AITKIN COUNTY

T. 52n, R. 26w, Hill Lake Twp.

----- NAME SECTION REFERENCE -----

Hill Lake Twp. And its village, Hill City, also its Hill Lake, are all so designated from the prominent hill of morainic drift in Sec. 25. This is the culminating point of a very knolly and broken tract of the same moraine extending into adjoining sections, to which locality, and especially to its highest part, the Ojibways applied the name Pikwadina (or Piquadinaw), "it is hilly". Hence came the common name "Poquodenaw Mountain," used by the lumbermen given to this hill on the map of Aitkin County in the Minnesota Geological Survey. (Upham)
