

**Relentless Quality  
Repairs: Mobile  
Maintenance**

# Field-Ready Industrial Maintenance Solutions

## **Relentless Quality Repairs – Mobile Maintenance**

specializes in on-site mechanical and welding services for mining, industrial, and commercial clients across Arizona and Nevada. With 30+ years of hands-on experience, our mobile teams deliver fast, reliable repairs to minimize downtime and extend equipment life.

We're built for the field—equipped, certified, and ready to respond wherever you need us.

**30**  
years  
of experience

## Our Services

1. Mobile Welding & Line-Boring
2. Hydraulic System Repairs
3. Diesel Powertrain Support
4. Emergency Field Repair
5. Preventative Maintenance Programs

## Why Choose Us?

- ✓ Mobile, rapid-response units
- ✓ Certified in 3G, 4G FCAW & SMAW
- ✓ 6G Pipe Welding Certified
- ✓ Thermal imaging & ultrasound diagnostics
- ✓ Trusted in mining & heavy industries
- ✓ Strong safety and compliance record

## For Federal Agencies

We're equipped to mobilize quickly and deliver dependable field maintenance wherever federal work demands it. Our certified mobile teams provide on-site repairs, welding, and mechanical support with a deep understanding of heavy equipment and safety-critical environments.

Relevant Experience Includes:

- On-site welding & fabrication support at Resolution Copper
- Emergency field repairs and modifications for mine fleets
- Line-boring and hydraulic cylinder servicing in active operations zones
