FOUNDER'S WELCOME

“

If you are looking to make a difference in your life, and the lives of others by leaving your mark of success in the eyes of the world, then you have certainly come to the right place to be more than what you have ever imagined for the purpose of education is to create life-changing opportunities and at MAHSA we are committed to making this our mission, hence I am honoured to welcome you to MAHSA University.

As you begin your student journey in this new world of tertiary education, you will grow not only in the areas of academics but in professional competencies too as MAHSA provides you with a holistic experience that is closely connected to the needs of the global industries. Your exposure here will transform you into individuals who are able to not only grasp the fast-changing industrial landscape, but prepare you into being individuals who will contribute to shaping the future for the next generation. We believe in creating trend-setters who will improve humanity, hence MAHSA is dedicated to promoting research and innovation opportunities to students of every level and field of study through our ongoing projects and initiatives which supports the United Nations 17 Sustainable Development Goals.

The pandemic has taught us how to face numerous challenges, and while we had to sacrifice our social life and personal progress, we had learnt to adapt to evolving scenes and have found opportunities to thrive despite it. We are proud to say that our graduates and academic team proved how well they adapted and rose above the situation to still deliver and perform through newer approaches, which has led them to their successful graduation and employments. This proves that nothing is impossible as long as we believe in ourselves and in one another, and we will continue to provide the best educational experience for our students as they launch into the career of their dreams and tap into their peak potential for a rewarding future.

Once again, I extend a warm welcome to you and your family, and look forward to meeting you on campus.

”

**YB Senator Prof Tan Sri Datuk Dr Hj.
Mohamed Haniffa bin Hj. Abdullah**
Founder, Pro-Chancellor & Executive Chairman

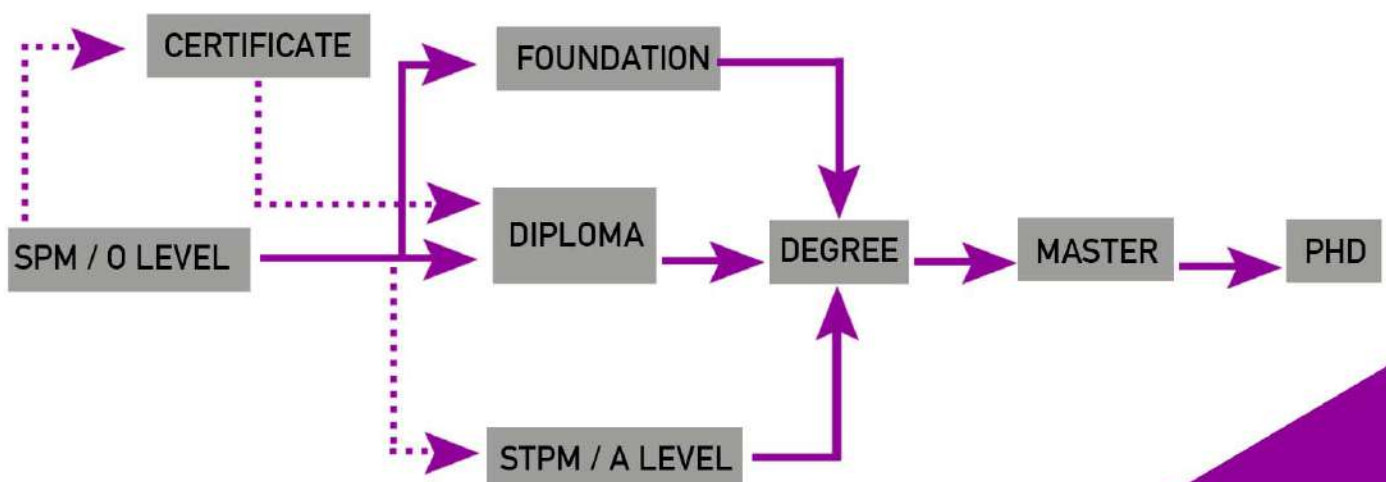

A Career Beyond Prescriptions

Welcome to the Faculty of Pharmacy. As a pharmaceutical professional, you should seize the opportunity to take your career to the next level. Here at MAHSA University, we strive to make a difference in every student through enhancing their skills and broadening their prospects in this transforming field of science. The Faculty is dedicated to providing the required knowledge to excel in the diverse and challenging medical and pharmaceutical environments that are immensely influenced by the latest industrial revolution. Our students acquire and develop critical and conceptual skills that are required to master in the globalised, vibrant and progressive competitive markets. Our lecturers invest in effective personal approaches to education. Our industrial tie-ups and industry-based classroom learning, nurtures the talents and dreams of our students. Our diverse programmes ranging from Diploma to PhD cater for the needs of our graduates and the employers. We hope you find the right programme in our faculty that would allow you to craft your niche in the world of healthcare, and we look forward to having you be part of our academic family – to explore, and experience a great future, let's get you started giving just what the doctor ordered!

MICRO-CREDENTIAL COURSES

Paperless to PhD -Your byte-sized education towards a specialisation!

With the demands of the 21st century, lifelong learning has become a more crucial method of surviving in the ever-changing working environment. Micro-credentials are learning certificates for a smaller set of courses or modules that are intended to give learners the information, skills, values, and competencies in a specific area of study. Micro-credential courses may either be from an accredited programme or a standalone course that supports the professional, technical and personal development of the learner. Individuals can pursue micro-credential courses as part of an accredited educational programme or as a means of upskilling or reskilling for professional growth.

CAREERFAIR

MAHSA ALUMNI

“

January 2016, my Pharmacy journey started at MAHSA University. I was not sure if I was capable of completing the course but in my first year of studying, I developed a bond with all my lecturers and without their support and guidance, I could not have been where I am today. Today I am happy with the decision I had made and am a proud member of the MAHSA Pharmily. A huge thanks to the entire staff of MAHSA University, my parents for always supporting me, and my classmates for making Malaysia feel just like home. ”

Mohamed Danish
Faculty of Pharmacy

“

I wish to thank my lecturers and professors for all the guidance they have given me, and for the experience I've gained here in MAHSA University. Opening a community pharmacy of my own which stems out of a geographical inconvenience especially during the lockdown, allowed me to discover the courage I have to be more than a pharmacist, but an entrepreneur as well. I am grateful to everyone who supported me in this venture and most especially the education I have gained from MAHSA. To Be More is exactly what drives me day after day, for the people who depend on my services as a pharmacist. ”

Amiratul Syifa
Bachelor of Pharmacy
Directors, Beyond Pharmacy
