REMARKS

This case was reported to the Coroner's Office at 7:45 a.m. on July 2nd, 1962, by the Minneapolis General Hospital.

At 2:50 p.m. on Sunday, July 1st, 1962, deceased was a passenger in a 1950 gray Plymouth two-door coupe bearing 1962 Minnesota license MD 1915 driven by her husband, Chris Carlson Lund, 84, south on 31st Avenue South, that was struck on the left rear by a 1961 black Chevrolet four-door bearing 1962 Minnesota license Dup 4267, owned and being driven by Ingolf O. Kronstad, 52, of 2224 Seabury Avenue South, west on East 22nd Street.

DAGMAR MARIE LUND - continued

Traffic officers A. Kunde and R. Switzer came to the scene and investigated the accident.

Deceased was taken from the scene of the accident to the Minneapolis General Hospital and admitted at 3:12 p.m. with head injuries. She expired hours later, at 3:05 a.m. on July 2nd, 1962.

The remains were taken to the Hennepin County Morgue where an autopsy was performed on the day of death. This revealed that death was due to severe subarachnoid and subdural hemorrhage with cerebral contusion due to extensive linear fracture left occipital area of skull. There were also fractured ribs and arteriosclerotis heart disease with old coronary occlusion.

REMARKS

This case was reported to the Coroner's Office at 11:35 a.m. on July 2nd, 1962, by police.

Deceased, it was reported, had not been well for about eight months, but refused to see a doctor. On July 1st, 1962, she was not feeling well and had to be helped to the bathroom repeatedly but would not see a doctor. Her nephew, Vernon Sauer, caretaker of the building, was up at 3:30 the morning of July 2nd, during a storm, and stated that at that time his aunt did not seem worse. When he awoke at 11:00 a.m. he checked on deceased and found her lying very still, touched her and found that she was cold.

Police officers Reamer and Paisley of squad #118 went to the scene and notified this office.

IDA J. REIDY - continued

Examination of the body did not indicate that death was due to other than natural causes, and it was attributed to arteriosclerotic heart disease.

The remains were released from the premises to a funeral director.

Except for her nephew mentioned above, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 2:20 a.m. on July 3rd, 1962, by the North Memorial Hospital at Robbinsdale.

At 4:45 p.m. on June 16th, 1962, deceased was injured in a motor scooter accident in front of 9700 East River Road, Coon Rapids, Minnesota. Witnesses stated deceased was traveling along, alone, on his motor scooter, when suddenly they noted a cloud of dust. Deceased was found, visibly injured, lying on the ground beside his motor scooter which was lying on its side. He was taken from the scene of the accident to North Memorial Hospital and admitted at 5:00 p.m. that day. Trephine surgery was performed on June 27th, and deceased expired at 11:20 p.m. on July 2nd, 1962.

WARREN CLARK NELSON - continued

An autopsy performed at the morgue revealed that death was due to massive epidural, subarachnoid and subdural hemorrhage with cerebral hemorrhage due to extensive comminuted fracture right temporal area of skull, and was classified accidental.

Except for his wife, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 7:15 a.m. on July 3rd, 1962, by police.

Deceased, it was reported, had lived at the above address since June 25th, 1962, when he came from the Oak Ridge Rest Home. He had been ill for some time. It was stated that he had had a mild "stroke" and was hospitalized at Minneapolis General Hospital on April 29th. At 7:00 a.m. on July 3rd, 1962, deceased was found dead in bed by Fred Field, the caretaker. Dr. Del Zell, the physician in attendance on a Minneapolis General Hospital ambulance, confirmed death.

Police officers Trymucha and Dowson of squad #221 were at the scene.

EUGENE HOWARD - continued

Examination of the body did not indicate that death was due to other than natural causes and it was attributed to cerebral hemorrage.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

The names of survivors are not known to this office.

Social Security No. 469 07 6940

Veteran WW II

REMARKS

This case was reported to the Coroner's Office at 7:50 a.m. on July 3rd, 1962, by the Methodist Hospital in St. Louis Park.

It was reported deceased was a veteran of World War II and under psychiatric treatment at the Veterans Hospital. Mrs. Slice stated deceased was up for breakfast the morning of July 3rd and apparently in good spirits. She heard him in the bathroom after breakfast and heard him go back into his bedroom. She heard a dull noise like a shoe falling on the floor, looked in his room and found the body on the bed in a pool of blood. A son, Richard, 14, was also at home at the time.

Police officer Setter of the St. Louis Park police stated he had been at the Slice home and had ordered an ambulance to take deceased to the hospital as he could still detect a heart beat. Deceased, however, was declared dead on arrival at the hospital at 7:45 a.m.

ALVIN JOHN SLICE - continued

The Hennepin County Coroner viewed the body of deceased at the hospital in the presence of Officers Severson and Setter of the St. Louis Park police. The body lay on a litter on the pillow it had lain on at home, and was said to be just as it had been prior to removal to the hospital - dressed in undershirt, trousers, and socks. The pillow was saturated with blood and a massive blood clot was beside the face and under the pillow. The body was still warm and there was no rigor.

On opening deceased's mouth the Coroner could palpate a round hole in the hard palate. This had a dark ring of apparent powder burn about it. The hair was matted with blood and there was blood in the mouth and nose. Both upper eyelids were ecchymotic.

When the hair was washed a jagged wound measuring about .5 cm was seen in the scalp on top of the head. Beneath this could be felt spicules of bone and small particles of brain substance were on the edges of the wound and in a blood clot. This was the point of exit of the bullet. A blunt instrument could be passed directly down to the wound in the hard palate.

Death, which occurred at about 7:45 a.m. on July 3rd, 1962, was termed a suicide due to gunshot wound of head.

The weapon used was a .22 cal. bolt action rifle.

REMARKS

This case was reported to the Coroner's Office at 11:45 a.m. on July 3rd, 1962, by the Star of Bethlehem Home at St. Louis Park.

Deceased, a Christian Scientist, had no medical history. She had been ill for several days, it was reported, and was taken to the Star of Bethlehem and admitted on Saturday, June 23rd, 1962, where she expired at 11:30 a.m. July 3rd, 1962.

MYRTLE MARIE SEYMOUR - continued

Examination of the body did not indicate that death was due to other than natural causes. Death was attributed to diabetes mellitus and the body was released by a deputy coroner from the scene to a funeral director.

Deceased is survived by three sisters and three daughters.

REMARKS

This case was reported to the Coroner's Office at 8:32 a.m. on July 4th, 1962, by police.

Deceased, it was reported, was hospitalized in the psychiatric ward at the Fairview Hospital from sometime in March of this year until a day or two ago. Since his discharge he was believed to have stayed at the Sherwood Hotel, 41 East Hennepin. At 8:10 a.m. on July 4th, 1962, he was found hanging by a clothesline from the limb of an apple tree in the backyard of his former home, 110 First Avenue N. E.

The deputy coroner at the scene viewed the body lying on the ground beneath the apple tree. It had been cut down from the tree by an attendant from the Hennepin County Morgue.

STEVE LOHIN - continued

It was stated that Mike Kinch, 324 Second St. N. E., would administer deceased's estate. Deceased allegedly had been under the care of Drs. Robert Meller and Pepper.

The remains were released from the scene to a funeral director.

Detectives Blanch and Krueger of squad #701 and Officers Erickson and Mruz of squad #221 were at the scene and made an investigation.

Veteran WW I

REMARKS

This case was reported to the Coroner's Office at 5:15 p.m. on July 4th, 1962, by police.

On the evening of July 4th, 1962, it was reported, deceased did not feel like eating his evening meal but he did sit down in the dining room and had a cup of coffee. As he was leaving he collapsed in the entrance way about 4:50 p.m. and expired. A rescue squad and Minneapolis General Hospital ambulance were called. Resuscitation was attempted but unsuccessful. Dr. Fielding, the ambulance physician, pronounced death.

HARRY OLSON - continued

The deputy coroner at the scene viewed the body of deceased clothed in house clothes and lying on the diningroom floor at the entrance. There was a small laceration on deceased's head from the fall. There was no indication that death was due to other than natural causes and it was attributed to arteriosclerotic heart disease.

Police officers Voltin on the beat in the area and Nordine of squad #221 were present.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Except for a brother, Louis A. Olson, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 2:00 p.m. on July 5th, 1962, by the Minneapolis General Hospital.

Deceased, it was reported, came to Minneapolis from St. Paul a week ago, but had lived in this city for many years. He was taken to the hospital by ambulance at 1:07 p.m. on July 5th, 1962, and expired a short time later, at 1:30 p.m.

An autopsy was performed at the hospital on July 6th, 1962. This revealed that death was due to bronchopneumonia with pulmonary congestion. Acute bronchitis and pharyngitis and left cerebral atrophy were contributing factors.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 4:20 p.m. on July 5th, 1962, by the Crystal police.

Deceased was found at 3:45 p.m. on July 5th, 1962, by a neighbor residing at 5600 35th Avenue North in his yard hanging by the neck from a single long loop of plastic clothesline two feet from the ground.

Crystal Village police officers #805 and #806 were at the scene when a deputy coroner arrived. Deceased had been removed from the clothesline and lay on the ground on his back.

ROGER R. OLSON - continued

The deputy coroner examined the body of this well developed unusually large 1 year 10 month old child. The body was warm, but in the sunshine, and there was no rigor mortis. The face was cyanotic with multiple petechiae. There was a crease in the anterior and sides of neck consistent with the clothesline. Vomitus and frothy fluid were on the face and shirt.

The remains were taken to the Hennepin County Morgue where an autopsy was performed the following day - July 6th, 1962. This revealed that death was caused by asphyxia due to strangulation with plastic clothesline.

Except for his parents, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 9:30 p.m. on July 5th, 1962, by police.

Deceased, it was reported, had been under the care of Dr. David Sharp, 210 Doctors Building, and had a history of a heart condition. He complained of chest pain early in the day on July 5th and was given nitroglycerin and darvon for pain and at noon stated that he felt better. At 8:40 p.m. two occupants of the building, a Mr. Jensen and a Mr. McGregor, found him collapsed on the bathroom floor and summoned a Minneapolis General Hospital ambulance. Dr. Fielding, the ambulance physician, pronounced death.

Police officers Creighton and Longman of squad #117 were at the scene when a deputy coroner arrived.

GEORGE E. NELSON - continued

The deputy coroner at the scene viewed the body of deceased on the bathroom floor. There was an abrasion over his left eye and on his forehead. His glasses had been broken. There was no indication that death was due to other than natural causes and it was attributed to arteriosclerotic heart disease.

The remains were released from the premises to a funeral director.

Except for a niece, Madelene Travis, 5044 Juanita Avenue, Edina, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 12:55 a.m. on July 6th, 1962, by the Olson Ambulance Service.

Deceased, it was stated, had in the past been under the care of Dr. William Proffitt and Dr. Robert Quello because of an enlarged heart and longstanding high blood pressure. On the evening before her death she developed a headache but did not want to see a doctor, at that time. Later an ambulance was called.

AGNES M. WHITING - continued

The deputy coroner at the scene confirmed death. There was no indication that death was due to other than natural causes. Death, which apparently occurred at 12:05 a.m. on July 6th, 1962, was attributed to cerebrovascular accident.

Except for her husband, Nelson Whiting, the names of survivors are not known to this office.

The remains were released from the premises to a funeral director.

REMARKS

This case was reported to the Coroner's Office at 9:20 a.m. on July 6th, 1962, by a Dr. Hodges of the Southdale Medical Center.

Deceased, it was stated, had been treated by Dr. George Martin two weeks ago. He was found at 8:00 a.m. on July 6th in nightclothes on the floor alongside his bed in an unresponsive condition. His wife called Dr. Hodges who arrived at the home but deceased had already expired.

There was no indication that death was due to other than natural causes and the body was released from the premises by a deputy coroner to a mortician.

JOHN WILLIAM JOHNSON - continued

An autopsy was performed at the mortuary on the afternoon of July 6th, 1962. This revealed that death, which apparently occurred about 8:00 a.m. that morning, was due to acute myocardial infarction due to acute occlusion of the right coronary artery, due to severe coronary arteriosclerosis.

Except for his wife, Anna M. Johnson, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 5:00 a.m. on July 6th, 1962, by Harold Collier of 3136 Stevens Avenue, who also called police.

It was stated that deceased, who was apparently well, had lived at the 4th Avenue address for about six months. About 12:30 a.m. on July 6th she began coughing and gasping for breath and a few minutes later ceased to breath. Lottie Collier, who was with her, attempted unsuccessfully to get the family doctor. Lottie did not know what to do until Harold came and he called police and this office.

LIZZIE B. JACKSON - continued

Police officers Fuehrer and Hessing of squad #550 were at the scene when a deputy coroner arrived.

Examination of the body revealed that deceased had a large goiter. There was no indication that death, which apparently occurred at 4:30 a.m. on July 6th, 1962, was due to other than natural causes. It was attributed to congestive heart disease.

The body was released from the premises to a funeral director.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 3:55 p.m. on July 6th, 1962, by police.

Deceased, it was stated, was on leave from the Veterans Hospital where he had been treated for cancer, and was living with his daughter, Rosemarie Habisch at Shorewood, temporarily. He expired at 3:15 p.m. on July 6th, 1962. Death was attributed to cancer of throat.

A deputy coroner released the body from the premises to a funeral director.

Except for his daughter mentioned above, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 11:20 a.m. on July 7th, 1962, by the Swedish Hospital.

Deceased, who was attended by Drs. Carlson, Schultz, Erickson and Iverslie, was admitted to the Swedish Hospital at 3:45 p.m. on July 3rd, 1962. It was stated he had fallen that day at the Riverview Nursing Home fracturing his left hip. The injured hip was pinned by Dr. Kenath H. Sponsel on the date of hospital admission. Deceased developed pneumonia and expired at 11:00 a.m. on July 7th.

JACOB E. GRAMHILL - continued

Death was attributed to terminal pneumonia and congestive heart failure. The fractured left hip was a contributing factor.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 1:00 p.m. on July 7th, 1962, by Dr. David Gold.

Until a year and a half ago, it was stated, deceased had been under the care of a Dr. Thomas, and was known to have angina at times for several years. Recently he had been drinking heavily and had complained of pains in his arms and had had a chest x-ray. There was a history of heart disease in his family.

At 9:00 or 9:30 on July 6th, 1962, deceased was reported to have talked to his wife, from whom he was separated. He had been drinking at that time.

HOWARD HOPE - continued

Deceased was found at 10:00 a.m. on July 7th, 1962, at his residence in an unresponsive condition by other roomers. They called his wife and also called another doctor, Dr. David Gold, who had not previously seen the man.

Examination of the body did not indicate that death was due to other than natural causes and it was attributed to arteriosclerotic heart disease.

The remains were released directly from the premises to a mortician.

REMARKS

This case was reported to the Coroner's Office at 4:00 p.m. on July 7th, 1962, by police.

Deceased, it was stated, was a close friend of Mr. and Mrs. Paul Austin, who reside at 2302 Washington Avenue North. He went to the home of the Austins about 8:00 p.m. on July 6th. He had been imbibing heavily of wine and complained of feeling sick. While at the Austins he vomited several times into a pail provided by Mrs. Austin - a muddy-looking subatance. Deceased was put to bed by the Austins, bathed, and shaved.

At about 3:00 p.m. on July 7th, the Austins said deceased shouted "Help" and expired a short time later, at about 3:30 p.m.

ROBERT JACKMEYER - continued

The police department was called and officers Haggerty and Coughley of squad #442 responded. Rigor mortis had begun to set in and detectives Cahill and Hawkinson were summoned.

Other occupants of 2304 Washington Avenue North, deceased's address, stated he had a past history of illness, had been hospitalized, and had been drinking wine heavily.

Deceased was found lying in bed, nude, covered with a sheet to the armpits. There was a slight appearance of mucous around his mouth. The remains were taken to the Hennepin County Morgue and later released to a funeral director.

An autopsy was performed at the mortuary on July 9th, 1962. This revealed that death, which apparently occurred at about 3:30 p.m. on July 7th, was due to fatty metamorphosis of liver.

Except for his father, Fred Jackmeyer of Braddock, Pennsylvania, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 8:05 p.m. on July 8th, 1962, by police.

Mr. W. A. Woods, caretaker of the building at the above address, checked on deceased because he was calling for help the evening of July 8th. Deceased told Mr. Woods that he was in extreme pain and Mr. Woods summoned police, officers D. M. Johnson and T. Willey of squad #116 responding. Dr. Close, the physician aboard a Minneapolis General Hospital ambulance that came to the scene, pronounced death at 7:38 p.m.

CHESTER GARBARICH - continued

The deputy coroner at the scene viewed the body of this obese late middleaged man with bandaged stump of mid-thigh amputation of right lower extremity. There was no indication of other than a natural cause of death. It was stated deceased had recently been discharged from the Minneapolis General Hospital where the amputation had been made on account of gangrene poisoning.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Death, which occurred about 7:38 p.m. on July 8th, 1962, was attributed to arteriosclerotic heart disease. Acute thrombosis of the right superficial femoral artery was a contributing factor.

Deceased is survived by a brother, William Bird, and a daughter, Angeline LaFleur. Deceased was said to have had three children, but the names of other survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 1:13 p.m. on July 9th, 1962, by the Curtis Hotel.

Deceased, who had resided at the Curtis for more than ten years, was last seen alive at 11:00 a.m. on July 8th when a maid cleaned the room. He was found dead at 1:00 p.m. on July 9th by Mr. Hiskey, assistant hotel manager, when the housekeeper reported that she was unable to enter the room.

It was reported deceased had been under the care of Dr. Lowell W. Weber and a Dr. Rogers, a urologist, and had recently been discharged from Abbott Hospital.

JOSEPH E. TAYLOR - continued

Police officers Compton and Grassinger of squad #116 were at the scene when a deputy coroner arrived.

The deputy coroner examined the body of deceased. There was no indication that death was due to other than natural causes and it was ascribed to arteriosclerotic heart disease.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 8:45 a.m. on July 10th, 1962, by police.

Deceased, a carpenter employed by Gust A. Johnson & Son, had reported to work at 1819 Knox Avenue South at 8:00 o'clock the morning of July 10th and was at work in the doorway of a hall which he was remodeling at that address. Mrs. D. Clark stated she heard him give a loud sigh and collapse.

Police officers Grassinger and Paisley of squad #118, a rescue squad, and a Minneapolis General Hospital ambulance came to the scene. Dr. Delzell, the ambulance physician, pronounced death. Death apparently occurred at 8:20 a.m.

ROBERT EVERITT DAWSON - continued

Mrs. Dawson, wife of deceased, stated he had been complaining recently of palpitations and on the previous day mentioned stiffness in his neck and shoulder on the right side.

The deputy coroner examined the body at the scene. There was no indication of trauma.

The remains were taken to the Hennepin County Morgue where an autopsy was performed that day, July 10th, 1962. This revealed that death was due to severe coronary arteriosclerosis with extensive myocardial fibrosis.

With the exception of his wife, Esther, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 6:50 p.m. on July 10th, 1962 by police.

Deceased had a history of easy fatigue and occasional chest pain on exertion and it was necessary for her to rest frequently. In the past she had been under the care of Dr. Martin Nordland, Medical Arts Building, but her husband stated she had not been seen by a doctor for several years.

Mr. Toland had been working in the yard in the late afternoon of July 10th, 1962. When he came in to see whether supper was ready about 6:15 p.m. he found deceased slumped over in a chair and unresponsive.

ANNA V. TOLAND - continued

A rescue squad and police officers Stuhr and Simonson of squad #553 went to the scene and attempted artificial respiration without results.

A Minneapolis General Hospital ambulance was sent to the scene and Dr. Brown, the attending physician, confirmed death.

The deputy coroner on the case viewed the body of deceased. There was no indication that death was due to other than natural causes, and it was attributed to arteriosclerotic heart disease.

The remains were released from the premises to a funeral director.

Except for her husband, Earl, the names of survivors, if any, are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 8:15 p.m. on July 10th, 1962 by Dr. Delzell, a physcian who accompanied a Minneapolis General Hospital ambulance.

Deceased had a history of care by the Minneapolis General Hospital and had last been seen in the out-patient department about two months ago. He was on dicumarol and lately, it was stated, had developed a cough.

GLEN HORACE SIMMONS - continued

Deceased became ill the evening of July 10th and a Minneapolis General Hospital ambulance was summoned. Police officers D. W. Gilbert and R. C. Collins of squad #333 were sent to the scene to assist the ambulance attendants. Deceased was placed in the ambulance and ceased breathing. Resuscitation attempts were unsuccessful and Dr. Delzell pronounced death at 8:15 p.m.

The remains were taken to the Hennepin County Morgue by the hospital ambulance.

An autopsy was performed at the morgue the following day, July 11th, 1962. This revealed that death was caused by asphyxia due to hemorrhage in larynx consistent with excessive dicumarol administration.

Except for his wife, Bernadine, the names of survivors, if any, are unknown to this office.

REMARKS

This case was reported to the Coroner's Office at 12:20 p.m. on July 11th, 1962, by the police.

Lyle V. Taylor, with whom deceased had lived at the above address since February of this year, stated that he talked to deceased at about 9:30 a.m. the morning of July 11th, checked on him again around noon and found that he had expired, and notified police. Officers Prentice and Compton of squad #116 responded.

Deceased, it was stated, was a heavy wine drinker and had taken no nourishment except tomato juice for a couple of weeks. He had been cared for at the Minneapolis General Hospital a couple of weeks ago and his condition was diagnosed as cirrhosis. A pensioner, he was in the habit of getting his mail at Nadler's Liquor Store, at 10th and 2nd Avenue South. He had not been employed, it was said, for the past two and a half years.

FRANK A. WILSON - continued

A deputy coroner went to the scene and viewed the body of this jaundiced elderly obese man. He was lying face down on the bed, clad in a plaid bathrobe. There was a partly empty wine bottle on the floor beside his dangling left hand. There was no indication of other than a natural death.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Except for his wife, and his sister Grace Wilson of St. Paul, the names of survivors, if any, are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 9:35 p.m. on July 12th, 1962, by the Minneapolis General Hospital.

Deceased was admitted to the Minneapolis General Hospital on June 23rd, 1962, after having fractured his skull by falling on the steps of his home and then collapsing while watering the lawn. Spinal fluid was examined at the time of admission and this revealed a gram negative rod bacillus, not neisseria meningitis. He expired at 8:38 p.m. on July 12th.

ALFONS A. BAUMGART - continued

An autopsy was performed at the hospital the following day, July 13th, 1962. This revealed that death was due to cerebral meningitis and edema due to gram negative rod bacillus, bilateral pneumonia, and occipital skull fracture.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 1:15 a.m. on July 14th, 1962, by the Hennepin County Sheriff's office.

At 12:15 a.m. on July 14th, 1962, deceased was found lying on the floor, where he had apparently fallen, by his sister when she returned home after having been gone for the evening. He had a cut on his head from the fall.

Dr. Kenneth B. Romness was called but deceased had already expired. It was stated deceased had been a patient at the Veterans Hospital.

LEONARD C. CHAIKA - continued

Mound police officers Werland and Ferrin were at the scene.

Examination of the body did not indicate that death was due to other than natural causes. Death, which occurred at about 12:15 a.m., was attributed to arteriosclerotic heart disease.

The remains were released by the deputy coroner on the case directly to a mortician from the premises.

Except for the sister mentioned above, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 6:25 a.m. on July 14th, 1962, by Dr. Albert J. Greenberg.

Seven years ago, it was stated, deceased had a heart attack and at that time was cared for at Asbury Hospital. At 6:14 this morning he was dressing to go to work when he collapsed in the bathroom. Dr. Greenberg was called and he pronounced the man dead.

The relatives requested an autopsy, which was performed at the mortuary. This revealed that death was due to coronary insufficiency due to severe coronary arteriosclerosis.

Except for his wife, Elizabeth, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 6:50 a.m. on July 14th, 1962, by the Methodist Hospital.

Deceased, who had a history of heart disease and was under the care of Dr. Wayne Hagen, was taken to the hospital at 5:45 a.m. on July 14th because of this condition. Dr. Hagen was out of town at that time. Dr. Davis, an intern, gave emergency treatment without success, and pronounced death at 5:50 a.m.

Examination of the body did not indicate that death was due to other than natural causes and it was attributed to arteriosclerotic heart disease.

BRUNO GARTZ - continued

Deceased's family refused an autopsy.

REMARKS

This case was reported to the Coroner's Office at 9:15 a.m. on July 14th, 1962 by the Robbinsdale police.

Deceased was a member of the Army Air Force from April 19th, 1956 to December 7th of that year, when he was given a medical discharge. He was known to be depressed and was hospitalized at the Veterans Hospital from November 24, 1961 to January 3, 1962 in the psycopathic ward. At the time of his release it was recommended that he be followed in the out-patient clinic.

It was stated deceased had walked out of the house at 2:30 a.m. on July 13, 1962, and at 9:00 a.m. on July 14th, 1962 his body was found floating near the shore of Lake Crystal.

Officer Burns of the Robbinsdale police was at the scene when a deputy coroner arrived.

DAVID FRANKLIN KOPEN - continued

The deputy coroner viewed the body which was clothed in tan trousers over pajamas. Deceased was barefoot.

The remains were taken to the Hennepin County Morgue where an autopsy was performed the following day, July 15th, 1962. This revealed that death was caused by asphyxia due to drowning.

Apparently no notes were found and it was not known whether the drowning was accidental or a suicide.

Deceased is survived by his parents and two brothers, George of Minneapolis and an older brother who resides in one of the southern states.

REMARKS

This case was reported to the Coroner's Office at 3:10 p.m. on July 14th, 1962 by the Hennepin County Sheriff's office.

At 2:00 p.m. on July 14th, 1962, it was stated, Mrs. Hershey, proprietor of the Christmas Lake Motel, rented a boat to deceased. About a half hour later a Mrs. McBurney, GR 4-8291, notified her that she saw someone threshing about in the water while the boat drifted away. Deceased's body floated after signs of life ceased. Meanwhile, Mrs. Hershey had had difficulty in starting her outboard motor and called for assistance. A rescue squad brought the body to shore on the property of F. W. Kahler.

MARCUS E. LARSON - continued

The remains were taken to the Hennepin County Morgue.

An autopsy performed at the morgue the following day, July 15th, 1962, revealed that death was due to asphyxia due to drowning and was ruled an accident.

REMARKS

This case was reported to the Coroner's Office at 6:00 p.m. on July 14th, 1962, by the Minneapolis General Hospital.

This was the second summer deceased, a loader at the B. F. Nelson Co., had been employed by them and he was considered a reliable and experienced worker. On the afternoon of July 14th he was operating a power lift truck at the plant when it crashed through the safety gate of an elevator shaft. Deceased was found at the foot of the elevator in a pool of blood, bleeding from his scalp and right arm.

Deceased was removed from the scene of the accident to the Minneapolis General Hospital where he expired several hours later that day, at 6:00 p.m. on July 14th, 1962.

JAMES R. RYAN - continued

An autopsy was performed at the hospital on the day of death - July 14th, 1962. This revealed that death was due to severe pulmonary congestion and edema due to moderate diffuse subarachnoid hemorrhage, hemorrhage of mediastinum, pericardium, right kidney, peritoneum and laceration of right lung, traumatic.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 4:25 p.m. on July 15th, 1962, by police.

On Sunday, July 15th, 1962, at 3:30 p.m. deceased was found dead in bed by her brother. Police officers were at the scene when a Minneapolis General Hospital ambulance physician confirmed death.

Examination of the body did not indicate that death was due to other than natural causes and the remains were released from the premises to a funeral director.

CLARA HAZEL WOODRUFF - continued

Deceased, it was stated, had been under the care of Dr. William O'Brien, and had previously been hospitalized at St. Mary's Hospital for obesity, hiatus hernia, and hypothyroidism.

Death was attributed to arteriosclerotic heart disease.

REMARKS

This case was reported to the Coroner's Office at 5:00 a.m. on July 16th, 1962, by Dr. Harley Racer, of 2519 West 79th.

Deceased, it was stated, had been under medical care for depression for several years, and had recently been given a prescription for 10 capsules of tuinal. According to her husband, he and deceased had been out on Saturday night, July 14th, and did not return home until about 2:30 a.m. on Sunday morning, the 15th. Deceased slept until noon on Sunday, was up and around during the day and seemed in good spirits.

DORIS ANDERSEN - continued

At approximately 3:30 a.m. on July 16th, Mr. Andersen found his wife, the deceased, on the kitchen floor. He picked her up and carried her into the bedroom, lay her on the bed, and called the family doctor, Dr. Harley Racer mentioned above. Dr. Racer pronounced death and then notified this office.

Upon arrival at the scene of death, the deputy coroner and morgue attendant notified the Richfield police department.

It was stated that deceased had taken some parnate during the day or evening of Sunday and possibly took seven capsules of tuinal, about 12:30 a.m.

The remains were taken to the Hennepin County Morgue, where an autopsy was performed that day - July 16th, 1962. This revealed that death was due to barbiturate intoxication.

Deceased is survived by her husband, James; sons, Craig and Brett; daughter, Renee; parents, Mr. and Mrs. William Hellwig of Omaha; brothers, Robert of Grand Island, Nebraska, and Herbert of Omaha; and sister, Mrs. R. W. Wright of Omaha.

REMARKS

This case was reported to the Coroner's Office at 5:35 p.m. on July 16th, 1962, by the Richfield police.

According to the parents of deceased, Maurice Peterson, 38, and Kathleen Peterson, 36, the baby was delivered normally by Dr. David Rosenbaum at St. Mary's Hospital on July 5th, 1962 and there was no indication of ill health until approximately 24 hours prior to death when deceased began to spit up its formula. At approximately 5:00 p.m. on July 16th, 10 minutes after feeding, deceased vomited and stopped breathing. The parents immediately called the Richfield police, who summoned Dr. Lindblom and various resuscitative measures were tried without success.

BEVERLY ELAINE PETERSON - continued

Officer Dahlquist of the Richfield police was at the scene.

The deputy coroner on the case examined this baby's body. It appeared to be that of a normal female infant, cool to the touch. There was no indication of other than a natural cause of death. There was considerable abdominal cyanosis and a couple of pinkish blotches on the left flank and left anterior chest near the rib margin.

The parents desired an autopsy and the remains were taken to the Hennepin County Morgue.

An autopsy at the morgue the following day, July 17th, 1962, revealed that death was due to congestive heart failure due to high congenital ventricular septal defect.

Deceased is survived by her parents; two brothers, Blaine and Ronald; two sisters, Michael and Diana; and grandparents, Mrs. Vera Meyer of Grandy, Minnesota, and Mr. and Mrs. Santon Peterson of Ogilvie, Minnesota.

REMARKS

This case was reported to the Coroner's Office at 7:50 a.m. on July 17th, 1962, by police.

Deceased was found at 7:00 a.m. on July 17th, 1962, in an unresponsive condition by Charles Blanchard, with whom he had lived for the past five years. He had last been seen alive at 7:15 p.m. on the evening of July 16th.

Police officer Burchette of squad #440 was at the scene when a deputy coroner arrived.

AIDEN G. WEST - continued

The deputy coroner viewed the body of deceased lying on his back in bed. The body was cool and there was 3+ rigor. Death appeared to be natural and was attributed to arteriosclerotic heart disease.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Except for a daughter, Eleanor Erickson, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 12:05 p.m. on July 17th, 1962, by police.

Deceased was found hanging in the basement at about 11:30 a.m. on July 17th, 1962, by Harry Klavchak, with whom he lived.

Police was notified and officers Lenart and Baker of squad #443 responded.

FREW LEWKO a/k/a THEODORE LEWKO - continued

The deputy coroner at the scene viewed the body which was found hanging in the basement from pipe by a noose made of two neckties. The body was cool and there was no rigor. There was a small stool behind the body, which deceased had evidently used to stand on.

It was stated deceased had last been seen alive in the bedroom at 6:30 a.m.

It was stated deceased had been a heavy drinker all his life and for the past two weeks had been drinking about a fifth a day.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

The toxicologist's analysis of a specimen of deceased's blood revealed that it contained 0.24% alcohol by weight.

REMARKS

This case was reported to the Coroner's Office by police at 12:15 p.m. on July 17th, 1962.

It was stated deceased was last seen alive on July 13th, 1962. At 11:50 a.m. on July 17th, he was found by Charles Wares of Apartment 311 in the same building, lying face down on the floor, expired.

Police were notified and officers Alexander and Compton of squad #116 responded.

BENJAMIN B. LUNDGREN - continued

The deputy coroner at the scene took custody of the body of deceased which was clad in trousers and shoes and badly decomposed. The remains were taken to the Hennepin County Morgue and later released to a funeral director.

It was stated there was no history of illness. There was no indication that death was due to other than natural causes, and it was ascribed to arteriosclerotic heart disease.

The names of survivors, if any, are not known to this office.

7-20-62: Deceased is survived by a daughter, Dorothy; son, John Lundgren; and close friend, Edith M. Geibe.

REMARKS

This case was reported to the Coroner's Office at 3:45 p.m. on July 17th, 1962, by police.

Deceased, it was stated, was last known to be alive on July 12th, 1962. His body was discovered by Ursula Etzald, who resides on the second floor of the above address, at 3:20 p.m. on July 17th, 1962.

It was stated deceased had been drinking and had been despondent. At the time of his death he was not residing with his wife, Shirley.

Police officers Cameron and Kehoe of squad #550 were at the scene when a deputy coroner arrived.

ALBERT McGERTY - continued

The deputy coroner at the scene examined the body of deceased lying in the front seat of a Chevrolet, bearing Minnesota license 5C 9515. The body was badly decomposed and was clothed. The hands were cherry red.

It was stated the ignition was on and the garage doors were closed when the body was discovered.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Death was attributed to carbon monoxide poisoning, accident or suicide unknown.

REMARKS

This case was reported to the Coroner's Office by Mr. Hunt of the Billman Hunt Chapel at 9:45 a.m. on July 18, 1962.

The decedent, a retired farmer formerly of Harris, Minnesota, had lived at the Union Home for the Aged, 1507 Lowry Avenue N.E., for the past two years. According to Detective Ondry, the man apparently stopped at the Swallow Bar on the evening of June 9, 1962, for a glass or two of wine when he suddenly collapsed. Police were summoned and Officers Frank Johnson and Novak responded to the call; they ordered a Minneapolis General Hospital ambulance which took the man to the hospital.

Charles G. Olson (continued)

According to the examining doctor, the man did not have seizures of any kind upon admission to Minneapolis General Hospital.

Hospital records indicated that a craniotomy was performed, and tracheotomy, the following day, June 9. A gastrostomy was done on June 25. The man expired at 8:20 p.m. on July 17, 1962, at the Angelus Rest Home where he had been removed for convalescence.

The body was removed to the Billman Hunt Chapel and, in view of the fact that the decedent had apparently sustained accidental head injury, this office was notified.

Autopsy performed at the funeral chapel disclosed bilateral, acute, subdural hematoma; skull fracture, left frontal parietal region; cerebral laceration and contusion of left temporal area with secondary aphasia and right upper extremity hemiplegia; laceration of middle meningeal on left; aspiration pneumonitis.

Death was ascribed to encephalomalacia, traumatic, old.

Survivors include sons, Lloyd, North St. Paul, John, Kandiyohi, Ohio; daughters, Mrs. Curtis Grabow, Minneapolis, Mrs. Howard Carlson, Mound, and Virgie, Minneapolis; ten grandchildren and one great grandchild.

REMARKS

This case was reported to the Coroner's Office at 9:00 a.m. on July 18th, 1962, by the Park Avenue Nursing Home at 2200 Park Avenue South.

Deceased had been employed at the nursing home for approximately four years, it was stated, and moved in on Sunday, July 15th, to stay while looking for another room. He had not seen a doctor for at least a year and was complaining of chest pains and tiredness on July 17th and it was noted that he was moving more slowly.

GUS E. ULFERS - continued

At 8:45 a.m. deceased was found dead in bed by Mrs. G. F. Kersteter, R.N., the supervisor, who notified this office.

The deputy coroner at the scene viewed the body of this elderly deceased man lying in bed in full rigor. There was no indication of other than a natural cause of death, which was attributed to arteriosclerotic heart disease.

The remains were released from the scene to a funeral director.

Except for a son, Glenn of Cincinnati, Ohio, the names of survivors, if any, are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 10:40 a.m. on July 18th, 1962, by police.

Deceased, it was stated, had at one time been under the care of Dr. Alton Olson of the Nicollet Clinic. She had been ill for several days, but refused to permit neighbors to call a doctor. It was said she was last seen alive at about 9:00 a.m. by a neighbor, Bertha Emrich. At 10:30 a.m. she was found apparently dead by Jerry Snyder of 1821 Elliott, the caretaker.

The police department was notified and officers Kolars and Remily of squad #116 responded.

CARRIE COLLINS - continued

The deputy coroner at the scene viewed the body of this aged cachectic woman. There was no indication that death was due to other than natural causes, and it was attributed to arteriosclerotic heart disease. Apparently death occurred about 10:30 a.m., July 18th, 1962.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Except for a sister, Nina Knutson of Minneapolis, the names of survivors, if any, are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 12:45 p.m. on July 18th, 1962, by police.

Deceased, who had not been under the care of a doctor for more than 35 years, it was said, expired at home at 12:25 p.m. on July 18th, 1962. She had complained of chest pains the past few days.

Police officers Huss and Emery of squad #330 were at the scene.

MARY HOTCH - continued

Examination of the body by a deputy coroner gave no indication that death was due to other than natural causes, and it was attributed to arteriosclerotic heart disease.

The remains were released from the premises to a funeral director.

Except for a daughter, Mrs. Ralph Herou, the names of survivors are not known to this office,

REMARKS

This case was reported to the Coroner's Office at 4:45 p.m. on July 18th, 1962, by police.

Deceased, it was stated, complained of not feeling well this morning, that he was having difficulty breathing. Mrs. Hansen left the house for a few minutes about 4:15 p.m. and returned to find deceased lying on the couch, apparently lifeless. Dr. Delzell, the physician in attendance upon a Minneapolis General Hospital ambulance that was called confirmed death.

Police officers D. E. Reynolds and Nordmeyer of squad #116 were at the scene when a deputy coroner arrived.

THORVAL HANSEN - continued

The deputy coroner viewed the body of deceased. There was no indication that death was due to other than natural causes, and it was attributed to arteriosclerotic heart disease.

Except for his wife, Vera, the names of survivors, if any, are not known to this office.

The remains were released from the premises to a funeral director.

REMARKS

This case was reported to the Coroner's Office at 5:40 p.m. on July 18th, 1962, by the Minneapolis General Hospital.

While at work at the Hansord Pontiac Service Center Garage at 17th and Nicollet the afternoon of July 18th, 1962, deceased was injured when a hoist above him, which he was examining, suddenly came out of its cylinder and dropped, striking him in the midriff and pinning him against a wall. He was taken from the scene of the accident to Minneapolis General Hospital receiving and admitted at 3:36 p.m. At that time he was conscious and lucid.

A laparotomy was performed but deceased expired at 5:25 p.m. that day, July 18th.

FLOYD LOSSING - continued

An autopsy was performed at the hospital the following day, July 19th, 1962. This revealed that death was caused by massive peritoneal hemorrhage due to severe multiple lacerations of liver with severance of inferior vena cava and hepatic veins, bilateral.

Except for his wife, Joy, the survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 10:35 a.m. on July 19th, 1962, by the Minneapolis General Hospital.

At 6:05 p.m. on July 12th, 1962, Leslie E. Arneson, 51, a Yellow Cab Co. taxi driver, was driving a 1962 yellow cab bearing 1962 Minnesota license 4W 1888 west on Broadway N.E., with Rosemarie Wallen, 19, or 4035 Zenith Avenue North, as his passenger. At this time deceased was attempting to cross West Broadway at University Avenue from north to south, beyond the intersection and not at the crosswalk, in the path of the cab and was struck down. The roadway was straight, level, dry, and had no defects. The weather was clear and it was daylight.

Traffic officer Stephen A. Tueting was at the scene and made an investigation.

LARRY MELBIE - continued

Deceased, who was unconscious at the scene, was immediately taken to the Minneapolis General Hospital and admitted. There was a laceration over the parieto occipital area and across his forehead. X-rays taken showed a depressed skull fracture and fractured left femur. There were multiple abrasions over forehead, nose, right side of face below right eye, and upper lip. There were one inch diameter abrasions anterior right knee and laterally on the right knee, and ecchymosis of both eye lids.

Trephine surgery and elevation of depressed fracture were performed on the day of hospital admission, July 12th, 1962. However, deceased expired without regaining consciousness at 7:16 a.m. on July 19th, 1962.

An autopsy was performed at the hospital on the day of death. This revealed that death was caused by massive cerebral hemorrhage with brain laceration due to extensive parieto occipito comminuted compound skull fracture.

Except for his parents, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 10:30 p.m. on July 19th, 1962, by police.

Three weeks ago, it was stated, deceased moved to Minneapolis from California to attend business school. He was last seen on Sunday evening, July 15th, by his brother, Merrill, who said deceased seemed well at that time. After repeated attempts to call his brother on Thursday, July 19th, Merrill had the caretaker, Robert Mayer, open the apartment. They found deceased expired and notified police.

Police Officers Kroger and Johnson of squad #222 responded and were at the scene when a deputy coroner arrived.

DON EDELSTON - continued

The deputy coroner at the scene viewed the body of deceased lying face up with head against a cabinet approximately twelve feet from the door. There was dry emesis on the right side of his face and head and fluid in the oral cavity. Rigor and lividity were present with early decomposition. The body was clad only in a pair of socks. There was no evidence of external trauma or strangulation. The body was cold.

Except that deceased was alleged to have a history of heart trouble while in service in World War II, there was no medical history.

The remains were taken to the Hennepin County Morgue, where an autopsy was performed the following day, July 20th, 1962. This revealed that death was due to coronary occlusion due to severe coronary arteriosclerosis.

With the exception of his brother Merrill and a sister Shirley, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 8:05 p.m. on July 20th, 1962, by police.

Deceased, it was stated, had been under the care of Dr. Morris L. Cable, who was out of the city at the time of his death. He was attempting to start his lawn mower the evening of July 20th, complained of chest pains, went into the house and collapsed. A Minneapolis General Hospital ambulance was called. Dr. Delzell, the ambulance physician, was unable to resuscitate the man and pronounced death at 7:45 p.m.

Police officers Collins and Patterson of squad #333 were at the scene.

CLARENCE ARTHUR MOHL - continued

Examination of the body did not indicate that death was due to other than natural causes, and it was attributed to arteriosclerotic heart disease. Death apparently occurred at about 7:45 p.m. July 20th.

The remains were released by the deputy coroner on the case directly from the premises to a funeral director.

Deceased is survived by his wife, Katherine; two sons, Gerald and Douglas; two sisters, Mrs. Elmer Soldin and Mrs. Rodney Hodge; three brothers, Carl, Herman and Waldemore; and nieces and nephews.

REMARKS

This case was reported to the Coroner's Office by the Police Department at 10:55 p.m., July 20, 1962.

At approximately 10:05 p.m., on July 20, 1962, Bruno Hanson, houseman at the Nicollet Hotel, entered the decedent's room and found him lying on bed, apparently lifeless. The police were notified, Officers Longran and Creighton of squad 117 responding.

A Minneapolis General Hospital ambulance was dispatched to the scene. Upon arrival, the ambulance physician confirmed the man's death.

According to Mr. Frank Woolsey, resident manager at the hotel, he had checked on the decedent several times during the day. He stated the decedent had been drinking and was unable to stay on his feet; he vomited several times and it was noted to be a material which appeared to be black. Mr. Woolsey asked permission to summon a physician, but the

MAURICE J. DACY - continued

decedent refused to give his consent.

Remains were removed to the Hennepin County Morgue where an autopsy was performed on the following day, July 21st. This revealed fatty metamorphosis of liver, severe; coronary arteriosclerosis, moderate; and pulmonary congestion and edema.

Only survivor known to the Coroner's Office is a sister, Mrs. H. O. Foster, Los Angeles, California.

REMARKS

Deceased, accompanied by John R. Domka, 4236 Moonstone Drive, St. Paul, was allegedly returning from a fishing trip early the morning of July 21st, 1962. It was stated they stopped near Buffalo to rest and then deceased resumed driving his 1960 white Oldsmobile convertible bearing 1962 Minnesota license MX 4230 east on State Highway 55. At approximately 5:37 a.m. at a point about .3 mile East of County Road 6, Plymouth Village, the vehicle left the road hitting the shoulder off the inside lane and collided with the West side of the railroad bridge, hitting the bridge with the left front of the car, then traveling along side-swiping the bridge before coming to a standstill broadside in the road, facing north.

Deceased was taken from the scene of the accident to North Memorial Hospital in Robbinsdale, where he expired at 7:10 a.m. that day - July 21st.

FRANCIS KEITH KRATT a/k/a FRANK KEITH KRATT - continued

An autopsy was performed at the Hennepin County Morgue on the day of death. This revealed that death was due to massive left hemothorax, hemoperitoneum, and subdural and subarachnoid hemorrhage, due to multiple rib fractures, rupture of liver and spleen, and skull fracture. There was also fracture of pelvis and left maxilla.

Except for his wife, Mary Wilma Kratt, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 7:45 p.m. on July 22nd, 1962, by the Hennepin County Sheriff's Office.

Deceased was at work at station KEVE in Golden Valley at the time of his death, approximately at 7:05 p.m. on July 22nd. He had introduced a long-play record, which replayed, and when he failed to respond to calls a listener called the Sheriff's Office. A deputy sheriff, Melvin H. Kilboe, accompanied by Deputy Kramer, found deceased, unresponsive, lying on his side.

Dr. A. F. Cullado who was summoned to the scene pronounced death at 7:40 p.m., July 22nd.

DAVID J. REAU - continued

The deputy coroner at the scene viewed the body of deceased lying on his back . There was fresh blood on his face and on the floor. The body was cool and there was no rigor.

The remains were taken to the Hennepin County Morgue where an autopsy was performed. This revealed that death was caused by coronary insufficiency due to coronary arteriosclerosis. Bilateral edema and congestion of lungs were contributing factors.

Deceased is survived by his wife, Marilyn; daughters, Renee and Michelle; brother, William, Jr.; sisters, Mrs. Mary McDonald of Minneapolis and Mrs. Joan Harris of Downing, Illinois.

REMARKS

This case was reported to the Coroner's Office at 9:50 p.m. on July 22nd, 1962, by Dr. McCrary, a North Memorial Hospital ambulance physician.

Deceased became ill the evening of July 22nd while at work at the Lyric Theater and called his son-in-law, Sidney Dunn, who took him home. Dr. Dale Correa, deceased's physician could not be reached, and the North Memorial Hospital was called and an ambulance and Dr. McCrary were sent to the scene. Dr. McCrary stated deceased expired shortly after his arrival. It was stated deceased had suffered a heart attack about six months ago.

Examination of the body did not indicate that death was due to other than natural causes. Death, which occurred at 8:30 p.m., July 22nd, 1962, was attributed to arteriosclerotic heart disease.

RAYMOND DAILEY - continued

The deputy coroner on the case released the body directly from the premises to a mortician.

Deceased is survived by his wife, Caroline; daughter, Anna Marie Marshall of Cincinnati; sons, Robert and Dr. Thomas, both of Los Angeles; a step-son, Robert Alston of Coon Rapids; and fifteen grandchildren.

REMARKS

This case was reported to the Coroner's Office at 7:45 a.m. on July 23rd, 1962, by the Minneapolis General Hospital.

Deceased was involved in an auto accident at 1:51 a.m. on July 23rd, 1962, at 25th and Nicollet. James L. Peterson, 23, of 3212 Clinton Avenue South, accompanied by Ronny Peterson, 21, of 2750 2nd Avenue South, was driving a white 1961 Dodge 2-door hard top bearing 1962 Minnesota license 6N 4500 north on Nicollet, while Joseph O. Swanson, 32, of 2307 Clinton Avenue South, was driving his 1959 beige Ford four-door sedan bearing 1962 Minnesota license 8L 2353 south on Nicollet, and attempting to make a left turn east on East 25th, when his car was struck by the Peterson vehicle.

ORLAND KALLOCK - continued

Mr. Swanson was accompanied by Judy Ann Johnston, 18, of 2631 Bryant Avenue South; Carl Czeck, 18, of 2307 Clinton; Kathy Larson, 22, of 1920 1st Ave. South; and the deceased herein, Orland Kallock.

Traffic officers Ken Smith, T. Russell, and W. W. Weir were at the scene and made an investigation. All occupants of both vehicles were injured. It appeared that both drivers had been drinking.

Deceased was taken from the scene of the accident to the hospital and admitted at 2:11 a.m. He expired a few minutes later, at 2:40 a.m. - July 23rd.

An autopsy was performed at the hospital on the day of death. This revealed that death was caused by massive bilateral hemothorax with pulmonary hemorrhage left due to depressed fracture 4th, 5th, and 6th ribs, right anterior; fracture of 6th thoracic vertebra with cord transection; and rupture of spleen.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 10:00 a.m. on July 23rd, 1962, by police.

It was stated deceased and his wife returned from a vacation the evening of July 22nd, 1962, and prior to retiring had two or three beers. They had an argument and deceased allegedly struck his wife, whereupon she left home at approximately 10:30 p.m. and spent the night at the home of a neighbor.

Mrs. Anderson returned home at 9:00 o'clock the following morning, July 23rd, and at approximately 9:10 a.m. discovered her husband, unresponsive, in the car and called Harold S. Ulry, 2713 - 12th Avenue South, who came and climbed through the garage window, removed the ignition key and opened the garage door.

WAYNE H. ANDERSON - continued

Police were notified and officers Whalen and Blanch responded and they notified this office.

The deputy coroner at the scene examined the body of deceased sitting in the driver's seat of a 1961 pink Chrysler two-door bearing 1962 Minnesota license 5C 5071 in the garage at the above address. Deceased was slumped over to the right and his glasses were on the top of the car. All car windows were closed except the left rear window where a vacuum cleaner hose ran to the vicinity of the exhaust pipe. Rigor mortis was present. The neck area, chest, buttocks, and backs of legs were pink. There was no evidence of external trauma.

Mrs. Anderson stated deceased had not been under a doctor's care. Apparently he had a cancer phobia and for the past two months had been concerned about a lesion on his left forehead. She stated he had acted "peculiar" during this time but could not elucidate.

A note allegedly in deceased's handwriting found in the car indicated that death was suicide.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

The toxicologist's examination of a specimen of deceased's blood revealed 0.16% alcohol by weight and that the blood was carbon monoxide saturated.

Deceased is survived by his wife, Marion; a brother, Howard; and sisters, Mrs. Irene Karpinen and Mrs. Marjorie Skoglund.

REMARKS

This case was reported to the Coroner's Office at 10:25 p.m. on July 23rd, 1962, by police.

Shortly after 10:00 p.m. on July 23rd deceased was seen to fall forward to the sidewalk at 15th and Nicollet. Police officers Bauman and Iverson in the near vicinity were alerted. They noted that her face was blue, gave artificial respiration and summoned a rescue squad. The rescue squad came almost immediately and administered oxygen.

A Minneapolis General Hospital ambulance arrived shortly. Further efforts at resuscitation were unsuccessful and Dr. Brown, the ambulance physician, pronounced death at 10:20 p.m.

ALYCE F. ANDERSON - continued

The deputy coroner at the scene viewed the body of deceased, which, at that time, was lying face up with the left shoulder and chest propped on the curbing of the southeast corner of the intersection with feet extending into the street. The body was warm and face cyanotic. There was no evidence of external trauma.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Deceased's husband and his brother were opposed to an autopsy.

It was reported that deceased had been under the care of Dr. David M. Craig, Lowry Medical Arts Building, St. Paul, for some time for a heart condition. Dr. Craig was out of the city at the time of her death, but Dr. Joseph F. Borg, his associate, stated they had followed her for many years for a severe aortic insufficiency.

Death, which occurred at 10:20 p.m. on July 23rd, 1962, was attributed to congestive heart failure due to severe aortic insufficiency.

Deceased is survived by her husband, Alex.

REMARKS

This case was reported to the Coroner's Office at 6:00 a.m. on July 24th, 1962, by the Swedish Hospital.

It was stated deceased had been playing in a schoolyard in the vicinity of 60th and Dupont South and at 9:00 p.m. on July 21st, 1962 fell out of a swing, striking her head. She returned home with a headache, developed emesis and became unconscious. She was admitted, comatose, to Swedish Hospital that evening under the care of Dr. G. Marking. A spinal tap by Dr. C. Kent Olson was bloody and a chest x-ray examination revealed aspiration pneumonia. Deceased remained comatose until she expired at 4:25 a.m. on July 24th.

According to deceased's father, she had been in an automobile accident a year ago and had suffered a head injury but had not been unconscious at that time.

JANYNE GAIL POSTELL - continued

Death, which occurred at 4:25 a.m. on July 24th, was attributed to aspiration pneumonia due to left occipital basal skull fracture, and was classified an accident.

Deceased is survived by her parents, Mr. and Mrs. Richard G. Postell; two brothers, Richard H. and Jamie; two sisters, Mrs. Cheryl Crandall and Kimberly.

REMARKS

This case was reported to the Coroner's Office at 9:45 a.m. on July 24th, 1962, by Dr. William Walsh.

Deceased had a history of hypertension and cardiac disease, and in March of 1961 was hospitalized in Hemet, California, for that condition under the care of Dr. S. J. Newton of LaGuana Beach. On July 23rd she arrived from Rochester, Minnesota to visit at the home of a niece and her husband, Mr. and Mrs. Glen Hilliard at the above address. She was in her usual state of health, it was said, until about 10:30 p.m. when she complained of a severe occipital headache and vomited three or four times. At about 11:00 p.m. she retired with her husband, but at 6:30 a.m. on July 24th he was unable to awaken her.

VENA DAVIS - continued

Dr. William Walsh was called . He pronounced the woman dead and notified this office.

The deputy coroner at the scene viewed the body of deceased, which was still warm. The extremities were cyanotic and the sheets were stained with urine. There was no indication that death was due to other than natural causes and it was attributed to cerebral vascular accident.

The remains were released from the premises by the deputy coroner to a funeral director.

REMARKS

This case was reported to the Coroner's Office at 9:10 a.m. on July 24th, 1962, by the North Memorial Hospital.

According to Officer Rick of the Fridley police, deceased attempted suicide by gunshot between the eyes with a .22 cal. rifle, apparently while sitting on the steps of his father's home. It was stated he was divorced from his wife and had been living with his father. He was taken to the hospital and admitted at 4:30 a.m. that day, July 23rd, 1962, and expired the following morning, July 24th, at 8:52 a.m.

EUGENE McNAUGHTON - continued

The body was examined by the Hennepin County Coroner at the Miller Funeral Home. The point of entrance of the bullet was in the forehead between the eyebrows above the nose , and the point of exit was the crown of the head. There was a sutured incision extending from the point of entrance on the forehead extending backward to the top of the head, where there was a rubber drain.

Dr. Paul Blake, the neurosurgeon who operated on deceased at the time of admission stated that he removed fragments of the bullet from the skull and that there were powder burns about the point of entrance.

Deceased is survived by a son, Joseph; a daughter, Michelle; parents, Mr. and Mrs. Joseph McNaughton; two brothers, Richard of Duluth and Lawrence of Spring Lake Park; and a sister, Mrs. Dan Robertson of Brooklyn Park.

REMARKS

This case was reported to the Coroner's Office at 6:15 p.m. on July 24th, 1962, by Patrolman Robert J. Bramwell of the Edina police.

In the late afternoon of July 24th, 1962, deceased was in the back yard of his home practicing his golf swing with a metal shaft club when a sudden storm came up. His wife looked out the back window and saw a flash of light in the northwest corner of the yard followed by collapse of her husband. Then there was a flash of light in the southwest corner of the yard. Mrs. Johnston ran to her husband, it was said, held him for a short time but he was unresponsive Rain turned into hail and the clock stopped at 5:40 p.m.

EUGENE McNAUGHTON - continued

The body was examined by the Hennepin County Coroner at the Miller Funeral Home. The point of entrance of the bullet was in the forehead between the eyebrows above the nose , and the point of exit was the crown of the head. There was a sutured incision extending from the point of entrance on the forehead extending backward to the top of the head, where there was a rubber drain.

Dr. Paul Blake, the neurosurgeon who operated on deceased at the time of admission stated that he removed fragments of the bullet from the skull and that there were powder burns about the point of entrance.

Deceased is survived by a son, Joseph; a daughter, Michelle; parents, Mr. and Mrs. Joseph McNaughton; two brothers, Richard of Duluth and Lawrence of Spring Lake Park; and a sister, Mrs. Dan Robertson of Brooklyn Park.

DUGLAS JOHNSTON - continued

At Mrs. Johnston's request a neighbor at 5300 Ayrshire called Edina police. Patrolman Robert J. Bramwell and a rescue squad responded. Deceased's eyes and mouth were open and there was no apparent breath or heart beat. Heart massage was attempted.

Dr. Eugene Ott, 5405 Richmond Lane, deceased's physician arrived at the scene about ten minutes later and confirmed death.

The deputy coroner at the scene viewed the body of deceased lying face up in a northwest-southwest direction in the backyard of his residence, 5304 Ayrshire. A metal golf club bearing burn marks lay at his feet. There were burns about his right eye and the left pupil was larger than the right. His body was mottled. There was a broken high voltage wire approximately two feet from his feet, and the opposite broken end of the wire was 81 feet to the northwest of his head. Deceased's feet were beside, but not on, a rubber pad used for golf teeing. There were burns on both feet, charring of the heel support of the right shoe and multiple punctuate burns over the shirt and trouser area and blistering skin at these points.

The remains were taken to the Hennepin County Morgue where an autopsy was performed on July 25th. This revealed that death, which occurred at 5:40 p.m., was due to electrocution due to contact with high voltage electric light wire, and was classified an accident.

Deceased is survived by his wife, Ellen; two daughters, Mrs. Judson (Mary Lou) Bunnell of Phoenix, Arizonia, and Mrs. Robert (Barbara Ann) Wiley of Bethlehem, Pa.; a son, Douglas F. o: Edina; and seven grandchildren.

REMARKS

This case was reported to the Coroner's Office at 6:55 p.m. on July 24th, 1962, by the Fairview Hospital.

At approximately 3:30 p.m. on June 18th, 1962, it was reported, deceased was the driver of an automobile that collided with another car being driven by a Mrs. Walworth of Chinook, Montana, on a highway in the vicinity of Havre, Montana. Mrs. Walworth was hospitalized; her two children who accompanied her were injured, but their condition was not considered serious. Deceased's father was killed in this accident and another passenger, a friend of the family, was injured.

PAUL R. HOLMBERG - continued

Deceased was taken from the scene of the accident to Kennedy Deaconess Hospital in Havre, Montana, and was later flown to Minneapolis by chartered plane while in traction. He was admitted to Fairview Hospital on July 21st, 1962 with a fractured elbow and fractured femur. He was taken to surgery on July 24th and suffered a cardiac arrest during sodium pentothal anesthesia for reduction of fracture. Death occurred at 6:30 p.m.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 7:10 p.m. on July 24th, 1962, by police.

Deceased had been visiting at the home of her grandson, Janis Ozolins, at the above address since Friday, July 20th, and complained of weakness with some diarrhea. At 6:30 p.m. on July 24th she went to the bathroom. Her grandson's wife in a nearby bedroom heard a thud and upon investigation found that deceased had fallen to the floor and was unresponsive. A call to police brought officers Flint and Hafvenstein of squad #332 and a Minneapolis General Hospital ambulance. Dr. Gormley who accompanied the ambulance pronounced death at 6:45 p.m.

DORE OZOLINS - continued

The deputy coroner at the scene viewed the body which was warm and livid. There was a small abrasion on the left cheek. Deceased lay on the floor with her head against the bathtub. There was no indication that death was due to other than natural causes.

It was stated deceased had no recent medical history. The last time she had been seen by a physician was in 1959 when she had been hospitalized at Ancker Hospital in St. Paul, and she had not been recently taking any medications.

Death, which occurred at 6:45 p.m. on July 24th, 1962, was attributed to arteriosclerotic heart disease.

Except for her nephew mentioned above, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 11:00 a.m. on July 25th, 1962, by the Burr Goranson Funeral Home.

It was stated deceased had resided at the Franklin Hospital, a nursing home, for the past three years and was under the care of a Dr. Wilkinson who was out of the city at the time of her death and not expected to return for a week.

According to the report, death occurred at 9:20 p.m. on July 24th, 1962.

ALICE STARK HELM - continued

An autopsy was performed at the mortuary at 2:00 p.m. on July 25th, 1962. This revealed that death was due to extensive encephalomalacia left cerebral hemisphere and purulent bronchitis.

Except for her husband, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 5:00 a.m. on July 25th, 1962, by her daughter, Mrs. Gander.

Deceased had not had any medical attention for more than a year, it was stated, and had been very senile and in a weakened condition for a long time. He was found dead in bed at 4:00 a.m. on July 25th by his daughter, with whom he lived.

PHILLIP CHISTOPIAN - continued

Examination of the body by a deputy coroner did not indicate that death was due to other than natural causes. Death, which occurred about 4:00 a.m. on July 25th, 1962, was attributed to cerebrovascular accident. The body was released from the premises to a funeral director.

Except for his wife, Sophia, and the daughter mentioned above, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Officeat 12:25 p.m. on July 25th, 1962, by Dr. Robert Green of St. Louis Park.

St. Louis Park policeman Bob Sorenson went to the Blustin residence when a neighbor at 2345 Texas reported about 11:35 a.m. that deceased was lying on his back on the sidewalk. It was stated deceased was apparently mowing the boulevard in a diagonal direction to the southwest and in stepping back to pull the mower on a back stroke may have caught his heel on the edge of the sidewalk. Deceased was lying on his back diagonally across the sidewalk with his head partly on the lawn on the inside edge of the sidewalk.

Dr. Green was summoned and pronounced the man dead on his arrival at 12:05 p.m.

SHOLLY S. BLUSTIN - continued

Deceased had a history of care by Dr. William Brown for diabetes and hypertensive heart disease and was taking medications for these conditions.

The deputy coroner at the scene examined the cyanotic warm remains of this slightly obese middleaged man who was fully clad. There was a small depressed abrasion in the right parieto occipital region of the scalp.

Mrs. Blustin was not at home this morning. She stated that from the dishes in the sink it appeared deceased had made himself breakfast and eaten it. She said he was very regular about taking his insulin.

Deceased's family requested an autopsy.

An autopsy was performed at the mortuary on the day of death. This revealed that death was caused by acute myocardial infarction of left coronary artery with thrombosis of right coronary due to severe coronary arteriosclerosis.

With the exception of his wife, Frieda, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 1:30 p.m. on July 25th, 1962, by Dr. Arthur K. Larson of the Oxboro Clinic.

This baby weighed 9 lbs. at birth, it was said. On June 29th he was seen by Dr. S. J. Santilippo and referred to the University of Minnesota pediatrics out-patient department. He had a respiratory problem, malnourished, etc. He was seen by Dr. Sauls and Dr. Jack Strobel in pediatrics at the University. Dr. Sauls stated deceased had "Piere-Robin Syndrome," a maldevelopment of chin which results in poor support of tongue and pharynx and interferes with the swallowing mechanism.

THOMAS E. LARSON - continued

Deceased was brought to the Oxboro Clinic early the afternoon of July 25th by his father, Gene Larson, and Bloomington police. Dr. Arthur Larson pronounced the baby dead on arrival at 1:05 p.m. Mr. Larson stated deceased was taking a feeding and suddenly began to gasp and then became unresponsive.

The deputy coroner at the scene viewed the body of this baby. Deceased weighed 10 lbs. He had a very undeveloped receding jaw. There was no external evidence of other than a natural death.

The remains were taken to the Hennepin County Morgue where an autopsy was performed on the day of death - July 25th, 1962. This revealed that death was due to bronchopneumonia.

Except for his parents, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 7:20 p.m. on July 25th, 1962, by the St. Louis Park police.

According to Mrs. Mildred Hillerns, wife of deceased, she last saw deceased alive at about 5:45 p.m. today, July 25th. He came into the kitchen where she was cooking and phoned his place of work to say he wouldn't be at work tonight or tomorrow. After supper (he ate only a cookie) he left the kitchen while she did the dishes. She took the garbage out and looked for her husband but thought he was in the bedroom resting when she saw the door closed. She said she opened the bedroom door, found he wasn't there and then noticed the bathroom door was closed and found it was locked. Then she called Joseph Hillerns who lives two blocks away.

FLOYD HILLERNS - continued

Joseph Hillerns came right over and they tried to see into the bathroom through the window. Joseph said he wasn't able to see anything but when Mrs. Hillerns said she saw the shower curtain rod in the tub he told her to call police. Officers Markeson and Bruce Aplin of the St. Louis Park police responded. Officer Markeson stated he had kicked in the bathroom door and found deceased dead not more than three or four minutes after they received the call for first aid.

Mrs. Hillerns stated deceased had recently been a patient at the Veterans Hospital for a "nervous breakdown" and had received shock therapy. He refused to take the medicine prescribed for him and, it was stated, had threatened suicide both while in the hospital and since his discharge.

The deputy coroner at the scene viewed the body of this late middleaged man who was fully clad, lying partly on his right side with head and right arm over the edge of the bathtub at the drain end. A leather belt had been made into a noose around his neck. There was an impression of the belt buckle below his right ear. The other end of the belt was tied to the shower curtain rod by a cinch knot. The shower curtain rod - a hollow plated tube - lay on top of deceased with the curtain still threaded on it. The rod was bent and the ends were pulled from the flanges on the wall of the bathroom.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Except for his wife, Mildred, and Joseph Hillerns mentioned above, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 3:20 a.m. on July 27th, 1962 by the Welander Quist Funeral Home.

Deceased, it was stated, had a history of coronary disease and blackouts, but had not recently been attended by a physician. She expired at 2:00 a.m. on July 27th, 1962 at the home of her son, Douglas Streeter, with whom she lived.

A deputy coroner examined the body of deceased. There was no indication that death was due to other than natural causes, and it was attributed to arteriosclerotic heart disease.

The remains were released by the deputy coroner to the funeral director.

Except for the son, Douglas, mentioned above, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 8:15 a.m. on July 27th, 1962, by the Minneapolis General Hospital.

Deceased, it was stated, was found in a comatose condition in a room at the Hennepin Hotel where she resided at 3:30 a.m. on July 23rd, 1962, and was admitted to the Minneapolis General Hospital, where she expired a few days later, at 5:35 a.m. on July 27th. She had a history of alcoholism with treatment for this condition at the Wilmar State Hospital in 1961.

An autopsy performed at the hospital on the day of death revealed that death was due to diabetic acidosis. Bilateral bronchopneumonia, pancreatitis, and fatty metamorphosis of liver were contributing factors.

REMARKS

This case was reported to the Coroner's Office at 5:00 p.m. on July 27th, 1962, by the Minneapolis General Hospital.

Deceased was admitted to the hospital on June 30th, 1962 after a fall at home that resulted in a fractured left hip. He had a history of mild strokes and coronary artery disease and tuberculosis. Surgery for internal fixation of the hip was performed on July 5th. Deceased developed post-operative pneumonia, became hypertensive and developed a stress ulcer. An electrocardiogram on July 17th revealed subendo cardial infarction. Deceased expired on July 27th, 1962 at 4:40 p.m.

HARRY SCHMIDT - continued

Death was attributed to pneumonia, bilateral. Pulmonary emphysema, acute myocardial infarction, and intertrochanteric fracture of left femur were contributing causes. Death was classified an accident.

REMARKS

This case was reported to the Coroner's Office at 3:30 a.m. on July 28th, 1962, by the Minneapolis General Hospital.

At 12:55 a.m. on July 28th, 1962, the blue and white 1954 Oldsmobile 4-door bearing 1962 Minnesota license 3Y 1533 which deceased owned and was driving west on 36th Avenue North was struck at the intersection of 36th Avenue North and Thomas Avenue by a brown 1960 Chevrolet four-door bearing 1962 Minnesota license 5B 2262 owned by Thomas Robin of 3431 Morgan Avenue North and being driven by James Rand Robin, 17, of the same address. The Carroll vehicle swerved to the left and struck a wooden light pole at the northeast corner of the intersection and deceased was thrown free of the car and was found lying behind the rear wheel of the car, face up, in the gutter.

At the time of the accident deceased was accompanied by James E. Thornberg, 18, of 4366 Thomas Avenue North, while Robin was alone.

WILLIAM JOSEPH CARROLL - continued

Traffic officers Neuenfeldt and R. Switzer, badge numbers 480 and 184, were at the scene and made an investigation.

Deceased was taken from the scene of the accident to the hospital by ambulance and admitted at 1:26 a.m. He expired a few hours later, at 3:15 a.m. that day - July 28th, 1962.

An autopsy performed at the hospital on the day of death revealed that death was caused by massive hemoperitoneum and right pneumohemothorax due to maceration of liver and fracture of third rib with puncture of right lung.

While a patient in the hospital deceased had been given eight pints of blood, yet the toxicologist's examination of a specimen of his blood after death revealed 0.08% alcohol by weight.

Deceased is survived by his mother, Mrs. Stella Kraska, and father, William D. Carroll; sister, Mrs. Joanne Olson; brother, Thomas G. Carroll; step-brother, Joey Kraska; two step-sisters, Joanne and Jane Carroll; grandmother, Mrs. Mary Lobejko; grandfather, William J. Carroll; and great-grandmother, Mrs. Mary Narbonn.

