5. Click the drop down for RPC URL and click on Add RPC URL.

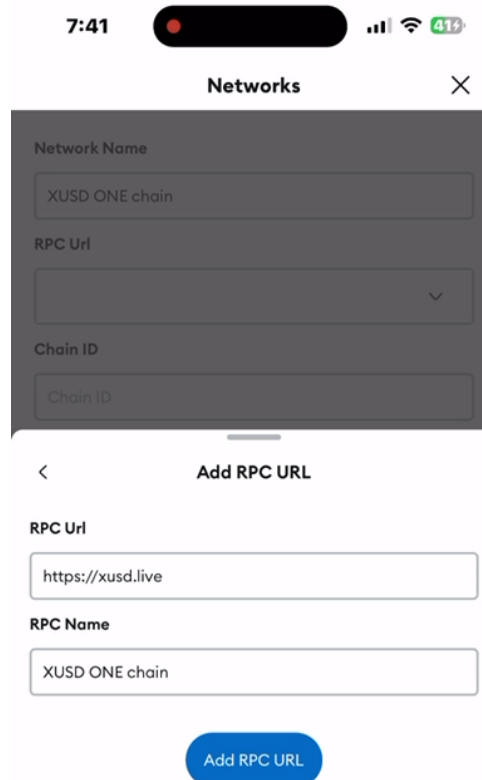

6. Click on Add RPC URL.

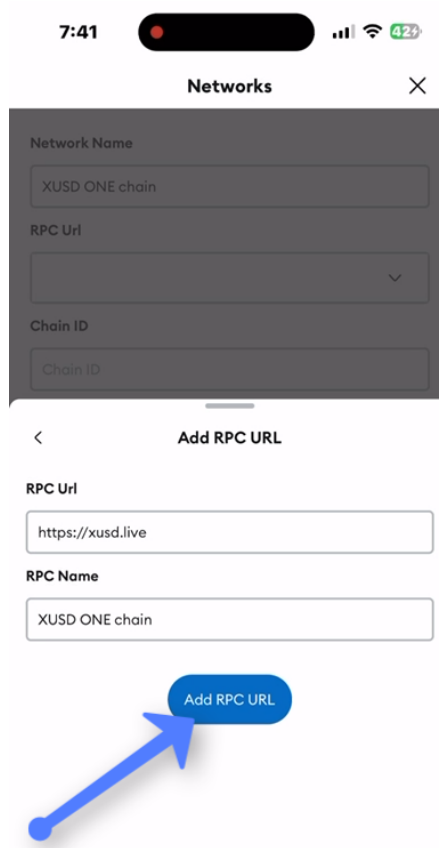

7. A popup will appear. Type in the RPC URL: **https://xusd.live**

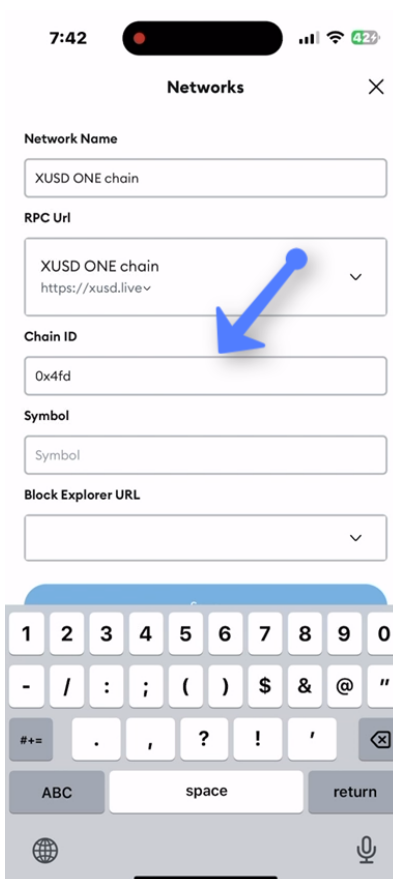

8. Type in the RPC Name: **XUSD ONE chain**

9. Click the Add RPC URL button

10. Click on the Chain ID and type: **0x4fd9** (This is a Zero, not a capital o)

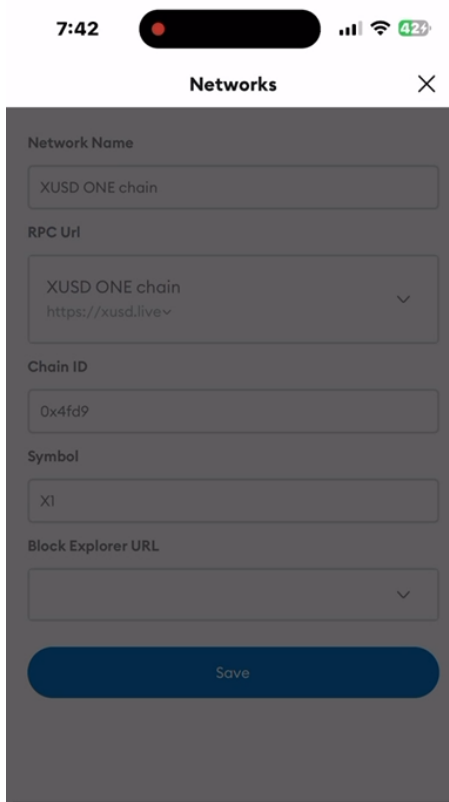

11. Click on the Symbol and type: **X1**

The screenshot shows the 'Networks' configuration screen on a mobile device. The fields are filled with the following information: Network Name: XUSD ONE chain; RPC Url: XUSD ONE chain (https://xusd.live); Chain ID: 0x4fd9; Symbol: X1; Block Explorer URL: (empty). A blue 'Save' button is visible below the fields. A keyboard is overlaid on the bottom half of the screen, with the 'X1' symbol already entered in the Symbol field.

12. Click the drop-down arrow in the Block Explorer URL box.

This screenshot is identical to the previous one, but with a blue arrow pointing to the drop-down arrow in the 'Block Explorer URL' field. The 'Save' button is also visible at the bottom.

