The Blue-Crane Package

The best way to experience The Cape

**From 47 500 USD Per Person Sharing,
All Inclusive**

Named after South Africa's graceful national bird, the Blue Crane package is our most elite, all-encompassing journey — a once-in-a-lifetime experience curated for those who want to see the Cape in a way never done before.

Begin in vibrant Cape Town, indulging in iconic experiences and some of the world's finest restaurants. Explore the Cape Winelands in complete elegance, then journey to the pristine Grootbos Reserve near Hermanus for coastal tranquility. Continue along the Garden Route to Knysna and Plettenberg Bay, where you'll stay at the enchanting Tsala Treetop Lodge, in luxury treehouses high above the forest floor — a stay that truly defies comparison.

The adventure continues in Oudtshoorn with a visit to the ancient Cango Caves, and concludes with a spectacular Big 5 safari at the luxe Botlierskop Private Game Reserve. Whether you seek serene relaxation or exhilarating activity, every moment is tailored to your desires.

With a personal photographer capturing your journey, you'll return home not just with memories, but with an extraordinary story told in images. Every detail, every indulgence — included, seamless, and completely at your fingertips. This isn't just travel. It's the Cape redefined.

Please note, all our tours are fully customisable and therefore we will work within your preferences, to curate the most magical experience possible!
