dakota, and Mrs. John Oja of Alberta, Canada.

REMARKS

This case was reported to the Coroner's Office at 10:45 a.m. on February 16th, 1962, by police.

Deceased was seated on the second stool from the east end of the lunch counter at the Lincoln Recreation at 731 Hennepin, when he collapsed backwards to the floor on the morning of February 16th. He had not eaten. The poolroom manager called police and officers Morse and Falk of squad 119 responded. A rescue squad and Minneapolis General Hospital ambulance arrived and Dr. Hoiggatt, the ambulance physician, pronounced death at 10:44 a.m.

CARLTON M. LONG - continued

The deputy coroner on the scene viewed the body of deceased, who reportedly was known to have a heart condition. There was no indication of injury. The remains were taken to the Hennepin County Morgue.

An autopsy was performed at the morgue the same day. This revealed the cause of death was a myocardial infarction due to occlusion of the descending branch of the left coronary, and coronary arteriosclerosis.

Deceased is survived by his wife, Eleanor; sons, Ronald and James; and brothers, Robert of Dassel, Minnesota, Chester of Minneapolis, and Jack of Minneapolis, and Herbert of St. Paul.

REMARKS

This case was reported to the Coroner's Office at 11:30 a.m. on February 16th, 1962, by police.

Deceased was known to have a heart disease and had been cared for by Dr. Frank Martin for a year, but not for the past several months. At approximately 11:09 a.m. on February 16th, 1962, he came into the house from shoveling snow, sat down in a chair and expired. Mrs. Angel summoned assistance and police officers Tovsen and Alford of squad 163 and Workcuff of #496 responded.

ALBERT ANGEL - continued

The deputy coroner on this case viewed the body. There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease.

Deceased is survived by his wife, Ellen, and son, Eldon; a sister, Mrs. Annie Dahl; and one grandchild.

The deputy coroner released the body from the premises to a funeral director.

REMARKS

This case was reported to the Coroner's Office at 1:45 p.m. on February 16th, 1962, by police.

Mrs. Sampair stated she was up on the roof of their home to clear the gutters of ice the afternoon of February 16th, 1962, when her husband went into the house and then she went in to investigate a noise she had heard. She found deceased lying at the foot of the basement stairs, face down, feet near the first step. She summoned assistance and police officers Ven Devere and Newham of squad 152 responded and were at the scene when the deputy coroner arrived.

VERNON D. SAMPAIR - continued

The deputy coroner on the case viewed the body of this elderly obese man clad in outdoor clothing, lying on the basement stairs. There were bruises on the right side of his head. There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease.

Mrs. Sampair reported that deceased had been under the care of a Dr. Ralph Buesgens of Waterville, Minnesota, and had been taking medications from this doctor almost every night. He had, however, not been seen for several months. In 1954, she stated, he was hospitalized at St. Mary's by Dr. Horatio Sweetser, and once again at the same hospital at a later date - for a coronary attack.

Mrs. Sampair was opposed to an autopsy.

The remains were released directly from the home to a funeral director.

Deceased is survived by his wife, Myrtle V.; two sisters, Mrs. John Brumbley of Compton, California; two brothers, Richard and Bernard, both of Howuiam, Washington.

REMARKS

This case was reported to the Coroner's Office at 5:20 p.m. on February 16th, 1962, by Dr. Clinton Berg, GR 4-8822.

Deceased had complained of gas pains and indigestion all day on February 16th, and was lying on a couch in the livingroom when he suddenly collapsed and expired. Dr. Clinton Berg was called, but deceased had already expired when he arrived.

GEORGE A. BOGLE - continued

The deputy coroner on this case viewed the body. There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease, at about 4:45 p.m.

Deceased's wife was opposed to an autopsy.

Deceased is survived by his wife, Hazel, a son, Jack L. of Minnetonka Village; grandson, Peter; Niece, Mrs. Arthur (Betty) Hejam of Minneapolis.

REMARKS

This case was reported to the Coroner's Office at 7:55 p.m. on February 16th, 1962, by Dr. Burkmire, a Minneapolis General Hospital ambulance physician.

Deceased was injured several years ago, it was reported, and his health failed rapidly after that and he was hospitalized several times. He was discharged from the Veterans Hospital two weeks ago. He had complained of chest pains and collapsed at 7:30 p.m. on February 16th while watching television. Mrs. Doran summoned assistance and police officers D. Levens and G. Millman of squad 143 responded, followed by a Minneapolis General Hospital ambulance. Dr. Burkmire, the physician in attendance pronounced death.

ALFRED DORAN - continued

The deputy coroner on this case viewed the body. There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease.

The body was released from the premises directly to a mortician by the deputy coroner.

Deceased is survived by his wife, Lee Euna; sons, William D. and Al R. of Minneapolis; three grandchildren; two sisters; and two brothers.

REMARKS

This case was reported to the Coroner's Office at 9:50 a.m. on February 17th, 1962, by police.

At 9:35 a.m. on February 17th, 1962, Emily Walters, the executive housekeeper of the Minneapolis Club, secured a pass-key to deceased's room to check on her because she had not put in an appearance that morning. Deceased had last been seen at 10:00 p.m. the night before. The housekeeper found deceased unclothed floating in a bathtub and immediately called police. Officers Creighton and Longman of squad 117 responded and they in turn called squad 301. Upon investigation it appeared that deceased expired while preparing to bathe. There was nothing to indicate that she was the victim of foul play.

GERTRUDE BIRKAKER - continued

The deputy coroner at the scene found deceased unclothed, lying in the bathtub on her right side, with her feet out of the tub. There was 4+ rigor. It was reported that deceased had been in her usual apparent good health when last seen at 10:00 p.m. the previous night.

Deceased's room was sealed and her remains were taken to the Hennepin County Morgue and later released to a funeral director.

An autopsy was performed at the morgue on February 17th, 1962. This revealed that death was due to drowning due to submersion in the bathtub. There were first and second degree burns over her entire body surface due to submersion in hot water in the bathtub. There was bilateral pulmonary congestion and edema, bilateral pleural effusions, minimal arteriosclerotic coronary disease, early congestion of the liver, congestion of the spleen, diverticula of colon, and cortical atrophy of both cerebral hemispheres.

Deceased is survived by two nephews, Ollie Birkaker and Howard Hesse, both of Minneapolis, and other relatives in Beraka, Norway.

REMARKS

This case was reported to the Coroner's Office at 8:25 p.m. on February 17th, 1962, by the St. Louis Park Police.

At 8:15 p.m. on February 17th, 1962, deceased, a pedestrian, was crossing Minnetonka Boulevard from in front of his residence, 4325 Minnetonka Boulevard, where there were no crosswalks, when he was struck by a 1954 blue Chevrolet four-door bearing 1961 license plate (Minnesota) MR-7427, owned by Reverd Shink of 2728 Jersey Avenue and being driven by Marlowe Bodene, 17, of 2701 Kentucky Avenue, St. Louis Park, East on Minnetonka on the inside lane. The weather was clear, dry, and it was dark. The roadway was straight, dry, and had no defects. The driver of the vehicle stated he did not see deceased until just before he was struck.

Traffic officers R. Standal, Dean, and E. Thompson of the St. Louis Park police investigated this accident.

MENAHEM HEILICHER - continued

The deputy coroner on this case found deceased lying face down facing east in the middle of the highway in front of 2815 Minnetonka Boulevard. Apparently he expired almost immediately.

The remains were taken to the Hennepin County Morgue, where an autopsy was performed the following day. This revealed the cause of death was severe cerebral contusion and lacerations due to severe comminuted skull fracture; fracture of the sixth cervicle vertebra; and compound fracture of tibia and fibula, bilateral. There was also a lacerated spleen and fractures of the first and second ribs, right.

Deceased is survived by his wife, Dora; sons, Amos and Daniel of Minneapolis; a sister, Mrs. Gita Schecter of New York City; five grandchildren.

REMARKS

This case was reported to the Coroner's Office at 11:10 a.m. on February 19th, 1962 by police.

Deceased was found at 10:30 a.m. on February 19th, 1962, apparently dead, by Orville Knutson, of 1519 18th Street N. E., when he came to see the man.

Police officers Creighton and Peterson of squad #117 were at the scene when the deputy coroner on this case arrived.

ALBERT WOKMUNSKI - continued

Deceased was lying on his back on the floor, fully clothed. The body was still warm and there was early rigor. There was no evidence of trauma. A half-filled pint bottle of rubbing alcohol was found under a table in the room.

Mr. Knutson stated he had been drinking with deceased the night before and deceased stated at that time that he did not feel well.

The remains were taken to the Hennepin County Morgue.

An autopsy performed at the morgue later that day revealed pulmonary congestion and early bronchopneumonia, central lobular degeneration of the liver, ascites and peripheral edema.

The names of survivors are not known to this office, with the exception of Mrs. Steve Wokmunski.

REMARKS

This case was reported to the Coroner's Office at 11:45 a.m. on February 19th, 1962, by police.

The mother of this baby is a technician for Dr. Steidl in the Bi-Chemistry Department at the University of Minnesota Hospital and the father is a student at the University. The baby was cared for by Mrs. Louis Chavez during the parents' absence. Mrs. Chavez found the baby dead at 11:20 a.m. on February 19th, 1962, when she went in to check on him. She had seen him apparently well a short time before. She called for assistance and police officers D. Switzer and L. Guzek of squad 123 and a Minneapolis General Hospital ambulance responded. Dr. Christensen, the ambulance physician, pronounced the baby dead at 11:24 a.m.

MARK ANTHONY SUTTON - continued

The deceased was taken to the Hennepin County Morgue, where an autopsy was performed later that day at the request of both of the parents. This revealed that death was caused by pulmonary congestion and edema, etiology unknown.

Mrs. Sutton stated she had considered her baby perfectly well when she left home for work. This baby was one of a group which the Pediatrics Service at the University was studying. It was reported that he had had a polio shot two days ago.

Except for his parents, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 4:05 p.m. on February 19th, 1962, by police.

At 3:45 p.m. on February 19th, 1962, Ordel Thompson, caretaker of the building in which deceased resided, who also resides at the same address, called police. He stated deceased's television had been on all night and all day. He was unable to get a response to his rapping so used a pass-key to gain entrance. Deceased was found naked in bed, and had expired. It was reported that he had not been seen since Friday, February 16th.

Police officers Fuehrer and Benan of squad 153 answered the call and notified this office.

ELMER T. MOSBY - continued

The deputy coroner on this case viewed the body. There was no indication of other than a natural death, which was attributed to arteriosclerotic heart disease. The remains were taken to the Hennepin County Morgue, later identified by Oscar Mosby, brother of deceased, who made funeral arrangements.

Deceased is survived by three sisters, Mrs. Martin Amanda Erickson, of Eldorado, Iowa, Mrs. Bertha Rutz of Minneapolis and Mrs. Agnes Halverson of Pella, Iowa; and his brother, Oscar, of Minneapolis.

REMARKS

This case was reported to the Coroner's Office at 4:35 p.m. on February 19th, 1962, by police.

Deceased had not been under a doctor's care for a long time. He had been shoveling snow the afternoon of February 19th when he became ill. He had vomited on the front door step and in the bathroom. At 4:30 p.m. he was found dead while sitting up on the davenport in the livingroom of his daughter's home by his son-in-law, Ervin Westby. Dr. James Dahl was called and, upon his arrival, stated deceased had already expired.

WILLIAM JOSEPH McDUNN - continued

The deputy coroner on this case found deceased lying on the livingroom davenport dressed in house clothes. There was no indication of other than a natural cause of death. Death was attributed to arteriosclerotic heart disease.

The body was released directly from the premises to a mortician.

Except for his daughter, Mrs. Ervin Westby, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 7:30 p.m. on February 19th, 1962, by Dr. Edmund P. Murphy, 5238 Excelsior Boulevard.

Deceased, allegedly a spastic since she was eight months old, was a patient of Dr. A. J. Greenberg, who had her taking dilantin and mebarol. Four months ago she delivered a child at full term. She was found in an unresponsive condition by her husband at 7:00 p.m. on February 19th when he returned home from work. Dr. Greenberg could not be reached immediately so Mr. Haataja contacted Dr. Murphy, who came to the home and pronounced death.

JUDITH ELEANOR HAATAJA - continued

The deputy coroner at the scene viewed the body of deceased, which was lying face downward across her bed. There were no signs of violence. Dr. Greenberg requested a post mortem examination and the husband of deceased agreed. The remains were accordingly taken to the Hennepin County Morgue.

An autopsy at the morgue on February 20th, 1962, revealed that death was due to status epilepticus with encephalomalacia secondary to birth anoxia.

Deceased is survived by her husband, Allen; a daughter, Gerrie Ann; her father, Ben Mayeron; and a sister, Mrs. Steve Solomon.

REMARKS

This case was reported to the Coroner's Office at 4:00 a.m. on February 20th, 1962, by the Robbinsdale police.

Deceased, a long time alcoholic, had developed cirrhosis of the liver as a result of the alcoholism. He had been a patient of Dr. Roy Sullivan, it was reported, but had not seen this doctor for some time. Apparently he had decided to go to the bathroom early in the morning when he fell to the bedroom floor. His wife was awakened and called for assistance. Dr. Cruz, who came with a North Memorial Hospital ambulance, pronounced the man dead on arrival at 3:00 a.m.

Police officers Burns and Ackerman of the Robbinsdale force were at the scene.

MARK E. O'NEIL - continued

The deputy coroner on this case viewed the naked body of deceased lying on the bedroom floor. There were no unusual marks on his body, and no indication of other than a natural cause of death. Death, which occurred at about 3:00 a.m. on February 20th, 1962, was attributed to cirrhosis of the liver with ascites.

The remains were released directly from the home to a mortician by the deputy coroner.

Deceased is survived by his wife, Florence A.; a son, Robert P.; and his father, Edward F. all of Minneapolis; and a brother, Paul J. of Milwaukee.

REMARKS

This case was reported to the Coroner's Office at 7:10 a.m. on February 20th, 1962, by Deaconess Hospital.

Deceased was admitted to Deaconess Hospital at 7:00 p.m. on February 18th, 1962, from the Ebenezer Home with a fractured hip, and was to have surgery on the morning of February 20th for the hip. He was found moribund early in the morning by a resident physician, and declared dead at 6:45 a.m.

It was reported that deceased had been under the care of Dr. John O'Hanlon (WA 6-5803) intermittently, but not for coronary artery disease.

MARTIN M. JACOBSON- continued

An autopsy was performed at the hospital on February 20th, 1962. This revealed hypostatic pneumonia, bilateral; intertrochanteric fracture of the left hip; generalized arteriosclerosis; pulmonary tuberculosis of the left apex, old; and passive congestion of the lungs, liver, and spleen.

Deceased is survived by his wife, Anna S.; three sons, Boyd K., Keith E., both of Minneapolis, and Derwin E. of Los Angeles; six grandchildren; five great-grandchildren; five sisters, Mrs. Ovedia Gaalaas of Minneapolis, Miss Pearl Jacobson of Des Moines, Iowa, Mrs. Julia Hanson of Tucson, Arizona, Mrs. Nina Paulson of Owatonna, and Mrs. Dena Querna of Albert Lea; and two brothers, Morris of Owatonna and Chris of Roosevelt, Minnesota.

REMARKS

This case was reported to the Coroner's Office at 7:05 p.m. on February 20th, 1962, by police.

At 7:50 a.m. on Wednesday, February 7th, 1962, deceased, a pedestrian on her way to work, was injured as she was about to board a bus owned by the Twin City Rapid Transit Company, 3100 Nicollet, bearing 1962 Minnesota license number BTC, and being driven north on Hennepin Avenue by Lloyd Charles Boe, 59, 3357 Vincent Avenue North, at 16th and Hennepin. Deceased was going for the bus and stated the driver closed the gates in her face and drove the right front wheel over her foot. Traffic officer Baker, badge #313, investigated the accident.

NELLIE DOMISH - continued

It was reported that someone took her to her home close by, and later in the day her nephew, William Johnson, 3743 Oliver Avenue North (JA 2-0739) drove her in his car to North Memorial Hospital where she was admitted at 8:15 p.m. under the care of Dr. Donald B. Hulteng, who is on the staff at that hospital. X-rays revealed multiple fractures of the toes of the right foot, and fracture of the fourth metatarsal. Dr. Hulteng stated she also had a bruise on one arm. She had an uneventful hospitalization and was discharged at 5:15 p.m. on February 20th, 1962.

Deceased was being carried into her apartment by her nephew, William Johnson, when she became comatose and rapidly expired in the front room. A rescue squad and Minneapolis General Hospital ambulance were called, but she was declared dead on arrival by the ambulance doctor at 6:55 p.m.

Police officers McCarthy and Bendt of squad 119 were at the scene when the deputy coroner on the case arrived.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

An autopsy at the morgue on February 21st, 1962, revealed that death was due to massive bilateral pulmonary embolism due to thrombosis of right femoral and iliac veins. Right pulmonary bronchial carcinoma with bilateral carcinomatosis were contributing factors.

Deceased is survived by a brother, Frank, and a sister, Mrs. Catherine Johneon, both of Minneapolis; her nephew, William Johnson and other nephews and nieces.

REMARKS

This case was reported to the Coroner's Office at 8:30 p.m. on February 20th, 1962, by police.

At 8:00 p.m. on February 20th, 1962, deceased was out for a walk with Clayton Frigard, 516 South 10th, at whose apartment he had been visiting, when he collapsed on the sidewalk in front of 1349 Nicollet. Mr. Frigard summoned assistance and police officers Bendt and McCarthy of squad 119 and a Minneapolis General Hospital ambulance with Dr. Berkemeyer aboard responded. Dr. Berkemeyer pronounced the man dead on arrival.

JAY O'CONNOR a/k/a JOHN J. O'CONNOR - continued

Deceased allegedly had had an electrocardiogram today at the Minneapolis General Hospital. He had a history of care for valvular heart disease, angina, with irregular electrocardiograms at the General Hospital.

The deputy coroner on the case viewed the body lying on his back on the sidewalk. There was no evidence of trauma. The body was still warm.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Deceased is survived by a sister, Mrs. Edward A. Gill, and three nephews.

REMARKS

This case was reported to the Coroner's Office at 12:50 a.m. on February 21st, by Dr. Robert D. Semsch.

Deceased appeared well until between 6:00 and 7:00 p.m. on February 20th, 1962, when he became feverish and felt sick. About 10:00 p.m. his breathing became noisy and difficult. He was seen by Dr. Semsch about 11:45 p.m., who noted marked dyspnea and poor color. While being examined, deceased vomited blood and his heart arrested. Closed cardiac massage and resuscitation were attempted and the police rescue squad assisted, but without success. The child was pronounced dead at 12:40 a.m. on February 21st, 1962.

The remains were taken to the Hennepin County Morgue, where an autopsy was performed later that day. This revealed that death was due to asphyxiation, secondary to epiglottis and laryngeal edema.

JEFFREY WILLIAM CARLSON - continued

Deceased is survived by his parents, Mr. and Mrs. Duweyn P. Carlson; a brother, Dale; and grandparents, Mrs. William H. Beck of Seekank, Massachusetts, and Mr. and Mrs. Carl A. Carlson of Grand Rapids, Minnesota.

REMARKS

This case was reported to the Coroner's Office at 5:00 p.m. on February 21st, 1962, by police.

Deceased had a history of care for a heart condition under Dr. Morris L. Cable, having last seen him in 1959. At 4:30 p.m. on February 21st, 1962, Walter Lortis, her son-in-law, of 7521 Wentworth Avenue South dropped in to see her and found her lying on the diningroom floor and not breathing. Being unable to reach Dr. Cable, he summoned a rescue squad. Police officers Anderson and Homstad of squad 164 were also at the scene. Attempts at resuscitation were unsuccessful and Dr. Crosson from Minneapolis General Hospital, who had come via James Ambulance, pronounced death.

ANNIE E. OLSON - continued

A neighbor reported having seen deceased at 3:15 p.m. and she reported that deceased appeared to be in her usual state of health at that time.

The deputy coroner at the scene viewed the body. There was no indication that death had been due to other than natural causes and it was attributed to arteriosclerotic heart disease.

The body was released by the deputy coroner directly from the premises to a mortician.

Deceased is survived by four sons, Harold and Arnold of Minneapolis, George of South Pasadena, California, and Harvey Peterson of New Richland, Minnesota; four daughters, Mrs. Margaret Robillard and Mrs. Joyce Lortis of Minneapolis, Mrs. Elsie Nelson of Fort Riley, Kansas, and Mrs. Charlotte Jensen of the Williams Air Force Base, Arizona; and five brothers and two sisters in Sweden.

REMARKS

This case was reported to the Coroner's Office at 7:20 p.m. on February 21st, 1962 by police.

According to deceased's daughter, Carole Thompson, who resides at the same address, her father had been under the care of a Dr. Roberts three or four years ago and treated for stomach ulcers and found to have abnormal electrocardiograms during a hospitalization at the St. Andrews Hospital. She stated she did not believe he had seen a doctor since that time and that he had not been feeling well since the first of the year.

WILLIAM H. HAWKINS - continued

Three boys, including her son Gary, 15, had asked whether they could shovel the walk and were directed by Carole to ask her father who was in the garage. Deceased had moved his car at 6:00 p.m. this day, February 21st, 1962, from the front of the house to the garage. Apparently he had shoveled snow from in front of the garage and opened the doors and collapsed inside. It was then 7:00 p.m. and the boys found deceased on the garage floor. Gary ran to get his father, Mike Thompson, and the two carried deceased into the house.

A Minneapolis General Hospital ambulance and rescue squad answered a call for assistance and Dr. Christiansen, the ambulance physician, pronounced death.

Police officers D. A. Johnson and Rood of Squad #145 were at the scene.

The deputy coroner on the case viewed the body. There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease. The remains were released directly from the premises to a mortician.

Deceased is survived by daughters, Mrs. James (Harlene) Swenson, Mrs. Michael (Carole) Thompson, both of Minneapolis; parents, Mr. and Mrs. Arthur Hawkins of Minneapolis; sisters, Mrs. Celestine Lee, Mrs. Josephine Stack, and Mrs. Luella Morris, all of Minneapolis; and five grandchildren.

REMARKS

This case was reported to the Coroner's Office at 9:30 a.m. on February 22nd, 1962 by police.

Deceased, a resident of the Mission Farm, was sitting in the bus depot on the morning of February 22nd, 1962, when he collapsed and expired.

At 9:15 a.m. when the assistant station manager, W. A. Nordrum, noted that deceased was unresponsive he called for assistance. Police officers Morse and Moen of squad 119 responded, followed by a Minneapolis General Hospital ambulance. Dr. Christensen, the physician in attendance, pronounced the man dead on arrival.

JOHN WALDORF - continued

The deputy coroner at the scene stated deceased was slumped in a chair and apparently had been sitting still for some time. Clear fluid was dripping from his nose. There was no indication that death was not due to natural causes. Death was attributed to arteriosclerotic heart disese.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 9:55 a.m. on February 22nd, 1962, by the Deaconess Hospital.

Deceased was brought to the Deaconess Hospital by ambulance but was pronounced dead on arrival, at 9:30 a.m. on February 22nd, 1962. She had been under the care of Dr.S. Thorson for hypertension and coronary disease, but had not been seen during the past year by him.

PAULINE EDVARTSEN - continued

The deputy coroner on this case viewed the body. There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease and hypertensive cardiovascular disease.

The remains were released at the scene to a mortician.

Deceased is survived by her husband, Hans K.; two sons, Robert L. of Minneapolis and Edward H. of Los Angeles, California; and two brothers in Norway.

REMARKS

This case was reported to the Coroner's Office at 11:55 a.m. on February 22nd, 1962, by the Sheriff's Office.

Deceased was supposed to go to work at 6:00 a.m., but was found dead on the driveway of his home. He had been shoveling his car out of the snow. A Dr. Berg from Excelsior was summoned, but he stated the man had already expired.

The body was released directly from the premises to a funeral director.

OLAF PETER JURGENS - continued

The deputy coroner on this case viewed the body. There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease.

Deceased is survived by his wife, Gina; a daughter, Mrs. Roger (Joan) Bradfield of Golden Valley; a son, John, of Palo Alto, California; brothers, George Jorgensen of Dearborn, Michigan, and Alf of Norway; sisters, Mrs. Engvold (Anna) Kittelsen and Mrs. Azora Halvorson both of Norway; and five grandchildren.

REMARKS

This case was reported to the Coroner's Office at 7:00 p.m. on February 22nd, 1962, by police.

Deceased allegedly had not been under a doctor's care in Minneapolis. He was a diabetic and had taken insulin for three or four years, but he did not have a history of heart disease. He was shoveling snow at the back of his home the evening of February 22nd, and had been out for a half hour. A friend, Mr. Henry Bowman of 2447 Bryant, went out to check and found deceased slumped behind the wheel of his car with the door open, the key turned on but the motor not running.

CARL BEHL - continued

A call for assistance brought police officers Shumway and Kaminski of squad 118 and a Minneapolis General Hospital ambulance and rescue squad. Dr. Hoggatt, the ambulance physician, pronounced death at 6:45 p.m.

The deputy coroner at the scene viewed the body. There was no indication of other than a natural cause of death. Deceased's family wished that an autopsy be performed to determine the cause of death and the remains were accordingly taken to the Hennepin County Morgue.

An autopsy was performed at the morgue on February 23rd, 1962. This revealed that death was due to acute myocardial infarction secondary to arteriosclerotic heart disease.

With the exception of his wife, Emma, the names of deceased's survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 10:15 p.m. on February 23rd, 1962, by Dr. Wilford F. Widen.

Deceased appeared to be quite ill as she was sitting on the edge of her bed at about 9:45 p.m. on February 23rd, 1962. Someone across the hall went to her assistance when she began to vomit. Dr. Widen, who had cared for deceased for some time but had not taken care of her personally in recent months, was called, and he pronounced death at 10:00 p.m.

The deputy coroner on the case viewed the body. There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease.

SADIE JUDD - continued

The remains were released from the premises to a mortician.

Deceased's son, Ralph C. Judd, was opposed to an autopsy.

Deceased is survived by a daughter, Mrs. Grace McCarron of Minneapolis; a son, Ralph C. of St. Paul; a brother, Wesley Pushor of Cyrus, Minnesota; six grandchildren; and twelve great-grandchildren.

REMARKS

This case was reported to the Coroner's Office at 2:10 a.m. on February 23rd, 1962 by the North Memorial Hospital.

At 11:00 p.m. on February 14th, 1962, Mrs. L. D. Cutter, mother of deceased, accompanied by her son, Leeds, the deceased, and others who had accompanied them to a program at the Minneapolis Institute of Arts, was involved in a three car accident at highway 10 approximately 900 feet west of Lily Street, Coon Rapids, Anoka County, Minnesota.

LEEDS DARRAH CUTTER - continued

According to reports received, it happened this way: A car driven by Paul O. Cady, 21, Route #1, Osseo, skidded across the highway and collided head-on with a semi-trailer truck driven by Wayne Lear, 36, of Lincoln, Nebraska. Lear was not injured.

After the impact, the Cady car bounced into the path of Mrs. Cutter's station wagon, resulting in the deathsof Mrs. Margaret E. DeLong, 41, of 1615 3rd Ave. S., Anoka, a passenger in the Cutter vehicle, and James W. Peterson, 22, of 2206 Green Avenue, Anoka, a passenger in the Cady car; the hospitalization of six others; and both the Cady and Cutter vehicles being nearly completely demolished.

Deceased and his mother, Mrs. Helen M. Cutter, and Paul Cady were hospitalized from the scene at North Memorial Hospital in serious condition. Mrs. Julian Schmidt, 40, of 1570 6th Ave. S., Anoka, Mrs. Gladys Thurston, 50, of 440 Rice Street, and Mrs. Phyllis Jablonski, 42, of 1005 3rd Ave. S., Anoka, were reported in critical condition.

Deceased expired at the hospital at 1:10 a.m. on February 23rd, 1962.

An autopsy was performed at the hospital later that day. This revealed that the cause of death was cerebral trauma secondary to multiple basal skull fractures. There was also lacerated right adrenal with retroperitoneal hemorrhage, massive pulmonary edema, infarctions, and pneumonitis, right hemothorax, due to right seventh rib fracture, and lacerated right lung due to rib fracture.

Except for his mother, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 7:30 a.m. on February 23rd, 1962, by police.

Deceased, who was born at St. Francis Hospital in Breckenridge, Minnesota, had apparently been healthy since birth. She was put to bed on her stomach after her midnight feeding and found cold, stiff, and not breathing at 7:00 a.m. on February 23rd. A rescue squad, Minneapolis General Hospital ambulance, and police officers Edw. Gunderson and George Dols of squad 132 came in response to a call for help. Dr. Birkmeyer, the ambulance physician, pronounced the baby dead on arrival.

SHEILA F. SIMLE - continued

The deceased was taken to the Hennepin County Morgue, where an autopsy was performed the following day. This revealed that death was due to pulmonary congestion and edema associated with tracheobronchitis.

Except for her parents, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 9:40 a.m. on February 23rd, 1962, by police.

Deceased, whose home was in Luck, Wisconsin, was staying with Mrs. Margaret Dupuis of 3232 Grand Avenue, where he was going to do some carpenter work. At about 9:25 the morning of February 23rd, Mrs. Dupuis, who was to take deceased in her car to a lumber yard, was opening the car door for him when he collapsed to the ground and expired. Police officers Nichols and Suek of squad 151 and a Minneapolis General Hospital ambulance answered a call for assistance. Dr. Christianson, the ambulance physician, pronounced the man dead at 9:35 a.m.

LOUIS PEARSON - continued

The deputy coroner at the scene viewed the body of deceased. There was no indication of other than a natural cause of death, which was ascribed to arteriosclerotic heart disease. The remains were taken to the Hennepin County Morgue pending funeral arrangements.

It was reported that deceased had been hospitalized at Abbott Hospital in 1961 under the care of Dr. Fisher and Dr. Moore in Frederick, Wisconsin.

Deceased is survived by a daughter, Mrs. Ed Matz of Frederick, Wisconsin; four grandchildren; and a sister, Mrs. Edith Anderson.

REMARKS

This case was reported to the Coroner's Office at 8:40 a.m. on February 23rd, 1962, by St. Mary's Hospital.

On February 22nd, 1962, at 3:30 p.m., deceased, who was on her way to visit her grandmother, ran out of the driveway at 1315 42nd Ave. N. E. into the side of a car being driven by Mrs. Cora M. Biernat, 31, of 4154 Reservoir Drive, Columbia Heights, slipped under the car, and was dragged a short distance.

TERESA ANN KOLLAR - continued

Columbia Heights firemen, Donald Hanson and Captain Darold Shafer, gave the child oxygen at the scene. She was admitted to St. Mary's Hospital in Minneapolis with head injuries at about 4:00 p.m. that day and expired at 1:05 a.m. the next day, February 23rd, 1962.

An autopsy was performed at the hospital later that day. Death was due to skull fracture with massive cerebral cortical contusions.

Deceased is survived by her parents, Mr. and Mrs. Donald Kollar; three brothers, Paul, Mike and Richard; grandparents, Mr. and Mrs. John P. Kollar of Minneapolis and Mr. and Mrs. George Metro of Columbia Heights; and great-grandparents, Mr. and Mrs. Andrew Kollar, Sr., of Minneapolis.

REMARKS

This case was reported to the Coroner's Office at 9:20 a.m. on February 23rd, 1962, by Receiving at the Minneapolis General Hospital.

Deceased was brought into the emergency room in Receiving at 6:50 a.m. on February 23rd by police and ambulance. At that time he had a good blood pressure and pulse. He was reported to have a history of hospitalization and treatment for tuberculosis at the Veterans Hospital, but had left there AWOL. Apparently it was not possible to arrange for readmittance to the Veterans, so arrangements were made for admission at the Minneapolis General Hospital. While he was being x-rayed, deceased became progressively cyanotic and expired, at 9:02 a.m.

CALVIN NICHOLAS - continued

An autopsy was performed at the hospital later that day. This revealed lobar pneumonia, right upper lobe; bilateral pulmonary edema and congestion; caseous lymph node, right hilum; adhesive pericarditis, acute; hepatomegaly with cirrhosis of liver; jaundice; tracheobronchitis; edema of kidneys; testicular atrophy; and emphysema of the right upper lobes of lungs, bilateral.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 3:35 p.m. on February 23rd, 1962, by police.

At 3:30 p.m. on February 23rd, 1962, deceased was driving a 1956 Plymouth Belvedere four-door sedan bearing Minnesota 1961 license number 505985, when he apparently had a heart attack. It was reported that his car damaged three other cars.

JAMES BOE PETERSEN - continued

Police officers Hawkinson and Vic were at the scene when the morgue attendant and the deputy coroner on the case arrived. Deceased was found slumped across the front seat of his car, dressed in outdoor clothing, including a topcoat.

The remains were taken to the Hennepin County Morgue, where an autopsy was performed the following day. This revealed that death was due to acute congestive heart failure secondary to coronary sclerosis, severe.

The survivors are his wife, Agnes; a son, Robert E.; daughter, Mrs. Richard (Alyce) Rozek; four grandchildren; a brother, Martin; and a sister, Mrs. Cora Tomlinson.

REMARKS

This case was reported to the Coroner's Office at 8:15 a.m. on February 24th, 1962, by Dr. R. E. Wilson of the Bloomington Clinic.

Deceased had no medical history, had never been hospitalized nor under a doctor's care. In fact it was reported that he "never had a sick day in his life." His daughter, with whom he made his home, said he had not been complaining of any specific symptoms. He retired on the evening of February 23rd, 1962, at his usual time, uncomplaining, and peacefully passed away in his sleep. He was found at 7:30 a.m. by his daughter, Mrs. Alfred Anderson, who called Dr. R. E. Wilson of the Bloomington Clinic, who confirmed death.

Police officers Johnson and Gravem of squad 164 were at the scene.

CHARLES TOLONEN - continued

The deputy coroner on this case viewed the body. There was no indication of other than a natural cause of death, which was ascribed to arteriosclerotic heart disease. The remains were released from the home to a mortician.

Deceased's family were opposed to an autopsy.

Except for his daughter, the names of survivors, if any, are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 1:45 p.m. on February 24th, 1962, by a Dr. Duryea.

Dr. Duryea had not seen the deceased as a patient for several years. Deceased's family are Christian Scientists. He had been complaining of some weakness and pain in his stomach for several days. On the morning of February 24th he began having shortness of breath, and the condition became progressively worse and he was having trouble with secretions from his mouth. Dr. Duryea was called, but deceased expired suddenly, at 1:30 p.m., before the arrival of the doctor.

ANTHONY J. NICHOLS - continued

The deputy coroner at the scene viewed the body. There was no indication of other than a natural cause of death, which was ascribed to arteriosclerotic heart disease.

The family was opposed to an autopsy.

Deceased is survived by a daughter, Mrs. Howard A. Rowem 4801 Florida Avenue North.

REMARKS

This case was reported to the Coroner's Office at 3:25 a.m. on February 25th, 1962, by police.

It was reported that deceased had been cared for some time ago by Dr. John E. Teisberg, St. Paul, but not in recent months and not for heart trouble. For a few nights he had been having pain across his shoulders and shortness of breath and awakened in the night because of the shortness of breath. The night of February 24th he had the pain again and shortness of breath, and sat up for a while until the pain decreased, and then returned to bed. Mrs. Schuler later awoke and found deceased unresponsive. Police officers Hendricks and Fristrom of squad 151 and a Minneapolis General Hospital Ambulance came in response to a call for assistance. Dr. Crosson, the ambulance physician, pronounced deceased dead on arrival at 3:15 a.m.

AUSTIN RAYMOND SCHULER - continued

The deputy coroner at the scene viewed the body. There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease.

Mrs. Schuler was opposed to an autopsy.

The remains were released directly from the home to a mortician.

Deceased is survived by his wife, Myrtle, and three sisters, Edna of Chicago, Mrs. Ethel Kridler of Cedar Rapids, Iowa, and Mrs. Gertrude McClanahan of Beverly Hills, California.

REMARKS

This case was reported to the Coroner's Office at 6:30 p.m. on February 25th, 1962, by Dr. William E. Proffitt.

It was reported that deceased had not been under a doctor's care. On the evening of February 25th, 1962, he walked the few blocks to his son-in-law's for supper. After supper, at his request, he was given some tums for heartburn. Shortly afterwards he became short of breath, fell from his chair, and expired. Dr. Proffitt was called, who also summoned an ambulance, and deceased was pronounced dead on arrival at 6:00 p.m. by the doctor.

ADOLPH WILLIAM ALTHOFF - continued

The deputy coroner at the scene viewed the body. There was no indication of other than a natural cause of death. The remains were taken to the Hennepin County Morgue at the request of the family, who were desirous of having an autopsy performed.

An autopsy was performed at the morgue on February 26th, 1962. This revealed that death was due to acute pulmonary edema and congestion secondary to arteriosclerotic heart disease.

Deceased is survived by his wife, Frances; son, Aloysius and daughter, Mrs. Albert (Frances) Thies, both of Minneapolis; seven grandchildren; one sister and six brothers.

REMARKS

This case was reported to the Coroner's Office at 7:45 p.m. on February 25th, 1962, by Dr. A. N. Bessessen, Jr., TA 4-5634.

Deceased, a resident of Joplin, Missouri, who had been staying at the Minnesotan Hotel, Room 408, was admitted to the Asbury Hospital at 4:45 p.m. on February 25th, 1962, by Dr. Bessessen, who had never seen the man. The deceased stated that he had been drinking heavily for a week and now had vomited blood. He was given sedatives and routine care at the hospital and had no further vomiting. He was found to be cyanotic shortly after 7:00 p.m. and expired at 7:15 p.m. According to Dr. Bessessen, prior to 7:00 p.m. deceased's vital signs had been stable.

RICK M. JERNIGAN, JR. - a/k/a ROSCOE MARTIN - continued

There was no previous medical history on deceased.

The deputy coroner on this case examined the body. There was no indication of other than a natural cause of death. The remains were taken to the Hennepin County Morgue.

An autopsy performed at the morgue the next day, February 26th, 1962, revealed that death was due to pulmonary edema and congestion secondary to aspiration of stomach contents, alcohol intoxication being a contributing factor. The toxicologist's analysis of deceased's blood revealed 0.17% alcohol by weight.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 9:40 p.m. on February 25th, 1962, by police.

At 9:35 p.m. on February 25th, 1962, deceased was talking with two friends, Ernest Gaudrean and Alvin Brockway, in the lobby of the Florence Hotel, 119 University Avenue Southeast, where he lived, when he suddenly became very dyspneic, doubled up, and collapsed. Mr. Brockway called Minneapolis General Hospital for an ambulance and was instructed to lay deceased flat on his back on the floor until the ambulance arrived. Dr. G. N. Christensen, the ambulance physician, pronounced the man dead on arrival.

ARTHUR RAYMOND KRENZ - continued

Police officers C. A. Petersen and M. Trymucha were at the scene when the deputy coroner on the case arrived. These officers are on squad 125.

The deputy coroner reported finding deceased lying on the floor of the hotel lobby. There were no signs of violence and no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease.

Deceased had a history of care at the Minneapolis General Hospital for asthma and medications for that condition were found in his room.

The remains were taken to the Hennepin County Morgue pending funeral arrangements.

Deceased is survived by a son, Arthur R. Krenz, and a brother. The names of survivors, other than the son, are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 9:30 a.m. on February 26th, 1962, by the LaSalle Rest Home.

Deceased was being helped into the car of a relative in the driveway at 3131 Belden Drive, Minneapolis, when she slipped and fell, sustaining a fracture of the left hip and neck of the left humerus on December 25th, 1961. She was removed to the Minneapolis General Hospital, being admitted on the date of injury.

EMMA CHARLOTTE STROM - continued

On December 26th, 1961, the fractured left hip was pinned. Deceased's hospital course was uneventful and she was subsequently discharged, on January 9th, 1962, to the LaSalle Rest Home for convalescent care. It was reported that she would not make the effort to try to get up out of bed, that she complained of being tired. She developed a number of decubital ulcers and her condition continued to deteriorate, death occurring at 10:45 a.m. on February 25th, 1962.

The deputy coroner on the case viewed the body. There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease, with fracture of the left hip and left humerus being contributing factors.

Deceased is survived by a daughter, Lillie Strom of 1417 First Avenue South, and a son, Edmond L. Strom of 5324 Tenth Avenue South, both of Minneapolis.

The remains were released by the deputy coroner directly from the scene to a mortician.

REMARKS

This case was reported to the Coroner's Office at 2:15 p.m. on February 26th, 1962, by the Crystal Village police.

Deceased had a history of care under a Dr. Stone, who had been treating her for high blood pressure, having last seen her on February 20, 1960.

On February 26th, 1962, deceased came in from shoveling snow, lay down on a couch and commenced breathing heavily. She suddenly rolled onto the floor where she expired at 2:00 p.m. Her husband, John A. Nelson, was with her at the time of her death.

SELMA DOROTHEA NELSON - continued

Police officer Tony Kastanos of the Crystal Village police department was at the scene when a deputy coroner arrived.

The deputy coroner at the scene viewed the body. There was no indication of other than a natural cause of death, which was attributed to hypertensive and arteriosclerotic heart disease.

Except for her husband, John A. Nelson, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 7:45 p.m. on February 27th, 1962, by police.

According to the police department the deceased lost control of his car, bearing license 3G1529, while driving on Bloomington Avenue, and struck two other cars that were stopped in the traffic lane ahead of him, shoving them across the intersection. He was found in an unresponsive condition at the wheel of his car. Police officers Eklo and Lanigan and a Minneapolis General Hospital ambulance responded to a call for assistance. The ambulance physician pronounced death upon his arrival at the scene at 7:15 p.m. on February 27th, 1962.

CHESTER LAYMAN WHITELEY - continued

Roger Lenius, 18, of 4140 29th Avenue South and Mary Robert Wilson, 46, of 4941 2nd Avenue South, were drivers of the cars shoved into the intersection by deceased's car.

The deputy coroner at the scene viewed the body of deceased in the front seat of his car. The remains were taken to the Hennepin County Morgue.

An autopsy at the morgue on February 28th, 1962, revealed that death was due to occlusion of the left coronary artery due to coronary arteriosclerosis and bronchopneumonia.

Deceased is survived by his wife, Agnes C.; two sons, John O. and J. Robert; four grandchildren; two brothers, Howard O. and Lawrence E.; and two sisters, Mrs. Margaret Jewell and Mrs. Marion Smith.

REMARKS

This case was reported to the Coroner's Office at 7:10 a.m. on February 28th, 1962, by police.

Deceased, who resided in St. Paul, had been cared for at Ancker Hospital in St. Paul, Ramsey County, under the care of a Dr. Ballman. He carried card #196732 for the out-patient department and had an appointment for late in March for treatment of coronary disease. At 5:30 a.m. on February 28th, 1962, while at the home of his sister, he awoke complaining of acute indigestion. His sister gave him some alka seltzer, but a short time later he collapsed to the livingroom floor and expired.

HENRY GREENMAN - continued

Police officers Stolp and Lundquist of squad 144 and a Minneapolis General Hospital ambulance answered a call for assistance. Dr. Kildare, the ambulance physician, pronounced the man dead at 6:00 a.m.

The deputy coroner on this case viewed the body. There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease. The remains were released from the scene directly to a mortician.

Deceased is survived by four sisters, Mrs. Louis B. Friedman and Mrs. David Menins of Minneapolis, and Mrs. Joseph Groll of St. Louis Park and Mrs. Morris Rothstein of St. Paul.

REMARKS

This case was reported to the Coroner's Office on February 28th, 1962, at 11:25 a.m. by the Swedish Hospital Concordia Coffee Shop.

On the morning of February 28th, 1962, deceased entered the Swedish Hospital Concordia Coffee Shop, sat on a stool at the counter, to have coffee. Apparently he had a sudden heart attack and fell from the stool to the floor. He was immediately pulseless. Dr. Henry Quist who happened to be in the coffee shop looking for a friend pronounced the man dead at 11:05 a.m.

Police officers Heinrichs and Longman of squad #132 were at the scene.

CLIFFORD F. WESTBERG - continued

Deceased was taken to an emergency health room close by so that the coffee shop could operate.

Since he was already in the hospital, Dr. Emerson E. Hoppes, one of the deputy coroners, was called. He viewed deceased lying on a treatment table in the health room. Deceased was dressed in outdoor clothing. There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease.

The remains were taken to the Hennepin County Coroner's Office and later released to a funeral director.

Deceased is survived by his wife, Agnes; a son, Jerome E.; his mother, Mrs. Anna Westberg; and a brother, Lester, all of Minneapolis.

REMARKS

This case was reported to the Hennepin County Coroner's Office at 11:45 a.m. on February 28th, 1962, by Mrs. A. Smith, 4227 - 4th Avenue South, TA 4-6322.

Deceased, who had come to Minneapolis to live three months ago, was driving a 1953 four-door Buick sedan bearing a District of Columbia license number AW-510, west on 43rd Street, when he collapsed behind the steering wheel and ran his car into a snow bank. Mrs. Smith was driving behind him and reported the incident.

Police officers Newham and VanDevere of squad 152 responded to the call.

JAMES G. MALORE - continued

The deputy coroner on this case viewed the body. There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease. The remains were taken to the Hennepin County Morgue and later released to a funeral director.

It was reported that deceased had a heart attack about a year ago and carried nitroglycerine pills on his person. He had been seen by a Dr. Franklin Seidel about ten days ago.

Deceased is survived by his widow, Margaret B., and a brother, Michael, in Greece.

REMARKS

This case was reported to the Coroner's Office at 12:10 p.m. on February 28th, 1962, by Mr. Candido Reyes, 1344 First Ave. South, the caretaker.

Deceased allegedly had been imbibing wine persistently for days and days without eating food and it was reported that he had told a friend that he intended to drink himself to death. He was last heard moving about in his room on February 27th, but a rap at the door at 10:30 p.m. by Mr. Reyes brought no answer. At 11:30 a.m. on February 28th, Mr. Reyes entered the room with a key and found deceased unresponsive on the floor.

Police officers D. Rolsing and D. E. Reynolds of squad 118 received a call at 11:44 a.m. and were at the scene when the deputy coroner on the case arrived.

HARRY B. IRWIN - continued

Deceased was lying on the floor, his body was quite stiff and some blood was seen at his nose. A card in his wallet listed the name of James Irwin, 3716 Ewing, Kansas City, Missouri, as the person to notify.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease and chronic alcoholism.

REMARKS

This case was reported to the Coroner's Office at 1:50 p.m. on February 28th, 1962, by Asbury Hospital.

At approximately 4:00 a.m. on January 21, 1962, deceased fell at her home and incurred a fracture of the right hip. Open reduction and interal fixation of the hip were done at Methodist Hospital on January 23rd, 1962, by Dr. H. E. Hoffert.

On February 13th, 1962, deceased was transferred to Asbury Hospital for convalescent care. She had a diagnosis of diabetes, arteriosclerotic heart disease with right bundle branch block, rheumatic valvular heart disease (suspected), rheumatoid arthritis, and generalized arteriosclerosis.

MINNIE RICHTER - continued

On February 21st, she developed signs of cerebral thrombosis. At this time she was attended by Drs. W. H. Rock and R. K. Rundquist, and Dr. Thomas D. Wright, consultant. She expired at Asbury Hospital, at 1:00 p.m. on February 28th, 1962.

Death was ruled an accident caused by cerebral thrombosis due to arteriosclerosis, diabetes mellitus, generalized arteriosclerosis, and fracture (intertrochanteric) of right hip.

Deceased is survived by her daughter, Mrs. Ruth James, and a son, Bernard, of Minneapolis.

REMARKS

This case was reported to the Coroner's Office at 2:15 p.m. on February 28th, 1962, by police.

At 2:00 p.m. on February 28th, 1962, deceased pulled a hose into a burning building at 3204 Second Street North and collapsed, presumably from a heart attack. Smoke was allegedly quite heavy but it was doubtful that deceased had been overcome by smoke, and he was not burned.

HENRY A. CRONE - continued

A Minneapolis General Hospital ambulance came to the scene and Dr. Christiansen, who was in attendance, pronounced death.

The deputy coroner on this case viewed the body of this heavy man and estimated his weight at about 220 lbs. There were no unusual marks on his body and he had not been burned. There was no indication of other than a natural cause of death.

The remains were taken to the Hennepin County Morgue, where an autopsy was performed later that day. This revealed that death was due to severe arteriosclerotic heart disease. The toxicologist's report of blood analysis was negative for alcohol and carbon monoxide.

Deceased is survived by his wife, Helen; three sons, James, Richard and Thomas; a daughter, Judith; two grandchildren; mother, Mrs. Lillian Crone; and brother, Howard.

REMARKS

This case was reported to the Coroner's Office at 2:55 p.m. on February 28th, 1962, by police.

Deceased went to visit Elsie Smith of the same address for a while the afternoon of February 28th and stated that she felt very ill. At 2:45 p.m. she collapsed while sitting in a chair and became unresponsive.

Police officers Suek and Nichols of squad 151 and a Minneapolis General Hospital ambulance answered a call for assistance. Dr. Christenson, the physician in attendance on the ambulance, pronounced death.

IDA MOPPINS - continued

It was reported deceased had been seen by a doctor at the Minneapolis General Hospital about two months ago. She carried sucaryl and nitroglycerine pills on her person.

The deputy coroner on this case viewed the body of deceased, clothed in outdoor clothing, on a livingroom chair. There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Deceased is survived by two sisters, Evelyn Jackson and Odessa Moppins, a niece, Katherine Nash, and other relatives.

REMARKS

This case was reported to the Coroner's Office at 12:30 a.m. on March 1st, 1962, by police.

Deceased, who had been a patient at the Veterans Hospital for some time, was released on January 25th, 1962, so that he might spend his remaining days with his wife and family. His diagnosis at the Veterans Hospital was metastic squamous cell carcinoma to superior mediastinum and right clavicular area. He expired at his home at 12:30 a.m. on March 1st, 1962.

LOUIS C. HALL - continued

The deputy coroner on this case viewed the body. There was no indication of other than a natural cause of death, and the remains were released directly from the home to a mortician.

Deceased is survived by his wife, Norma M.; two daughters, Margaret Ellen and Elizabeth S.; three sons, Lyden S., Daniel L. and Christopher M.; two sisters, Mrs. Velma Herman and Mrs. Wilma Bloyer; and a brother, Donald E. of Seattle, Washington.

REMARKS

This case was reported to the Coroner's Office at 7:15 a.m. on March 1st, 1962, by the Fairview Hospital, Minneapolis.

Deceased, who was blind and deaf, fell at the nursing home where he resided, and fractured a hip. He had been under the care of Dr. John Moe, and was admitted to Fairview Hospital on that day, February 23rd, 1962. He was reported to have generalized arteriosclerosis and mild diabetes and hematuria. His course at the hospital was one of progressive deterioration and he expired at 4:10 a.m. on March 1st, 1962.

PETER BLEY - continued

The deputy coroner on this case viewed the body. There was no indication of other than a natural cause of death, except for the fracture, and the remains were released from the hospital to a mortician.

An autopsy was performed at the hospital on March 1st, 1962. This revealed that death was due to severe coronary arteriosclerosis due to hypertensive cardiovascular disease; intertrochanteric fracture of the left femur (without displacement) was a contributing cause.

Deceased is survived by brothers, John of Watertown, Alfred of Wrenshall and another brother and a sister in Luxembourg.

REMARKS

This case was reported to the Coroner's Office at 12:10 p.m. on March 1st, 1962, by Russell Peterson, FE 2-2464.

Deceased, a school teacher and a nurse, died at home in bed at 11:30 a.m. on March 1st, 1962. Her brother, E. Luther Melin, was attending her at the time and stated that he thought the cause of her death was heart disease. Apparently she had not been under the care of a physician for some time.

Mr. Melin was opposed to an autopsy.

EMMA ELEANOR MELIN - continued

The deputy coroner on this case viewed the remains. There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease. The remains were released directly from the scene to a mortician.

Deceased is survived by her brother, E. Luther Melin of Minneapolis and several nieces and nephews.

REMARKS

This case was reported to the Coroner's Office at 12:25 p.m. on March 1st, 1962, by police.

Deceased had a history of a heart condition, was reported to have had one coronary and was being followed at the Minneapolis General Hospital. His wife talked to him at 9:00 a.m. on March 1st, 1962, and returned home about noon and found him collapsed on the kitchen floor in an unresponsive condition.

ERHARDT NIELSEN - continued

Police officers Quinn and Engel of squad 132 and a Minneapolis General Hospital ambulance with Dr. Christiansen aboard came in response to a call for assistance. Dr. Christiansen pronounced the man dead on arrival at 12:25 p.m.

The deputy coroner at the scene viewed the body. There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease.

Deceased is survived by his wife, Loraine; a stepson, James Kuhn of Bloomington; one sister, Mrs. Edith Jensen of Copenhagen, Denmark.

The remains were released directly from the home to a funeral director.

REMARKS

This case was reported to the Coroner's Office at 6:45 p.m. on March 1st, 1962, by the Minneapolis General Hospital.

At 4:20 p.m. on March 1st, 1962, deceased was struck by a 1959 Studebaker bearing 1962 Minnesota license 5B2636, owned and being driven by Harry Huhta, 47, of 1524 89th Ave. N., Minneapolis, who was accompanied by Ida Huhta, 41, of the same address. The day was clear and it was daylight in a residential district, the road surface wet and snowy, and the roadway straight and level and without defects.

DAVID R. DROLL - continued

It was reported that Mrs. Joan Droll, mother of deceased, and another son, Steven 1, were standing in the crosswalk in the middle of the street waiting for the traffic to pass when a friend yelled to him, "Come on, David." The deceased then dashed across the street and was struck by the Huhta vehicle. Huhta was charged with failure to yield the right of way to a pedestrian.

Deceased was admitted to the Minneapolis General Hospital at 4:41 p.m. on March 1st, the day of the accident, and treated for his injuries. At 5:30 p.m. his heart arrested, but was restarted and pulse and blood pressure were maintained until 6:10 p.m. when his heart arrested again, and could not be restarted.

An autopsy was performed at the morgue the following day. This revealed that death was due to massive right hemothorax and massive hemoperitoneum due to severe laceration upper lobe of the right lung and maceration of a portion of the right lobe of the liver, and subarachnoid hemorrhage of the right cerebrum and hematoma about the medula of the brain.

Deceased is survived by his mother, Joan L.; a brother, Steven E.; and grandparents, Mr. and Mrs. George McPherson and Mr. and Mrs. Edward Droll.

REMARKS

This case was reported to the Coroner's Office at 6:15 a.m. on March 2nd, 1962, by police.

Deceased lived with his brother, Leslie, at the above address. He had been under the care of Dr. John Feeney for epilepsey and amputation of his left leg. According to Dr. Feeney his seizures were well-controlled and he was apparently well otherwise.

Leslie Tuurra reported that deceased, whom he last saw alive shortly before midnight on March 1st, 1962, appeared to be as well as usual except for pain in his leg. Leslie went out at that time to warm up his car, and when he returned after midnight, he saw deceased lying on his bed fully clothed, but did not note whether he was breathing, and did not turn on the light. He then went to sleep in a chair in the kitchen, awakened around 5:30 a.m. and noted that deceased could not be heard breathing. He went in to check and found deceased stiff and with blood under his face, and called police.

CHESTER TUURRA - continued

Police officers Gaz and R. T. Peterson of squad 132 responded to the call and were at the scene when a deputy coroner arrived.

Deceased was lying on his face in bed, fully clothed, except for shoes. His body was stiff and there was clotted blood in his nose and mouth, and a small amount on the bed. There was no indication of trauma.

The remains were taken to the Hennepin County Morgue, where an autopsy was performed later in the day. This revealed severe bilateral pulmonary congestion and edema, hyperplasia of bone marrow, hepatomegally with early passive congestion, congestion of spleen, prominent hilar adenopathy. In the opinion of the pathologist it was deemed advisable to await the results of toxicological examinations before determining the cause of death. After the toxicologist's report was received death was attributed to status epilepticus with severe pulmonary congestion and edema. Hyperplasia of bone marrow and hepatomegaly with early passive congestion, were contributing factors.

Except for his brother, Leslie, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 9:45 a.m. on March 2nd, 1962, by police.

At 9:35 a.m. on March 2nd, Mrs. John Jenson, Jr., 3240 Longfellow Avenue South, who lives downstairs, reported to police that she had not seen deceased, the upstairs tenant, since noon on February 28th, when she was out shaking a rug, and that another neighbor also stated she had not seen deceased. Police officers Homstad and Martin of squad 164 answered the call and forcibly opened deceased's door. She was found lying face down in the kitchen, dressed in night clothing.

MELISE TOSTRUD - continued

The deputy coroner on this case viewed the body, which, as stated, was lying in the kitchen on the floor, face down, clad in a nightgown and slippers. There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease. It was apparent that deceased had been dead for twenty-four hours or more.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Deceased is survived by several cousins, nieces, and nephews. The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 9:48 a.m. on March 2nd, 1962, by police.

Deceased was found by his parents at 9:00 a.m. lying face down in his crib, apparently dead. Police officers Revak and J. Carlson of squad #151 and a Minneapolis General Hospital ambulance and rescue squad came in response to a call for assistance. Dr. Birkmeyer, the ambulance physician, pronounced death.