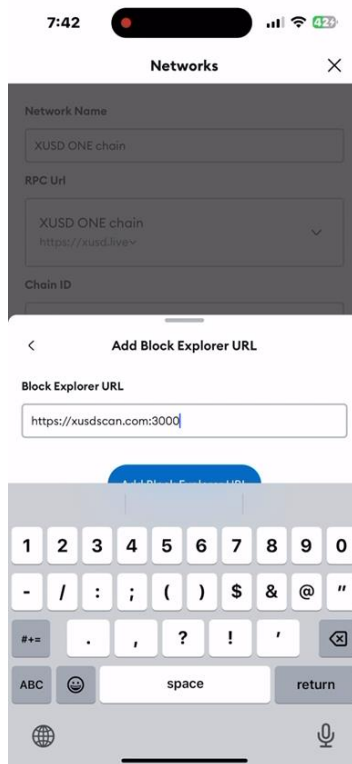

13. Click on Add Block Explorer URL.

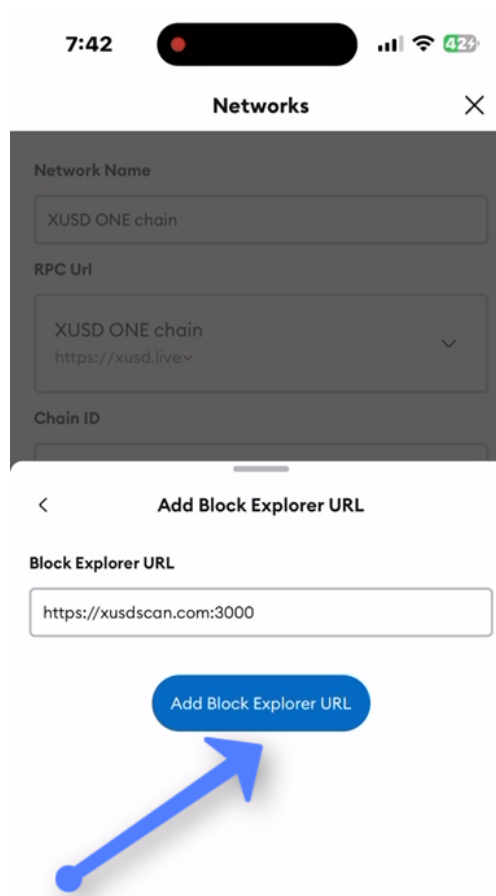

Add Block Explorer URL

Add Block Explorer URL +

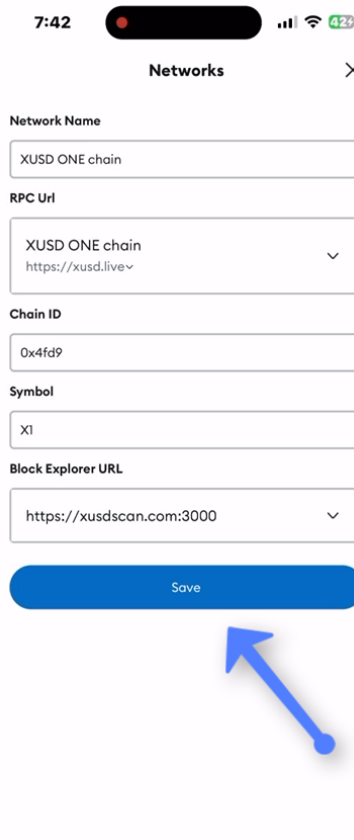

14. Click on the Block Explorer URL box and type: **https://xusdscan.com:3000**

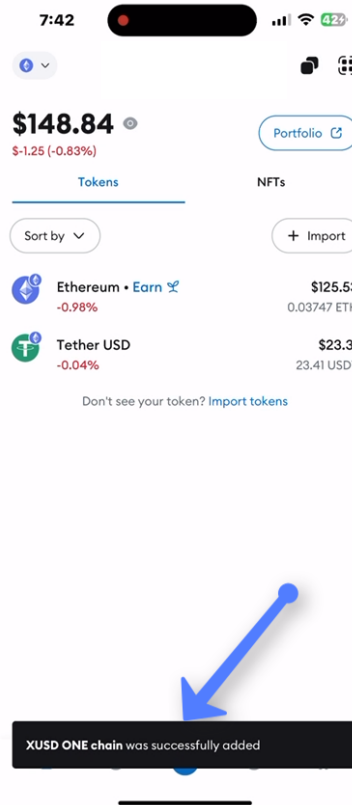

15. Click on the Add Block Explorer URL button.

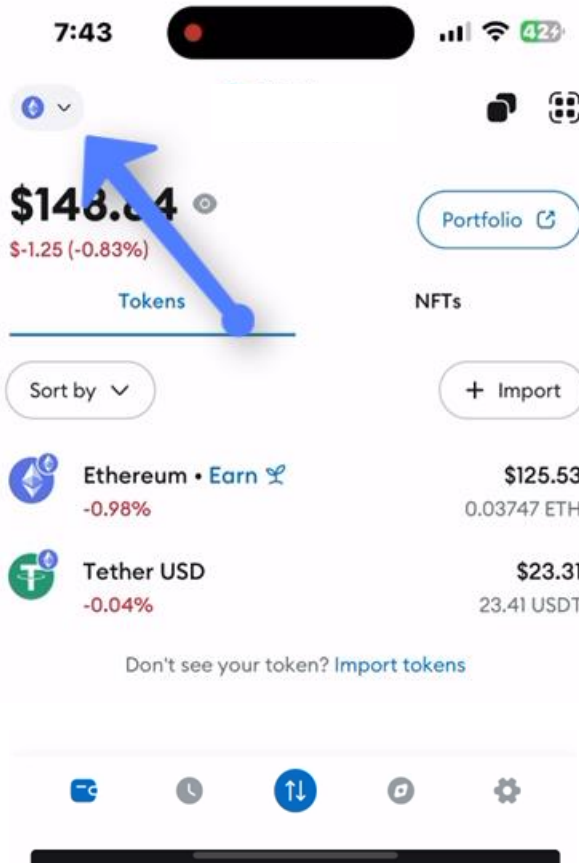

16. Once you have all the information in, click the Save button.

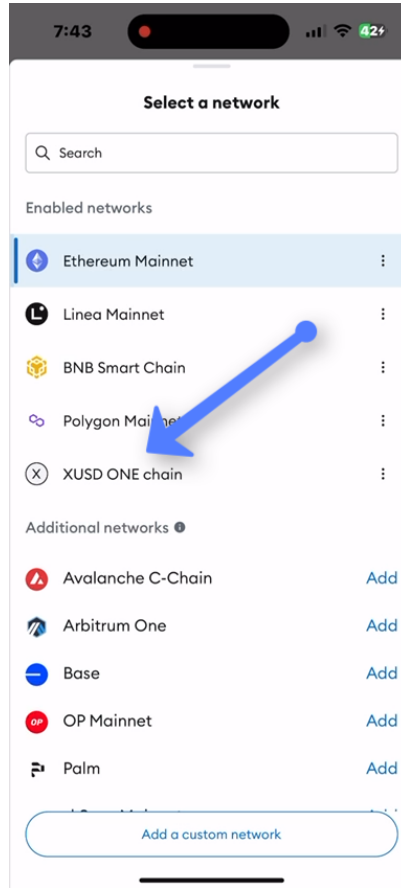

