FOUNDER'S WELCOME

“

If you are looking to make a difference in your life, and the lives of others by leaving your mark of success in the eyes of the world, then you have certainly come to the right place to be more than what you have ever imagined for the purpose of education is to create life-changing opportunities and at MAHSA we are committed to making this our mission, hence I am honoured to welcome you to MAHSA University.

As you begin your student journey in this new world of tertiary education, you will grow not only in the areas of academics but in professional competencies too as MAHSA provides you with a holistic experience that is closely connected to the needs of the global industries. Your exposure here will transform you into individuals who are able to not only grasp the fast-changing industrial landscape, but prepare you into being individuals who will contribute to shaping the future for the next generation. We believe in creating trend-setters who will improve humanity, hence MAHSA is dedicated to promoting research and innovation opportunities to students of every level and field of study through our ongoing projects and initiatives which supports the United Nations 17 Sustainable Development Goals.

The pandemic has taught us how to face numerous challenges, and while we had to sacrifice our social life and personal progress, we had learnt to adapt to evolving scenes and have found opportunities to thrive despite it. We are proud to say that our graduates and academic team proved how well they adapted and rose above the situation to still deliver and perform through newer approaches, which has led them to their successful graduation and employments. This proves that nothing is impossible as long as we believe in ourselves and in one another, and we will continue to provide the best educational experience for our students as they launch into the career of their dreams and tap into their peak potential for a rewarding future.

Once again, I extend a warm welcome to you and your family, and look forward to meeting you on campus.

”

**YB Senator Prof Tan Sri Datuk Dr Hj.
Mohamed Haniffa bin Hj. Abdullah**
Founder, Pro-Chancellor & Executive Chairman

Be The Next Business Magnate!

Welcome to the Faculty of Business Administration and Economics (FoB-Admire). As a Business professional, there is no grander occasion than now to think artistically and to react tactically in gaining a sustainable competitive advantage for yourself. Here at MAHSA University, we strive to make a difference in every student through enhancing their skills and broadening their prospects. The Faculty is dedicated to providing the required knowledge to excel in the diverse and challenging business environments that are immensely influenced by the latest industrial revolution. Our students acquire and develop critical and conceptual skills that are required to master in the globalised, vibrant and progressive competitive markets. Our lecturers invest in effective personal approaches to education. Our industrial tie-up and industry-based classroom learning, nurtures the talents and dreams of our students. Our diverse programmes ranging from Diploma to PhD caters for the needs of our graduates and the employers, and through our UK Dual Award programmes, our courses are benched marked to UK Universities, giving us the edged advantage of creating globally recognised graduates. We hope you find the right programme in this faculty that would allow you to craft your niche in the world of business, and we look forward to having you be part of our academic family – to explore, and experience a great future, so let's get to business!

MICRO-CREDENTIAL COURSES

Paperless to PhD -Your byte-sized education towards a specialisation!

With the demands of the 21st century, lifelong learning has become a more crucial method of surviving in the ever-changing working environment. Micro-credentials are learning certificates for a smaller set of courses or modules that are intended to give learners the information, skills, values, and competencies in a specific area of study. Micro-credential courses may either be from an accredited programme or a standalone course that supports the professional, technical and personal development of the learner. Individuals can pursue micro-credential courses as part of an accredited educational programme or as a means of upskilling or reskilling for professional growth.

“

I chose to study Bachelor of Accounting (Hons) at MAHSA University as it provides exemptions on professional accountancy examinations like CIMA, CPA and ACCA. Accounting students will have many options for their career, apart from excellent career opportunities. The lecturers go above and beyond to ensure that students' progress is their utmost importance and that they become the best version of themselves over the three years of their programme.”

“

I'm very proud to say that my lecturers were supportive during my course. The course was well paced, and these helped me to learn quickly and in depth about of Islamic finance. I have received practical exposure during my studies. The extra-curricular activities enable me to become a capable Islamic Financial professional. I would like to thank you all lecturers for the guidance throughout my student journey.”
