Our continuing program of product improvement makes specifications, design and product details subject to change without notice.

There's been a broad trend towards design simplicity for some years now, and it shows no signs of slowing down. Focus is shifting towards a more balanced contemporary lifestyle. Society is enjoying more open space with clean straight lines, a minimalistic approach with bold accent colours. It is a time where individuality is celebrated and our living space is bursting with personality. Inviting eclectic styles are more common – deriving ideas, from a broad and diverse range of sources. There is an undercurrent of deep appreciation of craftsmanship. Textures such as stone, wood and other natural elements are proudly displayed in our homes.

URBAN

DOOR SERIES

Strength Superior rust inhibition and polyurethane foam core.

Durability Top quality 24-gauge galvanized steel construction offers superior durability and tested performance.

Security Solid reinforcements ensure that hardware is mounted securely.

Construction Urban door series carry wood-edge door construction.

Glass Clear, textured or decorative glass options reflect an entrance with distinctive style.

We value the elements of a strong customer relationship. In response, we've developed a comprehensive understanding of the essential features that allow our customers to express their individuality. This drives us to use our fundamental vision and insight into making superior and sustainable products for many years to come.

URBAN

DOOR SERIES
WITH GLASS OPTIONS

8' 4 Panel Urban
M-0888

Passion is one of the key elements towards building a beautiful door. A dynamic use of space is the motivation behind this design series. This is a series, inspired by a current trend to reflect the home owner who thrives in a space uniquely modern. It is a statement door.

*Our team is dedicated to producing esthetically
exquisite and functional door designs.*

HARBOUR CRAFT® CONTEMPORARY

FIBERGLASS DOOR SERIES

Grain The fiberglass grain reflects mahogany textures.

Durability Top and bottom rails are constructed from rot free composite material. Molded fiberglass skin, and polyurethane foam core combined with engineered wood stiles provide superior thermal performance, strength and durability.

Security Door stiles are constructed with engineered 2" hinge and 4" latch stiles.

Construction Engineered wood is stronger, free of knots and more rigid than traditional wood stiles, resisting shrinking, bowing and twisting.

CONTEMPORARY 14

HARBOUR CRAFT
CONTEMPORARY 24

HARBOUR CRAFT
CONTEMPORARY 30

The Harbour Craft Contemporary designs boasts the aesthetics of wood with the strength, durability and maintenance advantages that fiberglass has to offer. It showcases a new level of elegance. Celebrate the element of being unique with the look and feel of mahogany.

Harbour Craft® Contemporary Mahogany 6'8" & 8'0"

The 42" size is a perfect complement to the Harbour Craft contemporary designs.

Door stiles are constructed with using 2" engineered lumber on the hinge side and 4" on the latch side. Engineered lumber is free of knots and is more rigid than traditional wood; resisting shrinking, bowing and twisting.

BELMONT® FLUSH GLAZED

FIBERGLASS
DOOR SERIES

Smooth Finish Belmont's ultra smooth finish features a unique brush stroke surface that is ideal for painting.

Durability Top and bottom rails are constructed from rot free composite material. Molded fiberglass skin, and polyurethane foam core combined with engineered wood stiles provide superior thermal performance, strength and durability.

Security Door stiles are constructed with engineered 4" hinge and 4" latch stiles.

Construction Engineered wood is stronger, free of knots and more rigid than traditional wood stiles, resisting shrinking, bowing and twisting.

BELMONT®

FIBERGLASS DOOR SERIES

Grain Multiple grain options are available in fiberglass – smooth, oak, mahogany and rustic. Belmont's ultra smooth finish features a unique brush stroke surface that's ideal for painting.

Durability Top and bottom rails are constructed from rot free composite material.

Security Door stiles are constructed with engineered 2" hinge and 4" latch stiles.

Construction Polyurethane foam core combined with engineered wood stiles provide superior insulation value and structural integrity.

Fire Ratings Selected Belmont fiberglass doors are available as 20-minute positive pressure fire tested.

