Secretary Holmstrom next reviewed for the Board communications he has had with NABP and Board President Delger regarding the reciprocity request of Mr. Robert W. Norton. Mr. Norton is a licensed pharmacist in Iowa. Mr. Norton applied for reciprocity to Minnesota and submitted his application through normal channels through NABP. NABP denied Mr. Norton's application for reciprocity on the basis that, while he attended the Des Moines College of Pharmacy, he did not complete the required courses for a degree. One of the basic requirements for reciprocity is that the applicant be a graduate of and hold the first professional degree from an accredited School of Pharmacy. The state of Minnesota has required graduation from a college of pharmacy as a prerequisite for licensure since 1929. Mr. Norton would not have qualified to acquire a license in Minnesota at the time that he was accepted for licensure in Iowa due to his lack of graduation from a college of pharmacy.

Mr. Norton contacted Secretary Holmstrom regarding an opportunity to override NABP's rejection of his reciprocity application. Secretary Holmstrom discussed the issue with President Delger and it was agreed that in light of the long standing Minnesota requirement for graduation from an accredited college the Board of Pharmacy would not entertain a request to override NABP's denial of reciprocity to Mr. Norton at this time.

At this time Mr. Donald Dee and Ms. Jayne Peterson, representing the Minnesota State Pharmaceutical Association, appeared before the Board to report on the actions recently taken by the MSPHA Board of Directors with regard to the Board of Pharmacy's proposal to seek statutory changes regarding recovery of legal fees in disciplinary matters and regarding the licensure of foreign pharmacy graduates.

After completing his report and discussion Mr. Dee and Ms. Peterson departed from the meeting.

Joining the Board at this time was Mr. Richard Wexler, from the Health Law Division of the Attorney General's Office, who provided legal counsel to the Board at a recent disciplinary conference. Mr. Wexler presented to the Board a copy of the Settlement Stipulation and proposed Order in the matter of the Pharmacist license of Dennis J. Griffin. The Settlement Stipulation was developed subsequent to a conference held February 24, 1984 with Mr. Griffin. The Settlement Stipulation has been agreed to, accepted by, and signed by Mr. Griffin. After thoroughly discussing the Stipulation and proposed Order Mr. Michael Hart moved and Ms. Patricia DeLaPointe seconded that the Board accept this Settlement Stipulation and that Secretary Holmstrom be directed to sign the Stipulation on the Board's behalf and further that he issue and sign the Order called for in the Stipulation. The motion passed.

Secretary Holmstrom next brought to the Board's attention an issue regarding the use of pharmacy students/interns at local hospitals in the event of a strike by hospital employee pharmacists. After some discussion on the issue the Board directed Secretary Holmstrom to inform any inquirers that while interns may continue to work in a hospital pharmacy under the supervision of supervisory licensed pharmacists the Board is not prepared to allow variation from the established one to one intern/pharmacist ratio. Further, interns or pharmacy students could be used in the role of a pharmacy technician at the involved hospital pharmacies but again the Board is not prepared to deviate from the established ratios.

The Board next addressed itself to the performance of the candidates for licensure by examination who completed the examination process on January 24 & 25, 1984. Secretary Holmstrom reviewed for the Board the grading system established for the recently administered licensure examination. It was determined that in grading the examination the NABPLEX written "practice of pharmacy" examination should be weighted at 100 points and the Board's own "laboratory practical" examination should be weighted at 150 points toward the total practical examination grade and further that the Federal Drug Law Examination and the Board's own Minnesota Jurisprudence examination should be graded so that each examination is weighted equally with the combination of those two scores equalling 100 points toward the total examination score. The four NABPLEX written sections of the examination will also be graded as 100 points each toward the total examination score. With this criteria established Mr. Roger Vadheim moved and Mr. Joseph Zastera seconded that candidates who received a general average of 75 or better, not less than 75 on their practical examination score, not less than 75 on their jurisprudence examination score, not less than 60 on any one written NABPLEX subject, and not less than 75 as an average of their five NABPLEX scores be granted licensure as a pharmacist. The motion passed.

MINNESOTA BOARD OF PHARMACY SPECIAL BOARD MEETING

April 23, 1984. At approximately 2:30 p.m., April 23, 1984 the Board met in room 105 of the Minnesota Department of Health Building, 717 Delaware St. SE, Mpls. for the purpose of conducting a special meeting to consider proposed rule making. All members of the Board with the exception of Patricia DeLaPointe were present as was Mr. David Holmstrom, the Board's Secretary and Mr. Robert Holley, the Board's legal counsel.

President Delger opened the meeting and called on Mr. Holley to provide the Board members with some background information and the arguments both for and against the rule changes under consideration as they appeared to him.

The primary arguments in favor of the rule making presently under consideration are that it is strategically and legally the appropriate thing to do at this time.

The argument against the proposed rule making are that: rule making is expensive and time consuming; even if the changes being contemplated by the Board are made the Federal Trade Commission may continue to pursue the matter of a Consent Order; a proposed Consent Order from the Federal Trade Commission may be found to be acceptable by the Board; and the Board may find the proposed rule changes a political liability as a result of the effects of the proposals on small pharmacies in Minnesota.

After considerable discussion on all of the issues listed above and others as well Mr. Joseph Zastera moved and Ms. Patricia Lind seconded that:

"Resolved, that David E. Holmstrom, Executive Secretary of the Minnesota Board of Pharmacy, be and hereby is granted the authority and is directed to sign and publish an Order and a Notice of Hearing and an Order and a Notice of Intent to Adopt rules without a public hearing for the purpose of amending and repealing existing Board Rules relating to prohibited conduct and to the public promotion of drugs; to proceed with a hearing if the statutorily required number of persons request a hearing in response to the notice; and to cancel the hearing and proceed by noncontroversial rulemaking if less than the statutorily required number of persons request a hearing. Mr. Holmstrom is also granted the authority and is directed to perform any and all acts incidental thereto, including requesting the appointment of a hearing examiner, and complying with all applicable provisions of the Minnesota Administrative Procedures Act and the rules of the Office of Administrative Hearings."

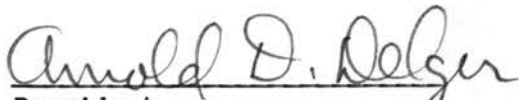

The motion passed unanimously.

Secretary Holmstrom described to the Board his recent telephone conversation with Mr. Thatcher which served to clarify the Board's concerns on his first submission relative to items number nineteen and twenty-two but the Board indicated that it was not in a position to approve the application as it was submitted in that it called for supportive personnel being present in the pharmacy during hours that the pharmacist was not present for supervising the technician. The Board took great pains to reiterate its position that unless a pharmacist is present in the pharmacy other pharmacy employees, such as technicians, should not be present in the pharmacy. This is true even if the duty of the individual during this time period is one of a clerical nature only.

The Board next discussed Mr. Roger Vadheim's recent note relative to the advisability of the Board developing a set of rules regarding home health care pharmacy services. The Board directed Secretary Holmstrom to begin accumulating information with an eye toward developing a first draft of rules relating to this subject area.

The Board determined that President Delger would give the formal Board report to the house of delegates session of the state association and that Secretary Holmstrom should contact Mr. Donald Dee of the State Pharmaceutical Association relative to scheduling a Board informational session utilizing the controlled substances video tape available through NABP for sometime Friday or Saturday morning.

