Margaret Kunze 31st HC

On Memorial Day
we honor the U.S.
Military heroes
who died while
serving our
country.

Home of the free,
because of the
brave.

#Lifeatthevillage

CONGRATULATIONS

Thanks to your helping heart
Monte Mathews

is going home!

Monte had a wound on his foot and his home health nurse was concerned. She sent a picture to the Dr. and Monte was instructed to go to the ER. They sent him home with several antibiotics but called him back in a few days later when his lab results came back. He spent a few weeks in the hospital on IV's and eventually came to Prairie Vista Village for therapy. He is finally improving and his wound is so much better! Teresa is nursing is always on her to do list and very timely. Gabriel and Julia have been wonderful help and the therapy department is great! They have set Monte up for success and implemented things tailored for him to help him get home!
