

# Homemade Household Cleaners

For the most part, I use Dr. Bronner's Pure-Castile Soap for as much as I possibly can (which is a lot of things)! There are instructions on the bottle on how to make pretty much everything you could need, and you can find it at many major grocery, drug, and health-food stores. Recipes for two other cleaners that I sometimes use are found below:

## Multipurpose Cleaner

- 3/4 cup hydrogen peroxide
- 1/2 cup distilled white vinegar
- 1 teaspoon unscented liquid Castile soap
- 10 drops tea tree oil
- 20 drops lavender essential oil
- 2 cups water

Add all ingredients to a 24-ounce spray bottle. Shake before use.

## Glass Cleaner — Mix together in a spray bottle:

- 1 cup water
- 1 cup vinegar
- 10 drops lemon essential oil

Add all ingredients to a 24-ounce spray bottle. Shake before use.
