April 4, 1941

Mr. A. L. Ditter  
Waysata, Minnesota

My dear Mr. Ditter:

Under the law enacted by the legislature in 1937, the State Geographic Board was given the authority and the duty to name geographic features which have no name and, in co-operation with the boards of county commissioners of the different counties, to change the names of features which are duplicated in the state.

In practice, the board has acted in close co-operation with local authorities, and no name changes have been approved unless there was first a demonstration of local desire for a name change.

I shall be pleased to see you at any time convenient for you. Perhaps it would be advisable to drop me a line telling me when you plan to come, so that I will be sure to be here. The State Geographic Board will be glad to co-operate with you in a worth-while project.

Sincerely yours,

AJL/U

Secretary, State

Mr. Arthur Larsen  
Sec'y, State Historical Society  
St. Paul, Minnesota

Dear Mr. Larsen:

Referring to our conversation several weeks ago regarding the State Geographical Board and the renaming of the 10,000 Lakes in the State of Minnesota, will say that your secretary informed me that they could not find any record of the \$1000.00 appropriation the legislature made for this purpose.

### 600 MEMBERS

In consulting the Representative of our District, who served on this committee, he informed me that a special allowance was granted to the Historical Society, of which \$1000.00 was to be ear-marked for the Geographic Board. I trust that this information may enable you to straighten out the matter.

The writer hopes that the idea of appointing a representative in each county, who would volunteer his services and act as a go-between for the State Geographic Board in the various Game and Fish Clubs and the County Commissioners with a proper appointment from the Board, should not help you in this Geographic program.

The writer will make it a point to call on you within the next week or ten days and thank you personally for the courtesy extended.

I wish to remain

Yours very truly,

*A. L. Ditter*

Hon. Mike Holm  
Secretary of State  
State Capitol  
St. Paul, Minnesota

Dear Mr. Holm:

I have just received a letter from a Wayzata, Minnesota, resident who is intensely interested in the work of the State Geographic Board. He reports that the representative of his legislative district is sure that the legislature granted to the Historical Society a special fund of \$1,000 for carrying on the work of the Geographic Board. I have no information about such an appropriation, and I wonder if your office has any record of any such action by the legislature.

Sincerely yours,

AJL/U

July 16, 1941

Mr. Arthur J. Larsen, Secretary  
State Geographic Board  
Minnesota Historical Building  
St. Paul, Minnesota

Dear Mr. Larsen,-

The only appropriations I have been able to find to the Historical Society are in Chapter 521, Section 7, Item 2. This item appropriates \$32,520 each year for maintenance and \$13,000 each year for supplies and expense.

However, as soon as the bound volumes of the laws are received, with their more complete indexing, I shall be glad to make a further search and advise you what I find.

Yours very truly,

July 21, 1941

Mr. A. L. Ditter  
North Shore Game and Fish Club  
Wayzata, Minnesota

My dear Mr. Ditter:

Thank you for your letter of July 8. We have searched through the laws diligently and found nothing indicating that an appropriation had been made to the Society for Geographic Board work. Because we thought we might have overlooked it, however, we inquired of Secretary of State Mike Holm, who has charge of the printing of the state laws. He also informs us that no appropriation was made for the work of the Geographic Board. I very much regret this, because I think it would have been a most worth-while investment for the state to make. I am sure that in the next biennium, the state will be asked to appropriate funds for the completion of the gazetteer.

The idea of appointing representatives locally to act as go-betweens for the State Geographic Board is meeting with general favor. I hope that by the time fall comes, we will be able to work out a system. I should be glad to see you and talk to you about this again.

Sincerely yours,

AJL/U

Dear Sir,

A check of the appropriation bills passed at the last session of the legislature fails to disclose an item such as you mention in your letter of July 15th. The Attorney General's Department and the office of the State Auditor also checked and could find no such an appropriation.

Yours very truly,

Re - State Geographic Board Program I  
think it would be a good plan to re sell  
Minnesota during 1942 on the re naming  
of Lakes by publicity - clubs etc so  
when the Legislature meets again they will  
put thru \$10,000 or so for this purpose which I think  
can be done and it is worth it besides it  
will give you something to go out.

I will be glad to give you my help and  
co operation and next time I come over we  
can go into the matter.

Wayzata Minn. Jan 30 42.,

Mr Arthur J Larsen,  
c/o State Historical Society  
St Paul, Minn.,

Dear Mr Larsen:

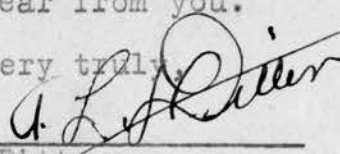

After attending the Minn. Game Protective League at the Lowry Hotel last Monday I have come to the conclusion that we may as well go ahead with our plans for promoting the State Geographic program for the re-naming of Lakes in Minnesota. ✓

The League is going to try and have the Legislature set aside \$140,000.00 for the eradication of carp, and there is no reason why we cant get what you need for to carry on the office work for the Geographic Board. Besides the Travel Bureaus are not going to let up and I think we might as well start now so that we will be in good momentum by the time the Legislature meets again.

We will have the League introduce the Bill for your requirements which was suggested to me by the Pres. I will be ready to start on Hennepin County as soon as you can get the approval of the Board and I will do what I can to sell the program to the Clubs, Boards, Schools and to the State in general. ✓

If there is anything more that I can do in this connection to get the program under way, I will be gald to hear from you.

Yours very truly,

  
A L Ditter,

Mr Arthur Larson  
Dear Sir.

I should like to  
recommend to you the name of  
Mr Anthony L Ditter of Wayzata  
as the volunteer representative  
for Hennepin Co. on the State  
Geographic Board.

Mr Ditter is very much  
interested in the work of this  
board and am sure he will  
be a very valuable member.  
I sincerely hope this will  
be acceptable to you.

Sincerely yours  
E. J. Jeppesen

February 3, 1942

Mr. A. L. Ditter  
Waysata, Minnesota

Dear Mr. Ditter:

Thank you for your fine letter of January 30. Your optimism inspires me with something of the same spirit. If we can get our Legislature to appropriate funds for carrying on that work, and perhaps furnish additional authority for the Board to act, we really can do something.

Your program sounds very feasible.

Sincerely yours,

AJL:gh

Wayzata Minn.,  
Feb 6th 1942.,

Arthur J Larsen,  
c/o State Historical Society.  
St Paul, Minn.,

Dear Mr Larsen:

Thanks for your letter of Feb 3rd and  
am glad that you are willing to go ahead on ✓  
our program, re- renaming of Lakes and  
streams.

If you will contact the remainder of  
the board regarding my appointment for  
the Volunteer Representative to cover  
Hennepin County we can gradually get  
under way and it will take quite a while  
to get momentum.

The other important thing is to sell ✓  
this program and plan to the people,  
clubs and other organizations and if you  
will find me a place to sit down I would  
be willing to spend a half day each week  
to get this under way and the time is  
plenty short before the next Legislature  
meets.

Will you please write me as soon as you  
have something definite.

Sincerely yours,

*A L Litter*

County Auditor

P. L. McCLAY,  
Chief Deputy

*Minneapolis, Minn.,*

May 19th, 1942.

Mr. Arthur J. Larson, Sec.  
Minnesota Historical Society,  
St. Paul, Minn.

Dear Sir:-

We are today in receipt of a communication from Mr. A. L. Ditter who has been appointed as an official volunteer representative of the Board of County Commissioners of Hennepin County in matters relating to geographic name changes in Hennepin County, stating that his appointment has been recommended by the Board of County Commissioners. As the records of the County Board do not show any such recommendation, will you please advise this office of any recommendations you may have received relative to his appointment by the Historical Society.

Yours truly,  
Al. P. Erickson,  
County Auditor.

By *W. G. Chapman*  
Deputy

May 20, 1942

Mr. Al P. Erickson  
County Auditor, Hennepin County  
Minneapolis, Minnesota

Attention: Mr. N. G. Chapman

Dear Mr. Erickson:

This is to acknowledge receipt of your letter of May 19, 1942, in which you state that the Board of County Commissioners do not have any record of the action of the County Board in recommending that Mr. A. L. Ditter be appointed as an official volunteer representative of the Board of County Commissioners of Hennepin County in matters relating to geographic name changes in the county.

On December 29, I received a letter from Mr. Einar J. Jeppesen<sup>e</sup>, one of the members of the Board of County Commissioners, in which Mr. Jeppesen<sup>e</sup> stated:

"I should like to recommend to you the name of Mr. Anthony L. Ditter of Wayzata as the volunteer representative for Hennepin Co. on the State Geographic Board.

Mr. Ditter is very much interested in the work of this board and am sure he will be a very valuable member.

I sincerely hope this will be acceptable to you."

Inasmuch as Mr. Jeppesen<sup>e</sup> wrote on the official stationery, I took it for granted that the Board of County Commissioners had authorized him to address the communication to me. This impression was strengthened by conversation and correspondence with Mr. Ditter. At a meeting of the State Geographic Board, the matter was discussed, and it was agreed that it would be desirable to have some individual within a county operating on a non-salaried basis to assist the State Geographic Board in solving problems relating to geographic names within the county. We accepted Mr. Jeppesen's letter as an official nomination and acted accordingly.

Will you please inform me what to do next?

Sincerely yours,

AJL:gh

Arthur J Larsen,  
c/o Historical Society.  
St Paul, Minn.,

Dear Mr Larsen:

Referring to our conversation of last Friday,  
I must say that in a manner I am glad that the  
matter with the County Commissioners of Hennepin  
turned out as it did, as it will give us another  
angle to work from.,

I would be most happy to meet with the State  
Geographic Board and I am sure that we can work out  
something tangeable.

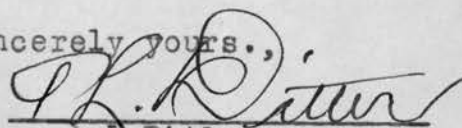

The important thing is that we work out a Legis-  
lative Act to conform with the Program we have  
in mind, that will give the Geographic Board the  
supreme power to act.

I would be willing to spend at least half a day or  
more each week to get this matter under momentom;  
To get it before the proper Game & Fish Clubs  
Protective Ass'n and other means so that we would  
have plenty of pressure to put over what we want  
and need.

Now what I want your board to do is to give me  
the proper authority and title, the latter which  
may be Asst Secy, Mngr, or anything you may sug-  
gest, so that we can get under way; You could per-  
haps find some desk for me to use; However the  
important thing is that we get under way as soon  
as possible as we dont want another session to  
pass by without the proper action.

Thanking you for your fine spirit of co-operation  
and I am sure that the ten thousand names for ten  
thousand lakes will soon get under way.

Sincerely yours.,

St Paul, Minn.,

Dear Mr Larsen:

Thanks for the courtesy extended the writer on my last visit and it looks now as if we were getting some place.

Had a very nice interview with Dr Strunk and we can count on him 100% and will give us all his support, the same applies to the Tourist Bureau.