Upon returning from the luncheon break the Board welcomed Mr. Robert Holley, the Board's legal counsel, to the meeting. The Board then went into executive session to discuss matters of a quasi judicial nature.

Appearing at this time was Pharmacist Donovan M. Hopperstad. Board Attorney Holley presented to the Board a copy of the Settlement Stipulation for disciplinary action in the matter of the pharmacist license of Mr. Donovan M. Hopperstad. The Settlement Stipulation was developed subsequent to a meeting held previously with Mr. Hopperstad. The Settlement Stipulation has been agreed to, accepted by, and signed by Mr. Hopperstad. The motion passed.

Mr. Holley next presented to the Board a copy of the Settlement Stipulation for disciplinary action in the matter of the pharmacist license of Gerald E. Arenson. The Settlement Stipulation was developed subsequent to a meeting held previously with Mr. Arenson. The Settlement Stipulation has been agreed to, accepted by, and signed by Mr. Arenson. Mr. Holley presented to the Board a copy of the Settlement Stipulation and proposed Order in the matter of the pharmacist license of Bradley E. Teske. The Settlement Stipulation was developed subsequent to a conference held May 24, 1984 with Mr. Teske. The Settlement Stipulation has been agreed to, accepted by, and signed by Mr. Teske. Mr. Holley next discussed with the Board the response from the Federal Trade Commission to the Board's initiative taken at the last meeting. Subsequent to a lengthy discussion Mr. Michael Hart moved and Mr. Joseph Zastera seconded the following resolution:

"WHEREAS, on or about February 29, 1984, the Federal Trade Commission (FTC) advised the Minnesota Board of Pharmacy (Board) in writing that certain of the Board's rules, adopted in 1969, could have the effect of unreasonably restraining the advertising of pharmacy services and the sale of prescription drugs under current antitrust standards; and

WHEREAS, upon review of the matter, the Board voluntarily initiated procedures to amend the rules in question, namely Minn. Rules pt. 6800.0900, subps. 1.A and 3 (1983) (formerly 7 MCAR S 8.037 A and K); and

WHEREAS, the Board wishes to give notice of the rule amendments to all interested parties and provide assurances to the FTC respecting its future advertising policies and practices.

* Amended at 8/8/84 Meeting.

NOW, THEREFORE, BE IT RESOLVED as follows:

1. The Board shall not directly or indirectly prohibit, restrict or discourage any pharmacist or pharmacy from advertising, by:

a. adopting any rule, policy, or course of conduct that has the effect of prohibiting, restricting, or discouraging any pharmacist or pharmacy from advertising with respect to the services available, or with respect to the prices of or pricing policies for prescription drugs;

b. taking or threatening to take any disciplinary action against any pharmacist or pharmacy for advertising with respect to the services available, or with respect to the prices of or pricing policies for prescription drugs; or

c. declaring it to be an illegal, unprofessional, or an otherwise improper practice for a pharmacist or pharmacy to advertise with respect to the services available, or with respect to the prices of or pricing policies for prescription drugs.

Provided that, nothing in this paragraph shall prohibit the Board from adopting or enforcing rules, or taking disciplinary or other action, that is reasonably related to the objective of prohibiting advertising that the Board reasonably believes (i) to be untrue, deceptive, or misleading or (ii) to constitute a material claim of superiority that cannot be substantiated.

2. Within 30 days of the effective date of the Board's rules' amendments proposed at 8 S.R. 2412, it shall distribute by first class mail to every licensed pharmacy in Minnesota a copy of the instant Resolution, together with a copy of the Announcement attached hereto and made a part hereof as Appendix A.

3. The Board shall hereafter provide or continue to provide a copy of its advertising and other rules to every future pharmacist license applicant at or before the time of licensure.

ANNOUNCEMENT

On June 28, 1984, the Minnesota Board of Pharmacy adopted the following changes in its rules:

Minn. Rules pt. 6800.0900 UNPROFESSIONAL CONDUCT (formerly 7 MCAR § 8.037)

Subpart 1. **Prohibited conduct.** Unprofessional conduct shall include, but is not limited to, the following acts of a pharmacist or pharmacy:

A. the assertion or inference in a public manner of material claims of professional superiority in the practice of pharmacy; that cannot be substantiated;

B to J [unchanged]

Subpart 2. [unchanged]

Subpart 3. ~~Public promotion of drugs. The direct or indirect public promotion of drugs requiring a prescription, narcotics, depressants, or stimulants is hereby declared to be an act of unprofessional conduct. The reference in any advertisement in any media or other means of the term "cut rate," "discount," "bargain," or terms of similar connotation in connection with drugs requiring a prescription or for pharmaceutical services related thereto shall be included within the meaning of public promotion.~~

(Additions are indicated by underline, deletions by ~~strikeout~~.)

Prior to its amendment, a literal reading of Subpart 1.A could have prohibited the dissemination of not only false or deceptive claims, but also truthful, verifiable information of possible value to consumers. Such a prohibition is now regarded as overly broad. As amended, Subpart A no longer prohibits claims of professional superiority, provided the claims can be shown to be true.

Similarly, although the prices of prescription drugs have been permitted to be advertised for a number of years, Subpart 3 prohibited the use of certain terms which connote lower prices. The deletion of the Subpart is specifically

intended to now permit the use of terms such as "cut rate" and "discount" and thereby allow the dissemination of a greater range of price-related information to consumers. Once again, however, the deletion of the Subpart does not permit untrue, deceptive or misleading claims or alter the Board's authority to take remedial action should such claims be made.

4. The Board shall:

a. upon reasonable notice, make available to the FTC for inspection and copying Board data relating to any activity identified in paragraph 1 of this Resolution;

b. prepare summary reports relative to existing or collected Board data which the FTC may periodically request; and

c. maintain for a period of five years and make available to the FTC upon reasonable notice a log relating to any inquiries about the Board's advertising rules received from any pharmacist or pharmacy licensed in Minnesota and any oral interpretations regarding its advertising rules which are given by members of the Board or its staff to such pharmacist or pharmacies.

Provided that, nothing in this paragraph shall constitute a waiver by the Board of recognized legal privileges or be construed as authorizing or requiring the Board's breach of the laws of this State respecting access to or the security of government data.

5. The Board shall add the FTC to a list which it maintains pursuant to state law for purposes of giving interested persons notice of Board rulemaking proceedings and shall hereafter give the FTC 30 days written notice of all such Board proceedings."

The motion passed.

The Board next addressed itself to a review and approval of the minutes of the last meeting. After carefully reviewing the minutes of the meeting of May 23, 1984 Mr. Ove Wangenstein moved and Ms. Patricia DeLaPointe seconded that the minutes be approved as they were written. The motion passed.

The Board next turned its attention to applications to conduct new pharmacies. The first application to be reviewed was submitted on behalf of Group Health Pharmacy, Calhoun Sq. Urban Mall, Mpls. 55408 and was submitted by Ms. Lynn Scott, Director of Pharmacy Services. After carefully reviewing this application and a diagram of the proposed pharmacy Mr. Roger Vadheim moved and Mr. Ove Wangenstein seconded that the application be approved and a license issued subject to the successful completion of an on-site inspection by a member of the Board's staff to assure compliance with Pharmacy Board rules dealing with licensure and subject also to the naming of an actual pharmacist-in-charge. The motion passed.

