

# Special Character

Seventh-day Adventist Schools have a unique Special Character – our point of difference. We focus on the spiritual and character formation of our students. As Adventist Christians we are looking beyond tomorrow and are Educating for Eternity.

Your vitally important Special Character contribution makes a significant difference to the faith-development programme of the school and to your child's future.

## Your Special Character Contributions:

- fund Christian professional development for teachers and chaplains
- enable us to develop faith-based curriculum resources
- are essential to maintaining that point of difference which you value
- create the foundation for a well-rounded education that is based on Christian values
- fund resource development and training
- provide for the robust monitoring and evaluating of each school's effectiveness in preserving Special Character.

## Special Character Contributions are also:

- tax-deductible donations
- entirely voluntary
- may be paid at any time.