Was unable to get an interview with Mr Hoffman on the day I was over, but have a definite appointment with him for Tuesday Aug 11th at 10 A M.

Also had an interview with Rep. Lawrence Haeg and he is going be with us all the way, he will draft the Bill as soon as we get under way.

From the present set-up it is evident I will have to extend my activities in a general way to promote and sell the State Geographic Board to the people of Minn. which I would be happy to do, and under the circumstances the title of Volunteer Rep. would not fit in, so possibly you could suggest something else.

Sincerely yours.,

Dear Mr. Larsen:  
 Had a very fine interview with Mr.  
 Hoffmann Highway Commissioner and  
 from observation we are all set  
 to go as <sup>5064-AS</sup> you can verify my  
 report and make the appointment  
 officially.

I am not concerned about the title  
 but I think under the new set up &  
 what we want to do the next six  
 months - VOLUNTEER REPRESENTATIVE -  
 would not fit in besides this  
 is a title we want to reserve for  
 the County Rep.

## MERCHANTS HOTEL

PERHAM, MINNESOTA

I had a talk with the County agent <sup>194</sup>  
in Ottertail County this last week  
and he was highly interested & wanted  
to work with us in every way -  
there are 1,000 un-marked lakes  
in his County -

You could select the title of Asst  
Secy on Promotional Mngr or  
anything you care to suggest  
Hope you enjoyed your  
vacation

Yours truly

G. L. Ditter

August 20, 1942

Mr. M. J. Hoffmann  
Commissioner of Highways  
1246 University Avenue  
St. Paul, Minnesota

Dear Mr. Hoffmann:

Mr. Ditter has informed me that he has had a conference with you about his ideas and his plans for the work of the State Geographic Board. He is very enthusiastic about your reception of him.

He suggests that he can best proceed with his program if some special title can be given him by the Board. He feels that the title "Volunteer Representative" is confusing and he would like something a little bit more authoritative and explicit. It occurs to me that if we might designate him as "Special Representative" of the State Geographic Board he would be able to gain prestige. What do you think of such a title?

Sincerely yours,

Superintendent

September 15, 1942

Mr. A. L. Ditter  
c/o Merchants Hotel  
Perham, Minnesota

Dear Mr. Ditter:

I have now received the official confirmation of Dr. Strunk and Mr. Hoffman relating to your appointment as "Special Representative of the State Geographic Board." Please consider yourself officially appointed to the position. You understand, of course, that the title carries with it no remuneration, and no expense account nor funds are available for that position. I know that you were fully prepared to act on your own initiative if only you had the title.

Now a word as to your relations with the Geographic Board. On September 16, I begin active duty as a First Lieutenant in the Army of the United States. During my absence Dr. Lewis Beeson, Curator of Newspapers for the society, will serve as superintendent and, therefore, as secretary of the Geographic Board. I suggest that at your early convenience you communicate with him and with Mrs. Berthel to discuss more in detail the work that you will do. I am sorry that I am not able to meet with you again, but I know that Mr. Beeson will be thoroughly conversant with the situation and that you will find him most helpful.

Sincerely yours,

Superintendent

AJL:PNS

October 22, 1942

Mr. A. L. Ditter  
Wayzata, Minnesota

Dear Mr. Ditter:

At the time of your first visit with me I had been in the office of superintendent at the society but a day or two and, consequently, as I told you, I knew but little of the work of the State Geographic Board. Other pressing matters prevented me from learning what the Board's plans and policies were until after your second visit.

Since your last visit, however, the State Geographic Board has met and has discussed your appointment. The Board's understanding is that you offered to serve as a volunteer representative of the State Geographic Board in matters relating to geographic names in Hennepin County. In consequence of this view, it appointed you its special representative for Hennepin County to carry on such work as it might direct.

The Board believes that its first consideration should be given to the matter of a biennial budget which will be presented to the legislature for the first time this year. It does not want to promote anything that will jeopardize the budget request and, consequently, does not believe that there is any necessity for it promoting new legislation relating to its activities. The Board is also especially concerned over possible repercussions which might arise throughout the state if the wrong impression were to be given toward its policies respecting the naming of unnamed lakes and the renaming of lakes having duplicate names. The explicit policy of the Board is not to initiate any action with respect to naming of geographic features in Minnesota but to allow all action of that sort to come from the initiative of people in the local communities.

In view of the attitude of the Board toward these matters, I would be glad if you came in and discussed them with me.

Sincerely,

Acting Superintendent

LB:PNS

L Be

Mr. Ditter came into the office and dictated this letter to me. A carbon of it went to him at Wayzata. He asked that I make two extra carbons so that they would be available if you wished Mr. Hoffmann and Mr. Strunk to have copies.

PNS

10/27/42

October 27, 1942

Dr. Lewis Beeson  
Minnesota Historical Society  
St. Paul, Minnesota

Dear Dr. Beeson:

I was very much pleased to receive your letter of October 22 and while I was in St. Paul, I thought I would stop in to see you but was told that you were on your vacation.

I am glad to know that you are becoming more familiar with the work of the State Geographic Board, and there is no reason why the program cannot be worked out to the satisfaction of all concerned.

While I was here, I thought it would be best for me to offer a few suggestions which you can mill over in your mind and when I come back some day next week, we can take up the matter further.

The Board is absolutely correct as far as the naming and renaming of lakes is concerned, that this must come voluntarily from the localities in which the volunteer representative operates.

As far as my connections with the State Geographic Board are concerned, about a year ago Mr. Larsen had made a request to the commissioners of Hennepin County that they should appoint me as volunteer representative for that county, and as the matter was brought before the Board, they could not find in their statutes why an appointment of this kind should be made, stating that this should come from the Geographic Board direct.

In view of these circumstances and in discussing the matter with Mr. Larsen and reviewing the state legislative act which created the Geographic Board, we found that in one of its paragraphs it stated that no lake can be renamed that has been in existence for more than forty years and that in further discussing this matter with one of the legislative members who served on this committee and also in reviewing the matter with various Isaac Walton League presidents and with the Minnesota Arrowhead Association in Duluth, it was agreed that a program of this kind would not be workable, and the first and most necessary thing to do in connection with becoming active would be to see that this act was changed, removing the forty year clause.

It was understood also that whatever time I would put in in this connection would be voluntary on my part without any compensation and in view of the fact that there would be no work to do as a voluntary representative in Hennepin or any other county until the proper foundation has been laid, both through the legislature and in reselling this plan to the people of Minnesota, I had offered myself

October 27, 1942

- 2 -

to Mr. Larsen to undertake to do this work also without any compensation.

The matter pertaining to a budget that might be needed to carry on the incidental work for printing, stenographic work, or otherwise would, of course, have to be an appropriation from the legislature unless it can be secured from some other source, which is a matter entirely up to your Board.

I have made arrangements with a printer to furnish us with five hundred letterheads and envelopes for the State Geographic Board at my expense. We should also have a pamphlet or prospectus which would tell what the Geographic Board is, what we propose to do, and outlining its entire program which could be used or mailed out to all those who might be interested.

Mr. Larsen and I had the whole program worked out with this plan in mind. However, if the present Board feels that this is not the proper procedure, then of course I would be very much interested to know what other plans you have in mind.

Assuring you of my cooperation at all times, I wish to remain,

Sincerely,

*A. L. Ditter*

A. L. Ditter

ALD:PNS

November 10, 1942

Mr. A. L. Ditter  
Wayzata, Minnesota

Dear Mr. Ditter:

Thank you for your letter of October 27 which seems to have cleared up some things about which the Geographic Board was confused. As I indicated in my letter to you, the basic policy of the Board is not to go out into the state urging that geographic names be changed where there are duplications or that unnamed geographic features be named, but to allow the initiative to come from the people of the communities. With this policy in mind, the Board's belief that the first essential step to take is to get its list of Minnesota geographic names in order becomes understandable.

The Board's belief that the present legislation is adequate stems from the fact that it already has ample authority to determine the correct and most appropriate names and to pass upon and give names to lakes, streams, places, and other geographic features in the state. As stated in a foregoing paragraph, however, the Board does not choose to use this authority because it believes that if it acted independently of local initiative, it would defeat the purpose for which it was established. The limitation which you and Mr. Larsen discussed which states that no lake can be renamed that has been in existence for more than forty years is to be found in Chapter 35 of the Laws of 1937 and is a limitation upon changes originating through local initiative rather than upon those originating through the State Geographic Board. The authority of the State Geographic Board is to be found in Chapter 63, Laws of 1937. Thus, as far as the State Geographic Board is concerned, there is no reason to seek legislation removing the forty year clause because it is not affected by it.

Sincerely,

Acting Superintendent

## The Family Album - 1942 -

This column is devoted to a presentation of pictures and short descriptions of as many of "Our Boys In Service" as space and information will permit.

The Holy Name district enters the picture again this week as we present Joseph Jordan.

son of Mr. and Mrs. Matt Jordan. His address is Corporal Joseph Jordan, A.S.N., 37163668, Co. C, 636 T. D. Bn., APO 36, Camp Edwards, Massachusetts.

Joseph was born in Plymouth Township on February 14, 1920, is now twenty-two years of age. He attended the parochial school at Holy Name and graduated from there on June 11, 1933. Following that he attended prep school at St. John's at Collegeville for two years.

Prior to joining the service, he was employed at Federal Aircraft. He entered the service February 24, 1942 and was first stationed at Camp Bowie, Texas. His location now is at Camp Edwards in Massachusetts.

## To Leave For Florida For The Winter Months

Bill Prinz, who has operated the municipal bathing beach here for a number of seasons, informs us that he has locked up the lake for the year, and he and Mrs. Prinz will start within a few days for Mount Dora, Florida, where Bill acts as a sportsman's guide for the winter months. He has been making this annual trip for the past fifteen years.

Besides operating the beach here, Bill tells the sportsmen where to go for the big ones and also rents out boats to the disciples of Isaac Walton.

Although the beach here is a great place for the younger folks to swim, and during mid season, is usually crowded, no accidents have occurred. He informs us that unless something happens in the meantime, he will be on hand again next season when the season opens.

## 2500 To Solicit Rural Hennepin's War Chest

### Series Of Air Warden Schools Start October 2

An air raid warden school beginning Friday, October 2nd, and including Monday, October 5th, Wednesday, October 7th, Monday, October 12th, will be held in the Wayzata high school auditorium. The time is 7:30 each evening.

Air raid wardens, alternates and their wives are urged to attend these meetings. The towns that will be included are: Wayzata, Long Lake, Maple Plain, Loretto, Hamel, Minnetonka Beach, Orono, Minnetonka and Medina.

These schools are so arranged that the course of instruction will be completed before the county-wide blackout, October 14th.

These meetings will be presided over by John A. Johnson, assistant superintendent of training for Rural Hennepin. Everett Getten, chief warden of the area is arranging the meetings.