The second application to be reviewed was submitted on behalf of The Medicine Shoppe, 9040 Lyndale Ave. S., Bloomington 55420 and was submitted by Mr. Randy Feldman, pharmacist-in-charge. After carefully reviewing this application and a diagram of the proposed pharmacy Mr. Michael Hart moved and Ms. Patricia DeLaPointe seconded that the application be approved and a license issued subject to the successful completion of an on-site inspection by a member of the Board's staff to assure compliance with Pharmacy Board rules dealing with licensure. The motion passed.

The next item on the Board's agenda was the recommendations of the Continuing Education Advisory Committee relative to programs recommended for approval in meeting the continuing education requirements of Minnesota pharmacists. After reviewing the list of programs recommended for approval by the CEAC Committee for the period May 2 through June 5, 1984 Mr. Joseph Zastera moved and Mr. Michael Hart seconded that those programs recommended for approval by the Committee be so approved and that approval be denied to those programs for which denial of approval was recommended. The motion passed.

Secretary Holmstrom next presented to the Board a letter received from Ms. Adrienne D. Ross relative to the transferring of CE credits from non-CE states. After a brief discussion of the issue Mr. Roger Vadheim moved and Mr. Joseph Zastera seconded that Secretary Holmstrom be directed to write to Ms. Ross and direct her to submit all CE programs of the type she refers to in her letter to the CE Committee for review and approval. The motion passed.

Secretary Holmstrom next presented to the Board the recommendations of the Internship Advisory Committee regarding internship credit for Pharm D Clinical Rotations for future graduating classes. The Board addressed this issue previously at its November, 1983 meeting wherein a position was taken that effected only the graduating class of 1984. The Board now has before it the recommendations of the Internship Committee for future graduating classes. After thoroughly discussing the issue wherein the need for distribution type internship experiences was focused on Mr. Michael Hart moved and Mr. Joseph Zastera seconded that the Board recognize that the Pharm D clinical rotations are a valuable learning experience for the student but that the need for traditional distribution type experience also exists and further that if a Pharm D graduate has registered at least 700 hours of distributive experience as internship with the Board the remaining 800 hours of the 1500 hour total internship requirement can be obtained from the student's experiences in the Pharm D clinical rotations. The 700 hour distributive experience requirement is applicable whether the Pharm D hours are used for internship credit as they are accumulated or at the end of the complete set of Pharm D rotations. The motion passed.

The Board next addressed applications for the use of supportive personnel it has received in accordance with the requirements of 7 MCAR 8.047. The first such application was submitted on behalf of Community Mercy Hospital Pharmacy, 200 N. Elm Street, Onamia 56359 by Mr. Greg Steffenson, pharmacist-in-charge. This application was a resubmission of an original application first reviewed at the last meeting of the Board. Upon reviewing the resubmission Ms. Patricia DeLaPointe moved and Ms. Patricia Lind seconded that the application be approved subject to Mr. Steffenson rewording item 7 (4) relating to the preparation of IV solutions. The motion passed.

The second application for the use of supportive personnel to be reviewed by the Board was submitted on behalf of K-Mart Pharmacy, 10 W. Lake Street, Mpls. 55408 by Mr. James Folden, pharmacist-in-charge. After carefully reviewing this application the Board directed Secretary Holmstrom to return the application to Mr. Folden for revision and rewriting specifically addressing the issues of ratio, identification of supportive personnel, and the requirement that the pharmacist initial the patient profile if additions to the profile were made by the supportive personnel.

The third application for the use of supportive personnel was submitted on behalf of Montavon Pharmacy, Inc., 323 Pokegama Ave. N., Grand Rapids 55744 by Kevin J. Montavon, pharmacist-in-charge. After carefully reviewing this application Ms. Patricia Lind moved and Mr. Ove Wangenstein seconded that Secretary Holmstrom return the proposal to Mr. Montavon with directions that changes be made in I. A. 1., II. B. 1., IV. B., and V.B.4. The motion passed.

The next application for the use of supportive personnel to be considered was submitted on behalf of North Star Drugs, Ltd., 603 9th St. N., Virginia 55792 by Mr. Martin Bergerson, pharmacist-in-charge. After carefully reviewing this application Mr. Joseph Zastera moved and Mr. Michael Hart seconded that the application be approved subject to the development and inclusion in the written procedures by Mr. Bergerson of an item in 6. indicating that the pharmacist will be the individual who decides which auxiliary labels are appropriate for medications being dispensed. The motion passed.

The fifth application for the use of supportive personnel to be considered by the Board was submitted on behalf of Olson Drugs, Inc., 302 DeMers Ave., East Grand Forks 56721 by Mr. Jerome K. Sayler, pharmacist-in-charge. After carefully reviewing this application the Board determined that the functions proposed for supportive personnel by Mr. Sayler appear to be strictly clerical in nature but nevertheless directed Secretary Holmstrom to inquire of Mr. Sayler exactly what he means by "running the computer".

The sixth application for the use of supportive personnel was submitted on behalf of St. Olaf Hospital Pharmacy, 300 8th Ave. NW, Austin 55912 by Mr. Robert Holt, pharmacist-in-charge. After carefully reviewing this application the Board directed Secretary Holmstrom to return the application to Mr. Holt for rewording items number two and number eight and for addressing of the issues of ratio and identification.

The seventh application for the use of supportive personnel was submitted on behalf of Falcon Heights Pharmacy, Inc., 1707 N. Snelling Ave., St. Paul 55113 and Bel-Aire Pharmacy, Inc., 2008 E. County Road E, White Bear Lake 55110 by Mr. Lowell J. Anderson, President of the governing corporation. After carefully reviewing this application Ms. Patricia DeLaPointe moved and Mr. Roger Vadheim seconded that the application be approved subject to the development by Mr. Anderson of a statement indicating that supportive personnel will be identified by a name badge identifying them by name and position. The motion passed.

The next application for the use of supportive personnel to be considered by the Board was submitted on behalf of Wilder Pharmacy, 516 Humboldt Ave., St. Paul 55107 by Ms. Elizabeth Dienhart, pharmacist-in-charge. After carefully reviewing this application Mr. Joseph Zastera moved and Ms. Patricia DeLaPointe seconded that the application be approved subject to the elimination by Ms. Dienhart of the last three words in item I. D. and the development by Ms. Dienhart of a statement in item II. A. indicating that the pharmacist will certify the accuracy of the computer entry by initialling a prescription log or the computer record. The motion passed.

The final application for the use of supportive personnel to be considered by the Board was submitted on behalf of White Drug Co., 811 Washington Ave., Detroit Lakes 56501 by Mr. Michael Dewey, pharmacist-in-charge. After carefully reviewing this application Ms. Patricia Lind moved and Mr. Michael Hart seconded that the application be approved subject to the development and inclusion in item I. B. 2. of a statement by Mr. Dewey indicating that the pharmacist will select the drugs to be used after which the supportive personnel can count the appropriate tablets or capsules. The motion passed.

Secretary Holmstrom next presented to the Board the issue of resuming reciprocity with the state of Louisiana now that Louisiana has announced its decision to join the NABPLEX examination program. After some discussion on the issue Mr. Joseph Zastera moved and Ms. Patricia DeLaPointe seconded that the Minnesota Board of Pharmacy re-establish reciprocity with the state of Louisiana effective immediately. The motion passed with five members voting in favor and two members voting in opposition.

PRESIDENT

EXECUTIVE SECRETARY

MINNESOTA BOARD OF PHARMACY

FIVE HUNDRED EIGHTY-NINTH MEETING

August 8, 1984. At approximately 9:00 a.m., August 8, 1984 the Board met in room 335 of the Minnesota Department of Health Building, 717 Delaware St. SE in Minneapolis, MN for the purpose of conducting a general business meeting. All members of the Board were in attendance as was the Board's Secretary Mr. David Holmstrom.

