

# RETAIL

Whether you're a global brand, a high street name or boutique independent, our retail cleaning service will make your retail offering shine!

TIDY  
GREEN  
CLEAN

HEALTHY, HYGIENIC  
ENVIRONMENTS

Our ISO accreditations, 9001, 14001 and 45001, together with our Living Wage Foundation accreditation, Carbon Zero status, HSEQ documents, RAMS, Method Statements, and member of the bfa, should provide you with the confidence you need to talk to us today.

## WE UNDERSTAND YOUR NEEDS

- Full builders clean after refurbishment
- Full sparkle clean before first opening
- High standard daily cleaning from a commercial cleaning company who shares your values and understands you put customers and staff first
- Staff facility cleaning: offices, kitchen, bathrooms, store rooms
- Customer facing cleaning: main store, changing rooms, customer toilets
- Daily cleaning, seven days a week, hoovering, mopping, sanitising, taking care of waste and recycling; before your store opens or after you close, as required
- We're experienced with high tech environments as well as softer furnishings; you're in safe hands

# RETAIL IS OUR BUSINESS

We're working with both global brands and local retailers and this means we understand your store is your pride and joy. You want it to shine, to be clean, to smell fresh. You want your staff to feel safe and comfortable front of house and behind the scenes. You want your customers to feel welcome and love what you offer, so that they relax, spend time browsing and find what they're looking for.

A clean retail outlet provides a haven for your customers and an attractive workplace for your staff. Many retailers have placed cleaning duties on staff who are not properly trained (or interested) in this specialist work and it can mean the outcomes are less than perfect.

Retailers who partner with Tidy Green Clean find their stores are cleaned to the highest professional standards, every day, with cleaning staff who take tremendous pride in their work and who are paid well for the work that they do. We encourage every retailer to consider using specialist commercial cleaners for their stores, rather than relying on staff, because you will get a better clean, happier staff all round, and your customers will definitely notice the difference.
