Activities:

Following the Teepa Snow philosophy of activities and engagement there are 4 types of activities (work, self-care, leisure, rest/restoration) to be offered to dementia residents. Life Services Coordinators have been instructed to rotate through each type of activity between breakfast and lunch, and then repeat the rotation between lunch and dinner. We are better utilizing the iN2L programming, continuing to have Anastasia with Soundscaping Source in each house twice/month, pet visits, other games/activities, and volunteers.

Skills Fair (education for team members) March 7th

- ◆ 12pm—4pm

"Records & Root Beer Floats"

We had a delightful visit from Rebecca Walsh on February 5! She spun some platters of Classic Rock-n-Roll for our residents, and served up some delicious root beer floats to enjoy while rocking out to many old favorites! **We are hosting again on March 5!!**