REMARKS

This case was reported to the Coroner's Office at 5:20 a.m. on July 28th, 1962, by police.

Deceased, it was stated, was at the home of his sister-in-law, Mrs. Sam Fox, at 11:00 p.m. on July 27th, 1962, when he complained of shortness of breath and asked if he could lie down. He lay on the sofa and a short time later said he was having a distressed stomach and was given alka seltzer, and he returned to sleep. At 3:30 a.m. on July 28th Mrs. Fox noted that his eyes were partially open and he was unresponsive.

Police Officer Carlson of squad #551 was at the scene when a deputy coroner arrived.

ELMER PATRICK FOX - continued

The deputy coroner at the scene viewed the body of deceased, which was warm and livid with facial cyanosis, lying face up on a couch with legs sprawled to the floor. There was no indication that death was due to other than natural causes.

According to deceased's wife, who was present, deceased had a long history of angina pectoris, and took nitroglycerin regularly. He had been followed by the Minneapolis General Hospital and by Veterans Hospital, and allegedly had seen a doctor a month ago, - name unknown.

Except for his wife and a daughter, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 6:45 a.m. on July 29th, 1962, by police.

Deceased had a history of care by a psychiatrist, Dr. Allan Franckel of Des Moines, Iowa, for the past two years and, it was stated, attempted suicide a year ago, and had been taking carbitol on a prescription. She had been feeling tired yesterday, July 28th, and wanted to rest, and apparently took several carbitol capsules. At 7:30 p.m. her husband and friends went out for a drive and returned at 12:30 a.m. Deceased was up and appeared slightly groggy, but had no complaints. Deceased and her husband retired and at 2:00 a.m. deceased awoke complaining that her teeth hurt. She was given a glass of water and went back to bed.

JEAN SAUNDERS - continued

At 6:00 a.m. Mr. Saunders awoke and found deceased dead. He notified police and officers Gross and Wall of squad #220 responded.

The deputy coroner at the scene viewed the body lying on her right side in bed, livid and cool, with her head up against a pillow type bolster. There were six or eight capsules remaining in the prescription - deceased's husband stated he thought the bottle had been one-third to one-half full.

Deceased's husband desired an autopsy.

The remains were taken to the Hennepin County Morgue, where an autopsy was performed on July 29th, 1962. This revealed that death was due to barbiturate intoxication, accident or suicide unknown.

Except for her husband, the names of deceased's survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 6:55 a.m. on July 29th, 1962, by police.

Deceased, it was reported, had been under the care of Dr. John Kelly, 1229 Second Street N.E., and had been seen by him two weeks ago. He was apparently in good health but last night (July 28th) his mother thought he felt warm and placed him on a couch after a 1:30 a.m. feeding. At 6:30 a.m. July 29th, only a few hours later, he was found dead, lying face down and slightly wedged into the corner of the couch.

Police officers Woodruff and Robertson of squad #223 were at the scene when a deputy coroner arrived.

ROBERT ALLEN BLUME - continued

The deputy coroner examined the body at the scene. The body had been turned face up. The facial area was cyanotic and there was rash and blueness in the neck area.

The remains were taken to the Hennepin County Morgue where an autopsy was performed on the day of death - July 29th, 1962. This revealed that death was due to pulmonary edema and congestion.

Deceased is survived by his parents, Mr. and Mrs. Robert J. Blume; and grandparents, Mr. and Mrs. Frank McQuarrie and Mr. and Mrs. Raymond Blume, all of Minneapolis.

REMARKS

This case was reported to the Coroner's Office at 11:50 p.m. on July 29th, 1962, by the Methodist Hospital.

According to information received by this office deceased was apparently the driver of a car involved in a two-car collision near Lester Prairie, Minnesota at 8:25 p.m. on Sunday, July 29th, 1962. She was accompanied by several other passengers. The driver of the other car involved was Louis R. Dammann, 21, of Lester Prairie.

Deceased, accompanied by Dr. John J. Smyth of Lester Prairie, was taken by ambulance to the Methodist Hospital - Receiving - at 9:35 p.m. that day, where she expired at 11:39 p.m.

EVELYN BANKE - continued

An autopsy was performed at the hospital the following day, July 30th, 1962. This revealed that death was due to severe cerebral contusion, bilateral, due to extensive basal left skull fracture. Pneumothorax, left, due to multiple rib fractures and fracture of pelvis were contributing causes.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 11:55 a.m. on August 3rd, 1962, by police.

Patrolman Tom Willey was at the scene when a deputy coroner arrived. Deceased had been found dead in bed by the janitor, James E. Casey, at about 11:00 a.m. today, August 3rd.

The deputy coroner viewed the remains of deceased, who appeared jaundiced and was lying nude in bed in the position of sleep on his back and in moderate rigor. A hernia truss lay beside him. Among his effects was a discharge from Glen Lake Sanitarium dated May 9, 1951, and a prescription from Walgreen's by a Dr. Brown for digitoxin. There was no indication that death was due to other than natural causes, and it was attributed to arteriosclerotic heart disease.

The names of survivors, if any, are not known to this office.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

REMARKS

This case was reported to the Coroner's Office at 11:05 p.m. on August 3rd, 1962, by police.

Mrs. E. Geary, the land/lady at the above address who resides downstairs, said she heard a loud crash just before 11:00 p.m., opened the door from her diningroom to the stairs and found deceased lying face down, head toward the bottom step, right leg up on the outside door. She immediately called police and an ambulance.

Police officers Engel and P. Dunn of squad #115 were the first to arrive at the scene and they were joined by Blanche and Whelan of squad #701. Officer Engel stated deceased was breathing when he arrived and found her in the position described by Mrs. Geary, and that she stopped breathing shortly after the ambulance arrived.

ETHEL HOLEN - continued

It was stated deceased, who had resided at this address for about two months, was frequently intoxicated. About a month ago her brother, Axel L. Bergman, moved in with her.

The deputy coroner at the scene examined the body of deceased, who was obese and nude except for panties, lying on the first floor landing of the stairs to the second floor on the east side of the building. There was a small laceration of the right great toe, laceration on right of nose, abrasion of right knee, small laceration or abrasion on left elbow (extensor aspect.) There was a marked alcoholic odor.

The stairway was very steep and unguarded at the top. Deceased's bedroom was south of the stairwell. The bathroom was north of the stairwell on the opposite side of the hall. Axel Bergman, the brother, who, according to police was found sleeping on the kitchen floor when they arrived, and Orby G. McGlachin admitted they had been drinking with deceased earlier in the evening. Deceased apparently stumbled on the way to the bathroom and fell downstairs while intoxicated.

The body of deceased was removed to the Hennepin County Morgue, where an autopsy was performed the following day - August 4th, 1962. This revealed that death was due to subdural and subarachnoid hemorrhage involving left cerebellum and occipital area. There was also congestion of lungs, liver and spleen, and alcoholism - 0.19% by weight in blood.

Deceased is survived by three sons, Roy of Holiday, North Dakota, Edward of Minot, North Dakota, and Robert of Minneapolis; a brother, Axel Bergman of Minneapolis; and thirteen grandchildren.

REMARKS

This case was reported to the Coroner's Office at 3:30 a.m. on August 4th, 1962, by the Methodist Hospital.

At 1:50 a.m. on Saturday, August 4th, 1962, deceased was the driver of a car which went off highway #494, struck a light pole, and crashed to the highway below (35W) in Richfield, Minnesota. He was found dead or dying in his car and taken to Methodist Hospital by ambulance where he was pronounced dead on arrival at 2:45 a.m. A highway patrolman notified deceased's wife.

The deputy coroner viewed the body of deceased. Externally there was visible a contusion of chest and upper abdomen suggestive of steering wheel impact.

RAYMOND CHARLES LAPIC - continued

An autopsy was performed at the hospital on the day of death - August 4th, 1962. This revealed that death was caused by massive hemoperitoneum and hemothorax due to rupture of heart, inferior vena cava and liver and crushing injury of chest. Fracture dislocation of upper left femur was a contributing cause. The toxicologist's examination of a specimen of deceased's blood revealed 0.23% alcohol by weight.

Except for his wife, the names of survivors, if any, are unknown to this office.

REMARKS

This case was reported to the Coroner's Office at 11:30 a.m. on August 4th, 1962 by St. Mary's Hospital.

On August 3rd, 1962, deceased was making coffee over a gas stove in the kitchen of her home when her clothing became ignited and she was burned over 40% of her body surface with first and second degree burns. She refused to go to the hospital at the time and was not hospitalized until the following day. She expired at 9:40 a.m. on August 4th, only 40 minutes after her arrival at St. Mary's.

PAULINE D. LORD - continued

An autopsy was performed at the hospital. This did not reveal any anatomical cause of death other than the burns. Death, which occurred at 9:40 a.m. on August 4th, 1962, was attributed to shock due to burns over 40% of body surface and was classified accidental.

Deceased is survived by a sister with whom she made her home.

REMARKS

This case was reported to the Coroner's Office at 5:50 p.m. on August 4th, 1962, by police.

Deceased was mowing the lawn in front of his home on August 4th while his wife was occupied in the back yard. At 5:05 p.m. Mrs. Billings found her husband collapsed on the front sidewalk. Police were notified and officers Coleman and Skrivseth of squad #333 responded. A Minneapolis General Hospital ambulance arrived and Dr. Klein examined deceased. Meanwhile, Dr. Donald Amatuzio, an associate of Dr. Ralph Silas (deceased's personal physician) who had come in his absence, pronounced death at 5:40 p.m.

LELAND HUGES BILLINGS - continued

The remains were taken to the Hennepin County Morgue where an autopsy was performed the following day, August 5th, 1962. This revealed that death was due to occlusion of left anterior descending coronary artery due to severe coronary arteriosclerosis. Congestion of lungs and liver were contributing factors.

Except for his wife, Bernice, and a son, Paul, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 10:50 p.m. on August 4th, 1962, by the Minneapolis General Hospital.

At 8:50 a.m. on Friday, August 3rd, 1962, deceased, a pedestrian, was attempting to cross Lyndale Avenue South between 22nd Street and 24th Street (beyond the intersection) from west to east. At the same time Robert W. Fieldseth, 25, of 11950 Eidelwiess, Coon Rapids, driving a 1952 semi-trailer truck bearing 1962 Minnesota license Y24-982 owned by E. L. Murphy Trucking Company, 2330 County Road C, Roseville, south on Lyndale - observed deceased attempting to cross, applied brakes and swerved to the right. The truck struck deceased, then struck a parked car at the curb.

Traffic officer W. E. Noble, #213, investigated the accident.

IRMA VAN SAUN - continued

It was drizzling and the street was wet.

Deceased was taken from the scene of the accident to the hospital and admitted. She expired that evening - August 4th, 1962, at 10:15 p.m.

An autopsy was performed at the hospital on August 5th, 1962. This revealed that death was due to diffuse subdural and subarachnoid hemorrhage with severe laceration of left parietal and temporal lobes due to extensive basal skull fracture. Fracture of all ribs on the right, right radius, ulna and pelvis, were contributing factors.

REMARKS

This case was reported to the Coroner's Office at 12:55 a.m. on August 5th, 1962, by the Minneapolis General Hospital.

According to Mrs. Colander, a nurse at the General Hospital who was present when Drs. Wilson and Vagus lavaged the stomach of deceased, she stated she had purchased a can of anti-freeze at a service station on Stinson Boulevard, took it into the hills, opened the can with a can opener and filled a glass with the solution and drank it. Subsequently she was taken to the Deaconess Hospital where she was admitted and then transferred to the General, where she expired at 12:24 a.m. on August 5th.

There is no record as to who took deceased to the Deaconess Hospital, but their records show that deceased had been delivered of a living baby girl on July 9th, 1962, which had been put in custody of welfare.

JUDITH E. BEEMAN - continued

An autopsy was performed at the Minneapolis General Hospital on the date of death, August 5th. This revealed that death was caused by methanol poisoning due to ingestion of methanol antifreeze and death was classified a suicide.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 4:50 a.m. on August 5th, 1962 by police.

Deceased, it was stated, had a history of a heart condition and had been treated for a number of years by a Dr. Taylor of Aberdeen, South Dakota. His wife found him dead in bed at 3:30 a.m. on August 5th. Police were notified and officers Mattson and Johnson of squad #117 responded.

Examination of the body did not indicate that death was due to other than natural causes and it was attributed to arteriosclerotic heart disease.

A deputy coroner released the body from the premises to a funeral home.

Except for his wife, Pearl, the names of survivors, if any, are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 8:15 a.m. on August 5th, 1962, by the North Memorial Hospital.

Deceased was admitted to the North Memorial Hospital at 5:30 a.m. on August 5th with a gunshot wound of head and expired a short time later, at 6:35 a.m.

According to Deputy Sheriff Berry who made an investigation, deceased called a son-in-law early that morning, August 5th, and told him to "come right over before I kill myself." The son-in-law rushed over and found that deceased had been shot.

ROY L. BRABENDER - continued

Deputy Berry turned over to this office a letter allegedly written by deceased found in an envelope addressed to "Tillie Brabender" (deceased's wife) indicating that he had been very much upset and that "home has never been the same since we went in the welfare", and outlining his wishes and financial condition. Deceased and his wife had been caring for two welfare children. Deputy Berry stated deceased was found lying in the hall at home in a pool of blood with a 22 cal. rifle beside him and a bullet hole in the center of his forehead. The rifle, expended cartridge casing and a box of cartridges were also turned over to this office by Berry.

The deputy coroner examined the remains of this elderly heavy set man. There was a round quarter inch hole in approximately the center of his forehead with surrounding area of purplish discoloration. There was marked ecchymosis below both eyes. Deceased's hands had no marks of trauma. With his right arm raised and fully extended, deceased's reach measured approximately 27inches from anterior apex of axilla to distal interphalalngeal joint of right forefinger. The death weapon, a J. C. Higgins single shot bolt action rifle measured 26 inches from tip of muzzle to trigger.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Except for the wife, Mathilda, and the son-in-law referred to above, there are no survivors known to this office.

REMARKS

This case was reported to the Coroner's Office at 9:15 a.m. on August 5th, 1962, by police.

At 6:00 a.m. on August 5th, 1962, Minneapolis General Hospital was requested to make a "sick call" on deceased. Upon arrival of an ambulance at 8:50 a.m. deceased was pronounced dead. His body was cold at that time. Deceased was said to have been drinking heavily for some time and to have moved in at the above address, Union City Mission, only four days ago.

Police officers McKelvey and O'Brien of squad #117 were at the scene when a deputy coroner arrived.

LESTER L. LEWIS - continued

The deputy coroner viewed the body of this slender middleaged man lying on his back in bed clad only in printed jockey shorts. There was marked rigor of jaw muscles and eyelids and moderate rigor of arms and legs. There was no indication that death was due to other than natural causes and alcohol. An empty pint gin bottle was found under his pillow.

Among deceased's effects was an Illinois Chauffer's license listed to him at 2100 W. Warren Boulevard, Chicago, and a note instructing the finder to notify Herbert Lewis, 1141 E. 99th St., Cleveland, Ohio, in case of emergency.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Except for Herbert Lewis, deceased's father mentioned above, the names of survivors, if any, are not known to this office.

Death was attributed to arteriosclerotic heart disease.

REMARKS

This case was reported to the Coroner's Office at 5:40 a.m. on August 7th, 1962, by police.

Deceased had a history of care by Dr. William Sawatsky, whom she last saw about six or eight weeksago. Her husband tried to awaken her at approximately 5:10 this morning, August 7th, but she did not respond. He thought she was playing possum and attempted to awaken her again about ten minutes later. At this time he became aware that something was wrong and called police and the Minneapolis General Hospital for an ambulance.

Police officers J. Remily and L. Novack of squad #116 and an ambulance were sent to the scene. Dr. Spurgeon, the ambulance attendant, pronounced death. Death apparently occurred at about 7:20 a.m.

JENNIE JACOBSON - continued

Deceased had been taking sleeping pills and one or more medications prescribed by Dr. Sawatsky. The deputy coroner at the scene noted two empty prescription bottles - #302399 and B-43008 by Dr. Sawatsky from Burch pharmacy, dated June 5, 1962.

A note, suicidal in nature, was found on the dresser by officer Remily and turned over to this office.

The body of deceased was lying in bed clothed in a dress and slip.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

An autopsy performed at the morgue on August 7th revealed that death was due to barbiturate intoxication. There was also cholelithiasis.

Deceased is survived by her husband, Ben; two daughters, Delores A. Theisen of Minneapolis and Mrs. Donald (Sandra) Nadeau of Seattle; a son, Wallace Osmanson of Minneapolis; four grandchildren; mother, Mrs. Anna Rasmusen of Minneapolis; three sisters, Mrs. E. C. Breyette of St. Paul, Mrs. R. E. Austin of Hemet, California, and Mrs. Ragna Ray of New York City; and a brother, T. R. Kronen of Minneapolis.

REMARKS

This case was reported to the Coroner's Office at 11:00 a.m. on August 7th, 1962, by the Hopkins police.

Deceased was last seen alive by his daughter, Mrs. Willard Peterson, at 7:00 p.m. on August 5th (Sunday) when he was taken home from an outing with her family. He lived alone at the above address and had been treated a year ago and prior to that time by Dr. Allan Blake for Parkinsonism and high blood pressure. His body was found today, August 7th, 1962, at 10:00 a.m. by his daughter in the garden lying face down next to a compost pile.

FRANCIS O. PETERSON - continued

The deputy coroner at the scene examined the body. Rigor mortis was present. There was no evidence of external violence. Death was attributed to arteriosclerotic heart disease.

The remains were released directly from the premises to a funeral director.

Except for the daughter mentioned herein, the names of survivors are not known to this office.

August 15, 1962: Deceased is survived by a son, John W. of Green Bay, Wisconsin; two daughters, Mrs. Willard (Frances) Peterson and Mrs. Roy (Helen) Novy, both of Hopkins; a sister, Mrs. Anna Clark of Los Angeles, California; a brother, Albert, Northfield, Minnesota; and nine grandchildren.

REMARKS

This case was reported to the Coroner's Office at 8:25 a.m. on August 8th, 1962, by police.

About 8:00 a.m. on August 8th, Daniel Rooke of 1873 Glen Terrace, St. Paul, who is employed at Minneapolis Honeywell, saw deceased slumped over the steering wheel of his car across the street from the plant and the engine was roaring. Rooke investigated. Deceased was twitching and his foot was on the accelerator. Rooke turned off the motor and notified police. Officers Newham and Plowman of squad #552 responded.

A Minneapolis General Hospital ambulance arrived at the scene and the ambulance physician pronounced death at 8:15 a.m.

RICHARD A. LARSON - continued

The Hennepin County Coroner went to the scene and examined the body lying on his back on the front seat of the car with head toward the right door. Deceased was dressed in a brown business suit, white shirt and tie. His body was warm and without rigor.

There was no indication that death was due to other than natural causes. Death, which occurred at about 8:15 a.m. on August 8th, 1962, was attributed to arteriosclerotic heart disease.

Except for his wife, Alvina, the names of survivors are not known to this office.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

REMARKS

This case was reported to the Coroner's Office at 1:10 p.m. on August 8th, 1962, by police.

Deceased, it was reported, had been ill for about a year, during which time she had lost considerable weight. Her physician, Dr. Louis Benesh, had advised her to go to a hospital, but she refused. She was last seen alive on Monday evening, August 6th, by her grandson, LeRoy Anderson. She was found dead at 1:10 p.m. on August 8th by her daughter who had come to see her.

Police officers G. Gladwin and P. Farrell of squad #115 responded to a call.

CHRISTINA A. GARDNER - continued

A deputy coroner examined the body. There was no indication that death was due to other than natural causes, and it was attributed to a arteriosclerotic heart disease.

The remains were released from the premises by thedeputy coroner to a funeral director.

Deceased is survived by her daughter, Mrs. Donald (Ruth) Morrow; son, Glen R. Bungett; sister, Mrs. Peter Otley; and three grandsons, Leroy, Harold and Donald Morrow, all of Minneapolis.

Veteran 1942 - 1945

REMARKS

This case was reported to the Coroner's Office at 9:10 p.m. on August 8th, 1962, by police.

Raymond Schrolder of apartment 15 at the above address said he saw deceased alive at approximately 8:15 p.m. and at that time told the caretaker to call an ambulance. Mrs. Evelyn Brace, the caretaker, said she talked to deceased at 7:30 p.m. and he refused to see a doctor. At 8:45 p.m. Tom Jones of apartment 7 went to deceased's apartment and found him apparently dead and notified police.

Officers Mahoney and Reynolds of squad #118 went to the scene, found deceased warm but unresponsive, and requested an ambulance from the Minneapolis General Hospital. Dr. Biswell, the ambulance physician, confirmed death.

EDWARD J. PATTON - continued

The deputy coroner at the scene examined the body of this middleaged man lying on his bed clad in jockey shorts. The remains were warm to hot. There was rigor in the eyelids and early rigor in the fingers. His abdomen was quite firm. There was an almost empty prescription bottle from the Veterans Hospital containing what appeared to be .25 mg. mellaril. There were empty wine bottles in the room and an empty quart whiskey bottle in the waste basket. There was no food in the refrigerator except a carton of milk. There was a short right leg brace with attached shoe and two canes in the room.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Death was attributed to bronchopneumonia due to alcoholism, and occurred at approximately 8:45, Aug. 8th.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 10:05 p.m. on August 8, 1962, by police.

According to Jacob Schaffer, deceased's husband, she was an alcoholic for many years and he lived at his store. Her physician, Dr. M. Cable, was treating her for arthritis and alcoholism. She complained of pains in the abdomen and took much medicine for it. In May of 1962 she was hospitalized at St. Mary's. Dr. Cable stated he found normal liver functions and no evidence of metastatic neoplasm on chest or abdominal x-rays. (She had had breast cancer five years ago.)

At about 8:45 p.m., it was stated, deceased's two brothers Maytron and Walter LaFlamme, went to see her. Walter said deceased talked to him but he was unable to understand her. It was said she had been unable to get out of bed for the past three days. At about 9:00 p.m. Maytron went into the bedroom and found her unresponsive. Police were notified and officers Breen and Faul of squad #552 responded.

ELSIE MAY SCHAFFER - continued

A Minneapolis General Hospital ambulance was called to the scene and Dr. Radke, the attending physician, pronounced death.

The deputy coroner at the scene examined the body of this cachectic woman in early rigor mortis. Her abdomen was distended and firm. There was much coffee ground emesis beside her face and in her mouth and some blackish stool staining the bed under her buttocks. There was no indication that death was due to other than natural causes. There were many empty prescription bottles and some partly filled ones about.

The deputy coroner released the remains directly from the premises to a mortician.

Death, which apparently occurred about 9:00 p.m. on August 8th, was attributed to pulmonary congestion due to alcoholism. Hemorrhagic gastritis was a contributing factor.

Deceased is survived by her husband, Jacob, two sisters and five brothers.

REMARKS

This case was reported to the Coroner's Office at 6:20 a.m. by police on August 9th, 1962.

According to deceased's husband, she had been an alcoholic for a long time. He said she had been unable to retain food and had had some diarrhea recently and had to be helped to the bathroomfor the past week - otherwise had been in bed this week. He refused to allow her to do any drinking for the past three days, but did get two red capsules and a couple of white tablets from a Mr. and Mrs. Harry Campbell, friends, which she took last night and the night before (August 7th and 8th.)

Three days ago Dr. J. P. Korchik prescribed for deceased, and the husband called the doctor again yesterday because deceased had a bad cough. Dr. Korchik prescribed 4 ounces of terpin hydrate with codein for her and she took it all. Mr. Carris said deceased was alive at about 1:00 a.m.

CATHERINE M. CARRIS a/k/a CATHERINE M. ROBERTS - continued

Mr. Carris found deceased apparently dead at 6:00 a.m. and called police. Officers Merchant and Compton of squad #116 responded. A Minneapolis General Hospital ambulance came to the scene and Dr. Spurgeon, the attending physician, confirmed death.

The deputy coroner at the scene viewed the body of deceased. There was a minor abrasion at the corner of her mouth on the left which Mr. Carris said was due to a fall in the bathroom. The body lay on a couch in the living-diningroom of the apartment in rigor mortis. There was no indication that death was due to other than natural causes. Death was attributed to arteriosclerotic heart disease and chronic alcoholism, and occurred at about 6:00 a.m. on August 9th.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Except for her husband, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 8:50 a.m. on August 10th, 1962, by a Dr. Wigg.

Deceased, apparently a well baby, had been under the care of Dr. Walter Krafft and was last seen by him about two months ago. Her mother put her to bed at about 8:00 or 8:30 p.m. on August 9th and she was found dead when her father came home at 7:30 a.m. on August 10th. Dr. Wigg was called and he confirmed death.

The deputy coroner at the scene examined the body of this baby. There was no indication that death was due to other than natural causes.

The remains were taken to the Hennepin County Morgue where an autopsy was performed on the day of death. This revealed that death was due to severe pulmonary congestion and edema of unknown etiology.

Except for her parents, there are no survivors known to this office.

REMARKS

This case was reported to the Coroner's Office at 11:10 a.m. on August 10th, 1962, by the Deaconess Hospital.

Deceased was taken from her room at the Residence Apartments at 7:45 a.m. on August 10th, 1962 to the Minneapolis General Hospital, admitted at 8:57 a.m. and then transferred to the Deaconess Hospital, where she expired five minutes after admission, at 10:30 a.m. that day.

A deputy coroner examined deceased's body. There was no indication that death was due to other than natural causes, and it was attributed to cerebrovascular accident, spontaneous.

Deceased is survived by cousins, Mary Helen Ponder of Los Angeles and John W. Ponder of St. Louis Park.

REMARKS

This case was reported to the Coroner's Office by the Minneapolis Police Department at 11:32 a.m. on August 10, 1962.

According to reports the decedent had been an outpatient at the Minneapolis General Hospital since February 17, 1961, when she had been involved in an automobile accident. Of late, she was said to have been despondent. She was last seen alive by her son, William Grampre, about noon on August 9; Mrs. Grampre stated that she had talked to the woman over the telephone about 4 p.m. on the same day.

Kathleen R. Ward (continued)

When the decedent failed to appear at her place of employment, her employer, Fred Coffey, went to investigate. Upon finding her apartment locked, he summoned Police; Officers Deutsch and Storck, Squad 551, responded.

Under supervision of these policemen and in the presence of Mr. Coffey, the caretaker of the building sawed the chain lock on the door and entry was made. The occupant of the apartment was apparently dead. This was at 11:30 a.m. on August 10.
The Coroner's Office was notified and a deputy coroner went to the scene to find the woman lying nude in her bed.

The body was removed to the Hennepin County Morgue where autopsy performed later that day revealed the cause of death to be fatty metamorphosis of liver; localized ileal hemorrhage; pulmonary congestion and edema; hematoma of lung; obesity.

Survivors are sons, Glen Grampre, Peru, Indiana and William, Minneapolis; 9 grandchildren; sisters, Mrs. Elmer Rossow and Mrs. Earl Wheeler, Minneapolis Mrs. Florence Schauger, Buffalo, New York.

A specimen of the decedent's blood submitted for toxicological examination revealed the presence of 0.05% ethyl alcohol.

REMARKS

This case was reported to the Coroner's Office at 1:45 p.m. on August 10th, 1962, by the Werness Bros. Chapel, TA 2-8278.

Deceased was a Christian Science Practitioner and had not been seen by a doctor. She had been ill since Christmas and gradually deteriorated since with indigestion and malnutrition. She had been confined to bed, it was stated, since March, under the care of a practical nurse.

A deputy coroner examined the body of deceased, who was said to have expired at 12:40 p.m. on August 10th, 1962. There was no indication that death was due to other than natural causes and it was attributed to arteriosclerotic heart disease.

Deceased is survived by a son, Lowell, 6245 Vincent Avenue South.

REMARKS

This case was reported to the Coroner's Office at 5:10 p.m. on August 10th, 1962, by police.

There is a history of a heart condition and care under Dr. O. H. Peterson. At about 5:05 p.m. deceased collapsed and expired on a couch on the back porch of his residence. His wife was present at the time and summoned a Minneapolis General Hospital ambulance. A rescue squad's efforts at resuscitation were futile and Dr. Vanderstien, the ambulance physician, pronounced the man dead on his arrival.

Police officers Millman and Pieri of squad #441 were at the scene when a deputy coroner arrived.

EDWARD H. PETER - continued

The deputy coroner examined the body. There was no indication that death was due to other than natural causes and it was attributed to arteriosclerotic heart disease.

Deceased is survived by his wife, Florence; a daughter, Mrs. Verdon Raymond of St. Louis Park; three sisters, Mrs. Kenneth Scott, Mrs. Ernstine Nelson and Mrs. Elizabeth Rustad, all of Minneapolis; one brother, Walter Peter of Brooklyn Center; two grandchildren, Sharon and Billy; and nieces and nephews.

REMARKS

This case was reported to the Coroner's Office at 6:05 p.m. on August 10th, 1962, by the Welander Quist Co., 1200 West Broadway, funeral directors.

There is a long history of heart disease. Deceased was said to have retired seven years ago because of a severe heart condition. He was hospitalized in 1956 by Dr. J. J. Patte and, because of his financial condition, followed at the University Hospitals. He was last hospitalized in December of 1961 with edema, stomach pains, and shortness of breath - and discharged in March of 1962. Apparently he was last seen by a visiting nurse between 10:00 a.m. and 1:00 p.m. on August 10th. A nurse had been giving him shots twice a week for the past two or three months.

LESTER L. AYDT - continued

Deceased was found dead by his wife at 4:30 p.m. on August 10th, sitting in a livingroom chair in a sleeping position with his shoes off.

A deputy coroner examined the body. There was no indication that death was due to other than natural causes and it was attributed to arteriosclerotic heart disease.

The body was released to the funeral director from the premises for burial.

Deceased is survived by his wife, Vivian; two sons, Loran L. and William W.; two grandchildren; mother, Mrs. Katherine Aydt; four brothers, Raymond, Walter, Clarence, and Floyd; and six sisters, Mrs. Martin (Evelyn) Lehn, Mrs. Charles (Irene) Gorman, Mrs. Roy (Dorothy) Bursch, Mrs. Cornelius (Marjorie) DeValk, Mrs. Cecil (Florence) Johnson, and Mrs. Edmund (LaVern) Landry.

REMARKS

This case was reported to the Coroner's Office at 10:50 a.m. on August 13th, 1962, by police.

Eila Aalto, the mother of deceased, allegedly had had no prenatal care. She was taken to the University Hospital by a Minneapolis General Hospital ambulance, where she was admitted and gave birth to a child (deceased) of approximately 24 weeks gestation at 11:24 p.m. on August 9th, 1962. It was stated she was bleeding at the time of admission, and was attended by Dr. Bensman on Station 59

Deceased expired the following day, at 9:05 p.m. - August 10th, 1962.

An autopsy was performed at the hospital. This revealed that death was due to immaturity due to abortion, the circumstances of which were unknown. There was apparent sepsis and patent ductus arteriosus.

Detectives John Cahill and Wallace Hyvare questioned the mother and made an investigation.

The body of deceased was turned over to the University of Minnesota Anatomical Department for study.

REMARKS

This case was reported to the Coroner's Office at 9:40 p.m. on August 10th, 1962, by the Swedish Hospital.

Deceased was admitted to the hospital on July 29th from her home with a fractured left hip. Surgery for open reduction was performed the following day, July 30th, and four Knowles pins were used to pin the hip. She seemed to be making a satisfactory recovery and was ambulatory. On August 10th she became very weak, dyspneic, and expired a short time later, at 9:20 p.m. on that date.

An autopsy performed at the hospital revealed that death was due to massive pulmonary embolus due to thrombosis of left femoral veins, bilateral.

ELLEN H. OHMAN - continued

Deceased is survived by a daughter, Mrs. Richard (Hazel) Green; grandson, Curtis Green; and is the sister of Paul, Henry, Walter and Ellis Gustafson of Minneapolis and Mary Gustafson of Los Angeles, California. She is also survived by four great-granddaughters.

REMARKS

This case was reported to the Coroner's Office at 2:30 a.m. on August 11th, 1962, by the Minneapolis fire dispatcher.

Deceased expired in a fire at the above address believed to have started behind a water heater on the first floor, early the morning of August 11th.

Police officers Ziegler of squad #711 and Hagstrom of squad #731 were at the scene when a deputy coroner arrived.

FRED JOHNSON - continued

Fireman Norman DeYoung stated he had helped carry the body of deceased down from the second floor where he had been found lying partly in and out of the hallway near the rear of the building, at about 2:15 a.m.

The remains were taken to the Hennepin County Morgue where an autopsy was performed on the day of death - August 11th, 1962. This revealed that death was due to burns, 2nd and 3rd degree, over 90% of the body surface. Pulmonary congestion, coronary atherosclerosis, and valvular heart disease were contributing factors. The toxicologist's examination of a specimen of deceased's blood was negative for carbon monoxide and alcohol. Death was classified an accident.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 4:30 a.m. on August 11th, 1962, by the Minneapolis General Hospital.

Deceased, it was stated, was visiting at the home of John Bourasa of 1213 East 21st Street in the early morning hours of August 11th. He was seated at the kitchen table when he felt pain in his chest, began to perspire freely, and complained of not feeling well. He went to the bathroom and then collapsed to the floor. Mr. Bourasa called for assistance and police officers R. Hnath and J. D. Peterson of squad #115 responded. They could detect neither breathing nor pulse and called for a rescue squad and ambulance.

Enroute to the hospital in a James Ambulance, deceased expired at 4:15 a.m.

RENA M. ALBERT - continued

An autopsy was performed at the hospital on the day of death. This revealed that death was caused by posterior myocardial infarction due to occlusion of posterior coronary artery due to coronary arteriosclerosis. Pulmonary congestion and edema, fatty metamorphosis of liver, and obesity were contributing factors.

Deceased is survived by a son, John; daughter, LaRay; father, Fred Albert, all of Minneapolis; brother, Richard of Zimmerman, Minnesota; two sisters, Mrs. Yvonne Valerius of Zimmerman and Mrs. Mardel Dahlen of Minneapolis.

REMARKS

This case was reported to the Coroner's Office at 4:20 p.m. on August 13th, 1962, by the Veterans Hospital.

At 2:15 p.m. on August 10th, 1962, it was reported, deceased had a grand mal seizure in the emergency room at the hospital while changing clothes, and fell, striking his head. Bilateral trephine surgery was performed the next day, August 11th. However, deceased expired at 9:25 a.m. the same day.

An autopsy was performed at the hospital on the day of death. This revealed that death was due to cerebral edema due to epidural and subdural hematomata and fractured skull due to grand mal seizures due to toxic withdrawal.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 10:50 p.m. on August 11th, 1962, by the Minneapolis General Hospital.

Deceased, it was stated, apparently collapsed while dancing at the Marigold Ballroom and expired at 10:40 p.m. A Minneapolis General Hospital ambulance was summoned. The ambulance physician, Dr. Fugelsted, found deceased unresponsive and with pupils dilated. Dr. Fugelsted pronounced the man dead. Deceased was taken to the hospital and then to the Hennepin County Morgue.

Examination of the body did not indicate that death was due to other than natural causes, and it was attributed to arteriosclerotic heart disease.

JOSEPH KELLER - continued

The address of deceased found among his effects proved to be non-existent, the house having been torn down. Neighbors stated deceased had three daughters.

Elizabeth Keller, 602 8th Avenue, Minot, North Dakota, was contacted.

Deceased's family refused an autopsy on release of the body to a funeral director.

REMARKS

This case was reported to the Coroner's Office at 12:20 a.m. on August 12th, 1962, by the Minneapolis General Hospital.

Deceased was admitted to the Minneapolis General Hospital with massive gastro-intestinal bleeding from the work house. He had a history of alcohol ingestion, it was said, for the past six weeks. Prior history showed gastric surgery at the hospital in 1956, re-admission in 1957 with recurrent bleeding, but no surgery. Surgery was performed on July 5, 1962, with cardiac arrest. Deceased remained comatose post-operative, and had recurrent bleeding post-operative with marked diarrhea at the time of his death at 11:45 p.m. on August 11th, 1962.

DONALD YOUNGMAN - continued

An autopsy performed at the hospital revealed that death was due to septicemia due to diffuse broncho pneumonia, right empyemia, mediastinal abscess and left perinephritic abscess.

Names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 12:55 p.m. on August 11th, 1962, by police.

Police officers Yerxa and Bergquist of squad #440 were at the scene of the accident when a deputy coroner arrived. Particulars of the accident are not known. According to Charles Knupp, a switchman, deceased was noted to be missing over a 45 minute period during the process of box car switching, and he, Knupp, was sent by the yard foreman to look for deceased in case he had been hurt somewhere. Knupp stated that he saw deceased lying between tracks - apparently run over by a train - and called for emergency help. Dr. Diswell, a Minneapolis General Hospital ambulance physician, pronounced death at 1:00 p.m.

MICHAEL GEORGE HOSCHETTE - continued

The deputy coroner at the scene found deceased lying face up with right arm raised up above his head, both feet in marked valgus position with blood stains on trousers cuffs and along the right side of chest (outer jacket) and beneath the body on that side. The body was lying in the middle of the tracks on ties. The filling between the ties reveal two heel-like depressions covering approximately 70 feet distance.

The remains were taken to the Hennepin County Morgue where an autopsy was performed the following day - August 12th, 1962. This revealed that death was caused by massive hemoperitoneum and hemothorax, bilateral, due to maceration of liver, spleen, and crushing injury of chest with laceration of entire right lung. The toxicologist's examination of a specimen of deceased's blood was negative for alcohol.

Deceased is survived by his wife, Marie; stepson, Norman Brown; and five grandchildren, all of Minneapolis; two brothers, Peter and Martin; two sisters, Mrs. Mary Minch and Mrs. Florence Davis, all of St. Paul.

REMARKS

This case was reported to the Coroner's Office at 9:50 a.m. on August 12th, 1962, by police.

Deceased and her husband, David, were attending a Veterans of Foreign Wars Convention in Minneapolis and staying at the Wisconsin Hotel at 17th and Portland on the day of her death. Mr. Samuelson, accompanied by deceased, was driving his 1958 Ford tudor sedan bearing 1962 Florida license 4-53343 east on South 4th Street, a one-way street on Sunday morning, August 12th, at 9:41 his car was struck on the right front by a Rock Island deisel pulling eleven cars into the Milwaukee depot, and dragged 176 feet northwest of the crossing at 11th Avenue. The deisel was being driven by E. A. Tatr, 1109½ North Penn, Mason City, Iowa, and he was accompanied by James Gregory, 57, Manly, Iowa, fireman.

Police officers Raymond Bailey and J. Shanahan of the Traffic Division were at the scene and investigated the accident. It was stated deceased's husband had been inattentive and had violated traffic controls.

SELMA SAMUELSON - continued

A Minneapolis General Hospital ambulance was at the scene when the Hennepin County Coroner arrived. Deceased was pronounced dead on arrival and her husband was taken to the hospital in critical condition with a hip injury and other possible injuries.

Deceased's body was taken from the scene of the accident to the Hennepin County Morgue.

An autopsy performed at the morgue on the day of death revealed that death, which occurred at about 9:41 a.m. on August 12th, 1962, was due to subarachnoid hemorrhage with cerebral contusion and massive hemothorax, bilateral, due to severe transverse basal skull fracture and crushing injury of chest with severance of pulmonary artery and multiple lacerations of heart.

Deceased is survived by her husband, David, and a son, Rev. David H. Samuelson of Estherville, Iowa.

REMARKS

This case was reported to the Coroner's Office at 2:40 a.m. on August 12th, 1962, by St. Barnabas Hospital.

There is no medical history or history of trauma on deceased. It was stated he had complained of a headache all day on August 11th and vomited that evening. He retired at about 8:00 p.m. and his wife stated he was confused and his headache became worse. He vomited again and his wife called Dr. A. M. Sborov who advised hospitalization. Upon arrival at the hospital deceased was frothing at the mouth and expired about 15 minutes later, - at 2:30 a.m. on August 12th.

EARL A. DYKE - continued

Mrs. Dyke consented to an autopsy and an autopsy was performed at the hospital on the day of death - August 12th, 1962. This revealed that death was due to a cerebral hemorrhage, spontaneous.

Deceased is survived by his wife, Frances; a daughter, Mrs. Clifford Annett; three grandchildren; and a sister, Mrs. Esther Fischer, all of Minneapolis.

REMARKS

This case was reported to the Coroner's Office at 2:30 a.m. on August 12th, 1962, by the Minneapolis General Hospital.

According to police officer who had been requested by deceased many times over the past four years to help her with her problems, deceased was a very emotionally disturbed person, and used sedation, barbiturates, and alcohol to excess. It was stated she had been committed to Willmar State Hospital, St. Peter State Hospital, and private sanitariums, and had oftened threatened to take her own life.

At approximately 11:59 p.m. on Saturday, August 11th, on 1st Ave. South about 100 feet north of East 31st Street, deceased, while lying in the street, was run over by a 1959 white Chevrolet bearing 1962 Minnesota license number 5E 7402 being driven by Francis Adam Romain, 46, of 4227 Pleasant Avenue South, a bus driver driving his own car, accompanied by his daughter, Jeanne, 15, and Gretchen Kohl, also 15, of 4254 Pleasant Avenue South.

SYLVIA BETTE HAUGH - continued

According to a witness, Florence L. Sutton of 3029 1st Avenue South, who stated she was standing on the East side of the street about 50 feet from deceased, deceased was in the middle of the sidewalk waving her arms in the air trying to attract attention of the cars coming along. Then she stepped into the street at the curb. It appeared as though she were trying to catch a ride. The cars kept on going; they drove around her. Then she went and stood directly in front of one car and waved her arms in the air. This car also drove around her. Then, when they didn't stop for her, she threw herself into the street and cried bitterly, mentioning the name of a man. The next car that came along was occupied by two young men, - William Wilhelmy and Walter Knafla, Jr. Mrs. Sutton jumped to the curb and motioned for them to drive around the woman. The next driver was Francis Romain in the white chevrolet, who drove over deceased. After his car had passed over her body, he came to a stop and walked back to the scene of the accident.

A Minneapolis General Hospital ambulance and police were summoned. Deceased was taken from the scene of the accident to the hospital, where she expired at 12:45 a.m. on August 12th, 1962.

Traffic officers W. E. Noble and B. H. Ahr were at the scene and made an investigation.

An autopsy performed at the hospital revealed that death was due to massive hemothorax, right, and diffuse subarachnoid hemorrhage due to crushing injury of chest with severe lacerations of all lobes of right lung and cerebral contusions. The toxicologist's examination of deceased's blood revealed 0.21% alcohol by weight.

Except for her husband, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 9:10 p.m. on August 12th, 1962, by the Minneapolis General Hospital.

Deceased, it was stated, was playing in the back yard of his home with the swing, unattended. He was found at 8:30 p.m. by his brother, Charles, 6, with his head and neck caught between rungs of the swing's ladder-like supports, where he apparently strangled while attempting to climb up the side. His mother carried the child to the home of a neighbor, Mrs. F. C. Douglas, 3200 Elliot Avenue, where he was given artificial respiration by Frank Nicholas, Jr., 3238 Elliot Ave. A Minneapolis General Hospital ambulance was called and attempts at resuscitation were made without success.

Deceased's body was taken to the hospital where an autopsy was performed the next day, August 13th. This revealed that death was due to asphyxia due to strangulation and it was classified an accident.

Except for his parents and the brother, Charles, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 2:00 a.m. on August 13th, 1962, by the Baptist Residence, of 512 49th Avenue North, Minneapolis.

Deceased, it was stated, expired at the home at 1:50 a.m. on August 12th, 1962, in the absence of Dr. C. R. Wall from the city. Dr. Wall, who last saw deceased on July 26th, had been his physician since 1940. There is a long medical record on deceased in Dr. Wall's office. Deceased had been failing for some time and death was not unexpected.

Examination of the body did not indicate that death was due to other than natural causes, and it was attributed to bronchopneumonia. Generalized arteriosclerosis and old, inactive, pulmonary tuberculosis were contributing factors.

JANUS P. HANSEN - continued

Deceased is survived by his daughter, Mrs. Lewis (Bodil) Anderson of Storden, Minnesota; two sons, Dr. Thorvald Hansen and Edward Hansen both of Minneapolis; a brother, Jens, and sister, Mrs. Christ (Marie) Andersen, both of Jamestown, New York; twelve grandchildren, fourteen great-grandchildren, and numerous other relatives.

REMARKS

This case was reported to the Coroner's Office at 11:15 a.m. on August 13th, 1962, by police.

Deceased had been treated some time ago at the Northern Pacific Hospital in St. Paul by a Dr. Henry for a coronary. At about 10:15 a.m. on August 13th he called his daughter, Alice, and told her he did not feel well, that he was very tired. The daughter called her husband, George Sanford, at work and they went to deceased's home at 10:50 a.m. and they found he had collapsed on the floor. Artificial respiration was attempted until a Minneapolis General Hospital ambulance arrived. Dr. DeGroot, the ambulance physician, pronounced the man dead at 11:10 a.m.

Police officers Kroger and Hallberg of squad #222 were at the scene.

BENJAMIN SCHRIEVER - continued

Examination of the body did not indicate that death was due to other than natural causes, and death was attributed to arteriosclerotic heart disease.

The deputy coroner on the case released the body from the premises to a funeral director.

Deceased is survived by his wife, Pauline; daughter, Mrs. George (Alice) Sanford of Minneapolis; a son, Del, of San Diego, California; five grandchildren; four brothers and two sisters.

REMARKS

This case was reported to the Coroner's Office at 8:45 a.m. on August 14th, 1962, by police.

Victor E. Thoren, it was stated, had taken his father-in-law (deceased) to Lake Nokomis at 6:45 the morning of August 14th to go fishing, and when he returned for him at 8:00 a.m. found him floating face down on the west side of the sailing boat dock. He said no one else was present and deceased had complained of nothing.

Police were notified and officers Arenz and Collins of squad #333 came to the scene. The body was removed by police below the fishing poles that were intact on the dock.

CARL JOHN PETERSON - continued

The deputy coroner at the scene viewed the body which was lying face up on the dock. He was told by Mr. Thoren that deceased had no history of heart disease and had last been seen by his personal physician, Dr. D. T. Strumkon, about two months ago. The body was livid, and there were no external signs of trauma.

The remains were taken to the Hennepin County Morgue where an autopsy was performed on the date of death. This revealed that death was due to asphyxia due to drowning, accident or suicide unknown.

Deceased is survived by a daughter, Mrs. Victor E. Thoren.

REMARKS

This case was reported to the Coroner's Office by Minneapolis Police at 9:30 a.m. on August 14, 1962.

About 9:15 a.m. on the above morning, the decedent was found lying beside his bed apparently dead by his mother-in-law, Mrs. Beth Bess Munson. The decedent's wife, Fae, was still sleeping in their bed, according to reports, unaware that anything out of the ordinary had occurred.

Mrs. Munson summoned Police; Officers Creighton and McKelvey, Squad 117 responded.

Everett Wenell - continued

A deputy coroner went to the scene and found the livid body lying on the right side, the right arm over the head and parallel to the bed side. The bed clothing was soiled. There was no evidence of other than natural cause of death.

Upon questioning, the family stated that the man had not complained of feeling ill but had complained of being very tired of late.

The body was removed to the Hennepin County Morgue where autopsy performed later that day revealed the cause of death to be pulmonary congestion and edema; cardiomegaly; fatty metamorphosis of the liver.

A specimen of the man's blood examined by the toxicological chemist revealed the presence of 0.14% ethyl alcohol.

Survivors include the widow, Fae; sons, Duane and Wayne; brothers, Rudie, Robert, Gordon, Roy and Russell; sisters, Mrs. Rudy Swanson, Mrs. Ella Gilbert, Mrs. Mabel Nehring, Mrs. Andrew Ruffenbach, Mrs. Helmer Williamson and Mrs. Lorraine Peterson, all of Minneapolis.

REMARKS

This case was reported to the Coroner's Office at 12:15 p.m. on August 14th, 1962, by police.

About noon on August 14th, 1962, deceased was seated on a stool at the bar at 32 South 6th Street drinking when he gasped for breath and fell to the floor. A Minneapolis General Hospital ambulance was summoned and Dr. D. E. Groote, the ambulance physician, pronounced the man dead at 12:12 p.m.

Police officers Creighton and McElvey of squad #117 were at the scene when a deputy coroner arrived.

NORMAN D. FROILAND - continued

The deputy coroner viewed the body of deceased which was warm, lying face up beside the bar. There was no indication that death was due to other than natural causes. The remains were taken to the Hennepin County Morgue and later released to a funeral director.

According to deceased's wife, he had no history of heart disease and had last seen a Dr. Meyer a year ago for an orthopedic problem. About a year ago he had an episode of chest pain with syncope and nausea which he passed off as "flu." Last night (August 13th) deceased had a similar experience but without syncope.

An autopsy was performed at the morgue on the day of death. This revealed that death was caused by acute myocardial septal infarction with old scarring due to coronary arteriosclerosis. Pulmonary edema and congestion were contributing factors.

Deceased is survived by his wife, Gwen; daughter, Carol Martine; mother, Emma Froiland; and brother, Lawrence Froiland - mother and brother of Vioqua, Wisconsin; sister, Mrs. W. E. Hammett of Los Angeles, California.

REMARKS

This case was reported to the Coroner's Office at 7:40 p.m. on August 14th, 1962, by the St. Barnabas Hospital.

Deceased was last seen alive by his wife about 8:00 a.m. on August 14th before she went to work. At that time he was up. He was found by her sitting in a chair in an unresponsive condition when she returned from work about 6:00 p.m. At first she thought he was intoxicated because he had been drinking heavily for the past month. Then she found a prescription bottle of a prescription by Dr. Bradley for her that deceased had apparently used and tried to awaken him, then called St. Barnabas Hospital for an ambulance. Dr. Frank Silas told her he would meet the ambulance. Deceased, however, expired at 7:20 p.m. in the ambulance en route to the hospital.

WALTER LEE BREEDING - continued

The remains were taken to the Hennepin County Morgue where an autopsy was performed the following day - August 15th, 1962. This revealed that death was caused by barbiturate intoxication (pentobarbital.) Acute alcolism was a contributing factor.
The toxicologist's examination of deceased's blood revealed 0.16% alcohol by weight.

Deceased is survived by his wife, Jean; parents, Mr. and Mrs. Clarence Breeding of Milford, Illinois; a brother, Arthur K. of Minneapolis; and a sister, Mrs. Clarence Trombley of Hoopeston, Illinois.

REMARKS

This case was reported to the Coroner's Office at 2:55 p.m. on August 15th, 1962, by police.

On August 15th, 1962, Mrs. Carl B. Peterson, 1425 Birch Lake Boulevard, White Bear Lake, Minnesota, deceased's stepdaughter, had taken him to the University Heart Hospital to see Dr. Wilson and she was taking him back to the nursing home when he slumped over in the car in front of 2626 Como Avenue S.E. and expired - at 2:45 p.m.

Police officers Hallberg and Cich of squad #222 came to her assistance. Police and a rescue squad removed the body from the car so that the rescue squad could work on him, but their efforts were futile. When the Minneapolis General Hospital ambulance arrived, Dr. Quanbeck, the physician in attendance, pronounced death.

FREDERICK WILSON EASTMAN - continued

The deputy coroner at the scene examined the body which was dressed in street clothes and lying on the sidewalk. There was no indication that death was due to other than natural causes and it was attributed to arteriosclerotic heart disease.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Deceased's family refused an autopsy.

Except for the stepdaughter mentioned above, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 3:20 p.m. on August 15th, 1962, by police.

While speaking at a meeting of the Minneapolis Park Board on August 15th, it was stated, deceased collapsed and expired at 3:10 p.m. A Minneapolis General Hospital ambulance was summoned and Dr. Quambeck, the physician in attendance, confirmed death at 3:17 p.m. It was stated deceased had a history of a previous heart attack and had been hospitalized at St. Mary's several weeks ago for treatment of this condition under the care of Dr. Benjamin J. Palen. There is also history of diabetes mellitus.

Police officers Creighton and McKelvey of squad #117 were at the scene when a deputy coroner arrived.

EARL J. McGOVERN - continued

The deputy coroner examined the body of deceased lying on the floor of Room 321 in the Court House. There were no unusual marks on his body and no indication that death was due to other than natural causes. Death, which apparently occurred at about 3:10 p.m. on August 15th, 1962, was attributed to arteriosclerotic heart disease.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Deceased is survived by his wife, Luverne; twelve children - Earl, 23, Lois, 22, Mike, 19, John, 18, Robert, 15, Sherilyn, 14, Stephen, 12, Phillip, 9, David, 11, Jeffrey, 8, Terri Ann, 6, and Lynette, 5; mother, Mrs. Louis Du Pra of Duluth; and brothers, Lawrence of Minneapolis and Albert of Proctor, Minnesota.

REMARKS

This case was reported to the Coroner's Office at 4:50 p.m. on August 15th, 1962, by police.

At about 4:25 p.m. on August 15th, deceased, driving a 1946 red Dodge truck bearing 1962 Minnesota license YH-9491 owned by Twin City Freight, 122 8th Street S. E., had an accident at Highway 100 and Highway 55 in Golden Valley.

Golden Valley police officers Harcevir and Kephart were at the scene when a deputy coroner arrived. Witnesses told police deceased was making a cloverleaf turn from Highway 100 onto Highway 55 when the truck door became open. Deceased was apparently trying to close the truck door and steer at the same time when he lost control of the vehicle which turned over on its left side, pinning him beneath it.

STANLEY THOMAS BEARDSLEY - continued

The deputy coroner examined the body of deceased which had multiple abrasions on arms and ankles. His chest was crushed. Death was almost instantaneous.

The remains were taken to the Hennepin County Morgue, where an autopsy was performed the following day - August 16th, 1962. This revealed that death was due to pulmonary congestion with laceration of left lung due to crushing injury of chest with multiple rib fractures, bilateral.

Deceased is survived by his children, Mrs. Kenneth Lund, Russell, Timothy, Brett and Robin all of Anoka County; mother, Mrs. Ida M. Beardsley of Minneapolis; and two sisters, Mrs. Richard (Ethel) Cropper and Mrs. Thomas (Irene) Getchell, both of Blaine Village; and one grandchild.

REMARKS

This case was reported to the Coroner's Office at 5:50 p.m. on August 15th, 1962, by police.

Deceased, it was reported, was riding in the family car at 67th and Penn at the time of his death - 5:30 p.m. on August 15th, 1962. A slight argument occurred between his wife and another driver who allegedly backed into the Strunk car and broke a taillight. Deceased became upset over the argument, crawled back into the car, collapsed and expired.

The deputy coroner at the scene viewed the body of deceased which had been removed from the car by Dr. E. Hustad and police officers Harcevic and Kephart, and was lying on the ground. There was no indication that death was due to other than natural causes, and it was attributed to arteriosclerotic heart disease.

JOSEPH B. STRUNK - continued

The man involved in the altercation was booked by the Richfield police for disorderly conduct.

The body of deceased was taken to the Hennepin County Morgue and later released to a funeral director.

Deceased is survived by his wife, Adelaide; son, John; daughter, Mrs. John Bach (Mary); brothers, Arnold of Seattle, Frank of Shakopee; sisters, Mrs. J. A. Lyons of Prior Lake, Isabel and Regina Strunk and Mrs. Lawrence Nachtshein (Bertha) of Minneapolis; and seven grandchildren.

REMARKS

This case was reported to the Coroner's Office at 8:00 p.m. on August 15th, 1962, by police.

It was stated deceased was last seen alive at 3:30 p.m. on August 14th by the hotel manager, Herbert George. Because he had not been seen all day on the 15th, the manager requested Joseph Avery, another resident, to force entry. Deceased was found at 7:30 p.m., dead, face down on the floor of his room.

Police were notified and officers Lasher and Rifley of squad #117 responded.

HECTOR M. SALMON - continued

The deputy coroner at the scene viewed the body of deceased clad in shorts and jersey lying on the floor of his room. It appeared that he had vomited blood. There was an empty liquor bottle and many empty beer cans in the room. There were no unusual marks on deceased's body and no indication that death was due to other than natural causes.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Death was attributed to gastrointestinal hemorrhage.

Deceased is survived by his sister, Mrs. Eva McCann of Minneapolis; and a brother, Conrad, of St. Paul.

REMARKS

This case was reported to the Coroner's Office at 9:20 p.m. on August 15th, 1962, by Golden Valley police.

Deceased, allegedly an alcoholic, died of a gunshot wound of head in the kitchen of the home of Mrs. Lavinia Anderson of the above address at approximately 9:00 p.m. that day.

Golden Valley police officers Kilbo and Butler and Sgt. Stein were at the scene when a deputy coroner arrived.

TORY P. LIND - continued

The deputy coroner stated the body of deceased lay on the kitchen floor at the above address with his head under the table in a pool of blood. There was a huge gaping wound of the face and powder burns on the skin under the chin. Bloody tissue was splattered all over the walls. Police stated they had found the death weapon, a 12 gauge Harrington & Richardson, serial #A8 11147, Bay State model, hammer type gun, just outside the kitchen door. A receipt for $10 for a shotgun and an extra shell were found in one of deceased's pockets.

The remains were taken to the Hennepin County Morgue, where an autopsy was performed the following day, August 16th, 1962. This revealed that death was due to gunshot wound of head - and the toxicologist's examination of a specimen of deceased's blood revealed 0.23% alcohol by weight.

Deceased is survived by a brother and his father, both of Cambridge, Minnesota.

According to Mrs. Anderson, deceased came to visit her at 6:30 a.m. on August 15th and invited her to go out for breakfast, but they had it at her home, and allegedly stayed there until 8:00 a.m. Mrs. Anderson, a divorcee and the mother of four children, three of whom live at home, stated deceased previously had proposed marriage to her, but she had refused. She had known him, she said, for four years and had met him when he was engaged in construction work on her home by a contractor.

At 3:30 p.m., Mrs. Anderson said, deceased called her at her work, Kay Bank Recording, 2129 Washington N., and at 8:50 p.m. he came to her home again and went into the bedroom to give her some roses. About 10 minutes after he arrived, and after an argument over the gun, when she saw that she would be unable to gain control of the gun, she ran through a breezeway to a garage to leave. As she reached the garage she heard a gunshot. It was stated police found deceased's body in the kitchen doorway, and the single shot 12 gauge shotgun in the breezeway, about 15 feet from the body.

The deputy coroner at the scene released the gun to police and Mrs. Anderson was taken in for questioning and later released.

Neighbors said Mrs. Anderson's children were out of the city on a camping trip.

REMARKS

This case was reported to the Coroner's Office at 9:40 p.m. on August 15th, 1962, by police.

Deceased, it was stated, went to the Coliseum Ballroom the night of August 15th to watch the dancing. He was seen to collapse and was placed on a bench about 9:40 p.m. while a Minneapolis General Hospital ambulance was called. Dr. Falig, the ambulance physician, confirmed death.

Police officers Stellburg and Martin of squad #331 were at the scene when a deputy coroner arrived.

EARL MARTIN RENZ - continued

The deputy coroner at the scene examined the body. There was no indication that death was due to other than natural causes and it was attributed to arteriosclerotic heart disease. Death apparently occurred at about 9:40 p.m.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Deceased is survived by a daughter, Mrs. Martha L. Bumiller of Osseo; two grandchildren; three sisters, Mrs. Gladys Winsor of Duluth, Mrs. Evelyn Johnson and Mrs. Viola Dolyn of Minneapolis; and a brother, Melville H. Renz of Robbinsdale.

REMARKS

This case was reported to the Coroner's Office at 10:35 p.m. on August 15th, 1962, by police.

Deceased, an asthmatic, had been ailing for some time and, it was said, had been a wheelchair patient for a year or two since she had fractured a hip. She had been treated by Dr. Eisenstadt since April. At about 10:00 p.m. on August 15th, 1962, deceased's apartment caretaker, Helen Betcher of the same address, called the Minneapolis General Hospital, requesting an ambulance for her. At about 10:30 p.m. she expired and on his arrival with the ambulance, the physician in attendance confirmed death.

Police officers Ripley and Lasher of squad #117 were at the scene when a deputy coroner arrived.

LILLIAN HATTON - continued

The deputy coroner at the scene examined the body of deceased, which was clad in a housedress and lying in a bed badly soiled by fecal and urinary discharges. There was no indication that death was due to other than natural causes, and it was attributed to congestive heart failure due to arteriosclerotic heart disease. Bronchial asthma was a contributing factor.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Deceased is survived by a daughter, Mrs. Vera Clarke of Reno, Nevada; two grandchildren; and two great-grandchildren; and a brother, Martin Gilligan of Zimmerman, Minnesota.

REMARKS

This case was reported to the Coroner's Office at 7:20 a.m. on August 16th, 1962, by the Star of Bethlehem Home.

Deceased had no medical history as she was a Christian Scientist and had not been under the care of a physician. On August 4th, 1962, she was admitted to the Star of Bethlehem Home with complaints of chest pain and shortness of breath. She was found dead at 7:00 a.m. on August 16th, 1962.

Examination of the body by a deputy coroner did not indicate that death was due to other than natural causes, and it was attributed to arteriosclerotic heart disease. The remains were released directly from the Home to a mortician.

THERESA JONDAHL - continued

Deceased is survived by her son Ralph of Hopkins and three grandchildren, Claudia, Thomas, and Paul.

REMARKS

This case was reported to the Coroner's Office at 11:25 a.m. on August 16th, 1962, by police.

Deceased was delivered normally and apparently in good health. He was fed milk at 8:00 a.m. today, August 16th, by his mother. After the feeding, at about 9:00 a.m., he was placed on a davenport to sleep. His mother and father were sleeping in an adjoining room. The father was awakened at approximately 11:00 a.m. by the child choking and vomiting. Assistance was summoned by the Minneapolis General Hospital and Dr. J. Roote, the ambulance physician, pronounced death.

Police officers Cameron and Kehoe of squad #550 were at the scene when a deputy coroner arrived.

DAVID ALAN MULKERN - continued

The deputy coroner viewed the body of deceased lying face up on the davenport. There were aspirated curds of milk on his face. The body was livid and cold. Death was attributed to asphyxia due to a spiration of gastric contents.

The remains were released from the premises to a funeral director.

Deceased is survived by his parents; a brother, Thomas, Jr.; and grandparents, Mr. and Mrs. Steven Mulkern and Mrs. Lila Eads, all of Minneapolis.

REMARKS

This case was reported to the Coroner's Office at 12:55 p.m. on August 16th, 1962, by a Mrs. Walker.

Deceased, it was stated, was in the process of obtaining a divorce from her husband. She allegedly had been in the habit of procuring sedatives from a number of physicians and was under the care of a number of doctors, the last one, apparently, being a Dr. Heberle. According to Richfield police they received calls from two pharmacies on August 12th, 1962, stating that deceased was trying to obtain barbiturates with false medical prescriptions.

Apparently deceased was last seen alive about 10:00 p.m. on Tuesday, August 14th, by her mother. The mother called deceased's home at 9:30 p.m. on August 15th but was unable to get a response. At 12:45 p.m. on August 16th, Mrs. Walker forced entrance through the front door and found deceased dead in bed and notified this office.

JANICE ANN MONDO - continued

The deputy coroner at the scene examined the body of deceased which was lying face down in bed, partially over the edge, with a cigarette in her right hand. Rigor and lividity were present. Three prescription bottles for prescriptions from three doctors and filled at three pharmacies were found and taken by the deputy coroner.

The remains were taken to the Hennepin County Morgue where an autopsy was performed that day, August 16th, 1962. Toxicological examinations indicated that death was due to barbiturate poisoning.

Deceased is survived by her husband, James J.; a son, Jay; mother, Mrs. Elva LaZarre; and a brother, Jack LaZarre.

REMARKS

This case was reported to the Coroner's Office at 1:26 p.m. on August 16th, 1962, by police.

Deceased had a history of care under Dr. Y. T. Johnson, who had prescribed sedatives, and, recently, a new drug for arthritis, and had last been seen by him about ten days ago. Mr. Tyson, her husband, stated she was in apparently good spirits yesterday, August 15th, and that he last saw her alive at 11:30 p.m. when he returned from working on a boat on Lake Minnetonka. She was breathing heavily as in sleep. He awoke at 10:30 a.m. on August 16th and found that she had expired. He called Dr. Johnson, who in turn sent out a private ambulance. Ambulance attendants attempted resuscitation without success. Dr. Ott, 3801 W. 50th St., was called to the house and he pronounced death.

LOIS PAULINE TYSON - continued

Mr. Tyson called Werness Funeral Home and when the attendant arrived and pulled back the sheet he notifed a hosiery box containing money and an envelope on which was written "Bicycle money, watch and ring for Jeanne," lying beside deceased. Also written on the envelope was "My sister has nothing to do with what this is all about, I did", with the "this is all about" scratched over. Police were then summoned and this office notified.

Police officers Stuhr and Nuquist of squad #553 and detectives Short and Kelly of squad #701 were sent to the scene.

The deputy coroner viewed the body which was livid and lying face up with her head on a pillow. Three empty prescription bottles were found at deceased's bedside. Lying under the covers to deceased's left was the hosiery box, $72 cash, and note referred to above. There was no evidence of external violence. The deputy coroner released the body from the premises to the funeral director, Werness Bros.

Deceased's husband was opposed to an autopsy. However, an autopsy was performed at the mortuary on August 16th, 1962. When the results of the toxicological examinations were received death was attributed to bilateral pulmonary atelectasis and cirrhosis of liver, etiology unknown. Specimens of deceased's blood were negative for alcohol and barbiturates.

Deceased is survived by her husband, Harry L.; daughter, Mrs. Robert H. Peahl of Wheaton, Illinois; three grandchildren; and a sister, Mrs. E. Bartholomew of Wayzata.

REMARKS

This case was reported to the Coroner's Office at 1:55 p.m. on August 16th, 1962, by Dr. Henry Moeller.

Deceased, it was stated, had been under the care of Dr. Ralph Silas for the past two years for a heart condition. On August 12th, 1962, while Dr. Silas was out of town, deceased developed congestion and was admitted to the Minneapolis General Hospital and given a prescription for pneumonia. He was discharged from the hospital and went home with a penicillin prescription, on August 15th.

GEORGE LeHUQUET - continued

The night of August 15th deceased was seen at his home by Dr. Henry Moeller because of congestion and some vomiting, but was advised that this was secondary to the pneumonia.

At 5:00 a.m. on August 16th on taking medication deceased began vomiting and became short of breath. He remained in bed and Dr. Moeller was called again. Dr. Moeller pronounced death at 12:30 p.m.

A deputy coroner examined the body. There was no indication that death was due to other than natural causes, and it was attributed to congestive heart failure due to arteriosclerotic heart disease and pneumonia.

Deceased's wife was opposed to an autopsy and the body was released from the premises to a funeral director.

Deceased is survived by his wife, Goldie Elizabeth.

REMARKS

This case was reported to the Coroner's Office at 6:30 a.m. on August 17th, 1962, by the Minneapolis General Hospital.

Early the morning of August 4th, 1962, it was stated, James Stewart, 2015 24th Ave. S., a motorist driving past 23rd and East Franklin, observed four or five boys trying to drag a man between some parked cars in a used car lot - apparently trying to help him walk, then leave and walk toward the Franklin Theater. Stewart got out of his car to investigate - patted the man's pocket and found that his wallet seemed to be there. Police were notified shortly after - at 12:42 a.m. Officers Hnath and J. Larson of squad #115 responded.

GLENN R. TURNBULL - continued

Police found deceased lying face down on the pavement, his face bloody, the blood apparently coming from his nose, and smelling strongly of alcohol. Beside him was a partly filled bottle of wine. At 1:05 a.m. Officer Kane with the patrol wagon went to the scene and deceased was taken to jail in the wagon along with three other arrested persons. It was stated deceased was able to walk into the wagon without falling. He was assisted into a cell, but at that time was unable to give his name.

During his stay in jail, deceased was unresponsive and failed to recognize his brother. It was said that he was checked in jail by a Minneapolis General Hospital ambulance physician at 3:00 p.m. on the day of admission - August 4th, 1962, and three times the next day - from 1:00 a.m. to 12:03 p.m, when he was taken to the General Hospital and admitted at 12:12 p.m.

Medical records at the hospital show multiple abrasions and contusions upper left eye and back of skull. His clinical course at the hospital improved but deceased did not become completely lucid. He expired at 3:45 a.m. on August 17th, 1962.

An autopsy was performed at the hospital on the day of death. This revealed that death was due to diffuse subdural and subarachnoid hemorrhage with brain contusion due to extensive right occipital skull fracture extending into foramen magnum, traumatic, and death was classified an accident.

Deceased is survived by his stepdaughter, Mrs. Mildred Lortiz of St. Paul; a step-grandson, Dennis; brother, Reid W. Turnbull; and sisters, Mrs. Alice Poirier and Mrs. Vivian Dolinger, all of Minneapolis.

REMARKS

This case was reported to the Coroner's Office by the Minneapolis Police Department at 9:20 a.m. on August 17, 1962.

About 8:30 a.m. on the above morning, Manuel Reyes, Apartment 13 of the same address, heard the decedent moaning in his apartment but assumed the man was just drunk. However, when Reyes went in to check on the man about 9:00 a.m. he found him unresponsive.