The first item of business was a review of the minutes of the meeting of June 26, 27 & 28, 1984. Mr. Joseph Zastera pointed out that on page four of those minutes the next to the last word of the second paragraph, which now reads "effective" should read "effect of". With that change being agreed to Mr. Joseph Zastera moved and Mr. Ove Wangenstein seconded that the minutes of the meeting of June 26, 27 & 28, 1984 be approved as amended. The motion passed.

The Board next turned its attention to applications to conduct new pharmacies. The first application presented to the Board was not one of a new pharmacy but was one of a proposed remodeling of an existing pharmacy to close off the prescription dispensing area. The plan for proposed remodeling was submitted by Mr. Dean A. Sieperda and involved the proposed remodeling of Family Drug, Luverne, MN. After considerable discussion of the proposed remodeling which would involve a prescription dispensing area of 233 square feet and an upper floor pharmacy office area of 179 square feet which together would meet the Board's 400 square foot minimum requirement the Board directed Secretary Holmstrom to inform Mr. Sieperda that under the rather unique circumstances existing at Family Drug the Board would allow him to proceed with the proposed remodeling.

The first new pharmacy application to be considered by the Board was submitted on behalf of Maplewood Professional Pharmacy, 1655 Beam Ave., Maplewood, MN by Mr. Scott Bryngelson, pharmacist-in-charge. After carefully reviewing this application and a diagram of the proposed pharmacy Ms. Patricia DeLaPointe moved and Mr. Ove Wangenstein seconded that the application be approved and a license issued subject to the successful completion of an on-site inspection by a member of the Board's staff to assure compliance with Pharmacy Board rules dealing with licensure. The motion passed.

The second application to conduct a new pharmacy was submitted on behalf of Wahlbergs Pharmacy, 408 E. Lake St., Warroad, MN by Mr. John C. Wahlberg, pharmacy owner. After carefully reviewing this application and the diagram of the proposed pharmacy Ms. Patricia DeLaPointe moved and Mr. Ove Wangenstein seconded that the application be approved and a license issued subject to the successful completion of an on-site inspection by a member of the Board's staff to assure compliance with Pharmacy Board rules dealing with licensure. The motion passed.

The third application to be reviewed was submitted on behalf of Walgreen Co., 215 N. Central, West Duluth, MN by Mr. Lanny V. Gower, pharmacist-in-charge. After carefully reviewing this application and the diagram of the proposed pharmacy Ms. Patricia DeLaPointe moved and Mr. Ove Wangensteen seconded that the application be approved and a license issued subject to the successful completion of an on-site inspection by a member of the Board's staff to assure compliance with Pharmacy Board rules dealing with licensure. The motion passed.

The final application to be reviewed by the Board was submitted on behalf of Walgreen Co., 1110 Main Ave., Moorhead, MN by George E. Evans, who will temporarily be the pharmacist-in-charge. After carefully reviewing this application and the diagram of the proposed pharmacy Ms. Patricia DeLaPointe moved and Mr. Ove Wangensteen seconded that the application be approved and a license issued subject to the successful completion of an on-site inspection by a member of the Board's staff to assure compliance with Pharmacy Board rules dealing with licensure. The motion passed.

The next item on the Board's agenda was the recommendations of the Continuing Education Advisory Committee relative to programs recommended for approval in meeting the continuing education requirements of Minnesota pharmacists. After reviewing the list of programs recommended for approval by the CEAC Committee for the period June 6 to July 10, 1984 Mr. Joseph Zastera moved and Ms. Patricia Lind seconded that those programs recommended for approval by the Committee be so approved and that approval be denied to those programs for which denial of approval was recommended. The motion passed.

Secretary Holmstrom next presented to the Board the situation surrounding a potential scheduling conflict for the Board meeting tentatively scheduled for November 14, 1984. Secretary Holmstrom indicated that the November 14 date coincides with the date of the Executive Officers Conference that will be sponsored by NABP. This is likely to cause a scheduling problem for any Board members or staff who might be attending the NABP conference. After some discussion it was decided that the Board meeting previously scheduled for November 14 should be rescheduled for November 28.

Secretary Holmstrom then directed the Board's attention to the calendars and schedules of events for the NABP/AACP District V meeting in Fargo/Moorhead in September and the MSPHA Pharmacy Night meetings scheduled throughout September, October and November.

After some discussion of the scheduling for the NABP/AACP District V meeting Mr. Roger Vadheim moved and Ms. Patricia DeLaPointe seconded that Secretary Holmstrom and as many of the Board members as possible should plan to attend the District meeting in Fargo as representatives of the Board. The motion passed.

At this point the Board went into executive session to discuss matters of a quasi judicial nature.

Secretary Holmstrom presented to the Board a copy of the Settlement Stipulation for disciplinary action in the matter of the pharmacist license of Gerald A. Gallob. The Settlement Stipulation was developed subsequent to a meeting held previously with Mr. Gallob. The Settlement Stipulation has been agreed to, accepted by, and signed by Mr. Gallob and by his attorney. After thoroughly discussing the Stipulation and the proposed Order Ms. Patricia Lind moved and Mr. Joseph Zastera seconded that the Board accept the Stipulation and that Secretary Holmstrom be directed to sign the Stipulation and issue and sign the Order called for in the Stipulation on behalf of the Board. The motion passed.

The first such application was submitted on behalf of Bethesda Lutheran Medical Center Pharmacy, 559 Capitol Blvd., St. Paul, MN 55103 by Mr. Paul D. Wittmer, Pharmacist-in-charge. Hafner, pharmacist-in-charge. After carefully reviewing this application and discussing some reservations maintained by the Board on the manner in which the computer will be operated at Slayton Drug Mr. Michael Hart moved and Ms. Patricia Lind seconded that the application be approved as it was written. The motion passed.

The sixth application for the use of supportive personnel to be considered by the Board was submitted on behalf of Snyder Drug, 1103 37th St., Hibbing, MN 55746 by Ms. Frances Kovatovich, Pharmacist-in-charge. After carefully reviewing this application Mr. Joseph Zastera moved and Ms. Patricia DeLaPointe seconded that the application be approved as it was written but that Secretary Holmstrom remind Ms. Kovatovich that until such time as the application is approved and notification of approval is received technicians are not to be employed in the pharmacy. The motion passed.

The seventh application for the use of supportive personnel to be considered by the Board was submitted on behalf of Snyder Brothers Drug, 1620 White Bear Ave., St. Paul, MN 55106 by Mr. Alan W. Anderson, Pharmacist-in-charge. After carefully reviewing this application Mr. Michael Hart moved and Mr. Joseph Zastera seconded that the application be approved as it was submitted but that Secretary Holmstrom communicate the Board's concern relative to the technician providing certain information to doctors, doctor's offices, and others. The motion passed.

The eighth application for the use of supportive personnel to be considered by the Board was submitted on behalf of Stager Drug, 110 N. Main St., Clara City, MN 56222 by Mr. Ronald Stager, Pharmacist-in-charge. The final application for the use of supportive personnel to be considered by the Board was submitted on behalf of Target Pharmacy, 1300 University Avenue, St. Paul, MN 55104 by Mr. Michael C. Tessum, pharmacist-in-charge. After carefully reviewing this application Mr. Roger Vadheim moved and Mr. Michael Hart seconded that the application be approved subject to the development and inclusion in the formal procedures by Mr. Tessum of statements indicating that the ratio of supportive personnel to pharmacists would be within the ratios set forth in the Board rules and that supportive personnel will be visually differentiated from pharmacists by the use of a name tag which clearly identifies their status. The motion passed.

