## The Story: About Michael Pos

**Michael Pos** is a boundary-pushing artist rooted in a sound all his own—what he calls **Eclectic Roots Groove™**. A **conservatory-educated composer** and multi-instrumentalist, Michael's journey is anything but typical. After decades in the corporate world, he made a bold return to his musical roots, bringing with him a wealth of life experience, artistic depth, and entrepreneurial vision.

Michael is also **deeply rooted in his faith**, which inspires both his creative process and his commitment to authenticity. His songs often reflect themes of renewal, purpose, and connection—offering listeners a space for both joy and reflection.

Now a producer, songwriter, and the founder of **RCSQ Records™**, Michael is known for weaving together Americana, Soul, Jazz, Rock, and Latin-infused rhythms. His dream is to return to the stage while having his music featured in curated playlists, celebrated on the indie circuit, and revered for its honesty and groove-heavy pulse.

His collaboration with the **Blue House Band** represents a return to live roots—capturing the rawness of a band in sync and a songwriter at his most expressive.