KELLY PATRICK DONNELLY - continued

The deputy coroner on this case viewed the body of deceased. There was no indication of other than a natural cause of death. Deceased was very pale.

The parents of this infant reported that he had been seen at the Minneapolis General Hospital in January and had been to the Well Baby Clinic on February 2nd, 1962. They desired to know the cause of the child's death and agreed to an autopsy.

The remains were taken to the Hennepin County Morgue, where an autopsy was performed later that day. This revealed that death was cuased by pulmonary congestion and edema.

Except for the parents, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 4:50 p.m. on March 2nd, 1962, by police.

At 4:30 p.m. on March 2nd, 1962, an unidentified person phoned police that a man had fallen on LaSalle between 11th and 12th. Officers Gunderson and K. E. Johnson of squad 132 came in response to the call and were shortly followed by a Minneapolis General Hospital ambulance. Dr. Christensen, the ambulance doctor, pronounced the deceased dead at 4:35 p.m., on arrival.

ARTHUR THEODORE VICK - continued

The deputy coroner on this case reported finding deceased, an elderly man fully clad, lying on his back on the sidewalk with his feet up on the snow bank between the Concord Motel driveway and the Concord Apartments alley . He was very cyanotic. Dr. Wayne S. Hagen's professional card was found in deceased's pocket. There was no indication of other than a natural cause of death, which was ascribed to arteriosclerotic heart disease.

Dr. Hagen reported that he had been treating deceased for a cardiac condition.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Deceased is survived by his wife, Irene M.; daughters, Miss Mary Jayne of Anoka, Mrs. Eugene Hanley of Anoka, Mrs. Tedd Schai of St. Paul; a son, Arthur Thomas of Anoka; and a sister, Mrs. Clarence Wilkins of Decorah, Iowa.

REMARKS

This case was reported to the Coroner's Office at 11:20 a.m. on March 3rd, 1962, by the Robbinsdale police.

Deceased was found at 10:50 a.m. on March 3rd, 1962 by his wife lying face down in the garage behind a 1959 Buick, the exhaust pipe on the left side below his left shoulder. Police officer T. S. Burns of the Robbinsdale police answered a call for assistance and was at the scene when the deputy coroner arrived.

The deputy coroner at the scene stated the deceased's body was cherry red and in full rigor. The remains were taken to the Hennepin County Morgue.

GORDON L. PERRY, JR. - continued

An autopsy was performed at the morgue on March 3rd, 1962. Deceased's blood was carbon monoxide saturated and death was attributed to carbon monoxide poisoning.

Upon investigation it was learned that deceased had been a patient in Glenwood Hills Hospital a short time before his death, under the care of Dr. Hally St. Cyr and Dr. Williams, who turned him over to Dr. George Dorsey for a psychiatric study. Dr. St. Cyr stated deceased had been depressed for the past six months, and seemed especially depressed the past month. There reportedly was an apparent suicide attempt four or five days prior to his death - an overdose of barbiturates. Dr. Dorsey did not agree with Dr. St. Cyr that this was an attempted suicide, according to Dr. St. Cyr. According to Dr. Dorsey, deceased had been released from the hospital for three or four days.

Deceased is survived by his wife, Patricia; two sons, Michael and Timothy; a daughter, Colleen; father, Gordon L., Sr.; four brothers, Laverne, Medrick, and Edward of Minneapolis, and William of Waterloo, Iowa; four sisters, Mrs. Marie Peeve, Mrs. Merlo Mead, Mrs. Lola Diedrich of Minneapolis, and Mrs. Frances Scallise of Anaconda, Montana.

REMARKS

This case was reported to the Coroner's Office at 4:30 p.m. on March 3rd, 1962, by police.

Deceased was found in an unresponsive condition at 3:45 p.m. on March 3rd, 1962, and police officers L. P. Hanson and Stn Lenart of squad 142 answered a call for assistance, followed by officer Anderson of #301.

THEODORE W. ANDERSON - continued

The deputy coroner at the scene viewed the body of deceased in the driver's seat of his car. The body was cool and there was 1 to 2+ rigor, - the hands were pink.

The car's ignition was on but the motor was not running. The garage door, which had been down, was covered with carbon at the location of the exhaust pipe.

Deceased's wife reported she had last seen him alive at 12:30 to 1:00 p.m., that he had stated he was tired of sitting around. It was reported that he had a history of a couple of strokes.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

The toxicologist's report of analysis of deceased's blood was negative for alcohol, and it was carbon monoxide saturated.

Deceased is survived by his wife, Emily R.; three daughters, Mrs. Gordon (Florence) Lanes, Mrs. Richard (Leatrice) Miller, Mrs. Harold (Joan) Anderson; seven sons, Melvin W., Roy B., Clifford A., Theodore W., Jr., Curtis E., Gerald W., and Richard D.; and a brother, Rudolph, all of Minneapolis; and twenty-five grandchildren.

REMARKS

This case was reported to the Coroner's Office at 4:00 p.m. on March 4th, 1962, by the Swanson Funeral Home.

It was reported that deceased, a pedestrian, was struck by a car while crossing the street at 37th and Lyndale Avenue North at 7:00 p.m. on October 29th, 1961. The Minneapolis General Hospital records show that he was admitted there on October 30th, 1961, with the diagnosis of fracture of the right side of pelvis and fracture of the left tibia. He was unable to give a coherent history but thought he had crossed a street and was struck by a car.

Deceased's fractures were treated by closed methods and he was transferred to the Crystal Lake Nursing home. He was subsequently taken to Glenwood Hills hospital, transferred to North Memorial Hospital, and then released to the Asbury Hospital convalescent home, where he expired at 10:30 p.m. on March 3rd, 1962.

MARTIN E. NORDQUIST - continued

During the course of his treatment deceased developed pressure ulcers from the cast on his leg, multiple abscesses and a staphylococcus septicemia.

The deputy coroner on this case viewed the body of deceased. There was no indication of other than a natural cause of death, which was attributed to staphylococcus septicemia due to decubitus ulcers. Therefore, the remains were released from the scene to a funeral director.

Names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 1:35 a.m. on March 4th, 1962, by police.

It was reported that deceased had left the house at about 6:00 p.m. on March 3rd, 1962. He was found at 1:30 a.m., dead, in the front seat of a car in the garage, license number 3L 3021. The ignition was off and the garage doors were down. His father pulled him from the car and police were notified. Officers Walter Johnson, Robert Bramwell, and James Crawford investigated.

Dr. A. Smith was summoned and pronounced the man dead on arrival.

JOHN MICHAEL LEIVESTAD - continued

The deputy coroner at the scene took custody of the remains, which were taken to the Hennepin County Morgue.

It was reported deceased had been under psychiatric care.

An autopsy was performed at the morgue on March 4th, 1962. This revealed that death was due to carbon monoxide poisoning. A toxicological analysis of deceased's blood showed 0.12% alcohol and carbon monoxide 90% of saturation. There was also severe bilateral pulmonary edema and congestion, aspiration of stomach contents into entire bronchial tree with bronchial obstruction, some epiglottal and laryngeal edema.

Deceased is survived by his parents, Mr. and Mrs. Henry Leivestad of Edina, and his sister, Mrs. Charles B. Thomsen of 4519 Wooddale, Minneapolis.

REMARKS

This case was reported to the Coroner's Office at 9:00 a.m. on March 4th, 1962, by police.

Deceased had a history of heart disease, having been seen at Minneapolis General Hospital for that condition about a year ago, at which time, it was reported, he had an abnormal electrocardiogram.

At 8:15 a.m. on March 4th, 1962, he was found slumped over and unresponsive in a chair at his home. Police squad #651 and a Minneapolis General Hospital ambulance were sent to the scene in response to a call for assistance. The ambulance physician stated deceased had already expired.

LEOPOLD FEYRER - continued

The deputy coroner on this case viewed the body. There was no indication of other than a natural cause of death and the remains were released from the scene to a funeral director.

Death was attributed to arteriosclerotic heart disease.

Deceased is survived by his wife, Therese; two daughters, Mrs. Don (Lois M.) Holland and Mrs. James (Dorothy F.) Thompson; and four grandchildren.

REMARKS

This case was reported to the Coroner's Office at 4:20 p.m. on March 4th, 1962, by police.

Deceased, who was reportedly last seen alive on Thursday, March 1st, 1962, was found dead in bed at 4:00 p.m. on March 4th, 1962. Police officers Gruman and Marx of squad 164 were at the scene.

The deputy coroner on the case stated that deceased, clad in underwear, was lying on his right side, and was in an advanced state of decomposition. Dr. Harold Miller, FE 2-6669, who had been his physician had known deceased over a period of several years but had not cared for him for about a year, and stated that he had never had any specific complaints.

LEWIS HERMAN QUASS - continued

There was no indication of foul play. The cause of death was undetermined due to advanced decomposition of the body.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Deceased's family was opposed to an autopsy.

Deceased is survived by a brother, Robert, of Excelsior.

REMARKS

This case was reported to the Coroner's Office at 5:49 p.m. on March 5th, 1962, by police.

On the evening of March 5th, 1962, at 5:30 p.m. deceased was returning to work at the Freeman's Department Store when she collapsed to the sidewalk. An unidentified gentleman walked across the street to the sixth precinct (Minnehaha) police station. Police officer Thompson and officers Roach and Myring of squad 163 and a Minneapolis General Hospital ambulance went to the scene. Dr. Berkemeyer, the physician who accompanied the ambulance, pronounced death.

LEONA A. TEMPLE - continued

The deputy coroner at the scene viewed the body lying on the sidewalk in front of a shoe repair shop at 2913 - 27th Avenue South. Deceased was dressed in outdoor clothing and there was no indication that death was not due to natural causes. The remains were taken to the Hennepin County Morgue.

An autopsy at the morgue on March 6th, 1962, revealed that death was due to rheumatic heart disease and occurred at approximately 5:30 p.m. on March 5th, 1962, when she collapsed to the sidewalk.

Deceased is survived by her husband, Wesley; sons, Michael and Donald; daughters, Karen and Janet; mother, Mrs. Agnes Pickrien of New York Mills; and a brother, Lee Pickrien of Chisholm, Minnesota.

REMARKS

This case was reported to the Coroner's Office at 8:10 p.m. on March 5th, 1962, by police.

At 7:45 p.m. on March 5th, 1962, deceased collapsed in the snow behind his car which he was attempting to get out of the driveway. Mrs. McGovern noticed her husband lying in the snow and called for assistance, then attempted resuscitation by mouth to mouth breathing. A fire department rescue squad, police officers C. H. Johnson and Hendricks of squad 151, and a Minneapolis General Hospital ambulance responded to the call. Dr. Crosson, the physician in attendance, pronounced deceased dead on arrival.

STANLEY J. McGOVERN - continued

The deputy coroner on this case viewed the remains. There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease. The body was released from the scene to a funeral director.

Deceased had been under the care of a Dr. Randall of St. Louis Park.

Deceased's wife was opposed to an autopsy.

Stuart A. McGovern, son of deceased, signed a receipt for his father's wallet containing $2.00.

The survivors are wife, Bertha J.; son, Stuart G.; three brothers, Vincent, Harry, and Donald, all of Minneapolis; one sister, Mrs. Wally (Lorraine) Thyr of Pequot Lakes and one granddaughter.

REMARKS

This case was reported to the Coroner's Office at 1:45 p.m. on March 5th, 1962, by police.

At 1:00 p.m., Mrs. George Sundin, caretaker, of the same address, investigated deceased's apartment because she had not seen deceased on Sunday or Monday, March 4th and 5th, 1962, and found that he expired. She notified police and officers Parker and Ramlett of squad 132 went to the scene. Mrs. Sundin stated she had last seen deceased alive on Thursday, March 1st, but that she had heard him moving about on Saturday night, March 3rd, 1962.

MIKE MELICK - continued

The deputy coroner on this case reported finding deceased lying on an old mattress near the stove, a Coleman gas heater, in his apartment. The apartment was quite warm and littered with food, bottles, mouse traps, etc. Deceased's body was in early stages of decomposition.

The apartment was carded and the remains were taken to the Hennepin County Morgue and later released to a funeral director.

There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease.

Deceased was a recipient of old age assistance. The names of any survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 2:30 p.m. on March 5th, 1962, by police.

Deceased, a one-time alcoholic, was chronically ill since he was found lying in a snowbank three years ago. His legs were frozen and he needed several operations, and was hospitalized at Swedish, Asbury, and Minneapolis General Hospitals. For the past five or six months, after being discharged from the hospital, he had been living at the above address, and was being cared for by Mrs. Gertrude Koz, who had befriended him.

WILLIAM HOEY - continued

On the morning of March 5th, 1962, Ray H. Mann, Mrs. Koz' son, spoke to deceased, and at 1:00 p.m. returned to see whether he needed anything, and found that deceased had expired and was cold. Apparently he notified Mike Skelly, deceased's nephew, who notified police.

Police officers Roehl and Knickerbocker of squad #117 went to the scene.

The deputy coroner on the case viewed the body. There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease. Deceased, dressed in house clothes, was sitting in a livingroom chair.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Deceased is survived by his mother, Mrs. Caroline Hoey; a sister, Mrs. P. C. (Esther) Skelly; a brother, Arnold; and several nieces and nephews.

REMARKS

This case was reported to the Coroner's Office at 3:40 a.m. on March 6th, 1962, by the Swedish Hospital.

At 1:00 p.m. on March 5th, 1962, Dr. J. Harold Schultz, 800 42nd Ave. North, JA 2-3611, who states that he had never treated deceased previously, received a call from her husband that she was bleeding profusely and asking what could be done. The doctor decided she should be hospitalized and she was accordingly brought by ambulance to the Swedish Hospital and admitted at 1:15 p.m. She had a diagnosis of incomplete abortion and passed some placental tissue. She was taken to surgery and a dilatation and curettage was performed by Drs. Erickson, Markle Karlen, and Schultz for diagnostic purposes and to counteract the severe bleeding - without benefit of anaesthesia because of persistent vomiting, hemoglobin of five grams or less, and inability to cross match deceased's blood. Dr. Schultz stated they found no evidence of trauma. The bleeding was controlled and her condition at the end of the procedure was no worse, however, she expired at 2:09 p.m. on March 6th, 1962.

HELEN E. DOBBE - continued

An autopsy was performed at the Swedish Hospital on March 6th, 1962. This revealed that death was caused by fulminating septicemia due to infected uterus due to abortion - spontaneous or induced, unknown.

The remains were released from the hospital to a funeral director for burial.

Deceased is survived by her husband, George W.; two sons, Richard Novack and Randal Stephen Dobbe; one daughter, Miss Ramona Novack; mother, Mrs. Anna Acko; a brother, George J. Acko; and two sisters, Mrs. Frances Sandberg of New York and Carolyn Little of California.

Police officers Short, Rieman and Kelly, assisted by officers Dee, Whelan and Blanch, investigated this case and deceased's husband was interviewed in Inspector Hawkinson's office. He stated that he and his wife had not gotten along well for some time, especially because she wanted him to change jobs. He stated that he had left his job at the Hires Beverage Company after 12 years of employment because of an injury to his back, that he had collected compensation for this injury until just prior to his employment at the Chef Cafe, where he earns only about $60 a week - where he puts in long hours, mostly at night, and that the reason he did not change jobs as his wife requested was that he was only physically capable of doing light work.

Mr. Dobbe stated he had only known of his wife's pregnancy a week to ten days ago, and that she had been quite despondent. He had not known, he said, of any medications or means of aborting that she could have used.

At the conclusion of the interview police felt that Mr. Dobbe had no knowledge of the abortion.

REMARKS

This case was reported to the Coroner's Office at 7:15 a.m. on March 6th, 1962, by the Hennepin County Sheriff's office.

Deceased and her husband, residents of Clara City, Minnesota, were visiting their son at 3703 Brunswick, Crystal Village. At 6:45 a.m. on March 6th, 1962, deceased's twitching awakened her husband, and she expired a few minutes later.

It was reported that deceased had a history of high blood pressure and had not been under the care of a physician.

MAGGIE WEILAND - continued

The deputy coroner on this case viewed the body. There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease. The remains were released from the scene directly to a mortician.

REMARKS

This case was reported to the Coroner's Office at 9:15 a.m. on March 6th, 1962, by the Methodist Hospital.

Deceased, who had been under the care of Dr. Ruben Berman, was admitted to the hospital at 9:30 p.m. on March 5th, 1962, as a coronary patient. A resident of the hospital treated him that night. Deceased expired at 4:30 a.m. on March 6th, 1962.

An autopsy was performed at the hospital later in the day. This revealed that death was due to congestive heart failure due to severe arteriosclerotic heart disease, and severe pulmonary congestion and edema.

MARVIN EDWARD SHAW - continued

The remains were released directly from the hospital to a funeral director.

Deceased is survived by his wife, Shirley; daughters, Sandra and Marilynne; son, Timothy; mother, Mrs. Agnes Shaw of Glendale, California; brother, Norman of Vancouver, Washington; and sister, Mrs. Elroy K. Swanson of La Crescenta, California.

REMARKS

This case was reported to the Coroner's Office at 9:55 a.m. on March 6th, 1962, by the St. Louis Park police.

Deceased was found dead on the livingroom floor of his apartment at the above address at 9:00 a.m. on March 6th, 1962, by Morris Engstrom and W. J. Remick, both of the same address, one of them the caretaker. His radio had been blaring all night and the neighbors complained.

St. Louis Park police officer Bullock was at the scene when the deputy coroner on this case arrived.

It was reported to the deputy coroner that deceased was under the care of Dr. Alfred Wolf, 3145 Hennepin Avenue, TA 7-4007, who had last seen him on February 5th, 1962.

WILLIS A. RITTER - continued

Deceased, a very obese man, was dressed in a pajama top only. Upon examination, death appeared to be due to natural causes. The remains were brought to the Hennepin County Morgue, and later released to a funeral director.

An autopsy at the morgue performed the same day revealed severe cirrhosis of the liver, multiple abrasions of the face and knees, bilateral pulmonary edema and congestion (moderate), cardiomegaly, splenomegaly, and moderate diffuse arteriosclerosis. Death was attributed to cirrhosis of the liver. The toxicologist's examination of deceased's blood was negative for alcohol and barbiturates.

Austin D. Nortin, deceased's attorney, was contacted, and he made arrangements for a funeral. It was reported that Northwestern National Bank holds the estate in trust, deceased's daughter being the main beneficiary.

Deceased is survived by his daughter, Susan K. Ritter of Tempe, Arizona; and an aunt, Mrs. G. W. Ritter of Sioux Falls, South Dakota.

REMARKS

This case was reported to the Coroner's Office at 10:20 a.m. on March 6th, 1962, by the North Memorial Hospital in Robbinsdale.

Deceased had been living at the Fairview Nursing Home since June, four years ago. At that time he stated he had a brother but did not know his whereabouts.

On February 27th, 1962, deceased suffered a fractured left femur when he got up out of a chair and fell. He was admitted to the North Memorial Hospital that day, and open reduction surgery was done on February 28th. He seemed to be getting along well but developed pain in his chest and expired at 9:35 a.m. on March 6th, 1962.

JAMES GRIFFIN - continued

The Hennepin County Coroner went to the scene and viewed the body. There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease. Fracture of the left femur was a contributing factor.

The remains were taken to the Hennepin County Morgue and later released to a mortician.

A Mrs. Betcher, 613 9th St. South, FE 6-4014, stated that she would notify relatives.

REMARKS

This case was reported to the Hennepin County Coroner's Office at 9:15 p.m. on March 6th, 1962, by the Bloomington police.

Deceased was reported to have had surgery for cancer of the prostate gland two or three years ago. He expired at 8:45 p.m. on March 6th, 1962, while in the bathroom sitting on the stool.

The deputy coroner on this case viewed the body. There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease.

THOMAS A. ROYLE - continued

The remains were released directly from the home to a mortician.

Deceased is survived by his wife, Minnie A.; a daughter, Mrs. Clifford Bottolfson; two sons, Donald J. and Gerald R., all of Minneapolis; six grandchildren; and three sisters, Mrs. Anna Ennis of Minneapolis, Mrs. Mary Kielty of California, and Mrs. Christie Kielty of Mason City, Iowa.

REMARKS

This case was reported to the Coroner's Office at 3:00 p.m. on March 8th, 1962, by Noble A. Rainville, funeral director.

Medical records at the Minneapolis General Hospital indicate deceased fell out of bed at the Little Sisters of the Poor, 215 Broadway N. E., where he had resided for some time, on the morning of January 31, 1962. He was removed by ambulance to the hospital and admitted at 11:12 a.m. that day. An x-ray examination revealed a fracture of the neck of the left femur. There was a diagnosis of arteriosclerotic heart disease with atrial fibrillation, senility, and fracture of neck of left femur.

JOHN BERRY - continued

On March 5th, 1962, deceased was transferred from the hospital to the Park Nursing Home for convalescent care, and expired the following day at 10:25 a.m. - March 6th, 1962.

The deputy coroner on this case viewed the body. There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease, fracture of neck of left femur being a contributing cause. The remains were released for burial.

Names of survivors, if any, are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 7:05 a.m. on March 7th, 1962, by Dr. Wayne Hagen.

Deceased was admitted to Asbury Hospital rest home on February 19th, 1962, with hernia, asthma, and leakage of the heart. He had been under the care of a Dr. O. A. Olson. As Dr. Olson was on vacation, Dr. Wayne Hagen was called when deceased became ill. Deceased expired at 4:20 a.m. on March 7th, 1962.

CHARLES G. BACKLUND - continued

Mrs. Hulda Backlund, wife of deceased, had never obtained a divorce, but had been separated from her husband for 35 years. She stated he had a history of severe asthma, kidney, and heart trouble. Deceased allegedly had told her that doctors had done everything they could for him, and that on account of his other physical complications they felt he would not survive surgery for his hernia.

Mrs. Backlund stated she did not feel deceased had been neglected during his illness by either doctors or nurses and that there is no reason for an autopsy.

Deceased's body was viewed by the deputy coroner at the scene. There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease.

The body was released from the scene by the deputy coroner to a funeral director.

The survivors are wife, Hulda, and daughter, Mrs. Elsie Steinberg of Milwaukee, Wisconsin.

REMARKS

This case was reported to the Coroner's Office at 8:40 a.m. on March 7th, 1962, by police.

At 7:30 a.m. on March 7th, 1962, deceased, an employee at the B. J. Carney & Co., reported for work at the pole yard, 47th Ave. N. and Osseo Road. At the time of the accident he was at work loading cedar telephone poles on a railroad flatcar. A boom broke loose, fell, and crushed deceased at about 8:35 a.m., and he expired before he could be taken by ambulance to a hospital.

ROGER LeROY CARDINAL - continued

It was reported that a steel pin in the cable near the top of the boom had broken loose, causing the boom to fall.

The remains were taken to the Hennepin County Morgue where an autopsy was performed that day - March 7th, 1962. This revealed that death was due to contusion of brain due to multiple fractures of the skull and facial bones and fracture of the left tibia and fibula. The toxicologist's analysis of deceased's blood was negative for alcohol.

Deceased is survived by his parents, Mr. and Mrs. Fred Cardinal; seven brothers, Richard, William, Donald, Garry, Jerome, Robert, James; three sisters, Rosemary, Delores, and Donna; all of Brooklyn Park; and his grandmother, Mrs. Margaret Becker of Minneapolis.

REMARKS

This case was reported to the Coroner's Office at 12:15 p.m. on March 7th, 1962, by the Minneapolis General Hospital.

At 9:00 a.m. on Wednesday, February 7th, 1962, deceased, a pedestrian, was struck by a 1960 Checker Yellow Cab, bearing 1961 Minnesota license number 4W-9802, owned by the Yellow Cab Company of Minneapolis and being driven by Richard H. Barthel, 21, of 4303 Colfax Avenue South, in the crosswalk as he was crossing Marquette Avenue at Third Street in Minneapolis. There are traffic signals at this corner and the road surface was straight, level, and dry. The weather was clear and it was daylight in a shopping district. Police officers Frentz and Heinemann, badge numbers 407 and 385, of the Minneapolis traffic department investigated this accident. The cab driver was tagged for failure to yield the right of way to a pedestrian.

FRANK ROSS - continued

Deceased was admitted to the Minneapolis General Hospital from the scene of the accident with a fractured left femur, and expired at the hospital at 11:45 a.m. a month later, on March 7th, 1962.

The remains were removed to the Hennepin County Morgue, where an autopsy was performed on the day of death. In the opinion of the pathologist it was deemed advisable to await the results of microscopic examinations before determining the cause of death. When the microscopic reports were received, death was attributed to acute myocarditis. Coronary atherosclerosis and renal arteriosclerosis were contributing factors.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 12:45 p.m. on March 7th, 1962, by police.

At the time of his death, 12:25 p.m. on March 7th, 1962, deceased was visiting at the home of his friend, Mr. Young. According to his wife, Ella Mae Ford, he had lately been complaining of chest pain and shortness of breath and some indigestion. She also stated he had been treated at the Minneapolis General Hospital for frost bite.

Police officers Burchett and Stias of squad #144 were at the scene when the deputy coroner on this case arrived.

DALE FORD - continued

The deputy coroner viewed the body of deceased, who was fully clad, and found no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease.

The remains were released directly from the scene to a mortician.

Except for deceased's wife, Ella Mae Ford, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 3:25 p.m. on March 7th, 1962, by police.

At 3:00 p.m. on March 7th, 1962, Mrs. John Wittren, daughter of deceased, found her mother had expired when she went to call on her, and notified police. Officers Revak and Vick of squad 159 were at the scene when the deputy coroner on the case arrived.

Deceased's body was cold. Mrs. Wittren stated she had talked to her mother last night.

FLORENCE MARY ANDERSON - continued

It was reported that deceased had been ill for some time and had been under the care of Dr. Rowen Olson of the Martinson Clinic at Wayzata, GR 3-8883. Dr. Olson stated deceased, an alcoholic, had ascites cirrhosis, non-functioning gall bladder, and old tuberculosis, and that he had last seen her in April of 1961.

There was no indication of other than a natural cause of death, which was attributed to cirrhosis of liver with ascites.

The body was released by the deputy coroner directly from the home to a mortician.

Deceased is survived by her husband, Carroll R.; daughter, Mrs. John (Marcia) Wittren of Minneapolis; a son, Mark of Minneapolis; and three sisters, Mrs. Isabelle Winter of Long Lake, Mrs. Madeline Wandzel of Minneapolis, Joan Murphy of Sioux Falls, South Dakota; and one brother, Kevin Murphy of Minneapolis.

REMARKS

This case was reported to the Coroner's Office at 6:35 p.m. on March 7th, 1962 by the Bloomington police.

Sergeant Anderson and Detective Block of the Bloomington police investigated this case and were at the scene when the deputy coroner on the case arrived.

Deceased was found dead at 6:25 p.m. on March 7th, 1962 by Mrs. Ester Falkingham, 7840 Marth Road, who investigated when she noticed that all house lights at deceased's address were on since the evening before. She stated the door of the house was unlocked so she walked in and she found deceased dead on the bed in the bedroom, which was the only room in which the lights were out.

ANN DOROTHY MILLER - continued

Officers stated a person who said she was "Mrs. Marth" called Bloomington police at 11:44 p.m. on the night of March 6th, 1962, and said there was trouble at 7830 Marth Road. An officer was sent to check and when he gained no response to an attempt to arouse anyone at that address he left. They reported that Mrs. Carl Marth, mother of deceased, and Carl Marth are in Florida, and that deceased had been living with them and working at Remington Rand Univac for about a year since moving back from California. Deceased was said to have been under the care of a Dr. Burtness at Santa Barbara, California, several years ago for mental problems.

William Miller, 5200 West 108th St., Bloomington, TU 8-1444, brother of deceased, was at the scene and stated his sister had been very depressed of late and had refused to have medical help. He said he had visited her last evening. Mrs. Miller stated they had talked to Dr. O. L. Nelson about her and about means of getting her under psychiatric care recently. Mr. Miller stated that the medications found in deceased's room labeled for Mrs. Miller were given to his sister as a first aid measure.

The deputy coroner at the scene stated deceased, who appeared to be middle-aged, was clad in khaki trousers, striped blouse with yellow metal cuff links, sheepskin slippers, and lying face down on her bed at the west end of the front hall at 7830 Marth Road, with her right hand clutching a .25 caliber Browning automatic pistol #285085 under the right side of her head in a pool of blood. Her left hand was on the pillow, above her head. There was marked rigor mortis and dependent livor. There was a jagged triangular wound of the left parietal occipital region of the head. There was a jagged wound above the right ear with roughly round hole surrounded by gray-black stains - wound of entrance. The hole in the skull was approximately .25 inch in diameter. The wound of exit in the left occipital region had fragments of skull with adhering soft tissue scattered over the west portion of the bed to the left of deceased.

Police officers furnished the empty .25 automatic cartridge casing and deformed copper clad bullet of about .25 caliber which they stated they found, respectively, above deceased's head in a valley between the pillows and on the floor near the west wall to the left of deceased. Examination of the pistol shows an unexpended round in the chamber and four unexpended rounds in the magazine.

There was no indication of other than suicide. No suicide note was found.

On the dresser east of the bed was a glass containing amber colored fluid smelling like an alcoholic beverage, to the depth of approximately one inch, and some medicine bottles containing among other things sodium amytal and a hormone preparation.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

The toxicologist's analysis of deceased's blood was negative for barbiturates and contained 0.12% alcohol.

Deceased is survived by her mother and stepfather, Mr. and Mrs. Carl A. Marth, and a brother, William D. Miller, also of Bloomington.

REMARKS

This case was reported to the Coroner's Office at 6:20 p.m. on March 7th, 1962, by the Minneapolis General Hospital.

Deceased, a mongoloid, was found on the front steps of the above address by Crystal police in an unconscious condition. Her breathing, however, was normal. She was brought to the Minneapolis General Hospital by a North Memorial Hospital ambulance because she had been treated at General Hospital on several occasions. Deceased's parents, Mr. and Mrs. Oscar Moen, were absent from home at the time of the occurrence. Deceased expired in Receiving at 5:30 p.m. on March 7th, 1962.

MARILYN RUTH MOEN - continued

The remains were removed to the Hennepin County Morgue.

An autopsy was performed at the morgue on March 8th, 1962. This revealed bilateral pulmonary edema and congestion, partially masticated material partially obstructing the larynx. In the opinion of the pathologist it was deemed advisable to await the toxicologist's report before determining the cause of death. Death was later attributed to mongolism.

Deceased is survived by her parents; three sisters, Mrs. Halger (Jeanette) Kristianson of Milwaukee, Olive Moen, and Mrs. Donald (Margaret) Heinecke of Minneapolis; four brothers, Duane, Palmer, and Allen of Minneapolis, and Daniel of Winnipeg.

REMARKS

This case was reported to the Coroner's Office at 2:00 a.m. on March 8th, 1962, by police.

Police officers Sell and Ross of squad 144 were at the scene when the deputy coroner on the case arrived. It was reported that deceased, who had not been under a doctor's care, expired in bed at 1:55 a.m. on March 8th, 1962. According to his wife, he had complained of chest pain about two weeks ago. A Minneapolis General Hospital ambulance was summoned to the scene, however, deceased was pronounced dead on arrival by Dr. Kruase, the physician in attendance on the ambulance.

MYRON D. ESTERLY - continued

The deputy coroner stated there was no indication of other than a natural death, which was ascribed to arteriosclerotic heart disease, and released the body from the scene to a funeral director.

Deceased is survived by his wife, Laura; son, Duane; brothers, Alvah, Gilbert, and Paul, - all of Minneapolis; brothers, Clarence of Fifty Lakes, Minnesota, Vernon of Herman, Minnesota; and a sister, Mrs. Carl (Marrille) Wukow of Osseo, Minnesota.

REMARKS

This case was reported to the Coroner's Office at 3:11 p.m. on March 8th, 1962, by the St. Louis Park Police.

Deceased, who lived alone, was driving his car, a Chevrolet bearing Minnesota license number 3D 1563, south on Portland when he collapsed and ran his car up into the snowbank at 2611 Portland at 2:50 p.m. on March 8th, 1962. Anton G. Hanson, 5521 Woodlawn Boulevard, was a witness to the incident.

Police officers Christianson and Gaffin of squad #533 and a Minneapolis General Hospital ambulance arrived at the scene. Dr. Birkmeyer, the physician in attendance, pronounced the man dead on arrival at 2:55 p.m.

JAMES WILSON - continued

The deputy coroner on this case viewed the body lying across the front seat on his back with his head to the right. The body was warm and without rigor. There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease, and apparently occurred at 2:50 p.m., March 8th, 1962.

A card found in deceased's wallet stated that he was a diabetic and under the care of Dr. Benedict Trach. Dr. Benedict stated deceased had mild hypertension, latent diabetes and heart trouble for which he was being given digitalis.

The car was towed away, and the remainswere taken to the Hennepin County Morgue and later released to a funeral director.

Deceased's family was opposed to an autopsy.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 3:05 p.m. on March 8th, 1962, by a Mrs. Mark, WE 9-1192.

Deceased was found at 1:10 p.m. on March 8th, 1962, dead, sitting on the stool in the bathroom. Deceased had been under the care of Dr. Richard Picha of Hopkins, who was reportedly out of town until April.

The deputy coroner on the case viewed the body. There was no indication of other than a natural cause of death, which was ascribed to arteriosclerotic heart disease.

LESTER HERSEY THOMPSON - continued

The remains were released directly from the scene to a funeral director.

Deceased is survived by a brother, Dana M. Thompson of St. Louis Park; a niece, Mrs. Patricia Mart of Pequot Lakes; and three grandnieces and nephews.

REMARKS

This case was reported to the Coroner's Office at 6:20 p.m. on March 8th, 1962, by police.

At 6:05 p.m. on March 8th, 1962, deceased collapsed and expired after buying an airline ticket to Wausaw, Wisconsin. Dr. Elizabeth Bagley, 916 Medical Arts Building, Duluth, Minnesota, was a witness to the event, and Dr. Wayne Rydberg, 4201 East 40th Street, Minneapolis, pronounced the man dead.

Father Schabert of St. Elizabeth's Catholic Church was called and he administered the last rites of the church.

Airport police officers Babcock and Majchezak were at the scene.

ARTHUR J. REETHS - continued

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

The deputy coroner on this case viewed the body. There was no indication of other than a natural cause of death, which was ascribed to arteriosclerotic heart disease.

Deceased's daughter, Mrs. Robert Staiber of Wisconsin Rapids, HA 3-1252, was called and she stated her father had been under care for coronary disease and that an autopsy was not necessary.

REMARKS

This case was reported to the Coroner's Office at 6:10 p.m. on March 8th, 1962, by the Methodist Hospital.

On March 8th, 1962, at 5:50 p.m. deceased, engaged in a snowball fight with a group of boys, ran in front of an automobile driven by Robert Krautbauer, 31, of Monticello, Minnesota, and was struck down - at the junction of Ramsey Street with Highway #152, Monticello. He was taken by ambulance for admission to Methodist Hospital, but expired en route at 6:00 p.m., and taken by the ambulance to the Hennepin County Morgue.

GREGORY D. KLINE - continued

An autopsy was performed at the morgue on March 9th, 1962. This revealed that death was due to traumatic rupture of the spleen with intraperitoneal hemorrhage. There were multiple fractures of the skull with contusion of the brain and fracture of the left femur.

Deceased is survived by his parents, Mr. and Mrs. F. J. Kline; a sister, Mary Ellen; and grandparents.

REMARKS

This case was reported to the Coroner's Office at 2:40 p.m. on March 8th, 1962, by police.

The St. Louis Park police received an anonymous call that it had been impossible to reach deceased's residence by phone. Hours later the same person called, and again at 2:15 p.m. on March 8th, 1962. The telephone company reported that the phone was off the hook. The Hennepin County Sheriff's office received an anonymous call that there was a dead woman in the house. Officers sent to the scene had to force entry through the back door, and found deceased expired.

MARJORIE B. CADY - continued

Detectives Stinson and Hubeck and the Chief were at the scene when the deputy coroner on the case arrived. Deceased was on the floor of the bedroom in a nightgown, in a knee-chest position, cold and in full rigor. The phone was off the hook. A can of "stite" which was open was on the dresser. Several small pink capsules were in the bathroom sink and in deceased's purse.

The remains were taken to the Hennepin County Morgue, where an autopsy was performed the next day - March 9th, 1962. This revealed bilateral pulmonary edema and congestion, edema and hyperemia of glottis and epiglottis, bilateral bifid ureters, mild coronary artery sclerosis, and a cyst on the right ovary. In the opinion of the pathologist it was deemed advisable to await the results of a toxicological examination before determining the cause of death. The toxicologist's report indicated deceased's blood contained 0.22% alcohol by weight, and 1.6 mg.% barbiturates. Death was attributed to barbiturate and alcohol intoxication.

Deceased is survived by twin sons, Robert of the U. S. Navy, and Ronald of St. Louis Park.

REMARKS

This case was reported to the Coroner's Office at 12:20 p.m. on March 9th, 1962, by police.

Deceased, a recipient of relief, had been a tuberculosis patient at Glen Lake until about 14 months ago, and since that time had been an out-patient chest clinic patient in the Public Health Building. He had one glass eye and only partial vision in the other, and had only one lung due to treatment for the tuberculosis.

A Minneapolis General Hospital ambulance was called for deceased on March 9th, 1962, because he had become very ill. He told Dr. Kildare, the ambulance attendant, that he had pain in his "stomach." While being examined by the doctor, he expired, at 12:10 p.m.

MERTON M. FORTH - continued

Police officers Bendt and McCarthy of squad 119 were at the scene when the deputy coroner on the case arrived.

Deceased was lying on his bed, dressed in trousers and a tee shirt. There was no indication of other than a natural cause of death, which was ascribed to arteriosclerotic heart disease.

The remains were taken to the Hennepin County Morgue and later released to a mortician.

Deceased is survived by two sisters, Mrs. Fred (Irene) Schultze and Mrs. Jack (Betty) Longton, both of Minneapolis.

REMARKS

This case was reported to the Coroner's Office at 1:50 p.m. on March 10th, 1962, by the Minneapolis General Hospital.

Deceased spent the evening of March 9th, 1962, it was reported, visiting at the home of her sister, Mrs. Harold Anderson of 813 Marshall Street N. E., until 12:30 a.m. on March 10th, at which time she went to her son, Robert's at 804 Main Street N. E. to ask him to take her home, but the son was said to be in Milwaukee on business. While there she visited and had coffee with her former husband, Joseph Danielski. At 4:00 a.m. she decided to go home, refusing to stay "until it was light."

ANNE M. DANIELSKI - continued

According to the police, John Viater, brother of deceased, 202 14th Ave. N.E., stated that his sister had parted from Joseph Danielski in 1946 and that their relationship was on a very friendly basis. She received some alimony from him, which was supplemented by public relief.

At 7:07 a.m. police received a call from Richard Hinz, 1919 University Ave. N.E., who had seen deceased lying in a driveway between 1216 and 1218 2nd Street N.E. on his way to work at the Gray Company, from where he was calling. Police officers Alman and Rising of squad #125 responded to the call and they were later joined by Detective Kelly of #301. Deceased's purse, which contained $3.00 given her by her sister, Mrs. Anderson, the evening of March 9th, was missing and its contents were scattered about. Deceased was very cold and comatose and appeared to have been severely beaten. It was apparent she had been there for some time.

A Minneapolis General Hospital ambulance was summoned and deceased was brought by ambulance to the hospital and admitted at 7:28 a.m., March 10th, 1962, with a working diagnosis of a head injury. She expired a few hours later, at 11:40 a.m. According to the hospital deceased's temperature had never become normal. It reached 85° shortly before she expired. Death was attributed to shock from extensive trauma to face and neck, and exposure.

The remains were taken to the Hennepin County Morgue and an autopsy was performed there later that day, - March 10th, 1962. This revealed multiple fractures of facial bones, fracture of hyoid bone, and fracture of ribs, 8th and 9th right, and 5th, left.

Except for her son, Robert; brother, John Viater; and sister, Mrs. Harold Anderson; the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 9:30 a.m. on March 10th, 1962, by Bloomington police.

Deceased was reported missing to the Minneapolis Bryant Police Station on the evening of March 9th, 1962, by his son, Robert J. Baker, 3045 Humboldt Avenue South, Minneapolis. He had been missing for several hours. He was found dead by Al Bearke, 8813 - 12th Avenue at 8:31 a.m. on March 10th, 1962.

It was stated the decedent was senile and had wandered away from his residence on previous occasions but had never covered such a distance as on this occasion. There were tracks in the fresh snow where he had left the road and walked down into the swamp area where his body was found.

CHARLES J. BAKER - continued

Sgt. Block of the Bloomington Police stated there were tracks where deceased left the service road on 78th Street, walked through a drift approximately four feet high, and then walked about in a circle before apparently collapsing. While walking he lost first his left slipper (house slipper), and then his right shoe. The area where he walked in a circle - in snow approximately 24 to 30 inches deep is a swampy area.

When found, police officers reported he was lying on his back, fully clothed except for shoes, with hat on and spectacles in place. There were no other tracks leading off the roadway, and it was evident he had fallen down several times. A stick, which had apparently been used as a cane, lay beside him. The body was approximately 125 feet off the service road.

The deputy coroner on this case viewed the body. There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease and senility.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 11:00 a.m. on March 10th, 1962, by the Methodist Hospital.

Jerome T. Scolen, son of deceased, who resides at the same address, reported that he and his mother were going shopping when she complained of pain in her chest as he was backing the car out of the driveway. She allegedly had no previous illness or medical care. Deceased was taken to the Methodist Hospital by the Hopkins Rescue Squad at 10:50 a.m. that morning, March 10th, 1962. Dr. Karl Andreasen pronounced the woman dead on arrival.

ELSA SCOLEN - continued

The deputy coroner on the case viewed the body lying on her back in the emergency room on a bed. There was foam coming from her mouth. There was no indication of other than a natural cause of death, which was ascribed to arteriosclerotic heart disease, and which apparently occurred about 10:50 a.m. March 10th, 1962.

The remains were released from the scene to a funeral director.

Except for her son, Jerome T. Scolen, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 9:00 a.m. on March 10th, 1962, by police.

Deceased was found dead in his garage at 8:15 a.m. on March 10th, 1962, by a neighbor, Donald W. Brown of 3453 - 3rd Avenue South, TA 4-9519. Police were notified and officers Benon and Juntilla of squad #153 investigated. Mr. Brown, who notified police, stated he noticed that the garage door had been left wide open on the night of March 9th, which was unusual, but at the time he did not look inside. Deceased was found lying beside the car in the garage, on his left side with his head by the rear tire. The car keys were in the ignition, which had been turned off.

VOLDEMAR TORU - continued

A Minneapolis General Hospital ambulance came to the scene and the attendant physician confirmed death.

The deputy coroner on the case reported finding deceased as stated above, fully dressed. His body was cold and there was 4+ rigor.

The remains were taken to the Hennepin County Morgue where an autopsy was performed the following day. This revealed that death was due to acute myocardial infarction due to severe coronary sclerosis. There was also bilateral pulmonary edema and congestion and a surgically absent gallbladder. The pathologist performing the autopsy found no indication of carbon monoxide poisoning.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 11:30 p.m. on March 10th, 1962, by Dr. Paul Linner.

Deceased was seen by Dr. Paul Linner in December of 1961 for stomach ulcers. At 11:00 p.m. on March 10th, 1962 he collapsed in the bathroom and the doctor was called.

The deputy coroner at the scene viewed the body. There was no indication that death was not due to natural causes. The remains were taken to the Hennepin County Morgue.

NESTOR OLAFSON - continued

An autopsy was performed at the morgue on March 11th, 1962. This revealed that death was due to coronary insufficiency due to coronary sclerosis and an old posterior infarction. There was also bilateral pulmonary edema and congestion and atelectasis 5 LLL, congestion of the liver and prostatic hypertrophy. His blood was negative for barbiturates and alcohol.

Deceased is survived by his wife, Pearl, three sons, Harlan N., Roger and Gerald; five grandchildren; a brother, Vern; three sisters, Mrs. A. R. Johnsen, Mrs. H. W. Gray, and Mrs. George Johnson.

REMARKS

This case was reported to the Coroner's Office at 11:00 a.m. on March 15th, 1962, by the Albinson-Peterson Chapel, 3207 Central Avenue, Northeast.

According to deceased's wife, deceased was parking a car in the garage at his residence at about 1:00 a.m. on March 11th, 1962, when he became ill with shortness of breath and nausea, but no chest pain. He was brought to St. Andrews Hospital by taxicab and admitted at 2:00 a.m., obviously cyanotic and with rapid shallow respirations, registered under the care of Dr. J. R. Allen. 100 mg. of demerol and 10 mg. of compazine were administered. Oxygen was started by mask. Deceased stated that he was very nauseated and asked for a bed pan. At this time he had severe convulsions and tremors of the extremities commenced. Respiration ceased and he was pronounced dead, at 2:35 a.m., by Dr. Cortez, an intern.

ARTHUR HAROLD ENROOTH - continued

The original death certificate was signed by Dr. J. R. Allen, 1229 2nd Street N. E., Minneapolis, but was protested by the Health Department, as Dr. Allen stated he had never seen deceased alive.

The deputy coroner on this case viewed the body. There was no indication of other than a natural cause of death.

An autopsy was performed at the funeral chapel which revealed that death was due to acute left heart failure due to acute and old myocardial infarct.

Deceased is survived by his wife, Bessie N.; daughters, Mrs. Robert (Phyllis) Wells of Crystal, Mrs. Alvah M. Nelson of Columbia Heights, Mrs. Roy (Betty) Anthony of Moorhead, Minnesota; brothers, Vincent and Charles; sisters, Mrs. John (Judith) Jarness of Minneapolis and Mrs. Gust (Lillian) Hoglund of Barron, Wisconsin; also five grandchildren.

REMARKS

This case was reported to the Coroner's Office at 9:15 a.m. on March 11th, 1962, by the Minneapolis General Hospital.

Deceased was admitted to the hospital on February 4th, 1962 from his residence with a fractured left hip on which open surgery was done, and released on February 20th, 1962. He was readmitted on March 8th, 1962 and found to have thrombophlebitis of the left femoral vein, and expired on March 10th, 1962 at 10:25 a.m.

HENNING L. PETERSON - continued

An autopsy was performed at the hospital on March 11th, 1962. This revealed that multiple bilateral pulmonary emboli due to fracture of the left hip was the cause of death.

Deceased is survived by five sisters, Mrs. Carl Lindholm, Misses Ellen C. Laura C., Alvina and Hilma J. Peterson, and a brother, Theodore E. Peterson.

REMARKS

This case was reported to the Coroner's Office at 9:15 a.m. on March 11th, 1962, by Dr. Charles Adkins.

There is a history of heart disease in deceased's family. In the summer of 1961 deceased was under the care of Dr. Thomas Wright, and in November of 1961 she was seen by Dr. Adkins.

At 9:10 a.m. on March 11th, 1962, deceased was found in an unresponsive condition in bed by her sister, Mrs. Eleanor Swanson, with whom she lived. It was reported that when she was arising on this morning she fell to the floor, went back to bed and collapsed. She had complained of much chest pain of late.

MEREDITH G. OLSON - continued

The deputy coroner on the case viewed the body. There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease.

The remains were released from the home directly to a mortician.

Deceased is survived by three sisters, Mrs. Eleanor Swanson of Minneapolis; Mrs. Hanna Young of Cokato, and Mrs. Maryon Kohl of San Bernardino, California; and by three brothers, Emil, of Minneapolis, Morril of Cokato and Edward of Pheonix, Arizona.

REMARKS

This case was reported to the Coroner's Office at 6:10 p.m. on March 11th, 1962, by the James Ambulance Service.

It was reported that deceased had seen a Dr. Edwin Duff about two years ago. A few days ago he had complained of pains in his arms and chest. On March 11th, 1962, after having eaten a good dinner he developed acute chest and arm pains, and arrangements were made to take him to St. Mary's Hospital. However, he expired at 6:00 p.m. in a James ambulance en route to the hospital, and was brought to the Hennepin County Morgue by the ambulance.

BERNARD OIEN - continued

The deputy coroner on this case viewed the body. There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease.

Deceased's son, Kenneth Oien, was opposed to an autopsy and the remains were accordingly released from the morgue to a funeral director.

The survivors are wife, Walborg; son, Kenneth of Minneapolis; three grandsons; five brothers; and four sisters in Norway.

REMARKS

This case was reported to the Coroner's Office at 1:30 p.m. on March 13th, 1962, by the White Funeral Home.

Deceased had apparently been treated by Doctor Martinson of the Martinson Clinic. However, the clinic informed the funeral home that they had not seen deceased during the past year. Dr. Thompson of Veterans Hospital attended deceased at the hospital, where he had the following diagnosis: interstitial pneumonia, chronic bronchitis, and pulmonary emphysema. He was discharged from the Veterans Hospital March 8th, 1962, and expired at 9:00 p.m. on March 11th, 1962.

ARMAND FAUBERT - continued

The deputy coroner on this case viewed the body. There was no indication of other than a natural cause of death, which was attributed to interstitial pneumonia; chronic bronchitis and emphysema being contributing factors.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 8:25 a.m. on March 12th, 1962, by police.

At 8:03 a.m. on March 12th, 1962, deceased was out shoveling snow when he was seen by his wife to collapse and expire. Mrs. Munsey stated her husband had not seen a physician nor had he ever been hospitalized. She stated he never complained of ill health but did admit exhaustion after shoveling snow recently. She saw him help a woman get her car started in the heavy snow and thought it odd that the woman afterward held deceased by the arm. Deceased then walked back to his driveway, took one shovelful of snow and then collapsed to the ground in the driveway entrance.

MARK T. MUNSEY - continued

Police officer Caldwell of squad #152 was at the scene when the deputy coroner on the case arrived.

The deputy coroner viewed the body of this elderly man, who was fully clad, lying at the end of the driveway between 3539 and 3541 Holmes Avenue South. There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease. The remains were released directly from the scene to a mortician.

Deceased is survived by his wife, Della; son, Charles; brother, Herbert L.

Mrs. Munsey was opposed to an autopsy.

REMARKS

This case was reported to the Coroner's Office at 11:45 a.m. on March 12th, 1962, by police.

At 11:30 a.m. on March 12th, 1962, Larry Enright, Apartment 1A, same address, the caretaker entered deceased's unlocked apartment because deceased had not been seen going out to eat for several days. The window was shut and the light was on. Deceased was found dead behind a door. A two-burner gas plate had been pulled off the edge of the table.

Police officers Cooper and Roehl of squad 117 were at the scene when the deputy coroner on this case arrived.

GOTTFRED T. ROSENQUIST - continued

The deputy coroner viewed the decomposing body of deceased. There was some dessication, including the eyes, and much marbling. There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease.

The remains were brought to the Hennepin County Morgue and later released to a funeral director.

Deceased is survived by a brother, Edward Rosenquist, 3349 West 84th Place, Chicago 29, Illinois.

REMARKS

This case was reported to the Coroner's Office at 11:50 a.m. on March 12th, 1962, by the Methodist Hospital in St. Louis Park.

On February 21st, 1962, at 1:20 p.m., deceased was involved in a two car collision on State Highway #12 and County Road 5 in Wright County, Minnesota. The other car involved was driven by Duane Arthur Harding, 30, of 1017 Sibley Avenue South, Litchfield, Minnesota. Taken to the hospital at Winsted, Minnesota, which is nearby, deceased was found to have a fractured skull. He was transferred to Methodist Hospital the same day and admitted at 7:00 p.m. under the care of Dr. Henry Hoffert. Dr. Thomas Wright was a consultant.

Dr. Paul Blake performed a craniotomy on the right side on March 9th, 1962. Deceased expired at 10:50 a.m. on March 12th, 1962.

CLIFFORD McCLAY - continued

An autopsy was performed at the hospital on March 12th, 1962. This revealed the cause of death to be pulmonary artery embolism due to fracture, comminuted, skull, with multiple contusions of brain. Pyloric ulcers with recent hemorrhage, diabetes mellitus, vascular hypertension and obesity were contributing factors.

Deceased is survived by his wife, Georgia; son, Ervin D.; daughter, Mrs. Thomas Bell; grandson, Clifford Bell; mother, Mrs. Phoebe McClay; sister, Mrs. Ella Jones; and brothers, Bert, Paul and Mark.

REMARKS

This case was reported to the Coroner's Office at 3:10 p.m. on March 12th, 1962, by Werness Bros. Chapel.

Deceased, an invalid and more or less bedridden for several years, had been under the care of Dr. Gronvall and Dr. Frane. She had been a wheel chair patient with chronic brane syndrome due to previous strokes. There is history of a stroke approximately five and one-half years ago, and of an old hip fracture. She was last seen by Dr. Frane in 1960. Deceased expired at 4:10 a.m. on March 12th, 1962.

JOSEPHINE F. GARTNER - continued

The deputy coroner on this case viewed the body. There was no indication of other than a natural cause of death, which was attributed to cerebral thromboses, multiple, due to cerebral arteriosclerosis. Essential hypertension was a contributing factor.

The remains were released from the scene to a mortician.

Deceased is survived by her husband, Arthur M.; a daughter, Mrs. Lester G. Johantgen of Medicine Lake; a sister, Nell Bertrand of Plymouth, and three brothers, William and Robert Bertrand of Minneapolis and Victor Bertrand of Medicine Lake.

REMARKS

This case was reported to the Coroner's Office at 3:45 p.m. on March 12th, 1962, by police.

Deceased, who had moved to Minneapolis from Paynesville, Minnesota, in November, 1961, had a history of strokes and heart trouble and had been under care of the University of Minnesota Hospital, but not during the past six months.

On March 12th, 1962, at 3:10 p.m. Gordon Hegdahl, 3602 Xerxes Avenue North, JA 1-0493, son-in-law of deceased, found his father-in-law dead in bed where he had gone to nap after eating breakfast.

Police officer Underwood of squad 144 was at the scene when the deputy coroner on the case arrived.

MATHIAS SCHRIEVER - continued

An examination of the body gave no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease. The deputy coroner accordingly released the body from the scene to a funeral director.

Deceased is survived by his wife, Marie; four daughters, Mrs. Sarah Wendeling, Mrs. Sylvia Hegdahl, both of Minneapolis, Sister Mark, O.S.B. of Eau Claire, Wisconsin, and Mrs. Adeline Harrison of Michigan; two sons, Leo of Los Angeles and Elvin of Paynesville; nine grandchildren; five great-grandchildren; and a brother, Mike, Vergas, Minnesota.

REMARKS

This case was reported to the Coroner's Office at 7:25 p.m. on March 12th, 1962, by police.

Deceased, an alcoholic, at one time under the care of Dr. A. N. Bessessen, was released from the Willmar State Hospital in August of 1961. His wife, Mrs. Ruth Bloom, it was stated, had gone on Friday, March 9th, 1962, to stay with her daughter and son-in-law, Mr. and Mrs. Kenneth Kleve, 3253 - 46th Avenue South.

EMIL ELOF BLOOM - continued

Because of his drinking problem deceased had been placed on probation. David Bloom, 20, son of deceased, stated that he last saw his father alive about 5:00 p.m. on the evening of Sunday, March 11th, 1962, and that at that time he appeared to be fairly sober. At that time he gave his father the message that he was to see Mr. John Hagen at the probation office not later than 9:30 a.m. on March 12th, and that deceased replied that he would not go, that "they'll have to come and get me first," or words to that effect. David then spent the night working on his car and sleeping at a shop at 3805 Bloomington Avenue South, and when he returned to check on deceased at 6:20 p.m. the evening of March 12th, he found the house lights out, the door unlocked, and noticed tracks in the snow from the back door to the garage. The tracks had been partly filled in with fresh snow so he looked in the garage and found his father dead in the driver's seat of his car.

Police officers Nordahl and Loye of squad 152 were the first officers at the scene, and they were followed by officers Blanch and Dee of squad 301 who investigated the case and called this office.

The deputy coroner on this case reported finding deceased, a 57 year old gray-haired man clad in gray work trousers, blue socks, overshoes, tee shirt, and tan jacket sitting dead in the driver's seat of a 1959 Dodge Coronet four-door bearing Minnesota 1961 license number 4E4812 in the garage at 4709 Park Avenue. The garage doors showed a heavy accummulation of undisturbed snow. The ignition tank was empty. There was an odor of exhaust fumes and paint solvents in the trunk of the car. Deceased was rigid in rigor mortis with livor. His thighs, legs, genitalia, abdomen, hands, and face were pink. His spectacles were askew and one denture had fallen to the floor of the car to the left of the driver's seat.

It was reported that about November of 1960 deceased had attempted suicide - by carbon monoxide on one occasion, and by stove gas on another.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

The toxicologist's report of analysis of deceased's blood revealed 0.32% alcohol by weight and carbon monoxide saturation. Death was ruled a suicide due to carbon monoxide poisoning.

Deceased is survived by his wife, Ruth; sons, Dennis and David; one daughter, Mrs. Kenneth (Betty) Kleve; six grandchildren; one brother, Pete; and one sister, Mrs. Fred (Christine) Rose.

REMARKS

This case was reported to the Coroner's Office at 7:50 a.m. on March 13th, 1962, by the Northwestern Hospital.

