

## Your AI Voice Assistant

[connect@yaiva.us](mailto:connect@yaiva.us)

May 22, 2025

### **AI Voice Agent Features with YourAIVoiceAssistant.com (Powered by GHL)**

#### **Smart Call Forwarding & Coverage**

- **3rd or more Rings Takeover:** If no one answers after 3 rings, the AI Voice Agent takes over the call.
- **After-Hours Handling:** Set specific business hours — the AI agent will handle calls outside those times.
- **Custom Schedule Routing:** Choose any time frame or days (weekends, holidays, lunch breaks) for the AI agent to step in.
- **Fallback Coverage:** The AI can act as a backup during meetings, vacations, or staff shortages.

#### **Intelligent Call Handling**

- **Natural Conversation Flow:** The AI interacts with callers just like a real human assistant.
- **Call Routing:** Send calls to specific departments or people after AI pre-screens the intent.

- **Lead Qualification:** The AI can collect caller details, intent, and urgency before passing them to your CRM or voicemail.

## **Voicemail Replacement**

- Say goodbye to old-school voicemail — your AI answers calls, engages, and collects useful data even after hours.

## **Custom Script & Branding**

- **Tailored Voice Scripts:** Personalize responses to match your brand voice and tone.
- **Dynamic FAQs:** Answer common questions like hours, services, or pricing using your real-time info.

## **Real-Time Notifications & CRM Integration**

- **Live Transcripts + Alerts:** Get notified instantly with a transcript of what the AI captured.
- **CRM Integration:** Caller details and conversations are automatically logged into your Go High Level CRM or pipeline.

## **Monthly Usage Reports**

- You'll receive detailed monthly reports showing:
  - Minutes used
  - Call volumes
  - AI success rate and routing performance

### **Optional Add-Ons**

- **Dedicated Business Line** – Only \$2.50/month
- **Voice Usage** – \$0.15 per minute
- **Call Recording Storage** – \$0.0025 per minute
- **A2P Registration for SMS** – One-time \$120 fee
- **Text Messaging (optional)** – Enable AI to send/receive messages if desired