Reyes notified Edwin R. Norgren, who summoned Police; Officers Kulseth and Gladwin, Squad 115, responded.

Maynard W. Swanson (continued)

The Coroner went to the scene and found the decedent lying propped against the side of a chair near the bed. He was fully dressed. The body was warm and there was no rigor. There was no evidence of other than natural cause of death.

The body was removed to the Hennepin County Morgue where autopsy performed later that day revealed no demonstrable anatomical cause of death; pulmonary edema and pulmonary hemorrhage; fatty metamorphosis of the liver, mild.

Examination of a specimen of the decedent's blood revealed it to be negative for ethyl alcohol.

No survivors are known to this office.

REMARKS

This case was reported to the Coroner's Office at 10:00 a.m. on August 17th, 1962, by police.

At 8:30 a.m. on August 17th (Friday), Mr. Richard Berg of apartment 315, 1325 LaSalle Avenue, went to check on deceased because, he said, he had been drunk since Sunday, and found deceased (Matthews) had expired. He notified A. R. Hustad, Jr., deceased's employer, who notified police. Mr. Hustad, owner of the building, said deceased lived in the basement and had been painting for his rent since some time last winter.

Police officers Moen and McKelvey of squad #118 were at the scene when a deputy coroner arrived.

ROBERT T. MATTHEWS - continued

The deputy coroner viewed the body of deceased lying face down on the floor of his apartment in full rigor in an advanced stage of decomposition. It was stated deceased had been a chronic alcoholic. There was no indication of foul play and death was attributed to alcoholism.

The remains were taken to the Hennepin County Morgue and later released to a funeral director for burial.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 8:30 a.m. on August 17th, 1962, by police.

Police officers Holvenstot and Cameron were at the scene of death when a deputy coroner arrived. It was stated he had suffered a heart attack the previous day, August 16th, and at that time was taken to the Minneapolis General Hospital, treated, and then released. He expired at home at 8:19 this morning, August 17th, 1962.

The deputy coroner examined the body. There was no indication that death was due to other than natural causes, and it was attributed to arteriosclerotic heart disease.

The remains were released from the premises to a funeral director.

Except for his wife, Frances, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 11:20 a.m. on August 17th, 1962, by the Minneapolis General Hospital.

Deceased had a history of a coronary attack a year and a half ago. A son at home this morning heard her fall and summoned a Minneapolis General Hospital ambulance. Deceased, however, expired at 11:10 a.m. enroute to the hospital by ambulance.

Examination of the body by a deputy coroner did not indicate that death was due to other than natural causes and it was attributed to arteriosclerotic heart disease.

MYRA CONBOY - continued

Deceased's husband refused an autopsy.

The remains were released from the scene directly to a mortician.

Deceased is survived by her husband, Edwin; a daughter, Elizabeth (Mrs. Robert Aretz); and two sons, Michael and Patrick; and six grandchildren.

REMARKS

This case was reported to the Coroner's Office at 7:10 p.m. on August 17th, 1962, by the Minneapolis General Hospital.

According to deceased's son, Robert, his father had not seen a physician for many years. He had complained today of lower abdominal pains, pain in lower back, pains into legs. When Robert returned home today he called Dr. A. J. Meyers and was advised to take his father to Swedish Emergency Room. While being assisted to dress, deceased collapsed and his son immediately called for an emergency ambulance. Deceased expired in the ambulance enroute to Minneapolis General Hospital at 6:50 p.m. - August 17th, 1962, and was brought to the Hennepin County Morgue.

GEORGE MARION TIRRELL - continued

A deputy coroner examined the body of this elderly obese man. There was no indication that death was due to other than natural causes and it was attributed to arteriosclerotic heart disease.

Deceased's family refused an autopsy.

The survivors are wife, Gilletta; three sons, George B., Robert R., and John W., all of Minneapolis; and a sister, Mrs. Lee Dudley, also of Minneapolis.

REMARKS

This case was reported to the Coroner's Office at 5:07 p.m. on August 17th, 1962, by the Hennepin County Sheriff's radio.

At 4:51 p.m. on August 17th, Mary Scherber Lindenfelser, 31, of Route #2, Elk River, Minnesota, was driving her husband's 1962 tan Buick four-door sedan bearing 1962 Minnesota license 3V 3420 West on Territorial Road . She had just stopped for a girl bicyclist about even with the Duff driveway and started up again when deceased suddenly ran in front of the car from the south side of the road. Mrs. Lindenfelser was unable to stop the car in time to avoid passing over him.

Deputy Sheriffs Wald and Sheehey and Constable Mildenberger of Maple Grove were at the scene when a deputy coroner arrived.

DANIEL SCOTT DUFF - continued

According to the deputy coroner, deceased was lying on his back on the road with his head in a northwest direction, close to the north edge of the road, with feet southeast toward the middle of the road. The remains were taken to the Hennepin County Morgue and later released to a funeral director.

An autopsy was performed at the morgue on August 18th, 1962. This revealed that death was due to subdural and subarachnoid hemorrhage with severe cerebral contusions. Bilateral pulmonary hemorrhage with multiple rib fractures, right, and rupture of spleen and left kidney were contributing causes.

Deceased is survived by his parents; brother, Tony; sister, Cindy; and grandparents, Mr. and Mrs. John Duff of St. Louis Park and Mr. and Mrs. Russell Haag of Dalbo, Minnesota.

REMARKS

This case was reported to the Coroner's Office at 5:05 p.m. on August 18th, 1962, by police.

Deceased had been under treatment at the Minneapolis General Hospital for some time and had been seen on August 17th. Apparently she was last seen alive by anyone that day. A tenant heard her moving about at 8:00 a.m. on the 18th and at 4:45 p.m. went upstairs to see her. The door was ajar and deceased was found lying on her bed, dead.

Police officers Cooper and Mahoney of squad #118 were at the scene when a deputy coroner arrived.

The deputy coroner viewed the body which was livid and cold, lying face up on her bed. There was a small amount of emesis about her mouth. There was no evidence of external trauma or unnatural death.

NELLIE HANSON - continued

The remains were taken to the Hennepin County Morgue, where an autopsy was performed the following day. This revealed that death was due to severe coronary arteriosclerosis. Aspiration pneumonia, fatty metamorphosis of liver, myelolipoma of adrenal, and hypoplastic right kidney were contributing factors. There was also a benign polyp of uterus and old cholecystectomy.

Deceased is survived by a son, Milton Walch of Minneapolis, and a sister, Mrs. Charles Walker of Foley, Minnesota.

REMARKS

This case was reported to the Coroner's Office at 6:10 p.m. on August 18th, 1962, by the Minneapolis General Hospital.

Deceased was admitted to the hospital from the scene of an accident at 28th and Pillsbury Avenue and expired minutes afterwards, at 3:40 p.m. on August 18th, 1962.

Traffic officer C. Noble was at the scene and made an investigation of the accident. It was stated deceased was alone, at 3:08 p.m. that day - August 18th - driving his 1954 blue Ford sedan bearing 1962 Minnesota license 3F 8306, east on West 28th Street. At the intersection of West 28th and Pillsbury, the left front wheel of the car jumped the curb at the northwest

HENRY WILLIAM WOLFGANG - continued

corner of the intersection, crossed Pillsbury, jumped the curb again, - the vehicle crossed the front yard of the corner house and then came to rest when it struck a tree in the yard of the second house on West 28th. There were no visible skid marks.

An autopsy was performed at the hospital on August 19th. This revealed that death was due to massive hemothorax and subarachnoid hemorrhage due to rupture of thoracic aorta and cerebral contusion. Fracture of cervical and thoracic spine, fracture of mandible and multiple rib fractures were contributing factors.

Deceased is survived by a son, Arthur of St. Louis Park, and a sister, Mrs. Harry Bardt of Sherburn, Minnesota.

REMARKS

This case was reported to the Coroner's Office at 8:30 p.m. on August 18th, 1962, by police.

Deceased had a history of coronary disease and had been under the care of a Dr. Whitesell for the past two years. Dr. Whitesell had prescribed nitroglycerin pills. This evening she opened the front door to let grandchildren in and then collapsed in the doorway. A hospital ambulance and a rescue squad were called but they were unable to revive her. Dr. Flaig, the General Hospital ambulance physician, pronounced death at 8:00 p.m.

Police officer Levens of squad #443 was at the scene when a deputy coroner arrived.

MARY KALPIERS - continued

The deputy coroner viewed the body. There was no indication that death was due to other than natural causes, and it was attributed to arteriosclerotic heart disease. He was told that deceased had last seen her physician - Dr. L. A. Whitesell - in January of this year and that the doctor was out of town.

The body was released directly from the premises to a mortician.

Deceased is survived by sons, John and Thomas Roback, Joseph, Walter, and Andrew Kalpiers; daughters, Mrs. Josephine Brant and Mrs. C. (Josephine) Klees; seventeen grandchildren; and thirty-two great-grandchildren.

REMARKS

This case was reported to the Coroner's Office at 8:45 p.m. on August 18th, 1962, by police.

Deceased, it was said, had been a patient at the Veterans Hospital from February to May of 1958 on the psychiatric ward with a history of alcoholism and dermatitis, and had not been followed since that time. The family physician, Dr. A. G. Lyzenga, stated he had never treated the man.

On the evening of August 18th, about 8:10 p.m., while pulling weeds next to the garage in the alley at his brother-in-law's home, deceased was seen to collapse and fall on his back. The brother-in-law, Don R. Hilliket, was notified, and he attempted artificial respiration until the arrival of a rescue squad a few minutes later. Deceased was still breathing, but attempts at resuscitation were unsuccessful.

GEORGE J. MAJERSKY - continued

A Minneapolis General Hospital ambulance arrived and Dr. Finstad, the attending physician, pronounced death at 8:25 p.m.

Police officer Hansen of squad #1003 was at the scene when a deputy coroner arrived.

It was stated to the deputy coroner that deceased had had a "heart attack" about nine years ago and at that time had been seen by a doctor from Belzer Clinic, that there had been no follow-up and no hospitalization. The deputy released the body to McDivitt-Hauge Chapel.

An autopsy was performed at the mortuary on August 19th. This revealed that death, which occurred at about 8:25 p.m. on August 18th, 1962, was due to coronary occlusion due to severe coronary arteriosclerosis. There was also mild myocardial fibrosis, pulmonary congestion, mild fatty liver, and arterio nephrosclerosis.

Deceased is survived by his wife, Margaret; two daughters, Mrs. Mary Caouette, Miss Suzanne Majersky; two brothers, John of Minneapolis and Joseph of Jefferson City, Missouri; two sisters, Mrs. Ann Rybin of Omaha, Nebraska and Mrs. Helen Wittgraf of Minneapolis; three grandchildren.

REMARKS

This case was reported to the Coroner's Office at 12:55 a.m. on August 19th, 1962, by police.

Deceased, it was stated, was painting the kitchen floor of a friend, Charita McCammond, at the above address, when he complained of feeling nauseated, and retired to the bedroom, and then vomited on the floor. He was not known to have a personal physician. At about 12:30 a.m. August 19th, Miss McCammond went to check on deceased, whom she thought to have fallen asleep, and found that he was unconscious. A Minneapolis General Hospital ambulance and rescue squad went to the scene. Dr. Flaig, the ambulance physician, pronounced the man dead.

RUEBEN AUGUST GILBERTSON - continued

Police Officers Paisley and Merchant of squad #118 were at the scene when a deputy coroner arrived.

The deputy coroner viewed the body of deceased lying in bed covered with bedclothes. The body was warm and livid. There was no indication that death was due to other than natural causes. Deceased's personal effects were released to his brother, Richard, and the remains were taken to the Hennepin County Morgue.

An autopsy performed at the morgue on August 19th revealed that death was due to subarachnoid hemorrhage, spontaneous, due to rupture of cerebral artery. Cirrhosis of liver and pulmonary congestion and edema were contributing factors.

Deceased is survived by three sons, a daughter, a grandson, parents, Richard and two other brothers, and three sisters.

REMARKS

This case was reported to the Coroner's Office at 1:50 a.m. on August 19th, 1962, by police.

At about 1:25 a.m. on August 19th, police received a call from deceased's father, Edward Bjergo, of a shooting at the above address. The first to arrive at the scene were police officers Larson and Kanuit of squad #115. Upon their arrival they found deceased in the front hallway, head and shoulders propped against a door, dressed in a yellow blouse, brown pedal pushers, shoes and stockings. Deceased's mother, wounded in the right hip from a shell that had passed through deceased's body, was in the livingroom. A Minneapolis General Hospital ambulance, attended by a physician, arrived and deceased was pronounced dead. Present at the time were deceased's parents, her sisters, Karen, 17, Kathleen, 16, and Rene Ann, 5, and a friend, Shirley Peterson, 20.

The deputy coroner at the scene viewed the body of deceased propped in a sitting position against the hall door, one foot toward the hall. There were blood stains on the steps and on deceased's

PATRICIA ANN BJERGO - continued

right leg. There was a cartridge case under her left knee and another one and a piece of gunsight at the foot of the steps.

Mrs. Bergo was taken to the Minneapolis General Hospital where her wound was treated, and then released.

Deceased's body was taken to the Hennepin County Morgue where an autopsy was performed. This revealed that death was due to severe laceration of cerebellar hemispheres, bilateral, and massive hemoperitoneum due to gunshot wound of head and body severing hepatic artery. Death, which occurred at approximately 1:20 p.m. on August 19th, 1962, was classified a homicide.

As stated above, deceased is survived by her parents and sisters, Karen, Kathleen, and Rene Ann.

According to her sister, Kathleen, - she, deceased, and Shirley Peterson had spent the evening of August 18th at Excelsior Park at the dancehall. The girls had left the place separately - deceased and Shirley leaving at about midnight with some boys driving a late model white convertible. She saw the girls again at home at about 12:40 a.m. and they left shortly after that, saying they were going to Mama Rosa's to eat. About 1:20 a.m., in bed, Kathleen heard voices in the hall and saw her mother go to the door after deceased hollered "Ma.", then she heard two shots.

Detectives Whelan and Dee arrived at the scene and they were joined by Superintendent Welbaum and Officers Morris Mathews and Clayton Milum of the Bureau of Identification. A further investigation was made.

Bill Rosenbush, who resides upstairs, told police deceased and Shirley had come to his apartment about 1:00 a.m. after he and his wife had met them in the hall and invited them up. Shortly after this a small colored man, identified by Shirley as Keno Gray, age, 25, 2442 5th Ave. South, second floor rear, had forced entry. Keno and deceased argued about an earlier phone call, it was said, and she asked him to go downstairs with her to have her mother verify statements she had made earlier. Rosenbush said he heard two shots as they went down the steps.

Detectives Dwyer and Campbell located the boys in the convertible and took statements from them.

Benjamin Gray (Keno Gray), also known as Claude Benjamin Gray, and as Benjamin R. Gray, was a voluntary patient in the psychiatric department at Minneapolis General Hospital from November 28, 1958 to January 21, 1959. On February 6, 1959, his mother, Bernice Gray of 815 Fremont Avenue North, Minneapolis, petitioned the Hennepin County Probate Court to have a hearing for her mentally ill son diagnosed by the General Hospital staff and admitted there January 29, 1959. On February 10, 1959, he was committed to St. Peter hospital, from which he escaped September 30, 1959, and subsequently placed on provisional discharge to his mother on May 21, 1960. On May 21, 1961 he was automatically discharged and no longer under commitment. Three pictures of the man found in deceased's billfold were taken by police and a pick-up order put out for him.

REMARKS

This case was reported to the Coroner's Office at 7:00 a.m. on August 19th, 1962, by the Minneapolis General Hospital.

Deceased was admitted to the hospital at 2:37 a.m. on August 11th, 1962, from a fire at his residence, with a 15% second degree burn over the neck, shoulders, upper back and upper chest, and he was immediately taken to the surgical service. He was treated with the usual burn technique and did well initially. However, on the second day he ran a temperature and remained intermittently febrile with an occasional chill during the succeeding four days. His condition deteriorated and deceased expired at 3:00 a.m. on August 19th.

OSCAR WALTER - continued

An autopsy was performed at the hospital on the day of death - August 19th. This revealed that death was due to aspiration of gastric content. There was also pulmonary congestion and edema, second and third degree burns, bilateral hydrothorax, a pancreatic cyst, and abnormal kidneys.

Deceased is survived by sons, Carl, Edward, and Richard; seven grandchildren; a brother and two sisters.

REMARKS

This case was reported to the Coroner's Office at 10:00 a.m. on August 19th, 1962, by the Central Nursing Home.

At 7:40 a.m. today, Sunday, August 19th, deceased was alone driving his 1951 black Ford bearing Minnesota 1962 license 3C 2878 south on Filmore N. E. when his car struck the center pier of the overhead bridge at 13th Avenue. It was daylight and the road surface was dry and had no defects.

Traffic officer Ray Bailey was at the scene and made an investigation of the accident.

A Minneapolis General Hospital ambulance was summoned and deceased was taken to the hospital.

ALFRED PARELIUS HAGEN OLSON - continued

It was stated that when deceased was found he was slumped over the steering wheel, his eyes directed to the north, and he was unresponsive with right-sided tonic-clonic motion.

At the hospital deceased was admitted to neurology with multiple fractures and expired at 9:01 a.m. that day during an attempted tracheotomy.

An autopsy was performed at the hospital on the day of death, August 19th. This revealed that death was due to massive hemoperitoneum due to rupture of large tumor of liver due to fractured ribs, first through fifth, right, and first through sixth left, and fractured sternum. Death was classified an accident.

Deceased is survived by sons, Harold L. of Seattle, Washington, and Arthur S. of Hutchinson and Minneapolis; sister, Mrs. Robert Sharp and brother, Leonard Kjolso, both of Seattle; and four grandchildren.

REMARKS

This case was reported to the Coroner's Office at 6:50 p.m. on August 20th, 1962, by the Minneapolis General Hospital.

It was stated deceased had taken three sleeping pills and was sitting in an armchair in night clothes with a shawl over her shoulders, smoking a cigarette about 4:00 p.m. and apparently fell asleep. Fire was not discovered until 6:00 p.m. that day - July 26th, 1962. She was admitted to the hospital with second and third degree burns. Surgery was performed on August 8th and again on August 11th. Deceased expired at 6:15 p.m. on August 20th, 1962.

TENA A. WATSON - continued

An autopsy was performed at the hospital on August 21st. This revealed that death was due to septicemia and electrolite imbalance due to second and third degree burns over face, neck, arms, and chest. Cerebral edema with cerebral arteriosclerosis were contributing factors. Death was classified an accident.

Except for a son there are no survivors known to this office.

REMARKS

This case was reported to the Coroner's Office at 9:15 p.m. on August 20th, 1962, by the North Memorial Hospital.

At 7:10 p.m. on this evening, August 20th, deceased was riding with her parents, Clarence and Lila Froberg, 27 and 22, and Julie Froberg, 2, in the family car, a 1953 Oldsmobile bearing 1962 Minnesota license 3X 8770, driving west on 85th Avenue or County Road #109, when the vehicle struck a 1955 red Mack H.67 truck bearing 1962 license Y25 594 being driven by Walter D. Lewis, 39, of 4546 35th Avenue South. The truck, which was facing south, was making a right turn onto County Road 109, and was struck on the left front side of the cab. After the impact the Froberg vehicle spun around and faced northwest.

SHARON LEE FROBERG - continued

Brooklyn Park police officers Harry J. Roberts and Kaufman were at the scene and they investigated the accident.

The drivers of both cars had no visible signs of injury.

Deceased was taken to North Memorial Hospital at 7:18 p.m. and admitted, and expired a few minutes later, at 7:45 p.m. - August 20th, 1962.

The remains were removed to the Hennepin County Morgue, where an autopsy was performed on August 21st. This revealed that death was due to subarachnoid hemorrhage with cerebral contusion, due to extensive basal skull fracture. Death was classified an accident.

Except for her parents and sister (?) mentioned above, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 10:15 a.m. on August 21st, 1962.

According to Dr. T. J. Meany, his physician, deceased had a very bad heart condition and should not have been working, but he insisted that he had to work to support his family. A year ago he was hospitalized at St. Mary's for this condition and shortly after his release was admitted to the Veterans Hospital for a time. On August 5th, 1962, he visited St. Mary's on an out-patient basis.

On the morning of August 21st, 1962, he was at work on a scaffold laying soap tile in a wall inside a Bridgeman construction job at 80th and Normandale Road, Bloomington. An altercation arose over the way the man next to him, David K. Mikkelson, laid his tile. Mikkelson stated he had the feeling deceased was a bit nervous as he would sing in an odd manner when he appeared to be nervous. Deceased seemed irritated and kept walking over to Mikkelson, who kept avoiding

him. Deceased asked Mikkelson three times to fix the last tile in the row, which he did, but it wasn't good enough. Mikkelson stated deceased was belligerent and kept pestering him and he got mad and said "To hell with it.... fix it yourself," whereupon deceased said "No one can swear at me" and hit Mikkelson three times in the face. Mikkelson was not knocked off the scaffold but given a scare and suggested they get down if Jolly wanted to box.

They were boxing legitimately, Mikkelson said, and deceased was finally wrestled to the ground and held until the other men at work came down from the scaffold. Mikkelson said he did not want to fight and was waiting for the others to break it up. When the men came down, deceased and Mikkelson rose to their feet, looked at each other and started to walk away. Deceased took two steps and collapsed. This was at 10:05 a.m. All attempts at resuscitation were futile.

Police officers Wright and Pack of the Bloomington police were at the scene when a deputy coroner arrived.

The deputy coroner at the scene examined the body of deceased which was lying face up on the concrete floor. The body was obese and livid. There was no evidence of strangulation or external trauma. The remains were taken to the Hennepin County Morgue.

An autopsy at the morgue on the date of death revealed that death, which occurred at 10:05 a.m. on August 21, 1962, was due to occlusion of left anterior descending and right coronary arteries due to severe coronary arteriosclerosis with myocardial fibrosis.

Deceased is survived by his wife, Irene; two sons, Donald and Joseph of Columbia Heights; two daughters, Kathleen of Columbia Heights and Patricia of Lakehurst, New Jersey; a grandchild; mother, Mrs. Helen Jolly of Milwaukee; and a brother, Alfred, of Greendale, Wisconsin.

Sgt. Charles Anderson of the Bloomington police investigated this case further. Witnesses were William Proshek, New Prague; Roger Ellingsen, 5305 Ewing Ave. S.; Marlan Arndt, 10717 A 10th Ave. N.; Peter Slonski, 2527 7th St. N.E.; and Richard Haines of New Prague. Most of the men did not see the beginning of the fight and all claimed that Mikkelson was a very quiet worker and seldom spoke to anyone; in fact one of the men thought he was a DP and couldn't speak English. Questioned as to the possibility of tile being sent in wrong, the foreman stated he could not see or determine that any had been set wrong.

Lt. Paul Block stated that L. R. McKenzie, Business Representative of Bricklayers Union No. 2 of Minnesota, visited Bloomington police and stated he knew deceased personally, - that he was very hot tempered and had been a problem to the union since he joined and was always agitating and getting into fights with other workmen.

REMARKS

This case was reported to the Coroner's Office at 2:50 p.m. on August 21st, 1962, by Pastor Curtis at the Mission Farm Bible Conference at Medicine Lake.

Deceased had a long history of heart disease and had been cared for and hospitalized at Hastings by Dr. Herman Fasbender from 1958 to 1961. Later in 1961 she was hospitalized for a fractured hip.

At the time of her death deceased was attending the Mission Farm Bible Conference, which she did each year. She had arrived the afternoon of August 20th from Hastings and it was reported she was last seen alive at about 9:00 p.m. She was found dead in her room lying face up on the floor by Pastor Curtis about 1:30 p.m. on August 21st.

VELMA ATCHISON - continued

Examination of the body did not indicate that death was due to other than natural causes, and it was attributed to arteriosclerotic heart disease.

The deputy coroner released the body from the premises to a funeral director.

Except for a son, Guy Atchison, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 4:30 p.m. on August 21st, 1962, by the Minneapolis General Hospital.

The last three or four years deceased had been in failing health with congestive heart failure and was last seen by her personal physician, Dr. Wayne Hagen, about a month ago. She was on digitalis and diuretics and the last two weeks had been cared for at home by a licensed practical nurse. The night of August 20th, it was said, she became short of breath but responded to oxygen therapy at home administered by her daughter. Today, August 21st, while under the care of the nurse deceased again became short of breath with labored breathing, and expired at 4:00 p.m.

The nurse had noticed deceased's condition at 2:30 p.m. and summoned a General Hospital ambulance. Dr. Overby, the ambulance physician, pronounced death, and notified this office.

AMANDA JOSEPHINE MAGNUSON - continued

Police officers R. Cich and D. Zetterwall were at the scene.

Examination of the body did not indicate that death was due to other than natural causes and death was attributed to congestive heart failure due to arteriosclerotic heart disease.

The remains were released directly from the premises to a mortician.

Deceased is survived by her daughter, Mrs. Lynn (Frances) Quarfot of Minneapolis and nieces and nephews.

REMARKS

This case was reported to the Coroner's Office at 9:50 p.m. on August 21st, 1962, by police.

While watching a wrestling match from a ringside seat at the auditorium with his son, Harry, Jr., deceased suddenly collapsed and expired at 9:30 p.m. He was taken to a first aid room and attended by a rescue squad, but attempts at resuscitation were of no avail.

Police Officer C. H. Hawkinson of squad #611 was at the scene and notified this office.

HARRY E. RYAN, SR. - continued

According to his son, deceased had a history of care under Dr. Richard Lindquist for hypertension and diabetes and had last seen the doctor about six months ago.

The deputy coroner at the scene viewed the body lying face up in the first aid room. It was livid and warm and there was no indication of other than a natural death. Death was attributed to hypertensive cardio vascular disease and diabetes mellitus.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Deceased is survived by his wife, Catherine; son, Harry E., Jr. of Minneapolis; a daughter, Mrs. Lewis (Mary) Remele of Buffalo, New York; three grandchildren; and two sisters, Nora and Mrs. Herbert (Margaret) Clyne of Duluth.

REMARKS

This case was reported to the Coroner's Office at 11:20 p.m. on August 21st, 1962, by police.

Deceased, it was reported, had been under the care of Dr. S. Lundblad and during the past two years had had two coronary attacks. He had been on dicumarol and apparently doing well, when he was last seen by his doctor a week ago.

At 11:15 p.m. on August 21st while watching a wrestling match at the auditorium deceased became excited, gasped for breath and collapsed. He was taken to the first aid room where he was attended by a Minneapolis General Hospital ambulance doctor, - Dr. Flaig, who pronounced death.

JOSEPH FRANK LEISZ - continued

Police officers Martinson and Johnson of squad #119 were at the scene when a deputy coroner arrived.

The deputy coroner viewed the warm, livid, body of deceased in the first aid room. There was no indication that death was due to other than natural causes, and it was attributed to arteriosclerotic heart disease.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Deceased is survived by his wife, Gladys A.; son, Stuart J. of Baton Rouge, La.; a daughter, Mrs. William (Barbara Jean) Christensen of Minneapolis; a brother, Tony, of New Richmond, Wisconsin; and sisters, Mrs. Lancelot (Marion) Podd of Port Arthur, Ontario, and Mrs. Edward (Louise) Baltazer of Evansville, Indiana; and eight grandchildren.

REMARKS

This case was reported to the Coroner's Office at 5:00 a.m. on August 22nd, 1962, by the Oak Ridge Hospital.

Deceased had a history of care at the Minneapolis General Hospital from August 5th, 1962, to August 16th, 1962 for a recent stroke and pneumonia. It was stated he was seen again on the 20th by a hospital intern and found to have pneumonia. He expired at 4:40 a.m. on August 22nd.

LENTON SEELYE - continued

Examination of the body did not indicate that death was due to other than natural causes, and it was attributed to bronchial pneumonia. Left cerebral hemorrhage and carcinoma of prostate were contributing factors.

The remains were released from the premises to a funeral director by a deputy coroner.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 12:05 p.m. on August 22nd, 1962, by the St. Louis Park police.

Deceased was sitting in her chair at the Suburban Plumbing Company where she was employed when she became ill on the morning of August 22nd, 1962, and slid out of the chair. It was stated she was under the care of Dr. William Trow and had no history of heart trouble. However, she had complained of dizzy spells on occasion in the past. A brother recently expired of a heart condition at the age of 56.

Dr. Edmonson of the St. Louis Park Clinic was summoned and he pronounced death at 11:30 a.m.

Police officer Dean of St. Louis Park was at the scene when a deputy coroner arrived.

NAOMI M. BLANDIN - continued

The deputy coroner examined the body of deceased lying on the tiled office floor dressed in indoor clothing. There were no unusual marks on the body.

The remains were taken to the Hennepin County Morgue where an autopsy was performed on the date of death. This revealed that death was due to acute myocardial infarction with myocardial fibrosis due to coronary arteriosclerosis.

Deceased is survived by her husband, Charles R.; a daughter, Carole; three sons, Lawrence, Ward and Curtis, all of Minneapolis; father, Harry Billings and sister, Mrs. Wilbur Peterson, both of Harrold, South Dakota.

REMARKS

This case was reported to the Coroner's Office at 7:35 p.m. on August 22nd, 1962, by the Hennepin County Sheriff's radio.

According to his mother, deceased was despondent and of late a problem to discipline. The family was planning to move to Rapid City, South Dakota, this coming Saturday, August 25th, and deceased was not eager to leave the Minneapolis area. At about 6:55 p.m. today, August 22nd, Minnetonka police reported, the mother heard a shot and ran downstairs to the basement where she found deceased lying in a pool of blood with a wound in the head.

Officer Pavelka of the Minnetonka police was at the scene when a deputy coroner arrived.

JAMES JOHN COLEMAN - continued

The deputy coroner viewed the body of deceased lying on the basement floor with the top of his cranium blown off and brain tissue scattered over the basement. A shotgun lay beside the body. The shotgun, a 12 gauge, serial #50693, made by Forehand Arms Co., Worcester, Mass., was taken by the deputy.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Hennepin County detectives Herman and Dowling made an investigation.

Death, which occurred at about 6:55 p.m. on August 22nd, 1962, was due to gunshot wound of head and classified accident or suicide, undetermined.

Deceased is survived by his parents; brother, Clifford; sisters, Patricia, Diane, and Annette; grandparents, Mr. and Mrs. John Coleman of Birchwood, Wisconsin.

REMARKS

This case was reported to the Coroner's Office at 6:50 p.m. on August 22nd, 1962, by the Minneapolis General Hospital.

At about 5:45 p.m. on August 22nd, 1962, Minneapolis park police, officers Goodsell and Dick of squad #1003, came upon deceased lying on his back near the water's edge at Lake Nokomis about a block north of the 50th Street Beach. He was bleeding and it was apparent that he had been shot through the head. A .45 caliber revolver lay between his legs, with the barrell facing the lake and a sponge rubber head rest pillow was under his buttocks.

Deceased was still breathing when he was placed in a Minneapolis General Hospital ambulance at 5:55 p.m., but he expired at 6:18 p.m. on arrival at the hospital.

HARRY B. SCHULZE - continued

It was stated deceased had been under care for mental illness at the Minneapolis General Hospital and had been seen there at least twenty or thirty times.

An autopsy was performed at the hospital on August 23rd. This revealed that death was due to perforating gunshot wound of head. The Coroner examined the body and stated the entrance wound of the bullet was in the right temporal area with exit wound in left temporal area in front of ear. There were powder burns around the site of the entrance wound. The toxicologist's examination of deceased's blood showed 0.18% alcohol.

Deceased is survived by his wife, Margaret; parents, Mr. and Mrs. George Schulze; brothers, Richard and George, all of Minneapolis; and a sister, Mrs. Mark Nadis of California.

REMARKS

This case was reported to the Coroner's Office at 12:55 a.m. on August 23rd, 1962, by police.

A police squad was sent out to check on deceased, allegedly a chronic drinker, at 3:00 p.m. on August 21st, 1962, but he refused medical attention at that time. Police were called back again by the caretaker, Ray Morrow, early the morning of August 23rd. Police officers Johnson and Mattise of squad #117 responded and found deceased at 12:45 a.m. lying on the floor not breathing.

A deputy coroner at the scene examined the body. While the room was not neat (littered with many empty vodka and whiskey bottles), there was no indication of struggle or foul play and no unusual marks on the body. Death was attributed to arteriosclerotic heart disease.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Except for his brother, Joseph, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 10:35 a.m. on August 23rd, 1962, by Dr. Thomas Lowry.

Deceased had been under the care of Dr. Lowry for some time, but he had not seen her for about two months, he said, and treatment at that time had been for a back condition. Dorothy L. Bergman, her housekeeper, stated deceased had been depressed of late and that she last saw her alive at 7:00 p.m. on August 22nd. A friend, Mrs. Cora Towle of Deephaven, spoke to deceased between 9:00 and 10:00 p.m. that night and tried unsuccessfully to reach her again the following morning, then contacted Mrs. Bergman. They found deceased dead in bed at 9:40 a.m. and called Dr. Lowry, who notified this office.

LOUISE PIPER ALDRICH - continued

The deputy coroner at the scene stated the body of deceased clad in watermelon pink pajamas and robe lay on her left side in bed with her right foot projecting and her left knee drawn up. The phone nearby was off the hook and the receiver was on the bed.

No note was found.

The remains were taken to the Hennepin County Morgue where an autopsy was performed at 2:00 p.m. that day - August 23rd, 1962. In the opinion of the pathologist it was deemed advisable to await the results of toxicological examination before determining the cause of death. When the toxicology report was received death was attributed to barbiturate intoxication due to ingestion of overdose of seconal, accident or suicide unknown.

Deceased is survived by her husband, four children, Linda, Morgan, Thomas, and Harry; her parents, Mr. and Mrs. H. C. Piper; a sister, Mrs. C. F. Pierson, and a brother, H. C. Piper, Jr., all of Minneapolis.

REMARKS

This case was reported to the Coroner's Office at 10:00 a.m. on August 23rd, 1962, by the Minneapolis General Hospital.

Deceased, it was stated, had been under the care of Dr. Samuel Dworsky for a heart condition but he had not seen her for some time. When she became ill the morning of August 23rd, a Minneapolis General Hospital ambulance was summoned and the attending physician pronounced death, at 9:54 a.m.

Examination of the body did not reveal that death was due to other than natural causes and it was attributed to arteriosclerotic heart disease. The remains were released from the premises to a funeral director.

Survivors are a daughter, Mrs. Parnell Laughlin and a sister, Mrs. Eleanor Dudley, both of Minneapolis.

REMARKS

This case was reported to the Coroner's Office at 5:50 p.m. on August 23rd, 1962, by police.

Deceased was visiting with Mr. and Mrs. Olger Oseth at their home, 2607 Humboldt Avenue South, between planes. About 5:00 p.m. that day, August 23rd, he complained of chest pain, went into the house from the yard and collapsed on a bed. The Oseths called Dr. Ben Anderson of the Valley View Clinic, who dispatched an ambulance. However, deceased was pronounced dead upon arrival of the ambulance.

Police officers Suek and Cooper of squad #118 were at the scene when a deputy coroner arrived.

JULIUS O. PAULSON - continued

Examination of the body did not indicate that death was due to other than natural causes. It was stated deceased was under the care of Dr. David Cavell, 27 North Madison Avenue, Pasadena, California, whom he had seen yesterday - August 22nd. He had obtained a letter from the doctor stating that he had rheumatic valvular heart disease with aortic stenosis and insufficiency. Death, due to rheumatic valvular heart disease with aortic stenosis and insufficiency, apparently occurred at 5:00 p.m. on August 23rd, 1962.

The remains were released from the premises to a funeral director.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 9:25 p.m. on August 23rd, 1962, by a Dr. Minder.

Deceased, it was stated, had a long history of heart disease. In the past he had been under the care of Dr. Norman Nelson and later under the care of Dr. William B. Shaefer. He had been ill for the past three days with an upset stomach and chest pains, and expired at 9:00 p.m. on August 23rd at home.

Examination of the body did not indicate that death was due to other than natural causes, and it was attributed to arteriosclerotic heart disease. The remains were released by the deputy coroner from the premises to a funeral director.

RODNEY C. NELSON - continued

Deceased is survived by his wife, Georgia; brother, Albert of Canada; and sister, Mrs. Hilma Smith of Seattle.

REMARKS

This case was reported to the Coroner's Office at 1:45 a.m. on August 24th, 1962, by police.

At 1:10 a.m. on Friday, August 24th, deceased, accompanied by Yvonne Marie Gould, 16, of 4417 Aldrich Avenue North, Minneapolis, was driving a 1955 Oldsmobile bearing 1962 Minnesota license 5G 8112 south on Aldrich Avenue North, when the vehicle struck a 1958 Chevrolet bearing Minnesota 1962 license number 3E 7724 owned and being driven by Jack E. Albertson, 35, of 4534 Dupont Avenue North, south on 46th Avenue north. The Albertson car was struck broadside by the other vehicle, at the intersection of Aldrich and 46th Avenues North.

Deceased, who was thrown from his vehicle, sustained fatal injuries and expired at the scene at about 1:13 a.m. The other two involved in the accident were taken to Minneapolis General Hospital, both in serious condition - Miss Gould with a shattered left elbow and hip, back, and head injuries, and Albertson with a broken right leg, shattered cheekbone and internal injuries, it was said.

ROGER ARTHUR IVERSON - continued

Police Officers Ray Bailey, #421, and Thomas Rosenberger, #420, were at the scene and made an investigation.

The body of deceased was taken to the Hennepin County Morgue, where an autopsy was performed on August 24th. This revealed that death was due to subarachnoid hemorrhage of the temporal lobes, bilateral, with contusion of brain due to linear skull fracture left temporal bone into left orbit and frontal sinus. The toxicologist's examination of a specimen of deceased's blood revealed 0.12% alcohol by weight.

The deputy coroner at the scene stated there were three full cans of beer in the front seat of the Oldsmobile driven by deceased. Both cars, which were said to be a total loss, were to be towed to the Central Garage.

REMARKS

This case was reported to the Coroner's Office at 12:16 p.m. on August 24th, 1962, by the Methodist Hospital.

Deceased's mother, carrying her two-year old son, Stephen, accompanied by deceased, were leaving 6023 France Avenue South, where they had looked at household goods for sale. Mrs. Bergk said she thought deceased was behind her, and turned to look, and the child darted past her into the street, into the path of a northbound car being driven by Mary P. Skewes, 22, of 3435 Colfax Avenue South. The accident occurred at 10:45 a.m. on August 24th, 1962.

Deceased was taken from the scene to Methodist Hospital, St. Louis Park, and admitted at 11:15 a.m., and expired a short time later, at noon that day.

CARON LEE BERGK - continued

An autopsy was performed at the hospital. This revealed that death was due to severe contusions of brain with hemorrhage into brain substance due to complete transverse basal skull fracture.

Deceased is survived by her parents; brother, Stephen; and grandparents, Mr. and Mrs. Edward Bergk of Minneapolis and Mr. and Mrs. Rolf Palas of Green Bay, Wisconsin.

REMARKS

This case was reported to the Coroner's Office at 12:27 p.m. on August 24th, 1962, by the University of Minnesota Hospitals.

Deceased was a victim of an accident on highway 152, 2.6 miles west of Monticello, Wright County, Minnesota, on Sunday, August 19th, 1962, at 11:48. She was a passenger in a pick-up truck driven by her mother, Mrs. Bernice Holmen, which was in a head-on collision with a car driven by Frederick Spieker of Long Prairie, Minnesota. Mr. Spieker was killed in the crash and deceased's mother was hospitalized at St. Cloud.

Deceased was admitted to University Hospitals at 1:00 a.m. August 20th, unconscious, and in a state of shock. She expired at 11:30 a.m. on August 24th, 1962.

PATRICIA HOLMEN - continued

An autopsy performed at the hospital revealed that death was due to encephalomalacia due to multiple lacerations and contusions of the brain. Bronchopneumonia, subendocardial hemorrhages of left ventricle were contributing factors.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 12:45 p.m. on August 24th, 1962, by the Minneapolis General Hospital.

According to his wife, deceased had a history of coronary disease since his discharge from the army. He was a patient in the Veterans Hospital from September, 1961, to January, 1962, and was hospitalized again for a week in May. Thereafter he returned for a check-up once a month, the last check being August 14th.

ROBERT L. JACQUES - continued

This morning, August 24th, deceased was under his car at home adjusting the brakes, while his wife was in the car pushing the brake pedal. Suddenly she heard her husband making unnatural labored breathing sounds and upon investigation found her husband limp under the car. A Minneapolis General Hospital ambulance with Dr. Radke aboard responded to a call for assistance. However, the man was pronounced dead upon arrival at the hospital at 12:15 p.m.

Examination of the body did not indicate that death was due to other than natural causes. Death, which occurred at 12:15 p.m. on August 24th, 1962, was attributed to arteriosclerotic heart disease.

A deputy coroner released the body from the hospital to a funeral director.

Deceased is survived by his wife, Ethel; three sons; four daughters; mother; three brothers; and two sisters.

REMARKS

This case was reported to the Coroner's Office at 5:15 p.m. on August 24th, 1962, by police.

Police Officers Stevens and Dunn of squad #115 and Detectives Whelan and Blanche of squad 701 were at the scene when a deputy coroner arrived.

Police quoted Evelyn Sky, 31, who gave her address as 615 South 9th Street, as having admitted stabbing deceased with a silver-handled pocket knife which she carried. Deceased had an oval stab wound about an inch wide and an inch long in the left upper chest below the left clavicle and also a one inch stab wound in the abdomen.

JOHN BROINS - continued

The remains were taken to the Hennepin County Morgue where an autopsy was performed the following day - August 25th. This revealed that death was due to massive left pneumo hemothorax due to stab wound of chest severing pulmonary artery. There was also a stab wound of abdomen with perforation of the small bowel. The toxicologist's examination of a specimen of deceased's blood revealed 0.30% alcohol by volume.

Deceased, originally from Mexico, had no known relatives in the United States.

Evelyn Sky, also known as Evelyn White, who was intoxicated at the time of the crime, was formerly an inmate of the Anoka State Hospital. She told police she had been drinking beer all day, and had been drinking with deceased at the Breezy Point Tavern, 247 Cedar Avenue, prior to the stabbing. She said deceased had "propositioned" her at the rear of a vacant building at that address. Diane Nelson, 17, sitting on the porch of her home at 1818 - 2½ St. South, half a block away, said she saw the woman "slashing at him" with something shiny.

Evelyn Sky was formally charged with first degree manslaughter.

REMARKS

This case was reported to the Coroner's Office at 10:50 a.m. on August 25th, 1962, by the Minneapolis General Hospital.

At 1:05 a.m. on Saturday, August 25th, 1962, deceased was driving a 1961 red Fiat sedan bearing 1962 Minnesota license 3X 6627 south on Washington Avenue and failed to turn with the roadway at the curve at the merging of Dowling and Washington and the vehicle crashed head-on with a 1959 black Mercury sedan bearing 1962 Minnesota license 3S 9271 being driven by Lucille Agnes Engdahl, 23, of 6800 Perry Avenue North.

Traffic officers Tom Rosenberger and R. Lindman were at the scene and made an investigation of the accident.

Both parties to the accident, who were alone at the time, were injured and taken to the

DELORES CHARLOTTE PETTIS - continued

Minneapolis General Hospital by ambulance.

Deceased was admitted to the hospital at 1:20 a.m. with both knees fractured, head and chest injuries. Bilateral trephine surgery was performed and also a tracheotomy. Deceased became hypertensive post-operative, and remained comatose. She expired at 10:10 a.m. that day - August 25th, 1962.

An autopsy was performed at the hospital on the date of death. This revealed that death was due to diffuse subarachnoid hemorrhage and subdural hemorrhage due to severe cerebral contusion. Fracture of sternum, second rib left, with mediastinal hemorrhage and fracture of right femur were contributing causes. The toxicologist's analysis of a specimen of deceased's blood was negative for alcohol.

Deceased is survived by her parents, Mr. and Mrs. Walter Pettis; four sisters, Sandra Lee, Alonda Maria, Judith Ann and Nancy Lynn; four brothers, Delwin, Darwin, Dale, and Rickie; and a grandmother, Mrs. Ethel Hansen, all of Minneapolis.

REMARKS

This case was reported to the Coroner's Office at 8:00 p.m. on August 26th, 1962, by a Dr. Erlich.

Deceased, it was reported, had been under Dr. Erlich's care for years. The past few weeks she had been ailing with nervous symptoms and headaches and was in and out of bed. Dr. Erlich saw her a week ago and at 1:30 p.m. today. This evening, August 26th, deceased got out of bed and collapsed to the floor and suddenly expired at 7:30 p.m.

St. Louis Park police officers were at the scene when a deputy coroner arrived.

HARRIET G. ROSENBERG - continued

The deputy coroner examined the body of deceased lying on her bed dressed in houseclothes. There were no unusual marks on her body.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

An autopsy at the morgue on August 27th revealed that death was due to brain tumor right frontal area of brain.

Deceased is survived by her husband, Irving; daughters, Leslie and Vicki; brothers, Melvin Shink of Minneapolis and Simon Shink of New York; and sister, Mrs. Sam Roitenberg.

REMARKS

This case was reported to the Coroner's Office by the Minneapolis Police Department at 8:30 a.m. on August 27, 1962.

According to Evelyn Bright, a hemiparetic residing at the same address, the decedent had been under the care of Minneapolis General Hospital physicians but had not sought medical care of late. Records at the hospital indicated that the man had not been examined there since the summer of 1959.

The man was found dead about 7:40 a.m. on the morning of August 27 by another resident of the building, Aldysius Seurer, who summoned Police.

Francis C. O'Brien (continued)

Officers Longman and Smith, Squad 117, responded to the call and upon noting a cut just above the decedent's left eye, summoned Detectives Krueger and Anderson, as well as the Coroner's Office.

The above four men were at the scene when the deputy coroner arrived. Examination revealed the decedent to be a cachectic white man appearing much older than age 64. An open laceration was noted above the left eyebrow and the left mandible was deformed from surgery.

The body was removed to the Hennepin County Morgue where autopsy performed later that day revealed the cause of death to be bronchopneumonia; fatty metamorphosis of liver; pulmonary congestion and edema; squamous cell carcinoma of mouth.

Examination of a specimen of the decedent's blood revealed the presence of 0.11% ethyl alcohol. The blood was negative for barbiturates.

Survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 4:33 p.m. on August 27th, 1962, by Dr. William Walsh.

At about 11:00 a.m. on August 24th, 1962, it was stated, deceased fell off the porch of her home. Dr. Walsh was called to the home at about 12:20 p.m. She was unconscious when Dr. Walsh first saw her and did not regain consciousness.

Deceased was admitted to St. Barnabas Hospital shortly after noon that day - August 24th, and seen in consultation by Dr. H. Buchstein, a neurosurgeon, but no surgery was performed. She expired at 4:25 p.m. on August 27th.

An autopsy was performed at the mortuary on August 28th, 1962. This revealed that death was due to massive subdural hematoma right frontal parietal area of cerebrum due to fall striking head and inflicting abrasion and contusion over left eyebrow.

NELLIE DRAEGER - continued

Deceased is survived by her husband, Herman J.; two sons, Edwin M. and Arthur H., both of Minneapolis; a granddaughter; three greatgrandchildren; four sisters and three brothers.

REMARKS

This case was reported to the Coroner's Office at 7:40 a.m. on August 28th, 1962, by police.

Deceased had no history of medical care. According to his wife he had been complaining of a burning chest pain the past week. She last talked to him at 1:20 this morning, August 28th. Deceased was sitting on the toilet in the bathroom and his wife was unable to open the door and called police. Officers Shoemaker and Gilligan of squad #441 responded and entered through an outside window.

A Minneapolis General Hospital ambulance was summoned and the physician aboard pronounced the man dead, at 7:20 a.m.

RAYNARD B. PERKINS - continued

The deputy coroner at the scene examined the body which was lying on the floor on his left side with knees pulled up and pajamas down. The body was cool and in 2+ rigor. There was no indication that death was due to other than natural causes and it was attributed to arteriosclerotic heart disease.

The remains were released directly from the premises to a mortician.

Except for his wife, Mabel, the names of survivors, if any, are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 1:10 p.m. on August 28th, 1962, by police.

It was the habit of deceased to rise late in the morning, his sister, Emma said, and retire late at night, after reading until midnight or thereabouts. She found him dead this morning at 1:05 a.m. Rigor had begun to set in.

Police officers Yale and D. R. Peterson of squad #119 went to the scene and notified this office.

JOHN P. MILLER - continued

A Minneapolis General Hospital ambulance had been summoned, and Dr. Ryder, the attendant, pronounced the man dead.

Examination of the body did not indicate that death was due to other than natural causes. The body was in 2+ rigor.

According to his sister, deceased collapsed a month ago while at a lake from an apparent heart attack, but refused to see a doctor.

The remains were released from the scene by a deputy coroner directly to a mortician.

Deceased is survived by a son, Chester I.; daughter, Miss Florence E. Miller, both of Minneapolis; three sisters, Miss Emma D. Miller of Minneapolis, Mrs. Brook Jones of Minneapolis, and Mrs. Clifford G. Gilbert of San Diego, California; eight grandchildren and nine great-grandchildren.

REMARKS

This case was reported to the Coroner's Office at 5:10 p.m. on August 28th, 1962, by police.

Children playing in Powderhorn Park the afternoon of August 28th noticed a body floating about 30 feet from shore on the west side of the lake about 4:13 p.m. and notified a patrolman. The body of deceased, which was floating face down, was removed from the lake by the park keeper assisted by the patrolman, T. G. Chresand.

ELWOOD CARL JOHNSON - continued

The deputy coroner at the scene examined the body of deceased which was lying on his back on the beach and fully clothed in a blue sweater and shirt, green trousers and brown shoes. There was no rigor and the skin showed very little change by submersion in the water.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Death was attributed to asphyxia due to drowning, accident or suicide unknown.

The survivors are wife, Ethel I.; daughter, Carolyn; four sisters, Mrs. Walter Larsen of Minnetonka Beach, Mrs. Esther Swenson, Mrs. Anna Johnson and Mrs. Ella Henn all of Minneapolis.

REMARKS

This case was reported to the Coroner's Office at 2:07 a.m. on August 29th, 1962, by police.

At approximately 1:38 a.m. on Wednesday, August 29th, 1962, deceased was struck by a hit and run automobile in the north half of the crosswalk on East Lake Street at 41st Avenue South. Traffic officers J. R. Madson and Clinton Olson were at the scene and investigated the accident. It was stated witnesses were Howard McCumber and Glenn Plum, both of Grand Forks, North Dakota.

A Minneapolis General Hospital ambulance was summoned and the attending physician declared the man dead.

ROBERT JAMES HEALY - continued

The deputy coroner at the scene viewed the body lying on his back on the North side of the street in front of an alley just east of 4010 East Lake Street. Police said the body had been thrown about 135 feet from the point of impact by the hit and run car which was headed west. The body, which was still warm, was removed to the Hennepin County Morgue and later released to a funeral director.

An autopsy at the morgue on the day of death revealed that death was due to extensive laceration of brain due to severe compound, comminuted fracture of vault and base of skull due to trauma of head in auto accident. Hemothorax, bilateral, due to multiple rib fractures, bilateral, and fracture of pelvis and right ankle were contributing causes.

An appointment slip in deceased's pocket from Minneapolis General Hospital indicated he had been seen in Receiving the previous day, August 28th, and was to be seen in Psychiatric Clinic on August 29th.

The toxicologist's examination of a specimen of deceased's blood revealed 0.22% alcohol in blood by weight.

Deceased is survived by his mother and a brother, Timothy. The names of other survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at about 6:05 p.m. on August 29th, 1962, by police.

Deceased was put on a double bed in a bedroom of his home by his mother about 5:30 p.m. on August 29th, because, the mother said, he acted sleepy. His mother stated she had fed him about 3:00 p.m. and about 5:30 p.m. he spat up a little. She checked him about 10 or 15 minutes later and found him face down with his head between the wall and the edge of the bed, in an unresponsive condition, apparently dead.

A rescue squad was called and administered oxygen and attemped resuscitation for about twenty minutes, but their efforts were in vain.

BRUCE ANTHONY GEROY - continued

Police officers Carlson and Haug of squad #551 were at the scene when a deputy coroner arrived.

The deputy coroner examined the body of deceased. There was dried emesis of a carroty or squashy appearance about the face, fresh. The baby was clad in soakers and shirt, and lay on a double bed with about a four or five inch gap between the east edge of the bed and the east wall of the bedroom.

The parents desired an autopsy and the body was removed to the Hennepin County Morgue.

An autopsy at the morgue on August 30th revealed that death was due to asphyxia due to aspiration of gastric content and death was classified an accident. There was congestion of brain and lungs and gastric contents in bronchi and bronchioles.

Except for his parents, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 12:55 a.m. on August 30th, 1962, by police.

Deceased, it was stated, had a history of a cardiac condition and planned to go to Veterans Hospital on the day of his death. Medical records at Minneapolis General Hospital indicate that he was last seen in the out-patient department in 1959.

On the morning of August 30th deceased complained of not feeling well, went to the bathroom, returned to the bedroom, fell into his bed and expired. His wife summoned assistance. A rescue squad was unable to resuscitate the man and Dr. Vanderstien, the Minneapolis General Hospital ambulance attendant, pronounced death at 12:40 a.m.

Police officers Kanuir and Olson of squad #115 were at the scene when a deputy coroner arrived.

FRANK J. RASCHKA - continued

Examination of the body did not indicate that death was due to other than natural causes and it was attributed to arteriosclerotic heart disease.

The deputy coroner released the body directly from the premises to a mortician.

Deceased is survived by his wife, Gladys C.; six sisters, Mrs. August Hesse of Minneapolis, Mrs. Fred Hesse and Sister Mary Amata, both of Mankato, Mrs. Robert Replogle of Detroit, Michigan, Mrs. Eldred Laux of Clarkfield, Minnesota, and Mrs. Leo Arnoldi of Lamberton, Minnesota; three brothers, Ben of Minneapolis, and Joe and Martin of Lamberton.

REMARKS

This case was reported to the Coroner's Office at 12:40 a.m. on August 31st, 1962, by the Hennepin County Sheriff's office.

Apparently deceased was last seen alive at 2:00 p.m. on August 30th, 1962. He often went shooting in the vicinity of a field near County Road #109 near Maple Grove Village. A friend, Ted Gelle, on his way home at midnight noticed deceased's car parked beside the road and on checking with deceased's wife found that deceased had not yet come home. Gelle investigated and found that deceased had expired in a clearing approximately a hundred feet from the road.

Deputy Sheriffs Kemper and Beaver and Maple Grove Police Officer Hill and Ted Gelle were at the scene when a deputy coroner arrived. A Maple Grove physician had been called by a deputy sheriff to pronounce death.

MICHAEL FLORIAN ZIMMERMAN - continued

Deceased's body was lying face up, fully clothed, with an air pistol in his right pocket still in its holster. Rigor mortis was present. There was no evidence of any external trauma.

Deceased, it was stated had last been seen by a doctor a year ago and told that he had a heart murmur but no definite heart disease.

The remains were taken to the Hennepin County Morgue, where an autopsy that day revealed that death was due to myocardial infarction due to thrombosis of anterior descending branch of the left coronary artery due to arteriosclerosis.

Except for his wife, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 2:50 a.m. on August 31st, 1962, by the Northwestern Hospital.

Deceased was employed as a brakeman by the Great Northern Railroad and was engaged in switching cars on a siding the night of August 30th, when he was run over by one of the cars and lost both legs. The right leg was completely amputated at the knee and the left almost severed by crushing requiring subsequent amputation.

The accident happened about 8:00 p.m. that night. There was no witness to the accident, it was said, and deceased was found by the side of the tracks a few minutes later and taken to the hospital by private ambulance, and admitted at 8:10 p.m. under the care of Dr. Ernest Anderson. Deceased expired at 2:45 a.m. on August 31st, without responding to therapy.

ARNOID J. NIZNIK - continued

An autopsy was performed at Northwestern Hospital on the day of death - August 31st, 1962, in the presence of the Hennepin County Coroner. This revealed that death was due to irreversible shock due to traumatic amputation of both legs, right at knee, left 15 cm. below knee, and it was classified an accident. There was also severe hemorrhage in tissues about the pelvis.

Except for his wife, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office by the Minneapolis Police Department at 8:15 p.m. on August 31, 1962.

According to sisters of the decedent, both she and her husband, Melvin Hill, drank a great deal and this had estranged them from other members of the family. The woman's husband stated that on the evening of August 25, 1962, he and the decedent helped friends move some furniture and this exertion caused her to feel weak and dizzy. Therefore, according to Hill, he suggested she sit in the car for a while. About 7 p.m. he found her lying on the street between the car and the curb in an unresponsive condition. A Minneapolis General Hospital ambulance was summoned to take her to the hospital where, according to Hill, cuts she sustained were sutured and she was released and taken home.

Bernyce (Reynolds) Hill (continued)

Hill further stated that some time prior to this accident, a general physical examination taken at Minneapolis General Hospital revealed the decedent to be in general good health.

On the evening of August 31, the decedent and her husband were seated at the kitchen table when, according to Hill, she suddenly retched, slumped forward over the table and became unresponsive. Hill stated that he laid his wife on the floor and summoned Joe Hoffman, caretaker of the building, who called for a Minneapolis General Hospital ambulance. When the ambulance arrived at 8 p.m. the physician aboard pronounced the woman dead.

Police Officers Suek and Martinson, Squad 119, arrived on the scene a few minutes earlier.

A deputy coroner went to the scene to find a cyanotic, middle-aged woman, dressed in a slip and a housecoat, lying on the kitchen floor. Sutured lacerations of the nose and forehead were noted. There were purplish discolorations below the eyes. The left pupil was slightly irregular.

The body was removed to the Hennepin County Morgue where autopsy performed the following day revealed sutured lacerations of the right forehead and nose; supragaleal hematoma of parietal scalp, right; post cholecystectomy and appendectomy, old.

Blood specimens were negative for both alcohol and barbiturates; the liver was negative for barbiturates.

Death was ascribed to seizures of unknown etiology.

Except for husband, Melvin Hill, names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 9:00 a.m. on September 1st, 1962, by police.

Deceased, it was stated, had last seen a doctor a year ago, when he was cared for by Dr. Louis A. Fried for pneumonia. According to his wife he had suffered from severe chest pain and some nausea since Thursday, August 30th. At 2:00 a.m. this morning, September 1st, he was awake to silence a barking dog. At 8:00 a.m. when his wife awoke she found he had expired.

A deputy coroner at the scene examined the body. There was no indication that death was due to other than natural causes.

GEORGE W. CARLSON - continued

The deputy coroner released the body directly from the premises to a funeral director.

Deceased's wife was opposed to an autopsy.

The survivors are wife, Frances; son, Allen of Minneapolis; brother, Arthur of Huron, South Dakota; three sisters, Mrs. Agnes Beranek of Minneapolis and Mrs. Beatrice Sousa of Pasadena, California, and Mrs. Florence Williams of Las Vegas, Nevada.

REMARKS

This case was reported to the Coroner's Office at 7:20 a.m. on September 2nd, 1962, by the Minneapolis General Hospital.

The fire department received a call to deceased's residence at 6:01 a.m. on September 2nd. According to the Arson Squad, deceased was found on the floor in front of the door of her apartment. Deceased was taken from the scene by ambulance and admitted to the Minneapolis General Hospital at 6:20 a.m. and expired a few minutes later, at 6:30 a.m. that day.

An autopsy performed at the hospital on the day of death revealed that death was due to carbon monoxide poisoning. Alcoholism, acute - 0.22% in blood, was a contributing factor.

MARIAN LORAINE MURPHY - continued

Deceased is survived by a daughter, Mrs. Dennis (Patricia) Lambert of Fairfield, California.

REMARKS

This case was reported to the Coroner's Office at 12:50 a.m. on September 2nd, 1962, by the North Memorial Hospital.

Deceased had a long history of care at the University of Minnesota Hospitals and the parents had been told that he would in all probability die a sudden death.

The superviser of nurses at the hospital informed the deputy coroner that the parents were opposed to an autopsy. The baby had become suddenly ill and was brought to the hospital gasping for air. Mouth to mouth breathing was unsuccessfully attempted but the baby was apparently dead on arrival at the hospital at 11:25 a.m.

FRANK RISLAND - continued

The deputy coroner examined the body which had two old scars, one on the abdomen and one on the scalp, from surgery. It was stated deceased had been operated on for pyloric stenosis at the age of seven weeks. There was no indication that death was due to other than natural causes. Death was attributed to hydrocephalus, congenital.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Except for his parents, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 8:00 p.m. on September 2nd, 1962, by Dr. Elmer Martinson of Wayzata.

Deceased collapsed at a church picnic on Sunday, September 2nd, 1962, at Lake Independence County Park, Medina, Minnesota. Dr. Martinson of Wayzata gave first aid, but deceased expired at the scene at 6:30 p.m.

According to her brother, deceased had been under the care of a Dr. Grohs of Duluth and recently had been under study at Mayo Clinic for possible brain tumor. She had severe headaches and impairment of vision.

ELSIE BROMME - continued

The deputy coroner at the scene examined the body. There was no indication that death was due to other than natural causes. Deceased's husband desired an autopsy, and the remains were accordingly taken to the Hennepin County Morgue.

An autopsy at the morgue indicated that death was due to subarachnoid hemorrhage due to rupture of left internal cerebral artery, spontaneous.

Except for her husband and the brother mentioned, Ray Waterhouse of Wayzata, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 7:30 a.m. on September 3rd, 1962, by the Soo Line Railway.

Deceased, it was stated, had been under the care of Dr. L. A. Griswold, South Lyon, Michigan. At the time of his death, deceased and members of his family were returning home from Winnipeg, Canada. According to his granddaughter, Shirley Pettengill, 21, deceased did not appear to be ill but she knew that he took pills to counteract swelling in his feet, and also carried many other kinds of pills.

ROLLO PETTENGILL - continued

Apparently deceased expired during sleep on the train. He was found in rigor mortis in the last seat on the left side of the coach by the conductor, Mr. Charlson, at 6:00 a.m. on September 3rd, 1962.

Examination of the body by a deputy coroner did not indicate that death was due to other than natural causes, and it was attributed to arteriosclerotic heart disease.

Except for the granddaughter, Shirley, mentioned above, the names of survivors are not known to this office.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Deceased's son refused an autopsy.

REMARKS

This case was reported to the Coroner's Office at 6:25 p.m. on September 3rd, 1962, by police.

Deceased, who was a member of the Greek Club at 826 Hennepin Avenue, was at the club at the time of his death. He was sitting on a chair and had requested a glass of water just before he collapsed and expired at 6:23 p.m. A Minneapolis General Hospital ambulance was summoned and Dr. Radke, the attending physician, pronounced death.

Police officers Prentice, Mattice and Hatmon were at the scene.

LEO D. CLOUKINAS - continued

The deputy coroner at the scene examined the body of deceased that had been placed on some restaurant tables that had been pushed together. Deceased was dressed in street clothes and there was no indication that death was due to other than natural causes. He was alleged to have had a poor heart for a long time.

Death, which occurred at approximately 6:23 p.m. on September 3rd, 1962, was attributed to arteriosclerotic heart disease.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Deceased is survived by his wife, Benyce; a brother in Montreal, Canada; and his father and another brother in Greece.

REMARKS

This case was reported to the Coroner's Office at 11:15 p.m. on September 3rd, 1962, by O. E. Larson, mortician.

Deceased, it was stated, had been a heart patient for some time and had been studied at the University Hospitals in the past. Recently he had been under the care of a doctor at Crookston, Minnesota. At the time of his death he was visiting in Blaine Township near Anoka, when he suffered another heart attack. He was brought to the North Memorial Hospital by the Anoka ambulance. Alive on arrival at the hospital, he was given treatment, but expired at 9:12 p.m. that day, September 3rd, 1962. His wife, Virginia, was with deceased at the time of his death.

MAURICE J. ARNOLD - continued

Examination of the body did not indicate that death was due to other than natural causes, and it was attributed to arteriosclerotic heart disease.

The deputy coroner on the case released the body directly from the hospital to the O. E. Larson Mortuary.

Except for his wife, Virginia, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 3:15 a.m. on September 4th, 1962, by police.

Deceased, it was said, was seated in a chair about to have a cup of coffee with his friend, G. H. Klose, when he had severe chest pains and stopped breathing. Klose notified police and officers Stuhr and Goodspeed of squad #553 responded, and they, in turn, summoned a rescue squad and a Minneapolis General Hospital ambulance. Dr. Strang, the ambulance physician, pronounced the man dead at 3:05 a.m. This was on September 4th, 1962.

HELMIC O. JOHNSON - continued

A deputy coroner examined the body. There was no indication that death was due to other than natural causes, and it was attributed to arteriosclerotic heart disease.

The remains were released from the scene to a funeral director.

Deceased is survived by his brothers, Henry C. of Minneapolis, Jens C. of Winner, South Dakota, and Theodore R. of Wallingford, Iowa; three sisters, Mrs. E. P. Gerde of Maynard, Minnesota, Mrs. C. A. Jacobson of Palo Alto, California, and Mrs. H. C. Jordahl of Madison, Wisconsin.

REMARKS

This case was reported to the Coroner's Office at 8:40 a.m. on September 4th, 1962, by police.

Deceased, it was stated, complained of pains in her chest and nausea when she came downstairs this morning. She had vomited and gagged several times. She asked her sister-in-law, Mrs. Walter Coleman of the same address, what the pills in the kitchen were for. She was told the pills (250,000 units of penicillin) were for colds, whereupon she took one, went into the front room, and collapsed . This was at 8:15 a.m. on September 4th, 1962.

Police officers W. Anderson and G. Millman of squad #441 responded to a call for assistance and they summoned a rescue squad and Minneapolis General Hospital ambulance.

ANNA MARIE CHARLES - continued

The rescue squad administered oxygen, but Dr. Payson, the ambulance physician, pronounced death.

Deceased, it was stated, had a history of high blood pressure but was not on any medication at the time of her death.

The deputy coroner at the scene examined the body which was lying face up on a bed, warm, and without evidence of trauma.

The remains were taken to the Hennepin County Morgue where an autopsy was performed on the day of death - September 4th, 1962. This indicated that death was due to myocardial infarction, acute, due to coronary arteriosclerosis, severe.

Except for her sisters-in-law, Mrs. L. Jones and Mrs. Walter Coleman, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 11:20 a.m. on September 4th, 1962, by the Minneapolis General Hospital.

Deceased allegedly had taken a sleeping pill while preparing for bed and then began taking a hot bath the night of August 26th, 1962, and apparently fell asleep while the hot water was running. When the bathtub overflowed and seeped into the apartment below, neighbors summoned the fire department. Deceased was taken to the hospital and admitted at 1:35 a.m. on August 27th, 1962, and expired a few days later, at 10:55 a.m. on September 4th.

An autopsy performed at the hospital on that day revealed that death was due to renal failure due to second and third degree thermal burns over two-thirds of body surface, and death was classified an accident.

ELIZABETH HAUGEN NELSON - continued

Deceased is survived by her husband, Melvin A., and a brother, Lawrence Haugen of Annapolis, Maryland.

REMARKS

This case was reported to the Coroner's Office at 12:35 p.m. on September 4th, 1962, by police.

Deceased, a pedestrian, died at the scene of an accident at 12:22 p.m. on September 4th when he darted into the street (28th Avenue South) beyond 41st St. E., in front of a parked bakery truck on the east side of the street, into the path of a 1961 Oldsmobile being driven north on 28th Ave. S. by Lynette Marie Berg, 16, of 4237 22nd Ave. S. The car stopped approximately 27 feet from the point of impact.

Traffic officers Shumway and Shanahan were at the scene and investigated the accident.

ERIC EDWARD ENGLUND - continued

The deputy coroner at the scene viewed the mangled body of deceased lying approximately eight feet from the curb, face up, with fresh blood coming from the head. The remains were taken to the Hennepin County Morgue and later released to a funeral director.

An autopsy was performed at the morgue that day - September 4th, 1962. This revealed that death, which occurred at approximately 12:30 p.m., was due to cerebral contusion and laceration due to compound, comminuted fracture of vault and base of skull. Hemothorax, bilateral, due to multiple rib fractures; fracture of pelvis and right ankle, were contributing causes.

Deceased is survived by his parents, Mr. and Mrs. George England; brother, David; and grandparents, Mrs. C. M. Carlson and Mr. and Mrs. N. O. Englund.

REMARKS

This case was reported to the Coroner's Office at 8:45 p.m. on September 4th, 1962, by deceased's sister, Mrs. Ernst Fridlund.

Deceased lived at the above address with her husband, who was in Luston, Minnesota, on account of his asthma at the time of her death. It was stated deceased had had dinner with her sister and brother-in-law, Mr. and Mrs. Ernst Fridlund on Monday, September 3rd, and was last seen alive at 8:00 p.m. The sisters usually talked together by phone each morning, but Mrs. Fridlund got no response when she phoned two or three times during the day, and finally went with her husband to investigate at 6:30 p.m. Mr. Fridlund broke into the house through the basement and found deceased lying face up in the hallway clad in a wet slip. He placed her body on a bed.