Deceased apparently went to work the morning of March 13th, 1962, but had not yet punched in. According to the man at the main gate he was about to purchase lunch when he became ill and vomited. A Mr. George Pieh accompanied deceased to Northwestern Hospital by Olson ambulance, but deceased had already expired on arrival and was taken by the ambulance to the Hennepin County Morgue.

LEIF A. JOHNSON - continued

Death apparently occurred at 7:00 a.m. on March 13th, 1962.

The deputy coroner on this case viewed the body. There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease.

Deceased's family was opposed to an autopsy.

Deceased had a medical record at Abbott Hospital, having had surgery for hemorrhoids by Dr. Walter A. Fansler. It was reported he had been shoveling snow the night before he expired.

The survivors are wife, Zelda G.; three sons, Rev. Earl Johnson of Savage, Minnesota and Richard and Bruce of Minneapolis; two grandchildren; a brother, Roy of Minneapolis; and a sister, Mrs. Bernard Nelson of Forest Lake, Minnesota.

REMARKS

This case was reported to the Coroner's Office at 10:25 a.m. on March 13th, 1962, by Dr. Richard Sartor, Apache Plaza Medical Center, 788-9258.

Deceased had been under the care of Dr. Sartor, but the last time he had seen her was in May of 1961. At that time she had some epileptic seizures. It was reported that she had a history of epilepsy since childhood, and had a nervous breakdown a year and a half ago, having been cared for at that time by Dr. Blitz at the University of Minnesota Hospitals.

Deceased was found in an unresponsive condition at 8:10 a.m. in bed by her father, with whom she was living, on March 13th, 1962. He thought she was sleeping and checked again at 10:00 a.m.

Police officer, Chief Edwin Brown of the St. Anthony Village police was at the scene when the deputy coroner on this case arrived.

JUDITH E. BROWN - continued

Deceased was lying in bed, face down, in full rigor on a blood stained pillow. It was reported that she had been very shakey for the past ten days. She had been on dilantin and some other medication. There was no indication that death was due to other than natural causes.

Deceased was reported in the process of obtaining a divorce and had one child.

The body was removed to the Hennepin County Morgue, where an autopsy was performed later that day. In the opinion of the pathologist it was deemed advisable to await the findings of the toxicologist before determining the cause of death. The pathologist's report was negative for barbiturates. Death was attributed to bilateral pulmonary edema due to epileptic seizure.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 8:50 a.m. on March 14th, 1962, by the Bloomington police.

Deceased had been delivered by Dr. H. J. Racer at the Northwestern Hospital on January 31st, 1962. He had apparently been well, but at 2:00 a.m. on March 14th, 1962, his mother heard him whimper. At 8:00 a.m. she found he had expired.

Police officer Orville Harrison, badge #27, of the Bloomington police went to the scene and remained until a deputy coroner arrived. He reported that the deceased was dark blue on arrival. The father was attempting mouth-to-mouth respiration.. It was reported the baby had been lying on his stomach with his head turned to the right.

RANDY EKSTRUM - continued

The deputy coroner at the scene viewed the body. There was no indication of other than a natural cause of death.

Dr. Siurnous, an associate of Dr. Racer who was out of town, obtained permission from deceased's parents for an autopsy.

The remains were taken to the Hennepin County Morgue, where an autopsy was performed later that day. This revealed that death was due to pulmonary congestion and edema.

Except for the parents, the names of survivors are not known to this office.

3-20-62:
Deceased is survived by his parents; a sister, Suzanne; and five brothers, David, Tommy, Mike, Pat, and Danny.

4-12-62: **Acute laryngitis and incipient pneumonia was added to the cause of death after receipt of the autopsy report.**

REMARKS

This case was reported to the Coroner's Office at 10:50 a.m. on March 14th, 1962, by the Fairview Hospital.

On March 12th, 1962 at 7:00 p.m. deceased was admitted to Fairview Hospital with a chest injury as a result of falling on ice at a neighbor's at 1:30 p.m. on February 25th, 1962. She was a patient of Drs. Stren, Frane and Schwartz, and expired at 9:30 a.m. on March 14th.

The deputy coroner on the case went to the hospital to view the body in determination of the cause of death.

ANNA MARIE FELTON - continued

Deceased's doctors and her family requested an autopsy. An autopsy was performed later that day, March 14th, 1962, at the hospital. This revealed pulmonary embolism due to femoral thrombophlebitis, right or left side undetermined.

The remains were released from the hospital to a funeral director.

Deceased is survived by her husband, Ronnie; a daughter, Darlinda Marie; parents, Mr. and Mrs. James Colman of San Luis Obispo, California; and a sister, Mrs. Barbara Engel of San Diego.

REMARKS

This case was reported to the Coroner's Office at 6:10 p.m. on March 14th, 1962, by police.

Deceased had been out shoveling snow on the afternoon of March 14th, 1962. He had an acute attack of chest pain, became nauseated, and went into the house to bed, after which he expired. Relatives had called the Minneapolis General Hospital and an ambulance was sent, but the physician stated deceased had already expired at 5:50 p.m.

Police officers Greely and Mruz were at the scene when a deputy coroner arrived. It was reported deceased had been a patient at the Minneapolis General Hospital about a year ago.

JOHN SPERKA - continued

The deputy coroner viewed the body. There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease.

Deceased's remains were released directly from the home to a mortician.

The survivors are wife, Frances; daughters, Mrs. J. (Lydia) Dusek of Hopkins, Minnesota; Mrs. C. (Bernice) Rottier of Hackensack, Minnesota, Mrs. C. (DeEtte) Sopczyk of Maple Grove, Minnesota, Mrs. E. (Lilyan) Noid and Mrs. Irene Smuda of Minneapolis; and six grandchildren.

REMARKS

This case was reported to the Coroner's Office at 9:25 p.m. on March 14th, 1962, by Werness Bros. Funeral Chapel.

Deceased, whose home was in Chicago, had been living with her sister, Mrs. Jasper Gibbs Jr., at 2215 East 37th Street in Minneapolis for a month. For the past week she had complained of severe back and abdominal pain. She had lost considerable weight and her appetite had been poor, although her elimination had been adequate.

EDYTHELLA B. HARSH - continued

Deceased expired at 9:00 p.m. on March 14th, 1962. The remains were taken to the funeral home and viewed and examined by a deputy coroner at that place. There was no indication that death was not due to natural causes. Palpation of the abdomen seemed to reveal a mass therein.

An autopsy at the funeral home the following day revealed extensive abdominal cancer and specimens of tissue were sent to the toxicologist for examination. Death was attributed to carcinoma of ovary with metastasis.

With the exception of her husband, Fenton William Harsh, and her sister, Mrs. Jasper Gibbs, Jr., the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 11:20 p.m. on March 15th, 1962, by the Hennepin County Sheriff's office.

Deceased, while driving a car west on 39th Avenue on March 15th, 1962, was turning left into an alley between Quail and Regent Avenues, when his car was struck broadside by an eastbound car driven by Marvin Koontz, 37, of 4011 Yates Avenue North, Robbinsdale, pushing the Dowden vehicle back 30 feet into a snowbank. A North Memorial Hospital ambulance physician pronounced him dead on arrival at 11:00 p.m. Mr. Koontz, it was reported, was taken to the hospital.

Robbinsdale police officers Burne and Ackerman were at the scene when a deputy coroner arrived.

SHELBY L. DOWDEN - continued

Deceased was sitting behind the wheel of his car which was smashed into a snowbank. The remains were taken to the Hennepin County Morgue.

An autopsy was performed at the morgue the morning of March 16th, 1962. This revealed that death was due to tension hemo pneumothorax secondary to ruptured aorta, fracture of second cervical vertebra, and multiple rib fractures. The toxicologist's analysis of deceased's blood was negative for alcohol.

REMARKS

This case was reported to the Coroner's Office at 9:30 a.m. on March 16th, 1962, by Dr. Waters of the Veterans Hospital.

According to the Anoka police, deceased, who had been walking south on Main Street, suddenly stepped into the street from behind a parked car at 5:55 p.m. on February 3rd, 1962, into the path of a westbound car driven by Arden E. Hemsworth, 32, of 516 Brisbin Street, Anoka, who stated she was unable to avoid striking the man.. There were skid marks for approximately 15 feet.

He was admitted to North Memorial Hospital at 7:20 p.m. on February 3rd, 1962, unconscious, and treated for multiple fractures. Surgery was done at the hospital on February 9th. Bilateral cranial burr holes revealed bilateral small subdural hematomas.

CHARLES M. HICKS - continued

Deceased was transferred to the Veterans Hospital on March 9th, 1962, and expired at 6:50 a.m. on March 16th.

An autopsy was performed at the hospital on the day of death. This revealed multiple accidental injuries including brain and multiple rib and pelvic fractures, and bronchopneumonia.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 8:45 a.m. on March 17th, 1962, by police.

At 8:00 a.m. this morning Lawrence Parent, a fellow roomer at this address, found deceased collapsed on the bathroom floor, fully clothed.

Police officers Trymucha and Stuber of squad 125 responded to a call for assistance.

EDWARD BOULTON - continued

The deputy coroner at the scene reported finding deceased, as stated, fully clothed lying on the bathroom floor. Early rigor mortis was present. There were no signs of violence and no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Deceased's room was sealed.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 9:32 a.m. on March 17th, 1962, by police.

Deceased had been having an elevated temperature for several days and had been seen on March 16th at the Minneapolis General Hospital for an ear infection. He seemed to be choking at feeding time, about 8:00 o'clock the morning of March 17th, was patted on the back by his mother, and put to bed. About 45 minutes later his mother looked in on him and found the baby lying on his stomach with a blanket over his head, not breathing.

A rescue squad and hospital ambulance were called. Dr. Hyde, the Minneapolis General Hospital ambulance physician, pronounced the baby dead.

MITCHELL CORRY WILBUERT - continued

Police officers K. Vick and J. Carlson of squad #151 were at the scene when the deputy coroner arrived.

The remains were taken to the Hennepin County Morgue where an autopsy was performed later in the day. This revealed that death was due to bilateral pulmonary atelectasis.

Except for deceased's parents, names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 7:30 p.m. on March 17th, 1962, by the Veterans Hospital.

Deceased was reported to have been a patient at the hospital in August of 1961, at which time he was being treated for hernia, cystitis, hypertension and arteriosclerosis. On the evening of March 17th he was in Receiving, waiting for an x-ray to be completed when he collapsed and expired at 6:50 p.m.

PALMER E. EKERN - continued

An autopsy was performed at the hospital the following day. This revealed that death was due to acute myocardial infarction due to arteriosclerotic heart disease with coronary sclerosis and myocardial fibrosis. Diabetes mellitus was a contributing factor.

Deceased is survived by his wife, Cynthia; a son, Donald E. of Tucson, Arizona; and a brother, Peter of Anaheim, California.

REMARKS

This case was reported to the Coroner's Office at 7:10 a.m. on March 19th, 1962, by the Minneapolis General Hospital.

It was reported that deceased was discharged from St. Mary's Hospital two weeks ago where she had been treated for pneumonia and heart trouble. She went to church on Sunday, March 18th, but complained of not feeling well that night. She thought she had "flu."

Deceased was admitted to the Minneapolis General Hospital at 5:56 a.m. on March 19th, 1962, and expired minutes later, at 6:05 a.m.

SUSAN G. McMULLEN - continued

Deceased had been under the care of Dr. James Trow, but Dr. Trow preferred to have the Coroner's Office sign the death certificate.

The deputy coroner at the scene viewed the body. There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease.

Deceased is survived by a son, Raphael J. of Moorhead, Minnesota; a daughter, Mrs. Harold Goehrs of Spokane, Washington; an adopted son, Lawrence E. McMullen of Minneapolis; a granddaughter, Mrs. Joseph R. Layeux of Richfield who was reared by deceased; also other grandchildren, great-grandchildren, and one great-great-grandchild.

REMARKS

This case was reported to the Coroner's Office at 10:30 p.m. on March 19th, 1962 by police.

The caretaker at the above address noticed several days' papers beside deceased's door and called her son John of 4358 Upton Avenue North, who came and found his mother had expired sitting in a chair. He called the fire department rescue squad. Dr. Krause, a Minneapolis General Hospital ambulance physician, pronounced death at 10:22 p.m. Death apparently occurred at 10:00 p.m. on March 19th, 1962.

KATHERINE A. KNIGHT - continued

Police officers Lundquist and Haukom of squad #145 were at the scene.

A deputy coroner viewed the body. There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease. The remains were released directly from the scene to a mortician.

Deceased is survived by four sons, Theodore R., John L., Edward J. and Robert J.; ten grandchildren; six great-grandchildren; a brother, Anthony Graves of Las Vegas; and three sisters, Mrs. May Calstrom and Mrs. Margaret Lund of Minneapolis, and Mrs. Clara Dowdell of California.

REMARKS

This case was reported to the Coroner's Office at 11:15 a.m. on March 20th, 1962, by Dr. L. R. Scherer.

At 11:00 a.m. on March 20th, 1962, deceased was found sitting in his car in the garage, expired, by Mrs. Francis P. Brodin, a friend, who resides at 6425 Humbolt Avenue South, telephone number UN 9-6153, after his stepmother, with whom he lived, had called her.

Police officers Rieman and Short of the homicide squad were at the scene when the deputy coroner on this case arrived.

LENARD J. ERICKSON - continued

It was reported that deceased had taken over his father's business after his death about a year ago, but had lost a lot of money and had been despondent and under the care of a psychiatrist.

The deputy coroner viewed the body of deceased, slumped to the right behind the wheel of the car. There was no evidence of violence. The body was stiff and the color of the skin of the chest was pink rather than that of livor mortis.

The ignition was on and a wooden stick was wedged against the gas pedal. Both front windows of the car were open. The engine was not running. The gas guage registered one-fourth full. The garage door and windows were closed.

The remains were taken to the Hennepin County Morgue. An autopsy was performed at the morgue on the date of death, and this revealed deceased's death was due to carbon monoxide poisoning and it was ruled a suicide. The toxicologist's analysis of deceased's blood was negative for alcohol and revealed carbon monoxide saturation.

Deceased is survived by a sister, Mrs. Marvin (Alice) Wuum of Maple Lake, Minnesota; a brother, Arnold C. of St. Paul; three nieces and four nephews.

REMARKS

This case was reported to the Coroner's Office at 4:30 p.m. on March 20th, 1962, by Fred Fuller of Apartment 1 of the above address, telephone number FE 3-7301.

Deceased had been apparently good health and had not been under the care of a physician. It was reported that three days ago she had developed a "cold" and become progressively more ill and short of breath. On March 20th she was quite dyspneic but did not complain of chest pain or pain elsewhere. Mr. Fuller, a friend and the caretaker, called his doctor, Dr. Robert P. Caron, who requested that deceased be taken to the Abbott Hospital. Mr. Fuller took her to the hospital but she was declared dead on arrival by Dr. Saoi, a resident physician in the emergency room.

ALMA HULDA MARIA CLARINO - continued

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

An autopsy at the morgue on March 21st, 1962, revealed that death was due to myocardial infarction secondary to coronary sclerosis.

Deceased is survived by a sister, Mrs. Manuel Larson and a brother and two sisters in Sweden.

REMARKS

This case was reported to the Coroner's Office at 10:35 p.m. on March 20th, 1962, by police.

At about 8:45 p.m. on the evening of March 20th, 1962, it was reported, deceased complained of chest pains and his wife attempted unsuccessfully to reach a doctor. She then called her son-in-law, Glenn Carlsen of 2903 - 42nd Ave South, who summoned a rescue squad. Deceased did not respond to oxygen given by the rescue squad. Dr. Hyde, a physician in attendance on a Minneapolis General Hospital ambulance, pronounced death at 10:00 p.m.

Police officers Myring and Gottlieb of squad #163 were at the scene when the deputy coroner on the case arrived.

ERNEST R. NORDIN - continued

The deputy coroner viewed the body. There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease. The remains were released from the scene to a funeral director.

It was reported deceased had been a patient of the Veterans Hospital at Fort Snelling recently.

Deceased's wife did not wish to have an autopsy performed.

The survivors are wife, Esther A.; son, Ronald; daughter, Mrs. Glen (Muriel) Carlsen, all of Minneapolis; one grandson, Bret; brother, Julius A.

REMARKS

This case was reported to the Coroner's Office at 10:45 a.m. on March 21st, 1962, by police.

A number of years ago, it was reported, deceased had been under the care of Dr. Henry Quist. Since his discharge from the Anoka State Hospital about a year ago, however, he had been having psychiatric care at the University of Minnesota Hospital. Mrs. Paulson stated her husband had been feeling quite well lately, though he did complain of pain in his right leg after walking any distance, and that the pain would be relieved by rest. She stated that he had also complained frequently of shortness of breath and pain low in his back.

PALMER J. PAULSON - continued

On the morning of March 21st, 1962, deceased took a shower then his wife saw him stagger past her, looking alternately very pale and almost black in the face, and collapsed on the bed.

Police officers Dziedzic and Robertson of squad #124 were at the death scene when the deputy coroner arrived.

Deceased was a slightly built, thin but well-nourished man. There was no indication that death was not due to natural causes. There were empty prescription bottles from the University of Minnesota Hospital, and a bottle of mellaril, Rx #25308 for 150 50 mg., prescribed by Dr. Lowe of the University on March 8th, 1962; 120 tablets remained in the bottle. There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease. The remains were released directly from the home to a mortician.

Deceased is survived by his wife, Helen K.; four sons, Robert E., Donald R., James G. and Gale D.; one daughter, Beverly J.; five brothers and four sisters.

REMARKS

This case was reported to the Coroner's Office at 11:25 a.m. on March 21st, 1962, by a Dr. Mitchell.

Deceased, who lived at the above address with her brother, Melvin Erickson, whose phone number is GR 2-2444, and a sister, Christine. She had not been under a physician's care and usually had been quite well until last summer, apparently, but since that time had been either sitting in a chair or in bed. She had been completely bedridden the past few days and did not awaken on the morning of March 21st, 1962, and was found, expired, at 10:00 a.m.

It was reported she had been talking until yesterday, March 20th, when she ceased to speak.

ANNA K. BEPPLER - continued

The deputy coroner on the case viewed the body. There was no indication that death was due to other than natural causes, and death was attributed to cerebral thrombosis due to cerebral arteriosclerosis.

The remains were released directly from the home to a funeral director.

Deceased is survived by her sister and brother, Christine and Melvin Erickson, both of Mound and a nephew, Clarence Greenlund of McMinnville, Oregon.

REMARKS

This case was reported to the Coroner's Office at 5:20 p.m. on March 21st, 1962, by the Belzer Clinic.

This infant was being brought to the clinic for her first post-natal visit. Her parents noted that her eyes suddenly rolled back and she stopped breathing, at 5:10 p.m., March 21st, 1962. She was pronounced dead on arrival at the clinic. All attempts at resuscitation, including intracardiac adrenalin, according to Dr. Severseike, were of no avail.

STACY LYNN TABOR - continued

The deputy coroner on this case viewed the body of this infant, 21 inches in length, weighing seven and one-half pounds. She was well-developed, well formed, and cyanotic. There was no indication of other than a natural death.

The remains were taken to the Hennepin County Morgue, where an autopsy was performed on March 22nd. This revealed that death was due to congenital heart trouble (bicuspid aortic valve, coarctation of aorta, and patent ductus arteriosus.)

Deceased is survived by her parents, a sister, brother, and grandparents.

REMARKS

This case was reported to the Coroner's Office at 6:45 p.m. on March 21st, 1962, by police.

Deceased lived with her daughter, Mrs. Sylvia Schwebach, at the above address, and reportedly had not seen a physician in years. Mrs. Schwebach stated deceased had had the "flu" for several days and collapsed in the kitchen at 6:30 p.m. on March 21st, 1962. A Minneapolis General Hospital ambulance came in response to a call for assistance, and the physician in attendance pronounced deceased dead on arrival.

MARIT BAKKEN - continued

Police officers Myring and Gottlieb of squad 163 were at the scene when the deputy coroner on this case arrived.

There was no indication of other than a natural cause of death and the remains were released directly from the home to a mortician. Death was attributed to arteriosclerotic heart disease.

Deceased is survived by her daughter, Mrs. Mark (Sylvia) Schwebach, and one granddaughter.

REMARKS

This case was reported to the Coroner's Office at 8:30 a.m. on March 23rd, 1962, by police.

Deceased had not been feeling well lately, and had complained of having a pain in his chest the past few days. He had given a neighbor, Emma Crans of apartment #103 at the same address, a key to his apartment because he had not been feeling well, and she was to have taken him to see a Dr. Schaefer on the morning of March 23rd. Mrs. Crans found deceased, expired, in bed at 8:30 a.m., with a morning paper which he had apparently gotten at his door that morning beside him.

FRANCIS E. WHITE - continued

Police officer K. Vick of squad #151 and a Minneapolis General Hospital ambulance came in response to a call for assistance. Dr. Hyde, the ambulance physician, declared the man dead on arrival.

The deputy coroner on this case viewed the body. There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease. The remains were released from the scene to a funeral director.

Deceased is survived by a daughter, Mrs. Harry P. Hinrichs of Minneapolis; son, Paul L. of Los Angeles; two brothers, Thomas C. of Minneapolis and Joseph of Princeton; ten grandchildren and eighteen great-grandchildren.

REMARKS

This case was reported to the Coroner's Office at 8:10 a.m. on March 23, 1962, by the police.

Deceased, who had been treated for a heart condition at the University of Minnesota heart clinic by a Dr. Moore, for the past three years, complained of pains in his stomach the morning of March 23rd, 1962. Police officers Lindfors and Larson and a Minneapolis General Hospital ambulance and rescue squad went to the scene in response to a call for assistance. Dr. Hyde, the ambulance physician, pronounced the man dead on arrival at 7:45 a.m.

JOHN A. ENGSTROM - continued

It was reported that Dr. Moore was out of the city so the Coroner's Office was notified. The deputy coroner on the case viewed the body. There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease, and the body was accordingly released from the scene to a mortician.

Deceased is survived by his wife, Anne; three sons, John, Donald, and Clinton; and a daughter, Mrs. Charlotte Rivers, all of Minneapolis.

REMARKS

This case was reported to the Coroner's Office at 7:35 p.m. on March 23rd, 1962, by police.

Deceased was reported to have been under the care of Dr. L. A. Stelter for a heart murmur some time ago, but not recently. He expired at 7:20 p.m. on March 23rd, 1962, while watching television.

Police officers answered a call for assistance and were at the scene when the deputy coroner on this case arrived.

The deputy coroner viewed the body of deceased sitting in a chair. There was no indication that death was not due to natural causes, and it was attributed to arteriosclerotic heart disease.

EDWARD EUGENE JACOBSON - continued

The remains were released from the scene to a mortician.

Deceased is survived by his wife, Anna; two sisters, Mrs. Hannah Eidsmoe and Mrs. Helen Lombarn, all of Minneapolis.

REMARKS

This case was reported to the Coroner's Office at 4:00 a.m. on March 24th, 1962, by police.

Deceased, it was reported, had been ill for a long time with cirrhosis of the liver due to alcohol ingestion, and lately had some trouble with phlebitis in her legs. She had been under the care of Dr. Arthur C. Kerkhof and also of Dr. Carl W. Laymon, both in the Medical Arts Building, in the past, and a year and a half ago had been hospitalized at St. Barnabas Hospital. She apparently expired at 3:20 a.m. the morning of March 24th, 1962.

Police officers Rosemeyer and Hansen of squad 165 and a Minneapolis General Hospital ambulance went to the scene in response to a call for assistance by Clarence Johnson, deceased's husband. Dr. Hyde, the ambulance physician, confirmed death.

AUDRIE (AUDREY) M. JOHNSON - continued

The deputy coroner at the scene viewed the body. There was no indication of foul play, and no indication of other than a natural cause of death. Death was attributed to cirrhosis of the liver.

Deceased is survived by her husband, Clarence D. and a son, Brian.

REMARKS

This case was reported to the Coroner's Office at 9:30 a.m. on March 24th, 1962, by the University of Minnesota Hospitals.

At 11:40 p.m. on Friday, March 23rd, 1962, deceased was involved in a car-train accident at Highway 25 and the Northern Pacific and Great Northern Railway tracks at Big Lake, Sherburne County, Minnesota. According to information from the highway department, their report indicates that the railroad signal was flashing at the time of the accident. Deceased's car skidded over 100 feet into the train, a Great Northern Railway freight, #913 Extra-East, and he was thrown from the car onto the railroad tracks. Only deceased, the driver of the car, was severely injured. His two passengers, Glenn Shierts, 30, and LeRoy Krautbauer, both of Monticello, escaped with minor injuries.

ROBERT L. RUSSELL - continued

Apparently deceased was seen by a local physician and then sent to University Hospitals. He was brought in by ambulance, unconscious, and admitted at 1:45 a.m. There was a working diagnosis on admission of cerebral injuries. Following admission a tracheotomy was performed, as well as examination by x-ray. Deceased expired at 4:30 a.m. without regaining consciousness.

An autopsy was performed at the hospital on March 24th, 1962. This revealed that death was due to massive subdural hemorrhage, secondary to acute head injury. The toxicologist's examination of deceased's blood showed 0.07% alcohol by weight.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 8:55 a.m. on March 24th, 1962, by police.

At 8:30 a.m. on March 24th, 1962, Mr. Ceaser Schaum, 5123 - 45th Avenue South, noticed deceased sitting in the driver's seat of a blue and white Cadillac, 1950, bearing license number 3Z9568, in an unnatural position. This car was parked in front of 5124 - 45th Avenue South. Mr. Schaum notified Mr. Einar Nelson at that address, who in turn notified police. Officers Flint and Coleman of squad #165 and a Minneapolis General Hospital ambulance were sent to the scene.

Dr. Henry Smith, the ambulance physician, pronounced the occupants of the car - deceased in this case, and Mildred Ann Geyer, (see following case) both dead on arrival. The Coroner's Office was then notified and Detective R. Anderson of the homicide division was sent to the scene.

JACK R. CHAFFEE - continued

The deputy coroner on the case viewed the bodies. Deceased was sitting upright behind the steering wheel with a beer can clutched in his hands, which were resting in his lap. Rigor mortis was present and his skin was cherry-red in color.

It was reported the ignition was on and the gas tank empty when the bodies were found, and that the left front window had been open about four inches. Police stated a glance at the muffler indicated the exhaust pipe was faulty.

There was no identification on deceased's body. His identity was traced through the license number on his car. His brother-in-law, a Mr. Klugman of 4243 First Avenue South, verified the identification.

The car was locked and the ignition and door keys were given to Detective R. Anderson, and the car was towed to the Bryant Avenue police station.

The remains of both bodies were taken to the Hennepin County Morgue.

An autopsy was performed at the morgue on March 24th, 1962. This revealed that death was due to carbon monoxide poisoning and recent ingestion of alcohol. The toxicologist's analysis of deceased's blood showed carbon monoxide saturation and 0.16% alcohol. Death was ruled accidental.

Deceased is survived by his wife, Vivian; two daughters, Gail and Katherine; two brothers, Calvin and Woodrow; and three sisters, Mrs. Hazel Klugman, Mrs. Evelyn Fisher, and Mrs. Fern Zimmerman.

REMARKS

This case was reported to the Coroner's Office at 8:55 a.m. on March 24th, 1962, by police.

For details of the circumstances surrounding this case see the previous case, #291 - Jack R. Chaffee.

The deputy coroner at the scene viewed the body of deceased lying over on her left side with her head in the lap of the driver. Her body was stiff with rigor mortis and her skin was cherry-red in color. Vomitus was present in the lap of the driver. An empty beer can was at her feet. There were four full cans remaining in a six-pack on the floor of the car. A red plastic purse lay between her body and the car door.

Deceased's remains and her purse and contents were taken to the Hennepin County Morgue.

Charles Lumbar, 91 North 17th Street, deceased's first cousin, identified the body and stated he would notify her relatives at Waterville, Minnesota.

An autopsy was performed at the morgue on March 24th, 1962. This revealed severe bilateral pulmonary edema and congestion and cystic ovaries. The toxicologist's analysis of deceased's blood showed carbon monoxide saturation and 0.24% alcohol, by weight. Death was attributed to carbon monoxide poisoning and acute alcoholism, and was ruled an accident.

REMARKS

This case was reported to the Coroner's Office at 6:20 p.m. on March 24th, 1962, by police.

Deceased's mother stated she had last seen him about 8:00 Friday, March 23rd, 1962, when he left home to take Janice Fenus, 2323 - 26th Avenue South (see following case, #293) to a show. She stated she found deceased at 5:45 p.m. Saturday, March 24th, 1962, in the front seat of her 1962 Pontiac Tempest, license number 5D 6353, with his companion, both expired. The key was on in the ignition, the battery dead, and the gas guage read "empty." The car door was open and the garage door was open a few inches.

ANDREW J. MARSHIK - continued

Police officers Smith and Hlady of squad #307 and Roach and Gottlieb of squad #163 were at the scene when the deputy coroner on the case arrived. A rescue squad and Minneapolis General Hospital ambulance had been at the scene and Dr. Christiansen, the ambulance physician, had pronounced deceased and his companion dead on arrival.

Deceased was lying in the front seat of the car with the girl, Janice Fenus, barefoot, and clad only in a shirt and trousers and partially disrobed. Rigor mortis was present and his skin was cherry red in color.

Deceased's personal belongings were turned over to his mother and his remains were taken to the Hennepin County Morgue.

An autopsy at the morgue on March 25th, 1962, revealed bilateral pulmonary congestion and edema, bilateral hydrothorax, and pinkish discoloration of the blood and tissues. The toxicologist's analysis of deceased's blood showed that it was carbon monoxide saturated and negative for alcohol. Death was attributed to carbon monoxide poisoning and was ruled an accident.

Deceased is survived by his mother, Mrs. Marie Marshik, and a brother, Frederick, both of Minneapolis, and a sister, Catherine, of Portland, Oregon.

REMARKS

This case was reported to the Coroner's Office at 6:20 p.m. on March 24th, 1962, by police.

The circumstances surrounding this case are identical to those of the preceding case, Andrew J. Marshik, #293.

Deceased's mother had been notified of her daughter's death and was at the scene, with police officers Smith and Hlady of squad #307 and Gottlieb of squad #163, when the deputy coroner on this case arrived.

JANICE FENUS - continued

Deceased's body was lying on the front seat of the car, partially disrobed. Rigor mortis was present and her skin was cherry red in color.

The remains were taken to the Hennepin County Morgue.

An autopsy performed at the morgue on March 25th, 1962, revealed bilateral pulmonary congestion and edema, bilateral hydrothorax, and pinkish discoloration of the blood and tissues. The toxicologist's examination of deceased's blood was negative for alcohol and showed that it was carbon monoxide saturated. Death was attributed to carbon monoxide poisoning and was ruled an accident.

Deceased is survived by her parents, Mr. and Mrs. Joseph Fenus and a sister, Darlene.

REMARKS

This case was reported to the Coroner's Office at 9:50 a.m. on March 24th, 1962, by police.

Deceased was last seen alive on Thursday, March 22nd, 1962, by the caretaker of the building in which he lived, Mr. M. L. Jones. A friend, Miss Jewel Tyde, 6048 Thomas Avenue South, sought assistance from Mrs. M. L. Jones, the caretaker's wife, when she was unable to get a response from deceased's apartment. The television was on and the door was locked. Mrs. Jones opened the door with a pass key and they found deceased, expired, lying on the floor.

Police officers Keavy and Gardner of squad 117 answered a call for assistance.

EVANS ALTON STORVICK - continued

The deputy coroner at the scene stated deceased was lying on the floor with arms and legs outstretched, and on his back. Rigor mortis was present with dependent ruber. Dried blood was present on deceased's nose and face, left arm and feet. The body was dressed only in shirt and trousers. There was a one centimeter superficial laceration on the occiput with a small amount of blood staining in the hair, and no other apparent injury. There was much broken glass from broken plates and cups on the floor.

Mrs. Gordon Romberg of apartment 12 had complained the previous night of noise in this apartment, sounds of arguing and loud voices about midnight and of someone leaving, slamming the door. The homicide division was notified and the room sealed.

Deceased's remains were taken to the Hennepin County Morgue, where an autopsy was performed on March 25th, 1962. This revealed the cause of death to be fat embolism of the pulmonary arteries with fatty liver due to malnutrition. The toxicologist's analysis of deceased's blood was negative for alcohol.

Deceased is survived by daughters, Mrs. Charles (Joan) White, Mrs. Paige (Joyce) Norling, and Mrs. Ronald (Donna) Zimmerman; one son, Evans E.; eight grandchildren; and a brother, Paul Storvick, all of Minneapolis.

REMARKS

This case was reported to the Coroner's Office at 7:00 a.m. on March 25th, 1962, by the University of Minnesota Hospitals.

At 3:40 p.m. on Sunday, March 18th, 1962, while driving a 1961 Wild Cat Go-Cart, deceased was involved in an accident on County Road 12, one mile east of Deerwood, Crow Wing County, Minnesota. According to information from the State Accident Bureau, Tvio John Salmi, 54, Box 95, Pengilly, Minnesota, who was driving a car, attempted to pass deceased when deceased suddenly made a "U" turn, and was unavoidably struck by the Salmi vehicle.

Deceased was taken from the scene of the accident to the Crosby Ironton Hospital in Crow Wing County, and then transferred to the University of Minnesota Hospitals, in a comatose condition. He expired at 6:30 a.m. on March 25th, 1962, without ever regaining consciousness.

TIMOTHY BOGLE - continued

An autopsy was performed at the hospital on March 25th, 1962, which revealed cerebral lacerations and edema secondary to acute head injury as the cause of death. There was also tracheitis.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 8:15 a.m. on March 25th, 1962, by police.

Deceased was reported to have been under the care of a doctor in Wadena, Minnesota, whom he had not seen since September, 1961. He had a history of heart trouble. On the morning of March 25th he was preparing breakfast, when he suddenly called to his brother, with whom he lived, to get a doctor. A Minneapolis General Hospital ambulance, rescue squad, and police officers Gustafson and Ganaveld of squad 163 responded to the call. Dr. Henry Smith, the ambulance physician, pronounced the man dead at 8:15 a.m., March 25th, 1962.

It was stated deceased had complained of chest pains.

FRANK EARL JOHNSON - continued

The deputy coroner on this case viewed the body. There was no indication that death was not due to natural causes, which was attributed to arteriosclerotic heart disease.

Deceased's family refused an autopsy.

The remains were released directly from the scene to a mortician.

Except for his brother, Walter Johnson, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 8:00 a.m. on March 25th, 1962, by police.

On March 24th, 1962, deceased fell about forty feet from a ladder he had placed from the roof of the building in which he resided to the roof of the Frank Plumbing Sales Co., 1101 Washington Avenue South, into four feet of snow, barely missing a bathtub in the alley. A General Hospital ambulance came to the scene at about 5:16 p.m., but deceased allegedly refused to be taken to the hospital for treatment. He stated he had been going to feed pigeons.

At 7:00 a.m. on March 25th, 1962, deceased was found, expired, lying crosswise on his bed. It was reported that he had complained to Edward Bartylla, apartment 28, at midnight of pain in his left chest and hip. The men who discovered the deceased, Harvey Flood of the same address, and Frank Miller, the caretaker, notified police.

MICHAEL J. HIBBEN - continued

Police officers Stevens and Hanninen of squad 132 were at the scene when the deputy coroner on this case arrived.

The deputy coroner stated the body of deceased was lying across his bed with his feet on the floor. It was warm and rigor mortis was present. There was no evidence of trauma.

Deceased's room was sealed and the remains were taken to the Hennepin County Morgue. Harvey Flood notified deceased's brothers.

An autopsy was performed at the morgue later that day. This revealed that death was due to intra pulmonary hemorrhage and edema and retroperitoneal hemorrhage, and was ruled an accident. The toxicologist's analysis of deceased's blood revealed 0.10% alcohol.

Deceased is survived by two brothers, John and Andrew of Minneapolis, and one sister, Mrs. Mary Henslin of Clairmont, Minnesota.

REMARKS

This case was reported to the Coroner's Office at 6:45 a.m. on March 25th, 1962, by police.

Deceased had been residing at the Homewood Bath House for about a year and assisting the owner, Mr. Isadore Zeesman, 1401 Vincent Avenue North, in cleaning up the place. At 6:00 a.m. on March 25th, 1962, Mr. Zeesman found deceased lying in an unresponsive condition in the office with part of his body protruding into a small room adjacent to the office which contained a sink. It appeared that deceased, who was clad in undershirt and shorts, was attempting to get water from the sink. There was blood on his body and underclothes. Mr. Zeesman notified police. Officers Pederson and Thorson of squad #144 were the first to arrive on the scene, followed by Detective R. Anderson, who made an investigation.

JOHN ELVIN FLINK - continued

The deputy coroner at the scene examined the body. There was no evidence of trauma. Mr. Zeesman stated deceased was a heavy drinker and a "wino," that he had complained at 10:30 p.m. last night that he was not feeling well but thought he would get better. Bloody bath towels, blood on the floor, and several empty wine bottles were found in deceased's room.

The remains were taken to the Hennepin County Morgue.

An autopsy was performed at the morgue on March 25th, 1962. This revealed that death was due to gastrointestinal hemorrhage due to gastric erosion and fatty metamorphosis of the liver.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 4:35 p.m. on March 25th, 1962, by Dr. Harry Johnson.

On the afternoon of Sunday, March 25th, 1962, deceased complained of pain in his left arm and gastric distress, and collapsed at home. A police rescue squad, private ambulance, and Dr. Harry Johnson were called, but deceased was pronounced dead on arrival by the doctor at 4:00 p.m. Dr. Johnson stated he had never seen deceased as a patient and it was reported he had no history of heart disease.

JOSEPH JOHN ZAREMBSKI - continued

St. Louis Park police officers were at the scene when the deputy coroner on the case arrived. There was no indication of other than a natural cause of death.

Mrs. Zarembski was desirous of having an autopsy. An autopsy was performed at the Kapala Funeral Home on March 26th, 1962. This revealed the cause of death was coronary artery disease and bilateral pulmonary congestion, marked.

Deceased is survived by his wife, Mary Etta; three sons, Theodore, James, and Stanley; parents, Mr. and Mrs. Stanley Zarembski; two brothers, Frank and John; three sisters, Mrs. Ted (Anna) Solensky of Minneapolis, Sister M. Vincent de Paul, Detroit, Michigan, of the Sisters of St. Francis, Sylvania, Ohio, and Sister M. Thaddeus, Dyer, Indiana, of the Sisters of St. Francis of Joliet, Illinois.

REMARKS

This case was reported to the Coroner's Office at 6:45 p.m. on March 26th, 1962, by the Methodist Hospital.

Deceased came to Hopkins on business for Red Owl Stores, Inc., by whom he was employed, and checked into the Tremont Plaza Motel on the morning of March 26th, 1962, in room 93. About 6:15 p.m. he was found slumped behind the wheel of his car which had crashed into two parked cars at about 6th Avenue and Excelsior Boulevard, Hopkins. He was rushed to the Methodist Hospital by the Hopkins rescue squad and pronounced dead on arrival.

ANTON RICHARD WELK - continued

The deputy coroner on this case viewed the body, which was cyanotic, and fully clad. There was no indication of trauma from external inspection. Deceased carried a prescription for nitroglycerine on his person. There were other medications among his personal effects in his motel room.

The remains were taken to the Hennepin County Morgue, where an autopsy was performed on March 27th, 1962. This revealed that death was due to coronary artery thrombosis due to arteriosclerotic heart disease. The toxicologist's analysis of deceased's blood was negative for alcohol.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 6:50 p.m. on March 26th, 1962, by deceased's son, Ewald Kihlman.

Deceased lived alone in the basement apartment in the home of his son, Ewald, and three teen-age grandchildren. Ewald Kihlman took dinner to his father yesterday, Sunday, March 25th, and stated his father appeared to be in his usual state of health at that time. He and his children went out after dinner, returning about 10:30 p.m., and, he stated, he thought the lights were out in deceased's apartment.

FRANS JOHAN EDMUND KIHLMAN - continued

The son left for work at 7:00 a.m. today and the children left for school about 7:30 a.m. At 6:00 p.m. this evening Ewald sent his son, Dale, to take a plate of dinner to deceased who found that deceased had expired.

The deputy coroner at the scene found deceased in rigor mortis, clad in a shirt, trousers, and underwear. There was no indication that death was not due to natural causes, and it was attributed to arteriosclerotic heart disease.

The remains were released from the scene to a funeral director.

Deceased is survived by his wife, Milda; four sons, Ewald, of Glen Lake, Fritz of Pheonix, Arizona, Russell of Minneapolis, and Raymond of Hopkins; a daughter, Mrs. Milan (Frieda) Kokach of Eden Prairie; a brother, Rudolph in Sweden; and six grandchildren.

REMARKS

This case was reported to the Coroner's Office at 10:30 p.m. on March 26th, 1962 by the police.

At 10:11 p.m. on March 26th, 1962, John A. Oast, 4101 West 62nd Street, WA 7 6387, and John Raugland, 6428 15th Ave. South, UN 9 2501, entered the men's room on the eleventh floor of the Minneapolis Club and found deceased collapsed to the floor in an unresponsive condition, and summoned Eugene Reilley, the head waiter, who attempted artificial respiration while Richard Anchita, a bus boy, called for assistance. The Fire Department rescue squad, police officers F. Johnson and Mattson of squad #117 and a Minneapolis General Hospital ambulance responded. Dr. Christenson, the ambulance physician, pronounced the man dead on arrival.

FREDERICK G. GARLING - continued

Deceased's wife was notified by a neighbor, Mr. Oscar Possehl of 3821 Joppa Avenue, WA 2 6635, who had called looking for him because he was overdue at home. According to Mr. Possehl, deceased had been under the care of Dr. L. R. Scherer for a cardiac condition.

The deputy coroner at the scene found deceased, fully clad and very cyanotic, lying on the floor of the washroom. There was no indication of other than a natural cause of death. Dr. Sherer stated that deceased had a myocardial infarction fourteen years ago and was hospitalized late in 1961, and was on digitalis and an anticoagulant drug. Death was attributed to arteriosclerotic heart disease with myocardial fibrosis.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Deceased is survived by his wife, Laura; a brother Stuart and a niece, Mrs. Judith Bush, both of Syracuse, New York.

REMARKS

This case was reported to the Coroner's Office at 8:55 a.m. on March 27th, 1962, by the University of Minnesota Hospitals.

Deceased was admitted to the University Hospitals on March 26th, 1962, with a diagnosis of leukemia. A spinal tap was done but it was clear. During the night deceased fell out of bed, knocking his front teeth out. He became confused and went into convulsions with a temperature of 107°, and expired at 3:30 a.m. on March 27th, 1962.

An autopsy was performed at the hospital on March 27th. This revealed a small hemorrhage, fresh, at the base of the brain under the cerebellum. It was deemed advisable at that time to await microscopic examination of the brain before determining the cause of death.

JAMES ASHENBRENER - continued

Death was attributed to extensive leukemic infiltrate to all portions of the central nervous system with hemorrhage due to lymphatic leukemia.

Deceased is survived by his parents; brothers, John and Joe; sister, Joyce; maternal grandmother, Mrs. Joe Younger of Milladore, Wisconsin; paternal grandparents, Mr. and Mrs. I. G. Ashenbrener of Blenker, Wisconsin.

REMARKS

This case was reported to the Coroner's Office at 12:20 p.m. on March 27th, 1962, by the Oxboro Clinic.

Deceased was found by her mother at 11:45 a.m. on March 27th, 1962, floating face down in a city-owned drainage pond behind her home, in about three feet of water, it was reported. Bloomington police attempted artificial respiration while taking deceased to the Oxboro Clinic and she was declared dead on arrival at the clinic, at 12:20 p.m.

Bloomington police officers Schmitz, Parth, and Schrader were at the scene.

MAUREEN ELIZABETH COLFORD - continued

The remains were taken to the Hennepin County Morgue, where an autopsy was performed later in the day. This revealed severe bilateral pulmonary edema. The toxicologist's report indicated that death was due to drowning. Death was ruled an accident.

Deceased is survived by her parents, Mr. and Mrs. William J. Colford, a brother, Steven, and a sister, Susan; grandparent, Mrs. Sue McConnell.

REMARKS

This case was reported to the Coroner's Office at 5:00 p.m. on March 27th, 1962, by Dr. Olson, the Southdale Medical Center, Room 225, telephone number 927-9557.

Deceased was brought to Dr. D. M. Olson at the Southdale Medical Center as he had not done well since birth, and was declared dead on arrival at 4:50 p.m. March 27th, 1962, by Dr. Olson. Apparently the parents felt the baby had a congenital heart illness and desired an autopsy.

ERICK ARMITAGE - continued

The remains were taken to the Hennepin County Morgue.

An autopsy performed at the morgue on March 28th revealed the cause of death was pulmonary congestion and edema, bilateral, due to congenital heart disease. There was also congestion of the liver.

Except for his parents, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 8:10 p.m. on March 27th, 1962, by the Deaconess Hospital.

It was reported that deceased had been struck by a car in New York City on December 22nd, 1961. He was hospitalized at the time and x-rayed, but findings were negative. Subsequently he came to Minneapolis to live with a niece, Mrs. Maybelle M. Ansell, 5312 Ewing Avenue South, telephone WAlnut 6-9976, and started having weak spells and fell several times. He was admitted to the hospital at 1:25 p.m. on March 5th, 1962, by Dr. H. H. Michael. On March 8th, 1962, Dr. Paul Blake did trephine surgery, with findings of subdural hematoma. Deceased expired at 8:00 p.m. on March 27th, 1962.

ARTHUR W. HOAK - continued

An autopsy was performed at the hospital on March 28th, 1962, which revealed that death was due to a pulmonary embolism due to subdural hematoma.

Deceased is survived by his niece, Mrs. Warren L. Ansell of Minneapolis; and ten grandnieces and nephews.

REMARKS

This case was reported to the Coroner's Office at 10:05 p.m. on March 27th, 1962, by police.

It was reported that deceased called her son Edward at 8:20 p.m. on March 27th, complaining of severe chest pains and pains in her arms. She had not been at work that day, nor the day before, she said, and had called Dr. Lawrence Larson earlier in the day, and was to see him in the morning. Dr. Larson had never seen deceased. Edward tried to call his mother back a short time later but could get no answer. At 9:30 p.m. he and his brother, James, found deceased on the floor of her apartment in an unresponsive condition.

JEANNE ANNE GLYNN - continued

Police officers Hindricks and Fristrom of squad #151 were at the scene when the deputy coroner on the case arrived. Deceased was lying on her back, fully clothed, and there was no evidence of trauma. Her body was still warm and there was no rigor. Death was attributed to arterio-sclerotic heart disease.

The remains were released by the deputy coroner directly from the scene to a mortician.

Except for her two sons, deceased is survived by six grandchildren.

REMARKS

This case was reported to the Coroner's Office at 8:35 a.m. on March 28th, 1962, by police.

It was reported deceased had not seen a physician for some time. He was up and about on the morning of March 28th, 1962, and complained to his wife of pain in his upper abdomen. She told him to loosen his belt and lie down, and she called the Minneapolis General Hospital. Police officers Stuber and Taylor of squad 123 and a hospital ambulance came in response to her call. Dr. Hyde, the ambulance physician, pronounced death at 8:35 a.m.

CHARLES WERTH - continued

The deputy coroner at the scene viewed the body dressed in house clothes and lying crosswise on his bed. There were no unusual marks on the body, the abdomen was tense. Some dark watery fluid had oozed from deceased's mouth. There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease. The remains were released directly from the scene to a mortician.

Deceased is survived by his wife, Eunice; two sons, Francis and James H.; a daughter, Susan V.; two stepsons, Donald and Gerald Birmingham; a stepdaughter, Mrs. Mary Mielke; brother, Robert; sister, Mrs. Marie Hanson; thirteen grandchildren; and two great-grandchildren.

REMARKS

This case was reported to the Coroner's Office at 4:00 p.m. on March 28th, 1962, by police.

Deceased had been with a group of the Golden Age Club at the Emmanuel Cohen Center, walked across the street, and collapsed. Police officers Underwood and O. Stolp of squad 144 and a Minneapolis General Hospital ambulance went to the scene. The ambulance physician pronounced death at 3:40 p.m.

JOHN FOGEL - continued

Louis Fogel, a son at the scene, reported to the deputy coroner that his father had been under the care of Dr. Benjamin Gingold, whom he had seen on Thursday, March 22nd, 1962, for a heart condition. It was stated deceased had been in Rochester a year ago where the diagnosis of a defective heart was made.

The deputy coroner viewed the body. There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease. The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Deceased is survived by three sons, Morris and Louis of Minneapolis and Hyman of St. Joseph, Missouri; two daughters, Mrs. Benjamin Zaslovsky of Minneapolis and Mrs. Sam Pomerantz of Marshall, Minnesota; and two brothers, Abraham of Denver, Colorado, and Julius of Stamford, Connecticut.

REMARKS

This case was reported to the Coroner's Office at 4:10 p.m. on March 28th, 1962, by police.

Deceased was found at 3:45 p.m. on March 28th, 1962, by his son, Donald Carlson, who climbed into deceased's apartment through the transom when he was unable to get a response at the door. He called police when he found that deceased had expired. Officers Remily and Compton of squad 118 were at the scene when the deputy coroner on the case arrived.

It was reported deceased was last seen alive on March 26th, 1962, about 7:00 p.m. by a Mrs. Horton, another resident of the building. Deceased was going up the stairs and made the remark that he did not feel well.

JOHN PHILLIP CARLSON - continued

Deceased was found lying in bed dressed in long underwear. It was reported that he had had a cardiovascular accident about three years ago, and that he had been seen at the out-patient department of the Minneapolis General Hospital about a week ago. There was no indication that death was not due to natural causes, and it was attributed to arteriosclerotic heart disease.

The remains were released from the scene to a mortician.

Deceased is survived by his wife, Edna; three sons, Jerome R., Donald W., and John P., all of Minneapolis; three daughters, Mrs. Loyd (Lois) Tanner, of Fridley; Mrs. Victor (Lucille) Bertzyk of Crystal and Mrs. Charles (Shirley) Mather of Minneapolis; seventeen grandchildren; a brother, Roy, of St. Louis Park; and two sisters, Mrs. Hulda Lundeen and Mrs. Ruth Carlson, both of Minneapolis.

REMARKS

This case was reported to the Coroner's Office at 6:45 p.m. on March 29th, 1962, by the Henry W. Anderson Mortuary.

It was stated that deceased had just entered the house and was having a cup of coffee, when he suddenly became very ill. A Dr. Goldberg, an associate of Dr. Cable's was called to the scene. Deceased, however, was dead on the doctor's arrival, death apparently occurring about 4:00 p.m. March 28th, 1962.

According to the funeral director, the office girl at Dr. Cable's office stated deceased was under his care. However, when the death certificate was brought to the doctor's office it was learned that the doctor had not actually seen deceased since February of 1961, at which time he was treated for a heart condition. Deceased had been to Dr. Cable's office recently for "shots" which had been administered by a nurse. Deceased and his wife were making plans to go to Sweden on a vacation and he was arranging for their passports.

ERICK A. HEDIN - continued

The deputy coroner on this case viewed the body. There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease. The remains were released for burial.

Deceased is survived by his wife, Josephine; a daughter, Mrs. James (Mildred) Mullins; eight grandchildren; two brothers, Sven and Henry; two sisters and two brothers in Sweden.

REMARKS

This case was reported to the Coroner's Office at 10:40 a.m. on March 29th, 1962, by the Fairview Hospital.

Deceased was admitted to the hospital, unconscious, at 8:30 a.m. on March 29th, 1962, and expired a half hour later, at 9:00 a.m. He had been under the care of Dr. Arthur Skjold and was thought at the time to have had a "stroke." It was reported that deceased had been worried over financial matters and that he had been taking barbiturates on a prescription in order to sleep.

An autopsy was performed at the hospital on March 29th, 1962. There were no gross findings at the time and the pathologist deemed it advisable to await the results of toxicological examinations before determining the cause of death.

The report from the toxicologist indicated deceased's blood was negative for alcohol and contained 3.1 mg.% barbiturates. Death was attributed to barbiturate poisoning, due to an overdose of barbiturates, accident or suicide unknown.

Deceased is survived by his wife, Moon L.; a daughter, Patricia; sons, David and Stephen; four grandchildren; and his daughter-in-law, Helen.

REMARKS

This case was reported to the Coroner's Office at 11:10 a.m. on March 30th, 1962, by her nurse, Mrs. Ruth Nelson.

Deceased, it was reported, returned from a trip to Boston about two weeks ago and had lately had difficulty breathing and was unable to climb stairs. A Christian Science Practitioner, she had not been under a physician's care. A nurse was present with her when she expired, apparently from a heart attack, at 10:55 a.m. on March 30th, 1962.

HELEN E. BERGEN - continued

The deputy coroner on this case viewed the body, clad in night clothes, lying in bed. There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease.

The remains were released from the scene to a funeral director.

Deceased is survived by her husband, Raymond C.; two nephews, and one cousin.

REMARKS

This case was reported to the Coroner's Office at 11:50 p.m. on March 30th, 1962, by Dr. Adam Smith.

On March 30th, 1962, deceased, who was employed as a maid for the Fred Gamble family at the above address, prepared the evening meal and appeared to be in her usual state of health at that time. Later in the evening she complained of severe pains in her chest and wanted a doctor. Dr. Adam Smith was called but deceased had already expired when he arrived. Deceased had no history of medical care.

The deputy coroner at the scene viewed the body. There was no indication that death was not due to other than natural causes, and it was attributed to arteriosclerotic heart disease. Death occurred at approximately 10:30 p.m. on March 30th, 1962.

IRENE G. FARRELL a/k/a BRIDGET IRENE FARRELL - continued

The remains were released directly from the scene to a funeral director.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 2:35 a.m. on March 31, 1962, by the Minneapolis General Hospital.

At 1:30 a.m. on March 31, 1962, deceased, who was driving a 1954 blue Ford two-door bearing 1926 Minnesota license number 5S 1142, and was accompanied by John Ernest Capra, 20, of 3413 Welcome Avenue, Crystal, seated in the front at the right, Dale Gorian, 20 of 3725 Regent in Robbinsdale, and Audrey Sprague, 19, of 4240 Jefferson N. E., Minneapolis and Loralie Lunacek, 18, of 4008 - 79th Ave. North, all of whom were seated in the rear seat, - struck a parked, unattended car, a 1962 blue Ford four-door, bearing 1962 Minnesota license 36 5381. The vehicle struck, owned by Frank Newhurst, 3105 Pleasant Avenue, was facing East on the north side of West 28th Street, and was struck from the rear with such impact that it was reported to be a total loss.

KENNETH FRAND - continued

Police officer Ed Schonnese of squad #118, and Officer Dale L. Thrane of #571 of the traffic department were at the scene and investigated this accident.

The road surface was dry and had no defects.

The car driven by deceased hit a tree after striking the Newhurst car. Deceased was taken from the scene to the Minneapolis General Hospital and admitted at 1:39 a.m. and expired only a few minutes later, at 1:45 a.m.

An autopsy was performed at the Hennepin County Morgue on March 31st, 1962. This revealed bilateral hemothorax; subpleural bruising of the right lung; fractured sternum and left anterior fourth rib and third anterior right rib; hemopericardium - rupture of right auricular appendage; superio mediastinal hematoma, small; and small retroperitoneal hematoma. A blood test revealed 0.20% alcohol by weight.

The other occupants of the Frand vehicle were treated at the Minneapolis General Hospital: John Capra, with face lacerations, and Audrey Sprague, with a cut lip, were transferred to St. Barnabas Hospital, while Loralie Lunacek, who suffered a facial fracture and bruises, remained at the General Hospital, and John Capra bolted from the hospital.

The names of survivors are not known to this office, though it was reported deceased had come to the city from Hibbing to visit his sister.

4-3-1962: Deceased's father is Eino Frand of 302 E. 16th St., Hibbing, Minnesota. At the time of his death, deceased was living with his sister, Mrs. James Porter of 3018 Emerson Avenue North, Minneapolis.

REMARKS

This case was reported to the Coroner's Office at 10:00 p.m. on March 31st, 1962, by the Hennepin County Sheriff's Office.

Deceased was found dead at 9:50 p.m. on March 31, 1962, by Mrs. John Pearce, 1001 West Constance Drive, where he had gone off of St. Croix on the right side, fifty feet West of Xenia Avenue, shearing off a guard pole, before his car came to rest.

Golden Valley police officer Howard Rath was at the scene when the deputy coroner on this case arrived.

JULIAN MERVYN ELEFSON - continued

Deceased was lying on the front seat of his 1960 Dodge bearing license number 3D1284, with his head to the right side. The body was warm and there was no rigor. The remains were taken to the Hennepin County Morgue and deceased's car was towed to Woodfills Shell Station on Golden Valley Road.

An autopsy was performed at the morgue on April 1st, 1962. This revealed thrombosis of anterior descending branch of the left coronary artery, pulmonary congestion and edema, pulmonary emphysema, right adrenal cortical adenoma, benign hyperplasia of prostate, and left hydrocele.

Deceased is survived by his widow, Bernice E., and two sisters, Mrs. Wen O. Newcomb of Compton, California, and Mrs. Robert McBride of Cedar Pines Park, California.