### October 7th Date Of Annual Rummage Sale

Wednesday, October 7th, is the day and 10 a.m. is the time for the annual rummage sale, put on every year since 1918 by the Missionary Aid of the Community Congregational church. This is the one money making enterprise put on by this organization, and the community is urged to dig up a few donations for this sale, along with scrap donations for the government. So far, this bids fair to being the best sale yet, as donations have been coming in for several weeks. Lunch will be served by a committee headed by Mrs. R. H. Fairfield. Mrs. George Kysor is chairman of sales and a call to 142, Wayzata, will bring a response that will pick up donations. Mrs. R. W. Love is chairman of solicitations, and Mrs. Gustav F. Weber is president of the Missionary Aid.

Once more the Red Cross is able to supply yarn to knitters who are interested in helping to keep warm our men at the front. Yarn may be had at the home of Mrs. G. F. Weber, Wayzata Blvd.

## News From OUR BOYS IN CAMP

Saturday marked the opening of the hunting season—and just about every masculine soul that's left in this town was out of town for the occasion. We can't say much about the luck they had, but we do know it was a wet, cold, uncomfortable day and whatever ducks they got were really earned.

With the duck season in full blast, the pheasant season coming along, the Conference football season well under way, the World Series all set for its usual drama, the Gophers getting ready to tackle the Bernie Bierman Seahawks and the local bowling leagues getting nicely started, things begin to sound just like old times. Four leagues are already going on the Wayzata alleys and the boys up at Kipp's are talking of a Friday night league for the Buckhorn. Now if someone will start a little whist or cribbage tournament.

A few of the boys have been home on furlough, but we've somehow managed to miss just about all of them. Hank Lofquist, for instance, was here for several days—home from Coast Guard duty out west in Washington. Jim Carmody was down from Duluth Sunday especially to see him—or was that the reason? Jim's brother Tommy is now an ensign or something in the service, located at Dartmouth for training. Also home for a few days was J. Roy Dickson, on furlough from Kodiak.

Tony Feser—address U. S. Section Base, Treasure Island, San Francisco, Calif., Gen. Del.—sends a fine long letter telling of his trip out. Since he didn't tell us not to quote, we'll pass some of it along. "We saw a lot of country on the way out. The trip across Texas, New Mexico and California was especially interesting. The sage was in bloom and we ran into a lot of large ranches. From the number of cattle we saw, I think we'll have meat for a while. Saw many fruit orchards. They tell us the fruit trees are bearing the heaviest in years. Most of the pear trees were propped to keep them from breaking. Saw many grape vineyards, one of them being one of the largest in the world.

"People here are swell to us. . . . We have liberty every night and week ends, so I've seen a lot of Frisco. . . . Saw Bea Anderson and Knute Norgaard, who are located here. . . . Say 'hello' to all my friends back home and to the Herald gang. . . ."

### Changes of Address

Pvt. Donald D. Davis, Jr. AAA, O.C.S., Camp Davis, North Carolina. Pvt. Francis Jordan, 439 C. A. Bn., Camp Hulen, Texas.

Milton A. Wooding, A. S., R.I.W. Barracks No. 6, U.S.N. Air Station, Jacksonville, Florida.

Pvt. Donald Dressel, Troop B, 15th Cavalry, O.C.S., Camp Davis, North Carolina.

Cpl. L. J. McEntee, 36147447, Co. L, 136th Inf., APO 33, Fort Lewis, Washington.

Lt. Oscar W. Giese, 2020 Prairie Avenue, Miami Beach, Florida.

We're straight on an address for Wesley Locke again—after getting involved with a late notice of a change in address from the P.O. department. It's Lt. Frank W. Locke, 46th Base Hq. and A.B. Sq., Hamilton Field, California.

A note from Andrew Ahlstrom (Continued on Page Eight)

## Nationwide Gasoline Rationing Goes Into Effect November 22

### Early Frost, Snow Did Much Damage Last Week

### Ditter Named On Committee To Re-Name Lakes

The Minnesota State Geographic Board announced last week the official appointment of A. L. Ditter as Special Representative for the board, with headquarters at the Minnesota Historical Society building, state capitol grounds.

His connection with the Geographic Board will be in the naming and re-naming of lakes and streams in the state.

In 1937, the state legislature created the Geographic Board, consisting of the Commissioner of Conser-

A. L. DITTER

vation, the Commissioner of Highways and the Superintendent of the Minnesota Historical Society. The Minnesota Board also functions with the National Geographic Board in Washington, D. C. Its purpose is to establish names for the 4000 unnamed lakes and to re-name the other 6000 lakes in the state, so that there will be no direct duplications. In its planned program, a volunteer representative will be named in each county, who will cooperate with his local county commissioners, the various game and fish clubs, schools, and those interested in conservation and the change or selection to come from the local community with a petition from the commissioners to the Geographic Board.

In the final analysis after all the names have been approved by the state board and officially accepted by the National Geographic Board, a sportsman and tourist map will carry the official name and key location of every lake in the state.

Mr. Ditter will function to sell this plan and program of "Ten Thousand Names for Ten Thousand Lakes" to the people of Minnesota and incidentally, also, to revise several of the legislative acts which are being worked out for introduction by Rep. Lawrence Haag.

Mark Twain once said that weather conditions created a lot of talk, but somehow no one did anything about it. That would very well apply in this area the past week. September 23rd witnessed a fair sized frost. Remarks such as this were heard: "Why this early? Last year we didn't have any cold weather until the latter part of October." A couple of days later when it started to sleet and was followed by snow, remarks became more emphatic: "Snow this early? That never happened before in these parts." Numerous duck hunters, going places for the first shoot, didn't know whether to be glad or sorry. They knew they would have to experience more discomfort than they had expected, but still they thought that the inclement weather would at least bring the first migration of teal down from the north, hence were sure of some real old-fashioned duck shooting.

Aside from the discomfort that the first cold weather always brings, the early cold this time did considerable damage. A lot of tomatoes throughout the territory were lost completely. Other vegetables were damaged, but tomatoes experienced the most serious loss. All late corn was damaged. The cabbage crop was hit hard also.

The heavy wet snow of Friday and Saturday damaged a lot of shrubbery and some larger trees. It came down without any wind and lay on the branches, in a number of instances breaking them off. Flower gardens were about finished off for the year.

Now, it looks as if the weather has "done its stuff" and settled down to a nice long Indian summer. If so, it will compensate for the early cold and snow of last week.

## Let's Talk Salvage-- Things Yet Unthought Of May Help Us Win

### Parent - Teacher

The first regular monthly meeting of the Wayzata Parent-Teacher association will be held at the school next Tuesday evening, October 6, beginning at 8 o'clock. Included in the evening's entertainment will be an informal reception for the new superintendent. The public is cordially invited to attend.

### October 8 - 10 Are Dates For Salvage Drive

The scrap drive for Maple Plain and all of Independence Township is in full swing. The chairmen for salvage in Maple Plain is Sigfrid Anderson and co-chairmen for Independence are Fred Kuntz, Peter Elsen and Sidney Barnes. Roy Styner is in charge of the Salvage Depot in the village and there are 36 district workers in the township to solicit from every farm in Independence.

If you wish to sell it yourself, you may do so, at the Salvage Depot or else donate it to the Red Cross. The scrap in Maple Plain is to be gathered under the direction of the school children, who are seeking a prize by so doing.

The dates set for the bringing in of the scrap is October 8-9-10. Let us all cooperate and let's go over the top. Go through your homes from attic to basement and through the yard and gather all our scrap.

Let everyone make the drive a big success. This scrap metal is needed to supply our soldiers, sailors and marines with the weapons and materials of warfare which they must have to beat the Axis and the Japs. We must get it for them.

### Rebekah Lodge Card Party On October 10

The Ferndale Rebekah Lodge is having a card party, Saturday, October 10, at 8 p.m. at the Odd Fellows hall. There will be a lunch and prizes. Everyone is welcome.

An order by Price Administrator Leon Henderson, issued Saturday, is considered the most drastic yet effecting the motoring public.

The order extends gasoline rationing from the 17 states formerly affected to all the remaining states, sets the speed limit to 35 miles an hour, and makes federal tire inspection every 60 days compulsory.

The order goes into effect about November 22nd.

Violators of the 35-mile an hour limit would be subject to the speed laws of the states where the offense occurred. Penalties for not undergoing the inspection imposed have not been set. Owners of cars in the unrationed area will receive a basic rationing to allow them 2,880 miles of travel a year, based on a consumption of 15 miles to the gallon. Additional mileage up to 470 miles per month may be obtained by motorists who can show that the original allotment is insufficient to meet occupational needs. The gasoline will be issued through a C book and are fitted to meet the proven needs of the motorist. The original card will be an A card and the second a B card. Time and places for registration will be announced later.

In his statement, Henderson said that the gasoline rationing system will be meshed into tire rationing to bring the overall mileage of automobiles within the limit of the available rubber supply.

Governors in the various states coming under the new plan are asked to issue proclamations in regard to the speed limit, and this is to be put into effect October 1st.

Governor Stassen has already issued a proclamation putting Minnesota under the new ruling. This, far the first two weeks, only effects passenger automobiles. Trucks, buses, etc., operating on a regular schedule, will be given until October 15th to arrange their schedules.

It is estimated that 68 percent of the motorists will operate on the A book plan, 17 percent on the B books and 15 percent on the C books, these latter to give them an almost unlimited quantity.

For the first time in its history, the United States is becoming salvage minded.

This being the case, let's cast about and see WHAT REALLY CAN BE SAVED AND USED IN THE WAR EFFORT.

**EMPTY SHOTGUN SHELLS.** The duck season this year bids far to be the best that Minnesota has experienced in a number of years. In spite of the war, there will be a lot of hunting. Knowing that being able to hunt next year is extremely doubtful, the sportsmen naturally want "just one more fling," and are going to have it. Ammunition dealers report that sales have been enormous, where they were able to get the shells. Save the empties. The metal is valuable and can be used in various kinds of war work.

**KEYS. . .** There is not a family but that has any number of old, useless keys tucked away in odd places. Keys are metal. Any kind of metal is useful. Hunt them up and turn them in to your scrap collector.

**CAR BUMPERS. . .** It is fast coming to the time when looks of an automobile will not count for as much as a few years ago. As the emergency progresses, the nice, shiny car will become more and more a thing of the past, and effort will be centered on making the old bus serviceable as long as possible. Therefore, how about taking the steel bumpers off, turn them in to the scrap committee, replace them with wooden bumpers, which you can either put on by yourself or have a carpenter do at very little expense. Wooden bumpers can be made to serve just as well as steel.

**KITCHEN FATS. . .** Salvaging of fats has been publicized so much that every housewife by this time has become acutely salvage minded. Fats make glycerine. Glycerine makes ammunition.

**IN THE ATTIC. . .** Ashtrays, beds, electrical equipment, especially copper wire, fans, heaters, lamps, ornaments, pots and pans, skates, sleds, springs, vacuum cleaners.

