

# 3 STEPS

## ON HOW TO LEARN BITCOIN

### DOWNLOAD WALLET 1

- Get a secure Bitcoin-only wallet (iOS & Android) – We recommend Blue Wallet or Munn.
- Secure your backup phrase – If lost, no one can recover it!
- Explore wallet settings for security & customization.

### BUY SOME BITCOIN 2

- Use a trusted Bitcoin only exchange
- Start with a small amount (\$10-\$50).
- Transfer Bitcoin to your Wallet for self-custody.
- Remember, Not your Keys, Not your Bitcoin!

### START LEARNING 3

- Understand what Bitcoin is, the network and the asset.
- Learn about blockchain, wallets, and transactions.
- Read the Bitcoin Whitepaper and follow **1Bitcoin.Ca**.
