RENUE
INTERNATIONAL

To Whom It May Concern:

Rebecca Alderman is my mother, who founded Jubilee Worship Ministries in 1994 with my stepfather, John Persichitte, which is now Renue International under my direction.

I was on the scene when my little brother, Jalon Micah, died. I witnessed my Mom and stepfather, John Persichitte, stand strong in the Lord, in such a way that the "blame game" never entered into our family dynamics.

I was present at her and my stepfather's ordination service, and three weeks later, I attended with my mom the funeral celebration of my stepfather.

I was also present when Mom married Bill Alderman, a mighty prayer support in my life.

I've watched her make mistakes in life, and I've watched redemption cause her to walk out what she teaches while imparting Christ's compassion to others.

It is an honor to recommend my mother to care for and minister to anyone you would send her way.

Blessings,

David Lawrence