17. You will be taken back to the main screen and see a popup that says XUSD ONE chain was successfully added.

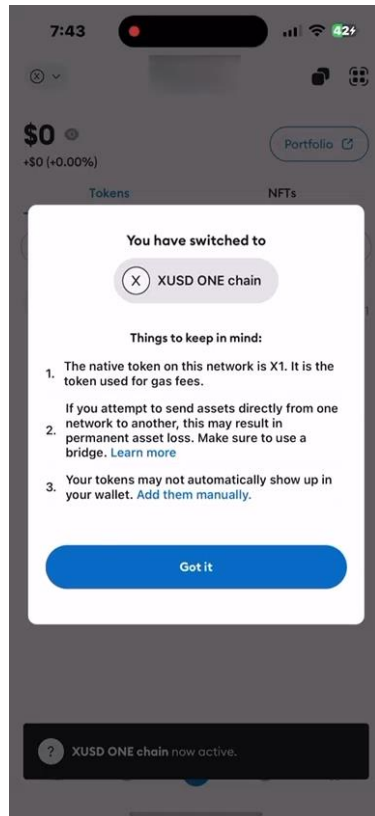

18. Click on the drop-down arrow located on top left corner of the screen.

19. A popup will appear, and you will see XUSD ONE chain added to the list of Networks. Click on XUSD ONE chain from the list.

20. A popup will appear explaining you have switched to XUSD ONE chain. Click on the Got It button

**Congratulations! You have connected the XUSD ONE chain and the X1 coin.**