Secretary Holmstrom next presented to the Board a package of non-controversial rule changes related primarily to the rescheduling of controlled substances that will bring Minnesota controlled substance schedules into conformity with the Federal schedules and that will implement fee increases for pharmacists and pharmacies as was previously approved by the Board. After a thorough review of the proposed non-controversial rule changes Mr. Joseph Zastera moved and Ms. Patricia DeLaPointe seconded that:

"Resolved, that David E. Holmstrom, Executive Secretary of the Minnesota Board of Pharmacy, be and hereby is granted the authority and is directed to sign and publish an order and a Notice of Intent to adopt rules without a public hearing for the purpose of amending existing Board rules relating to controlled substances and license fees; and to proceed with non-controversial rule making if less than the statutorily required number of persons request a hearing. Mr. Holmstrom is also granted the authority and is directed to perform any and all acts incidental thereto, including complying with all applicable provisions of the Minnesota Administrative Procedures Act and the rules of the Office of Administrative Hearings."

The motion passed.

Secretary Holmstrom next presented to the Board a request for a Board position statement relative to the issue of a single pharmacist being named pharmacist-in-charge at two different part-time hospital pharmacies. Secretary Holmstrom reminded the Board that the present requirement is that no one individual can be pharmacist-in-charge at more than one location with the exception being a situation where an individual is pharmacist-in-charge at a community pharmacy and also at a part-time hospital pharmacy that he may also be requested to provide services to. After some discussion of the issue the Board took the position that it will be acceptable for a single pharmacist to be designated as pharmacist-in-charge at more than one part-time hospital pharmacy and that Secretary Holmstrom should proceed with whatever steps are necessary to formalize this position and incorporate it into the Board's rules on pharmacists-in-charge.

The Board next addressed itself to the performance of the candidates for licensure by examination who completed the examination process on June 26 & 27, 1984. Secretary Holmstrom reviewed for the Board the grading system established for the recently administered licensure examination. It was determined that in grading the examination the NABPLEX written "Practice of Pharmacy" examination should be weighted at 100 points and the Board's own "laboratory practical" examination should be weighted at 150 points toward the total examination grade and further that the "federal drug law examination" and the Board's own "Minnesota jurisprudence" examination should be graded so that each examination is weighted equally with the combination of those two scores equalling 100 points toward the total examination score. The four NABPLEX written sections of the examination will also be graded as 100 points each toward the total examination score. With this criteria established Mr. Joseph Zastera moved and Mr. Roger Vadheim seconded that candidates who received a general average of 75 or better, not less than 75 on their practical examination average score, not less than 75 on their jurisprudence examination average score, not less than 60 on any one written NABPLEX subject and not less than 75 as an average of their five NABPLEX scores be granted licensure as a pharmacist. The motion passed.

Mr. Joseph Zastera next brought to the Board's attention a situation involving drug diversion and chemical abuse on the part of a pharmacy technician at a Minnesota hospital pharmacy. The issue of the Board's responsibility vis-a-vis pharmacy technicians and their access to and potential diversion of controlled substances was discussed. No conclusions were arrived at or resolutions proposed.

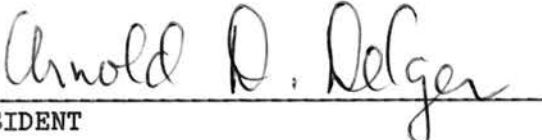

Mr. Michael Hart next presented to the Board some information regarding the NABP Executive Officers Conference that will be held November 11-14, 1984 in Scottsdale, AZ. After discussing the agenda for the meeting and the value of having the Minnesota Board of Pharmacy represented at such a meeting Ms. Patricia DeLaPointe moved and Ms. Patricia Lind seconded that Board Member Joseph Zastera and Board Secretary David Holmstrom attend the meeting as representatives of the Board and that the expenses associated with such attendance be paid for by the Board. The motion passed.

The Board next addressed itself to the performance of the candidates for licensure by reciprocity. After a thorough review of the performance of the candidates for licensure it was moved by Mr. Ove Wangensteen and seconded by Mr. Joseph Zastera that, having passed the jurisprudence examination and an oral examination on pharmacy laws and ethics, the following candidates for licensure by reciprocity be granted such licensure based on their current license to practice in the state listed with their name. EXECUTIVE SECRETARY

MINNESOTA BOARD OF PHARMACY

FIVE HUNDRED NINETY SECOND MEETING

November 28, 1984. At approximately 9:00 a.m. the Board met in room 335 of the Minnesota Department of Health Building, 717 Delaware St. SE for the purpose of conducting a general business meeting. All members of the Board were in attendance as was the Board's Executive Secretary, Mr. David Holmstrom.

The first item of business to come before the Board was a review of the minutes of the meeting of October 9 & 10, 1984. Mr. Ove Wangenstein moved and Mr. Joseph Zastera seconded that the minutes of the five hundred ninety first meeting be approved as they were written. The motion passed.

Mr. Robert Holley, the Board's legal counsel, now joined the Board and discussion turned to items of a quasi judicial nature.

Mr. Holley presented to the Board a copy of an Order of the Board dated December 20, 1983 in the matter of the Pharmacist license of Mark K. Stassen. Mr. Holley also presented to the Board evidence that has come to the attention of the Board indicating that Mr. Stassen has violated the provisions of his probation as set forth in the December 20, 1983 Order of the Board. In accordance with the procedures set forth in the Order Mr. Stassen was provided with copies of the complaint and statement and was notified in writing that the Board would consider the matter at the November 28, 1984 meeting. Mr. Stassen was not present at this time so Secretary Holmstrom contacted Mr. Stassen's mother at 1501 Wellington in Faribault, MN where Mr. Stassen has been residing and confirmed with her that Mr. Stassen did indeed receive the notice from the Board regarding the Board's meeting. After discussing the 1983 Order of the Board and upon consideration of the several documents presented to it alleging that Mr. Stassen violated his probation on one or more occasions, the Board determined that the preponderance of the evidence indicated that the allegations were true. Mr. Roger Vadheim then moved and Ms. Patricia Lind seconded that the license to practice pharmacy of Mr. Mark K. Stassen be suspended indefinitely and that Secretary Holmstrom be authorized to sign an Order of the Board so indicating. The motion passed unanimously.

Mr. Holley next presented to the Board a copy of the Order of the Board of November 10, 1982 in the matter of the pharmacist license of Louis J. Ahachich and a written complaint and a notarized statement indicating and alleging actions by Mr. Ahachich which appear to be a violation of his probation as contained in the 1982 Order of the Board. In accordance with the procedures set forth under paragraph d. of the Order Mr. Ahachich was provided with copies of the complaint and statement and was notified in writing that the Board would consider the matter at its meeting of November 28, 1984. Mr. Ahachich and his Attorney Mr. Jack Fena now addressed the

Board and submitted certain affidavits relative to the matter before it. Upon consideration of the several documents and remarks made by Mr. Ahachich and his legal counsel the Board determined that the preponderance of the evidence indicated that the Respondent had violated his probation on one or more occasions. Mr. Michael Hart moved and Mr. Roger Vadheim seconded that Mr. Ahachich's license to practice pharmacy in Minnesota be suspended for thirty days effective December 1, 1984 and that Secretary Holmstrom be authorized to sign an Order of the Board to that effect. The motion passed with six votes in favor and one abstention (Ms. Patricia DeLaPointe removed herself from consideration of the matter due to her familiarity with the Respondent).