HELEN MARION SPRUNT - continued

The deputy coroner at the scene examined the body of deceased which was cold with rigor mortis. Her night clothes were wet. There were no medications or notes about. There was no indication that death was due to other than natural causes.

It was stated deceased had been under the care of Dr. D. McDonald for the past twenty years, but the doctor stated he had not seen the woman for some time. Mrs. Fridlund said deceased had complained of chest pains intermittently for the past two years and severe headaches for the past two years.

Death was attributed to arteriosclerotic heart disease.

Mrs. Fridlund refused an autopsy.

The remains were released directly from the premises to a mortician.

Deceased is survived by her husband, William; brother, Clifford Johnson; and sisters, Mrs. Esther Briggs and Mrs. Ernst (Mabel) Fridlund.

REMARKS

This case was reported to the Coroner's Office at 8:00 p.m. on September 4th, 1962, by police.

At 7:42 p.m. on September 4th, 1962, deceased was apparently locking the door of his car which was parked just west of the intersection of Lyndale and 21st Street North before visiting the Sundseth-Anderson Mortuary at 2024 Lyndale Avenue North, when he was struck by a 1951 gray Chevrolet being driven by Dean Walton, 16, of 2009 Illion Avenue North, accompanied by Richard P. Reinartz, 20, of the same address.

ROMEO J. PEARSON - continued

The Walton vehicle, it was said, had made a poor stop for a sign near 29th and Washington Avenues North, then went through six stop signs, and was being chased by police at speeds up to 75 miles per hour, and at the time of the accident was headed west on 21st Street North. At the intersection of Lyndale and 21st the Walton vehicle struck a 1957 Chevrolet panel truck being driven by Dennis T. Wold, 21, of 2809 Grand Avenue South, started to roll and struck deceased as he was locking his car, then skidded and struck a 1950 Chevrolet two-door which was parked on the north side of 21st Street North, and then rolled over upside down.

Deceased expired at the scene at 7:55 p.m.

Walton, the driver being chased, was taken to Minneapolis General Hospital in critical condition. His passenger, it was said, was uninjured.

LeRoy Novak, 3915 Bryant Avenue North, witnessed the accident. Traffic officers T. Rosenberger and W. W. Weir went to the scene and made an investigation.

The deputy coroner at the scene reported finding the body of deceased lying face up about 29 feet from his car with his head in the south gutter. The body was warm and had multiple fractures and abrasions.

The remains were taken to the Hennepin County Morgue where an autopsy was performed the following day - September 5th, 1962. This revealed that death was caused by massive hemothorax, bilateral, due to laceration of thoracic aorta, due to crushing chest injury with multiple rib fractures, bilateral. Laceration of spleen and liver and fracture of tibia and fibula, right, and left femur were contributing causes.

Deceased is survived by his wife, Ida; a son, Bernard C. of Edina; a daughter, Mrs. Robert E. Lawrence of Coon Rapids; eight grandchildren; a sister, Mrs. Juliette Kalow and a brother, Amie Pearson, both of Minneapolis.

REMARKS

This case was reported to the Coroner's Office at 11:30 p.m. on September 4th, 1962, by the Minneapolis General Hospital.

Deceased had apparently been drinking heavily at his home address and left through the front door, it was said, at approximately 6:20 p.m. In descending the concrete steps in front of his home he apparently fell and tumbled to the sidewalk below, and was found later by his wife in an unresponsive condition. A Minneapolis General Hospital ambulance was summoned and Dr. Mathews, the physician in attendance, reported finding deceased lying on his left side on the sidewalk in front of his home, comatose, with enlarged right pupil. He was taken to the hospital by ambulance and admitted that day, September 3rd, 1962, at 6:45 p.m.

EDWARD W. CREEL - continued

Skull x-rays at the hospital revealed left parietal fracture and probable right parieto occipital fracture, with blood behind the left ear drum. Deceased was taken to surgery at 7:45 p.m. that day, September 3rd, where bilateral subtemporal decompression was performed and bilateral massive acute subdural hematoma evacuated. Five units of whole blood were given in the operating room.

Deceased remained comatose and expired at 10:20 p.m. on September 4th, 1962.

Death was attributed to acute subdural hematoma, bilateral, due to left parietal skull fracture, and was classified an accident.

Deceased is survived by his wife, Dorothy B.; two sisters, Mrs. June Santog and Mrs. Eilene Morris; two brothers, Robert J. and Wilfred R. Creel.

REMARKS

This case was reported to the Coroner's Office at 8:00 a.m. on September 5th, 1962, by the University of Minnesota Hospitals.

Deceased was admitted to the University Hospitals on August 23rd, 1962, with a fever, and was on the critical list for several days prior to his death because of severe bilateral pyelonephritis. At about 5:15 p.m. on September 3rd, while sitting on the edge of his bed, deceased dropped his coffee cup, reached over, and fell out of bed. He expired at 11:45 p.m. the next day, September 4th, 1962.

ROBERT T. STOTT - continued

An autopsy was performed at the hospital on the day of death - September 4th, 1962. This revealed retroperitoneal hemorrhage on right, laceration of lateral aspect of right kidney, severe acute bilateral pyelonephritis, pulmonary congestion, coronary atherosclerosis, bilateral fibrous pleural adhesions, and benign prostatic hypertrophy.

Blood cultures had been positive for blood stream septicemia. It was the opinion of the pathologists that death was due to septicemia due to pyelonephritis and not the result of the fall from bed.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 12:30 a.m. on September 5th, 1962, by the Hopkins police.

Deceased, it was said, was estranged from her husband. She had been in the company of LeRoy Johnson, 4708 Shady Oak Road, Hopkins. They had an argument and she left his car. They started to walk west on County Road 3 and deceased was near the middle of the road. County Road 3 at this point is a 40 mile per hour zone. Deceased was passed by a car driven by Warren Osgood, who slowed down to pass her in the left lane going west, at 12:20 a.m. on September 5th. At 12:25 a.m. she was struck by a 1957 Ford driven by William J. Niebuhr, 37, of 4807 Caribou Drive, Hopkins, and expired shortly after, at about 12:30 a.m.

Hopkins police officers C. J. Lund, D. W. Bentley, and R. D. Anderson, were at the scene and investigated the accident.

GEORGIA ANN TWEED - continued

The deputy coroner at the scene stated deceased's body was lying face up. Her face was covered with blood and she was surrounded by blood. She had been pronounced dead by a Dr. Allan Blake who had been summoned to the scene.

There were no witnesses to the accident except for Mr. Johnson and Niebuhr, driver of the car. According to Niebuhr, lights from oncoming cars prevented him from seeing deceased, who was apparently dressed in black, until it was too late.

The remains were taken to the Hennepin County Morgue, where an autopsy was performed later in the day. This revealed that death was due to severe cerebral laceration due to compound, comminuted vault and basal skull fractures. Fractures of tibia and fibula, bilateral, were contributing factors.

Deceased is survived by her husband, Jerald; two daughters, Victoria, and Lisa; her parents, Mr. and Mrs. Harry Schiebe of Mound; and a sister, Mrs. Virginia Grand, of White Bear Lake.

REMARKS

This case was reported to the Coroner's Office at 2:45 p.m. on September 5th, 1962, by Dr. Thomas D. Wright.

Deceased was admitted to University Hospitals on August 20th, 1962, with metastatic cancer of lungs. He apparently fell out of bed while alone in his hospital room on September 2nd, but no trauma was apparent from the fall. A nurse had found him on the floor on her return to the room. His condition continued to deteriorate and deceased expired at 11:15 a.m. on September 5th.

An autopsy was performed at the hospital on the date of death. This revealed that death was due to lung tumor with metastasis to brain.

REMARKS

This case was reported to the Coroner's Office at 5:20 p.m. on September 5th, 1962, by police.

Deceased was shopping for groceries with his wife and daughter at the Super Valu Store at 1312 Glenwood Avenue the afternoon of September 5th, when he collapsed and expired.

Police officers Keefe and Hanson of squad #441 and a Minneapolis General Hospital ambulance were sent to the scene. Dr. Brown, the ambulance physician, pronounced death at 5:10 p.m.

Deceased had retired from work because of a heart condition and at the time of his death was under the care of physicians at Minneapolis General Hospital, and also suffered from asthma. Two years ago, his daughter said, he was partially paralyzed, and at that time was hospitalized at North Memorial Hospital.

LEVI LEGO - continued

The deputy coroner at the scene examined the body of this obese man. There was no indication that death was due to other than natural causes, and it was attributed to arteriosclerotic heart disease. Bronchial asthma was a contributing factor.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

REMARKS

This case was reported to the Coroner's Office at 5:55 p.m. on September 5th, 1962, by police.

Hal W. Dickman, 22, who lives on the second floor at the above address with his wife and child as tenants of deceased, said deceased was behaving irrationally last night, September 4th, and acted drunk. He had an argument with her about providing heat, and then called the brother of her former husband, Peter Ebhardt, who came at about 7:45 p.m. to try to calm her down. According to Dickman, deceased was a patient on the psychiatric ward of the Minneapolis General Hospital for about a week a couple of weeks ago. He arrived home about 5:00 p.m. tonight, September 5th, or a little after, and noted that the door to deceased's apartment was open and he called another tenant, Warren Anderson, to come with him to check on deceased. Dickman and Anderson went to deceased's apartment and found blood stains all over the apartment and a bloody knife, and called the hospital to see if she were in the hospital, and then called her boyfriend, Bud LaBonne, 210 W. 32nd Street. LaBonne said he hadn't heard from deceased, so Dickman called police. Upon further search deceased's body was found hanging from the rafters in the garage.

KLARA EBHARDT - continued

Police officers Hendricks and Landgard of squad #551 were at the scene when a deputy coroner arrived, and they were assisted in their investigation by detectives Whalen and Dee.

The deputy coroner examined the body of this middle-aged woman hanging by her neck from a rafter in the garage at the above address by a doubled clothesline tied in a slipknot, clad in a housecoat, pajamas, and slippers. The body was in rigor. There were blood stains on the rope, on the floor of the garage, sidewalk to the front door, hall floor, stairs, and apartment floor. Her left wrist had been slashed and bleeding. The lower edge of the rafter was 91 inches above the garage floor. A three foot aluminum stepladder was tipped over underneath the body.

There was a bloody breadknife on the bedroom desk in deceased's apartment, and a bloody Schick razor blade on the kitchen table. A clean breadknife was found on a table in the garage.

The deputy coroner noted there was dried egg-like material in deceased's hair. He was told police officers Arvich and Strandlund of squad #530, called to deceased's home last night, stated deceased had vomited and had emesis in her hair. They stated Peter Ebhardt had left the premises before they did.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Death was attributed to asphyxia due to hanging and classified a suicide.

Deceased is survived by her mother, two brothers, and six sisters in Yugoslavia.

REMARKS

This case was reported to the Coroner's Office at 7:10 p.m. on September 5th, 1962, by police.

Deceased, who had been under the care of Dr. William Sawatzky, suffered from high blood pressure, and, it was said, had been despondent since the death of his wife in May of this year. His body was found by his brother-in-law, J. M. Gleason of 3708 Pillsbury Avenue South, at 6:15 p.m., who notified police.

Police officers Arwick and Strandlund of squad #550 were at the scene when a deputy coroner arrived.

The obese body of deceased was found lying on his back on the diningroom floor at the above address, fully clad except for a shirt, in full rigor and very livid. There was some emesis at his mouth.

JAMES C. BRADSHAW - continued

An unsigned note stated "I took about 50 sleeping pills at 10:45 p.m. Tuesday" trailed into illegibility was found on the table and a ballpoint pen was on the floor. A number of prescription bottles were taken, including one for a prescription dated August 31, 1962, by Dr. Alex Berger.

The remains were taken to the Hennepin County Morgue, where an autopsy was performed on September 6th. This revealed that death was due to barbiturate poisoning due to ingestion of overdose of barbituates, and death was classified a suicide. There was also myocardial fibrosis, rectal polyps, generalized arteriosclerosis, and aortic atheromata.

Deceased is survived by his sister, Eileen B. Hancock, 4416 Upton Avenue South. Except for Mrs. Hancock, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 8:05 a.m. on September 6th, 1962, by police.

There is a history of heart disease for which deceased had been under the care of Dr. Leo Zaworski, having last been seen by the doctor early in the summer. A neighbor, Joe Wolinski, found deceased at 7:20 a.m. on September 6th, expired, on the kitchen floor of his home.

Police officers Wicklund and Lucksni of squad #442were at the scene when a deputy coroner arrived.

JOSEPH M. PENDEL - continued

The body of deceased was found clad in underclothes and shoes on the kitchen floor, a five dollar bill clutched in his hand. There was no indication that death was due to other than natural causes.

Relatives were present at the scene and the deputy coroner released the body directly from the home to a mortician.

REMARKS

This case was reported to the Coroner's Office at 10:05 a.m. on September 6th, 1962, by police.

At the time of his death, deceased, who was employed by the Worthingham Plumbing Co. of 4304 Nicollet Avenue, it was said, was repairing a broken water service line to the home of Mrs. Helen Pennington, 4241 Park Avenue. A fellow worker, Roger Van Vorst, 30, 3128 5th Avenue South, had left the excavation to return to the shop for a barricade for a second hole they were going to dig. At 9:50 a.m. a hit-and-run motorist smashed through the barricade before the excavation, and deceased was jerked from the hole and left dying 20 feet away. Witnesses said the driver of the car, a two-tone blue 1956 Buick, - made no attempt to stop as he approached the barricaded excavation. The four foot wide iron barricade was carried 100 feet before it fell off the car just short of 42nd Street, where the car turned left.

ELTON HAROLD TIMM - continued

Police officers M. Christiansen and J. Merrill were at the scene and made an investigation.

The Hennepin County Coroner at the scene stated deceased's features were unrecognizable. Identification was made from his driver's license. The body, lying face down headed north, had been dragged nearly twenty feet. His head was crushed and it was apparent that he had compound fractures of left leg below knee and fracture of left elbow. There were severe abrasions along the right side of the thigh.

The remains were taken to the Hennepin County Morgue, where an autopsy was performed on the day of death. This revealed that death was due to severe brain lacerations and massive hemothorax, bilateral, due to complete crushing of bones of skull and face and severance of aorta due to crushing injury of chest.

Except for his wife, Margaret, the names of survivors are not known to this office.

Rev. Carl A. Hognander, 78, 4109 Oakland Ave., was later arrested and tagged for hit-run driving in this case.

REMARKS

This case was reported to the Coroner's Office at 10:10 a.m. on September 6th, 1962, by police.

Deceased, who resided with his 86 year old sister, had no history of medical care, though, it was stated, he had complained of chest pains. At 9:30 a.m. on September 6th he collapsed in the hallway of the apartment and expired. His sister summoned a Minneapolis General Hospital ambulance and the attending physician pronounced death.

Examination of the body did not indicate that death was due to other than natural causes. Death was attributed to arteriosclerotic heart disease.

GUY LEROY FELVER - continued

Police officers Nelson and Daly of squad #116 were at the scene when a deputy coroner arrived.

The remains were released from the scene to a mortician.

Deceased is survived by his sister, Mrs. Rose B. Gibson.

REMARKS

This case was reported to the Coroner's Office by police at 8:00 a.m. on September 6th, 1962.

Deceased, it was stated, was seen at the Minneapolis General Hospital, a couple of weeks ago for a leg injury. Ernest Nygren, the caretaker of the apartment building, who called police at 7:45 a.m. on September 6th, 1962, said he saw deceased at 1:00 p.m. on September 5th and this morning entered her apartment when he was unable to get a response at the door. He found deceased had expired.

Police officers Nelson and Daly of squad #116 were at the scene when a deputy coroner arrived. Dr. Miller, a Minneapolis General Hospital ambulance attendant, had pronounced death.

ANNE FLYNN - continued

The deputy coroner at the scene examined the body of deceased lying across the bed on her back in her basement apartment. She was clad in pajamas and her feet were on the floor. The body was cool and in 3+ rigor. There was no indication that death was due to other than natural causes and it was attributed to arteriosclerotic heart disease.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Deceased had no known relatives. It was stated a friend, Mrs. Madeline Lau, 214 E. 19th Street, would make funeral arrangements.

REMARKS

This case was reported to the Coroner's Office at 11:55 a.m. on September 6th, 1962, by a Dr. Chranzik.

The birth of this baby was a normal delivery and the child had been well, apparently. He was last seen by Dr. Richard Picha for shots on August 15th. The mother cared for the baby between 7:30.a.m. and 8:00 a.m. on September 6th, and at 10:53 a.m. found him in his crib, apparently expired. She ran with the baby next door, to 6830 W. 23rd, St. Louis Park. Police officer L. Anderson of St. Louis Park police answered a call for assistance, and Dr. Chranzik, who was summoned, pronounced death.

The deputy coroner at the scene examined the body. There was no indication that death was due to other than natural causes.

WINSTON SCOTT BAGLEY - continued

The remains were taken to the Hennepin County Morgue where an autopsy was performed later in the day - September 6th, 1962. This revealed that death was due to pulmonary congestion and edema, etiology unknown.

Except for his parents and maternal grandfather, Lawrence Otis, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 12:55 p.m. on September 6th, 1962, by police.

Deceased was sitting on a stool at the bar when he suddenly slumped forward at 12:40 p.m. on September 5th, with his head down on the bar. There was no outcry or sound at all and some of the other customers lifted the man onto a miniature bowling alley in the establishment. Al Zmuda, the bartender, notified police and a Minneapolis General Hospital ambulance was summoned. The ambulance physician pronounced death.

Police officers Roehl and Powers of squad #117 were at the scene when a deputy coroner arrived.

SIBERT L. BROTHEN - continued

It was stated deceased had been in the bar yesterday, September 5th, at which time he seemed to be in his usual state of health. There was no indication that death was due to other than natural causes and death was attributed to arteriosclerotic heart disease.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Deceased apparently is survived by his mother, Inga, of Bagley, Minnesota, and a sister, H. Runez.

REMARKS

This case was reported to the Coroner's Office at 7:15 a.m. on September 7th, 1962, by the Minneapolis General Hospital.

Deceased, who apparently fell downstairs at his home, was taken from the foot of the stairway to Minneapolis General Hospital and admitted at 1:20 a.m. on September 7th, 1962. He expired a short time later, at 2:32 a.m.

An autopsy at the hospital on the day of death revealed that death was due to subarachnoid hemorrhage, traumatic, due to pathologic fracture between tenth and eleventh thoracic vertebrae. Paget's disease was a contributing factor.

RICHARD G. SCHLIEF - continued

It was stated deceased had been hospitalized at University Hospitals for carcinoma of esophagus, and discharged on July 7th, 1962.

Except for his wife, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 8:10 a.m. on September 7th, 1962, by police.

Deceased, who went to the Minneapolis General Hospital from the Union City Mission, was transferred to the 2200 Park Avenue Nursing Home from the hospital on September 6th at 4:00 p.m. He was very restless and difficult to manage - confused, deaf, argumentative, uncooperative and trying to get out of the building because he was overcome by a feeling that he was being kidnapped.

At 7:45 a.m. on September 7th, deceased suddenly opened a window, pushed out the screen, and either jumped or fell to the ground from the second story entrance roof, approximately 15 feet.

ARNE FJELDSETH - continued

Police officers Carlson and Dunn of squad #551 and a Minneapolis General Hospital ambulance attended the scene. Dr. Kitzmiller, the ambulance physician, pronounced death.

The deputy coroner at the scene took custody of the body and it was removed to the Hennepin County Morgue. There were multiple bruises on deceased's face and chest.

An autopsy at the morgue revealed that death was caused by right subdural hematoma, due to fracture of skull. Fracture of right superior ramus of pelvis was a contributing factor. There was also severe myocardial fibrosis, recent myocardial infarct, severe coronary sclerosis, and bilateral hydrothorax.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 5:05 p.m. on September 7th, 1962, by the Minneapolis General Hospital.

Deceased, it was stated, had been under the care of Dr. Harold Wahlquist. He had complained of severe pains in his chest and down into his arms and today, September 7th, the pains became more severe and a Minneapolis General Hospital ambulance was summoned. The man expired at 4:33 p.m. in an ambulance enroute to the hospital.

A deputy coroner examined the body. There was no indication that death was due to other than natural causes, and it was attributed to arteriosclerotic heart disease.

Deceased's wife refused an autopsy.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

REMARKS

This case was reported to the Coroner's Office at 10:15 a.m. on September 8th, 1962, by the University of Minnesota Hospital.

Deceased was shot in a hand and forehead on September 1st when he fell into the line of fire of a companion, John Holmes, 15, Duluth, behind the Holmes cabin on Big Sandy Lake near McGregor. The boy was sitting on a branch in a tree when John aimed at a chipmunk on the ground nearby. A moment before John fired his .22 caliber rifle, deceased fell with the branch that had broken.

After emergency treatment at Aitkin, Minnesota, deceased was admitted to University of Minnesota Hospitals on September 2nd, and surgery was performed the same day. He developed pneumonia and expired at 8:00 a.m. on September 8th, 1962, without regaining consciousness.

DANIEL KEEN - continued

An autopsy was performed at the hospital on September 8th. This revealed severe brain destruction secondary to gunshot wound of head - entrance wound above right eye. The bullet had lodged in the left occipital area. There was cerebral edema, severe pneumonia, infarct of lung, tracheostomy and penetrating gunshot wound of hand through palm.

Deceased is survived by his parents, Mr. and Mrs. John S. Keen; four brothers, Timothy, Jerome, Anthony and Benedict; three sisters, Therese, Mara, and Bridget; grandparents, Mrs. Mabel Keen, and Mr. and Mrs. Clark O. Wotring.

REMARKS

This case was reported to the Coroner's Office at 11:30 a.m. on September 8th, 1962, by the Kozlak Funeral Home.

Deceased had attended the funeral services for his wife at Holy Cross Church at 17th and University Avenue N. E. on the morning of September 8th, and had just entered the funeral coach for the trip to the cemetery when he collapsed and expired. He was rushed to the Minneapolis General Hospital by the funeral coach and pronounced dead on arrival at 11:00 a.m.

Deceased was then brought to the Hennepin County Morgue by the funeral coach and later released for burial.

MICHAEL RUSAK - continued

Examination of the body by a deputy coroner did not indicate that death was due to other than natural causes and it was attributed to arteriosclerotic heart disease.

Edmund M. Rusak, son of deceased, said his father had had a kidney removed at the Mayo Clinic five years ago, that since that time he had been in good health and had yearly check-ups.

The family of deceased refused an autopsy and stated he had lost all desire to live after the death of his wife.

The survivors are daughters, Mrs. A. (Florence) Bateman, Mrs. F. (Veronica) Olson, Mrs. H. (Dorothy) Wodarck; son, Edmund M.; and six grandchildren.

REMARKS

This case was reported to the Coroner's Office at 11:30 a.m. on September 8th, 1962, by the Minneapolis General Hospital.

Deceased apparently fell on the sidewalk in the vicinity of 120 West Grant Street at 1:30 p.m. on September 7th, 1962, and was admitted to the Minneapolis General Hospital. It was believed the fall followed massive cerebral hemorrhage sustaining a small subdural hematoma with linear temporal fracture. Death occurred at 10:30 a.m. on September 8th during an angiography.

An autopsy at the hospital on September 8th revealed that death was due to massive subarachnoid hemorrhage due to cerebral hemorrhage, spontaneous.

EMMA FOSLIEN - continued

Deceased is survived by sisters, Mrs. Carl E. Johnson of Canada, and Mrs. John Gunderson; brothers, Lewis and Theodore Foslien, all of Alexandria, Minnesota.

REMARKS

This case was reported to the Coroner's Office at 5:10 p.m. on September 8th, 1962, by police.

Deceased had not been seen by a physician for two years, it was said, except for an ear infection two months ago. There is no history of heart disease.

Today, September 8th, deceased worked in the yard mowing the lawn, entered his home to have coffee with his wife . He suddenly became short of breath and expired while sitting in a chair. This was at 4:45 p.m.

Police officers Greeley and Gabrick of squad #223 and a Minneapolis General Hospital ambulance went to the scene. Dr. Radke, the ambulance physician, pronounced death.

ERNEST G. ZENZ - continued

Examination of the body by a deputy coroner did not indicate that death was due to other than natural causes and it was attributed to arteriosclerotic heart disease.

Deceased's wife refused an autopsy.

The survivors are wife, Lillian; son, Robert of Minneapolis; two daughters, Mrs. Raymond Peterson of Minneapolis, and Mrs. Warren R. Stockton of Marion, Iowa; and three brothers, Paul of New York City, Theodore of Houston, Texas, and Harmon of Minneapolis.

REMARKS

This case was reported to the Coroner's Office at 1:45 p.m. on September 9th, 1962, by the U. S. Naval Air Station Dispensary, Building 51, - A. D. Guiliani.

According to Chief Warrant Officer Guiliani, Officer of the Day, deceased apparently suffered a heart attack while in a car in front of the building. He was removed from the car and taken to the dispensary, where he expired. Dr. Tyburczy, Senior Medical Officer, pronounced death at 1:45 p.m., September 9th.

It was stated deceased was a Christian Scientist and that he had been retired eight years ago because of heart disease.

CHARLES W. BRIGGS - continued

Examination of the body did not indicate that death was due to other than natural causes, and the deputy coroner attributed death, which occurred at about 1:45 p.m. September 9th, to arteriosclerotic heart disease.

Deceased's wife was opposed to an autopsy.

Except for his wife, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 5:40 p.m. on September 9th, 1962, by police.

Deceased had been a patient of Dr. Martin Nordland for a long time and was being treated for ulcers and rheumatism. He was supposed to have seen the doctor last week, but talked with him by phone, instead.

Sunday, September 9th, deceased and his wife had returned home from a weekend at Clearwater Lake at Annandale. On the way home deceased had complained of chest pains and requested his wife to call Dr. Nordland right away. Upon arrival home, deceased lay down and shortly after gasped and expired at 5:20 p.m.

CLARENCE ELMER JOHNSON - continued

Police and Minneapolis General Hospital were notified and officers Zentzis and Ignatowicz of squad #221 and a hospital ambulance responded. Dr. Vandersteen, the ambulance physician, pronounced death.

Dr. Nordland was unable to furnish any pertinent history and the family desired an autopsy.

An autopsy was performed at the mortuary on September 10th, 1962. This revealed that death was due to severe coronary arteriosclerotic heart disease.

Deceased is survived by his wife, Grace B.; daughter, Mrs. LaVern Gough of Charleston, South Carolina, and son, Vernon J., of Columbia Heights; brothers, Ralph and Robert Johnson, both of Annandale; sisters, Mrs. Florence Embola, Mrs. Mabel Meyers, both of Minneapolis; Mrs. George Herbst of Columbia Heights; and four grandchildren.

REMARKS

This case was reported to the Coroner's Office at 10:40 p.m. on September 9th, 1962, by D. Schuler, Sr. Agent for United Airlines.

Deceased was on board Flight 26 this evening, September 9th, on a United Airlines plane which was taxiing for take-off, sitting with stewardess, Karlene A. Sanders. She had told the stewardess that this was her first flight, and suddenly developed a seizure, stiffened out, and collapsed to the left in her chair, at 10:00 p.m. Dr. Charlotte Weeks Hill, a passenger, stated the woman had already expired when she was called. The plane was back at the concourse within ten minutes. Death was confirmed by Dr. Ronald Smith of the Earle Clinic.

JOSEPHINE J. VON RABENAU - continued

Airport police officers Babcock, Turnquist, and Senull, of the airport were at the scene when a deputy coroner arrived.

The deputy coroner examined the body of deceased. There was no indication that death was due to other than natural causes, and the remains were taken to the Hennepin County Morgue.

Deceased's son, Manuel, requested an autopsy.

It was stated deceased had a history of care at the Spano Clinic, 2nd and University S. E., under the name of Josephine Olivera, as she was often known, - Olivera being the name of her sons, and also, since 1952, at the Minneapolis General Hospital under the same name. Her last visit to the hospital was on March 6, 1962, and hospital records showed a diagnosis of auricular tachycardia. Her last visit to the Spano Clinic was on September 6th, 1962. Her blood pressure reading at that time was 150/88 and she was being treated for tachycardia.

An autopsy was performed at the Hennepin County Morgue on September 10th, 1962. This revealed that death was due to bronchopneumonia with senila emphysema and pulmonary congestion. Mild coronary arteriosclerosis with myocardial fibrosis, and renal arteriosclerosis were contributing factors.

Deceased is survived by three sons, Alexander C., Manual, and Maximilian Olivera, and two daughters, Mrs. Mary French of Mexico City, and Mrs. Florentine Affeldt of Washington, D. C.

REMARKS

This case was reported to the Coroner's Office at 8:35 a.m. on September 10th, 1962, by police.

It was reported deceased had been having chest pains and was in and out of bed all night. Her husband stated he had gotten up to go to the bathroom and checked on her at that time, 12:45 a.m. this morning. When he awoke at 8:00 a.m. he found her, expired, lying across the bed in her room, clutching a magazine, her feet on the floor.

Police officers D. E. Hanson and Wickland of squad #442 were at the scene.

LILLIAN MARGARET KRAFT - continued

Examination of the body did not indicate that death was due to other than natural causes, and it was attributed to arteriosclerotic heart disease.

The deputy coroner released the body from the premises to a funeral director.

Deceased is survived by her husband, Henry P.; daughter, Mrs. Richard Barth; sisters, Mrs. Emily Heinz of Brooklyn, New York, Mrs. Clara Suess of Florida, Mrs. Ida Lorberter of St. Paul; brothers, Edward Moe of Duluth, and Richard Moe of St. Paul; five grandchildren; nieces; and nephews.

REMARKS

This case was reported to the Coroner's Office at 7:45 p.m. on September 11th, 1962, by the Minneapolis General Hospital.

According to Dr. Lang of the General Hospital and the child's physician, Dr. Henry P. Staub, deceased had kernicterus of the brain since birth. The parents, it was said, had lost two children prior to this one because of RH blood incompatibility. Deceased became ill the evening of September 11th and expired at 7:30 p.m. enroute to the General Hospital, and the remains were taken to the Hennepin County Morgue.

KELLY MARIE CALISTRO - continued

A deputy coroner examined the body, which appeared to be emaciated. There was no evidence of trauma.

An autopsy was performed at the morgue on September 12th, 1962. The autopsy revealed that death was caused by aspiration of gastric content due to kernicterus with severe pulmonary edema, bilateral, and pleural effusion, bilateral.

Deceased is survived by her parents, Mr. and Mrs. Louis F. Calistro; a brother, Michael; sister, Kathy; grandparents, Mr. and Mrs. Alexander Blair and Mrs. Marie Calistro.

REMARKS

This case was reported to the Coroner's Office at 8:05 a.m. on September 12th, 1962, by Dr. Wayne Chadbourn of St. Barnabas Hospital.

Deceased had a history of care under Dr. Lloyd Whitesell and it was stated he had a history of hypertension for twenty years. He was found on the floor of the bathroom of his home by his wife, where he had apparently fallen, on September 11th, unconscious, and taken to the hospital. He was treated for stroke, but did not respond, and remained comatose until death at 12:40 p.m. that day.

An autopsy at the hospital that day, September 11th, revealed that death was caused by subdural hematoma, right occipital temporal area with cerebral contusion left frontal, due to fracture of skull, right occipital temporal area, and death was classified an accident.

DONALD T. WIESE - continued

Deceased is survived by his wife, Grace S.; mother, Mrs. Mable A. Wiese; and sister, Mrs. H. L. Brodersen.

REMARKS

This case was reported to the Coroner's Office at 3:50 a.m. on September 12th, 1962, by Dr. W. D. Brown, Jr.

Deceased, it was stated, had not been seen by a physician for about four years. This morning, September 12th, she was found at 3:00 o'clock in an unresponsive condition on the floor beside her bed. Dr. Brown was summoned, but deceased had already expired.

The remains were taken to the Hennepin County Morgue.

MARY BRADY - continued

An autopsy performed at the morgue on September 12th revealed that death was caused by myocardial fibrosis due to coronary arteriosclerosis. Severe obesity and generalized arteriosclerosis were contributing factors.

Deceased is survived by her husband, Donald; sons, David, 14, Michael, 9; father, Harold; and brother, Burton.

REMARKS

This case was reported to the Coroner's Office at 5:35 p.m. on September 12th, 1962, by Mrs. Ellen Terp, of Apartment 27, at the above address.

Deceased was found at 5:50 p.m. on September 12th, 1962, dead on the concrete floor of the laundry room by Mrs. Terp. Police were notified and officers Remily and Jones responded.

The deputy coroner at the scene viewed the body of deceased clad in house clothes on the floor of the laundry room. There were no unusual marks on the body and no indication that death was due to other than natural causes. Death was attributed to arteriosclerotic heart disease.

EMMA C. DAHL - continued

It was stated deceased had been under the care of Dr. J. A. Polzak for a rectovaginal fistula in the past which had resulted from irradiation of a cervical cancer. She also had a long history of hypertension.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Deceased is survived by a brother living in Minneapolis and a sister living in Rochester, Minnesota.

REMARKS

This case was reported to the Coroner's Office at 5:05 p.m. on September 12th, 1962, by police.

There is a history of medical care at the Veterans Hospital, the last time deceased was treated there being in May of this year. A daughter, with whom he resided, found him collapsed on the bedroom floor when she returned home at 5:00 p.m. today, September 12th. She notified police and officers D. Olson and L. Kanuir of squad #237 responded. Dr. Strong, aboard a Minneapolis General Hospital ambulance that had been summoned, confirmed death.

The deputy coroner at the scene examined the body which was lying on the floor of the bedroom between twin beds, and clad in a shirt and underwear. There was no indication that death was due to other than natural causes and was attributed to arteriosclerotic heart disease.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Except for the daughter mentioned previously, there are no survivors known to this office.

REMARKS

This case was reported to the Coroner's Office at 7:15 a.m. on September 13th, 1962, by St. Mary's Hospital.

Deceased was admitted to the hospital at 6:50 a.m. this morning in extremis. There was no blood pressure , deceased was comatose and with marked dyspnea. She was referred in by Richfield police after a phone call to Dr. James Arms. It was stated she had had no personal physician nor recent medical care. She expired shortly after arrival, at 6:55 a.m.

Mrs. Helen Daley, daughter of deceased, did not care for an autopsy, but consented if it was considered necessary. There was no other way to determine the cause of death.

CELIA A. TULLY - continued

An autopsy performed at the hospital on September 13th revealed that death was caused by acute myocardial infarction due to acute occlusion of anterior descending coronary artery. Carcinoma of left breast with lymph node metastasis was a contributing factor.

Except for Mrs. Helen Daley, the daughter mentioned above, survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 1:00 p.m. on September 13th, 1962, by police.

There is a history of heart disease. Deceased was under the care of Dr. Reuben Berman and in 1958 was hospitalized for a coronary. Mrs. Zweigbaum went into a store at Plymouth and Morgan Avenue North, leaving deceased in the car parked beside an alley on Morgan Avenue. When she returned about five minutes later, at 1:10 p.m. on September 13th, she found her husband slumped over in the front seat. A rescue squad and Minneapolis General Hospital ambulance were called and Dr. Vanderstein, the ambulance physician, pronounced death at 1:54 p.m.

Police officers Pieri and Millman of squad #441 were at the scene when a deputy coroner arrived.

DAVID ZWEIGBAUM - continued

The deputy coroner examined the body which was lying across the front seat with feet outside the door. The body was livid and there were no signs of external trauma.

Mrs. Zweigbaum refused an autopsy.

Death, which occurred at approximately 1:10 p.m. on September 13th, 1962, was attributed to arteriosclerotic heart disease.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Except for his wife, Ida, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 7:00 a.m. on September 13th, 1962, by police.

Deceased was found by his mother at 6:10 a.m. in his crib in an unresponsive condition this morning. A Minneapolis General Hospital ambulance responded to a call for assistance, and the physician in attendance pronounced death.

Police officers Gravem and Janssen of squad #330 were at the scene when a deputy coroner arrived.

TERRENCE EUGENE FOX - continued

The remains were taken to the Hennepin County Morgue where an autopsy was performed later that day - September 13th. This revealed that death was due to pulmonary congestion and edema.

Except for his parents, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 7:35 a.m. on September 13th, 1962, by police.

Tony Voleh, occupant of room 438 of the above address, found deceased at 7:00 a.m. this morning apparently dead and notified police. Officers Couper and Mahoney of squad 118 responded. Deceased had been sitting on the toilet and had fallen forward against the wall.

A deputy coroner at the scene examined the body which was sitting on the toilet and had blood at the left nostril and on the side of his face. The body was livid and warm. There was a pool of clotted blood at his feet.

THEODORE A. JOHNSON - continued

The remains were taken to the Hennepin County Morgue where an autopsy was performed that day - September 13th, 1962. This revealed that death was caused by cardiac tamponade due to rupture of left ventricle of heart due to severe arteriosclerotic heart disease.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 8:00 a.m. on September 13th, 1962, by Dr. J. D. Lyons.

At the age of 33, deceased had a coronary thrombosis, at which time he was hospitalized in Worthington, Minnesota for six weeks. There were repeated attacks and hospitalization in 1958 and 1959 in Peoria, Illlinois. Later, in 1959, deceased moved to Cresbard, South Dakota and put himself under the care of a Dr. Saunders of Redfield, South Dakota.

On September 7th, 1962, his wife said, during a football game deceased became short of breath and had chest pains and nausea, and was relieved by taking four nitroglycerine tablets.

GERALD DALE FICK - continued

Deceased and his wife arrived in Hopkins on business on Tuesday, September 12th. On their return to the motel from dinner at 10:00 p.m., deceased complained that he didn't feel well, and was nauseated with some chest pains. He took nitroglycerine tablets and retired at 11:00 p.m.

At 6:45 a.m. deceased's wife found her husband livid, face down in bed with his head on the pillow, and called Dr. Lyons, who came and confirmed death, - September 13th, 1962.

Examination of the body did not indicate that death was due to other than natural causes and it was attributed to arteriosclerotic heart disease.

Except for his wife, Bette, the names of survivors are not known to this office.

The remains were released by a deputy coroner direct from the scene to a mortician.

REMARKS

This case was reported to the Coroner's Office at 8:30 a.m. on September 14th, 1962, by police.

At 8:15 a.m. on September 14th deceased collapsed at 42nd and Thomas Avenues North, where he was to board a bus. It was stated he had been under the care of Dr. Donald Hulteng for heart trouble.

Police officers D. M. Levens and D. A. Johnston of squad #443 were at the scene. A rescue squad tried unsuccessfully to revive the man. Dr. Vandersteen aboard a Minneapolis General Hospital ambulance that had been summoned pronounced death.

BENJAMIN HOFSTAD - continued

The deputy coroner at the scene examined the body which was fully clad lying on the sidewalk. There was no indication that death was due to other than natural causes, and it was attributed to arteriosclerotic heart disease. Nitroglycerine tablets were found in deceased's pocket.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Deceased is survived by his wife, Lillian D.; sons, Dr. Russell B. of Cambridge, Merle F. of New York City, and Ronald L. with the U. S. Army in Redwood Falls, Minnesota; eight grandchildren; brothers, Rev. O. A. Hofstad of Minneapolis, Anton of Cedar Falls, Iowa, and John of Eagle Bend, Minnesota; and sisters, Mrs. A. D. REMARKS

This case was reported to the Coroner's Office at 7:25 p.m. on September 14th, 1962, by police.

According to deceased'd wife, she last saw her husband about 7:45 a.m. today when she left for work at Coleman's 201 E. Lake Street, at which time he appeared to be all right. There is a history of care at the Veterans Hospital for about two years for stomach ulcer, and more recently care under Dr. William D. Brown. Dr. Brown, who said he was treating the man for stomach ulcers, stated he had strongly urged deceased, who had been a heavy drinker in the past, to stop drinking altogether. Three prescriptions by Dr. Brown filled on September 10th, 1962, by Walgreens were found in the bedroom-livingroom of deceased's apartment - one for arthritis, one, a tranquilizer, and the third for mood elevation. Dr. Brown said deceased had impressed him as an anxiety problem, and that he had given no indication of suicidal tendencies.

STANLEY JOHN GACKE - continued

Mrs. Gacke said her husband had been in the habit of calling her about noon each day, but he didn't today (September 14th); and that she usually called home about 3:00 o'clock but she got no response today. When she came home from work today the television was on, which she took to mean that he would be back shortly, and took off her sweater. He often walked downtown during the day. About 7:20 p.m. she went to the bathroom and found deceased lying dead in the bathroom from a stab wound in the chest, a butcher knife beside him. She said he had been very worried lately about cancer and about his inability to work regularly, but had never spoken of suicide.

Police were notified and a Minneapolis General Hospital ambulance summoned. Dr. Brown, the ambulance physician, confirmed death. Police officers R. W. Johnson and R. O. Presley of squad #119 and Finn and Hyvare of squad #701 were at the scene when a deputy coroner arrived.

The deputy coroner examined the body of deceased, a somewhat obese, middleaged man clad in cotton undershorts lying on his back in the bathtub, his feet at the faucet end. Dried blood was matted on his left chest. Dried blood squirts and spatters were on the left side and faucet end of the tub. A common six inch butcher knife lay, handle down, pointing toward the end of the tub away from the faucets. There was no water in the tub. There was a one inch stab wound below the left nipple. Deceased's hands were bloody, particularly the left hand and arm. There were no hesitation marks on the remains, which were in full rigor.

The apartment was in a very neat condition. The fifth slot from the left of the knife box on the southeast wall of the kitchenette was empty. Deceased's bathrobe was neatly folded on the foot of the bed. The bathroom window screen was hooked on the inside and the window shade was down. Curtains were up and the window was open from the bottom.

No note was found.

The remains were taken to the Hennepin County Morgue where an autopsy was performed the following day, September 15th, 1962. There was no indication of cancer or stomach ulcer. There was laceration of left ventricle of heart and left hemothorax. Death was attributed to massive hemothorax due to the laceration mentioned, and was classified a suicide.

Deceased is survived by his wife, Zona E., and a sister, Mrs. George (Marcella) Perina of India.

REMARKS

This case was reported to the Coroner's Office at 7:30 p.m. on September 14th, 1962, by police.

Deceased's mother stated the baby was put down in his crib to play and nap about 4:00 p.m. and that the older children were busy picking up clothes in the bedroom about that time. A clothes pole had come down and they had been picking up armsfuls of clothing on hangers and piling them in various places about the room and had hung some over the sides of the crib. Deceased was sitting in his crib enjoying himself when she last saw him alive and about 7:00 p.m. one of the younger daughters went up to get him from his nap and screamed for her because she found a pile of clothing on top of him and the baby not breathing. This was on September 14th, 1962.

LOREN J. CAMPION - continued

The mother summoned assistance and police officers Nordahl and Loye of squad #552 and a Minneapolis General Hospital ambulance responded. Deceased's father attempted mouth to mouth resuscitation, and a rescue squad also attempted to revive the child. Dr. Kitzmiller, the ambulance physician, pronounced death.

The deputy coroner at the scene examined the body of this well-developed, chubby infant, which was fully clad. There was no indication of trauma.

According to the baby's father, a Dr. Trow had stated the child had an RH blood problem.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

An autopsy at the morgue revealed that death was due to pulmonary edema and congestion of unknown etiology.

Deceased is survived by his parents, Mr. and Mrs. James P. Campion; brother, James; sisters, Susan, Lynda, Janet, Lorrie; and grandparents, Mr. and Mrs. James M. Campion.

REMARKS

This case was reported to the Coroner's Office at 11:30 p.m. on September 14th, 1962, by the Minneapolis General Hospital.

At 4:45 p.m. on September 14th, 1962, deceased, a pedestrian was out in the street, 170 feet north of Lake Street on 40th Avenue South, when he was struck by a 1959 Chevrolet stationwagon owned and being driven by Fred W. Heinz, 60, of 3653 Bloomington South, east on 40th Avenue S. The weather was clear and dry and it was daylight. Mr. Heinz said he did not see the child before the impact and that deceased had probably come from in front of parked car on the north side of 40th Avenue.

Deceased was admitted to the hospital at 5:08 p.m. and expired at 10:46 p.m. the same day, September 14th, 1962.

JOHN RUSSELL HEAD - continued

Police officer Bishman of squad #331 and traffic officer Robert M. Byrne were at the scene of the accident and made a report.

An autopsy was performed at the Minneapolis General Hospital on September 15th. This revealed that death, which occurred at 10:46 p.m. on September 14th, was caused by subarachnoid hemorrhage with brain contusion, due to depressed comminuted skull fracture.

Deceased is survived by his parents, Mr. and Mrs. Russell Head; four sisters, Susan, Diane, Barbara and Nancy; grandparents, Mr. and Mrs. John DeVries, of Minneapolis, and Mr. John W. Head of Oklahoma; and other relatives.

REMARKS

This case was reported to the Coroner's Office at 11:30 a.m. on September 15th, 1962, by police.

From March 14th to 18th of this year, it was stated, deceased was hospitalized at Mt. Sinai Hospital for nosebleed and hypertension. An electrocardiogram taken at that time showed an old coronary. Deceased was under the care of Drs. Joseph Garten and Dr. Reuben Berman.

At 10:50 a.m. Denne Nelson, son-in-law, called to see deceased and found her lying on the floor of an upstairs bedroom in an unresponsive condition. Dr. Johnson, a Minneapolis General Hospital ambulance physician, confirmed death at 11:12 a.m.

GINA DORTHEA HOVIK - continued

Police officers Frazer and H. C. Anderson of squad #330 were at the scene when a deputy coroner arrived.

The body was warm and without rigor. There was no indication that death was due to other than natural causes, and it was attributed to arteriosclerotic heart disease, and hypertension.

The remains were released from the scene to a funeral director.

Deceased is survived by her husband, Nils J.; son, Nils L.; daughter, Mrs. Denne (Joanne) Nelson; seven grandchildren; brother, John Olson; sister, Mrs. Nels Michealson.

REMARKS

This case was reported to the Coroner's Office at 3:00 p.m. on September 15th, 1962 by police.

Michael J. Skavene, 54, of 400 Knox Avenue South was proprietor of Skavene's Market Liquor Store, 29 Holden Street, on property that he had under lease from deceased. He had formerly owned the Bowery Liquor Store, 15 Washington Avenue North, but was forced to move when the store was razed as part of the Gateway redevelopment program. At that time, deceased had suggested that Skavene rent his store in the wholesale market district until he could obtain a better location. Skavene's business in the new location had been bad and, it was said, he had lost $10,000 on the store and owed deceased five months' rent.

ABRAHAM SAMUEL BLOOM - continued

Skavene, in a signed confession, admitted shooting and injuring deceased and former alderman Frank Wolinski, because he felt he had been talked into moving his business there, and because Wolinski had made no progress in getting his liquor license transferred to a more lucrative location. He, deceased, and Wolinski had arranged to meet at the liquor store Saturday afternoon, September 15th, he said, to transfer the lease from Skavene to Albert P. Hum, 228 Vincent Avenue North, Wolinski acting as agent for Hum.

He said deceased arrived first, went upstairs to his office, then returned and sat in a chair near the cash register. Wolinski came in the back door shortly with apologies for being late and Skavene opened fire. He said he did not remember how many shots he had fired, but all six chambers of the gun were empty when he threw it out the window of his car while driving along highway 100 later.

Deceased and Wolinski were taken by ambulance to the Minneapolis General Hospital. Wolinski was admitted in serious condition it was reported, with wounds in neck, chest, and right arm. Deceased expired in transit at 1:30 p.m. that day - September 15th, 1962.

The remains were removed to the Hennepin County Morgue where an autopsy was performed the following day - September 16th. This revealed that death, which was classified a homicide, was caused by massive hemothorax, left, and hemo peritoneum due to multiple gunshot wounds of chest and abdomen.

Deceased is survived by his wife, Mary; son, Jerome; daughter, Mrs. Abraham (Fern) Wold; all of Minneapolis; - brother, David of Dallas, Texas; sisters, Mrs. Barney Tremblatt of Minneapolis; and Mrs. Sam Lexier of San Diego, California; and six grandchildren.

REMARKS

This case was reported to the Coroner's Office at 5:35 p.m. on September 15th, 1962, by the Hennepin County Sheriff's office.

Upon her arrival at 218 Bushaway Road, Wayzata, this morning to baby-sit, deceased became short of breath, felt weak, and wanted to lie down, and called her nephew to come and get her. Deceased lay down and became very ill. Dr. Robert E. Doan was called and he arrived at the same time as the nephew, but deceased had already expired.

Death, which occurred at 5:10 p.m. on September 15th, 1962, was attributed to arteriosclerotic heart disease due to hypertensive cardiovascular disease.

ANN J. MIDTAUNE - continued

According to Dr. Doan, deceased was being treated for hypertension. The first part of the week she had complained of indigestion, chest pains, and shortness of breath.

Examination of the body did not indicate that death was due to other than natural causes, and the body was released from the premises to a funeral director.

REMARKS

This case was reported to the Coroner's Office at 6:00 p.m. on September 15th, 1962, by police.

According to Eugene Yoder, caretaker of the building at 1800 4th Avenue South, deceased, who had resided at this address only about ten days, had very bad eyes and stayed in his room most of the time. Mr. Yoder saw him sitting in a chair by the window about noon on September 14th, and then on the 15th entered the room to replace a window shade. At that time, about 5:45 p.m., he found deceased's body lying on his bed with his arms crossed, obviously dead.

Police officers Dunstone and Paisley of squad 118 were at the scene when a deputy coroner arrived.

BERRY ELMER TOLBERT - continued

The deputy coroner examined the body of deceased lying on his back in a tee shirt and sox. The body was warm and without rigor. There was a foamy material between his lips. There was no indication that death was due to other than natural causes, and it was attributed to arteriosclerotic heart disease. It was stated deceased had had some medical care at the Minneapolis General Hospital.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Deceased is survived by two brothers, M. B. Tolbert of Merietta, Georgia, and Calvin Tolbert of Minneapolis.

REMARKS

This case was reported to the Coroner's Office at 7:45 p.m. on September 15th, by Bloomington police.

At the time of his death deceased and his wife were living with their son-in-law, Myron Barnekow, at the above address. For some years, it was stated, deceased had been under a doctor's care in Milwaukee, Wisconsin. The evening of September 15th deceased took a nitroglycerine tablet and soon after started to gasp and collapsed to the garage floor at 7:10 p.m. Dr. Duane Olson was called but deceased had already expired when he arrived.

Examination of the body by a deputy coroner did not indicate that death was due to other than natural causes and it was attributed to arteriosclerotic heart disease.

JOHN VINCENT GRUDNEY - continued

In accordance with Mrs. Grudney's wishes, deceased's body was given to the University of Minnesota Department of Anatomy.

Deceased is survived by his wife and daughter, Mrs. Myron Barnekow.

REMARKS

This case was reported to the Coroner's Office at 12:30 p.m. on September 15th, 1962, by police.

Deceased, it was stated, had been discharged from the Veterans Hospital on September 11th, 1962, after a long illness. His landlady, Mrs. C. V. Flanagen, had not seen him since 2:00 p.m. yesterday, September 14th, and was concerned about it. She looked into his room through a window and saw him on the floor and summoned police. Officers Petit and Lasher of squad #118 responded, and notified this office.

The deputy coroner at the scene viewed the dead body on the floor, clad except for his slippers. His trousers were down and there were feces on the floor. The body was cold and in full rigor. The remains were taken to the Hennepin County Morgue and later released to a funeral director.

FRED FRANKLIN LITSEY - continued

An autopsy at the mortuary on September 17th, 1962, revealed that death was caused by acute thrombosis of anterior descending coronary artery with myocardial fibrosis due to coronary arteriosclerosis. Generalized arteriosclerosis was a contributing factor.

Deceased is survived by his wife, Emma; two sons, Lionel and David; and five grandchildren.

REMARKS

This case was reported to the Coroner's Office at 2:05 p.m. on September 17th, 1962, by police.

There is a history of heart disease and, it was stated, deceased had a heart attack in January of 1960. Today, September 17th, he was out cutting his lawn in the early afternoon. He entered the house and sat down in a livingroom chair and said he was short of breath and collapsed and expired about 1:45 p.m.

Police officers Claussen and Stuber of squad #222 and a Minneapolis General Hospital ambulance responded to a call for assistance. Dr. Strong, the ambulance physician, pronounced death.

A deputy coroner at the scene examined the body. There was no indication that death was due to other than natural causes and it was attributed to arteriosclerotic heart disease.

ARNOLD HERMSTAD - continued

The remains were released directly from the premises to a mortician by the deputy coroner.

Deceased is survived by his wife, Myrtle H.; daughters, Mrs. Vern (Helen) Kuduk of Minneapolis and Mrs. Robert (Charlotte) Stanils of Isanti, Minnesota; son, Donald J. of Minneapolis; and three brothers, Carol of Minneapolis, Justin of Luck, Wisconsin, and Herman of West Allis, Wisconsin; and eight grandchildren.

REMARKS

This case was reported to the Coroner's Office by St. Louis Park Police at 2:00 p.m. on September 17, 1962.

According to the infant's mother, Catherine Donnelly, the infant had been examined early in September by Dr. Archie Smith and was in general good health. However, for the past few days, according to the mother, the infant had had a cold. At 1:15 p.m. on September 17, the infant was found hanging by her head from the pickets on the siderails of her crib. These pickets were about 4 inches apart and somehow both legs of the infant had thrust between a pair of pickets, the body slid down and the head was caught causing strangulation.

Donna Jean Thies (continued)

St. Louis Park Police were summoned and Officer Morris responded.

Dr. W. L. Jefferies was also summoned and was on the scene when the deputy coroner arrived.

Examination of the infant revealed no unusual marks on the body except for some ecchymosis of the left shoulder. The body was removed to the Hennepin County Morgue where autopsy was performed at 4 p.m. that afternoon. This revealed cranial indentations, bilateral; left shoulder ecchymosis; scapular indentation, left; minimal pulmonary congestion.

Death was ascribed to asphyxia due to head caught between rungs at the side of the crib.

Survivors are parents, Mr. and Mrs. Thomas Thies; brother, Joseph; sisters, Roxanne and Mary; grandparents, Mr. and Mrs. LeRoy Thies; grandmother, Mrs. Helen Donnelly; great-grandmother, Mrs. John Berrigan.

REMARKS

This case was reported to the Coroner's Office at 7:00 p.m. on September 17th, 1962, by police.

There is a history of psychiatric care. It was said deceased had been a patient at St. Peter for six months and also at the Anoka State Hospital for three months, from which she was released in June of 1962. She was found dead in bed by her father, Bernard Feitelsohn, at 5:35 p.m. on September 17th when he investigated because of failure to receive an answer to a telephone call.

The fire department rescue squad were attempting to restore breathing to deceased when police officers Gramer and Markuson arrived. St. Louis Park detective Aplin was also at the scene when a deputy coroner arrived.

LILLIAN GOLD - continued

The deputy coroner examined the body which was in severe rigor and cold. There were no unusual marks on the body.

Two short notes, allegedly in deceased's handwriting, undated, addressed to her father and her husband were on the dresser. The notes just said "Goodbye".

The remains were taken to the Hennepin County Morgue and later released to a funeral director. The toxicologist's examination of a specimen of deceased's blood revealed that death was caused by barbiturate poisoning due to overdose of barbiturates, and death was classified a suicide.

Deceased is survived by her husband, Ormie; parents, Mr. and Mrs. Bernard Feitelsohn; and sister, Mrs. Nathan (Bertha) Levy.

REMARKS

This case was reported to the Coroner's Office at 9:55 a.m. on September 18th, 1962, by the James Ambulance Service.

There is a history of illness for about six years due to pulmonary disease and heart trouble. Deceased had last seen a doctor, it was said, three or four years ago. She was last seen alive in bed at 4:00 p.m. on September 17th, 1962, by her uncle, H. P. Schissler. This morning at 9:30 a.m. he found her lying in the bathroom with her head propped against the wall and an arm over the toilet.

Police officer Comminskey was at the scene when a deputy coroner arrived.

LUVERNE A. YOUNG - continued

The deputy coroner at the scene examined the body of deceased who was clad in a robe and underwear. The body was livid and in rigor. There was no external evidence of trauma.

The remains were taken to the Hennepin County Morgue, where an autopsy was performed at 11:00 a.m. that day - September 18th, 1962. This revealed that death was caused by pulmonary congestion and edema due to carcinoma of left lower lobe of lung. Myocardial fibrosis and congestion of liver were contributing factors.

Deceased is survived by her son, Thomas L.; daughters, Mrs. Robert L. Olson (Virginia), Mrs. Jerome Moen (Patricia), Mrs. D. Richard Olson (Florence); mother, Mrs. Virginia B. Dubbs of Concord, New Hampshire; and nineteen grandchildren.

REMARKS

This case was reported to the Coroner's Office at 11:00 a.m. on September 18th, 1962, by police.

Deceased, it was stated, was a regular customer at the above address, and was seated at a desk discussing business with Mr. B. Shilkout on the morning of September 18th, when he complained of chest pains and shortness of breath. He lay his head down on the desk, then walked to a back room with Mr. Shilkout and lay down on a cot. He arose and asked for a glass of water, then lay down again and expired. His wife was with him at the time.

A Minneapolis General Hospital ambulance was summoned and Dr. Olson, the attendant, confirmed the man's death.

EDWIN BAESEMAN - continued

Police officers Petit and Roehl of squad #117 were at the scene when a deputy coroner arrived.

The deputy coroner stated the body was lying face up on a cot in the back room, livid and cool. There was no indication of external trauma. Mrs. Baeseman said her husband had no history of heart disease and had had no recent care by a physician.

Death, which occurred at 10:55 a.m. on September 18th, 1962, was attributed to arteriosclerotic heart disease.

Mrs. Baeseman was opposed to an autopsy.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Except for his wife, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 12:05 p.m. on September 18th, 1962, by police.

Deceased, it was stated, had been under the care of the Veterans Hospital and Dr. J. A. Polzak for a number of years. He was last heard moving about in his room the evening of September 17th. On September 18th a maid attempted to enter the room but it was locked. The proprietor, Arthur Keller, went to the side of the building and entered the room by breaking open a window, at 11:30 a.m., and deceased was found dead in bed.

Police officers Mortenson and Johnson of squad #119 were at the scene when a deputy coroner arrived.

THOMAS WOJCIAK - continued

The deputy coroner at the scene examined the body lying in bed with his face on the pillow. The body, clad in night clothes, was livid and in rigor. There was no indication that death was due to other than natural causes, and it was attributed to arteriosclerotic heart disease.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Deceased is survived by brothers, Andrew, Anthony, George T., John F., and Frank of California.

REMARKS

This case was reported to the Coroner's Office at 8:30 p.m. on September 18th, 1962, by the Camellia Nursing Home.

Deceased, it was stated, was on home care by Dr. Gilbertson of the Minneapolis General Hospital and was last seen by him on August 3rd. 1962. There is a history of an old tuberculosis and care at the Veterans Hospital in 1952. Deceased was hospitalized at the Minneapolis General Hospital on October 19th, 1960 for pneumonia and tuberculosis. In August, 1961, it was stated he had a cerebral vascular accident. He had been bedridden for approximately the past five months with only wheel chair ambulation.

On the evening of September 18th, deceased was found in bed by a nurse's aide, Miss Major, short of breath, pale, and cyanotic. The charge nurse was called and she stated deceased's breath was shallow and she could not obtain a blood pressure reading, and summoned assistance.

FRANK WRIGHT - continued

Police officers R. O. Presley and R. W. Johnson of squad #119 and a Minneapolis General Hospital ambulance responded. Dr. Payson, the ambulance physician, pronounced death.

Examination of the body by a deputy coroner did not indicate that death was due to other than natural causes. Death, which apparently occurred at 8:20 p.m. on September 18th, 1962, was attributed to arteriosclerotic heart disease.

The deputy coroner released the body directly from the premises to a funeral director.

Deceased is survived by his mother, Mrs. Fannie Wright, two brothers, Boyd of Robbinsdale and Robert of Chicago; and a sister, Mrs. Martha Wilson of Savannah, Georgia.

REMARKS

This case was reported to the Coroner's Office at 11:00 p.m. on September 18th, 1962, by the Minneapolis General Hospital.

Deceased, it was stated, fell in her home sustaining fracture of the left femur on September 8th, 1962, and was subsequently admitted to the hospital. It was stated she had a past history of heart disease for which she had been cared for by a Dr. Hagen and arthritis for which she had been cared for by a Dr. Brown.

Surgery was performed at the hospital on September 9th for prosthesis. Post-operative, deceased became hypertensive. Chest x-rays revealed pneumonia on the left, and a tracheotomy was performed on September 9th. Deceased became comatose to the time of her death.

ELISA HANSON - continued

Death, which occurred at 10:20 p.m., was attributed to arteriosclerotic heart disease with myocardial ischemia due to left lower lobe pneumonia and pulmonary fibrosis, due to fracture of left femur, and was classified an accident.

Deceased's brother, with whom, she lived, refused an autopsy.

The only survivor known to this office is the brother above mentioned, Evan Hanson.

REMARKS

This case was reported to the Coroner's Office at 8:10 a.m. on September 19th, 1962, by the Hennepin County Sheriff's office.

Deceased allegedly had been a heavy drinker, and had been living in a cabin at the above address for more than a year. She was last seen alive on September 16th, 1962. When she did not answer her telephone nor her door, police were summoned. Long Lake police officers Kearin and Kureth forced entrance and found deceased dead in bed at 8:00 a.m. on September 19th.

MARGARET PLATT DICKEY - continued

A deputy coroner at the scene examined the body clad in a nightgown lying on her left side in bed. The body was cold and in 4+ rigor. A note found at the scene addressed to her sister, Mrs. William Brach of Mound, said "Tell my brother-in-law I took his advice."

The remains were taken to the Hennepin County Morgue where an autopsy was performed on September 19th. This revealed cirrhosis of liver, obesity, uterine myomata, pulmonary congestion and edema, and esophageal varicies. The toxicologist's examinations revealed strychnine poisoning. Death was attributed to strychnine poisoning.

Except for the sister mentioned above, the names of survivors, if any, are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 9:50 a.m. on September 19th, 1962, by the Glen Lake Sanatorium.

Deceased, it was stated, had been on regular tuberculosis medication, appeared to be well, and was about to be released from the sanatorium when he suddenly expired at 6:05 a.m. on September 19th.

An autopsy was performed on the body of this obese man at the Hennepin County Morgue on the day of death. This revealed that death was due to thrombosis of anterior descending coronary with myocardial fibrosis due to coronary arteriosclerosis.

EDWARD MATTHEW FALTON - continued

Deceased is survived by his mother, Mrs. Mary A. Falton of Hopkins; three sisters, Mrs. Ralph A. (Gladys) Rundquist of Minneapolis, Cecile and Grace Falton, both of Hopkins; niece, Sister M. Pius, O.S.F., of Tracy, Minnesota; nephew, James W. Rundquist, of Minneapolis.

REMARKS

This case was reported to the Coroner's Office at 10:00 a.m. on September 19th, 1962, by police.

According to Larry Sutton, caretaker of the building at the above address, deceased was last seen alive at 10:00 p.m. last night, September 18th. Mr. Sutton found deceased, apparently dead, at 9:30 this morning, September 19th, and notified police. Officers Reynolds and Mahoney of squad #118 responded. Dr. Eckerly, aboard a Minneapolis General Hospital ambulance that had been summoned, confirmed death.

BERNARD E. QUINLAN - continued

The deputy coroner at the scene examined the body of deceased lying on his right side on the floor along the stairway outside his basement apartment. Deceased was dressed, except for shoes. The body was warm and without rigor. There was no indication that death was due to other than natural causes and death was attributed to arteriosclerotic heart disease.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Deceased is survived by four sons, James, Bernard and Patrick of Minneapolis, and Richard of Los Angeles, California; two brothers, Joseph of Swaldale, Iowa, and Edward of Falls Church, Virginia; and twelve grandchildren.

REMARKS

This case was reported to the Coroner's Office at 4:45 p.m. on September 19th, 1962, by the Wayzata Funeral Home.

It was stated deceased had been cared for by Dr. George D. Eitel for some time for prostate trouble and hypertension, but had not seen the doctor for about seven or eight months. He was apparently well yesterday, September 18th, and was found at 7:00 a.m. this morning, expired.

Examination of the body by a deputy coroner did not indicate that death was due to other than natural causes and it was attributed to arteriosclerotic heart disease. The body was released from the premises to the funeral director.

Deceased is survived by two daughters, Hella of Wayzata and Mrs. Neil Haagensen of Denmark.

REMARKS

This case was reported to the Coroner's Office at 4:18 p.m. on September 19th,1962, by police.

Mrs. Wadley, on a routine check of the rooms at the above address, the Continental Hotel, found deceased at 3:00 p.m. today, September 19th, dead in bed and notified police. Officers Merchant and Paisley of squad #118 responded and notified this office.

A deputy coroner at the scene examined the body lying in bed in her [illegible] nightclothes, cold and in full rigor. A box containing barbiturates was in the room. It was stated deceased had been seen at a clinic in Little Falls, Minnesota on August 29th of this year.

It was stated deceased was last seen alive two days ago.

INEZ B. EDWARDS - continued

The remains were taken to the Hennepin County Morgue where an autopsy was performed on September 20th, 1962. This revealed that death was due to severe pulmonary edema and congestion of unknown etiology. The toxicologist's analysis of a specimen of deceased's blood and of liver were negative.

Except for a niece, Mrs. Wanda Krowsey of Swanville, Minnesota, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 1:50 a.m. on September 20th, 1962, by Dr. Kenneth St. Cyr.

Deceased, it was stated, was in the habit of walking downtown every day. Yesterday, after his walk, he complained of pains in his chest and stomach. He became ill and expired at home in bed at 1:20 a.m. Dr. St. Cyr, who was called, confirmed death.

Examination of the body by a deputy coroner did not indicate that death was due to other than natural causes, and it was attributed to arteriosclerotic heart disease.

EMIL E. SCHWAPPACH - continued

The deputy coroner released the remains from the premises to a funeral director.

Deceased's sister, Mrs. Frank (Alice A.) Prymos, who was present, refused an autopsy.

The survivors are the sister above mentioned and nieces and nephews.

REMARKS

This case was reported to the Coroner's Office at 10:40 a.m. on September 20th, by the Hennepin County Sheriff's Office.

Deceased, it was stated, was found by his son, Harold Mikwold, and S. Johnson of 310 Wilshire Drive, dead, and they notified the Sheriff's Office.

It was stated deceased had been in apparently good health except for a few periods of mild confusion, and that he had been cared for at the Veterans Hospital about two years ago. He was last seen alive about 6:15 p.m. on Monday, September 17th. Edward J. Pilanski, 800 South Wilshire, it was stated, saw a man fitting the description of deceased walking by at 6:30 p.m. on Monday.

OSCAR A. MIKWOLD - continued

A deputy coroner at the scene examined the body of deceased lying in a ditch on his back, cold and in 4+ rigor. His shirt and trousers were open, his glasses, belt, and hat lay on the west side of the ditch.

The remains were taken to the Hennepin County Morgue where an autopsy was performed on September 20th. This revealed that death was due to coronary insufficiency due to coronary sclerosis and generalized arteriosclerosis.

Except for the son mentioned above, the names of survivors are not known to this office.

REMARKS

This case was reported by the Coroner's Office at 8:40 a.m. on September 21st, 1962, by a Dr. Hutchinson.

Deceased, a student at University High School, left his home at 7:30 a.m. to catch a bus for the University. While waiting for the bus he was apparently struck by lightning. Dr. Yue of the Glen Lake Sanitorium went to the boy as he lay on the grass beneath a tree about a half block from the bus stop. Deceased was taken to operating room #2 at the sanitorium and given oxygen and other emergency measures without results.

It was stated it was 8:00 o'clock that morning when deceased was found by Dr. Yue.

GARY DRAY - continued

The deputy coroner at the scene examined the body, which was fully clothed and lying on an operating table. Examination revealed burns of clothing and singeing of pubic hair where the lightning bolt had probably entered the body. The right leg of deceased's trousers near the cuff was split for about six inches and the right shoe was split open. The lining of deceased's coat near the pubic area was split and singed.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Death was attributed to electrocution due to being struck by lightning and it was classified an accident.

Except for his parents, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 9:40 p.m. on September 21st, 1962, by the Minneapolis General Hospital.

Deceased, it was stated, had been under the care of Dr. J. P. Korchik for some time, but had not been checked recently. On the evening of Friday, September 21st, deceased drove to the East Gate Red Owl parking lot, where he was to meet his son. He became ill in the car and a Minneapolis General Hospital ambulance was summoned. Deceased expired at 9:20 p.m. in the ambulance en route to the hospital.

The remains were taken to the Hennepin County Morgue by the ambulance. Dr. Turner accompanied the ambulance.

JOHN T. TOPHEN - continued

Deceased's wife refused an autopsy.

There was no indication that death was due to other than natural causes and it was attributed to arteriosclerotic heart disease.

The remains were released from the morgue to a funeral director by a deputy coroner.

Deceased is survived by his wife, Ksenia; two daughters, Mrs. Peter (Mary) Kysylyczn and Mrs. Konstantyn (Edith) Cherewan; one son, Thomas; and seven grandchildren; two brothers and two sisters.

REMARKS

This case was reported to the Coroner's Office at 12:05 p.m. on September 22nd, 1962, by a Bloomington ambulance driver at the above address.