**THE CELLAR. . .** Andirons, bathtubs, boilers, fire extinguishers, furnace parts, grates, poker, radiators, stoves, water (Continued on Page Five)

### CONGRESS TOO SENSITIVE TO PRESSURE GROUPS

Ever since the first congress convened under organized government, lobbies have had tremendous influence upon the deliberations and actions of that body. Some of the lobbies have been for good, in fact a lot of them. But the greater number have been for personal gain of different groups wanting certain laws passed, benefiting themselves. This has been tolerated as an American institution (which it is) and nothing much was ever heard about it. However, the congress of the United States it becomes apparent that lobbies (now more politely termed "pressure groups") may become a menace to constitutional government. That is, lobbying may bring such pressure to bear on the deliberations of that body that it cannot act with a free mind. In fact, the recent farm legislation and the powerful lobby that brought it about is proof of the fact that LOBBYING IS BECOMING TOO HIGHLY SPECIALIZED. At this time, this is a serious situation, and might have a tremendous effect on the war effort. Should this continue, and congress become a weak, irresponsible body, the way could very well be paved for dictatorship. Before we are on the way out of the emergency we are in and all that will follow are the hands of great minds will have to rise to power. Whether these minds come to the forefront by election of the people or rise to prominence by their own power and ability depends largely on congress and its conduct from now on.

### MORE FLAREUPS AMONG MINNESOTA DEMOCRATS

Flareups and quarrels happen often enough in political organizations when the organization is on top of the wave and things are going good. But when things are not clicking, different ideas are tried, wind up in the scrap heap, and when it is an obvious fact that the organization (what there is left of it) is about to go to the eternal how-ows, about which nothing can be done, inter-organization fights become so prevalent that it is laughable. And so it goes with Minnesota Democrats. Following the recent primary, another group of Democrats, the "32 men" who would keep things straight and running according to Hoyle. The result was, after the primary, it was found that six congressional candidates did not receive enough votes to place them on the ballot this fall. Part of this was accountable to the fact that "family rows" were on among the boys in the different districts, and in some, two Democratic candidates ran. So the "super committee" is now headed for the rocks. The condition of affairs called for a visit to Washington by State Chairman Elmer Helm, who was supposed to be to the state capital with National Chairman Ed Flynn. It was upon the advice of Flynn this spring that the "super committee" was formed. There would be less trouble among Democratic ranks in Minnesota if it were not for the national patronage that is at stake. Here the democrats really "have something". Whatever organization they have had since 1932, or may have, only a dummy set-up in order to dispense patronage. If all the democrats in Minnesota voted in Hennepin county, it is doubtful if they could elect a set of county officers.

### ONE MUST BE CAREFUL!

It behooves one to be careful these days. FBI men are abroad, and one does not know who they are, or where or when they will be. Carry your FBI identification card with you at all times. You might be asked to show it to an FBI agent, and if you couldn't produce it, it might give you a bad half day. Another thing that should be avoided: Any heated discussion or argument about the war in public places. Opinions may differ, but argument can very easily lead to quarrels, and statements that might be misconstrued. Then there may be people around who want to hear just the things said. All the saboteurs and spies in the United States have not been shot. As time goes on, we are brought to realize that we REALLY ARE AT WAR. We should act accordingly. Wars are not won by talk, arguments, quarrels. It is a mighty good time to attend to one's own business.

### IT MIGHT HAPPEN

Leland Stowe, United States newspaper correspondent in Russia, says that "We're losing the war while on the sidelines." By this, Stowe means that we are not digging in, and in the meantime, Hitler and the Japs are digging in to the advantage is theirs. We can readily see how he can get into this frame of mind. He has been in Russia for some time, has seen the valiant fight that the Reds have been putting up, has seen battles won against them on account of being split, or one or two divisions of troops, a few more airplanes, tanks, etc. These things were lacking, because the Americans were not ready to throw in their fighting men.

We differ from the above, to a certain extent. Although it couldn't be said that we are winning the war, we are not losing it. However, this stage could be reached in a mighty short time. Things can become topheavy with planning, graft, dodging of responsibility, plain inefficiency. It should be remembered that the United States is not (at present anyway) conducting a large WPA project. Relief is one thing, war is another. Our forces have made some minor gains in the Pacific recently. The Japs made gigantic strides in the beginning of the war.

We are not losing the war. But neither are we winning it—yet.

13,000,000\* ARMED MEN BY DECEMBER, 1943

Recent publicity has been to the effect that the United States planned to have 13,000,000 men in uniform by December, 1943. This is a lot of men. If the United States had that many men in uniform now, most of whom were well-trained and all well equipped, the war would be over.

There is not much doubt but that production of equipment is being stepped up, facilities for absorbing men into the services improved considerably over that of a year ago. But still, there will not be 13,000,000 men in the armed forces by December, 1943. Cut the figure in half and it will be nearer right.

By that time, this number will not be necessary to put the finishing touches on Hitler and the Japs. Half that number will be sufficient, if they are well-trained and equipped. Further, food will become a greater problem as men enter the service. The United States has fortunately produced two wonderful crops of food stuffs and plans are already afoot to raise another the coming year. This will require a certain amount of man power fit for military duty. Here a balance will have to be arrived at. The more men in the army, the less on the farm, and the more men in the army, the more the rural areas must be fed. Further, at the present rate, army posts, ships, etc., cannot be built that will accommodate and train this number of men by that time.

It is likely that the number of armed men will reach 6 or 7 million by December, 1943, but not much more.

## Messing In The Kitchen

Howdy folks! If you don't like chocolate, you might just as well skip this right away. And if you haven't saved up at least a little sugar to use for a recipe or two, we know you'd better skip. We like chocolate and we're trying of always bringing you sugarless recipes, as we have for months and months now, so this week it's chocolate and sugar. Chocolate Ice Cream, Chocolate Cake, Chocolate Roll, Chocolate Sauce, Yum, yum!

**Chocolate Ice Cream**  
 3 squares unsweetened chocolate  
 2 cups milk  
 1 cup sugar  
 4 tablespoons flour  
 2 eggs slightly beaten  
 4 cups light cream  
 2 tablespoons vanilla

Add chocolate to milk and heat in double boiler. When chocolate is melted, beat with rotary egg beater until blended. Combine sugar, flour and salt. Add gradually to chocolate mixture and cook until thickened, stirring constantly. Then continue to cook for 5 minutes, stirring occasionally. Add small amount of mixture to eggs, stirring vigorously. Return to double boiler and cook 2 minutes longer, stirring constantly. Cool. Add cream and vanilla. Turn into freezer and freeze until stiff. When ready to serve, remove dasher, pack the cream solidly, pack in fresh ice and salt and let ripen for several hours before serving.

**Chocolate Cake**  
 1 1/3 cups sugar  
 3 cup lard  
 2 eggs  
 1 teaspoon chocolate, melted  
 2 1/2 cups cake flour  
 1 teaspoon soda  
 1 teaspoon salt  
 1 cup sour milk  
 1 cup vanilla  
 Mix and sift flour, salt and soda together. Cream lard until soft. Add sugar in three installments and beat vigorously after each addition. Add egg yolks and beat vigorously. Add melted chocolate. Beat thoroughly. Add 1/2 of the flour mixture. Add the sour milk and vanilla and add 1/3 of it. Beat slightly. Continue to add the flour and liquid mixtures alternately, being careful to end with flour. Do not overbeat. Fold in the stiffly beaten egg whites. Bake in 2 layers at 350 degrees for 40 minutes.

**Chocolate Roll**  
 6 egg yolks  
 2/3 cup powdered sugar  
 13 squares melted chocolate  
 2 tablespoons cake flour  
 4 teaspoon salt  
 1 teaspoon soda  
 1 teaspoon baking powder  
 1 egg white  
 Beat egg yolks, add sugar. Stir in the melted chocolate and a little vanilla. Sift flour, soda and baking powder and add to the mixture. Beat until smooth. Spread in a pan 8x15 lined with waxed paper. Bake at 325 degrees for 15 or 20 minutes. Turn onto damp cloth to cool. Spread with 1 cup cream beaten stiff and sweetened. Roll and put away to cool. Serve with Chocolate Sauce.

**Chocolate Sauce**  
 13 squares chocolate  
 2 cups milk  
 2 cups flour  
 2 tablespoons butter  
 7/8 cup sugar  
 1/8 teaspoon salt  
 1 teaspoon vanilla  
 Add the chocolate to the milk and beat in a double boiler. When chocolate is melted, beat with egg beater until smooth. Combine flour, sugar, salt. Pour a small amount of the liquid in this and stir well. Return to double boiler and cook until thick, stirring constantly. Remove from heat and add butter and vanilla.

### Facts For Voters

League of Women Voters

Congress and the People  
 That "Congress must hear from the people" is the urgent plea made by Miss Marguerite Walls, Minneapolis, president of the National League of Women Voters, to voters throughout the country.

"Wage and farm price control legislation is meeting stiff resistance in the Congress, especially from the farm bloc. The public remains silent while Congress is subjected to terrific pressure from special interest groups."

"The Congress has been challeng-

Elect . . .

PAUL J. NEWSTROM  
 COUNTY SURVEYOR

30 Years Active Surveying  
 Experience in Hennepin Co.

Prepared and inserted by Paul J. Newstrom, 3301 32nd Ave. So., in his own behalf.

**PRICE CONTROL** (Lack of It) . . . Congress to date has fumbled an opportunity, made a mess out of the Price Control bill. (Although there is still a remote chance in Conference Committee).

As passed in the House form, the bill will encourage labor to demand higher wages to meet increased parity and then the Farm Bloc will demand still higher prices to meet labor increases—result: Inflation, the real McCoy, wild and out of hand.

If the bill passes as is, the President will undoubtedly veto it, will undoubtedly in desperation use his extraordinary war power to annul parts of the existing law and himself set farm ceilings pretty much at the summer's level; set wages pretty much at 15% over January 1, 1941.

**"QUICKIE" COMMISSIONS . . .** Gone are the happy days of last February, gone the days when the Army was building an administrative and executive staff of non-combatant officers. That group is almost completely gone and the market is glutted with applicants, good, bad and indifferent.

Now, only in rare cases when "Colonel" Smith specifically requests the special services of "citizen" Jones, does "citizen" Jones become "Captain" Jones.

From here on in it's going to be the hard work, complete and unrelenting, sweat and toil, and that is by far the best way. Three months basic training at \$50 per month, selection on performance for officers training, ten month, 10,000 officers by this route.

**INTO THE CRYSTAL AGAIN . . .** (1) Very definite shortage of manpower, resulting in eventual conscription for war effort, including agriculture. Conscription like the Army draft, mild at first, tougher as the war develops. (2) Meat shortage due to unusual allied export demand. Possibly a meatless day per week, but eventually rationing.

**SECOND FRONT . . .** Very soon or not until spring—weather.

Henry Wallace, "Stalinizing is Chicago's first line of defense."

