OFFICIAL NEWSLETTER OF COLONIAL VILLAGE

April 2024

The month of April gets its name from the Latin word aperio, meaning "to open [bud]," because plants really begin to grow now.

April was the second month of the earliest Roman calendar, before Ianuarius and Februarius were added by King Numa Pompilius about 700 BC. It became the fourth month of the calendar year (the year when twelve months are displayed in order) during the time of the decemvirs about 450 BC, when it was 29 days long.

**April 1 is All Fools' Day—otherwise known as "April Fools' Day."**

**April 22 is the start of Passover, which begins at sundown.**

**April 22 is Earth Day.**

**April 28 is National Arbor Day.**
