

The background of the entire image is a photograph of a bookshelf. The shelves are filled with books of various colors, including brown, grey, red, and blue. The books are standing upright, and their spines are visible. The lighting is soft, and the overall tone is warm and scholarly.

Duolingo

For all other subjects - civics and citizenship, economics and business, technology, and health - we cover these without specific curriculums. Books from the library, excursions, apps and kits for technology (such as scratch or kits from Jaycar), family discussions, and the children are encouraged to start their own businesses - there is nothing like real world learning for business experience!