REMARKS

This case was reported to the Coroner's Office at 8:35 a.m. on April 1st, 1962, by the University of Minnesota Hospitals.

At 5:55 p.m. on January 29th, 1962, it was reported, deceased, a passenger in a car driven by Richard J. DeLong, 22, of Little Falls, collided with a car driven by Evelyn D. Hill, 48, of Route #1, Box 214, Little Falls, Minnesota, 8 miles north of Little Falls in Morrison County, Minnesota, at the Camp Ripley turnoff - the intersection of highways 371 and 15.

FRANK PIEKARSKY - continued

Deceased had a history of a heart condition and had been under the care of Dr. James K. Heid of Little Falls, and had been on digitoxin. Dr. Heid treated deceased at the hospital in Little Falls following the accident and later, on February 2nd, 1962, transferred deceased to the University Hospitals. Deceased was not unconscious following the accident, it was reported, and was alert on admission to the University Hospitals. At the time of his admission there he had a deep laceration of the chin region, fracture of the right wrist, fracture of the right hip, abrasions of the head, and had lost two teeth in the accident. During this hospitalization he was under the care of Dr. Richard Lavender.

Deceased expired at 1:10 a.m. on April 1st, 1962.

An autopsy was performed at the hospital on April 1st. This revealed that death was due to pulmonary emboli, pneumonia, and ruptured gall bladder due to fracture of the right hip, and arteriosclerotic heart disease.

Except for his wife, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 7:55 p.m. on April 2nd, 1962, by police.

On April 2nd, 1962, at approximately 7:38 p.m., deceased, a pedestrian, was crossing the north part of Nicollet at the intersection of Nicollet and 22nd when he was struck by a 1959 southbound gray Chevrolet two-door bearing 1962 Minnesota license 3R7675 owned by Faye Seger of 3312 - 4th Ave. South, Minneapolis, and being driven by Dennis Raymond Seger, 35, of 10000 1st Avenue South, Minneapolis. There was a Stop sign at this intersection and the roadway was straight, on a grade, dry, and had no defects. The weather was clear and the scene of the accident was in a shopping district.

ALBERT KUNTZ - continued

Police officers Schonnesen and Shoemaker of squad #516 were at the scene when the deputy coroner arrived, investigating the accident.

It was reported that deceased was carried across the intersection by the Seger vehicle, that the left front of the car was dented and the windshield and rear view mirror were broken, and dust was brushed from the left side of the roof and trunk of the car. Deceased expired a few minutes after the impact, at approximately 7:50 p.m.

The remains were taken to the Hennepin County Morgue.

An autopsy at the morgue on April 3rd, 1962, revealed that death was due to skull fracture with subarachnoid hemorrhage and brain contusion. Deceased had multiple wounds of his head and both legs were broken.

Deceased is survived by brothers, Joseph of Minneapolis, Anthony of St. Johns, Michigan, and George of West Union, Minnesota; sisters, Mrs. Anton Tillman of Minneapolis with whom he lived, and Mrs. Edwin Dehler of Casper, Wyoming.

REMARKS

This case was reported to the Coroner's Office at 9:15 p.m. on April 2nd, 1962, by police.

Deceased, it was reported, developed chest pain on April 1st, 1962, which persisted through the following day. Her husband attempted to relieve the pain by rubbing her chest and waiting on her. While caring for her, at approximately 9:15 p.m. on April 2nd, 1962, her husband Andrew noted deceased give one long gasp and cease to breath.

Police officers Heinrich and Gladwin and a Minneapolis General Hospital ambulance responded to a call for assistance. Dr. Hyde, the ambulance physician, pronounced deceased dead on arrival.

GIADYS M. SELEDIC - continued

The deputy coroner at the scene viewed the body of this obese woman. There was no indication that death was not due to natural causes, and release for burial was made at the scene.

Deceased's husband refused an autopsy, but later changed his mind.

An autopsy was performed at the mortuary on April 3rd, 1962. This revealed that death was due to a ruptured thoracic aneurysm with pericardial tamponade.

Deceased is survived by her husband, Andrew; five brothers, Harvey, Myrtus, Melvin, Dean and Lloyd Durheim, all of Minneapolis.

REMARKS

This case was reported to the Coroner's Office at 3:40 a.m. on April 3rd, 1962, by police.

Deceased, a Christian Scientist, had not seen a doctor for some time and, it was reported, had a long history of "strokes." She had apparently had another "stroke" about six weeks ago and had had a private nurse since that time. She expired at home at 3:30 a.m. on April 3rd, 1962.

Police officers Arron and Halmstad of Squad 166 went to the scene in response to a call for assistance.

LULU E. AVERY - continued

The deputy coroner on this case viewed the body at the mortuary. There were no unusual marks on the body and it did not appear that death was not due to natural causes. Death was attributed to a cerebrovascular accident, spontaneous, and the body was released for burial.

Deceased is survived by her 80 year old husband, Henri, to whom she had been married 55 years; two sons, Bernard N. and Bruce S.; one daughter, Mrs. Lee (Bonita V.) Canterbury; three grandchildren; and two great-grandchildren.

REMARKS

This case was reported to the Coroner's Office at 12:15 p.m. on April 4th, 1962, by the Richfield police.

Deceased was at home with his wife and some friends when he suddenly collapsed and expired at 11:15 p.m. on April 3rd, 1962. Richfield police officers Stevens and Vaillancourt and the rescue squad came in response to a call for assistance. Efforts to revive deceased were unsuccessful.

WALTER O. AGELIN - continued

It was reported that deceased had been going to the Veterans Hospital for medical care but his wife was unaware of any heart trouble. She was opposed to an autopsy.

The deputy coroner on this case viewed the remains at the mortuary. There was no indication that death was due to unnatural causes, and it was attributed to arteriosclerotic heart disease.

Deceased is survived by his wife, Josephine; a brother, Carl of Duluth; and three sisters, Mrs. Phillip Anderson of Sturgeon Lake, Minnesota, Mrs. Leonard Ullmann of Chippewa Falls, Wisconsin, and Mrs. Herbert Nelson of St. Louis Park.

REMARKS

This case was reported to the Coroner's Office at 10:00 p.m. on April 4th, 1962, by the Minneapolis General Hospital.

Deceased had gone out to mail a letter on Bloomington on the evening of April 4th, 1962, when he collapsed at 37th Street near 15th Avenue South. He was seen to slump down slowly against a fence and a Minneapolis General Hospital ambulance was summoned. Deceased was taken from the scene by ambulance to the hospital. According to Dr. Seymour, deceased was moribund and gasping agonally when he was picked up on the street. He was admitted to the hospital at 7:28 p.m. and expired a few minutes later, at 7:38 p.m.

JOHN G. QUANBECK - continued

An autopsy was performed at the Hennepin County Morgue on April 5th, 1962. This revealed that death was due to bilateral pulmonary infarction due to multiple pulmonary emboli and thrombosis.

Deceased is survived by his brother, Aron; and two sisters, Mrs. Ole (Hilda) Nestvold and Mrs. Olaf (Ella) Frederickson.

REMARKS

This case was reported to the Coroner's Office at 6:55 a.m. on April 5th, 1962, by the Minneapolis General Hospital.

At 11:35 p.m. on April 4th, 1962, deceased, a pedestrian, was struck by a 1962 blue Chevrolet sedan bearing 1962 Minnesota license number 3H 1445 owned by LeAnn Mitlyng of 311 West 26th Street, Minneapolis, and being driven by Bernard Quaal Mitlyng, 20, of the same address. Police officers Noble and Merrell, and officers Shumway and Knickerbocker of the traffic department investigated this accident. It was reported that the road surface was dry and without defect, it was dark in a mixed business and residential section - it being close to midnight. Deceased was attempting to cross Chicago Avenue but not at the corner nor at the crosswalk when he was struck by the Mitlyng vehicle which was traveling south on Chicago. It was stated that neither deceased nor the driver of the car appeared to have been drinking.

MARTIN JULIUS HANSON - continued

Deceased was admitted from the scene of the accident to the Minneapolis General Hospital and expired a few hours later, at 6:20 a.m. on April 5th, 1962.

The remains were taken to the Hennepin County Morgue, where an autopsy was performed later that day. This revealed that death was due to retroperitoneal hemorrhage, massive, with shock due to multiple fractures of the pelvis, and an old myocardial infarction. The toxicologist's analysis of deceased's blood was negative for alcohol.

Deceased is survived by his wife, Alice; a daughter, Mrs. William (Marlys) Brose of Minneapolis; three grandchildren, Kenneth, Kimberly, and Kevin; brothers, Edward J. of Minneapolis and Ludvig J. of Henning, Minnesota, and two brothers and a sister in Sweden.

REMARKS

This case was reported to the Coroner's Office at 1:30 p.m. on April 5th, 1962, by the Minneapolis General Hospital.

Deceased fell at about 4:00 p.m. at the La Salle Nursing Home on March 9th, 1962, while on his way to the bathroom, and suffered an intertrochanteric fracture of the left hip. Surgery for internal fixation was performed at the Minneapolis General Hospital on March 13th, 1962. Deceased expired at the hospital on April 5th, 1962, at 12:09 p.m.

JOHN VAN HOORIK - continued

The deputy coroner on this case viewed the body at the hospital. There was no indication that death was not due to natural causes, and death was attributed to pulmonary embolus due to intertrochanteric fracture of the left femur.

The remains were released from the hospital to a funeral director.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 6:00 p.m. on April 5th, 1962, by police.

Deceased was found at 5:40 p.m. on April 5th, 1962, hanging by a clothesline rope attached to the hinge-pin of the bedroom door of their apartment when he returned home from a business trip to Chicago. Mr. Zimmermann got deceased down and lay her on the bed. She was cold and apparently had been dead for some time.

Police officers Cahill and Hyvare investigated this case and officers Paradeau, Kehoe and Ken Smidt of squad #153 were at the scene when the deputy coroner on the case arrived.

MARIE ROSE ZIMMERMANN - continued

It was reported Mr. Zimmermann found their only child, a sixteen-month old son, in the bedroom closet, alive and dirty, but healthy and hungry, and he was taken to a downstairs apartment where he was fed.

The deputy coroner found deceased, fully clothed, lying on the bed. There were deep rope burns about her neck. The remains were taken to the Hennepin County Morgue and later released for burial.

It was learned that deceased and her husband had come to the city three months ago from New York City. It was reported that deceased had a history of psychiatric care in New York City under a Dr. Ryan and had been receiving treatment from Dr. John Regan, head of psychiatry at St. Mary's Hospital. She was to have seen Dr. Regan on Saturday, March 31st, but missed her appointment.

Deceased is survived by her husband, Arno T. and son, Ron Thomas.

REMARKS

This case was reported to the Coroner's Office at 6:45 p.m. on April 6th, 1962, by Dr. Clinton C. Berg of Excelsior, Minnesota.

Deceased, a Christian Scientist, had not been under a doctor's care. It was reported that he had been ailing and dyspneic for some time. At 5:50 p.m. on April 6th, 1962, Dr. Clinton C. Berg of Excelsior was called. A few minutes later, at 5:55 p.m., deceased collapsed in a chair. When the doctor arrived, at 6:20 p.m., he pronounced the man dead on arrival.

HOLMES AHERN LOUDON - continued

The deputy coroner on this case viewed the body. There was no indication that death was not due to natural causes. Death was attributed to coronary thrombosis, and apparently occurred at 5:55 p.m. on April 6th, 1962. The remains were released directly from the home to a mortician.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 11:55 a.m. on April 6th, 1962, by the Swedish Hospital.

Deceased was admitted to the hospital at 7:10 p.m. on March 24th, 1962, with a working diagnosis of cerebrovascular accident, under the care of Dr. Korrea. At 12:30 a.m. on April 3rd, 1962, it was discovered that he had fallen out of bed and fractured his right femur. He expired at 10:50 p.m. on April 6th, 1962.

THOMAS A. FREDERICK - continued

An autopsy was performed at the hospital on April 7th, 1962. This revealed that death was due to bronchopneumonia. Intertrochanteric fracture of right femur and arteriosclerotic heart disease were contributing factors.

Deceased is survived by his wife, Amy; daughter, Mrs. Hazel Thorsen of Minneapolis; sons, Russell and Thomas of Minneapolis and Franklin of Forest Park, Illinois; four grandchildren; four great-grandchildren; and two sisters in Baltimore.

REMARKS

This case was reported to the Coroner's Office at 4:35 p.m. on April 7th, 1962, by police.

Deceased was last seen alive on the afternoon of April 6th, 1962. When knocking on the door brought no response, Robert Suhe of the same address, room 612, opened the door by unlocking it, found deceased who had expired, and notified police.

Police officers Creighton and G. L. Smith of squad 117 were at the scene when the deputy coroner arrived.

DELOS T. THRAPP - continued

Deceased was lying on his left side in bed clad in underclothes. There was bloody mucous from his nose and mouth. Rigor mortis was present. There was no evidence of trauma.

Dr. Richard Frey, it was reported, had been taking care of deceased only briefly for respiratory disease, but to his knowledge there was no heart disease.

The remains were taken to the Hennepin County Morgue, where an autopsy was performed on April 8th, 1962. This revealed severe bilateral pulmonary edema and congestion, coronary atherosclerosis with up to 85% occlusion of one area of the left anterior descending coronary artery, and hepatomegally. In the opinion of the pathologist it was deemed advisable to await the results of microscopic and toxicological examination before determining the cause of death. When the results of these examinations were received death was attributed to acute lobar pneumonia of the right lung. Severe fatty metamorphosis of the liver was a contributing factor.

REMARKS

This case was reported to the Coroner's Office at 6:40 a.m. on April 8th, 1962, by the Minneapolis General Hospital.

Deceased expired at 6:38 a.m. on April 8th, 1962, in an ambulance en route to the Minneapolis General Hospital from the Great Northern Depot, where he had become quite ill, and was taken to the Hennepin County Morgue.

An autopsy was refused by deceased's son, Oliver Ossana, Jr.

OLIVER A. OSSANNA- continued

The deputy coroner on this case viewed the body. There were no unusual marks on the body and no indication that death was due to unnatural causes. Death was attributed to arteriosclerotic heart disease and occurred at 6:38 a.m. on April 8th, 1962.

Deceased is survived by his wife, Mary; daughter, Mary Ellen of St. Cloud; two sons, Oliver A. Jr. and John, both of Minneapolis; two brothers, Fred A. of Hopkins, and Ben of Duluth; four sisters, Mrs. Anna Bakken of Austin, Minnesota, Mrs. Olga Krueger of Milwaukee, Wisconsin, Mrs. John Balich of St. Louis Park, and Mrs. Joseph Mirabelli of Duluth.

REMARKS

This case was reported to the Coroner's Office at 7:45 a.m. on April 8th, 1962 by the Hennepin County Sheriff's office.

Deceased, who had come here from New York to work as a machinist at E. J. Reuter, Inc., was living with his brother, LaVerne, at 900 East 86th Street in Bloomington until he could make arrangements to move his family. At about 7:00 a.m. on April 8th, 1962, deceased was driving east on Excelsior Boulevard on the inside lane, when he apparently lost control of his 1953 black Plymouth four-door sedan bearing 1962 Minnesota license 3R6606. According to reports received deceased's car skidded about 345 feet on the wet surface of Excelsior Boulevard, turned around twice, progressed into the opposite lane (west bound lane) where it stood crosswise pointing south, and was struck broadside by a 1957 red and white Plymouth four-door sedan bearing 1962 Minnesota license number 6N2370 owned and being driven by Alex Bliese, 72, of 23 - 18th Avenue North, Hopkins.

EUGENE C. OLSON - continued

Sgt. McClellan of the Hennepin County Sheriff's office and police officer Dale R. Remus of the Minnetonka police investigated this accident.

The deputy coroner at the scene stated deceased was struck in the chest and abdomen by a fragmented steering wheel and was killed instantly. The remains were taken to the Hennepin County Morgue.

An autopsy at the morgue later in the day revealed multiple rib fractures, fractured pelvis, traumatic rupture of aorta, traumatic rupture of left diaphragm, lacerated spleen with herniation of spleen into left pleural cavity, and left hemothorax. The toxicologist's analysis of deceased's blood revealed 0.15% alcohol by weight.

The driver of the other vehicle was taken by ambulance to Methodist Hospital in St. Louis Park, treated for his injuries - a bruised chest and knees, black eye, and cut forehead and nose - and released.

Deceased is survived by his wife, Theresa; sons, Michael and Eugene Jr.; daughter, Nancy; parents, Mr. and Mrs. Hans C. Olson of Benson, Minnesota; sisters, Mrs. Edmond (Hazel) Burns of Benson and Mrs. Leo (Iona) Brotkowski of Minneapolis; brother, LaVerne of Bloomington; and grandmother, Mrs. Ingeborg Mortenson of Pequot Lakes.

REMARKS

This case was reported to the Coroner's Office at 11:35 a.m. on April 8th, 1962, by the Crystal police.

Police officers Hanson and Hasselstrom of Crystal and Douglas Eidem of the Hennepin County Sheriff's office went to deceased's home in response to a call for assistance and were joined by Dr. Pollaro from the North Memorial Hospital. Police officers found deceased in the basement of his home with a self-inflicted wound of head made by his deer rifle. Dr. Pollaro pronounced the man dead on his arrival at the scene.

DOUGLAS K. OLMSTEAD - continued

The deputy coroner at the scene found deceased on the basement floor with his whole face blown away by a 30-30 shell from a model 94 Winchester deer rifle. The remains were taken to the Hennepin County Morgue and later released for burial.

It was reported deceased had been under the care of Dr. Richard E.Anonsen,that he had been worrying considerably of late, and had recently gone to Florida on the doctor's orders to get away from his business, which was said to be successful, for a while.

Deceased is survived by his wife, Gerene; sons, Michael and Mark; daughters, Patricia and Christine; parents, Mr. and Mrs. Glenn Olmstead; brothers, Donald G. and David; and a sister, Mrs. Richard Sloss.

The toxicologist's analysis of deceased's blood was negative for alcohol.

REMARKS

This case was reported to the Coroner's Office at 8:40 a.m. on April 10th, 1962, by the Albin Funeral Chapel.

Deceased had been cared for a long period of time for arteriosclerotic heart disease and hypertension by Dr. Dworsky, who was out of town at the time of her death, at noon on April 8th, 1962. It was reported that he would not return until some time in May. Dr. A. G. Berger, an associate, signed the initial death certificate, however, he had never actually seen the patient alive.

ELLEN ALBERTINA HULTING - continued

The deputy coroner on this case viewed the body. There was no indication that death was not due to natural causes. Death was attributed to coronary occlusion due to generalized arteriosclerosis, and the body was released for burial.

Deceased is survived by two daughters, Mrs. Elvin (Irene) Malcolm, Mrs. Oscar E. (Margaret) Davis of Minneapolis; two sons, Earl A. of Milwaukee, Wisconsin, and Vincent of Minneapolis; six grandchildren; two great-grandchildren; a sister, Mrs. Mathilda MaDan of Tacoma, Washington; and a brother, Axel Udeen of Minneapolis.

REMARKS

This case was reported to the Coroner's Office at 2:25 a.m. on April 9th, 1962, by the Hennepin County Sheriff's radio.

Deceased, a manufacturer's agent, was apparently going over his accounts, when at 2:00 a.m. he decided to place a 22 calibre slug into his brain at the right temple area. His wife, mother of eight children, heard him fall or heard the shot which came from the Smith and Wesson 22 target pistol, #2757, and the noise awakened her. She found deceased lying on the diningroom floor.

ALOIS V. GROSS - continued

Police officers Howard and Simondet of the Golden Valley police and John Dowling and Vern Anderson of the Sheriff's office and Father Hayes from the Church of the Good Shepherd were at the scene when the deputy coroner arrived.

The nude body of deceased was lying on the diningroom floor, the pistol lying beside it. There was a bullet wound with powder burns at the right temple.

The remains were taken to the Hennepin County Morgue and later released for burial. The toxicologist's examination of a specimen of deceased's blood revealed 0.27% alcohol by weight.

Deceased is survived by his wife, Evelyn; six sons, Tom, Rick, Fred, Charles, Al, Jr. and Edward; two daughters, Diana Jean and Elizabeth; and his parents, Carl and Rosalia Gross.

REMARKS

This case was reported to the Coroner's Office at 12:50 p.m. on April 9th, 1962, by police.

Deceased had just picked up some merchandise at 430 - 1st Avenue North, when he fell over on his head and collapsed in the elevator, at 12:30 p.m. on April 9th, 1962. Police officers J. Ramily and J. Kolars and a Minneapolis General Hospital ambulance came to the scene in response to a call for assistance. Dr. Fugelstad, the ambulance physician, pronounced death.

HARRY LEHMAN - continued

The Hennepin County Coroner viewed the body. There was no indication that death was due to unnatural causes, and death was attributed to arteriosclerotic heart disease. The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Deceased's wife came to the Coroner's Office and refused an autopsy. She stated her husband had been under a doctor's care.

Deceased is survived by his wife, Celia; two sons, Ronald and Martin, both of Minneapolis; a daughter, Mrs. Leonard Lasman of Minneapolis; and two brothers, Sam of Minneapolis and David of St. Paul.

REMARKS

This case was reported to the Coroner's Office at 1:20 p.m. on April 9th, 1962, by police.

Deceased, who had been employed by the Thompson Lumber Company for 15 years, was unloading insulation from a boxcar on April 9th, 1962, when fellow employees noticed, at 1:00 p.m., that he had collapsed to the ground. Police officers Ignatowicz and Bagbick of squad #221 and a Minneapolis General Hospital ambulance came to the scene, in response to a call for assistance. Dr. Hyde, the ambulance physician, pronounced the man dead on arrival.

OTTO EMANUEL SUNDVALL - continued

The deputy coroner at the scene viewed the body. There was no indication of other than a natural cause of death. The remains were removed to the Hennepin County Morgue.

Douglas Phenow, a salesman for the Thompson Lumber Company, stated that he would take charge of deceased's yellow Plymouth two-door, license number 5D-9306, which was parked in the lumber yard.

An autopsy was performed at the morgue on April 9th, 1962. This revealed severe coronary arteriosclerosis with myocardial fibrosis was the cause of death, which apparently occurred at 1:00 p.m. on this date. The toxicologist's analysis of deceased's blood was negative for alcohol.

Except for a brother, Victor, of Lorraine, Wisconsin, and a brother, Clarence, of New Richmond, Wisconsin, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 6:00 a.m. on April 10th, 1962, by the Minneapolis General Hospital.

At 8:47 p.m. on April 9th, 1962, while driving his 1953 Chevrolet white panel truck bearing 1962 Minnesota license number Y27-363 north on Pillsbury Avenue, deceased's truck was struck by a 1952 blue studebaker sedan bearing 1962 Minnesota license number MO-9991 owned by John M. Beacom, 23, of Building T, 505, Fort Snelling, Minnesota, who was traveling west on 27th. The truck was struck with such force that it spun completely around and both occupants, deceased and his wife, Anne Oleson, 18, were thrown out. Mr. Beacom of Detroit, Michigan, an army military policeman, was accompanied by John Ross, 21, of Beloit, Wisconsin, also a military policeman stationed at Fort Snelling.

STEPHEN R. OLESON - continued

Traffic officers C. Stanvig and G. S. VanDevere were at the scene and investigated the accident, which was at an uncontrolled intersection. The road character was straight, level, dry, and there were no defects. The weather was clear, but it was after dark. Mr. Beacom was charged with failure to yield the right of way at an uncontrolled intersection.

Deceased and his wife were taken to the Minneapolis General Hospital from the scene of the accident and admitted at 9:02 p.m. Deceased expired a few hours later, at 12:25 a.m. on April 10th, 1962, while his wife remained in critical condition.

The remains were taken to the Hennepin County Morgue, where an autopsy was performed later that day. This revealed that the cause of death was diffuse subarachnoid hemorrhage and cerebral contusion. Fracture of the left scapula and pelvis and peritoneal hemorrhage due to lacerated spleen were contributing causes.

Deceased is survived by his wife, Anne; parents, Dr. and Mrs. H. Richard Oleson; a sister, Natalie; and a brother, Lance, all of Rochester; and his maternal grandmother, Mrs. Ole H. Oleson, of Culver City, California.

REMARKS

This case was reported to the Coroner's Office at 2:50 p.m. on April 10th, 1962, by police.

Deceased had been rooming with Mrs. Florence Jorgenson for 42 years, it was reported. He had been in ill health and had complained of severe head pains for the past two days but refused to see a doctor. At 2:35 p.m. on April 10th, 1962, Mrs. Jorgenson heard deceased cry out, looked in at him and then called police. Officers K. Johnson and E. Gunderson of squad 132 and a Minneapolis General Hospital ambulance were sent to the scene. Dr. O'Brien, the physician in attendance on the ambulance, pronounced death.

JOHN HANSON - continued

The deputy coroner at the scene viewed the body of deceased, which was fully clothed, lying on his back on his bed. The body was still warm and there was no rigor. There was no indication that death was due to unnatural causes, and it was attributed to arterio-sclerotic heart disease.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

It was reported deceased had last seen a doctor, Dr. H. Kaplan, two years ago for heart trouble.

Deceased is survived by a brother, Otto, and several nieces and nephews.

REMARKS

This case was reported to the Coroner's Office at 3:43 p.m. on April 10th, 1962, by Dr. R. A. Olson of Wayzata, Minnesota, telephone number GR 3-8883.

It was reported deceased was seen at Veterans Hospital one and one-half years ago. He had heart trouble and had complained of being short of breath. On the afternoon of April 10th, 1962, while he was in the bathroom shaving he suddenly collapsed and expired, at 1:15 p.m.

Dr. Olson was called, but deceased had already expired.

BERNARD N. HAGLUND - continued

The deputy coroner on this case viewed the body. There was no indication that death was due to unnatural causes, and the body was released from the scene to a funeral director. Death was attributed to arteriosclerotic heart disease.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 10:15 p.m. on April 10th, 1962, by the Hennepin County Sheriff's office.

It was reported deceased, who had not been under a doctor's care for some time, retired at 9:30 p.m. on April 10th, 1962 with substernal chest pains. The pains continued and he expired at 10:00 p.m. Dr. William Carr was called, but he stated deceased had expired before his arrival.

Police officers Protelsch and Hawkinson of the St. Anthony police were at the scene when the deputy coroner arrived.

LENIS ROYAL ENGWALL - continued

The deputy coroner viewed the body. There was no indication that death was due to unnatural causes and the remains were released from the home directly to a mortician. Death, which occurred at about 10:00 p.m. on April 10th, 1962, was attributed to arteriosclerotic heart disease.

Except for his wife, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 12:35 p.m. on April 11th, 1962, by police.

It was reported deceased was a patient in Minneapolis General Hospital in June, 1961 under the care of Dr. Drake, and again in January of 1962, under the care of Dr. Henke. On April 11th, 1962, he was visiting a friend at 2317 Garfield Avenue South, went to the bathroom and collapsed there and expired at 12:10 p.m.

Police officer C. H. Johnson of squad #151 and a Minneapolis General Hospital ambulance were sent to the scene in response to the friend's call. Dr. O'Brien, the ambulance physician, pronounced death.

ROBERT WILLIAM SEASHORE - continued

The deputy coroner at the scene viewed the body. There was no indication that death was due to unnatural causes. Death, which occurred at approximately 12:10 p.m., was attributed to arteriosclerotic heart disease. The remains were released directly from the scene to a mortician.

REMARKS

This case was reported to the Coroner's Office at 4:40 p.m. on April 11th, 1962, by the Richfield police.

Deceased, it was reported, came home from Emrick's Bakery about midnight and went to bed. He was to get up at 10:00 a.m. and go to work at 1:00 p.m. His wife stated she had spoken to him at 9:30 a.m. when she came home from her night shift at the First National Bank downtown. When she awakened at 4:30 p.m. she found her husband dead in bed, - April 11,1962.

Richfield police officer Christian was at the scene when the deputy coroner arrived.

EARL WILSON LEWIS - continued

Deceased was lying in bed naked. There were no unusual marks on his body, and no indication that death was due to other than natural causes. His wife was present at the scene and requested an autopsy. The remains were removed to the Hennepin County Morgue.

An autopsy at the morgue on April 12th, 1962, revealed severe bilateral pulmonary congestion, minimal coronary atherosclerosis, minimal aortic atherosclerosis, old renal scars and congestion of the spleen. In the opinion of the pathologist it was deemed advisable to await toxicological and microscopic examinations before determining the cause of death. When reports of these examinations were received death was attributed to pulmonary congestion and edema and fatty metamorphosis of the liver.

Except for his wife, Margaret, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 4:00 a.m. on April 12th, 1962, by police.

It was reported deceased had not seen a doctor for a long time. He was found in an unresponsive condition at 3:25 a.m. on April 12th, 1962, lying on the davenport dressed in night clothes by his daughter, Mrs. Catherine Mallory, with whom he and his wife had been making their home. Mrs. Mallory called police and officers Nelson and Daly of squad #116 and a Minneapolis General Hospital ambulance went to the scene. Dr. Seviot, who accompanied the ambulance, pronounced deceased dead on arrival.

WILFRED ARCHIBALD McDONALD - continued

The deputy coroner at the scene viewed the body. There was no indication that death was not due to natural causes. Death, which apparently occurred about 3:25 a.m., was attributed to arteriosclerotic heart disease. The remains were released from the home to a funeral director.

Mrs. Mallory reported that deceased often sat up to read because he tended to cough severly when he lay flat, and that this cough had been more severe during the past few months.

Except for his wife and daughter, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 12:25 p.m. on April 12th, 1962, by the Hennepin County Sheriff's office.

It was reported deceased had not been under a doctor's care for some time, but had been having symptoms of angina and shortness of breath. At 12:05 p.m. he collapsed in the livingroom of his home. Police officers Lage and Kramer of the Golden Valley Police and a North Memorial Hospital ambulance went to the scene. Dr. Cruz, the physician who accompanied the ambulance, stated deceased had already expired when he arrived.

WALTER EVERETT McKINNON - continued

The deputy coroner at the scene viewed the body. There was no indication that death was not due to natural causes. Death was attributed to arteriosclerotic heart disease and occurred about 12:05 p.m. on April 12th, 1962.

The remains were released from the home directly to a mortician.

Deceased's wife was opposed to an autopsy.

Except for his wife, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 3:05 p.m. on April 12th, 1962, by police.

Deceased was out shoveling snow the afternoon of April 12th, 1962, and a neighbor, James Roberge of 5132 Penn Avenue South saw him some time later slumped against his car. Police and a Minneapolis General Hospital ambulance were summoned. The ambulance physician declared the man dead on arrival.

Police officers Nordahl and Layge of squad #552 were at the scene when the deputy coroner arrived.

FRANK J. MURPHY - continued

The deputy coroner viewed the body of deceased which was fully clothed and lying on his back in the snow beside his car. There was no indication that death was not due to natural causes, and it was attributed to arteriosclerotic heart disease, and apparently occurred about 2:45 p.m. on April 12th, 1962.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 6:30 a.m. on April 13th, 1962, by police.

Deceased, it was reported, had put some ashes under the rear wheels of her car and had started to drive. Mr. Charlie A. Grigsby of 4209 Second Avenue South went outside to go to work at 6:13 a.m. on April 13th, 1962, and found deceased in an unresponsive condition behind the wheel of her car. The engine was still running and the car had run into the back of Grigsby's car. A Minneapolis General Hospital ambulance and police were called and the ambulance physician pronounced the woman dead on arrival.

Police officer Weir of squad #605 was at the scene when the deputy coroner on this case arrived.

LYDIA R. HUGHES - continued

The body of deceased was found sitting behind the wheel of her car, fully dressed, with head extended and resting against the back of the seat. The body was still warm and there was no evidence of trauma. Her car was wedged up against the back of Mr. Grigsby's. The remains were taken to the Hennepin County Morgue.

Deceased's car and her personal effects were released to her brother-in-law, Mr. Fred Peloquin, with whom she made her home.

It was reported deceased had apparently been well and that she had seen Dr. O. Lenz of the Medical Arts Building, but her family was unaware of any heart disease.

An autopsy was performed at the morgue on April 13th, 1962. This revealed that death was due to aspiration of gastric content, cause unknown. Severe cerebral edema was a contributing factor.

REMARKS

This case was reported to the Coroner's Office at 9:40 a.m. on April 13th, 1962, by the North Memorial Hospital.

At 12:40 p.m. on April 2nd, 1962, at the D-X service station on East Main Street in Coon Rapids, deceased was pouring gasoline into his car and spilled some on his clothing. He subsequently lit a cigarette and his clothing caught fire and he was severely burned. He was admitted to the North Memorial Hospital at 1:00 p.m. that day for treatment of his burns and expired at the hospital at 8:40 a.m. on April 13th, 1962.

GUY OSCAR BENGTSON - continued

An autopsy was performed at the Hennepin County Morgue later that day. This revealed that death was due to pulmonary congestion and bronchopneumonia due to third degree burns over 30% of the body surface. Death was classified accidental.

The remains were released from the morgue to a funeral director.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 11:15 a.m. on April 13th, 1962 by police.

Deceased was out shoveling snow, came into the house and collapsed and expired about a half hour later, at 11:00 a.m. on April 13th, 1962.

Examination of the body did not reveal that death was due to unnatural causes.

Police officer Fristrom of squad #151 was at the scene.

HAROLD CHESTER HILLMAN - continued

The remains were taken to the Barney Anderson-Leland Funeral Home, where an autopsy was performed on the day of death. This revealed that death was due to bilateral emphysema of lungs. Adeno carcinoma of prostate was a contributing factor.

REMARKS

This case was reported to the Coroner's Office at 8:20 a.m. on April 14th, 1962, by Dr. Ruth Lundberg.

Deceased's husband, Richard Naumann, stated that when he retired on April 13th, 1962, deceased was sitting in a chair. When he arose at 7:30 a.m. on April 14th he found deceased slumped over in the chair in an unresponsive condition and called for a doctor. Deceased, it was reported, had been under the care of Dr. Charles A. Aling, but Dr. Aling was away on vacation until the latter part of April. Dr. Ruth Lundberg went to the scene and pronounced the woman dead on arrival.

MABEL BLANCHE NAUMANN - continued

The deputy coroner on the case viewed the body. There was no indication that death was due to other than natural causes and it was attributed to arteriosclerotic heart disease. The remains were released from the scene to a funeral director.

Except for her husband, Richard, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 3:40 a.m. on April 15th, 1962, by the Hennepin County Sheriff's radio.

At 3:25 a.m. on Sunday, April 15th, 1962, deceased, accompanied by Patricia Ann Johnson, 31, of 5023 Woodlawn Boulevard, Minneapolis 17, while driving a 1957 white Cadillac four-door sedan bearing 1962 Minnesota license 3S 5751 East on State highway 55, was involved in a head-on collision with a 1957 white and salmon colored Chevrolet two-door bearing 1962 Minnesota license 6M 2041 owned by R. L. Campbell of Buffalo, Minnesota being driven by James E. Campbell, 20, of Buffalo, Minnesota.

LAWRENCE ROBERT JOBES - continued

Deputy Sheriffs Sonenstahl and Honebrink, badge numbers 93 and 50, were at the scene and investigated this accident. The scene was at a curve and grade. The weather was clear and dry and the roadway had no defects. It was reported by deceased's passenger that the Campbell vehicle, which was traveling west on State highway #55, turned into the East bound lane, causing the head-on collision.

Deceased apparently expired instantly, at 3:25 a.m., April 15th, 1962. His remains were taken to the Hennepin County Morgue. His passenger was taken to a hospital in Buffalo. Both cars were towed away.

An autopsy was performed at the morgue on April 15th, 1962. This revealed that death was due to transection of brain stem and massive hemothorax due to extensive basal skull fracture and transection of thoracic aorta, pulmonary artery and rupture of right atrium of heart. Laceration of liver, spleen, left bronchus, and multiple rib fractures were contributing factors. The toxicologist's analysis of deceased's blood was negative for alcohol.

Except for his wife, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 3:40 a.m. on April 15th, 1962, by the Hennepin County Sheriff's radio.

The circumstances surrounding this case are identical with those of the preceding case, #351 - Lawrence Robert Jobes.

Deceased apparently expired instantly, at 3:25 a.m. on April 15th, 1962. His body was in the front seat of the Chevrolet he had been driving, which was lying on its right side.

JAMES EDWARD CAMPBELL - continued

Deceased's remains were taken to the Hennepin County Morgue where an autopsy was performed later in the day. This revealed that death was due to massive hemothorax, right, due to laceration of the right ventricle of the heart. Compound fracture of lower left femur and lower left tibia and fibula, and fracture of second rib, right, and pelvis, were contributing factors.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 12:20 p.m. on April 16th, 1962, by the Star of Bethlehem Home.

There is no medical history on deceased. She apparently expired after having a "stroke." On the evening of Wednesday, April 11th, 1962, while driving home from church, it was reported, deceased had a very bad "stroke" - at about 9:00 p.m. Her husband brought her home and about midnight took her to the Star of Bethlehem Home, where she was admitted at 1:30 a.m. on April 12th, 1962, in a comatose condition. She did not regain consciousness and expired at 12:00 noon on April 16th, 1962.

EDYTHE RECKSEIK - continued

Examination of the body by a deputy coroner did not indicate that death was due to unnatural causes. Death was attributed to cerebrovascular accident, spontaneous.

The body was released from the scene directly to a mortician.

Except for her husband, Russell, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 4:30 p.m. on April 17th, 1962, by the Henry W. Anderson Mortuary.

Deceased, it was reported, had been under the care of Dr. Ekberg of the Bloomington Lake Clinic for some time, but at the time of her death, was out of the city on vacation. Dr. S. M. Lagaard had performed surgery on deceased a year ago for a fractured hip, but had not seen her since December of 1961.

Deceased expired at 7:15 p.m. on April 16th, 1962, after gradual weakening during the week past.

EMMA JOHNSON - continued

Examination of the body by the deputy coroner on the case did not reveal that death was due to unnatural causes. Death was attributed to arteriosclerotic heart disease.

The remains were released from the scene to a funeral director.

REMARKS

This case was reported to the Coroner's Office at 7:30 a.m. on April 17th, 1962, by the Deaconess Hospital.

Deceased was admitted to the hospital at 12:45 p.m. on April 3rd, 1962, in a pre-coma condition, and markedly jaundiced. He had a history of cirrhosis for two years and was was reported to be a very heavy drinker and chronic alcoholic. He had become weak and was unable to walk. He improved slightly during hospitalization and expired suddenly following vomiting of blood.

SWAN ROLAND ALFRED BERGLUND - continued

Deceased had no known relatives in the United States and the Swedish Consulate was notified of his death by the hospital.

An autopsy was performed at the hospital on December 16th, 1962. This revealed that death was due to massive gastrointestinal hemorrhage due to ruptured esophageal blood vessels due to portal cirrhosis, severe. Chronic alcoholism was a contributing factor.

REMARKS

This case was reported to the Coroner's Office at 11:40 p.m. on April 17th, 1962, by police.

While deceased was attending a wrestling match at the Minneapolis Auditorium on April 17th, 1962, a friend, Herbjorn Gjostdahl, 6033 Dupont Avenue South, noticed him slump over and collapse. Police officers Morse and Johnson of squad 110 went to the scene and the rescue squad and Minneapolis General Hospital ambulance were called. Dr. Altman, the ambulance physician, pronounced death at 11:00 p.m.

EDWARD SWENSON - continued

The deputy coroner at the scene viewed the body lying on his back in the aisle. Therewas no indication that death was due to other than natural causes. Death was attributed to arteriosclerotic heart disease.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

REMARKS

This case was reported to the Coroner's Office at 9:15 p.m. on April 17th, 1962, by Dr. J. W. LaBree.

Deceased, it was reported, had been under the care of Dr. D. L. Rosenbaum, 2247 E. 38th Street, for kidney and ulcer disease. There is history of two operations for kidney insufficiency, and she had been taking many different medications, including sedatives and tranquilizers. She had allegedly taken overdoses before but this was not confirmed.

BESS R. TRUPPMAN - continued

Deceased was last seen alive about noon on April 17th, 1962, by her husband, who left the house at that time and returned about 6:30 p.m. At that time he found his wife dead in bed. St. Louis Park police and Dr. LaBree were notified and the doctor and officers O'Brien and Currie went to the scene. Dr. LaBree declared deceased dead on arrival at 6:45 p.m. A bottle of tuinal, 1½ gr. capsules, last refilled on April 16th, 1962, with only two capsules left in it, was found in the bathroom.

The deputy coroner at the scene viewed the body lying on her back in bed clad in a nightgown. Rigor mortis and dependent lividity were present. There were many bottles of different medications on the dresser, some full, some empty, some partly empty. All of these were taken by the deputy coroner. Deceased's jewelry was left with her husband. The body was removed to the Hennepin County Morgue. There was no indication of trauma or struggle, and no suicide note was found by police or at this time.

Some time during the day on April 18th, 1962, Dr. M. L. Cable, 2247 E. 38th Street, an associate of Dr. Rosenbaum, called and stated he had attended deceased for some time and she had later been referred to Dr. Hay for psychiatric treatment. He stated that her blood had been tested on April 5th, 1962, that she was anemic and had lost blood through the bowel, and that Dr. Hay had her scheduled for intestinal surgery.

Deceased's husband, who is Jewish, objected to an autopsy on religious grounds.

An autopsy (except head) was performed at the morgue on April 18th, 1962. This revealed that death was due to barbiturate poisoning, accident or suicide unknown. The toxicologist's examination of deceased's blood was negative for alcohol and showed 8.2 mg.% barbiturates.

Deceased is survived by her husband, Harry Truppman, and, it was reported, a son who is a physician in Chicago. There are no other survivors known to this office.

REMARKS

This case was reported to the Coroner's Office at 8:20 a.m. on April 17th, 1962, by police.

Deceased was found at 8:00 o'clock the morning of April 17th, 1962, apparently dead, lying crosswise on his bed. Police and the Minneapolis General Hospital were notified. Officers Reimer and Prentice of squad #118 and Dunstone and Merchant of squad #19 and a hospital ambulance went to the scene. Dr. Altman, the ambulance physician, declared the man dead at 8:20 a.m. and stated he had been dead for some time.

EDWARD FLETCHER - continued

The deputy coroner at the scene found deceased clad in outdoor clothing lying crosswise on his bed; a cane lay near the bed. Drugs prescribed by Dr. Aling were found in the room. The caretaker of the building stated deceased had many friends who called constantly to inquire about his well-being, and that he customarily spent much of his time at the Basilica of St. Mary and at St. Olaf's Catholic church. There were many religious medals, statues and prayer books of a Catholic nature in the room. There was no indication that death was due to unnatural causes, and it was attributed to arteriosclerotic heart disease.

The remains were taken to the Hennepin County Morgue and later released for burial.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 12:07 p.m. on April 18th, 1962, by the Bloomington police.

Deceased, who was employed as an assembler at Thermo King Corporation, was sitting at his bench at work on the morning of April 18th, 1962, when he became ill. Mr. Bernie Hansen, foreman, stated deceased complained of chest pain and "heart skip", - and was helping deceased to the first aid room when he collapsed to the plant floor. Deceased was brought to the first aid room where Dr. Johnson of the Oxboro Clinic pronounced him dead on arrival at 11:20 a.m.

Police officer Anderson, badge number 39, of the Bloomington police and Mr. Bevis Hope, nephew, phone number TU 1-4501, were at the scene when the deputy coroner on the case arrived.

OSCAR STOCKMO - continued

The deputy coroner viewed the body of deceased, a middle-aged man clad in work clothes, with a right leg prosthesis. There was no external indication of other than a natural cause of death. The remains were taken to the Hennepin County Morgue.

In 1950, it was reported, deceased had a coronary thrombosis and developed pulmonary emboli and on this account his leg was amputated.

Deceased had been under the care of Drs. Wall & Thorsen, telephone PA 4-3605. Dr. Wall stated deceased had an old myocardial infarction as of March, 1961, and duodenal ulcers. Deceased had a cerebrovascular accident a year ago and hypertension in August of 1960. Dr. Wall stated he first saw deceased in 1956 and not since March of 1961. The doctor stated deceased was not on anticoagulant, and that he may have gone elsewhere at times.

An autopsy was performed at the morgue on April 18th, 1962. This revealed severe coronary atherosclerosis of all coronary arteries, old myocardial scar with very thin wall with ventricular aneurysm, bilateral pulmonary congestion, congestion of liver and spleen, and old duodenal scar.

REMARKS

This case was reported to the Coroner's Office at 7:35 p.m. on April 18th, 1962, by police.

At 7:15 p.m. on April 18th, 1962, deceased was found apparently dead by a friend, Marv Berglund of the Holland Bar at 320 Cedar Avenue, who notified police. Officers McKelvey and Gladwin of squad #115 went to the scene. Mr. Berglund told the officers he had been in the habit of visiting deceased every day, that deceased had been unwell, that he had a "cold" and shortness of breath, but refused to see a doctor. On this day deceased was found lying on his back on the bed and the door to his apartment was open.

GUNNAR E. CARLSON - continued

The deputy coroner at the scene found deceased clad in trousers and underwear dead on his bed. There was no indication of other than a natural death and it was attributed to arteriosclerotic heart disease. Mrs. Bert Stevens, the landlady, was said to have talked to deceased this morning, and Mr. Stevens stated he had talked to deceased at about 2:30 p.m. Death, then, apparently occured sometime between 2:30 p.m. and 7:15 p.m. on April 18th, 1962.

Deceased's apartment was sealed and the remains were taken to the Hennepin County Morgue and later released to a funeral director.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 8:10 a.m. on April 19th, 1962, by Dr. Robert O. Quello.

Dr. Quello reported that he had not previously seen deceased, that she had been having chest pains over a period of time, which, according to her sister, Mrs. Quhm (phone, TA 2-1931), grew worse as time went on, and that she had consistently refused to see a doctor. Deceased expired this morning, April 19th, 1962, at 7:35 a.m.

VIOLET HARDING MORISON - continued

Examination of the body did not indicate that death was due to other than natural causes. Death was attributed to arteriosclerotic heart disease.

The remains were released directly from the scene to a funeral director.

REMARKS

This case was reported to the Coroner's Office at 12:10 p.m. on April 19th, 1962, by police.

At noon on April 19th, 1962, an unidentified girl reported to Arnie Nord, 5717 James Avenue South, and Bernard Kling of 2417 University Avenue N. E., Minneapolis Park Board employees, that she had observed deceased floating face down about 8 feet off the East shore of Lake Calhoun. The police department was called and officers Arwick and MacDiamond of squad #550 were sent to the scene and the Coroner's Office notified.

PATRICIA LEOPOLD - continued

The deputy coroner at the scene stated deceased had brown hair, was apparently in her mid-twenties, about 5'8" tall, weighed about 115 lbs. and was clad in a purple cloth coat. She wore earrings, a chain and tear drop pendant, and an adjustable silver ring with round stone. The skin was coming off her hands. The remains were taken to the Hennepin County Morgue.

Later in the day, Miss Beverly Kjona of 3903 - 20th Avenue South, a stenographer in the Homicide Bureau, came to the morgue and identified the body of deceased beyond a reasonable doubt as that of Patricia Leopold, with whom she had worked at the Pick-Nicollet Hotel, and who had been reported missing on November 18th, 1961.

Identification was later confirmed by Alvin Blade of 4957 Osseo Road, Minneapolis 22, deceased's uncle.

An autopsy was performed at the morgue on April 19th, 1962. This revealed no demonstrable anatomical cause of death. The body was in an advanced state of decomposition due to immersion in Lake Calhoun for a period of several months.

Except for her father, Vern Leopold, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 2:20 p.m. on April 19th, 1962 by police.

Mrs. Annette Kurtz, 1314 Newton Avenue North, met deceased shortly after 2:00 p.m. the afternoon of April 19th, 1962, in the lobby of the Andrews Hotel and they sat on a couch. Deceased, it was reported, said he felt warm so he took off his coat. Then he sat down and seemed to go to sleep. Mrs. Kurtz notified police and officers Mattson and F. W. Johnson of squad #117 went to the scene. Dr. Savitt, a Minneapolis General Hospital ambulance physician, also at the scene, pronounced death.

HARRY PEARLMAN - continued

The deputy coroner on this case viewed the body of deceased lying on a couch in the lobby. Deceased was fully dressed, his body was warm and there was no rigor. There was no indication that death was not due to natural causes. Death, which was attributed to arteriosclerotis heart disease, apparently occurred at 2:15 p.m.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Dr. Joseph Pearlman, son of deceased, of 1847 Highland Parkway, St. Paul, was opposed to an autopsy. Except for this son, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 2:50 p.m. on April 19th, 1962, by police.

Deceased had a history of care at the Minneapolis General Hospital and, it was reported, had been discharged from the hospital on April 14th. He had been taking digitalis for his heart.

Last seen alive at 11:00 a.m. on April 19th, 1962, by Mrs. C. Christiansen of apartment #6, deceased was found at 2:30 p.m. in an unresponsive condition by Frank Lundin of apartment #10, who called for a hospital ambulance and rescue squad. The physician aboard the ambulance pronounced the man dead.

KARL JOHANSSON - continued

Police officers L. Novack and Joe Remeley of squad #116 were at the scene when the deputy coroner arrived.

The deputy coroner at the scene viewed the body, which was dressed and lying on his back on the bed. The body was cold and there was 4+ rigor.

The remains were taken to the Hennepin County Morgue where an autopsy was performed on April 23rd, 1962. This revealed severe coronary atherosclerosis, acute thrombosis at coronary artery, old occlusion of the left anterior descending coronary artery, acute posterior apical infarction, old posterior infarction with scar, bilateral pulmonary edema, severe aspiration of gastric content. Death was attributed to occlusion of the right coronary artery, acute, due to severe coronary sclerosis.

Except for a son, Hartvig Johnson, of 3165 Maddux Drive, Palo Alto, California, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 7:00 p.m. on April 19th, 1962, by police.

Deceased was sitting on a wooden chair at the front window of the Summit Hotel lobby, it was reported, when he collapsed and was eased to the floor by a friend the evening of April 19th, 1962. Police officers Creighton and Longman of squad #117 and a Minneapolis General Hospital ambulance and rescue squad answered a call for assistance. Dr. Ryan, the ambulance physician, pronounced death at 7:00 p.m.

CARL JOHN WETTERBERG - continued

The deputy coroner at the scene viewed the body dressed in house clothes and lying on the floor of the lobby of the hotel. There was no indication that death was due to unnatural causes, and it was attributed to arteriosclerotic heart disease.

The desk clerk in the hotel lobby stated deceased had been hospitalized at the Minneapolis General Hospital from January 23rd, 1962 to March 21st, 1962, for acute bronchitis and a heart condition.

Deceased's room was carded and his remains were taken to the Hennepin County Morgue and later released to a funeral director.

Except for his brother, Erik E. Wetterberg, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 9:30 p.m. on April 20th, 1962, by the North Memorial Hospital.

Deceased was admitted to the hospital from his residence by Drs. Harry St. Cyr and R. E. Williams. At that time he stated that he was having dizzy spells and that his legs didn't feel right. He was generally alert and anxious. He had a history of surgical removal of an aneurysm and had a left leg prosthesis. It was decided, among other things, to fit him with a new limb.

On April 1st deceased had severe chest pains clear to the back and no further reaction. His progress from about April 5th was progressively downward and he expired at 9:15 p.m. on April 20th, 1962.

PEDRO B. BASCOS - continued

The remains were removed to the Hennepin County Morgue and an autopsy was performed at the morgue on April 21st, 1962. This revealed that death was due to bronchopneumonia due to intradural hematoma, old, etiology unknown. Arteriosclerotic heart disease was a contributing factor.

Deceased had no known relatives. Medical records had the name of Leon Abellera, a friend with whom he had worked at the Post Office.

REMARKS

This case was reported to the Coroner's Office at 1:55 a.m. on April 21st, 1962, by police.

Deceased, it was reported, lived with her sister and brother-in-law, Mr. and Mrs. Charles Mortimer, at the above address. There is no history of medical care. She had been quite active on Friday, April 20th, 1962, but in the evening complained of being nauseated and having gas on her stomach. She went to bed around 10:00 p.m. and got up an hour later because she was uncomforable. At about 1:00 p.m. she lay down again and expired shortly.

ALICE E. HAFFNER - continued

Assistance was summoned and officers Revak and Deering of squad #151 of the police department, a rescue squad and Minneapolis General Hospital ambulance responded. Attempts at resuscitation were of no avail and Dr. Altman, the ambulance physician, pronounced death at 1:40 a.m.

Examination of the body showed no indication that death was due to unnatural causes. Death was attributed to arteriosclerotic heart disease.

The remains were released from the scene directly to a mortician.

Except the sister mentioned, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 11:00 a.m. on April 21st, 1962, by Dr. Ruth Lundberg.

At 9:45 a.m. on April 21st, 1962, deceased was found in an unresponsive condition lying on the kitchen floor by her brother, William Hansen, and his wife. A patient of Dr. Aling, she had been taking digitalis for arteriosclerotic heart disease. However, Dr. Aling had not seen deceased since August, 1961. Dr. Lundberg was called and upon her arrival stated deceased had already expired.

VERA HANSEN - continued

A deputy coroner examined the body, which was cold and without rigor. There was no evidence of trauma. Death was attributed to arteriosclerotic heart disease. It was reported neighbors had seen deceased alive at 11:00 p.m. on April 20th. Death occurred sometime between 11:00 p.m. and April 20th and 9:45 a.m. April 21st, 1962.

Deceased's brother was opposed to an autopsy.

The remains were released from the scene to a funeral director.

Except for her brother, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 5:45 p.m. on April 21st, 1962, by the Enger Mortuary.

According to deceased's son, George Neadle of 241 Vincent Avenue North, deceased had been ill for more than six months with intermittent and progressive jaundice. Four or five months ago her condition was diagnosed as cancer of pancreas and deceased continued to live at home and be cared for by her husband, John Neadle.

The past several weeks deceased became much worse, was confined to bed, and unable to eat. Her family was present when she expired at 5:00 p.m., April 21st, 1962.

HELMINE O. NEADLE - continued

A deputy coroner examined the body. There was no indication that death was due to unnatural causes. Death was attributed to malnutrition due to carcinomatosis.

Except for her son, George, and her husband, John, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 8:30 p.m. on April 21st, 1962, by police.

Deceased had been under the care of Dr. Rene Braun, and apparently well until today; became ill with a temperature of 103°. She was put to bed by her parents about 6:30 p.m., and checked by her father at 7:30 p.m. who found her lying face down in bed, lifeless. Dr. Braun was called, as well as neighbors who attempted resuscitation by mouth to mouth breathing, without response. Dr. Braun pronounced death.

Police officer L. Goga of the Brooklyn Center police was at the scene when the deputy coroner arrived.

DIANE LEE JAEGER - continued

There was no indication that death was due to unnatural causes. The child's parents desired an autopsy and the remains were taken to the Hennepin County Morgue.

An autopsy was performed at the morgue on April 22nd, 1962. This revealed pulmonary congestion and edema, severe.

REMARKS

This case was reported to the Coroner's Office at 7:40 a.m. on April 22nd, 1962, by police.

At 7:15 a.m. on April 22nd, 1962, Jack Kerr, apartment 27, the caretaker at the above address, checked deceased's apartment because the radio was playing, and found deceased sprawled across his bed in an unresponsive condition. Deceased was last seen alive the evening of April 21st.

Police officers Lindquist and Underwood of squad #440 were at the scene when the deputy coroner arrived.

EDWARD R. BEYER - continued

Deceased was lying fully clothed on his back across the bed. There was a full wine bottle in his pocket and many empty wine bottles in the room. There was no evidence of trauma. The body was still warm and limp.

Deceased's sister desired an autopsy and the remains were taken to the Hennepin County Morgue.

An autopsy was performed at the morgue on the date of death. This revealed hemorrhagic pneumonia of the right lung and left lower lobe, pulmonary congestion and edema, severe, chronic congestion of liver, ascites, splenitis, benign hypertrophy of prostate, and stasis dermatitis of the skin of the legs. Death was attributed to hemorrhagic pneumonia with severe pulmonary congestion and edema. Chronic congestion of the liver with ascites was a contributing cause. The toxicologist's analysis of deceased's blood revealed 0.07% alcohol.

REMARKS

This case was reported to the Coroner's Office at 1:00 p.m. on April 22nd, 1962, by the Minneapolis General Hospital.

Deceased, who was organist at the Westminster Presbyterian Church, collapsed between services and immediate external cardiac massage was given by three or four physicians in the congregation. The fire department rescue squad and a Minneapolis General Hospital ambulance went to the scene and deceased was taken to the hospital. He had no spontaneous pulse or respiration upon admission, and was declared dead upon admission to the hospital station.

RUPERT SIRCOM - continued

Examination of the body gave no indication that death was due to other than natural causes. Death was attributed to arteriosclerotic heart disease.

Deceased's wife was definitely opposed to an autopsy.

The remains were released for burial directly from the hospital.

REMARKS

This case was reported to the Coroner's Office at 4:08 a.m. on April 23rd, 1962, by police.

At 3:55 a.m. on April 23rd, 1962, deceased was found dead by police sitting on the bank back of Sally Distributors Novelty House at 200 North First Street.

Police officers Keavy and C. E. Johnson of squad 117 were at the scene when the deputy coroner arrived.

