About us...

A journey into the world of **Speira** Handcrafted Bag Collection.

In a world increasingly dominated by mass production and fleeting fashion trends, I, Anna Spithogianni, Greek native, decided to follow my fashion dream and build my own bag collection **Speira**.

Speira believes in the art of handcrafting, where each bag is made by skilled Greek artisans resulting in premium bags that radiate quality, style and timeless elegance.

From stylish totes and clutches to chic shoulder and shopping bags, every creation is a reflection of **Speira** vision and esthetic, that give us the freedom to blend tradition with contemporary trends and push the boundaries of craftmanship.

We, at **Speira** are committed to sustainable practices by using eco-friendly materials, on demand production process (in order to meet the needs of our customers and avoid waste production) and long lasting relationships with in our team that try to improve our quality and techniques.

Speira bag is not just a bag, is a symbol of artistry.

It's more than a bag ... it's a piece of art