Secretary Holmstrom next presented to the Board a copy of the Settlement Stipulation for disciplinary action in the matter of Mr. Alden L. Foss. The Settlement Stipulation was developed subsequent to a meeting held previously with Mr. Foss. The Settlement Stipulation has been agreed to, accepted by, and signed by Mr. Foss. After thoroughly discussing the Stipulation and the proposed Order Mr. Ove Wangenstein moved and Mr. Joseph Zastera seconded that the Board accept the Stipulation and that Secretary Holmstrom be directed to sign the Stipulation and issue and sign the Order called for in the Stipulation on behalf of the Board. The motion passed.

Secretary Holmstrom next presented to the Board a copy of the Settlement Stipulation for disciplinary action in the matter of the pharmacist license of Mr. Terry J. Olin. The Settlement Stipulation was developed subsequent to a meeting held previously with Mr. Olin. The Settlement Stipulation has been agreed to, accepted by, and signed by Mr. Olin and by his Attorney. After thoroughly discussing the Stipulation and the proposed Order Mr. Roger Vadheim moved and Ms. Patricia DeLaPointe seconded that the Board accept the Stipulation and that Secretary Holmstrom be directed to sign the Stipulation and issue and sign the Order called for in the Stipulation on behalf of the Board. The motion passed.

The Board next turned its attention to applications to conduct new pharmacies. The first application presented to the Board was submitted on behalf of Group Health Pharmacy, 14001 Ridgedale Drive, Minnetonka, MN 55343 by Ms. Lynn Scott, Pharmacy Administrator. After carefully reviewing this application and a diagram of the proposed pharmacy Mr. Roger Vadheim moved and Mr. Michael Hart seconded that the application be approved and a license issued subject to the naming of a pharmacist-in-charge and subject also to the successful completion of an on-site inspection by a member of the Board's staff to assure compliance with Pharmacy Board rules dealing with licensure. The motion passed.

The second application to conduct a new pharmacy was submitted on behalf of The Medicine Shoppe, 604 Main Street, Red Wing, MN 55066 by Mr. Michael Gleason, pharmacist-in-charge. After carefully reviewing this application and a diagram of the proposed pharmacy Ms. Patricia DeLaPointe moved and Mr. Ove Wangenstein seconded that the application be approved and a license issued subject to the successful completion of an on-site inspection by a member of the Board's staff to assure compliance with Pharmacy Board rules dealing with licensure and further that Secretary Holmstrom urge Mr. Gleason to establish a specific patient consultation area in his new pharmacy as soon as possible. The motion passed.

The next application was not one of a new pharmacy but was one of a proposed remodeling of an existing pharmacy to close off the prescription dispensing area. The plan for proposed remodeling was submitted by the Glencoe Area Health Center Pharmacy, 705 E. 18th St., Glencoe, MN 55336 by Mr. Michael Oie. After discussing the proposed remodeling that would allow a pharmacist technician to work on clerical tasks in the locked off office area at times when the pharmacist was not present and on duty the Board indicated to Secretary Holmstrom that the proposal would be acceptable and that he should proceed to inform the administration of the Glencoe Area Health Center of that fact. The motion passed.

The next application to be considered by the Board was submitted on behalf of St. Francis Community Pharmacy, 415 Oak Street, Breckenridge, MN 56520 by Ms. Lori E. Meyer, pharmacist-in-charge. After carefully reviewing this application and a diagram of the proposed pharmacy Mr. Roger Vadheim moved and Ms. Patricia DeLaPointe seconded that the application be approved and a license issued subject to the successful completion of an on-site inspection by a member of the Board's staff to assure compliance with Pharmacy Board rules dealing with licensure. The motion passed.

The Board next considered a request made on behalf of the Northfield City Hospital that indicates a new pharmacy area which will be available in the spring of 1986 and which asks for a waiver of current requirements until that time. After discussing the application and the plans the Board directed Secretary Holmstrom to contact Mary C. Bierman, Pharmacist at Northfield City Hospital, and indicate that the plans for the new pharmacy area to be operational in 1986 appear to be fine but that the Board does not currently have authority to grant a waiver to existing requirements and that if the Northfield City Hospital wishes to continue in the out-patient dispensing function it will be necessary to immediately remodel the existing pharmacy. The alternative to remodeling the existing pharmacy is to stop out-patient services.

The next item on the Board's agenda was the recommendations of the Continuing Education Advisory Committee relative to programs recommended for approval in meeting the continuing education requirements of Minnesota pharmacists. After reviewing the list of programs recommended for approval by the CEAC Committee for the period October 3 to November 7, 1984 Ms. Patricia Lind moved and Mr. Joseph Zastera seconded that those programs recommended for approval by the Committee be so approved and that approval be denied to those programs for which denial of approval was recommended. The motion passed.

Secretary Holmstrom next presented to the Board an extensive list of letters from Minnesota Pharmacists seeking an extension of time in which to meet their continuing education requirements. After considering the issue of CE extension Mr. Roger Vadheim moved and Mr. Ove Wangenstein seconded that Secretary Holmstrom be directed to grant extensions to December 31, 1984 for those pharmacists requesting general extensions and to grant extensions not to exceed March 1, 1985 to those pharmacists who specifically requested an extension that would extend beyond January 1. The motion passed.

The Board next addressed applications for the use of supportive personnel it has received in accordance with the requirements of Minn. Rule 6800.3900. The first such application was submitted on behalf of Eitel Hospital Pharmacy, 1375 Willow St., Minneapolis, MN 55403 by Ms. Beverly J. Dinsdale, pharmacist-in-charge. After carefully reviewing this application Mr. Michael Hart moved and Ms. Patricia DeLaPointe seconded that the request for supportive personnel at Eitel Hospital Pharmacy be approved subject to Ms. Dinsdale developing and adding to the approved procedures a statement indicating that the pharmacist will determine which drug is to be used in filling an order after which the technician may retrieve the drug. The motion passed.

The second application for the use of supportive personnel to be reviewed by the Board was submitted on behalf of Highland Drug Center, 2050 Ford Parkway, St. Paul, MN 55116 by Mr. Stan Starkman, Owner. After reviewing this application the Board directed Secretary Holmstrom to return the application to Mr. Starkman for clarification and elaboration.

The third application for the use of supportive personnel to be reviewed by the Board was submitted on behalf of Madsens Pharmacy, 46 Park Lane, Mankato, MN 56001 by Mr. James A. Armbruster, pharmacist-in-charge. This application was a resubmission of a previously approved application by Mr. Armbruster in that his original "technician" was no longer employed at Madsens and a new individual had been hired. No Board action was required.

The fourth application for the use of supportive personnel to be reviewed by the Board was submitted on behalf of the Medicine Shoppe, 326 N. Central Ave., Duluth, MN 55807 by Mr. Joe Meese, pharmacist-in-charge. After carefully reviewing this application Ms. Patricia Lind moved and Mr. Joseph Zastera seconded that the application be approved subject to the development and inclusion in the formal procedures by Mr. Meese of a statement indicating that the pharmacist will be the one to select the drug to be used in filing a prescription after which the supportive personnel will retrieve the drug and also subject to the development and inclusion of a statement indicating that supportive personnel will be visually identified to the public as such through the use of an appropriate name tag. The motion passed.