LESTER W. NESS - continued

Deceased was sitting on the bank behind the building. His arms were resting on his knees and his head was slumped forward on his chest and arms. Moderate rigor mortis was present. Deceased was fully dressed and there was no evidence of trauma.

The remains were removed to the Hennepin County Morgue.

According to the Minneapolis General Hospital records deceased was treated there once for fracture of foot. They had no information with regard to relatives.

It was reported deceased had a son, Harold, in the Air Corps. The Red Cross attempted to locate him but were unsuccessful.

Since the deceased had no funds for burial nor were there any relatives known to the Coroner's Office who could arrange for his burial, it was necessary to release his body to the Anatomical Department of the University of Minnesota.

REMARKS

This case was reported to the Coroner's Office at 3:35 p.m. on April 23rd, 1962, by Dr. Allan Blake.

Deceased, while at work on the shipping dock at Motec Factory in Hopkins, became ill about 3:00 p.m. on April 23rd, 1962. When he complained of cold sweat and pains around his heart, fellow workers told him to rest and he walked up to the locker room. At 3:10 p.m. Frank Roushar, 36 5th Ave. North, Hopkins, a fellow worker, went to the locker room and found deceased lying on the floor according to Mr. Kyle Morse, personnel manager. Mr. Morse stated he had no knowledge of deceased's past health, that he was under the care of Dr. Blake, that Dr. Blake was summoned and deceased was pronounced dead on arrival by the doctor. Death apparently occurred about 3:10 p.m.

LEO A. ENGELHART - continued

The deputy coroner at the scene viewed the remains of this late middle-aged man clad in work clothes lying on his back on the floor of the loading dock washroom in "R" building. There was no external indication of other than a natural cause of death.

The remains were taken to the Hennepin County Morgue, where an autopsy was performed on April 24th, 1962. This revealed that death was due to arteriosclerotic heart disease.

REMARKS

This case was reported to the Coroner's Office at 9:10 p.m. on April 23rd, 1962, by police.

At 8:55 p.m. on April 23rd, 1962, Mrs. B. G. Lopez, wife of the caretaker of the building at 3009 Dupont Avenue South, went to call deceased at the request of his son, Lloyd W. Hoyer, 5213 W. 61st Street, Minneapolis, because he had been unable to get a response from phoning. Mrs. Lopez found that deceased had expired. It was reported deceased had been under the care of Dr. J. A. Polzak, a urologist, because of bladder trouble and a small hernia. Mrs. Lopez stated deceased had complained of diarrhea and "the flu" on Thursday, April 19th, and that they had not seen him alive since.

NELS EMIL HOYER - continued

Police officers Mavity and Cameron of squad #550 were at the scene when the deputy coroner arrived and verified the death.

Deceased, an elderly man of large frame and quite obese was fully clad except for shoes was slumped back across the bed in a room at the above address. Rigor had regressed. There was a marked greenish discoloration of the skin and considerable marbling of the skin of the face was visible. It was apparent deceased had expired more than 24 hours before. There was no indication that death was due to other than natural causes. Death was attributed to arteriosclerotic heart disease.

The remains were released directly from the scene to a mortician.

Except for the son, Lloyd, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 4:05 p.m. on April 23rd, 1962, by Dr. D. W. Feigal.

Deceased, who was employed as a painter at the boat works at the above address, was seen from the second deck by Harry Sherman of Waverly, Minnesota, to collapse while he was working on the main deck of a cabin cruiser, license number MN 7955 AE, the afternoon of April 23rd, 1962. The foreman, Elmer Wilson, had Joan E. Johnson, an office worker, call a doctor. It was stated deceased was sitting breathing heavily and then slumped down. Dr. Feigal pronounced the man dead on arrival at 4:00 p.m.

Police officer Dahl of Wayzata was at the scene when a deputy coroner arrived.

ALVIN W. GROTH - continued

The deputy coroner viewed the body of deceased, a middleaged man clad in painter's overalls lying on his back on the stern of the main deck. He was very cyanotic. There was no indication that death was due to other than natural causes.

The remains were taken to the Hennepin County Morgue.

An autopsy was performed at the morgue on April 24th, 1962. This revealed that death was due to coronary sclerosis with myocardial fibrosis. There was also moderate hemorrhage in the pancreas, which was a contributing factor.

REMARKS

This case was reported to the Coroner's Office at 6:25 p.m. on April 23rd, 1962, by police.

Mrs. Delores Lewis, clerk at the branch library at 1320 East Franklin, reported she spoke to deceased at 5:00 p.m. on April 23rd, 1962, and that she seemed well at that time. At 6:00 p.m. Mrs. Lewis found deceased lying face down across the table in the employees rest room, in an unresponsive condition. Police officers Heinrichs and McKelvey of squad #115 and a Minneapolis General Hospital ambulance went to the scene. Dr. Henry Smith, the ambulance physician pronounced deceased dead on arrival.

MAXINE McCUTCHEON - continued

The deputy coroner at the scene viewed the body of deceased, a late middle-aged woman, fully clad lying on the bed in the employees rest room at the library. There was no indication that death was due to other than natural causes. The remains of salad and meat loaf she had been eating were on the table. Among her effects were medications prescribed by Dr. Robert Lindell of St. Paul, indicating that she had been under his care.

The remains were taken to the Hennepin County Morgue.

Dr. Lindell stated he had not seen deceased for a long time, that she had some hypertension at times, but he did not recall any particular cardiac condition.

An autopsy was performed at the morgue on April 24th, 1962. This revealed that death was due to subarachnoid hemorrhage due to berry aneurysm.

Deceased is survived by her mother.

REMARKS

This case was reported to the Coroner's Office at 8:55 p.m. on April 23rd, 1962, by the Sheriff's radio.

At 8:35 p.m. on April 23rd, 1962, deceased, who had fallen on highway 100, was struck by a black and white Chevrolet, bearing Minnesota license 3Y 6137, being driven by Ralph Hitter, 32, of 5225 - 35th Avenue North.

Mr. Hitter stated he drove out 36th Avenue North and turned south on highway #100 and suddenly saw deceased lying on the pavement, tried to stop, but was barely able to apply his brakes when his car struck deceased. It was reported a witness saw deceased run and appear to trip on the concrete highway divider and fall sprawling across the highway in the path of the approaching car and not move, just before the car struck him. Officers stated the witness was Scott Hutton of 6010 Glenwood Avenue.

RALPH A. OLSON - continued

Officer Basset of the Crystal Village police and deputy sheriffs Seviola and Sheehey and various highway patrolmen were at the scene and investigated this accident.

It was stated deceased was seen outside a bar on the east side of highway 100 with lacerations of his forehead by officer Johnson of the Robbinsdale police just prior to the accident.

The deputy coroner at the scene found deceased, an obese young man lying sprawled on highway #100 in the west southbound lane at a point approximately 25 feet north of the intersection with 34th Avenue North, his head to the west and his feet sprawled and on the lane divider stripe. His head was deformed and he had multiple lacerations of the scalp.

The remains were taken to the Hennepin County Morgue.

An autopsy was performed at the morgue on April 24th, 1962. This revealed that death was due to severe trauma of brain due to comminuted skull fractures. Bilateral hemothorax and hemoperitoneum due to multiple rib fractures and severe lacerations were contributing factors. The toxicologist's analysis of deceased's blood revealed 0.37% alcohol by weight.

REMARKS

This case was reported to the Coroner's Office at 3:30 p.m. on April 24th, 1962, by Werness Bros. Chapel.

Mrs. O'Reilly, deceased's daughter, came home in the afternoon of April 24th and found her mother lying on the floor. Deceased was alive at that time and an ambulance was summoned and she was removed to the Deaconess Hospital, where she was pronounced dead on arrival at 2:35 p.m. She had a history of cardiac decompensation for the past year, with hypertensive arteriosclerotic heart disease, and had been under the care of Dr. S. D. Dworsky, who was on vacation at the time of her death.

AGNES B. SISCO - continued

Examination of the body gave no indication of other than death by natural causes. Death was attributed to congestive heart failure. Hypertensive and arteriosclerotic heart disease were contributing factors.

REMARKS

This case was reported to the Coroner's Office at 11:00 a.m. on April 24th, 1962, by the Nicollet Nursing Home.

Deceased, it was reported, had been under the care of Dr. S. E. Howard who was away on vacation at the time of his death. A Dr. Latts had taken over Dr. Howard's patients in his absence, but he had never seen deceased.

On the morning of April 24th, 1962, deceased did not feel well, but got up and went to the bathroom, where he collapsed and expired.

AMON BALLKIN - continued

Examination of the body did not indicate that death was due to other than natural causes. Death, which apparently occurred at 10:40 a.m., was attributed to arteriosclerotic heart disease. Diabetes mellitus was a contributing factor.

The remains were released from the scene to a mortician.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 1:35 p.m. on April 24th, 1962, by police.

Deceased complained of pain in his left arm and chest the morning of April 24th, 1962. He was resting on his bed when he became short of breath and collapsed at 1:16 p.m.

Police officers J. Remily and J. Compton of squad #116, a rescue squad and Minneapolis General Hospital ambulance were summoned to the scene. Dr. O'Brien, the ambulance physician, pronounced death.

EARL R. MAYER - continued

Examination of the body did not indicate that death was due to other than natural causes. Death was attributed to arteriosclerotic heart disease and apparently occurred at 1:16 p.m.

The deputy coroner on this case released the body directly from the premises to a funeral director.

Except for his wife, Warda, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 11:40 p.m. on April 24th, 1962, by police.

Deceased, it was reported, had been a patient at the Veterans Hospital for coronary disease and had been followed for a long time in the out-patient clinic. He had an appointment at the clinic for May. Anne Skeene, deceased's former wife, stated she had been looking after deceased's welfare since their divorce. On the evening of April 24th, 1962, she called deceased and asked whether she could bring him anything, and later, it was reported, at 10:20 p.m. went to the apartment. Deceased answered the door when she arrived. As they were sitting conversing deceased collapsed and expired.

GILBERT SKEENE - continued

Police officers D. E. Reynolds and D. M. Johnson of squad #116 and a Minneapolis General Hospital ambulance were summoned to the scene. Dr. Shapiro, the ambulance physician, pronounced the man dead at 11:25 p.m.

Examination of the body did not reveal that death was due to other than natural causes. Death was attributed to arteriosclerotic heart disease.

The deputy coroner on the case released the body from the scene to a mortician.

REMARKS

This case was reported to the Coroner's Office at 8:10 a.m. on April 25th, 1962, by the St. Louis Park police.

Deceased, who had been under the care of Dr. John Milton, recently had surgery at Swedish Hospital for an inguinal hernia on the right side and only yesterday had returned to work at Minneapolis Honeywell where he had been employed for about 20 years. On this morning, April 25th, 1962, it was reported, he had left his wife and home about 6:15 to go to work. His wife stated he planned to leave the car at home for her to polish. However, when she went to the garage at 7:30 a.m. she found it locked. On opening the garage she found her husband lying on the front seat of the car. She stated the motor was warm and she turned off the ignition.

Police officers Robert Sorenson and Percy Morse of the St. Louis Park police were at the scene when the deputy coroner arrived.

FOLKE F. JOHNSON - continued

Deceased's body was lying on the seat of the car, a 1956 Chrysler Windsor four-door sedan bearing 1962 Minnesota license 3F 3863, in the garage. A piece of garden hose and an old cloth, both stained with carbon, were found on the garage floor and the back no-draft window on the left was ajar.

The remains were taken to the Hennepin County Morgue. The toxicologist's examination of deceased's blood revealed that it was carbon monoxide saturated.

Except for his wife, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 10:10 a.m. on April 25th, 1962, by the Hennepin County Sheriff's radio.

At 8:30 a.m. on April 25th, 1962, deceased, who had been doing industrial nursing at Federal Cartridge Company, was found by her husband, Roy, lying across the front seat of a 1958 Fleetside 32 Apache pickup truck in a closed garage at her home. The ignition was on. She was dressed in jeans and a beige car coat. Her skin was very pink.

LAURA A. KALKBRENNER - continued

Officers Jaremko and Baisner of the Sheriff's office were at the scene when the deputy coroner arrived.

Deceased, it was reported, had never been hospitalized for depression, but had had some depression during her last pregnancy. She was the mother of four children, the oldest being five years of age.

Deceased's husband was opposed to an autopsy.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

The toxicologist's examination of deceased's blood revealed that it was carbon monoxide saturated. Death was attributed to asphyxia due to carbon monoxide poisoning.

REMARKS

This case was reported to the Coroner's Office at 1:25 p.m. on April 25th, 1962, by police.

On Saturday, April 21st, 1962, deceased was taken to the Minneapolis General Hospital by ambulance because of chest pain, and treated. After a few hours he was released.

At 1:00 p.m. on April 25th, 1962, deceased was found in an unresponsive condition by Marlys Zins, the caretaker's daughter.

HERMAN HENRY STEINFELDT - continued

Police officers R. W. Johnson and Dunstone of squad #119 were at the scene when the deputy coroner arrived. Deceased was sitting at a dinner table in his room with his head lying sideways on the table. He was dressed in houseclothes.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Examination of the body did not indicate that death was due to other than natural causes and was attributed to arteriosclerotic heart disease.

Deceased is survived by several brothers and a sister.

REMARKS

This case was reported to the Coroner's Office at 5:32 p.m. on April 25th, 1962, by police.

Deceased was last seen alive on Friday, April 20th, 1962, by the caretaker of the building. He was found, expired, at 5:00 p.m. on April 25th, 1962, because adjoining tenants had noticed a bad odor coming from his room.

Police officers Morse and Johnson of squad #118 were at the scene when the deputy coroner arrived.

WILLIAM JOHNSON - continued

The deceased was found lying in his bed dressed in night clothes. His body was black and in an advanced state of decomposition. There was no indication that death was due to unnatural causes and it was attributed to arteriosclerotic heart disease.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

REMARKS

This case was reported to the Coroner's Office at 5:45 p.m. on April 26th, 1962 by the Strobeck-Johnson Chapel.

Deceased's husband last saw her alive at about 8:00 a.m. on April 26th, 1962. When he returned from work between 5:20 and 5:30 p.m. that evening she was not there, but he found three envelopes with letters in them addressed to him and to each of their two children on the kitchen table. The envelope addressed to him said "Don't let Bruce in the laundry room." Upon going immediately to the laundry room he found deceased hanging by a rope from an overhead pipe.

LILLIAN ANDERSON - continued

Minnetonka police officers Wahl and Remus were at the scene when the deputy coroner arrived.

Deceased, who was fully clothed, was hanging from an overhead pipe by an 18 inch piece of three-eighth inch rope. Her feet were two inches off the floor. A kitchen stool had been tipped over and was lying on the floor nearby. The rope was tied to deceased's neck by an overhand knot and two half hitches and could not be loosened by pulling on it. Rigor mortis was present and dependent ruber was in deceased's hands. There were some mild rope burns on the anterior neck and deep rope impressions in the neck under the rope.

Deceased had been under the care of Dr. Robert A. Green for a long time for severe depression. It was reported she had been hospitalized at Glenwood Hills Hospital several times and given shock treatments with temporary relief. It was reported she had discussed suicide and once took an overdose of barbiturate. Dr. Green stated he last saw deceased on April 24th, at which time she appeared to be doing better.

Deceased's letters to her family stated that she was sorry to take this action, that she loved them all very much but could no longer endure her pain for which no one could find a physical cause, and asked the children to help their father all they could.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Except for her husband, C. Robert Anderson; son, Bruce; and daughter, Karen, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 8:00 p.m. on April 26th, 1962 by the Veterans Hospital.

Deceased was brought to the Veterans Hospital on April 26th, 1962, in a car by friends, Marvin Borscher and Albin Cramer, allegedly from his residence. He was thought to be still alive on arrival, but Dr. Simonstad at the hospital declared him dead on arrival at 5:30 p.m. It was reported he had not been a patient at the Veterans Hospital.

WILLIAM E. MANN - continued

Deceased had a history of medical care under Dr. Fingers at Glen Lake Sanatarium. He had had bronchial asthma and was a patient in the Sanatarium in 1956, according to a report from the out-patient department, and it was reported that he had negative sputum smears for seven months prior to his last discharge.

The body was removed to the Hennepin County Morgue and later released to a funeral director.

Examination of the body did not indicate that death was due to other than natural causes. Death, which apparently occurred about 5:30 p.m. on April 26th, 1962, was attributed to bronchial asthma with severe chronic bronchitis.

Except for two sisters, Mrs. Mary Anderson of Two Harbors, Minnesota, and Martha Cook of Red Wing, Minnesota, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 6:20 p.m. on April 26th, 1962 by the Hennepin County Sheriff's radio.

At 5:50 p.m. on April 26th, 1962, deceased, it was reported, was found shot by her husband, Herbert, who called the St. Anthony police department.

St. Anthony police officers Hickerson and Puffer and detectives McMullan and Brown of the Hennepin County Sheriff's homicide squad and Deputy Sheriff William B. Gillespie were at the scene when the deputy coroner arrived.

MARGARET LEONA BERGSTROM - continued

Deceased's body and the death weapon, a .22 caliber Winchester rifle #195042, allegedly had not been disturbed either by police or Mr. Bergstrom.

Deceased was lying on her back, clothed in two piece pajamas and slippers. A large pool of unclotted blood lay on the cement floor around her head. Her head showed some dried blood running out of her left ear. A missile wound was present at the right temple. The wound of exit was apparently the left parietal area of the skull. There was a darkened area around the wound suggestive of powder burns. The body was cold but rigor mortis was not present. There were no other obvious areas of trauma evident on the body. Some spots of blood were present on the cement floor at a distance of eight to ten feet away from the body and on the other side of a table on which lay a .22 caliber rifle and an open box of cartridges.

The rifle mentioned was not examined by the deputy coroner. It was finger-printed and examined by the homicide department before being taken in custody, along with 22 shells, by William B. Gillespie, Deputy Hennepin County Sheriff.

The body was removed to the Hennepin County Morgue.

An autopsy was performed at the morgue on April 27th, 1962. This revealed that death was due to a gunshot wound of head, with missile entrance at the right temporal and exit at left fronto-parietal area. There were multiple skull fractures, subarachnoid and subdural hematomas, bilateral lower lobe congestion of lungs, early atherosclerosis of coronary arteries, atherosclerosis of aorta, multiple cysts of ovary and myoma of uterus.

Except for her husband, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 7:50 p.m. on April 27th, 1962, by Methodist Hospital.

Deceased, it was reported, had been a patient of Dr. A. N. Lindberg, saw Dr. Lindberg about a month ago for a check-up and was given a prescription for a tranquilizer at that time. On the evening of April 27th, 1962, after the evening meal she had a sudden onset of severe, and progressively more severe, headache. Her husband called Dr. H. L. Perlman in Dr. Lindberg's absence and took deceased in the family station wagon to the Methodist Hospital where she was pronounced dead on arrival at 7:30 p.m.

HELEN FAYE EASTMAN - continued

Deceased's father, Mr. Hans Erickson, present at the time, stated deceased stopped breathing and her pulse ceased before she was carried out of the house.

The deputy coroner at the scene examined the body of deceased. There was no indication of other than a natural death. From her medical history it appeared that death was due to the rupture of cerebral artery aneurysm.

Deceased's husband was opposed to an autopsy.

The body was released for burial by the deputy coroner directly from the hospital to a mortician.

REMARKS

This case was reported to the Coroner's Office at 11:40 a.m. on April 28th, 1962, by police.

Deceased, it was reported, had a history of care for heart disease since 1953 under Dr. Herbert Molander of St. Paul.

On the morning of April 28th, 1962, deceased was raking leaves in the back yard and cleaning under an evergreen tree when he fell from a kneeling position as though he had fainted. Police officers Gottlieb and Roach of squad #331 went to the scene and a Minneapolis General Hospital ambulance and rescue squad were called. Deceased did not respond to oxygen and Dr. Altman, the ambulance physician, pronounced him dead at 11:15 a.m.

WESLEY J. DAWSON - continued

Examination of the body did not indicate that death was due to other than natural causes. Death was ascribed to arteriosclerotic heart disease.

The remains were released directly from the premises to a mortician.

REMARKS

This case was reported to the Coroner's Office at 4:55 p.m. on April 28th, 1962, by the Hennepin County Sheriff's radio.

Deceased was in a canoe going over the mill pond dam which is approximately five and one-half to six feet high in the Crow River, on the afternoon of April 21st, 1962, when his canoe overturned throwing him into the water. The incident was witnessed, it was reported, by Burton Falk of 4858 Aldrich Avenue North and deceased's girl friend.

His body was recovered at 4:45 p.m. by Captain Darweiler of Hamel and Lt. Kach of St. Louis Park, of the Hennepin County Rescue Squad, on April 28th, 1962.

JAMES E. MILLER - continued

Sgt. Williams and Fretag of the Hennepin County Sheriff's office were at the scene when the deputy coroner arrived.

Deceased's body was lying on the bank of the Crow River on highway #116 and it was removed to the Hennepin County Morgue and later released to a funeral director for burial.

REMARKS

This case was reported to the Coroner's Office at 7:35 p.m. on April 28th, 1962, by police.

At 7:35 p.m. on April 28th, 1962, the police department received a call from Wilfred Presler, an employee of the Northern States Power Company, stating that while raking the grates at the power company's hydro plant in the Mississippi River, he had hooked a body with the rake. Police officers Rising and Josul of squad #221, who were sent to the scene, pulled the body free with poles when the rake was released.

The deputy coroner at the scene took custody of the body. There was a large gash on the left side of the face, apparently caused by the grates.

The remains were taken to the Hennepin County Morgue.

ERNEST CALVIN POLLARI - continued

An autopsy was performed at the morgue on April 30th, 1962. This revealed bilateral pulmonary congestion; fractured mandible, right rami; multiple lacerations of face; and severe postmortem degeneration of kidneys, liver, and spleen. Death was attributed to asphyxia due to drowning.

The body was identified and released to a funeral director.

REMARKS

This case was reported to the Coroner's Office at 11:30 a.m. on May 2nd, 1962, by the University Hospitals.

On January 21st, 1962, deceased was injured in an accident while riding as a passenger in a car driven by his brother, Paul Walter, in collision with a car driven by John C. Maki, 222½ Chestnut Street, Virginia, Minnesota, on highway 53, one-half mile north of the DWP Railroad overpass 5 miles north of Virginia in St. Louis County.

EUGENE WALTER - continued

Following the accident, deceased was hospitalized continuously, at first at Virginia, Minnesota, under the care of Dr. Edward Peterson, and later at University Hospitals where he was admitted on April 8th, 1962 in a comatose condition - only his left eyelid moved. There was a working diagnosis of an intratracheal hemorrhage due to trauma. He expired at 7:45 p.m. on April 29th, 1962.

An autopsy was performed at the University Hospitals on the date of death. This revealed lobar pneumonia, lower lobes, bilateral with abscess on the left, and cerebral edema and peritoneal effusion.

REMARKS

This case was reported to the Coroner's Office at 11:30 a.m. on April 29th, 1962, by police.

Deceased, it was reported, had had a "stroke" in 1957 and had last been seen by a physician in February of 1961 - a Dr. Nessett. He had been living with a daughter, Mrs. Florence Ellingham at the above address, and was last seen alive by her at about 11:45 p.m. on April 28th, 1962. She stated that she had heard him coughing at about 2:00 a.m. on April 29th. She found him dead in bed at 11:15 a.m. on the morning of April 29th, 1962

FRANK J. KUBOUSHEK - continued

Examination of the body did not indicate that death was due to other than natural causes; it was due, apparently, to arteriosclerotic heart disease.

The deputy coroner released the body directly from the premises to a funeral director.

REMARKS

This case was reported to the Coroner's Office at 1:30 a.m. on April 30th, 1962, by the Richfield police.

At 12:54 a.m. on April 30th, 1962, James Lee Anderson, 32, of 914 Wilshire Drive South, while driving a 1958 white Chevrolet two-door bearing 1962 Minnesota license 5N 1814, accompanied by deceased, his wife, east on highway #494, lost control of the car and went off the roadway into the ditch and struck a six inch diameter sign pole. Deceased was thrown from the car and expired almost instantly, and was pronounced dead by a Dr. Rockwell who came to the scene. Her husband, James, was taken to the Methodist Hospital.

IRENE ANDERSON - continued

Richfield police officers Ray Nelson, Ed Christian, Donald Lundquist, Floyd Roman and Leighton W. Dahlquist were at the scene and investigated the accident.

The roadway, a freeway, was straight and level and wet, as it was raining. It was dark, and deceased's car skidded.

The deputy coroner at the scene viewed the body of deceased lying on her right side just off the pavement.

The remains were taken to the Hennepin County Morgue, where an autopsy was performed on the day of death. This revealed that death was due to diffuse subarachnoid hemorrhage due to comminuted compound skull fracture. The toxicologist's analysis of deceased's blood indicated 0.04% alcohol by weight.

REMARKS

This case was reported to the Coroner's Office at 10:15 a.m. on April 30th, 1962, by Dr. Clinton C. Berg.

Deceased had reported to Dr. Berg that he had shortness of breath and the doctor told him to come into the office this week, but had not seen deceased alive.

So far as is known, deceased had no relatives. A friend, Lloyd Ryberg, called to see deceased at 9:45 a.m. on April 30th, 1962, and found him dead on the kitchen floor. Deceased resided in his own house, the fourth on the right from Old Excelsior Boulevard North on Grant Lorenz Road, and had lived there for 35 years. It was stated deceased had been ailing and had not been eating much. Rydberg said he brought him malted milks

EMIL ALFRED ANDERSON - continued

twice yesterday, April 29th, and in all had visited him five times that day - the last time at 9:30 p.m. He had refused to be taken to a doctor. A county nurse, it was reported, had seen him about ten days ago.

Also about ten days ago, Mr. Ryberg said, deceased gave him his will, which was said to have been made by Attorney W. F. Kelly of Excelsior, naming Ryberg administrator and heir.

The deputy coroner at the scene viewed the body of deceased and the scene of death. There was no indication of other than a natural death, and it was attributed to arteriosclerotic heart disease. The remains were released to a funeral director for burial.

REMARKS

This case was reported to the Coroner's Office at 9:40 a.m. on April 30th, 1962, by police.

Deceased's physician, Dr. S. Grant, was away at the time of her death. She had been treated for coronary disease, it was reported, since 1956. She felt faint the morning of April 30th, sat on the davenport for a while, and expired. Police officer Roban, #1003, went to the scene. A Minneapolis General Hospital ambulance was called and Dr. Altman the physician in attendance pronounced death at 9:15 a.m.

ADELINE A. HANNA - continued

Examination of the body did not indicate that death was due to other than natural causes and it was attributed to arteriosclerotic heart disease.

The body was released from the scene to a funeral director.

REMARKS

This case was reported to the Coroner's Office at 9:00 a.m. on April 30th, 1962, by Welander-Quist Company.

Deceased, a Christian Scientist, had not seen a doctor, it was reported, since she had resided in New Hampshire, and had had bad headaches of late. She had a cardio-vascular accident three and one-half years ago and for the most part was confined to a wheelchair since that time. Yesterday, April 29th, 1962, she had a severe headache with diarrhea and expired this morning at 8:20 a.m.

MARTHA P. BURGAN - continued

The deputy coroner at the scene viewed the body. There was no indication of other than a natural death. Death was attributed to cerebral thrombosis with hemorrhage, due to cerebral arteriosclerosis.

Deceased was boarding at the home of Leona Anderson at the above address. Mrs. Anderson had worked as an aid or practical nurse at Park, New Hampshire, where deceased also stayed for a while.

The remains were released from the premises to a funeral director.

REMARKS

This case was reported to the Coroner's Office at 9:00 p.m. on April 30th, 1962, by Dr. Reinald G. Johnson.

According to Dr. Johnson deceased had a history of alcoholism and had a large amount of intestine resected at the Veterans Hospital about five years ago. He had also been seen by Dr. Charles Kelly.

Recently deceased went to Florida on a vacation and while there commenced drinking again. Since his return home about the end of February much of his time was spent in bed. Apparently he had not continued to take medications prescribed by his physician and on the day of death he had several convulsions. However, he refused to go to the Veterans Hospital. He expired at 8:30 p.m., April 30th, 1962, apparently during a convulsion.

THOMAS J. LYONS - continued

Deceased also complained of pains in his chest and back on his return from Florida and in the past had been informed at Veterans Hospital that he had a "bad heart." According to his wife, three weeks ago he had mumps and orchitis.

Examination of the body did not indicate that death was due to other than natural causes, and was attributed to coronary insufficiency due to coronary arteriosclerosis, electrolyte imbalance, and alcoholism.

Deceased's wife was opposed to an autopsy. Deceased's blood, however, was examined by the toxicologist. This examination was negative for barbiturates and revealed 0.10% alcohol by weight.

Except for his wife, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 1:15 a.m. on May 1st, 1962, by police.

In the early morning hours of May 1st, 1962, deceased, accompanied by Thomas Patrick Dowd, 31, of R.F.D. #7, White Hall Road, Muskegon, Michigan, was driving a 1962 white four-door Plymouth bearing 1962 Minnesota license number 3R 4416 owned by the Broadway Automotive, 1527 West Broadway, Minneapolis, - north on Washington Avenue South. At approximately 1:00 a.m. the vehicle he was driving hit the Washington Avenue viaduct 218 feet north of the 9th Avenue South intersection with Washington Avenue.

RONALD J. LINDICK - continued

According to police, there were no witnesses to the accident. A Robert Michalshek of 3601 Clinton Avenue South, it was reported, called police at 1:03 a.m. after he was flagged down by someone at the scene who said there was someone bleeding to death in the car.

Police officers Van Devere and Richard E. Oly of the traffic division were at the scene at 1:05 a.m. and investigated the accident. Deceased had already expired. A Minneapolis General Hospital ambulance at the scene took Mr. Dowd to the hospital where he was admitted with lacerations and possible head injuries. Some of Mr. Dowd's hair was seen adhering to the top of the right front fender. Apparently he had been thrown through the windshield and had bounced back into the car.

The deputy coroner at the scene stated the car and scene were a shambles. The vehicle's front end was completely caved in and glass was strewn for more than 70 feet. There were no skid marks. The point of impact of the car with the viaduct support was to the left of the center of the front bumper. The vehicle hit the viaduct support between the center lane and the north-bound lane of the viaduct. Deceased, an obese young man clad in a black business suit, was behind the wheel of the vehicle. He had a severely lacerated chin, a ring-shaped abrasion with the center of the ring over the right anterior chest and severely fractured ribs.

The remains were taken to the Hennepin County Morgue, where an autopsy was performed later in the day. This revealed that death was due to subarachnoid hemorrhage around the brain stem and massive right hemothorax due to fracture dislocation of second and third cervical vertebrae and crushing injury of right chest. The toxicologist's analysis of deceased's blood indicated 0.20% alcohol by weight.

REMARKS

This case was reported to the Coroner's Office at 2:25 a.m. on May 3rd, 1962 by Dr. Leonard Kallestad of Wayzata.

Mrs. Grayce Bacon stated that she and her husband, the deceased, were in Long Lake shopping from 5:30 to 8:30 p.m. the evening of May 2nd, 1962, at which time deceased had four beers; that when they returned deceased fell in the garage and hit his head. She assisted him into the apartment, she said, and helped him undress. At that time he said his head hurt from the fall. Unable to get him to bed, she let him lie on the floor, and retired. She awakened about 2:00 a.m., went to check on her husband, and found that he had apparently expired.

Dr. Kallestad was at the scene when the deputy coroner on this case arrived.

HAROLD ARTHUR BACON - continued

Deceased, a late middle-aged obese man, was lying on his back on the floor of the livingroom of the caretaker's apartment off the garage at the home of J. S. Pillsbury, Jr. He had an abrasion on his forehead and a small laceration on his nose. The remains were in moderate rigor at that time - 3:10 a.m. There was a small blood stain on a throw rug just inside the door to the livingroom.

Mrs. Bacon stated deceased had last seen a doctor more than a year ago for an allergy to weeds. Today, she said, he had worked hard all day, putting on screens and raking.

About 3:20 a.m. Sergeant Seviola, car #788, arrived.

Deceased's remains were taken to the Hennepin County Morgue, where an autopsy was performed later in the day. This revealed that death was due to intracerebellar and subarachnoid hemorrhage due to occipital skull fracture, left. There were also multiple rib fractures and pulmonary edema and congestion. The toxicologist's analysis of deceased's blood revealed 0.20% alcohol by weight.

Sergeant Berry and officers Weegman and Baisner of the Crime Laboratory made a further investigation. They checked the garage and Bacon residence, then drove to the Long Lake Municipal Liquor Store where the Bacons had allegedly had the beers, and talked to Jack Rosengren, the manager, and Dan Wright, bartender. Both stated that Mr. and Mrs. Bacon had come into the establishment about 6:30 p.m. and stayed until about 10:30, and that during that time deceased had consumed approximately five bottles of strong Grain Belt Premium Beer, which he customarily did. On several occasions, they stated, he had consumed as much as ten bottles of beer and had not appeared to be affected. Both agreed that deceased appeared "perfectly sober" when he left the place.

While at the Bacon residence, Mrs. Bacon told the officers that the car, a 1961 Plymouth four-door bearing Minnesota license number MR 9249, had not been moved since it was driven into the garage by her husband. The car and its surroundings were carefully checked and measurements were taken. The officers making the investigation were agreed that it was possible for deceased to have slipped and been injured as he was getting out of his car. They attempted to reenact the injury and believed that deceased slipped and struck his head on a six inch wide concrete ledge five and one-half inches high along the west wall of the garage, and that he may have put his arms back of him to break his fall, fracturing his ribs when he fell on his arms.

After due consideration this death was classified an accident.

REMARKS

This case was reported to the Coroner's Office at 6:15 a.m. on May 3rd, 1962 by the Hennepin County Sheriff's radio.

Deceased, it was reported, attempted suicide by carbon monoxide poisoning about three weeks ago, on Sunday, April 8th, 1962, in the family car and was hospitalized at St. Mary's since then until about a week ago. She was under the care of Dr. Robert Clark, a psychiatrist, for about two and one-half years, and was also under the care of Dr. Arnold Anderson, an obstetrician. Mr. Buys stated he had been up most of the night with his wife, and that she had not been taking any medication.

LOIS MARIE BUYS - continued

At 5:45 a.m. on May 3rd, 1962, Mr. Buys awakened and found his wife gone from bed and ran to the garage. The windows, which he had kept open since the previous attempt, and the doors were closed. The car motor was still running. He turned off the motor and ran to a neighbor, Ralph Post, for help. Dr. William Blake, the family physician was called and he pronounced deceased dead on arrival.

Police officers were at the scene when the deputy coroner arrived at 7:05 a.m. Deceased, clad in a nightgown, was lying on the front seat of a 1961 blue Falcon two-door. A package of Gillette razor blades lay on the top of the instrument panel. There were blood stains on the front seat cover and floor. There were slashes on her arms. The car engine and hood were hot.

The remains were taken to the Hennepin County Morgue and later released to a funeral director. The toxicologist's examination of deceased's blood showed that it was negative for alcohol and carbon monoxide saturated. Death was attributed to carbon monoxide poisoning due to inhalation of automobile fumes and slashing of arms.

Except for her husband, the names of survivors are not known to this office.

A note allegedly in deceased's handwriting addressed to her husband stated that deceased knew what she was doing and that he was not responsible for her life and expressed confidence that he and Danny would be well cared for.

REMARKS

This case was reported to the Coroner's Office at 1:40 p.m. on May 3rd, 1962, by Welander Quist Co., funeral directors.

Deceased, who had a history of care for heart trouble, was last seen by her physician, Dr. Louis Doyle in September of 1961. At 11:30 a.m. on May 3rd, 1962, she was found dead in bed by her son, Ernest, who reported that he had talked to her the night before and that she had seemed to be in her usual state of health at that time.

ESTHER MARIA CARIS - continued

Examination of the body did not indicate that death was due to other than natural causes and was attributed to arteriosclerotic heart disease. The deputy coroner released the body directly from the premises to the mortician.

With the exception of her son, Ernest, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 3:35 p.m. on May 3rd, 1962, by the Melo Cafeteria at 1516 East Lake Street.

Deceased collapsed while sitting at a table eating at the Melo Cafeteria. A physician, Dr. Michael Danyluk, whose office is upstairs, pronounced him dead at 3:20 p.m. May 3rd, 1962.

Police officers Stelberg and Witt of squad #330 were at the scene when the deputy coroner arrived.

DONALD A MILEM - continued

Deceased's body was lying on his back, warm, and without rigor. The remains were taken to the Hennepin County Morgue.

Deceased's brother, R. C. Milem of Dayton, Ohio, came to the morgue on May 4th, 1962. He stated deceased had been under treatment for coronary disease for several years, and has a history of care at the Minneapolis General Hospital.

Deceased's brother was opposed to an autopsy.

There was no indication that death was due to other than natural causes, and it was attributed to arteriosclerotic heart disease.

Except for the brother, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 4:05 p.m. on May 3rd, 1962, by the Hennepin County Sheriff's radio.

In the course of his employment for Shrewsbury Trucking, deceased had unloaded dirt and backed up with the dump truck on the Otten Bros. Nursery property at 15802 Wayzata Boulevard, when he became pinned between the box and the frame of the truck, at about 3:45 p.m. on May 3rd, 1962. Dean Larson, 325 Queenland Lane, Wayzata, an employee of Otten Bros., called police. Police officers R. F. Kucera and Frank Klava, accompanied by Dr. Charles Zinn of Wayzata, went to the scene. The Wayzata Fire Department, which had been notified by the sheriff's radio, went to the scene, jacked up the box, and got deceased free.

DONOVAN MATHEW GRIFE - continued

Dr. Zinn worked over deceased for approximately fifteen minutes and then pronounced death.

The deputy coroner at the scene found deceased lying on the ground on his back. His body was warm and there was no rigor.

The remains were taken to the Hennepin County Morgue, where an autopsy was performed on May 4th, 1962. This revealed massive hemothorax, bilateral due to laceration of thoracic aorta and multiple rib fractures.

REMARKS

This case was reported to the Coroner's Office at 5:40 p.m. on May 3rd, 1962, by Dr. Mark Hansen.

At 5:00 p.m. on May 3rd, 1962, deceased was found in an unresponsive condition by a neighbor who had last seen her at 11:30 p.m. the night before. Dr. Mark Hansen was called in the absence of Dr. John O'Hanlon, deceased's own physician, and he pronounced death on his arrival at 5:30 p.m.

HENRIETTE DOROTHY CORNELIUS - continued

The deputy coroner at the scene viewed the body of deceased in her home, sitting in a chair clad in a nightgown, cold and in full rigor. There was no indication that death was due to other than natural causes and it was attributed to arteriosclerotic heart disease.

The remains were released directly from the scene to a funeral director.

REMARKS

This case was reported to the Coroner's Office at 5:45 p.m. on May 3rd, 1962, by Dr. L. R. Christenson of Maple Plain, Minnesota.

Pat Breen of Maple Plain stated that he and deceased were horseback riding a few feet apart the afternoon of May 3rd, 1962, when deceased cried out, as if in pain he thought, and then fell backwards out of the saddle and landed on the back of his neck clear of the horse. Dr. Christenson who was called pronounced death at 5:40 p.m.

DONALD HOWARD JERDE - continued

The deputy coroner who went to the scene found deceased lying on his back alongside the road, warm and without rigor, bleeding from both ears.

The remains were taken to the Hennepin County Morgue where an autopsy was performed the following day. This revealed a large basilar skull fracture, subarachnoid hemorrhage over the base of the brain, bilateral pulmonary congestion and edema, and minimal aortic atherosclerosis. The toxicologist's examination of a specimen of deceased's blood revealed 0.16% alcohol by weight. Death, which occurred about 5:40 p.m. on May 3rd, 1962, was attributed to diffuse subarachnoid hemorrage about the brain stem - undetermined whether spontaneous or due to trauma from fall.

Except for his wife, Myrtle D. Jerde, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 7:45 a.m. on May 4th, 1962, by the St. Anthony Village police.

Deceased, it was reported, had been ill with a "cold" yesterday, May 3rd, 1962. She was found at 7:30 a.m. this morning apparently lifeless by her parents, who called Dr. William Carr. The doctor pronounced the child dead on arrival. He took deceased's temperature rectally and it was 104.5°. This was the first time he had seen the child.

LYNN MARIE DEKANICK - continued

Police officers Ackerman and Brown were at the scene.

The remains were taken to the Hennepin County Morgue, where an autopsy was performed on the day of death. This revealed that death was due to pulmonary edema and congestion of unknown etiology.

Except for her parents, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 1:50 p.m. on May 4th, 1962, by police.

Deceased was found dead on May 4th, 1962 at 1:30 p.m. who gained entrance to his room through a window because the door was locked and bolted from the inside. Deceased had not been seen for several days and apparently had been dead for some time.

Police officers Rising and Melichar of squad #221 were at the scene when the deputy coroner arrived.

ROY DAUGHTRY - continued

Deceased was lying on his left side in bed, fully clothed. Rigor mortis was absent. His face was bloated and his tongue was protruding and swollen. Dried blood was around his nose and more blood came from his nose upon moving the partially decomposed body. There were many empty wine bottles in the room.

It was reported deceased had had treatment at Veterans Hospital recently. There was no indication of other than a natural death. Death was attributed to arteriosclerotic heart disease and chronic alcoholism.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

REMARKS

This case was reported to the Coroner's Office at 4:10 p.m. on May 4th, 1962, by police.

Deceased, it was reported, was last seen alive by his landlady, Elaine Slawner, on Wednesday, May 2nd, 1962. It was stated he had been ill for about three weeks. At 3:15 p.m. on May 4th, Edward Franczak, accompanied by the hotel manager, unlocked the door when their knocks brought no response. Deceased was found dead on the floor.

ANDREW R. DULUDE - continued

Police officers Dawson and Kapplow of squad #221 were at the scene when the deputy coroner arrived.

Deceased was lying on the floor of the room, fully clothed. There was no evidence of trauma and no rigor. Death was attributed to arteriosclerotic heart disease.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 6:00 p.m. on May 4th, 1962, by police.

According to deceased's wife, he had a medical check-up by Dr. Howard Horns on May 2nd, 1962. He had apparently been in his usual state of health until the afternoon of May 4th, when he complained of chest pain. At dinner time, about 5:40 p.m., he collapsed. Police officers Nelson and Guntella of squad #553 and a Minneapolis General Hospital ambulance and rescue squad went to the scene. Attempts at resuscitation were unsuccessful and Dr. Freeland, the ambulance physician, pronounced death at 6:00 p.m.

HUGO SCHWAB - continued

The deputy coroner viewed the body. There was no indication of other than a natural death and it was attributed to arteriosclerotic heart disease.

Dr. Horns was unable to sign the death certificate as he was out of town.

Except for his wife, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 9:00 a.m. on May 5th, 1962, by police.

Deceased, it was reported, had been under the care of the Mayo Clinic, having had gallbladder surgery there in 1958 and hospitalization for "dropsy heart" in 1961, and was under the care of Dr. A. C. Martin of Luverne. She had seen Dr. Martin three weeks ago and was on a sugar and salt free diet.

At the time of her death, deceased was staying with her husband at the Snelling Motor Court, while he attended the Veteran's Service Counsellors' Meeting. She became ill during the night, it was stated, with chest and arm pain, and had nausea and anorexia in the morning. Her husband went to breakfast alone and returned with a carton of milk for deceased. She drank the milk and collapsed shortly, not regaining consciousness.

HURAL DAISY PIEPGRAS - continued

Police officers C. Hansen and Hafvenstein of squad #332 and a Minneapolis General Hospital ambulance went to the scene. Dr. Shapiro, the ambulance physician, pronounced death at 8:30 a.m. on May 5th, 1962.

The deputy coroner at the scene viewed the body. There was no indication that death was due to other than natural causes and it was attributed to arteriosclerotic heart disease.

Deceased's husband was opposed to an autopsy.

The remains were released from the scene to a mortician.

Except for her husband, and a nephew, Walter Piepgras, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 8:00 a.m. on May 5th, 1962 by the Minneapolis General Hospital.

Shortly after midnight the morning of May 5th, 1962, deceased called police. Officers William Dunstone of squad #253 and R. W. Johnson of squad #381 responded to the call and found deceased staggering around the first floor of the building at 63 North 11th Street, his face and clothes covered with blood. He had a large bump and cuts on the back of his head. His trousers, which had been ripped almost off his body and appeared to have been cut, were covered with blood. A check of his room revealed a bent waste basket next to his bed and it, too, was bloody. Deceased had obviously been drinking and could not tell what had happened, whether he had been in a fight or robbed, and he was taken to the General Hospital by the police officers.

FRANK P. WIRTZ - continued

Deceased walked into the Receiving Room and was admitted at 12:32 a.m. on May 5th, 1962. An x-ray showed a left parietal occipital skull fracture. Deceased appeared to be stable and was without neurological findings at that time. At 6:15 a.m. he suddenly deteriorated, and became unresponsive. His pupils were fixed and dilated and he expired at 6:45 a.m. before he could be taken to surgery.

The remains were taken to the Hennepin County Morgue where an autopsy was performed on the day of death. This revealed subdural hematoma right temporal parietal area; skull fracture on the left side from posterior orbital roof to the left temporal to left parietal to left and right occipital skull; subarachnoid hemorrhage of left parietal area, small; herniation of cerebellar tonsils; herniation of right cerebral hemisphere; minimal to moderate bilateral pulmonary congestion; moderate to severe coronary atherosclerosis; renal arteriosclerosis; and multiple scalp lacerations on the left side. Death was classified accident or homicide, undetermined. The toxicologist's examination of deceased's blood revealed 0.18% alcohol by weight.

The Homicide Bureau was notified and made an investigation.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 8:15 p.m. on May 5th, 1962, by police.

Deceased, it was reported, went to the Salvation Army's men's lodge at 5:00 p.m. on May 5th, 1962, in a drunken condition and was refused admission.

When he was refused admission, deceased apparently walked to the north side of the building between the building and the river and in his drunken condition stumbled and fell down the bank, striking the left side of his head on broken flower pots at that point and cutting his left ear. He then staggered down the steep bank and fell. He was seen

ARVID NEVALA - continued

lying with his face about a foot from the water by an unknown person who reported to the lodge that it looked as if he were going to fall into the river. The lodge then notified police and Arthur E. Wells, a janitor at the lodge, who stated deceased called for help, attempted to pull him up the bank by his coat. Deceased then gave a lunge and his coat came off over his head and he went into the water. When police officers Dowson and Kopplow of squad #221 arrived at the scene deceased was floating face down in the river about 25 feet out from shore, approximately a block down the river from where he fell in.

At 7:30 p.m., May 5th, 1962, a fire department rescue squad with a boat recovered the body which had lodged against brush on a small island in the middle of the river under the Third Avenue bridge.

The deputy coroner at the scene stated the body showed only a small cut on the left ear with fresh blood. There was no rigor mortis and no other sign of trauma.

The remains were taken to the Hennepin County Morgue where an autopsy was performed on May 6th, 1962. This revealed bilateral pulmonary edema, cardiac hypertrophy, cerebral cortical atrophy, minimal atherosclerosis of aorta and prostatic benign hypertrophy. The toxicologist's examination of deceased's blood revealed 0.22% alcohol by weight. Death was attributed to asphyxia due to drowning and classified an accident.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 12:45 p.m. on May 5th, 1962 by the Hennepin County Sheriff's office.

Deceased was last seen alive at 4:20 p.m. on May 4th, 1962, and ten minutes later, it was reported, had disappeared. Apparently he had been playing with a five-year-old child, whose story about the disappearance was contradictory and misleading.

Police rescue units from both Anoka and Hennepin Counties, it was stated, made a complete search of sheds, barns, culverts, and underbrush and dragged the Crow and Mississippi rivers in an operation that got underway an hour after deceased was reported missing the afternoon of May 4th, 1962.

BRIAN GENE SAYLOR - continued

The body was found at 11:25 a.m. on May 6th, 1962, lying face down on the west bank of the Mississippi River on a point of Cloquet Island, about 3½ miles from where he was believed to have gone in, behind and below his home at Dayton.

The body was found by Anoka County deputy sheriff, Stan Wenmark, and John Mittlesteadt, and George McMullen of the Hennepin County Sheriff's office was at the scene when the deputy coroner arrived. Deceased's body was about a foot out of the water and fully-clothed, except for his shoes and socks.

Death was attributed to asphyxia due to drowning, and the remains were released from the scene to a funeral director.

REMARKS

This case was reported to the Coroner's Office at 12:05 p.m. on May 7th, 1962 by the Minneapolis General Hospital.

Deceased was brought to the hospital by ambulance from 1141 Emerson Avenue North and admitted at 11:33 a.m. on May 5th, 1962, with gunshot wounds of chest, and expired at 8:32 a.m. two days later, on May 7th, 1962.

The body was removed to the Hennepin County Morgue, where an autopsy was performed on May 8th, 1962. This revealed that death was due to multiple gunshot wounds of chest.

L. C. JOHNSON - continued

At about 11:15 a.m. on May 5th, 1962, it was reported, police were called to the scene of a shooting - 1111 Emerson Avenue North. Officers Streed and Wallick of squad #441 responded. They found deceased lying on the ground in the back yard coughing up blood and it appeared that a bullet had entered his upper left chest and come out below the right rib cage.

Squad #441 was then joined by squad #440. A witness at the scene, a General Whitfield, informed the officers that he knew both deceased and his assailant but did not care to talk about it at the scene so he was taken to headquarters by squad #441 and held for homicide.

In the investigations that followed police officers learned that deceased and Willie B. Hammick of 901 Girard Avenue North had an argument over a bottle of beer at the home of Venton Brown, who put them out of the house. There was still some fighting outside and four shots were heard and then deceased was seen running away.

On Tuesday, June 19th, 1962, the Hennepin County Grand Jury returned no bill and absolved Willie B. Hammick of shooting deceased, and the shooting was ruled a case of self-defense. However, Hammick was arraigned and awaits trial on a charge of carrying a concealed weapon.

REMARKS

This case was reported to the Coroner's Office at 4:05 p.m. on May 7th, 1962, by police.

At 3:55 p.m. on May 7th, 1962, Carl Larson, a grocer at 25th and Lyndale entered deceased's apartment with a key which had been left with him, and found deceased had expired while sitting at the kitchen table, and notified police. He stated deceased regularly walked by to visit his wife at the LaSalle Convalescent Home and regularly came into the store for coffee and to sit a while. Mr. Larson stated he last saw deceased about 8:00 p.m. on May 6th, 1962, at which time he complained of stomach pain, so when he did not show up today he took the key deceased had left with him and went to check on him.

EARL R. CREGER - continued

Police officers Revak and Carlson were at the scene when the deputy coroner arrived, as was James Creger, nephew, of 2747 Dupont Avenue South. James Creger stated he had seen deceased last about 9:00 p.m., when he had left him at the LaSalle Convalescent Home.

The deputy coroner at the scene stated deceased, who appeared to be prematurely aged, clad in a shirt and underwear was seated at the kitchen table, his head slumped back against the window frame. He appeared quite pale. There was 4+ rigor and livor of the feet. There was obviously bloody enuresis on the floor by the head of the bed. There appeared to be no indication of other than a natural cause of death. Death was attributed to gastrointestinal hemorrhage due to unknown natural cause.

There was no known medical history and the family was opposed to an autopsy.

Deceased is survived by his wife, Betty; the nephew, James Creger; and a brother (father of James) in Brainerd, Minnesota. The names of other survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 8:10 p.m. on May 7th, 1962, by police.

Deceased was found dead at 7:50 p.m. on May 7th, 1962, by Mrs. Pansy Smith, Apartment 5, third floor landlady, who came to her apartment to check on her, who used a passkey when she got no response at the door. The burglar chain was on, but deceased was seen lying on the floor.

Police officers Nelson and Kaminski of squad #116 were at the scene when the deputy coroner arrived.

MARIE JOHNSON - continued

Mr. Victor Fish, brother of deceased, of 803 26th Avenue Northeast, Minneapolis, arrived to visit just before police officers came. He stated deceased did not believe in doctors and had not been to one in this city, - that she may have seen one in Chicago before returning to Minneapolis to live after the deathsof her daughter and husband. It was reported she was an invalid and unable to go out much because she could not walk without holding onto something.

Deceased, a cachectic, late middleaged woman was lying dead on her back on the floor of the room, nude. There were some contact abrasions about the knees and toes. Rigor was leaving the body. The fingertips appeared to be shrunken and somewhat blackish. An overturned rocker lay between the remains and the door. There was no indication that death was not due to natural causes, and it was attributed to arteriosclerotic heart disease.

Mr. Fish stated that he was opposed to an autopsy.

Deceased's body was released from the scene for burial to a funeral director.

Except for her brother, Victor Fish, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 1:10 p.m. on May 7th, 1962, by his son-in-law, George Myren of 630 Lafayette Street N. E.

At the request of his wife, George Myren stopped by at 1:00 p.m. to check on deceased, his father-in-law, and found that he had expired. Mr. Myren stated that deceased had been out to visit at his home on Saturday, May 5th, and had phoned them at 1:30 a.m. when he got back home the morning of the 6th of May. Deceased, he said, had been losing weight of late and was unable to do heavy work. He refused to go to a physician but had been treated for pneumonia by Dr. E. C. Oppen in November or December of 1961.

MICHAEL HUDYMA - continued

Police officers Heinrich and McKelvey of squad #115 were at the scene when the deputy coroner arrived.

Deceased, an elderly man clad in underwear and socks, was lying on his back in bed. There was no indication of other than a natural death. The remains were still warm and there was no rigor. Deceased appeared to have collapsed while getting in or out of bed. There was no indication that death was due to other than natural causes, and it was attributed to arteriosclerotic heart disease.

Death apparently occurred sometime after 11:00 a.m. on May 7th, 1962, at which time, it was reported, he was heard by the landlady.

Deceased is survived by sons who were opposed to an autopsy.

The remains were released from the scene to a funeral director.

REMARKS

This case was reported to the Coroner's Office at 9:45 a.m. on May 8th, 1962, by police.

Deceased was found at 9:28 a.m. on May 8th, 1962, by Donald J. McGovern, whose business address is 335 East Lake Street, who checked because he had not seen deceased, who lived in the back of a shop, since the morning of May 6th. Deceased was lying on the floor with his face down, cold, and in full rigor.

ANDREW J. HUMMEL - continued

Police officers Kehoe and Holvenstat of squad #550 were at the scene when the deputy coroner arrived.

There was no medical history, except out-patient care at the Minneapolis General Hospital. There was no indication of other than a natural death, which was attributed to arteriosclerotic heart disease.

The remains were released from the scene to a funeral director.

REMARKS

This case was reported to the Coroner's Office at 2:43 p.m. on May 8th, 1962, by police.

At 9:15 a.m. on May 8th, 1962, Janet Ann White of 1902 Clinton, daughter of deceased, called at her father's home , but was unable to enter and asked police for assistance because, she said, her father had been ill the past two days and she didn't think he was able to open the door. Police officers C. Olson and Nichols of squad #551 responded. Deceased insisted he was all right at that time, and, it was reported, appeared so to the officers. When Mrs. White left her father at 10:30 a.m. he went to bed, she said.

LLOYD DOUGLAS STARKS - continued

Deceased had a history of arthritis, for which he had been receiving care at the Veterans Hospital. At 2:15 p.m. Mrs. White returned with a friend, Walter Jones of 907 Washington Avenue South, to take her father to the hospital. They found deceased had expired sitting in a chair in the bedroom.

Police officers C. Olson and Nichols of squad #551 were at the scene when the deputy coroner arrived.

Deceased was slumped over in a chair in the bedroom. His body was cold and there was 2+ rigor.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

There was no indication that death was due to other than natural causes, and it was attributed to arteriosclerotic heart disease.

Except for his daughter, Mrs. White, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 11:10 p.m. on May 8th, 1962, by the Minneapolis General Hospital.

At approximately 1:35 a.m. on May 8th, 1962, Ardis Louann Rigstad, deceased's roommate who is employed at the Savoy Tap Room, arrived home at her apartment, #26, at 26 Oak Grove Street, where she found deceased with a gunshot wound in her stomach, and then called police from the caretaker's apartment, #2.

Police officers J. Riemer #392, J. D. Peterson,#259, and detectives Dee and Whalen of squad #771, arrived first at the scene. They were joined by officers Cleveland and Bof of precinct #1. These were later assisted by officers Kelly, Anderson, McNamara, Rieman and Short in checking out the circumstances surrounding the injury.

WILMA MARIE DWYER - continued

Deceased was admitted to the Minneapolis General Hospital by one of its ambulances at 1:45 a.m. and was immediately taken to surgery. Dr. Nicholas, the attending ambulance physician, it was reported, stated that he heard deceased say that she had shot herself.

At 5:00 p.m. detectives Anderson and McNamara had nurse Myra Nelson, who was in charge of deceased, ask her whether she had shot herself. She nodded her head in the affirmative. Then the nurse asked her if her husband had shot her and deceased shook her head in the negative. Then she was asked by the nurse whether her husband, Leroy Dwyer, was present when she shot herself, and she shook her head in the negative. It was also reported that Dr. Robert K. Smith, who first worked on deceased when she was brought into the hospital, stated that he had asked her how she got shot and at that time she stated that she had shot herself.

