

UNLOCK 25% MORE HVAC LEADS WITH OUR FREE HVAC **GROWTH STRATEGY GUIDE!**

Ventura Marketing Gurus - Powered by LeadMax Flow Accelerator

This guide is designed to help HVAC businesses identify opportunities to grow their online presence, improve lead generation, and scale their business. Complete this checklist to evaluate key areas of your marketing strategy.

1. SEO Optimization

- Do you have a website? Is it optimized for search engines (SEO)?
- Is your main keyword included in the title tag on each of your pages?
- Do you have service pages for each core service?
- Is there unique content on each page of your website to differentiate your services?

2. Conversion Optimization

- Is your phone number displayed prominently at the top of every page?
- Do you have a clear call-to-action after every block of text?
- Are you using high-quality, authentic images (team photos, office images)?
- Are your forms simple and easy to complete?

3. Mobile Optimization

- Does your site load quickly on mobile devices?
- Is your design responsive and user-friendly on all devices?

4. Content Marketing

- Are you blogging regularly to create inbound organic traffic?
- Do you have pages targeting your most important keywords, such as 'your city + service'?

5. Google My Business & Listings

- Is Your Business Optimized on Google My Business?
- Are your name, address, and phone number consistent across all online directories?
- Do you actively work on getting new reviews every day?

6. Social Media & Email Marketing

- Are you active on platforms like Facebook or Instagram?
- Are you sending out regular newsletters and using email marketing?

7. Paid Online Marketing Opportunities

- Are you running targeted ads on Google or Facebook?
- Are your ads tailored to specific audiences based on location, interests, or behaviors?

8. Tracking and Analytics

- Are you using tools like Google Analytics, Call Tracking, and CRM to monitor your ROI?
