# ECLIPSE®

## S H U T T E R S

Eclipse® Shutters is the leader in design and innovation. We manufacture elegant plantation shutters to the highest standards possible, with cutting-edge craftsmanship and unmatched durability.

All of Eclipse plantation shutters feature a permanent UltraSatin™ finish that achieves the look of painted wood, and will never have to be refinished or repainted.

As beautiful as they are durable, Eclipse Shutters will stand the test of time with minimal care, and they are guaranteed not to fade, crack, chip, peel or warp! By installing Eclipse Shutters, you'll be adding a custom window treatment that adds a touch of class and instant value to your home.

Eclipse Shutters have been the best-selling shutter in North America for over 25 years.

+ featured product: COTTON • 3 1/2" LOUVER • TRIM FRAME • STANDARD DIVIDER RAIL • REAR TILT

# INNOVATION + DESIGN

Three tilt options are available: Tilt Bar, Rear Tilt, and Gear.

TILT BAR

REAR TILT

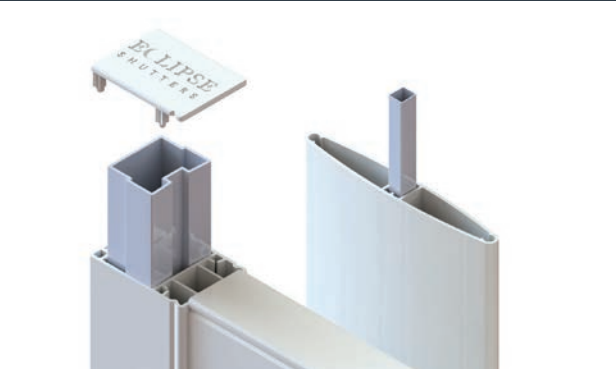

GEAR

Some of our most innovative features are hidden within our shutters. Panel Lock eliminates the use of unsightly magnets while offering ease of installation and a smooth closure. Aluminum reinforced louvers and stiles add superior strength and durability.

## S H U T T E R S

Make a statement with Eclipse Shutters! Installing our shutters can take your windows from bland to bold. Whether your preferred style is traditional, modern, or even rustic, shutters have the design flexibility and classic charm to help you achieve it.

Eclipse Shutters allow you to finish your windows with a frame (shown in inset) that eliminates light gap. Our selection of inside and outside mount frames can complement or replace the trim around your windows.

## DURABLE FINISH

+ featured product:

COTTON • 3 1/2" LOUVER • L FRAME • GEAR SYSTEM

# 01

• • • • •

## Select your color

Three neutral tones are available to complement your interior design: Cotton, Pearl or Vanilla. Choose from four coordinating hinge colors to complete your color selection.

## Select your louver size

# 02

• • • • •

Eclipse Shutters are offered in three louver sizes: 2 ½", 3 ½" and 4 ½". The 2 ½" louver size is the smallest, and most traditional size. The larger 3 ½" and 4 ½" louvers offer the traditional look but have a grand feel to them. The size of window, size of room, personal preference, and view to the outside are all determining factors in choosing louver size.

# 03

## Select your tilt system

### TILT BAR

Features the traditional front center tilt bar that plantation shutters are known for. Quiet operating tilt bar connectors eliminate the need for staples.

### REAR TILT

Hidden tilt bar on the back of the shutters offers an unobstructed view with a modern look.

### GEAR

Features a hidden gear system and also offers a modern look. This system allows one touch control with superior louver closure.

## Select your frame

Frames are an important part of your plantation shutter selection. Consult with your dealer on which frame will be best for your window.

## Select your configuration and divider rail

Consider how you would like your shutters to open, and if you would like to separate the top and bottom sections of the panels for maximum light control and privacy.

### STANDARD OR BI-FOLD CONFIGURATION

Take a look around the room for any obstructions and determine whether you want the shutters to fold open or not. Then, choose a Standard or Bi-Fold configuration.