The fifth application for the use of supportive personnel to be reviewed by the Board was submitted on behalf of Sterling Drug, 1417 SW 1st Ave., Austin, MN 55912 by Mr. Robert Glowac, pharmacist-in-charge. After carefully reviewing this application Mr. Joseph Zastera moved and Mr. Michael Hart seconded that the application be approved subject to the development and inclusion in the formal procedures by Mr. Glowac of a statement in section 1. B. 2. and 3. A. 2. that the pharmacist will be the one to select the drug to be used in preparing the prescription after which time the technician may retrieve the drug. The motion passed.

The sixth application for the use of supportive personnel to be reviewed by the Board was submitted on behalf of The Family Pharmacy, S. Highway 61, Moose Lake, MN 55767 by Ms. Kathleen A. Johnson, pharmacist-in-charge. The Board did not approve this application at this time but directed Secretary Holmstrom to contact Ms. Johnson indicating that the submission contains some very good competencies that a pharmacy technician should have but the Board is interested in knowing what the supportive personnel will be doing not what the supportive personnel should be capable of doing.

The seventh request for the use of supportive personnel to be reviewed by the Board was submitted on behalf of Windom Rexall Drug, 1006 4th Ave., Windom, MN 56101 by Mr. Dennis Lingbeek, pharmacist-in-charge. After carefully reviewing this application Mr. Michael Hart moved and Mr. Joseph Zastera seconded that the application be approved as it was submitted. The motion passed.

Secretary Holmstrom next presented to the Board a letter received from Wyeth Laboratories requesting an exemption from the state's product identification requirement for two new Wyeth products. After carefully reviewing the request made by Wyeth Laboratories Mr. Roger Vadheim moved and Mr. Michael Hart seconded that the exemption authorized under the statute requiring product identification in Minnesota be granted to Wyeth Laboratories for their products Triphasil-21 and Triphasil-28. The exemptions shall run until October 31, 1985. The motion passed.

Secretary Holmstrom next presented to the Board a memorandum from the Director of the State Planning Agency regarding legislative initiatives for 1985. After some discussion of the memorandum and letter Secretary Holmstrom was directed by the Board to respond accordingly.

Secretary Holmstrom next presented to the Board a rough draft copy of a piece of legislation being contemplated for introduction at the next session of the state legislature by the Minnesota Society of Hospital Pharmacists. After reviewing the proposal and discussing the statutory section involved Ms. Patricia DeLaPointe moved and Mr. Roger Vadheim seconded that Secretary Holmstrom be directed to contact the Minnesota Society of Hospital Pharmacists and indicate that the Board of Pharmacy supports the concept expressed in the draft of the proposed legislation. The motion passed.

Secretary Holmstrom next presented the Board with a status report on the rules draft that was authorized for hearing by the Board at its January, 1984 meeting. A tentative date for a public hearing on the rules in question was set for March 5, 1985.

* Secretary Holmstrom next provided the Board with information obtained from the Executive Officers Conference he recently attended in Phoenix, AZ. One of the items for discussion were internship requirements which apparently vary dramatically from state to state. Based on the discussion of Minnesota internship requirements Mr. Joseph Zastera moved and Mr. Michael Hart seconded that the Minnesota internship post-test examination be required for all candidates for licensure by examination in Minnesota beginning January 1, 1985. The motion passed.

The Board next began discussion of the status of the Internship Advisory Committee. After some discussion it was determined that perhaps the best route to go at the present time with the Internship Committee is to establish committees on a task force basis where a Committee would be established to deal with a specific task and then would disband. The Board directed Secretary Holmstrom to proceed along those lines for the establishment of the Internship Advisory Committee.

The Board next discussed the establishment of a long range planning committee. The establishment of such a committee was postponed, however, until 1985.

*Amended at January 24, 1985 Meeting - See page three, paragraph three.

The four NABPLEX written sections of the examination will also be graded as 100 points each toward the total examination score. With this criteria established Mr. George Medich moved and Mr. Michael Hart seconded that candidates who received a general average of 75 or better, not less than 75 on their practical examination score, not less than 75 on their jurisprudence examination score, not less than 60 on any one NABPLEX subject, and not less than 75 as an average of their five NABPLEX scores be granted licensure as a pharmacist. PRESIDENT

EXECUTIVE DIRECTOR

MINNESOTA BOARD OF PHARMACY

SIX HUNDRED FIRST MEETING

November 20, 1985. At approximately 8:00 a.m., November 20, 1985, the Pharmacist members of the Board met in room 118B of the Minnesota Department of Health Building, 717 Delaware St. SE in Minneapolis for the purpose of developing the laboratory practical examination that will be administered along with the other written sections of the examination for licensure in January of 1986.

At approximately 9:00 a.m., November 20, 1985, the full Board met in Room 118B of the Minnesota Department of Health Building for the purpose of conducting a general business meeting. All board members were present as was the Board's director, Mr. David Holmstrom, and the Board's legal counsel, Mr. Robert Holley.

The first item of business was a review of the minutes of the meeting of October 8 & 9, 1985. After reviewing the minutes of the October meeting Mr. Joseph Zastera moved and Mr. Ove Wangenstein seconded that the minutes be approved as they were written. The motion passed.

At this time the Board turned its attention to matters of a quasi judicial nature. Mr. Holley presented to the Board a copy of the Settlement Stipulation in the matter of the pharmacist license of Mr. Robert J. Kolb. Mr. Kolb and his attorney, Ms. Lucy Weiland, appeared before the Board to discuss the Settlement Stipulation and make themselves available for any questions the Board might have. The Settlement Stipulation was developed subsequent to a conference held October 25, 1985 with Mr. Kolb. The Settlement Stipulation has been agreed to, accepted by, and signed by Mr. Kolb. While the Settlement Stipulation has been signed, Mr. Kolb and his attorney requested, at this time, that the Board give consideration to making the suspension, called for in the Stipulation, retroactive to November 1 rather than beginning it on December 1, as was called for in the Stipulation. After thoroughly discussing the Stipulation with Mr. Kolb and hearing the request for amendment of the Stipulation Mr. Ove Wangenstein moved and Mr. Michael Hart seconded that the Stipulation be amended to provide that the suspension called for begins on November 1 rather than December 1 and that the Stipulation thus amended be accepted by the Board and that Mr. Holmstrom be directed to sign the Stipulation on the Board's behalf and further that he issue and sign the Order called for in the amended Stipulation. The motion passed.

Mr. Holley next presented to the Board a copy of the Settlement Stipulation in the matter of the pharmacist license of Mr. Kevin J. Edel. The Settlement Stipulation was developed subsequent to a conference held October 1 with Mr. Edel. Mr. Edel now presented himself before the Board to discuss the Stipulation with the Board and make himself available to

answer any questions the Board might have. The Settlement Stipulation has been agreed to, accepted by, and signed by Mr. Edel. After thoroughly discussing the Stipulation with Mr. Edel, Mr. Ove Wangenstein moved and Ms. Patricia DeLaPointe seconded that the Board accept this Settlement Stipulation and that Mr. Holmstrom be directed to sign the Stipulation on the Board's behalf and further that he issue and sign the Order called for in the Stipulation. The motion passed.

