November Poem

November Twilight
by Bliss Carman

Now Winter at the end of day
Along the ridges takes her way,
Upon her twilight round to light
The faithful candles of the night.
As quiet as the nun she goes
With silver lamp in hand, to close

Folklore

- A heavy November snow will last till April.
- Thunder in November, a fertile year to come.

History of November

November, the 11th month of the year, has 30 days and marks the beginning of the winter holiday season for most folks, even if the winter solstice doesn't occur until late December. We've made this month, named for the ninth (novem) month in the early Roman calendar, into a social time of community suppers, feasts of thanksgiving, and general elections.

- November 1 is All Saints' Day.
- November 4 is Will Rogers Day... it is also Sadie Hawkins Day.
- November 5 at 2 A.M. is the end of Daylight Saving Time. Set your clocks back one hour on Saturday night at bedtime!
- November 11 is Veterans Day (U.S.) and Remembrance Day (Canada).
- If you're fortunate, you may experience an "Indian Summer" in November, but according to the traditional definition, it can only occur between November 11 and 20!
- November 19 is Discovery of Puerto Rico Day.
