WHY A TRIVIA NIGHT? 🤖🍼

★ Infant Safety

Illinois saw **737** infant deaths before their first birthday in 2020.

Many of these tragedies were due to Sudden Unexpected Infant Death (SUIDS), the risks of which are amplified by co-sleeping and improper sleep positions.

But there's hope...
With Safe Sleep Kits, we're changing that narrative.

Just last year, **23 families** received these kits, offering their little ones a safer sleep environment.

★ Road Safety

Madison County is **3rd in fatal crashes** in Illinois. The right car seats can save lives! In 2020, properly used car seats led to significantly fewer severe injuries for children.

Local impact so far...
From 2021 to 2023, **118** car seats were provided to families in need, thanks to a local team of certified Child Passenger Safety Technicians.

★ YOU CAN HELP

Trivia Night participation helps provide:

- Safe Sleep Kits (\$130 each) which include Cribs, Sleep Sacks, Educational Materials, and more.
- Car Seats (\$60 to \$150 each) to ensure every journey is a safe one for our young ones.