**KILLER . . .** An authentic person of the underworld and a penal officer, Lt. Pavlichenko, the Russian girl sniper, has taken Washington by storm.

Far, far from the glamour girl, she has something more. She has something which most of us have not — a contempt for death, a crusading conviction that it's kill or be killed, that one human life isn't really worth as much as we think it is, that it's quite alright to die for a cause as well as to live for one.

Very few of us Americans have that feeling. Life has been very kind to the U.S.A. and a good many of us think of death as the worst possible calamity.

Not so to the Russians, the Japs and the Nazis who can think of things worse than dying.

That's our competition in this war. That's what we are up against. If we want to win, we've got to feel that way too. If we don't we won't.

By the President to meet the situation," she said. "If it fails to act quickly or to pass legislation which will be a real curb on inflation and which defines the scope of the President's responsibility clearly, it will have repudiated its own responsibility as a representative body."

Mrs. Phillip S. Duff, Maplewoods, state president of the League, has urged prompt and decisive action in a message to the Minnesota delegation in Congress. "Runaway inflation will be here unless Congress acts promptly, and would bring great suffering to the American people. I hope your vote will be for the Congress for the Nation rather than for special interest groups."

with straw, or something similar, to prevent freezing. Don't expose the roots to light or they will turn green. You'll be wanting to grow horseradish again next year, when supplies of imported seasonings may be further reduced. For the new crops, more salt. Cover solution with paraffin to prevent evaporation.

Cabbage is a Victory Food Special beginning this week and continuing through October 10. The domestic type is usually most plentiful, but in some areas of Minnesota is a large crop of Danish cabbage. Danish is solid and stores well, domestic is softer and more salt. Cover solution with paraffin to prevent evaporation.

Don't cultivate the ground around raspberry plants after the last picking. Cultivation stimulates fall growth and prevents proper ripening of the cane. Late in October, guard against winter killing by placing a mound of dirt around the trunk of each tree. Make it about 1 foot high to discourage mice from trying to climb to the trunk.

Rake the debris and grass from around apple trees this week so that mice won't find refuge there. Young apple trees in particular can be badly damaged from mice feeding on the trunk. Put the roots in cold storage or store in pits with other vegetables. If roots are stored in the barn, cover

## LORETTO NEWS

Mrs. Walter Sipe and Tommy and Mrs. and Mrs. Arnold Peterson of Robbinsdale were Tuesday afternoon visitors of Mrs. Arnold Kleiers.

Mr. and Mrs. W. F. Johnson returned home Friday from a two week vacation spent at Rock Island, Ill. and Bismark and Harvey, N. D. and in Montana.

Wednesday evening the Loretto P.T.A. meeting was held at the school basement and about 20 ladies attended. Mrs. Henry Vander Hagen and Mrs. Lawrence Jacobs were hostesses. Mrs. Herbert Adams remained as secretary and treasurer and Mrs. Wm. Kleiers was appointed to take her place. Complete dinners are now being served to the public at noon by Mrs. Harry Arens and Mrs. Richard Pettit, the school cooks. The next meeting will be October 7. Each member is to ask one or two ladies to attend the meeting, after which cards will be played.

Charlie Reimer of Great Lakes came home Saturday night to spend his leave of several days with his parents, Mr. and Mrs. Ted Reimer. Miss Lorraine Pouliot left Saturday for Washington, D. C., where she is employed, after spending her vacation with her parents, Mr. and Mrs. Roman Pouliot.

Mr. and Mrs. Andrew Pettit are the proud parents of a baby boy, born Thursday, September 24. Mr. and Mrs. Peter Kleiers visited at the Alex Schumacher home on Sunday afternoon.

Mrs. Jerry Pettit, who underwent an operation at the Fairview hospital about 10 days ago is getting along nicely and expects to return home soon.

Mr. and Mrs. Adolph Neumann and family visited at the Roy Mines home at Fish Lake Sunday afternoon.

Mr. and Mrs. Sylvester Schumacher and family were Sunday visitors at the home of Mrs. Schumacher's mother, Mrs. Anna Elliott at Anoka. Mr. and Mrs. Adam Schumacher and son Albert, Mr. and Mrs. Sydney Mitchell, Mr. and Mrs. Dave Dittman, Mr. and Mrs. Elmer Thies and Evelyn and Jerry Thies were Saturday evening visitors at the home of Mr. and Mrs. Clinton Thies of Long Lake.

Mr. and Mrs. Henry Schumacher spent the week end visiting relatives in Minneapolis. On Sunday they were dinner guests of Mr. and Mrs. Ed Franzen.

Miss Beverly Jacobs was a Wednesday evening guest of Marguerite Vander Hagen. The Sawyer family have moved from Minneapolis to Loretto and are now living in an apartment in the Albert Van Beusekom building. Mr. Sawyer is now running the Loretto garage.

Misses JoAnn Arens and Lorraine Kauff attended a birthday party at Mound Saturday, given in honor of Miss Joy Griswold.

Miss Laura Viren spent the week end in Minneapolis with her sister Dorothy.

Mr. Martin Stein of Pinewood spent Sunday at the home of his brother, Frank Stein.

Miss Lorraine Pouliot was a Tuesday evening dinner guest of Miss Lorraine Stein.

Mrs. Harry Arens entertained 10 little girls Sunday afternoon in honor of her daughter, Eleanor on her 9th birthday. Games were played and lunch served by Mrs. Arens.

Visitors at the Carl Becker home the past week were Mr. and Mrs. Peter Engel and son, Henry and Betty Becker of Minneapolis, Mr. and Mrs. Herbert Souzen and Mr. and Mrs. Louis Arens.

Mrs. Joseph King of Ortonville spent Sunday at the John Rosch home.

Miss Louise Rosch of Wayzata is spending a week's vacation at her home here.

Mr. and Mrs. Theodore Altendorf and Mr. and Mrs. Geo. Kaiser of Minneapolis and Mrs. Grace Manning of St. Paul were Sunday evening dinner guests of Mr. and Mrs. Arnold Kleiers.

M. and Mrs. John Mathews of Anoka and Miss Volva Preble from Minneapolis were Sunday guests at the W. F. Johnson home.

Mrs. Lucy Bukosky spent a few days last week with her daughter, Mrs. Clem Schumacher.

Beverly Jacobs spent Sunday with Donna Mae Pettit.

Mr. and Mrs. Wayne Neddermeyer and Mr. and Mrs. Bud Neddermeyer and family of Long Lake visited Mr. and Mrs. Leo Leuer Sunday evening.

Mrs. Leonard Schlosser, who had been in the Etel hospital in Minneapolis, is recuperating at the home of her sister in Minneapolis.

## CRYSTAL BAY

Mrs. Leon White, who has spent the past two months with her daughter and son-in-law, Mr. and Mrs. Palmer Boyd at Colville, Wash., arrived home Monday evening.

Mrs. Amy Ross spent the week end with her daughter-in-law, Mrs. Ross, at Excelsior. Mr. Ross was out on a hunting trip.

Miss Candace Johnson, just recovering from her recent operation, contracted flu last week and has been very ill at her home. Tuesday she was reported some better.

Mrs. Roy Gerber entertained six playmates of her daughter, Mary Jane, Monday afternoon, celebrating her sixth birthday.

Mr. and Mrs. O. W. Brooks and Mr. and Mrs. C. G. Heath were guests Tuesday evening of Mr. and Mrs. S. A. Brooks at a duck dinner.

Mr. and Mrs. J. V. Rosenberger and Margaret, Mrs. Amy Ross were dinner guests Monday evening at Mrs. Faye Styner. This also was a duck dinner.

Many of Crystal Bay's residents drove west and north for the opening of the duck season. Lee Snoke, E. T. Swanson accompanied with John Naab, Mr. and Mrs. McWilliams and son, Shirley and Mrs. J. V. Rosenberger went to Fergus Falls, as did Mr. and Mrs. Fred Styner and son Ross, to the home of Mr. and Mrs. R. R. Holland. Denis Brooks, Bobbie Naab and Tommy Ellis drove to Mille Lacs Sunday. Although the ducks were reported not too plentiful, most of the hunters brought a few home.

The Bederwood Ladies Aid have set October 10th as the date for their annual chicken supper, and will meet Thursday, Oct. 1 with Mrs. Madge Kletter to complete their plans for the dinner.

Rosenberger and Mrs. Amy Ross called Monday evening at the home of Mr. and Mrs. Andy Koch at Parkers Lake.

Mr. and Mrs. J. L. Stubbs, Mr. J. V. Rosenberger and daughter, Margaret, were dinner guests Monday evening at Mrs. Faye Styner. This also was a duck dinner.

Mr. and Mrs. O. W. Brooks and Mr. and Mrs. C. G. Heath were guests Tuesday evening of Mr. and Mrs. S. A. Brooks at a duck dinner.

Mr. and Mrs. J. V. Rosenberger and Margaret, Mrs. Amy Ross were dinner guests Monday evening at Mrs. Faye Styner. This also was a duck dinner.

Mr. and Mrs. J. L. Stubbs, Mr. J. V. Rosenberger and daughter, Margaret, were dinner guests Monday evening at Mrs. Faye Styner. This also was a duck dinner.

Mr. and Mrs. J. L. Stubbs, Mr. J. V. Rosenberger and daughter, Margaret, were dinner guests Monday evening at Mrs. Faye Styner. This also was a duck dinner.

Mr. and Mrs. J. L. Stubbs, Mr. J. V. Rosenberger and daughter, Margaret, were dinner guests Monday evening at Mrs. Faye Styner. This also was a duck dinner.

Mr. and Mrs. J. L. Stubbs, Mr. J. V. Rosenberger and daughter, Margaret, were dinner guests Monday evening at Mrs. Faye Styner. This also was a duck dinner.

Mr. and Mrs. J. L. Stubbs, Mr. J. V. Rosenberger and daughter, Margaret, were dinner guests Monday evening at Mrs. Faye Styner. This also was a duck dinner.

Mr. and Mrs. J. L. Stubbs, Mr. J. V. Rosenberger and daughter, Margaret, were dinner guests Monday evening at Mrs. Faye Styner. This also was a duck dinner.

Mr. and Mrs. J. L. Stubbs, Mr. J. V. Rosenberger and daughter, Margaret, were dinner guests Monday evening at Mrs. Faye Styner. This also was a duck dinner.

Mr. and Mrs. J. L. Stubbs, Mr. J. V. Rosenberger and daughter, Margaret, were dinner guests Monday evening at Mrs. Faye Styner. This also was a duck dinner.

Mr. and Mrs. J. L. Stubbs, Mr. J. V. Rosenberger and daughter, Margaret, were dinner guests Monday evening at Mrs. Faye Styner. This also was a duck dinner.

Helen Russ, and Marie Peterson as assisting hostesses. Mr. and Mrs. D. W. Hartman enjoyed a three day vacation at Crystal Bay last week, which included LaCrosse and Prairie Du Chen, Wis.; Decorah, Iowa and Rochester.

