

Happy Birthday to Me.

I got you a little something.

**An Exclusive Birthday Audio Bundle
featuring music I've written.
And with all modestly I gotta say...
this is some damn fine stuff.**

**It's music from a few of the shows
I've created that tell completely
twisted versions of stories
like Alice in Wonderland, Peter Pan,
The Phantom of the Opera and more.
Each one whisks you off for a
cool adventure in an amazing world.**

**I even made this digital booklet to give
you a little info about the world you're in.**

**This collection will never be
released... anywhere, and you
are one of a select group to
own a copy.**

**Turn the page, have a listen
and I'll tell you a bit about
each world.**

**That's it. I'm not gonna get
all mushy.**

See ya ~ Kevin

**You're now entering the world
of Ali2in.**

**Here you will learn all the ins and outs
of the rabbit hole and why everything you
know about Wonderland... is wrong.**

**Ali2in is a twisted new take on
Alice in Wonderland
- a trippy album, a mind-altering live show
and a psychedelic cinematic concert.**

**It's like a Backstage Pass to a bizarro
version of The Eras Tour... inspired by
Edward Scissorhands... that had a baby
with Rocky Horror, Princess Bride
and Spinal Tap.**

Being a pirate is cool.

Forget everything you know about Peter Pan. You're in TINK's world now and everything's gonna run ship shape... or she's gonna kick some serious butt.

Sure, the beloved classic is charming and all, but all that stuff about The Never, Hook and The Lost Boys?

Total fantasy.

TINK is an outrageous concept album, a wacky live show and an unforgettable cinematic concert.
