REPRESENTATIONS AND WARRANTIES OF SUBSCRIBER

2.1. Subscriber hereby represents and warrants to, and covenants with, the Company as follows:

(A) the Subscriber recognizes that the purchase of Notes subscribed to herein involves a high degree of risk because the Company has only recently commenced business operations and may require substantial funds in addition to the proceeds of this private placement; The Subscriber understands and acknowledges that an investment in the Company is highly speculative. Subscriber bear the economic risk of Subscriber's investment and is able, without impairing Subscriber's financial condition, to hold the Notes for an indefinite period of time and to suffer a complete loss of Subscriber's investment;

(B) the Subscriber has received and read carefully the Offering Memorandum and has had the opportunity to review the information with the Subscriber's legal and financial advisers prior to execution of this Agreement; the Subscriber has not relied on any discussions with or information from the Company its management or any other persons other than the Offering Memorandum in making Subscriber's investment decision;

(C) The Subscriber has reviewed the section of the Offering Memorandum entitled "Risk Factors and Conflicts of Interest" and acknowledges that the operation and management of the Company and its affiliates is subject to various actual and potential conflicts of interest. By signing this Subscription Agreement, the Subscriber specifically consents to such conflicts of interest as described in connection with the Subscriber's subscription for the Notes.

(D) the Subscriber has had an opportunity to ask questions of, and receive answers from, the officers of the Company concerning this Agreement as well as the Company's business operations, management and financial affairs, which questions were answered to Subscriber's satisfaction. Subscriber believes that it has received all the information Subscriber considers necessary or appropriate for deciding whether to purchase the Notes. Subscriber acknowledges that any business plans prepared by the Company have been, and continue to be, subject to change and that any projections included in such business plans or otherwise are necessarily speculative in nature, and it can be expected that some or all of the assumptions underlying the projections will not materialize or will vary significantly from actual results. Subscriber also acknowledges that it is relying solely on its own counsel and not on any statements or representations of the Company or its agents for legal advice with respect to this investment;

(E) the Subscriber has substantial experience in evaluating and investing in private placement transactions of securities in companies similar to the Company and acknowledges that the Subscriber can protect its own interests. Subscriber has such knowledge and experience in financial and business matters so that Subscriber is capable of evaluating the merits and risks of its investment in the Company;

(F) the Subscriber is an "accredited investor" within the meaning of Rule 501 (a) of Regulation D of the Act, is familiar with the Company and has such knowledge and experience in finance, securities, investments, including investment in non-listed and non-registered securities, and other business matters so as to be able to protect its interests in connection with this transaction; Subscriber hereby agrees to submit to the Company the Investor Suitability Questionnaire provided herewith, and such further assurances of such status as may be

reasonably requested by the Company;

(G) the Subscriber acknowledges that no market for the Notes presently exists and none may develop in the future and accordingly the Subscriber may not be able to liquidate its investment;

(H) the Subscriber hereby acknowledges that this offering of Notes has not been reviewed by the Securities and Exchange Commission (“SEC”) or by any state agency, that the Notes are being issued by the Company pursuant to an exemption from registration provided by Section 4(a)(2) of the Act or Rule 506 of Regulation D promulgated thereunder and that no state or federal agency has passed upon the Notes or made any finding or determination as to the fairness of this investment, the merits of the terms of the offer and the sale of the Notes, or the adequacy or accuracy of the disclosures made in the Offering Memorandum;

(I) the Subscriber is not aware of any advertisement or general solicitation of the Notes;

(J) the Subscriber acknowledges that the Notes must be held at least until maturity and in certain instances indefinitely (as set forth further below) unless subsequently registered under the Act or an exemption from such registration is available. Subscriber is aware of the provisions of Rule 144 promulgated under the Act which permit limited resale of Notes purchased in a private placement subject to the satisfaction of certain conditions, including among other things, the existence of a public market for the Notes, the availability of certain current public information about the Company, the resale occurring not less than one year after a party has purchased and paid for the security to be sold, the sale being effected through a “broker’s transaction” or in transactions directly with a “market maker” and the number of Notes being sold during any three-month period not exceeding specified limitations. The subscriber understands that the current public information referred to above is not now available and the Company has no present plans to make such information available. Subscriber acknowledges and understands that the Company may not be satisfying the current public information requirement of Rule 144 at the time the Subscriber wishes to sell the Notes, and that, in such event, Subscriber may be precluded from selling such securities under Rule 144, even if the other requirements of Rule 144 have been satisfied. The subscriber acknowledges that, in the event all of the requirements of Rule 144 are not met, registration under the Act or an exemption from registration will be required for any disposition of the Notes. Subscriber understands that, although Rule 144 is not exclusive, the Securities and Exchange Commission has expressed its opinion that persons proposing to sell restricted securities received in a private offering other than in a registered offering or pursuant to Rule 144 will have a substantial burden of proof in establishing that an exemption from registration is available for such offers or sales and that such persons and the brokers who participate in the transactions do so at their own risk;