Dr. Matt Sawyer of Minneapolis will be the speaker at the Sunday morning services in the North Shore Presbyterian churches. World communion Sunday will be observed.

The teachers from Armstrong, Maple Plain, Stubbs Bay, District 94 and Hill School were entertained at a get acquainted dinner, Monday night, by the officers of the Orono W.C.T.U. at the home of Mrs. Elvera Turnham. Officers assisting were Mmes. Ellen Hamilton, Annora Turnham, Dorothy McCully, Amanda Norton and Miss Amanda Johnson.

Mr. and Mrs. Oscar Olson were among eight guests at a Sunday dinner given by Mrs. H. O. Berkland at her home in honor of Second L. and Mrs. Wm. Ederle (Carolyn Bol-lum) who came from South Carolina on a few days' furlough. Other guests were Mr. and Mrs. Kenneth Bollum, Barbara and John.

Mrs. Lee Snoke and Mrs. O. E. Johnson were among twelve guests at a one o'clock luncheon at the home of Mrs. Lewis Lee in Minneapolis last Thursday.

We end guests at the Lloyd Kelley home were Mr. and Mrs. Hoover Kelley, Elizabeth and Kathleen from Eau Claire, Wis. Saturday guests were Mr. and Mrs. Norman Drew and Bill of Minneapolis and Mary Peschel, who was a supper guest.

Mrs. Kenneth Turnham entertained last Thursday in October, in honor of Misses Pauline and Hulda Nelson, who left Saturday to spend about three months with Mr. and Mrs. George Rasmussen at Armstrong. The Rasmussens plan to spend the balance of the winter in Minneapolis. Other guests at the tea were Mrs. Vivian Turnham and Ruth, Mrs. D. A. Mather and Mrs. Howard Stank.

The Stubbs Bay P.T.A. held the first meeting of the season last Friday night at the community house. The new Cola Co. put on a demonstration talking movie in the interest of selling war bonds. A special meeting will be held Thursday night of San Diego, Calif. and Mrs. John Howe and Tommy Turnham were away on a duck hunting trip from Thursday night to Sunday evening, in the vicinity of Leach Lake.

Mr. and Mrs. D. A. Mather, and Beth, Mrs. Thelma Howe and John, Mr. and Mrs. Mack Cashman and Jess Ann, Mrs. Kenneth Turnham and Kenneth Dudley and Mrs. Gertrude Mootz were six o'clock dinner guests last week Wednesday at the Harry Mather home in Minneapolis. The occasion was little Mary Mathers' first birthday.

Mrs. Charles Anderson had as her guests Friday, Mrs. Arthur Imst of San Diego, Calif. and Mrs. John Holm of Minneapolis.

Miss Mary Hale of Minneapolis was a week end guest at the D. A. Mather home.

District 94 P.T.A. will hold their next meeting Friday night, October 9, at the school house.

Mrs. A. Mather and Mrs. Thelma Howe were Saturday afternoon and evening guests at the home of Mr. and Mrs. A. H. Clague at Crescent Beach.

The Orono W.C.T.U. will be entertained Friday, October 9 at 2 p.m. at the home of Mrs. Amanda Norton, Maple Plain, with Mmes. Ida Miller, Dorothy and Mrs. George Becker.

Mr. and Mrs. Theodore Altendorf and Mr. and Mrs. Geo. Kaiser of Minneapolis and Mrs. Grace Manning of St. Paul were Sunday evening dinner guests of Mr. and Mrs. Arnold Kleiers.

M. and Mrs. John Mathews of Anoka and Miss Volva Preble from Minneapolis were Sunday guests at the W. F. Johnson home.

Mrs. Lucy Bukosky spent a few days last week with her daughter, Mrs. Clem Schumacher.

Beverly Jacobs spent Sunday with Donna Mae Pettit.

Mr. and Mrs. Wayne Neddermeyer and Mr. and Mrs. Bud Neddermeyer and family of Long Lake visited Mr. and Mrs. Leo Leuer Sunday evening.

Mrs. Leonard Schlosser, who had been in the Etel hospital in Minneapolis, is recuperating at the home of her sister in Minneapolis.

Mr. and Mrs. J. L.

# The SPORTING THING

by GEORGE EDMOND

SPORTS EDITOR ST. PAUL DISPATCH-PIONEER PRESS

PROBABLY HALF OF THE FOOTBALL PLAYERS you see on the college fields this fall will be in one of Uncle Sam's uniforms before New Year's.

It is the announced intention of Uncle Sam to take the college boys as soon as they have completed their present school terms.

A good percentage of the football men are enrolled in a reserve force.

These two classifications will take in the majority of the first and second stringers on the college grid this fall.

This won't leave much material for the coaches of 1943—but the opinion is there will be no college football in 1943.

Arriving at such an opinion is not a shock, exactly, for we have had warnings for the last several months. It is evident Uncle Sam intends this time to put forces in this war never dreamed of at the time of World War I.

In football language we might say Uncle Sam had 'em three deep in 1917 and 1918—but this time he'll have 'em six deep.

## Green Light for Hockey?

PRO HOCKEY SEEMS TO THINK IT IS GOING ahead on another "green light".

The Canadian authorities have said they would not refuse permission for their lads to cross the border and play—providing the lads are not needed for war.

It is, however, hard to imagine that many able-bodied Canadians not being needed for the next six months.

In this country—newer in the war—we're already discussing the drafting of 18-year-olds, married men, etc.

Still, the Canadians not subject to military duty will be subject to some non-military duty.

But the hockey authorities interpret this as the "green light".

It seems to be a very liberal interpretation. It is a super brand of optimism.

The best we see is that, to date, ice hockey hasn't been "frozen".

## Pros Accepted Now

FEW OF US ARE SO OLD WE CAN'T HARK BACK to the days when college football was attempting to "freeze" the professionals.

The college went so far as declaring that any man connected with the pros, from then on, would be unwelcome, indeed, around the campus.

Years passed, and water ran under the bridges in great volume, and now we have the pros and colleges sleeping in the same beds.

This fall the Chicago Bears were guests, for a fortnight, of the University of Maryland, coached by Clark D. Shaughnessy.

This fall found Notre Dame, Illinois and Indiana with former pros on their coaching staffs.

Last Spring a coach, Jim Connelman, made the graduation address at the University of Dayton.

Elmer Layden, a collegian, is president of the pros. And the Army and Navy don't give a whoop whether any man is pro or collegian.

Thursday, October 1, 1942

## LOOKING OVER THE RECORDS

—with Dick

Illustrative of a growing tendency toward reasonableness in viewing events on our sporting calendar was the news last Friday evening that two of the Lake conference football games had been postponed on account of weather. Time was when "rain, no snow, no sleet, no cold" could prevent our football teams from meeting at the appointed times and places. Postponements just were not in the football world. Which has always seemed rather foolish to us. We can recall a number of occasions when we've been thoroughly drenched or have been chilled to the verge of pneumonia simply because the schedule said that a certain two teams had a game to play at a certain particular time. There's nothing of sport and nothing of value to be gained by going through with a game under such conditions as existed last Friday night and we're glad to see that the authorities have committed themselves to the policy of making postponements when such conditions arise.

Last Saturday was rather a bad one for the bookies, with surprises all over the football map. Wisconsin held the much-heralded Notre Dame boys to a 7-7 tie—which may mean that Notre Dame isn't quite all that they are expected to be. The Badgers really have a football team. We'd guess the latter.

Iowa trounced Nebraska 27-0. Gopher fans have been expecting Nebraska, in its usual manner, to be a plenty tough foe again this fall and they likely will. On the other hand, they've been thinking of Iowa as furnishing a sort of a "breather". Apparently that's out. Unless the Cornhuskers have dropped tremendously from last year's strength, the Hawkeyes are on the warpath with a pretty fair team this season. More headaches for Doc Houser.

Michigan topped the mighty Great Lakes aggregation. Proving that the sports writers can frequently be wrong. The Great Lakers, you will recall, have been listed as just too good for any possible college competition. Maybe they are. If they are, Michigan will have to be rated as the team to beat in the Western conference this fall.

Northwestern held the Bernie Bierman Seahawks to a 20-12 win and showed some really classy football in doing it. And Gopher fans can interpret that score in three ways. The Wildcats are going to be very, very tough when they play the Gophers later on, or the Seahawks are quite all that advance notices said they would be, or they simply weren't playing quite up to standard Saturday. It may be sacrilege to say it, but we're looking for the Seahawks to tip the Gophers next Saturday by at least as convincing a score as the 20-12 count against the Wildcats. And to support the prediction we'll advance three reasons:

First: The Seahawks will really be primed for the game. Not that Bierman's team will be particularly pointed toward it, but because the Gophers are riding the crest of an 18-game winning streak, they've been looked on as more or less invincible on the football field, they're rated as a rough, tough, powerhouse aggregation—and it's the hope of every team that meets them that they can knock them off, and we think the Hawks are quite human in that respect. Second: We still think Bernie's boys are just about as good as their previous reputations say they should be. And third: We just don't think the Gophers are as good as that 50-7 score might indicate. The Panthers simply weren't in the Gopher size and class Saturday. Houser's boys will be playing bigger boys next Saturday and the going won't be smooth.

Particularly if Bill Gammaas does not get back into practically full time service by next Saturday will the Gophers be handicapped. The Gophers may go to Daley, Kubitski and Frickey for their plugging.

## Wayzata And Excelsior Tangle On Bluejay Gridiron Tomorrow

### Get Your License In Your Home County

The law on procuring hunting and trapping licenses in Minnesota provides that such licenses for residents of the state shall be issued by the Auditor of the county in which the applicant resides or by any agent of the auditor. Verne E. Joslin, game and fish director, calls attention to this particularly because many prospective hunters evidently fail to read the pamphlet on Small Game Hunting Regulations for 1942 and attempt to obtain their licenses in the counties where they are not residents.

### Cold and Rain—Two Conference Games Postponed

"Unusual weather" last Friday night, to borrow a phrase from sunny California, forced postponement of two of the three Lake conference games scheduled for last week. Mound and University High, matched in an afternoon encounter on the Mound gridiron, managed to get in their game despite the wet and cold, but continued rain and cold with flurries of snow in addition made it almost imperative that the Hopkins-Schindler five to two of three from Grainbelt with Bentz's 531 high for the losers.

Standings W L Av. Schmidts ..... 5 1 793 Deephaven Argus ..... 4 2 850 Grain Belt ..... 3 3 818 Schindler ..... 2 6 111 Legion ..... 2 4 776 Community Drug ..... 2 4 774

Commercial League The Moose held the sailing parade last Tuesday night as they swept a three-game series from the Minnetonka Boat Works. The Wayzata Bank took three from Blodgett-Guernsey and Brandons took two of three from Berry and Co. Jerry Manning's 511 was high three game outfit for the evening. Fred Moritz with a 201 helped the Brandon team to a high single game count of 812.