For the past four months, deceased had been living with a daughter while being treated at the University of Minnesota Hospitals. His diagnosis was cerebral carcinoma with pulmonary metastases. In March of 1962 he received irradiation at the University Hospitals for three weeks and after this treatment had returned to Hinkley under the care of Dr. Joseph E. Haplin. About four months ago his daughter brought deceased to her home to live. His condition became progressively worse, accompanied by weakness. He was seen once by Dr. E. Johnson of the Oxboro Clinic recently because of generalized seizure.

JOSEPH J. PETSKO - continued

The afternoon of September 21st, 1962, deceased became semi-comatose and expired quietly at 12:15 p.m. the following day as he was being prepared to be transferred to a nursing home.

The deputy coroner on the case examined the body. There was no indication that death was due to other than natural causes, and it was attributed to carcinomatosis.

The remains were released directly from the premises to a mortician.

REMARKS

This case was reported to the Coroner's Office at 8:10 p.m. on September 22nd, 1962, by police.

Deceased, it was stated, had been under doctors' care for the past two years for heart disease and was on digitalis. She was hospitalized at Northwestern Hospital in 1960. Deceased allegedly had seen a doctor two months ago.

The afternoon of September 22nd deceased and her husband had been fishing. On her return home she complained of shortness of breath and chest pain. Apparently deceased dressed for dinner at the Y.M.C.A. On arrival there she was forced to sit on a couch because she was more short of breath and had become nauseated. She was assisted to the Ladies Room by a Mrs. Berhlund and a Mrs. Olson, where she became more dyspneic and expired at 8:00 p.m.

MARIE B. HANNES - continued

Police officers Heger and Gottlieb of squad #333 were at the scene when a deputy coroner arrived. A rescue squad and Minneapolis General Hospital ambulance had been summoned, and Dr. Turner, the ambulance physician, had confirmed death.

The deputy coroner examined the body. There was no indication that death was due to other than natural causes, and it was attributed to arteriosclerotic heart disease.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Deceased is survived by her husband, Halvor M.; two daughters, Mrs. George (Lucille) Brown of Minneapolis; Mrs. Marvin (Thelma) Pahl of Bloomington; three sons, Arthur of Fairfield, California, Stanley and Walter of Minneapolis; four sisters and three brothers of Minneapolis; a sister in Sweden and a sister in Norway; seventeen grandchildren and four great-grandchildren.

REMARKS

This case was reported to the Coroner's Office at 3:50 p.m. on September 23rd, 1962, by police.

On the afternoon of September 23rd deceased was working on the roof of a garage on his own property at the above address, assisted by Ernest Nechkash of 456 Ivy Lane, Savage, Minnesota. Suddenly, at 3:35 p.m., he collapsed on the roof and expired. Mr. Nechkash notified police and a Minneapolis General Hospital ambulance was summoned. The ambulance physician confirmed death.

Police officers Arwick and Mavity of squad #550 were at the scene when a deputy coroner arrived.

ALFRED W. WESTPHAL - continued

The deputy coroner at the scene examined the body. There was no indication that death was due to other than natural causes and it was attributed to arteriosclerotic heart disease.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Deceased is survived by his wife, Adeline; two daughters, Carol Jean and Conni May; and five brothers, Henry of Minneapolis, Clarence, Walter, Herman and Benjamin, all of Buffalo, Minnesota.

REMARKS

This case was reported to the Coroner's Office at 7:25 a.m. on September 23rd, 1962, by police.

Deceased had a history of care at the Veterans Hospital for hypertension. This morning, September 23rd, he got up and dressed, made his bed, and then went into the kitchen to prepare breakfast. His sister heard him fall to the floor. A Minneapolis General Hospital ambulance was called and Dr. Payson, the physician in attendance, confirmed the man's death.

Police officers Svobodny and O'Meara of squad #551 were at the scene when a deputy coroner arrived.

JOHN KULAS - continued

Examination of the body by a deputy coroner did not indicate that death was due to other than natural causes. Death, which occurred at about 7:17 a.m. on September 23rd, 1962, was attributed to arteriosclerotic heart disease due to hypertensive cardiovascular disease.

The remains were released directly from the premises by the deputy coroner to a mortician.

Deceased is survived by brothers, Michael of Milwaukee, Peter, Frank and Lawrence of Minneapolis; and sisters, Mrs. Josephine Berger of Duluth, Mrs. Julia Erickson, Mrs. Sidney Badger, and Mrs. Frank Zimmerman of Minneapolis.

REMARKS

This case was reported to the Coroner's Office at 8:00 p.m. on September 24th, 1962, by police.

According to his wife, deceased has been under the care of physicians at Red Lake, Minnesota for a heart condition and for diabetes. She said he complained of not feeling very well tonight and went out, she thought, to sit on the steps as usual. A short time later a neighbor downstairs came running to her and informed her that deceased was lying on the sidewalk.

Police officers Kangit and Dols of squad #115 were at the scene when a deputy coroner arrived.

PAUL WILLIAM PRINTICE - continued

The deputy coroner at the scene examined the body of this obese man. Deceased was fully clad and had a laceration on his forehead and an abrasion on the frontal region of his scalp. There was no indication that death was due to other than natural causes. Death, which occurred at about 7:50 p.m. on September 24th, 1962, was due to arteriosclerotic heart disease and diabetes mellitus.

According to police, a witness said deceased tried to stand up from a sitting position on the top of the steps, his legs did not support him and he fell down the steps.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Deceased is survived by his wife, Mary Jane; sons, Paul A. of Redby, Minnesota, and Rodney D.; daughters, Marie Lawrence of Red Lake, Gloria, Dorothy and Elsie Prentice; twelve grandchildren; and mother, Mrs. Harriet Nelson, of Redby.

REMARKS

This case was reported to the Coroner's Office at 4:00 p.m. on September 25th, 1962, by the North Memorial Hospital.

It was stated deceased fell at his home with a stick in his mouth which was rammed down his throat. He was taken to North Memorial Hospital, admitted, and a tracheotomy was performed that day. Apparently the tracheotomy tube became displaced and the child suffocated before it could be replaced. Deceased expired at 2:00 p.m. on September 25th, 1962.

The remains were taken to the Hennepin County Morgue, where an autopsy was performed on September 26th, 1962. This revealed that death was caused by severe edema of glottis due to injury and it was classified an accident.

JAMES HUBER - continued

Deceased is survived by his parents, Mr. and Mrs. William L. Huber; two sisters, Pamela and Patricia; and grandparents, Rolland F. Huber and Mr. and Mrs. Gordon Walker.

REMARKS

This case was reported to the Coroner's Office at 11:25 a.m. on September 26th, 1962, by the Gleason Funeral Home.

Deceased, a hydrocephalic baby, had been cared for in a foster home in Wayzata, Minnesota, apparently run by a Mrs. D. M. Dye. A Dr. Kozak allegedly saw the baby and later wrote to the Welfare Board stating that the child's head had increased in size about two or three times in two weeks. Death was anticipated within the first six months of life.

Deceased expired at 3:00 p.m. on September 25th, 1962.

MARK EDWARD O'NEIL - continued

The Hennepin County Coroner examined the body of deceased. There was no indication that death was due to other than natural causes, and it was attributed to hydrocephalus, severe.

The remains were released from the premises to a funeral director.

REMARKS

This case was reported to the Coroner's Office at 10:50 a.m. on September 26th, 1962, by police.

The circumstances surrounding this case and the one following (Lester Safro, deceased's husband) are identical. Wednesday morning, September 26th, Mrs. Ambrose Hoffman, 3830 Sheridan Avenue South, and Mrs. Nordahl Soli, 3640 5th Avenue South, called police because they had been unable to reach their friend, the deceased, who had missed a birthday club appointment and a bowling date the previous evening. They said she was usually very punctual. Police officers Bennon and Bouchard of squad #550 met the women and removed the screen from the southwest side of the house leading into the livingroom. Upon entering they found deceased lying in bed with the appearance of sleep, a gunshot wound in the right temple. Loss of blood from the wound appeared to be very slight. Lester Safro, deceased's husband, lay at the foot of the bed, obviously dead of a gunshot wound of head, a .32 caliber Harrington Richardson revolver, serial #335481, under an elbow.

LUCILLE H. SAFRO - continued

Detectives O'Rourke and Dee of squad #701 and Anderson and Blanch of squad #702 were summoned to make an investigation, and this office was notified.

The deputy coroner at the scene examined the body of deceased which lay in repose in her single bed in her bedroom. There were powder burns noted around the bullet wound in her right temple and there was practically no bleeding. Deceased had a peaceful, sublime mien, and there was no appearance whatever of pain or suffering on her face. There was no evidence of a struggle.

The body of deceased's husband lay on the bedroom floor in a pool of blood, some of which was dried, and all of which was quite dark in color. A .32 caliber revolver was seen under his elbow as he lay face down on the carpeted floor.

The remains were taken to the Hennepin County Morgue where an autopsy was performed later in the day. Death was attributed to gunshot wound of head and classified a homicide.

Deceased is survived by her sister, Mrs. Josephine Boyd of Elk River, Minnesota.

REMARKS

This case was reported to the Coroner's Office at 10:50 a.m. on September 26th, 1962, by police.

See the preceding case, Lucille Safro, #832, wife of deceased. The circumstances surrounding these two cases are identical.

According to officer Benon, who lives across the alley, it was learned that Mr. Safro had not been seen by friends or neighbors since June of this year. It was stated Mrs. Safro had told officer Benon as well as Mrs. Hoffman and Mrs. Soli who were present at the scene, that her husband refused to go out of the house and ran and hid when visitors appeared. He refused

LESTOR L. SAFRO - continued

to go out of the house even for a haircut and Mr. Soli had been requested to come to cut his hair. The three stated they were not surprised to learn that Mr. Safro had committed suicide and said they had suspected this might happen. Officer Benon said he had warned Mrs. Safro that this could happen and had advised her to have her husband committed lest he take her life at the time of his suicide. Deceased, it was said, had shown signs of mental depression and had become withdrawn to a severe degree since loss of his liquor business on Third Avenue South and Washington about three years ago.

Time of death was believed to have been some time during the night of September 24th or early morning hours of September 25th. The evening paper for September 25th was found at the front door. There appeared to be no sign of a struggle or any ransacking in the bedroom or the house, which appeared to be well kept and orderly. Detectives were convinced that deceased had shot his wife and then shot himself.

The deputy coroner at the scene viewed the body of deceased lying face down on the carpeted floor of his wife's bedroom, a .32 caliber revolver under one elbow. Deceased lay in a pool of blood, some of which was dried, and all of which was quite dark in color.

The remains were taken to the Hennepin County Morgue where an autopsy was performed later that day - September 26th. Death was attributed to suicide by gunshot wound of head with a .32 caliber revolver.

REMARKS

This case was reported to the Coroner's Office at 12:10 a.m. on September 27th, 1962, by police.

Deceased was admitted to Veterans Hospital on June 8th, 1962, with a diagnosis of transitional cell carcinoma, and was discharged on September 6th, 1962. He was to report back to the hospital on October 8th. He became ill the night of September 27th, and assistance was summoned. Police officers Caughey and Chevalier of squad #442 and a Minneapolis General Hospital ambulance responded. Deceased expired at 11:25 p.m. and death was confirmed by Doctor Payson, the ambulance physician, on his arrival.

FRANK B. MURASKI - continued

Examination of the body did not indicate that death was due to other than natural causes and it was attributed to carcinoma of prostate (transitional cell carcinoma.)

The remains were released directly from the premises to a funeral director.

Except for his wife, Antoinette, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 9:00 a.m. on September 27th by the Hennepin County Sheriff's Office.

Deceased was found dead at 8:45 a.m. on September 27th lying face up along side his bed by Raymond Suman, a painter. Formerly a painter at Glen Lake, deceased had resided at the above address for about a year, and was last seen alive at 6:00 p.m. on September 26th, 1962, by Mrs. Signe Erickson, who stated she had heard him choking and moaning, but that he had done so in the past. It was stated deceased had had no recent medical care.

Excelsior police officer Rosen was at the scene when a deputy coroner arrived.

CHARLES ERIC SALISBURY - continued

The deputy coroner examined the body of deceased which was warm and livid. There was a laceration on the right side of his forehead and dried blood, and a small pool of dry blood under his head.

The remains were taken to the Hennepin County Morgue, where an autopsy was performed later that day - September 27th. This revealed that death was caused by severe coronary arteriosclerosis due to severe generalized arteriosclerosis. Fatty metamorphosis of liver, emphysema and congestion were contributing factors.

Deceased is survived by two sisters, Mrs. Victor (Doris) Neuman of Minneapolis and Mrs. Bart (Edna) Towey of Long Beach, California.

REMARKS

This case was reported to the Coroner's Office at 4:45 p.m. on September 27th, 1962, by deceased's son, Marlow L. Zimmerman.

Deceased was found dead on the kitchen floor of her home at 4:30 p.m. today, September 27th, by her son when he returned from work. It was stated she had last been seen by a physician, Dr. Reinhold Johnson, a year and a half ago, and that she was being treated by him for high blood pressure. Six years ago she allegedly had a stroke.

The son, who lives next door, said he entered the house where his mother lived with a senile sister, by the back door and found his mother on the floor. Her sister was in the house at the time of death, but was unable to give an account of what had happened. Apparently deceased was last seen alive at 9:00 p.m. on September 26th, 1962.

MARIE C. ZIMMERMAN - continued

The deputy coroner at the scene examined the body of deceased, which was livid, cold, and in rigor, lying on her left side. There was no evidence of external violence or that death was due to other than natural causes. Death was attributed to arteriosclerotic heart disease.

Deceased's son refused an autopsy and the body was released from the premises to a funeral director.

Except for the sister mentioned, and the son, Marlow, there are no survivors known to this office.

REMARKS

This case was reported to the Coroner's Office by Minneapolis General Hospital at 6 a.m. on September 29, 1962.

According to the woman's family, she had complained of a "heavy" headache on the morning of September 27; this headache was different from any others she had experienced. Later that day she was found lying in the kitchen in an unresponsive condition. The unlighted oven was turned on and it was assumed she had fallen against the stove, accidentally striking the knob that controls the oven gas. She was believed to have been overcome by gas inhalation.

Evelyn Amanda Gordon (continued)

An ambulance was summoned and the woman was brought to the Minneapolis General Hospital where she was admitted at 2:12 p.m. that day, September 27, in a comatose state with right hemiplegia. Carotid angiogram revealed thrombosis of the left carotid artery. A left bilateral trephine was done and was negative.

The woman failed to respond to treatment and expired at 2:20 a.m. on September 29.

Autopsy performed at the hospital revealed the cause of death to be acute encephalomalacia due to thrombosis of the left internal carotid artery.

Toxicological examination was negative for carbon monoxide.

The body was released from the hospital directly to a mortuary by this office.

Survivors are brothers, Walter Anderson, Minneaplis, and William Anderson, Fergus Falls; sister, Mrs. Alphia Drexel, Benton City, Washington; several nieces and nephews.

REMARKS

This case was reported to the Coroner's Office at 9:15 p.m. on September 19th, 1962, by police.

Police officers J. Andreasen and C. H. Hawkinson of squad #611 who made investigation of hit-and-run accidents to deceased, were told by James Murphy, 2423 15th Avenue South, whose car was parked at the Dairy Queen on 14th Street and 11th Avenue South, that he saw a car leave there and head west on 14th Street fast and then slam on brakes at the intersection of 14th and 10th Avenue, and then leave the scene, at about 9:05 p.m. on September 29th. Another witness told police he saw deceased step out into the street from Elliot Park in the path of the car.

CALVIN MELVIN KITTELSON - continued

Deceased, who expired at the scene at 9:11 p.m. September 29th, had been run over first, it was said, by a 1955 Ford owned and driven by Robert T. Pendleton, 21, of 2014 16th Avenue South, who was accompanied by Richard Quaas, 21, of 701 9th Street, Richard Batholemew, 23, of 1118 E. 36th Street, and Kenneth Pumper, 17, of 1215 S. 9th Street; and then by a motorcycle driven by Gene M. Ronholdt, 20, of 1700 Portland Avenue, accompanied by Gerald F. Hanson, 17, of 2624 16th Avenue South. Ronholdt said he ran over deceased's legs before he could swerve away. Neither driver appeared before police until the following day, Sunday, September 30th, and were charged with leaving the scene of an accident and given workhouse sentences.

The deputy coroner at the scene stated there were fragments of Mission House wine bottle scattered between the apparent point of impact and deceased, and fragments of broken bottle in the right breast pocket of deceased's coat. Deceased, an elderly obese man, was clad in a light blue suit and black and white plaid shirt. He had multiple abrasions and lacerations of hands, knees, and right forehead. There appeared to be a depressed fracture of the right frontal skull and fracture of left leg below the knee.

The remains were taken to the Hennepin County Morgue where an autopsy was performed at noon on September 30th. This revealed that death was due to massive hemothorax, bilateral, due to crushing injury of chest with laceration of thoracic aorta and inferior vena cava. There was also rupture of liver, right kidney, and sigmoid of colon, and fractures of left knee, mandible, nose, and left pelvis. The toxicologist's examination of a specimen of deceased's blood revealed 0.30% alcohol by weight.

Deceased is survived by two sons, Clayton H. of Minneapolis and L. O. Kittelson of Seattle; two daughters, Mrs. Paul (Ruby) Alexander of St. Louis Park, and Mary Ann Nielsen of San Francisco; twelve grandchildren; eight great-grandchildren; one brother, and two sisters.

REMARKS

This case was reported to the Coroner's Office at 4:05 p.m. on October 3rd, 1962, by the University of Minnesota Hospitals.

On the afternoon of September 5th, 1962, deceased was playing alone when her clothing became ignited in some manner. She ran to her mother with the bottom of her nylon and cotton dress afire. The mother extinguished the flames with a dish towel in a few minutes and deceased was taken to a local physician who gave emergency treatment. The child was then taken to the University Hospitals and admitted at 9:05 p.m. that day with severe burns.

Deceased, it was stated, had had no previous serious illnesses with the exception of pneumonia and was not hospitalized at that time. Her father was a hemophiliac and the child also was a bleeder.

VIRGENE RICKERT - continued

While a patient in the hospital, deceased was attended by Dr. Alan Bensman on Station 35. She expired at 2:50 p.m. on September 29th, 1962. Dr. Bensman's entry on her chart gave the following cause of death: Sepsis and respiratory failure secondary to third degree burns over 70% of body. Death was classified an accident.

REMARKS

This case was reported to the Coroner's Office at 11:20 a.m. on September 30th, 1962, by police.

Three years ago, it was said, deceased had a "heart attack" and had recently taken penicillen for urinary infection, but had not seen a physician for more than six months. He had complained of shortness of breath and weakness, but had refused to see a doctor.

Mrs. Letitia Riley, the landlady at the above address, said she brought food to deceased at 11:00 a.m. and again at 1:00 p.m. yesterday, and heard his radio the afternoon of September 29th. Today, September 30th, Mrs. Riley, accompanied by Raymond Eckland, 2212 Girard Ave. South, and W. C. Dorr, 4135 Queen Avenue North, friends of deceased, went to call on him, as Mrs. Riley had been unable to arouse the man and the door to his room was locked and the radio still on.

HAROLD J. STEWARD - continued

Mr. Ecklund gained entrance to the room through a window and discovered the body of deceased on the floor.

Police were informed and officer W. Thomey of squad #732 responded.

The deputy coroner at the scene examined the body of this middleaged man clad in green work trousers, brown socks, tee shirt, and loafers. There was no indication that death was due to other than natural causes. There was 2+ edema of legs. Death was attributed to arteriosclerotic heart disease.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Deceased is survived by his wife, Ruth; two daughters, Mrs. Carter C. (Mary) Walters of Los Angeles and Mrs. Susan Morris; a son, Thomas of Minneapolis, brother, Merle Steward of St. Paul; two sisters, Mrs. C. W. (Blanche) Resor of Dalton, Ohio, and Mrs. Jan Awsumb of San Gabriel, California; and five grandchildren.

REMARKS

This case was reported to the Coroner's Office at 8:00 a.m. on October 1st, 1962, by the Deaconess Hospital.

A patient at Ebenezer Field Hall Rest Home since August 27th, 1958, deceased fell on his way to the bathroom the morning of October 1st, 1962. Mrs. Ellison, the night nurse, called Dr. Duane Olson, who ordered the man to the Deaconess Hospital, where he was pronounced dead in the x-ray room at 7:35 a.m.

Examination of the body did not indicate that death was due to other than natural causes. Deceased weighed approximately 200 lbs. and, it was said, had a blood pressure of 240 but no complaints of feeling ill of late. Death was attributed to arteriosclerotic heart disease.

HALVOR P. HAFDAHL - continued

Deceased is survived by three daughters, Mrs. Fred (Judith) Granville of Whittier, California, Mrs. Luther (Evelyn Gunberg) of Edina, and Mrs. R. C. (Eda) Tollefson of Tacoma, Washington; two sons, Leslie P. of Virginia, Minnesota, and Halvor M. of Hollywood, California; fifteen grandchildren; and one brother, Ingwold, of Owatonna, Minnesota.

REMARKS

This case was reported to the Coroner's Office by the Hopkins Police Department at 1:20 a.m. on October 2, 1962.

On the above morning, the decedent was in the 908 Bar in Hopkins and was in conversation with Robert Lavoie, 300 East 15th Street, Minneapolis, when he suddenly collapsed to the floor in an unresponsive condition at approximately 1:05 a.m.

Hopkins Police were notified and Officers Don Bentley, John Meath, and Walter Scanlan responded and were on the scene when a deputy coroner arrived.

Roger H. Thompson (continued)

The decedent was found, fully dressed in street clothes, lying where he had collapsed on the barroom floor.

The parents of the decedent reported to the scene and stated that the young man had no known heart disease and had been pronounced in good health by the Air Force following a recent physical examination. The parents further stated that the decedent had had a sister who expired of a cerebral hemorrhage at the age of 20 years.

No evidence of unnatural cause of death was found at the scene. The body was removed to the Hennepin County Morgue where autopsy performed later that morning revealed the cause of death to be acute congestion of the lungs and liver, etiology unknown.

A blood specimen was examined and revealed the presence of 0.04% ethyl alcohol.

Survivors are wife, Nancy; daughter, Donna Lee; parents, Mr. and Mrs. Ralph T. T hompson; sister, Mrs. Brickwood Cummins; brothers, Allan and Paul.

REMARKS

This case was reported to the Coroner's Office at 3:10 p.m. on October 2nd, 1962, by deceased's husband, Elbert Ratliff.

Mr. Ratliff had been outside the afternoon of October 2nd and came in at 2:40 p.m. and found that his wife had collapsed in the bathroom. He stated that she had been ill for the past two days with chest pains across her chest and between her shoulder blades, and was preparing to go to a doctor. She had been hospitalized in 1956 in Detroit for high blood pressure.

Police officer R. H. Stevens of the Richfield police was at the scene when a deputy coroner arrived.

ANNA T. RATLIFF - continued

The deputy coroner examined the nude body of deceased lying on her back in bed in the bedroom. The body was cold and without rigor. There was no indication that death was due to other than natural causes, and it was attributed to arteriosclerotic heart disease.

The remains were released from the premises by the deputy coroner directly to a mortician.

Deceased is survived by her husband, Elbert; brothers, Carl Torkelson of Madison, Minnesota, Palmer of Phoenix, Arizona, and Nels of Fullerton, California; sister, Mrs. Emma Butterworth of Lincoln Park, Michigan.

REMARKS

This case was reported to the Coroner's Office at 2:55 p.m. on October 2nd, 1962, by police.

Audrey Hillman, a daughter, went to see her mother, the deceased, this afternoon at 2:00 o'clock, after unsuccessfully trying to reach her by phone at 11:00 this morning. She found that her mother had expired in bed and notified police. Officers Sorenson and Buchan of squad #553 responded, and detectives on squad #701 investigated.

Deceased, it was stated, had been under the care of Dr. C. O. Erickson of the Minneapolis Clinic of Psychiatry and Neurology.

DOROTHY KAPLAN - continued

The deputy coroner at the scene examined the body of deceased lying in bed in a night garment. The body was cold and in full rigor. There were two seconal pills in bed and 11 seconal pills at the head of the bed.

The remains were taken to the Hennepin County Morgue where an autopsy was performed at 9:00 a.m. on October 3rd. This revealed bilateral pulmonary edema and congestion, old left lung fibrosis, mild coronary sclerosis, cholelithiasis, myomata, and hyperemia of bladder. In the opinion of the pathologist it was deemed advisable to await the results of toxicological examinations before determining the cause of death. The toxicologist's examination revealed that death was due to barbiturate poisoning (seconal.)

Deceased is survived by her husband, Thomas S.; two daughters, Mrs. Morton Lent and Mrs. Herbert Hillman, all of Minneapolis, and a brother, Dr. Harry Macey of St. Paul.

REMARKS

This case was reported to the Coroner's Office on October 2nd, 1962, at 4:45 p.m. by the Minneapolis General Hospital.

Deceased, it was reported, was found at 2:30 p.m. on October 2nd, 1962, in the toilet at the above address by a hospital interne, Dr. Close. Police had been notified that an ambulance had been summoned. Deceased was brought to the hospital with his mother at 4:00 p.m. that day. Permission for an autopsy was signed by the mother, who was treated in emergency and released the same evening.

This office was unable to obtain a record of the circumstances surrounding the birth of deceased, and there is no record that police responded to the call.

BABY BOY JONES - continued

The fetus was 35 cm. in length, macerated, and had apparently been dead for several days. There was no evidence of abortion. It was stated this was the mother's seventh pregnancy. Dr. Lease on obstetrics stated that he examined the mother and that she had delivered.

Death was attributed to immaturity and the body was released to the Anatomical Department of the University of Minnesota.

REMARKS

This case was reported to the Coroner's Office at 9:15 a.m. on October 2nd, 1962, by police.

Deceased had just sat down after presiding at a sales meeting at the Curtis Hotel and collapsed and expired in his chair at 9:01 a.m., according to Harold Mack, 4438 Hillcrest Drive, Madison Wisconsin, of the William S. Merrell Company. He stated deceased had a history of hypertension. Dr. Brown, who was in attendance on a Minneapolis General Hospital ambulance that had been called, pronounced death.

Police officers Sanford and F. W. Johnson of squad #117 were at the scene when a deputy coroner arrived.

ROYAL ROBERTS COMSTOCK - continued

The deputy coroner at the scene examined the body of deceased, which was very cyanotic. There was no indication that death was due to other than natural causes. The remains were taken to the Hennepin County Morgue, to be released later to a funeral director.

Deceased and his wife had been under the care of Dr. R. K. Simmons for some time, and he had been seen by Dr. Simmons a month ago. Dr. Simmons said deceased had had previous attacks of congestive heart failure due to arteriosclerotic heart disease.

Death, which occurred at 9:01 a.m. on October 2nd, 1962, was attributed to congestive heart failure due to arteriosclerotic heart disease and hypertension.

Except for his wife, Mildred, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 6:00 a.m. on October 3rd, 1962, by police.

Deceased was being cared for in a foster home and had been under the care of Dr. Leonard Carlson, who said he had recently treated the baby for a bronchitis and diarrhea. The baby was found dead in bed at 6:00 a.m. this morning.

Examination of the body by a deputy coroner indicated that deceased had apparently aspirated gastric contents. Formula was in the child's throat and mouth. Death was attributed to asphyxia due to aspiration of formula and was classified an accident.

Except for his parents, the names of survivors are not known to this office.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

REMARKS

This case was reported to the Coroner's Office at 1:50 p.m. on October 3rd, 1962, by the Bloomington police.

According to officer Christian, Mrs. Malinda Zochert, wife of deceased, said she left for work at 6:40 a.m. at Martin Luther Manor this morning, October 3rd, and on returning home at about 1:30 p.m., entered through a side door. As she did so she saw lights on at the top of the basement stairway, looked down and saw deceased's feet. On going into the basement, she found him lying on his back in a pool of blood with a shotgun lying between his legs.

EWAID O. ZOCHERT - continued

The deputy coroner at the scene reported that deceased, a middleaged man clad in blue pajamas, lay on his back in a pool of blood in the basement, a gaping 1½ inch wound of entrance under his jaw in anterior neck surface, with dried blood about the area. Deceased's head was distended as were all facial tissues. The body was cold and there was rigor in the eyelids, fingers of the right hand and toes of right foot. A model 12 Winchester pump 12 gauge shotgun with an empty #6 Super-X shell in the chamber and two #6 unexpended shells in the magazine was lying between deceased's legs, the butt end protruding approximately ten inches toward the stairs. Deceased had a yardstick in his hand like a pointer, the "0" end on the floor. Two shot pellets were lying on top of deceased, one on right anterior chest, and one in teeth. His spectacles were on his right.

Deceased had a history of care at the University Hospital. According to his wife she had been told by Dr. Haase, who attended him on station 60, that he was not a suicidal type, and she said he had never talked of suicide. He allegedly did not have high blood pressure. Mrs. Zochert did say, however, that she had hidden the gun in the attic about five years ago. They went to bed at 10:00 p.m. last night, and as far as she knew, her husband had been quiet all night. When she left home this morning he was sleeping.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Deceased is survived by his wife, Malinda; son, Marvin; daughter, Mrs. William (Mary Ann) Wallace of Jackson, Minnesota; brother, Edmund of Portland, Oregon; three sisters, Mrs. Arnold (Martha) Marxen and Mrs. William (Frieda) Klock, both of Wheaton, and Mrs. Howard (Irma) Roberts of Fargo; and three grandchildren.

10-3-62: The deputy coroner's report stated there were findings of: Powder burns about the wound of entrance under chin. Palpable severely comminuted fracture of skull and all facial bones with blast distension of all tissues of head and upper neck. Powder burns at margin of left thumb web.

REMARKS

This case was reported to the Coroner's Office at 5:25 p. m. on October 3, 1962, by the Hennepin County Morgue Sheriff's Office.

Esther Sundberg, of the above address, it was stated, was working on the garage with deceased when she heard a noise, turned around, and saw deceased lying on the roof. A Doctor Christianson from Maple Plain was called and he pronounced the man dead on arrival. Death apparently occurred at 4:45 p.m. that day.

Leola Andrew, wife of deceased, stated her husband was a diabetic and took regular insulin about four times a day, and had just recently seen Doctor L. J. Pettit.

GLENN ANDREW - continued

The deputy coroner at the scene said deceased was said to have been lying on the Northeast corner of a partly finished garage roof near the ridge. A Craftsman power handsaw with two wire cord was plugged into a four outlet extension receptable on west side of ridge pole of roof. Also plugged into extension box was a portable radio, extension cord, two wire, leading through gap in ridge of roof to coil below was also two wires. Approximately 6' west of southwest corner of garage frame there was a three wire underground electric cable coming up from underground with coil and bare ends of three wires under and behind a stump under a board set up like a protective roof. Ends of hot and neutral wires were bent to hooks so as to hook through prongs of plug from extension cord.

The deputy coroner noted that the deceased had a small punctate lesions of left knee, left palm and right thumb dorsum which he encircled for determination as possible electric burns. The Craftsman saw was put in custody of the deputy coroner for the purpose of checking it.

Esther Sundberg and deceased's wife stated that the radio was playing and it was raining.

The body was removed to the Hennepin County Morgue where an autopsy was performed the following day, October 4, 1962. Death was due to electrocution due to faculty extension cord connection for electric saw.

REMARKS

This case was reported to the Coroner's Office at 9:55 p.m. on October 3rd, 1962, by police.

According to police, Mrs. Margaret Gillette of the above address, heard a sound as of someone falling the evening of October 3rd, and upon investigation upstairs found deceased face down on the floor. Police officers Royalty and Sell of squad #440 responded to a call for assistance and Dr. Strang, a Minneapolis General Hospital ambulance physician, pronounced the man dead. Death apparently occurred at 9:27 p.m.

Deceased, it was said, had been under the care of Dr. Donald B. Frane and Dr. E. Robert Schwartz; had been subject to seizures and had been taking dilantin, apparently on arteriosclerotic cerebrovascular basis.

PATRICK J. DORAN - continued

The deputy coroner at the scene examined the body of deceased. Except for a minor laceration at one eyebrow, there was no indication of trauma. Death, at 9:27 p.m., was attributed to cerebro-vascular accident due to cerebral arteriosclerosis. Coronary and generalized arteriosclerosis were contributing factors.

Deceased's family refused an autopsy.

The remains were released by the deputy coroner directly from the premises to a funeral director.

Deceased is survived by twenty-one nieces and nephews.

REMARKS

This case was reported to the Coroner's Office at 2:50 a.m. on October 4th, 1962, by police.

Officers O'Rourke and Anderson of squad #701 were at the scene when a deputy coroner arrived.

According to police, William Joles, 14 N. 6th Street, Room 27, said Elizabeth Paper found deceased limp on the floor beside the couch in the livingroom of the rear apartment at the above address at 2:20 a.m., and was pronounced dead by Dr. Larson, a Minneapolis General Hospital ambulance physician. Joles said Elizabeth Paper and Frank Sutton, 1517 Chicago Avenue, came into the apartment at that time, and that Anne Zaccardi, the child's mother, and Johnny Sutton were present.

Anne Zaccardi said she and Johnny came in at 9:30 p.m. on October 3rd and Frank and Elizabeth were present until that time. Frank Sutton said the baby was all right when he and Elizabeth Paper left at 9:30 p.m.

Johnny Sutton said he was asleep in bed in a bedroom and Anne Zaccardi said she was also asleep. She said she put deceased to bed on the couch about 11:00 p.m. after feeding him, and that he was well at that time and had not been ill.

According to Joles, whey they found the baby at 2:20 a.m. on October 4th, 1962, the child was lying face down on the floor in front of the couch with his left hand clutching part of a plastic garment bag, and that he had to pull the end of the bag out of his mouth.

The deputy coroner examined the body of this thin infant lying on a bed. The body was limp and cool to touch. The left cornea was slightly dried.

The remains were taken to the Hennepin County Morgue where an autopsy was performed that day - October 4th, 1962. Death was attributed to pulmonary congestion and edema of unknown etiology.

After police investigation, Anne Zaccardi, was brought before the Grand Jury and after a hearing jailed on a second degree manslaughter indictment charging her with causing the death of deceased by leaving him lying on a plastic bag that was marked "Warning: To avoid danger of suffocation, keep away from babies and children, do not use in cribs, beds, carriages or playpens. This bag is not a toy."

REMARKS

This case was reported to the Coroner's Office at 1:25 p.m. on October 4th, 1962, by police.

Deceased, who apparently had been walking down Hennepin Avenue, was seen to sit down in a chair at the above address by Roy Stenlund, an employee. Deceased gasped several times and slumped over in the chair. Police were notified and officers F. W. Johnson and Mattson of squad #117 responded. Dr. Toft, a Minneapolis General Hospital ambulance physician, pronounced death, which apparently occurred at about 1:12 p.m., that day, - October 4th, 1962.

ADOLPH W. NORDSTROM - continued

The deputy coroner at the scene examined the body of deceased which was fully clothed sitting upright in a chair in the front of the building. The body was livid and warm. There was no indication that death was due to other than natural causes and it was attributed to arterio-sclerotic heart disease.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Deceased is survived by seven daughters, Mrs. Stella Wills and Mrs. Milo Wills of Kimball, Minnesota; Mrs. George Fuller of Willmar, Minnesota; Mrs. Mabel Dunham of Minneapolis; Mrs. Gunnard holt of Fort Bragg, North Carolina, Mrs. Dwight Hallock and Mrs. Wallace Johnson of Seattle, Washington; three sons, Elmer, Vernon and Harold Nordstrom of Minneapolis; thirty-two grandchildren; and eighteen great-grandchildren.

REMARKS

This case was reported to the Coroner's Office at 4:37 p.m. on October 4th, 1962, by police.

Apparently deceased was last seen alive by his friend, Harold N. Gavic of 415 South 10th Street, who had been with him the night of October 3rd until 7:00 p.m., and at that time he appeared to be in his usual state of health. Mr. Gavic returned to visit deceased this afternoon but was unable to get a response so called upon the caretaker who opened deceased's room and they found deceased dead in bed at 4:20 p.m.

Police were notified and officers Almen and Vincent of squad #221 responded. According to the caretaker, Mr. Korsmo, deceased had had dizzy spells in the last few days.

ROY S. EPPS - continued

The deputy coroner at the scene stated the body of deceased lying in bed showed that he had had an oral hemorrhage. There was blood about his face and on the pillow. The body was in rigor. Death was attributed to arteriosclerotic heart disease.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Deceased is survived by a brother, William C., two sisters, Mrs. Edwin Clark and Mrs. Lillian Blair.

REMARKS

This case was reported to the Coroner's Office at 4:50 p.m. on October 4th, 1962 by airport police.

The circumstances surrounding this case and the succeeding case (#855 - Joel F. Ernsberger) are identical.

Deceased expired at about 4:47 p.m. on October 4th, 1962, as a result of an airplane crash on takeoff during a training flight. It was stated the accident occurred at about 4:30 p.m. Ernsberger was "pilot in command" of a Cesna Sky Hawk, NY 15484, Serial 17249248, Model 1720 - taking off from Wold Chamberlain Field on runway 11R, when the plane was noted to dip its right wing, correct a bit, gradually climb to the left, and then suddenly plummet to earth 160 feet southeast of runway 11R. There were dual controls, therefore which of the two was actually piloting the plane at the time of the crash is debatable. Deceased, it was stated, had passed the written examination for his commercial license and needed only a few more hours of instrument flying to qualify for it. Ernsberger was said to be a specialist in Link Trainer instruction and instrument flying.

ROBERT W. ERNST - continued

First at the scene were Eugene T. Farrell, assistant Metropolitan Airport Commission field director, and Captain William Schmidt, and Ed. S. Munteau. There was considerable gasoline spillage at the edge of the runway and crash scene.

The accident was witnessed by three Metropolitan Airport Commission employees, who said the crash occurred at the northwest end of the northwest-southeast runway, about 100 yards from the truck in which they were riding. They said they ran to the wreckage, but it was obvious the two men in the plane were dead, -the time being about 4:47 p.m. Dr. Ronald Smith of the Earle Clinic confirmed death.

According to Dennis Anderson, 5712 24th Ave. S., one of the witnesses, the plane attained an altitude of about 100 feet and "commenced to wobble." The plane then dipped to the right, "then he seemed to correct and climbed gradually to the left. Then the left wing dropped." "He went head first into the ground with full power," said James Satterlund, 3746 20th Ave. S. "There was just a puff of smoke or dirt or something and that was all," said Merton Moore, 5124 54th Ave. S.

The deputy coroner at the scene said deceased's body was said to be lying partially out of the plane along the wing fragment. When he arrived at the scene both bodies had been removed and were lying on the ground face up. The plane had been towed off the runway and was under F.A.A. inspection.

The remains were taken to the Hennepin County Morgue, where an autopsy was performed at 9:00 a.m. on October 5th, 1962. This revealed multiple fractures of skull, face, ribs, pelvis and extremities; cerebral hemorrhage, ruptured liver, spleen, and kidney; ruptured left diaphragm and contused lungs and bilateral hemothoraces.

Except for a sister, Mary, and his father, William H. Ernst, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 4:50 p.m. on October 4th, 1962 by the airport police.

Deceased expired at about 4:47 p.m. on October 4th, 1962, as a result of an airplane crash on take-off during a training flight. The circumstances surrounding this case are the same as on the previous case, #854-Robert W. Ernst, which see.

When the deputy coroner arrived at the scene both bodies had been removed from the plane and were lying on the ground face up. Dr. Ronald Smith of the Earle Clinic had confirmed death. The plane had been towed off the runway and was under Federal Aviation Agency inspection.

JOEL F. ERNSBERGER - continued

The remains were taken to the Hennepin County Morgue where an autopsy was performed on October 5th, 1962, at 10:00 a.m. This revealed maceration of heart; transection of aorta, pulmonary artery and great vein; multiple pulmonary lacerations and contusions; fracture and transection of cord; fracture of skull; subarachnoid hemorrhage; rupture of liver and spleen; fracture of left humerus, right radius and ulna, and both femurs.

Deceased is survived by his wife, Sylvia; daughters, Sharon and Sheila of Minneapolis; mother, Mrs. Floyd Ernsberger; brother, Richard of Ohio; three sisters, Reba of Indiana, Mary Alice and Laura May of Ohio.

REMARKS

This case was reported to the Coroner's Office at 9:00 a.m. on October 5th, 1962, by the Minneapolis General Hospital.

While crossing Linden Avenue North from west to east on the south crosswalk at the intersection of Linden and Lyndale Avenues North at 5:50 a.m. on Friday, August 31st, 1962, deceased, a pedestrian was struck by a 1956 Plymouth bearing license 5N 1807 being driven north by Selmer T. Moe, 40, of 3433 Fremont Avenue South. The semaphore was said to be flashing amber for north and south bound traffic. It was dark and raining and deceased was said to be wearing dark clothing.

Police officer T. Rosenberger, #420, was at the scene and investigated the accident.

JOSEPHINE McBRIDE - continued

Deceased was taken from the scene of the accident to Minneapolis General Hospital and admitted at 6:58 a.m. that day, August 31st. She expired at 7:10 a.m. on October 5th, 1962, at the hospital.

An autopsy performed at the hospital on the date of death revealed severe pulmonary congestion and edema with severe atelectasis due to multiple traumatic injuries - cerebral contusions, bilateral, retroperitoneal hematoma, fracture of left femur and fracture of left ilium.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 8:25 p.m. on October 5th, 1962, by airport police.

Deceased, it was stated, had come to Minneapolis this morning, October 5th, via Northwest Airlines and was to leave aboard a Northwest Airliner at 7:40 p.m. on flight #494, to arrive in Chicago at O'Hare Field at 9:55 p.m. Dr. Ronald Smith, with the Earle Clinic at the airport, pronounced this man dead after he collapsed to the floor at the Red Concourse in the presence of officers Hawkey and Simmons. Death apparently occurred at 8:05 p.m.

HERBERT JOHN RECK - continued

The deputy coroner at the scene found deceased lying on an ambulance type cot located in the press room at the airport terminal. He stated nothing was known about the man's medical background.

Officers Majchrzak and Smith were also at the scene.

The remains were taken to the Hennepin County Morgue where an autopsy was performed at 9:00 a.m. on October 6th. This revealed that death was due to congestive heart failure due to severe coronary arteriosclerosis and coronary hypoplasia.

REMARKS

This case was reported to the Coroner's Office at 10:00 a.m. on October 5th, 1962, by police.

Deceased, apparently, was last seen alive at 6:00 a.m. on October 4th, 1962, by a neighbor, Mrs. Felix Bissel who resides in apartment #5, Mrs. Bissel summoned the caretaker the morning of the 5th because she was concerned at not having seen deceased during the day yesterday. Upon investigation, Ed Larsen, the caretaker, found deceased at 9:25 a.m. October 5th dead on the floor in his bedroom, and notified police.

Police officers R. Hmath and J. C. Larson of squad #116 responded. Dr. Stang, aboard a Minneapolis General Hospital ambulance that had been summoned, confirmed death.

EARL WARN - continued

The deputy coroner at the scene examined the body, which was nude, lying on the bedroom floor beside his television, face up. The body was warm but not livid. There was no indication that death was due to other than natural causes, and death was attributed to arteriosclerotic heart disease.

Deceased is survived by four brothers, Chester of Pine River, Minnesota, Harold W. of MacGregor, Minnesota, James A. and Fay E. both of Minneapolis, and a sister, Mrs. Beatrice Hansen of Hastings, Minnesota.

REMARKS

This case was reported to the Coroner's Office at 10:15 a.m. on October 5th, 1962, by police.

Deceased was found at 9:30 a.m. on October 5th, 1962 with a gunshot wound of head in his bedroom by a friend, George Calkin, 1718 5th Street North, second floor, who notified police. Officers Herb Wasseman and Harland Lundquist of squad #440 answered the call.

Detective Blanch was at the scene when a deputy coroner arrived.

The deputy coroner stated deceased was lying in the front room on the first floor, which was the bedroom, on the bed, sideways, with his feet on the floor and a pillow under his head. A 38 caliber Colt revolver, double action type, was lying on his chest partially clutched by his left hand. The gun was to the right side of the head, slightly posterior to the temple area, and it appeared that the trigger had been pulled with the right hand. There were powder burns on the left hand and around the bullet hole.

ARCHIE W. HANSON - continued

The wound of entrance was through the right side of head, and the wound of exit was through the left occiput. A small punched out bone fragment was seen lying on the pillow near the exit opening. There was much blood around the head and shoulders on the pillow. The deputy coroner found the bullet in the pillow and removed it by cutting the pillow with a knife. Deceased was clothed in underwear, trousers, shoes and socks.

A note to the paper boy written on the back of an envelope, allegedly in deceased's handwriting, notified him to discontinue service on October 6th. The note, found in the mailbox, was brought in to the Coroner's office.

The remains were removed to the Hennepin County Morgue and later released to a funeral director.

Except for a sister, Grace Swan, of north St. Paul, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 7:00 p.m. on October 5th, 1962, by police.

After the evening meal on October 5th, deceased collapsed and expired at 6:45 p.m. while watching television in his home. Dr. Payson, aboard a Minneapolis General Hospital ambulance that had been summoned, confirmed death.

Police officers Ersbo and Pederson of squad #441 were at the scene.

Examination of the body by a deputy coroner did not indicate that death was due to other than natural causes and it was attributed to arteriosclerotic heart disease.

MAX KALOV - continued

There is no medical history available except that deceased had a respiratory infection with bronchitis about six months ago.

The remains were released directly from the premises by the deputy coroner to a funeral home.

Except for his wife, Molly, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 3:30 p.m. on October 6th, 1962, by the Minneapolis General Hospital.

On Saturday, September 29th, 1962, at 3:41 p.m. deceased was riding a bicycle south across East 43rd Street at 4th Avenue South when he was struck by a 1954 Ford four-door sedan bearing license MR 5030 for 1962 being driven by Helen Elmina Colby, 39, of 4748 Bryant Avenue South.

Traffic policemen Don Nichols and R. Morse were at the scene and investigated the accident. It was stated the driver of the vehicle had stopped for the stop sign, then pulled out and the car struck the bicycle. Helen Colby, driver of the car, was tagged for failure to yield after stopping for a stop sign.

CALVIN HOOKS - continued

Deceased was taken from the scene of the accident to the Minneapolis General Hospital and admitted at 3:59 p.m. that day, September 29th. It was noted at the time of admission that deceased was comatose and had left occipital and basal skull fractures. He expired at 2:15 p.m. on October 6th, 1962.

An autopsy was performed at the hospital on the following day, October 7th. This revealed subdural and subarachnoid hemorrhage, left occipito basal skull fracture, pulmonary edema and congestion.

Remains were released directly to a mortuary.

REMARKS

This case was reported to the Coroner's Office at 2:40 a.m. on October 8th, 1962, by police.

There is no past medical history obtainable on deceased. It was stated he came home at 4:00 p.m. on October 7th. His wife thought him to be inebriated as he was apparently behaving oddly. He took off his clothes, complained some of chest pain, became nauseated, vomited and collapsed to the floor. Mrs. McLean said he felt warm and she covered him up as she was unable to lift him into bed. She said she went to bed at approximately 10:00 p.m. and awoke in the early morning. At about 2:00 a.m. she realized her husband was probably dead and notified police.

Officers R. Dunn and J. Carlson of squad #551 responded and summoned a Minneapolis General Hospital ambulance. Dr. Brown, the ambulance physician, confirmed death.

FRANK JOSEPH McLEAN - continued

The deputy coroner at the scene examined the body of deceased which was partially clothed, lying face down in emesis, and livid and warm.

The remains were taken to the Hennepin County Morgue where an autopsy was performed that day, October 8th, 1962. This revealed that death was caused by subarachnoid hemorrhage involving brain stem, spontaneous or result of fall unknown. Alcoholism was a contributing factor. Toxicological examination of a specimen of deceased's blood was negative for alcohol at the time of death.

Deceased is survived by his wife, Albina; sons, Douglas, Alex and Richard; daughter, Jean; sister, Mrs. Eugene Eithen, and brother, Alex McLean, both of Duluth.

10-15-62: According to deceased's son, Douglas McLean, deceased was involved in a two car collision at 26th Street between 4th and 5th Streets heading east, on September 11th, 1962, and this accident was reported to the police.

REMARKS

This case was reported to the Coroner's Office at 5:30 a.m. on October 8th, 1962, by the Bloomington police.

Deceased was apparently employed by Vern Sovia in his home as a governess for his children since his separation from his wife, and allegedly had lived at the above address for approximately a week. She was currently undergoing divorce proceedings from her own husband. On Saturday evening, October 6th, it was said, deceased packed her bags and left, leaving a note (which was taken by the deputy coroner on the case) stating that she was returning to her husband "and perhaps Forrest and I can work things out." "I should know by now," she wrote, "that people do not want anyone with problems around them."

BEVERLY JOY KABLE - continued

On Sunday, October 7th, at about 6:00 p.m. deceased returned and was last seen by the Sovia children at about 11:00 p.m. at which time she was talking to their father.

At about 5:00 a.m. on October 7th, the younger boy who was sleeping upstairs heard the dog squealing. On going downstairs he found gaseous fumes and awakened his father, who was sleeping on a couch in the livingroom. Mr. Sovia investigated and discovered the body of deceased behind the wheel of a locked 1960 white two-door Chevrolet bearing 1962 Minnesota license 3R 6051 in the garage. A car window on the left was broken open by Mr. Sovia and attempts at resuscitation were made with the assistance of police.

A second boy, Gary, who was sleeping in a bedroom next to the garage was overcome by fumes.

Bloomington police officers Williams and Schmidt were at the scene when a deputy coroner arrived. The ignition was in lock position and the gas gauge read empty. Deceased's body was lying face up on the floor at the front of the garage.

The remains were taken to the Hennepin County Morgue where an autopsy was performed at 9:00 a.m. on October 8th, 1962. This revealed bilateral pulmonary atelectasis. The toxicologist's examination of a specimen of deceased's blood indicated carbon monoxide saturation. Death was attributed to carbon monoxide poisoning and classified a suicide.

Except for her husband, Forrest, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 7:50 a.m. on October 8th, 1962, by Dr. William Trow.

Dr. Trow had delivered this baby, which was said to be the largest of seven children and the delivery the easiest. The baby was found lifeless in her crib at about 6:30 a.m. this morning by her mother, who said she had been well, and that none of the other children had been ill, except for a few runny noses. Deceased was due to go to the doctor for a check-up today, October 8th, and had not had a polio-immunization at the recent county-wide clinic. Mrs. Kenney said deceased cried a little more than usual yesterday and that her heart was perhaps a little more rapid.

SHEILA MARIE KENNEY - continued

Both parents desired an autopsy and the deputy coroner at the scene took custody of the body which was removed to the Hennepin County Morgue.

An autopsy at the morgue was performed that day to determine the cause of death. There was pulmonary congestion and edema, and later results indicated that death was due to interstitial pneumonia.

Except for her parents and the six other children, there are no survivors known to this office.

REMARKS

This case was reported to the Coroner's Office at 10:00 a.m. on October 8th, 1962, by police.

At about 9:45 this morning, October 8th, deceased collapsed and expired in the east end lobby at the main post office. A customer notified Joe Dargay, a post office employee, who called the post office nurse, who instructed him to notify police. Officers P. Jones and M. Fisher of squad #119 responded, and Dr. Payson, who was in attendance on a Minneapolis General Hospital ambulance that had been summoned, pronounced death.

CLAUDE ROBERT WILSON - continued

The deputy coroner at the scene examined the body of deceased, a very obese middleaged man, lying on his back on the floor in front of the north elevator door at the east end lobby of the post office on the main floor. There was a swelling of the left occipital region.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

An autopsy was performed at the morgue on the date of death. This revealed that death was due to thrombosis, acute, of the right descending coronary artery due to coronary arteriosclerosis. Obesity was a contributing factor.

Deceased is survived by his wife, Clara; an aunt, Miss Violet Lund of Willmar, Minnesota; two nephews and a niece.

REMARKS

This case was reported to the Coroner's Office at 3:50 p.m. on October 8th, 1962, by the Minneapolis General Hospital.

Deceased, a pedestrian, was struck by a 1951 Cadillac sedan owned and driven by Mason B. Peterson, 34, of 212 - 11th Avenue South, Minneapolis, as he stood on the double yellow line in the middle of East Lake Street, just east of 30th Avenue South, Minneapolis, at 7:55 p.m. on September 19th, 1962. Mr. Peterson, driver of the vehicle, was accompanied by Aloma June Koplin, 18, of 2521 Portland Avenue South, and was driving east on Lake Street. The weather was clear and dry, but it was dark.

CARL ABEL CARLSON - continued

Deceased was taken from the scene of the accident to Minneapolis General Hospital and admitted. He expired at 3:35 p.m. on October 8th.

An autopsy was performed at the hospital on the day of death. This revealed that death was caused by subarachnoid hemorrhage and cerebral contusion due to basal skull fracture. Bronchopneumonia, fracture of pelvis and bilateral tibia fractures were contributing factors.

Deceased is survived by a daughter, Mrs. William R. Carlson of Hopkins, and two sisters, Mrs. C. A. Borgstrom and Mrs. A. Franceen, both of St. Paul.

REMARKS

This case was reported to the Coroner's Office at 6:50 p.m. on October 8th, 1962, by Dr. Kenneth B. Romness, of Mound, Minnesota.

Deceased, it was stated, had recently come from California to reside with her son, Donald T. Monson, and had been living at his home since April, 1962. She collapsed and expired while sitting at the table at her son's home at about 6:45 p.m. on October 8th, 1962. Dr. Romness was called, but deceased had already expired when he arrived.

Examination of the body did not indicate that death was due to other than natural causes and it was attributed to arteriosclerotic heart disease.

IDA J. MONSON - continued

The deputy coroner on the case released the body directly from the premises to a funeral director.

Deceased is survived by daughters, Myrtle Monson of San Francisco, Mrs. C. R. (Verna) McHugh of Edina, Mrs. H. S. (Alice) Bjornstad of St. Paul; sons, Gerald A. of Sunnyvale, California, Harold C. of Mound, Julian Q. of Minneapolis, and Donald P. of Wayzata; thirteen grandchildren; fifteen great-grandchildren; and a sister, Mrs. Cecil Neil of Climax, Minnesota.

REMARKS

This case was reported to the Coroner's Office at 1:35 p.m. on October 9th, 1962, by the Mission Farm in Plymouth Village.

Deceased had a history of care by the Minneapolis General Hospital. This morning, October 8th, he was found to be very ill and a nurse was called. She was able to find some pulse, but deceased expired shortly, at 10:45 a.m.

Examination of the body by a deputy coroner did not indicate that death was due to other than natural causes and it was attributed to arteriosclerotic heart disease. The deputy released the remains directly from the scene to a funeral director.

Deceased is survived by two sisters, Mrs. Harold Carlson of Minneapolis and Mrs. Donald Semple of Wayzata; four brothers, Edwin S., Clarence W., Alfred W. and Harold A. of Minneapolis.

REMARKS

This case was reported to the Coroner's Office by the Minneapolis Police Department at 10:40 a.m. on October 9, 1962.

About 10:30 on the above morning the decedent was driving south on Cedar Avenue at a very slow rate of speed in his Chevrolet sedan, bearing 1962 Minnesota license 5B1381, when his vehicle went over the curb and then back toward the street again, coming to a stop against an automobile, bearing 1962 Minnesota license 3V8186, which was parked in front of 316 Cedar Avenue. A witness to this occurrence, Carl Anderson, 627 19th Avenue South, summoned Police and Officer Neuenfeldt, Squad 604, responded.

Sam Emmanual Johnson (continued)

A Minneapolis General Hospital ambulance was dispatched to the scene and the physician aboard, Dr. Payton, pronounced the man dead at 10:30 a.m.

A deputy coroner went to the scene and found the decedent slumped over in the front seat of his automobile. The body was warm and there was no rigor present.

No damage was done to the automobile the decedent's vehicle struck.

The decedent's body was removed to the Hennepin County Morgue where autopsy performed later that day revealed coronary sclerosis; myocardial fibrosis; pericardial adhesions; cerebral edema; cardiomegaly. Death was ascribed to severe coronary arteriosclerosis with myocardial fibrosis due to generalized arteriosclerosis.

A specimen of the decedent's blood was negative for ethyl alcohol.

Survivors are wife, Ann; stepdaughters, Mrs. Anna Mae Squire, Minneapolis and Neoma Carlson, Ontario, California; sisters, Mrs. S. J. Sivertson, Mrs. W. G. Anderson, Mrs. Alice Belmore and Miss Ella Johnson; brothers, George and Arthur Johnson, all of Minneapolis.

REMARKS

This case was reported to the Coroner's Office at 3:45 p.m. on Tuesday, October 9th, 1962, by police.

Mrs. Holmes, deceased's wife, was ironing on the main floor of the home at 3:30 p.m. today, October 9th, when she heard a sound as if someone or something had fallen in the basement. Upon investigation she found her husband lying face down in a pool of blood and called police for an ambulance. Police officers Neeson and Riemer of squad #604 were the first to arrive and a Minneapolis General Hospital physician who arrived shortly after pronounced death. When the doctor turned deceased over on his back a .32 caliber Harrington and Richardson revolver was found under the body.

EDWARD EUGENE HOLMES - continued

Police officers Streed and Coughey of squad #442 were at the scene when detectives Kelly and Short of squad #701 arrived.

The deputy coroner at the scene examined the body which was lying on its back on the basement floor in a pool of blood. The revolver above mentioned lay near his left hand. The body was clothed, cool, and without rigor. There was a hole and powder burns on deceased's undershirt. There were two shells in the revolver, one of which had been fired.

Deceased, it was stated, had a history of heart disease and three years ago had brain surgery, and for the past few years had been in severe pain. He was being cared for by Dr. C. J. Aling and Mrs. Earl Keel, a registered nurse who resides next door, had been giving him shots.

Detectives were satisfied that death was due to suicide.

The deputy coroner took custody of the body and the revolver which were taken to the Hennepin County Morgue and later released to the funeral director.

Deceased is survived by his wife, Bernice; son, Kenneth of Minneapolis; daughters, Mrs. Waldo Malenke, Kathryn and Mavis, all of Minneapolis; father, Charles Holmes of Osseo; brother, Emery of Crystal; and sisters, Lenora Holmes, Mrs. Irvin Knoble of Osseo and Mrs. George Zopfi.

REMARKS

This case was reported to the Coroner's Office at 4:50 p.m. on October 9th, 1962, by police.

There is a history of heart disease and care under Dr. Harold Miller, who saw deceased about six weeks ago.

This afternoon, October 9th, deceased was standing talking to Don Swanson and Tom Hastings at the Hastings Hotel, when he threw his head back, gasped for air, collapsed to the floor and expired. Mr. Swanson notified police and officers D. R. Peterson and Yale of squad #119 responded and summoned a Minneapolis General Hospital ambulance and rescue squad.

HERMAN A. BRUNTJEN - continued

The rescue squad attempted resuscitation by closed heart massage but were unsuccessful. Dr. Finstad, the ambulance physician, pronounced death.

Examination of the body by a deputy coroner did not indicate that death was due to other than natural causes. Death, which apparently occurred at 4:32 p.m. on October 9th, 1962, was attributed to arteriosclerotic heart disease and hypertensive cardio vascular disease.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Deceased is survived by his wife, Marjorie; five sons, Worth, Herman, Jr., John, Frederick, and William, all of Orono; a brother, Hans, of Hopkins, and two sisters in Germany.

REMARKS

This case was reported to the Coroner's Office at 11:00 a.m. on October 16th, 1962, by the Veterans Hospital, by mail.

Due to an error on account of a new assignment on pathology, the case was not reported to this office until after an autopsy had been performed.

On August 6th, 1962, it was stated, deceased was admitted to the Veterans Hospital for treatment of cholelithiasis. Apparently he fell out of bed in ward 6AW at 7:30 p.m. on September 18th, and suffered fracture of the right femoral neck. Surgical repair of the fracture was performed on October 5th, however deceased expired at 5:30 a.m. on October 9th.

CYRUS VANDERCOY - continued

An autopsy performed at the hospital revealed that death was due to bronchopneumonia due to fracture of right femoral neck. Cholelithiasis and benign prostatic hypertrophy were contributing factors.

REMARKS

This case was reported to the Coroner's Office at 4:30 p.m. on October 9th, 1962, by police.

Deceased was found in her room by Miss Josephine Ryan who resides in room 257 gasping for breath at 4:00 p.m. on October 9th, 1962. Miss Ryan notified police and a rescue squad and a Minneapolis General Hospital ambulance were summoned. Attempts at resuscitation were unsuccessful and Dr. Payson, the ambulance physician, pronounced death.

Police officers R. T. Peterson and D. M. Johnson of squad #118 were at the scene when a deputy coroner arrived.

EDITH DUPUIS - continued

The deputy coroner examined the body which was clad in a nightgown lying on her bed, cool, and without rigor.

It was stated deceased had fallen two weeks ago, but had refused to be hospitalized.

There was no indication that death was due to other than natural causes, and it was attributed to arteriosclerotic heart disease. Death apparently occurred at 4:00 p.m., October 9th, 1962.

The remains were taken to the Hennepin County Morgue and later released to a funeral home.

Deceased is survived by a brother, Henry Wendt of Glendale, California; two nephews, James L. Dupuis of Omaha and Albert Dupuis of Chicago; a niece, Mrs. James Rawland of Onley, Illinois; two great-nieces, Mrs. Gordon Nelson of Manhattan Beach, Minnesota, and Mrs. Harley Knutson of Pequot Lakes, Minnesota.

REMARKS

This case was reported to the Coroner's Office at 4:57 p.m. on October 9th, 1962, by police.

Apparently deceased was last heard in his apartment at 6:30 a.m. on October 8th, 1962. At 4:30 p.m. today, October 9th, he was found dead in bed by his landlady, who notified police. Officers Nordmeyer and Reynolds of squad #116 responded and Dr. Payson, a physician who was in attendance on a Minneapolis General Hospital ambulance, confirmed death.

The deputy coroner at the scene examined the body which was lying across the bed clad in shirt and shorts with his feet on the floor. The body was in 4+ rigor.

There was no indication that death was due to other than natural causes and it was attributed to arteriosclerotic heart disease.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 11:00 p.m. on October 10th, 1962, by Werness Bros., the funeral director.

Deceased was a Christian Scientist and apparently not under the care of a physician. However, the Wood River Oil and Refining Company physician stated they had a report that deceased had a "stroke" in January of 1962 with hemiplegia and also that he had very high blood pressure. Deceased expired at 10:25 p.m. on October 9th, 1962, at home in bed.

Examination of the body by a deputy coroner did not indicate that death was due to other than natural causes, and it was attributed to cerebrovascular accident due to hypertensive vascular disease.

IRVING B. KINGBAY - continued

Deceased is survived by his wife, Mary E.; daughters, Mrs. Edward B. Chapin of St. Paul, Mrs. George E. Lien of Port Washington, New York, Mrs. Marguerite K. Wann and Mrs. Richard S. Nelson, both of Minneapolis; six grandchildren; and a sister, Mrs. Martin Shelley of Minneapolis; and a brother, Oscar N. of Chicago.

REMARKS

This case was reported to the Coroner's Office at 3:40 p.m. on October 10th, 1962, by police.

Deceased, it was stated, had a history of medical care under Dr. D. S. Amatuzio, an internist, and Dr. Irving Bernstein, a psychiatrist. He was hospitalized on the psychiatric ward of St. Mary's from early April until July 4th of this year, where he had shock therapy and hypnosis, and had recently been in Mount Sinai Hospital for treatment of a slipped disc.

Deceased was found dead in bed at 2:55 p.m. on October 10th, 1962, by his wife, Ricky, on her return home.

FORBES L. SIMON - continued

At 3:06 p.m. police were notified and officer L. Strandlund of squad #550 responded. He was assisted in an investigation by officers Cameron and Holvenstot.

According to police, apparently the last to see deceased alive was the housekeeper. She was at the scene when a deputy coroner arrived. Usually, she said, she spent the day in the apartment. Today, however, she had some errands to do and left at 12:15 p.m. Before she left deceased ordered some rolls or doughnuts and coffee, which she got for him, but when she returned she found they had not been touched. Mrs. Simon, she said, would have been at work during her absence.

The deputy coroner reported finding the body of deceased clad in pajamas lying in bed. On the nightstand beside the bed were two empty prescription bottles - for 100 full strength carbrital and 100 placidyl.

The remains were taken to the Hennepin County Morgue where an autopsy was performed the following day - October 11th. This revealed pulmonary edema and congestion and acute gastritis, and that the gallbladder and appendix were surgically absent. The toxicological examination of specimens of blood and tissues revealed barbiturate poisoning and death classified accident or suicide, undetermined.

Except for his wife, Ricky, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 3:45 p.m. on October 10th, 1962, by the Hennepin County Sheriff's office.

At 3:27 p.m. today, October 10th, three wheels - two doubles in the rear and the front, right - of a truck being driven by Charles Bonine, 34, 5213 Oregon North, New Hope, crushed deceased's head near the driveway in front of his home. Bonine, driver of the truck employed on a sewer project beside the Dull residence, told police he had been instructed by his project foreman to back the truck down Hill Road about a block from Wayzata Boulevard along with several other trucks hauling dirt at the project. He said he looked behind the truck before backing up and then checked his rear view mirror.

Apparently no one actually saw the truck go over the child. A Mrs. Roy Milbaur saw children playing in the street and allegedly told them to stay out of the road as did also another truck driver, Ted Knutson.

TIMOTHY GATES DULL - continued

Deputy Sheriffs Honebrink and Sonnenstahl were at the scene when a deputy coroner arrived.

The deputy coroner stated the child's body lay in the road with his skull crushed and split open, brain tissue on the road, brain tissue and blood on the double set of dual tires and wheels on the back of the truck and also on the single right front tire.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Death, which was instantaneous, occurred at 3:27 p.m. on October 10th, 1962.

REMARKS

This case was reported to the Coroner's Office at 5:00 p.m. on October 10th, 1962, by police.

There is a history of medical care at the Minneapolis General Hospital and an old leg injury which made walking difficult. Allegedly, deceased was a chronic alcoholic. It was stated that at 10:00 p.m. on October 9th, 1962, deceased was heard screaming that someone was trying to get into his apartment but police were not called.

At 11:00 a.m. on October 10th the caretaker put some reading material under deceased's door and at 4:00 p.m. noticed that it had not been touched. A Flloyd Sletten of 320 Cedar Avenue entered the room by crawling through the transom at 4:20 p.m. and found that deceased had expired, and police were notified. Officers Gladwin and Farrell of squad #115 responded.

SELMER LARSON - continued

The deputy coroner at the scene found the body of deceased fully clad lying crosswise on his bed. There was no indication that death was due to other than natural causes, and it was attributed to arteriosclerotic heart disease and chronic alcoholism.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Deceased is survived by his wife, Betsey; mother, Mrs. Lars Hanson; five sons, Lawrence, Leland, Allan, Earl and Dennis; two daughters, Mrs. W. P. (Alma) Barnes and Mrs. Raymond (Violet) Brown; five sisters; six brothers; and twenty-nine grandchildren, and one great-grandchild.

REMARKS

This case was reported to the Coroner's Office at 10:25 p.m. on October 10th, 1962, by the Star of Bethlehem Home.

Deceased, who was a Christian Scientist, allegedly had a bowel obstruction for a long time and suffered considerable pain but refused to see a physician. Her condition became more severe, to the point where she had no bowel movements at all, and she expired in extreme abdominal pain at 10:15 p.m. on October 10th, 1962.

Examination of the body by a deputy coroner did not indicate that death was due to other than natural causes and it was attributed to bowel obstruction due to malignant growth of bowel, type unclassified.

ESTHER JUNE ANDERSON - continued

The body was released by the deputy coroner directly from the premises to a funeral director.

Deceased is survived by a sister, Ruth M.,Washington, D. C., and a brother, Forrest B. of Minneapolis.

REMARKS

This case was reported to the Coroner's Office at 7:10 a.m. on October 11th, 1962, by the University of Minnesota hospitals.

Deceased, it was reported, was accidentally shot by his brother with a 16 gauge shotgun while the boys were walking around the barn at their home near Deerwood, Crow Wing County, Minnesota. There was a large wound in the right groin, with apparently no scattering of shot. The shot was thought to be at close range, at a range of about 45 feet the doctor who first treated deceased thought - in the opinion of the pathologist who performed the autopsy, a range of about 6 feet.

The accident occurred on September 29th, 1962. Deceased was first taken to Miner's Hospital at Crosby, Minnesota, and attended by Dr. C. M. Marshall, and then referred to University Hospitals, where he was admitted on October 1st.

LLOYD CECIL OLSON - continued

On arrival at University Hospitals, deceased's blood pressure was 112/70 and his pulse was 136. He was incoherent and his pelvis was filled with shot. He was taken to surgery on the day of admission and found to have bowel perforation and bilateral urethral obstruction. An exploratory laparotomy and closure of multiple lacerations of ileum, colon, and bladder was done. Deceased was troubled with bleeding and was placed on artificial kidney twice. He was comatose for several days prior to death. On October 8th, 1962 he developed general convulsions (Jacksonian in type), developed pulmonary edema, and expired on October 10th, 1962, at 5:45 p.m.