Smooth Grain

Oak Grain

Mahogany Grain

Rustic Mahogany

Lock Side 4" Stile

Hinge Side 2" Stile

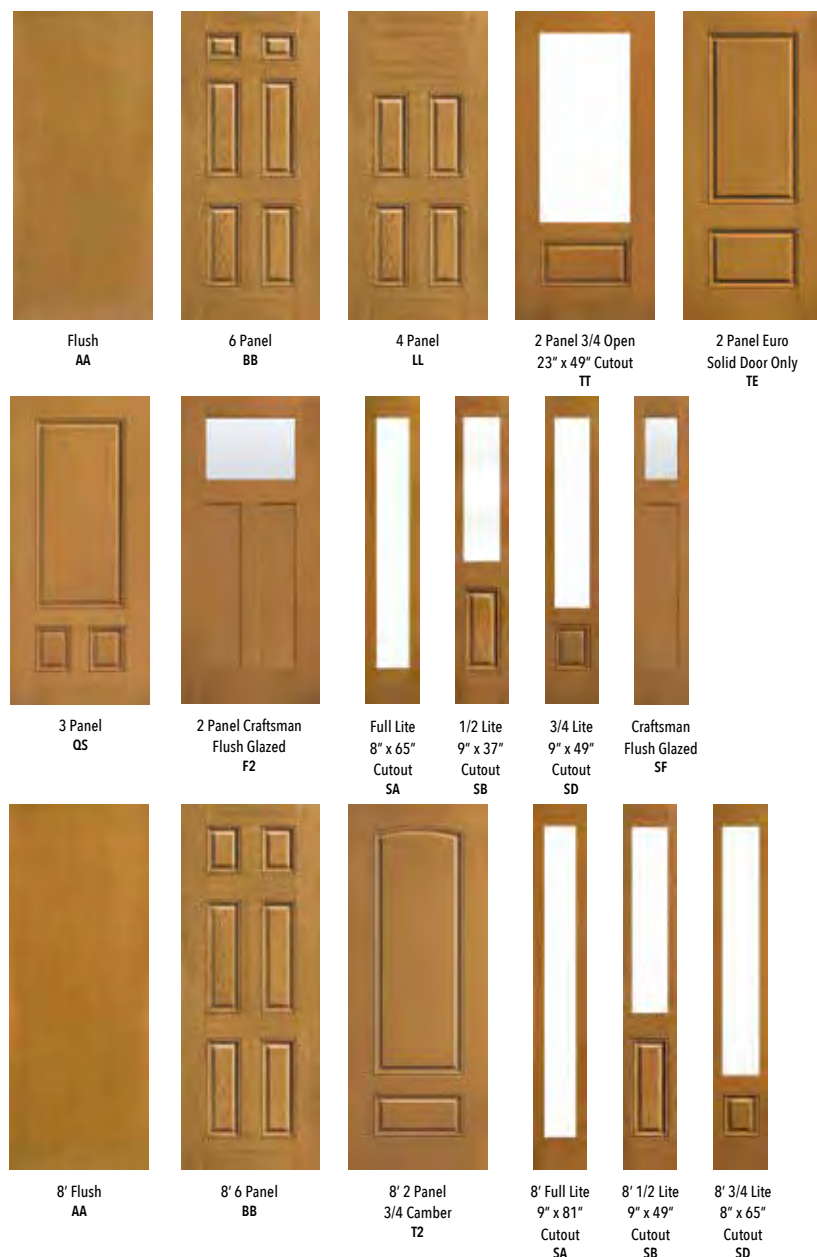

Stiles constructed from LVL material are stronger and more rigid than traditional wood stiles. The patented LSVL manufacturing process creates a door stile that resists bowing and warping.

Extensive style, deep panel designs, selection and grain texture options make the Belmont an ideal choice for any entrance. This 100% North American product mimics the grain, texture and construction of a handcrafted hardwood door. Molded fiberglass skin, and polyurethane foam core will provide superior thermal performance, strength and durability.

Internal Grill

*Set in between glass, our
internal grills make dirt
and dust a thing of the past.
To ensure your door is as
beautiful as it is energy efficient.*

TRU VIEW®

RAISE LOWER & TILT MINI BLINDS

Blind Mechanism Blind mechanism designed with style and functionality in mind.

Interior Blinds Raise Lower & Tilt Mini Blinds are fitted between the glass. Blinds can easily be adjusted to allow just the right amount of light, so you can enjoy privacy without the cleaning.

Low-E Our designs feature Low-E, reflecting heat back to it's source, maintaining a comfortable environment, protecting against and reducing UV fading of nearby furniture or drapes.

FERCO G-U **MULTI-POINT LOCKING SYSTEM**

3-POINT SECURITY AUTOMATIC DOOR LOCK

European technology in a North American Lock. By simply closing the door, the upper and lower 3/4" latches will instantly engage. Engaging the 1" deadbolt by turning the key from outside or the knob from inside, will block the top and bottom latch bolts, to make it a secure 3-deadbolt locking system!