Mr. and Mrs. Darian Pearson, Mr. and Mrs. Henry Pearson, Mrs. Gladys Cox and daughter were Sunday dinner guests at the home of Mr. and Mrs. Robert McEachern at Delano.

Mr. and Mrs. Robert Lake spent Sunday at Shakopee with Mr. and Mrs. W. Thorsquist.

Mr. and Mrs. Pete James spent Wednesday evening at the home of Mr. and Mrs. Ambrose Rumba in Minneapolis.

Miss Marion Gertz spent two days last week at Wilmar visiting her sister, Mrs. Carlo Anderson.

Miss Josie Henning from Delano spent Sunday with her parents, Mr. and Mrs. Ernest Henning.

Billie Bud from Minneapolis spent the week end with his parents, Mr. and Mrs. Claude Bud.

Mr. and Mrs. Winfred Berry and daughter, Ramona, were entertained at a duck dinner at the home of Mr. and Mrs. Maynard Berry Sunday.

Miss Leona Bryant from Minneapolis spent Monday with Mrs. Don Bergquist.

Mr. and Mrs. Carlo Anderson and son of Wilmar, Mr. and Mrs. C. L. Berglund were Sunday dinner guests at the home of Mr. and Mrs. Gust Gertz.

Mr. Harry Lane of Minneapolis spent Sunday at the home of Mr. and Mrs. Marvin Drysdale.

Lutheran ladies aid will meet Thursday, October 8 at the church parlors. On the lunch committee are Mrs. L. O. Welme and Mrs. Adrian Halgren.

Mr. and Mrs. Wm. Langon from Minneapolis spent Wednesday afternoon at the Charles Soley home.

Mr. and Mrs. Ervin Scheer spent Saturday and Sunday at the home of Mr. and Mrs. Ed Scheer.

Mr. and Mrs. H. N. Oliver visited at the home of Mr. and Mrs. Norman Oliver at Mansfield, Ohio.

Don't forget P.T.A. Monday, October 5 at the school house.

Mr. and Mrs. Charles Soley, Mr. and Mrs. Henry Badtford spent Wednesday evening at the home of Mr. and Mrs. John Roehl at Wayzata.

Mr. and Mrs. H. N. Oliver and Mrs. Merle Beer and daughter and Mrs. Chester Decamp went to Iowa to visit Mr. Oliver's father and other relatives.

Mrs. Mary Leiverman from St. Bonifaces is visiting at the home of Mr. and Mrs. Gust Leiverman.

### League Bowling Well Underway At Wayzata Alleys

League bowling is under way in the Excelsior field tomorrow (Friday) evening, the game beginning at 8 o'clock. Both teams, following two weeks of inactivity, should be primed to go. Wayzata's week of vacation was because of drawing the bye for last Friday. Excelsior's was because their game with the Trek was postponed on account of weather.

Pre-game dope points to an evenly waged contest, with Excelsior a slight favorite. The Bluejays are reported to have a fairly heavy line, behind which a fast, shifty backfield does plenty of tricky stuff. Mainstay of the line is Lowell Egan at fullback while the backfield is featured by a southpaw left half who knows how to pass. Fast, deceptive ball handling, however, is the strong point of their attack.

Previous games shed little light on the relative merits of the two teams. Wayzata was defeated 8-0 by a Park team that is listed well up in Lake conference circles while Excelsior was defeated two weeks ago by Minneapolis Southwest 14-12.

The reports from the Wayzata practice field indicate that fans may expect a number of changes in the lineup that will face tomorrow's Kickoff. Some of the backfield may have been moved up into the line to bolster that important department and their places have been taken by smaller, speedier backs.

## ALONG THE NORTH SHORE

Mrs. J. M. Davies  
Phone Wayzata 130-W

The O.E.S. social club will sponsor a movie, "Tortilla Flat" with Spencer Tracy and Hedy Lamarr, Tuesday evening, October 6th.

Miss Cora Mae Ford is in Miami Beach, Florida visiting Mr. and Mrs. O. W. Giese. She will stay there until December.

Mrs. E. C. Phillips of Detroit Lakes came down for the week end with her brother-in-law and sister, Mr. and Mrs. H. F. Hagberg. Mrs. Phillips' twin daughters, Misses Barbara and Patricia, who are students at Hamline university, were also guests of the Hagbergs.

Miss Margaret Johnson will come from Rochester to spend this week end with her parents, Mr. and Mrs. V. A. Johnson.

Mr. and Mrs. H. A. DuPrey attended funeral services for their aunt, Mrs. Nellie A. Campbell of the Masonic Home, Tuesday afternoon, at a Minneapolis mortuary.

Mr. and Mrs. Vincent Duggan, Charles and Dennis Duggan spent the weekend at their cabin at Lake Pulaski.

Mr. and Mrs. P. W. Riedesel returned Tuesday from a hunting trip in the northern part of the state.

Mr. and Mrs. Harold N. Hausen announce the birth of a daughter on Sunday, September 20.

Ralph D. Thomas of Holdridge is recovering from a serious knee injury which has confined him to his home for a month.

Mr. and Mrs. H. Dwight Ludlow, of Worthington, came up for the weekend with Mrs. Ludlow's brother and sister-in-law, Mr. and Mrs. R. W. Love. Thomas Ludlow came with them to continue his studies as a senior in the engineering department at the University. The Loves and their guests attended the Minnesota game Saturday afternoon.

John McQuistan motored up from Bloomfield, Neb. last week and Mrs. George Ballantyne accompanied him to her new home.

Miss Dorothy Hughart drove to Iowa Friday and spent the weekend with Mr. and Mrs. C. E. Johnson, who formerly lived in Wayzata.

Mrs. Wendell O. Rogers and John Rogers went to Villa Maria, at Frontenac, to spend Sunday with Miss Jeanne Rogers and celebrate her birthday.

Mrs. Elizabeth Fletcher is visiting her brother-in-law and sister, Mr. and Mrs. R. W. Love.

Returning with the limit came a party that hunted for ten days on the Canadian border and was lodged at Refuge Patrol Headquarters on Thief Lake. Guy R. Bickford, R. W. Love and Wendell O. Rogers made the trip.

Another party that returned Monday from Butler, S. D., where they hunted pheasants, included D. M. Dickey, William Nickerson, Dr. George Boos and Kipp Hale of Long Lake. George G. Kysor and W. L. Dickey were also at Butler, and they returned Tuesday. J. E. Manning and Alvin C. Frick were also in So. Dakota for pheasants last week.

Mrs. George W. P. Heffelfinger and her daughters, Louise and Ruth, have taken an apartment in Minneapolis for the winter. Mr. Heffelfinger is located in U. S. service in the east, and the sons are away at prep school. The family has occupied the F. B. Wells home at Ferndale since moving here from Winnipeg.

Mrs. V. A. Johnson is spending a few days with Mr. and Mrs. F. E. Heinemann at their new home in Minneapolis.

Mr. and Mrs. J. E. Ramsley came from White Bear Monday to spend the day at their home in Wayzata.

Mrs. Ruby Plank entertained the members of John Witherspoon chapter, D. A. R. at luncheon on their first meeting after summer vacation Friday.

Miss Esther Angrunson of Minneapolis spent the weekend with Miss Frieda Heuer at Wayzata.

Mr. and Mrs. E. A. Rosing are home from a trip to Salem, Ohio, where they visited their son, Donald Rosing, who recently underwent a surgical operation. Mr. Rosing was there only four days but Mrs. Rosing remained with the family for two weeks.

Dr. and Mrs. J. Leonard McGill went to the Hoy cabin on Lake Washburn for the weekend duck shooting. The party included a group of relatives who make this trip every year, with Dr. and Mrs. E. A. Regnier, Miss Irene Hoy and Ralph Hoy of Minneapolis.

Mrs. E. J. Mason is visiting her niece, Miss Clara Reiser, at Long Lake.

Mrs. Edward L. Stevenson, who has visited her parents at Ortonville, is the guest of Mr. and Mrs. Robert Dick at Ferndale for the week end. Mrs. Stevenson's husband has been with the U. S. medical unit in Iceland for seven months, and she is enroute to Chicago, where she will spend the winter.

Tuesday evening, Mrs. Donald H. Quay, assisted by Mrs. Craig H. Shaver and Mrs. Myron Shaver, entertained at a duck dinner in the amusement room at the Quay home. Their guests included Miss Marie Shaver, Rev. and Mrs. Everett L. Sorensen, Supt. and Mrs. John A. Johnson, Mrs. Frank M. Thomas, Mr. and Mrs. D. L. Jones, Mr. and Mrs. Clyde Shaver, Myron and Craig Shaver.

Another dinner party Tuesday night was given at the Buckhorn in honor of Mrs. John J. Cracraft, by a group of seven friends. The Cracrafts are moving to Minneapolis and have sold their property here to Mr. and Mrs. R. G. Stimler, who will take possession October 15th. Mr. and Mrs. Stimler and family came here from Buffalo this summer and have occupied the Park cottage at Ferndale.

Mrs. H. J. Rodner and Mrs. Adam Rodner were guests of Mrs. Herbert Gaspar at Hamel Sunday.

Miss Marie Shaver, who has been with her family in Wayzata the past month, will leave for St. Louis, Mo. next Monday. Enroute she will visit Mr. and Mrs. Malcolm E. Quay and family at Oconomowoc, Wis.

## Boys In Camp--

(Continued from Page 1)

who sends greetings to the home folks and adds the news that he's now a corporal. The address is Cpl. Andrew Ahlstrom, 16th Observation Sq., Morris Field, Charlotte, N. Carolina.

From desert maneuvers somewhere in California, where the wind and sand combine to make life uncomfortable, Lt. Richard E. Hokanson, O-452045, sends this address: Hq. Co., 7th Mt. Div., U. S. Army, APO 7, Desert Maneuvers, % Postmaster, Los Angeles, Calif.

A new address is that of Pvt. Wallace Shearer, Hq. Btry., 3rd Bn., 508th CA (AA), Camp Stewart, Ga.

And from Joe Thompson, newly re-arranged in his work at Chicago, comes a short letter. Joe says the whole school has been re-arranged, but that his studies in the department of Aviation Ordnance are coming along fine. Another 8 weeks and his group will be through and ready for whatever comes next. The weather in Chicago, he adds, is MOST uncomfortable—cold, and rain every day, and damp winds blowing in off Lake Michigan. Joe's address is now slightly changed—it's F. J. Thompson, S 2/C, U.S.N., USNTS, Advanced Aviation, 87th and Anthony Ave., Chicago, Illinois, Co. B. Ord.

USE FOR THE CORN COB . . . It was revealed recently that the corn cob has found a place in the war effort. It is a source of furfural, which is an important ingredient in the manufacture of synthetic rubber.

HIMMLER MAY BE DEAD . . . A London radio broadcast heard in New York is to the effect that rumors are current in Berlin that Heinrich Himmler, chief of the Nazi Gestapo, is dead.

