SITE ASSESSMENT

OVERVIEW

The cost of a comprehensive site assessment *by itself* is \$3000. It will take approximately one (1) day.

Rate can be adjusted if added to a Workplace Safety Training Course

A Site Assessment covers the following:

- ✓ On site inspection of the interior of your building
- ✓ Inspection of the exterior of the property
- ✓ Walk through with Management
- ✓ Inspection of Ingress/Egress (Access and Exit Points) points
- ✓ Assess vulnerabilities inside the building
- ✓ Assess vulnerabilities on the exterior of the property
- ✓ Identify Danger Zones
- ✓ Policy Review
- ✓ Protocol Review
- ✓ A written report detailing the findings of the assessment and inspections. Any noted vulnerabilities will include suggestions for improvement.
