

BENCH ADVERTISING PROGRAM.

Drive **increased local business** and **grow awareness** for your company, product, or service by harnessing the power of bench advertising.

Businesses who engage in local signage advertising see **direct returns in investment**. Bench advertising is a great way to promote your business locally while providing a service to local residents at the same time.

Our benches are strategically placed in eye-catching locations around Strathmore to ensure the highest number of views on a daily basis.