### STANDARD OR DELUXE DIVIDER RAIL

You can then decide whether you'll need a divider rail. Taller panels will require a divider rail. Divider rails allow the shutter to be divided into two operable sections for optimal light control and privacy. The Deluxe divider rail can also be used as a handle for track systems, featured in photo on the left.

## Complement your shutters with upgrades

Continue your shutters throughout your home for an upscale, designer look. We offer options for doors, specialty shaped windows, and track systems.

FUNCTIONAL CHARACTER

+ featured product:

COTTON • 3 1/2" LOUVER • 4-SIDED L FRAME • REAR TILT • FRENCH DOOR WITH CUTOUT

ECLIPSE SHUTTERS

+ featured product: COTTON • 3 1/2" LOUVER • 4-SIDED L FRAME • REAR TILT • FRENCH DOOR WITH CUTOUT

## 6a FRENCH DOOR WITH CUTOUT

Our shutters are not meant for windows alone! Eclipse Shutters are the perfect solution for French doors. Our French Door with Cutout has a contoured design to accommodate all of the latest door styles and lock options. The cutout allows the handle of the door to operate freely without interference from the shutter.

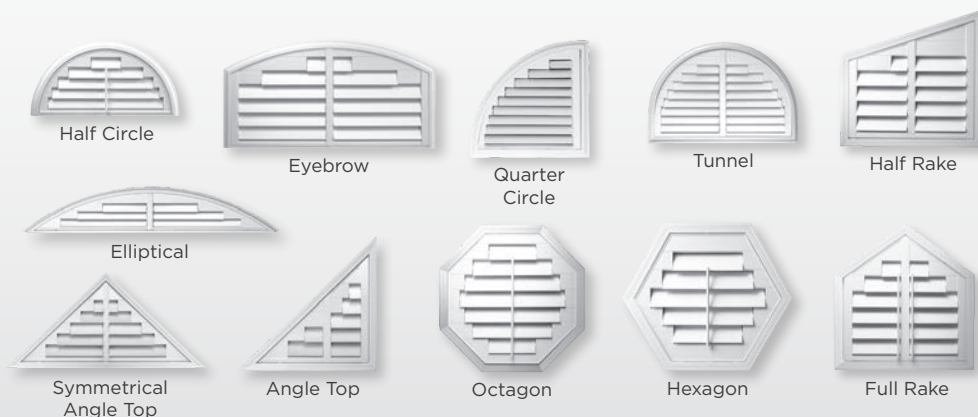

+ featured product: VANILLA • 2 1/2" LOUVER • 4-SIDED L FRAME • DELUXE DIVIDER RAIL • TILT BAR

## 6b SPECIALTY SHAPES

Specialty shapes can be seen in homes around the country. Both modern and traditional homes can be constructed with specialty shaped windows, some with curved lines and others with angled lines. Choose from eleven shapes for the these types of windows in your home.

## 6c TRACK SYSTEMS

Eclipse Shutters Track Systems are an ideal solution for pantry doors, patio doors, closet doors, and room dividers. They can also be used on large scale windows. The Bi-Fold Track System has panels that fold to one or both sides, while the By-Pass Track System has panels that slide from side to side.

1. Bi-Fold: one track with multiple stack back options
2. Closed By-Pass: two tracks, louvers closed when passing
3. Open By-Pass: two tracks, louvers open when passing or stacking
4. Triple Track By-Pass: three tracks, louvers closed when passing or stacking

+ featured product:: PEARL • 4 1/2" LOUVER • STANDARD AND DELUXE DIVIDER RAILS • CROWN VALANCE • SIX PANEL TRIPLE TRACK BY-PASS TRACK SYSTEM

Track valances add the finishing touch to our track systems.

1. Bi-Fold Standard Valance
2. By-Pass Standard Valance
3. Crown Valance (Bi-Fold/By-Pass)