After having received numerous blood transfusions, deceased expired at 10:40 p.m. on May 8th, 1962.

An autopsy at the Hennepin County Morgue the following day revealed that death was due to massive intraperitoneal hemorrhage due to laceration through the abdominal aorta.

According to a statement given to police by Miss Rigstad, deceased had lived with her in the apartment for about a week. On the evening of the injury, deceased and Miss Rigstad had been at the Flame Cafe at 16th and Nicollet where they had several drinks before Miss Rigstad went to work at the Savoy Tap at 8:00 o'clock. Deceased was joined by a man whose name is unknown, and later, about 9:30 p.m. the two of them went to the Savoy where they had some beers. Miss Rigstad first met deceased's husband, Leroy Dwyer, a short time later when he came to ask for his wife. Mr. Dwyer joined his wife at the Savoy and they left about 11:30 p.m. The injury weapon, a .22 caliber pistol, belonged to Miss Rigstad. It was one she had purchased at a hock shop, the Acme Loan Company, which she kept loaded in a dresser drawer. She said she slept with it under her pillow because she was afraid to be alone at night. When she found deceased moaning and suffering from the gunshot wound she questioned her as to whether her husband had shot her and was given conflicting answers - first that he had, then that she had shot herself.

Mr. Dwyer's statement revealed that he had met deceased in a bar at Hopkins only five days before their marriage on February 28th, 1962, and that the following day, March 1st, he had returned to service at Fort Hood, Texas, where he is a private in the army. At about that time deceased went to live at the home of his parents and shortly after Easter he had received a special delivery letter from her saying that she had "walked out" of his father's home. Then his mother had written that deceased was drinking and staying out. Deceased wrote that she was coming to him, that she was leaving on May 4th, and he expected her on May 6th. He was subsequently informed that his father was seriously ill and was granted an emergency leave, but before leaving Saturday night, May 5th, he made arrangements for his wife to be taken care of should she arrive.

Dwyer stated he went to the Savoy Tap in the first place to see Miss Rigstad because deceased's last letters had borne a return address in her care. Some time after he joined his wife at the Savoy, the man she had been drinking with came up and an argument ensued which was later amicably settled. Under questioning Dwyer stated he had met someone else there that night, deceased's ex-husband; that they shook hands but he did not recall or understand his name because there was so much noise. When they reached the apartment he had read a letter deceased had written him but not mailed, then they argued some about different things. Deceased had gotten the revolver, waved it around and fired two shots in the air at the window. Dwyer stated he thought they were blanks, that he couldn't believe it was the real thing, examined the gun and laid it down on a coffee table. She picked it up and put it in a drawer or someplace. More arguments followed. He said he was going to get a divorce, whereupon she locked the door and wouldn't let him out. He grabbed her and she slapped him, whereupon he shoved her and she fell. He opened the door and left. He stated he heard two more shots as he walked down the aisle.

Deceased is survived by her husband, Leroy Dwyer; father, Willard Penny of Chanhassen, Minnesota; mother, who is remarried and living in California; and a brother.

REMARKS

This case was reported to the Coroner's Office at 8:30 a.m. on May 9th, 1962, by the Chicago-Lake State Bank.

Police officers Thompson and Simonson were at the death scene when the deputy coroner arrived. Police stated that shortly before 8:00 they had noticed keys on the inside of the bank door and knew deceased was in the building because his car was in the lot. A few minutes after 8:00 a.m. on May 9th, 1962, one of the bank's officers opened the door, and after searching the premises found deceased lying on the floor of the lunch room, face down.

JOHN W. LYON - continued

A Minneapolis General Hospital ambulance and rescue squad were summoned and Dr. Shapiro, the ambulance physician pronounced the man dead. Death apparently occurred at about 7:30 a.m.

The deputy coroner at the scene viewed the body, which was fully clothed in guard's uniform, warm, and without rigor. There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

It was stated deceased had been under the care of Dr. J. P. Korchik for some time. Dr. Korchik stated deceased had positive electrocardiogram tracings of severe coronary disease.

Deceased's widow and Dr. Korchik felt that an autopsy was not necessary.

Deceased is survived by his wife, Eleanor, and a son, whose name is not known to this office.

REMARKS

This case was reported to the Coroner's Office at 11:30 a.m. on May 9th, 1962, by police.

Deceased had a history of care for a heart condition under Dr. J. J. Eustermann in Mankato, whom he saw every two weeks, and was also treated by Dr. Arthur C. Kirkhoff.

At approximately 11:30 a.m. on May 9th, 1962, deceased came in the front door at 4323 Minnehaha Avenue, went upstairs to the bathroom, where he became ill with chest pain and shortness of breath. He was helped to a bedroom by a neighbor where he expired.

OSCAR H. E. POFHAL - continued

Dr. Friedland, a physician aboard a Minneapolis General Hospital ambulance, which had come to the scene confirmed death.

Police officer McClellan was at the scene.

Examination of the body did not indicate that death was due to other than natural causes, and it was ascribed to arteriosclerotic heart disease.

The remains were released directly from the premises to a mortician.

REMARKS

This case was reported to the Coroner's Office at 12:15 p.m. on May 9th, 1962, by police.

Deceased, who had a history of a heart condition and carried nitroglycerine pills on his person, was under the care of Dr. E. S. Lippman, whom he had seen during the past two weeks. Apparently he was climbing the stairs in his apartment building to visit his friend, Mike Chambrone, when he had a heart attack and fell down the stairs. Mr. Chambrone found deceased in an unresponsive condition on the staircase at 12:20 p.m. on May 9th, 1962 when he returned from visiting his daughter.

QUENTIN L. STAUFFACHER - continued

Police officers W. C. Berg and Streed of squad #442 and a Minneapolis General Hospital ambulance came in response to a call for assistance. Dr. Freeland, the ambulance physician, pronounced death.

Examination of the body did not indicate that death was due to other than natural causes.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

An autopsy was performed at the mortuary on May 10th, 1962. This revealed that death was due to severe arteriosclerotic heart disease. There was also an old anterior and apical myocardial infarction, severe bilateral pulmonary edema and congestion, atherosclerosis of aorta, hemangiomas of liver, hemangiomas of small bowel, and facial abrasions and lacerations.

REMARKS

This case was reported to the Coroner's Office at 8:30 p.m. on May 9th, 1962, by police.

Deceased was found dead in bed at 8:10 p.m. on May 9th, 1962, by his landlady, Mrs. Lillian King, who notified police. Officers Piers and Willner of squad #442 responded. A Minneapolis General Hospital ambulance came to the scene and Dr. O'Brien, the physician in attendance, pronounced death. Detective squad #701 was summoned to the scene to investigate.

The deputy coroner on the case found deceased in bed dressed in houseclothes. His abdomen was hard and distended. It was stated deceased was known to be a drinker of long standing and, according to a friend, Clarence Underwood, he was alleged to have cirrhosis of the liver.

HERBERT CARL SMITH - continued

The remains were taken to the Hennepin County Morgue where an autopsy was performed on May 11th, 1962. In the opinion of the pathologist it was deemed advisable to await the results of microscopic and toxicological examinations before determining the cause of death. When these reports were received death was attributed to portal cirrhosis. Fatty metamorphosis of liver and acute and chronic alcoholism were contributing factors. There was also bilateral pulmonary congestion and edema, marked; old left upper lobe tuberculosis.

Deceased is survived by an aunt, Vera Richardson, of Minneapolis. The names of other survivors, if any, are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 1:05 p.m. on May 10th, 1962, by Dr. D. B. Simonson.

Deceased, it was reported, had been living alone for the past three months, since she and her husband were separated. On the morning of May 10th, 1962, about 10:00 or 10:30 she called her aunts, Alma and Lena Peterson of 126 South 12th Street, complaining of pains in her legs, and asked that they come and stay with her. When they arrived at 12:30 p.m. they found her apparently dead in bed. Dr. Simonson was called and he confirmed death and called this office, police, and deceased's husband.

Robbinsdale police officer Ackerman was at the scene when a deputy coroner arrived.

KATHRYN KERNKAMP - continued

The deputy coroner at the scene examined the body of deceased, which was fully clothed and lying on her bed on her right side. There was no evidence of trauma. The body was still warm and there was no rigor. One 400 mg. equanil tablet was found in deceased's left ear. No medicine or liquor bottles were evident in the bedroom, bathroom, or livingroom. A wastebasket in the livingroom appeared to have vomitus in it.

Dr. Simonson stated that deceased had no chronic or acute illness that he was aware of, and that he had not seen her for about six months.

The remains were taken to the Hennepin County Morgue where an autopsy was performed later in the day. This revealed severe fatty liver; minimal basilar congestion; fractured ribs, eighth through eleventh on right; occipital contusion and uterine myomata. In the opinion of the pathologist it was deemed advisable to await the results of toxicological examinations before determining the cause of death. The toxicologist's examination was negative for barbiturates and negative for alcohol. Death, which occurred on May 10th, 1962, was attributed to fatty metamorphosis of the liver.

REMARKS

This case was reported to the Coroner's Office at 7:15 p.m. on May 11th, 1962, by P. J. Kane, deceased's husband.

Deceased, it was reported, had a history of care for hypertension and a nervous condition by Dr. D. B. Hulteng, whom she had last seen in January, 1962. She was found dead in bed at 6:00 p.m. on May 11th, 1962, by Mr. Kane when he returned home from work.

MARY E. KANE - continued

Examination of the body by a deputy coroner did not indicate that death was due to other than natural causes and it was attributed to arteriosclerotic heart disease.

The remains were released directly from the premises to a funeral director.

Deceased's husband did not desire an autopsy.

REMARKS

This case was reported to the Coroner's Office at 9:30 p.m. on May 11th, 1962, by police.

Deceased, who lived alone at this address, had cancer of the left breast in the past, and, according to reports, had metastatic disease from this lesion. She had been under constant treatment for this at Minneapolis General Hospital.

On two occasions in the past, it was reported, she attempted suicide by inhalation of cooking gas, and was under the care of Dr. J. C. Michael, a psychiatrist.

MARY BERTHA DUNNE - continued

At 9:15 p.m. on May 11th, 1962, Fred Sandberg ofapartment 1 at this address, the caretaker, found deceased had expired when he checked at the request of her daughter-in-law, who had been unable to reach her by phone, and he notified police.

Police officers M. Nelson and Lasher of squad #116 and Krueger of squad #701 and deceased's nephew, Alva P. Broeker and his wife, of 306 S. Snelling, were at the scene when the deputy coroner arrived.

Deceased was found lying in her bed holding an open bottle of carbon tetrachloride. A white handkerchief was over her nose and mouth. A left radical mastectomy was evident. There was still some carbon tetrachloride in the bottle, which was tightly clutched in her hands in an upright position.

Death was classified a suicide and the remains were released directly from the scene to a funeral director.

Except for a son, William E. Dunne, and the nephew mentioned above, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 11:55 p.m. on May 11th, 1962, by the Bloomington Village police.

At approximately 11:30 p.m. on May 11th, 1962, deceased, who was alone, driving his 1952 green Chevrolet sedan bearing 1962 Minnesota license number 5D 9896, west on highway #494, which is a freeway, for some unknown reason veered sharply off the road and struck the first section of the bridge abutment of the France Avenue Bridge. Deceased apparently was thrown through the right side of the windshield and fell back into the car, seated on the right side. There were skid marks approximately 32.33 ft. in length where the left front wheel of the vehicle left the roadway to the bridge abutment.

The roadway was straight, level, and had no defects. It was raining hard and it was dark.

Officer Frederick Pack of the Bloomington police department, who was within six blocks of the scene, said it was 11:34 p.m. when he got the call to check on the accident. Just before he got the call, he said he had pulled off the roadway and parked because the thunderstorm had become so severe and rain was coming down so hard he could not see to drive safely. Upon his arrival at the scene he found three boys, Henry Barris, 5229 16th Avenue South; Charles Stewart, 8710 Humboldt Avenue; and James Stanley Peterson, 9040 Nicollet Avenue, attending deceased. Deceased was still alive but bleeding profusely and he expired about ten minutes later, before the arrival of an ambulance.

Sgt. Schroeder and officer Pack of the Bloomington police were at the scene when the deputy coroner arrived. He noted on his arrival that the pair of Freeway lights on the north and south sides of the freeway just east of the bridge were inoperative, leaving the area dark, and stated that other lights went out as the storm continued.

The deputy coroner stated he found deceased, a middleaged obese man clad in a gray business suit, slumped to the right side of the driver's seat of a 1952 green two-door Chevrolet bearing Minnesota license 5D 9896. The car was rammed into the east pillar of the center pier of the bridge over highway 494 at France Avenue South. There was a segment of circle abrasion of the left anterior chest, facial, scalp and head injuries, and fractures.

The remains were taken to the Hennepin County Morgue, where an autopsy was performed on May 12th, 1962. This revealed multiple traumatic injuries: bilateral subdural hematomas; multiple contusions and lacerations; fractured ribs, first through fourth on the left, and first through sixth on the right; bilateral hemothorax; bilateral contusions and hemorrhage into lungs; laceration of liver; hemoperitoneum; and dislocation of right hip. The toxicologist's examination of a specimen of deceased's blood revealed 0.21% alcohol by weight.

REMARKS

This case was reported to the Coroner's Office at 8:45 p.m. on May 11th, 1962, by the Sundseth-Anderson Funeral Home.

Deceased, who had not been under the care of a medical doctor, had been seen several times by a Christian Science practitioner. It was reported he had a history of chest pain. On May 10th, 1962, he had severe chest pains and a painful left arm and stayed in bed, and in the afternoon complained of stomach pains. At 8:30 p.m. his wife found that he had expired.

HOWARD K. BOVEE - continued

Examination of the body did not indicate that death was due to other than natural causes and it was attributed to arteriosclerotic heart disease.

The remains were releaase directly from the premises to a funeral director.

Except for his wife, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 3:05 a.m. on May 12th, 1962, by police.

There is no medical history available on deceased. It was reported he had been suffering from "gas pains" the night of May 11th, and at 2:45 a.m. on May 12th, 1962 became unresponsive. A Minneapolis General Hospital ambulance and rescue squad were sent to the scene and Dr. Nichols, the physician in attendance on the ambulance, pronounced the man dead.

FREDERICK O. KRONE - continued

Police officers David Paisley of squad #295 and Larry Novack of squad #285 were at the scene when the deputy coroner arrived.

Examination of the body by the deputy coroner gave no indication that death was due to other than natural causes, and it was attributed to arteriosclerotic heart disease.

The remains were released directly from the scene to a mortician.

REMARKS

This case was reported to the Coroner's Office at 6:40 a.m. on May 12th, 1962, by Dr. James J. Arms.

According to Dr. Arms, he had never seen the deceased alive. He was called by the Richfield police to go to the scene and found deceased dead on his arrival at 6:30 a.m.

ROBERT EMMET LOFTUS - continued

Mrs. Loftus stated that deceased, who was apparently well when he retired the preceding evening, awoke complaining of difficulty in breathing. The only complaint he had made was of some dizziness during the past two weeks. It was stated deceased had been seen by Dr. James Trow approximately a year ago, but at that time was not treated for a heart condition.

Examination of the body did not reveal that death was due to other than natural causes, and it was attributed to arteriosclerotic heart disease.

The remains were released directly from the scene to a funeral director.

REMARKS

This case was reported to the Coroner's Office at 9:30 p.m. on May 12th, 1962, by Dr. John W. Johnson.

Deceased, it was reported, was hospitalized at Abbott Hospital on April 6th, 1962 on account of a fractured hip. Open surgery was performed on April 10th and the hip was pinned. Subsequently, on May 10th, deceased was admitted to Asbury Hospital, where she expired in her sleep on May 12th. Death apparently occurred at about 9:20 p.m.

FLORENCE BERNTSON - continued

Deceased had a history of an old diabetes. Dr. Johnson, who attended her, stated deceased had a cerebro vascular accident today, May 12th, 1962.

The body was released directly from the hospital to a mortician.

REMARKS

This case was reported to the Coroner's Office at 12:35 p.m. on May 13th, 1962, by police.

Detective Rieman of squad #701 was at the scene of death when the deputy coroner arrived. Allegedly, Mr. Curtis O. Carlson, husband of deceased, had left home about 9:30 a.m. on Sunday, May 13th, 1962 (Mothers Day) to go to his office at Farmers Union Grain Terminal Association, 1667 Snelling Avenue North, St. Paul. At this time, Janet, a 12 year old daughter, was sleeping on the second floor in her bedroom. Some time during the morning Janet heard her mother come to the second floor to the bathroom, but did not see nor talk to her. At 11:45 a.m. Mr. Carlson returned, at which time he found deceased with the covers pulled up about her and saw that she had been shot. He immediately called for police and an ambulance. Police officers R. R. Johnson and K. Smith of squad #330 and a Minneapolis General Hospital ambulance responded, and the ambulance physician confirmed death. It was stated deceased had been quite depressed lately and had been drinking heavily.

MILDRED M. CARLSON - continued

Mr. Carlson, it was stated, owns a .32 revolver which he normally keeps in a shell box in his second floor bedroom. He did not recall when he had last known the gun to be upstairs.

The deputy coroner examined the body of deceased, an obese, middleaged woman clad in a terrycloth robe in bed in the diningroom of her home, which she used as her bedroom, covered with a sheet and blanket. A nickel plated .32 caliber H & A five shot revolver #A2606 was in her right hand with her index finger on the trigger. There was no rigor of the right hand. The wound of entrance was 1¼ inches superior and 1¼ inches anterior to the upper pole of the right ear. On the left forehead, approximately 2¼ inches superior and 1½ inches anterior to the upper upper pole of the left ear, was a jagged lacerated 1½ inch wound with protruding bone spicules. There were hematomas about the eyes, and a grayish black stain about the wound of entrance. There was a smudge of grayish black discoloration between the right thumb and the first finger. Deceased was lying on her back. Her body was faintly warm to the touch. The cylinder of the revolver contained four loaded cartridges and there was one empty similar cartridge case under the firing pin.

The room, which was used as a bedroom, was littered with all sorts of clothing, linens, personal articles, empty paper bags and empty liquor bottles. The passage between the bed and the wall and the area at the head and foot of the bed were stacked with litter. Written on the arm cover of an easy chair to the right of the sitter in the livingroom about six feet from the foot of the bed was the sentence: "Happy Mother's Day to me?" In the chair was a Mother's Day card signed and obviously made by her daughter, Janet. In a pillow case were several bills from Anderson Drug and three prescription bottles. Deceased's husband stated she had not seen a doctor for some time and mentioned a Dr. L. B. Clay. The deputy coroner also found empty prescription containers for medications prescribed by a Dr. Hauge.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

A specimen of deceased's blood was taken for examination, which revealed 0.26% alcohol by weight.

Deceased is survived by her husband, Curtis O. Carlson; daughter, Janet; and a daughter, Meredith Harvey. Except for these, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 8:40 p.m. on May 13th, 1962, by police.

Deceased was found at 8:25 p.m. on May 13th, 1962, by the landlord, Mr. Peter Arajs, when the odor of his decomposing body became noticeable in the upstairs hall. Apparently deceased was last seen alive on Friday, May 11th, by Martin Wele of the same address.

Police officers Anderson and Witt of squad #330 were at the scene when the deputy coroner arrived.

EDWARD J. KIRSCH - continued

The deputy coroner on the case examined the body of deceased, a large, obese, elderly man clad in underwear, socks and slippers lying dead on his back across the bed. There was no indication of other than a natural death. The body was in an advanced stage of decomposition. There were many prescription bottles in the room, including nitroglycerine, from various doctors, including Dr. D. W. Woodley and a Dr. Sweetser.

Death was attributed to arteriosclerotic heart disease.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

The names of survivors are not known to this office.

5-15-1962: Deceased is survived by a nephew, E. G. Koopman of Wabasha, Minnesota.

REMARKS

This case was reported to the Coroner's Office at 12:01 a.m. on May 14th, 1962, by police.

A Mr. John Polack or Pollock of the same address stated that he came home at 11:40 p.m. on May 13th and found deceased dead on the bathroom floor. Deceased, he said, had been drinking quite heavily lately.

Police officers Erickson and Nase of squad #241 were at the scene when a deputy coroner arrived.

ANDREW HIRKO - continued

The deputy coroner examined the body of deceased, clad in a business suit, prostrate on the bathroom floor. There was dried bloody vomitus at his mouth. There was no indication that death was due to other than natural causes and it was attributed to arteriosclerotic heart disease.

The remains were removed to the Hennepin County Morgue and later released to a funeral director.

Deceased, who had been divorced years ago, was said to have children. The names of survivors, however, are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 12:30 a.m. on May 14th, 1962, by police.

Shortly before 11:45 p.m. on May 13th, 1962, deceased was observed by Ed Carlson, another roomer at the above address, as he came out of his room, blood coming from deceased's nose and mouth. A few minutes later Mr. Carlson found deceased dying on the bathroom floor covered with blood. Police officers R. Oly and Vandevere were at the scene when a Minneapolis General Hospital ambulance arrived. Dr. Ruiz, the ambulance physician, pronounced the man dead at 11:58 p.m.

JOHN O. CLEVELAND - continued

Mrs. Irene Anderson, the landlady, stated deceased had not been out of his room except to the bathroom since Friday night or Saturday morning, May 12th, 1962. She learned late Saturday morning that deceased had fallen on the front steps early Saturday morning. He had cut his forehead in the fall and had a badly blackened eye which was swollen shut.

The deputy coroner at the scene examined the body of deceased. There were crusted abrasions at the right eyebrow region. Fresh blood was exuding from his nostrils and mouth. Deceased was lying on the floor clad in underwear, which was stained with blood. There was a bandage on his forehead and ecchymosis at the eye region. In deceased's room there was considerable bloody vomitus on the pillow and sheets at the head of the bed.

The remains were taken to the Hennepin County Morgue.

An autopsy at the morgue on May 14th, 1962, revealed that death was due to gastrointestinal hemorrhage due to rupture of esophageal varices due to cirrhosis of liver. There was also splenomegally, minimal to moderate coronary sclerosis, bilateral pulmonary congestion and edema, atherosclerosis of aorta, cerebral cortical atrophy, and prostatic hypertrophy.

Except for a son, Olaf Cleveland, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 7:20 p.m. on May 13th, 1962 by the Hennepin County Sheriff's Office.

Deceased, it was reported, had a history of care for high blood pressure under Dr. A. H. Wolf. However, he had not seen the doctor for some time. Deceased collapsed at home at 6:50 p.m. on May 13th on his return from a fishing trip. Dr. Wolf was called but deceased had expired before his arrival.

Police officer Butler of the Golden Valley police was at the scene.

WILLIAM ERNEST STORM - continued

Examination of the body did not reveal that death was due to other than natural causes and it was attributed to arteriosclerotic heart disease.

The remains were released directly from the scene to a mortician.

Except for his wife, Vera, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 2:15 p.m. on May 14th, 1962, by police.

Deceased, it was reported, had been ill for the past eight months and had been under the care of physicians at the Minneapolis General Hospital. He was last seen alive at 10:00 a.m. by John McDonald, manager of the mission. Also at this time Mr. Arthur Hill, a case worker of the Homeless Men's Bureau, talked to deceased and stated that he was making arrangements to have him admitted to the hospital the following day. At 2:00 p.m. Mr. McDonald, who was checking deceased periodically, found him dead on his cot.

Police officers Longman and Smith of squad #17 were at the scene when a deputy coroner arrived.

DAVID LYLE HOLBROOK - continued

The deputy coroner examined the body of deceased lying on his cot dressed in house clothes. His emaciation was extreme and he appeared to be chronically ill. There was no indication that death was due to other than natural causes, and it was attributed to arteriosclerotic heart disease.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Deceased is survived by a sister, Mrs. B. A. Thulmeyer, Box 462, Corona, California.

REMARKS

This case was reported to the Coroner's Office at 5:57 p.m. on May 14th, 1962, by police.

On the day of his death, deceased was at home alone while his wife visited a daughter in Chicago. He collapsed in the yard while mowing his lawn. Police officers A. Erickson and J. Frydenlund of squad #42 and a rescue squad from fire station #14 came to the scene, but efforts at resuscitation were of no avail. Dr. Freeland, the ambulance physician, pronounced death at 5:30 p.m., May 14th, 1962.

WALTER KOZAKIEWICZ - continued

The deputy coroner at the scene viewed the body of deceased lying on the sidewalk dressed in house clothes. There was no indication that death was due to other than natural causes, and it was attributed to arteriosclerotic heart disease.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Deceased is survived by his wife, Veronica; daughter, Mrs. Betty Rapciaki of Chicago, Illinois; brother, Ted, of Arlington Heights, Chicago; and a cousin, Matilda Wrobleski, of Minneapolis.

REMARKS

This case was reported to the Coroner's Office at 5:59 p.m. on May 14th, 1962, by police.

Deceased, it was reported, had been a victim of emphysema for many years, since he had a lung damaged in World War II; and was hospitalized at the Veterans Hospital for three months around Christmas time. He had been breathing with great difficulty lately and had not looked well. His landlady stated she advised him to return to the hospital this week, but he refused.

Deceased was found dead in bed at 5:50 p.m. on May 14th, 1962, by Roland Shepherd, the caretaker, who stated that he had heard him moving about at 10:30 a.m.

ALEXANDER S. EMILY - continued

Police officers Bemon and Fuehrer of squad #550 were at the scene when a deputy coroner arrived.

Examination of the body did not reveal that death was due to other than natural causes, and it was attributed to emphysema. Deceased was lying on his bed dressed in pajamas. A card in his wallet referred to his attorney, James Ronning.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 9:58 p.m. on May 14th, 1962, by police.

Deceased had a long history of heart trouble and had been under the care of Drs. D. G. Bohn and L. R. Scherer in the Medical Arts Building. She was found at 9:35 p.m. by Robert Farewell, the resident manager of the Francis Drake Hotel where she had lived since September, when he went to investigate because her dressmaker had called several times stating that she was unable to reach deceased by phone. This was on May 14th, 1962. Apparently she was last seen by a guest who spoke to her some time the morning of May 13th.

GILMA T. LIEBERMAN - continued

Police officers Roel and Carlson of squad #117 were at the scene when a deputy coroner arrived.

Examination of the body gave no indication of trauma or other than a natural death, which was attributed to arteriosclerotic heart disease. Deceased was lying in bed dressed in night clothes.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Deceased is survived by a sister, Mrs. Selma A. Keegan, of Minneapolis.

REMARKS

This case was reported to the Coroner's Office at 10:00 a.m. on May 15th, 1962, by the Augustana Home.

Deceased had a history of care under her nephew, Dr. Kannett Peterson of Marshall, Minnesota, and had been taking medications for hypertension and an enlarged heart. Sister Irene, the nurse in charge, stated deceased had not felt well for several days and today, May 15th, lay back on her bed and expired after having eaten breakfast, at 8:50 a.m.

CLARA E. PETERSON - continued

The deputy coroner at the scene examined the body. There was no indication of other than a natural cause of death, and it was attributed to arteriosclerotic heart disease.

The remains were released from the premises to a funeral director.

REMARKS

This case was reported to the Coroner's Office at 11:55 a.m. on May 15th, 1962, by the Bloomington Village police.

Deceased and his brothers, Reinhart, 11, and Thomas, 10, left home for school the morning of May 15th, 1962. They stopped to play with a makeshift raft on the lake in the park at 82nd and Park Avenue. The raft overturned and deceased disappeared. His body was recovered at 11:50 a.m. by the Hennepin County rescue squad about 15 feet from shore in about 10 feet of water.

FRIEDEMANN ULRICH BADOW - continued

The deputy coroner on the case stated Bloomington police officers Lingren and Thompson were at the scene when he arrived.

Deceased's body was taken to the Hennepin County Morgue and later released to a funeral director.

Death was due to asphyxia due to drowning and classified an accident.

Deceased is survived by his parents and the brothers, Reinhart and Thomas. Except for these, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 1:00 p.m. on May 15th, 1962, by Dr. E. C. Ott after the body had been embalmed.

Deceased, it was reported, and his family had been under the care of Dr. Ott for many years, but Dr. Ott had not seen deceased himself in a professional capacity for about five years. Deceased, who appeared to be in good health, had been feeling weak and tired for the past three to five days, but had no symptoms of chest pain and had never been treated for heart trouble. At 8:00 o'clock in the morning on May 15th, 1962, he was found by his family lying on the kitchen floor clad in pajamas, cold and in rigor mortis, with a scalp laceration.

JOHN F. STEBBINS - continued

Dr. Jose A. Abullarade, who was called to the scene, pronounced death, and the body was released to a mortician.

Deceased's wife and family desired an autopsy, and an autopsy was performed at the mortuary on the day of death. This revealed that death was due to severe coronary arteriosclerosis.

REMARKS

This case was reported to the Coroner's Office at 10:10 p.m. on May 15th, 1962, by police.

Deceased, it was stated, was apparently well and had not been under a doctor's care. On the morning of May 15th, 1962, she complained of anterior chest pain and tiredness, which persisted through the day. In the evening she became nauseated and vomited, and later collapsed while sitting in a chair. Police officers Benon and Bouchard of squad #550 and a Minneapolis General Hospital ambulance responded to a call for assistance. The ambulance physician pronounced death at 9:50 p.m.

MAUDE V. HUNTLEY - continued

The deputy coroner at the scene examined the body. There was no indication that death was due to other than natural causes and it was attributed to arteriosclerotic heart disease.

Deceased's sisters, Hazel and Mildred, with whom she lived did not desire an autopsy.

The remains were released directly from the premises to a funeral director.

REMARKS

This case was reported to the Coroner's Office at 5:45 a.m. on May 16th, 1962, by the Henry W. Anderson Mortuary.

Deceased, it was reported, had not been under a doctor's care. During the past week she had been feeling weak and tired, from "the flu", she thought. At 3:30 a.m. on May 16th, 1962, her brother, Gustav A. Olson, found her dead in bed.

An autopsy was performed at the mortuary on the day of death. This revealed that death was due to acute lobar pneumonia, right upper and left lower lobes. There was also an old lung abscess, probably a healed tubercular cavity; uterine fibroma, benign; and bilateral pulmonary edema and congestion.

Except for her brother, Gustav, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 6:10 p.m. on May 15th, 1962, by the North Memorial Hospital.

On May 7th, 1962, deceased was a resident of the Camellia Rest Home, 1620 Oak Park Avenue North, when he suffered a fall. He was taken to the North Memorial Hospital for x-rays on May 8th and returned to the rest home. On May 12th, 1962, he was admitted to the hospital as a patient, with a working diagnosis of cerebro vascular accident, under the care of Drs. L. D. Rice, D. Worrell, and Metz. He expired at 5:35 p.m. on May 16th, 1962.

WILLIAM J. NORGON - continued

An autopsy was performed at the mortuary where the remains had been taken. This revealed that death was due to lobar pneumonia, cerebral contusion, and laceration of the right atrium following fall.

REMARKS

This case was reported to the Coroner's Office at 10:35 a.m. on May 17th, 1962, by Dr. Benjamin A. Gingold.

Deceased, it was reported, had been under the care of Dr. Gingold for some time, but not for heart disease. He was taken to the hospital by ambulance the morning of May 17th, 1962, shortly after midnight, and was declared dead on arrival at 12:25 a.m.

The body was removed to the Hennepin County Morgue, where an autopsy was performed later in the day. This revealed that death was due to severe generalized coronary arteriosclerosis. There was also bilateral severe pulmonary edema and congestion and minimal congestion of the liver and spleen.

REMARKS

Deceased, who was employed by Carl Bolander, was working on construction on France Avenue in St. Louis Park and Highway 7 the afternoon of May 17th, 1962, when he went into convulsions. According to a fellow worker this was in the form of twitching or flaying of the arms following profuse sweating. Deceased was taken from work to the Methodist Hospital where resuscitative measures were taken unsuccessfully and he was declared dead on arrival at 3:30 p.m.

The remains were removed to the Hennepin County Morgue.

GLENN E. FOURNIER - continued

Mary Ann Fournier stated she and deceased had been married two years but were divorced a year ago. She knew of no illness deceased had had except jaundice in 1958. So far as she knew deceased had been in good health. As far as his father knew, deceased had never had any seizures during his life.

An autopsy was performed at the morgue on May 18th, 1962. This revealed that death was due to severe pulmonary congestion and edema of unknown etiology. Tubular necrosis of kidney and fatty metamorphosis of liver were contributing factors.

REMARKS

This case was reported to the Coroner's Office at 5:15 p.m. on May 17th, 1962, by Dr. Beck, who was in attendance on a Minneapolis General Hospital ambulance.

Deceased, who was sitting in the rear left, accompanied by Edward Brose, 28, of 119 East 5th Street, Chaska, on the rear right, was being taken from St. Frances Hospital in Shakopee to the University of Minnesota hospitals at 5:00 p.m. on May 17th, 1962, in the Chaska Fire Department ambulance. The ambulance, a 1962 Pontiac bearing a tax exempt license, number D 534, was being driven east on Wayzata Boulevard by Thomas D. Tiedman, 38, of Chaska, Minnesota. Directly ahead of the ambulance, Young Joo Lee, 31, of 419 8th Avenue N. E., was driving a 1955 Chevrolet two-door sedan bearing 1962 Minnesota license 4N 8281. Lee brought his vehicle to a complete stop and was struck in the rear by the ambulance. The roadway was straight, level, in open country, and dry. The weather was clear and it was daylight.

JOHN DIETHELM - continued

Police officer R. Krider was at the scene and made an investigation and called for a Minneapolis General Hospital ambulance. Deceased was transferred to the General Hospital ambulance, where he expired about a minute later, at 5:15 p.m.

The remains were taken to the Hennepin County Morgue, where an autopsy was performed the following day. This revealed carcinoma of prostate with pulmonary metastasis, bilateral, and emphysema. Death was attributed to shock due to head injury, and occurred at 5:15 p.m. on May 17th, 1962.

REMARKS

This case was reported to the Coroner's Office at 5:30 p.m. on May 17th, 1962, by police.

Deceased had a history of coronary sclerosis and was under the care of Dr. L. A. Whitesell, whom he had last seen about three months ago. Four days ago, it was reported, he saw Dr. John Korchik, the union doctor, about stomach pains and indigestion. At 5:20 p.m. on May 17th, 1962, as he sat in a booth at the 620 Club in the company of Bob Gelhaye of 5401 James Avenue North; Ray Flick of 16801 Strand Road, Wayzata; Floyd Hanson of 5335 Emerson Avenue South; and John Zustiak of 2611 7th Street N. E., he suddenly fell over onto Mr. Flick. One of his companions called a rescue squad and Minneapolis General Hospital ambulance. Dr. Thomas Beck, the ambulance physician, pronounced death at 5:25 p.m.

ALBERT EDWARD HARRINGTON - continued

Police officers Carlson and Dunn of squad #117 were at the scene when the deputy coroner on the case arrived.

The deputy coroner examined the body of deceased lying on the floor on his back near the front of the building. The remains were warm and there was no rigor. There was no indication that death was due to other than natural causes. Death apparently occurred at about 5:25 p.m. and it was attributed to arteriosclerotic heart disease.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 7:15 a.m. on May 18th, 1962, by the North Memorial Hospital.

At 5:39 p.m. on May 17th, 1962, while riding his new bike allegedly on the wrong side of the street, deceased was struck by a 1950 gray Dodge truck bearing 1962 Minnesota license Y 9686 owned and being driven by Richard Peter Steffens, 32, of 4014 Queen Avenue North. The Steffens truck was traveling East on 34th Avenue North while deceased was traveling North on Welcome Avenue and, it was stated, making a left hand turn. The driver of the truck stated his vision was obscured by a bush and when he did see deceased he applied his brakes but was unable to avoid hitting the bicycle on the left side, which threw deceased onto the pavement. Officers Roger L. Olson and LeMay Johnson of the Crystal Village police were at the scene and investigated the accident.

HERBERT OWEN SUCHY - continued

Deceased was admitted to the North Memorial Hospital at 5:45 p.m. and expired at 6:25 a.m. the following morning, May 18th, 1962.

The remains were taken to the Hennepin County Morgue, where an autopsy was performed on the day of death. This revealed skull fracture, cerebral contusion, pulmonary edema, and a small laceration of the liver with some blood in the peritoneal cavity. Death was attributed to cerebral contusion due to skull fracture.

REMARKS

This case was reported to the Coroner's Office at 11:50 a.m. on May 18th, 1962, by Dr. Martinson.

Prior to January 25th, 1961, deceased had been under the care of one of the Drs. Martinson of Wayzata, Minnesota, for peptic ulcer. On May 1st, 1962, she was treated by Dr. James W. Bratholdt of Watertown, Minnesota.

WINNIFRED JANE WAYLETT - continued

At 8:10 a.m. on May 18th Edwin L. Waylett, deceased's husband, left home to go to Union Hall on business. During his absence deceased tidied up the house and washed the dishes. Upon his return at 11:00 a.m. Mr. Waylett found deceased had expired. Dr. Martinson was called and he confirmed death. Deceased was found on her back in bed frothing at the mouth. Dr. Martinson believed she had had a convulsive seizure.

Examination of the body gave no indication that death was due to other than natural causes, and it was attributed to arteriosclerotic heart disease.

The remains were released directly from the premises to a funeral director.

Except for her husband, Edwin L. Waylett, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 9:35 a.m. on May 18th, 1962, by police.

At 9:12 a.m. on May 18th, 1962, while driving his 1952 green Pontiac four-door, south on Brookside Avenue, deceased apparently had a heart attack, missed the curve at Brook Lane, and his car struck a large tree. Deceased was pronounced dead by Dr. Randall of the St. Louis Park Medical Center.

Sergeant Standal and officer R. F. Linnell of traffic squad #20, St. Louis Park, Minnesota, investigated this accident, and were at the scene when a deputy coroner arrived.

CHARLES A. BURGE - continued

Mrs. Leon Spencer of Madelia, Minnesota, who is staying at 4252 Brookside, stated she observed deceased blowing his horn continuously before the car hit the tree.

The deputy coroner at the scene examined the body, which had multiple facial cuts which bled little, and apparently both legs broken.

The remains were taken to the Hennepin County Morgue where an autopsy was performed on the day of death. This revealed multiple fractured ribs; hemo pneumo thorax, bilateral; rupture of aorta in three places; rupture of pericardium; multiple fractures of spine; complete fracture dislocation at second and third cervical vertebra; coronary atherosclerosis; cardiac hypertrophy; multiple fractures of cervical vertebrae; dislocation of skull from neck; and transection of the medulla oblongata. The death, which occurred about 9:12 a.m. on May 18th, 1962, was classified accidental.

Except for his wife, Grace, and son, C. Roland Burge, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 5:40 p.m. on May 18th, 1962, by police.

Mr. H. Truman Gordon, who was acting clerk at the desk at the Camfield Hotel on the afternoon of May 18th, 1962, at 4:58 p.m. heard footsteps coming down the stairs from the third to the second floor for a few steps, then suddenly the sound of someone tumbling down the stairway. When he opened the fire door at the second floor landing he found the body of deceased. When he was unable to feel a pulse he called the police department to send an ambulance. Officers Daly and Roehl of squad #117 were at the scene when a Minneapolis General Hospital ambulance arrived. Dr. Nicholas, the attending physician, pronounced death at 5:30 p.m.

SARAH HAINES - continued

A deputy coroner at the scene examined the body. There were no exceptional bruises and no indication of other than a natural cause of death. Prescription bottles found in deceased's room indicated that she had been under the care of a Dr. Williams.

The remains were taken to the Hennepin County Morgue where an autopsy was performed on May 19th, 1962. This revealed that death was due to an acute myocardial infarction due to occlusion of the anterior descending branch of left coronary artery. Arteriolonephrosis and pulmonary edema and congestion were contributing factors. There was also an endocervical polyp and multiple contusions.

REMARKS

This case was reported to the Coroner's Office at 3:00 p.m. on May 19th, 1962, by the St. Louis Park police.

Deceased had been in Al's Bar at Excelsior Boulevard and France Avenue, St. Louis Park, nearly all day on May 18th, 1962, and, it was stated, when he had reported for work his employer did not allow him to work because he was "too drunk." He had been observed, apparently asleep, in the front seat of a 1955 Mercury allegedly owned by Milton Quam, bearing 1962 Minnesota license number 3R-1044, parked in the lot behind the bar, by Harold McCarthy, a bartender at Al's, as early as 8:00 a.m. on May 19th. At 2:44 p.m., seeing deceased still in the car, McCarthy reported the fact to his employer, Mr. Wasem, who called police. Upon investigation, deceased was found in an advanced state of rigor mortis. Jack Hellendrung, another bartender at Al's, stated deceased and Quam knew each other, and pointed out deceased's own car, parked about 40 feet from the Quam car.

CHARLES HAFT - continued

Police officers Morgan, Lynch and Aplin of the St. Louis Park police were at the scene when a deputy coroner arrived.

Deceased, clad in work clothing that was wet and sandy, was seated slumped over in the front seat of the Mercury mentioned above. There was a small amount of white froth around his mouth and 4+ rigor. There were some old abrasions on his forehead. There was no evidence of acute trauma.

The remains were taken to the Hennepin County Morgue, where an autopsy was performed later in the day - on May 19th, 1962. This revealed that death was due to severe pulmonary congestion and edema with bilateral hydrothorax. Cirrhosis of the liver and acute and chronic alcoholism were contributing factors.

Except for his wife, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 1:30 p.m. on May 20th, 1962, by police.

Deceased, it was reported, had not been under a doctor's care for many years. She had been feeling well it seemed and was apparently in good health. She was found apparently dead by Mr. and Mrs. Earle Brooks, Jr., at 1:20 p.m. on Sunday, May 20th, 1962, who had come to call for her. Mr. Brooks stated he had talked to deceased by phone in the morning.

Police officers Nordmeyer and Willey of squad #116 were at the scene when a deputy coroner arrived.

JULIA FRANCES BROOKS - continued

The deputy coroner examined the body of deceased lying on the davenport clad in underclothing. There was no evidence of trauma and no rigor mortis.

Earle Brooks and his wife, son and daughter-in-law of deceased, desired an autopsy.

The remains were taken to the Hennepin County Morgue where an autopsy was performed on May 21st, 1962. This revealed that death was due to an acute septal myocardial infarction due to a recent thrombosis of the left anterior descending coronary artery. There was also bilateral pulmonary edema and congestion and a small rectal polyp.

Except for her son, Earle, mentioned above, the names of survivors are not known.

REMARKS

This case was reported to the Coroner's Office at 2:10 p.m. on May 20th, 1962, by police.

Deceased, it was reported, had been under the care of Dr. Maurice Gilbert for cirrhosis of the liver and alcoholism, and recently for infectious hepatitus. It was stated he was out "drinking again" (wine) and came home on May 19th, 1962, and went to bed. His wife did not check on him again until today at 2:00 p.m. - May 20th - when she and her daughter, Mrs. Kathleen Zemba, found him dead in bed.

Police officers Cernusky and Eberlein of squad #223 were at the scene when a deputy coroner arrived.

JOSEPH MAZNIO - continued

The deputy coroner at the death scene examined the body of deceased. The body was cold and in rigor mortis, with some white foam around the mouth. There was no indication of trauma.

Deceased's wife was opposed to an autopsy.

The remains were taken to the Hennepin County Morgue, where an autopsy was performed on May 21st, 1962. This revealed that death was due to cirrhosis of the liver with ascites. There was also moderate coronary sclerosis, bilateral pulmonary congestion and edema and bilateral pleural effusion.

Dr. Gilbert stated that he did not care to sign the death certificate, so it was accordingly signed by the Coroner.

Except for deceased's wife, Edna, and daughter, Kathleen, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 4:20 p.m. on May 20th, 1962, by police.

Deceased, who lived with his brother and sister-in-law, had been a cerebral palsy victim since birth. At one time, it was stated, he had been taking digitalis. During the past six weeks he had been bedridden, eaten poorly, and become gradually weaker. He had developed numerous bed sores, which had gradually become worse. He had been under the care of Dr. H. B. Kadesky, who had not seen deceased for several weeks. Today, May 20th, deceased became short of breath, vomited once and was given compazine suppositories which had been prescribed by telephone by Dr. Kadesky.

LYLE RUSSELL WELTON - continued

At 3:30 p.m. on May 20th, 1962, deceased was found dead in bed by his brother, Charles, who summoned assistance.

Police officers Homstad and Anderson of squad #330 responded, and a Minneapolis General Hospital ambulance went to the scene. Dr. Savitt, the ambulance physician, pronounced the man dead on arrival.

A deputy coroner at the scene viewed the body. There was no indication that death was due to other than natural causes. Death was attributed to septicemia due to infection of decubitus ulcers. Malnutrition and cerebral palsy were contributing factors.

The remains were released at the scene to a mortician.

Except for the brother, Charles, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 6:50 p.m. on May 20th, 1962, by the St. Mary's Hospital.

Deceased had a history of care under Dr. Leo Zaworski and under a Dr. Moran, it was stated. On the afternoon of May 20th, 1962, he had an acute onset of anterior chest pain at home, called a doctor, and tried to drive to the hospital but collapsed in his car before he could get started. Dr. Moran called to see deceased and tried resuscitative measures unsuccessfully. Deceased was then taken to St. Mary's Hospital by ambulance, where he was declared dead on arrival at 6:45 p.m.

RICHARD J. SWENDRA - continued

An autopsy was performed at the hospital on the day of death. This revealed that death was due to severe coronary arteriosclerosis.

Except for his wife, Dorothy Swendra, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 10:15 a.m. on May 21st, 1962, by police.

Deceased, it was reported, was last seen alive on Saturday night, May 19th, 1962, at which time (11:00 p.m.) he was intoxicated and making a lot of noise. George Ross and Louie Befenbach, tenants in the same building, continued to hear noise throughout the night. Early Sunday morning deceased's room became quiet and the men thought deceased had left the building. Monday morning, May 21st, Joe Elsen, caretaker of the building investigated as there was a light on in the room, and found that deceased had expired.

Police officer Darold Hagglund was at the scene when a deputy coroner arrived.

DANIEL POLI - continued

The deputy coroner at the scene viewed the body of deceased, an elderly obese man lying nude on his back with a three drawer dresser tipped over on top of him. There was no external indication of trauma.

George Ross, mentioned above, stated he and Befenbach had been in to see deceased the night of Saturday, May 19th, at which time deceased had said "they were coming through the ceiling."

Death was attributed to delirium tremens.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

REMARKS

This case was reported to the Coroner's Office at 2:30 p.m. on May 21st, 1962, by the Minneapolis General Hospital.

Deceased, it was reported, was found by police officers Daley and Roehl at 10:50 p.m. on May 18th, 1962, lying on the ground in heavy rain at 2nd Avenue North and the railroad tracks, and was taken to the city jail. There was a strong odor of alcohol on his breath; his speech was incoherent and he was unable to get up.

HUBERT F. KNUDSEN - continued

At 11:52 a.m. on May 19th, 1962, deceased was admitted to the Minneapolis General Hospital, paralyzed in one leg and arm. Trephine surgery was performed the following day, May 20th, and no subdural hemorrhage was found. Deceased expired at 8:23 a.m. on May 21, 1962.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Death was attributed to cerebro vascular accident, spontaneous. Alcoholism was a contributing factor.

Except for a daughter, Margery Freitag of Sturgeon Bay, Wisconsin, the names of survivors are unknown to this office.

REMARKS

This case was reported to the Coroner's Office at 1:00 a.m. on May 22nd, 1962, by police.

Deceased had a history of care at the Minneapolis General Hospital since 1951. In 1961 a diagnosis of arteriosclerotic heart disease was made. Deceased was heard moaning in the night on May 21st-22nd, 1962, and called the night nurse at the above address, which is the Drake Rest Home. The nurse made an examination and called the Minneapolis General Hospital. An ambulance was sent to the scene and Dr. Shapiro, the attending physician, pronounced the man dead on arrival.

Police officers D. Olson and G. Boster of squad #115 were at the scene when a deputy coroner arrived.

ROY MADDAUS - continued

The deputy coroner viewed the body. There was no indication that death was due to other than natural causes. Death, which occurred at 12:45 a.m. on May 22nd, 1962, was attributed to arteriosclerotic heart disease.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

The names of survivors, if any, are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 1:35 p.m. on May 22nd, 1962, by Dr. Thomas D. Wright.

Deceased, it was reported, had suffered from hypertension for a long time, and had a history of medical care under Dr. Adam M. Smith, who was away on vacation at the time of her death. In January of 1962 she was hospitalized at Abbott Hospital for ulcerating carcinoma of left breast, and later, on February 15, 1962, was transferred to Franklin Hospital. On May 16, 1962, it was stated, she had a "stroke." She expired at 1:15 p.m. on May 22nd, 1962.

JANET SPIERS GREENE - continued

Examination of the body did not indicate that death was due to other than natural causes. Death was attributed to cerebro vascular accident due to essential hypertension. Neoplasm of left breast was a contributing factor.

Except for her husband, Nicol, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 5:50 p.m. on May 22nd, 1962, by the North Memorial Hospital.

Deceased and some other children had been playing in the driveway at 4230 Georgia Avenue North, Robbinsdale, when Mrs. Flora Jane Christensen came out to go and pick up her daughter at dancing school. She chased all the children off the driveway, got into her car, backed out of the garage one car length and got out to close the garage door and saw deceased lying in the driveway at about 4:30 p.m. on May 22nd, 1962. A North Memorial Hospital ambulance called to the scene took deceased to the hospital, where she expired at 5:30 p.m.

NANCY JEAN GILLESPIE - continued

The remains were taken to the Hennepin County Morgue, where an autopsy was performed the following day, May 23rd, 1962. This revealed that death was due to bilateral pulmonary congestion and edema with laceration of left lung and emphysema due to crushing injury of chest.

REMARKS

This case was reported to the Coroner's Office at 9:15 p.m. on May 22nd, 1962, by police.

Deceased, it was reported, had difficulty breathing and called to her husband who was listening to the baseball game the evening of May 22nd, 1962. Her husband, Warren B. King, then called Dr. J. C. Miller, who had taken care of him for twenty years. Dr. Miller stated on his arrival, that he could detect a few heart beats, and then deceased expired at 9:00 p.m. According to Dr. Miller, deceased had been away from home in Iowa recently and he had not seen her for some time.

MARGRET G. KING - continued

A rescue squad and Minneapolis General Hospital ambulance had been summoned and Dr. Alman, the ambulance physician, confirmed death at 9:10 p.m.

Police officers Reynolds and Zierden were at the scene when the deputy coroner on the case arrived.

The remains were released from the scene to a funeral director.

An autopsy was performed at the mortuary the following day, May 23rd, 1962, in the morning. There was no demonstrable anatomical cause of death and in the opinion of the pathologist it was deemed advisable to await results of the toxicologist's examinations. The toxicologist reported 0.18% alcohol by weight in deceased's blood, and barbiturates in the blood and liver. Death was attributed to barbiturate poisoning and acute alcoholism, accident or suicide unknown.

Except for her husband, Warren B. King, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 3:15 p.m. on May 31st, 1962, by the University of Minnesota Hospitals.

Deceased was formerly under the care of Dr. Arthur N. Russeth and since December, 1960, had been cared for at University Hospitals, having been seen in medicine, urology, and neurology clinics. On January 12th, 1961, neurology clinic confirmed the impression of left hemiplegia, and deceased was discharged on March 6th, 1961. Because of the hemiplegia, deceased was confined to a wheelchair.

FRANK R. HALL - continued

Deceased was seen again at University Hospital urology and medicine clinics, beginning in April of 1961 and returned at fairly regular intervals for medication refills. He was last seen at the hospital on May 15th, 1962, at the urology clinic, his complaint at that time being urinary frequency and urgency.

In the early morning hours of May 22nd, 1962, the night nurse at the Hopkins Nursing Home had responded to the light from deceased's room, it was reported, had waited on him and had just turned to leave the room when deceased gasped and expired. This was at 4:47 a.m.

The doctor at the University Hospital did not care to sign the death certificate and referred the case to the Coroner's Office. There was no indication that death was due to other than natural causes, and after investigation death was attributed to cerebrovascular accident with old left hemiplegia. Pulmonary emphysema and urinary tract infection were contributing causes.

Deceased is survived by his wife, Grace, and a son, Robert who resides in Rosedale, St. Paul.

REMARKS

This case was reported to the Coroner's Office at 8:00 p.m. on May 23rd, 1962, by the Minneapolis General Hospital.

Deceased, it was reported, was eating lunch at the nursing home at 1800 First Avenue South where he was staying when he appeared to choke. The Minneapolis General Hospital was called and deceased was admitted to the hospital at 12:31 p.m. on May 23rd, 1962. He was found to have a small piece of carrot in his throat, which was removed, but he expired shortly after, at 3:00 p.m.

Death was attributed to aspiration of a foreign body, chronic brain syndrome, arteriosclerotic heart disease, and pneumonia, and classified an accident.

Deceased's family refused an autopsy.

REMARKS

This case was reported to the Coroner's Office at 7:50 a.m. on May 24th, 1962, by the North Memorial Hospital.

On the afternoon of May 12th, 1962, deceased and Donovan William King of 4935 3rd St. N.E., Minneapolis, were on a week-end outing fishing and shooting their guns, on the John Romanchuk farm on County road 22. Donovan King had a 22 caliber single six Sturm Ruger & Co., serial #139008, and a Marlin model 336 A 35 cal. Remington, serial #J 18322 rifle. Deceased had a Sturm Ruger 22 caliber single six, serial #18104. They had been standing on the bank of the Rum River shooting at turtles that were on driftwood near the river bank, then began to examine each other's 22 caliber pistol. While comparing pistols, which were the same make, one of them went off and shot deceased in the head above the right eye.

THEODORE C. RYCHLEY - continued

Deceased was admitted to the North Memorial Hospital by ambulance at 4:00 p.m. on May 12th, 1962, in a comatose condition. Surgery was performed on the day of admission by Drs. David Johnson and Korchik. Dr. Johnson, who saw deceased on admission to the hospital, stated there were no powder burns, and that the bullet appeared to have been fired from a distance and not at close range. Deceased expired at 7:00 a.m. on May 24th, 1962, without having regained consciousness.

Deceased's parents were opposed to an autopsy for religious reasons.

Anoka County sheriff's officers Sampson and Bauer made an investigation. On questioning Donovan King, who was visibly shaken, they were told that he did not know which pistol went off. His pistol had three spent and three live rounds of ammunition and his rifle was empty; deceased's pistol had four spent and two live rounds of ammunition. King also stated that they were changing ammunition throughout the time they were shooting.

This office was notified by the Anoka County Sheriff's Office and County Attorneys Scott and Johnson that they were not prosecuting and death was classified an accident and the remains were released to a funeral director without an autopsy.

REMARKS

This case was reported to the Coroner's Office at 11:12 a.m. on May 24th, 1962, by the police.

Deceased, it was reported, collapsed and expired at about 10:45 a.m. while at work at the foundry at the above address on May 24th, 1962. A fire department rescue squad was attempting resuscitation when a Minneapolis General Hospital ambulance arrived at the scene. Dr. O'Brien, the physician in attendance, pronounced death.

Police officers W. E. Cecil and D. W. Gilbert of squad #331 were at the scene when a deputy coroner arrived.

JOHN HENRY KUHN - continued

The deputy coroner viewed the body of deceased lying on the floor of the foundry. It was still warm and without rigor. The remains were removed to the Hennepin County Morgue and later released to a funeral director.

An autopsy was performed at the morgue on the day of death. This revealed that death was due to pulmonary congestion, severe, due to idiopathic myocarditis. Early coronary arteriosclerosis and cardiomegaly were contributing factors.

REMARKS

This case was reported to the Coroner's Office at 7:52 a.m. on May 25th, 1962, by police.

Deceased arrived at her place of employment, Bachman & Associates, at 7:30 a.m. on May 25th, 1962. At 7:45 a.m. she was found by Ruth Weist, 2900 W. 38th Street, a fellow worker, lying across a chair at her work station.

Police officer C. H. Hawkinson of squad #611 was at the scene when a deputy coroner arrived. A Minneapolis General Hospital ambulance physician had pronounced death.

ANNA K. MONK - continued

The deputy coroner at the scene found deceased, an elderly woman, lying fully clad on a work table at Bachman & Associates. There was no indication of injury. Deceased's purse had in it a bottle of aspirin, three unidentified tablets, and a prescription dated December, 1960.

Deceased, it was reported, had been under the care of Dr. B. A. Dvorak, who stated he had seen her the previous day. She was a diabetic of long standing, with peripheral atrophy and gangrene of the toes of the right foot.. She had been hit by a car three or four years ago.

The remains were taken to the Hennepin County Morgue, where an autopsy was performed on the day of death. This revealed that death was due to acute occlusion of the right coronary artery due to severe coronary arteriosclerosis, and mitral insufficiency.

Except for a sister, Mrs. D. D. Driscoll and a niece, Agnes Boll, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 2:35 p.m. on May 25th, 1962, by the Minneapolis General Hospital.

Deceased, who had a history of care at the Minneapolis General Hospital, was found in bed the morning of May 25th, 1962, foaming at the mouth as from a seizure, comatose, and was admitted to the hospital at 10:30 a.m. on neurology, and expired shortly after admission, at 11:00 a.m., without having regained consciousness.

ERNEST OSCAR WILSON - continued

An autopsy was performed at the hospital on the day of death. This revealed that death was due to massive peritoneal hemorrhage due to atherosclerosis and aneurysm of abdominal aorta.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 3:10 p.m. on May 25th, 1962, by Dr. Andrew Shea.

