PATIO COVERS

The benefits of investing in an Openview Patio cover are vast. This is consistently our most desired product among our clients. From relaxing outside during a rainfall to protecting your skin from harmful UV rays, these structures are designed to bring value to both your lifestyle and your property.

We have you **covered**.

There are many upgrades available for this product line such as glass or polycarbonate skylights, column upgrades, beam upgrades. You also have different textures, panel thickness and colours to choose from. If there comes a time when you would like to convert it into a 3 season room, give us a call, we have many options available!

SUNROOMS

Our sunrooms are a fantastic and cost effective option for homeowners. Depending on the type of sunroom you are planning you can expand your living space or extend the use of your patio. When designing your sunroom you can choose from various window styles such as lo-e argon glass, single pane, or poly vinyl. There are operational and colour options to match with your sunroom. Patio doors could be cabana style, sliding or french doors.

SUNROOM WINDOWS

Regency 400 series

- Sliders for easy operation
- Double pane glass/vinyl frame
- Thermal protection

Series 7000

- One operational panel, one stationary
- Single pane glass with aluminum frame
- Available in different tint options
- Double sliders also available

Poly vinyl windows

- Flexible but strong poly vinyl
- Suitable for porch enclosures and summer use sunrooms
- 2 window styles, 4 tint options, 5 frame color options

Not what you're looking for? We have access to many different styles. Please let us know if there is anything specific and we'll consult you on how it can work with our sunroom systems.

SUNROOM DOORS

Poly Vinyl doors for large span

- Doors are lightweight and slide across the opening with ease
- Frame available in 5 colours and, 4 tint options

Polyvinyl cabana doors

- Single man door
- tint and frame colours available

ALUMINUM PAN ROOF

Rhino-Pan™ is a revolutionary solid cover that's ideal for patios or carports. Protect your home, outdoor furniture, and automobiles from the sun's harmful UV Rays that cause fading, cracking, and deterioration. High Performance Galvalume™ offered in 12" X 3" Riser Pan and available in 25% Longer Spans. The Galvalume™ System is a patented coating process with the alloy sheet layered with protective Aluminum-Zinc Alloy Coating (55% aluminum / 45% zinc) protected with a Clear Acrylic outer.

Rhino-Pan™ is a 3" riser panel that's designed for added strength, higher performance, and spans 25% farther than traditional patio covers. Rhino-Pan™ superior strength allows homeowners to construct covers without the addition of mid-span support beams. Manufactured from Galvalume™ is a patented coating process that is designed to protect the high-performance alloy with corrosion inhibitors used to manufacture the Rhino-Pan™.

COLOURS

VINYL PANE

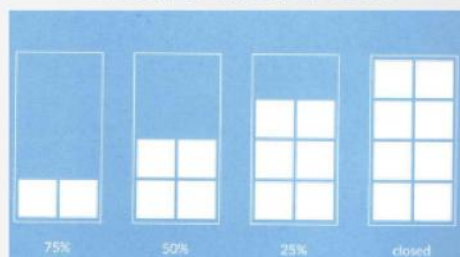

Poly vinyl is a great option to convert your existing porch, gazebo, deck, pool enclosure or unused outdoor space into a versatile enclosed area with our top of the line vinyl pane windows. Vinyl pane windows are an innovative alternative to glass. They cost a fraction of the price, they are lighter weight and the durability of the vinyl is unsurpassed. If the vinyl is stretched or dented it will return to its original shape in minutes.

We have 3 styles available to fit any porch. Our 4-track design allows 75% air flow from the bottom or the top. We also offer 2 pane sliders, easily removable, and lightweight allows you to enjoy the benefit of a screen room when removed. Our fixed lip frame panels are custom sized to fit as transoms (even as trapezoids) and knee walls.

Ventilation

Frame colours

SCREEN PORCH

Our screen system is a no-spline, self-stretching system that allows for large panels and easy repair. The base secures to the post/column and the cap, when pressed on, secures and stretches the screen fabric.

This product also uses Snap Technology. We install the snaptrack to the face of your post/column. The aluminum base is a "T" shape and the screws are hidden under the vinyl cap!

Screen thickness and ideal use

Sun Guard Solar Screen helps control the damaging effects of the sun. While filtering light and heat from the exterior, this weave is specifically designed for better visibility without distortion from the interior.

UV stable coating ensures long-lasting color and flexibility. The screen will not stretch or shrink, and will maintain its physical properties even under extreme temperatures.

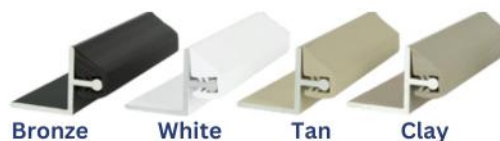

Prevent damage from household pets and children who push against the screen. Pet Resistant Screen still allows for excellent outward visibility and airflow.

Glass Screen is a fiberglass screen that is laminated for use on the bottom part of an enclosure. This prevents grass and debris from spreading in.

ALUMINUM RAILINGS AND COLUMNS

Flat square

Recessed square

Available in white or black

Add style, value, and durability with long-lasting aluminum railings and columns. These maintenance-free choices come in fully and partly assembled packages for quick installation, or you can select from our made-to-measure program for your own customized design. Items are professional quality and engineered to last, in a range of styles such as glass inserts or aluminum baluster and colors.

Handrail variations and colours

VINYL RAILINGS AND COLUMNS

Columns and pillars come in five different colours. Add our decorative skirts to change the look of our columns. Decorative skirts can be added to the bottom, top, or both. They come in 3 different heights 6"-12"-32" tall. Our columns and pillars are available in heights of 3'-0" to 12'-0" and can easily be cut on site for exact height requirements. Never worry about painting your columns again by choosing vinyl!

Built with galvanized steel for reinforced strength and clad in the highest quality vinyl, our railings have the charm of wood without the cost and maintenance. Perfect for decks, porches, or as handrails for stairs, we offer a variety of distinctive styles and colours to ensure a match with your home improvement project. From timelessly classic looks to modern glass chic, we have a vinyl railing collection that can be customized to your taste and project.