Mr. Holley next presented to the Board a copy of the Settlement Stipulation in the matter of the pharmacist license of Mr. Neal J. Beaverson. The Settlement Stipulation was developed subsequent to a conference held October 16 with Mr. Beaverson. Mr. Beaverson now presented himself before the Board to discuss the Settlement Stipulation and make himself available to answer questions the Board might have. The Settlement Stipulation has been agreed to, accepted by, and signed by Mr. Beaverson. After thoroughly discussing the Stipulation with Mr. Beaverson, Mr. Joseph Zastera moved and Mr. Ove Wangenstein seconded that the Board accept this Settlement Stipulation and that Mr. Holmstrom be directed to sign the Stipulation on the Board's behalf and further that he issue and sign the Order called for in the Stipulation. The motion passed.

Mr. Holley next presented to the Board a copy of the Settlement Stipulation in the matter of the pharmacist license of Mr. Jason C. Dziuk. The Settlement Stipulation was developed subsequent to a conference held with Mr. Dziuk. The Settlement Stipulation has been agreed to, accepted by, and signed by Mr. Dziuk. After thoroughly discussing the Stipulation Mr. Joseph Zastera moved and Ms. Patricia Lind seconded that the Board accept the Settlement Stipulation and that Mr. Holmstrom be directed to sign the Stipulation on the Board's behalf and further that he issue and sign the Order called for in the Stipulation. The motion passed.

Mr. Holley next presented to the Board background information regarding a request from Ms. Michelle Garry and her attorney to present to the Board an application for amendment of the previously issued Order of the Board regarding the pharmacist license of Ms. Garry. Mr. Greg Larson, Attorney for Michelle Garry, together with Ms. Garry and her parents appeared before the Board to discuss the application for amendment.

In preliminary discussions the Board raised the question as to whether the present appearance was indeed an application for amendment of the existing Board Order or whether it constituted a request for an early appearance before the Board that is not authorized under the existing Order until January of 1986. Mr. Larson indicated that there were three issues involved in what he considered to be an application for amendment. Those issues involved two specific sections of the previous Board Order that have become impossible to fulfill and a third issue that constituted a request for a substantial change to the existing Order.

After allowing Mr. Larson to discuss the procedural aspects of whether the request for discussion of these three issues was in fact an application for amendment or a request for the January appearance to be heard in November the Board determined that as to the first two issues the Board would consider the matter to be an application for amendment but as to the third issue, that of allowing substantive arguments for an early reinstatement of Ms. Garry's license, a request which, under the existing Board's Order, would not be heard until January of 1986, the Board determined that that was indeed a petition for reinstatement and that it would not consider such a petition at this time.

Based on the foregoing decision the Board accepted input from Mr. Larson regarding potential wording changes to the existing Board's Order that would correct the sections found impossible to comply with. The Board refused to hear substantive arguments regarding the reinstatement issue at this time.

After hearing the substantive arguments on the first two issues the Board directed Mr. Holley and Mr. Holmstrom to develop the appropriate wording necessary to correct the deficiencies in the Board's existing Order and to sign the amended Order on the Board's behalf.

The next item on the Board's agenda was the recommendations from the Continuing Education Advisory Committee relative to programs submitted for approval in meeting the continuing education requirements of Minnesota pharmacists. After reviewing the list of programs submitted to and reviewed by the Continuing Education Advisory Committee Mr. Michael Hart moved and Ms. Patricia DeLaPointe seconded that those programs recommended for approval by the Committee be so approved and that approval be denied for those programs for which denial of approval was recommended. The motion passed.

The Board next turned its attention to applications to conduct new pharmacies. The first application to be considered was submitted on behalf of Dahl Pharmacy Meadowbrook, 6490 Excelsior Blvd., St. Louis Park and was submitted by Ms. Connie Diehl, pharmacist-in-charge. After reviewing this application and reviewing again the minutes of the meeting of October 9, 1985 the Board declined to approve this application because an application for licensure of the same space had previously been approved at the meeting of October 9. Until the issue of ownership and/or right of possession of the space intended for licensure is straightened out between the parties involved the Board determined that it could not approve two different pharmacies for the same space.

The Board next considered an application submitted on behalf of Otto Drug Express, 617 East Main Street, Belle Plaine by Mr. Dale Otto, pharmacist-in-charge. After carefully reviewing this application and the diagram of the proposed pharmacy Ms. Patricia Lind moved and Mr. Ove Wangenstein seconded that the application be approved and a license issued subject to the successful completion of an on-site inspection by a member of the Board's staff to assure compliance with Pharmacy Board rules dealing with licensure. The motion passed.

The third application to be considered by the Board was submitted on behalf of Pelican Valley Health Center Pharmacy, 211 East Mill Street, Pelican Rapids by Mr. Donald Perrin, pharmacist-in-charge. After carefully reviewing this application, discussing the size of the proposed pharmacy with relation to the overall size of the hospital, and reviewing other documents submitted with the application Ms. Patricia DeLaPointe moved and Mr. Michael Hart seconded that the application be approved and a license issued subject to the successful completion of an on-site inspection by a member of the Board's staff to assure compliance with Pharmacy Board rules dealing with licensure. The motion passed with four members voting in favor and one abstaining.

The fourth application to be considered by the Board was submitted on behalf of South Moorhead Pharmacy, 1301 South Eighth Street, Moorhead by Ms. Susan Carlson, pharmacist-in-charge. After carefully reviewing this application and a diagram of the proposed pharmacy Mr. Ove Wangenstein moved and Mr. Michael Hart seconded that the application be approved and a license issued subject to the successful completion of an on-site inspection by a member of the Board's staff to assure compliance with Pharmacy Board Rules dealing with licensure. The motion passed.

The fifth application for a new pharmacy to be considered by the Board was submitted on behalf of Unity Medical Center Out-patient Pharmacy, 550 Osborne Road, Fridley by Ms. Jeanette M. Bonstrom, pharmacist-in-charge. After carefully reviewing this application and the diagram of the proposed pharmacy Ms. Patricia Lind moved and Mr. Ove Wangenstein seconded that the application be approved and a license issued subject to the successful completion of an on-site inspection by a member of the Board's staff to assure compliance with Pharmacy Board rules dealing with licensure. The motion passed.

The sixth application for a new pharmacy to be considered by the Board was submitted on behalf of Walgreens, 413 Nicollet Mall, Minneapolis by Mr. Robert Hansen, pharmacist-in-charge. The motion passed.

The final application to conduct a new pharmacy to be considered by the Board was a resubmission of the application for licensure of Walgreens, 4323 Chicago Ave. S., Minneapolis and was again submitted by Mr. George Evans. The first such application was submitted on behalf of Anoka Drug, 530 W. Main St., Anoka by Joseph I. Novich, pharmacist-in-charge. After carefully reviewing this application the Board declined to approve it and directed Mr. Holmstrom to return it to Mr. Novich requesting clarification on item C #4 as to whether the pharmacist is initialling only new prescription orders or whether the pharmacist initials new and refill prescription orders. The Board noted that the proposal calls for the supportive personnel to enter not only their own initials but also the pharmacist's initials into the computer system and the Board is concerned that nowhere else in the proposed procedures does it indicate that the pharmacist initials any type of documentation certifying the accuracy of all steps taken in the processing of prescription orders.

The second application for the use of supportive personnel to be reviewed by the Board was submitted on behalf of City Center Drug, 618 Atlantic Ave., Morris by Mr. Floyd Schmidgall, pharmacist-in-charge. Sibley Ave., Litchfield by Mr. David Arness, pharmacist-in-charge.