An autopsy was performed at the hospital. This revealed the condition of the shotgun wound of right groin with division of femoral vessels and shattering of pelvic bones, pulmonary edema and pneumonia, thrombosis of right iliac artery proximal to ilio-femoral anastomosis, gangrene of right lower leg, repair of multiple lacerations of bladder, bilateral cutaneous ureterostomies, swollen pale kidneys, ileostomy, and mucous fistula of colon.

Death, due to gunshot wound of right groin with division of femoral vessels and shattering of pelvis, was classified an accident.

REMARKS

This case was reported to the Coroner's Office at 5:45 a.m. on October 11th, 1962, by police.

At 5:38 a.m. on Thursday, October 11th, 1962, deceased, a passenger sitting in the right front seat of a 1959 white Rambler four door, owned and driven by Myrtle E. Condon, 55, of 127 West Lake Street, Minneapolis, was struck by a 1959 Chevrolet owned and driven by John Andrew Hantz, 48, of 7144 - 3rd Avenue South, Minneapolis, who was alone in his car. Also a passenger in the Condon vehicle, sitting in the right rear, was Rebecca Vandermoon, 60, of 127 West Lake Street. Both of deceased's companions, who were wearing seat belts, were only slightly injured. Deceased was thrown from the car and apparently expired instantly - at 5:38 a.m. that day - October 11th, 1962.

BELLA PARKS - continued

Traffic officer T. Hannon, #439, was at the scene and made an investigation. The Conden vehicle, it was stated, was going east on East Lake Street, while the Hantz car was traveling north at the time of the collision in the intersection of East Lake Street and 4th Avenue South. The semaphore lights were blinking yellow for east-west traffic, and red for north-south traffic. The road surface was wet and there was a heavy fog. Mr. Hantz was tagged by the officer for failure to yield.

The deputy coroner at the scene stated it was apparent deceased had been thrown by the impact. There was brain tissue scattered over the street and it was obvious deceased had a badly fractured skull.

The remains were taken to the Hennepin County Morgue.

An autopsy performed at the morgue that day - October 11th, 1962 - revealed that death was due to basal skull fracture due to automobile accident.

Deceased is survived by her husband, John; daughter, Mary Ann, and son, Bernard O.; two sisters, Miss Edna O. Taralseth and Mrs. Gearhard I. Starvestre; and two brothers, Reuben and Arthur.

REMARKS

This case was reported to the Coroner's Office at 10:15 a.m. on October 11th, 1962, by Dr. M. J. Jurdy's office.

Deceased, it was stated, had a history of alcoholism and high blood pressure and had been under Dr. Jurdy's care for a long time. He had a "stroke" in 1961 and another one on October 6th, 1962. He was admitted to the Angelus Nursing Home on October 8th, 1962, and expired quickly this morning, October 11th, at 8:40, in the presence of his family. Dr. Jurdy was out of town at the time of deceased's death and the doctors who were to take care of his patients had not seen the man.

JOHN BJELENY - continued

Examination of the body by a deputy coroner did not indicate that death was due to other than natural causes, and it was attributed to cerebral vascular accident.

The remains were released directly from the premises to a mortician.

Deceased is survived by his wife, Susie; daughters, Susan Bjeleny, Mrs. Eleanor Clausen, Mrs. Mary Westerdahl, Mrs. Ann Sturwve, and Ruth Bjeleny; sons, Edward, Leonard, and Melvin, all of Minneapolis; eight grandchildren, and one great-grandchild.

REMARKS

This case was reported to the Coroner's Office by the Minneapolis Police Department at 4:37 p.m. on October 11, 1962.

On the above afternoon the decedent was at his place of employment and, according to Roy Larsen, office manager of the Joseph Wolkerstorfer Company, was talking with a fellow employee, Larry Chester, as they changed clothes prior to going home for the day. It was stated that Chester observed that the decedent suddenly became very flushed and Chester asked the man if he were all right; the decedent made no response but fell over backwards to the floor.

Gordon Chamberlain Robinson (continued)

Help was summoned and a Minneapolis General Hospital went to the scene. The physician aboard, Dr. Russell Payson, pronounced the man dead at 4:30 p.m.

Police Officers Gilligan and Schirmer, Squad 117, were also on the scene to investigate this death.

A deputy coroner went to the scene and found the decedent lying on his back in the northeast corner of the building where he was working. The body was warm; there was no rigor.

The body was removed to the Hennepin County Morgue where autopsy performed the following day revealed the cause of death to be coronary arteriosclerosis with myocardial fibrosis.

A specimen of the decedent's blood was negative for ethyl alcohol.

Except for wife, Myrtle, names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 5:40 p.m. on October 11th, 1962, by police.

It was stated the owner of Alibi Inn on 44th and Minnehaha phoned police the afternoon of October 11th, because, he said, deceased had failed to make his daily call. Police officers C. Hansen and R. Hafvenstein of squad #332 responded. When they were unable to gain entrance at the door they opened a front bedroom window, and found that deceased had expired.

DAVID A. PETERSON - continued

The deputy coroner at the scene found deceased sitting up against the north wall of the dining room with his head propped against the dining table.

The body was cold, livid, and in rigor. There was no evidence of external violence and death was attributed to arteriosclerotic heart disease.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Deceased is survived by a sister, Sarah (Mrs. John) Martin, who refused an autopsy.

REMARKS

This case was reported to the Coroner's Office by North Memorial Hospital at 12:20 a.m. on October 12, 1962.

According to hospital records, the decedent was admitted to North Memorial Hospital on October 9, 1962. Laboratory tests at this time showed a blood salicylate of 50 mg.% due to aspirin administered prior to admission. The child expired at 10:10 p.m. on October 11.

When this office was notified the body was removed to the Hennepin County Morgue. Autopsy performed on the morning of October 12 revealed the cause of death to be salicylate intoxication, accidental.

Allan Richard Phyle (continued)

Except for parents, Ronald G. and Barbara Phyle, names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 7:55 a.m. on October 12th, 1962, by police.

The landlord of the building at the above address, Hans Garnes, stated he last saw deceased alive at 8:00 a.m. on October 11th, when he made the bed in his room. This morning, at 7:35 a.m., he went to make up the bed and found deceased dead of a gunshot wound of head lying on his bed, and notified police. He said he had heard no shot, but last night (October 11th), heard a loud somewhat muffled thump.

Police officers Dols and Fuerstenberg of squad #115 were first at the scene and were joined shortly by detectives Hyvare and Blanch of squad #701, and they made an investigation.

WALTER H. LADWIG - continued

The deputy coroner at the scene viewed the body of deceased lying on his back on the bed with the top of his head blown off from the eyes up. A .16 gauge model 48 H & R single shot shotgun was on the floor in front of deceased's feet, butt end away from the feet, one expended shell in the chamber. There were powder burns about the wound of entrance at approximately the right nasal angle. There were fragments of skull and brain tissue scattered about the wall and ceiling. There were two empty medication bottles prescribed by a Dr. Eli and deceased had an out-patients card issued by the Minneapolis General Hospital on October 10th, 1962. The remains were in complete rigor and there did not appear to be any indication of homicide.

According to police, deceased, who had been out of work, had been depressed. He had recently been cut off on his disability payments on social security.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Death was attributed to gunshot wound of head and classified a suicide.

Deceased is survived by his mother, Mrs. Freda Ladwig of Belgrade, Minnesota; daughters, Judy and Susan; four brothers, Herbert of Robbinsdale, Elmer and Walter of Minneapolis, and Herman of Savage, Minnesota; two sisters, Mrs. James (Dorothe) Sanders of Fridley; Mrs. Henry (Elsie) Bahe of New Hope.

REMARKS

This case was reported to the Coroner's Office at 9:25 a.m. on October 12th, 1962, by the Minneapolis General Hospital.

At 4:30 a.m. on October 12th, George Johnson of the above address, it was stated, was awakened by the sound of groaning in the kitchen. Upon investigation he found that deceased had fallen and cut his head. Deceased got up and went to get a glass of water and Johnson went back to bed. A short while later Johnson heard a commotion and found that deceased was unconsious, having apparently fallen down the basement stairway.

Police officers D. Johnson and Fridlund of squad #442 answered a call for assistance and a Minneapolis General Hospital ambulance was summoned. It was stated deceased had a history of alcoholism, and he gave the impression of being in a drunken stupor, but he did not smell of alcohol. He was taken by ambulance to the Minneapolis General Hospital and admitted at 6:47 a.m. that day - October 12th, 1962.

ALBERT F. HALL - continued

Deceased was attended in the emergency room by Dr. David C. Brown. There were no visible skull fractures on x-ray. Deceased was unresponsive and expired at 9:05 a.m. that day - October 12th.

An autopsy was performed at the hospital on the day of death. This revealed cerebral hemorrhage, subarachnoid hemorrhage, skull fracture - right occipital area, and duodenal ulcer. The toxicologist's examination of a specimen of deceased's blood was negative for alcohol. Death, which occurred at 9:05 a.m. on October 12th, was attributed to cerebral hemorrhage, spontaneous. The subarachnoid hemorrhage extended into the third ventricle and it was assumed that the deceased fell downstairs as a result of the hemorrhage and the fractured skull was not a contributing factor of death.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 9:45 a.m. on October 12th, 1962, by Dr. R. J. Ripple, Jr.

Deceased was found dead in bed this morning at 9:15 a.m. with a partly empty medication bottle apparently containing tuinal capsules at her bedside. It was stated she was nearly blind on account of cataracts and had multiple complaints and had been quite depressed. This was on October 12th, 1962.

The deputy coroner at the scene examined the body of this elderly, underweight, woman clad in night clothes lying on her back in bed in the position of sleep. The remains were warm to the touch, that is the abdomen and the covered portion of the chest. There was no indication of trauma.

HELEN IRENE KEENE - continued

Beside the bed was an empty prescription bottle that had contained 50 full strength capsules of carbrital. On the dresser was another prescription bottle containing six carbrital capsules, and a third bottle containing 23 1½ gr. tuinal capsules.

According to Delmer Keene, deceased's husband, his wife had many complaints. About three months ago she was having much left chest pain, which ceased after thyroid medication was discontinued. He said she had been very depressed the past six months and had threatened to end her life. Several days ago she seemed very groggy when she awakened in the morning, and admitted having taken three sleeping capsules. The last time he saw her alive, he said, was when she retired about 10:15 p.m. last night, October 11th. He heard her in the bathroom some time after midnight, he thought, and when he got up to go to the bathroom later and turned out the hall lights he heard her breathing heavily.

The remains were taken to the Hennepin County Morgue where an autopsy was performed that day - October 12th, 1962. This revealed acute gastritis, mild bilateral pulmonary edema, minimal coronary sclerosis, submucous myoma of uterus, cholelithiasis, and atherosclerosis of aorta - mild. The toxicologist's examination of specimens of deceased's blood and liver revealed lethal quantities of barbiturates. Death was attributed to barbiturate poisoning due to overdose of tuinal.

Except for her husband, Delmar, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 4:40 p.m. on October 12th, 1962, by a North Ambulance driver.

According to Hilda Loken, wife of deceased, her husband had a skin cancer removed from his nose a week ago at Swedish Hospital by Dr. Richardson, and had no history of heart disease though he often became winded from climbing upstairs. Today, October 12th, he had been drinking a little (a beer) and was a little dizzy. He had already been downstairs on one errand, and was going to go to the store. She tried to dissuade him, but he was determined to go. She went out to the front yard and her husband was going to go out the back way. Mr. and Mrs. Robert Fedor who reside on the first floor heard a thud, called to Mrs. Loken, and the three of them found deceased lying at the foot of the back stairs on a landing. Mrs. Loken stated deceased had been feeling well.

SEVERN E. LOKEN - continued

Police officers Caughey and Streed of squad #442 were at the scene when a deputy coroner arrived.

The remains were taken to the Hennepin County Morgue where an autopsy was performed on October 13th, 1962. This revealed that death was due to fracture of cervical spine and fracture of skull with subarachnoid hemorrhage. Death, which occurred at about 4:30 p.m. on October 12th, 1962, was classified an accident.

The toxicologist's examination of a specimen of deceased's blood revealed 0.18% alcohol by weight.

Deceased is survived by his wife, Hilda; two sons, Howard of Spring Lake Park and Lawrence of Wenatchee, Washington; five daughters, Mrs. Mildred Soapes of Spokane, Washington, Mrs. Myrtle Bank, Mrs. Ester Behrendt of Billings, Montana, Mrs. Grace McCormack, og Great Falls, Montana, and Mrs. Eileen Cosgrove of Mount Lake Terrace, Washington; two stepchildren, Mrs. Lois Kariala of Fayetteville, North Carolina, and Melvin Anderson of Melbourne, Florida; three sisters; six brothers, and twenty-three grandchildren.

REMARKS

This case was reported to the Coroner's Office at 9:40 p.m. on October 12th, 1962, by police.

Alcide LeMay, husband of deceased, district storekeeper for Milwaukee Railroad, was out of the city on railroad business at the time of his wife's death. He had been accompanied on this trip from October 7th to October 12th by a subordinate, Norris S. Groth of 3932 - 14th Avenue South.

Mr. and Mrs. Groth went to the LeMay residence the evening of October 12th as they were concerned because Mr. O'Connell, chief clerk for the railroad, stated he had been unable to reach deceased by phone that day or the previous as he had been requested to by Mr. LeMay. Mr. and Mrs. Groth

NAOMI M. LE MAY - continued

found deceased at approximately 9:15 p.m. that night, October 12th, lying dead on the floor beside her bed. According to the Groths, the basement, kitchen, bedroom, and bathroom lights were on. The back door of the house was open about 18 inches and the dog, excited and hungry, had only a little water left in his dish on the breezeway. Some white tablets were found in the kitchen and bathroom sinks.

Bloomington police officers Christianson, Lindgren and McLean, and deceased's daughter, Mrs. Alroy (Marjorie) Fricke, were at the scene when a deputy coroner arrived.

The deputy coroner viewed the body of this elderly obese woman lying on her abdomen facing left and slightly turned so that her left side was higher from the floor than the right. There was much marbling and dependent livor and some slippage of skin. Rigor was absent in legs, arms, and body. There was no external indication of other than a natural death.

The Minneapolis Star for October 9th and 10th were in the mail box and the issues for the 11th and 12th were on the front stoop.

According to Mrs. Fricke, she last talked to her mother on October 7th, by phone. She stated deceased had been under the care of Doctors Edward P. Donatelle and A. D. Fetzek for high blood pressure and arthritis.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

The toxicologist's examination of a specimen of deceased's blood revealed 0.15% alcohol by weight. Dr. Donatelle stated he had been treating deceased for hypertension and arthritis and that she did use alcohol, but that she had never indicated any tendency to despondency.

Deceased's husband did not desire an autopsy.

Death was attributed to arteriosclerotic heart disease due to hypertensive cardiovascular disease.

Deceased is survived by her husband, Alcide M.; daughter, Mrs. Alroy (Marjorie) Fricke of Minneapolis; parents, Mr. and Mrs. M. J. LaBreck of Milwaukee, Wisconsin; two brothers, Robert LeBreck of Milwaukee, Wisconsin; two brothers, Robert LeBreck of Kansas, both of Milwaukee; and four grandsons.

REMARKS

This case was reported to the Coroner's Office at 11:15 a.m. on October 13th, 1962, by Dr. Virgil Lundquist.

Deceased had a history of being emotionally disturbed and was in Fairview Hospital two years ago for six to eight weeks for shock therapy, but continued to be depressed following her discharge. She had been under the care of a psychiatrist, Dr. Robert Meller, and was also seen by Dr. Virgil Lundquist about ten days prior to her death. She had been on tuinal and also carbital at the present time.

At 7:00 a.m. on October 13th, 1962, deceased was found dead in bed by her husband. Mr. Brenchley checked her medication bottles and as far as he could tell, deceased had not taken an overdose. It was stated deceased apparently felt well and looked well at the time she retired.

ROSAMOND G. BRENCHLEY - continued

Dr. Lundquist felt that due to the medications prescribed for deceased it was advisable to report the case to this office. However, the body was released to the mortuary and arterial embalming was done, apparently by mistake, according to Dr. Lundquist, before we were notified.

An autopsy was performed at the mortuary on the date of death - October 13th, 1962. There was mild pulmonary emphysema and surgical absence of uterus and appendix. No anatomical cause of death was found.

Deceased is survived by her husband, Harry E.; daughter, Romie G. Lundquist of Denver, Colorado; son, Tom H. Lundquist of Moorhead; four grandchildren; father, Dr. Charles E. Gerretson of Wilmar, Minnesota; sister, Mrs. John S. Nankervis of Evanston, Illinois; two brothers, Dr. D. H. Gerretson of Willmar and W. D. Gerretson of Denver, Colorado.

REMARKS

This case was reported to the Coroner's Office at 7:30 p.m. on October 14th, 1962, by police.

Deceased, it was stated, had chest pains for the past two days which became more severe this afternoon, October 14th. She finally complained to her husband of shortness of breath and said that she must lie down. Mr. Osterberg went to a downstairs apartment and told Mrs. Ruth Walsh, deceased's sister, and a Mrs. Wilkens, a visitor, that his wife was very ill. They summoned assistance from Minneapolis General Hospital. Dr. Payson, in attendance upon a hospital ambulance that was sent, pronounced death.

Police officers Royalty and Sell of squad #441 were at the scene.

MARGARET OSTERBERG - continued

Examination of the body by a deputy coroner did not indicate that death was due to other than natural causes. Death, which occurred at approximately 7:15 p.m. on October 14th, was attributed to arteriosclerotic heart disease.

The deputy coroner found deceased in bed on her back. The body was warm and without rigor.

It was stated deceased had not had medical attention for fifteen years.

The remains were released directly from the scene by the deputy coroner.

Deceased is survived by her husband, Carl W.; a son, Carl W., Jr.; a sister, Mrs. Ruth Walsh; and brothers, Edward and Walter Coughfey, all of Minneapolis.

REMARKS

This case was reported to the Coroner's Office at 11:15 p.m. on October 14th, 1962, by police.

Deceased, it was stated, was last seen alive about midnight last night, October 13th, 1962. He had been ill just two days and had not been under the care of a doctor. He was found dead at 11:00 p.m. on October 14th by Roy Sanford, 61 Glenwood, the caretaker. The door had to be pushed open. The body lay against the door on his right side, naked, badly smeared with feces.

Police officers T. Prentiss and F. W. Jackson of squad #282 were at the scene when a deputy coroner arrived.

AXEL BURGESON - continued

The deputy coroner at the scene examined the body, which was cool and in 1+ rigor. There was no indication that death was due to other than natural causes and it was attributed to arteriosclerotic heart disease.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

The names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office by Chaint Neills of the Pioneer House at 7:05 a.m. on October 16, 1962.

The decedent, a diabetic who routinely took insulin, was brought to the Pioneer House on October 14, 1962. He was last seen alive at about 5 a.m. on the morning of October 16. He was found dead in his bed at 5:45 a.m.

Upon receiving notification of this death, a deputy coroner went to the Pioneer House and found the decedent lying in his bed on his back. He was dressed in underwear. The body was warm and there was no rigor.

Earl B. Otnes (continued)

The body was removed to the Hennepin County Morgue where autopsy performed later that day revealed no anatomical cause of death, which was attributed to diabetes mellitus and acute pancreatis.

Examination of a specimen of the decedent's blood was negative for ethyl alcohol; it revealed the presence of 0.02% paraldehyde.

Except for wife, Catherine, names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 8:40 p.m. on October 16th, 1962, by police.

Deceased had been cared for by a Dr. Solomon of Fort Frances for Hodgkins Disease and had been losing weight rapidly, it was said. At the time of her death she was visiting her daughter, Mrs. Stanley Mudick at the above address. At about 6:30 p.m. she told Mrs. Mudick that she felt very tired and lay down on the davenport. Mrs. Mudick called the Minneapolis General Hospital, and Dr. Taft, who was sent to see her pronounced the woman dead at 8:15 p.m. that night - October 16th, 1962.

Examination of the body by a deputy coroner did not indicate that death was due to other than natural causes, and it was attributed to Hodgkins Disease. The remains were released directly from the premises to a funeral director.

Except for Mrs. Mudick mentioned above, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 10:25 p.m. on October 16th, 1962, by police and Albin Funeral Chapel.

Deceased, it was stated, had a malignant melanoma removed from an eye in 1961, and was later referred to the University of Minnesota Hospitals by a Dr. Alvin Schultz of Mount Sinai Hospital. According to University Hospitals records, deceased was treated fom May, 1962, to October, 1962, by them for metastic disease. Both breasts were removed.

SELMA ELIZABETH SPAISE - continued

Deceased expired at home at 9:45 p.m. on October 16th, 1962.

Police officers of squad #551 were at the scene and Dr. Brown, a physician in attendance on a Minneapolis General Hospital ambulance, confirmed death.

Examination of the body by a deputy coroner did not indicate that death was due to other than natural causes and it was attributed to malignant melanoma with metastasis.

The remains were released from the premises to a funeral director.

Deceased is survived by two daughters, Mrs. Orn (Elaine) Herring of Florence, Oregon, and Miss Mary Spaise of Minneapolis; a son, Thomas James of Minneapolis; three grandchildren; three sisters, Hulda, Signa, and Ellen; three brothers, Otto, Albert, and Clarence Larson.

REMARKS

This case was reported to the Coroner's Office at 10:50 a.m. on October 17th, 1962, by police.

Deceased, it was stated, had been living alone since the death of her husband three or four years ago. A friend, Mrs. Francis Stuckey of 1130 Chestnut, last saw deceased alive on Sunday, October 14th. On Tuesday, October 16th, she noted that there were no lights on in her friend's residence, and this morning, October 17th, noticed the cat in the window, but was unable to get a response at the door and notified police.

Police officers Paisley and Dunstone of squad #118 responded, and entered the locked house through a front window. Deceased was found dead at 10:25 a.m. that day, October 17th, by the police officers, who notified this office.

ELSIE A. SHERVEY - continued

Deceased, it was stated, had appeared to be in good health and was not known to be on any medications, though there is a possible history of being knocked down two or three weeks ago.

The deputy coroner at the scene found the body of deceased lying across the bed in a poorly lit bedroom, her legs dangling over the side of the bed. The body was clothed in sweater, underclothing, stockings and socks. Deceased's mouth and nostrils were wet with slime. Rigor and livor mortis were present. The rooms were disorderly and papers were piled up everywhere.

Apparently deceased's affairs were in the hands of an attorney and the name of a sister, Mabel Roush of Seattle, Washington, was found in a bible.

The remains were taken to the Hennepin County Morgue where an autopsy was performed on October 18th. No anatomical cause of death was found. The body was in an advanced state of decomposition.

Except for the sister mentioned above, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 6:35 p.m. on October 17th, 1962, by the Minneapolis General Hospital.

On Tuesday, October 16th, it was stated, deceased taught a class at the University until 9:30 p.m. At 11:03 p.m. the motor scooter he was driving went out of control and struck a tree at University and Oak Street S. E. Deceased was taken from the scene of the accident by ambulance and admitted to the Minneapolis General Hospital at 11:23 p.m. It was stated he was comatese on admission and had multiple contusions and fractures. Trephine surgery was performed on October 17th, 1962. Deceased expired at 6:03 p.m. on October 17th, 1962.

DELL GASTE KERR - continued

An autopsy was performed at the hospital on October 18th, 1962. This revealed that death was due to epidural, subdural, and subarachnoid hemorrhages with brain contusion and lacerations due to comminuted skull fractures. Fracture of right clavicle and multiple rib fractures, bilateral, were contributing factors.

Deceased is survived by his wife and three children.

REMARKS

This case was reported to the Coroner's Office at 10:30 a.m. on October 18th, 1962, by police.

At 10:00 a.m. on Wednesday, October 17th, Mrs. Ruby Creshan, of 3640 3rd Ave. South, went to deceased's residence to clean. When she obtained no response to her knocking, she entered with a pass key and found deceased dead in bed.

Police officersSorenson and Arwich of squad #550 and detectives Cahill and Fevin of squad #701 were at the scene when a deputy coroner arrived.

LEWIS PERLMAN - continued

The deputy coroner found deceased clad in underwear lying in bed on his right side, cold and in full rigor. There was a bottle of nembutal capsules on top of the television, with five capsules remaining in it. A note, allegedly in deceased's handwriting written on Calhoun Beach Hotel stationery, undated, addressed to Ruby, asked that she call his son at TA 7-4761, and if he was out, a nephew, and directed the disposition of his remains.

The son, who was present, stated he had dinner with deceased at 6:00 p.m. the previous evening and his father was depressed at that time.

The remains were taken to the Hennepin County Morgue, where an autopsy was performed that day - October 18th, 1962. This revealed pulmonary congestion and edema, bilateral; coronary sclerosis, severe; myocardial fibrosis; aneurysm of left ventricle; cholelithiasis; esophagitis; and atherosclerosis of aorta. In the opinion of the pathologist, it was deemed advisable to await the results of toxicological examinations before determining the cause of death.

Toxicological examination of blood and liver revealed lethal quantities of barbiturates, and death was attributed to barbiturate poisoning, and classified a suicide.

Deceased is survived by his son, Alvin of Minneapolis; brothers, Philip of St. Paul, and Joseph of Cleveland, Ohio; and a sister, Mrs. Fannie Fink of St. Paul.

REMARKS

This case was reported to the Coroner's Office at 10:50 a.m. on October 19th, 1962, by Abrahamson Chapel.

Deceased, it was stated, was seen by a Dr. Nelson at the Bloomington Clinic about a month ago. Yesterday, October 18th, his mother detected a fever at noon, with a cold and runny nose. At about 6:00 p.m. the baby vomited his milk. All day he had taken practically no nourishment. He slept from 6:00 p.m. until 10:00 p.m., when his mother gave him water, and noticed that he breathed with difficulty at times. At 2:00 a.m. she gave him aspirin and at 5:00 a.m. called a doctor. When Dr. Nelson arrived about 7:30 a.m., it was stated, deceased had expired, - apparently death occurred at about 7:25 a.m.

RONALD ALVIN HOLT - continued

The deputy coroner at the scene found deceased lying in bed dressed in night clothes. There was no indication of trauma. The child appeared to be well developed and well nourished.

The remains were taken to the Hennepin County Morgue, where an autopsy was performed on the day of death. This revealed that death was due to menigicoccic meningitis.

Deceased is survived by his parents, Mr. and Mrs. Frank M. Holt; sisters, Marilyn Ramona, and Joanne; materanal grandparents, Mr. and Mrs. Emil Fischer of St. James, Minnesota, and paternal grandfather, George Holt of Windom, Minnesota.

REMARKS

This case was reported to the Coroner's Office at 4:10 p.m. on October 19th, 1962, by the Minneapolis General Hospital.

Deceased, it was stated, was hospitalized at the Minneapolis General Hospital from September 21st to October 11th for severe depression. On Friday, October 19th, the police department received a call to a bar at 16 North 6th Street because of a shooting. Officers Alexander and Boster of squad #117 responded. Stubb Holcomb, the bar owner, and Max Pleissner, 65 N. 6th St., a cook, stated they were in the wash room washing their hands when they heard an explosion and smelled gun powder. On looking over the top of a locked toilet booth, they saw deceased sitting on the toilet with his head against the wall, bleeding. This was at 11:15 a.m.

CAROLUS M. PAULSON - continued

Police officers found a .38 caliber revolver on the floor to the left rear of the stool. Deceased was moaning but did not respond to questions. He was shot through the right side of his head, in front of his temple. The wound of exit was in the same position on the left side. There was a dent on the steel side of the toilet booth on the right side as you face the booth from the outside, and another mark on the rear wall where the bullet richocheted. The lead slug was found in the toilet.

Deceased was taken to the Minneapolis General Hospital by ambulance, where he expired at 3:15 p.m. that day - October 19th, 1962.

Detectives Finn and Cahill made a complete investigation. The .38 caliber revolver contained five live rounds, and the one expended shell. At the hospital they were given three additional live rounds that were found in deceased's pocket. The gun and ammunition were taken by police and property inventoried.

A call to deceased's sister, Mrs. Margaret Burdge, with whom he had been living, revealed that deceased had buried his wife just two days before. It was stated he had no children.

An autopsy performed at the hospital on October 20th, 1962, revealed that death was due to gunshot wound of head with a .38 caliber revolver, the point of entrance being the right temple, with exit wound at the opposite side of head, and death was classified a suicide.

Except for the sister mentioned, deceased is survived by several nieces and nephews, whose names are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 10:45 p.m. on October 19th, 1962, by police.

Deceased was drinking at a table in the large diningroom at Schiek's when he suddenly collapsed to the floor. Police were immediately called to get an ambulance. Officers G. Smith and Schermer of squad #117 were at the scene, when a deputy coroner arrived. Meanwhile a Dr. Joseph Durst had been summoned to deceased and administered cardiac massage and mouth to mouth breathing while the man was gasping for breath. When Dr. E. M. Brown, aboard a Minneapolis General Hospital ambulance arrived, deceased had already expired. Death occurred at about 10:40 p.m., October 19th, 1962.

JOSEPH H. KOWALKOWSKI - continued

The deputy coroner at the scene examined the body of this obese man, who weighed an estimated 225 lbs. There were no unusual marks on the body, but the face was full and flushed. Mrs. Kowalkowski stated her husband had previously had a heart attack.

Death, which occurred at about 10:40 p.m. on October 19th, 1962, was attributed to arteriosclerotic heart disease.

Except for his wife, Irene, the names of survivors are not known to this office.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

REMARKS

This case was reported to the Coroner's Office at 2:30 a.m. on October 20th, 1962, by Plymouth Village police.

At 1:45 a.m. on Saturday, October 20th, 1962, deceased was driving his 1959 Renault sedan south on highway #101 when the car went off the roadway rounding Snyder's Curve, fell into a culvert, and caught fire.

David L. Johnson, 3940 Restwood Road, New Brighton, 12, was first on the scene. A Dr. Block of the North Memorial Hospital came and pronounced the man dead.

PAUL LeROY DYGERT - continued

The car was pulled from the culvert with a tow truck and the body was extricated from the wreckage by the morgue attendants.

The deputy coroner at the scene stated the body was charred so that the skin was burned to a crisp and identification was difficult. The body was identified by Fr. Lewis of St. Mary's by the Lake Catholic Church and one of the police officers.

Officer Hammang of Plymouth Village and Deputy County Sheriff McLellan were at the scene.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

The toxicologist's examination of a specimen of deceased's blood revealed 0.20% alcohol by weight.

Death was attributed to third degree burns of entire body and was classified an accident.

Deceased is survived by his mother and stepfather, Howard A. Spaulding; brothers, Robert Dygert, John and James Spaulding; grandparents, Mr. and Mrs. Virgil Dygert of St. Petersburg, Florida; and grandmother, Mrs. Mary Rapacz of Minneapolis.

REMARKS

This case was reported to the Coroner's Office at 4:45 a.m. on October 20th, 1962, by a Dr. Woelner.

Deceased, it was stated, had a history of heart disease and had had two heart attacks in the past. This morning, October 20th, he had severe chest pain, sat up in bed, and expired. When Dr. Woelner arrived deceased had already expired. A rescue squad had attempted resuscitation without success.

Examination of the body did not indicate that death was due to other than natural causes and it was attributed to arteriosclerotic heart disease.

The deputy coroner on the case released the body directly from the premises to a funeral director.

SIDNEY A. NOLAN - continued

Deceased is survived by his wife, Edna M.; two daughters, Mrs. Leonard F. Peterson of Minneapolis; and Miss Dolores E.; two sons, Albie D., all of Minneapolis - Sidney A., Jr. of Staples, Minnesota; six grandchildren; a sister, Mrs. Theodore Skogen and a brother, Robert, both of Minneapolis.

REMARKS

This case was reported to the Coroner's Office at 9:00 a.m. on October 20th, 1962, by Werness Brothers Funeral Chapel.

It was reported that deceased appeared to be in her usual state of health last night, October 19th, watched television with the family in the evening and ate candy. There was a history of a previous heart attack. Her son found her dead in bed this morning at 7:00 a.m. - October 20th. A neighborhood physician was called and he confirmed death.

Examination of the body by a deputy coroner did not indicate that death was due to other than natural causes. Death, which was attributed to arteriosclerotic heart disease, was classified natural. The deputy coroner released the body directly from the premises to the funeral chapel.

REMARKS

This case was reported to the Coroner's Office at 10:50 a.m. on October 20th, 1962, by police.

There is a history of medical care under Dr. Bowers of the Nicollet Clinic.

At 10:40 a.m. on October 20th, 1962, deceased was about ready to check out his groceries at Penny's Super Market in Crystal Village when he collapsed and expired. A Dr. Kohlhase responded at once to a call for assistance, but deceased had already expired. A North Memorial Hospital ambulance arrived and the attendants were ordered by a deputy coroner to remove the body from the store until he arrived.

Examination of the body by the deputy coroner did not indicate that death was due to other than natural causes and it was attributed to arteriosclerotic heart disease.

NESTOR E. OKERMARK - continued

Bertha E. Mason, 5027 Culver Road, a daughter of deceased, was present at the scene.

Deceased is survived by his wife, Gerda; stepdaughters, Mrs. Nellie Williams of Tucson, Arizona, and Mrs. Bertha Mason of Minneapolis; three grandchildren; a sister, Mrs. Erika Larsson of Sweden; and several nephews in Sweden.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

REMARKS

This case was reported to the Coroner's Office at 2:45 p.m. on October 20th, 1962, by police and deceased's husband.

Deceased, it was stated, had no known heart disease. She did not have a regular physician and had not had a recent medical check up. On Friday, October 19th, 1962, in the evening deceased complained of bilateral arm aches. She had previously complained of tiredness. This morning, October 20th, she raked leaves, cooked, and worked in the yard through noon. Her husband was at the front of the house working in the yard and on coming around to the back yard he found deceased lying on her back with the rake near some leaves. A passing postman helped carry deceased into the house and called a rescue squad.

Dr. Turner, who was in attendance on a Minneapolis General Hospital ambulance, pronounced death at 2:15 p.m. that day - October 20th.

HILDA DUNN - continued

The deputy coroner at the scene examined the body of deceased which was fully clothed and lying on the floor of the livingroom. There was no external indication of other than a natural death. The body was warm and there was no rubor or rigor mortis.

The remains were taken to the Hennepin County Morgue where an autopsy was performed on October 21st. This revealed that death was caused by acute myocardial infarction due to recent thrombosis of the left descending coronary artery due to coronary arteriosclerosis.

Deceased is survived by her husband, Roy; a sister, Mrs. Perlie Arndt; and a brother, Godfrey Brokl, - both of Hopkins.

REMARKS

This case was reported to the Coroner's Office at 11:25 a.m. on October 22nd, 1962, by Welander-Quist Co.

Deceased collapsed and expired in his yard at 5:30 p.m. today, October 22nd. A Minneapolis General Hospital ambulance was summoned, however, the man had already expired.

It was stated deceased had been under the care of Dr. W. D. Brown, but had not been seen by him for several months. Dr. Brown stated deceased had had a cardio vascular accident some months ago and was being treated by him for hypertension.

EDWARD WARREN LEE, SR. - continued

Examination of the body by a deputy coroner did not indicate that death was due to other than natural causes. Death, which occurred at about 5:30 p.m. on October 20th, 1962, was attributed to arteriosclerotic vascular disease due to hypertensive cardio vascular disease.

The deputy coroner released the remains directly from the premises to a funeral director.

Deceased is survived by his wife, Martha J.; two sons Wilver Alonzo Lee and Edward W. Lee, Jr.; five grandchildren; and a brother, Arthur A. Lee, all of Minneapolis.

REMARKS

This case was reported to the Coroner's Office at 5:30 a.m. on October 21st, 1962, by police.

Deceased had been ill and out of work for about three weeks with a kidney infection, and had been somewhat depressed due to his inability to work. According to his wife, she was tired and wanted to go to bed about 11:30 p.m. on Saturday, October 20th. Deceased begged her to stay downstairs and she kept insisting that she was tired and finally went upstairs to bed. At approximately 5:15 a.m. on Sunday October 21st, 1962, she heard the sound of gunshot and went downstairs and found deceased lying on the couch in the livingroom with his head blown off.

JOHN F. ENGEL - continued

Police were notified and officers Anderson and Krueger of squad #701 responded. When a deputy coroner arrived, officers Stuart and Homestead of squad #330 were standing by for assistance. A Minneapolis General Hospital ambulance had been called and Dr. Olson, the attendant, had pronounced death.

The remains of deceased, dressed in light house clothes, were lying on the davenport in the livingroom, with a 4.10 shotgun clutched in his hands, the end of the gun pointed at what was left of his head. The barrel had evidently been placed in his mouth and the shot blew out the top of his skull. Brain tissue was scattered over the walls and ceiling and floors of the livingroom and entry way. On the coffee table was an unsigned (printed) note allegedly in deceased's handwork addressed "Hon:" instructing his wife to call Bill and Jan and have Bill call police after he got there and telling her to "Pull spread over me - Don't touch gun. Be strong - Keep Busy."

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

The deputy coroner brought in the gun and the spent bullet jacket. The bullet had entered a wooden casing.

Deceased is survived by his wife, Dorothea, a 14 year old son, David, who was at home at the time, and an 18 year old daughter who was in Robbinsdale with friends.

REMARKS

This case was reported to the Coroner's Office at 11:25 a.m. on October 21st, 1962, by police.

It was stated deceased had recently returned to Minnesota from California to be with relatives here. Allegedly he had not been ill and had not been receiving any medical care.

At 11:40 a.m. on October 21st, 1962, deceased was in a rummage sale store building at 810 South 10th Street, reaching for a coat to inspect when he fell to the floor and expired. According to his wife and daughter, Priscilla E. Spindler, who were with him at the time, he had had what appeared to be a "slight stroke" during the past summer.

THEODORE R. SPINDLER - continued

A Minneapolis General Hospital ambulance was summoned and Dr. Eckerly, the physician in attendance, pronounced the man dead.

Police officers Mattson and Alexander of squad #117 were at the scene when a deputy coroner arrived.

The deputy coroner examined the body of deceased lying on the wooden floor of the store building dressed in street clothes. There was no indication that death was due to other than natural causes, and death, which occurred at approximately 11:40 a.m., was attributed to arteriosclerotic heart disease.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Except for the daughter, Priscilla, mentioned above, the names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 12:15 p.m. on October 21st, 1962, by police.

Deceased, it was stated, had lived at the above address for about three years. He was last seen alive by the landlord, Sam Feller, of the same address at 8:45 p.m. on Thursday, October 20th, 1962, when he came home from work. He was found dead by Mr. Feller at 11:40 a.m. the next day, October 21st, on the floor of his closet. Apparently he was about to hang up a pair of trousers when he collapsed over backwards on the floor. As far as Mr. Feller knew, deceased had not seen a doctor for the past three years.

Police officers Shoemaker and Hanson of squad #411 were at the scene when a deputy coroner arrived.

LOUIS SUGARMAN - continued

The deputy coroner at the scene examined the body. Deceased was clad in house clothes lying on his back on the floor. He appeared to be much older than his stated age - 67. There was no indication that death was due to other than natural causes, and it was attributed to arteriosclerotic heart disease.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Deceased is survived by a niece, a Mrs. Rosoff of 5101 Tifton Drive, and, it was stated, a sister who resides in Beverly Hills, California.

REMARKS

This case was reported to the Coroner's Office by the Minneapolis Police Department at 2:50 a.m. on October 22, 1962.

For the past three days the decedent had allegedly been staying at the Bellevue Hotel, 1227 Hennepin Avenue, with Carl Ludowitz, 627 Thomas Avenue North, who stated he had known her for twenty years. Ludowitz stated that the couple had been drinking both beer and whiskey for several days; about 2:00 a.m. on the morning of October 22 the woman began to breath very heavily in her sleep, coughed or gagged three or four times and then became silent.

Alice Sophia Moultrie (continued)

Ludowitz summoned a Minneapolis General Hospital ambulance and the physician aboard, Dr. Olson, pronounced the woman dead on arrival at 2:30 a.m.

Police Officers M. E. Nelson and Cerausky, Squad 116, were on the scene to investigate the circumstances surrounding this death.

A deputy coroner went to the scene to remove the body to the Hennepin County Morgue where autopsy was performed later that morning. This revealed the cause of death to be arteriosclerotic heart disease.

A specimen of the decedent's blood was negative for ethyl alcohol and barbiturates. The liver specimen revealed 0.7 mg. barbiturates.

Names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 8:05 a.m. on October 22nd, 1962, by Dr. John P. Kelly.

Deceased, it was stated, was taken to see Dr. Patrick J. Barrett for a regular check-up on October 19th, 1962, and at that time appeared to be normal. According to his mother, the baby was a little more fussy on October 21st, but took his feedings and was put to bed for the night at 9:30 p.m. This morning, October 22nd, at 7:00 a.m. he was found dead by his mother. Dr. John P. Kelly, an associate of Dr. Barrett, came and confirmed death.

The deputy coroner at the scene examined the body lying on its abdomen with his face turned to the right. Livor and rigor had developed. There were no signs of struggle.

BARRY D. GARDNER - continued

The remains were taken to the Hennepin County Morgue where an autopsy was performed on October 22nd. This revealed that death was caused by cardiac failure due to congenital heart disease, interventricular septal defect.

Deceased is survived by his parents, a sister, Valerie, and grandparents.

REMARKS

This case was reported to the Coroner's Office by Nurse Helen Degman, of the Western Electric Company at 10:35 a.m. on October 22, 1962.

According to Helen Degman, nurse for Western Electric, the decedent had taken a friend to the airport on the above morning before reporting to work. Upon arriving at his place of employment he went in to talk to his supervisor where he suddenly collapsed.

According to Western Electric records, the man had recently had his annual company physical examination at which time it was noted that he had a right bundle branch block as revealed by electrocardiogram; this condition was said to have existed for years. However, according to the family physician, Dr. B. F. Pearson, the man had no history of chest pain.

Reuel J. Long, Sr. (continued)

Oxygen was administered immediately and cardiac massage. A Minneapolis General Hospital ambulance was summoned and the physician abroad, Dr. Eckerley, pronounced the man dead, the time of death being established at 10:00 a.m.

A deputy coroner went to the scene and found the decedent, fully dressed, sitting in a chair in the company nurse's office. The body was warm, the pupils equal. There was no rigor; early livor was present. The man had had incontinence when he collapsed but there was no evidence of seizure.

Police Officers Nelson and Smithson, Squad 331, were at the scene to investigate circumstances surrounding this death.

The body was removed to the Hennepin County Morgue where autopsy performed later that day revealed the cause of death to be coronary arteriosclerosis with myocardial fibrosis; renal arteriosclerosis.

Survivors are wife, Marion; sons, Reuel J. Jr., Hopkins, Duane, Dugway, Utah; daughter, Mrs. D. T. Richardson, Wayzata; 8 grandchildren.

REMARKS

This case was reported to the Coroner's Office at 3:15 p.m. on October 22nd, 1962, by police.

Deceased, it was stated, had a possible cardio vascular accident two or three years ago, but had seen no doctor. Two or three months ago he had episodes of recurrent chest pain, but not of a degree to see a doctor. He collapsed to the ground this afternoon, October 22nd, while out in his garden and expired. His body was found by John Dea of 4322 Pleasant Avenue South, as he came down the alley, at 3:00 p.m.

Police officers Wilson and Loye were at the scene when a deputy coroner arrived.

ROBERT SORENSEN - continued

A rescue squad and Minneapolis General Hospital ambulance had been called and Dr. Brown, the ambulance physician, had confirmed death.

The deputy coroner at the scene examined the body which was lying in the garden behind the residence. The body was cold, there was no rigor mortis or evidence of trauma. Deceased was fully clothed. His glasses and hearing aid had already been removed by his wife. There was no indication that death was due to other than natural causes and it was attributed to arterio sclerotic heart disease.

The remains were taken to the Hennepin County Morgue and later released to a funeral director.

Deceased is survived by his wife, Freda; two sons, Robert G. of Anoka and Stanley D. of Minneapolis; one sister, Elizabeth in Denmark; two grandchildren and one great-grandchild.

REMARKS

This case was reported to the Coroner's Office by the Werness Brothers Funeral Chapel at 7:40 a.m. on October 23, 1962.

According to Dr. A. Boyd Thomes, whom the decedent had consulted about three weeks prior to death, the woman had a nervous condition. The woman's husband, Raymond P. Flick, stated that she had been down town shopping on October 22 but had made no complaints of any kind following this exertion and seemed to be all right when she retired. At 7 a.m. Mr. Flick found his wife dead.

Geraldine Mildred Flick (continued)

Mr. Flick called Werness Brothers who referred the case to this office.

A deputy coroner went to the residence and found the decedent, dressed in a nightgown, lying on her back in her bed. The body was in full rigor.

Police Officer D. C. Wahl, Minnetonka Village Police Department, was on the scene to investigate circumstances surrounding this death.

The body was removed to the Hennepin County Morgue where autopsy performed later that day revealed the cause of death to be arteriosclerotic heart disease.

A specimen of the decedent's blood was negative for ethyl alcohol and barbiturates; the liver specimen showed the presence of 0.8 mg. barbiturates.

Except for husband, Raymond P. Flick, names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office at 1:25 p.m. on October 23rd, 1962, by the Augustana Home.

There is a history of care under Dr. A. J. Greenberg, but not since 1959. Deceased was up and around this morning, October 23rd, but said she did not feel well. She asked for her dinner tray, and put it down. Then she sat on her bed and said she felt very sick. The maid went to call a nurse but when the nurse arrived deceased had already expired. This was at 12:45 p.m.

Examination of the body by a deputy coroner did not indicate that death was due to other than natural causes, and it was attributed to arteriorsclerotic heart disease.

ELLEN OSTLUND - continued

The remains were released directly from the premises by the deputy coroner to a funeral director.

Deceased is survived by two sisters, Mrs. Anna DuFresne of Pittsburgh and Mrs. John Uranek of Minneapolis; four nieces and five nephews.

REMARKS

This case was reported to the Coroner's Office at 11:00 a.m. on October 24th, 1962, by police.

According to Joe Chock, a Standard Oil station attendant at Lake Street and Dorman Avenue, about 10:30 this morning, October 24th, a youth about 17 years of age on a bicycle stopped in to say that there was a body lying beneath the Lake Street bridge. The service station attendant verified the report and then notified police. Officer Thomey of squad #1003 was the first to arrive at the scene. He stated that on his arrival he found the body lying on the west bank of the Mississippi River beneath the bridge, face down, in a depression in the sand. Officer Thomey was joined by officers Kelly and Rieman of squad #701.

ADAM J. PETERS - continued

The deputy coroner at the scene stated that officer Thomey, officers Bishman and R. L. Johnson of squad #331 and Kelley and Reimer of squad #701 were there. He examined the body which was very cold and stiff, dressed in a light jacket and trousers and a visored cap. The face was distorted and bloody. There was a fracture of left arm near the elbow. A wrist watch in deceased's pocket was broken and had stopped at 2:13. A billfold in deceased's trouser pocket held miscellaneous identifications in the name of Adam J. Peters. There was no money, except for 32¢ in change.

The remains were taken to the Hennepin County Morgue where an autopsy was performed that day - October 24th, 1962, which revealed that death was caused by subarachnoid hemorrhage and massive hemothorax due to basal skull fracture and severed aorta with rupture of liver and spleen. Fractures of pelvis, multiple ribs, and long bone fractures were contributing factors. The toxicologist's examination of deceased's blood was negative for alcohol.

Deceased is survived by his wife, Margaret; sons, Brother Henry Walter, F.S.C. and Brother Thomas Konrad, F.S.C., both of St. Mary's College, Winona; and James, Robert, and Richard; daughters, Mrs. Max Slocum (Eva) of Pequot Lakes, Mrs. John Findow (Marieann) of Chicago; and brothers, Frank and Jacob, Jr. of St. Paul, and Nicholas of St. Louis, Missouri.

Death was classified Accident, Suicide, or Homicide - Undetermined.

Veteran WW 2

REMARKS

This case was reported to the Coroner's Office at 5:10 p.m. on October 24th, 1962, by police.

At 5:10 p.m. on October 24th deceased was walking out of the Southwest High School Football Field at 48th and Zenith Avenue South at the end of a football game when he collapsed and expired. A fire department rescue squad responded to a summons for assistance, but their efforts were in vain. Dr. Eckerly who was in attendance on a Minneapolis General Hospital ambulance confirmed death.

A deputy coroner examined the body of deceased which was clad in outdoor clothing and lying on the ground of the northeast corner of the football field. It was stated that deceased, who was under the care of Dr. D. H. Correa, had a heart attack recently and was just beginning to recuperate.

JOHN T. HAGEN - continued

There was no indication that death was due to other than natural causes and it was attributed to arteriosclerotic heart disease.

The deputy coroner released the body directly from the scene to a mortician.

Deceased is survived by his wife, Jane; four children, Maureen, Paul, Teresa, and Susan; three sisters, Mrs. John (Peggy) Forester of Minneapolis, Mrs. Robert (Kay) Hughes and Mrs. James (Pat) Doering, both of California; and his mother, Mrs. Eleanor Hagen of Minneapolis.

REMARKS

This case was reported to the Coroner's Office by the Morris N. Nilsen Funeral Chapel at 7:45 p.m. on October 24, 1962.

The decedent, who had been a patient of a Dr. Johnson, was found dead in her bed by the manager of the building in which she lived, about noon on the above day.

When this office was notified, a deputy coroner went to the scene and found the woman, dressed in nightclothes, lying in her bed. The body was very stiff due to advanced rigor mortis. It was estimated that she had probably expired sometime during the night. There was no evidence of other than natural cause of death.

Mae Williams (continued)

The room was neat and orderly. A bottle of empirin tablets, issued by Dr. Johnson, and four capsules of Seconal in a twelve-capsule bottle issued in February 1962 were found in the apartment.

The body was removed to the Hennepin County Morgue before being released to the funeral director.

Death was ascribed to arteriosclerotic heart disease.

The only survivor known to this office is a nephew, Raymond Melrose, Canby, Minnesota.

REMARKS

This case was reported to the Coroner's Office by the Sundseth Anderson Funeral Home at 11 a.m. on October 29, 1962.

According to Dr. M. Kozak, 5840 North Lilac Drive, the decedent had come to him for examination in October of 1961 and was found to have a bleeding ulcer and arthritis. Dr. Kozak advised hospitalization at that time but the man refused and continued to refuse hospitalization or medical care of any kind until the day of his death when Mrs. Kretch telephoned Dr. Kozak and stated that her husband's condition was very bad and he wanted to enter a hospital. Dr. Kozak ordered an ambulance to take the man to the hospital but he had expired when the ambulance arrived. This was at 10:30 a.m. on October 26, 1962.

William Kretch (continued)

The body was removed to the Sundseth Anderson Funeral Home and in view of the fact that the decedent had not seen a physician during the past year, this office was notified of the death on October 29, in order that the body might be released for burial.
There was no indication of other than natural cause of death which was ascribed to secondary anemia due to bleeding duodenal ulcer.

Survivors are wife, Mary; daughters, Mrs. Ann Auchampach, Mrs. Olga Durenberger, Mrs. Helen Christopherson; son, Walter Dix; ten grandchildren, all of Minneapolis.

REMARKS

This case was reported to the Coroner's Office by the Minneapolis Police Department at 12:40 a.m. on October 26, 1962.

On the above morning the decedent entered the White Castle Restaurant at Nicollet and Grant and ordered some food before she sat down at the counter at the east side of the building. Suddenly the woman appeared to faint and collapsed, falling from her chair to the floor.

A Minneapolis General Hospital ambulance was summoned and the physician aboard, Dr. Toft, pronounced the woman dead on arrival at 12:25 a.m.

Ruby A. Hageman (continued)

Police Officers Stahura and West were on the scene to investigate this death.

A deputy coroner went to the scene and found the decedent lying face up on the floor. The body was still warm.

Witnesses to this death were Robert Clemens and Otto Kupitzik, who were seated next to the decedent.

The body was removed to the Hennepin County Morgue, where autopsy performed the following morning revealed the cause of death to be massive hemothorax, left, due to rupture of the thoracic aorta, spontaneous, due to severe aortic arteriosclerosis.

Survivors are sister, Mrs. Lillian Sunberg, Mound; brother, Arthur Hirsch and half brother, John Harris, both of Duluth.

REMARKS

This case was reported to the Coroner's Office by the Minneapolis Police Department at 9:50 a.m. on October 26, 1962.

The decedent was last seen alive by Alex Chestick of the same address about 6 p.m. on the evening of October 25 when Chestick passed by the man's room. At that time the decedent asked Chestick for a drink of water and stated that his "stomach was burning up." The man was reported to be in good health but was said to drink a great deal of alcohol. He lived by himself, eating his meals out.

William Lee Dungan (continued)

About 8 a.m. on October 26, Peter Ebenson, another resident of the building looked into the man's room and saw him lying on the floor. Ebenson reported to the caretaker, Ruben Dundrock, who summoned Police. Officers F. W. Johnson and Mattson, Squad 117, responded to the call and found the man dead.

A deputy coroner went to the scene and found the decedent, fully dressed, except for shoes, lying on his back on the floor next to his bed. The body was cold and rigor mortis well advanced. Abrasions were noted on the face, nose and forehead. Empty Muscatel and other bottles were found on the floor under the bed.

The body was removed to the Hennepin County Morgue before being released to a funeral director.

Death was ascribed to alcoholism, chronic.

Examination of a specimen of the decedent's blood was negative for ethyl alcohol.

The decedent's family refused permission for autopsy.

Survivors are a brother, Hugh, and nieces and nephews.

REMARKS

This case was reported to the Coroner's Office by Minneapolis General Hospital at 2:15 p.m. on October 26, 1962.

About 6:30 on the evening of October 19, 1962, the decedent was walking on Emerson Avenue about a block and a half from her home when she was accosted by a would-be purse snatcher. However, the woman later stated, she held her purse tightly and the assailant, whom she estimated to be a youth of 14 or 15, dragged her into the street where he knocked her down then fled without having obtained the purse. The woman received injuries to her right leg and elbow and the side of her head, but continued on home, where at first she appeared not to have been severely injured.

Gladys G. Miller (continued)

Later, however, she began to feel ill. Her sister, with whom she lived, notified Police of the incident and they suggested the woman be taken to Minneapolis General Hospital.

She was admitted to the hospital emergency room at 7:41 p.m. that evening complaining of severe headache. She became comatose. Angiography showed blood vessel displacement and a craniotomy was performed the following day, October 20. The woman appeared to be making satisfactory progress but on the morning of October 26 she became unconscious and expired at 1:40 p.m. that day.

Autopsy performed at the hospital in the presence of the Coroner that afternoon indicated that the cause of death was subdural hematoma at the base of the left skull. It was so low that it could not be found at the time of the craniotomy and was attributed to hemorrhaging from a fall. The type and location of the injury would be consistent with the injuries the woman received during the attempted purse snatching.

This case is still being investigated by detectives.

The body was released from the hospital directly to a mortuary.

Survivors are sisters, Miss Eva M. Miller, Mrs. Floyd Butler; brother, Clifford A. Miller.

REMARKS

This case was reported to the Coroner's Office by Dr. Norman at 12:50 p.m. on October 29, 1962.

The deceased has been under care of Dr. Harold Miller, but has not seen him for the past 16 months. He has been checked at the Vet's Hospital out patient department, every month.

According to his medical history the deceased has been 100% disabled with pulmonary tuberculosis, and coronary insufficiency. On the afternoon of October 27, 1962, the deceased's condition became critical and a Doctor Norman was summoned to the residence. Upon arrival he pronounced the man dead, death apparently occurring about 6:30 p.m.

EDWARD NYGAARD - Continued

Examination of the body at the mortuary by the Deputy Coroner indicated that death was due to natural causes. Death was attributed to arteriosclerotic heart disease.

Survivors include his wife, Elizabeth, his son, Charles Edward, the father Ed, brothers, Kenneth, Henry, and Larry, sisters Mrs. Henry Milbert and Mrs. Kenneth Gluesing.

REMARKS

This case was reported to the Coroner's Office by the Minneapolis Police Department at 12:50 a.m. on October 27, 1962.

At 12:28 a.m. on the above morning, according to the Minneapolis Police Department, the decedent, accompanied by his wife, Shirley Ann, 32, was traveling south on 5th Avenue in his 1962 Chevrolet automobile, bearing 1962 Minnesota license 5H1490, and at East 38th Street he went through a stop sign and struck another vehicle going west on East 38th Street; this automobile was driven by Lester B. Shaffer, 79, 3624 Colfax Avenue South, who was accompanied by his wife, Gertrude M. Shaffer, 68.

Harlan Fallstad (continued)

The force of the impact threw the decedent and also Mrs. Shaffer from their respective automobiles.

There were no witnesses to this accident.

Passersby summoned the police and Officers Quinn and Morse, Squad 605, arrived on the scene to find the decedent still breathing. However, he was dead by the time the Minneapolis General Hospital ambulance arrived, the time of death being established at 12:29 a.m.

The other three persons involved in the accident were taken to the hospital where their conditions were reported satisfactory.

A deputy coroner went to the scene and found the decedent, fully dressed, lying on his back on 38th Street west of the intersection with his face turned toward the right. The body was warm, there was no rigor mortis. Blood was noted on the face. Marks on the left wrist of the decedent indicated that he had been wearing a watch with expandable band.

The decedent's automobile was in the intersection, pointing in a northwesterly direction.

The body was removed to the Hennepin County Morgue where autopsy performed later that day revealed the cause of death to be diffuse subdural and subarachnoid hemorrhage due to complete transverse basal skull fracture.

Examination of a specimen of the decedent's blood revealed 0.21% ethyl alcohol.

Survivors are wife, Shirley; son, Robert; father, Einar T. Fallstad; brother, Russell W. Fallstad.

REMARKS

This case was reported to the Coroner's Office at 1:00 p.m. on October 28, 1962 by the police department and Ewan Chowen, son of the deceased, living at 15617 Lake St. Hopkins, Minnesota.

It was stated that the deceased was talking to his wife while he was sitting in a chair, suddenly he stood up and grabbed his chest and complained of having a pain. He had this pain recently but it had gone away and he did not want help, as he sat down the sudden pain reoccurred.

Rescued squad was called and Minneapolis General Hospital ambulance was dispatched to the scene. Upon arrival, the ambulance physician, confirmed the man's death that

GILBERT L. CHOWEN - Continued

day at 11:15 a.m.

The deceased was last seen by physician Doctor J. N. Geibenhein, which was three years ago. A Doctor Olson gave the same history.

There was no indication of other than a natural death. Death was attributed to Arteriosclerotic Heart Disease.

Officers, Davis and Levius, of squad 442 attended the scene of the death.

Survivors of the decedent include, Kathryn his wife, two sons, Joseph and Ewan of Minnetonka, three daughters, Mrs. Louise M Anderson, Mrs. Kathryn Freeman, and Mrs. Rose Ann Johnson of Minneapolis. 29 Grandchildren and 1 great-granddaughter.

REMARKS

This case was reported to the Coroner's Office by John Supalo, head guard at the Parkers Lake Men's Workhouse, at 10:30 a.m. on October 28, 1962.

On October 15, 1962, according to records at the Workhouse, the decedent was brought to the Workhouse as the result of a charge of drunkenness; the only medications the man received were aspirin and laxative. At 9:15 a.m. on October 28, another inmate of the Workhouse reported that the decedent had "passed out." Officer Weber and Orderly Allan went to investigate and found the decedent leaning against the door of his cell, frothing at the mouth. No pulse could be felt, according to reports, and no heart soumds could be heard via stethoscope. The man was given cardiac massage and adrenalin was administered without results, by the physician who arrived aboard a Minneapolis General Hospital ambulance.

Spencer Warner (continued)

A deputy coroner went to the Workhouse and found the decedent lying on his back on the cell cot. The body, dressed in T-shirt and trousers, was very obese. The chest and abdomen were exposed. Ecchymosis of the right leg was noted. There was no rigor mortis.

The body was removed to the Hennepin County Morgue where autopsy performed the following day revealed the cause of death to be pulmonary congestion and edema due to focal mononuclear pneumonia.

Names of survivors are not known to this office.

Examination of a specimen of the decedent's blood was negative for ethyl alcohol.

REMARKS

This case was reported to the Coroner's Office at 10:15 a.m. on October 28,1962 by Doctor Crow, at Glen Lake Sanatorium, Minnetonka Village.

Deceased was transferred from Rochester State Hospital to Glen Lake Sanatorium in March 1962. He had an amputation of his (right leg) and was confined to a wheel chair.

On October 28, at 9:15 a.m., he was found at the bottom of ten or twelve stairs, the wheel chair with him and had laceration of head with skull fracture. Deceased was carried back to his bed where he expired within a short time, death occurring at 9:30 a.m. on date of injury.

ARTHUR FIERKE - Continued

Remains were removed to the Hennepin County Morgue, where an autopsy was performed on October 28. This revealed diffuse subdural and subarachnoid hemorrhage due to extensive comminuted skull fracture.

Decedent is survived by a son, Marland J. Fierke, of Rochester, Minnesota

REMARKS

This case was reported to the Coroner's Office by the Lutheran Deaconess Hospital at 6:50 a.m. on October 29, 1962.

At 2:45 a.m. on October 21, 1962, according to the Minnesota Highway Department, the decedent was a passenger in an automobile driven by Lyle V. Wiegers, 32, Boyd, Minnesota, which collided with another vehicle driven by Donald A. Hansen, 23, Woodlake, Minnesota, at the junction of Highways 212 and 59 in Montevideo, Chippewa County, Minnesota.

The decedent was brought to Lutheran Deaconess Hospital that day and on October 22, the following day, a bilateral trephine was performed. The man expired at 4:20 a.m. on October 29.

Elzie Eldon Mishler (continued)

Autopsy performed at the hospital indicated that the cause of death was diffuse epidural, subdural, and subarachnoid hemorrhage, due to extensive basal skull fracture.

The body was released by this office from the hospital directly to a mortuary.

Survivors are wife, Irene M.; daughters, Deloris Ann, Judy Kathysue, Gloria Jean, Wanda Fave, Jeri Marie, all of Minneapolis; sister, Mae Washburn of Illinois; half brothers, William of Ohio, Henry, Roy and Ivory, and half sister, Catherine Hulvey, all of Illinois; mother-in-law, Mrs. Margaret Becker of Minneapolis.

REMARKS:

This case was reported to the Coroner's Office at 8:40 a.m., on October 29, 1962 by the Star of Bethlehem Home.

On August 29, 1962, the deceased, a Christian Scientist, was admitted to the Star of Bethlehem Home for convalescent care. Her condition continued to deteriorate. She expired at 8:30 a.m., October 29th, 1962.

There is history of an admission to Methodist Hospital on August 9, 1962 for a two week period at which time she was treated for intestinal "flu" by Doctor Harold Wallquist.

Examination of the body by a deputy coroner indicated that death was due to natural causes. Death was attributed to arteriosclerotic heart disease. Remains were released directly to a mortuary.

JULIA E. LONGINI - continued

Survivors of the decedent include three daughters, Mrs. Fannie MacArthur, Hollywood, California, Mrs. Irene Summerfield, St. Paul, Minnesota, and Mrs. Helen Longini.

REMARKS

This case was reported to the Coroner's Office by the Police Department at 12:40 p.m. on October 29, 1962.

Deceased was found by George Peterson, a neighbor, residing at 3642 Logan Ave. N. He looked in the window and saw deceased sitting on the davenport, motionless and with eyes and mouth open wide and obviously not breathing.

She was dressed in house clothes and there was no evidence of foul play. The deceased was last seen cleaning and hanging storm windows. She lived alone at that address.

FRANCES NYGREN - Continued

An attending physician pronounced her dead. Death occurring at about 12:05 p.m. on October 29, 1962.

Examination by the Deputy Coroner revealed no indication of other than a natural death. Death attributed to Arteriosclerotic Heart Disease.

Police officers, Wicklund and Berg, of squad 442 were notified and attended the scene of the death.

The decedent is survived by a daughter, Viola Kennedy, Minneapolis, grandsons, Bruce and Daniel Lehan, Minneapolis; sister, Mrs. Anna Backan, Seattle, Washburn; brothers, Ray Hedtke, Anoka, Rudolph Hedtke, Chanhassen, Minnesota, Clarence Hedtke, Mora, Minnesota.

REMARKS

This case was reported to the Coroner's Office by the Deephaven Police Department at 3:40 p.m. on October 29, 1962.

Mrs. Norton, a daughter-in-law, had been trying to reach the deceased on Sunday October 28. The next day she drove out and found the deceased laying on floor near ironing board. Iron on floor next to his hands were touching the cord, it had burned two spots on linoleum floor cover. Apparently the deceased had been alone in his house at the time.

The attending physician examined the deceased . It was revealed that he had superficial 2% burns on abdominal walls and right forearm and right elbow. Death occurred about 3:30 p.m. on October 29th.

EBEN M. GRUNDY - Continued

An autopsy was held by Doctor Munkittrick at the mortuary on October 30, 1962. Death was attributed to Massive Subarachnoid hemorrhage, due to rupture of right middle cerebral artery, due to hypertensive cardiovascular disease.

Survivors include, sons, David M. and Norton B. of Minneapolis, 2 Grandchildren, sisters, Mrs. Carl (Jessie) Rogers, Chicago and Mrs. Lester (Louise) Trve, Idaho Springs, Colorado.

REMARKS

This case was reported to the Coroner's Office by the Minneapolis Police Department at 10:50 a.m. on October 30, 1962.

About 10:45 a.m. on the above date, the decedent was driving west on 40th Street in his 1957 Chevrolet, bearing 1962 Minnesota license 5B8616, when according to a witness, Frank Gunderson, 7225 Girard Avenue South, he slumped over toward the left window and his automobile struck and badly damaged a parked car at 40th Street and Minnehaha Avenue. The car was a 1961 Rambler, bearing 1962 Minnesota license 5A1516, owned by Angus Taylor, 4000 Minnehaha Avenue. The decedent's car was estimated to have been traveling at the rate of about 45 miles per hour at the time of this accident; the force of the impact knocked the Rambler about 180 feet, over the sidewalk into Minnehaha Avenue, coming to rest facing in a southwest direction. The decedent's car stopped about 90 feet from the

Selmar Eikeness (continued)

estimated point of impact, facing in a northwesterly direction.

Police were summoned and Officers C. C. Olson and J. P. Madsen, Squad 603, responded, and upon finding the man dead notified this office.

A deputy coroner went to the scene and found the decedent lying on his back parallel to the right side of the Chevrolet. The body was cool. Minimal bleeding was noted.

Damage was noted to the left front of the Chevrolet. Both car doors were open and the windows were broken.

Persons in the King Coin Launderette at 3966 Minnehaha Avenue stated that the Rambler had gone up over the sidewalk, took down a front post of the launderette and shook the building; none of the persons in the launderette at the time were hurt.

The body was removed to the Hennepin County Morgue where autopsy performed later that day revealed the cause of death to be arteriosclerotic heart disease due to coronary arteriosclerosis with myocardial fibrosis.

Examination of a specimen of the decedent's blood was negative for ethyl alcohol.

Survivors are son, Ray Eikeness; daughters, Mrs. Carl Johnson, Mrs. John Berg, and Mrs. Margaret Lyng, all of Minneapolis; 1 brother and 2 sisters in Norway; 9 grandchildren and 2 great-grandchildren.

REMARKS

This case was reported to the Coroner's Office by the Hennepin County Sheriff's Office at 10:55 a.m. on October 30, 1962.

At 10:35 a.m. on the above date the decedent was alone in his 1946 Dodge pickup truck, bearing 1962 Minnesota license Y67-197, and driving east on the gravel side road parallel to the Great Northern Railway tracks in Mound, Minnesota, and together with a train en route from Minneapolis to Hutchinson was approaching the crossing on Fairview Avenue near the Tonka Toy factory. According to the train engineer, Theodore Swenson, he first saw the decedent's car about 500 feet from the crossing but the freight was only about 15 feet from the crossing when he realized the driver was not going to stop his car but was evidently trying to beat the train.

Ellsworth A. Iverson (continued)

The engineer applied the brakes but the engine of Train 186 of the Great Northern struck the decedent's car broadside and the man was thrown out of his demolished car and his body carried 192 feet down the tracks where it was found under the rear wheels of the third car of the train between the tracks.

Help was summoned and Officer Anderson, Car 845, of the Hennepin County Sheriff's Office was first on the scene.

A deputy coroner went to the scene and found the decedent face down between the tracks. The right leg was severed at the knee. The man was partially decapitated and multiple fragments of skull and brain the the man's personal effects were strewn more than 45 feet along the tracks.

The switch engine and the decedent's truck had stopped 394 feet from the crossing. The truck's speedometer was stopped at 0 miles per hour.

Fireman of this train was Earl J. Seaman, 1607 Jefferson N.E., Minneapolis and the conductor was C. L. Daugherty, 900 Hague, St. Paul.

The decedent's body was removed to the Hennepin County Morgue before being released to a funeral director. Death was caused by complete crushing of the skull with evulsion of the brains and crushing of the bones of the face plus severence of the right leg at the top of the boot and severe laceration of the perineum.

Survivors are wife, Jimmie Dale; sons, Timothy and Richard; father, Arnold and mother, Mrs. Ambrose Troska; brother, Thomas of Minneapolis; sisters, Mrs. Earl Peterson (Arland) of Mound; Mrs. Clifford White (Gloria) of Hopkins, and Mrs. Leonard Zitzloff (Karen) of Delano.