Deceased had a history of diabetes, a severe heart condition, and had recently had a "stroke." His wife works away from home and was in the habit of calling home a couple of times a day to check with him. On the afternoon of May 25th, 1962, when she got no answer she asked her sister, Mrs. Winnifred Smoot of 4740 Vincent Avenue South, to drive by on her way home and see whether deceased was all right. At 2:30 p.m. Mrs. Smoot found deceased dead and called Dr. Shea and Father Bussard of St. Joan of Arc Church.

STANLEY C. TROWBRIDGE - continued

The deputy coroner at the scene reported deceased, a late middleaged man, was lying back across the bed in a small basement bedroom, fully clad. A Winchester .410 pump shotgun was leaning between deceased and the door frame on the west side of the door to the room. The body was in rigor. Father Bussard stated he arrived at approximately 2:45 p.m. and Dr. Shea at about 3:00 p.m.

There was a round penetrating wound of the left anterior chest wall 3.5 inches to the left of the midsternal line in the fourth intercostal space (1.5 inches medial to and 1 inch superior to the left nipple.) The wound was approximately .5 inch in diameter. The margin of the wound was surrounded with grayish black stain. There was a hole through the shirt and undershirt in the same location. There was a large blackish gray stain about the hole in the shirt and a rim of blackish gray stain about the hole in the undershirt. There was no wound of exist. On the floor by the gun butt was a chip of wood from the butt and there was a folding metal yardstick under deceased's legs. There was one expended .410 magnum shot shell in the chamber of the gun. No other loads were in the magazine.

The deputy coroner took custody of a pencil printed letter allegedly written by deceased which Mrs. Smoot had found upstairs, in which he stated he was sorry for this but for what he could see ahead life wasn't worth living.

From the findings and discussion with Dr. Shea, it was concluded that deceased apparently braced the butt of the shotgun against the bottom of the door frame and placed the muzzle against his chest and discharged the gun by using the yardstick to release the trigger, and that death was caused by a gunshot wound self-inflicted while of unsound mind.

Deceased is survived by his wife, a son, a daughter, and his mother.

REMARKS

This case was reported to the Coroner's Office at 9:50 a.m. on May 26th, 1962 by police.

Deceased was last seen alive at 8:30 p.m. on May 25th, 1962, by Mrs. Lloyd Sveen, wife of the caretaker. She stated deceased had complained of not feeling well, that he was sleepy and had a headache. He was found dead at 9:30 a.m. when a maintenance man came to finish some painting.

Police officers McKelvey and Lapham of squad #115 were at the scene when a deputy coroner arrived.

Deceased was lying on his back in bed, cold, and in full rigor. There was a small amount of foamy mucous at his mouth.

HARRY SCHWAGER - continued

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Except for two sons, Wallace of Blue Earth, and John of Fairmont, the names of survivors are unknown to this office.

REMARKS

This case was reported to the Coroner's Office at 3:50 p.m. on May 26th, 1962, by police.

Deceased, who had been quite despondent it was reported, was last seen alive by his wife at 9:00 p.m. on May 25th, 1962, when he took the car out. He was found dead at 3:30 p.m. on May 26th, 1962, in the front seat of his car in the locked garage by Harold Schiller, 2144 Victory Memorial Drive, a friend of the family whom Mrs. Matthews had called.

Police officers Krevger of squad #701 and Payton and Carlson of squad #1055 were at the scene.

CURTIS B. MATTHEWS - continued

The deputy coroner viewed the body of deceased in the front seat of the car, dressed, cold, and in full rigor. His skin was cherry red in color, his head was up, and he held a screw driver in his hand.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

The toxicologist's examination of deceased's blood revealed carbon monoxide saturation and 0.13% alcohol by weight. Death was attributed to carbon monoxide poisoning.

REMARKS

This case was reported to the Coroner's Office at 4:45 p.m. on May 26th, 1962, by police.

At 1:00 p.m. on May 26th, 1962, deceased was seen through a window of her home by two boys, Thomas and Dana Drotning, who had come to cut her grass and looked in when she did not answer the door. They notified their mother that deceased was lying on the floor. Their mother, Mrs. Phillip Drotning, found the back door open, and called police.

Police officers D. Nichols and R. Morse of squad #605 were at the scene when a deputy coroner arrived.

LELIA DADY - continued

Deceased, clad in a nightgown, was lying on her right side on the livingroom floor, cold, and in full rigor. There was an almost empty, open quarter pint of whiskey on a bedside table.

The remains were taken to the Hennepin County Morgue.

An autopsy was performed at the morgue on May 27th, 1962. This revealed that death was due to congestive heart failure due to mitral stenosis and coronary sclerosis. Severe pulmonary edema and congestion, pericardial effusion, and bilateral hydrothorax were contributing causes. The toxicologist's examination of deceased's blood was negative for alcohol.

REMARKS

This case was reported to the Coroner's Office at 7:45 p.m. on May 26th, 1962, by the Swedish Hospital.

Deceased was admitted to the hospital on May 9th, 1962, from her home for cardiac decompensation under the care of a Dr. Lundblad. At about 11:00 p.m. on May 25th she fell from her bed striking her head on something, causing a laceration which required three sutures. She expired at 7:15 p.m. on May 26th, 1962.

HELEN L. (CURTIS) KURPIERZ - continued

An autopsy was performed at the hospital on May 27th, 1962. This revealed that death was due to congestive heart failure due to severe mitral stenosis. There was a contusion and laceration of the scalp with no injury to the skull or brain.

REMARKS

This case was reported to the Coroner's Office at 8:30 p.m. on May 27th, 1962, by the Minneapolis General Hospital.

Deceased, it was reported, had not been under a doctor's care. She had been confused for several days and on May 27th, 1962, fell out of bed at home and was put back in bed by her husband. A few minutes later he heard a noise and found her at the bottom of a flight of stairs. She was brought to the Minneapolis General Hospital receiving room, semi-comatose, and x-rayed prior to admission, and expired at 7:10 p.m. that day - May 27th, 1962 - before being admitted. Her family was present and informed and desired an autopsy.

ANNA B. STANCHFIELD - continued

The remains were taken to the Hennepin County Morgue where an autopsy was performed on May 28th, 1962. This revealed that death was due to compression fracture of the third thoracic and first lumbar vertebrae due to crushing injury of chest. Abscess of right kidney and bilateral pulmonary congestion and edema were contributing factors.

REMARKS

This case was reported to the Coroner's Office at 3:05 p.m. on May 28th, 1962, by police.

Deceased, it was reported, had a heart attack during the past winter and had been cared for by one of the Drs. Mach. On the day of his death, May 28th, 1962, he had just finished painting a large iron flower urn on the family burial plot in Hillside Cemetery, when he collapsed and expired at 2:50 p.m. in the presence of his wife.

Police officers Kroger and G. Johnson of squad #222 were at the scene when a deputy coroner arrived. A Minneapolis General Hospital ambulance had come to the scene and Dr. L. A. Savitt, the ambulance physician, had pronounced death.

POMEROY ALLEN KIRKPATRICK - continued

The deputy coroner viewed the body of deceased dressed in outdoor clothing and lying on the grass of the cemetery plot. There was no indication that death was due to other than natural causes and it was attributed to arteriosclerotic heart disease.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Except for his wife, Lina, and a son, Wallace A. Kirkpatrick, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 11:05 a.m. on May 28th, 1962, by Dr. D. W. Feigel of Wayzata.

During the past year, it was reported, deceased had been under the care of Dr. Earl Redfield of Des Moines, Iowa, for a heart condition. On the date of his death, May 28th, 1962, deceased was visiting his brother Kasper Johnson. While watching television he put his hands back of his head and collapsed and expired. It was stated he had not been feeling well this evening. Dr. Feigel was called and pronounced the man dead. Death apparently occurred at 11:00 p.m.

Examination of the body did not indicate that death was due to other than natural causes and it was attributed to arteriosclerotic heart disease.

The remains were released directly from the premises to a mortician.

REMARKS

This case was reported to the Coroner's Office at 9:15 p.m. on May 28th, 1962 by the Minneapolis General Hospital.

At 11:35 p.m. on Saturday, May 26th, 1962, deceased, a pedestrian, while crossing Glenwood Avenue North at the West intersection of 2nd Avenue North and Glenwood, was struck by a 1959 Ford bearing 1962 Minnesota license 3C 1298 owned and driven by Alex Emco Ismil, 42, of 2801 3rd Street North, who was driving South on Glenwood. Deceased was crossing against the sign, that is, on the red light.

WALTER FRANK WYSOCKI - continued

The road character was straight and level, wet, and without defect. The weather was clear and it was dark. The Ismil vehicle's head light was out, it was reported, but the street was well lighted. Both Ismil and deceased were tagged - Ismil for unsafe passing, and deceased for crossing against the light.

Police officers A. Aigner and A. Linboe of traffic squad #602 were at the scene and investigated the accident. Ismil, it was reported, was in the act of passing the car of the witness to the accident, Walter Traeger of 418 15th Ave. South, and it was stated the Traeger car blocked his view.

Deceased was admitted to the hospital at 11:51 p.m. by ambulance, unconscious, and treated for multiple fractures and head injury. He did not regain consciousness before he expired at 8:50 p.m. on May 28th, 1962.

The remains were taken to the Hennepin County Morgue where an autopsy was performed on May 29th, 1962. This revealed a large subdural hematoma right occiput due to extensive bilateral comminuted occipital skull fracture. Compound fracture of the upper right femur and closed fractures of the upper tibia and fibula were contributing causes.

Except for a sister, Mrs. Irene Krzoska, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 10:00 p.m. on May 28th, 1962, by the North Memorial Hospital.

Shortly before 7:30 p.m. on Monday, May 28th, 1962, Robert Douglas Peterson, 41, Route 4, Anoka, Minnesota, a neighbor of the Doberstein's, was driving his garbage truck into his own driveway when three neighbor children jumped onto the truck. Deceased, one of the children, slipped off and fell under the wheels. He was admitted to North Memorial Hospital at 7:30 p.m. and expired a short time later, at 8:50 p.m.

CLIFFORD W. DOBERSTEIN, JR. - continued

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Neither the Anoka County Sheriff nor the County Attorney deemed an autopsy necessary in this non-traffic death.

Death, which occurred at 8:50 p.m. on May 28th, 1962, was attributed to internal hermorrhage due to ruptured abdominal viscus unidentified. Fracture of the left femur was a contributing factor.

REMARKS

This case was reported to the Coroner's Office at 12:10 a.m. on May 29th, 1962, by police.

Deceased, it was reported, had recently moved to Minneapolis from Crosby, Minnesota. He had a history of care for hypertension by Dr. E. E. Ulrich of Crosby. Deceased's wife stated he had complained of chest and arm pains on the afternoon of May 28th, 1962, and she was awakened at 11:45 p.m. because he was having difficulty breathing. A Minneapolis General Hospital ambulance was called and Dr. Altman, the physician in attendance, pronounced death at 12:07 a.m. May 29th, 1962.

DWIGHT E. FARR - continued

Police officers Hendricks and Johnson of squad #551 were at the scene.

Examination of the body did not indicate that death was due to other than natural causes and the remains were released from the premises to a mortician. Death was attributed to arteriosclerotic heart disease.

REMARKS

This case was reported to the Coroner's Office at 7:32 a.m. on May 29th, 1962, by police.

Deceased, it was reported, had been ill with a "cold" for three or four days and was not under a doctor's care. He was found at 7:00 a.m. lying on his stomach in bed in an unresponsive condition. Police officers R. Levens and Lundquist of squad #442 and a Minneapolis General Hospital went to the scene in response to a call for assistance. Dr. Freeland, the ambulance physician, pronounced death.

GREGORY WESTBERG - continued

The deputy coroner at the scene viewed the body, which was still warm and mottled in appearance.

The remains were taken to the Hennepin County Morgue where an autopsy was performed on the same day. This indicated that death was due to pulmonary congestion and edema.

Except for his parents, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 11:10 p.m. on May 29th, 1962, by police.

Deceased and a companion, Kelly Engberg, 8, of 4145 - 29th Ave. South, were playing on the bridge across the creek on the Hiawatha Golf Course at about 8:15 p.m. on May 29th, 1962. They were reaching for sticks that were floating in the creek. Deceased fell into the water and his playmate ran for help. Three men who were on the golf course at the time - Luther Lehwann, 21, of 370 North Mississippi Boulevard, St. Paul; Warren Pagel, 33, of 1508 Alameda Avenue, St. Paul; and Serge Seiter, 33, of 1408 North Lilac Drive, Golden Valley - came and could find no one so they called police. Skin divers were called and Sergeant Kenny Vooge recovered the body at 11:00 p.m. 300 feet down the stream from the bridge.

WILLIAM EUGENE HAIGLER, JR. - continued

Police officers R. Goodsell, Herman and Puchtel were at the scene when a deputy coroner arrived.

Deceased's body was fully clothed and cold. The remains were taken to the Hennepin County Morgue, and later released to a funeral director.

Death was attributed to asphyxia due to drowning and classified an accident.

REMARKS

This case was reported to the Coroner's Office at 11:40 p.m. on May 29th, 1962, by police.

According to Mrs. James L. Heltemes of 10817 Kell Avenue, deceased was last known to be alive the evening of Thursday, May 24th, 1962, at which time she had talked to her. When she was unable to reach her mother by phone on May 30th, Mrs. Heltemes phoned police, requesting that they have her mother call her. Being unable to get a response by knocking or ringing the doorbell, police officers Broderick and Stahura of squad #119 went to the rear door in an attempt to arouse the occupant. Through a window they saw deceased slumped over the kitchen table. Mrs. Heltemes was contacted, came to the residence, and authorized the officers to force entry.

MARIE DICKENS SAUR - continued

The deputy coroner at the scene stated deceased was seated on a chair at the kitchen table with her head on the table. She was dressed in a bathrobe and her body was in an advanced stage of decomposition. The skin of her face and extremities was blue. Rigor mortis had left.

Mrs. Heltemes refused an autopsy.

The remains were released from the premises to a funeral director.

Mrs. Heltemes stated her mother had been having chest pains but had refused to see a doctor.

There was no indication that death was due to other than natural causes and it was attributed to arteriosclerotic heart disease.

REMARKS

This case was reported to the Coroner's Office at 8:20 a.m. on May 30th, 1962, by Mr. Homer Johnson, father of deceased.

Deceased had a history of care by Dr. S. L. Arey, who reported that he had cyanotic heart disease and had had several severe respiratory infections. Dr. Arey had not seen the child since December of 1961.

It was reported that deceased was restless the night of May 29th, 1962, and had difficulty in breathing, and it was not known whether he was feverish. He was found at 6:30 a.m. on May 30th, 1962, apparently dead.

BARRY JOHNSON - continued

Deceased was brought to the Hennepin County Morgue by his father.

A deputy coroner examined the body of deceased, which appeared to be slightly jaundiced and multi petechial over his face, head, and body extremities. There was slight rigor mortis with some dependent livor mortis.

An autopsy was performed at the morgue on May 30th, 1962. This revealed congenital heart disease due to interventricular septal defect, to which death was attributed. The liver was pale yellow; there were multiple congested areas in the lungs; petechial hemorrhages in skin, heart, liver, kidneys, and genito-urinary tract.

REMARKS

This case was reported to the Coroner's Office at 10:30 a.m. on May 30th, 1962, by police.

Deceased, it was reported, had been very despondent lately. He had lived at the above address for some time prior to hospitalization at the St. Peter State Hospital and at the time of his death was on probation from the hospital and had again been living here, this time for the past nine months. He was last seen alive at approximately 6:00 p.m. on May 29th, 1962, at which time he had supper with his landlord, the Robert Alkires. When he did not appear for breakfast on May 30th, Mr. Alkire went to check on him at 10:20 a.m. and found him dead and immediately called police.

KENNETH AIKEN TRUAX - continued

Police officers Kehoe and Cameron of squad #550 received the call and in turn summoned a Minneapolis General Hospital ambulance. Dr. Shapiro, the ambulance physician, pronounced death. Detective Rieman of squad #701 also went to the scene and made an investigation. The room appeared to be neat and there was no indication of a struggle of any kind. Deceased wore glasses and they were in place on his head.

A deputy coroner summoned to the scene found deceased sitting on the floor in his room slumped against the side of his bed. A #10 can full of blood was sitting on the floor in front of him. There was blood on his hands, face, neck, and on the floor. A bloody razor blade was found on the floor. There was a deep laceration on the right side of his neck and superficial scratches on the anterior neck.

The remains were taken to the Hennepin County Morgue and later released to a funeral director. Death was attributed to exsanguination due to slashing large vessels of throat and was classified a suicide.

Except for a sister, Mrs. E. H. Frees of Minneapolis, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 4:40 p.m. on May 31st, 1962, by Billman-Hunt Mortuary.

Deceased had a long history of care at the University of Minnesota hospitals, having been hospitalized there three times since November, 1960. She had recently had surgery for cancer of cervix and for gall stones, and had been under the care of Drs. Lee and Meeker. It was reported she had deteriorated since having had surgery in April, 1962, and expired in bed at 1:45 a.m. on May 30th, 1962.

Examination of the body gave no indication that death was due to other than natural causes and it was attributed to arteriosclerotic heart disease.

REMARKS

This case was reported to the Coroner's Office at 2:10 a.m. on May 31st, 1962, by police.

Deceased, who was last seen alive at about 3:00 or 3:30 p.m. on May 30th, 1962, was found by her son, Lynn, in an unresponsive condition at 12:30 a.m. on May 31st when he returned home late.

It was reported deceased had been drpressed recently, having been discharged only a week ago from Fairview Hospital, where she had been a patient for about three and a half weeks.

MABELLE B. ANDERSON - continued

Police officers Meagher and Palmquist of squad #331 and detectives Bolt and Vick of squad #731 were at the scene and made an investigation.

The deputy coroner on the case found deceased clad in pajamas, cold and in early rigor, sitting on a kitchen chair, a pencil in her right hand. An unsigned pencilled note, allegedly in deceased's handwriting, on the table addressed to Lynn stated in the beginning that it had been the ambition of her life to see him graduate, that she loved him very much, was unable to face life, that yesterday she had bought him..... and then the note became illegible. There was an empty sleeping pill bottle in the kitchen and there was no evidence of trauma.

The body was removed to the Hennepin County Morgue.

An autopsy performed at the morgue on May 31st, 1962, revealed bilateral pulmonary congestion, moderate on left and severe on right; coronary atherosclerosis; moderate atherosclerosis of aorta; minimal congestion of spleen; and an old hysterectomy. The toxicologist's examination of deceased's blood revealed barbiturates and a microscopic examination of a specimen of the liver also indicated the presence of barbiturates. Death was attributed to barbiturate poisoning.

Except for the son, Lynn, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 12:05 p.m. on May 31st, 1962, by police.

Deceased, it was reported, had no history of illness. At 12:02 p.m. on May 31st he collapsed on the third floor of the Salvation Army Men's Home and fell between two beds, and ceased breathing almost at once. The fire department rescue squad's attempts at resuscitation were unsuccessful. Dr. Nicholas, physician on board a Minneapolis General Hospital ambulance at the scene, pronounced death.

JOHN LARSON - continued

Police officers Almer and Cich of squad #221 were at the scene when a deputy coroner arrived.

The deputy coroner viewed the body of deceased lying on his back on the floor. Deceased was dressed and his body was warm and without rigor. There was no indication that death was due to other than natural causes and it was attributed to arteriosclerotic heart disease.

The remains were released directly from the premises to a mortician.

REMARKS

This case was reported to the Coroner's Office at 3:25 p.m. on May 31st, 1962, by the Bloomington police.

At 3:15 p.m. on May 31st, 1962, deceased, who lived alone at the above address, was found dead sitting in a livingroom easy chair by Mrs. Andrew Engkjer of 1708 East 86th Street. A nurse, Coleen Greaves of 1610 East 86th Street, was notified and she called police.

Bloomington police officers Pack and Block were at the scene when a deputy coroner arrived.

ELIZABETH TERWEDO - continued

The deputy coroner viewed the body of deceased dressed in night clothes and still in the easy chair. There was no indication of foul play and death was attributed to arteriosclerotic heart disease. Mrs. Engkjer stated she had last seen deceased alive four days ago.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

REMARKS

This case was reported to the Coroner's Office at 12:38 p.m. on June 1, 1962, by the University of Minnesota police.

Deceased, a retired University employee, was a friend of James P. Schroeder, director of Centennial and Territorial Halls on the campus. For his pleasure and pastime, and not as an employee of the University, deceased was permitted to refinish an antique secretarial type desk in the maintenance room of Territorial Hall. At 12:15 p.m. on June 1st, 1962, it was reported, deceased collapsed and expired, apparently from a heart attack.

University police officers McDonough and Burbank were at the scene when a deputy coroner arrived.

NEWTON IRELAND - continued

The deputy coroner viewed the body dressed in indoor clothing lying on the concrete floor of the basement of Territorial Hall. There was some blood present around his nose. Death, which did not appear to be due to other than natural causes, was attributed to arteriosclerotic heart disease.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

REMARKS

This case was reported to the Coroner's Office at 10:30 p.m. on June 1st, 1962, by the Hennepin County Sheriff's radio.

Deceased entered Medina Bowling Lanes with her husband and daughter the evening of June 1st, 1962, and sat at a table. About fifteen minutes later, it was reported, she fell from her chair and expired. Dr. Knoblauch who attended the North Memorial Hospital ambulance which had been summoned pronounced death at 9:40 p.m.

Police officers McLellan, Calvin Thell, and Eisinger were at the scene when a deputy coroner arrived.

ESTHER HAUGEN - continued

The deputy coroner at the scene viewed the body of deceased clad in houseclothes. There were no unusual markings on the exposed areas.

Dr. Myron Lysne, it was reported, was the Haugens' family doctor.

The remains were taken to the Hennepin County Morgue where an autopsy was performed on the following day, June 2nd, 1962. This revealed massive subarachnoid hemorrage, multiple berry aneurysms of Circle of Willis with rupture, coronary sclerosis, left ventricular hypertrophy, pulmonary congestion and edema, cholelithiasis, myomata of uterus and endometrial polyp. Death was attributed to massive subarachnoid hemorrhage, spontaneous, due to rupture of berry aneurysm, Circle of Willis.

REMARKS

This case was reported to the Coroner's Office on June 2nd, 1962, at 11:00 a.m. by the Veterans Hospital.

Deceased was admitted to the Veterans Hospital on February 13th, 1962 for a respiratory disease. On April 5th, 1962, it was reported, he climbed over the side rails of his bed and fell on his head and was semi-conscious thereafter. Bilateral trephines were performed on April 5th, and the result was negative. A craniotomy was performed on April 10th for cerebral hemorrhage. X-rays that were taken showed no skull fractures. Deceased expired at 11:00 p.m. on June 1st, 1962.

WILLIAM LAWRENCE - continued

Deceased's wife was opposed to an autopsy.

An autopsy, performed at the Veterans Hospital, revealed that death was due to encephalomalacia due to cerebral hemorrhage. Bronchopneumonia and pernicious anemia were contributing factors.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 5:30 p.m. on June 2nd, 1962, by the St. Andrews Hospital.

Deceased was admitted at 8:30 a.m. on June 1st, 1962, to St. Andrews Hospital under the care of Dr. A. B. Litman who stated he had never taken care of her. She had allegedly been on a two weeks' drinking spree which ended a week prior to the hospital admission.

Upon admission deceased was comatose and responded only by moaning. There were bruises on her chest, arm, and sacrum. X-rays showed no skull fracture but there was a positive toe sign on the left and a pneumonia. Deceased expired at 4:12 p.m. on June 2nd, 1962, without regaining consciousness.

SARAH I. DEKLOTZ - continued

The remains were taken to the Hennepin County Morgue where an autopsy was performed on June 3rd, 1962. This revealed that death was due to generalized bronchopneumonia, bilateral.

REMARKS

This case was reported to the Coroner's Office at 12:45 p.m. on June 2nd, 1962, by police.

According to Gordon Bockhaus, the downstairs tenant at the above address, he thought he heard three knocks from upstairs (deceased's residence) at about 11:40 a.m. and upon investigation he found deceased in bed; he had apparently just expired. He had last been seen alive at 5 p.m. on June 1st.
Police officers Homstad and Frazier of squad #330 were at the scene when a deputy coroner arrived.

CHARLES G. RITTENGER - continued

The deputy coroner at the scene found deceased clothed in pajamas lying in bed. The body was still warm and in rigor mortis. There was no indication that death was due to other than natural causes, and it was attributed to arteriosclerotic heart disease.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

REMARKS

This case was reported to the Coroner's Office at 6:15 p.m. on June 2nd, 1962, by the Minneapolis General Hospital.

Deceased was admitted to the hospital at 5:19 p.m. on June 2nd, 1962, after having collapsed in a super market at 7th and Hennepin. She was comatose upon arrival, moribund, and expired shortly after admission. An electrocardigram was essentially normal. The left pupil was dilated.

MAE C. GWYNN - continued

An autopsy was performed at the hospital on June 3rd, 1962. This revealed that death was due to subarachnoid hemorrhage, spontaneous.

Deceased is survived by a sister, Mrs. Blanche Beaudoin, of Minneapolis.

REMARKS

This case was reported to the Coroner's Office at 1:50 a.m. on June 3rd, 1962, by police.

Deceased expired at the scene of an accident, a two-car collision, at 1:01 a.m. on June 3rd, 1962, which also claimed the life of her brother, James, 2, who expired later in the day at North Memorial Hospital - #503 of the Coroner's Record. Deceased's mother, Joan Andrews, 25, accompanied by Nancy Hosier, 20, of 2008 Dupont Avenue South, Minneapolis, and her two children, Kathryn and James, was driving the Andrews' 1956 salmon colored Ford station wagon bearing 1962 Minnesota license 3H 8822 south on county road 18 early the morning of June 3rd, 1962. As the Andrews station wagon was crossing highway 55 on county road 18, it was struck near the center of the intersection on the right side by a blue 1962 Chevrolet convertible bearing 1962 Minnesota license ME 9149 owned and being driven by Edward Anderson, 20, of Delano, accompanied by Betty-Lou Reinitz, 20, of Powell Hall, University of Minnesota campus, Minneapolis, who were traveling west on highway 55 in the north lane.

KATHRYN MARY ANDREWS - continued

The Anderson vehicle ended up across the intersection across the north driving lane facing southeast, while the Andrews station wagon ended up across the entrance lane east to highway 55 facing northwest. Both cars were completely wrecked. Deceased was thrown across the intersection and lay along the outside of the eastbound lane of highway #55 with her feet pointing to the highway and apparently expired instantly.

Highway patrolmen Noel Hanssen and Marlin Berg and Golden Valley police officers Eidem, Gunderson, and Seviola were at the scene and made an investigation.

Two ambulances were summoned to the scene and, except for deceased, all parties to the accident were taken to North Memorial Hospital in Robbinsdale in poor condition.

The roadway was straight on a grade, dry, and had no defects. The weather was clear and it was dark and in an open location. The reason for the accident was not known.

The deputy coroner at the scene viewed the body of deceased lying along the roadway on her back with her feet toward the highway, obviously dead. The body was still warm and there was no rigor. Death was apparently instantaneous at 1:01 a.m. on June 3rd, 1962.

The remains were taken to the Hennepin County Morgue where an autopsy was performed later in the day. This revealed that death was due to basilar skull fracture. There was also subarachnoid hemorrhage, bilateral pulmonary hemorrhage, fractured right tibia and fibula, and multiple contusions.

Except for her parents and an uncle, Raymond Andrews of Minneapolis, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 6:15 p.m. on June 3rd, 1962 by police.

At 5:54 p.m. on June 3rd, 1962, it was reported, Leo J. Potvin, 64, of apartment 11 at the above address, called the fire department when he became aware that deceased's apartment, #10, was on fire, forced entrance, and began fighting the fire with a portable fire extinguisher. A few minutes later, a neighbor, Jerry Lefler of 1514 11th Ave. South, a University student who saw smoke coming from the rear windows around the attic, arrived to give his assistance after having requested his wife to call the fire department.

JOHN BETLEY - continued

Firemen at the scene found deceased, who had already expired, on the floor of his apartment at 6:00 p.m. and lay him on a rear porch. Dr. Moeller, the physician aboard a Minneapolis General Hospital ambulance that had been called, pronounced death.

Examination of apartment 10 disclosed that the fire had originated in the right arm of a hide-a-bed as this portion of the bed was entirely consumed as were the mattress and pillows of the bed. A glass ashtray was found in the immediate area of the arm of the hide-a-bed. The fire had spread to the entire room with smoke and heat damage to the attic on the third floor. It was presumed that deceased had fallen asleep while smoking or had disturbed an ashtray on the arm of the hide-a-bed during his sleep.

Police officers Boster and Novack of squad #119 were at the scene when a deputy coroner arrived.

The deputy coroner at the scene viewed the body of deceased which was on the floor of a rear porch covered with a blanket. It was obvious that he had been in the fire. His clothes and skin were charred and burned.

The remains were taken to the Hennepin County Morgue where an autopsy was performed the following day, June 4th, 1962. This revealed that death was due to severe coronary arteriosclerosis with old myocardial fibrosis. Carbon monoxide intoxication, 10% saturation in blood, was a contributing factor.

Deceased is survived by his wife, Bernice; six daughters, Mrs. Peter (Stella) Gallos of Cayuga, North Dakota, Mrs. Edward (Nellie) Rudolph of East Milwaukee, Wisconsin, Mrs. Sidney (Helen) Scoville of LaCrosse, Wisconsin, Mrs. Chester (Louise) Rudolph of Rockford, Illinois, Mrs. Bud (Frances) Bach of Barron, Wisconsin, Mrs. Leroy (Clara) Sather of Barron, Wisconsin; five sons, Frank of Agar, South Dakota, Lewis and Henry of Minneapolis, Walter of Barron, Wisconsin, and George of Chippewa Falls, Wisconsin; a sister, Mrs. Antonia Lubinski of Minneapolis, twenty-one grandchildren and twenty-one great-grandchildren.

REMARKS

This case was reported to the Coroner's Office at 1:20 a.m. on June 4th, 1962, by the North Memorial Hospital.

Deceased was injured in an accident at 1:01 a.m. on June 3rd, 1962, at the scene of which his sister, Kathryn Mary Andrews, 5, expired. See #501 of the Coroner's Record.

Deceased was taken from the scene of the accident by ambulance and admitted to North Memorial Hospital in the early morning hours of June 3rd and expired later the same day, at 11:35 p.m.

JAMES JOSEPH ANDREWS - continued

An autopsy was performed at the Hennepin County Morgue. This revealed that death was due to diffuse subarachnoid hemorrhage due to numerous cerebral contusions. There was also pulmonary atelectasis, laceration of spleen and bilateral fractures of femurs.

Except for his parents and an uncle, Raymond Andrews of Minneapolis, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 5:15 p.m. on June 4th, 1962, by police.

Deceased, who was principal of the Franklin Junior High School, had gone to see Miss Averna Olson to discuss business in connection with her teaching under him next year, it was reported, a little after 4:30 p.m. the afternoon of June 4th, 1962. After having walked up three flights of stairs, he entered the apartment while Miss Olson was at the phone, walked into the kitchen and collapsed on the floor.

GLEN G. DAVIS - continued

Police officers Fristrom and C. H. Johnson of squad #551 and a Minneapolis General Hospital ambulance arrived at the scene in response to a call for assistance. Dr. Moeller, the ambulance physician, pronounced death. Death apparently occured at 4:35 p.m.

According to Miss Olson she had known deceased for many years and was a friend of the family. Deceased, it was reported, had been under the care of Dr. J. Ripple, who stated he had seen deceased about a month and a half ago, and that the man had been on digitalis.

The deputy coroner at the scene viewed the body of deceased who was fully clothed and lying on the kitchen floor. There was no rigor and no indication that death was due to other than natural causes.

The remains were taken to the Hennepin County Morgue where an autopsy was performed later in the day. This revealed that death was due to severe coronary arteriosclerosis with myocardial fibrosis.

Deceased is survived by his wife, Katharine E.; two daughters, both teachers, Charlotte K. and Joan E. of Rochester, Minnesota; two sisters, Mrs. Edith Hanley of Gresham, Oregon, and Mrs. Dan Holdefer of Oskaloosa, Iowa; a nephew, Donald Page of Vancouver, Washington, and a niece, Mrs. Phyllis Roberts of St. Petersburg, Florida.

REMARKS

This case was reported to the Coroner's Office at 9:00 a.m. on June 5th, 1962, by the Veterans Hospital.

Deceased, who was hospitalized for hemiparesis, had a history of care at the Veterans Hospital for considerable time. On May 24th, 1962, he left the corrective therapy area to go to the bathroom on Ward 2C. While smoking a cigarette, at approximately 11:30 a.m., his gown and bathrobe became ignited and he suffered second and third degree burns over 30% of his body surface. On the date of the injury debridement of the burns was done. Deceased expired at 3:55 a.m. on June 5th, 1962.

JAMES A. DWYER - continued

An autopsy was performed at the hospital on June 5th, 1962. This revealed that death was due to bronchopneumonia, bilateral. Cutaneous second and third degree burns over 30% of body, cerebral arteriosclerosis with stroke syndrome, and generalized arteriosclerotic vascular disease were contributing factors.

Except for his wife, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 11:10 a.m. on June 5th, 1962 by the University of Minnesota Hospitals.

Deceased, who expired at 9:50 a.m. on June 5th, 1962 as a result of an automobile accident in which he was involved, had been under the care of Dr. C. F. Cervenka of New Prague, Minnesota, from the time of the accident, May 24th, 1962, until his admission to the University Hospital on June 1st, 1962.

FRANK J. BASTYR - continued

According to the Minnesota Highway Department, deceased and a passenger, Arthur Kaisersatt, 20, of LeCenter, Minnesota, were traveling on highway #13 when the accident occurred - 5:30 p.m. on May 24th, 1962. Officers reported the passenger, Arthur Kaisersatt, stated he looked at the speedometer just before the accident and it registered 100 miles per hour. Apparently the car went out of control approximately one mile south of Montgomery, Minnesota, or 100 feet North of LeSueur County Road #140 - and rolled over. Both the driver (deceased) and his passenger incurred injury.

An autopsy was performed at the University Hospital on June 5th, 1962. This revealed that death was caused by diffuse cerebral contusions due to fracture of roof of right orbit. Aspiration pneumonia was a contributing factor.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 11:30 p.m. on June 5th, 1962, by police.

At 10:45 p.m. on June 5th, 1962, police officers Switzer and P. Kuhn of squad #223 were sent to the above address because deceased had collapsed while sitting in a wheel chair watching television. The officers were unable to detect a pulse and deceased did not respond to oxygen. A rescue squad arrived and continued giving oxygen, without success. Dr. Freeland, the physician in attendance on a Minneapolis General Hospital ambulance, pronounced the man dead at 11:00 p.m.

ROBERT LINCOLN TRACY - continued

Examination of the body did not indicate that death was due to other than natural causes and it was attributed to arteriosclerotic heart disease.

The remains were released directly from the premises to a funeral director.

Except for his wife, Emma Tracy, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 1:05 p.m. on June 5th, 1962, by police.

Deceased, it was reported, was visiting at the above address about noon of June 5th, 1962, and had complained of feeling tired. He had been given coffee and soup, went to the bathroom and came out holding his trousers when he collapsed. A Minneapolis General Hospital ambulance and police officers R. O. Johnson and Kominsh responded to a call for assistance. The physician in attendance with the ambulance pronounced deceased dead on arrival at 12:48 p.m.

KENNETH K. GOODVIN - continued

The deputy coroner at the scene examined the body of deceased. There was no indication that death was due to other than natural causes. Nitroglycerin pills were found on deceased's body. The body was slumped back on a daybed, dressed, warm, and without rigor.

The remains were removed to the Hennepin County Morgue.

An autopsy performed at the morgue on June 6th, 1962, revealed that death was due to acute congestive heart failure due to severe arteriosclerotic heart disease.

Deceased, it was reported, was separated from his wife but not divorced. Except for his wife, Estelle, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 6:00 a.m. on June 6th, 1962, by police.

Some time ago, but not in recent months, deceased had been under the care of Dr. Albert D. Corniea for an old heart condition. On the evening of June 5th, 1962, and during the night, deceased was very restless. Early in the morning on June 6th he awakened his wife because he was having difficulty in breathing. Police officers Storck and Svobodny of squad #551 and a Minneapolis General Hospital ambulance went to the scene in response to a call for assistance. A rescue squad arrived at 5:29 a.m. but efforts at resuscitation were unsuccessful. Dr. Brandt who was in attendance on the ambulance pronounced death.

WALTER HUGO SPANGBERG - continued

Examination of the body did not indicate that death was due to other than natural causes. Death, which apparently occurred at 5:25 a.m. on June 6th, 1962, was attributed to arteriosclerotic heart disease.

The remains were released directly from the premises to a mortician.

REMARKS

This case was reported to the Coroner's Office at 10:30 a.m. on June 6th, 1962, by police.

Deceased, who was retired, was last seen alive, it was reported, by his brother-in-law on June 1st, 1962.

Police officers Leo Peterson and Don Reynolds of squad #118 and deceased's brother-in-law mentioned above, Max Grossman, were at the scene when a deputy coroner arrived. Grossman stated he had not been able to reach deceased by phone. Upon investigation deceased was found dead at 10:00 a.m. on June 6th, 1962.

ARTHUR E. KAUFMAN - continued

The deputy coroner viewed the body of deceased, who was very obese, lying on his davenport, dressed in night clothes. The body was swollen and black and in an advanced stage of decomposition. There was no indication that death was due to other than natural causes and it was attributed to arteriosclerotic heart disease.

The remains were released from the premises to a funeral director.

REMARKS

This case was reported to the Coroner's Office at 12:30 p.m. on June 6th, 1962, by a daughter of deceased who lives in White Bear.

Deceased, it was reported, had a history of heart disease and had been under the care of his son who is a physician in Wahpeton, North Dakota.

At 10:00 a.m. on June 6th, 1962, deceased was found dead in bed by a neighbor who contacted the daughter. The daughter came from White Bear and at 12:30 p.m. notified the Coroner's Office.

ALFRED FUNDBERG - continued

Examination of the body by a deputy coroner did not indicate that death was due to other than natural causes and it was attributed to arteriosclerotic heart disease.

The body was released by the deputy coroner directly from the premises to a mortician.

REMARKS

This case was reported to the Coroner's Office at 9:40 a.m. on June 6th, 1962, by the Minneapolis General Hospital.

Deceased, it was reported, collapsed in the alley between 4th Street S. E. and University off East Hennepin and Central Avenues, while making deliveries for Fairmont Foods. He was taken to the hospital and admitted at 6:54 a.m. and expired a few hours later, at 9:00 a.m.

ROBERT E. WEINS - continued

The remains were taken to the Hennepin County Morgue where an autopsy was performed on the day of death. This revealed that death was due to acute occlusion of the right coronary artery due to severe coronary arteriosclerosis. There was also bilateral pulmonary congestion and edema, early congestion of the liver, bilateral congestion of the kidneys, and early aortic atherosclerosis.

Deceased is survived by his wife, Catherine A.; son, Robert E., Jr.; daughter, Mrs. Richard D. Jones; one grandaughter; mother, Mrs. Vern Johnson; sister, Mrs. Ray Close, all of Minneapolis.

REMARKS

This case was reported to the Coroner's Office on June 7th, 1962, at 12:55 p.m. by the North Memorial Hospital.

At 5:16 p.m. on June 6th, 1962, deceased, a pedestrian, ran between cars in the westbound lane on 36th Avenue North at Major Avenue - which were stopped for the traffic signal at Noble Avenue, into the path of a 1959 red and white Chevrolet station wagon bearing 1962 Minnesota license number 3X 9768 owned and operated by Paul Joseph Trombley, 46, of 6609 Wyoming North, Brooklyn Park, Minnesota, in the eastbound lane. Mr. Trombley stated he was unable to avoid striking the child. Crystal police officers R. Nelson and Dearil B. DePew were at the scene and investigated the accident and took the names of witnesses. The character of the roadway was dry and without defect. Skid marks at the scene measured 46½ feet, it was stated.

KATHY JEANNE MASON - continued

Deceased was taken from the scene of the accident with a head injury to the North Memorial Hospital and admitted at 5:30 p.m. that day, June 6th, 1962, and was under the care of Drs. Roger I. Lienke, W. C. Woyda, and L. A. Titrud. She expired the next day, June 7th, 1962, at 12:02 p.m.

The remains were taken to the Hennepin County Morgue where an autopsy was performed on the day of death. This revealed that death was due to cerebral hemorrhage and cerebral contusion due to fracture of skull. Fracture of the 11th rib, right, and rupture of the liver were contributing factors.

REMARKS

This case was reported to the Coroner's Office at 3:50 p.m. on June 7th, 1962, by police.

Deceased, it was reported, had a long history of heart trouble for which he had been hospitalized twice, most recently in the past several months. He had been taking anti-coagulants and was under the care of Dr. David Gold who was out of town at the time of his death. He went out to the garage the afternoon of June 7th, 1962, to start his car and collapsed, striking his face on the floor. A rescue squad and Minneapolis General Hospital ambulance went to the scene in response to a call for assistance. Dr. Bernard Cohen, the ambulance physician, pronounced death at 3:27 p.m.

EDWARD BERNSTEIN - continued

Police officers Shoemaker and Hanson of squad #441 were at the scene when a deputy coroner arrived.

The deputy coroner found deceased lying on his back in the garage. There was a small abrasion and dried blood on deceased's nose and blood on his right forearm. His face was plethoric. The body was warm and there was no rigor. There was no evidence of trauma other than the abrasion on deceased's nose. Death, which occurred at approximately 3:27 p.m., was attributed to arteriosclerotic heart disease.

The body was released by the deputy coroner directly from the premises to a mortician.

Deceased is survived by his wife, Gertrude; sons, Sheldon of Minneapolis and David of Pompano Beach, Florida; daughter, Mrs. Jack Kreamer of Minneapolis; brother, Aaron Bernstein of Montevideo, Uruguay; sister, Brinah of Riga, Latvia; and two grandchildren.

REMARKS

This case was reported to the Coroner's Office at 7:00 p.m. on June 7th, 1962, by Dr. Clinton Berg.

Deceased had been under Dr. Berg's care and the last time he had seen her, he said, was about nine months ago, at which time she was mildly hypertensive.

Today, June 7th, 1962, it was reported, deceased had a sudden onset of severe headache, became comatose, and collapsed in the yard of her home. Dr. Berg was called and upon his arrival he found her moribund with dilated pupils, no respiration, and feeble pulse. She expired shortly after his arrival, at 6:30 p.m. on June 7th, 1962.

JEANNE A. MILNOR - continued

The deputy coroner at the scene viewed the body and was told by deceased's husband that he desired that an autopsy be performed.

The remains were taken to the Hennepin County Morgue where an autopsy was performed the following day, June 8th, 1962. This revealed that death was due to massive subarachnoid hemorrhage due to rupture of internal carotid aneurysm, spontaneous. There was also bilateral pulmonary edema and congestion, early atherosclerosis of aorta, total colectomy with ileostomy, old left oophorectomy, and renal cortical thinning and pitting.

REMARKS

This case was reported to the Coroner's Office at 12:10 p.m. on June 8th, 1962, by the police.

According to Mr. Walter Smedberg of Baker Properties, Inc., deceased was an employee of the Otis Elevator Company at work in the engine house at the fifteenth floor level on installation of elevator machinery with a crew at the time of his death, 11:55 a.m. on June 8th, 1962. While hoisting some heavy machinery into place deceased was knocked from the plank platform where he was standing working when some piece of the machinery slipped and fell to the second floor level along with a heavy steel beam and a large double pulley which was part of the machinery being installed. At the second floor level deceased struck an upright 2"x4 fastened to an "A-frame" of a temporary wooden elevator platform and was impaled on it, and also struck an "A-frame" of metal supporting struts of this platform.

EUGENE ALVIN ANDERSON - continued

Police officers Roehl and Stahara of squad #117 were at the scene when a deputy coroner arrived.

On his arrival the deputy coroner found that the foreman of the crew of which deceased was a member had left the scene because of emotional shock, and the remaining crew were shaken and refused to talk about the accident.

The deputy coroner viewed the body of deceased, a young man clad in work clothing lying on his back on the floor in front of an open elevator shaft, the second from the Second Avenue end of the elevator bank at the above address. A 2 x 4 timber approximately 44 inches in length penetrated deceased's abdomen from the right lower portion upward to the left anterior portion at the costal margin. There was a large open wound of the left anterior chest wall at the level of the clavicle. The temporary elevator platform was broken to the rear center and the "A-frame" extending approximately 1½ feet above the surface of the platform was bloodied. In the pit of the elevator shaft was a large elevator pulley and a steel beam approximately 10 feet in length which had apparently fallen through the temporary elevator platform with considerable force as from a great height. There was also a left shoe which matched the right one remaining on deceased. Various tools, a crushed tool box, and an intact tool box were also in the pit of the shaft.

The split end of the 2x4 timber on which deceased was impaled, contained a stripped bolt protruding from the left upper anterior wound and the sawed end was protruding from the right lower abdomen with two nails from sides bent toward deceased. Much of deceased's khaki shirt was deeply in the left wound about the 2x4. After repeated inspection of the remains, the deputy coroner concluded that the 2x4 entered the body from the left upper abdomen and emerged through the right lower abdomen.

The remains were removed to the Hennepin County Morgue where an autopsy was performed on the day of death. This revealed extensive basal skull fractures and severe laceration of heart, liver, spleen, and crushing injury of chest with body impaled on a 2x4 timber due to a fall. The toxicologist's examination of deceased's blood was negative for alcohol.

According to Mr. Louis Hyatt of Otis Elevator Repair Company, deceased was hired on August 14, 1961, and examined by a Dr. Zaworski and found qualified without defect noted prior to his employment.

Except for his wife, Dee, the names of deceased's survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 1:30 p.m. on June 9th, 1962, by the police.

Deceased had a history of arteriosclerotic heart disease and congestive heart failure and had been hospitalized off and on during the past two years. He was under the care of Dr. Paul Linner, and on June 9th, 1962, it was reported, was seen by Dr. Freeman D. Kovack, an associate of Dr. Linner.

LEE PEARSON - continued

At 1:20 p.m. while walking through Elliot Park towards the baseball field deceased collapsed. A Mrs. Swedberg, an employee of Swedish Hospital, was in the park at the time and summoned assistance. Police officer Slattery of squad #1003 and a Minneapolis General Hospital ambulance responded. Dr. Seljeskog, the ambulance physician, pronounced the man dead. Death apparently occurred at 1:20 p.m. on June 9th, 1962.

Police officers Kovich and Nelson of squad #116 were at the scene when a deputy coroner arrived.

The deputy coroner viewed the body of deceased lying on the ground, warm, and without river. There was no indication that death was due to other than natural causes, and it was attributed to arteriosclerotic heart disease.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

REMARKS

This case was reported to the Coroner's Office at 7:35 p.m. on June 9th, 1962, by the Hennepin County Sheriff's radio.

Deceased, it was reported, was last seen alive on Tuesday, June 5th, 1962. She was found dead in bed at 7:00 p.m. on June 9th, 1962, by a Mr. Carl Jordan, who notified the Hennepin County Sheriff's office.

Officers Williams and Dressel of Orono were at the scene when a deputy coroner arrived.

ALMA MARIE SWENSON - continued

The deputy coroner viewed the body of deceased lying on her back in bed naked. Rigor had left the body. There was no indication that death was due to other than natural causes and it was attributed to arteriosclerotic heart disease and malnutrition.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Deceased is survived by a sister.

REMARKS

This case was reported to the Coroner's Office at 8:50 p.m. on June 9th, 1962 by the police.

Deceased, it was reported, was at the V. F. W. Post at 51st and Penn Avenue North on June 9th, 1962, when she collapsed and expired at 8:35 p.m. Police officers Lennert and Wassermann of squad #443 and a Minneapolis General Hospital ambulance came in response to a call for assistance. The ambulance physician stated deceased had already expired.

Deceased was not known to have been under the care of a physician for some time.

STELLA BROST - continued

Examination of the body did not indicate that death was due to other than natural causes and it was attributed to arteriosclerotic heart disease.

The deputy coroner on the case released the body from the premises to a funeral home.

Except for her husband, Stanley Brost, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 11:30 p.m. on June 9th, 1962, by her husband, Robert L. Hall.

Mr. Hall stated deceased had seen Dr. Carl A. Witham a year or more ago. Yesterday she complained of weakness and nausea. Today, June 9th, 1962, Mr. Hall saw her lie down to rest at 5:30 p.m. When he tried to awaken her at 10:30 p.m. he found that she had expired.

Police officers Haller and Huss of squad #330 were at the scene when a deputy coroner arrived.

MARY ANN HALL - continued

The deputy coroner at the scene viewed the body of deceased lying on her back on a daybed, cold and with 2+ rigor. There was no indication that death was due to other than natural causes and it was attributed to arteriosclerotic heart disease.

The remains were released directly from the premises to a funeral director.

Deceased is survived by her husband, Robert L.; daughter, Mrs. Mabel King of Minneapolis; son, Orville M. Jackson of St. Paul; two grandchildren; and a sister, Mrs. Clara Ast of Barniville, Wisconsin.

REMARKS

This case was reported to the Coroner's Office at 6:35 a.m. on June 10th, 1962 by the police.

At 6:16 a.m. on June 10th, 1962, it was reported, Mrs. Marlys Kenosha of 119 West 39th Street notified police that deceased had been found apparently dead in a car in front of 613 South Ninth Street. Detectives Kelly and CahillOf squad #701 and Kulseth and Peterson of squad #115 responded. A Minneapolis General Hospital ambulance was summoned. Dr. Harris, the physician in attendance on the ambulance which arrived at 6:30 a.m., confirmed death.

LAWRENCE HENRY JEFFERSON - continued

The deputy coroner at the scene found deceased in a crouched position on the floor in the rear of a 1954 Pontiac coach, dark blue over light blue, bearing a 1962 Minnesota license 4V2574, parked in front of 613 South Ninth Street. His feet were bent under him and his head and chest were on the rear seat.

The remains were taken to the Hennepin County Morgue, where an autopsy was performed later that day - June 10th, 1962. This revealed that death was due to right occipital hematoma due to right occipital skull fracture. There was also contusion to scalp, moderate coronary sclerosis, and fibrous pleuritis. The toxicologist's examination of a specimen of deceased's blood revealed 0.12% alcohol by weight.

It was stated by police that in checking the ownership of the car in which deceased was found, Frank Dickinson, the owner, of 3021 2nd Avenue South, informed them that deceased had attended a drinking party at 1306 South 7th Street the night of June 9th, 1962, and had become involved in an argument over a bottle of whisky and fell when he was struck a blow by a Jim McGraw.

Except for his wife, Doris, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 1:50 a.m. on June 11th, 1962, by the police.

At 1:35 a.m. on June 11th, 1962, Betty Ness, wife of deceased, had the attendant at a filling station at 14th and Lyndale Avenue North phone police for her. At the time of the call, Mrs. Ness stated, deceased was still breathing. Police officers Warner Sell and Paul Costello of squad #440 responded to the call to check for an ambulance because someone was hit with an axe. They were met on their arrival at the above address, 1502 Lyndale Avenue North, by Roy Craven, 66, father of Mrs. Ness, who told the officers he had killed his son-in-law with an axe because he was tired of deceased coming home late and beating his wife (Craven's daughter.)

Finding that deceased had no pulse, the officers called an ambulance and homicide squad #701, detectives Finn and Cahill, the Bureau of Identification, and the Coroner's Office. An ambulance physician confirmed death and Officer Boike of the Bureau of Identification took pictures.

The deputy coroner at the scene found deceased, a young man clad in blue overall trousers, green shirt and white socks, lying face down in a pool of partly coagulated blood with his left arm extended over his head and his right arm bent so that his hand was near his face and a pillow under his thighs. Both arms were very tatooed, especially the right arm. There was a large laceration of the scalp with underlying skull fracture. Posterior to and in line with the right leg of large laceration there was a smaller one. The left ear was mangled by another laceration. There was a laceration below and two lacerations above the left eye, laceration of right side of bridge of nose and laceration of lateral pole of right eyebrow. The body was without rigor and lying in the hall at the rear of the kitchen just past the door to the bathroom. Blood spattered both walls of the hall.

The remains were taken to the Hennepin County Morgue where an autopsy was performed later in the day - June 11th, 1962. This revealed that death was due to subdural and subarachnoid hemorrhage, traumatic, with cerebral contusion due to compound comminuted skull fracture. The toxicologist's examination of deceased's blood revealed 0.16% alcohol by weight.

Except for his wife, Betty, and six children aged 1 to 7, the names of survivors are not known to this office.

The six children were taken to the home of Mrs. Ness's sister at 1321 Dupont Avenue North, and Mrs. Ness and her father were taken to headquarters where they gave statements. It was reported that Mr. Craven had gone to the Ness home on the evening of June 10th, 1962, about 6:00 p.m. and had dinner with the family, then stayed on to baby-sit. Deceased and his wife had gone to the Plymouth Bar - but were not together - he was with other women. She stated that he was a heavy drinker and they had many bad arguments and at times he had beaten her. She returned home at 9:00 p.m. and he returned home shortly after 1:00 a.m. Meantime she had placed two kitchen knives in each of her bedroom doors to prevent deceased from entering when he returned home, but he pushed one of the doors in and began abusing her by name-calling. He made no actual threats to her but told her he hoped she'd choke. Her father, who had been sleeping on a couch in the livingroom, interfered and deceased said "You stay out of this. I'll get to you next." Her father ordered deceased out of the room and deceased left; then she heard them arguing in the kitchen and she closed her bedroom door. Minutes later her father came to the door and stated he had just killed Del.

Investigation revealed that deceased was a heavy drinker. Both his father-in-law and his wife stated that he used practically all of his wages for liquor and women. The phone call to police had come from the filling station because service had been disconnected due to non-payment, the gas had been shut off for ten days for lack of payment on a $100 bill and cooking was being done on a single burner hot plate. At times, it was stated, Mrs. Ness had had to get help from Welfare to feed the children and pay the rent.

The Hennepin County Grand Jury indicted Roy Craven on first degree manslaughter.

CORONER'S RECORD

Year 1962 — WILLIAM G. GUTHRIE, M. D., Coroner

MILLER-DAVIS CO., MINNEAPOLIS 41775

FULL NAME	FLOYD I. SAUTBINE	DATE OF DEATH	Fd. June 11th

		Social Security No.	
		Veteran	No

REMARKS

This case was reported to the Coroner's Office at 9:45 a.m. on June 11th, 1962, by the police.

Deceased was said to have been found at 9:40 a.m. on June 11th, 1962, lying face down, buttocks up, facing in a southeast direction floating between the piers at the fishing dock in Loring Park lagoon on the south side, by an unidentified person who called police. Police officers Reynolds and R. E. Johnson of squad #118 and detectives Blanch and R. Anderson of squad #701 responded. The body was removed from the water by the fire department rescue squad, assisted by police.

FLOYD I. SAUTBINE - continued

The deputy coroner at the scene found that rigor mortis was quite marked. There were no unusual marks on the exposed parts of deceased's body. Deceased, who had grayish hair that appeared to have been red at one time, was bareheaded and was clad in a maroon shirt with a dark check design, dark gray wash and wear slacks, black shoes with brownish white socks. His wallet contained identification belonging to Floyd Isaac Sautbine with an address of 122 East 14th Street, and $40.00, and there was $57.20 in his right trousers pocket.

The remains were taken to the Hennepin County Morgue where an autopsy was performed that day, June 11th, 1962. This revealed that death was due to asphyxia due to drowning.

Deceased is survived by a son, William of Richfield; daughter, Mrs. Luverne Landey (Carol) of Richfield; daughter, Mrs. Kenneth (Barbara) Johnson of Spring Lake Park; brothers, Todd of Walker and Marshall of St. Paul; sisters, Mrs. Velma Lash of Minneapolis and Mrs. Nell Sarff of Walker; and ten grandchildren.

REMARKS

This case was reported to the Coroner's Office at 1:25 p.m. on June 11th, 1962, by the police.

Deceased was found lying on the floor of room #410 at the Kenesaw Hotel by Myrtle Feldman, a maid, who notified police. Officers Cooper and Martinson of squad #119 and Krueger and Anderson of squad #701 responded. This was at 12:50 p.m. on June 11th, 1962.

The deputy coroner at the scene found deceased dressed in house clothes and lying on the carpeted floor. His face was ecchymotic and he had some blood around his nose and mouth and on the carpet at this area.

ELGIE ZIMMERMAN - continued

There was no sign of violence or any indication that death was due to other than natural causes. Many cigarette butts littered the room and it was said deceased had been ill lately.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Deceased is survived by his wife, Olive, of Minneapolis, and a son, Layton, of Minneota.

REMARKS

This case was reported to the Coroner's Office at 2:40 p.m. on June 11th, 1962, by the police.

Deceased had had a history of previous heart attacks, according to his broker, Clinton White. At the time of his death he was watching the stock board at the broker's establishment when he began to perspire profusely, and said he felt ill and wanted to lie down.

