

## SPECIALTY NUTRITIONAL SUPPLEMENT

# Pel-Bond

A pellet binder for use in animal and aquaculture feeds for improving pellet quality and pelleting efficiency.

## Features & Benefits:

- Increases pellet hardness and durability
- Reduces power requirements for pelleting process
- Low inclusion rate to allow for improved least-cost formulation and increased nutrient density
- Increases pelleting rate
- Extends pellet die life
- Reduces the amount of fines in pelleted feed
- Safe to add to all feeds with no residue or withdrawal concerns
- All ingredients are GRAS certified (Generally Recognized As Safe)
- Manufactured in the United States of America

# Guaranteed Analysis

PARAMETER	SPECIFICATION	
Active ingredients (Urea formaldehyde condensation polymer resin, calcium sulfate, kaolin, silica dioxide)	100.0	%

## Directions For Use:

For Animal Feeds: Add 1 – 2 kg per ton of complete feed

For Fish Feeds: Add 3 – 5 kg per ton of complete feed

For Shrimp Feeds: Add 6 – 10 kg per ton of complete feed

\*The usage rate will vary depending upon factors such as feed moisture, fat, and fiber content.

## Ingredients:

Urea formaldehyde resin, calcium sulfate, kaolin, silica dioxide

## Appearance & Odor:

Off-white, free-flowing powder with little to no odor.

## Packaging:

25 kg kraft bags, 40 bags per pallet

## Safety:

All ingredients are Generally Recognized As Safe by the United States Food and Drug Administration. There are no adverse effect, interactions or contraindications with the product. No withdrawal time is required.

## Storage & Shelf Life:

Three (3) years from manufacture date; store in a cool, dry area. Keep container closed when not in use.