REMARKS

This case was reported to the Coroner's Office by the Minneapolis Police Department at 4:25 p.m. on October 30, 1962.

According to the decedent's husband, the woman had suffered with a mental condition for about fifteen years and had been in St. Peter Mental Hospital, the University of Minnesota Mental Hospital, Glenwood Hills, where she had been under the care of Dr. Miller, and Eitel Hospital, where she had been under the care of Dr. A. Olson. She was also said to have taken an overdose of sleeping pills a short time ago.

Anna Henriksen (continued)

Henriksen stated that he and the decedent visited friends on October 27 and upon their return home she complained of headache for which she took two pain pills and drank a bottle of beer. Henriksen further stated that he retired to his separate bedroom before his wife went to bed and upon awakening Sunday morning, October 28, he noticed her bedroom door was shut so went to church by himself. Upon his return about 11 a.m. his wife was not at home but Henriksen found a note addressed to him in which the decedent indicated that she could no longer take it, evidently meaning pain, and that she was going to the bridge and jump in the river.

Henriksen reported his wife missing at noontime that day and the decedent's note was turned over to Police.

On the afternoon of October 30, Henriksen and Robert Johnson, 3820 40th Avenue South, a friend of the family for many years, went out to check the river banks in an attempt to locate the decedent's body. They separated and Johnson located the body laying partially on the shore at 38th Street and West River Road. The woman's face was submerged in the water but Johnson turned the body over for positive identification and then left the scene to call the police. Henriksen located the body a few minutes later, about 3:30 p.m., and was at the scene when Officers Hoben and Cecil, Squad 331, arrived.

Officers Goodsell and Dick, Squad 1003, and Detective R. Anderson also came to the scene to investigate this drowning.

A deputy coroner went to the scene and found the decedent's body, fully clothed, where it had washed up face down on the rocky shore. There was no evidence of external trauma to the body.

The body was removed to the Hennepin County Morgue before it was released for burial.

Death was attributed to asphyxia due to drowning.

Survivors are husband, Axel; son, Alfred R. Henriksen, Alameda, California; sister, Mrs. Carrie Hellevik, Yakima, Washington.

REMARKS:

This case was reported to the Coroner's Office on October 30, 1962 by the the decedent's daughter, Charlene.

On the evening of October 30, 1962, the deceased was preparing some dinner for himself. His daughter, Charlene, thought she smelled food burning and rushed into the kitchen to find her father on the floor, gasping for air.

A Minneapolis General Hospital ambulance was summoned to the residence. Upon arrival, the ambulance physician confirmed the man's death at 7:10 p.m.

General Hospital's medical records indicated the deceased was hospitalized from September 11th to October 23rd, 1962 for treatment of a coronary condition.

A deputy coroner went to the scene and viewed the remains. There was no indication of

ALBERT LA CROIX - continued

other than natural death. Death was attributed to arteriosclerotic heart disease.

Officer Goodspee of squad 553 was notified and attended the scene of death.

Survivors of the decedent include his wife, Lillian; two sons, Roger LaCroix, Spring Lake Park, and Clayton, Minneapolis; seven daughters, Lynette, Mrs. Donna Joubert, Mrs. Genevieve Joubert, Mrs. Marie Ehlers, Mrs. Cleo Baumann, Mrs. Joann Latulippe, Minneapolis, and Mrs. Janice Mieseler, Chaska, Minnesota; also two brothers and two sisters.

REMARKS:

This case was reported to the Coroner's Office at 12:50 a.m. on October 30, 1962 by the Police Department and daughter, Edith Olin.

Shortly after midnight on October 31, 1962, the deceased awoke and took a short walk outside of the house. Upon returning to the house, he sat down in chair, commenced gasping for air and suddenly collapsed to the floor.

A Minneapolis General Hospital ambulance was summoned to the scene. Upon arrival, the ambulance physician pronounced the deceased dead, death apparently occurring about 12:30 am.

Deceased has history of a heart condition for which he was treated at Minneapolis General Hospital, being admitted on August 8, 1962. He was last seen in the out-patient department on October 17, 1962.

MARTIN OLIN - continued

A deputy coroner went to the scene and viewed the body. There is no indication of other than natural death. Remains were released directly to a mortuary and death was attributed to arteriosclerotic heart disease.

Police officers Couper and Gardner of squad 118 were also notified and attended the scene of death.

Survivors of the decedent include three sons, Harry, New York City, Roy and Clinton Olin, and also a daughter, Miss Edith Olin, all of Minneapolis.

REMARKS

This case was reported to the Coroner's Office by the Hennepin County Sheriff's Office at 4:05 p.m. on October 31, 1962.

At 3:40 p.m., according to Officer Handy of the Brooklyn Police Department, Thomas Lund, 2112 Brookview North, Brooklyn Center, Minnesota, backed his 1958 two-door Belvedere Plymouth sedan, bearing 1962 Minnesota license 3Y1482, out of his driveway and accidentally ran over the decedent, who lived nextdoor at 2118 Brookview North. Apparently, the boy ran behind the automobile without realizing that it was moving.

David John Cramer (continued)

Officer Handy, above mentioned, responded to a summons for help together with Sgt. Lindsey, and Officer T. G. O'Hehir, car 864.

A deputy coroner went to the scene and found evidence to indicate that the automobile wheel on the right rear had passed over the child's mid abdomen. Head injuries were also apparent. Dr. Robert I. Shragg had been summoned to the scene and had pronounced the child dead on arrival, the time of death being 3:42 p.m.

The body was removed to the Hennepin County Morgue where autopsy performed the following day indicated the cause of death to be extensive aspiration of stomach content due to contusion of the chest and abdomen.

Except for parents, John W. and Ruby Cramer, names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office by the Hennepin County Sheriff's Office at 6:55 p.m. on October 31, 1962.

About 6:15 p.m. on the above date, Corwin Kroneberg, Box 251, Clearwater, Minnesota, and his mother, Mrs. Kasper were driving behind the decedent, who was traveling east on County Road 49 near Highway 101 in Hassan Township, in his 1960 Ford Fairlane, bearing 1962 Minnesota license 3E8613, when they saw the Ford veer to the wrong side of the road, cross the roadside ditch and come to a stop in the cornfield on the north side of County Road 49.

Jerry Kranz (continued)

Upon investigation, Kroneberg and Mrs. Kasper found the decedent lying on the seat of the Ford, where he gasped for breath, then became quiet. They notified Rogers Police and Officers Honebrink and Sonenstahl came to the scene, upon receiving a call at 6:16 p.m.

A deputy coroner went to the scene and found the decedent, fully dressed, slumped to the right behind the steering wheel of his automobile. It was a cold, clear night and the body was cold but there was no rigor. The lights of the automobile were on but the motor was not running.

The decedent's wife later stated that the man had been a patient of Dr. H. R. Hansom, Osseo, who had last seen him about two weeks prior to the man's death. He was being treated for coronary insufficiency and diabetes, which was not well-regulated, although the man was taking insulin.

The decedent's body was removed to the Hennepin County Morgue where autopsy performed the following day revealed the cause of death to be severe coronary arteriosclerosis with myocardial fibrosis due to generalized arteriosclerosis.

Examination of a specimen of the decedent's blood was negative for ethyl alcohol.

Survivors are wife, Ione; daughters, Mrs. Raymond (Geraldine) Borgheinck, Brooklyn Center, and Mrs. Joseph (Shirley) Richert, Robbinsdale; sons, Douglas, Rush City, Gerald and Dennis, Osseo; nine grandchildren; brother, William, Crystal; sisters, Elizabeth Braun, New Ulm, and Christine Griff, New Jersey.

REMARKS

This case was reported to the Coroner's Office by the University Hospital at 5:00 p.m. on November 1, 1962.

The deceased had been a patient at the Hospital in the Psychiatric Ward, under the care of a Doctor Cottor. He had been admitted on October 31, 1962, recently the man had suicidal hallucinations. Deceased was found by an orderly at 2:00 p.m on November 1, in the bathroom with belt around neck, apparently lifeless. Pipe to which belt was tied was three feet off ground and buttock three inches off ground; it appeared the decedent had sat down and asphyxiated.

EDWARD CLARK - continued

Resuscitation was given for fifty minutes, but there was no response. Cause of death was ascribed to asphyxiation, due to strangulation with leather belt.

Remains were released directly to a mortuary, and the survivors of the decedent were unknown to the coroner's office.

REMARKS

This case was reported to the Coroner's Office by the Police Department at 12:30 a.m. on November 4, 1962.

Deceased complained of chest pains when he went to bed. According to wife and son, the deceased apparently retired about 11:00 p.m. on evening of November 3, and woke up a half hour later complaining of severe chest pain and nausea, expiring at 12:10 a.m. on November 4.

Wife stated the deceased had been complaining of chest pain for the last 2 years, but refused to see a doctor.

CARL CARLSON - Continued

Wife refused an autopsy.

Death was attributed to Arteriosclerotic Heart Disease. Remains were released to a Mortuary.

Officers, Davis and Lemke, of squad 442 attended the scene of the death.

Survivors are unknown to the Coroner's Office.

REMARKS

This case was reported to the Coroner's Office by the Police Department at 8:55 a.m. on November 5, 1962.

Mrs. H. Dwyer, caretaker's wife, came in deceased room to change the sheets at 8:00 a.m. that morning and found the deceased.

He had been working for Parten Machine Company, as tool and dye maker.

Mr. Dwyer, the caretaker, states that the deceased had been going to work regularly. For one week he felt weak and thought he had the flu, so he went to see his physician for "flu shots".

CARL S. SATHRE - Continued

According to medical history the deceased had seen his physician Doctor R. Sullivan at St. Mary's Hospital on January 18, to January 26, 1961.

Examinatin revealed no indication of other than a natural death. Death ascribed to Arteriosclerotic Heart Disease.

Officers, T. O. Willey and D. E. Reynolds, of squad 116 on being notified, attended the scene of the death.

Remains were released to the Paulson Funeral Home in Fredric, Wisconsin.

Decedent is survived by a niece, Adeline Hanson, of Austin, Minnesota.

REMARKS

This case was reported to the Coroner's Office by the Police Department at 5:30 p.m. on November 6, 1962.

The deceased had been treated at Minneapolis General Hospital Out-Patient Department for a heart condition. Visiting nurse saw him on November 5, and left him more medicine.

Deceased lived alone, by choice, in his home at above address rather than go to a rest home. His daughter, Mrs. Willis Nothaker, was in the habit of checking

FRANK NICOLLE - Continued

on him in morning and evening. Today, on her way home from voting, she decided to check on him but did not have her key along so knocked at the door; there was no response. Upon looking in the window, she noted him lying on the bed, apparently unresponsive.

She returned home and got her husband, they entered the house and found he had expired at about 4:40 p.m.

Medical history showed that deceased had been a patient at the Minneapolis General Hospital in July, 1962, under the care of a Doctor Rivkin.

An examination revealed the cause of death was attributed to Arteriosclerotic Heart Disease.

Survivors are unknown to the Coroner's Office.

REMARKS

This case was reported to the Coroner's Office by Minneapolis General Hospital at 5:10 a.m. on November 9, 1962.

At 4:25 p.m. on October 23, 1962, the decedent was traveling north on Third Avenue South in his 1949 Black Chevrolet sedan, bearing 1962 Minnesota license 5C5591, when according to witnesses he drove through a red light at Franklin Avenue and was struck on the left side and front of the Chevrolet by a 1960 white Ford sedan, bearing 1962 Minnesota license 4N1531, being driven east on Franklin Avenue by William M. Gouette, 977 Seminole Avenue West, St. Paul, Minnesota, owner of this vehicle. In the right front seat of the Gouette vehicle was Hugh Hill, 558 St. Peter Street, St. Paul; in the right rear seat was Harry A. Wilton, 967 Reamey Street, St. Paul.

John J. Kelly (continued)

The decedent's vehicle went out of control and struck the front of a Chevrolet sedan, bearing 1962 Minnesota license 5H4640, owned and being driven by Patrick B. Lynch, 68, 3628 Lyndale Avenue South, Minneapolis, who had pulled to a stop in the westbound lane on Franklin. Lynch was alone in his vehicle, as was Kelly.

The Kelly and Gouette vehicles were totally wrecked; repair to the Lynch vehicle was estimated to cost about $100.00.

Witnesses to this accident were Eldon Haseltine, 119 22nd Avenue South, St. Paul; Harold Lagner, 629 East 18th Street, Minneapolis; and Mrs. Erik Anderson, 2706 East Franklin Avenue, Minneapolis.

Officers J. K. Meyers and D. Altman, Minneapolis Traffic Policemen, were on the scene to investigate this accident.

Injuries of all persons involved in this accident were not considered serious with the exception of those of the decedent. There was a questionable history of his having been thrown out of his automobile and a transcient period of unconsciousness. He was removed by ambulance to the Minneapolis General Hospital where he was admitted at 5:21 p.m. Xray examination revealed fractures of the pelvis and right clavicle. Surgical repair of his ruptured bladder was done immediately. Post operative course was continuously down hill, with fever, pulmonary congestion and lower right peritoneal abscess. The man expired at 1:30 a.m. on November 9.

Autopsy performed at the hospital revealed the cause of death to be septicemia due to left empyema, lower right peritoneal abscess and bronchopneumonia due to multiple rib fractures, left, and laceration of the urinary bladder.

The body was released by this office from the hospital directly to a mortuary.

Names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office by North Memorial Hospital at 2:45 p.m. on November 10, 1962.

For some time the decedent had been under the care of Dr. Stanley P. Stone, who was treating her for diabetes. She was last seen by him about two weeks prior to death. According to the woman's daughter, she had had a stroke about six months ago.

About 8 a.m. on the morning of November 10, the woman's husband left for work and when he returned at 2:30 p.m. he found his wife lying on the bathroom floor. A North Memorial Hospital ambulance was summoned and the physician aboard, Dr. Block, pronounced her dead on arrival.

Emma Edith Rudeen (continued)

The body was removed to North Memorial Hospital where autopsy was done the following day. This revealed the cause of death to be encephalitis, etiology unknown, and pulmonary congestion and edema.

The body was released by this office from the hospital directly to a mortuary.

Examination of a specimen of the decedent's blood was negative for ethyl alcohol and barbiturates; examination of the liver was also negative for barbiturates.

Except for husband, Elmer H. Rudeen, names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office by the Minneapolis General Hospital at 11:30 p.m. on November 10, 1962.

Deceased was admitted to the Minneapolis General Hospital at 11:02 p.m., brought in by ambulance.

Examination by a physician pronounced the child dead, on arrival. Expiring at 11:15 p.m. that day.

Fire broke out in home of deceased while mother and child were alone in the house on evening of November 10th. There was very little actual fire mostly

RICHARD STUMM - Continued

smoke damage, apparently caused by a short circuit in lamp. The fire was limited to a sofa in the living room but smoke filled the entire house. The boy was sleeping in a bed room adjacent to the living room.

An autopsy was performed at the Hennepin County Morgue on November 11, 1962. Death was ascribed to Carbon monoxide poisoning due to inhalation of smoke.

Remains were released to a Mortuary.

REMARKS

This case was reported to the Coroner's Office by a Doctor Elliot, an ambulance physician, at North Memorial Hospital, at 4:45 p.m. on November 12, 1962.

Nephew of the deceased talked to the decedent at noontime on date of death and he apparently was all right at that time. Sister of deceased returned home at 4:30 p.m. and found him unresponsive. She called Doctor Larson, who ordered an ambulance to the decedent's home, however, deceased was pronounced dead on arrival at North Memorial Hospital by physician aboard ambulance. Death occurring about 4:30 p.m. on November 12th.

AVERY B. HYSLOP - Continued

The medical history showed the deceased had been treated by Doctor Ken Larson for hypertension and anemia. Deceased was also an alcoholic.

An examination indicated that death was attributed to Arteriosclerotic heart disease.

Remains were released directly to a Mortuary.

REMARKS

This case was reported to the Coroner's Office by the Police Department at 7:30 a.m. on December 14, 1962.

Mrs. Joyce Johnson, living in an apartment at the above address, stated, that she heard the mother of the deceased shrieking and she was hysterical that morning. Mother had discovered the child lying with her face to the right on her abdomen in the crib. The baby was still and appeared unresponsive.

Mrs. Johnson notified the police and a Minneapolis General Hospital ambulance was summoned to the apartment. The attending physician pronounced the child

NANCY F. REVELL - continued

dead. Death occurred at 7:20 a.m.

The medical records showed that the deceased was born in Minneapolis General Hospital. The mother had not taken the child for a six week check up, so the baby had not been seen by a doctor recently. Mother stated that the child was ill with a cold.

A deputy coroner was called and he found the deceased lying on the dining room table on back, with little rigor, warm and with moderate livor present. Child was clothed with diaper and shirt on.

The body was removed to the Hennepin County Morgue, an autopsy was performed on November 14th. The examination revealed that death was attributed to early pneumonia with pulmonary edema.

Police officers, Mavity and Strandhund of squad 550, upon being notified, attended the scene of death.

Remains of the decedent were released to a mortuary.

REMARKS

This case was reported to the Coroner's Office by the North Memorial Hospital at 3:10 p.m. on November 14, 1962.

At 10:45 p.m. on Sunday, November 11, the decedent was driving alone in his automobile when the vehicle went out of control on Central Avenue NE in the 8300 block in Spring Lake Park, Anoka County, and the man was thrown out, incurring severe head, back and internal injuries. He was removed to the North Memorial Hospital where he was admitted at 11:45 p.m. that night in an unconscious state. Xray examination revealed facial fractures and fracture dislocation of the 1st and 2nd cervical vertebrae. According to Miss Simkins, head nurse of the intensive care unit at the hospital, the man was put in cervical traction. He expired at 1:35 p.m. on November 14.

James Ruben Wangen (continued)

Dr. Paul Williams, 3827 Central Avenue, was the attending physician on this case.

The body was removed from the hospital to the Hennepin County Morgue where autopsy performed on November 15 revealed fracture dislocation of the 1st and 2nd cervical vertebrae; severed cord in foramen magnum; retropharyngeal hematoma; pulmonary edema.

Names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office by the Hennepin County Sheriff's Office at 3:20 p.m. on November 18, 1962.

At 2:30 p.m. on the above date, the decedent, a passenger seated in the rear center seat of a 1961 blue 4-door Pontiac Tempest, bearing 1962 Minnesota license 2R5869, owned by Ronald Kahmeyer, Waconia, Minnesota, and being driven by Duane Lyle Kahmeyer of the same address, age 15, was apparently thrown from the vehicle when it went out of control and into a ditch along County road 110 in the village of Minnetrista about two miles east of St. Bonifacius. The teenager apparently was killed instantly.

Janice Farrell (continued)

The driver of the vehicle, together with passengers Sharon Elizabeth Dorr, age 15, 1001 East 3rd Avenue, Shakopee, Raymond Morris Bast, age 15, Waconia, and Dale Duwayne Walter, age 18, Waconia, were all removed from the scene of the accident to the Waconia hospital.

Officers McClellan, Honebrink, and Harris, of the Hennepin County Sheriff's Office were on the scene to investigate and assist following this accident.

John W. Babler, Route 2, Mound, Minnesota, was a witness to this accident.

A deputy coroner went to the scene of this accident and the decedent was removed to the Hennepin County Morgue where autopsy performed the following day revealed the cause of death to be diffuse subarachnoid hemorrhage over the left cerebellum into the brain stem and ventricles due to extensive basal skull fracture and bilateral mandibular fractures.

Except for parents, John and Bertha Farrell, names of survivors are not known to this office.

Examination of a specimen of the decedent's blood was negative for ethyl alcohol.

REMARKS

This case was reported to the Coroner's Office by the Minneapolis Police Department at 6:50 p.m. on November 19, 1962.

At 6:38 p.m. on the above date the decedent, a pedestrian, was crossing Lyndale Avenue South at the intersection with 35th Street in the north crosswalk when he was struck by a 1956 white Ford station wagon, bearing 1962 Minnesota license 1F4754, owned and being driven north on Lyndale Avenue by Kenneth Gerald Johnson, age 22, 4439 Blaisdell Avenue South, Minneapolis.

Police Officers Merrill and R. Robinson were on the scene to investigate this accident.

Eric Lunda (continued)

A deputy coroner went to the scene and found the decedent, dressed in very dark clothes, lying on the street. Apparently the man had not been crossing exactly at the crosswalk. Police had taken Johnson to headquarters for a statement.

Johnson's automobile was badly damaged and the windshield was broken.

The decedent was noted to have a fractured ankle and multiple abrasions and bruises. The body was removed to the Hennepin County Morgue where autopsy performed the following day revealed transection of the spinal cord and subarachnoid hemorrhage; fracture dislocation of the 1st and 2nd thoracic vertebrae; cerebral contusion; open fracture of the tibia and fibula, bilateral, at ankle; fractured pelvis right sacroiliac and fracture of left humerus; multiple lacerations and abrasions of head and face; renal and hepatic cysts.

A specimen of blood upon examination revealed the presence of 0.14% ethyl alcohol.

Names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office by the Minneapolis Police Department at 6:52 p.m. on November 19, 1962.

The decedent was last seen alive by other residents of the apartment building, where he had lived for two or two and a half years, about twelve days ago. Another resident of the building noticed that the man had not used the bathroom they shared for several days so she notified the caretaker, Kenneth R. Johnson, of this. Upon investigating, Johnson found the man dead in his apartment; this was about 6:15 p.m. on November 19.
Johnson summoned Police and Officers Reynolds and Mahoney, Squad 118, responded to a call received at 6:30 p.m.

Albert Erick Wessberg (continued)

A deputy coroner went to the scene and found the decedent, dressed in shorts and T shirt, lying on the davenport. The body was badly decomposed, swollen and blistered with features almost unrecognizable.

There was no indication of other than natural cause of death. The body was in such advanced stage of decomposition no autopsy was attempted.

The body was removed to the Hennepin County Morgue before being released for burial.

Except for a sister, Johanna Wessberg, no survivors are known to this office.

REMARKS

This case was reported to the Coroner's Office by Dr. Strom of the Veteran's Hospital at 4:40 p.m. on November 23, 1962.

Since April of 1962 the decedent had been a patient at the Veterans Hospital, where at 5:15 on the evening of October 17, 1962, he fell downstairs in East 3C at the hospital; he sustained a fractured skull and clavicle. Pneumonia afflicted the patient following this accident and his progress was steadily downhill until he expired at 9:50 p.m. on November 20.

Mathias Weber (continued)

In view of the accident preceding death this office was notified three days later. Autopsy performed at the hospital on November 22 indicated that the cause of death was bilateral bronchpneumonia due to bilateral subdural hematoma due to fracture of the left temporal bond, clavicle, scapula and multiple ribs.

Names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office by the Minneapolis Police Department at 5:50 p.m. on November 20, 1962.

Two months prior to death the decedent had been hospitalized at the Veteran's Hospital for treatment of arteriosclerotic heart disease with fibrillation. On the above evening, he was found sitting in a chair in an unresponsive state by his daughter, Margaret R. Martenson, with whom he lived. Miss Martenson summoned Police and Officers Powers and Petit, Squad 117, responded to a call received at 5:30 p.m.

A Minneapolis General Hospital ambulance was dispatched and the physician aboard, Dr. Holt, pronounced the man dead on arrival.

Adolph T. Martenson (continued)

There was no indication of other than natural cause of death which was ascribed to arteriosclerotic heart disease.

The body was released by this office from the residence directly to a mortuary.

Survivors are daughter, Margaret, above mentioned, and several cousins.

REMARKS

This case was reported to the Coroner's Office by St. Mary's Hospital at 12:40 p.m. on November 21, 1962.

On November 20, the decedent was supervising the unloading of poles at the Bell Lumber and Pole Company yards when a pole rolled from a pile and struck the man on the right frontal and parietal area of the skull, inflicting a severe scalp laceration with comminuted compound fracture of the right frontal, parietal and basal area of the skull and exposing the right orbit. The man was taken to St. Mary's Hospital where he was operated on that day but the damage was so extensive that nothing significant could be done for him. He expired at 11 a.m. the following day, November 21.

Walter Andrew Schutta (continued)

In view of the accident precipitating death, this office was notified.

Autopsy performed at 3 p.m. on the date of death at the hospital revealed the cause of death to be severe contusions and lacerations of the frontal lobes of the brain, bilateral, due to extensive compound comminuted fracture of the skull, basal.

Except for wife, Bertha, names of survivors are not known to this office.

The body was released by this office from the hospital directly to a mortuary.

REMARKS

This case was reported to the Coroner's Office by the Minneapolis Police Department at 1 p.m. on November 21, 1962.

The decedent, a resident of Rochester, Minnesota, was said to have moved into the St. James Hotel, 12 North Second Street, where he was reported to be flashing a large roll of bills around. Shortly before 1 p.m. on November 21, someone reported to the hotel manager, Mr. Krueger, that the decedent was sitting in a chair in the lobby in the throes of some sort of an attack.

Police were summoned, along with a Minneapolis General Hospital ambulance, and Officers Kopp and Nordine, Squad 221, responded.

Clifford A. Rohrer (continued)

Dr. Rider, the physician aboard the ambulance, pronounced the man dead on arrival.

A deputy coroner went to the scene and found the decedent lying on his back on the floor of the lobby of the hotel. The body was warm with livor mortis present. No regor mortis was present. The mouth was clear.

There was no indication of other than natural cause of death, which was ascribed to arteriosclerotic heart disease.
The body was removed to the Hennepin County Morgue before being released to a funeral director.

An aunt, Mrs. Ida Rohrer, 110 Glenwood, Mankato, Minnesota, informed this office that the man was "in very bad condition" and frequently short of breath. She also stated that the man's father had been buried the day before in Kasson, Minnesota. She averred that she did not want an autopsy performed on the man and that she was certain that her nephew died of a heart attack.

Except for the above-mentioned aunt, names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office by the Minneapolis Police Department at 4 a.m. on November 22, 1962.

The decedent had lived at 3304 Aldrich Avenue South for about two years and allegedly was a very heavy drinker, although no one knew of any specific medical history. At 3:30 a.m. on the morning of November 22, the man was found dead in the bathroom by Francis D. Downey, caretaker, when he returned from work.

Downey summoned Police and Officers Hensrud and Buchan, Squad 553, responded.

Charles W. Cluff (continued)

A deputy coroner went to the scene and found the decedent lying face down on the second floor bathroom, where he had been placed by the caretaker who had found him across the toilet bowl. The body was in rigor and livor mortis. There was no indication of other than natural cause of death.
Besides ordinary clothes and toilet articles many empty bottles were found in the man's room.

The body was removed to the Hennepin County Morgue before being released to a funeral director.

Death was ascribed to arteriosclerotic heart disease and chronic alcoholism.

Names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office by North Memorial Hospital at 3:40 p.m. on November 22, 1962.

At 2:45 p.m. on the above date the decedent was driving south on Highway 100 in his 1957 red two-door Lincoln, bearing 1962 Minnesota license 3Z4900, when near 43rd Avenue North, Robbinsdale, he collided head on with a 1956 white two-door Cadillac, bearing 1962 Minnesota license 3F3603, owned and being driven north on Highway 100 by John Francis Witkowski, age 29, 5924 Zenith Avenue South, Minneapolis. Seated in the right front seat of the Cadillac was John A. Witkowski, age 57, 5924 Zenith Avenue South, Minneapolis, and seated in the right rear seat was Rita M. Witkowski, age 60, of the same address.

Floyd W. Gerling (continued)

Help was summoned and Officer Walter Basset and Sgt. Robert Hasselstrom of the Crystal Police Department and Officers J. Robinson and J. Burton of the Robbinsdale Police Department went to the scene to investigate and assist at this accident. Officer Joel B. Dibble of the Robbinsdale Police Department also investigated circumstances surrounding this accident.

Witkowski stated that the Gerling vehicle suddenly appeared in front of him, he tried to stop but could not avoid hitting the Lincoln which was traveling against traffic on the wrong side of the highway. The decedent expired before he could be questioned about the accident.

The decedent was removed by Dr. Tanaka to North Memorial Hospital where he expired a short time later at 3:20 a.m.

A deputy coroner went to the hospital to remove the body to the Hennepin County Morgue where autopsy performed the following day revealed the cause of death to be hemoperitoneum due to rupture of the liver.

A specimen of the decedent's blood revealed the presence of 0.21% ethyl alcohol.

Names of survivors are not known to this office.

Veteran WW No

REMARKS

This case was reported to the Coroner's Office by Welander Quist funeral chapel at 10:10 p.m. on November 22, 1962.

On the above evening the decedent was at home playing cards with his wife and friends when he suddenly vomited and collapsed in an unresponsive state. An ambulance was summoned from North Memorial Hospital and the physician aboard, Dr. Longerbeam, pronounced the man dead on arrival at about 8:30 p.m. Dr. Longerbeam talked to Dr. M. N. Lysne, who had previously attended the man and he said he would sign the death certificate.

John Janos (continued)

The body was removed to the Welander Quist chapel.

Later it was found that Dr. Lysne's records indicated that he had at one time treated the man for coronary disease and an electrocardiogram taken in 1957 indicated coronary sclerosis. However, there were no records to indicate the man had been under Dr. Lysne's care later than 1957. Therefore, this office countersigned the death certificate.

Death was ascribed to arteriosclerotic heart disease.

Except for wife, Irene, names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office by a North Memorial Hospital ambulance driver at 9:10 a.m. on November 23, 1962.

Allegedly, the man had seen a physician four or five years ago because of episodes of fainting and was told that he had kidney disease. However, he did not seek medical attention during recent years and had had no illness except the discomfort of "plugged ears."

On the morning of November 23, according to the man's wife, he was getting ready to go outside when she heard a noise and coming into the living room she found him breathing very rapidly. She hurried to get a wet cloth and when she returned he was unresponsive.

John Magne Paulson (continued)

Mrs. Paulson summoned an ambulance from North Memorial Hospital and the physician aboard pronounced the man dead on arrival at 9:10 a.m.

A deputy coroner went to the scene and found the decedent, dressed in his overcoat and overshoes, lying on his back in the living room. The body was warm, there was no rigor. A superficial abrasion was noted over the bridge of the nose and left frontal area.

The body was removed to the Hennepin County Morgue where autopsy performed later that day revealed arteriosclerotic heart disease, severe; fatty infiltration of heart; pulmonary congestion and edema, minimal; Meckel's diverticulum; aspiration into tracheobronchial tree, right side, probably terminal; arteriosclerosis, generalized; benign prostatic hypertrophy; submucous hyperemia of bladder; cholelithiasis.

Except for wife, Vera, names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office by the Minneapolis Police Department at 5:57 p.m. on November 23, 1962.

On the above evening the decedent walked into the meat market at 2034 West Broadway and was greeted by Beverly Arbeiter, wife of the proprietor. However, instead of responding, the man collapsed to the floor. Mrs. Arbeiter summoned help and a rescue squad was dispatched to the scene together with a Minneapolis General Hospital ambulance. The physician aboard, Dr. Holt, pronounced the man dead on arrival at 5:45 p.m.

Police Officers Seidel, a beatman, Millman and Anderson, squad 441, were on the scene to investigate this death.

Charles Gates (continued)

A deputy coroner went to the scene and found the decedent lying on his back on the market floor. He was fully dressed except for teeth, glasses and hat, which were on the counter. Livor mortis was present, livor mortis absent.

The body was removed to the Hennepin County Morgue before being released to a funeral director.

Florence Gates, sister-in-law of the decedent, who lives at the same address, stated that the man had been a patient of Dr. Theodore Goldman. Dr. Goldman informed this office that he had been treating the decedent for congestive heart failure and that the man had had several episodes of acute decompensation. He added that he had last seen the man two weeks prior to his death.

Death was ascribed to arteriosclerotic heart disease with congestive heart failure.

Names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office by the Minneapolis Police Department at 4:45 p.m. on November 23, 1962.

During recent years the decedent had not been under the care of a physician at any time and apparently had not complained of discomfort until the morning of November 23, when he awoke with chest pain. The decedent's wife left their home sometime during the morning and when she returned at 4:30 p.m. she found him dead.

Mrs. Benjamin summoned a Minneapolis General Hospital ambulance and the physician aboard, Dr. Spurgeon, pronounced the man dead upon arrival. The body was cold and rigor mortis present.

George L. Benjamin (continued)

Police Officers Martinson and Johnson, Squad 119, were on the scene to investigate this death.

A deputy coroner released the body from the residence directly to a mortuary. There was no indication of other than natural cause of death which was ascribed to arteriosclerotic heart disease.

The widow of the decedent did not want autopsy performed on her husband.

Except for wife, Maxine, names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office by the decedent's daughter, Carolyn Carbonel, Excelsior, at 7:15 a.m. on November 24, 1962.

According to the decedent's family, she did not believe in doctors and accordingly had not sought medical advice recently although she did complain of discomfort and pain Thanksgiving evening. She retired about midnight but shortly thereafter went to the bathroom. It had been her custom, her husband stated, to lay in a warm bathtub for an hour or so and therefore he paid no attention when she did not immediately return to bed, but went to sleep. The woman was found dead on the bathroom floor next morning at 6 a.m.

Doris Hobart Swan (continued)

On September 30, 1960, the decedent had made contact with the Department of Anatomy at the University of Minnesota and designated that her body should be turned over to that department upon her death. In compliance with her wishes the body was released by this office from the residence directly to the University.

There was no indication of other than natural cause of death which was attributed to arteriosclerotic heart disease.

Survivors are husband, Searle; son, Hobart Swan, St. Anthony Village; daughter, Carolyn Carbonel, Excelsior; three grandchildren; sisters, Inez Hobart and Genevieve McGraw.

REMARKS

This case was reported to the Coroner's Office by the Minneapolis Police Department at 8:10 a.m. on November 24, 1962.

According to information at the Salvation Army the decedent had been a patient at Glen Lake Sanitarium because of tuberculosis which was arrested after six month's rest and treatment. He was last seen alive by Major Thompson of the Salvation Army, where he had lived since June, 1962, just a few minutes before he collapsed. A Minneapolis General Hospital ambulance and rescue squad was summoned immediately but the physician aboard the ambulance pronounced the man dead on arrival, death having occurred at 7:40 a.m., November 24.

Police Officers R. T. Peterson and D. M. Johnson, Squad 118, were on the scene to investigate circumstances surrounding this death.

Charles H. Rinehart (continued)

A deputy coroner went to the scene and found the decedent, dressed in underwear, lying on the floor of his room. The body was warm, there was no rigor. There was no indication of other than natural cause of death which was attributed to arteriosclerotic heart disease.

The body was removed to the Hennepin County Morgue before being released to a funeral director.

Except for a brother, Edward Rinehart, names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office by the Minneapolis Police Department at 12:15 p.m. on November 24, 1962.

According to records at Mt. Sinai Hospital, Minneapolis, the decedent had been a patient at that institution about two months ago and since then had been a patient of their senior resident in Medicine on an out patient basis. Recent examination, including an electrocardiogram, revealed symptoms of arteriosclerotic heart disease. The decedent was also said to have been a patient of a Dr. Horwitz of St. Paul.

Sophie Herwitz (continued)

At approximately 12:04 p.m. November 24, she was found in an unresponsive state by Mrs. Goldstein, also of 621 Queen Avenue North, who summoned help.

Police Officers Yale and Lapham, Squad 119, responded to the call as did a Minneapolis General Hospital ambulance and rescue squad. The physician aboard the ambulance, Dr. Titus, pronounced the woman dead on arrival.

A deputy coroner went to the scene and found no indication of other than natural cause of death which was attributed to arteriosclerotic heart disease.

The body was released from the residence directly to a mortuary.

Names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office by the Minneapolis Police Department at5:50 p.m. on November 24, 1962.

According to the decedent's wife, Eunice, the man had been under the treatment of a physician about five years ago for high blood pressure but had not sought medical attention since that time. For the past several days he was said to have complained of chest pain but refused to allow anyone summon a physician. On the evening of November 24, while watching television, the man suddenly suffered an attack and collapsed. This was at 5:16 p.m.

William A. Neuman (continued)

Mrs. Neuman summoned help from Minneapolis General Hospital but efforts to revive the man were unsuccessful and he was pronounced dead by Dr. Titus, the physician arriving aboard the ambulance.

Officers Martinson and Johnson, Squad 119, were on the scene to investigate.

The body was released from the residence directly to a mortuary.

There was no indication of other than natural cause of death which was ascribed to arteriosclerotic heart disease.

Except for wife, Eunice, names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office by the Minneapolis Police Department at 7:20 p.m. on November 24, 1962.

The decedent, who lived with a daughter Mrs. Phyliss Hennig, was said to have had a history, longstanding, of hypertension. On the above evening she was standing talking on the telephone when she suddenly collapsed. Help was summoned and when the Minneapolis General Hospital ambulance arrived the physician aboard, Dr. Titus, pronounced the woman dead, the time of death being established as 6:25 p.m.

Fire Department rescue squad efforts in applying artificial respiration were unsuccessful.

Lillian C. Lee (continued)

A deputy coroner went to the scene and found the decedent, dressed in house clothing. There was no indication of other than natural cause of death which was attributed to arteriosclerotic heart disease.

The body was released by this office from the residence directly to a mortuary.

Except for the daughter mentioned above names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office by Miss Krekula of Methodist Hospital at 10:55 a.m. on November 24, 1962.

About 3 p.m. on November 2, 1962, the decedent was found collapsed in an auto in front of Central Free Church, 10th Avenue South and 7th Street, by J. T. Isaacson, owner of the vehicle. She was taken to Swedish Hospital immediately but transferred shortly thereafter to Methodist Hospital, where she was admitted at 4:45 p.m. on that date, in a comatose condition. Skull x-rays showed a linear fracture in the left temporal region. She was placed under the care of Dr. Moeller and Dr. Sidell. The woman remained depressed and expired at 11:42 p.m. on November 24.

Hulda Landberg (continued)

A daughter of the decedent, Mrs. Rodger Frank, 4648 Aldrich Avenue South, stated that on November 2, 1962, the woman had worked at the church with other people none of whom noticed that she was in anything other than normal health. Mrs. Frank further stated that her mother had no head injuries that she knew about during the past six months, although her mother habitually kept silent about things that might have happened to her. She was known to have been in a minor accident when out riding with a relative previous to November 2, but no head injury was noted at that time.

An autopsy performed at Methodist Hospital on November 25 indicated that death was caused by massive subarachnoid hemorrhage due to rupture of a cerebral berry aneurysm, apparently spontaneous.

The body was released by this office from the hospital directly to a mortuary.

Survivors are daughter, Mrs. Lorrayne Frank, Minneapolis, mentioned above; son, Kurt, St. Louis, Missouri; sisters, Mrs. Erik Carlson, Minneapolis, Mrs. Ruth Johnson, Milaca; brother, Alick Bergman, Bemidji; two grandchildren.

REMARKS

This case was reported to the Coroner's Office by North Memorial Hospital at 8:05 a.m. on November 25, 1962.

According to Dr. A. B. Roehlke, Elk River, Minnesota, the decedent was working in a ditch about 6 miles northwest of Elk River, as part of his job with the Lakeland Construction Company, on November 7, 1962, when the sand caved in at about 4:15 p.m. and buried him. Fellow workers estimated that he was buried for only four or five minutes before he was rescued. Resuscitation was attempted but the man never became fully conscious. He was taken to North Memorial Hospital where he was admitted on the date of the accident. He expired at 6:05 a.m. on November 25 without regaining consciousness.

Stanley Howard Heinsch (continued)

The body was removed to the Hennepin County Morgue where autopsy performed later that day revealed the cause of death to be pulmonary congestion with hemorrhage due to subarachnoid hemorrhage with brain concussion due to comminuted basal skull fracture, left petrous ridge and right temporal bone.

Dr. Paul Blake and W. P. Eder were the decedent's physicians at North Memorial Hospital, and they performed a tracheotomy on him on the date of his admission to the hospital.

Survivors are wife, Violet; children, Beverly, Stanley, Jr., Linda, Steven, Gary and Randy; parents, Mr. and Mrs. John Eskaln and Mr. and Mrs. Henry Heinsch; grandmother, Mrs. Marie Henneshop; brothers, Leonard, Martin and Clifford; sisters, Mrs. Edna Kowal and Mrs. Teddy Stillman.

REMARKS

This case was reported to the Coroner's Office by the Minneapolis Police Department at 9:45 a.m. on November 25, 1962.

On the above morning the decedent, accompanied by his sister, Mrs. Frank S. Glenn, when he suddenly collapsed. Help was summoned and oxygen and artificial respiration were administered by the rescue squad to no avail. The man was pronounced dead by Dr. Edward D. Titus, the physician aboard the Minneapolis General Hospital ambulance, at 9:13 a.m.

Police Officers Berquist and Manly, Squad 440, went to the church also to assist and investigate.

Edward Raymond Hilary (continued)

The decedent was found lying on the floor of the priest's dressing room. He was fully dressed. The body was warm, livor mortis present.

There was no indication of other than natural cause of death which was attributed to arteriosclerotic heart disease.

The body was removed from the scene to the Hennepin County Morgue before being released to a funeral director.

Survivors are sister, Mrs. Frank S. Glenn; brother, Ralph J. Hilary; 3 nieces and 4 nephews.

REMARKS

This case was reported to the Coroner's Office by the Minneapolis Police Department at 2:40 p.m. on November 25, 1962.

According to the decedent's wife, Ruth, the man had had no recent complaints of illness and was not under the care of any physicians. About 2 p.m. Mrs. Pierre tried to awaken the man from a nap but was unable to do so. Thereupon she summoned a Minneapolis General Hospital ambulance and the rescue squad. However, the physician aboard the ambulance pronounced the man dead on arrival and established the time of death at 2:05 p.m.

Police Officers Svobodny and Robertson, Squad 551, were on the scene to investigate this death.

Robert Langdon Pierre (continued)

A deputy coroner went to the scene and found the decedent lying in bed dressed in long underwear. The body was warm, livor and rigor mortis present.

The body was removed to the Hennepin County Morgue where autopsy performed the following day revealed the cause of death to be coronary arteriosclerosis with myocardial fibrosis.

Except for wife, Ruth, names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office by the Minneapolis Police Department at 4:00 a.m. on November 26, 1962.

For years the decedent had, according to his wife, been treated by the staff of the Veteran's Administration Hospital for cardiovascular disease and hypertension; recently he had had a fracture of the left tibial plateau. About 3 a.m. on the morning of November 26, the man complained to his wife of dyspnea with increasing respiratory distress. He asked her to call the Veteran's Administration Hospital, which she did but they referred her to Minneapolis General Hospital. Upon calling Minneapolis General Hospital, an ambulance was dispatched to the scene and the physician aboard, Dr. Rivkin, pronounced the man dead on arrival at 4:00 a.m.

Adolph B. Solvie (continued)

Police Officers Oakvik and Thompson, Squad 332, were on the scene to investigate this death.

The body was released by this office from the residence directly to a mortuary. There was no indication of other than natural cause of death which was attributed to hypertensive cardiovascular disease with congestive heart failure.

Except for wife, Claire, names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office by the Minneapolis Police Department at 9:30 a.m. on November 26, 1962.

At 8:55 a.m. on the above morning, Thomas Meitzner, 2862 James Avenue South, came to the drugstore owned by the decedent and saw him lying on the floor behind the prescription counter. E. A. Swanson, the grocer next door at 2003 Lyndale Avenue South, also came into the drugstore at that time and he called for help upon seeing the decedent's condition.

A fire department rescue squad was dispatched but they were unable to revive the decedent and the man was pronounced dead by Dr. Titus, the physician aboard the Minneapolis General Hospital ambulance, the time being established at 8:50 a.m.

Albert J. Sernett (continued)

Police Officers D. M. Johnson and J. Falk, Squad 118, were on the scene to investigate circumstances surrounding this death.

It was later learned that the decedent had had coronary attacks previously and had been under the care of the Mayo Clinic, Rochester, Minnesota. Since 1957 the man had been taking nitroglycerin pills. He was said to have complained of chest pain of late.

The body was released by this office from the scene of death directly to a mortuary. There was no indication of other than natural cause of death which was attributed to arteriosclerotic heart disease.

The man's son came to the scene and he stated that he did not want an autopsy performed on his father.

Except for wife, Claudia, and son, John Sernett, referred to above, names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office by Park Police at 10:40 a.m. on November 26, 1962.

At 9:10 a.m. on the above date, the decedent was driving east on Cedar Lake Road at the southwest end of the lake in a 1961 White and blue Ford convertible, owned by Morris Korsh, 500 Clover Leaf Drive, when apparently she lost control of the vehicle on the slippery street, skidded across the road where the vehicle glanced off a tree then plunged about 50 feet out into the lake where the water is about 20 feet deep.

Rivel Korsh (continued)

A witness, Bill Porteous, 20, 2508 West Lake of the Isles Blvd., who was driving west on the same road and saw the convertible plunge into the lake, dived into the water fully clothed to attempt a rescue but the frigid water forced him to give up.

Another witness, Mrs. Eugene Conley, 4542 Penn Avenue North, who was driving behind the decedent, stated that this occurrence appeared accidental to her.

Police skin divers finally located the convertible in the muddy lake bottom about 25 feet from shore. The automobile was laying on its right side and the decedent was in the back seat, apparently having tried to get out.

A deputy coroner went to the scene and the body was removed to the Hennepin County Morgue where autopsy performed later that day revealed the cause of death to be asphyxia due to drowning.

Except for husband, Morris Korsh, names of survivors are not known to this office.

Officer Thomey, Badge 732, of the Park Police, was first on the scene to investigate this accident. Officer R. Robinson also investigated this death.

REMARKS

This case was reported to the Coroner's Office by the Minneapolis General Hospital at 6:50 p.m. on November 26, 1962.

On the above evening the decedent was in the Minnesota Bar, 729 Cedar Avenue, standing at the bar when he suddenly collapsed to the floor. A Minneapolis General Hospital ambulance was called, the man was moved into the vehicle, but he expired at 6:35 p.m. en route to the hospital.

Autopsy performed at the hospital in the presence of a deputy coroner revealed that death was caused by pulmonary congestion and edema, fatty metamorphosis of the liver and moderate coronary arteriosclerosis.

Gordon J. Henkels (continued)

Examination of a specimen of the decedent's blood was negative for ethyl alcohol.

The body was released by this office from the hospital directly to a mortuary.

Survivors are wife, Alice; daughter, Mrs. Rolf (Lea Ann) Eng, Minneapolis; grandchildre, David, Jackie, Jim and Gary; three brothers and three sisters.

REMARKS

This case was reported to the Coroner's Office by the Minneapolis Police Department at 8:40 p.m. on November 26, 1962.

On the above evening, Edward Stewart, a renter who lives upstairs at 3824 Fourth Avenue South, came home and saw water running into the basement from the decedent's apartment. Stewart stated that he tried to telephone the decedent but received no answer; therefore, he summoned Police. Officers Breen and Deering, Squad 552, responded and they forced open the rear door of the decedent's apartment and, upon entering, found the decedent lying fully submerged in a tub full of water in the bathroom with the water still running. This was at 8:25 p.m.

Elsie E. Smith (continued)

Officers Caldwell, Blanch, Dee, and Whelan also came to the scene to investigate circumstances surrounding this death and were there when a deputy coroner arrived, as was a photographer for the Police Department, Mr. Boike.

A niece of the decedent stated to the deputy coroner that the woman had hypertension and was being treated by a Dr. Ward.

The decedent, dressed in undergarments, was found lying in the tub full of water, her head near the faucets and her feet at the opposite end of the tub. Several articles of clothing were floating on top of the body. Prescription bottles containing Equanil, Hydropres and Milprem were found in the apartment.

Present besides members of the Police Department were the above-mentioned niece, Verlea Barbee, 1208 Dupont Avenue North and a Mrs. Hayden, 3924 Clinton Avenue South.

The body was removed to the Hennepin County Morgue where autopsy performed the following day revealed the cause of death to be asphyxia due to drowning and acute alcoholism. Examination of a specimen of the decedent's blood revealed the presence of 0.25% ethyl alcohol.

Names of survivors other than the above mentioned niece are not known to this office.

REMARKS

This case was reported to the Coroner's Office by the Minneapolis Police Department at 3:15 p.m. on November 26, 1962.

On the above afternoon the decedent went out to purchase groceries and upon his return home collapsed in the lobby of his apartment building where he was discovered by Evelyn Smith, 720 Elwood Avenue North, who summoned Police. (Miss Smith is a Public Health worker.)

Officers J. Falk and D. M. Johnson, Squad 118, responded.

A Minneapolis General Hospital was dispatched to the scene and the physician aboard, Dr. Rivkin, pronounced the man dead on arrival, death having occurred at 2:36 p.m.

James Virgil Collins (continued)

A deputy coroner went to the scene and found the decedent lying face up in the hallway of the building. Blood was noted over the left eyebrow and left side of the head. The body was warm and there was no lividity.

There was no indication of other than natural cause of death which was attributed to cardiac arrythmia due to coronary arteriosclerosis.

The body was removed to the Hennepin County Morgue and later released to a funeral director.

Names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office by St. Louis Park Police Officer Setter at 7:00 pm on November 26, 1962.

According to the decedent's daughter-in-law, Mrs. Charles Kalnin, who lives in the duplex next door to the man's home, he was out working in his yard at approximately 6 p.m. on the above evening when she went in to prepare dinner. When the man did not come over for dinner she investigated and found him sitting on a basement couch in his home dead; this was at 6:35 p.m.

Mrs. Kalnin summoned help and Officer Setter, above mentioned, responded.

Nikolajs Medneiks (continued)

The man was said to have been under a Chicago physician's care about four years ago for a non-cardiac problem.

The body was released from the residence directly to a mortuary.

The family expressed a desire that no autopsy be performed on the decedent.

There was no indication of other than natural cause of death which was attributed to arteriosclerotic heart disease.

Names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office by the Minneapolis Police Department at 8:00 p.m. on November 27, 1962.

At 7 a.m. on the above morning the decedent apparently went to work as usual; at 4 p.m. his automobile was noted in his driveway by a neighbor. When the man's sister, who lived with him, came home at 7 p.m. that evening, she found him lying on the bathroom floor dead.

The sister summoned a Minneapolis General Hospital ambulance and the physician aboard verified the death. Police Officers D. M. Johnson and Faydenlund also came to the scene to investigate.

Delphin O. Berg (continued)

A deputy coroner went to the scene and found the decedent, dressed in pajamas and bathrobe, lying on his back on the bathroom floor. The body was cold and livid.

The body was removed to the Hennepin County Morgue where autopsy with toxicology performed the following day revealed the cause of death to be acute thrombosis of the anterior descending branch of the left coronary artery due to coronary arteriosclerosis.

Names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office by the Minneapolis Police Department at 11:55 pm on November 27, 1962.

On the night of November 27 the decedent was driving his 1961 blue Chrysler automobile, bearing 1962 Minnesota license 5B9059, south on Nicollet Avenue when he apparently slumped over the steering wheel and the vehicle ran up over the curb and struck a light post in front of 1108 Nicollet Avenue. He was pulled from his automobile by a passing sailor who attempted mouth-to-mouth resuscitation without success. The man was pronounced dead by the physician who arrived aboard the Minneapolis General Hospital at 11:35 p.m.

Police Officers Oly and Vanderi, Squad 605, were on the scene to investigate circumstances surrounding this death.

Raymond C. Fischer (continued)

A deputy coroner went to the scene and found the decedent lying on his back along the west side of his automobile. The body was cool, the face cyanotic. Emesis was noted on the face.

The body was removed to the Hennepin County Morgue where autopsy performed the following day revealed the cause of death to be severe generalized coronary arteriosclerosis with myocardial fibrosis due to generalized arteriosclerosis with aneurysm of the abdominal artery.

Survivors are wife, Rosella; daughter, Sister Jerome Marie, S.S.N.D., Royal, N.D. , son, Jerome R., Milwaukee; one grandson; mother, Mrs. Catherine Fischer; brothers, Clare, Rochester, William J., Minneapolis, Kenneth H., St. Paul; sisters, Mrs. Harold Laurent, Ft. Lauderdale, Fla., Mrs. Joseph Wegleitner, St. Paul, Mrs. Lucille Divine, Jersey City.

REMARKS

This case was reported to the Coroner's Office by St. Mary's Hospital, at 2:40 a.m. on November 28, 1962.

Deceased was admitted to St. Mary's Hospital at 4:00 p.m. on November 27th., having difficulty with speech, respiration, weakness of legs and could not lift legs off bed, had high fever and eyes were fixed. She went into a comatose at 6:35 p. m. and developed ascending paralysis, causing her health to fail very rapidly; expiring at 1:25 a.m. on November 28, 1962.

The decedent, a Christian Scientist, has had no history of any previous medical attention, therefore, the case was referred to this office.

SHIRLEY NASH - Continued

Examination of the body by a deputy coroner indicated that death was due to Pyelonephritis with abscess.

It was reported that the decedent was married November 3, 1962.

Remains were released directly to a mortuary; survivors are unknown to the coroner's office.

REMARKS

This case was reported to the Coroner's Office by the Minneapolis Police Department at 9:45 p.m. on November 28, 1962.

According to Arthur Knutson, Jr., 1906 Haeg Drive, the decedent's son, the man called him from his grocery store about 9 p.m. on the above evening and asked him to come over because he was having a "heart attack." The younger Knutson went over immediately and found the store lights off and the doors locked. Upon entering he found his father lying behind the counter in an unresponsive condition; this was at 9:15 p.m.

A Minneapolis General Hospital ambulance was summoned and the physician aboard, Dr. Rivkin, pronounced the man dead on arrival.

Arthur D. Knutson (continued)

Police Officers Dolan and R. M. Nelson, Squad 605 and 533, were on the scene to investigate circumstances surrounding this death.

A deputy coroner went to the scene and found the decedent lying on the floor of the store behind the counter. The body was warm and no rigor mortis was present. A superficial laceration with bleeding was noted on the left ear. The man was fully clothed, his teeth and glasses were on the counter.

There was no indication of other than natural cause of death which was attributed to arteriosclerotic heart disease.

The body was released to the son.

Except for the son mentioned above, names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office by the Minneapolis Police Department at 8:50 a.m. on November 29, 1962.

The decedent, a resident of the Union City Mission, was said to be an out patient at Minneapolis General Hospital and was being treated for a cardiac condition. The man was found dead about 8:30 a.m. on the above morning by John Plank, also a resident of the mission, who notified the manager, John McDonald.

McDonald notified Police and Officer Longman, Squad 117, responded and came to the scene to investigate.

Bert Harlson (continued)

A deputy coroner went to the scene and found the decedent sitting in a chair in his room, a pencil in his hand. He was fully dressed having had breakfast at 8 a.m. that morning. The body was warm and there was no rigor.

There was no indication of other than natural cause of death which was attributed to arteriosclerotic heart disease.

The body was removed to the Hennepin County Morgue and later released to a funeral director.

Except for a sister, Shirley Grossman, Seattle, Washington, names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office by the Welander Quist Company, 1825 Chicago Avenue, at 2:15 p.m. on November 30, 1962.

For some time the decedent had been under the care of Dr. M. L. Cable, 2247 E. 38th Street, Minneapolis, because of generalized arteriosclerosis with hypertension. She was seen by Dr. Rosembaum in Dr. Cable's office on July 1, 1962 but Dr. Cable last saw the woman in August of 1961 and therefore he declined to sign the death certificate following her death at 7:50 a.m., November 30, 1962. Therefore, the mortuary notified this office.

Lena Anderson (continued)

The Coroner examined the body at the mortuary and found no indication of other than natural cause of death which was attributed to hypertensive cardiovascular disease and senility.

Names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office by Dr. D. T. Stromgren at 5:20 p.m. on November 30, 1962.

The decedent was said not to have seen a physician for a long time. On the above date, she was up and around as usual and made no unusual complaints about the state of her health, but about 4:55 p.m. she sat down in a chair, collapsed and expired. Dr. Stromgren was summoned and he pronounced her dead on arrival. He stated to this office that the death was no doubt the result of arteriosclerotic heart disease and he felt autopsy was not necessary.

Ellen Olava Johnson (continued)

The body was released by this office from the residence directly to a mortuary. Death was ascribed to arteriosclerotic heart disease.

Names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office by the Minneapolis Police Department at 7:50 p.m. on November 30, 1962.

According to the decedent's family, the man insisted on going to church on the above evening even though he did not feel well. He was sitting in a pew when he collapsed. Help was summoned and the man was carried to the rear of the church where the fire department rescue squad tried without success to revive him. This was at 7:30 p.m.

A Minneapolis General Hospital ambulance was sent to the church and the physician aboard, Dr. Flaig, pronounced the man dead on arrival.

Police Officers Burchett and Brademan, Squad 440, were also on the scene to investigate circumstances surrounding this death.

Christofer J. Kloster (continued)

A deputy coroner went to the scene and found a very obese male, weighing well over 200 pounds, lying on the concrete platform of the church steps. He was fully dressed. The man's wife and son were on the scene when the deputy coroner arrived.

The body was removed to the Hennepin County Morgue before being released to a funeral director.

There was no indication of other than natural cause of death which was ascribed to arteriosclerotic heart disease.

Except for wife, Margaret, names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office by the Sheriff of New Hope Township at 2:45 p.m. on December 2, 1962.

The mother of the deceased stated, that the boy had been playing with other children in a neighbors yard, he complained of feeling ill, so he layed down, gasped for breath and was unresponsive. Mother administered medication, rectally and by mouth, but with no success.

A physician was called, and after examining the body, he confirmed the boy's death; expiring at 2:30 p.m. that day.

JERRREY NEILSEN - continued

The deceased's medical history showed he had cardiac surgery in 1958 for pulmonary stenosis and valve disease. He had been under the care of Doctor C. W. Lillehei at University Hospital for a heart condition and his last visit with the physician there was in July of 1962.

An autopsy was desired by the family, and on December 3, an autopsy was performed at the Hennepin County Morgue and the examination revealed that death was attributed to congestive heart failure due to past operative adhesions for correction of pulmonary stenosis.

Officer, McLean of New Hope Township, attended the scene of death.

Survivors of the decedent include, parents, Mr & Mrs. Palmer W. Nielsen; sisters, Bewerly and Diane; brothers, Darrell and Scott; grandfather, Mr. Hjalmer Benston; Lanesboro, Minnesota; great-grandmother, Mrs. C. O. Gilbertson of Winona.

REMARKS

This case was reported to the Coroner's Office by the Bloomington Police at 1:10 a.m. on December 3, 1962.

At 12:55 a.m. on the above date, according to the report of Sgt. G. J. Ruehle, Bloomington Police Department, together with Sgt. Schrader and Officer Seitz, he responded to a call from Wallace Cielek, 10125 Columbus Avenue South, and upon arriving at that address entered to find the decedent lying on the floor in a pool of blood in the dining area of the home. Cielek informed them that the woman's husband, Patrick S. Sanek, had just killed his wife and that he probably was at their home across the street at 10118 Columbus Avenue South.

A call was put in for other police cars in the area to come and floodlight the house and then Sanek was ordered to come out with his hands up. There was no response to the command but Sgt. Ruehle saw the front door open and Sanek's head was seen about three feet above the floor. In reply to another command to come out with his hands up he said, "I can't. I shot myself." He was told to push himself out, which he did, coming out on his back to lie face up on the front step, his feet towards the house. Officer Seitz and Sgt. Ruehle went up and found that the man had indeed shot himself in the lower center of the chest. Sanek stated to them that he had shot himself with a 12-gauge shotgun and that he had shot his wife with a "44 magnum rifle;" this rifle was found on the lawn in front and to the south of 10125 Columbus Avenue South where it had been thrown by Cielek, who with the help of a friend, Joseph J. Halpin, 10101 Oakland Road, had wrested it from Sanek.

Sanek was removed via Allen ambulance to the Methodist Hospital, where he expired at 11:03 p.m. the same date. (See Coroner's Record No. 1057).

In the Cielek residence when the Bloomington Police arrived were Cielek, his wife, Donna, and a friend, Joseph J. Halpin, mentioned above. Essentially, they all agreed on the details of what happened prior to the shooting, which was allegedly as follows:

About 11 o'clock on the evening of December 2, Charmaine Sanek, the decedent, came to visit Donna Cielek, whom she had known since both families moved into the area in the spring of 1962. The decedent sat on the west side of the dining room table and Mrs. Cielek sat on the north side of the table; they chatted for a time, mostly about Christmas shopping. About 11:30 p.m. Cielek and Halpin, who had been playing pingpong in the basement, came up to the living room, where they sat on a curved sectional davenport to watch television. At this time the decedent mentioned that her husband was quite jealous and asked the others not to mention to him that she had been to visit while Halpin was there; it seemed evident to the others that the decedent's husband was quite jealous of almost any man, but particularly of Halpin, whose wife, Carolyn had known both Charmaine and Patrick Sanek for many years. Mrs. Halpin later stated that Sanek was unreasonably jealous and had threatened to kill both her and the children if she ever left him; she also stated that the man refused to allow the decedent to watch television lest she fall in love with the performers.

At about 12:50 a.m., December 3, Sanek entered the Cielek home carrying a rifle and said "I quit my job on account of you" to his wife, then threatened to kill Halpin and himself, as well as his wife. Halpin ran into a bedroom when Sanek pointed the gun at him. Thereupon, Sanek turned the gun on his wife, whom he was standing quite near and to the north, and fired. The shot entered the lower part of her throat on the right, after passing through her left wrist near the little finger as she apparently held up her hand for protection, penetrated the throat and passed on through a paper bag and a telephone directory on the table immediately behind the dining room table and making a mark on the wall. The slug was found on the floor just behind this small table. The empty shell casing from this shot was found in front of a chair that was set on the north side of the front door. When the rifle was wrested away from Sanek, it went off again and this shot penetrated the ceiling. A third bullet remained in the gun.

REMARKS

Charmaine Sanek (continued) 1049

A deputy coroner went to the scene and found the decedent lying on her back on the dining area floor with head and shoulders in a pool of blood. There was a bullet wound at the right anterior cervical triangle and the left hand was shattered with multiple bones and tendons exposed.

The body was removed to the Hennepin County Morgue where autopsy performed later that day revealed multiple traumatic injuries including transected spinal cord, T 2-3; lacerated right lung with pneumohemothorax; transected right bronchial artery; bullet tract through the right supra clavicular through the mid back leaving metal fragments; fractured ribs, 2nd and 3rd, right; contusion of lung, left; multiple fractures of left hand and wrist with tract from the palm to the dorsum; small subarachnoid hemorrhage.

Charmaine Sanek (continued)

Examination of a blood specimen was negative for ethyl alcohol.

Names of survivors are not known to this office.

REMARKS:

This case was reported to the Coroner's Office by the Police Department at 1:30 a.m., December 3, 1962

At approximately 12:40 a.m., December 3, 1962, the deceased was driving his 1950 Buick, bearing license #325520, south on Fifth Street Northeast when he crashed into a railroad viaduct south of the 35th Avenue intersection.

A Minneapolis General Hospital ambulance was dispatched to the scene. Upon arrival at the scene, the ambulance physician confirmed the man's death at approximately 1:12 a.m., December 3, 1964.

A deputy coroner went to the scene and viewed the body. Deceased found lying on right side across front seat of his car with legs partially wedged under steering wheel; car was facing northwest. There was a large scalp laceration and protruding brain tissue noted.

GEORGE A. ODENBREIT - continued

Remains were removed to the Hennepin County Morgue where an autopsy was performed on date of death. This revealed acute thrombosis of anterior descending branch of left coronary artery; severe arteriosclerotic heart disease; and multiple fractures. However, upon completion of the microscopic examination, it was determined that death was due to multiple injuries and was ruled an accident.

Officers Kriden and Seawell of squad 602 were notified and attended the scene of accident.

Survivors of the decedent include one son, George, Jr.; 1 daughter, Eileen; as well was his mother, two sisters and one brother.

REMARKS

This case was reported to the Coroner's Office by the Police Department at 11:45 a.m. on December 3, 1962.

Deceased was found by Mrs. Ed. Killeen, resident manager of the hotel at 11:29 a.m. that morning when she came in to clean the room.

A Minneapolis General Hospital ambulance was summoned to the scene and the attending physician confirmed the man's death, on arrival. Death occurred about 11:25 a.m. that day.

LOUIS H. STRAND - Continued

Deceased had been treated by a Doctor Plass, at the Veteran's Hospital about a month ago.

A deputy coroner was called and he found the body lying in bed on right side with right arm flexed to his face and left arm across chest. Deceased was clothed in his underware, full rigor, livor and cold.

Remains were removed to the Hennepin County Morgue; the examination revealed that there was no indication of other than a natural death, death attributed to arteriosclerotic heart disease.

Officers, M. E. Nelson and Kaminski of squad 160, attended the scene of death.

Survivors of the decedent include, a brother, Gus. P. Strand, and 3 nieces.

REMARKS

This case was reported to the Coroner's Office by the Edina Police Department at 5:00 p.m. on December 3, 1962.

The deceased was found by Mrs. J. A. Riley, a sister, in the basement work room lying on the floor. He lived at this address 6612 Southdale Road, with his sister and her husband.

Edina's detective Halstad and lieutenant Merfeld, came to take pictures; a deputy coroner was called and he found the body lying in basement work room on floor on abdomen with pool of blood at his right side. Winchester

CLARENCE E. WEEDING - continued

12 gage on floor beside him. Deceased was clad in pants, T-shirt, and tennis shoes, when turned over there was a wound on left chest below nipple with powder burns over T-shirt and powder burns on skin. Death occurred around 4:30 p.m.

Deceased had been separated from his wife and three children since June 15, he had been unemployed since October. A letter was found on the kitchen table to sister, she stated that despondence was present.

His medical history showed that the deceased had been in the North Western Hospital in July 62, under the care of Doctor C. F. Englund for a heart attack. In October and November 1962 he had been in the Veteran's hospital for a possible nervous breakdown. He was also a heavy drinker.

The body was removed to the Hennepin County Morgue and death was due to gunshot wound of chest.

Officer, Sergeant Christy, of the Edina Police, attended the scene of death.

Survivors are unknown to the coroner's office.

REMARKS

This case was reported to the Coroner's Office by the Minnetonka Police Department at 7:50 p.m. on December 3, 1962.

Deceased was found by her husband lying on the floor in the living room. An ambulance from the Methodist Hospital was summoned and she was taken to the Methodist Hospital; the attending physician pronounced her dead on arrival. Death occurred at about 7:30 p.m. that day.

A report of her medical history showed that she had been in Northwestern Hospital a week ago under the care of Doctor Paul T. Lowry. The deceased apparently, had taken nembutal about 1½ gr. A note was found stating "I have taken 22 sleeping pills", (no signature.)

DONNA C. ROMA - continued

Remains were removed to the Hennepin County Morgue; an autopsy was performed on December 4, and the examination revealed that death was attributed to barbiturate poisoning (nembutal).

Officer, Remus of the Minnetonka police department, upon being notified attended the scene of death.

Remains were released directly to a mortuary.

Decedent is survived by husband, Robert C., mother, Mrs. Elizabeth Kilborn, Rochester, Minnesota; 1 brother, David, Clear Lake, Iowa.

REMARKS

This case was reported to the Coroner's Office by Mrs. Stewart, a nursing supervisor at Methodist Hospital, at 11:50 p.m. on December 3, 1962.

The circumstances leading up to this death are delineated in Coroner's Record No. 1049, which is that of Charmaine Sanek.

The decedent was admitted to the Methodist Hospital at 2 a.m. on the above date and placed under the care of Dr. H. M. Moral. Examination showed an abdominal gunshot wound, which necessitated resection of the ileum and an ileostomy with control of mesenteric hemorrhage. The man's vital signs showed a gradual deterioration and he expired at 11:03 p.m.

Patrick S. Sanek (continued)

Autopsy performed at the hospital revealed the cause of death to be gunshot wound of the lower chest and upper abdomen with extensive laceration of liver, diaphragm and small intestine. The death was ruled a suicide.

Names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office by the Minneapolis Police Department at 3:30 p.m. on December 5, 1962.

At 3:10 p.m. on December 5, at the intersection of Olson Highway and Penn Avenue North, the decedent fell under the right rear wheels of a 1954 red and aluminum semi-trailer Mack truck, bearing 1962 Minnesota license Y24310, owned by Advance United Express, 2601 Broadway Road N.E., Minneapolis, and being driven by Arthur Louis Doelz, 31, 2091 Terrace Drive, Mounds View, Minnesota; the man was killed instantly.

James Douglass Rowland (continued)

According to Doelz, who was driving west on Olson Highway, he stopped for the red light at Penn Avenue North, then, when he started the semi-trailer moving again, he was half way across the intersection when he felt the right rear trailer dual wheels bounce. Glancing in the rear view mirror he saw the decedent lying on the street. No charges were made against Doelz.

Witnesses to this accident were James Lester, 522½ Newton, and Kenneth Mitchell, 522 Newton, children of about 8 or 10 years of age. They stated that the decedent appeared drunken. However, the storeowner of the B & B Supermarket stated that the deceased was not an habitual drinker. Allegedly, the man had had three heart attacks.

Officer A. L. Haukom, Minneapolis Police Department, was on the scene to investigate this accident.

A deputy coroner went to the scene and found the decedent lying on Olson Highway at the southwest corner of its intersection with Penn Avenue North, his head three feet from the curb and his feet six feet from the curb. No marks were found on the truck wheels except something resembling brush marks. A half pint of sherry wine, unopened, was found in the decedent's pocket.