A Minneapolis General Hospital ambulance was summoned and Dr. Bandt, the attending physician, pronounced the man dead at 2:40 p.m. on June 11th, 1962.

GLEN E. PETTERS - continued

Police officers R. E. Johnson and Reynolds of squad #118 were at the scene when a deputy coroner arrived.

The deputy coroner examined the body of deceased lying on the tiled floor dressed in street clothes. Deceased, who was said to have been under the care of Dr. R. S. Ylvisaker, was very obese. There were no unusual marks on the body and no indication that death was due to other than natural causes. It was attributed to arteriosclerotic heart disease.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

The family of deceased did not wish to have an autopsy.

Deceased is survived by his wife, Beatrice; daughter, Mrs. Frank L. (Virginia) McDonald of Minneapolis; sister, Mrs. Alice Emerson of Rosemeade, California; and three grandchildren.

REMARKS

This case was reported to the Coroner's Office at 2:45 p.m. on June 11th, 1962, by police.

Deceased allegedly had been ill since Friday, June 8th, 1962, and had eaten very little until today, June 11th. Early in the afternoon he was sitting on a concrete advertising bench at a bus stop at Penn and Plymouth Avenues North, when he apparently collapsed and fell off the bench into the gutter in front of him. Police were notified and officers Millman and William Anderson of squad #441 responded and summoned a Minneapolis General Hospital ambulance. The fire department rescue squad was present and administering oxygen when the ambulance arrived. Dr. Beck, the attending physician, pronounced death at 2:43 p.m.

WILLIAM P. SHUSSIN - continued

The deputy coroner at the scene viewed the body lying about 75 feet from the intersection. Deceased was dressed in street clothes and had a bottle of anacin in his pocket.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Deceased's family refused an autopsy.

There was no indication that death was due to other than natural causes, and it was attributed to arteriosclerotic heart disease.

Except for his wife, Ida, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 10:15 p.m. on June 11th, 1962, by the police.

At 8:30 p.m. on June 11th, 1962, it was reported, John A. Anderson of 500 South 10th Street, a friend of ten years of deceased, went to her apartment when he was unable to reach her by phone. As there was no answer to his knock he obtained a pair of pliers from the clerk and they forced entry to her room and found deceased lying in bed. When he was unable to awaken her he called for an ambulance. A Minneapolis General Hospital ambulance physician pronounced death at 9:30 p.m.

Police officers Mattson and F. W. Johnson of squad #117 were at the scene when a deputy coroner arrived.

ELEANOR MARIE SAMPSON - continued

Deceased, it was stated, had been ill for several years and had been under the care of Dr. William Schulze.

Insurance policies and an unsigned undated note written on hotel stationery, allegedly in deceased's handwriting, were found on a table. The note listed three telephone numbers to be called in case anything happened to her, and stated that she wanted no funeral and no notices in the papers - she wanted just to be buried. The note also stated that she did not want Andy called or informed.

Deceased is survived by three sisters and two brothers. Millie Rengel, one of the sisters, was notified by Mr. Anderson and she appeared at the scene.

The remains were taken to the Hennepin County Morgue where an autopsy was performed on June 12th, 1962. This revealed that death was due to barbiturate poisoning. Moderately severe coronary atherosclerosis was also a contributing factor. There was also a small uterine myoma and a small gastric ulcer.

REMARKS

This case was reported to the Coroner's Office at 9:10 p.m. on June 12th, 1962, by the police.

Deceased, it was reported, had not been feeling well for some time. A Minneapolis General Hospital ambulance was called for him Sunday night, June 10th, 1962, but he refused attention. Tuesday evening, June 12th, 1962, a neighbor, a Mrs. King of 1520 Fifth Street South, called police because of the barking of deceased's dog. Police officers Dave Olson and Ray Merchant of squad #115 responded.

HARRY R. HANSON - continued

Deceased was found at 9:00 p.m. on June 12th, 1962, dead lying on the floor along side his bed dressed in long underwear. The condition of his person and his home was one of filth and neglect. In his billfold was a card releasing his remains to Washburn-McReavy Chapel and a receipt for a monument in Crystal Lake Cemetery.

Neighbors stated deceased was a recluse and no one knew much about him.

A deputy coroner viewed the body. There was no indication that death was due to other than natural causes and it was attributed to arteriosclerotic heart disease. Malnutrition and senility were contributing factors.

The remains were taken to the Hennepin County Morgue and later released to Washburn-McReavy Chapel.

There are no survivors known to this office.

REMARKS

This case was reported to the Coroner's Office at 8:15 a.m. on June 13th, 1962, by the Crystal police.

According to Charles Jungroth, owner of Pony Land Stables near Ryan's Resort at Bass Lake, apparently the deceased and a companion followed the ponies out to the stables on June 12th, 1962, and wanted to ride. No details are actually known as to how the accident occurred, but the deceased was said to have been thrown or to have fallen from one of the ponies. It was reported deceased said the pony kicked him after the fall. He was treated for a cut on his scalp by Dr. B. W. McLaughlin and taken home. The following morning, June 13th, 1962, at 7:00 a.m. he was found dead in bed.

LARRY RUSSELL CLARK - continued

The body was removed to the Hennepin County Morgue where an autopsy was performed the same day, June 13th, 1962. This revealed that death was due to epidural hematoma with cerebral compression due to depressed comminuted fracture middle fossa right side of skull. There was also dissolution of fundus of stomach, dissolution of left dome of diaphragm, gastric juice in left hemithorax, and congestion of the left lower lobe of the lung.

Except for his parents, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 11:35 a.m. on Wednesday, June 13th, 1962 by police.

Deceased, who was a sergeant with the 704th Detachment, U.S.A.F. Recruiting Service under commanding officer, Major F. R. Chew, was last on duty on Monday, June 11th, 1962, it was stated, and apparently was last seen alive by S/1C Floeschinger, 215 Federal Office Building, who is leaving at 2:00 a.m. on June 14th, 1962.

Deceased was found apparently dead at 10:24 a.m. on Wednesday, June 13th, 1962, by M/Sgt. Coleman, who had come to check on him. Police officers Hanninen and Nelson of squad #116 and a rescue squad responded to a call for assistance.

CHESTER W. WSZELAKI - continued

Present at the scene when a deputy coroner arrived were Major F. R. Chew and Major Allan D. Parliament of 104 Federal Building, U.S.A.F.; M/Sgt. Merlyn L. Coleman and Captain K. E. Ryan of 224 Federal Building, U.S.A.F; and James H. Storm, 20 - 10th Avenue S. E., of the Hennepin County Coroner's office.

The deputy coroner viewed the body of this middleaged man lying in bed with his head on the pillows. The body was cold and rigor mortis was diminishing. The corneas were dry and the eyeballs were soft. There was no indication of external cause of death and no indication of suicide.

The remains were removed to the Hennepin County Morgue where an autopsy was performed that day - June 13th, 1962. There were no gross findings and the pathologist deemed it advisable to await the results of a toxicological examination before determining the cause of death.

Toxicological examinations showed no demonstrable cause of death. A specimen of deceased's blood was negative for barbiturates and showed 0.05% alcohol by weight.

REMARKS

This case was reported to the Coroner's Office at 12:05 p.m. on June 13th, 1962, by the Minneapolis General Hospital.

On May 28th, 1962, about 2:30 or 3:30 p.m., deceased, it was reported, told a friend who had called on her that she had taken an overdose of sleeping pills. The friend thought at the time that the statement was made just to scare him and left, then called deceased's sister, Mrs. Leo C. Cahill of Minneapolis, requesting that she get right over to the apartment.

Mrs. Cahill had M. E. Fisher, the caretaker at the above address, let her into the locked apartment and they found deceased unconscious on the kitchen floor. Police were notified at 3:45 p.m and officers Nitt and Homstad responded. A fire department rescue squad and Minneapolis General Hospital ambulance also went to the scene. Deceased was taken by ambulance to the hospital that day and admitted with a diagnosis of ingestion of an unknown amount of tuinal.

LORRAINE A. GRUBICH - continued

Deceased was in a respirator at the hospital and seemed to make some response to treatment on May 29th, it was reported, but never regained consciousness and expired at 11:35 a.m. on June 13th, 1962.

The remains were taken to the Hennepin County Morgue where an autopsy was performed on the day of death. This revealed severe degeneration and autolysis of brain, right upper lobe lobar pneumonia, right lower lobe bronchopneumonia; bilateral pulmonary edema and congestion - mild, and very early coronary and aortic atherosclerosis. Death was attributed to anoxia due to barbiturate ingestion with cerebral destruction due to autolysis.

Deceased is survived by her parents, Mr. and Mrs. Charles G. Grubich; brothers, Leo N. of New Richland, and Bernard F. of Minneapolis; and Charles E. of St. Paul; sisters, Mrs. Bert Kinney of Pipestone, Mrs. Edward Kinney of Calamus, Iowa, and Mrs. Leo C. Cahill of Minneapolis.

REMARKS

This case was reported to the Coroner's Office at 4:45 p.m. on June 13th, 1962, by police.

On June 9th, 1962, a Mrs. Mahan from Carroll, Iowa, 1026 N. Main, phoned police that deceased had been missing for three or four days and that there was illness in the family. The same day a radiogram from the sheriff in Carroll, Iowa, asked Minneapolis police to assist in locating deceased, subject mental case. June 11th another radiogram from the Carroll, Iowa sheriff stated deceased had been located.

OSCAR PAUL MAHAN - continued

Deceased apparently came to Minneapolis on June 2nd, 1962 by air from Des Moines, Iowa, and stayed at the Dyckman Hotel until June 6th, 1962 when he registered at the Andrews Hotel as J. R. Fightner of Fort Madison, Iowa. According to the hotel management, at the time of his death he owed a bill of $47. Among his papers were a half ticket via bus to Rochester, Minnesota, a traffic summons dated May 18th, 1962 for faulty headlights for a car bearing Iowa license plates #14-7634, and a driver's license which bore the address 872 South Orient Street, Fairmont, Minnesota.

About 1:00 p.m. on June 13th, 1962, Robert Gersdorf, assistant manager of the hotel, called deceased in room 537 and was told that he was planning on checking out that day. At various times after this a maid attempted to enter the room to clean but found the door locked. About 4:00 p.m. Mr. Leslie F. Long, manager, and Mr. Gersdorf went up to the room but got no response from deceased, so they attempted to enter the room with a master passkey. The door was bolted from the inside so it was necessary for them to saw the bolt in order to enter the room. They found deceased apparently dead and notified police. This was at 4:25 p.m., June 13th, 1962. Police officers Johnson and Paisley of squad #117 responded.

Officers Johnson and Paisley, detectives Whelan and Blanche of squad #701, Mr. Long, the hotel manager, and Mr. Gersdorf were at the scene when a deputy coroner arrived.

The deputy coroner found deceased, a middleaged man clad in under shorts slumped in a sitting position in the northwest corner of room 537 with a black leather belt looped about his neck by means of the buckle, and the belt broken about six inches from deceased's neck. The remainder of the belt, which matched the noose, hung from a pipe near the ceiling. The glass from the bedside stand was on the bed. It appeared to be necessary for deceased to have stood on the bedside table. An empty whiskey bottle was found in the waste basket. Among deceased's effects was copy of a letter dated April 9, 1959 from a Dr. William S. Chalgren of Minneapolis to a doctor in Fairmont, Minnesota, describing a psychiatric evaluation.

Death was attributed to asphyxia due to hanging and classified a suicide.

The hotel manager stated employees had said deceased had been drinking heavily yesterday, though he did not appear to be drunk when he was spoken to today.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Except for his wife, Inez of Carroll, Iowa, and his father, James of Cape Girardeau, Missouri, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 8:10 p.m. on June 14th, 1962, by the Minneapolis General Hospital.

At 5:00 p.m. on June 14th, 1962, Richard L. Anderson, 36, of 4535 Snelling Avenue, Minneapolis, was driving his 1960 white Mercury bearing 1962 Minnesota license number 3K 2911 south on 45th Avenue south near 58th in the center of the street. It was stated he was inattentive because at the same time he was looking for homes for sale. Deceased, who was detracted by Mr. Anderson, and was riding his bicycle on the sidewalk on the east side of the street, also southbound, suddenly made a left turn off the sidewalk into the street in front of the Anderson vehicle and was struck. He was taken from the scene of the accident to the Minneapolis General Hospital and admitted at 5:34 p.m. He expired a short time later, at 6:15 p.m.

Police officers J. W. Shanahan and John R. Madson were at the scene of the accident and made an investigation.

STEVEN E. WIGGINS - continued

The body was removed to the Hennepin County Morgue, where an autopsy was performed on June 15th, 1962. This revealed that death was due to massive intraperitoneal hemorrhage due to complete severance through right lobe of liver.

REMARKS

This case was reported to the Coroner's Office at 7:00 a.m. on June 15th, 1962, by the police.

Apparently deceased was last seen alive the evening of Wednesday, June 13th, 1962, by Violet Jordal, who called police when she could get no response to knocking at his door the morning of June 15th. Police officers Falk and R. T. Peterson of squad #118 responded and found, at 6:40 a.m., that deceased had expired.

EVERETT JAMES CHESTER - continued

Deceased, it was reported, had ulcers but had continued to drink anyway and had apparently drunk to excess on Wednesday evening. In the past he had been treated at the Veterans' Hospital, allegedly for a World War I injury to his head.

Examination of the body by a deputy coroner did not indicate that death was due to other than natural causes, and it was attributed to arteriosclerotic heart disease.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Deceased is survived by a son, Donald C. Chester of Faribault, Minnesota, and daughters, Mrs. Elvin Olson of Medford, Minnesota and Ruth Godfrey of Dundas, Minnesota.

REMARKS

This case was reported to the Coroner's Office at 11:30 a.m. on June 15th, 1962, by police.

On the morning of June 15th, 1962, deceased was swimming in Cedar Lake with two companions. They were attempting to swim from the 24th Street point to the beach at Finn's point - about 700 feet - but deceased got into trouble about 25 feet from shore. He cried for help and Mark DuBoise of 4331 Irving Avenue North, John Kline of 5023 North Mississippi Court, and Robert Weldon of 3511 Aldrich Avenue North tried to assist him back to shore, but he probably struggled too much and they were unable to prevent his drowning.

Police officers DeLattre and Workcuff of park squad #1005 were at the scene.

RICHARD A. STAFFORD - continued

The deputy coroner at the scene viewed the body of deceased clad in swim trunks lying on the ground at the 28th Street point. The body was cold and pulseless.

The remains were removed to the Hennepin County Morgue and later released to a funeral director.

Deceased's father was satisfied that death was due to drowning and felt that an autopsy was unnecessary. Death, which occurred at about 10:50 a.m. on June 15th, 1962, was attributed to asphyxia due to drowning, an accident.

Deceased is survived by his parents; brother, Robert; sisters, Rosemary and Roxanne; and grandparents, Mrs. Clara Sepepupa and Asa and Katherine Stafford.

REMARKS

This case was reported to the Coroner's Office at 11:30 a.m. on June 16th, 1962, by the police.

Deceased, it was reported, had a history of hypertensive and arteriosclerotic heart disease dating back to 1956, and three or four years ago was under the care of Dr. D. B. Hulteng. At 11:20 a.m. on June 16th, 1962, deceased was found lying on the floor behind the employees' desk in the 601 Shop at Donaldson's by E. J. Rossi, the department manager. A Minneapolis General Hospital ambulance and police officers T. Dunn and Roehl of squad #117 came to the scene and Dr. Shapiro, the ambulance attendant, pronounced death.

CLIFFORD L. HAMMER - continued

The deputy coroner at the scene viewed the body of deceased, an obese, late middleaged man, lying on his back on the floor of the above location. There was no indication that death was due to other than natural causes.

The remains were removed to the Hennepin County Morgue and later released to a funeral director.

Mrs. Hammer, deceased's wife, stated she was satisfied that deceased had died of a cardiac condition, and that the previous evening he had pain in his arm from the elbow to the fingers.

Dr. Hulteng was contacted and he confirmed the history of hypertensive heart disease, which was severe.

Death, which apparently occurred at about 11:20 a.m. on June 16th, 1962, was attributed to hypertensive and arteriosclerotic heart disease.

Deceased is survived by his wife, Catherine; mother, Mrs. L. F. Hammer of Minneapolis; five brothers, Harold of St. Paul, Marcus of Waukegan, Illinois, Calmer, Ernest and Morris, all of Minneapolis; two sisters, Mrs. Clarence Larson of Minneapolis and Mrs. Warren W. Fisk of St. Paul.

REMARKS

This case was reported to the Coroner's Office at 1:20 p.m. on June 17th, 1962, by police.

Deceased, it was said, had a history of leg and hip fracture about five years ago and had been ill and crippled since that time and seldom left his room, though he was usually up and around in the early morning. When he wasn't seen or heard all morning, Mrs. E. Fraker, the caretaker, and Ruth Beach, of 1608 4th Avenue, a neighbor, went to check. Upon opening the door they saw him lying in bed and called police. Officers J. Dunn and Roehl of squad #117 responded, and they notified this office.

HARRY SHOSTED a/k/a HARRY SJOSTEDT - continued

The deputy coroner at the scene viewed the nude body of deceased lying in his bed covered with sheets and blankets. There was no indication that death was due to other than natural causes and it was attributed to arteriosclerotic heart disease. It was stated that deceased had last been seen alive yesterday, Saturday, June 16th, 1962, at 12:30 p.m.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

REMARKS

This case was reported to the Coroner's Office at 6:10 p.m. on June 17th, 1962, by the Rettinger Funeral Home.

Deceased, it was stated, had been under the care of Drs. Martinson and Olson of Wayzata for the past five years or more, and had been bedridden for the past four years; but had not been seen by a doctor since November of 1961. Rettinger Funeral Home was notified that deceased had expired at 10:00 a.m. on June 17th, 1962, and they removed the body then called the doctors who stated that they had not seen deceased for several months and this office was accordingly notified.

actually

ESTELLA P. MATHER - continued

Examination of the body did not indicate that death was due to other than natural causes. Drs. Martinson & Olsen had a working diagnosis of carcinoma of stomach, but they stated deceased and her family did not believe in surgery. Death, which occurred at 10:00 a.m. on June 17th, 1962, was attributed to carcinoma of stomach with metastases.

REMARKS

This case was reported to the Coroner's Office at 3:35 a.m. on June 18th, 1962, by police.

Deceased expired at home in bed at 3:23 a.m. on June 18th, 1962. His wife stated she was awakened when he coughed and gasped for air. A Minneapolis General Hospital ambulance was called and Dr. Cohen, the ambulance physician, pronounced the man dead.

Police officers Almen and Fiega of squad #221 were at the scene.

FREDERICK H. WESTOVER - continued

Examination of the body did not indicate that death was due to other than natural causes, and it was attributed to arteriosclerotic heart disease.

The deputy coroner on the case released the body directly from the premises to a funeral director.

REMARKS

This case was reported to the Coroner's Office at 6:45 p.m. on June 18th, 1962, by police.

Because she had fallen out of bed, Bert Drugge of 2021 Stevens Avenue was called by deceased's roommate, Mary Clapp, about 2:30 or 3:00 p.m. on June 18th, 1962, to help put her back to bed. Both girls had been drinking heavily, he said. Later, about 6:10 p.m. as he was working on his car in the driveway alongside their apartment, he heard a moan and went in to see whether the girls were all right, and found deceased lying on the floor again. He felt for a pulse but could find none and called for an ambulance. Dr. Elliott, the Minneapolis General Hospital ambulance physician, pronounced death at 6:30 p.m.

Police officers William Dunstone and John Emrick of squad #118 and Finn and Hyvare of squad #701 were at the scene when a deputy coroner arrived.

DOROTHY MAE LEWIS - continued

The deputy coroner examined the body of deceased, a somewhat obese middleaged woman, clad in a blue tee shirt only, lying on her back on the floor at the foot of the bed. On the counter in the kitchen a medicine bottle labeled ferrous sulfate containing approximately 24 .25 mg. thorazine tablets and another prescription bottle, RX 08522 issued by the University of Minnesota Hospitals for a Sarah Zierath labeled darvon compound filled with .25 mg. thorazine tablets. In a medicine cabinet on the wall in the kitchen were numerous University of Minnesota Hospitals prescriptions bottles, all prescribed for different people, containing more attractive drugs and some mixtures. One bottle, unlabeled, contained white tablets of two sizes which appeared to be codein.

Mary Clapp, the roommate, who seemed very vague, said she had known deceased approximately three years and had lived at the above address for approximately a year and a half. She said deceased worked as an aide at the University of Minnesota Hospitals, was an alcoholic, and formerly a patient at Glenwood Hills Hospital and at Willmar State Hospital. She said deceased had started to drink on June 15th, Friday, and had been drinking since except for yesterday afternoon. Today, Monday, June 18th, deceased started taking thorazine for her nerves. Mary said she didn't know when deceased got up from bed this afternoon as she was lying down too.

The remains were taken to the Hennepin County Morgue where an autopsy was performed on June 19th. This revealed bilateral pulmonary edema and congestion, minimal coronary atherosclerosis, minimal aortic atherosclerosis, cystic fallopian tube, and bilateral cystic ovaries. The toxicologist's examination of a specimen of deceased's blood revealed 0.19% alcohol by weight. Death was attributed to pulmonary congestion and edema due to acute alcoholism and possible thorazine intoxication.

Except for a brother, Lawrence Lewis of Lewiston, Minnesota, mentioned by the roommate, Mary Clapp, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 8:00 a.m. on June 19th, 1962, by a Mrs. Hannah Berge of the above address, the landlady.

Deceased, it was reported, had lived at this address for about six years. He had complained of pain in his side for some time but would not see a doctor. This morning he talked to his roommate, P. L. Peterson, at 7:00 a.m. and at that time made no complaints. At 7:30 a.m. deceased went to the bathroom and collapsed to the floor. The people downstairs heard a thud and Mrs. Berge investigated. Deceased was lying face down on the bathroom floor. He was lifted onto his bed but he had already expired.

NELS GOTHE - continued

Police officers Benson and Buchar of squad #550 were at the scene when a deputy coroner arrived.

Deceased was found lying on his bed in pajamas and shirt, on his back. The body was warm and there was no rigor. The deputy coroner examined the body and found no indication that death was due to other than natural causes and it was attributed to arteriosclerotic heart disease.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Except for a son, Elmo, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 4:15 p.m. on June 19th, 1962, by Dr. Albert H. Walonick.

Deceased was to be taken to see Dr. Albert J. Schroeder in the Southdale Medical Building. At 3:45 p.m. his mother found the baby in bed apparently dead and rushed him to Dr. Walonick's office, where he was pronounced dead on arrival.

The remains were removed to the Hennepin County Morgue.

BRADLEY WILLIAM WOID - continued

Dr. Schroeder, who is a pediatrician, stated that he had cared for deceased since birth. The baby always had a feeding problem, with vomiting and regurgitation, and a pyloric obstruction was suspected. On his last visit to the doctor's office, the baby's weight was 8 pounds 2 ounces. At the time of his death, his weight was 6 pounds.

An autopsy was performed at the morgue on June 20th, 1962. This revealed that death, which occurred at about 3:45 p.m. June 19th, 1962, was due to malnutrition and dehydration due to pyloric stenosis.

Except for his parents, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 6:55 p.m. on June 19th, 1962, by police.

According to his family deceased had not been seen by a doctor during the past fifteen years. Previous to that time he had been under the care of Dr. Phillip Gordon. He had been pulling weeds the evening of June 19th, 1962, came into the house, sat down to watch television and collapsed in his chair at 6:48 p.m. Police officers Ignatowicz and Mruz of squad #222 and a Minneapolis General Hospital ambulance came in response to a call for assistance. Dr. Nicholas, the ambulance physician, pronounced the man dead.

HERMAN S. NELSON - continued

Examination of the body did not indicate that death was due to other than natural causes and it was attributed to arteriosclerotic heart disease.

The remains were released directly from the premises by the deputy coroner on the case to a funeral director.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 2:50 p.m. on June 20th, 1962, by the police.

Deceased, it was reported, was separated from his wife who resides at Buffalo Lake, Minnesota, and he occupied a one room apartment at the above address. Mr. Roy McCormick, caretaker of the building, was asked on the afternoon of June 20th, 1962, to check on deceased by a friend in St. Paul who had been unable to reach him by phone. At 2:40 p.m. Mr. McCormick found deceased lying on the floor of his apartment in an unresponsive condition and notified police. Officers Roehl and Mahoney of squad #117 responded and they notified this office.

WYMAN L. TOWNSEND - continued

The deputy coroner at the scene viewed the body of deceased clad in a bathrobe on the floor of his apartment. Examination of the body did not reveal any indication that death was due to other than natural causes, and it was attributed to arteriosclerotic heart disease.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Deceased is survived by his wife mentioned above and a son, Lym, of Billings, Montana. Names of other survivors, if any, are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 8:55 a.m. on June 21st, 1962, by police.

Deceased had a long history of heart disease, allegedly rheumatic heart due to rheumatic fever as an infant. He had been released from a hospital three weeks ago. This hospitalization, at Abbott Hospital, was for influenza under the care of Dr. D. P. Head.

HAROLD F. VIRCHOW - continued

At 8:30 a.m. on June 21st, 1962, deceased, who had gone to the restaurant at 3031 Fourth Street North with his cousin, Edward Willey, for coffee, fell forward onto the counter and expired. Police were notified and officers Frazier and Witt of squad #861 responded and they summoned the Minneapolis General Hospital ambulance that arrived. Meanwhile, Dr. W. F. Widen of the Bloomington Clinic pronounced the man dead.

The deputy coroner at the scene viewed the body of deceased clad in house clothes lying on the floor of the restaurant where he had been placed. There was no indication that death was due to other than natural causes and it was attributed to rheumatic heart disease. Death occurred at 8:30 a.m. on June 21st, 1962.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Except for his wife, Linda, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 1:50 p.m. on June 21st, 1962, by the Hennepin County Sheriff's Office.

Deceased, it was reported, had a history of heart disease and had been under the care of a Dr. Telzer of Pequot Lakes who had seen her last week. At the time of her death deceased was staying with a daughter, Mrs. Mildred Rush, at Woodland Court. At 1:30 p.m. on June 21st, 1962, it was stated, Mrs. Rush heard her mother gasp and thought she had expired so she notified police. Officer Falkert of the Minnetonka police responded.

MARY A. NELSON - continued

Examination of the body by a deputy coroner did not indicate that death was due to other than natural causes. Death, which occurred at 1:30 p.m. on June 21st, 1962, was attributed to arteriosclerotic heart disease.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Except for the daughter previously mentioned, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 8:05 a.m. on June 22nd, 1962, by the Minneapolis General Hospital.

Deceased had a history of care at the Minneapolis General Hospital. In February of 1961 she was admitted to the hospital with a severe hypertensive cardiovascular disease. During this hospitalization a hysterectomy was performed. She was admitted to the hospital again at 6:38 a.m. on June 22nd, 1962, under the care of Dr. Hyde, who diagnosed the case as congested lungs and heart trouble with hypertension. Deceased expired about an hour later, at 7:35 a.m., June 22nd, 1962.

MARY LOUISE BOULTON - continued

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Dr. Hyde reported to the deputy coroner making the investigation that deceased was conscious on her admission to the hospital and there was no indication that she had become ill from other than natural causes.

Examination of the body did not indicate that death was due to other than natural causes, and death, which occurred at 7:35 a.m. on June 22nd, 1962, was attributed to congestive heart failure due to hypertensive cardiovascular disease.

Deceased is survived by a son, Ivan J. Boulton of Wayzata, and five grandchildren.

REMARKS

This case was reported to the Coroner's Office at 3:15 p.m. on June 22nd, 1962, by police.

Arthur Zimmer, a friend, stated he saw deceased in bed when he left for work the morning of June 22nd, 1962. When he returned at 2:30 p.m. deceased was still in bed and obviously had expired. According to Zimmer deceased had been drinking wine considerably the previous day. He allegedly had had care at the Minneapolis General Hospital for a long time and was separated from his wife, Louise, who resides at 512 17th Avenue North.

Police officers D. Hanson and Stiras of squad #440 were at the scene when a deputy coroner arrived.

HERMAN W. KRANZ - continued

The deputy coroner at the scene examined the body of deceased, an elderly man dressed in house clothes, lying in bed on his left side in the position of sleep and in rigor mortis. There was no indication that death was due to other than natural causes, and it was attributed to arteriosclerotic heart disease.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Except for a sister, Effie Troupe, and his wife, Louise, previously mentioned, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 8:25 p.m. on June 22nd, 1962, by the Methodist Hospital.

Deceased, it was reported, had been under the care of Dr. Harold Wahlquist for some time. At 9:25 a.m. on June 18th, 1962, he was found lying on the cement driveway where he had either jumped or fallen from a second story bedroom window about 9:20 a.m. that day. A neighbor, Mrs. Hazel Wentzel of 3466 Harriet, Apartment 3, notified police and officer Benon responded. It appeared that deceased had cut his wrist and then climbed onto a chair and pushed out the screen and jumped from the second floor to the sidewalk below.

OSCAR W. HAWKINSON - continued

Deceased was taken from the scene to the Minneapolis General Hospital. Except for the slashed left wrist, there were no significant injuries except multiple contusions, and deceased was transferred to Methodist Hospital under Dr. Wahlquist's care. Deceased was febrile on admission and was found to have compression fractures of two lumbar vertebrae. He became febrile again on June 20th, 1962, was confused and disoriented throughout hospitalization, and was slightly uremic. He expired at 7:15 p.m. on June 22nd, 1962.

At autopsy was performed at Methodist Hospital on the day of death. This revealed that death was due to bronchopneumonia due to compression fracture of first and fourth lumbar vertebrae, cerebral arteriosclerosis with chronic brain syndrome, arteriosclerotic heart disease, and slashed wrist, and it was ruled a suicide.

Except for his wife, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 1:35 a.m. on June 24th, 1962, by the University Hospitals.

Deceased was admitted to the University Hospitals at 11:10 p.m. on June 23rd, 1962, from the scene of an accident, and expired in the operating room a short time later, at 12:45 a.m. on June 24th, 1962.

JOHN PATRICK DUNN - continued

At the time of the accident, which occurred at 10:00 p.m. on Saturday, June 23rd, 1962, at the north intersection of 92nd and 50th Avenue N. E., Columbia Heights, deceased, it was reported, was a pedestrian in the street. Two cars swerved to miss him and the third, a 1961 Pontiac 4-door sedan bearing 1962 Minnesota license 3S6584, owned by Richard A. Heyen, 6613 W. 16th, St. Louis Park, and being driven by Richard H. Heyen, 16, of the same address, struck him. The passengers of a fourth car, Alice Anderson, RFD 5, Stillwater, Minnesota, and Mr. and Mrs. Henry Mossey of 1114 - 63rd Ave. N. E., Minneapolis, did not feel that the driver was to blame.

Deceased had no identification at the time of the accident and was later identified through fingerprints by the Federal Bureau of Investigation, Washington, D. C., file #6NMR-GG.

The remains were removed to the Hennepin County Morgue, where an autopsy was performed on June 26th, 1962. This revealed that death was due to subarachnoid hemorrhage base of brain with brain contusions and shock from comminuted pelvic and long bone fractures. There was also minimal coronary sclerosis, bilateral pulmonary atelectasis and minimal congestion, minimal congestion of liver and dwarf left kidney.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 12:10 p.m. on June 24th, 1962, by the Methodist Hospital.

Deceased, it was reported, was found in an unresponsive condition by his mother at 10:30 a.m. on June 24th, 1962, and was rushed by the Bloomington police to the Methodist Hospital in St. Louis Park, where he was pronounced dead on arrival.

The baby had been under the care of a Dr. Lund of the St. Louis Park Medical Center and it was stated that he had previously been in good health, which was verified by the doctor.

JOSEPH PATRICK BORK - continued

The remains were taken to the Hennepin County Morgue, where an autopsy was performed on June 25th, 1962. This revealed that death, which apparently occurred at about 11:05 a.m. on June 24th, was due to pulmonary edema and congestion of unknown etiology.

Except for the parents, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 1:00 p.m. on June 24th, 1962, by the Minneapolis General Hospital.

Deceased was admitted to the hospital on June 18th, 1962, where internal fixation was done for a fractured right femur which was sufferred from a fall at the Oak Terrace Nursing Home on June 16th. He expired at 12:15 p.m. on June 24th, 1962.

ALBERT FOLEY - continued

The remains were taken to the Hennepin County Morgue, where an autopsy was performed on June 25th, 1962. This revealed that death was due to thrombosis of the right coronary artery with myocardial fibrosis due to coronary arteriosclerosis. Intertrochanteric fracture of the right femur was a contributing factor.

Deceased is survived by a daughter, Mrs. James (Lou Ella) Azone of 1922 Stinson Boulevard, Minneapolis; a son, Ancel of California; three grandchildren; and eight great-grandchildren.

REMARKS

This case was reported to the Coroner's Office at 6:10 p.m. on June 24th, 1962, by the North Memorial Hospital.

Deceased was involved in a two-car head-on collision at Highway 169 and 105th Avenue North, Brooklyn Park, at 4:10 p.m. on Sunday, June 24th, 1962. According to the reports, deceased was driving her 1955 blue Ford two-door bearing 1962 Minnesota license 3T2574 west and south on highway #169 and making the curve in a southerly direction when her car swerved to the left over the center line in the path of a 1961 brown Chevrolet station wagon bearing 1962 Minnesota license MF 4638, owned and being driven by Albert Bergstein, 66, of 2711 Golden Valley Road.

JENNIE F. CAVILLIA - continued

Chief Harry T. Robertson and Officer George W. Ayshford of the Brooklyn Park police went to the scene and investigated the accident.

The weather was clear and the roadway was dry and had no defects. It was daylight in open country.

Deceased was taken from the scene of the accident to the North Memorial Hospital in Robbinsdale, where she was pronounced dead on arrival, at 5:00 p.m. June 24th, 1962.

The remains were taken to the Hennepin County Morgue, where an autopsy was performed on June 25th, 1962. This revealed that death was due to brain stem and subarachnoid hemorrhage with brain lacerations due to complete transverse basal skull fracture. Severe crushing injury of chest, upper portion, was a contributing factor.

REMARKS

This case was reported to the Coroner's Office at 8:15 a.m. on June 25th, 1962, by the North Memorial Hospital.

According to his mother, deceased became ill with a head cold that later settled in his chest about seven days prior to his death. He had been under the care of Dr. Frank Rice, who last attended him about June 19th, 1962. At that time the baby was given a penicillin injection, but he did not seem to improve much. Feeding became a problem because he tended to choke easily, so his mother continued to give him just milk.

MICHAL ALLAN FAST - continued

Early the morning of June 25th the child was found unresponsive in his crib and was taken to North Memorial Hospital where he was pronounced dead on arrival by a staff physician at 7:15 a.m. The parents stated that to their knowledge the baby had not regurgitated his feeding.

The remains were taken to the Hennepin County Morgue where an autopsy was performed on the date of death - June 25th, 1962. This revealed that death was due to pulmonary edema and congestion.

Except for his parents, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 9:00 a.m. on June 25th, 1962, by the Bloomington police.

Deceased was driving his 1958 Ford two-door sedan east on state highway #494 at 8:25 a.m. on June 25th, 1962, directly into the sun - into a Minnesota State Highway truck bearing tax exempt license plates K 718 which was parked on the left shoulder with a part of the truck extending about 3 feet onto the left lane of the highway. Duanne Herman Butterfass, 25, of 1800 Dakota Avenue South, was seated behind the wheel of the truck at the time of the accident. The truck was pushed forward about 64 feet when it was struck from the rear by deceased's car, and the truck's rear wheels were broken loose from the truck frame.

ROBERT WILLIAM KING - continued

Police officer Thompson of Bloomington and Sgt. Wright, also of Bloomington, and Officers Martin, Webster, and Paulus of the highway patrol were at the scene when a deputy coroner arrived.

Deceased was lying dead behind the steering wheel of his car. He appeared to have multiple facial lacerations and multiple fractures of his extremities. The roof of his car was pushed down forcibly into his face and head. The entire front end of the car was demolished.

The remains were taken to the Hennepin County Morgue, where an autopsy was performed on the date of death. This revealed that death was due to massive subarachnoid hemorrhage with severe brain laceration due to extensive transverse basal skull fracture. Crushing injury of chest and multiple long bone fractures were contributing factors. Death apparently occurred at 8:35 a.m. on June 25th, 1962.

The toxicologist's examination of a specimen of deceased's blood was negative for alcohol.

REMARKS

This case was reported to the Coroner's Office at 2:20 p.m. on June 25th, 1962, by police.

Deceased, it was reported, was found at 1:55 p.m. in an unresponsive condition on the floor of the men's locker room in the first basement of the Radisson Hotel by a fellow-employee, Wasyl Schulenko. The company nurse, Donna Reichmuth, summoned the rescue squad and a Minneapolis General Hospital ambulance and attempted resuscitation without results. Dr. Shapiro, the hospital ambulance physician, pronounced death at 2:15 p.m.

Police officers Eck and Stahura of squad #118 were at the scene when a deputy coroner arrived.

HENRY FRUCHTMAN - continued

Deceased was dressed in indoor clothes and lying on the concrete floor. The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Deceased had two sons, Robert B. and Stanley A., both physicians, who stated their father had had definite anginal attacks and had been taking nitroglycerine, and because of this condition they were opposed to an autopsy.

Death, which apparently occurred at 2:15 p.m. on June 25th, 1962, was attributed to arterio-sclerotic heart disease.

Except for his wife, Ann, and the sons, Robert and Stanley, mentioned above, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 6:50 p.m. on June 25th, 1962, by the Crystal Village police.

The parents of deceased had left her in the car in the parking lot sucking on a bottle of milk while they were shopping at the Lucky Dollar. When they returned to the car they found deceased had apparently regurgitated and had strangled on the vomitus due to aspiration. A doctor from North Memorial Hospital emergency room came to the scene to pronounce death at 6:30 p.m., June 25th, 1962.

LINDA MARIE BUECHLER - continued

Crystal and Robbinsdale police officers - Kostanos, Cook, Thurman and Depew - were at the scene when a deputy coroner arrived.

Deceased was lying on the asphalt parking lot south of the Lucky Dollar grocery store. There were some secretions around her nose and mouth. Some ecchymosis of the lobe of the left ear was noted.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Deceased's father was opposed to an autopsy.

Except for her parents, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 7:45 p.m. on June 25th, 1962, by the Golden Valley police.

At 7:00 p.m. on June 25th, 1962, deceased collapsed and expired while mowing the lawn at his home.

Officer Levens of the Golden Valley police was at the scene when a deputy coroner arrived.

JOHN C. BERGMAN, SR. - continued

The deputy coroner on the case viewed the body of deceased lying on the lawn dressed in shorts and trousers. There was no indication that death was due to other than natural causes.

It was stated deceased had been treated six weeks ago by Dr. John Kelley for a foot infection and in December of 1961 had had an electrocardiogram at the Veterans Hospital, which revealed no heart damage at that time.

It was reported deceased had recently had frequent attacks of "indigestion" which were believed to be due to a duodenal ulcer.

Death was attributed to arteriosclerotic heart disease and the remains were released from the premises to a funeral director.

Deceased is survived by his wife, Helen; son, John, Jr.; daughters, Mary Kathleen, Jane Anne, Ellen Marie, all of Golden Valley; sisters, Sister Appoldoinia, C.S.J., St. Lawrence Convent, Minneapolis, Mrs. Roy Morgan, Mrs. Ray Gander, Miss Anne Bergman of St. Paul, Mrs. Ed Micklas of West St. Paul.

REMARKS

This case was reported to the Coroner's Office at 11:00 p.m. on June 25th, 1962, by Brooklyn Center police.

Deceased, it was reported, had had measles and on June 25th, 1962 was running a temperature of 104°. He became unresponsive and his foster father, Verland Adams of the above address, brought him to the Brooklyn Center police station where firemen and police attempted mouth to mouth resuscitation without avail.

FRANK MAURICE ROUNDSVILIE - continued

The remains were taken to the Hennepin County Morgue where an autopsy was performed the following day, June 26th, 1962. This revealed that death, which occurred at 10:30 p.m. on June 25th, was due to bilateral confluent bronchial pneumonia.

REMARKS

This case was reported to the Coroner's Office at 8:05 a.m. on June 25th, 1962, by the Minneapolis General Hospital.

Deceased was under the care of Dr. A. J. Meyer, 4749 Chicago, in the past, and had a history of numerous strokes and falling often. On June 21st, 1962, deceased fell in the livingroom at home and sustained a fractured left hip. Dr. Meyer, whom he had last seen in 1960, was not available at the time and deceased's sister, with whom he lived, called police. A rescue squad and the Minneapolis General Hospital responded and deceased was taken by ambulance to the hospital and admitted. No surgery was done because of deceased's poor physical condition and he expired at 7:35 a.m. on June 25th, 1962.

HERMAN JEDDELOH - continued

Deceased's sister was opposed to an autopsy.

Death was attributed to cerebrovascular accident, spontaneous, due to generalized arteriosclerosis.

REMARKS

This case was reported to the Coroner's Office at 12:10 a.m. on June 26th, 1962, by the Minneapolis General Hospital.

Deceased was the pilot of a private plane, a Bonanza Aircraft #521, that crashed at 1:39 p.m. on June 25th, 1962, shortly after take-off from Wold-Chamberlain Airport when it lost its propeller. The plane came to rest northwest of the Veterans Hospital buildings on Government property and there was no fire. Two passing motorists removed deceased from the plane, navy medics administered first aid, and deceased was taken to the Minneapolis General Hospital where he expired at 10:45 p.m. that night.

RICHARD R. TRIPP - continued

The remains were taken to the Hennepin County Morgue, where an autopsy was performed on June 26th, 1962. This revealed that death was due to severe pulmonary hemorrhage, bilateral, due to crushing injury of chest; flail chest. Fracture of right tibia and right humerus and contusion of myocardium of the left ventricle were contributing factors.

Except for his wife, Ruth, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 12:50 p.m. on June 25th, 1962, by police.

Deceased, who had a history of cardiac illness and had been under the care of Dr. Charles Bloom, had resided at the Claremar Nursing Home since April 25, 1961. At 11:30 a.m. on June 25th, 1962, while being bathed by Mrs. Gladys Haversack, deceased stopped breathing. Police were notified and officers Bouchard and R. Dunn and a Minneapolis General Hospital ambulance were sent to the scene. Dr. Beck, the ambulance physician, pronounced death.

EDWARD LAMME - continued

Examination of the body did not indicate that death was due to other than natural causes and it was attributed to arteriosclerotic heart disease.

The remains were released from the premises by a deputy coroner to a funeral director.

REMARKS

This case was reported to the Coroner's Office at 11:55 a.m. on June 26th, 1962, by police.

The deceased was sitting in a highchair unattended for a short while and appeared lifeless when her mother returned to the room about 11:30 a.m. on June 26th, 1962. Apparently the child had slid partially out of the highchair, catching her chin and neck on the highchair tray. The mother called police and then attempted resuscitation.

Police officers Millman and Brademan of squad #441, a rescue squad, and a North Memorial Hospital ambulance were sent to the scene. Dr. Cruz, the ambulance physician, pronounced death.

BARBARA JO BUBOLTZ - continued

The remains were taken to the Hennepin County Morgue where an autopsy was performed on the day of death. Death was attributed to asphyxia due to strangulation and occurred at approximately 11:30 a.m. on June 26th, 1962.

Except for her parents, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 6:20 p.m. on June 26th, 1962, by police.

Deceased was found dead in bed by the caretaker of the building at 6:00 p.m. on June 26th, 1962 when he checked the room. The door was locked and there was no response to knocking so the caretaker opened the door with a key. Police were called and officers Underwood and Lundquist of squad #440 responded and notified this office.

JULIAN A. DAHL - continued

The deputy coroner at the scene viewed the body of deceased which was fully clothed and lying on his back on the bed with his feet on the floor. Rigor mortis had nearly left the body, and there was no evidence of trauma. There were empty beer bottles in the closet and one red capsule resembling seconal in a medicine bottle on a bedside table.

The remains were taken to the Hennepin County Morgue where an autopsy was performed the following day, June 27th, 1962. The toxicologist's analysis of deceased's blood was negative for alcohol and barbiturates. Death was attributed to pulmonary congestion and edema due to fatty metamorphosis of the liver.

Except for a brother, Marvin, of Ellendale, North Dakota, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 8:10 p.m. on June 26th, 1962, by police.

Dorothy Varsnick, 24, and Helen Ronning, both of 32 Spruce Place, sister and cousin, respectively, of deceased who was a waitress at The Flame Cafe, and Angannjeanette Jacobson, 1005 13th Ave. S., who was also a waitress at The Flame, went to her apartment the night of June 26th, 1962 as they had been unable to contact her all day. At 7:45 p.m. that night Dorothy, it was reported, went up to the apartment alone, the others remaining in the car, - entered the apartment with her key and found her sister dead on the bed in the bedroom then went downstairs and called the other two girls.

JOYCE I. TRUE - continued

The girls attempted to call police from deceased's apartment but found that the phone had been jerked away from the wall and lay across the bedroom from the phone wires in a box of clothing. One of the girls called police from downstairs and officers Hendricks and Johnson responded. They were later joined by officers D. McNamara and Swanson. Detectives Hyvare and Cahill of #701 also made an investigation.

Deceased, it was reported, had been drinking heavily on the evening of June 25th and early morning of June 26th at the cafe where she was employed. She was having trouble with her two boy-friends, Donald Hagen, the bartender, and a truck driver named Andy Kuyper, and was said to have thrown a drink in the face of Kuyper and walked out extremely angry and probably drunk. When Donald Hagen was unable to gain entrance to her apartment at 2:00 a.m. on June 26th, he said, he called her by phone. Questioning of neighbors downstairs substantiated Hagen's story. The neighbors stated they had heard deceased screaming over the phone, that about an hour later Hagen had come again, knocked on the door and said "Let me in, Honey," but did not get into the apartment. They had heard what sounded like very loud snoring. During the day (June 26th) they had seen Hagen come over a couple of times, knock on the door and call to deceased to let him in, then he had gone across the street to use the phone in a phone booth, and while he was in the phone booth they could hear nothing upstairs.

It was reported that deceased drank heavily on her off days, was highly emotional, had some problems and had been very despondent lately because of her divorce. When questioned, Hagen had informed police that the death weapon had been given to deceased as a gift by Andy Kuyper. Kuyper underwent a polygraph test at the University of Minnesota on July 2nd, 1962, which cleared him of implication and verified the statements he had made to police.

The deputy coroner at the scene found deceased lying on her back on her bed, fully clothed, with a .22 revolver in her right hand with the muzzle at her temple and the holster in her left hand. There was rigor mortis and dependent rubor. There was a small amount of bloody material running from her nose and on the bedspread. There was a wound of entrance at the right temple and no wound of exit. Only the edges of the entrance wound showed powder burns. There was no indication of violence except that the phone had been torn loose. It was stated all doors to the apartment had been locked.

The deputy coroner released deceased's personal effects to her sister, Dorothy Varsnick, and the .22 revolver, Japanese make EIG - #487053, blue steel with white grips, holster and six shells - one expended, were taken by police.

Deceased's body was taken to the Hennepin County Morgue where an autopsy was performed on June 27th, 1962. Death, due to gunshot wound of head, was classified a suicide.

Except for her sister previously mentioned, the names of deceased's survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 6:15 a.m. on June 27th, 1962, by police.

Deceased had a history of a heart condition for which he was being treated at the Minneapolis General Hospital. At about 5:45 a.m. on June 27th, 1962, he was at work in the kitchen with his employer, Heinz Poehl, when he walked across the room to get a drink of water and collapsed and expired. Police officers Cecil and Holden of squad #331 and a Minneapolis General Hospital ambulance went to the scene and Dr. Moeller, the ambulance physician, pronounced death.

FERDINAND TOBER - continued

The deputy coroner at the scene viewed the body of deceased lying on his back in the cafe kitchen. His body was still warm and there was no rigor. There were nitroglycerin tablets among his personal effects.

The remains were taken to the Hennepin County Morgue, where an autopsy was performed on the date of death. This revealed that death was due to myocardial infarction, acute, due to severe coronary arteriosclerosis.

Except for a sister, Mrs. Albert Wandry of Perham, Minnesota, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 4:20 p.m. on June 27th, 1962, by the Bloomington police.

Deceased, who was employed as an electrician, was engaged in pulling wires through the north baseboard of the auditorium of Nine Mile School which was under construction on June 27th, 1962, when a row of stacked standing doors fell on him and he was pinned beneath them. There were 43 doors, each of an estimated weight of 50 lbs. Deceased apparently struck his head on the cement floor when he was knocked down. The doors were raised by fellow workmen and deceased was given artificial respiration. A Dr. Johnson of the Oxboro Clinic was called and pronounced death at 4:20 p.m.

DONALD RAUSCH - continued

Blooming/ton police officers Irwin Norling and Donald Williams were at the scene when a deputy coroner arrived.

The deputy coroner viewed the body of this middleaged man clad in work clothes lying partly under the propped up row of doors. There was a 2½ inch laceration on his forehead and several abrasions on the right side of his face. The remains were taken to the Hennepin County Morgue, where an autopsy was performed on June 28th, 1962. This revealed that death was due to diffuse subarachnoid, subdural, and epidural hemorrhage due to frontal and occipital basal skull fracture. Interstitial pulmonary hemorrhage was a contributing factor.

Except for his wife, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 7:12 p.m. by the Robbinsdale police on June 28th, 1962.

Deceased resided in a trailer house behind the home of her daughter, Mrs. Ebert Swenson, at 4301 Toledo Avenue North, Robbinsdale, and used washing facilities in the Swenson home. Apparently she was washing when she collapsed on the basement floor of the Swenson home and expired. It was stated deceased was last seen alive by a Mrs. Rask of 4233 Toledo on June 26th, 1962. James Nilson, a neighbor, who was checking on deceased while Mrs. Swenson was out of town, found deceased, apparently dead, at 7:10 p.m. on June 28th, 1962. Robbinsdale police was called and officer Thurman responded and a Dr. Cullado pronounced death at 7:40 p.m.

PEARL STANTORF - continued

The deputy coroner at the scene viewed the body of deceased lying on her back on the floor of the basement. There were cuts on her face and rigor mortis was leaving her body. There was no indication that death was due to other than natural causes, and it was attributed to arteriosclerotic heart disease.

The remains were removed to the Hennepin County Morgue and later released to a funeral director.

Except for the daughter previously mentioned, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 8:40 p.m. on June 28th, 1962, by the Hennepin County Sheriff's office.

Deceased was found near the dock at the above address at 8:30 p.m. on June 28th, 1962 in 3 feet of water, by his mother, who stated he had been gone about an hour. The Mound rescue squad went to the scene and a Dr. Carlson pronounced death.

Deputy Sheriff Williams and Officer Hubbell of the Orono Village police were at the scene when a deputy coroner arrived.

JOSEPH W. THEISEN - continued

The deputy coroner at the scene viewed the body of deceased lying on the shore, dressed in blue trunks and blue cotton shirt. His body was cool and there was no rigor. The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Death, caused by asphyxia due to drowning, which occurred at about 8:30 p.m., was classified an accident.

REMARKS

This case was reported to the Coroner's Office at 1:25 a.m. on June 29th, 1962, by the Minneapolis General Hospital.

At 5:00 p.m., it was reported, on June 28th, 1962, Clarence Conklin of 1500 Stevens Avenue fed deceased as he was unable to feed himself. Mr. Conklin stated deceased seemed all right at that time but later, at about 8:30 p.m., asked that an ambulance be called for him as he was feeling sick. When police officers Hyvare and Finn of squad #701 arrived to check on an ambulance they found deceased lying on the floor of his room clothed in tee shirt and shorts and cutting his throat with a straight-edged razor.

Deceased was admitted to the Minneapolis General Hospital by ambulance at 9:04 p.m. on June 28th, 1962, with a lacerated neck and complaints of abdominal pains which he had suffered for about twenty days. He expired a short time later, at 11:50 p.m., the same day.

MICHAEL PRODAN - continued

It was reported deceased had previously been a patient at the hospital - having been admitted on May 11th, 1962 with a diagnosis of arteriosclerotic heart disease and right lower lobe pneumonia.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Death, which occurred at 11:50 p.m. on June 28th, 1962, was caused by exsanguination due to slashing of throat, and was classified a suicide. Arteriosclerotic heart disease was a contributing factor.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 8:55 a.m. on June 29th, 1962, by police.

At 8:00 a.m. on June 29th, 1962, Katherine M. Barglof at the foster home where deceased resided, found her sitting in a chair not breathing when she went to call her for breakfast. A Minneapolis General Hospital ambulance was called and Dr. Bandt, the physician in attendance, pronounced death at 8:45 a.m.

Police officers Stires and Rood of squad #440 were at the scene when a deputy coroner arrived.

MINNIE L. KAPERNICK - continued

The deputy coroner at the scene viewed the body of deceased dressed in a nightgown with her head slumped forward, sitting in a rocking chair. She had been seen by one of her personal physicians, Dr. Charles Friend or a Dr. Myers, the previous day.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

There was no indication that death was due to other than natural causes, and it was attributed to arteriosclerotic heart disease.

Except for a daughter, Mrs. Forrest Green of St. Paul, the names of survivors are not known to this office.

7-2-1962: Deceased is survived by another daughter, Mrs. Joe Bouska, also of St. Paul.

REMARKS

This case was reported to the Coroner's Office at 1:45 p.m. on June 29th, 1962, by St. Mary's Hospital.

Deceased, who was said to be somewhat senile and unsteady on his feet, was hospitalized for bladder and prostate trouble. On June 7th, 1962, he was walking in the hall when he fell and sustained a fracture of the right lateral wall of the pelvis, distal end of radius and ulna and right humerus. Deceased, who was admitted to the hospital on April 25th, 1962, expired on June 29th, 1962, at 10:15 a.m.

OLIVER LARIVIERE - continued

An autopsy was performed at St. Mary's Hospital on the date of death. This revealed that death was caused by a pulmonary embolism due to thrombosis of renal vein.

The pathologist who performed the autopsy was of the opinion that the pulmonary embolism resulted from the thrombosed renal vein rather than the fractures and the fractures in themselves did not contribute to death.

Except for his wife, Katherine, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 7:05 p.m. on June 29th, 1962, by the University of Minnesota Hospital.

Deceased, it was reported, was a passenger in a car driven by her father that was involved in an automobile accident near Eau Claire, Wisconsin at about 1:00 a.m. on June 27th, 1962. Apparently the car was entering the street from a motel driveway and collided with another vehicle.

Dr. J. B. Dibble, Eau Claire, Wisconsin, who first treated the child, stated that she was comatose from the time he first saw her. She was brought to the University Hospitals by ambulance at about 1:00 a.m. on June 27th, 1962. A craniotomy was performed that day, and a tracheotomy on June 29th, 1962, but the child expired on the operating table at 4:15 p.m. that day.

LINDA MORGAN - continued

An autopsy was performed at the University Hospitals which revealed that death was due to intraventricular hemorrhage with cerebral laceration due to fracture of skull.

REMARKS

This case was reported to the Coroner's Office at 5:35 p.m. on June 30th, 1962, by police.

Deceased was found dead in bed at 5:00 p.m. on June 30th, 1962, by Sandra Scheuring, deceased's daughter, who was just returning from overnight babysitting, and a friend, Gary Foster of 1921 Portland Avenue, who accompanied her. Sandra stated she had left her mother the night before apparently well and in good spirits.

Police officers Huss and R. L. Johnson of squad #331 were at the scene when a deputy coroner arrived.

FERN DOROTHY SCHEURING - continued

The deputy coroner at the scene viewed the body of deceased lying in bed clad in a pajama top and in rigor mortis. There was no evidence of trauma or a struggle, medications, or a suicide note. A friend of deceased, Mr. Eric Holmlund, stated he had been with her the previous evening and that they had gone dancing and he had left her at 2:00 a.m. today, June 30th. She had been short of breath recently and tired easily when dancing. It was stated deceased had been to see Dr. L. J. Petit at 27th and Lake recently, but Dr. Petit could not be contacted. There was some rubor about deceased's neck, but this did not appear to be bruising.

The remains were taken to the Hennepin County Morgue where an autopsy was performed on July 1st, 1962. This revealed that death was due to thrombosis, acute, of anterior descending branch of the right coronary due to coronary arteriosclerosis.

REMARKS

This case was reported to the Coroner's Office at 7:55 p.m. on June 30th, 1962, by police.

Deceased, it was reported, complained of chest pains at Iowa City, Iowa, but continued riding the bus to Minneapolis with his daughter, Mrs. Allen Maki. Shortly after getting on a bus in Minneapolis, - at 7:29 p.m. June 30th, 1962, deceased slumped over in his seat and expired. A Minneapolis General Hospital ambulance was called and Dr. Bandt, the attending physician, pronounced death at 7:40 p.m.

Police officers Harmon and Jones were at the scene when a deputy coroner arrived.

CHARLES OLSON - continued

The deputy coroner viewed the body of deceased sitting slumped over in the bus. The body was still warm. There was no indication that death was due to other than natural causes, and it was attributed to arteriosclerotic heart disease.

Deceased's personal effects were turned over to his daughter and his remains were taken to the Hennepin County Morgue and later released to a funeral director.

Mrs. Maki, deceased's daughter, was opposed to an autopsy.