SALOONS CLOSED . . . The Magna Copper Co., of Superior, Arizona, requested that the saloons in that town close for a week-end. The deal was that the mining company was working on a deadline and believed that an additional 250 tons of copper could be produced if all their miners were on the job and in good shape Monday. The saloons closed and the deadline was made.

Here Are This Week's Birthdays

Friday, October 2 — Loren Hellings, Gordon Creelman.  
Saturday, October 3 — Dorothy Ramsland, Solway Hanson Smith, Edith Thorsen, Elizabeth Wise, Alice Patch, Olive Getten Bergman, Thomas Wasgatt.  
Sunday, October 4 — Grace Dillman, Wesley Hanson, Robert Benson.  
Monday, October 5 — Mary Linscog, Max Carlson, Agnes Erickson.  
Tuesday, October 6 — Violet Veit, Beth A. Mather, Marion Jackson Sidnam, Violet Clauson.  
Wednesday, October 7 — Dorothy Ann Hayes, Bernice Nilson.  
Thursday, October 8 — Gloria Talbert, Duanne Johnston, Sadie Butterfield Johnson, Mrs. A. C. Frick, Mrs. Donald Johnston, Laura Vigen.

## Red Cedar Menace To Apple Orchards

At their meeting held at Excelsior last Friday, the Excelsior Fruit Growers Association, which takes in all the growers in the Minnetonka area, went on record as advocating the elimination of red cedar trees, as this tree is a host to the apple rust disease. It is claimed by experts that these trees should all be eliminated within a mile and a half of the orchards.

Other things advocated had to do with pruning and cultivation of orchards. October 7th was designated as the date for a general meeting of apple growers of the Lake Minnetonka area, at Excelsior, to further discuss this situation and to organize for action in regard to red cedar elimination.

## INTER-OFFICE CORRESPONDENCE

TO

Lewis Beeson

FROM

G. L. Ditter

DATE

June 3-1943

SUBJECT

Geographic  
Board

The writer has been busy on the farm  
past six weeks getting in the crops and  
have not been over to see how things  
are going.

Hope the Legislature did some good for  
the Geographic Board so the office can get  
caught up with files.

My boys will be out of High school  
next week so they can take over.

Will see you within two weeks

Yours  
G. L. Ditter

Mr Arthur J Larson,  
c/o Minn. Historical Society  
St Paul, Minn.,

Subject:  
State Geographic Board.

Dear Mr Larson:

*nwb.*

Some six weeks ago when I called on you, you suggested that you would call a Board meeting and that you wanted me to sit in for the purpose of formulating some plan of soliciting the help of the ~~various~~ various Conservation, Sports, Game and Fish groups to sponsor a Bill to be presented to the next legislature.,

I have given this matter a lot of thought and have a plan that I feel sure will be successful and would be very happy to present it to this meeting.,

You can drop me a line at the above address and it might be well if you and I would get together before this meeting and you might suggest a time to suit your convenience.,

Certainly glad that you are back in the harness and I feel confident that we will now get under way.,

Sincerely yours.,

Mary W Berthel,  
c/o Minn. Historical Society,  
St Paul, Minn.,

Dear Mary:

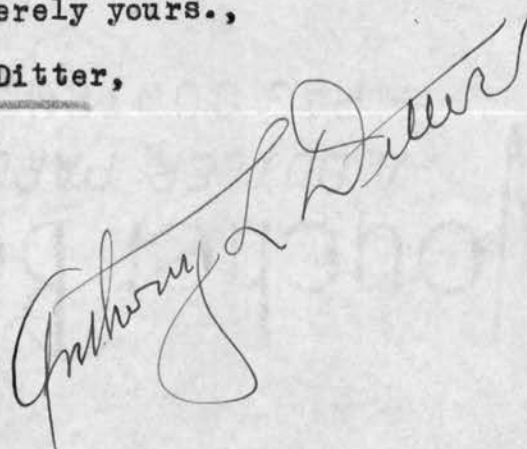

Certainly was pleasing to me that you have carried on the work of the State Geographic Board and I am hopeful that it might be developed within the next few years and I will be glad to anything I can to help you.

I feel that with the publicity we can get and with the support of hundreds of Sportsmans Club in the State it would not be any great difficulty to have the project properly financed.,

Please note attached copy of letter to Mr Willard and would appreciate your comments.,

Sincerely yours.,

Anthony L Ditter,

Feb 28 1949..

Minn. Conservation Dept.  
c/o Mr Willard,  
State Office Bldg,  
St Paul, Minn.,

Subject: State Geographic Board.

Dear Mr Willard:

Thanks for the courtesy extended to the writer when I called there several days ago, re- the above and was pleased that you are still very much interested in the worth while project.

In reviewing the Senate File No 557 to amend the Statues of 1927, section 751-2, the last paragraph reads "Provided no name of any lake, river or stream or other body of water, which name has existed for forty (40) shall be changed ~~in~~ under the provision of the act"

This was a bone of contention some ten years ago and it practically leaves the Geographic Board with nothing to work with and should be changed, possibly like this

"Provided no name of any lake, river, stream or other body of water shall be changed that has a Historic value"

Will you give this some thought and if agreeable to the Board I would like to introduce a Bill or by your Board action to authorize this change by a legislative act, now in session.

I am mailing a copy of this letter to Mary W Berthel.,

Sincerely yours.,

Anthony L Ditter.,

June,

I acknowledge this with  
a note.

Mr Russell Fridley, Director.  
Minnesota Historical Society.  
St Paul, Minn.

Dear Russell,

It was indeed a pleasure to get personally acquainted when I called at your office last week in the interest of the State Geographic Board.

As a matter of saving time I am attaching a letter I wrote Lee Vann of the Minn. Arrowhead Assn. and this will give you briefly what we talked about at our interview.

The only suggestion I can make now is that you try and get your Board together as soon as possibly convenient and get their reaction.

Possibly they have recommendations to offer that would serve a better purpose than what I out-lined, at any rate we will have to get their sanction and blessing if we are going to move forward which will have to be soon before the legislators convene, otherwise it will be delayed for another two years.

Kindest personal regards.

Anthony L Ditter-----

P.S. Will you mail me another Application Card, I seem to have mislaid the one you gave me.

SEDT  
At the Spring Meeting of the Arrowhead Association the writer brought up the matter of the more or less dormant State Geographic Board which was established by the State Legislature some 25 or more years ago for the purpose of naming and re-naming the Lakes and Streams in Minnesota.

At the present time we have some 90 Long Lakes, 70 Cedar Lakes and so on down the line in addition to the fact that there are some 3,000 Lakes in Minn. that to this date have not been officially named. Likewise the mention of a lake in Minnesota carries no indication of its location.

Back of this proposal for the establishment of the Geographic Board was that eventually a Tourist Map with a guide book could be gotten out so that if you referred to Spirit Lake or Cedar Lake No. 27 its location could immediately be established and what a wonderful thing this would be.

Some time long before World War II I was appointed as a spl representative by the Board ( no compensation) to get the reaction of the people in my travels thru Minn. with the plan of working thru "4-H" Clubs, Schools, Sportsmans Club etc, and the response was extremely gratifying.

At the present time the Minn. Historical Society has been going along the best they can, and as I understand with no appropriation from the State for the work involved, but there is no effort made to develop this worth while project.

At the last Spring Meeting of the Association a motion was made that the resolution I proposed and adopted was to be referred to the Executive Committee for some action to have the Minn. Arrowhead Assn. indorse the project.

Recently I interviewed Senator Gerald Mullin and he informed me that we should get your Assn and as many more as possible to write to the Gov. Freeman asking him to establish an appropriation from his budget on a yearly basis to make this project workable.

No. "2"

State Geographic Board.

It would be important that this demand or suggestion be forwarded to His Excellency the Governor as soon as possible: I feel that he has a keen interest in this matter as he indicated in his Address at the Spring meeting: Also with this thought that any communication coming from the Minn. Arrowhead Assn. would carry a lot of weight.

The writer will also have a personal interview with the Executive Secy. of the State Historical Society, the building where also the offices of the Geographic Board are located.

Will also contact George Selke and get his help to work for the project.

I am confident that the Press will back us up and a lot of help from our good friend Ed. Shave as he was one of the originators of the State Geographic Board. Jack Connors is also on our side.

Have is hoping that our efforts will bring some results.

Kindest personal regards.

Anthony L Ditter.

2 copies.

If there is anything more I can do, drop me a line.

Wants to petition governor to  
appropriate funds for Geog.  
Board.

Mr. Ditter heads a movement on the part of various organizations like the Amatead Assn. to petition governor to provide a regular appropriation for the Geographic Board. He wants to engender energy to finish compiling the records + "revive the board" as he puts it. Mary says he has been active + is board since its inception + will carry thru. He wants to know what has been done, what needs to be done + how much money is needed. Want you to call him. Mary says he will keep at us until he gets what he wants.

Dear Mr. Ditter:

Re: State Geographic Board,

I have your letter of January 6th. I have been hoping to have a chance to discuss it with Mr. Russell Fridley, but when I saw him last week at Red Wing, in connection with the proposed Frontenac State Park, I did not have your letter with me.

I do wish you to know that I appreciate your comments, and will, in the near future, talk to Russell about future developments pertaining to the State Geographic Board.

With best wishes, I am,

Very truly yours,

George A. Selke  
Commissioner of Conservation

Jan. 6th 1957

Dr. George A. Selke, Commissioner  
Conservation Department  
State Office Building  
St. Paul 1, Minn.

Subject: State Geographic Board.

Dear George:

It was the writers pleasure to meet you when you gave your first talk at the Minnesota Arrowhead Assn., Dinner meeting at Duluth more than a year ago and at which time I talked to you about the State Geographic Board. You informed me at the time that I should write you as to its plans and possibilities. But I never did.

Since then I have had several meetings with Russell W. Fridley and was pleased to note that the Board met after an absence of 12 years: Prior to World War II, I took quite an interest in the project while Mr. Larson was Director of the Historical Society, but he left right after the war and since it has been more or less just shifting around.

Mr. Fridley informed me that as a result of the last meeting that in the future the plans are at least that the Conservation Dept. would take a more active interest in the development of the State Geographic Board, if so no doubt you will appoint some-one in your department to function in that capacity.

I suggested to Mr. Fridley that it might be a wise move to appoint an active committee of seven or more members, such as Miss Berthol, Lee Vann, Minn. Arrowhead Assn. Ed. Shave Star Trib. (Ed. was one of the first promoters of the Geographic Board) possibly one from St. Paul Dispatch, possibly myself and such other members that may be suggested.

This committee with the sanction of the Board could lay workable plans or ferret out ways and means to properly promote this worth while project: It would lend itself greatly to our Tourist Bureau, Historically, our Highway Department and get the people also more Conservation minded.

I know that you are over-loaded with work, but if you feel that I could be of any assistance in any way, it would be a pleasure to hear from you.

Kindest personal regards and a Happy New Year.
