Mission

“Breaking the Stigma of Addiction Through Medical Principles & Spirituality, **to Empower Those in Crisis.**”

Vision

To Provide Affordable and Sustainable Substance Abuse Treatment for the Entire Family, Not Just the Addict.

Total Life Change, a non-profit substance abuse treatment organization dedicated to fostering healthier sober communities. We were founded in 2015 on the basis of treating entire families in addiction crisis and are a sanctuary for those battling life's overwhelming moments. Our team is specialized in providing guidance and support in several critical areas, including:

1. Partial Hospitalization Program
2. Intensive Outpatient Program
3. Anger Management
4. Crisis Family Workshop

We are accredited by the great State of California, as well as by the Department of Health Care Services, Fresno County and offer intensive outpatient and partial hospitalization programs. These are both highly structured treatment programs for men and women, and are designed to address chemical dependencies that do not meet detox or residential level of care. Our clinical staff follows a medical based evidence program, with an empirical background, producing the ideal combination of medical and pastoral care.

In addition to addiction recovery services, Total Life Change highly focuses on treating the family in its entirety, offering crisis management programs for those who may be directly affected by a loved one struggling with addiction. We believe that these support groups go hand in hand with helping someone through their recovery.

ABOUT US

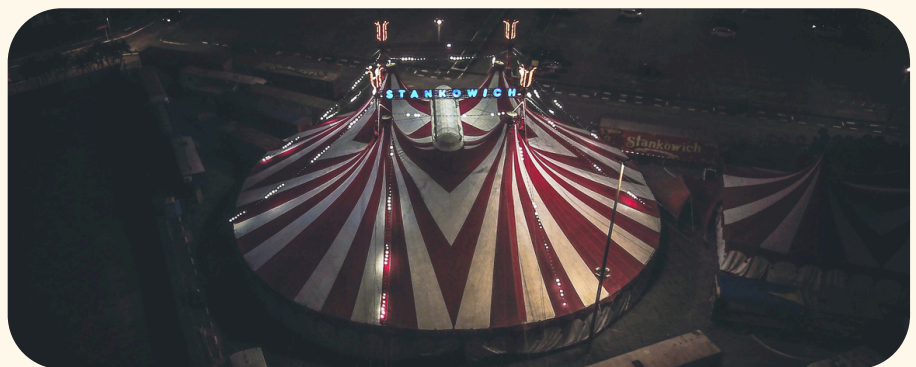

INTRODUCTION

Being a non-profit, we strive to ensure our services remain accessible to all. While we do accept various insurances, we also offer cash pay and scholarship programs, making our support notably affordable compared to many alternatives. These non-insurance programs we are blessed to provide are greatly funded by the generous donor base of our community. One of our largest yearly initiatives for funding these programs is through our annual fundraiser banquet.

Total Life Change Fresno would be honored and thrilled to invite you and your organization the opportunity to be a generous sponsor of this years banquet. Your participation will help us generate the necessary funds to continue the vital work we are doing daily at Total Life Change. Donations raised at this event will directly support our growing treatment programs, enabling us to reach more individuals in need and expand our impact within the community.

Your sponsorship would be deeply appreciated by our organization and the individuals we serve.

MEET
OUR
NEEDS

EVENT HIGHLIGHTS

We are thrilled to announce the distinguished presence of our esteemed City Mayor, Jerry Dyer, as the keynote speaker for our 2024 banquet. With a steadfast commitment to our community's well-being, the Mayor embodies the spirit of compassion and advocacy crucial for addressing the challenges of addiction. As a beacon of leadership, the Mayor's participation underscores the significance of our cause and inspires hope for a brighter, healthier future.

ENTERTAINMENT

As a sponsor of our 2024 banquet, you will enjoy an immersive circus performance specific to our sponsors and VIP members and separate from our standard ticketed guests. During this time you will have the opportunity to bid on silent auction items, enjoy an additional course in your meal, and experience a one-of-a-kind showcase.

DINNER & MORE

Delight in a delicious hand crafted meal with your guests while enjoying our VIP performance, as well as the message shared by Mayor Jerry Dyer. You will also get the chance to enjoy our dessert and silent auction, as well as other circus elements throughout the course of the evening!