(K) the Subscriber understands and acknowledges that no public market now exists for any of the securities issued by the Company and that the Company has made no assurances that a public market will ever exist for its securities;

(L) the Subscriber understands that the Notes have not been, will not be upon issuance, and may never be, registered under the Act by reason of a specific exemption from the registration provisions of the Act, the availability of which depends upon, among other things, the bona fide nature of the investment intent and the accuracy of Subscriber’s representations as

expressed herein or otherwise made pursuant hereto;

(M) the Subscriber is acquiring the Notes subscribed to hereunder as an investment for Subscriber's own account, not as a nominee or agent, and not with a view toward the resale or distribution of any part thereof, and Subscriber has no present intention of selling, granting any participation in, or otherwise distributing the same. Subscriber further represents and warrants that it does not have any contract, undertaking, agreement or arrangement with any person or entity to sell, transfer or grant participation to such person or entity or to any third person or entity with respect to any of the Notes;

(N) the Subscriber does not have any contract, undertaking, agreement or arrangement with any person to sell, transfer or grant participation to such person, or to any third person, with respect to any Notes sold hereby;

(O) the Subscriber has full power and authority to enter into this Agreement which constitutes a valid and legally binding obligation, enforceable and in accordance with its terms;

(P) the Subscriber has satisfied himself or herself as to the full observance of the laws of his or her jurisdiction in connection with any invitation to subscribe for the Notes or any use of this Agreement, including: (i) the legal requirements of his/her jurisdiction for the purchase of the Notes; (ii) any foreign exchange restrictions applicable to such purchase; (iii) any governmental or other consents that may need to be obtained; and (iv) the income tax and other consequences, if any, that may be relevant to the purchase, holding, redemption, sale or transfer of Notes;

(Q) the Subscriber understands that the Company is relying upon the Subscriber's representations, warranties and agreements contained in this Agreement in determining the applicability of certain laws and regulations to the transactions contemplated by this Agreement, and accordingly, such representations and warranties shall survive the effective date of this Agreement and the closing of this subscription;

(R) all written information that Subscriber has provided to the Company concerning the Subscriber, the Subscriber's financial position, and the Subscriber's knowledge of financial and business matters, including all information contained in this Agreement, is correct and complete and may be relied upon by the Company and the Company's legal counsel, and if there should be any material change in such information prior to the Agreement having been accepted by the Company, the Subscriber will immediately provide the Company with notice of such change;

(S) the Subscriber's address listed in this Agreement is the Subscriber's domicile or place of business and the only jurisdiction in which an offer to sell was made to the Subscriber;

(T) the Subscriber has not incurred any obligation for any finder's, broker's or agent's fees or commission in connection with the transactions contemplated by this Agreement;

(U) the Subscriber acknowledges and agrees that, to the extent that the Company uses some or all of the investment proceeds from Subscriber to invest in one or more target companies, Subscriber's will have no equity interest in the Company and that the Subscriber will have no direct or beneficial interest in any wholly-owned or partially-owned subsidiary entity of

the Company, or preferred or priority interest in any distributions from the Company or such subsidiary entities or liquidating transactions between the Company and such subsidiary entities;

(V) the Subscriber acknowledges and agrees that at the sole and absolute discretion of the Company and without Subscriber consent, the Company may convert the Note to preferred interests of equity in the Company, at the purchase price per percentage interest such preferred interests are being offered upon notice and without consent of the Subscriber and such conversion may cause Subscriber to hold their investment in the Company for an indefinite period;

(W) the Subscriber acknowledges and understands that the Company may vary the terms of the Offering Memorandum with respect to any Noteholders and may enter into confidential side letters or other similar agreements (“**Side Letters**”), with certain noteholders and may issue confidential supplements to the Offering Memorandum related to such noteholders which are not provided or disclosed to the Subscriber. Such terms may waive or modify the application of any provision of the Notes with respect to such Noteholders, without obtaining the consent of or giving notice to any other Noteholders, including the Subscriber;

(X) the Subscriber agrees to provide the Company with the ability to cure any default for failure to make timely any payments of interest and/or Loan Amounts on the terms and conditions set forth in the Offering Memorandum and the Notes;

(Y) The Subscriber agrees and understands that Subscriber may pay tax on interest accrued but unpaid interest earned in a calendar year that is accrued even if not paid in same year as such accrual or if converted into the Company preferred interests;

(Z) The Subscriber understands that the Subscriber’s sole remedy in the event of the Company’s default on any Note is the receipt of the Company’s preferred interests;

(AA) the Subscriber understands that any wire or automated clearing house payment sent to the Subscriber’s account provided by the Subscriber, or to any other account as directed by the Subscriber will constitute payment to the Subscriber and relieve the Company of any further obligation to the Subscriber with respect to the amounts so paid and the Notes thereby satisfied, and the Subscriber releases the Company from any further obligation with respect thereto. The Subscriber understands that the Company may impose such procedures as it deems appropriate before it will accept any change in the account designated provided herein;
