

All's Well That Starts Well

We believe healthy starts at the source. Not only with pure, potent ingredients and sustainable practices, but with the intention you put into the world. Our company was founded by Dr. Forrest C. Shaklee, who invented the first multivitamin in the United States and started a wellness revolution.

And people are the foundation of our wellness community—a community that cultivates connections, cheers each other on to live better every day, and changes lives one choice at a time. We call ourselves Generation Health, and we are shaping the way forward in wellness.

Rooted in Nature. Perfected by Science.

We've continued to build on Dr. Shaklee's legacy of innovation. We go beyond industry standards to create breakthrough products in nutrition, home, and personal care, because we understand that health is holistic. And we back these products with a no-questions-asked 100% guarantee.

Two Studies, a Lifetime of **Proven Results**

The Landmark Studies comprise the first multi-study, comprehensive look at the health impacts of longterm usage of a broad array of dietary supplements.

The two studies, conducted in collaboration with the University of California Berkeley (2005) and, later, Tufts University (2015), compared long-term Shaklee adherents with a control group of US adults who took either no supplements or two or fewer supplements.

The Results Speak for Themselves

a critical biomarker

TRIGLYCERIDES for heart health*

HOMOCYSTEINE

an indicator of brain and cognitive health*

C-REACTIVE PROTEIN

a key biomarker for long-term biological stress*

VITAMIN D

important for bone, immune, and cardiovascular health*

In the first study, members of the Shaklee group had healthier biomarkers and higher blood nutrient levels.* These differences generally persisted over the 10 years between the two studies.

Additional findings from the 10-year follow-up study included a lower usage of medication in the Shaklee group, who were now an average age of 72.

Welcome to Ageless

Vivix® is formulated to Slow Aging at the Cellular Level® by targeting the key factors that cause it.* Derived from the world's most potent source of polyphenols, the key ingredients in Vivix are scientifically proven to keep your cells young so you can live younger longer.*

Vivix Keeps Your Cells Young*

It's staggering, but true: your cells are attacked over 500 trillion times every minute, not only by a modern diet and toxins in the environment but also by the unavoidable cellular wear and tear of simply being alive. The accumulated damage from these attacks causes your cells to age, and when your cells age, you age.

Key ingredients in Vivix are shown to:

- PROTECT DNA FROM DAMAGE*
- NEUTRALIZE FREE RADICALS*
- PROTECT AGAINST OXIDATIVE STRESS*
- BLUNT INFLAMMATORY RESPONSE**
- REDUCE FORMATION OF DAMAGING AGE PROTEINS*
- POWER CELLULAR ENERGY PRODUCTION*

The World's Most Potent & Patented Blend of Polyphenols

Combines the powerful, unique polyphenol profile of the muscadine grape with resveratrol and extracts from red wine, purple carrot, black currant, pomegranate, and chebulic myrobalan.
