Description & Name Origin Consists of 285 acres, purchased by the state in 1937, located seventeen miles northeast of Warren Area is bisected diagonally by a winding river, which gives the park its name. Area is partially covered with poplar, bayelder, elm and other deciduous stock common to this part of the state. The remnants exist of an old water-power operated flour mill, constructed originally in 1780. (var)

The original grinettes, which were shipped
from France to Fargo, N. Dak., and from there
hailed by carts to the site, are still in preservation.
Park will have picnic facilities.

At the age of 15 years, in company with his brother Joseph, he went to the lead mines of Galena, where he worked several years and learned land surveying.

In 1847 he came to St. Croix Falls, Wisconsin, and in 1849 to Minnesota settling at St Anthony Falls and opening a general hardware business with his brother Joseph. For Franklin Steele and others he surveyed the St. Anthony Falls townsite, his plat being dated October 9, 1849. Two years later he removed to St Paul, which thenceforward was his home and became its pioneer hardware merchant. In 1855 he founded a banking business, which failed in the financial panic of 1857;
