# THE YOU BRAND

I believe you're ready to expand taking bold action towards *building the beautiful brand called YOU* and a kickass life while **expressing yourself in new ways** so you can *share our brilliance* and unique gifts, skills and talents with the world.

**You already have a brand - YOU.**

However, my guess is that you don't have clarity on **how massively important and mighty** authentic personal branding is for your personal fulfillment and holistic success. It's time to discover and *tap into the power* of the brand called YOU.

Welcome to RISE Membership!

*With love, Nathalie*

# INTRODUCING PERSONAL BRANDING BOOTCAMP GROUP PROGRAM

Your most valuable asset in life is your mindset, your energy and your authenticity. *Your way of being and how you show up every day* is part of building the brand called YOU. Authentic personal branding is about you and learning how to leverage your brand so that there is NO QUESTION of **who you are, what you do, and who you are here to serve and why.**

You build your brand on values, vision, purpose, and passions.

If you want to grow your brand with heart, you need to live, lead and BE your brand both personally and professionally. Your brand is ultimately about YOU, it's your unique promise of value to the world, **it is an authentic expression of who you truly are**, think of it as a *one-of-a-kind shining and radiant offering to the world from your heart* of your highest self.

**It is NOT just a logo**, a tagline, or your IG feed and all the graphics alone (although they are important expressions of your brand too).

**Knowing who you are is crucial.** You need to get crystal clear on how you want to show up in the world and *whom you CHOOSE to be*. So your brand is MIGHTY, it empowers your self-image and identity and helps you to support your mission and the people you are here to serve and **helps you achieve your goals and heart desires**, whatever they might be.

This is where your values, passion, purpose and vision structure your business and the way you lead your life. This is where personal branding essentially becomes personal transformation. It's time for you to move beyond fear and old limiting stories and elevate *the most powerful asset you've got* – which is **the beautiful brand called YOU.**

*Time to rise up, ladies!*

welcome to next level