The body was removed to the Hennepin County Morgue where autopsy performed the following day revealed the cause of death to be massive hemothorax, bilateral, and hemoperitoneum due to crushing injury of the entire right chest, maceration of the right lung, rupture of the spleen, bladder and small bowel. Examination of a blood specimen revealed 0.36% ethyl alcohol.

Names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office by Mr. R. Oersdorf, assistant manager of the Andrews Hotel, at 6:45 p. m. on December 5, 1962.

Victim was standing in front of the lobby elevator when he fell over backward, he struck his head and started to bleed from the wound. A rescue squad arrived and administered mouth to mouth resuscitation but with no success. A Minneapolis General Hospital ambulance was summoned and the attending physician pronounced him dead. Death occurred at 6:37 p.m. that day.

GEORGE MCCABE - continued

A deputy coroner was called and he found the body lying on the tile floor of the hotel lobby near the elevator, blood surrounded the deceased's head, he was dressed in outdoor clothes.

The body was released to the Hennepin County Morgue and an autopsy was performed on December 6; examination revealed that death was due to acute thrombosis right coronary artery due to coronary sclerosis.

Officers, Johnson and M. C. Fisher of squad 119, upon being notified attended the scene of death.

Remains were released to a mortuary.

REMARKS

This case reported to the Coroner's Office by the Police Department at 9:30 p.m. on December 5, 1962.

Deceased was found by his wife lying on the floor, she quickly called the hotel manager and he called the police. A Minneapolis General Hospital ambulance was summoned to the scene and the attending physician confirmed the man dead on arrival. Expiring at 9:10 p.m.

The medical history shoed the deceased had been under the care of Doctor L. C. Proshek, and he had last seen his physician about three weeks ago. He had a left leg fracture in June, his leg was still in a cast.

BERTRAND N. KAGER - continued

A deputy coroner viewed the body and there was no indication of other than natural death; death attributed to arteriosclerotic heart disease.

Officers, F. W. Johnson and Matson of squad 117, upon being notified attended the scene of death.

Remains were released directly to a mortuary.

REMARKS

This case reported to the Coroner's Office by manager of a grocery store on Highway 7 and Christmas Lake Road in Shorewood, Minnesota at 10:00 p.m. on December 5, 1962.

Deceased was driving on the service road at the South side of Highway 7 about 200 feet East of Christmas Lake Road, when he apparently had a heart attack, and lost control of his 1959 Dodge, 4 door sedan License 3F 2476, and he ran it into the rear of a 1956 Chevrolet panel truck, License Y82-757, owned by John L. Jacques, residing at Rt. 4 Box 12, Excelsior, Minnesota.

HAROLD BALDWIN- continued

The police and a Doctor Milton Seifert were summoned to the scene of the accident and the physician pronounced the man dead; death occurred about 9:30 p.m.

A deputy coroner was called and he found the decedent slumped behind steering wheel and a 4"or 5" gash was noted in skin of center of forehead. There were no known witnesses. The body was released to the Hennepin County Morgue, an autopsy was performed on December 6; the examination revealed that death was attributed to myocardial infarction due to severe coronary arteriosclerosis.

Officer, James of Badge #1 of the Shorewood Police Department investigated the scene of the accident.

In the opinion of the pathologist and the coroner this man is presumed to have been dead when he ran into the rear of the truck.

REMARKS

This case was reported to the Coroner's Office by the Minneapolis General Hospital at 1:35 a.m. on December 6, 1962.

The deceased was admitted to the Hospital on December 5, at 5:28 p.m., in an unconscious condition. He expired the following morning at 12:15 a.m. on December 6, 1962.

On October 5, 1962, deceased was at the out-patient clinic of the Minneapolis General Hospital with diagnosis of fracture of the tibia and fibula of left leg. A full leg cast was applied and the patient was returned back home.

JOHN LINDMAN- continued

An autopsy was performed at the hospital on December 6, and the examination revealed that death was attributed to myocardial infarction due to coronary arteriosclerosis.

Remains were released directly to a mortuary.

Survivors of the decedent include a son, Harlan; daughter, Mrs. A. Schmidt, of Minneapolis, Minnesota.

REMARKS

This case was reported to the Coroner's Office by Minneapolis General Hospital at 8:30 a.m. on December 6, 1962.

On October 23, 1962, about 5:35 p.m., according to the Minnesota State Highway Department, the decedent was involved in an accident on Highway 24 near Highway 55, in Annandale, when the automobile he was driving struck several parked cars. He received medical attention but was permitted to return home the following day. On October 26, the man's nephew became alarmed at the man's bizaare behavior and had him taken to Minneapolis General Hospital where his condition apparently improved. An angiogram taken on November 10 showed left subdural hematoma and a trephine was performed that day. Following this surgery the man remained semicomatose and at 4:30 a.m. on December 6 he expired in his sleep.

Fred Charles Lewis (continued)

Autopsy performed at the Minneapolis General Hospital revealed severe coronary sclerosis; bronchopneumonia; pulmonary edema; residual subdural membrane left side; generalized arteriosclerosis; chronic passive congestion of liver; osteoarthritis of spine; carcinoma of prostate (by history).

Names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office by Mrs. Chamberlai, from the Star of Bethlehem Home at 1:40 p.m. on December 6, 1962.

On September 10,1962, the deceased had been admitted to the rest home for a heart condition. She went home over Thanksgiving day and when she returned, she apparently had pneumonia being bed ridden with a temperature, productive cough and progressive dyspnea and she was unable to sleep the past two nights. Expiring at the rest home at 1:15 p.m. in the presence of nurses, Mrs. Nelson and Mrs. Rye.

JESSIE SIMMONS - continued

There is no history of any previous medical attention, therefore, the case was referred to this office. Examination of the body by a deputy coroner indicated that death was due to bronchopneumonia and arteriosclerotic heart disease.

Remains were released to a mortuary.

REMARKS

This case was reported to the Coroner's Office by the St. Louis Park Police Department at 6:20 p.m. on December 6, 1962.

Mother arrived home about 5:30 p.m. and found the deceased in the basement of home lying face up by old gas stove with tubing running from burner to plastic mask attached to head and neck area with wire. She quickly removed the plastic bag, but the patient was unresponsive. Expiring at 5:30 p.m. that day.

PAUL A. BUCHEIT - continued

A deputy coroner was called and he found the body lying face up, cool and livid beside stove, burner was on and the basement was filled with gas.

An autopsy was desired by the father.

On December 7, an autopsy was performed at the Hennepin County Morgue, and the examination revealed that death was ascribed to asphyxia, due to a plastic bag secured over head with rubber tube to bag from open gas stove burner.

Officers, Anderson and Lloyd and Detective, Stimson of the St. Louis Park Police Department,attended the scene of death.

Remains were released directly to a mortuary.

REMARKS

This case was reported to the Coroner's Office by the Minneapolis General Hospital at 3:10 a.m. on December 7, 1962.

On November 24, the deceased fell in some manner while visiting a friend, she was admitted to the hospital on November 26, with a fractured pelvis. She refused to eat and did not response to stimuli, this causing her health to fail very rapidly. Death occurring at 2:15 a.m on December 7, 1962.

According to family, deceased has history of diabetes over a period of 15 years, hypertension, and said to be in congestive heart failure.

JESSIE M. SEPPLE - continued

Decedent had not been eating well for the past three weeks but continued to take usual dosage of insulin. Family thought she appeared to become "dizzy" and fell. Apartment where she fell is on same floor as the decedent's apartment.

On December 7, an autopsy was performed at the hospital, examination revealed that death was ascribed to pulmonary infarction due to fracture of pelvis. Severe pulmonary sclerosis. Cirrhosis of liver.

Survivors of the decedent are unknown to the coroner's office.

REMARKS

This case was reported to the Coroner's Office by Doctor D. R. Philp of Delano, at 3:50 p.m. on December 8, 1962.

Deceased was living with relatives at Albin Yaeger farm located 2½ miles East of Delano, in the Village of Independence. That afternoon she was sitting in a chair when suddenly she collapsed and fell to the floor. Doctor Philp of Delano was called and he pronounced her dead on arrival; death occurred at 3:30 p.m.

It was stated by the relatives that the deceased had gall bladder surgery

ANN WANDERSEE - continued

about eight years ago at the St. Barabas Hospital in Minneapolis.

A deputy coroner viewed the body and there was no indication of other than natural death; death attributed to arteriosclerotic heart disease.

Remains were released to a mortuary in Delano, and the decedent is survived by 4 daughters and 8 grandchildren.

REMARKS

This case was reported to the Coroner's Office by Minneapolis General Hospital at 12:55 a.m. on December 9, 1962.

At 11:00 p.m. on December 8, the decedent, according to the Minneapolis Police Department, apparently lost control of his 1957 cream and gold four-door Plymouth sedan, bearing 1962 Minnesota license 3F7296, as he was proceeding north on Portland Avenue at its intersection with Diamond Lake Road and fell out of his vehicle. The Plymouth continued on across the intersection and struck a tree on the northeast corner of Portland Avenue and Diamond Lake Road. The decedent lay in the path of oncoming

Kenneth Alois Haase (continued)

traffic and was run over by a 1956 white four-door Oldsmobile sedan, bearing 1962 Minnesota license 3K4188, owned and being driven south on Portland by Mable Grace Pedersen, 45, 7614 Garfield Avenue South, Richfield. Accompanying Mrs. Pedersen and seated in the right front seat was Walter Pederson, 42, of the same address.

Police Officers R. Moral and Don Nichols of the Traffic Division were on the scene to investigate circumstances surrounding this accident and death.

An ambulance was dispatched to the scene of the accident and the decedent was brought to Minneapolis General Hospital where he expired at 11:38 p.m.

Autopsy performed the following morning at the hospital revealed the cause of death to be multiple cerebral contusions and massive hemothorax and hemoperitoneum due to extensive basal and occipital skull fractures, multiple rib fractures, bilateral and laceration of the liver and spleen.

Survivors are wife, Eileen; sons, Jerry, Bruce and Scott, daughter, Karen; father, Harris Haase, all of Minneapolis; brother, Virgil, Rice Lake, Wisconsin and sister, Mrs. Gerald Elfers, Turtle Lake, Wisconsin.

Examination of a specimen of the decedent's blood revealed the presence of 0.36% ethyl alcohol.

REMARKS

This case was reported to the Coroner's Office by Miss Krueger of North Memorial Hospital at 8:55 p.m. on December 8, 1962.

At 7:45 p.m. on the above evening the decedent was going north on Berkshire Lane in his 1959 white two-door Chevrolet sedan, bearing 1962 Minnesota license 4R2139, at a very high rate of speed and when he approached the crest of the hill at Dallas Lane, Plymouth Village, he apparently hit his brakes with great force and started to skid. The vehicle skidded from side to side, according to reports of Officer Tart of the Plymouth Village

Stanley Gritz (continued)

Police Department, left the road, knocked down a utility pole on the southeast corner of the intersection, then struck a tree head-on at the southwest corner of the intersection.

Officer Thomas Tart, mentioned above, was first on the scene to investigate and assist. Officers Dehn, Gunderson and McLellan of the Hennepin County Sheriff's Office were also on the scene to investigate this accident.

The driver of the vehicle, badly injured, was removed via ambulance to North Memorial Hospital where he was pronounced dead on arrival at 8:25 p.m.

A deputy coroner went to the hospital to remove the body to the Hennepin County Morgue where autopsy performed the following day revealed the cause of death to be massive subdural and subarachnoid hemorrhage around pons and brain stem with cerebral concussion due to trauma of chin fragmenting mandible.

Examination of a specimen of the decedent's blood was negative for ethyl alcohol.

Witnesses to the above accident were Grace Jacquermart, 835 Berkshire Lane, Minneapolis, and Lucille Mueller, 14540 14th Avenue North, Minneapolis. They stated that the decedent had swerved his northbound car to avoid hitting their car near 835 Berkshire Lane.

Names of survivors are not known to this office with the exception of the man's wife, Caroline, and parents, Fritz and Leona Gritz.

REMARKS

This case was reported to the Coroner's Office by the Hennepin County Sheriff's Office at 3:00 a.m. on December 9, 1962.

At 2:45 a.m. on the above morning, the decedent was alone in his 1963 white two-door Thunderbird, bearing 1962 Minnesota license 6M-9234, traveling east on State Highway 12 when he crossed over the center line to the wrong side of the road and hit a bridge abutment head on in Independence Township, west of Maple Plain. According to the report of the Minnesota State Highway Department there were no skid marks at the scene of the accident which killed this driver instantly. Apparently, the man had fallen asleep at the wheel.

Aris C. Brown (continued)

Sgt. Tom Williams and Officer Curtis Honebrink of the Hennepin County Sheriff's Office were on the scene to investigate circumstances surrounding this accident, as was Officer Taschi of the Maple Plain Police.

A deputy coroner went to the scene and found the decedent in the driver's seat of his automobile. The body was warm, there was no rigor.

The body was removed to the Hennepin County Morgue where autopsy performed later that morning revealed the cause of death to be massive hemothorax, bilateral, and hemoperitoneum due to laceration of the right atrium of the heart and laceration of the liver and spleen due to transverse fracture of the sternum and traumatic injury of the abdomen.

Examination of a specimen of the decedent's blood was negative for ethyl alcohol.

Survivors are wife, Grace, and three children. Names of other survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office by Doctor Wm. T. Walsh at 7:50 a.m. on December 9, 1962.

Deceased was found by the caretaker of the Antlers Hotel lying in his bed, dressed in night clothing. It was stated that the deceased had been in ill health and the past week has had the flu and a cold, also complained of having chest pains. Doctor Walsh was called to the residence and he pronounced the man dead, death occurred about 5:00 a.m. that morning.

There is no history of any previous medical attention, therefore, the

JOHN WINSLOW - continued

case was referred to this office.

Examination of the body by a deputy coroner indicated that death was due to natural causes. Death was attributed to arteriosclerotic heart disease.

Remains were released directly to a mortuary, and survivors of the decedent include, daughter, Mrs. James (Marie) Busterud; 8 grandchildren, and 6 great-grandchildren.

REMARKS

This case was reported to the Coroner's Office by the Police Department at 11:55 a.m. on December 10, 1962.

Mary Sneider who lives in Apartment 2, same address, stated that she heard Mrs. Shorba come home from shopping and she invited her into the apartment for a visit. The deceased had complained of having a severe headache, so Mrs. Sneider proceeded to get her an anacin tablet when suddenly she fell over to the floor from a chair.

A Minneapolis General Hospital ambulance was summoned to the scene and

MARY SHORBA - continued

the attending physician, Doctor Rivkin, confirmed the death; death occurred at 11:45 a.m.

A deputy coroner was notified and he found the body lying fully dressed in out-door clothing, on the carpeted floor. Remains were released to the Hennepin County Morgue and the examination revealed that death was attributed to a cerebrovascular accident, spontaneous.

Officers, Taylor and Grow of squad 220, upon being notified attended the scene of death.

The decedent is survived by a daughter, Mrs. Frederick (Maryianna) Mannifred and three grandchildren of Luverne, Minnesota.

REMARKS

This case was reported to the Coroner's Office by the Police Department at 9:25 p.m. on December 10, 1962.

Mrs. Ida Smith stated, that day she was to give the deceased some food and when she entered his room she found him lying on the floor. She informed the caretaker,who then called police.

A rescue squad and a Minneapolis General Hospital ambulance were summoned to the scene, the attending physician pronounced him dead on arrival; expiring about 9:09 p.m.

JOHN P. WEBER - continued

A deputy coroner was called and he found the body lying on the floor, head of deceased was in a yellow plastic wash tub, blood had oozed slightly from the nose and into the tub. Deceased was dressed lightly in indoor house clothes as the apartment was quite warm. Room was relatively neat and orderly.

The body was removed to the Hennepin County Morgue and the examination revealed that there was no indication of other than natural death; death attributed to arteriosclerotic heart disease.

Officers, Compton and Peterson of squad 116 attended the scene of death.

REMARKS

This case was reported to the coroner's office by the Police Department at 1:05 p.m. on December 11, 1962.

The deceased was found by Mr. Arther Bubolty and Stanley Harrow, living at 1900 - 23rd. Avenue N. E., lying on the kitchen floor. Mr. Bubolty stated that the deceased had not reported for work so he decided to go to his home and investigate.

A Minneapolis General Hospital ambulance was summoned to the residence, and the attending physician pronounced the man dead on arrival. He expired at 12:05 p.m.

ROY B. JOHNSON - continued

The available information in regard to the deceased's medical history that we were able to get, showed that the man had been receiving treatment at the Minneapolis General Hospital Clinic.

His type of work was paperhanger and decorator.

A deputy coroner was called to the scene and he found the body lying on the kitchen floor, door was open but the house was warm, radio was on. Deceased was lying on his back, fully clothed with shoes on. There was laceration of upper left eye-lid, body was cold, with rigor present. The remains were released to the Hennepin County Morgue and the examination revealed that death was due to a natural cause. Death attributed to arteriosclerotic heart disease. Body of the decedent was released to the Rock Funeral Home in Braham, Minnesota.

REMARKS

This case was reported to the coroner's office by the Police Department at 3:40 p.m. on December 11, 1962.

Deceased was found lying on the side walk in front of his home at 2307 Pierce Street N. E. A Minneapolis General Hospital ambulance was dispatched to the scene and the attending physician pronounced the man dead, on arrival. Death occurred at 3:30 p.m. that day.

There was no information available in regard to the man's medical history, therefore, the case was referred to this office. A deputy coroner was called to the scene and he found the body lying face down on the sidewalk. The head was in a Southerly direction, there was a slight bump on back of head and a

OLAF FUNDERUD- continued

scratch on the bridge of his nose. Deceased was wearing a brown tweed overcoat, brown cap, blue trousers, black shoes, and black glasses. In the left rear pant's pocket was a billfold containing $6.00. The identification in the billfold showed that it belonged to Olaf Funderud.

Ralph Funderud, son of the deceased, lived with his father at the above address, stated that his father had been doctoring for a heart condition.

The body was released to the Hennepin County Morgue; an examination by the deputy coroner revealed that death was due to natural causes. Death was attributed to arteriosclerotic heart disease.

Police officers, Egelund and Resch upon being notified attended the scene of death.

Remains were released to a mortuary.

REMARKS

This case was reported to the Coroner's Office by Doctor Edward Mitchell of Mound, Minnesota at 5:35 p.m. on December 11, 1962.

Mother of the child stated that she went into the room about 2:00 p.m. that afternoon and she discovered the child with his arms outstretched as if in a convulsion. Doctor Mitchell was called to the residence and he had the baby taken to his office, but he was pronounced dead on arrival. Death occurred around 5:30 p.m.

History was obtained from the father in regard to the child's health. He stated, that the deceased had always been considered healthy and a normal child.

DANIEL MILTON SAREMPA - continued

Recently, the baby complained of not feeling well and the mother layed him on the couch to rest. He slept off, and on, and had nothing by mouth except milk, water and an aspirin.

The body was removed to the Hennepin County Morgue; an autopsy was performed on December 12, 1962. The examination revealed that cause of death was due to severe pulmonary congestion, etiology unknown.

Remains were released directly to a mortuary.

REMARKS

This case was reported to the Coroner's Office by Mr. Norman Pearl, attorney, at 11:50 a.m. on December 13, 1962.

Deceased past away at his home, however, he had been involved in a two car auto accident on October 15, for which he had received physical therapy to the neck. No fractures or other abnormalities were seen on x-ray. In the latter part of November and until December 1, 1962, the patient was hospitalized with congestive heart failure. Deceased expired suddenly at home at 9:00 p.m. on December 11, 1962.

ELMER W. HALEY - continued

Car, driven by deceased, involved in collision with another automobile at 30th. and Lincoln Street N. E., Minneapolis, at intersection at approximately 9:55 a.m. on October 15th. Deceased was removed by ambulance to Minneapolis General Hospital, being admitted to emergency at 10:28 a.m. on date of accident. At 1:14 p.m. on date of injury, he was transferred to St. Andrew's Hosptial and placed under the care of Doctor R. E. Rishch and Layman. The man was in the hospital for one and a half days for observation.

Minneapolis General Hospital's records indicated deceased had lacerations and abrasions of nose but no fractures were noted.

An autopsy was requested by the son.

On December 14, 1962, an autopsy was performed at the mortuary; the examination revealed that death was due to cardiac fibrillation. Severe coronary arteriosclerosis.

Survivors of the decedent are unknown to the coroner's office.

REMARKS

This case was reported to the Coroner's Office by Chief Frandsen, of the Golden Valley Police Department at 8:00 a.m. on December 12, 1962.

Deceased got up this morning as usual, but complained of not feeling very well. He laid down on davenport in his home and the chief of police who lives next door was called. A North Memorial Hospital ambulance was summoned to the residence and the attending physician pronounced him dead on arrival. He expired at 7:30 a.m. that day.

Deceased lived with his wife at the above address, who was not at home

JOSEPH HARTWICK - continued

at the time of his death. A year ago he had been treated at the Veteran's Hospital for a heart condition.

Examination of the body by the deputy coroner revealed that there was no indication of other than natural death. Death attributed to arteriosclerotic heart disease due to generalized arteriosclerotic cardiovascular disease.

Remains were released directly to a mortuary.

REMARKS

This case was reported to the Coroner' s Office by the Police Department at 9:00 a.m. on December 12, 1962.

Deceased was discovered by his wife, she stated, he had fallen and was turning blue in the face. The fire and rescue squad were called, and a Minneapolis General Hospital ambulance was summoned to the residence. The attending physician confirmed the man's death. He expired at 8:30 a.m.

Deceased had been under the care of Doctor George E. Marking, for a weak heart condition about eight years ago. Last summer to September 12, he received treatment at the Veteran's Hospital and his last check up there was in December for the heart condition.

CHARLES WILLIAM MORRIS - continued

The body was released to the Hennepin County Morgue and the examination by the deputy coroner revealed that there was no indication of other than natural death; death attributed to arteriosclerotic heart disease.

Police officer, Faul of squad 552, attended the scene of death.

Remains were released directly to a mortuary.

REMARKS

This case was reported to the Coroner's Office by the Police Department at 5:58 p.m. on December 12, 1962.

At 4:30 p.m., Mr. Mantz saw the deceased lying on the floor in the bathroom at the end of the hallway at the above address. He notified the owner of the building. A rescue squad was called and a Minneapolis General Hospital ambulance was summoned to the apartment. Doctor Vandersteen, the attending physician, pronounced the man dead on arrival. He expired at 4:30 p.m.

There was no available information in regard to the deceased's previous medical history so, therefore, this case was released to the coroner's office.

ANDREW PANKUCH - continued

A deputy coroner was called and he found the body lying on the bathroom floor, with clothes and slippers on, body was warm, no rigor or livor present. Remains were removed to the Hennepin County Morgue and the examination revealed that there was no indication of other than natural death. Death attributed to arteriosclerotic heart disease.

Police officers, W. W. Erickson and S. Jaroscak of squad 221, attended the scene of death.

REMARKS

This case was reported to the Coroner's Office by Officer Holmes of the Crystal Police Department at 5:47 p.m. on December 12, 1962.

At 5:24 p.m. on the above evening Warren Lee Mosal, 6329 62nd Avenue North, Minneapolis, age 34, was driving north on Lakeland Avenue in a 1953 green and white two-door Oldsmobile sedan, owned by Fred Mosal, also of 6329 62nd Avenue North, when about 213 feet north of Lombardy Lane in Crystal Village, he struck the decedent, who was walking in the center of the north bound lane and going in the same direction as Mosal's car.

John D. Gwiazdon (continued)

Witness to this accident was John Blanchette, 6106 Lakeland Avenue North, Crystal Village, who summoned help.

Officer Hanson and Olson of the Crystal Police were first on the scene and were there when the deputy coroner arrived. Officer Holmes of the Crystal Police and Sgt. Seviola and Officer C. R. Sheehey of the Hennepin County Sheriff's Office also investigated this accident.

An ambulance from North Memorial Hospital was dispatched to the scene and the physician aboard pronounced the pedestrian dead on arrival at 5:45 p.m.

A deputy coroner went to the scene and found the decedent, dressed in dark clothes, lying on Lakeland Avenue, his head pointing north, his feet south. The decedent was lying on his back and his shoes had come off. Skid marks were noted behind the Mosal automobile and there was a dent on the left side of the hood of the vehicle.

The body was removed to the Hennepin County Morgue where autopsy performed the following day revealed the cause of death to be transection of the spinal cord and cardiac tamponade due to fracture of lst, 2nd and 6th cervical spine; multiple rib fractures, bilateral; compound, comminuted fractures of both legs and ankles.

Examination of a specimen of the decedent's blood was negative for ethyl alcohol.

Except for wife, Rose, names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office by the Police Department at 7:40 a.m. on December 13, 1962.

A Mr. Roy Morrow, working as clerk, at the Tourist Hotel discovered the man lying in his room about 4:45 a.m., unresponsive. According to Mr. Morrow, it was known the deceased had been drinking excessively in the past two weeks.

During the night he was quite ill and the police were called. A squad was up to see the man, he seemed to be in fair condition, so they left and made it a

ROBERT M. BOYLON - continued

sick call. Later he was found dead and Doctor Amy, who responded on the Minneapolis General Hospital ambulance, pronounced him dead. He expired about 5:00 a.m. that morning.

The medical history showed that the deceased had been a patient in a St. Cloud Hospital in 1962.

Examination of the body by a deputy coroner at the Hennepin County Morgue revealed that death was attributed to arteriosclerotic heart disease. Chronic alcoholism, being a contributing factor.

Police officer, Roehl and Rifley of squad 117, upon being notified attended the scene of death.

Remains of the decedent were released directly to a mortuary.

REMARKS

This case was reported to the Coroner's Office by the Sheriff of Greenwood Village, Minnesota at 11:10 a.m. on December 13, 1962.

Deceased was found in his room by Mr. George Peabody of the St. Albin's Bay Motel. Police were notified, and the attending physician who also was called to the above address, pronounced the man dead. Death occurred about 11:00 a.m.

Mrs. Peabody stated, the deceased had checked in the motel on December 11, at 4:30 a.m. A deputy coroner was called to the scene and he found the body lying across the bed clothed in pajamas, with left hand in pillow pulled against his

JAMES HERBERT ANFANG - continued

head, with blister and burns on outer surface of right hand and there was blood oozing from the right ear. Food was spilled on floor, the gun was empty it was a 9 mm Browning automatic.

Wife stated, that she and her husband had domestic difficulties at home that when he left, she expected he would do something like this as she knew he had the pistol, but did not know that he had taken it with him on this business trip.

The body was released to the Hennepin County Morgue, an autopsy was performed on December 14th. The examination revealed that the cause of death was due to gunshot wound of head.

Remains of the decedent were released to a mortuary.

REMARKS

This case was reported to the Coroner's Office by Officer P. O. Wright, Bloomington Police, at 11:55 a.m. on December 13, 1962.

A deputy coroner went to the scene and found the decedent lying naked on his bed on his back; there was no rigor present in the body.

According to the child's mother, the little boy had had a history of cystic fibrosis and had been under the care of physicians at the University of Minnesota Hospitals. On the above morning, the child's mother filled the bathtub and left him for a few minutes playing in the water. She returned to check on him about ten minutes later, at approximately 11:40 a.m., and found him floating on his back. Vomitus was noted in the water.

Randy E. Padilla (continued)

The body was removed to the Hennepin County Morgue where autopsy was performed later that day. Verdict as to the cause of death was postponed pending microscopic findings. It was later determined to be muscoviscidosis; pancreatic atrophy; chronic bronchitis; minimal bronchopneumonia; focal pulmonary edema, all natural phenomena.

The Coroner, together with Inspector Block, Bloomington Police Department, interviewed the child's mother, Joyce I. Padilla, in her home on February 28, 1963. It was learned that the Padillas had had two little girls who had expired with a diagnosis of cystic fibrosis, one 14 days after birth, the other at 14 months of age.

The Padilla home appeared to the Coroner to be an adequate home, where the two living children, a boy of three and a girl of nine months, were in apparent good health and were well cared for. Mrs. Padilla stated she was concerned that the little boy might have cystic fibrosis also. She denied having any "trouble" with the deceased child but did state that he bumped into things and fell a great deal; she denied taking any unusual disciplinary action against the deceased child.

Except for parents names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office by the Police Department at 12:40 p.m. on December 13, 1962.

Mother of the child stated, that she had taken care of the baby that morning about 6:00 a.m. He had been fed at 12:00 a.m. the night before but he did not feel too well at that time. She went into his room to check on the child that morning again about 11:20 a.m. and she found him still and unresponsive.

A police rescue squad was called to the residence and they quickly administered artificial respiration, but were unsuccessful.

STEVEN SCOTT HOVDE - continued

Doctor Wayne C. Ryberg was called and a Minneapolis General Hospital ambulance was dispatched to the scene, the attending physician pronounced the child dead. He expired at 12:20 p, m.

The body was released to the Hennepin County Morgue, an autopsy was performed at the morgue on December 13, the examination revealed that death was attributed to bronchopneumonia.

Police officers, Patterson and Flint of squad 332, upon being notified attended the scene of death.

Remains of the decedent were released directly to a mortuary.

REMARKS

This case was reported to the Coroner's Office by the Police Department at 8:50 p.m. on December 13, 1962.

John Laux stated, that he was in the Rose Garden with his girl friend when they saw the man slumped over in the front seat of his car. Description of car was a black Mercury, license #5M 3122.

The police arrived and a Minneapolis General Hospital ambulance was summoned to the scene and the attending physician pronounced the man dead, on arrival. He expired at 8:15 p.m. on December 13, 1962.

BENJAMIN D. MC GRAW, SR. - continued

A deputy coroner was called and he found the body slumped over sideways in the front seat with the front door open and left leg hanging out. Radio was playing, the body was cool and rigor was present. Remains were released to the Hennepin County Morgue and the examination revealed that there was no indication of other than natural death. Death attributed to arteriosclerotic heart disease.

Police officers, Sorensen and Buchan of squad 553, attended the scene of death.

The decedent is survivied by wife, Anna, 4 sons, Benjamin D Jr. (Bud) John M., Neil E. and Gerald J.; 3 daughters, Mrs. J. W. (Julretrel) Nolan, Mrs. Glynn (Patricia) Riley, Mrs. John (Helen) Moore and 33 grandchildren of Minneapolis, Minnesota, and a brother, Mr. Edwin of Litchfield, Minnesota.

REMARKS

This case was reported to the Coroner's Office by the Minneapolis Police Department at 8:45 p.m. on December 13, 1962.

At 8:10 p.m. on the above date, the decedent and his wife, Victoria, 66, were returning home from a dinner at Methodist Hospital in St. Louis Park, where Mr. Hooke had been a guest minister at the hospital since his retirement in 1957. Mrs. Hooke, who according to Police had a driver instruction permit, was driving their 1960 white two-door Chevrolet, bearing 1962 Minnesota license 5P7769, and when they approached the one empty parking stall behind their apartment building, the decedent

Albert E. Hooke (continued)

got out of the car to direct his wife in parking. As Mrs. Hooke attempted to ease the car into place, apparently her foot struck the accelerator instead of the brake pedal; the car shot forward over the curb, struck the decedent and carried his body into a tool shed about 20 feet away. Neighbors responded to Mrs. Hooke's cries for help and found the decedent inside the shattered shed where he expired.

Help was summoned and Officers R. Oly and G. S. Von Der Vees, Squad 603, responded.

A deputy coroner went to the scene and the body was removed to the Hennepin County Morgue where an autopsy was performed the following day, although the decedent's wife did not want this procedure done.

Autopsy revealed the cause of death to be crushing injury of the pelvis and lower abdomen with protrusion of the bowel through the anus.

Examination of a specimen of the decedent's blood was negative for ethyl alcohol.

Except for the widow, Victoria, names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office by the Police Department at 11:36 a.m. on December 14, 1962.

The wife stated, that deceased got up that morning, sat down in a chair and had his breakfast. Suddenly, he complained of having chest pains and these pains continued to become more frequent the last two weeks, but the deceased refused to see his physician. The husband went into his bedroom to lay down, he then got up again and vomited, and then his wife noticed that he was gurgling and suddenly became unresponsive.

HENRY HEURUNG - continued

A Minneapolis General Hospital ambulance was summoned to the residence and the intern, a Doctor Bell, aboard the ambulance, pronounced the man dead, on arrival. He expired at 11:10 a.m.

The deceased's medical records showed that he had history of arteriosclerosis and arthritis.

The body was removed to the Hennepin County Morgue, an examination by the deputy coroner revealed that there was no indication of other than natural death; death attributed to arteriosclerotic heart disease.

Police officers, Anderson and Brademan of squad 441, upon being notified attended the scene of death.

Decedent's survivors include, wife, Josephine; son, William H.; 8 brothers and sister.

REMARKS

This case was reported to the Coroner's Office by the University Hospital at 8:45 a.m. on December 27, 1962.

On November 18, 1962, the deceased was wrecking a car with a blow torch when an explosion occurred; he sustained burns of approximately 40% of body, leg, arms and 10% of body surface. A leather vest and leather boots protected parts of his body against burns.

Deceased was first admitted to a Mankato Hospital for car, but later was transferred to St. Mary's Hospital at Rochester when he developed a

WILLARD WILSON - continued

fever of 103 to 105 degrees.

He was subsequently transferred to University Hospital, being admitted on December 2, 1962, for continued care and skin grafting. Death occurred at 11:50 a.m. on December 14, 1962.

There was a diagnosis of septicemia and shcok due to 2nd and 3rd degree burns to 40% of body.

An autopsy was performed at the University Hospital on December 14, by Doctor Jorge Ynnis. The findings of the examination revealed burns 40% of body surface. Congestion heart, liver and kidneys. Bilateral atelectasis of lungs. Hemorrhage of stomach and urinary bladder.

Remains of the decedent were released to a mortuary.

REMARKS

This case was reported to the coroner's office by the Police Department at 12:15 a.m. on December 15, 1962.

Mrs. Richard Conlon, the lady that was taking care of the child at the time, stated that the deceased was fed at 5:30 p.m. and placed in his bassinet. At 11:00 p.m. she went to look at the child and he appeared very still and unresponsive. The police were notified and a Minneapolis General Hospital ambulance was summoned to the residence. Doctor Titus, the attending physician aboard the ambulance, confirmed the child dead, on arrival.

LINDA LEE SCHROEDER - continued

There is history that the infant was born at the Swedish Hospital about one wk. ago, and the child had to be delivered by instruments because the head was twisted. The right eye was swollen and there seemed to be an unusual pressure on the right side of the head and the occipital bone on the right, overrode the one on the left.

The body was released to the Hennepin County Morgue, an autopsy was performed on December 15, the examination revealed that cause of death was ascribed to pulmonary congestion and edema, etiology unknown.

Police officers, Switzer and Egeland of squad 222, upon being notified came to the investigation.

Remains of the decedent were released to a mortuary.

REMARKS

This case was reported to the Coroner's Office by the Plymouth Village, Minnesota Police Department at 10:40 p.m on December 15, 1962.

Wife stated, that she had retired about 10:25 p.m. that evening. Her husband entered her room and started to choke her and threatened to kill her. He then told her to take a good look at him and he went downstairs and shot himself with the shotgun. Death occurred about 10:30 p.m.

The police and a deputy coroner were notified and they found the body lying on the bedroom floor with top of head blown out, brain tissue was splattered over walls, ceiling, floor and furniture. Deceased blew his

RICHARD HOLLIS PAYTON - continued

head off with a Remington 12 gauge shotgun Model 870, Serial #594723.

One spent shell was found in the shotgun and removed by the police; gun and spent shell were released to the coroner.

Crime laboratory checked gun for prints, the castor under the right foot-end of the bed was splintered and police felt deceased rested butt of gun against this. Deceased was dressed in denim trousers.

Wife said, she and her husband were not speaking to each other as they allegedly had domestic difficulties. Her husband lost an eye in the service and was subject to temporary periods of depression.

Examination of the body by a deputy coroner indicated that death was due to gunshot wound of the head.

Remains were released to a mortuary in Wayzata.

REMARKS

This case was reported to the Coroner's Office by the Evans-Nordby Funeral Home in Osseo, Minnesota at 4:25 p.m. on December 16, 1962.

Nicholas, a son of the deceased, came out to the lake home and he discovered his mother siting in a upright position in a chair in the living room, still and unresponsive.

A deputy coroner was called to the scene and he found the body sitting upright in chair in the living room, dressed in houseclothes but without shoes. Body was still warm and there was no indication

MARY ROGICH - continued

of any violence. Death occurred about 4:00 p.m. on December 16, 1962.

Deceased lived at the lake home alone and her children came out to stay with her week ends. The son stated, that his mother had received medical care by a family physician, but that this doctor had expired about two years ago.

The deputy coroner after viewing the body, reported that there was no indication of other than natural death. Death was attributed to arteriosclerotic heart disease.

Remains were released directly to a mortuary.

REMARKS

This case was reported to the Coroner's Office by the Police Department at 10:45 a.m. on December 17, 1962.

Mrs. Nancy Swanson, daughter of the deceased, stated that she had her father come to her apartment and baby sit while she went out to do some shopping. She returned at about 10:25 a.m. and she noticed her father sitting in a chair in the living room and he appeared still and unresponsive.

A Minneapolis General Hospital ambulance was summoned to the apartment and the attending physician pronounced the man dead on arrival. He expired at 10:25 a.m.

JAMES GILL - continued

The medical records showed that the deceased has been treated at Veteran's Hospital, and six months ago received treatment for a sore on his toe.

Wife did not desire an autopsy.

A deputy coroner was called and he found the deceased fully clothed, sitting in a chair in the living room, cold with livor and no rigor present. Examination of the body by the coroner showed that there was no indication of other than natural death. Death was attributed to arteriosclerotic heart disease.

Police officers, Nelson and Daly of squad 116, attended the scene of death.

Remains of the decedent were released directly to a mortuary.

REMARKS

This case was reported to the Coroner's Office by the Police Department at 11:55 a.m. on December 17, 1962 .

Deceased was discovered by his wife, Viola Warren, as she returned home at 11:45 a.m. He was lying face up on their double bed in the bed room, and appeared still and unresponsive. The police were notified and a Minneapolis General Hospital ambulance was ordered and the attending physician pronounced the man dead. Death occurred at 11:45 a.m.

The medical history showed that the deceased has a two year record of heart trouble and was involved in an auto accident on November 25, 1962,

NEWTON L. WARREN - continued

in which his head had gone through the windshield of his car. Mr. Warren had been treated at Minneapolis General Hospital on December 7, 1962. He was last seen at Dolly's Cafe, on 27th. and Washington Avenue North, shortly before 7:00 a.m. on December 17th.

A deputy coroner was called and he found the body lying across bed in bed room on his back and he was dressed in his long underwear and socks, livor mortis present but no rigor. The body was released to the Hennepin County Morgue , an autopsy was performed on December 17th. The examination revealed that cause of death was ascribed to acute thrombosis circumflex branch left coronary artery due to severe coronary arteriosclerosis and myocardial fibrosis.

Police officers, Millman and Brademan of squad 441, attended the scene of death.

Remains of the decedent were released to a mortuary in Elk River, Minnesota.

REMARKS

This case was reported to the Hennepin County Coroner's Office by North Memorial Hospital at 7:45 p.m. on December 17,1962.

At 9:15 a.m. on the above date, according to information from the Minnesota Highway Department, the vehicle driven by the decedent apparently went out of control and overturned approximately three miles east of Elk River on Highway 10 in Sherburne County. An Elk River funeral director brought the decedent to North Memorial Hospital where he was admitted at 10:10 a.m. on that date. Examination disclosed severe chest and head injuries. The man was under the care of Dr. Adkins and Dr. Roehlke, who placed him in the intensive care unit. He expired at 7:30 p.m. that evening.

Thomas F. Simons (continued)

The body was removed to the Hennepin County Morgue where autopsy performed the following day revealed pulmonary contusion and hemorrhage; comminuted fracture of the right frontal bone and sphenoid with extra dural hemorrhage; cerebral contusion.

Examination of a blood specimen was negative for ethyl alchol.

Except for wife, Joyce, names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office by Mrs. Kimball, owner of a private nursing home at 7:55 p.m. on December 17, 1962.

On the morning of July 25, 1962, the deceased fell in some manner while a patient in the nursing home, incurring a fractured left femur. She was removed to Northwestern Hospital, being admitted on date of injury and placed under the care of Doctor Arther Zierold.

Surgical repair of the fractured femur was performed by the doctor on September 1, 1962. The patient responded well and she was returned back

MARY J. COGGESHALL - continued

to the nursing home.

There is history that the deceased had a heart condition and developed a swelling of her left leg. Her condition continued to deteriorate and recently she complained of having dizzy spells, later noted to be dyspneic and died at 7:10 p.m. on December 17, 1962.

Deceased was known to be a Christian Science; she had no recent medical attention and she refused to take medicine of any kind.

Relatives did not desire an autopsy.

Upon being notified, a deputy coroner viewed the body and checked the medical records. Death was attributed to arteriosclerotic heart disease.

Remains of the decedent were released to a mortuary.

REMARKS

This case was reported to the Coroner's Office by the Police Department at 10:20 A.M. on December 18, 1962.

Mr. Robert Murphy, a friend of the deceased, stated he found the deceased lying in her bed in the bed room at the Oak Grove Apartments.

A rescue squad was notified , an ambulance was summoned to the above address and the attending physician aboard the ambulance pronounced the woman dead, on arrival. Death occurred at 9:30 p.m.

Deceased had been staying at the apartment for the last several months, she has been under the care of Doctor O. Lewis Zahrendt.

FRANCIS M. PAULEY - continued

The woman had been checked by the doctor in May 1962 for high blood pressure and mental disturbance.

A deputy coroner was called and he found the body lying in bed on back, dressed in night gown, cold with no rigor present. Remains were released to the Hennepin County Morgue; an autopsy was performed on December 18th. The examination revealed that the cause of death was ascribed to fatty methamorphosis of liver with cirrhosis. Bilateral pulmonary congestion and edema.

Analysis of the deceased's blood by the toxicological chemist revealed alcohol content was negative and barbiturate content negative.

Police officers, Nelson and Dailey of squad 116, upon being notified came to investigate.

Survivors of the decedent include the father, Taylor Pauley of Kentucky.

REMARKS

This case was reported to the Coroner's Office by the Minneapolis Police Department at 3:20 p.m. on December 19, 1962.

Midafternoon on the above date, according to police reports, the decedent, owner of the Big Dipper Bar, was standing in a phone booth in his establishment, when Gordon D. Gustafson, 29, 2403 North 6th Street, fired a single, fatal, point-blank shot into the man's head with a small .22 caliber pistol Gustafson had bought about two and a half hours earlier, then muttered, "I'm sorry, Willie."

Police gave this further information: Gustafson, who had worked part time as a bartender for the decedent, came into the bar about 2:25 that afternoon and about five minutes later fired the shot at the decedent, who was

Wilfred H. Folkestad (continued)

talking on the phone to Gustafson's wife, Estella, 22, and the decedent slumped to the floor still holding the phone. Estella Gustafson allegedly had been seeing the decedent since separating from Gustafson about two weeks previously; a divorce suit was pending charging incompatibility. Mrs. Gustafson told police that her estranged husband had visited her yesterday afternoon to affect a reconciliation and, when he failed, drove to the bar. As soon as Gustafson left her home, Mrs. Gustafson called the decedent to "warn him that her husband might hurt him."

Help was summoned and Police Officer Krueger, Squad 701, Officers W. Brademan and William Anderson responded to a call received at 2:37 p.m. and went to the bar. Detectives Anderson and O'Rourke and Inspector Hawkinson also investigated this slaying together with Officers Welbaum and Benson, Bureau of Investigation, and Officer Hyvare, Squad 701.

A Minneapolis General Hospital ambulance was dispatched and the physician aboard pronounced the man dead on arrival, the time of death being about 2:40 p.m.

Mrs. Michael Ross, 306 24th Avenue South, was a witness to the shooting and it was she who ran across the street to a barber shop and asked that someone summon Police.

A deputy coroner went to the scene and found the decedent, dressed in indoor clothes, lying on the floor. His clothing was so blood stained it was difficult at first to find whether or not there were more wounds than the one inflicted in the right temple area, which was surrounded with powder burns. There was a bleeding laceration in the region of the left eyebrow which later was determined to have been made by the bullet still lodged in the left scalp.

The body was removed to the Hennepin County Morgue where autopsy performed the following day revealed gunshot wound from the right temporal to the left temporal region with the bullet lodged in the left scalp; fracture of the posterior clinoid processes; severed pituitary stalk; severed optic chiasm; laceration of both temporal lobes; pulmonary congestion.

The decedent is survived by his widow, LaVon and six children.

Examination of the decedent's blood was negative for ethyl alcohol.

REMARKS

This case was reported to the Coroner's Office by the Minneapolis Police Department at 6:35 p.m. on December 19, 1962.

A few minutes before 6:35 p.m. on the above date the decedent, a pedestrian, dressed in dark clothing, was crossing Washington Avenue South on the west side of its intersection with 13th Avenue, when he was struck by a 1963, red two-door Chevrolet automobile, bearing 1962 Minnesota license 3J9360, owned by Avis Rent-a-Car, 310 South 9th Street, and being driven west on Washington Avenue at an alleged rate of 35 miles per hour, by Harold Milton Hansen, age 43, 165 Blackburn Road, Summit, New Jersey. The automobile struck the decedent in the inner lane, swerved and entered the outer lane, carrying the decedent along and coming to a stop just west of the intersection along the north edge of the street.

Olaf Herness (continued)

Officers Andreasen and Hawkinson, T611, went to the scene and found the accident victim dead.

Hansen, an employee of American Can Company, was tagged for drunken driving and for driving without a driver's license.

The decedent was removed to the Hennepin County Morgue where autopsy performed the following day revealed the cause of death to be hemorrhage from rupture of the thoracic aorta and cerebral contusion with multiple subarachnoid hemorrhages due to occipital skull fracture and fracture of the 7th cervical vertebra; pelvic and multiple long bone fractures of legs, bilateral.

Examination of a specimen of the man's blood revealed the presence of 0.179 ethyl alcohol.

Names of survivors are not known to this office.

REMARKS

This case was reported to the Coroner's Office by the Police Department at 6:30 p.m. on December 19, 1962.

A friend was visiting the deceased that afternoon, when suddenly the man collapsed on his bed. Marian Steel, the landlady, was called and she quickly notified the police. A Minneapolis General Hospital ambulance was dispatched to he residence and the attending physician pronounced the man dead, on arrival. Death occurred at 6:10 p.m.

Deceased had received treatment at the Minneapolis General Hospital for a heart condition and he had been taking nitro glycerine.

EDWARD CARLSON - continued

A deputy coroner viewed the body and he noted there was no indication of other than natural death. Death was attributed to arteriosclerotic heart disease.

Teddy Webb, business agent for construction labor, Local 563 took charge of the removal of body as per written request of deceased as of 1960. Request was signed and witnessed.

Police officers, Donaldson and Erickson of squad 221, attended the scene of death.

Survivors of the decedent are unknown to the coroner's office.

REMARKS

This case was reported to the Coroner's Office by the Police Department at 11:50 p.m. on December 19, 1962.

Deceased was found by Thomas Pyckarski, the owner of the apartment the man lived at. Deceased was discovered lying face downward on the front sidewalk. The police were notified and a Minneapolis General Hospital ambulance was summoned to the scene. The attending physician aboard the ambulance pronounced the man dead. Death occurred about 11:45 p.m.

A deputy coroner was called and he found the body lying face down; with head to the North, arms alongside the body, on the outer edge of the

MIKE SZYMCZAK - continued

main sidewalk in front of the house. Deceased apparently had fallen flat on his face and there was an extensive amount of blood surrounded along side of body and sidewalk. He was dressed in outdoor clothes.

The medical records showed that the deceased had recently received treatment at the Minneapolis General Hospital in the out-patient department. A card in his wallet showed the man was on anticoagulant therapy. Two weeks a go he was known to have fallen down and he remarked that he had a difficult time trying to breathe in the cold air.

The body was removed to the Hennepin County Morgue, an autopsy was performed on December 20, the examination revealed that death was attributed to arteriosclerotic heart disease, due to severe generalized arteriosclerosis. Alcoholism, acute and chronic being a contributing factor. Analysis of the deceased's blood by the toxicological chemist revealed 0.15% alcohol.

Police officers, Kelly and Rieman of squad 701 responded to the scene of the accident, and Ronnie Welbaum took pictures at the scene.

Survivors of the decedent include, 3 brother living in Milwaukee, Wisconsin.

REMARKS

This case was reported to the Coroner's Office by the University of Minnesota Hospitals at 9:30 p.m. on December 19, 1962.

At 6:57 p.m. on December 13, 1962, according to information from the Minnesota Highway Department, the child was crossing Hudson Road, St. Paul, approximately 60 feet west of Maria Avenue, when he was struck by a car driven by Gregory Luger, 24, 2711 North Lake Boulevard, North St. Paul, Minnesota. Severely injured, the boy was taken to Anchor Hospital where his spleen and left kidney were removed that evening. On December 17, he was transferred to the University of Minnesota Hospitals where use of an artificial kidney was available. However, the child expired at 8:15 p.m. on December 19 and in view of the accident preceding death this office was notified.

Rodney Spanyard (continued)

Autopsy performed at the hospital the following day revealed the cause of death to be subarachnoid hemorrhage with cerebral contusions, bilateral, due to occipital skull fracture; laceration of the spleen and left kidney; fracture of the left femur, left tibia and fibula.

The body was released from the hospital directly to a funeral director by this office.

Except for parents, Clarence and Mable Spanyard, names of survivors are not known to this office.

This case was reported to the Coroner's Office by the Police Department at 3:30 a.m. on December 20, 1962.

Deceased had been complaining of nausea and she had some difficulty breathing when she retired that evening. Her room mate noticed the woman was still and did not show any response, so she called the brother and sister of the deceased. They arrived and sister notified the police. A Minneapolis General Hospital ambulance was summoned to the residence. A Doctor Rottick, aboard the ambulance attended the deceased, and he pronounced the woman dead, on arrival. Death occurred at 3:10 a.m.

ANN ANDERSON - continued

The deceased's medical history showed that she was under the care of Doctor Howard Horns and Doctor Milvin Bacon. She had been receiving treatment for a heart condition. Last seen by these doctors was in September 1962.

Relatives did not desire an autopsy.

Examination by the deputy coroner revealed that there was no indication of other than natural death. Death was attributed to arteriosclerotic heart disease.

Remains were released directly to a mortuary.

REMARKS

This case was reported to the Coroner's Office by the Police Department at 6:06 p.m. on December 20, 1962.

Mary Lee Kubra, mother of the child, called the police and when they arrived they found the mother holding the baby in her arms in the bedroom. They immediately administered mouth to mouth respiration. Doctor Turner, from General Hospital arrived and he checked the baby over and confirmed the child dead. He expired at 5:50 p.m.

Doctor Turner had taken care of the child before for a slight heart murmur, the baby was two months premature and had a small chance of pulling through due to it's heart and respiratory system.

GARY M. KUBERA - continued

A deputy coroner was called and he found the child lying face up on kitchen table, warm and livid, there was no evidence of external violence. The body was removed to the Hennepin County Morgue, an autopsy was performed on December 21st. Examination revealed that death was ascribed to pulmonary congestion and edema.

Police officers, Gross and Greeley of squad 223, upon being notified, responded to the scene.

REMARKS

This case was reported to the Coroner's Office by Ivo Schlegel, the father, at 5:30 a.m. on December 21, 1962.

The child was found by the father lying in his crib with blanket partially covered over face, he appeared still and unresponsive. The mother stated, that the child had not been feeling very well the past two weeks, and he came down with a cold. Mother fed the child at 11:00 p.m. that evening and then put him to bed. She awoke several times during the night and checked the baby to see if he appeared alright.

The police were notified, an ambulance was dispatched to the residence

GERALD IVO SCHLEGEL - continued

and the attending physician pronounced the child dead on arrival. He expired at 5:05 a.m.

The deputy coroner was called and he found the body lying in the crib, livid and warm. Remains were removed to the Hennepin County Morgue; an autopsy was performed on December 21, the examination revealed that death was attributed to pulmonary congestion and edema due to cardiac failure, etiology unknown.

Hennepin County Sheriff, Honbrink, attended the scene of death.

REMARKS

This case was reported to the Coroner's Office by the Police Department at 7:50 a.m. on December 21, 1962.

Charles Lewis, the husband, said he had talked to his wife shortly before midnight. The deceased was discovered lying in her bed about 7:10 a.m. the next morning, she appeared still and unresponsive.

The police were called and a Minneapolis General Hospital ambulance was summoned to the residence and Doctor Radack aboard the ambulance pronounced the woman dead, on arrival. Death occurred at 7:10 a.m.

ELOISE BARBARA LEWIS - continued

Husband stated, that his wife was in good health up till yesterday, when she started to get the bad headaches that she used to have several months ago. She was treated at this time by a chiropracter in Robbinsdale, and has been feeling fine since then. On December 20, the deceased had recurrence of headaches and nausea and vomiting and was disturbed several times during the night. Deceased it was reported had taken no medication.

The body was released to the Hennepin County Morgue, an autopsy was performed on December 21, the examination revealed that death was attributed to cerebral edema due to pinealoma.

Police officers, Hanson and Berg of squad 442, attended the scene of death.

REMARKS

This case was reported to the Coroner's Office by the North Memorial Hospital at 11:30 a.m. on December 21, 1962.

Deceased lived in a basement type dwelling and fire apparently started from a short circuit in the basement wiring. The flames spread to the first floor. When firmen entered they found Tony and Pamela huddled beside the infant's crib. A North Memorial Hospital ambulance was called and all three children were brought in to the hospital being admitted at 9:45 a.m. Doctor Harold Mork tried to revive the child but she did not respond to treatment. Death occurred at 11:00 a.m. on December 21, 1962.

PAMELA DICKISON - continued

Mrs. Dickison said she had left the children, Pamela, Tony 2½, and Fern 3 months untended when she went next door for a few minutes.

The body was removed to the Hennepin County Morgue, an autopsy was performed on December 21th. The examination revealed that death was attributed to carbon monoxide poisoning due to smoke inhalation. Blood analysis revealed a 30% carbon monoxide saturation.

Remains of the decedent were released to a mortuary in Anoka.

REMARKS

This case was reported to the Coroner's Office by the Minneapolis General Hospital at 7:40 p.m. on December 21, 1962.

The woman was admitted to the hospital at 4:11 p.m. on December 21st. She was brought in from Breezy point Bar at 247 Cedar Avenue, with little history except of extreme dyspnea and some vague illness of one month duration. Brought in shock and noted to have primary changes on labor. During her course in the hospital the deceased did not respond to treatment, expiring at 7:25 p.m.

An autopsy was performed at the hospital on December 22, 1962; the examination

MARY JANE TOAL - continued

revealed that death was due to severe pulmonary edema and congestion. Cirrhosis of liver, old encephalomalacia.

Remains of the decedent were released to a mortuary.

REMARKS

This case was reported to the Coroner's Office by the Police Department at 6:30 a.m. on December 22, 1962.

The infant was discovered by the father lying face down in his crib at 5:45 a.m. that morning. Father stated, that the baby had a cold and was congested in the chest, he checked the child about 1:00 a.m. and the baby was breathing very heavily. There was no signs of life when Mr. Balcome rechecked his son about 6:00 a.m. that morning.

The family doctor was called and he ruled the child died of pneumonia. Death occurred at 5:45 a.m.

CHARLES DEAN BALCOME - continued

Family did not desire an autopsy.

The deputy coroner was notified and after viewing the body he said the cause of death was due to bronchopneumonia. Remains were released directly to a mortuary.

Officers, Gibbert and Smithson of squad 332, attended the scene of death.

REMARKS

This case was reported to the Coroner's Office by Minneapolis General Hospital at 9:30 p.m. on December 22, 1962.

At 7:05 p.m. on December 22, 1962, according to the Minneapolis Police Accident Bureau, Margaret Jane Bangerter, 24, 3420 1st Avenue South, accompanied by Thomas Bangerter, 14, of the same address, was driving north on First Avenue South in her 1956 red Chevrolet convertible, bearing 1962 Minnesota license Dup.4344, when just a few feet past the intersection of First Avenue South with 16th Street she heard a bump, put on her brakes and saw the decedent, severely injured, lying in the street in the northbound line of traffic.

Rudolph W. Duehm (continued)

Police Officers Andreasen and Hawkinson, Squad 611, came to the scene of the accident to investigate and assist.

A Minneapolis General Hospital ambulance was summoned to remove the decedent to the hospital where he was admitted at 7:34 p.m. in an unconscious state. He expired at 8:15 p.m.

Autopsy performed at the hospital the following day revealed pulmonary congestion and edema, severe, due to crushing injury of chest with multiple rib fractures, bilateral; fracture of the pelvis with small temperoparietal subarachnoid hemorrhage; compound fracture of left tibia and fibula; fracture of shaft of left femur; prepyloric ulcer; coronary sclerosis, mild; atherosclerosis of aorta; multiple hemorrhagic infiltrations of small bowel.

Examination of a blood specimen revealed the presence of 0.11% ethyl alcohol.

Except for wife, Pauline, names of survivors are not known to this office.

This case was reported to the Coroner's Office by the St. Mary's Hospital at 7:30 a.m. on December 24, 1962.

Deceased was discovered by an unknown person after colliding with another vehicle on 11th. and LaSalle about 2:00 p.m. on Sunday December 23, 1962. The woman was taken to General Hospital and later transferred to St. Mary's Hospital, being admitted there about 4:00 p.m. She failed to respond to hospital treatment. She expired at 6:47 a.m. on December 24, 1962.

The deceased was a known hypertensive and had told her doctor that she was going to give up her driver's license.

ELLEN D. MALTHOUSE - continued

A deputy coroner was called to the scene of the accident and he found the body slumped over the front seat of the car. An autopsy was performed at the hospital on December 24th. The examination revealed that death was attributed to intercerebral hemorrhage, spontaneous, due to rupture of cerebral artery due to hypertension.

REMARKS

This case was reported to the Coroner's Office by the Police Department at 4:52 p.m. on December 25, 1962.

Deceased decided to go outside and get some fresh air and that day he started to do a liitle snow shoveling. Suddenly, he became weak and before he could sit down, he collapsed.

A Minneapolis General Hospital ambulance was summoned to the residence and the attending physician pronounced the man dead on arrival. He expired at 4:22 p.m. that day.

JOHN TOMASKO - continued

Deceased had been under the care of a Doctor Gordon, he had been receiving treatment for a heart condition, but he had not seen his doctor lately.

The deputy coroner was notified, and after viewing the body he noted that there was no indication of other than natural death. Death was atrributed to arteriosclerotic heart disease. Remains were released to a mortuary.

Police officers, Fristour and Unavity of squad 550, attended the scene of death.

REMARKS

This case was reported to the Coroner's Office by the Police Department at 8:00 a.m. on December 26, 1962.

Mr. Anderson went to bed about 10:30 p.m. last night feeling normal. When his wife awakened about 7:00 a.m., she was unable to arouse him as he appeared still and unresponsive.

The rescue squad was notified and a Minneapolis General Hospital ambulance was summoned to the above address. The attending intern aboard the ambulance pronounced the man dead. Death occurred at 7:30 a.m.

FRED ANDERSON - continued

Mrs. Anderson stated, that her husband apparently had been in fair health and on December 24, and 25, the deceased had an unusual amount of company. Many members from the family were at his house to visit him. He had been coming down with a cold and his condition continued to decline, causing his health to fail rapidly.

The deputy coroner was called and he found the body lying in bed on his right side. There was no indication of other than natural death. Death was ascribed to arteriosclerotic heart disease.

Deceased was a retired accountant. The wife did not desire an autopsy, so the remains were released to a mortuary.

Police Officers, Revak and Dunn of squad 551, responded to the scene in this case.

REMARKS

This case was reported to the Coroner's Office by the Police Department from Bloomington, Minnesota at 8:40 a.m. on December 26, 1962.

Deceased was visiting son and daughter-in-law who lived in Bloomington, Minneaota. This morning the father was discovered by the son lying in the bed still,and he appeared unresponsive.

The police were notified, an ambulance was summoned to the residence, the attending physician pronounced the man dead. He expired about 8:30 a.m.

FRANK B. VEERKAMP - continued

The deceased's medical history showed that one week ago the man had been released from the hospital at Comfrey, Minnesota. He was under the care of Doctor M. J. Rimas of Comfrey, for a heart condition and pneumonia. He was on Cardiac medication and had received treatment at the hospital for the last four weeks.

A deputy coroner was called and he found the body lying in bed, cold, with rigor mortis present. Examination by the coroner revealed that there was no indication of other than natural death. Death was attributed to arteriosclerotic heart disease.

Family did not desire an autopsy.

The remains were removed to a mortuary in Comfrey, Minnesota.

Police officer, Harrison of Bloomington, Minnesota, responded to the scene in this case.

REMARKS

This case was reported to the Coroner's Office by the Police Department at 5:30 a.m. on December 27, 1962.

Mr. Gene Stanoch, the son, discovered his father that morning out in the back yard by the garage. Deceased had been shoveling snow off of driveway in front of the garage, when he collapsed. A rescue squad was called and they tried to revive Mr. Stanoch. A Minneapolis General Hospital ambulance arrived at approximately 5:20 a.m. Doctor Parod, the attending physician, pronounced the man dead at 5:25 a.m.

FRANK STANOCH - continued

The deceased's medical report showed that he had been treated about a year ago at the Veteran's Hospital for diabetes. The son stated, that his father recently had complained of having chest pains.

The family did not desire an autopsy.

Examination of the body by the Hennepin County Coroner showed that there was no indication of other than natural death. Death was attributed to arteriosclerotic heart disease. Remains of the decedent were released to a mortuary.

Police officers, Caughey and Wallick of squad 442, responded to the scene in this case.

Survivors of the decedent include, wife, Pauline; 1 son, Eugene; 2 daughters, Mrs. Edward (Eileen) Pawloski and Mrs. Gordon (Virginia) Engstrom; 14 grandchildren; 3 brother, Albert, Andrew Gutuinski and Jacob.

REMARKS

This case was reported to the Coroner's Office by the Police Department at 5:35 p.m. on December 27, 1962.

Mr. William Niska stated, that he heard a groan and a thump in Mr. Bockman's apartment, which is ajacent to his apartment. He then had caretaker, Maria Swanson, open door with her pass key. On entering the room they discovered the deceased lying next to bed on floor, with his head towards door. The police were notified and a Minneapolis General Hospital ambulance was summoned to the above address, and Mr. Bockman was pronounced dead by a Doctor Fielding, from General Hospital at 5:05 p.m. on December 27, 1962.

FREDRICK BOCKMAN - continued

The deceased's medical history records showed that he had been a patient at the Minneapolis General Hospital.

A deputy coroner was called to the scene and he found the body lying in the same position with a pool of blood by his mouth. Remains were removed to the Hennepin County Morgue and the examination revealed that death was due to natural causes. Arteriosclerotic heart disease was the cause of death, and body of the decedent was released to a mortuary.

Police officers, Kanuit and Olson of squad 115, responded to the scene in this case.

REMARKS

This case was reported to the Coroner's Office by the Police Department at 6:28 p.m. on December 28, 1962.

Deceased was discovered by the caretaker, Mr. Roy Rathbum, sitting in a chair in his room, still and unresponsive.

Mr. Noon was last seen alive by the woman in the front apartment on December 27, at about 7:00 p.m. that day. Mr. Rathbum notified the police and a Minneapolis General Hospital amublance was summoned to the above address and the attending physician aboard the ambulance pronounced the man dead. Death occurred about 5:45 p.m.

JOHN SYLVESTER NOON - continued

The deceased had been in poor health and had been in General Hospital a number of times. A surgical operation was performed on the deceased at the hospital in June 1962. Caretaker stated, that the man was a heavy drinker, and was known to be an alcoholic.

A deputy coroner was called to the scene and he found the body sitting in the same position, still and unresponsive. The man was dressed in his house clothes. After viewing the body, the coroner noted that there was no indication of other than natural death. Death attributed to arteriosclerotic heart disease. Remains were released to a mortuary.

Police officers, William Dunstone and Dave Paisley, upon being notified, responded to the investigation in this case.

REMARKS

This case was reported to the Coroner's Office by the North Memorial Hospital at 7:30 a.m. on December 29, 1962.

Miss Moris, nursing superintendent of the hospital, reported that child was admitted on December 27, at 12:25 p.m. He was brought from his home, in Hamel, Minnesota, in a comatose condition. The child was attended by Doctor C. D. Atkins. He suddenly expired at 5:30 a.m.

The deceased's history showed that he was injured in an accident on his father's farm near Hamel. Fritz was playing with a piece of wire near a

FRITZ BAER - continued

machine being operated by his father, William, when the wire became caught in the machine and threw the boy against a building. He suffered head injuries and sustained a left fractured femur.

An autopsy was performed on December 29, and the examination revealed that death was attributed to subarachnoid hemorrhage with severe cerebral contusion due to comminuted skull fracture. Fracture left femur.

Remains of the decedent were released to a mortuary in Long Lake, Minnesota.

REMARKS

This case was reported to the Coroner's Office by the Police Department at 11:15 p.m. on December 29, 1962.

Deceased was eating lunch while sitting on a ledge at the Southwest corner of mailing room at the Minneapolis Tribune Building, where he was employed. A Chester Dhanke, of Rosemont, Minnesota, no phone, saw the man keel over. He called the Minneapolis General Hospital and an ambulance was summoned to the scene. Doctor Radke administered external message, but with no success. The man expired at 12:40 p.m.

AUGUST M. WALLACE - continued

Charles Chandler, mailer, reported that three weeks ago the man had a spell where he did not feel too well, he appeared pale and weak. Deceased had been hired as an extra to work in the mail room on Saturday nights, he had been working here for about five or six years.

A deputy coroner was called and he found the body lying on back in the mailing room. There was superficial laceration on bridge of nose, livor of the face was present, body was warm no rigor mortis. The man was fully dressed.

Daughter of the deceased did not desire an autopsy.

The examination at the Hennepin County Morgue revealed that death was due to natural causes. Death was attributed to arteriosclerotic heart disease.

Police officers, Mattson and Novack of squad 117, upon being notified, investigated the scene of the accident in this case.

Remains of the decedent were released to a mortuary in Montecello, Minnesota.

REMARKS

This case was reported to the Coroner's Office by the Bloomington, Minnesota Police Department at 12:40 P.M. on December 30, 1962.

Deceased was discovered by his wife lying on the front seat of his car in the garage. She called Doctor Kucera and he pronounced the man dead. Death occurred at 12:20 p.m.

Docotr Kucera has been treating the deceased in the past ten days for electrocardiogram. The man had a smoke inhalation episode two months ago, when fire broke out in his home. Deceased was hospitalized at the Methodist's

LELAND E. YAPLE - continued

Hospital in December. His medical history showed the deceased has mild diabetis and is a heavy smoker.

The deputy coroner was called and he found the body in the garage lying on front seat of his car, fully clothed, still warm, no liver mortis present.

An autopsy was desired by the relatives.

On December 31, an autopsy was performed at the Hennepin County Morgue, and the examination revealed that death was ascribed to myocardial infarction due to acute thrombosis right coronary artery due to coronary arteriosclerosis.

Remains of the decedent were released to a mortuary.

REMARKS

This case was reported to the Coroner's Office by the Hennepin County Sheriff's Office at 9:15 a.m. on December 31, 1962.

Mr. George Russell, father of the child, discovered the boy that morning lying in his crib, face down and head turned to right side, and there were no covers over head. Mother stated, she awoke at 5:00 a.m. to feed the child and he took his food with difficulty, and he was placed back in his crib beside the parent's bedside. The family doctor was called and he pronounced the child dead on arrival. Death occurred about 8:00 a.m.

Deceased was born premature at Swedish Hospital and he was last seen by his doctor three weeks ago.

SCOTT BYRON RUSSELL - continued

A deputy coroner was called and he found the body lying on the parent's bed face up, livid and warm. There was no evidence of external violence.

An autopsy was desired by the family.

The body was removed to the Hennepin County Morgue, an autopsy was performed on December 31,the examination revealed that death was due to pulmonary congestion and edema.

Claude Lien, of the Hennepin County Sheriff's office, attended the scene of death.

Remains of the decedent were released to a mortuary in St. Paul, Minnesota.

REMARKS

This case was reported to the Coroner's Office by the Police Department at 1:15 p.m. on December 31, 1962.

Deceased was fishing on the ice, near the 21st. Street of Cedar Lake. He was in the company of a group of men, and Mr. Vernon Bonnell, one of the men in the party, stated, that the deceased complained of having a headache and feeling dizzy. The man decided to go home but suddenly he felt weak and collapsed. A Minneapolis General Hospital ambulance was summoned to the scene and the attending physician pronounced the man dead. Death occurred at 1:10 p.m.

EDWARD RANNOW - continued

A deputy coroner was called and he found the body lying face up on the ice, near fish hole, cool and livid. There was a small amount of fresh blood present on the left facial area.

The body was removed to the Hennepin County Morgue, and the examination by the coroner indicated that death was due to natural causes. Death was ascribed to arteriosclerotic heart disease.

Police officer, W. Thomey of #732 Park Police, attended the scene of death.
