Church Helps Ministries

Name		Name	
38	Hazelwood, Dennis	38	Scott, Michael
38	Nichols, Caleb		

Inserts with newly added individuals will be distributed each morning as needed.

Church Planting Conference Needs List

This booklet provides information about church plants, church restarts/salvages, and church helps ministries regarding where to send support, the name of the work being started, what their specific needs are, and their sending church.

Doctrinal Agreement

Each individual, church planter, or ministry listed in this booklet has indicated their agreement with the following doctrinal positions:

The King James Bible is the only version to be used for English-speaking people.

The individual registered is Baptist, and stands in the Baptist position only.

The church being planted is/will be Baptist in both name and doctrine (not a 'Bible church', 'non-denominational', etc.) for as long as the church planter registered remains the pastor.

Only authentic, New Testament Baptist churches have the authority to start churches, and the individual registered is being sent out under the authority of such a church.

Only two ordinances were given to the church: Baptism and the Lord's Supper.

Baptism should be administered by immersion, only to saved individuals, and only by an authentic, New Testament Baptist church.

If an individual baptized at a church that is not a Baptist church were to seek membership at the church plant listed, the church planter registered would require that individual to submit to scriptural baptism before being accepted into the membership.

The Lord's Supper can only be administered by a church, and only to members of that local church (closed communion).

The only manifestation of Christ's church in this age is the local assembly of baptized believers, and the individual registered does not believe in the current existence of any universal, invisible church comprised of all believers.

The individual registered rejects all five points of Calvinism as being dangerous and unbiblical presentations of God's character.

The individual registered is a member of an independent Baptist church, and only helps independent Baptist churches. (This statement applies to Church Helps ministries.)

Three Ways To Give To Church Planters At This Conference

1. The preferred way to give is directly to each church planter by following the instructions listed under their name in the Needs List. This ensures funds are received sooner and helps establish a direct relationship between you and the church planter.
2. If direct giving isn't possible, you can give through the college:
 - Offering envelopes are available in the offering baskets and at the Welcome Center.
 - Indicate which church planter/s you are supporting.
 - Give during any offering or place funds in the drop box at the center exit of the auditorium.
 - We will forward your giving to the church planters sometime in February.
3. Scan the QR code to give to church planters online.

New Church Plants

For the purpose of this booklet, a new church plant refers to a brand new church (where one did not exist before) that started in the past two years or will start in the coming year.

Church Helps Ministries

For the purpose of this booklet, a church helps ministry refers to a ministry that helps existing churches in various ways, i.e., church building construction assistance, camp ministries, printing or graphic design aid, and many other types of helps ministries.

Church helps representatives' displays are located in the Biblical Preaching Center or Fellowship Center throughout the conference.
